MEMORIAL DAY

We are not a warlike people. But when it comes to cherishing and honoring the memory of our heroic dead and to pay a tribute to those who rallied to the call to arms in defense of the nation, we do not believe any land on earth boasts a more patriotic people.

Memorial Day, which Plymouth will join with the rest of the nation in celebrating, is our opportunity to pay a tribute to those who served in the one and only misunderstanding we have had among ourselves—or will ever have. They fought in a war that ended war so far as fighting among ourselves is concerned. And we thank a kind Providence that their fight was not in vain, that their sons and daughters, who now bow in tribute to them, regardless of on which "side" they fought, are united as a result of their sacrifices. It brought a deeper understanding of our greatness as a united people; it tied us into a union of states that cannot be severed and that grows greater and stronger as the years roll on.

To those who rallied to the bugle's call back in the darkest days the nation has ever known—whether living or dead—we join in a prayer of thankfulness. Their sacrifice wiped out all sectionalism, and made us one. Even in defeat those who struggled for the "lost cause" did so no less gloriously and are none the less loved by the entire nation. There was but one victory—a unified nation in which one section now shines as brilliantly as another; one people with but one flag and one God. Let us be thankful in our hearts that we spring from such heroic blood; let us honor them by renewing, each man in his own heart, our pledge to the flag that waves above us.

OUR PRESENT NEED

According to the president of the Illinois Agricultural Association, taxes have become so high in many sections of the state that they eat up the entire valuation of the property. It is getting harder and harder for a county to get anyone to buy property at tax sales because the taxes they will have to pay on it afterward will amount to more than they can get in returns from it.

We firmly believe that what is true in Illinois is true in every state in the union. There was a time, and most of us around Plymouth can remember it, when property taxes were equitable, when land was owned by those who operated it and nearly everybody owned their own homes. Today government figures show that less than 45 percent of the farm acreage of this country is operated by its owners, and less than 37 percent of those who live in our cities own their own homes.

It seems that what this country needs more than anything else at this time is a system of taxation which will, as it did in the old days, encourage the natural ambition of every man to own his own home, his bit of land. Here, and here alone, rests the true foundation of this government and on it the future happiness and prosperity of the people as a whole depends. There seems to be no good reason for spending millions of dollars a year to protect our property from outside invasion if taxes are going to be so high that our people cannot afford to own the property they are called upon to protect.

"FREAK LETTERS" STOPPED

The postal department works wonders when it comes to being able to deliver letters that are defectively addressed. In recent years it has even gone to the trouble to puzzle out freak addresses, or addresses placed on envelopes just to see if they would reach their destination. Now this is to stop. An order has just gone out, and Plymouth letter writers will do well to keep it in mind, that no letters will be handled unless they are plainly legible to the ordinary postmaster and mail clerk. Any address put on a letter as a test will be sent direct to the dead-letter office. Uncle Sam always has time to be painstaking and his postal employees pride themselves on their ability to decipher some pretty tough specimens of handwriting. But they're too busy to devote time to jokers. So from now on letters bearing "freak addresses" will reach but one destination—the dead-letter office at Washington City.

HOW ABOUT FRUIT?

Just now there is one thing worrying the housewives of the country far more than disarmament or wet-and-dry straw votes, and that's the actual outcome of this season's fruit crops. There are so many conflicting reports it is impossible to determine just how widespread has been the damage caused by frosts near the close of April. We have kept an eye on papers reaching Plymouth from various parts of the country in the hope of getting a line on the probable damage. While it appears that some sections have not suffered at all, in other communities great destruction is reported. The Ohio and Mississippi Valleys seem to have been unusually hard hit, though reports now indicate that the damage will not be as great as at first feared. But the thrifty housewife, who still prefers to do her own canning and preserving, cannot help feeling anxious. If you knew just how important a good fruit year is in the homes of America you would probably be joining with her in her worry.

THAT DIETING FAD

For the first time in eight years the housewife is now able to buy a pound of coffee, a pound of sugar, a pound of butter, a dozen eggs and a loaf of bread for a dollar. But if she doesn't give up this non-sensical fad of dieting to attain a slim figure she is going to make it a lot harder for her husband to get the dollar to buy those things with. The consumption of bread fell off 20 percent last year, and they say the dieting fad is responsible. So the wheat grower and the miller and the baker are hit. Potato growers also found it harder to market their 1929 crop, for potatoes are held to be fattening. These are but two of scores of food affected by the fad, and if it keeps up others will be added to the list. Today the blacksmith of other days has gone into the garage business and the wagon factories of old are now turning out automobiles. If the dieting fad keeps up we suppose farmers will have to resort to the same tactics and take to raising nothing but lettuce and spinach.

In Remembrance of our Heroes we Keep Memorial Day

"Here sleeps heroic dust! It is meet that the nation should come to pay its homage at such tombs, wreathing the memory of its patriot dead in emblems of grateful affection. These grass-grown mounds, these flower-decked graves, awake the memories of the past, and the history of our nation's perils and its triumphs comes crowding on us here."

BETTING ON JONES

If Bobby Jones wins the four major golf tournaments this year Atlanta friends will realize a total of \$125,000 on a speculation of \$2,500. Lloyds of London is betting 50 to 1 that he will not win the British and American amateur and open tournaments. Nobody has won them all and the stipulation is that Bobby shall do it this season.

NETHEM WILL MEET INVADERS AT NEWBURG

Sunday, May 25 will find Nethem crossing bats with the strong Invaders of Detroit. The Invaders are considered one of the best Class B teams playing independent ball in Detroit. Their additions to last year's team are a few Burgess Creamery players.

Horvath will be the starting pitcher for Nethem with Coy doing the catching. The team will be stronger with the return of Coy, whose injury in the last game with La Salle Ball Dogs cost Nethem a victory.

The team has won one game and lost one, but have prospects of a great team, with the development of last year's players, and an additional pitcher and fielder.

The three leading hitters' batting averages will be found in these columns the first week of every month.

De-Ho-Co To Play All Girl Team

Girls, real girls attired in the regulation uniform of full-fledged baseball players, and possessing all the characteristics of big league aspirants, make up the team of All Star Ranger Girls which come to Northville to play the De-Ho-Co Baseball Club, at Northville Fair Grounds, Wednesday, May 28th at six o'clock p. m.

What a few of the critics say: (Cheyenne, Wyo.)—It was a well pleased crowd. At least 4,500 that witnessed the game between Ranger Girls and the Indians. The Indians winning victory with but one run with a score of 8 to 7.

(Sioux City, Iowa.)—The All Star Ranger Girls gave the audience of 3,500 a big surprise and the Stock Yards team a shock the girls winning 4 to 3. It was one of the best contests witnessed on the home ground.

(Saginaw, Michigan.)—It took 16 innings of some of the best baseball ever seen in this city for the Schienn Team to defeat the Ranger Girls, before the largest crowd of the season.

(Inlay City, Michigan.)—The Inlay City Ball Club received an awful jolt when the Ranger Girls put one over on them by winning a hotly contested game with a score of 3 to 1.

Bring the women and children as they will enjoy this extraordinary game. The admission for this game is fifty cents.

Sports Calendar

DREYFUSS RIVALS MCGRAW AS TRADER

Boss of Pirates Has Let Many Stars Go to Others.

When Barney Dreyfuss, the gentleman owning the Pittsburgh Pirates, signed the documents that recently moved his star hurler, Burleigh Grimes, to the Braves, he brought himself dangerously close to the all-time title for bad dealing. Only Mr. John McGraw's record for erring in the ivory market prevents Dreyfuss from making an undisputed claim to the doubtful honor.

However, there is one thing to be said in defense of the Pirate boss. He has accumulated a bad name as a trader because of his habit of letting go stars with whom he has differences. He doesn't get the value in return. With Mr. McGraw it always has been a case of swapping with the idea of getting the better of the bargain. He has tried and failed in this so often that even the men with whom he is associated in baseball regard him as a baby in the hands of experts. Whenever McGraw mentions a trade, there usually are plenty of other owners interested. They know by experience that the edge is in their favor.

Capt. Tareff Has Riding Academy

Captain V. A. Tareff, who operates Capt. Tareff's Riding Academy on the Six Mile Road, between Farmington and Middle Belt roads, announces that this is the ideal time of the year to go horseback riding. At the riding academy there are miles and miles of bridle paths and dirt roads. There are 2,000 acres of cross-country riding. He also announces that new stables with all accommodations have been established at the academy.

BEE HUNTING STILL A SPORT
 Bee hunting, a pioneer sport, is still followed in northern Michigan. The reward for locating a bee tree is sometimes eight or ten gallons of wild honey, which must be strained before it is eaten. Many prefer wild honey to the product of domestic bees, claiming the flavor is better.

Robinson Sub Wins Game From Todd's

The fourth game of the playground ball schedule was played last Friday evening between the Robinson Sub. team and Todd's nine, the final score being 8-2.

The first two innings were scoreless. In the third Todd's managed to sneak in a run but the same thing was accomplished by the Robinson Sub boys in the last half of the same inning.

The score remained one-all up to the last half of the eighth inning when Todd's squad weakened under the strain and the Subdivision lads pulled in seven runs.

The "all stars" went into the ninth inning to overcome the seven run lead but the best they could do was to chalk up one more rally.

Howard Schryer pitched for Robinson Sub. with Kirk on the receiving end. Schryer allowed only six hits. Drew and Finn formed the battery for Todd's. Nine hits were secured off Drew.

NO FAVORITISM
 Dividing all of the trout streams in Lower Michigan into two zones, those that flow into Lake Michigan and those that finally reach lakes Huron, St. Clair and Erie, the 1929 plantings of brook and brown trout fingerlings reveal that there was slight favoritism shown between the two waterheds. The western half of the State received 2,094,800 brown trout fingerlings while the eastern waters received 1,541,428. The brook plants reveal that the west received 1,843,758 fingerlings and the eastern waters 1,734,828.

RAIN PREVENTS GAMES SUNDAY

After making direful threats all week old Juppiter Pluvius showed some of his April form Sunday and ruined the baseball card with his inimitable moist ball delivery.

Going into action about 2 p. m., after engaging in a series of warm-ups earlier in the day, the old fellow completely washed out the program and turned back the players without a hit, run, or error.

The teams that were scheduled to play in or around Plymouth, were: "Hagen Clothiers" of Ann Arbor vs. De-Ho-Co at De-Ho-Co Park; Tau Beta Y. M. C. of Hamtramck vs. Plymouth at Burrond's Field; Tasty Bread Club of Detroit vs. Hagenery A. C. at Canton Park; Nethem vs. Detroit Police at Newburg diamond; West Point Park vs. Dearborn at Ford and Miller roads.

However if the weather is good next Sunday you will be able to see some fast games as the players have been resting up.

WEST POINTERS TO PLAY RIVER ROUGE MAY 25

Sunday, West Point Park will play River Rouge, winners of the Down River League last year, at West Point Park at three o'clock.

The game between Dearborn and the Down River League was called off last Sunday on account of rain, as were the games of the six other teams in the league.

Northville Defeats Rocks—Score 8-4

Last Friday the Northville High school baseball team defeated the Plymouth Rocks by a score of 8 to 4. The game featured many errors and blunders on the part of both teams. One blunder at the start of the game came when Ferguson, Plymouth's hurler, thinking there were three out, gave the ball to the umpire and came to the bench as did nearly all the team. Tibble, Northville's center fielder, came home scoring Northville's first run.

TUSKED WOODCHUCK SHOT NEAR YPSI

A woodchuck, apparently of great age, with long, curving, and very sharp-pointed tusks growing from the upper jaw and turning back against the upper lip, was recently shot by an Ypsilanti resident. No one has been found who has seen such growth in an animal of the species.

The corresponding tooth on the left side of the mouth was worn down to a short stub, as if the animal were forced to do all of its gnawing with that side because of the impediment of the tusk on the right side.

YPSI NORMAL GOLFERS TRYING TO MAKE TEAM

The Michigan State Normal College Golf team is holding a series of elimination tournaments at Westchester Golf course, near Ypsilanti, scheduled to end tomorrow. At that time four winners will be announced. These winners will meet in practice matches with most other schools in tournaments. Each student is allowed to play two 18 hole rounds a week. Standings of students to date, in ladder form, follow: Charles Gregory, Howard Leach, Robert Dunlop, Cleveland Itoe, Bernard Otto, Paul Bonshelle and Bob Minnis.

"I confidently expect to see outboard motors breaking 60 miles per hour before the year is out." Such is the prediction made here by the man who holds the spotlight of the power boating world—J. E. Wilkinson, winner of the famous Albany to New York outboard marathon, April 26.

King Alfonso is backing the sport of football in Spain.

CHAMBER of COMMERCE NOTES

Chamber of Commerce Activities Since Last Board Meeting, Tuesday, April 1, 1930.

1. Transportation to and from Detroit. CHECKER, running thru between Plymouth and Grand River to determine whether or not it would be practical to suggest service straight through to Grand River to the Bus Co. Made trip to Detroit 4-3-30. Interviewed the following realtors in an effort to elicit their cooperation: Carl Heitz, secretary Marquette Park Assn., Sheldon Sims, Geo. Frischkorn, Louis G. Palmer, J. T. Lashley.

Made trip to Detroit 4-25-30, for same purpose. Talked to Heitz, Frischkorn, Mr. Wasco, John Castle's secretary, Carl Shanille, J. A. Walsh. Found interest hard to arouse generally for the time being because of the recent controversies between the D. S. R. and the Detroit Motor Bus Co., culminating in the recent announcement that the D. S. R. is considering a proposal to absorb the bus company. Some decision will be reached within thirty days.

With the assistance of Mr. Roy Crowe, have been trying to arrange interview with Mr. Del Smith of the D. S. R. to talk the problem over with him with an eye on the future. Mr. Smith expressed willingness in recent letter, but has not set date. This delay is undoubtedly due to the reasons set forth in preceding paragraph.

2. Industrial Activity.

On trips to Detroit, 4-3-30, 4-25-30 and 5-8-30, called on industrial prospects. Also called on Mr. Moffett, Industrial Commissioner, Pere Marquette R. R., and turned all live prospects over to him to call on. I closely cooperate with the P. M. at all times. I mail Mr. Moffett a copy of all letters in reply to industrial inquiries.

Made trips to Ypsilanti 4-10-30 and 4-29-30 in connection with industrial prospects. One is still a live issue, the other, the U. S. Pressed Steel Co., have announced their intention to move to Kalamazoo. This concern was offered a set-up there that we could not compete with.

Have kept in close touch with the Peninsular Metal Products Corp., present owners of the Ex-General Machine & Iron Works plant. Have furnished information to several prospective buyers, one as recently as Thursday, May 8th—looks promising.

I estimate that I spend at least 20% of my time on industrial work, interviews in C. of C. office, correspondence, credit and reference check-ups, etc. It is time well spent. Every case must be given time, thought, and consideration in order not to miss a good bet, and besides these investigations prevent undesirables from getting a financial foothold in our community.

3. Activities of Merchants Better Business Committee.

This committee has been very active. A petition was circulated to flush the streets in the business section, and to have suitable and attractive signs erected giving road directions in an effort to detour much of the traffic through our attractive village which now misses us via U. S. 12. Both were granted by the Village Commission.

The Wayne County Road Commission promised immediate action to have their road directions in the village limits made more conspicuous, accurate, and attractive.

The managements of the A.P. and Kroger stores were approached, and promised to cooperate with the independent grocers and meat markets by conforming with the six o'clock closing rule.

4. Joint Meeting Between Influential Realtors and Pere Marquette Officials.

On recent trips to Detroit, have talked to the leading realtors mentioned above and to P. M. officials regarding this subject. The purpose of this get-together is to enable these realtors and R. R. officials to arrive at a common understanding regarding the future of this section and the best way to develop that future. The importance of getting these two groups together on common ground cannot be underestimated because they both will have a vital influence on the future of this section of Wayne County.

V. P. Probert of the P. M. has been out of the city almost continuously for the last thirty days. On my last trip to Detroit, Mr. Moffett of the P. M., said that he would take the matter up with V. P. Bowman, and expressed the feeling that Mr. Bowman would cooperate.

5. Trackless Trolley Development On Plymouth Road.

Have kept in close touch with the leaders behind this development, especially Mr. George Frischkorn. These trolleys are expected to be in operation by the end of this month, and in any event not later than July 4th.

It is my belief that this service will soon be extended to the grand and New Detroit subs, and it is reasonable to believe that, if successful, the service will in the not distant future grow out to Rosedale Gardens. It is not far from that point to Plymouth.

Keeping in touch with this development and the possibility of hooking on to it falls right in line with our problem of better transportation, and the work we are doing to improve it.

6. Distributing C. of C. Membership Signs.

Around 100 membership signs were distributed. These signs are attractive, the notice to solicitors is of some value, and it was decided to bring them up to date and to get them out where they can be seen. A chamber of commerce worth having is worth advertising.

7. Cooperation With Plymouth American Legion Post.

The second Michigan district convention of the American Legion will be held in Plymouth, Sunday, June 1. More than 500 people from outside of Plymouth are expected. This means a lot of work arranging all of the details. As a member of the post and its secretary of the C. of C., I have helped to the extent of getting out letters of invitation and serving on committees.

8. Mackraff System Signs.

This is the third and concluding year of a three-year contract between the C. of C. and the Mackraff System of Ypsilanti for the erection and maintenance of these large signs principally featuring the Mayflower Hotel. These signs are located at the two

forks on U. S. 12, and on U. S. 112 near the Canton Center Road. Arrangements have been made to have these signs repainted and to have the sign located on the west fork removed to a more advantageous location about four miles west on U. S. 12.

9. Increased Tennis Facilities.

This activity may not greatly appeal to the older business men, but a need does exist in Plymouth for increased tennis facilities. Golf now carries the popular appeal, but nevertheless there are a lot of high school boys and older fellows who enjoy the great international game of tennis. A movement is under way to organize a tennis club to build and maintain at least two good clay courts. This would relieve the congestion on the school courts.

10. "The Public Dollar."

Steadily mounting taxes represents what is probably the most important and perplexing problem before the American public today. Chambers of commerce in many communities are helping municipal government staffs with this problem, and decidedly worthwhile results have been obtained.

The best thought and the most outstanding accomplishments in this direction had their way to the United States Chamber of Commerce where they are published monthly in a pamphlet called "The Public Dollar." The Plymouth Chamber of Commerce has been placed on their mailing list for 30 copies which are distributed to local business men. Additional copies can be obtained for others interested.

11. Small Store Advertising.

This is another publication of the C. of C. It contains up-to-the-minute information on all forms of advertising for merchants in smaller communities. About a dozen local merchants ordered and have received copies. Additional copies can be obtained for others interested.

12. Publicity.

Publicity—getting the activities of our chamber of commerce to the attention of the membership at large and the general public requires a large share of my time. It is essential that this be done because if the entire membership and general public is not kept informed, interest lags.

13. Home Complete Exposition.

Made a trip to the Ypsilanti Board of Commerce, Friday, May 13th, to obtain detailed information regarding the Home Complete Exposition recently put over in that community. It had been reported to me that the exposition was very successful. A complete report including photographs was secured and presented to the board of directors at their meeting May 15th. It was their advice to learn whether or not a hall of sufficient size could be secured locally, and whether or not sufficient interest could be aroused to make it worthwhile to plan a similar event here.

14. Membership Conservation.

It was explained to the board of directors that membership work must be carried on continuously. This includes additional memberships, collection of any outstanding dues, and calls on the membership at large by the secretary to keep the membership informed, and to receive suggestions and constructive criticism.

In Conclusion.

In concluding this report, let it be understood that any member of the chamber of commerce, or anyone with the welfare of Plymouth at heart has a perfect right to attend and is welcome at any meeting of the chamber of commerce. For example, if you, the reader of this report, have a suggestion to make concerning a project to take up, or if you feel that your chamber of commerce is guilty of any sins of commission or omission, the place and time to present the matter is at a meeting of the board of directors. If you cannot be present, submit your proposition by letter. The next meeting of the board of directors is scheduled for 4:00 o'clock P. M. Monday, June 10th.

To refresh your memory, the 1930-1931 board of directors is made up of the following men: Harry K. Wrench, president; Arthur E. Blunk, first vice-president; J. B. Hubert, second vice-president; E. J. Allison, treasurer; Paul Hayward, Herald Hamill, John W. Bickstaff, Roy A. Fisher, Russell Roe.

TO PILOT DOX PLANE

Lieut. C. H. Schildhauer, one of the crack pilots of the United States navy, who, according to information from authoritative sources, will pilot the giant twelve-engine Dornier Dox plane when it starts on its East-to-West transatlantic flight in July with fifty persons on board.

Army Plane Maneuvers at Height of 25,000 Feet

Burbank, Calif.—Tactical maneuvers 25,000 feet in the air—approximately two miles higher than aerial battles were fought during the war—have been carried out by a new pursuit plane designed for the army here.

The new model is a biplane, powered by a single 425-horse power motor. It is equipped with a supercharger which increases its climbing power, and a new cowling design to give it greater speed.

Officials of the Boeing factory said in recent tests the ship flew from the ground to an altitude of 10,000 feet and back in four and one-half minutes. They said it attained a speed in excess of 200 miles an hour.

Pilot Boasts of Sight

Omaha.—Robert Cochrane, Boeing pilot on the Omaha-Chicago division of the transcontinental air-mail route, claims a record for sharp vision after seeing beacon lights 150 miles away from here. He was flying at 7,000 feet above the city when he spotted all lights to the east leading to Des Moines and two beacons beyond.

BUICK
DEDICATES ITSELF TO THIS BASIC SERVICE POLICY..

"Satisfy the customer." This has been the service policy of the Buick Motor Company throughout the twenty-seven years of its history. And so faithfully has Buick followed this policy that today the familiar emblem of Authorized Buick Service means prompt, efficient and courteous maintenance to more than 1,500,000 Buick owners. Buick has twice as many owners as any other company selling cars priced above \$1200.

Here are a few of the many important points of Buick's Service Policy: More than 4,000 factory-supervised Service Stations assure all Buick owners the same fine standard of skilled Buick service. A written Warranty, covering the first 4,000 miles or the first 90 days of ownership, whichever shall accrue first, guarantees every new Buick car to be free from defects in material or workmanship.

Should parts or workmanship prove defective at any time during the Warranty period, Buick dealers will supply the parts and perform the necessary labor free of charge. In addition to careful pre-delivery tests, the Buick owner receives two major inspections without cost—one after 500 miles and another after 1500 miles of driving. These include a thorough road test of all elements of performance.

The "Tourist" and "Change of Residence" clauses permit the Buick owner to change his residence as frequently as he desires or to tour any part of the U. S. or Canada and still receive the full Warranty benefits from the nearest authorized Buick dealer.

ALL BUICK dealers fulfill these provisions of BUICK'S service policy. All dedicate themselves to the task of serving promptly, efficiently and courteously.

Northville Takes Game From Rocks

Thus far Northville has turned back Plymouth in three sports. They took the football game, both basketball contests and now, the baseball game. If they win in track it will be a clean sweep for the year.

Northville's first run came as the result of a bad blunder. Ferguson, thinking there were three out, gave the ball to the umpire and came to the bench as did nearly all the team. Tibble then came home for the first score. Johnson, Northville pitcher, besides having a lot of curves and good pitching ability seems to be a hitter. His home run in the fourth cleared Gordon's head by a large margin.

The two runs for Northville in the third were the result of a "scratch" single by Dickson. Plymouth got three hits in the sixth but only one run. Two of these were doubles and the other was a hit by Lanker who beat the throw by fast running.

Four men were hit by pitched balls. Three were Northville players and the other was Gordon of Plymouth. Those from Northville seemed to step into the ball rather than try to avoid it. Inning by inning:

FIRST
NORTHVILLE—Campbell struck out. Cavell grounded out. Ferguson in Bassett. Dusenburg was called out on strikes. No runs, no hits, no errors.

PLYMOUTH—Towle walked. Hicks safe on fielder's choice. Towle being out at second. Dusenburg to Campbell. Hicks went to second on this hit when Campbell threw the ball over LeFevre's head trying to get Hicks at first. He then stole third. Gates hit to Johnson who threw to Missinger getting Hicks at the plate. Gates stole second. Bassett struck out. No runs, no hits, one error.

SECOND
Tibble walked. LeFevre was safe on Hicks' error. Dickson was called out on strikes. Missinger struck out. Ferguson, thinking there were three out, came to the bench as did nearly all the team, allowing Tibble to score. Johnson walked. Grant was out. Ferguson to Bassett. One run, no hits, one error.

Students Make Successful Microphone

Ralph "Einstein" Lorenz and Clarence "Edison" Lyke last Friday started the scientific world with the announcement that they had at last completed their experiments in electrical transmission of sound by use of a carbon-rod microphone.

Plymouth Beats Dearborn 9 1/2-2 1/2

By winning their third league match, the Plymouth golf team has advanced another step toward the league trophy. So far, Plymouth has won three league matches and tied one, besides winning other outside matches. The group that played against Dearborn just seemed to be going good. Since before they played Plymouth, they had not been defeated.

Lorenz, playing first man, had an eagle and a birdie on the last nine holes, but even then his opponent took one-half a point, thereby showing himself a good golfer. Williams, second man, took the full three points and his match seemed never in doubt. DePorter, playing third man, played inconsistent golf but managed to win three points. McCord, our midger last man, could not get his game going, and thereby took only one point. It should be explained that only fourteen holes were played because Dearborn did not arrive in time to play the whole eighteen.

Central Notes

In Mrs. Root's 1-B grade twenty-one people out of twenty-nine received Palmer pins for good writing. They are Nancy Dunham, Janet Peterson, Albert Donovan, Clayton Cook, Burton Kuzneski, Evelyn Schomburger, Grace Squires, William Guldner, Jerry Shearer, Jack Baker, Patricia Evans, Leona Neidolph, Gwendolyn Tobey, Dorothy Rorabacher, Douglas Lorenz, Doris Lee, Valbert Groth, Evelyn Elliott, Bessie Enidly, John Richardson and Dawn Walloway.

In Mrs. Wilcox's 2-B and 2-A grade the following people received gold star buttons for good writing: Ann Johnson, Virginia Brockhurst, Jack Burz, Thelma Michaels, Carol Doherty, Agnes Schomburger, Marie Argove, Norman Peterson, Bobbie Zimmerman, Billy Thomas, Marjorie Lewis, Karl Brown, Rozetta Campbell, Catherine Sprz, Elizabeth Schroder, Phyllis Samsen, Alice Blachut, Bobby Weaver, Douglas Proulx, Gordon Robinson, James Birehall, Dorothy Williams, Betty Barlow, Edward Muloy, Elaine Thompson, Martin Horvath, James Heller, Ruth Kirkpatrick, Sammy Virgo, Eliza Nash, Herbert Wallace, Lester Cotton, Larry Wrensch and Caroline Orshelmer.

In Miss Fenner's room squad A is ahead in spelling, with twenty-five points. The children sold ten dollars worth of tickets for the May Festival which was held last week. Barbara Hubbard and Thomas Brock sold the most tickets.

An English Theme

Assembly

As usual, the assembly surprises were preceded by a number of important announcements, the first being about the sophomore dance, and that we should all be there because it was the last dance of the year. Then Marlin Gust gave out the checks to the various class officers as a result of Stunt Night.

The first member of the group who represented Plymouth in the All State Chorus and Orchestra Meet at Ann Arbor, was Milton Moe, who played two violin selections for us, "Folk Dance" and "O Sole Mio."

Then Ted Baugh gave two tenor solos, "Dona" and "The Lampit Hour."

Next Mr. Emms told us that the country were coming to take their exams and that we should help them out by being quiet in the halls.

Maynard Larkin then played "Mighty Lak A Rose" and "Ah, Sweet Mystery of Life."

The last announcement was a cheerful one because Plymouth is heading the league in Golf. The following are the scores of past games:

P. H. S. 8 —Northville 4
P. H. S. 7 —Wayne 5
P. H. S. 6 —Farmington 0
P. H. S. 9 1/2 —Dearborn 2 1/2
Dora Gallimore, Hazel Rathburn, Catherine Nichol, Jean Strong and Maynard Dunn, the five girls who represented us in the chorus meet, sang "Salutation" and "Beautiful Saviour."

Senior Girl Reserves

The meeting was opened by Mahel VanBonn who took charge of the devotions, "Reverent to God," the fifth line in the Girl Reserve Code was considered. Besides the school year will and soon officers for the next year will be elected this Friday.

The girls sold megaphones and peanuts at the Plymouth-Northville game.

Since last year, a new scheme has been in operation for getting rings. Previously a ring committee selected certain girls who they thought deserved one; now each girl judges herself.

The Vocational Club had many scrap books on the choosing of a vocation, and a bulletin board covered with posters.

The Aircraft Club had many airplanes displayed which would "really fly," and the Basket Weaving Club had many different styles of baskets.

For a dishcloth "par excellence" make a cloth about 12 inches square of four or five thicknesses of common white mosquito netting, then sew across and back and forth on the machine to hold it firmly together. It is very soft and will hold no grease at all.

Starkweather

The kindergarten exhibited some very good drawings. The Dutch Twins and the colorful autumn leaves were especially good. There were also scrapbooks made by the small children.

A Real Traveler

A former sailor and retired physician, Dr. Arscott of Plymouth, gave a very interesting account of some of his adventures on English vessels, at the last meeting of the Travel Club. He was born and reared in England, going to sea at the age of seventeen. As an engineer, he visited most of the ports around the Atlantic ocean and the Baltic and Mediterranean seas.

Dr. Arscott mentioned stamperets, after many exciting times in the different places, Dr. Arscott, not yet a doctor, arrived in the United States and worked his way across the country to Detroit, since it had long been his ambition to go to that city.

The first-A and second-B class of Miss Stader have a very good summer exhibit for next summer.

Miss Parneale's second-A and third-B classes worked hard to put the exhibition through successfully, for there was a collection from foreign countries, bird and flower books, health quills, penmanship drill papers, health books and paper cut-outs.

The third-A and fourth-B and A classes of Mrs. Moe's room carried on their exhibit extensively. All over the walls were arithmetic papers, food charts, English papers, fruit and vegetable charts, Edison Golden Jubilee booklets, North American maps and penmanship drill papers.

In this class thirty received Palmer Method buttons, ninety merit buttons, and one hundred pins.

Miss Hunt's fourth and fifth graders presented an interesting exhibit. There were product maps of Asia and Africa, nature study booklets, penmanship, language and spelling papers, colored Australia rainfall maps, hygiene posters, trip to Asia, trip to Europe and trip to Norway and Sweden booklets, Starkweather Sanitarium was made by the children. There were nurses and really sick people portrayed by dolls.

As a nature study project the fourth and fifth graders worked out an aquarium containing poliwogs, a turtle and a butterfly.

Resolved, That there are inhabitants on the planet Mars," was an interesting debate last Friday by the fifth A's, who also made planet charts.

The six-B and six-A grade classes of Mrs. Lee, had a geography contest which Norman Kinsler and first, Harry Fisher second, Jeannette Bannan third, Richard Miller fourth. The winners received colored ribbons for their best product charts. There were sixty-one awards given in penmanship. The 6-B spelling team beat the 6-A team. During the past week the 6-A's had achievement tests based on their grade work.

Seventh and Eighth Grades Take Exams

Study III two days last week did not see his old familiar faces in their old familiar places, but one hundred and eighteen very serious looking boys and girls from country schools who had come to take their final examinations under the supervision of Supt. George A. Smith.

Sophomores Give Last School Dance

The last dance of the season was given by the sophomore class Friday, May 16th. The orchestra, the well known "Varsity Vagabonds," gave the usual gay music to which no one can listen and be still. Since it was the last dance the attendance was good, for one hundred and sixty people filled the gym. Among chaperones were Mr. and Mrs. Geo. Hamilton and Mrs. Ada Murray, who are always ready to help things along.

Home Economics Exhibit

The advanced cooking class was studying interior decorating. Each girl selected an ideal home of which there were plans for four rooms. These plans were then put into a notebook or on a poster.

In cooking, this class studied frozen desserts, some of which they made were mousses, ice cream, sherbet and frozen fruit.

The eighth-A girls served the Mother and Son banquet held Tuesday night by the Torch Club. The menu consisted of:

Baked Pork Chops Dressing
Mashed Potatoes Scalloped Corn
Pickles Olives Celery Radishes
Fruit Jell-O Turnipapple Salad
Fruit Jell-O Whipped Cream

The ninth and tenth grade sewing class has finished making the second dresses. The dresses were made of cotton materials. Some were sleeveless, others had capes, jackets or sleeves.

High School Gives Exhibit

The high school gives an annual exhibit. This year it was held open to the parents and the public for two days, on last Thursday and Friday.

The Vocational Club had many scrap books on the choosing of a vocation, and a bulletin board covered with posters.

Assembly

As usual, the assembly surprises were preceded by a number of important announcements, the first being about the sophomore dance, and that we should all be there because it was the last dance of the year. Then Marlin Gust gave out the checks to the various class officers as a result of Stunt Night.

The first member of the group who represented Plymouth in the All State Chorus and Orchestra Meet at Ann Arbor, was Milton Moe, who played two violin selections for us, "Folk Dance" and "O Sole Mio."

Then Ted Baugh gave two tenor solos, "Dona" and "The Lampit Hour."

Next Mr. Emms told us that the country were coming to take their exams and that we should help them out by being quiet in the halls.

Maynard Larkin then played "Mighty Lak A Rose" and "Ah, Sweet Mystery of Life."

The last announcement was a cheerful one because Plymouth is heading the league in Golf. The following are the scores of past games:

P. H. S. 8 —Northville 4
P. H. S. 7 —Wayne 5
P. H. S. 6 —Farmington 0
P. H. S. 9 1/2 —Dearborn 2 1/2

ENVOY TO AUSTRIA

Portrait study of Gilchrist Acker, Stockton of Jacksonville, Fla., new American minister to Austria.

Life seemed to run along a lot smoother in some Plymouth families before the women folks got the idea that a peanut butter sandwich and a glass of milk constituted a meal.

Camp Wetomachick Holds Council Fire

The Camp Fire girls met with Carrie Gordon's Tuesday evening with a four-fold purpose in mind, to have a potluck supper to honor Carrie, to celebrate Carrie's birthday, and to honor Carrie because she is the only girl to graduate this year. The girls played two games and then ate the de-

Freshmen Declaration Contest To Be Held

The local try-outs for the freshman Declaration Contest were held last Friday with the following results: Irene Humphries placed first with "Ode of Arc," Odene Hitt, second, with "The New South," and David Daly, third, with "A Plea for Hayworth." Much spirit and quite some talent were shown in the try-outs and Plymouth has a good chance in the Freshman Contest.

Juniors Leading in Girls' Indoor B'ball

Out of the six games played in the girls' basketball tournament, the juniors have won four and lost none; the sophomores won one, lost one; the freshmen won one, lost one; and the seniors won none and lost four. Three games have been postponed because of the weather, so there are twelve left to be played yet.

Racketeers Defeat Alumni

Again the high school tennis team emerged victors. This time the alumni were at the lower end of the scoring. The Forston game was cancelled because of adverse weather conditions last Monday.

Overshoes for Planes

Keep Ice Off the Wings
Ithaca, N. Y.—Overshoes for airplanes—a new method of keeping wings free of deadly ice—are announced at Cornell university, after successful tests in the Midwest. They were developed by Dr. William G. Geer, research chemist, with the cooperation of others.

The overshoes lace over the forward edge of the wing. They are a thin layer of specially vulcanized rubber exuding continually a colorless oil. It is announced that the ice does not stick to the oil.

This slipperiness alone is insufficient and so the overshoes have a small hose underneath their striking edge a slight pulsation of pump driven air in this hose breaks the ice as it forms on the wing edge.

Blimps Have Right of Way
Mexico City.—Under air traffic regulations issued by the aeronautics section of the department of communications, dirigibles will have the right of way in Mexican air lanes and the planes must swerve aside to let them pass. The regulations provide that aircraft will keep to the right in the air lane, and swerve to the right, not up, down, nor left to avoid collisions.

One sure way of cutting down the wheat acreage would be to teach more farmers to play golf.

Christian Science Notes

"Mortals and Immortals" was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, May 18.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Be not thou therefore ashamed of the testimony of our Lord, nor of me his prisoner; but be thou partaker of the afflictions of the gospel according to the power of God." (1 Tim. 1:8)

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Immortal men and women are models of spiritual sense, drawn by perfect Mind and reflecting those higher conceptions of loveliness which transcend all material sense" (p. 247).

PRESBYTERIAN NOTES.

The Ready Service Class held a fine meeting on Tuesday at the home of Mrs. C. O. Ball on N. Harvey street. Twenty-eight persons sat down to the dinner of excellent things cooperatively prepared. After the dinner and the business meeting a program of music and games was enjoyed. The next meeting will be held June 17th, at the home of Mrs. Linus Galpin.

Mrs. Reek entertained her class of girls at her home Monday evening. The class was organized with Catherine Dunn as president, and the name Busy Beavers was decided upon.

The Mission Study Class will hold the May meeting at the home of Mrs. Herald Hamill on Tuesday next. There will be cooperative supper at 6:30 o'clock, which will be followed by the monthly business meeting and program.

Children's Day will be appropriately observed on June 15th. The church at Sunday-school services will be combined. The hour is 10:30 a. m.

CATHOLIC NOTES

Sunday the children will make their First Holy Communion at the 8:00 o'clock mass. This mass will be a high mass, and a special program has been prepared for the occasion so as to make it a memorable day for the children and parents.

All the children of the parish are to be at the instructions Saturday morning; this is the last instruction for the school year.

The pastor with Rev. J. Schuler, assisted at the funeral service of Rev. E. Hoesinger at Saginaw, Thursday morning.

Next week Thursday is the feast of the Ascension, a holy day. Masses will be offered up at 6:30 and 7:30 a. m.

Flowers are always acceptable for the altar.

Nethem will play ball at Newburg next Sunday at 3:00 o'clock.

BAPTIST NOTES

The young people are inaugurating a new series of style of program in B. Y. which becomes effective this coming Sunday, May 25th. The program is, beyond a doubt, the most unique, one has had the opportunity and pleasure of attending. There is to be a master of ceremonies who "LIVES" his meeting with a BANG, but it's a surprise. Hmmm.

For the past few weeks the subject for our mid-week prayer meeting has been studies in the book of Genesis. They have been well attended and are proving profitable to all. It is well for us to know our Bible, and this is one of the best opportunities we have.

The young men of the B. Y. P. U. have organized an indoor baseball team. The report of their first game will be given in next week's Mail.

The Baptist ladies will hold a bake sale at Rutenbury's store, Saturday, May 24, beginning at 10:00 o'clock.

EPISCOPAL NOTES

Rummage Sale
A rummage sale will be held in the Hough building on Penniman Ave., next door to the Salvation Army Hall, on Friday and Saturday of this week, May 23 and 24. This is sponsored by the Woman's Guild of the church, who will also have on sale a selection of baked goods on Saturday afternoon. The support of all is requested by the committee in charge. Please help us advertise this project.

Sunday is rogation Sunday, one of the four days preceding Ascension Day, which are set aside for special supplications.

Only two more weeks until Pentecost, the greatest day of the Christian year. Help to make it a day of real power in your life and in the life of the church by preparation in prayer. "Expect great things from God; attempt great things for God!"

On Pentecost, June 8, commonly called Whitsunday, the birthday of the church, there will be a special celebration of the Holy Communion at 10:00 o'clock. For this reason the regular first Sunday of the month celebration will be omitted next month. It is expected that all faithful communicants of the church will endeavor to make their communions on this great day. Get ready for it now.

Lazy Worsted
Pastel colored wools in lazy weaves, make the very smartest, sporty things for summer. Blouses are rather fancy, too, and they all tuck in the skirt.

When making hooked rugs do not crowd the rows too closely together. You should be able to see the hurlap between the rows as you work.

METHODIST NOTES

"Establish thou the work of our hands upon us, yea, the work of our hands establish thou it."—Psalms 90: 17.

"Well did Moses, the man of God, make this the close of his psalm. Let it be the conclusion of all our prayers. For unless the Lord establish the work, they labor in vain that do it; unless the Lord bless the work after it is done, the worker has all his toil for naught. . . . The laborer must work in faith, because he works with God. If he is doing what God bids him do, and doing it in His spirit, then he is to be entirely certain that God will establish the work, for it is God's own work."

The following list of officers was elected to hold office in the Ladies' Aid Society:

President—Mrs. R. H. Lee
Vice-President—Mrs. Wm. Bake
Secretary—Mrs. Frank Barrows
Treasurer—Mrs. Wm. Towle.
The Junior Missionary boys and girls will meet at the church next Wednesday night directly after school. This is the meeting when we plan our annual picnic, so it is hoped that all the children will be present. Those who did not bring in their mite-box money may do so at this meeting. Do not miss the story about our World Neighbors.

All are cordially invited to meet with us Sunday evening at 7:15 o'clock for the song service preceding the sermon. You will also be welcome at the same hour on Wednesday evening to hear the interesting review and discussion of the book, Basic Beliefs.

The members of Miss Winnifred Joliffe's Sunday school class enjoyed a cooperative supper at Benton Park, after which they had an auto ride to Wayne, and ended their good time with a treat of ice cream.

HOW TO PREPARE CAR FOR SUMMER

Proper Attention Now Will Insure Freedom From Many Troubles.

(By W. S. ISHERSOOD.)

After short and slow running under winter conditions a thorough checkup of the car is advisable at this time in order to guarantee a spring and summer of carefree operation.

Assuming that the car has come through a hard winter's service in fairly good mechanical shape the service operation should proceed in this order:

First, clean the engine, chassis and body thoroughly.

Check to see that spring clips are tight; take up any excess play of spring shackles.

Clean Steering Gear.

Clean and grease steering gear; check front wheel alignment, after adjusting the wheel bearing and filling the hub caps with fresh grease; see that the nuts holding rear wheels to the axle are tight and fastened with a cotter pin.

Drain the old oil from the transmission and rear end, and put about a quart of kerosene or flushing oil in each.

Put a couple of handfuls of sal soda in the radiator and run the car for a few miles until it is well warmed up. The soda cleans out the scales and rust in the radiator while the kerosene will loosen and wash out the old oil in the transmission and differential. Drain these as soon as you stop, then drain the water from the radiator and flush with fresh water. Remove the cylinder head and scrape out all the carbon and grind the valves. Now a new gasket when you put back the head—it makes a better job and no chance of leaks.

New rubber hose on all the water connections is well worth while, too. Fill the radiator with fresh water and start the engine. Run slowly till warmed up. Valve tappets should be adjusted, motor being warm while this is being done. Follow the manufacturing recommendations for clearances. Oil the starting motor and generator, and check for proper summer charging rate, as covered by latest instructions by manufacturers of the ignition system; this may prevent a damaged battery due to overcharging on long, fast summer trips.

Overhaul Spark Plugs.
Clean the breaker points in the distributor and set them to their proper opening. Clean the spark plugs. To clean spark plugs simply fill the lower part of the plug with alcohol and allow to stand for a few seconds; take a piece of wire covered with one thickness of cloth and rub the carbon from the insulator then wipe clean and dry thoroughly before replacing in the engine. Clean sparking points with emery cloth or a knife.

If plugs are badly sooted or points worn to any degree, install a new set. Clean off all the ignition wires and see that the contacts are tight. Clean the storage battery with ammonia water, or ordinary baking soda (one teaspoonful to one cupful of water), tighten the terminals and coat them with vaseline or grease. Be sure that the battery is securely held in place. Check the liquid level and add distilled water if necessary.

With these servicing items attended to you should have ahead of you a summer of carefree driving, free from all mechanical troubles and annoyances.

The desire of women to retain slim figures is given as a reason for a slump in the potato demand in England.

"Troopers Three"

THE most picturesque, romantic and adventurous branch of the army—the cavalry—is the real hero of "Troopers Three," the Tiffany all-talking production showing at the Penniman Allen Theatre, Friday and Saturday, May 23 and 24.

between Eddie, played by Lease, and Hank, played by Tom London. Hank has a whole-souled love for pretty Dorothy Clark, played by Dorothy Gulliver, but Eddie is a philanderer and his love is not serious until he has taken some pretty tough knocks.

"Ladies Love Brutes"

GEORGE BANCROFT, whose vigorous portrayals of "the-man" roles have smashed records of theatres all over the country, will pile up higher than ever box office records in "Ladies Love Brutes," to be shown at the Penniman Allen Theatre Sunday, Monday and Tuesday, May 25, 26 and 27.

seller of the great Bancroft personality. "Underworld" marked the beginning of Bancroft's success as a performer of two-fisted characterizations.

"High Treason"

THOSE who are curious to know what London and New York and the world in general will be like ten years hence and, incidentally, anyone interested in unusual screen entertainment, should see "High Treason," the unique all-dialogue (Tiffany) film to appear at the Penniman Allen Theatre Wednesday and Thursday, May 28 and 29.

In this story by Pemberton Billing, directed by Maurice Elvey, and impressively acted by Jameson Thomas, Beata Hume, Humberton Wright and Basil Gill, the drama is based upon the conflict of a World League of Peace and the militant forces of America and Europe.

Militant makers want war and incite trouble between the two great federated groups. They try to terrorize the members of the Peace League, a powerful organization of twenty-five million members in 1940, by bombing their London headquarters.

Move to Wipe Out "Athlete's Foot" Menace in Cities of United States

ENOUGH tiny parasites to infect every person in the United States with athlete's foot are lurking on the glass plate shown above. They are being examined by a New York bacteriologist. The plate contains billions of Tinea Trichophyton, which cause the foot malady, a form of ringworm, and these parasites were cultivated from a single specimen overnight.

Assolant, Ocean Flyer Goes Back to Old Job

Le Bourget.—Jean Assolant, after a few months of glory for crossing the Atlantic last June, has gone back to his job as a pilot on the Paris-Strasbourg air line.

Assolant still is popular but he also is poor and he has to make a living. He met kings and presidents when he and his companions, Lotti and Lefevre, made a tour of European capitals after their transatlantic flight but there was no salary attached to the job of spreading the fame of France.

Flying is Assolant's trade, his every-day work that puts butter on his bread. His pastime is football.

The purchasing of a new school site for Redford was voted down last Tuesday by the school board, who favor building an addition to the front of the present structure.

The Detroit Zoo, at Ten-Mile and Woodward Avenue, which opens May 29, attracted 2,000,000 visitors last year. It is the belief that number will be surpassed this year.

The 1930 maple sugar season was one of the best that Michigan producers have ever experienced. It is estimated that 930,000 trees were tapped, or 105 percent of the number for 1929.

Making of a motion picture portrait of the colorful history of Dearborn, which extends back over a period of more than 100 years, will be started early in June by the Vagabond Players.

The University of Michigan Fresh Air Camp will open June 24, with 400 boys present, who have been chosen because of poor health or lack of necessary finances for adequate recreation.

Bright red double tulips from bulbs that have grown in one place for over a half century, have been in blossom the past week or so in the flower gardens of Mrs. Charles Dolph at her home in Northville.

In moving his home to a new location, Fred Wendt of Northville, discovered an old Detroit Journal, dated April 20, 1906, which revealed that at that time men's fine suits could be bought for \$12.50; ladies' spring hose, 12, 19 and 25 cents per pair; leg of lamb, 14 cents a pound, and oxfords and Gibson tie-slippers for \$1.50 to \$3.50.

The Michigan Bell Telephone Co. paid \$1,800 to Otto Polez of Chelsea, for loss of six cows, that died from the effect of poison from a pole the company had set on his farm. Authority at M. B. T. Co. stated the poison was in the ingredients used in treatment of the pole. The Telephone Company replaced the pole with an untreated one and sent the treated one to their New York laboratories for further analysis.

One Objection

Four-year-old Martha received some jackstones and a ball. Her father showed her how to play with them.

A few days later one of the neighbors saw her and asked whether she could play jackstones.

"I can pick up the jackstones," said Martha, "but the ball won't come back to my hand."

Autos at Cut Rates

Automobiles sold as low as 50 cents at the bargain sale of Frank J. Beran, Chicago police custodian. Sixty-eight cars, picked up by the police and unclaimed, were sold at prices ranging from half a dollar to \$135, and \$1,400 was turned over to the police pension fund.

A Telephone Is Protection!

Most of us encounter times when we require help—quickly. Perhaps it is sickness and a doctor is needed; it may be fire or other emergency.

Your telephone is always ready to summon assistance instantly.

It is a safeguard to your home, and although you may never have urgent need for it, your telephone gives you a sense of security.

You cannot afford to be without telephone protection in your home.

Rosedale Gardens

By J. W. WALKER

A COUNTRY-SIDE fellow sobered up the other evening for the first time in months, and he was given the usual wag by some of the boys, one of which had accused him (among other things) of climbing the water tower and blowing out the light while under aforesaid misadventure. "Didn't know they had a water tower in Rosedale," sez C-S-E. "Thought they had Detroit City water." We have, but for all Jumpy's jelly beans, we can't fathom our low this bird found it out, the tower and water both, we mean, or something.

At this time we will have a radio solo at "R" grocers, entitled "Asparagus is in season, but oh you Rhubarb!" accompanied on the delivery truck by Cal Roberts. Which all goes to prove that the local emporiums have three delivery times per diem.

Some Buttermilkers got up early Sunday morning and donned plus fours and polka dotted bow ties and Harry Lander socks, but the rain kept them indoors telling each other fish lies until church time, and that's that! Next Sunday they plan to work up the home garden patches.

Kittens are in season, which same is probably why the neighbors' dogs keep strictly about the lee side of our flower beds and bungalowite.

On this date, and as this paper is delivered, several of our youngsters will have passed the Rosedale School days, and will remember ever after the many happy days spent therein, Plymouth High School being next on the program for them; it won't be long now that many will be sending for college prospectus. Which same reminds us again what age we gave the census-taker.

They just finished painting a white line down the middle of the main path-way to the city, and some dizzy zaza-bo in a flivver old enough to test if it was a mark to play leap frog, or tennis or something, so he leapt frogged over on the wrong side and could not leap frog back again, as there happened to be several big milk trucks coming his way, so he just frogged over in the acres and now he is walking to work all done up in gauze and tape, whilst his flivver will never fly again, but is reposing peacefully in pasture 'til moth and rust hath completed their corrupt.

Mr. and Mrs. Terrens A. Smith have arrived from Louisville, Ky., and have leased the residence of the Soderstrom's, 9816 Ingram Avenue.

Fireplaces are once more pressed into service, any suggestion to the contrary might be offered by the weather.

NOTICE REGARDING DUMPING

Many requests are being received as to where dumping is being permitted within the village. Rubbish of all kinds can now be dumped at the foot of Burroughs St., east of South Main St., as indicated by signs on the property. Garbage and auto bodies not permitted however.

A. J. KOENIG,
Village Manager.

man, who, last Saturday, predicted fair and warmer weather Sunday. Which reminds us of week fore last that this same weather man proclaimed to all the world "showers and coolers" for ten days straight, and we had the hottest, driest, clearest weather for first two weeks of May in memory of the oldest inhabitants.

Not knowing of the weather, we hesitate to write about our school picnic, which is all set for today. If it is if and such and such, we will have a repetition of the "May Party." Miss Ethel Bolden's dancing dolls and all.

It has been suggested, not without humor, that another pinocle, or some such evil pastime, be held by the losers in the checker tournaments about to start hardily, and in our new pill emporium, Bridgson? Gosh, no! Let that be the fair sexes.

Supt. Alfred Honcke and the grass-cutters had planned a day off last Sunday, possibly to go fishing or something, when they had to be recalled to build fires in the modelite and man the storm sewer pumps. Art was in a quandary as to whether the weather would get colder or warmer, so allied and greased up the snow plow as well as the pumps and lawn mowers.

They have found a new name, or maybe it's an old name for new paint. Anyhow, the color paint on our new "R" grocery and vitamin "B" emporiums is called "Tangerine—Ain't it hot?" Shakespeare, Vol. X, Page II, par. IX, Scene I of Act II. Making our two most vital industries in juxtaposition, as it were. And they said for the class yell be "C. H. B.—Cluck—Haw—Buck, Haw, Haw, Hlaw, Buttermilk!"

HIGH HAT SKIPPER

In accordance with traditional custom, Capt. James Jack of the Donaldson line freighter Salacia received a shiny top hat and a gold-headed cane in recognition of his ship's being the first to enter the port of Quebec this season. The presentation was made by officials of the Quebec harbor commission. The skipper appears to be delighted with his land honors, even though the trapping do not harmonize too well with his seagoing uniform.

Glycerine Bubbles

When making soap suds for the children to use in playing with their clay pipes, try adding a small amount of glycerin to each cupful of suds and you will find the bubbles often last four or five minutes without bursting, even if they settle on anything.

Konjola Puts Grateful Man Back On Job

Suffered Ten Years From Stomach Trouble—Pays Splendid Tribute To New Medicine.

MR. O. E. MITTELBUSCHER

"Read of my amazing experience with Konjola and then judge for yourself as to its merits," said Mr. O. E. Mittelbuscher, 4638 Cope street, Detroit. "I suffered from stomach trouble in various forms for ten years. Practically everything I ate caused me to have cramping spells and my stomach bloated with gas. For weeks at a time I was not able to eat any solid foods, nor drink anything cold. I was restless at night and became very nervous. Continually, I suffered from headaches and was only able to work part time.

"I first heard of Konjola through the recommendation of friends. I decided to find out what it would do for me. Before I finished the second bottle my condition improved wonderfully. I continued with the treatment until I had taken six bottles, and at the end of that time I was eating whatever I pleased without the slightest distress. My nerves were calmed and headaches disappeared. It has been four months since I quit taking Konjola and I have regained my strength. I have not lost a day's work since I completed the treatment."

Although many sufferers are greatly benefited within a week or two, it is best to take Konjola for six or eight weeks to obtain thorough results.

Konjola is sold in Plymouth at the Community Pharmacy, and by all the best druggists in all towns throughout this entire section.

ON REARING CHILDREN from CRIB TO COLLEGE

Compiled by the Editors of THE PARENTS' MAGAZINE

If the children have some interest taken up in school which they can carry on, if they paint, draw, or model, or do anything which they can continue at home, Sunday is the time to let them show an admiring family how it is done. If friends come they understand that they will be taken into the household as it is, without interrupting what is going on.

Some camps appreciate parents rather more highly if they visit camp rarely. For this attitude there often has been ample cause, as in the case of the indulgent parent bearing gifts of indigestible goodies and otherwise disrupting camp discipline.

For the boy's room attractive hangings and upholstery materials feature a series of early American prints, depicting scenes from colonial days— instructive as well as decorative. These are available in chintzes, glazed and unglazed, with neutral backgrounds of parchment, green or beige. Some of these pictorial chintzes are sectional in character; one shows the map of Cape Cod, for example, and another shows scenes of gayly bandannaed mamies picking cotton in the fields of the South, while a third shows the Pilgrims trading with the Indians.

A child does his best work when he is putting some of his own initiative into what he is doing. You can force a child to practice, but that does not make him love music, and it is much better for a child to do a little with music and to love the little he does, than to do much and hate it or be bored by it.

Statistics have been presented to show that 5 per cent of all whooping cough patients develop or have tuberculosis, and a recent analysis of 60 deaths due primarily to whooping cough showed 25 per cent were due to a flareup of an old tuberculous infection.

The Eskimo baby struggles along largely on a meat diet, we are often told, but it is not always pointed out that the Eskimo mother nurses her child till he is four to six years old, and that he eats not muscle meat but the eggs and bone marrow, fish liver and other "insides" that contribute the much-needed vitamins which temperate-zone folks get from sunshine and cod liver oil, vegetables, and fruit. Nature is ever mindful of her own.

Too often parents are guilty of making comparisons among their children to the detriment of one child and the advantage of another. Personal appearance often plays a part in making one youngster feel himself less attractive, less popular than a brother and sister and in such situations a sense of inadequacy begins, coupled with jealousy and dislike for the envied person.

Since the beginning of the present century the annual death rate from tuberculosis has been reduced from more than 200 to approximately 80 per hundred thousand of population, resulting in the saving of more than 100,000 lives annually.

Mice and Mint
Mice hate mint and will forsake premises where a bunch of mint is hung.

Eye-Shadow Brings Out Attractive Color Tone

The sultan vogue has made us all more attentive to complexion and to other beauty factors—since it has helped us realize how much we can do for ourselves! All our making-up is being more carefully done and a natural effect is the aim of all our endeavors, says a fashion writer in the Detroit News.

We emphasize their color with eye shadows deftly applied. The color of this being right, our eyes will be made to look more intense by blue, green or whatever they are, more lustrous and larger.

Blue, mauve and emerald green—the latter for very light eyes—are the shadows in smart favor now. Our lashes will not be brushed or trelly powder-free after the puff has been dusted over the face—but some of the powder left on to make the mascara slightly thicker and more effective. And we'll use black mascara only if our hair is black—otherwise brown.

Hose Made to Resemble Net, Silk, Voile, Crepe

Stockings now reflect the fabric texture of the costume, a radical departure and very new. Made of cotton-crepe, sheer silk hosiery reflects the weaves of tweeds, the heavier crepes of the fall type, chiffon crepe, silk, organdy, and crepe romaine. Some of these new stockings are seamless, some are seamed and others are full fashioned.

An important note in hosiery, especially of the fabric type, is a lack of luster. Crepe chiffons have a subtle glint that is attractive when over the flesh.

Crepe net hosiery, designed and knitted in a plain net, a striped one, and an all-over pattern, is now made in white, eggshell, faint maize, formula, blond, brunette and Florida tan back.

One of the thinnest and sheerest stockings for the spring is made with a single thread and the narrow french heel. There are also fragile stockings made of but two or three threads of chiffon weight and an all-over lace stocking that might be described as a ribbed mesh.

The old-time politician who tried to carry water on both shoulders left a son who tries to carry water on one shoulder and liquor on the other.

History says early man had only mud floors in his cave home. Most of it, no doubt, was tracked in during the spring months.

MORTGAGE SALE

Default has been made in the conditions of a certain mortgage made and executed by Fred O. Orr and Lena Orr, husband and wife, of the Village of Plymouth, County of Wayne and State of Michigan, as mortgagors, to Charles R. Carson and Mary E. Carson, his wife, and to the survivor of either of them, of the Township of Livonia, said County and State, as mortgagees, dated the twenty-second day of February, 1924, and recorded in the office of the Register of Deeds in and for the County of Wayne and State of Michigan, in Liber 1288 of Mortgages, on page 484, and the said mortgagee have elected under the terms of said mortgage, that the whole amount secured by said mortgage, has become due and payable, on which said mortgage there is claimed to be due and unpaid at the date of this notice, the sum of Four Thousand Six Hundred Seventy-Six Dollars and Nine Cents (\$4676.09), and no suit or proceeding at law or in equity has been instituted to recover said money or any part thereof.

NOW THEREFORE, by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, notice is hereby given that on Monday, the eighteenth day of August, 1930, at eleven o'clock in the forenoon, Eastern Standard Time, the undersigned, or the sheriff, under-warrant, or a deputy sheriff, of said Wayne County, will sell, at public auction, to the highest bidder, at the southerly or easterly street entrance to the Wayne County Building in the City of Detroit, County of Wayne and State of Michigan, (that being the place where the Circuit Court of said County of Wayne is held) the premises described in said mortgage or so much thereof as may be necessary to realize the amount due, together with any additional sum, or sums, the mortgagee may pay under the terms of said mortgage, with seven (7) per cent interest and all legal costs allowed by law and provided for in said mortgage, including an attorney's fee, which said premises to be sold as aforesaid are situated in the Township of Livonia, County of Wayne and State of Michigan, and described as follows, to-wit:

Beginning Three Chains and Sixty-seven and one-half links North from the South-west corner of the West half of the North-west Quarter of Section Thirty-two, T 1 S., R 9 E., Michigan, thence running Northwardly Three Chains and Seventy-three links to the center of the Ann Arbor Road, thence Eastwardly along the center line of said Ann Arbor Road, Two chains and Forty-five links thence Southwardly, parallel with the West line of said section, Three Chains and Fourteen and One-half links thence Westwardly, Two Chains and Forty-six links to the place of beginning. Dated: May 22, 1930.

CHARLES R. CARSON, MARY E. J. CARSON, Mortgagors.

John S. Dayton, Attorney for Mortgages, Plymouth, Michigan.

COMMISSIONER'S NOTICE NO. 160753

In the matter of the estate of CYNTHIA A. ALLEN, deceased, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioner to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that I will meet at the Plymouth United Savings Bank, in Plymouth, said County, on Saturday, the 15th day of July, A. D. 1930, and on Friday, the 19th day of September, A. D. 1930, at 10:30 a. m. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 19th day of May, A. D. 1930, were allowed by said Court for creditors to present their claims to me for examination and allowance. Dated May 19th, 1930.

CHARLES A. FISHER, Commissioner.

NOTICE TO THE PUBLIC REGARDING BUILDING CODE ORDINANCE.

Notice is hereby given that the new Building Code Ordinance of the Village of Plymouth is now in full force and effect, and that a building permit must be secured for any building construction, wrecking or moving of building, installation of heating systems, oil storage facilities and gasoline or oil tanks, and alterations for repairs costing \$50.00 or more. Building permit must be obtained before construction shall have started, and may be secured upon application at the village offices.

A. J. KOENIG, Village Manager.

Picked Up About Town

Some things are all right as far as they go, but Dad Plymouth says that a dilapidated flyer isn't one of them.

The average woman may not know much about highways but she is certainly well posted on buyways.

Dad Plymouth says he is wondering whatever became of those old-timers who used to wear silver spectacles with sliding shafts.

They say the only way to succeed is to begin at the bottom but Dad Plymouth declares he can't figure out how a well-digger could do that.

Whether she is engaged in conversation or running a automobile, it is often hard to tell what a woman is driving at.

Dad Plymouth says his idea of the laziest man on earth is that Kansas motorist who waited all day for a cyclone to blow up a flat tire.

The trouble with the head of flaming youth is that it is as full of foolishness as a fat man's shoes are full of feet.

"When a group of wives get together and start talking about husbands," says Dad Plymouth, "there is mighty little said that would make a single girl wish she had one."

According to Dad Plymouth this country would be far more beautiful if a lot of "nature lovers" spent as much time pulling weeds as they spend pulling other people's flowers.

A church seat may not be as soft as a seat in a sedan, but in a church seat you don't have to be ready to dive out of the window.

The good old days in Plymouth were the ones when the only thing that traveled fast was badness.

A man doesn't always reap what he sows. Edison invented the phonograph and now he's deaf.

We're fast getting to where in the average Plymouth home it's easier to find the can-opener than it is the Bible.

Thank goodness they didn't have to depend on a postage pen to get the declaration of independence signed.

Now there's a plan to provide education by radio. Think of being able to play hooky just by turning a dial.

What has become of the old-fashioned flyers who used to be missing over the Atlantic ocean?

Relief From Curse of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lax, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Bayer Pharmacy.
