OLD ENGINES REMOVED TO FORD MUSEUM

Some time ago Henry Ford visited the Daisy Mfg. Co.'s plant to see some old street lamps which had been stored in the building formerly used as the municipal light plant, and now owned by the Daisy Co. for his old time village, which he is constructing at Dearborn. While here E. C. Hough showed him the old engine that had furnished the power to drive the machinery at the Daisy plant for over 25 years. He expressed a desire to obtain the old engine for his Dearborn museum, whereupon Mr. Hough told him that it was his for the taking.

He then showed him the old engine that furnished the power to drive the village lighting plant, which came with the building when it was purchased by the Daisy Co. from the Detroit Edison Co. Mr. Ford expressed a desire for this engine also, and Mr. Hough presented the engine on the same terms as the old Daisy engine.

A few days ago, Ford's men came to Plymouth and carefully dismantled both engines, and they were taken to Dearborn where they will be put to pump service and will also serve as a monument to old time methods and machinery. Mr. Ford told Mr. Hough that suitable plates would be placed upon the old engines to designate where they came from and the donor's name.

Dave Taylor, engineer at the Daisy plant, says the removal of the old engine is like parting with an old friend, for he has watched the old engine and it has been more or less a companion to him for over twenty years.

"Pal Dinner" Features Final Regular Meeting

On Tuesday evening, June 24th, the Business and Professional Woman's Club held their final regular meeting of the year at the Garden Tea House. One of the most enjoyable numbers on the program was the talk on Television given by Roy E. Crowe, local manager of the Michigan Bell Telephone Company, his talk being later supplemented by motion pictures showing the construction of the special cables used in the operation of this wonderful invention and also showing instruments in use. The club is greatly indebted to Mr. Crowe and his assistant, W. Lavis, for this very interesting and instructive entertainment.

Another enjoyable event on the program, to which all gave special interest and attention was the "Pal Dinner," as during the previous month each member of the club had been the recipient of some special favor, gift or courtesy from an unknown "Pal," and all the proverbial woman's curiosity was aroused to know the name of this delightful person. The names were disclosed as each member related what had been done for her and asked to meet her "Pal." The originality and ingenuity of some of the stunts caused considerable hilarity.

Rose Hawthorne, chairman of the program committee, allowed the members to glimpse the contents of the special program which indicates that next season will be one of even greater activity and entertainment for the club.

Mrs. Charles O. Ball introduced to the club her house guest, Mrs. F. J. Fish, who is a member of the Business and Professional Woman's Club of Los Angeles, Calif. Other guests at the dinner were Mr. and Mrs. Roy E. Crowe and W. Lavis.

Following the dinner and program, the regular business meeting was held and at the close was adjourned until September 8th, with the reservation that occasional informal meetings may be held during the summer.

Draganski-Yester

Another lovely June wedding was solemnized at St. Mary's church, Wayne, on June 25th, when Miss Helen Yester, daughter of Mr. and Mrs. Michael Yester of Warren avenue, became the bride of Joseph Draganski, son of Mr. and Mrs. Frank Draganski of Wayne. Rev. Fr. Brank officiated at the nuptial high mass.

As the bridal party entered the church, Laborer's Wedding march was played by the organist. Mrs. H. Fanning, accompanied by George Kinschell, violinist, of Detroit, at the offertory a violin solo was rendered by Mr. Kinschell.

The bride was lovely in her gown of white satin, nooded with a Y-neckline and sleeveless bodice. Her long skirt was decorated by rills which formed an uneven hemline. Her cap-shaped veil of tulle was adorned with lace and held in place by clusters of orange blossoms. A gorgeous cluster of bride's roses and valley lilies formed her bouquet.

Miss Clara Yester, sister of the bride, acted as bridesmaid, and wore a frock of peach satin, with sleeveless bodice and long skirt. Her slippers were of white kid, and a wreath of silver leaves adorned her hair. She carried a sheave bouquet of pink roses. As maid of honor, Miss Frances Michalski of Detroit, was gowned in a sleeveless frock of coral pink crepe with tulle trimmings, with which she wore in her hair in bandeaux of silver leaves. Her slippers were of white kid, and she carried an arm bouquet of pink roses.

The groom was attended by his brother, Stanley Draganski, and Edward Yester, brother of the bride. After the services a reception and dinner was given at the home of the bride's parents, one hundred and fifty guests attending. Standards of summer flowers and a large bridal cake adorned the dinner table. Following a short wedding trip, Mr. and Mrs. Draganski will reside in Wayne.

Wilkel-Dennis

Mr. and Mrs. Colburn Dennis of Canton Center, announce the marriage of their daughter, Irene, to Arthur Wilkel, Saturday, June 28, at Bowling Green, Ohio. They took a short wedding trip to Jackson and Flint. The young couple will make their home with the bride's parents.

Plymouth School Board Organizes

JOHN R. EMENS RESIGNS AS PRINCIPAL; CLAUDE E. DYKHOUSE ENGAGED TO FILL VACANCY

At a meeting of the Board of Education held Tuesday evening, the board organized for the ensuing year as follows:

President—James Gallimore
Secretary—Claude Ruzzard
Treasurer—Frank Pierce
Trustees—Charles Bennett, Russell Roe

The resignation of John Emens as principal, was received and accepted by the board. Mr. Emens, who has been principal of the high school for the past two years, resigned the position to become assistant principal of the Jackson High School. Mr. Emens is an instructor of unusual ability, and has won a large place in the hearts of the student body of the high school, because of his keen interest in everything pertaining to the work and various activities of the school. His resignation will be received with regret, but all will wish him an abundance of success in his new and more lucrative position.

The position of principal will be filled by Claude E. Dykhouse, who has been instructor in science and leader of the band for the past four years. Mr. Dykhouse is well qualified to fill this important position, and his appointment will meet with popular favor with the student body.

Celebrated Silver Wedding Anniversary

Mr. and Mrs. O. F. Beyer celebrated their silver wedding anniversary Monday, June 30, 1930. About seventy-five guests were present from Detroit, Monroe, Wayne, Belleville and Plymouth. Tables were set for the guests on the lawn, and were attractively decorated in silver hearts and flower baskets. All the guests were seated at large, U-shaped tables being arranged in a U-shape.

After the wedding march, the guests enjoyed a delicious chicken dinner. The evening was then spent in games, cards and a tremendously funny knock-out match with Wm. Peitz as the winning bride and perfect Helen Schmidt as the groom. Wm. Beyer acted as the minister, with Mrs. Larry Middleton and Mrs. Walter Ebert as bridesmaids. The entire affair was very amusing, some of the party wearing the costumes worn in the original wedding fifty-five years ago. Later in the evening, Mrs. Helen Stevens sang several beautiful songs.

Mr. and Mrs. Beyer received many beautiful gifts of silver, and the evening was enjoyed by everyone.

Declares 20th 5% Dividend

On July first the Plymouth Home Building Association paid out interest dividends from their earnings in excess of \$2,700.00. After paying this amount the books still showed a surplus, credited to undivided profits. Because of its conservative management, the regular dividends have been declared semi-annually since the date of its organization.

The Plymouth Home Building Association was incorporated on October 25th, 1910, and since that date has had a continual improvement in its financial condition. Its statement of June 30th shows reserves and undivided profits in excess of \$2,000.00, which provides additional security for the money on deposit. State supervision also provides additional protection to depositors.

The association is entirely a local organization with all its loans on property in Plymouth Township. Over one hundred homes have been financed in this vicinity, and the board of directors is very glad to announce that on June 30th, not a single mortgage is in the process of foreclosure.

A stockholders meeting is being called during the month of July for the purpose of changing the name of the association to the Plymouth Savings and Loan Association, which name, it is hoped, will better represent the organization and its business.

Graduates From Medical College

Frederick C. Lendrum of this place, who graduated Cum Laude from the University medical college at Ann Arbor, last week, with a degree M. D., entered the Receiving Hospital in Detroit, Monday of this week, where he will spend his year as "intern." Mr. Lendrum holds the very unusual record of membership in three scholastic honor societies, graduating from the literary course Cum Laude, and Phi Beta Kappa, made Alpha Omega Alpha of the medical college and was elected to membership in the all-campus honor society, Phi Kappa Phi. Dr. and Mrs. F. A. Lendrum.

Strasen-Terrill

On the afternoon of Thursday, June 26th, a delightful wedding took place at the home of Rev. and Mrs. Charles Strasen of Sheehan Avenue, when their son, Alfred, was united in marriage with Miss Beverly Terrill of Northville. The marriage ceremony was performed by the father of the groom, and the bridal party were attended by Miss Cordie Strasen and Martin Strasen, sister and brother of the groom. Only the immediate relatives of the bride and groom were present.

A lovely summer effect was carried out in the home by great masses of rambler roses shading from delicate pink to a deep rose. The pastel flowered chiffon dresses worn by the bride and bridesmaid, together with their attractive bouquets, harmonized exquisitely with the setting.

After a delicious buffet luncheon had been served, the bride and groom left for a short trip to the northern part of Michigan.

TWO DETROIT BOYS DROWN AT PHOENIX

FAMILY ASHORE SEES TWO YOUTHS GO TO THEIR DEATH IN LAKE

Two young men were drowned in Phoenix lake, Sunday about noon, when one of them, John Goring, 19 years of age, of 2331 DuBois street, went to rescue his cousin, Max Younger, 21, who had got into difficulty while bathing.

The double tragedy occurred before the eyes of Goring's parents, brothers and sisters. The family was picnicking at the lake.

Younger was swimming about 25 feet out from the bank when he began to shout for help. Without hesitation, Goring, seated on the bank with other members of the family, dashed into the water and swam out toward Younger. Before he could reach him, however, Younger sank and Goring, almost at the end of his strength, made an effort to return. He had gone just a few feet when his relatives noticed that he gave up the struggle and sank almost immediately.

An appeal was made for help to Plymouth, and the fire siren summoned the members of the fire department to the fire hall, and they were soon on their way to the scene of the tragedy.

Boats were procured and the task of dragging the lake with grappling hooks was started, and after an hour's dragging, both bodies were recovered. Although a pulmotor and artificial respiration were tried, both of the unfortunate young men were dead.

The bodies were removed to Detroit. During the time the bodies were being dragged from a great crowd of people gathered around the banks of the lake to watch the work of rescue.

PUPILS GIVE PIANO RECITAL

The pupils of Miss Anna L. Youngs gave a piano recital at the Methodist Community House, Monday evening, June 30th. Those taking part did exceedingly well and rendered their selections in a manner that reflected much credit upon themselves and instructor. The following program was given:

Polonaise (Duet).....Beethoven
June Frederick, Jane Nash
Helen Little Shepherd
Catherine Schrader

The "Cello".....Matingly
Helen Jane Springer

Drifting.....Romaine Lee
Margie All Aglow.....Benson
Marilyn Holton.....Matingly

Tick-Tock.....Doris Ruzard
Uncle Rufus' Combone.....Matingly
Shirley Helen Mason.....Lyons

The Story of a Mouse.....Lyons
Ralph Roy

Rose Petals (Duet).....Lawson
Margaret Virginia Leslie
Shirley Helen Mason

The Cuckoo.....Loretta Hank
Sleeping Princess.....Ewing
Frances Cooper

Rondo Alla Turca Burzumiller
Abbie Melow

Sparkling Fireflies.....Matingly
Margaret Virginia Leslie

Flower Song.....Larje
June Ross.....Spaulding
The Little Wanderer.....Kullak
Carmenita.....Thompson

On Anore Melodie.....Bonimus
Cherry Blossoms.....Friml
Barefoot.....Offenbach

Yvonne Hearn
Yvonne Hearn
Grandmother Tells a Shu-
ding Tale.....Kullak
Merry Chatter.....Alletier

Shower of Stars.....Wachs
June Nash

SMALL BLAZE CALLS OUT FIRE MEN TUESDAY EVENING

A chimney burning out at the Plymouth Hotel called out the fire department Tuesday evening about 9:30 o'clock. No damage was done.

NEW ROTARY CLUB OFFICERS ASSUME DUTIES

On account of the Fourth of July falling upon Friday, the regular luncheon day for the Rotary Club, the meeting was held Thursday noon instead. The new club officers who were elected recently, assumed their respective offices:

President—Edward Gayde
Vice-Pres. and Sec.—Walter Nichol
Treasurer—E. K. Bennett
Asst. Treas.—Don Sutherland

The board of directors is comprised of the following: Edward Gayde, Walter Nichol, Paul Wiedman, F. D. Schrader, C. H. Bennett, W. T. Conner and Allan Horton.

At the luncheon meeting of the club last Friday, Allan Horton, retiring president, gave an interesting talk on his recent trip through the East. Mr. Horton also took the opportunity to thank the club members for their cooperation during the past year that he has served the club as their president.

Noted Doctor Visits Dr. Bramigk's Clinic

During the meeting of the American Medical Association in Detroit, Dr. Waltham, head of the neurological division of the Mayo Clinic of Rochester, Minn., was a visitor of Dr. F. W. Bramigk's clinic at West Grand Boulevard. At the free clinic that Dr. Bramigk holds once a week in association with two former physicians of the Mayo clinic, Dr. MacQuiggin and Dr. Corbelle, research in the treatment of the Pseudoparkinsonian state following sleeping sickness is carried on.

During the session of the section for gastro enterology, lantern slides of photographic pictures of the inside of the stomach taken by Dr. Bramigk, were demonstrated showing syphilitic ulcers of the stomach which could not be distinguished by X-ray.

On Wednesday last week, Drs. Waltham, MacQuiggin and Corbelle were dinner guests of Dr. Bramigk at the Harmony Club. Dr. and Mrs. Bramigk held one of their weekly luncheon parties at the Virginia Park, the occasion being in honor of some physicians of the Mayo clinic.

Takes Her First Airplane Ride

There was a large crowd of people in attendance at the opening of the field of the National Airways, Inc., at the corner of Plymouth and Middle Belt roads, last Sunday afternoon.

Mrs. John H. Bennett, 55-year-old Plymouth lady, who was born on the farm upon which the field is located, took her first airplane ride over the field and her present home, with Gerald O. Black as pilot. Mrs. Bennett described the earth as "looking like a big, beautiful garden," and wondered how the farm which had seemed so big to her girlish eyes could be such a tiny dot viewed from the air. Her son, Arthur Bennett accompanied her.

LOCAL POLICE FORCE REDUCED

The village commission, at its last meeting, reduced the police department from three night men to two, one in each end of the village. Fred Stauble and Charles Thumme are the two night officers now on duty. David Corkins, who has patrolled the business district for the past ten years, is no longer on the job in accordance with the policy of reducing the force. Dave's familiar figure making his nightly rounds will be missed by those who have occasion to be on the street during the night hours.

Harry Wazenschutz, who has been traffic officer for the past year or more, is no longer serving in that capacity in the new order of things and there is no special traffic officer now on duty.

WILL SHOW BOXING PICTURES

Next Saturday evening, July 5th, the official motion pictures of the heavyweight boxing contest between Primo Carnera, the Italian, and K. O. Christner will be shown at the Pomona Allen theatre. The feature picture is Richard Dix in "Lovin' the Ladies."

On Sunday evening, July 6th, official motion pictures with sound of the heavyweight boxing contest between Jack Sharkey and Max Baer will be shown on the screen. The feature picture is Loretta Young and Douglas Fairbanks, Jr. in "Loose Ankles."

During July and August, the theatre will be open only on Saturday and Sunday nights.

Work To Start At Prison Farm

DETROIT CITY COUNCIL PROVIDES \$91,313.00 AND CONSTRUCTION WILL BE RUSHED.

The new building program at the house of correction Plymouth farm will get under way immediately, John F. O'Hara, president of the house of correction commission, announced Tuesday after the city council had made available \$91,313 with which to carry on the work.

Most of the money will go to build men's dormitories in sufficient number to hold all male prisoners in the old Alfred street institution may be transferred to Plymouth. Prisoners at the farm will make the cement blocks out of which the buildings are to be built.

Also, there will be constructed a cell block with 100 cells, for prisoners who must be kept segregated.

The state having removed all its male charges from the 70-year-old Alfred street buildings, a movement is now afoot to induce it to find new quarters for its female prisoners or else take over operation of the women's buildings. Either of these circumstances would allow the city on completion of its present Plymouth program, to use the old house of correction as merely a receiving station for newly-committed prisoners.

Six Days At Camp Copneconia With The 4-H Club

Leaving Plymouth at 9:30 a. m., Monday, June 23, a happy group of boys and girls numbering forty-one left for Camp Copneconia, six miles beyond Fenon on M-23. Arriving in an hour's time, we were assigned to our respective cabins—one, two or three.

The appointed leaders were Mrs. Crook and Mrs. Russell of Wayne; Mr. Carr of Dearborn; Miss Greenwood of Detroit; and O'Brien of Royal Oak. Camp Copneconia is maintained by the Y. M. C. A. of Flint. It is an 81-acre wooded tract bordering on Lake Copneconia.

The daily camp schedule was: 6:30, rising bell; 6:35, tribe assembly; 6:40, dip; 7:00, breakfast; 8:00 to 10:55, classes; 11:00, general assembly; 12:00, dinner; 1:00, rest; 2:00, tribe meetings; 2:30, games; 3:30 to 5:00, swimming; 5:00, free time; 5:30, supper; 6:30, music; 7:30, vesper service; 8:00, camp fire, and 9:15, retire.

The group was divided into four Indian Tribes, which were called the Iroquois, Cherokee, Mohawk and Ojibwa. Each tribe had separate totem poles. The Ojibwas had the best pole, with the Mohawks second, the Iroquois third and the Cherokee fourth.

Each individual had a point card. Everything that a person did was scored. The trophies received the most points as a tribe, while Mary Mettetal, Alice Bakewell and Albert Black received the most points as individuals.

Margaret Tuck, Merna VanTassel and Albert Shaw were selected as leaders. The four H. stands for head, heart, hand and health.

Miss Eckhart and Mr. Carr, who deserve credit for our good times, picked four people to represent each H. They were Helen Jaynes for the head H, Irene Campbell for the heart H, Robert Mettetal for hand H, and Charles O'Brien for the health H.

A very enjoyable and instructive time was had by all. We left camp Saturday morning, all hoping that we could come back next year.

—By Alice Bakewell, 13, Newburg School.

PLYMOUTH BOYS IN AUTO SPILL

While returning home late Tuesday evening, Warren Kirk, driving his Ford motor, and accompanied by Clifford Howe of North Harvey St. and Donald Pierce of West Ann Arbor St. met with a serious auto spill on the Plymouth-Northville road, just north of the Plymou concrete bridge. Losing control of the car, it careened against the wire strung abutments and slipped into the deep ravine below, completely demolishing the car. The Pierce boy received deep lacerations on the scalp and face, while the Howe boy sustained a deep and long cut in the back; the Kirk boy met with severe contusions about the chest. People living in the vicinity, heard the auto crash and came to the assistance of the injured and brought them to a local physician for first aid, and later referred the boys to the University Hospital at Ann Arbor.

PROMINENT MAN TO ADDRESS C. OF C.

JOHN N. VAN DER VRIES

Meeting Will Be Held At Hotel Mayflower, Monday Evening, July 7th, at 8:00 O'clock.

The Public Is Cordially Invited to Hear Mr. Van der Vries of the National C. of C.

John N. Van der Vries, who will address the Plymouth chapter of the Commercial and Industrial Union of Chicago on Monday, July 7, in the crystal dining room of the Hotel Mayflower, at 8:00 o'clock, is manager of the Northern Central Division of the Chamber of Commerce of the United States. He has been identified with the National Chamber since the early part of the world war, at that time he was closely connected with the work of the National Chamber in organizing the industries in the central west as part of the plan carried out by the National Chamber at the request of the War Industries Board.

He has charge of the activities and interests of the National Chamber in the mid-west and as such comes into contact with every phase of business in this section of the country.

He is a member of the Rotary Club of Chicago, the oldest and largest literary club in the world. From 1926-28 he was president of this organization with a membership of nearly 600 Chicago business leaders.

He was also a member of the committee of eight which was selected to build the \$15,000,000 Civic Auditorium and Exhibit Hall in Chicago two years ago, being chairman of the sub-committee to determine the arrangements and requirements of this colossal structure.

Due to his many contacts he has a wealth of experience in dealing with business men and business organizations. This has placed him in a position where he can discuss the national problems affecting business in an intelligent fashion.

Every member of the Chamber of Commerce and any others are cordially invited to hear Mr. Van der Vries.

Many Employed On County Roads

One of the great drawbacks to a program of public work for the immediate relief of unemployment is the fact that after appropriations are made, many months are usually elapsed before expenditures can be made, because of the necessity of preparing plans, drawings, blueprints, specifications, etc., stated Road Commissioner Edward N. Hines.

The Board of County Road Commissioners early last fall foresaw this contingency and in anticipation that money would be available, went ahead and made the necessary plans for a large amount of public construction. As a result, we have been operating at top speed in Wayne County ever since weather conditions have been satisfactory for one of door construction. Every available piece of machinery and every possible man that can be utilized economically is at work. Two thousand, one hundred and six men are on the county road payroll, by far the largest number ever employed at any one time by our department, stated Mr. Hines.

Exclusive of our maintenance department, the county has in small groups in every section of the county, we have 51 separate crews at work putting concrete roads, grading roads, tunneling sewers, building concrete bridges, constructing grade separations, building public comfort stations, building military hangars, developing the Wayne County Airport, etc.

The public is a beneficiary also of this early operation, stated Mr. Hines, in that it is able to use the facilities provided at a much earlier date. Since starting operations early this spring 3 1/2 miles of 20-foot concrete road on a new surface width of right of way on West Chicago road has been opened to traffic from Royal Park to the Middle Belt Road; one mile of 20-foot concrete has been opened to traffic connecting with the Outer Drive near Plymouth Road in Royal Park. Over six miles of "telegraph" road, widened to our ultimate minimum width of 40 feet of concrete, has been opened to traffic, and two miles of Ford road, widened to 40 feet of concrete, is also open.

Two public comfort stations have been completed: one on Michigan 204-foot superhighway at Eloise, and the other in Plymouth-Riverside Park just east of the village of Plymouth. Eight thousand trees and 30,000 shrubs have been planted on our roadways, and in our parks. Traffic is also going under the viaducts at the Southfield crossing of the Detroit, Toledo & Ironton; Michigan Central; New York Central, and Detroit & Toledo Shore Line railroads in the village of Ecorse. The Outer Drive crossing of the Michigan Central Railroad in the city of Dearborn will be opened some time within the next few days. Its early opening is practically completed and will be informally opened shortly, stated Mr. Hines.

One all year around activity is the acquisition of wider width of right of way in accordance with the Master Plan standards. During the past two weeks 5,174 feet of wider width of right of way has been acquired on For. Michigan, Mound, Schoolcraft and Base Line 204-foot superhighways; the 150-foot wide Outer Drive and on Ford, Pelham, River and Goddard roads with their section line width of 120 feet. This wider width of right of way has been acquired for dedication, by purchase or by condemnation. Two and two-hundredths acres have also been added to our parkway acreage in Plymouth township.

A Trip To Niagara

A very pleasant trip to Niagara Falls and return through St. Catharines, Hamilton, and London, Ont., was enjoyed last week by Mr. and Mrs. Louis Schaal of Plymouth, and their son and wife, Mr. and Mrs. F. E. Merkson of Detroit. The beautiful view of the Falls, around the Gorge, Goat Island and "The Three Sisters," was, as always, the main attraction. Cherries, peaches and grape vineyards were much in evidence the greater part of the trip, and Mr. Schaal tells us the bean, potato and tobacco crops look very promising.

Rip Van Winkle, come to life at the tenth annual Valencia orange show at Anaheim, Calif., looks on amazed at modern progress as depicted in the prize-winning display of Los Angeles county.

The financial statements of Plymouth's banks appear in today's issue of the Mail.

HOW TO BE SAFE

There's a lot we don't know about automobiles. But in recent years, as the death toll mounts higher and higher, we have reached the conclusion that by far the most important part of an auto is its brakes. A study of accidents in this territory will, we believe, disclose the fact that a good many of them might have been prevented had the brakes been in as good working order as the balance of the car. And we often wonder why all drivers do not realize this. There is no excuse for not keeping brakes adjusted and in good condition. It costs nothing if you are mechanically inclined, and it costs but a few cents every month or two if you have to pay someone to do it. But repairs, and doctor's bills, and lost time—all of which are often traced to faulty brakes—quickly run into dollars. Be safe! Look after the brakes above everything else!

PROGRESS IN BUSINESS

The day of the store keeper is past and that of the merchant is here.

That is one of the difficulties of the present situation. The process of selling goods is changing.

In the older days all that was required was a building and a stock in trade. People came and bought and if they could not find what suited them in one place they passed on to another. Very few store keepers bestirred themselves to give the best service to their patrons.

A few years ago this condition began to change. Stores became business institutions which sold goods on the basis of quality. Stores became attractive places. The floor was kept clean. The loafers who talked politics around the stove were told to move elsewhere. Merchandise was displayed to be looked at and to sell itself. The store keeper who had fed or clothed families without receiving pay for his merchandise decided to sell for cash. The number of different articles were standardized into simplified groups. Changes in the methods of distribution from the factories were established.

Now the merchant, who simply unlocks his door and lets customers in is not successful. He must join in the march of progress. He must do what is necessary to build and maintain business. He must be a merchant, not a store keeper.

AN AWFUL WARNING

Here are a few figures we wish every man and woman in Plymouth could get fixed in their minds, for they tell such a powerful story that no one can help but be impressed. There were 80,000 typhoid fever cases in the U. S. last year, and one out of every 10 who caught it died of it. Ninety percent of these typhoid fever cases originated from germs carried by the common housefly.

That's the point we want to get over—the thing we want everyone in this community to reflect upon. Where one person died from germs in impure drinking water, nine died from germs that had been carried to food, milk and water by flies. Not only that, but of all the children dying of summer complaint last year, and one-fifth of their deaths were due to that, a vast majority of cases were traced directly to the fly. Since one-fifth of childish deaths were of tots under five years of age it is at the door of adults that the blame lies, for the little ones were not able to protect themselves.

Could anything prove more clearly that the common housefly is one of the deadliest enemies of the human race? Do you need any more reason than these figures offer for immediately cutting the weeds about your premises scattering a little lime over breeding places and burning, burying or otherwise destroying waste and trash that accumulates about the house and attracts flies. Cut the weeds; keep the garbage can covered tightly. There will be at least 80,000 deaths from typhoid again this year. It will be largely your own fault if you are among the number.

TOO MANY PUNCTURES

When we see the loose way in which some people dispose of waste, such as nails and bottles and cans, it strikes us as remarkable that more punctures and blowouts do not affect the motorists. Some people appear to take great pleasure in throwing bottles and other waste on the highway, and others are not the least bit careful about disposing of nails and tacks. Capping all are the commercial haulers of waste whose trucks are not always tight-fitting with respect to bottom and sides.

Plymouth motorists are paying less for their tires, and getting better tires than ever before. And yet we feel sure that if they would voice their protests against the throwing of bottles and other waste on the highways a little stronger they could still further economize. Because tires are not as expensive as they once were is no reason why they should be subjected to greater hazards. No one likes to halt along the road to change tires or repair a puncture.

Clean roads are almost as indispensable to convenient and pleasant travel by automobile as good roads. If those who lightly handle the things they know will cause punctures and ruin tires will be more careful and considerate there will be a lot of money saved. Then, too, we will not be forced, as some states have, to spend large sums of the taxpayers' money every year to maintain in special road-cleaning crews.

SOME FOOD FIGURES

The average Plymouth citizen is more interested in an abundance of food and its prices than in the ways and means by which it comes to his table. Few realize what a great industry supports this never-ending supply of good food in a way unequalled in any other country. The food industry is the largest, as well as the oldest, of all businesses. It takes about one-fourth of all the money spent annually by the American people. The annual income is around eighty billion dollars, and of this twenty-one billion dollars are used to supply the dining tables. In addition, food to the value of three billion is "consumed on premises," meaning the farm, which is not cleared through any market. The significance of this is shown by the fact that the value of all textiles used in this country is about twelve billion dollars yearly; of autos and accessories about six billions; of building construction about eight billions, and of iron and steel about six billions. Compare these with what we spend for food—eighty billion dollars a year—and it is not hard to see wherein we are justified when we protest if the cost of living increases.

THE SECRET IS OUT

From every section of the country complaints are being made that "taxes are too high." Taking them as a whole, it would seem that the time has come to curb levying and spending, and that it must be done at the beginning instead of the end. As we see it, and we feel the average Plymouth taxpayer will agree with us, the start rests with the voter. If he votes special levies and bond issues he votes to put his community more deeply in debt and by so doing to take a larger part of current revenues from debt-paying purposes. Money is easily borrowed but hard to pay back. Over a term of years the interest equals the principal. This means that in many cases the improvement costs twice what it was expected to cost. It is one of the reasons that explains the fact that while population has increased about 15 percent in the past 15 years, public expenditures have increased four times over and public debt seven times over. There is the secret of taxation burdens in a nutshell. You can't keep taxes down by levying bond issues that are not necessary.

Death Attempt Fails; Couple Are Happy Now

Milwaukee.—Leonard Grimmer, seventeen, and his sixteen-year-old girl bride, Sophie, have found the bluebird in the form of a steady job. The young husband is glad now that police interrupted his attempt to kill himself and his wife by gas at their home here. The couple have become reconciled and the clouds of despondency have lifted. Ordinarily, a suicide attempt means prosecution in Milwaukee, but in young Grimmer's case authorities made an exception. He was released on probation. Sophie was glad to forgive her husband. Grimmer, married only last September, couldn't stand the hard sledding of unemployment. Despondent, he turned on the gas, but was discovered by his wife in time to save his life.

Fisherman Lands Pike and Hawk in Same Net

Stockholm.—To catch a pike and a hawk in the same net is something which does not happen to many fishermen, but Karl Sohlman, of Tosmte, in the province of Vermland, has just accomplished the feat.

A large and powerful pike was caught in his net and a hawk, watching the attempts of the fish to free itself, swooped down in the hope of a meal. But its claws became tangled in the meshes and Sohlman hauled in a double catch. The bird was an unusually large specimen, measuring more than 3.25 feet between the wing tips.

Magazine Solicitor Uses Strong Arm Tactics

Billings, Mont.—A brusque stranger shoved a receipt for a magazine into the hands of twelve-year-old Richard Moore and demanded \$3. The youth stammered and turned pale. "All right, if you won't I will," he exclaimed. He walked into the house, grabbed the child's penny bank which contained about \$3 and disappeared.

Rockefeller Becomes Tenderfoot Boy Scout

Lakewood, N. J.—John D. Rockefeller became a Boy Scout, tenderfoot grade, outside the Baptist church after listening to an address by William McGee, twelve years old, of Lakewood, on the aims and purposes of the Boy Scout organization of Ocean and Monmouth counties. William was accorded the privilege of addressing the congregation on the \$150,000 fund drive for the scouts. After church services William was introduced to the financier and it was then that he made him a Boy Scout.

Change Decree "Name"

Budapest.—In Hungary all laws and governmental decrees are now issued "in the name of the holy Hungarian crown," instead of "in the name of the Hungarian people," as has been the custom since the World war deprived Hungary of its Hapsburg king.

Not Worried

Morden, England.—Parrot disease brings no fear to the healthy centenarian parrot that has been a pet in the household of Mrs. Mary Martin for more than 50 years.

Bridge in French

They needed a fourth at bridge, so the young man of a French speaking family was prevailed upon to play. "I can not play in English," he said, meaning he was not familiar with the English terms. He was assured this did not change the game. But he learned better when they all laughed because he bid "one shamrock." What he meant was "one club." Were the card suits to be translated literally from French into English, as the boy did, they would be hearts, squares, pinks and shamrocks, instead of hearts, diamonds, spades and clubs.

DOINGS IN THE FIELD OF SPORTS

BRAUN A. C. SHUT-OUT BY DE-HO-CO NINE

MERCHANTS AND FARMERS TO PLAY NEXT SUNDAY

What probably will be the best game of the season will be played at the Detroit House of Correction Farm diamond next Sunday, July 6, when the Plymouth Merchants and the Detroit House of Correction nine will play a game of fast baseball.

The De-Ho-Co management will also give away a Ford roadster on this day as part of the activities.

West Point Park Defeats Highland Park By 11-2 Score

Sunday, June 29th the Highland Park Farm Co. lost to West Point Park for the second time this year, the score being 11 to 2.

The previous game was a thirteen inning game with a final score of 3 to 2, and outside of one ball lining for Johnston, pitcher for Highland Park, the teams were very evenly matched. In the 4th inning of last Sunday's game the West Point sluggers counted up eight runs on six hits, one walk and a pair of errors. Johnston allowed only three hits in the last five innings, but the lead was too great for him to overcome.

Goers, the famous West Point pitcher, who hasn't lost a game so far this season, held Highland Park to six hits in the seven innings he worked. Quinn, who came in to finish the job allowed 2 hits in 2 innings.

There were two double plays staged during the game, each team getting one. Highland Park now leads the league in doubles, having counted eighteen for this season.

Sunday, July 6th, West Point will be at home to Dearborn. These two teams have not met so far this year and this promises to be a great game as West Point tops the league and Dearborn stands second.

ELECTROMASTER CLUB WINS FROM NETHEM SUNDAY, 9 TO 6

The Nethem ball team met defeat last Sunday to the Electromaster nine by a score of nine to six. Nethem played good ball for five innings and then blew up. Seven runs were made by Electromaster in the sixth before Schultz, the Nethem hurler, could get the third man out.

Next Sunday Nethem will play the White Stars at the Newburg diamond.

DETROIT FREE PRESS LOSES TO HAGGERTY

"DUTCH" ATCHINSON HAD EDGE ON "AL" TIEMAN AND DETROITERS FALL SIX TO FOUR.

The Haggerty A. C. found a favorite relative in "Al" Tierman last Sunday and defeated the Detroit Free Press team 6 to 4 at Canton Park previous to the Plymouth-Haggerty encounter.

Two late rallies were staved off by the locals that might have proven fatal—Haggerty A. C. started hitting in the first inning that amounted to four runs and five hits. Again in the seventh two runs and four hits were obtained. Good fielding and timely batting were the reasons for the victory. The Detroit Free Press needed the pinch to drive across their rallies.

One of the largest crowds of the season gathered at Canton Park last Sunday to watch two very good contests.

Challenges Wykoff

George Simpson of Ohio State University, has notified Charles H. Brennan of the Michigan A. A. U. that he will meet Frank Wykoff, holder of the world's 100-yard record of 9.25 seconds, Eddie Tolan, DeArmand Hutson, Claude Bruce and other star sprinters in a race at the Police track meet Aug. 9 at the State Fair grounds. Simpson, who ran 9.25 seconds with the aid of starting blocks last year, was at Wykoff's shoulder in his record-breaking effort at Chicago, three weeks ago.

HAGGERTY ATHLETIC CLUB SHUTS OUT PLYMOUTH, 5-0

The Haggerty A. C. nine continued on their way in the baseball world last Sunday, when they shut out the strong Plymouth team 5 to 0 at Canton Park.

Fred Whitman tried to stop the Haggerty boys but they drove him from the box in the fifth inning to be replaced by Doyle Rowland.

Henry Haggerty did the flinging for the Haggerty boys and all he yielded amounted to four hits and three walks. Both teams did wonderful work in the field although Haggerty A. C. outclassed their opponents on the hitting end.

G. Simmons and Krosky both hit doubles over Ritchies head that proved valuable. Kruger drove a double to right field that accounted for one run. Each player was doing his part, and the victory can be credited to the team as a whole.

Sunday, July 6, Haggerty A. C. will meet the Taysee Broad team from Detroit. The game will be called at 2:30 o'clock on the Canton Park diamond.

METHODISTS DEFEAT ROCKS

The Methodist team defeated the Rocks Monday night by a score of 13 to 11.

The Rocks were leading at the end of the eighth inning by the score of 9 to 5. But in the ninth inning they were blown up. This time their lead wasn't sufficient to win the game. The Methodist scored six more runs in the ninth to take the lead by two runs. Then the Rocks came back and tied the score. In the tenth the Methodist scored two more runs which was plenty to win the game.

FARMERS TRIM YPSI TIGERS, 13-0

Unable to drive more than five well scattered safeties off the delivery of Rowland while the latter's mates felt consistently of the offerings of Miller, Ypsi moundsman, the Ypsilanti Tigers proved no match for the De-Ho-Co nine last Saturday afternoon at Recreation Park in a contest which ended 13 to 0.

Not one of the Ypsi colored lads who arrived at first base were able to advance past that station and three of them who tried were tossed out before they reached second. Six Tiger misplays aided the Farmers cause.

De-Ho-Co left Ypsilanti with a record of 20 wins out of 22 games thus far this season. One of its only pair of defeats was registered recently by "Dolly" Dahlstrom, Ypsilanti City League southpaw, who twirled for a Plymouth team and held the slugging guards completely at his mercy.

Alan "Bud" Giles, of Plymouth and one of the cleverest college short fielders in the state, who closed his brilliant career at Michigan Normal the past season, played at his accustomed position for the Farmers, handling a majority of his team's infield chances without a slip. The entire De-Ho-Co outfit played errorless ball.

When Jack Thompson, Negro welterweight, defeated Jackie Fields at Detroit for the championship, the fracas was something of a neighborly scrap. Thompson is from the Los Angeles "black belt," while Fields, a Jewish lad, also is an Angeleno.

A suit of sails used by yachts in the American cup races cost approximately \$25,000, requiring about 50,000 yards of canvas with strips triple sewed for strength.

Helnie Manush outbit Goose Goslin during the first few games after the St. Louis Browns and the Washington Senators exchanged the sluggers.

The United States Naval Academy foot ball team will play ten games next fall from October 4 to December 6. Notre Dame at South bend, Oct. 11; Princeton at Princeton, Oct. 25; Ohio State at Baltimore, Nov. 8; and Penn at Franklin Field Stadium, Philadelphia, Dec. 6, are among the big tests.

Virgil Grow, star foot ball center and basket ball guard, was presented with the Porter Cup, annual Virginia Military Institute award given to the best all-around varsity athlete.

John McGraw thinks his New York Giants and the Chicago Cubs will be the clubs fighting for the National league pennant in late September. He does not think the Brooklyn club will be able to hold its own throughout the race.

Capt. Scott Reisinger has been re-elected as leader of the University of Chicago tennis squad.

George Simpson of Ohio State University, has notified Charles H. Brennan of the Michigan A. A. U. that he will meet Frank Wykoff, holder of the world's 100-yard record of 9.25 seconds, Eddie Tolan, DeArmand Hutson, Claude Bruce and other star sprinters in a race at the Police track meet Aug. 9 at the State Fair grounds. Simpson, who ran 9.25 seconds with the aid of starting blocks last year, was at Wykoff's shoulder in his record-breaking effort at Chicago, three weeks ago.

HAGGERTY ATHLETIC CLUB SHUTS OUT PLYMOUTH, 5-0

The Haggerty A. C. nine continued on their way in the baseball world last Sunday, when they shut out the strong Plymouth team 5 to 0 at Canton Park.

Fred Whitman tried to stop the Haggerty boys but they drove him from the box in the fifth inning to be replaced by Doyle Rowland.

Henry Haggerty did the flinging for the Haggerty boys and all he yielded amounted to four hits and three walks. Both teams did wonderful work in the field although Haggerty A. C. outclassed their opponents on the hitting end.

G. Simmons and Krosky both hit doubles over Ritchies head that proved valuable. Kruger drove a double to right field that accounted for one run. Each player was doing his part, and the victory can be credited to the team as a whole.

Sunday, July 6, Haggerty A. C. will meet the Taysee Broad team from Detroit. The game will be called at 2:30 o'clock on the Canton Park diamond.

METHODISTS DEFEAT ROCKS

The Methodist team defeated the Rocks Monday night by a score of 13 to 11.

The Rocks were leading at the end of the eighth inning by the score of 9 to 5. But in the ninth inning they were blown up. This time their lead wasn't sufficient to win the game. The Methodist scored six more runs in the ninth to take the lead by two runs. Then the Rocks came back and tied the score. In the tenth the Methodist scored two more runs which was plenty to win the game.

Michigan Weekly Industrial Review
The following record of industrial activity in nearby localities lists items showing investment of capital, employment of labor and business activities and opportunities. Information from which the paragraphs are prepared is from local papers, usually of towns mentioned, and may be considered generally correct.

Dearborn—Ford Motor Company installing equipment in local plant for modern steel mill; alterations being made to Recreation building located at Schaefer road near Michigan avenue; Kinsels Drug Store opened for business at Schaefer road and Michigan Ave.; City Council opened bids for construction of large Mulkey drain.

Detroit—Trackless trolley put into operation on Plymouth road.

Ann Arbor—Chamber of Commerce building being repaired and altered.

Belleville—Local post office greatly improved.

Many a Plymouth man who puts his shoulder to the wheel finds that his wife has her foot on the brakes.

Foresters say the older a tree the less it exudes sap. This does not seem to be true, however, with a family tree.

The man who wants to borrow money should always do it from a pessimist. He won't expect to get it back.

IN MEMORIAM
In loving memory of our darling son, Junior Bell, who died seven years ago, July 3, 1923.

In a grave you're sleeping sweetly Where the flowers gently wave o'er thee.

He's our darling little Junior Whom we loved but could not save. The month of July again is here, The saddest month of all the year; The memory is as dear today As in the hour he passed away.

Missed by his loved ones.

IN MEMORIAM
In memory of my dearly beloved daughter, LaVerne Caroline Birch, who passed away one year ago, July 3, 1929:

As some sweet blossom droops and dies When blighted in the frost, She faded from before my eyes And all too soon was gone. But in God's garden, free from pain, Where grows His fairest flowers, I know that I will find again This vanished bloom of mine.

Sadly missed by her loving Mother.

LONE ACE SAVES THRONE FOR KING

Frenchman Takes on Little Job in Ethiopia.

Paris.—It truth is not stranger than fiction, then R. H. Davis, O. Henry et al will do some turning in their graves when they hear of Antoine Mallet, the only man on record who ever defeated an army single handed. Some weeks ago, Mallet, a French war ace, undertook a little job for King Tafari Makonen of Ethiopia.

It seems that a certain Ras Gugsa Olie, a former husband of the former Empress Judith, craved to be king, and with that end in view drew up somewhat of an army which offered battle to the loyal troops not far from Addis Ababa, the capital. The king asked Mallet what he could do, and Mallet said he would see.

A few days later the intrepid flyer took out over the lonely mountains and treacherous ravines not to mention the impassable jungles and forests teeming with lions, elephants, crocodiles, boas, leopards, panthers and hyenas. When he sighted the enemy he dropped his majesty's regards. Those who were not killed ran.

The king, learning of the news, was overcome with remorse at the demise of Olie, but nevertheless a reception befitting a hero was prepared at Addis Ababa for Mallet, who returned unruffled to discover that he had earned a place in history alongside of Lafayette, Napoleon and some of the other better-known French fighters.

Mallet's life was not uneventful during the World war. He brought down a dozen German planes, was captured, escaped, won the Medaille Militaire and four other citations, was wounded but continued in active service to the last. The war over, he re-enlisted with the French troops in northern Africa, where he served until 1923—a brilliant career covering 15 years.

It was only when even the African campaigns began to pall and there was no further reason for his remaining with the French army that he conceived the idea of becoming a soldier of fortune. It was in such a capacity, with the high-sounding title of director of aviation for the Abyssinian army (his being the only plane) that he won the battle of the lions and boa constrictors for good King Tafari Makonen.

Only American Bills, So He Threw Them Away
Paris.—Young Georges Bapret isn't nearly as bright a fellow as he had thought. Employed as a plumber's assistant, he arrived at work in the home of an American family resident there, and what did Mr. Bapret see but a pocketbook stuffed in a corner of the divan. He took the pocketbook, but did not dare investigate the contents till he got home. Then he discovered, to his disgust, that inside the pocketbook were not honest francs but strange pieces of paper colored green and black, with cabalistic signs all over them in script he did not understand. So young Mr. Bapret threw them in the wastebasket.

When the police came they retrieved \$55 in American bills and led Mr. Bapret to the nearest police station, where his future instruction ought to include some details of financial exchange.

Scientist Finds There Are 57 Varieties of 'It'
Cleveland.—The following facts about "it"—more soberly known as "personality"—were revealed here in the annual report of Dr. Henry C. Schumacher, director of the Child Guidance clinic:

There are 57 varieties of "it."

The lack of any one of them may make a psychological problem of a child.

Of the 1,112 abnormal children observed in the clinic last year all lacked one or more of the 57 varieties.

Famous personalities, "people you like to know," are that way because they have all the 57 varieties in the best proportions.

Robin Halts Work on Milwaukee Man's Home
Milwaukee.—W. F. Schellin has stopped repair work on his house. That is robin redbreast's fault.

Bricklayers had completed a veneer on the house as high as the second floor when Schellin called a halt. There was a robin's nest on a second-floor window sill with three eggs in it.

Mr. Schellin would like to get the repair work done. He does not, however, intend to permit a wall of brick to interfere with an event to which a certain mother robin has been looking forward for quite some time.

Motorcycle Dash to Pole Plan of Airman
Oslo, Norway.—Maj. Trygve Gran, Norwegian airman and explorer, who was a member of the scientific staff of the Scott expedition in 1901, is planning a trip to the South pole by motorcycle.

He plans to disembark on the west side of Ross sea and proceed, preferably by airplane, to the plateau before beginning the trip by motorcycle.

NOTICE OF REGISTERED BRAND OR STAMP
Notice is hereby given that the Jersey Belle Dairy, organized and doing business under the laws of the State of Michigan, and having its principle place of business at Wayne County, State of Michigan is engaged in the distribution and sale of milk and cream and is using in the sale and delivery of same, bottles and that it has branded, stamped, engraved, impressed or otherwise produced upon its said bottles the following names or devices: Jersey Belle Dairy, Canton, Mich., Registered.

Name of Creamery—Jersey Belle Dairy; by Perry D. Campbell. 33tf-p

NEWBURG

The reason it is so hard for college graduates to find jobs is because most firms already have presidents and general managers.

A splendid program was given at Sabbath school Sunday, taking the place of the review lesson.

In spite of the weather turning cold, a nice crowd attended the social given by the Ladies' Aid, on Mr. Carney's lawn Thursday evening, and the ladies netted a neat little sum.

Mr. and Mrs. Ed. Cutler attended the graduating exercises at the U. of M. Monday, when their son, Malcolm graduated.

Word has been received of the marriage of Ruth Cochran, daughter of Mr. and Mrs. Edgar Cochran, formerly of this place, to Paul Howard of Jackson.

James Purdy and Miss Katherine Purdy spent the week-end with their sister, Margaret, at Albion.

The Epworth League held a business meeting at the home of Joy McNabb on Tuesday evening.

Mr. and Mrs. Beardsley of Redford, attended church Sunday.

Mr. and Mrs. C. Mackinder returned Saturday from Grand Rapids, where they have been spending the week visiting their son, Verne.

Miss Stella Pedersen, who has been camping with a group of Campfire girls of Detroit, returned home Sunday.

Mrs. Robert Holmes attended the funeral of a nephew in Detroit, last Wednesday.

Mr. and Mrs. T. J. Levandowski entertained for Sunday dinner, Mr. and Mrs. Wm. Wallace of Detroit.

Mr. and Mrs. Tishler were Sunday callers at Levandowski's.

Mr. and Mrs. T. J. Levandowski and sons, Raymond, Thomas and Clarence, attended the church wedding at Wayne of Miss Helen Yester on Wednesday morning, June 25.

Miss Clara Yester spent a week's vacation with friends in Detroit and her parents at Wayne.

Great Lakes' Terrier Acquires "Sea Legs"
Toronto, Ontario.—Five years of sailing the inland seas of the great lakes have given Toby, fox terrier owned by Capt. William Tulloch of Kingston, a real mariner's sea legs.

Since he first set sail from Montreal, where Captain Tulloch purchased him, Toby has got over the annoying habit of falling overboard and sometimes into the ship's hold.

Toby's narrowest escape occurred a few years ago when his ship was passing through the Welland canal. The fox terrier tumbled over the side just as another ship was passing and went entirely under the other vessel, coming up to be fished out and continue his journeys.

Unlike many sailors, Toby was "shipped over" on the steamship Birchtown, Captain Tulloch's craft, at the end of every voyage.

The American soldiers are accused of introducing potato bugs into France. "If we took potato bugs over there," says a World War veteran, "it was a bad trade."

Chicago citizens now fear that the next generation may be cross-eyed from looking into the muzzles of six-shooters.

SPECIAL NOTICE

The increase in the number of customers in this community and the surrounding territory necessitates a re-arrangement of our meter reading dates and in some localities a change in the date when electric bills regularly fall due. Your first bill on this new schedule will be delayed from two to three weeks to affect this change.

We trust this change will not seriously inconvenience you.

The Detroit Edison Co.

WE DON'T HAVE THOSE OLD 8 mile speed limits NOW

Many states prohibited driving in excess of 8 or 10 miles per hour in "built-up" communities. Twenty miles per hour was once considered highly dangerous. Improvements in the automobile and advances in traffic control have changed all that. Likewise the constant improvements wrought by Shell in motor lubrication have made higher speeds safe for the automobile engine. That's the important thing about Shell Motor Oil. It is always ahead of requirements... ready now for next year's car. Low temperature refining preserves all of the rich lubricating elements of Nature's best-balanced crude. No emergency ever finds Shell Motor Oil lacking in protective qualities. No wonder so many motorists are turning to Shell.

STOP AT THE SIGN OF THE SHELL... MILLIONS DO

WHY BE SATISFIED WITH LESS THAN 1930 lubrication?

SHELL MOTOR OIL

Be up-to-date, Shelllubricate

THE SIGN OF THE SHELL IS ON THE AIR... Every Monday Night, 8:30 Central Time.

JAMES AUSTIN OIL COMPANY, Plymouth, Mich.

ROCKS TROUNCE K. OF P. 17 TO 11

Tuesday night the Rocks pulled the game out of the fire by scoring eleven runs in the eighth inning to defeat the K. of P. aggregation 17 to 11.

Middleton, the K. of P. pitcher, pitched a beautiful game all the way through, but several bad errors by his teammates put the game on ice for the Rocks. Matheson, the Rock's pitcher also pitched a good game but due to errors the K. of Ps. were able to collect eleven runs.

Box score table for Rocks vs K. of P. 17 to 11. Columns include player names and statistics like AB, R, H, E.

Totals 43 17 18. Rocks 0 0 0 0 2 0 4 11 —17. K. of P. 3 2 0 0 1 2 3 0 —11.

Gust batted for N. Orr in eighth and Rucker played field in place of N. Orr.

Clement Leads West Pointers In Batting

By THEY'S J. MacQUEEN

Dearborn, Mich., July 4.—Setting a rapid pace for other batsmen of the league, Roman Kelly, veteran first baseman of the River Rouge club, continues to lead the Dearborn River League in offensive play, having an average of .519 for the six games in which he has participated this season.

Close upon the heels of the energetic River Rouge first baseman, is Augell, Ecorse second sacker. Augell's average is even more remarkable when his record of last season is analyzed. He was one of the poorest batsmen on the Ecorse club a year ago.

Clark, of Highland Park, is third on the list with an average of .458. Orlick, of Ecorse, recruited from the Detroit Baseball Federation, ranks fourth in the batting list at the present time. His average is .450.

Frazier, Lincoln Park outfielder, and Metzner, veteran gardener of the Pennsylvania Railroad team, are leading the home run hitters, each having two circuit clouts among their list of hits. Other home run tallies are Burley, Dearborn; Martin, D. T. & I. Jensen, River Rouge; Banish, Dearborn; Whitlock, Highland Park; Wagerson, Dearborn; Mason, Pennsylvania; Schmidt, Dearborn; F. Labadie and O. Dishon, Lincoln Park.

John Banish, star center fielder of the Dearborn Hawks, is leading the three-base hitters of the organization. He has knocked out five triples thus far this season. Another Dearborn star, Pete Burley, leads the base stealers. The Hawk shortstop has swiped five sacks so far and his present form indicates he will widen this gap as the season progresses.

WEST POINT PARK BATTING A.V.

Table showing batting averages for West Point Park players. Columns include player name, G, AB, H, AV.

1932 Olympiad Dates Set for July 30-Aug. 14

Zack Farmer, general secretary of the Los Angeles Olympic committee, announced dates for the 1932 Olympiad as July 30 to Aug. 14, with 16 events on the program.

Polo will be an added feature, Farmer said. The other events are track and field athletics, gymnastics, boxing, wrestling, fencing, canoe, rowing and swimming, equestrian sports, modern pentathlon, road cycling, weight lifting, yachting, Olympic fine arts, water polo and field hockey.

Sport News

More than \$300,000 will be awarded in 11 stake races at Arlington's summer race card in Chicago.

Carmen Hill, veteran right-handed pitcher, has been sent to the Minneapolis club of the American association by the St. Louis Cardinals.

Capt. "Butt" Donnell, noted kicker at Duquesne university, Pittsburgh, Pa., wore a football shoe on the left foot and a soccer shoe on the right.

Pitcher Johnny Cooney of the Boston Braves, suspended for failure to sign within ten days after the start of the season, has been reinstated by Commissioner Landis.

The Chicago Americans have acquired an option to purchase Shortstop Gregory Mulleavy from the Toledo Mud Hens on or before August 1 of the current season.

The standard marathon distance is 26 miles, 385 yards, but a check of the Marathon-to-Athens route, the basis for this classic race, has proved to be a trifle less than 25 miles.

Kenesaw M. Landis, commissioner of baseball, has granted the application of Chester Nichols for reinstatement. Nichols is the property of the Philadelphia National league club.

Sport Notes

Mickey Cochran, catcher of the Athletics, has a brother, Archie, who is playing first base on a college team.

Half of the present big league players are college men. Hans Wagner, one of the smartest old timers, never went to high school.

The University of Florida is building a new foot ball stadium that eventually will seat 60,000. The first section, seating 21,000, will be ready next fall.

Ludovica Military academy for the sixth consecutive year has won the blue ribbon of the Danube river in the annual university rowing matches. A record crowd saw the historical regatta.

As a tribute to Bryan Heard, 72-year-old golfer, the River Oaks Country club of Houston, Tex., has had his portrait painted and will hang it over the mantle in the club house.

Marshall ("Little Sleepy") Glenn has been named assistant varsity coach of football at West Virginia university. Ira Erret Rodgers is head coach.

Eddie Ambrose rode three winners and the colors of Edward B. McLean, Washington publisher, were flashed to the front three times during one afternoon's racing at Washington park.

Simone Thion de la Chaume boasts the distinction of winning six consecutive French golf championships, an event closed to other than Frenchwomen.

Several big league pitchers are hitting well over .300. Last year Uble, Ede, Bayne and Ruffing in the American league, and Cregeors, Mays, Donahue, Brane and Scott in the National did it.

When the season started, John McGraw was looking about for a right-handed hitting outfielder. Now he has two in Wally Reuther and Erhan Allen, landed in trades with the Cards and Reds.

Willie Sherdel, traded to Boston this season by the St. Louis Cardinals, won 153 games while losing 131 with the latter club.

Only three world's series have resulted in a clean sweep. The Braves accomplished this feat in 1914 over the Athletics and the Yankees in 1927 and 1928, against the Pirates and Cardinals respectively.

Charley Wood, who belongs to the Pittsburgh Pirates, set a record for the season as far as it has gone, at least, in the Western league when he fanned 16 St. Joseph (Mo.) batters on May 28, winning his game by the score of 10-0. Wood allowed only three hits, two of them being infield scratches. He was also a power on the attack, driving in four runs with a homer and a single. Kines, of St. Joseph, fanned five times.

The University of Oregon-Drake university football game will be staged on the night of October 3 in Soldiers' field, Chicago. As it will be the first big game ever played at night in this part of the country, it is expected to draw a large crowd.

Only two players, John Booth and Captain William Kenney, who were members of the Seattle Reds, baseball champions of the Northwest in 1886, are still alive.

Steve Hamas, former Penn. State boxer and star in football, lacrosse, basketball and track, won his first four professional fights by one-round knockouts.

The college record for the mile stood for 17 years. It was lowered this year by Ralph Hill of Oregon. His time was 4:12 2-3 two seconds faster than John Paul Jones made at Cornell.

Joseph Bonn is the newly elected president of the Maryland State Soccer Association, said to be the largest soccer league in the country.

Managers of Ignacio Fernandez, Philippine boxer, announced he had been signed to meet Battling Natallino, featherweight champion, in a title bout at Hartford, Conn., July 14.

WATER CARNIVAL AT DETROIT AUG. 2

A water carnival will be held at Detroit on August 2nd. It will be the eleventh annual event. On the program are inter-club sail yacht and power boat regattas, canoe, rowing and swimming races. The program is under the direction of the Department of Recreation and the Department of Parks and Boulevards.

Fuller Products AND SERVICE T. W. Norris 15483 Pinehurst Ave., Detroit Hogarth 1325

Municipal Notes BY THE MANAGER

The village elevated storage tank is now undergoing a complete repainting, inside and out. Not only is this being done to improve the general appearance of the tank and structure, but to preserve the metal against the effects of the water upon the inside and the weather upon the outside as well. The name PLYMOUTH upon the roof of the tank will likewise be repainted, which should prove an aid to aviators in identifying the village when flying over. Village tax notices, in process of preparation for some time past, were placed in the mail this week and are now, for the most part, in the hands of taxpayers. The tax collection period extends from July first to August tenth, after which time a small penalty is added to collections. Tax bills are uniformly lower this year, due to the action of the commission in lowering the village tax rate from \$15.00 to \$13.50 per \$1,000 valuation this spring. Taxpayers who do not receive their notices within the next few days will please notify the treasurer and a new notice will immediately be forwarded.

Sport Notes

The broad jump mark of Miss Kinure Hitomi, Japanese girl who holds three world's records, is 19 feet 10 1/2 inches.

After driving his first ball out of bounds, J. T. Ross, a Seattle golfer, sank his tee shot right into the cup of the seventh hole at the Sand Point Golf club.

Captain Scott Resinger has been re-elected as leader of the University of Chicago tennis squad.

The German-American foot-ball team concluded its German tour by defeating the Karlsruhe team, 7 to 3. The score was 4 to 1 at the half.

William Muldoon, head of the New York boxing commission, refused to consent to have the name of Max Schmeling on the Muldoon-Tunney heavyweight trophy.

Alonso McDonald, Boston, well known grand circuit driver, died in a hospital at Cleveland following a heart attack at North Randall racing track.

Dr. W. D. (Pop) Shelden, 60 years old Rochester (Minn.) golfer, defeated his son, Hunter Shelden, 2 to 1, at the Rochester Country club, to annex the Southern Minnesota golf championship.

The Cincinnati Reds will have the experience of playing night baseball. President Well will have a lighting system installed at Peoria, Ill., the Reds' farm, and the team will play an exhibition game there the night of July 30.

If Glennia Collett wants to try for the British Women's championship next year she will have to make the journey to Ireland. For Port Marnock (just outside of Dublin) has been selected as next year's battleground.

Ed Hamm, Georgia Tech broad jumper, estimates that in any of his leaps of 25 feet, he traveled at the rate of 100 yards in 9.8 seconds at the take off.

Dean Cromwell, track coach of the Intercollegiate champion University of Southern California Trojans, is completing his twenty-fifth season as instructor in athletics at the institution.

Jimmy Zinn, sensational veteran pitcher on the coast, was tried by the Phillies in 1916, by the Athletics in 1919, by the Pirates in 1920 and 1921, by the Indians in 1929, and may get another chance.

THE VALUE OF SOUND DESIGN

New Ford engine gives outstanding acceleration, speed and power without sacrificing reliability or economy

THE good performance of the Ford car, so apparent on every highway, is due largely to the sound mechanical design of the engine.

It has outstanding acceleration, speed and power, yet that is only part of its value to you. Greater still is the fact that it brings you all these features without sacrificing either reliability or economy.

That is the reason the Ford car has given such satisfactory service to millions of motorists all over the world and has been chosen by so many large companies that keep accurate cost figures. In every detail of construction it has been carefully planned and made for the work it has to do.

The design of the compression chamber is an important factor in the efficiency of the Ford engine. It is built to allow free passage of gases through the valves and to thoroughly mix the fuel

by producing turbulence within the cylinders during compression. The spark thus flashes quickly through the whole fuel charge, resulting in quieter and more effective engine performance. Other factors are the direct gravity gasoline feed, the specially designed carburetor, the new hot-spot manifold, aluminum pistons, chrome silicon alloy valves of larger diameter, statically and dynamically balanced crankshaft and flywheel, the simplicity of the electrical, cooling, lubrication, and fuel systems and accuracy in manufacturing.

NOTE THESE LOW PRICES

Table listing Ford car models and their prices: Roadster \$435, Phaeton 440, Tudor Sedan 495, Coupe 495, Sport Coupe 525, De Luxe Coupe 545, Three-window Fordor Sedan 600, De Luxe Phaeton 625, Convertible Cabriolet 625, De Luxe Sedan 640, Town Sedan 660.

All prices f. o. b. Detroit, plus freight and delivery. Bumpers and spare tire extra, at lowest cost.

Universal Credit Company plan of time payments offers another Ford economy.

Regular services at the Village Hall at 10:30.
Sunday School at 11:30.
You are always invited and welcome.

SALEM CONG. CHURCH

Rev. Lucie M. Strub, Pastor.
Rev. Cora M. Pennell, Asst. Pastor.
Morning Worship, 10:30 a. m.
Bible School, 11:45 a. m.

Christian Science Notes

"Christian Science" was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, June 29. Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And I will pray the Father, and he shall give you another Comforter, that he may abide with you forever;" (John 14:16), etc. The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The time for the re-appearing of the divine healing is throughout all time; and whosoever layeth his earthly on the altar of divine Science, drinketh of Christ's cup now, and is ended with the spirit and power of Christian healing" (p.35).

EPISCOPAL NOTES

Church-School Classes

The final session of the church-school was held last Sunday. Classes will be resumed Sunday, September 7th. Certificates of membership were given to all who have been in regular attendance this year. In addition to these, those having made the highest records in attendance since January first, were awarded attractive pins. Next year it is planned to make this award covering attendance from September to June. Those who received the pins were: Joan Strong, Dora Galbraith, Elizabeth Strong, Betty Parker, James Gallimore, John Nash, Richard Strong, Edgar Nash and Maizie Bakerwell. The attendance of the entire school has been very much better than in previous years, the average being half again as high as last year. Class work, too, has evidenced improvement. It is hoped that after vacation all pupils will return ready to work for an even more successful year next year. The Holy Communion will be celebrated at 10:00 a. m. this Sunday, July 6. All who are in town are urged to be present.

HE FOUND RICHEST MINE; NOW PAUPER

Britisher Aided in Opening Rand Fields.

London.—"It's all in the game!" In that laconic sentence was expressed the fatalistic philosophy of a man who once was rich beyond all the dreams of avarice and who now lives in complete and lonely poverty in a remote section of the Transvaal. Nearly half a century ago the name of Samuel Honeyball was famous throughout the world as one of the four mining prospectors who discovered the richest gold deposit in the world, the Rand gold mines which have been valued at \$1,000,000,000 and which have yielded five times that much to their lucky owners.

Found Wreck of Pauper.

Honeyball recently was found living in penury—shaggy, unkempt, aged, the wreck of a man who gained a world and lost it, the living hero of a stranger and more fantastic tale than novelists ever told. But he has no regrets, no resentments, no ill-feelings and but one explanation for the turn in his fortune.

It was nearly fifty years ago that Londoners were startled by the amazing news from Africa that a rich gold deposit, the richest yet, had been discovered by four men in the bleak ravines of the Transvaal.

Stories of untold wealth began to be heard and before many months men from all corners of the world began to sift into the Transvaal.

Great Discovery Made.
And Honeyball was one of the heroes of the rush, rich and famous. And deservedly, for with his three companions Honeyball prospected in the wild ravines and baboon-infested plains.

Then the great discovery in the Witwatersrand district was made. Gold, conglomerate beds of it, were found. And in spite of the amount of precious metal the Rand mines have given up since they were discovered nearly half a century ago, the amount still there, waiting to be dug out, is still measured in billions by mining experts. But Honeyball is living in a remote section of the country, depending for his livelihood upon a pension of \$3.10 a week.

How he lost his untold wealth is not known and Honeyball will not tell. He prefers not to discuss the matter.

The trouble with a lot of fellows around Plymouth who boast that they pay as they go is that they are usually slow travelers.

"The time will never come," says Dad Plymouth "when a farmer can hope to make as much out of a good hog as the city man can make out of a blind pig."

Most Nurses Use New Face Powder

MELLO-GLO, the new wonderful French Process Face Powder, is preferred by nurses because of its purity, and they say it does not make the skin dry and drawn. Stays on longer, keeps shine away, and is very beneficial to the complexion. You will love MELLO-GLO Face Powder, Community Pharmacy. "We Serve You Right."

PROBATE NOTICE

No. 156294
STATE OF MICHIGAN, County of Wayne, ss.
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the sixteenth day of June in the year one thousand nine hundred and thirty.
Present, Ervin K. Palmer, Judge of Probate, the Master of the Estate of BERTHA WOLF ASH, deceased.
Charles Ash, Jr., administrator of said estate having tendered to this Court his Final Account and filed therewith a petition praying that the residue of said estate be assigned to the persons named therein.
It is ordered, That the twenty-second day of July, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.
And it is further Ordered, That a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.
ERVIN K. PALMER,
Judge of Probate.
Theodore J. Brown,
Deputy Probate Register. 3113

PERRINSVILLE

Mr. and Mrs. Peter Kubie and Margaret took Sunday dinner with Mr. and Mrs. Gordon McGregor at their home on Evergreen road, the occasion being Master Bobby's first birthday and Mr. and Mrs. McGregor's second wedding anniversary.

A Correction

An item in last week's news stated that the Bassett family was quarantined with small pox. This was in error, as only the children have been confined to their home with chicken-pox. We are sorry for the alarm and inconvenience this mistake has caused.

Monday evening William Beyer attended the silver wedding anniversary of his brother and wife, Mr. and Mrs. Otto Beyer, at their home in Plymouth. Mr. and Mrs. Roy Badelt of Wayne, spent Sunday at the home of their parents, Mr. and Mrs. Paul Badelt.

HONEYMOONERS HIT BY DAMAGE SUIT

Wedding Journey Is Full of Troubles.

Seattle.—Two young honeymoon couples who eloped from California arrived in Seattle in time to be served with summonses in a \$10,000 damage action—just 11 days after their double wedding at Reno, Nev.

All the way from Wheeling, W. Va., Albert A. Heunisch motored to Oakland to claim his seventeen-year-old bride, Sylvia. With him he brought his college chum, William B. Dawson of Pittsburgh, Pa., who was to have been "best man."

It was "love at first sight" when Davidson met Sylvia's girl chum and the four decided to make it a double elopement and wedding.

Driving to Seattle on their double honeymoon to visit Heunisch's uncle and aunt, Justice of the Peace and Mrs. John E. Wright, the honeymooners were arrested by highway patrolmen at North Bend on request of authorities at Easton.

"We couldn't imagine why we were detained," Davidson said, "and then we found that a car we passed Sunday had plunged off the highway immediately afterwards. We were supposed to be responsible."

In the car, which dived down a 30-foot embankment, were Mr. and Mrs. Joe Wilson, their eight-year-old daughter, Katherine, and Mr. and Mrs. John J. Cusworth, Mrs. Cusworth, Mrs. Wilson and her daughter were severely injured.

When authorities decided not to file reckless driving charges against the honeymooners they continued their trip to Judge Wright's home. The Wilsons and Cusworths, however, retained Attorney John J. Sullivan to bring personal injury actions against Dawson, owner of the car.

Beautiful Subway Is Goal of Paris Chiefs

Paris.—The municipal council of the "most beautiful city in the world" is growing worried lest the city fall short of its reputation due to the metro stations. They feel that subways should be as handsome as any of the museums and monuments of Paris, and to that end they are talking of improving their underground stations by installing ornamental stairways, instead of the present cement and steel arrangement.

The local advertising agencies will doubtless rise in rage against this idea as the walls of the metro stations are covered for displaying posters which extol the products of La Belle France. However, the council has a good chance of winning out in the end, as the Parisians are devoted to their city and extremely proud of its beauty, and probably will take this chance to enhance it.

Cat's Fur, Afire, Sets Entire Farm Ablaze

St. Omer, France.—The flaming torch of a scurrying tomcat, his fur aflame, caused the destruction of an entire farm near here recently.

Warming himself contentedly by the hearth fire in the farmer's house, the cat was awakened by a spark which instantly set his furry body brilliantly afire. Crazed with pain, the little animal dashed out of the house into the adjoining barn, where he darted into the midst of a haystack which immediately took fire.

The barn was soon a mass of roaring flames which were not long in leaping to the main dwelling. This building went up in smoke and flames in a short time and smaller adjacent structures went with it, completing the demolition of the farm.

"The biggest optimist of all," declares Dad Plymouth "is the business man who marries his stenographer thinking he can continue to dictate to her."

Rosedale Gardens

By J. W. WALKER

Mr. and Mrs. Guy P. Emerson and family have leased the Soderstrom home at 2816 Ingram Ave.

Mr. and Mrs. J. P. Stewart have leased the Folsom home at 11401 York Ave.

Mr. and Mrs. C. A. Ten Hoopen have leased the Perrault home at 11801 Arden Ave.

If there is anything we like other than cherry pie when cherries are in season (which they are at R. grocers), why it is more cherry pie and some ice cream on it a la mode, as it were.

The Bonds are occupying the Masters home at 10029 Arden Ave., until their new home is complete.

New point brightens up the Martins', the R. W. Masons' the Boyds' and the Hoys and Hignole homes.

Considerable wind and heat (Fahr.) all day, with the usual-rain, tho' very little here, and severe electric storms late evening were weather features of last Sunday.

Friend Sam says he knows of a stock-broker who has not lost a penny of any client's money in ten years. His address is Farmington Road, R. 3. His name is on the white marble post and this: "Born 6 July 1860, Died 4 June 1919."

You'd say that a young lady Gardentite had a pretty good voice or mental telepathy or something, to call her hubble to supper when in the middle of a nine-hole course, and be a dutiful husband to drop all and obey on the moment (even to one of the three for a dollar thirty-five that he bought of "R" cigar standee. Well, my dears, such is the case—or rather voice, golf, supper. For it is friend Holton who has a complete nine-hole course on his north lot abrest kitchen and back stoop. There are tees, greens, roughs and cups and all, and just as difficult to hold the score down as at Hawthorne or Plymouth or Rouge Park.

"Queer," said a Buttermilk Sunday aftn. while whiling away at our office. "Queer, the way that church music keeps up all aftn." We didn't think it strange, but the fact that friend B. M. had made his semi-annual pilgrimage to church was the stranger.

So we sat in listening attitudes for another moment or so. Above the hub-bub-swish-rum of gas buggies on the No. 12 speedway, we heard a wonderful choir and organ. "Do you think it is a bird?" asks George. Nobody answers for a moment. "Well, go and see," says Joe. "Where in Rosedale does it come from?" asks Joe. "Somewhere among those cookies or hacons or bottles at 'R' emporium," ventured Frank, doubtfully. "At least I fancy so." So just then Buck Huron and Doc Johnson "came out for air" and seeing most all of us, motioned, called and whistled, so we all went down to spectacle and marvel, for they had a brand new dramatic radio, and Buck was listening in on some choir music instead of practicing as he should have been doing, only he was so hoarse and husky he only whistled.

Bill Townsend is resolved to fight it out on these lines if it takes all summer. So folks we better all (at least 1/2 of us) next Sunday ante noon at eleven hours past midnite Sat. Sun., and hear Bill's talk. Nice and cool at the church these Sunday a. m.s. So come on over for to hear a good talk.

The wind of last week was just about as strong as some moon-licker, if you know what that is, and in effect it kept up about as long as the effects of aforesaid. Our laetic salesman, Perry Gray—claims to have delivered cafe creme to several families who claim it was whipping creme already spanked. You see the wind must somehow or other done it. Though we had an idea the way the way the wind came it was in the west, but on consulting Harold, he said he was most interested where it all went to, and what for.

Telling a lady that our kitten likes lemon pie, she went one better, but true—that Jack Weaver's dog likes orange ice cream cones, which both being true, here's another—Who don't? At least no one at "R" emporium turns them away.

Speaking of the benefits of living in the country, the other evening at sundown, a Buttermilk was telling a prospect, "Why, just look at that gorgeous sunset—and the sunrises are just as beautiful." Getting off the subject and speaking of the constitution, our visitor from the city remarked he hadn't seen the sun rise since prohibition, which means (guess).

We found a button in our chicken salad Monday nite. Says the alibi wife, "I suppose it fell off while you were dressing it." We now are wondering whether she meant the chicken or the dressing, or both, guess we'll have to speak to "R" grocer to speak to Mr. Salesman or Mayor Bowles or somebody about it. Sometimes we wish we could speak some other language where words are all not so ambiguous.

Famous question: "Why?" Infamous answer to same: "Because!"

Monday being pay day for newwed Gardentite, friend Bill took wifey down by Middle Belt for a blow out, or rather blow up—as the National Boys assigned a pilot, and they all had a lark's eye view of their bungalow and our garden and the neighbor's cat chasing another neighbor's dog. "Stop, pose the engine would stop?" question remarked Mrs. N. W. G. "You know I'm a mechanic, m'dear," gasped Bill as he sorta felt funny like when Jake sideswiped for to give 'em a thrill (which it did), as William says after next pay day he's going for a bicycle ride or maybe roller skating.

Sun suits are in season, and we have been giving kind thoughts out for the guy who tried to sell some sunburn machine hereabouts.

One of our several Boy Scouts has been earning vacation money down by Hawthorne Valley. He comes by with the tale of one of the caddies getting bawled out for not "keeping count" for a city-lie golfer. "What in all Sam Hill am I payin' yuh for if not tub count?" says city-lie. "You don't need a boy-caddy to count for you," says boy, "you need to bring your bookkeeper ut with a comptometer."

As neither of the remarker or remarkee are of Garden fame or Scouts, we will refrain from commenting further on why the game was not finished by this particular golfer or caddy.

Have you noticed Will Trepanier's rock bed—and also the Gallagher's?

Brether Snell is having the holes in the tennis court filled in, and Sod Schaeffer and Al Rohde have promised to level up. So now it is all set for finishing and a set or two. Now, what we need is for to develop a Helen Wills or Suzanne or possibly a Marion or Betty or it is Billie?

And there blossoms forth now many

not when there is a bed post, or at least one chair (if same is available).

A strange, silent, cruel part of our development down there at Pembroke road and West Chicago on a dark nite. The terror and dreadful beauty of it creeps into our typewriter as we would record it, only the facts remain as they are, and the rest of it needs only two guesses—What, and How!

Little Billie is R grocers new charioteer when things are humming about the new trade center. Saturday Billie was hurrying to make a sorta date with some one and he got there all right, made the appt. for half past Sunday-school and when he had arrived back at the store SHE phoned up that it was "about time for dinner and pa was expected home early and no pork chops."—whereupon it was discovered the lady's mother's order was reposing peacefully on the floor in the cookie department, not even having arrived at the chariot.

The difference between the male and female of the species, writes Arthur from Farmington Road Ranches, is that if you tell a man a secret it goes in one ear and out the other, whereas the shemalax sex it goes in both ears and out her mouth, wonder how the old batch found it out? Some Rag Rug Business, we guess.

"It's too darn hot, remember Rome wasn't built in a day, so whatyurhurrying?" growled Basms, the mud-mud on the new Bond job. "Maybe not," yells Bill, the Boss Brickmasoner.

"Shelden didn't build the Babylon Gardens either, so get a move on!"

"Up early this morning, my dear," says grandma to a little lady on our street. "Yes'm, grandma, no school now and all day long to play," says the little just exkindergarteneress.

There comes along, like a army or an navy or somesuching: Mrs. Bock, Doc Johnson and the Chief of Pills, Buck Huron, rank one, and R. grocer boys—all done up in color scheme with jackets and whatnots, and Hoover aprons all neatly monogrammed to match the menu, trays and tangerine color scheme. All in nice color but the radio, which is not made for the store, but for someone who wants a really good radio to buy and take home for a corner in the parlor.

"Monker," Marlon Virgula's Persian kitten is in cat heaven, wherever that is, and all account of little Jackie dog, who didn't like his looks, or something. So now "Monker's" body reposes peacefully in its final resting place, and if there is a cat heaven, we are sure he is there chasing bad doggies, not good birdies, we hope.

WCTU

The Strawberry Festival for the Woman's Christian Temperance Union, held Wednesday, June 26th at the home of the president, Mrs. E. C. Vealey, was a great success.

Twenty ladies were present to enjoy the delicious short cake prepared by the hostess, also the dainty sandwiches and feed tea.

Several ladies from Detroit were present and Mrs. Downer, district president, gave an interesting talk on the political situation in Detroit. The program conducted by Mrs. E. R. Daggett was brief but excellent, and included an original story which was very bright and humorous. A picnic has been planned for the July meeting of the local union with the program to be furnished by the Loyal Temperance Legion. Particulars will be given later.

Relief From Curse of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Resall Orderlies has been discovered. This tablet attracts water from the system into the lax, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Resall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Resall Drug Store. Bayer Pharmacy.

ELECTROCHEF

DISPLAYED, INSTALLED, RECOMMENDED

BY

Corbett Electric Co.

Picture your kitchen with the

ELECTROCHEF Electric Range!

Look at your kitchen and choose the place where your new ELECTROCHEF would stand. Note its superior features: COOLNESS—cooking without fire or flame; CLEANLINESS—electric heat as clean as sunlight; a CLEAN KITCHEN—no dirt or soot to accumulate on walls and curtains; HEALTHFUL ATMOSPHERE—no fumes or odors from combustion; SAFETY—no matches (simply snap a switch); BETTER COOKING—delicious flavor in foods, with the natural juices sealed in, and ELECTROCHEF itself, in gleaming white porcelain, as easily cleaned as a piece of china.

You can enjoy this modern cooking with hardly any difference in cost from the cooking method you now use. Polished reflectors surround the heating elements and focus the heat on the utensil, achieving cooking speed and cooking economy. The ELECTROCHEF oven, with double air-space insulation, keeps the oven heat inside and assures a cool kitchen.

It is EASY TO OWN an ELECTROCHEF!

\$10

DOWN PAYMENT

puts an ELECTROCHEF in your kitchen—installed, ready to cook. Balance \$6 per month. Cash price installed, \$105 including all necessary wiring.

Sales under these conditions made only to Detroit Edison customers.

ELECTROCHEF brings healthful cooking. Meats and vegetables cook to melting tenderness in their own juices. The addition of very little water is necessary—half a cup is ample. See ELECTROCHEF today at any Detroit Edison Office.

THE DETROIT EDISON CO.

As clean as sunlight—ELECTRIC HEAT FOR COOKING

"LOVIN' THE LADIES"

RICHARD DIX, in the role of an electrician who masquerades in high society, comes to the Pennington Allen Theatre, Saturday, July 3, in the all-talking comedy-romance, "Lovin' the Ladies." It is the star's second Radio Picture, an adaptation of the successful stage play, "I Love You," by William Le Baron, vice-president in charge of RKO production.

Instead of the traditional heroine, Dix is involved with four women. They are Lois Wilson, formerly co-starred with him; Rita La Roy, Radio Pictures' "It" girl; Renee Macready, English actress, and Virginia Sale, sister of Chic.

"LOOSE ANKLES"

"LOOSE ANKLES," a hilarious screen comedy about a modern girl who must marry the choice of her old-fashioned aunts or lose a fortune, has been scheduled for the Pennington Allen Theatre for Sunday, July 6.

BIDS WANTED

Sealed proposals will be received by the undersigned Clerk of the Village of Plymouth up to 7:00 P. M. of Monday, July 7th, 1930, for the proposed grading of the following streets within the said Village of Plymouth: S. Harvey St. from Brush St. to Golden Road. William Ave. from Arthur Ave. to Evergreen Ave. Evergreen Ave. from William Ave. to Pennington Ave.

A. J. KOENIG, Village Clerk

A host of noted comedy players support Loretta Young and Douglas Fairbanks, Jr., the youthful screen favorites, who are cast in the romantic leads. Louise Fazenda, Otis Harlan, Ethel Wales, Daphne Pollard, Inez Courtney, Edward Nugent, Norman Selby and Raymond Keane are all in the cast, with is really all-star, for each and every one of these popular favorites has seen his or her name in electric lights.

Miss Young's comedy role is arousing widespread attention because it follows right after her notable success as an emotional actress in "Fats Life." Critics are divided as to which type of part the 17-year-old leading woman should portray on the screen, as she is equally apt at both.

"Loose Ankles" casts Douglas Fairbanks, Jr., in the role of an unwilling gigolo. His fellow gigolos aid him in winning the hand of Miss Young by all but compromising her aunts. Two songs, "Loose Ankles" and "Whoplin' It Up," written specially for the picture, add to the meritment.

"THE LOVE RACKET"

DRAMATIC stories surrounding courts and trials have been seen frequently on the stage and screen. In "The Love Racket," which comes to the Pennington Allen Theatre, Saturday, July 12, one of the biggest scenes is really behind the scenes of the courts—in the jury room where twelve jurors have retired to deliberate on the fate of a girl accused of murder and facing the death penalty.

Michigan Bell Telephone Pays Tax of \$3,227,943.37 to State

Table with columns for company names and amounts. Includes Michigan Bell Telephone Company, Dearborn Telephone Company, etc.

The net earnings from 217,000 telephones were required to pay the Michigan Bell Telephone Company's total 1929 tax bill of \$3,966,000. It was indicated when the state of Michigan received its portion, \$3,227,943.37 on June 30. The company's state tax was paid in the form of a check to Auditor General O. B. Fuller, and goes into the Michigan primary school fund.

The state tax paid this year is the largest in the telephone company's history. The total tax paid by the company for 1929 amounts to \$10,866 per day.

The state tax paid this year is the largest in the telephone company's history. The total tax paid by the company for 1929 amounts to \$10,866 per day.

LIGHTS BY GRANT DIXON OF NEW YORK

The Right Cure. This story, in the writer's opinion, is worth repeating because it is amusing. However, I will not guarantee its accuracy. A well known New York doctor had a patient, who explained his symptoms to him, and the doctor recommended a long sea voyage. "That's fine," he said. "Won't be any trouble to me. I am the pursuer of the Leviathan."

AROUND ABOUT US

THE second annual Dearborn Day will be held at Bob-Lo, July 16. The new English Lutheran chapel at South Lyon, was dedicated Sunday. Dedication services were held Saturday for the new township hall in Dearborn. The population of Michigan is 4,818,371, a net gain of 1,189,641 since the 1920 census.

Litson, student pilot of the National Airways, who climbed to 16,000 feet to establish a student pilot's altitude record in a training plane. According to 1930 census returns, Dearborn ranks eleventh in population among Michigan cities, the population exceeding that of Bay City, Battle Creek, Muskegon, Port Huron, Ann Arbor, Royal Oak and Ferndale.

Local News

The Blunk Avenue Club held a picnic dinner at Cass Benton park, Friday evening. Mr. and Mrs. Harry Reck left Thursday for a two weeks' visit in Chicago and LaGrange, Illinois.

Born to Dr. and Mrs. Glenn H. Gordon, a son, Denn Hal, Monday, June 30th. Mrs. Sheldon Gale was at Harmon Gale's in Salem, the forepart of the week.

Miss Elizabeth Burrows was the guest of friends at Pontiac, the latter part of last week. Floyd Lee of Summit, N. J., was a week-end guest at I. N. Dickerson's and W. J. Stewart's.

Mrs. Etta Stiff, who has been visiting her daughter, Mrs. Frank Rambo, has returned to Detroit. The infant welfare clinic will be held at the Central High School, Wednesday, July 9th, at 2:00 o'clock.

Dr. H. B. Brisbois, wife and little son are leaving Sunday for Rondau Park, Ont., for a two weeks' vacation. Mrs. E. J. Parker and daughters, Neva and Betty, were guests of friends at Thea, last Friday and Saturday.

Dr. and Mrs. F. B. Hoyer entertained Sunday, the latter's parents, Mr. and Mrs. Keith Otto and family of Grand Lodge. Mr. and Mrs. Walter Gale and daughter, Leona and friend, of Ypsilanti, were callers at the Sheldon Gale home Sunday.

Miss Marjorie Baker of Wyandotte, was a week-end and over Sunday guest of Mr. and Mrs. Fred Patton, on the Whitlock road. Mrs. James Gatch was called to Merrill, Wis., last Sunday, to attend the funeral of her brother, Harry Johnstone of Merrill.

Mr. and Mrs. William Wood entertained the Handicap Bridge club at the Meadowbrook Country club, Wednesday evening. The Plymouth friends of Dr. Claude Burgess of Detroit, who has been ill of typhoid fever, will be glad to know that he is convalescent.

Russell Egloff, son of Mr. and Mrs. Edward J. Egloff of Mill St., was confirmed in last Sunday's service of St. Matthew's Lutheran Church. Mrs. Wm. Bake and daughter, Barbara, entertained the Contract Bridge Club at a dessert bridge at their home on Burrows avenue, last Friday.

Mr. and Mrs. Orley Wood and William Storrs and son, Billy, of Detroit, were week-end and over Sunday guests of Mr. and Mrs. Harry Wiseman. The Baptist Aid Society will meet with Mrs. Packard, 418 North Main street, Wednesday afternoon, July 9th. Every member is urged to be present.

Mrs. Harold Joffile and Miss Ruth Meyers are leaving Friday by boat for Duluth, Minnesota. Their itinerary includes points in Michigan and Canada. Mr. and Mrs. F. C. Donovan and family of Detroit, have opened their summer home at Old Orchard Farm on the Plymouth road, and will remain for the summer.

Mr. and Mrs. L. B. Warner, together with Mr. and Mrs. Collin Morrison of Wayne, left Tuesday for a motor trip to Ypsilanti Park. They expect to be home about four weeks. Borg D. Moore, secretary of the Plymouth Chamber of Commerce, left last Saturday for Indianapolis, Ind., for a week's visit. He will return Sunday accompanied by Mrs. Moore. C. W. Haner, local manager of the Michigan Federated Utilities, attended the annual convention of the Michigan Electric Light Association held at Mackinac Island, June 30 to July 2. Mr. and Mrs. C. J. Mason of Van Nuys, Calif.; Mrs. J. H. Dean of Alhambra, Calif.; Mrs. Belle Hardenburg of Detroit, and Mrs. Vina Joy of Newburg, were week-end visitors at I. N. Dickerson's.

Miss Dorothy Loveley of Detroit, was the guest of Miss Betty Donovan at Old Orchard Farm for the week. Mr. and Mrs. Leland Sanford of Akron, Ohio, were over Sunday guests of Mr. and Mrs. George Burr at their home on Sheridan Ave. Wilford Bunyca is the owner of a new Baker threshing rig, which was recently purchased from the A. D. Baker Co. of Swanton, Ohio. The tractor is a 25-50, one of the largest the company builds, and the entire outfit is one of the most modern in this vicinity.

The Washtenaw County Rabbit and Cavy Breeders' Association will meet Thursday, July 10th, at 8:00 p. m., in the supervisor's room of the Court House, Ann Arbor, Mich. All rabbit breeders and all persons interested in rabbits are invited to attend.—Floyd E. Genter, Sec-Treas.

Mr. and Mrs. Walter Stotts and children and Mr. and Mrs. A. E. Vann of Detroit; Mr. and Mrs. J. T. Fredericks and children of Redford; Fred Misch of Lansing, and Mr. and Mrs. Walter Hills of Rosedale Gardens, were recent callers at the home of Mr. and Mrs. Louis Fredericks. Mr. and Mrs. Charles Greenlaw, with the latter's sister, Mrs. John Wiley, and husband of Detroit, attended a reunion of teachers and pupils of the Gifford school at Bloomer State Park, Oakland County, last Saturday. A pot-luck dinner was served at noon to a large number, after which a short program was enjoyed by all.

Konjola Ended 17 Year Siege of Rheumatism

LADY THOUGHT SHE WAS HOPELESS INVALID BEFORE MASTER MEDICINE GAVE NEW HEALTH.

MRS. ALMIRA ATTENBERGER "I suffered from rheumatism for 17 years," said Mrs. Almira Attenberger, Route No. 4, Birmingham, Michigan. "The pains in my limbs were terrible. My right limb was almost paralyzed and it became impossible for me to walk. My liver, also, was in bad condition. In fact, it had bothered me since I was a young girl. I had frequent dizzy spells and was unable to stoop, which hindered me greatly in my house-work. "Konjola gave me the first relief I have experienced in years. In a few weeks' time my rheumatism was entirely banished. I have no more pain or aches of any kind. My appetite is good. I have no more dizzy spells or specks before my eyes, because my kidneys are now in a fine condition. Konjola gave me this wonderful health."

Miles of Conveyors in Ford Plant

This picture shows two types of conveyors in use in the Rouge Plant of the Ford Motor Company.

AN ENDLESS chain conveyor, three and a half to four miles long, said to be the longest in the world, has just been completed at the Rouge Plant of the Ford Motor Company at Dearborn, Michigan. On it parts of Ford cars in the process of manufacture are transported from one building to another and completed parts are carried direct to railroad cars for shipment to branch assembly plants.

The conveyor, which carries its cargo on suspended hooks, has a daily capacity for 300,000 parts weighing over 2,000,000 pounds. It supplants freight cars and trucks which have been used for the transfer of many parts from one point to another in the Ford plant.

This longest conveyor of them all is a development of the Ford policy that nothing should be done by manual labor that could better be done by machine.

In the early days of his manufacturing career, Mr. Ford devised the as-

sembly line—a moving track on which cars in the process of assembly went to the workmen instead of the workmen carrying parts to the car. The assembly line, perfected in many ways, is now used by automobile manufacturers generally.

The value of the conveyor in reducing physical labor, in saving time, in preserving system and in cutting costs soon became apparent and its use was extended to other purposes about the plant. Now there are literally miles of conveyors of various types in the Ford plant. Some of them carry parts from one building to another and are carefully synchronized so that the parts arrive at precisely the right moment and in the exact spot where they are needed. Others transport red hot ingots of steel weighing nearly a ton each. Still others move outgoing shipments.

If it were not for the conveyors, according to officials of the Ford Company, mass production would not be possible on its present scale.

Service Co. and Pacific Northwest Public Service Company.

The Michigan Federated Utilities which furnishes gas service in Plymouth is a subsidiary of Federated Utilities, Inc., one of the four principal operating companies which comprise Central Public Service Corporation.

No Wonder

Two strangers on a train got into conversation. The windows had just been let down and the desultory chatter consequently turned to the subject of ventilation.

"I make it," said one of the two, "an invariable practice to advise people to sleep with their bedroom window open all the year round."

"Ha, ha!" laughed the other; "I perceive that you are a doctor!"

"Not at all!" was the reply. "To tell you the truth, strictly between ourselves, I'm a burglar!"

Castles in the Air

"If you have built castles in the air, your work need not be lost; that is where they should be. Now put the props under them," said Henry David Thoreau. Helen Keller says we can not always realize our ideals, but we can always realize our realities, and our ideas must be practical if we are to make a religion of them and live by them. Phillips Brooks expressed a high ideal in these words: "We reduce life to the pettiness of our daily living. We should exact our living to the grandeur of life."

NEW ORLEANS MART IS 200 YEARS OLD

City Plans Celebration for Anniversary.

New Orleans.—The old French market will soon celebrate its two hundredth anniversary of supplying food and color to New Orleans and its visitors.

Historians say this haunt of gourmets has the oldest continuous history of any spot in North America devoted to the sale of food. And with its age is an unequalled glamor.

In a city which takes its food and traditions alike—seriously—the combination is important and fitting ceremonies will be held.

Two hundred years ago the French market dispensed the same delicacies that make it famous now—red snapper for court bouillon, pompano, crayfish and the tiny river shrimp, most stuffed baskets of fruits dedicated to fragrant gumbo, crabs of the near tropics, rice, salad fixings and vegetables. Generations of housewives and chefs' assistants have hovered there, searching for bargains and new delicacies.

Under Four Flags.

A century ago the whole of New Orleans centered about the market. Nearby was the Place d'Armes and the cathedral. Over the levee below poised the masts of ships from the old country.

Through the high and troubled times of history the old market passed with few changes. Andrew Jackson paused there, Lafayette drank there the black french drip coffee that finds partisans throughout the world. There Thackeray took notes, and Jenny Lind wondrously sniffed the mingled odors.

Under four flags it dispensed food. French soldiers, O'Reilly's Spaniards, the patriots whom they shot, bluff Tennessee riflemen came with each turned page of history. Ragged Confederates reluctantly left the stalls, and triumphant blue-clad invaders experimented with the food that supported the army rations they had known.

Roosevelt Loved It.

Presidents of a later day frequented it. Roosevelt loved it, and Taft paid tribute by eating a giant tureen of river shrimp bought there. Harding, old residents say, enjoyed its delicacies when a senator.

Through it all, the old market went serenely about the business of feeding its people. When the French quarter became the residence of the immigrant late in the last century, it fed the immigrant along with the visiting grandee. When living in the quarter became the fad of the artist, and society came to drink midnight coffee there, the market served all impartially.

The Louisiana Historical society plans to commemorate fittingly these 200 years of service and history. The anniversary celebration will come just in time.

The old market is to be destroyed. Where the old stalls stand a sanitary modern market will be erected as soon as the necessary financing and legislation is accomplished. But, say its devotees, it will still be the old French market.

Pushes Sister Out of Danger and Is Killed

Philadelphia.—A six-year-old girl gave her life here to save her smaller sister.

The two girls, Marlon Carlin, six, and Peggy, four, of 2706 George street, were crossing the street at Twenty-seventh and Gerard avenue when a truck, driven by Mellor Griffith of Manayunk, bore down on them.

Marlon, in an attempt to save her sister's life, pushed the younger girl aside and then tried to escape. She was knocked down and one of the front wheels passed over her body.

Both were rushed to the Mary Drevil hospital. Physicians there said Marlon had been killed instantly. Her sister was cut and bruised on the right hand.

The accident was witnessed by several women. Griffith was arrested and held to await the action of the coroner.

Students Give Elders Plenty to Think About
St. Louis, Mo.—Four St. Louis high school students completely "stumped" their elders in a competitive examination on St. Louis history here recently.

The fact that the real name of one of the founders of the city was Pierre Laclède Liquest, and not Pierre Laclède, was disclosed to the astounded business men by the youngsters.

Another youthful contestant ably outlined a plan for the consolidation of St. Louis and St. Louis county, a program which continues to baffle city and county administrators.

As the competitive examination continued the students so completely outshone their opponents that the judges were unanimous in their decision.

Woman, 51, Sees Father for First Time in Life

Portland, Ore.—For the first time in her life, Mrs. Ida Fulton, fifty-one, of this city, has seen her father, John Turnage, seventy-eight, of Carbonate, Ill. Turnage and his wife separated just before the daughter was born.

About six years ago Mrs. Fulton located her father by writing to friends in Williamson county, Illinois, and they exchanged photographs. Recently they met face to face for the first time.

Airmen to Photograph Capital's Traffic Jams

Washington.—Perplexed Washington officials have sought army air corps aid in solving the Capital's traffic and parking problems. Army airmen soon will soar over the congested Washington area photographing conditions as they exist in an effort to obtain data which will assist in re-routing traffic when new government buildings housing thousands of clerks are opened for business.

Celebrate Their Golden Wedding

The Detroit News of Wednesday, July 2nd, carried a half-tone picture of Mr. and Mrs. Charles G. Curless, of Detroit, former residents of Plymouth. Mr. and Mrs. Curless observed the fiftieth anniversary of their marriage on Wednesday. They were married in Plymouth. Mr. Curless has been employed by the Detroit Edison Co. for many years.

Battle of Braddock 2-Cent Commemorative Stamp

Postmasters and employees of the Postal Service are notified that the department is about to issue a new 2-cent postage stamp to commemorate the one-hundredth and seventy-fifth anniversary of the Battle of Braddock.

The stamp is the same shape and size as the regular issue, 75-100 by 75-100 inch, and is printed in red ink. In a straight line across the top of the stamp are the words "United States postage," in white Roman letters and directly beneath is a semicircular panel bearing the words "Battle of Braddock's Field." This panel is supported on either side by acanthus scrolls. In both lower corners within ovals with dark backgrounds appears the white numeral "2," and these ovals are connected by a panel bearing the word "cents" in white Roman letters.

The central design is a statue of Col. George Washington with the years "1757" and "1930" in white numerals on either side, and directly beneath the statue in a small panel are the words "Colonel George Washington" in white Gothic letters. Ornamental triangles appear on either side in the upper portion of the stamp.

This new stamp will first be placed on sale July 11, 1930, at Braddock, Pa., and for the benefit of stamp collectors the stamp will be placed on sale at the Philatelic Agency, Division of Stamps, Post Office Department, on July 10. The Philatelic Agency, however, will not handle first-day covers.

Stamp collectors desiring first-day cancellations of the new 2-cent Braddock stamp may send a limited number of addressed covers, not to exceed 25, to the postmaster at Braddock, Pa., with a cash or postal money order remittance to cover the value of the stamps required for affixing. Covers will be accepted from bona fide subscribers only, and each cover must be properly and legibly addressed; covers bearing pencil addresses will not be accepted. Neither can compliance be made with unusual requests, such as for the affixing of stamps bearing plate numbers or the irregular placing of stamps on covers, etc. The stamping of first-day covers is a courtesy extended to collectors without cost in a spirit of departmental cooperation. Therefore, the postmaster at Braddock, Pa., will return all irregular requests unfilled.

Postmaster Giles states that he has ordered a supply of these stamps but does not expect them to be on sale here until about the twentieth of July.

Lured by Bright Car; Wrecks It; Takes Life

Rochester, N. Y.—Pierre Decker admired a good-looking motor car. Leaping into an expensive roadster parked at his station, he drove it a short distance and crashed into an iron pole. Before spectators could reach him Decker shot and killed himself.

No Plymouth man thought 25 years ago that he'd ever be able to step in his own car and go anywhere his wife and children told him to go.

The old-time Plymouth boy who had a head for figures now has a son who has an eye for them.

A New York company has bought a strip of land five inches wide and twenty feet long. They must be going into the bathing suit business.

European countries are considering levying a tax on American tourists. That's right; tax them and make them feel at home.

Some women work for a living, and others get men's wages by marrying the men.
