

SCHOOL BEGINS NEXT TUESDAY

Next Tuesday, September 2nd, the Plymouth schools will re-open, and judging from present indications the enrollment will be unusually large. There will be a large non-resident enrollment this year, which is a sure indication that the Plymouth schools have a high standard for efficiency in the neighboring communities.

All the school buildings have been put in excellent condition during the summer vacation period and everything is in readiness to receive the boys and girls who are to make up the student body for the coming year.

The Board of Education is composed of the following:

- James J. Gallimore—President
- Claude H. Buzzard—Secretary
- Frank J. Pierce—Treasurer
- Charles H. Bennett—Trustee
- Russell A. Roe—Trustee

The following will make up the faculty for the coming year:

- George A. Smith—Superintendent
- Clara J. Dykhouse—Principal
- Edna M. Allen—Assistant Principal and English
- Gertrude Fiegel—History
- Elman Winkelman—English and Public Speaking
- Neva Nye—French and Latin
- Lewis Evans—Science and Band
- Carvel Bentley—Science
- Alicia Crumble—Mathematics
- Helen Wells—Mathematics
- Jason Day—Commercial
- Trina Cary—Commercial
- Hawley C. Cobb—Civics, and Vocations
- Almie E. Trout—Mathematics
- Helen Stevens—English
- Mable Perkins—English
- Vivian Smith—Mathematics
- Helen Moorhead—Reading and Spelling
- Winifred Ford—Dramatics, History and Biology
- Alice Cadaret—English and History
- Delight H. Berg—History
- Christina Gray—Geography and Home Economics
- Thelma Dykhouse—Home Economics
- Mary L. Cooper—Drawing
- Gladya Sebrander—Music
- Ruth Baughn—Music and Drawing
- Theodore Carr—Manual Training
- Bianche Adcock—History and Commercial Geography
- Kenneth Matheson—Physical Training
- Luella Mae Kees—Physical Training

- CENTRAL GRADE SCHOOL**
- Nellie E. Bird, Principal
- Gertrude Willmore—Kindergarten
- Anna B. Root—First Grade
- Marie Mitchell—First Grade
- Dorothy Weisman—Second Grade
- Martin Weatherhead—Second Grade
- Ruth Wilcox—Third Grade
- Jessie Dixon—Third Grade
- Carol Field—Fourth Grade
- Nellie Holliday—Fourth Grade
- Florence L. Holt—Fifth Grade
- Eunice Finner—Sixth Grade
- Mae Atkinson—Sixth Grade
- STARKWEATHER GRADE SCHOOL**
- Georgia Witte—Kindergarten
- Margaret Stacey—First Grade
- Florence Stader—Second Grade
- Hazel Parmelee—Third Grade
- Ornella Males—Fourth Grade
- Erma Hunt—Fifth Grade
- Adeline Lee—Sixth Grade

Plymouth Boy At State Hi-Y Conference

Charles Ball, Jr., is attending the State Hi-Y Conference at Camp Tawoc-Ha near Traverse City. There are 125 high school boys in attendance from the various cities of the lower peninsula. Dr. Thomas Graham, dean of the Oberlin College divinity school, is one of the leaders of religious problems and Hi-Y principles. John R. Emeus, former principal of schools in Plymouth, is one of the counselors. Camp will close August 31st.

George Hoisington Succumbs Monday

Following a short illness, George Hoisington passed away Monday, at his home at 189 South Union street, at the age of sixty-four years. He was born July 26, 1866 in Livonia township, where he lived all his life until nine years ago, when he moved to Plymouth, where he and his sister, Hattie, have since made their home. Surviving him are one daughter, Mrs. Vivian Keeth of Detroit; two sisters, Miss Hattie Hoisington and Mrs. Isaac Gushoff of Newburg; one brother, William E. Hoisington of Detroit, and a host of other relatives and friends.

Funeral services will be conducted today from Schrader Bros. Funeral Home at 1:30 o'clock, with Dr. E. A. Lendrum officiating. Interment will take place in Riverside cemetery.

PLEASE NOTICE!

In giving the list of prizes for the Newburg School Home-Coming in last week's Mail, the prize offered by the First National Bank, \$2.00 for the largest family, was inadvertently omitted from the list. We are sorry the mistake happened and are glad to make the correction. —The Publisher.

Capper Medals To Two Best Canners In Wayne County

Special awards by Senator Arthur Capper, of silver and bronze medals to the two 4-H club girls who enter Wayne County's best jars of home-canned fruits, vegetables and meats in the National Canning Contest at Shenandoah, Iowa, is announced in a message to the Mail from Shenandoah, Iowa, where the contest is being held under the auspices of the Household Science Institute.

Senator Capper, long a friend of the 4-H clubs and a member of the National Committee on Boys' and Girls' Club Work, in making the awards said that he hoped these medals would serve to encourage home canning work among farm girls and that they would prove of value to 4-H club leaders and extension workers in furthering this work.

The Capper medals are in addition to the list of 470 prizes totaling \$4,250 in cash, loving cups and ribbons which will be distributed to the winners in the contest. The grand sweepstakes award of the contest carries with it a cash prize of six hundred dollars.

The contest is open to every woman and girl. There are no restrictions as to the nature of the food sent. Contestants may enter the fruit, vegetable or meat division, any two of these divisions, or all three. Entries should be sent immediately upon canning. These will be kept on exhibition at Shenandoah till the closing of the contest on October 1.

The list of contest judges includes five of America's outstanding home economics experts and nutrition authorities, headed by Dr. Louise Stanley, Chief of the Bureau of Home Economics, U. S. Department of Agriculture. That the judging may be thoroughly impartial and the display of jars uniform, contestants are required to send their entries in standard glass jars of the quart size. A sample Ball mason jar and carton, together with prize entry labels and full information for entering may be had without cost by writing the National Canning Contest, Shenandoah, Iowa.

Any preferred method of canning may be used although it has been found that the hot pack method, together with the use of a pressure cooker for the sterilizing is best, especially for non-acid vegetables, states Grace Viall Gray, nationally known canning expert who is secretary of the contest. This method of canning is recommended by the United States Department of Agriculture because it saves time and fuel and assures sterility while preserving the natural flavor, color, and texture of the canned article.

Opening New Golf Course

The Plymouth Hills Golf Club which has been constructing nine-hole golf course on its property of fifty-four acres located one and a half miles west of Plymouth on Plymouth and West Ann Arbor roads, will open the course to the public for play on Saturday, August 30th. At the present time only temporary greens will be available, but next spring permanent greens will have been established. It will be a public course. The owners of the new enterprise are George Robinson, manager, J. M. Larkins and Frank Rambo.

Sheriff Wilson Gives Picnic

Sheriff Ira Wilson gave his third annual picnic to his truck drivers and invited their families and invited guests to the number of a thousand, in the grove on his farm on Canton Center road last Sunday. A basket picnic was a big feature at noon. During the afternoon there was a ball game between the truck drivers and the deputies with the 5-4 score in favor of the deputies. Sheriff's six-piece orchestra furnished excellent music for dancing.

It was a most enjoyable occasion, and everyone present voted the genial sheriff a royal entertainer.

Mrs. Halvar Blomberg is back home after spending a month's vacation in Poughkeepsie and Brooklyn, N. Y., where she had a lovely time among her aunts and friends.

Notice Regarding Sprinkling

Water consumers are hereby requested, until further notice, to refrain from the use of water for lawn sprinkling purposes during the night hours from 8:30 p. m. to 6:00 a. m. This restriction becomes absolutely necessary because of the increasing demands being made for water due to the present prolonged spell of hot, dry weather, and as a means of maintaining a supply of water for fire protection purposes. Water has recently been used faster than our pumps can supply it to our distribution system, with the result that our reservoir is now almost empty. Consumers will also please continue to shut off services when the fire siren sounds, until further notice. For the immediate future a short blast of the siren will be sounded when a fire has been put out so that consumers will know that the water may again be used.

Your courtesy and co-operation relative to the above will greatly relieve the present water situation and will be appreciated.

A. J. KOENIG, Village Manager.

COURSE OF STUDY GIVEN

The course of study in Plymouth High School is divided into groupings such as will permit all boys and girls to find courses adapted to their needs. The required work in all courses except the commercial, allows the pupils to enter most colleges. The omission in the commercial department is that of geometry in the second year of high school.

For those entering high school for the first time with prospects of going on to school, it is well for them to bear in mind that the following group

Plymouth Rotary Club Hears Judge Homer Ferguson

JUDGE HOMER FERGUSON On The Circuit Bench of Wayne Co.

The Plymouth Rotary Club at its regular weekly luncheon last Friday noon had the pleasure of hearing a very interesting talk by Judge Homer Ferguson, of the Circuit bench of Wayne County, upon the subject of the functions of our courts and judges in upholding and preserving the constitutional rights of our people.

In his discussion Judge Ferguson outlined briefly the development of the American court system from that of England. It was pointed out that in England in the early days, the King was virtually the law as far as the

(Continued on page Seven, Col 3)

Bound Over To Circuit Court

Investigating suspicious proceedings in front of the home of Frank Miner, 448 Starkweather avenue, Sunday morning about 3:30 o'clock, Officer Harry Wagoner found that two negroes had succeeded in pushing a Buick coupe owned by Mr. Miner, from the rear of the house into the street, and were about to drive it away.

One man escaped, but the other, who gave his name as James Moss, was taken before Justice Phoebe Patterson, Monday. He pleaded guilty, and was held for examination Tuesday morning before Prosecuting Attorney David at Judge Patterson's office.

At the examination he again pleaded guilty, and was remanded to the county jail with bond fixed at \$1,000, two sureties, to appear before the circuit court in September.

Chief Springer took the prisoner to the county jail Wednesday morning.

A Trip To Honolulu

The following interesting article has been written for the Mail by Miss Helen Meyers, who has just returned home from a trip to Honolulu.

"I left Detroit June 19th, and traveled to Vancouver by train via the Canadian Rockies, stopping off at Lake Louise and Banff for a day. A day is entirely too short a time in which to really appreciate and enjoy the grandeur of these two places or the surrounding country.

"In Vancouver, I joined a group of students, seventy-five in number, and five instructors from the University of Oregon. On June 25th, we set sail for Honolulu, where we expected to attend the University of Hawaii. After seven days of very pleasant ocean travel, we arrived in Honolulu Harbor at six o'clock, the morning of July 2nd.

Members of the Board of Commerce came out in motor boats to meet our boat and they hung a beautiful lower led around the neck of each member of the party.

"After medical inspection and the boat neared the dock, swimming native boys surrounded the ship and asked for coins. The land played Hawaiian melodies, which it does every time a boat comes in or departs.

"From the dock we took a bus to the dormitory, and the members of the party ran out of adjectives with which to describe the beauty on every side of us. Flowering trees, shrubs, vines and hedges are everywhere and the streets wind around in every direction. The climate is very lovely even in summer, the temperature varying between 70° and 80° during the whole summer. The sun is very hot but the cool trade winds which blow constantly make the climate very delightful. It rains a little every day somewhere in the city, but the sun shines through it all and most any time you look out you may see a rainbow.

"Other joys and thrills which awaited us were shopping in the oriental shops, swimming, surf riding both on surf-boards and out-rigger canoes, visiting the many oriental temples, attending Hawaiian feasts, where everyone eats poi and raw fish with his fingers, being serenaded with Hawaiian music, driving through the pineapple and sugar cane plantations and visiting the volcano, at Hilo on the Island of Hawaii, where steam rolls out of the ground and fire glows in the cracks of the lava around the crater.

"On August 8th, I left Honolulu, truly the 'Paradise of the Pacific', on the S.S. Malolo, the fastest boat on the Pacific, to San Francisco. After spending a few days each in San Francisco, Los Angeles and Denver, I returned home August 24th."

Local Kiwanians Put On Program At Ypsilanti

Dr. Luther Peck and his "flying squadron" put on the program for the Ypsilanti Club at the Huron Hotel in that city, on Wednesday noon.

Former Plymouth Resident Succumbs

Homer Kent, a former well-known resident of Plymouth, died at his home in Los Angeles, Calif., Monday, August 18th. The remains arrived in Plymouth, Monday, and a short service was held at the grave in Northville cemetery, Tuesday afternoon at two o'clock, Rev. Richards officiating.

Mr. Kent, who was sixty years of age, was born in Plymouth, attended school here, and for a number of years was employed at the Markham factory. He was a brother of Mrs. John Stark, Gardner and Charlie Kent.

Vacation Is Over

ENTRANCE TO PLYMOUTH HIGH SCHOOL where school will begin next Tuesday, September 2nd.

Newburg School Home-Coming Sat., August 30

The fourth annual home-coming of the Newburg school will take place tomorrow, Saturday afternoon, August 30th. Many old students of the school as well as former residents of Newburg are planning on returning for the event and a good time is promised for all those who attend.

The Ladies' Aid of the Newburg church will have a booth where they will serve ice cream and cake for all who desire. There will be a program of speeches from former pupils of the school and former residents that will be of special interest.

A program of athletic contests will claim the attention of the younger folks, for which suitable prizes are offered.

1931 BUDGET PROVIDES FOR NEARBY ROAD

For the first time in our experience, we have used an aerial survey in laying out a road, stated Road Commissioner Edward N. Hines, recently.

We are including in our 1931 budget, a recommendation that an appropriation be made to build a 20 foot concrete road, eight miles long as a beginning of our parkway development through the land acquired for parkway purposes from the Village of Northville to Newburg.

This road has been laid out from an aerial survey, which has proven of great help. A topographical map has been drawn and locations made for children's play grounds, bathing pools, comfort stations, etc. If our recommendations are approved by the Board of Supervisors at their annual meeting in September, this parkway road will be completed and open for traffic late next summer, stated Mr. Hines.

The 20 foot concrete slab has been completed on the south side of Michigan 204 foot superhighway from the westerly limits of the Village of Westly to the Canton Center Road, a distance of five miles. The 40 foot concrete road on Michigan Superhighway from Greenfield Road west to Southfield Road has also been completed. Inasmuch as Michigan Superhighway is a trunk line road, both of these projects were paid for by the State Highway Department including the wider width of right of way of 204 feet which has been acquired in its entirety to the Washtenaw County line, except through the City of Dearborn and the Village of Wayne, states Mr. Hines. The reconstruction of Michigan Superhighway has been carried forward for the past several years and there is now a double roadway throughout the whole distance in Wayne County. All railroad grade crossings have also been eliminated.

At no time during their reconstruction period has traffic been detoured off of Michigan Avenue. Negotiations are under way to widen the narrow grade separation with the Pere Marquette Railroad at the westerly limits of Wayne, which makes a bad bottle neck at the present time. Negotiations are also in progress with the State Highway Department to widen, reconstruct and change the grade of the old roadway where it does not now conform to the new standards.

Having been completed on the Telegraph road to Base Line road in Oakland County and will connect with the new pavement and right of way now under construction in Wayne County, between Base Line (Eight Mile) and Seven Mile roads. Telegraph road has its northern terminus north of Pontiac on the Dixie Highway and when the mile section is completed in Wayne County, will afford a fast short through route to Toledo from Detroit and Wayne County.

Detouring the congested streets of Detroit, the grades are to be superimposed between Base Line 204 foot Superhighway and Telegraph 204 foot Superhighway, stated Mr. Hines.

Women Hear New State President

BUSINESS AND PROFESSIONAL WOMEN'S CLUB HEAR MARY BRUMFIELD.

Twenty-four members of the Business and Professional Women's Club held their second informal meeting of the summer at the home of Irma Eckles, president of the Club, on Tuesday evening, August 19th.

No business meeting was called nor special program arranged but as a delightful surprise for the members, the business had invited Mary Brumfield, our new State President, and her friend, Mrs. Severance, both members of the Royal Oak Club, to be present.

Miss Brumfield talked very interestingly on many subjects of interest to the Club, and as on all former occasions, when she had been a guest of the Plymouth Club, inspired the members with new interest and loyalty.

It has been discovered that many of the business and professional women of Plymouth are exceptionally good cooks and a number of them had an opportunity to exercise their talents on this occasion when a delicious dinner was served by them at seven o'clock.

The first regular meeting of the Fall season will be held on September 15th. It has been discovered that many of the program. It is hoped that all members will be present.

Invites Poultrymen To Hatchery School

Hatchery men and others interested in poultry are invited to attend the sixth annual hatchery school which will be held at Michigan State College, September 15 to 19 under the direction of the College poultry department.

This school is becoming increasingly popular with Michigan poultrymen who use the yearly slack period in their industry to check up on the latest developments in their business. The school had an attendance of 165 last year.

The course of study includes not only work on problems of hatching but also such related subjects as the selection of breeding pens, the use of proper ration to insure the health and ability of eggs, the relation of moulting to egg production, and the control of poultry diseases.

Dr. R. M. Bethke, Wooster, Ohio, and Professor C. W. Carrick, Lafayette, Indiana, will assist members of the Michigan institution in instructing the classes during the week.

National authorities in the livestock field will speak at a special program on tuberculosis control which will be given Friday, September 19. Dr. J. R. Mohler, Washington, D. C.; H. R. Smith, Chicago; and Dr. L. VanEs, Lincoln, Nebraska, have already agreed to talk to the poultrymen at that time.

Kiwanians Hear Harry S. Toy

Tuesday noon at the Mayflower, Harry S. Toy, candidate for Prosecuting Attorney, addressed the Kiwanians Club on the above subject. He stated that Detroit and Wayne County are facing the fact that crime is organized and has become a big business. He advocates a permanent Grand Jury to deal with the situation and cited the success of the Cleveland Grand Jury in suppressing crime in that city.

The Grand Jury is ready at hand to be employed in the fight which must be made. It is a strong net to catch up law violators. No matter how well concealed or how well entrenched the criminal, the Grand Jury is capable of reaching him. The big operators, the men behind the scenes, are as vulnerable before a Grand Jury as the rogues, the tools who work in the open. With a Grand Jury we may dig out the roots of crime and vice.

Mr. Toy presented these statements in a very convincing manner. It is interesting to know that the late Jerry Buckley was a strong advocate in favor of Mr. Toy.

A. E. Baskwell had charge of the program and his son and daughter rendered several selections on the violin and piano in a very pleasing manner.

Matevia-Birch

A quiet wedding took place last Saturday evening, August 23, at six o'clock, at the home of Mr. and Mrs. D. D. Birch, when their daughter, Marjane G. was united in marriage to Clyde J. Matevia, son of Mrs. Frank Westfall, Rev. Frank Purdy of Newburg, performed the ceremony in the presence of the immediate families.

Plan Elaborate Celebration Nov. 11

LOCAL LEGION POST WILL STAGE BIG DANCE NOVEMBER 11TH.

Armistice Day, the holiday that brings fond memories to the veterans of the World War, will be celebrated in Plymouth this fall as was the first Armistice Day way back in 1918 when the entire western world went wild with glad at the big news that the conflict had ended and victory was won.

The local legion post will sponsor the event which will be known as the "Victory Ball" and the committee in charge promises the public something unique in the way of a party where the anniversary of the big day upon which the war was brought to a close can be fittingly celebrated.

Complete details have not yet been worked out, but the coming fall gives promise of being the high point of the social affairs of the approaching autumn.

Legion Post Elects Officers

The following Legionnaires were elected to office in the local Myron H. Reals Post at a meeting held last Wednesday night in the council chambers of the City Hall:

- Commander—C. Donald Ryder
- Sr. Vice-Comdr.—H. W. Joffe
- Jr. Vice-Comdr.—A. K. Brockelhurst
- Adjutant—F. G. Eckles
- Sgt.-at-Arms—John Straub
- Welfare Officer—H. J. Brisobols
- Historian—A. J. Richwine
- Chaplain—Oscar Alsbro

The newly elected officers will be duly installed in their posts at a public dinner meeting of the post which will be held September 24th.

ENTERTAIN AT DINNER

Rev. and Mrs. S. Conger Hathaway, Ailton, entertained Tuesday evening, August 26, at a rehearsal dinner at their daughter, Alice Elizabeth Hathaway, and her fiancé, Carl Joseph Scheffler of Ypsilanti, whose marriage is to take place September 3rd. Covers were laid for fifteen. Those present from out of town were: Mr. and Mrs. Francis W. Hathaway, Miss Yvonne Falconer, George Scheffler and Mrs. Helen Korb of Ann Arbor, and Mrs. Allen Stiles of Ypsilanti; Mr. and Mrs. Harold F. Koch and Mrs. Alben Mears of Dearborn; Dr. Charles J. Manby and daughter, Barbara, of Battle Creek; Miss Helen Korb of Ann Arbor, and Mrs. Loren Edmunds of Bedford.

Mrs. Goodwin Crumble was hostess to several guests at a luncheon Wednesday afternoon, in her home on Arthur street.

HOW WE'VE GROWN

Uncle Sam has counted the noses of his big family and now he is giving out some figures. He says there are, by the 1930 census, exactly 122,728,873 people in the United States, subject to a slight deviation one way or the other when a final official check-up is made. But it will not be changed to any noticeable extent. We can begin now to say we live in a nation of 122,000,000 souls and be correct. But we happen to have some sons and daughters in the Philippines and other outlying possessions that we inherited as a result of the Spanish-American war. Counting them in, there are 137,501,561 people living under the Stars and Stripes. We have grown 17,000,000, inside the states, in ten years. So now the Plymouth citizen who wants to figure out how long it will be before we are crowding each other into the ocean can go ahead and make his estimates.

THE WORKERS

September brings a holiday that is generally endorsed, even though it may not be generally celebrated. Labor Day strikes a note of approval with every worker, whether he is identified with the organized labor movement or not. Here in Plymouth where the laboring man is not as a rule identified with an organization of his craft, he nevertheless feels there could be no nobler sentiment than setting aside a day each year on which the nation can pay tribute to its greatest asset—the man who earns his bread by the sweat of his brow. Labor Day is not a time for honoring organized workers only. It is a good time to honor every man who works and produces and thus insures this country's future.

We have far to go yet before we have produced enough to meet the demands of our own people. There are still over 7,000,000 families in the U. S. without autos. In our cities alone, not counting the farm population, there are over 4,000,000 families without bathtubs; over 3,000,000 without kitchen sinks or plumbing of any kind; over 13,000,000 without telephones; over 20,000,000 without radio sets and over 4,000,000 living in homes not wired for electricity. Add to this the millions on our farms who are sooner or later going to be in position to secure these things, and you have even then only a faint idea of what labor must produce to take care of the needs and desires of our own people.

The celebration of Labor Day should mean much to every one of us, whether we live in city, town or on the farm. It helps to keep before the world the important fact that the most important citizen of the nation still is "the man in the overalls." He built it; he has maintained it, and its future rests on his shoulders.

BETTER WATCH THIS

Two cases of quick death resulting from the sting of insects were reported in a single day recently from two widely-separated sections of the country. And while newspapers generally are warning their readers of the deadliness of the innocent-looking little honey bee it appears timely to broadcast a similar warning to citizens of Plymouth and the surrounding community.

In both of the fatalities chronicled, death came when the drivers of cars were attacked by bees that had been swept in through an open window. So painful was the sudden sting that each driver lost control of his car. In both instances they met death when the machine left the road and overturned. And in both instances other passengers were painfully hurt.

In the life of a motorist it's the little things that count. A little rain on the road; a little dust or fog; a little brighter light on an approaching car than is necessary; a little too much speed at a curve or over the brow of a hill—or a little honey bee—any one of these can quickly result in a fatal accident. There possibly is no way to prevent the bee flying into the car through an open windshield or window. But it is possible to reduce speed at all times to a point where it would be easier to stop the car while it is still on the road in the event the bee should make use of its stinger. And besides, reduced speed may serve to prevent mishaps from other causes.

THE STORY OF KRAUT

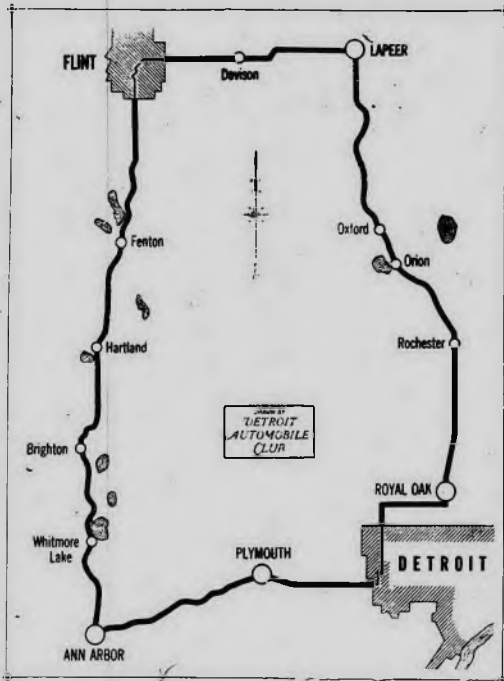

Sauerkraut and printer's ink makes a funny combination. But it has proven to be a valuable one. Not so very long ago kraut was just a lot of cabbage ground into shreds and put through an old method of fermentation. Then someone looked a little closer and found that kraut is one of the greatest health foods on earth. Doctors began to recommend both kraut and the juice of kraut, and big concerns began to can it. They also saw the possibility of advertising it—not as something that was merely good to eat but as the greatest strength and body builder that can be taken from the soil. The advertising hit the spot. More kraut and still more kraut was needed to meet the increasing demand. Today it can be purchased, in cans, in any grocery store in the land—and it is purchased by millions of people where before only thousands ate it. Kraut, a lowly son of the vegetable family has become an aristocrat. Could there be any better example of the power of printer's ink?

HIGHER POSTAGE

From present indications it isn't going to be long until there will be a big drop in letter-writing in this country. Away back in earlier years the government encouraged it because it helped to keep the people, then widely separated and with limited means of transportation, in closer touch with others. In those days mail was carried at a loss because it was a service so necessary that taxpayers were willing to have their money spent that way, and never insisted on a profit. Today it is different. Millions of letters are mailed every year that do not mean anything except to sell goods for someone. The senders make money, but Uncle Sam loses it carrying their mail. Now Postmaster General Brown is ready to ask the next congress to raise letter postage to 2½¢, or a half cent more on each letter than at present. It will not mean much to the average patron of the Plymouth postoffice, but it will serve to cut down the amount of unnecessary mail sent out by business concerns. And the reduction in volume will, it is predicted, enable the postal department to do something it has never done since it was founded—meet the expense of operation. To the private citizen it looks sensible.

Have you a lot or home to sell or exchange? Why not let the people of Plymouth and surrounding territory know about it—advertise it in the Want Ad Columns of the Mail—the cost is little, the results are big. Just bring the ad in or telephone number 6 and ask for want ad taker.

A 150-MILE LABOR DAY TOUR

One hundred and fifty miles of scenic highways that wind their way along the shores of picturesque inland lakes, through quaint villages and busy cities and through rolling farm land, have been logged as an ideal summer tour by Marie Johnson, manager of the Plymouth Division of the Detroit Automobile Club.

The entire trip is via paved roads and excellent gravel highways and offers the tourist opportunities for stopovers at almost any point along the route.

The motorist leaves Plymouth with Plymouth road, U. S. 12, which is followed west to Ann Arbor, home of the University of Michigan.

The tour leaves Ann Arbor by way of U. S. 23 which crosses the Huron river and leads north through the village of Whitmore Lake and on to Brighton. This section is dotted with popular resort lakes and just south of Island Lake is the Dodge Brothers State Park No. 1.

From Brighton, the motorist continues north passing Parma Lake and Long Lake, through the village of Hartland and to Fenton. Just east of this village is another group of popular lakes. After passing along the shore of another Long Lake, the route leads to Flint.

Flint is one of Michigan's automobile manufacturing cities. It was the birthplace of General Motors Corporation. In its early days, Flint was a lumbering center and manufactured buggies, wagons and road carts. It is now second only to Detroit in the automobile industry.

The tourist leaves Flint with M-21, which follows west through Davison, along the shores of Potter Lake and on to Lapeer. Here the route turns south at the intersection with M-24 and this highway follows through a scenic section to Hunters Creek, Metamora and Oxford. Next en route comes Orton. The road between these two villages is through another lake area and the entire countryside is literally dotted with large and small bodies of water.

At Orton the route leaves M-24 and the motorist turns left onto Orton road, a gravel highway which leads through Goodson and on to Rochester. Here the route joins with Rochester road and follows south through Council Corners and on to Royal Oak.

Next the motorist turns right at the Ten Mile road which is followed west to Redford road. Here a left turn is made and the tourist follows this latter highway to Plymouth road where the route turns right and U. S. 12 leads west to Plymouth.

Kent Has Won His Spurs

It should encourage Wayne County voters to know that Mr. Allen W. Kent is a candidate for prosecuting attorney. As an assistant in that office he has handled more than 2,000 cases for

Prosecutors Bishop, Voorbles and Chenot. He has tried every crime known to the law, except treason. He won the first conviction in this country, as far as has been learned from the records, on finger print evidence alone. On five different occasions he has secured convictions for murder against the combined defense of three able lawyers. In another case he not only convicted a notorious bandit, but got all his witnesses for perjury on a fake alibi. No bank bandit has escaped when he was prosecuting and no confession taken by him has ever been excluded by a court of record. He also initiated and won the test case that affirmed the right of women to sit as jurors, though the opinion that the jury system has been thereby improved is not unanimous. At any rate, Wayne County is offered in Mr. Kent a prosecutor who knows his onions; and such competent and experienced officials are all too rare.—Detroit Saturday Night, July 19, 1930.—Adv.

Allen W. Kent

Dad Plymouth says it's possible for a bald-headed man to be a failure even though he has come out on top.

Miss Merinda Pierson is taking a trip to Old Point Comfort, Va., on the new Pere Marquette 'Million Dollar Sportsman.'

Jennings Kincaid, Miss Eloise Kincaid and friend of Montgomery, W. Va., were Plymouth visitors several days last week.

Mr. and Mrs. Fred Lee and Mr. and Mrs. Robert Lee returned home Thursday from a tour through the East, visiting Washington, Atlantic City and other places of interest.

The Washtenaw County Fair at Ann Arbor, is on this week. The fair opened Tuesday, August 26th, and ends Friday, August 29th. Many from Plymouth have been attending.

The Hix family reunion will be held at the home of Russell Trowbridge, three miles north and west of Cherry Hill, on Saturday, August 30. It is hoped all members who can possibly do so will be present.

Twenty-three friends of Clark Mackinder of Newburg, helped him to celebrate his 76th birthday last Sunday. A delicious lunch was served at noon. It was a very enjoyable occasion for all and his friends wished him many more happy returns of the day.

Marcellus Kinyon celebrated his eightieth birthday Tuesday, at the home of his sister, Mrs. E. K. West, in Highland Park. Mr. and Mrs. Sherill Ambler of Northville, and Mr. and Mrs. Clifford Cline of this place spent the evening there. Mrs. Ambler and Mrs. Cline are daughters of Mr. Kinyon. Music and cards were the entertainment of the evening.

TWO SHOWS EACH NIGHT
7:00 AND 9:00

"Optimism Will Win Again"

THIS is the note among skilled observers who have been watching business conditions in America for several months past. It is the note that business men should carry into their daily contacts.

Improvements, even though slight, are reported in some of the leading trade indicators. The unfounded hysterical condition which has prevailed for some months, is showing signs of subsiding.

Business on a sound foundation—business backed with skill, with vision and with courage—can look to a "silver lining" in the future.

Tigers Sign Hurler

From the Davenport Baseball club to the big-time Detroit club is the major operation just performed by Fred Borgman who has been under the eagle eyes of the scouts for the past several weeks. Borgman is a right-handed moundsman.

MERCHANTS DEFEATED BY FARMERS

Plymouth, with the Tool Shop's crack left hander, together with Du-Gray and several others from the Tool Shop line-up, was defeated by the Farmers 10 to 8, at the Northville Fair grounds last Thursday. Plymouth, in the second, scored four runs on two triples, one single, a base on error and an error by Giles. In the second, on an error by Freydl and triple by Loeffler they scored one. In the third the farmers, on a triple, a double and a sacrifice fly, scored 2, and in the third scored three on four singles, two bases on balls and one sacrifice fly, tying the score. Then came back in the sixth and scored two on three singles and a sacrifice fly.

2 Eagles At Meadowbrook

Two eagles were made at Meadowbrook Country Club last Sunday. Harry Lush made an eagle 2 on No. 18, 340 yards. He shot an even par on the nine holes, 36.

General Provisions Of 1930-31 Hunting Laws Of Michigan

The Mail is pleased to announce the general provisions of the important game laws of the State of Michigan for the season 1930-31:

Hunting:
All persons over seventeen years of age must secure from the Department of Conservation, county clerk, or conservation officer, a license to hunt and trap any birds or animals, found in this State. Buton furnished with license. License must be inserted in button and button worn on lapel of coat in plain view while hunting.

This and that In Sports

By The Mail Sports Editor

It is unlawful to hunt for or kill game birds or animals in Township of Grosse Ile, Wayne County.

Eddie Tolan, University of Michigan, retained his title in the 100-yard dash at Pittsburgh last Saturday at the crowning of Senior champions.

Plymouth Hills Golf Club is the name of a new golf course opening this Saturday one and one-half miles west of Plymouth on the West Ann Arbor Road. It is a nine-hole course and has a total of 3085 yards.

Detroit was selected as the scene of the 1931 public parks tennis championships at a meeting of the National Public Parks Tennis association. The choice is subject to approval of the United States Lawn Tennis association.

Darvon, Ohio will be the home of the grand American trap shoot handicap at the permanent home of the Amateur Trap Shooters association in Vandalla until 1939. That decision has been reached by delegates attending the annual trapshoot meet at Dayton.

Lloyd Brazil, newly appointed business manager of athletics at the U. of D. announced that the sale of football tickets are now on sale. Brazil said that tickets for all games of the 1930 schedule could be reserved by writing, telephoning or visiting the office of the Athletic Association, which is located on the campus at Livernois avenue and Six Mile road.

Completion of the organization of an International Bowling League, embracing eight teams from the Border Cities and Detroit, has been announced. The league will make its headquarters at the Wyandotte Recreation Alleys in Windsor. Opening of the league program is scheduled for Monday, Sept. 22. Games are planned each succeeding Monday night, with a tentative program of 16 weeks of bowling.

Jack Wood, driving his Michigan Kid, Sunday won the Michigan State (Class B, division 3, outdoor) championship at Trenton. Wood now holds the Michigan, Ohio and world's championships for the class. Russ Fondres, of Pontiac, was second to Wood on Sunday and George Middlebrook, of Lansing, third. Wood now plans to thoroughly recondition his hot and motor in preparation for the Hartsworth regatta.

Nethem Wins Easily

Horvath led the heavy hitting Merchants down with seven hits and deserved a shut-out, but for the five errors that gave the Detroit boys five unearned runs. Horvath got ten on strikes, and in the sixth inning he struck out the side on ten pitched balls.

Nethem started the game off with a bang. A Rebitzke walked; Schultz singled, but was forced at second on John Schomberger's grounder to second, and H. Rebitzke flied out. Then H. Horvath singled to center, scoring A. Rebitzke and John Schomberger. R. Levandowski walked, and all runners were safe when Glege threw the ball late to third on Joe Schomberger's bouncer to the box. With bases filled, H. Horvath scored, and the other runners advanced when Glege made a wild pitch. R. Levandowski and Joe Schomberger scored on T. Levandowski's hit to center. W. Horvath ended the inning with a weak fly.

Sad at Failure to Buy Lopez

EVEN a fox makes mistakes some times. Step into the sumptuous office of Clark Griffith, president of the Washington team, above all the papers off his desk, stare intently into his eyes for a few moments and, with a sweeping flourish, snarl: "Lopez!"

This will be enough. Wait not for Mr. Griffith's answer. It is by custom bound to be identical with the first few words that greeted you, viz.: "Even a fox makes mistakes some times."

For Mr. Griffith at one time was afforded an excellent opportunity to make Brooklyn's Al Lopez a Washington player for the rather tiny sum of \$10,000. But Mr. Griffith, the sage, had no more than half that jingle to toss away for a bright young fellow like Al Lopez. A man who is accustomed to exchanging Goellins for Manushes and Crowders isn't the sort who would risk a hundredth of a million dollars on promising backstop material, it seems, so today Mr. Griffith will tender you the plea about the "fox" when you heckle his faux pas.

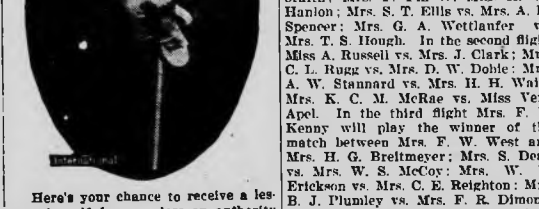

At sixteen Lopez tripped over the sandlots to the Tampa team of the Florida State league where he served as regular catcher. This was in 1925 when he hit .270.

During 1926 Lopez hit .317 with Tampa. Jacksonville had him drafted their way at the termination of the season for only \$750. With them Al slumped to a batting average of .250 but his backstop-pink rated backslapping so the Brooklyn Robins sent their man after him and for the \$10,000 Griffith had deemed a fortune, secured his services.

Lopez didn't know what all the shooting was about. True, he had rural promise, but was ignorant as how to capitalize upon it in big time. Uncle Robbie came to his rescue and shipped him south again.

From Macon to Atlanta was Lopez' route. In the latter location Al hit .327 in 1928 and hit for the same average the following year.

Today Lopez is a sensation with the Brooklyn Robins. Not alone is Al the most youthful regular mask-manipulator in the big leagues; he is one of the best.

Here's your chance to receive a lesson in golf from no less an authority than Horton Smith himself. The illustration shows the proper driving grip as advocated by Smith. The club is held lightly in the fingers—not in the palm of the hand. The back of the left hand must be up and the fingers of the right hand must be showing.

Plymouth Playground League

Todds All Stars defeated the Robinson Sub. team last Monday night, 10-8, in the first game in the play-off of the Plymouth Playground League.

Sports Calendar

Sunday, August 29—De-Ho-Co vs. Hamtramck at De-Ho-Co Park.
Sunday, August 31—Western Wayne County League—Brightmoor at Dearborn; Inkster at Hand Community; Garden City at Lincoln Park; Cardin-Garden at Dearborn; at Delray, open date.
August 29, 30—Detroit at St. Louis.
August 31, Sept. 1, 1—Detroit at Chicago.
Sept. 4, 6, 7—St. Louis vs. Detroit at Navin Field, Detroit.
Sunday, August 31—Nethem vs. Tireman A. C. at Newburg.
Tonight, Friday, August 29—Todds vs. Masons.

Star Cager

DE-HO-CO WINS 12 TO 2 FROM HAGGERTY

Hartner held the hard hitting Haggerty A. C. to five scattered hits and two runs in the final game of the Wayne County Fair grounds Saturday for the Square Deal Miller trophy and purse, which was given by the fair association.

FIRST INNING: De-Ho-Co—Hammond, the first man up, singled to right. Destefano sacrificed, Hammond taking second. Jaska flew out to Smith. Martin tripled to deep right, scoring Hammond. Giles singled short, scoring Martin. Lazor popped up to Smith. 3 hits, 2 runs, 0 errors.

Haggerty Athletic Club—Hartner struck out. Atchison and Simmona Hammond pulled down Finnigan's long fly to deep center. 0 runs, 0 hits, 0 errors.

SECOND INNING: De-Ho-Co—Smith the first man up, singled. Daugherty singled, Smith taking second. Hartner sacrificed, Smith taking third. Daugherty taking second. Hammond hit a sacrifice fly to Beauchamp. Smith scoring, Daugherty taking third. Destefano singled, scoring Daugherty and taking second on Stone's error. Jaska tripled to left, scoring Destefano. Martin walked, stole second. Giles' slow roller went for a hit, scoring Jaska, and when Stone fell and threw wild to first, Martin scored. Giles taking second. Lazor grounded to Kruger. 5 hits, 3 runs, 2 errors.

Haggerty Athletic Club—Hartner

Purse Events Are Over-night Races

Entries in the eight purse events which surround the seven stakes and make up the Michigan State fair race card, September 1 to 5, will be overnight.

These events are for 2:24, 2:23 and 2:20 trotters and 2:24, 2:22, 2:20 and 2:18 pacers and carry \$800 apiece.

There are seven early closing stakes on the program which have attracted some of the best of the minor circuits horses.

BASEBALL AT NORTHVILLE FAIR

The baseball games at the Northville Fair resulted as follows:
Thursday—De-Ho-Co vs. Plymouth Merchants, 10 and 8 in favor of De-Ho-Co.
Friday, Haggerty A. C. vs. West Point, 4 and 3 in favor of Haggerty A. C.
Saturday—Haggerty A. C. vs. De-Ho-Co, 12 and 2 in favor of De-Ho-Co.
At Perrisage, Ohio State hurdler, dropped out of the Amateur Athletic Union games at Pittsburgh, just before the program started, to get married.

Additional Sports News will be found on page Seven.

1930-31 Muskrat Trapping Laws

The Mail has been asked to make known the laws and regulations covering the trapping of muskrats for this season.

The regulations governing the taking of muskrats for 1930-31 were passed upon by the State Conservation Commission at its June meeting. They differ little from those of last year. The State is divided into three zones for trapping. The Upper Peninsula where the trapping season runs from Nov. 1 to 30; in the Lower Peninsula north of the north line of Township 16, north and west of Saginaw Bay, from Nov. 15 to Dec. 15, and in the Lower Peninsula south of the north line of Township 16 and of Saginaw Bay, including the Thumb, from Dec. 1 to 31. Muskrat can only be taken by trap, shooting is prohibited. Mink can only be taken during the respective open muskrat seasons. This has been changed from last year, when the mink season was wide open.

PERRINSVILLE

(Too late for last week)

Miss Leona Beyer, of Detroit, spent Monday and Tuesday at the home of her father and grandparents.

William Beyer spent Tuesday shopping in Detroit.

Miss Margaret Kyble attended a picnic at Belle Isle, Friday.

Mr. and Mrs. Henry Coleman of Coleman, Florida, visited a few days last week with Mrs. Coleman's sister, Mrs. Peter Kyble.

Mr. and Mrs. Howard Baehr of Garden City, spent Saturday evening with Mr. and Mrs. Peter Kyble.

There was a good attendance at church Sunday. Rev. Purdy gave a

fine sermon, taken from the book of Ruth. Sunday-school will be held at 11:30 instead of 9:30; church at 10:30. Mr. and Mrs. Peter Kyble and daughter, Margaret, and Henry Sell spent Sunday with relatives at Ypsilanti.

Times haven't changed much. Older Plymouth citizens tell us that there was just as loud complaint about the high cost of living in the days when the grocer would stick an Irish potato on the spout of the coal-oil can.

If women only had as much faith in their husbands as they have in beauty treatments there would be fewer divorces in this country.

After all, the easiest way to get to the top is to go to the bottom of things.

White Broadcloth Used for This Sports Frock

Showing a chic sports costume, ultra feminine in detail, of sparkling white broadcloth, featuring the scalloped neckline and the scalloped topped white pleats. The belt buckle is at the side and the hat—with scallops, too—is of green.

Some Plymouth wives are more anxious to brag about what they have bought with their husband's money than they are to be able to brag about the husbands themselves.

Have you read the want ads today?

OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Michigan, August 4, 1930

A regular meeting of the Village Commission held in the Commission Chamber at the Village Hall, August 4, 1930 at 7:00 p. m.

Present: President Robinson, Commissioners Kehrl, Hoyer, and Wiedman.

Absent: Commissioner Mimmack.

The minutes of the regular meeting held July 21st, were read and approved.

This was the time set for the opening of bids upon a proposed three car garage to be erected at the municipal yard on Ancha Street. Upon motion by Comm. Kehrl supported by Comm. Wiedman the Clerk was directed to open the bids received.

Following are the quotations submitted for the work:

L. D. Tallman	\$365.00
Clifton Gottschalk	305.00
Goodwin R. Crumley	299.70
Henry J. Fisher	279.90
Ernest Rossow	265.32

It was moved by Comm. Hoyer supported by Comm. Kehrl that the contract be awarded to Ernest Rossow upon the basis of his low bid of \$265.32. Carried unanimously.

Mrs. Alonzo Elliott, 205 Roo Street, called the attention of the Commission to the fact that in 1928 they were assessed and had paid taxes upon property not belonging to them, due to an error made by the assessor. She requested that the Commission correct the error by authorizing the refund of the taxes thus erroneously assessed.

After some discussion of the matter it was moved by Comm. Hoyer and supported by Comm. Kehrl that the matter be referred to the Village Attorney for his consideration and recommendation to be presented at the next regular meeting. Carried.

The question of the disposition to be made of excess dirt to be removed from South Harvey Street in the process of grading was raised by Herald F. Hamill, contractor. He reported his inability to find a suitable place near by for the deposit of this excess dirt; but that at a cost of 10c per yard he could haul same to the south end of South Harvey Street or to the Village dump on Burroughs Avenue. In either location the dirt to serve a useful purpose. It was moved by Comm. Wiedman supported by Comm. Kehrl that the contractor be authorized to thus dispose of not to exceed 800 cubic yards of surplus road dirt at 10c per cubic yard. Carried.

The report of Judge Oliver Loomis for the month of July was presented by the manager. Upon motion by Comm. Kehrl supported by Comm. Hoyer the report was accepted and placed on file.

The manager recommended that the Commission authorize the grading of Sunset Ave. for a distance of 170 feet northward from Farmer Street, said grading being necessary to provide access to improved property on Sunset Ave. just north of Farmer Street. Sidney D. Strong, engineer, reported the cost of this grading as not to exceed \$80.00. It was moved by Comm. Hoyer supported by Comm. Wiedman that the recommendation be accepted and the grading of this portion of Sunset Ave. authorized at a price not to exceed \$80.00. Carried.

The question of authorizing the surfacing of So. Harvey Street from Brush St. to Golden Road with crushed stone was raised for discussion. After considerable discussion of the merits of this type of road surface, and in recognition of the request of abutting property owners that So. Harvey St. be surfaced with crushed stone, it was moved by Comm. Hoyer and supported by Comm. Wiedman that the Commission approve of the use of crushed stone upon So. Harvey St., and that the Clerk be directed to advertise for bids for the necessary material delivered to the job, said bids to be accompanied by a sample of the stone, and to be opened at the next regular meeting of this Commission. Carried.

The following bills were approved by the Auditing Committee:

Plymouth United Sav. Bank	\$0,130.00
Plymouth Mail	29.75
G. W. Richwine, Treas.	5.45
H. A. Sage & Son	1.00
Sidney D. Strong	630.00
Strong & Hamill	148.50
C. V. Chambers	5.50
Crane Co.	783.59
Detroit & Security Tr.	393.00
the Fish Tank Co.	29.08
Peerless Hine Drink Co.	18.40
Sanitary Products Corp.	19.60
Standard Oil Co.	10.29
Fred Wagenschutz	10.00
Conner Hardware Co.	14.96
Corbett Electric Co.	3.10
Harry H. Gottschalk	6.50
W. R. Hubbell	7.00
Tipton & Co.	8.07
Jewell & Blach	3.99
Mich. Bell Tel. Co.	21.00
H. R. Penhale Co.	120.00
Plymouth Auto Co.	.90
Ply. Buick Sales	11.05
Plymouth Elevator	877.75
Plymouth Lbr. & Coal	90.97

Total \$12,381.42

The following checks written since the last meeting were also approved:

Administration Payroll	\$ 561.25
Cemetery Payroll	151.85
Fire Payroll	129.00
Pere Marquette Ry. Co.	170.24
Police Payroll	272.72
Labor Payroll	1,110.70
Burt Brandie	15.23

Total \$2,410.99

Upon motion by Comm. Hoyer supported by Comm. Wiedman bills and checks were passed as approved by the Auditing Committee.

Upon recommendation of the Treasurer it was moved by Comm. Kehrl supported by Comm. Hoyer that the President be authorized to renew the warrant of the Treasurer for the collection of general Village Taxes for a period of thirty days without penalty. Carried unanimously.

The Treasurer called attention to the fact that through a clerical error the Ford Motor Company had been over-assessed upon the 1930 general tax roll in the amount of \$500, resulting in an overcharge of taxes in the amount of \$6.75. It was his recommendation that the Commission authorize a refund of the overassessed \$6.75 as a means of correcting the error. Upon motion by Comm. Kehrl supported by Comm. Hoyer the recommendation of the Treasurer was approved and the check ordered issued.

The Treasurer likewise called attention to a clerical error in the tax roll which resulted in Robert Elshie, being over-assessed in Village taxes to the amount of \$148.80. It was his recommendation that a refund check be authorized as a means of correcting this error. Upon motion by Comm. Kehrl supported by Comm.

The KITCHEN CABINET

The world which clouds thy soul with doubt is but a carpet inside out. It's when we view these shreds and ends we know not what the whole intends: So when on earth things look but odd, They're working out some scheme of good. What now seem random strokes, will there in order and design appear. Then shall we praise what here we spurned: For then the carpet will be turned. —Metropolitan Life.

SUMMERY DISHES

As the fresh mushrooms come into the market or one picks them in the fields, there are many ways of using them as a garnish and flavor for different dishes:

Spinach Mold.—Cook spinach until tender in just the water that clings to the leaves. A very few minutes will cook spinach if cooked in a large utensil with plenty of heat under the surface. Over-cooking any vegetable destroys not only its flavor and vitamin content, but also takes out the color which is so attractive in any dish. Drain and chop fine, season well with butter, salt and a few dashes of pepper. Pack tightly into a ring mold and keep hot over water. Unmold and fill the center with:

Creamed Mushrooms.—Melt three tablespoons of butter, add four tablespoons of flour, one-half teaspoonful of salt; when well blended add two cupfuls of rich milk and cook until smooth. Add three hard cooked eggs cut into slices and two cupfuls of fresh mushrooms that have been sliced and sautéed in butter for five minutes. Serve very hot. No one has yet refused spinach served in this charming way.

Aspic Jelly Salad.—Soak one tablespoonful of gelatin in cold water using one-fourth of a cupful. Heat one pint of chicken stock or canned chicken broth, add the softened gelatin and stir until it is well dissolved. Pour into a ring mold which has been rinsed in cold water. When cool place in the refrigerator to become firm. When ready to serve unmold on crisp lettuce and fill the center with cabbage or any salad mixture. Garnish with strips of pimiento.

ARTHUR E. WHIPPLE, Attorney, 3201 Barlow Tower, Detroit, Michigan

COMMISSIONER'S NOTICE

No. 16142

In the Matter of the Estate of RUSSELL A. WINGARD, deceased.

We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at the north end branch of the Plymouth United Savings Bank in Plymouth, in said County, on Saturday, the 4th day of October, A. D. 1930, and on Tuesday, the 4th day of December, A. D. 1930, at 2 o'clock P. M. of each of said days, for the purpose of examining and allowing said claims, and that four months from the 4th day of August, A. D. 1930, were allowed by said Court for creditors to present their claims to us for examination and allowance.

Dated, August 4th, 1930.

FRANK PIERCE, ALBERT GAYDE, Commissioners.

Quality Lumber

is essential in every building proposition. We suggest our quality lumber and building material be used in your grain bins, corn cribs, board fences, barn floors, silo chutes, shed roofs, feed racks, petitions, and all other farm repair jobs. Your homes can also be insulated and remodeled, a spare room added, a new roof put on, the basement finished. Phone us for estimates, this service is free.

LADDERS

are needed in the fruit picking season. See our complete stock of first class ladders. Prices are right.

KEEP WARM NEXT WINTER

by burning our famous Blue Grass and Cavalier coals. Order your bins filled, the coal is guaranteed.

THE SECRET

as this woman explains it, of making such good things to eat is due in great part to the use of PEERLESS FLOUR. Get a bag and try it for yourself. You will be surprised at the results you can obtain.

FARMINGTON MILLS

Rosedale Gardens

By J. W. WALKER

The secret is out! And guess who? We are training a few of our young men and ladies to take the place of our late beloved champion at tennis. It, and when, or possibly after it rains, we are going to see what can be done about the tennis courts. As there is no set regulation for the ground surface, we are going to do something. This something will be decided upon within the season.

Miss Marion James, 9011 Ingram Ave., entertained last Monday afternoon after receiving the felicitous returns on the occasion of her eighth birthday, from her many little friends. The ever present ice cream was the feature of the feast that Mother James had prepared for the kiddies.

We are pleased to hear of our friend, E. K. Bennett's recovery from recent serious illness. Mr. B. is again smiling at the corner office in the Savings Bank.

Lloyd B. Huron and Sons Co., Inc. (Willis & B) have returned from the northern wilds. One of the young Gardenites did not believe that "it" was returned until she ran behind the dog store to see if the family Chevy was there, which it was. No doubt Virginia, with her chums, Judith and Sara, went south on Blackburn to spread the news of the return of the missing.

The old fashioned pastime of peanut cracking has been indulged in the last few evenings by assembled Butter-milkers and others, till the parade grounds from Blackburn corner west looks like the monkey parade hardly the zoo.

This trackless trolley business seems to be bobbing up again. It seems as though all the political and civil gov't. at Detroit are busy with this "will you or will you not Bowles." Instead of getting down to business. Maybe somebody is mad because they couldn't use those pretty tickets that they had printed. Anyhow, however, we still can use Chester & Co. bus line, "a nice" Boys and girls are visiting the boot-shoppers and shoemakers this week

in preparation of making "a good impression" the first day of school the coming Chewsdee. We particularly notice one lad who had his pockets all sewed up. Inquiring the why of closing the pocket edition filing system, it is reported he carried everything from a field mouse and garden snake to an alarm clock therein last semester; these things had a habit of going off at the most impudent moment, so Miss Margaret had to suggest something, and it was it.

Mr. and Mrs. Frank Bock have been motoring way up 300 miles from nowhere, which is why the kiddies hereabouts have missed Mrs. B. at the cone dept. of R. emporium.

Buttermilkers have been gathering about these cooler eyes, discussing the vicissitudes of life, the weather, cricket conventions and the like, when it was mentioned about election day, as of 9-9-30. We all decided it was about time for all good Gardenites to get out and vote. This is the election that the "Recall" made famous, as far as city folks go. So let us not have the same thing here; add the other thing—bring along the wife. In this same connection it is an old proverb come true, i. e., women's vote: "When they get what they want they don't want it." Which same says we "ditto," so all come out Sept. 9, all day.

Now that the apple trees at corner of Cranston and U. S. 12 have been stripped bare of fruit long before it was ripe, we would like to know just how some of the kiddies enjoyed the green apples, and if they had a good time at it. We could name a few off hand, just like that (snip) of several whose mas and pas made midnite calls on the medicine cabinet for Perry Goria, and Epsom Salz, ectetra. And that's that!

The Bonds are moving over in their new home. Gus and the motley color-ticians did the job up real nice, the only neglect being the painting of the "stoppers" round about the outside. But just wait till next summer!

An' next Monday is Labor Day and a holiday! As if the working men didn't have enough this year!

Mr. and Mrs. E. G. Brown, Sally and Jerry, of Herwick avenue are vacationing way, way to the northern wilds and visiting.

Overheard R. Hoff ordering some pencils, books and other things from a salesman the other day, and last but not least, sez he to the sales person, "Don't forget the erasers." Now it all comes to us quickly, after thinking it over—school opens next week, and whadda yuh do about that?

Mr. Al Rohde has busied himself all summer long, tidvating and painting and carpenterin and whatelse, so that the school house is like brand new. So all the boys and girls will have every thing nice and clean to start right in for a good nine months' work. Gee this has been the best vacation we ever did see—not a day to keep indoors on account of weather. What could have been sweeter? Check and double check same.

The giggling twins were separated for a whole solid week—can you imagine such a thing! Thought we were blind in one eye, or some thing, when we saw Frances coming along the walk beside herself, so looked twice to see, but no Marie. Marie has gone away to camp. Now cry.

Gus Rinnas and his gang are and have been, busy bodying out the old red brick store at the corner of Herwick, and promise to turn the tangerine into a nice soft light horse gray. Now it looks as if that corner would be busy once again. Surprise party there next week, so Milady Gardenite come along, baby buggy and all. Plenty of parking space, and bring the baby inside, as there will be something for everyone.

What is believed to be a world's golf record was established at Lansing Saturday afternoon when two members of a threesome made holes-in-one only two greens apart. Frank Fitzgerald laid his drive on the 145-yard No. 3 green and the hull rolled into the cup, while M. R. Berg evened things up on the 115-yard No. 5 green.

SPIRITUALIST MEETING

Friday evening, August 29, at 156 Liberty St. By Rev. Violet Louis of Detroit. All are welcome. 1p

Every time a wife develops political ambitions another husband has to learn to push the can-opener around.

The only known remedy for love at first-sight is second-sight—and that doesn't come until after marriage.

We do job printing.

There is nothing more appetizing and refreshing to serve with the main course of a dinner than:

Lemon Ice.—Make a sirup by boiling four cupfuls of water and two cupfuls of sugar twenty minutes, add three-fourths of a cupful of lemon juice, cool, strain and freeze. A little of the grated rind may be added to the sugar and water, which will give a flavor most people like.

Now that our strawberry season begins early in the year and ends after the ever bearing variety are seized by the frost, the strawberry season seems never ending. The most delightful of berries, it is a favorite when frozen in ice cream.

Strawberry Ice Cream.—Wash and hull one quart of strawberries. Sprinkle with one and one-fourth cupfuls of sugar mash and let stand several hours then squeeze through a jelly bag. Mix one and one-half cupfuls of rich cream with one and one-half cupfuls of milk the whites of four well-beaten eggs and one-eighth teaspoonful of salt. Turn into a freezer and freeze to a mush, using three parts of crushed ice to one part of salt, then add the fruit juice and finish freezing. The whites of the stiffly beaten eggs may be added with the juice, making the frozen mixture more delicate when finished. Serve in tall glasses with a large unbulled berry on top.

Orange Ice.—Make a sirup of a quart of water and two cupfuls of sugar as for lemon ice, add two cupfuls of orange juice, one-fourth cupful of lemon juice, the grated rind of two oranges. Cool, strain and freeze.

Sorbet.—Make a sirup by boiling two cupfuls each of sugar and water together for fifteen minutes, then add one can of shredded or grated pineapple, one-half cupful of lemon juice, one and one-third cupfuls of orange juice and one quart of spring water. Freeze to a mush. Serve in trapezoidal glasses.

Race Drivers DEMAND the TIRES WE SELL!

THE Indianapolis 500 Mile Endurance Race is famous as an endurance test and battle of tires for no driver can win this race who has tire trouble. He races over a hot brick track at a speed of 100 or more miles per hour. For eleven consecutive years Firestone Gum-Dipped Tires have been on the winning cars.

Firestone GUM-DIPPED TIRES

Hold All World's Records on Road and Track for SAFETY, MILEAGE, SPEED and ENDURANCE

- for eleven consecutive years have won the 500-mile Indianapolis Endurance Race.
- were on winning cars in Pike's Peak Race—where a slip meant death.
- were on the Studebaker Car which went 30,000 miles in 26-326 minutes on a board track at Atlantic City in 1928.
- were on the GMC Truck carrying a two-ton load that hung up the Coast-to-Coast Endurance Record.
- ran 71,851 miles on a Detroit Taxicab before the first tire was replaced.

FOR years the winner of the hazardous race of Pike's Peak climb—where a slip meant death—used Firestone Gum-Dipped Tires.

- THESE drivers do not simply choose Firestone Tires. They demand them. They know by experience that this tire never fails. It never fails because it is built not to fail by the special Firestone processes of tire building.
 - (a) Every fibre of cotton thread going into the making of the cord fabric, which is the foundation of the tire, is coated and cushioned in rubber by the Firestone patented Gum-Dipping process.
 - (b) Under the tread is the Firestone patented Gum-Dipped Double Cord Breaker—which means not only two extra plies where most needed, but also sets the Firestone Tire apart as an all cord tire, while others are woven fabric and cord.
 - (c) Firestone Super High Speed Tires now have 32% more rubber in the tread, giving deeper grooves that will give you over 50% more non-skid wear before the tire is smooth.
- THESE are not just features. They are basic differences in tire building proved by service on every kind of road and track.
- YOU may never intend to race. You may never intend even to speed. You may never climb Pike's Peak. But, every day—whether you know it or not—your life depends upon your tires.
- WE HAVE these Super High Speed Gum-Dipped Balloons for sale today. They are the same tires that the racing drivers demand—the premier tires of the world. Their first cost is low. Their cost per mile of service makes them cheaper today than even cheap tires. They are inexpensive, not only because the price of rubber is low, but because we have joined with Firestone to bring into the sale of tires the same degree of efficiency which goes into their manufacture. The benefit of all this is in the price to you.
- DRIVE IN TODAY. We will examine your tires and make you an allowance for your unused mileage. We can equip your car with new Firestone Super High Speed Tires at a much lower cost than you ever expected. They will give you unequalled service and satisfaction.

TRADE IN YOUR USED TIRES TODAY!

Bible School, 11:45 a. m.

ROSDALE GARDENS COMMUNITY CHURCH
Bible School, 9:45 a. m.
Morning Worship, 11:00 a. m.

Christian Science Notes
"Mind" was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, August 24.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For to be carnally minded is death; but to spiritually minded is life and peace" (Rom. 8:6). The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "As a material, theoretical life-basis is found to be a mis-apprehension of existence, the spiritual and divine Principle of man dwains upon human thought, and leads it to 'where the young child was'—even to the birth of a new-old idea, to the spiritual sense of being and of what life includes" (p. 191).

METHODIST NOTES
The first regular meeting of the Ladies Aid will be held in the church parlors Wednesday, at 2:30 p. m. The devotionals will be led by Mrs. Wm. Towle, and the out-going officers will be hostesses. Installation of the new officers will be conducted by Mrs. F. A. Lendrum. The work of the year will be presented by the president, and a general discussion and scope of the year's work will be led by the Circle Leaders.

CATHOLIC NOTES
Sunday is the last Sunday of August. Father Lefevre attended the funeral of the late Mrs. C. Hurst, mother of Rev. L. Hurst at Casco, Mich., Tuesday morning.
Nethem won their ball game last Sunday, against the Wyoming A. C. Nethem will play Sunday and Monday, Labor Day, at their grounds in Newburg.

EPISCOPAL NOTES
There will be no service at St. John's church this Sunday, allowing for the Labor Day vacation period.
Next Sunday, September 7, the regular program of the church will be resumed with the celebration of the Holy Communion at 10:00 a. m., followed by the opening session of the church-school at 11:30 a. m.
Wouldn't it be fine for every member to be there right at the start this fall; every communicant making his communion: every child in Sunday-school. Have a good vacation this week, but be present, rain or shine, come what may, on Sunday, September 7.

PRESBYTERIAN NOTES
The Mission Study Class held a picnic meeting in Riverside Park, Plymouth, on Tuesday evening of this week. It was largely attended, the supper was excellent, and all enjoyed a very happy evening.
The Busy Women's Class will meet on Tuesday of next week, September 2nd, at the home of Mrs. J. W. Blackmore, Canton Center road. Co-operative dinner will be eaten at noon, and the business meeting of the class will follow with program and the usual social hour.

LOCAL NEWS
James Giegler is visiting his son in Milwaukee, this week.
Mr. and Mrs. Ward Garner of Wayne, were callers Tuesday evening, of Miss Gertrude Grainger.
Henry B. Fisher was taken to Harper hospital, Monday, where he underwent a serious operation on Tuesday.
Mrs. Henry Sage entertained some friends from Detroit at lunch, Wednesday, at her home on Starkweather avenue.
Mrs. Evelyn Bruner of Belleville, Mich., who has been visiting at the home of her daughter, Mrs. E. Patterson the past week, has returned to her home.
Mrs. Vern Mackinder and children of Grand Rapids, are spending the week with their parents, Mr. and Mrs. Clark Mackinder, in Newburg, and her sister in Detroit.
Last Friday, Mr. and Mrs. Walter Gale and three children of Ypsilanti, accompanied by the former's parents, Mr. and Mrs. Sheldon Gale of this place, visited the Detroit Zoo.
Mrs. Eva Sutherland and daughter, Betty, who have been spending the past month at the home of Dr. and Mrs. A. E. Patterson, will return to their home in Chicago, Saturday.
Mr. and Mrs. D. Felton of Bellevue; Mr. and Mrs. J. Vall and Mr. and Mrs. H. Miers of Ypsilanti, and Mrs. Hattie McNeekin of San Francisco, Calif., visited at the home of Herbert Felton this week.
Mr. and Mrs. Knut Anderson have just returned from a two months' vacation in Sweden, where they visited their parents and friends. They had a lovely trip, and are now at home on Starkweather avenue. Their friends are glad to have them home again.
Mrs. A. E. Patterson, Misses Gladys and Evelyn Schrader entertained at a one o'clock bridge-luncheon at the Hotel Mayflower, Wednesday, honoring Mrs. P. B. Gallagher of Vero Beach, Florida, and Mrs. John S. Michener of Ann Arbor. Forty-five ladies were present.

FIG COOKIES
These are good picnic cookies. One cup shortening, one and one-half cups sugar, three eggs, beaten; two tablespoons molasses, two cups steamed chopped figs, one and one-half cups nuts, chopped; three and one-half cups flour, one teaspoon soda, one teaspoon clove, one teaspoon cinnamon, one-half teaspoon salt, one tablespoon grated lemon rind. Cream shortening and sugar, then eggs and molasses. Add the figs, lemon rind. Sift all the dry ingredients together and add. Mix well. Drop by spoonfuls onto greased sheet and bake in a moderate oven, 375 degrees, about 20 minutes.

COMMISSIONER'S NOTICE
No. 12524
In the Matter of the Estate of IRVING I. STEWART (IRVING JOHN STEWART), deceased.
We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at the Plymouth United Savings Bank in said County, on Saturday, the 15th day of October, A. D. 1930, and on Friday, the 19th day of October, A. D. 1930, at 2 o'clock P. M. of each of said days, for the purpose of examining and adjusting claims and demands against said estate, and that all persons having claims against said estate are to present their claims to us for examination and allowance.
Dated August 21, 1930.
ROY A. FISHER, Commissioner.

COMMISSIONER'S NOTICE
No. 12524
In the Matter of the Estate of EDWARD C. LEACH, deceased.

M. of each of said days, for the purpose of examining and adjusting claims and demands against said estate, and that all persons having claims against said estate are to present their claims to us for examination and allowance.
Dated August 19th, 1930.
ROY A. FISHER, Commissioner.

County Airport Dedication Next Thursday, Sept. 4

The formal dedication of Wayne County's Airport is scheduled for 2:00 p. m., September 4th, stated Edward N. Hines, Chairman of the Board of County Road Commissioners.

Next week approximately 10,000 invitations will be mailed, including officials of the State of Michigan and the County of Wayne; together with all clubs and organizations interested in aviation. It will be free to the public.

The dedication program has not been completed as this goes to press. The ceremonies planned, however, will be in keeping with an occasion of this kind and a large attendance is expected. One particular feature of the program is that the old settlers who have lived and farmed on this site for practically all their lives will be given an airplane ride, affording them an opportunity to view from the air what was formerly their old homesteads.

The Wayne County Airport, one mile square, has an available landing area of 520 acres.

The drainage system consists of some 220 miles of collecting laterals, 18 miles of trunk sewer and three pump houses each equipped with two 10" centrifugal pumps for raising the water from the discharge ends of the trunk sewers to the existing county ditches.

Concrete runways have been built 9' thick and 100 ft. wide, and reinforced with steel mesh. The runway running southeast to northeast, because of prevailing winds, is 3000 ft. long. One running southwest to northeast is 1200 feet long. Two running northwest to southeast, each being 1200 ft. long. The total yardage of these runways is 75,161 square yards.

The total yardage of taxi strips is 14,208 square yards, while the aprons around the hangars have a total yardage of 19,883 square yards.

The heating plant is in a separate building 40'x75' from which steam is carried underground to the main hangar for heating purposes, said Mr. Hines.

The polydirectional radio range directional finder was built by the U. S. Department of Commerce. It is the first one in the United States and has been tested and found to function far beyond expectations. It is capable of sending 12 radio beams simultaneously and the receiver set on a plane tuned in with this radio range causes two reeds to vibrate. A white spot is at the end of each reed and as the reed vibrates very rapidly, the spot appears as a white line. If the pilot keeps the two white lines of equal length he is on the true course. If one line is shorter than the other, by turning the plane toward the side of the short line, as he approaches the true beam or course, the white lines again become of equal length. This equal length of lines indicates he is on the true course and unequal lengths indicates he is off course, the longer line indicating the side he is off his course.

The size of the main hangar building is 434'x128' with the central part one story, with each end of two story construction. The second floor has a parachute packing room, a parachute drying shaft, office space, a small restaurant, a public lounge, a pilot's room together with lavatories and showers. An elevator at each end of the hangar operates to the second floor.

Above the second floor there is a glass enclosed tower at each end, one for the United States Weather Bureau and the other, at the field end, is for the operator's office.

The hangar proper has two openings of 157 ft. on each side with a clearance of 24 ft. while at each end of the hangar there is a 90 ft. opening with a 22 ft. clearance. On the ground floor there is a tool room, first aid room and lavatories.

The Military Hangar—110 ft. x 135 ft. which has, in addition to hangar proper, offices, bedrooms, two class rooms, parachute room and observation tower.

Erected on top of the operations control tower of the main hangar is a loud speaker for the purpose of giving verbal instructions to pilots landing and taking off, or instructions to field attendants.

Mr. Hines tells of an incident which happened at the time this device was being given an initial test. The erecting engineers at that time were endeavoring to determine how far the voice would be carried through this loud speaker, and one of the engineers noting a farmer plowing his field with a team of horses about a mile distant, suggested that an attempt be made to stop the horses. The customary "whoa" came through the loud speaker and the horses immediately stopped in their tracks. This was repeated several times and each time the horses were brought to a standstill. Looking through field glasses the farmer appeared to be quite bewildered. The residents of Romulus, a village located four miles distant from the airport have reported hearing music reproduced and broadcast through this loud speaker. This occurred after the power of this speaker was increased. It, therefore, can readily be understood, a pilot while in the air can hear any instructions given him above the noise of his motor.

The Wayne County Airport is one of the most completely equipped airports for night flying, said Mr. Hines.

Garchow Reunion

The old Garchow homestead, now the home of Mr. and Mrs. William Garchow, was the scene of the second annual Garchow reunion...

During the business meeting the following officers were elected: President—Fred Garchow...

William Garchow was appointed historian, who, with the help of his brother and sisters, is to collect as much of the family's genealogy as possible...

The next reunion will be held at the home of Mr. and Mrs. Riley Wolfrom.

Maynard Reunion

The Maynard family reunion was held at Riverside Park last Sunday, with about seventy-five members of the family present.

President—Howard Johnson Secretary—Ira Johnson Treasurer—Ruth Everett

The afternoon was passed with various games and visiting.

Plymouth Rotary Club Hears Judge Homer Ferguson

(Continued from Sport Page)

Common people were concerned; and the people possessed no fundamental rights which the King, the personification of the government, was bound to respect.

With the establishment of the American colonies, and the writing of our Constitution, an entirely different viewpoint was established, said Judge Ferguson.

The speaker indicated that despite much criticism of the law and our criminal procedure, the State of Michigan has gone far in enacting legislation to protect society against the criminal.

Judge Ferguson explained the function of the Circuit Court and the Judges in protecting the people of Wayne County, particularly in the area outside of the City of Detroit, against the criminal.

Judge Ferguson has made a notable record of achievement during his term on the Wayne County Circuit bench and is seeking re-nomination to the position in the September primaries.

PACKING THINGS AWAY

When you pack away different articles in boxes for storing, paste a list of contents on the outside of each box. Then make a chart and tack it inside the attic or closet, just by the door, where it will be convenient.

A dug-out canoe, 11 feet long, two feet deep and two broad, found in Scotland recently, is believed to be 1,000 years old.

Inhabitants of the United States spend approximately \$428,000,000 a year for radio sets and supplies, or \$3.55 per capita.

Rocks Eliminated

The Rocks were eliminated in the play-off series of the Plymouth Play-ground league, by being defeated by the Robinson Sub team, last Wednesday evening.

NEWBURG

Don't forget the Newburg school homecoming this Saturday afternoon. A program and sports of all kinds, prizes given for the winners. Everyone welcome.

The I. A. S. will meet with Mrs. Melvin Guthrie, Wednesday afternoon, September 3. Picnic supper. Everyone welcome.

Mr. and Mrs. Emery Freer and family of Dausville, visited Mr. and Mrs. Henry Grimm a part of last week.

Mr. and Mrs. Elden Geney are the proud parents of a little daughter, Phyllis Irene, born August 24.

Those who have called on Mrs. Donald Ryder at Dr. Atchison's stutorium in Northville, are Mrs. Ira Carney, Mrs. Trumbull of Port Huron, Mr. and Mrs. Wm. Smith, Mrs. E. Ryder, Mrs. Fay Grimm, Mr. and Mrs. Melvin Guthrie and Mr. and Mrs. Clyde Smith.

The Newburg school had a nice exhibit of wood craft at the Northville Fair, last week.

Mrs. Lottie Barton and son of California, visited her cousin, Mrs. Jesse Thomas, last week.

Mr. and Mrs. Frederick Thomas and mother, Mrs. J. Thomas attended the funeral of a relative at Caro, last Sunday.

Mr. and Mrs. Claud Frost and mother, Mrs. Alice Scull of Muekegon, were guests of Mrs. Emma Ryder and Mr. and Mrs. Clyde Smith the first of the week.

Mrs. Vern Mackinder and children of Grand Rapids, are visiting the parental home this week.

The many friends of Mrs. I. Gussolly and Miss Marie Holmington desire sympathize with them in the sudden taking away of their brother, George, Monday night, in Plymouth.

Mr. and Mrs. Russel Parr of Wayne, Mr. and Mrs. Clyde Smith and Mrs. M. Eva Smith went on a fishing trip near Island Lake, Tuesday afternoon.

The thieves who stole all of Mrs. Ann Farwell's pears Tuesday night ought to be severely punished.

WHITBECK'S CORNERS

The Helping Hand Society will meet the first Wednesday in September at the home of Mr. and Mrs. John Shultz in Northville, for dinner. All welcome.

Mr. and Mrs. Walter Dehoff and two sons attended church in Perrinville, last Sunday.

Mrs. Agnes Parrish returned home Saturday, after spending the past three weeks with her brother and family, Mr. and Mrs. George Smith of Sheldon, and sister and family, Mr. and Mrs. John Mott on the Cherry Hill road.

Mr. and Mrs. Otto Roe entertained friends from Detroit, recently.

Mrs. Leo Tatroe is caring for her sister at the present time.

Repaying Public

In rebuilding his club, President Griffith says he is only repaying the Washington fans. "They have supported us well this season," said Griffith, "and it is only right we should use the money they have poured into the gate to purchase players. A ball club cannot stand still. The players are only human, so they don't last forever. A man may be a star one year and not much good to you the next."

SPONGE CAKE

Sift one cup sugar into a bowl. Add three tablespoons cold water, the yolks of four eggs, and beat thoroughly. Add a pinch of salt, one teaspoon vanilla, and then put one and one-half tablespoons cornstarch in a cup, fill with flour and sift three times with two teaspoons cream tartar and a half a teaspoon soda. Stir this into the yolk mixture. Beat whites stiff and fold in last. Bake in an ungreased cake tin for 45 minutes. Invert pan to cool. Use icing made of brown sugar and cream.

BRAINY PITCHER EASIEST WINNER

Harvard Coach Has High Opinion of Slow Ball.

Fred Mitchell, Harvard baseball coach, who managed the Cubs and the Braves for several years after serving in the big league ranks both as a pitcher and catcher, hands out an authoritative line of chatter about pitching that young writers would do well to ponder.

"The hardest thing to teach a young pitcher," says Mitchell, "is the value of a slow ball. They all want to breeze it by the batter. They can't understand why a batter can't hit a slow one. As the secret of hitting is timing, it follows that the secret of pitching is breaking up the batter's timing. By mixing them up a pitcher can keep a batter from getting set. The slow ball makes the fast one seem faster and the first you know the batter is breaking his back trying to connect with either one. Dick Rudolph had no real fast ball, but the opposing batsmen often thought so because he mixed them up so skillfully they couldn't gauge his speed.

"The greatest arm in the world will get a pitcher nowhere unless he learns to use his head with it. He must constantly study batters, their strong points, weaknesses and mannerisms at the plate."

Mental hazard in golf, indeed! A New York player, entered in a state amateur tourney, was arrested just as the round started. Did it throw him off his stroke? It did not. He arranged with the arresting detective to caddy for him, and won the match.

Charles A. Stoneham, president of the Giants, speaks often against the lively ball, but this time it's along a new angle: "The New York club is spending \$10,000 each season for official National league balls. If you go to a tailor and order a new suit of clothes, you pick out the material and tell him how you want it made. But we don't seem to have anything to say about the balls we buy."

When a British scientist explains that "in a four-dimensional world it would be possible to turn a tennis ball inside out without cutting it," a matter that has been a little obscure is made perfectly plain to all of us.

Big Ed Walsh, quite a pitcher in his day, has something to say against the lively ball:

"Years ago the first thing a boy wanted was the pitching job. They fought for it. Now they shun the box. If the lively ball stays much longer, there will be a keen shortage of pitchers."

All Italian sport clubs and teams belonging to the national federation must have duly licensed "sporting doctors." The conditioners, in turn, must pass rigid physical examinations, and enroll in a federation of their own for disciplinary and administrative purposes.

Buck Weaver, one-time idol of Chicago baseball fans, now is employed as a mutual clerk at Hawthorne, selling \$2 show tickets.

Weaver, who was banned from organized baseball after the "Black Sox" 1919 world's series scandal, still protests his innocence and would like to return to baseball.

"I was an innocent victim of the scandal," said Weaver. "I had nothing to do with throwing the series, but I guess my baseball days are over. I'd sure like to get back in the game. I think I can still play short or third base better than a lot of the boys that are getting big money for it now while I'm holding down a cheap clerk's job."

"Gee, but it would be nice to hear the fans cheering Buck Weaver just once more!"

Only eleven letter men are included in the list of forty-nine gridlers invited by Coach Lud Wray to participate in the University of Pennsylvania's preliminary football training at Cape May.

If the big league home-run hitters do not slacken their pace, 1,000 homers are due to be hit by both circuits this year.

They have been averaging one and one-third home runs per game this season.

There is a possibility that both big league individual records for home run hitting also will be broken, for the pace setters are now ahead of any past schedule.

Managers and seconds are to blame for much of the present-day fouling, in the opinion of Latrobe Cogswell, veteran chairman of the Maryland boxing commission. He says the fighters claim fouls only when instructed to do so.

One of the columnists thinks it is strange that Bobby Jones hasn't been mentioned for the Presidency. The columnist should have patience. The "mentioning" season is not really open yet.

The first man to receive pay for playing baseball was Albert J. Reach. That was in June of 1864 when Reach was a member of the Philadelphia Athletics.

Burleigh Grimes has been with the Dodgers, Giants, Pirates, Braves and Cards.

The oldest city of European origin in the United States is St. Augustine, Fla., founded in 1565.

For 715 crates of celery cut from less than one and one-fourth acre, James S. Hall, of Sarasota, Fla., received \$2,622.

Municipal Notes

The village is making an effort to keep all trees outside the sidewalk lines trimmed to provide a clearance of at least seven feet over sidewalks. Where such trees overhang the walk so as to interfere with the free passage of persons underneath, it will be appreciated if the matter is reported to the village offices, and the proper trimming of the trees in question will follow forthwith. On the other hand where trees upon private property inside the sidewalk lines overhang the walks, it becomes the duty of the property owner to see that such trees are pruned so as to provide proper clearance.

During the present summer the Village undertook, through the Department of Public Works, to install three sewer jobs as a means of relieving to some extent the local unemployment situation. The dry weather of this summer has so favored this construction work that nearly one-third the cost of construction was saved the taxpayers.

AROUND ABOUT US

THE Lenawee County Fair Association will hold its fifty-third annual exhibition at Adrian, September 15 to 19.

The Perry Victory Memorial commission, holding its twentieth annual session at Put-In-Bay, decided to raise a fund of \$75,000 to recondition the weather-worn old war ship, "Niagara," veteran of 118 years on Lake Erie, and bring her back to Put-In-Bay, in honor of Commodore Perry's victory over the British in the war of 1812.

Hard times seem not to have any effect on the demand for University of Michigan football tickets. Hundreds of early applications are being received by the bag load every mail.

Two Farmington boys went shooting three months ago with bows and arrows and shot a turtle, nearly taking its head off. Thinking the turtle dead, they buried it and just recently dug it up to get the shell for a relic.

Freiwald Has Good Record

A half billion dollars of public funds handled without the loss of a penny! This is the record of Godfrey Freiwald in his ten years of service as county treasurer, and it is one that may well be pointed to with pride.

Last year Mr. Freiwald's office collected approximately \$50,000,000 in taxes; and in the nine years previous his office collected amounts totalling a half billion dollars. So efficient has been the handling of these enormous sums of money, that not only the books of Mr. Freiwald's office have balanced each day to the penny, but the similar records kept by the auditor general of Michigan and the Wayne County Board of Auditors have balanced accordingly.

This system of efficiency, which has resulted in the handling of these millions of dollars of the taxpayers' money with accuracy and honesty, was installed by Mr. Freiwald when he first became county treasurer. At that time his staff numbered 47 assistants. Today the business of his office has quadrupled, and his staff is composed of 100 regular assistants.

"I believe my record speaks for itself," Mr. Freiwald says. "If I am re-elected I shall continue to give the public the service my experience in the office of county treasurer has enabled me to give."

Mr. Freiwald is 57 years old. He was born in Germany, and came to this country with his parents when a few months old. He has resided in Detroit ever since. Mr. Freiwald is married and lives with his family at 4785 Fullerton avenue. He was an Alderman of the City of Detroit for twelve years, and has also been a member of the staffs of the Wayne County Clerk, and the Sheriff of Wayne County.

He is a Shriner, a member of the Scudder Lodge of the Masons, a member of the Elks Lodge, the Harmonic Society, the Maccabees, Oddfellows, and a number of other fraternal orders.

Call 6 for Want Ad taker.

Orders have been received at the Michigan State Prison to make 1,500,000 sets of automobile license plates for 1931. The new plates will be black background with red numerals, and the same size as this year's.

Six damage suits, totalling \$90,000, have been filed in circuit court at Owosso, by Mrs. Belle Watkins of Ypsilanti, against the Flint-Owosso bus line, following a motor accident, June 1, in which three members of Mrs. Watkins' family lost their lives.

The Washtenaw county primary school fund will be swelled approximately \$37,000 over last year's figure, according to an announcement at Lansing by Webster H. Pearce, superintendent of public instruction, who says the state fund is increased \$4,000,000 this year, making the per capita \$17.82, compared to \$15.70 a year ago.

South Lyon became a fifth class city last Tuesday at the election, 316 votes being cast, 190 for and 126 against the proposition.

The county jail in Nashville has become too small to accommodate all the law violators. It was stated that recently it was necessary to send one prisoner to a Hastings hotel for accommodations.

The growth of population and business in Birmingham and vicinity during the past five years has been so rapid and steady that the Michigan Bell Telephone Co. proposes to build one of its largest branch buildings there within the next three years, at a cost of several hundred thousand dollars.

The University of Michigan next year will reforest 3,300 acres of land in the Bogardus tract between Douglas and Burr lakes, east of Pellston, now occupied by the biological station.

NO EXTRA TAXES FOR BUILDINGS

ALEX J. GROESBECK Candidate for Governor of Michigan

There is not the slightest necessity for the taxpayers of Michigan to shoulder an added tax burden for the next four or five years of something like \$25,000,000 for a building program in addition to the regular state tax.

Alex J. Groesbeck recently declared. During the time he was governor, he conducted the biggest building program in the history of the state and he did it without asking the general property taxpayers for an extra cent. In the payment of the costs of building one hundred and eleven new buildings at various state institutions he used but \$2,000,000 of state tax money.

Payment of these buildings was done by the use of a corporation tax. Although the state during the past three years has collected many millions of more money from the taxpayers than during any time Alex J. Groesbeck was in office, the state according to the present administration, is faced with an extensive building program.

This is due to the fact that all the money that has been collected during the past three and a half years has been used for greatly increased payrolls and other purposes. Alex Groesbeck declares that the building needs of the state can be taken care of without an additional tax burden and by the use of rigid economy in the conduct of the state's business. He is the only candidate for the place who says that the expenses of the state can be reduced without in any way impeding the progress and development of Michigan institutions.

CHERRY HILL

Pastor Leaving For New Charge A large number from this place attended a farewell party at Denton, Wednesday evening, for Rev. and Mrs. Zoller and family, who are leaving for their new charge at Pontiac. A fine program was rendered, after which they were remembered by their friends with some very pretty gifts. Although they will be missed greatly, all join in wishing them success in their new field.

About forty relatives and friends gathered at the home of Mr. and Mrs. George Gill, Tuesday evening, for a surprise birthday party in honor of Mrs. Gill.

Rev. and Mrs. Duggan of St. Louis, Mo., called on Mr. and Mrs. Ambrose Dunstan, Tuesday.

Mr. and Mrs. John Losey spent the week-end at Ridgeway.

Mr. and Mrs. Alton West of Flint, spent the latter part of the week at the home of Mr. and Mrs. Wm. West.

G. C. Robinson, who was called here on account of the illness of his son, Wesley, has returned home.

Mr. and Mrs. Wm. Williams of Detroit, visited Mrs. Jennie Houk and family over the week-end.

Mr. and Mrs. Gill are touring in the northern part of the state.

Miss Henrietta Shultz of Dearborn, spent Thursday at the home of Mr. and Mrs. Walter Wilkie.

Loetta and Jerome West attended the Marshall fair, Saturday.

Vera and Phyllis Wilkie visited Mr. and Mrs. Roy Losey at Dearborn, last week.

Mr. and Mrs. Emil D. Moosier, Mrs. Bessie Baker and daughter of Pontiac, called on Mrs. Jennie Houk, Sunday.

Remember that politicians are just as good as you make them, for they might not be politicians if it wasn't for your vote.

According to Dad Plymouth two games of chance that are not prohibited by law are matrimony and cantenoupe.

And still another very pressing need in this country just now is a religion that will cover the other six days in the week.

THE GREAT ATLANTIC & PACIFIC CO. TLA

Penniman Allen Theatre Plymouth, Michigan **MOTION PICTURE PROGRAM**

"MURDER WILL OUT"

THE action in "Murder Will Out," First National and Vitaphone production which will appear at the Penniman Allen Theatre, Sunday, August 31, starts in a bachelor apartment and has an exclusive club, a deserted highway, a Chinese pagoda on an elaborate bureau, a doctor's office, a cemetery at midnight, a United States weather bureau, a morgue, New York harbor and the interior of a submarine as its locales.

"Murder Will Out," which is an adaptation of "The Purple Hieroglyph" by Murray Leinster, satirizes the many melodramatic murder mysteries that have recently found their way to the talking screen. At the same time it manages to retain the punch and breathless suspense that have made mysteries popular with the movie-going public.

The picture boasts an unusually capable cast of well-known players, including Jack Mulhall, Lila Lee, Noah Beery, Malcolm MacGrigor, Tully Marshall, Claud Allister, Hedda Hopper and Alec B. Francis.

Clarence Badger, who has a long list of successful pictures to his credit, directed the production which critics have given a high rating on the list of new season's better films.

"RUNAWAY BRIDE"

ROMANCE, gangsters, running gun fights and racing automobiles are the ingredients of "Runaway Bride," Radio Pictures' all-talking romantic drama, which will be shown at the Penniman Allen Theatre, Saturday, September 6.

Mary Astor and Lloyd Hughes, the co-featured players, are reunited as a team in their first talking picture, and give what has been described as their best performances since they started playing together several years ago.

Hughes plays a wealthy young bachelor—a role to which he is excellently suited. Miss Astor elopes with the "wrong" man and in running away from him finds the "right" one.

But not until she has had enough thrilling experiences to satisfy an ordinary girl for a lifetime, does she find what she is seeking. Her performance in this role has received high praise from critics.

An excellent supporting cast was assembled by Donald Crisp, the director. It includes David Newell, Natalie Moorhead, Edgar Norton, Paul Hurst, Francis MacDonald and Theodore Lorch.

The filling station buys now do everything except look to see if your hair needs another coat of grease.

A Plymouth woman may appreciate a husband who helps her with the dishes but she could appreciate him more if he made enough for her to hire a cook.

The difference between age and youth is that when you are young you long for things to happen, and when you are old you hope they won't.

Today's Reflections

A lot of folks around Plymouth seem to think that thrift consists in meeting their installment payments on time.

Our idea of foresight would be taking a wrecking car along with you when you start out motoring on Sunday.

Size and Development of Heifer for Breeding

Not only the breed, but also the size and development of the dairy heifer must be taken into consideration in determining the age at which to breed. Large heavy breeds, though somewhat slower in maturing, should be bred to freshen at the age of twenty-seven to thirty months, and the matured breeds which are more quickly matured, may be bred to freshen at an age of twenty-four to twenty-seven months. But if a heifer seems to be underized or underdeveloped, it will be better to delay breeding for a few months in order that a more satisfactory size may be reached by the animal before freshening.

Digestible Protein in Grain Ration for Cows

The greater the amount of alfalfa or clover hay a cow is fed, the less protein she needs in her grain mixture. Thus, a cow getting no silage but all alfalfa, clover or soy bean hay will eat, needs only from 12 to 14 per cent of digestible protein in her grain ration. This may be secured in the following mixtures: 200 pounds corn and 100 pounds each of oats, wheat bran and flaked meal; or in 100 pounds each of corn, oats and wheat bran and 150 pounds of gluten feed.

Calves on Grass

Some farmers make the mistake of turning young calves, those under six months old, on pasture, expecting them to get most, if not all, of their feed from grass alone. The most successful dairymen, those who have well grown heifers for herd replacements, continue their calves on grain, skim milk, and hay until they are well on to nine months old before they depend entirely on pasture to supply all the feed. This plan saves the needed pasture.

Two of a Kind

"Yes, Willie," a man said in a sour voice to his little son, "you kept your promise to run all the errands without growling last month and so I'm going to keep my promise and reward you."

The man took out a \$5 gold piece and a silver dollar.

"Now, Willie-boy," he said, for he was a great bluffer, "which of these nice coins will you have?"

"I won't be selfish, papa," said Willie, who was a chip of the old block. "I'll take the little one."

But his father slipped the gold piece back into his pocket.

"For not being selfish," he said, "I'm going to give you the big one."

Must Make Complete Stop

Suppose a cannon ball traveling in one direction meets and carries back a rifle bullet traveling in the opposite direction. Does the rifle bullet stop completely in reversing its course to travel back with the cannon ball? The fact is the rifle ball will have to stop a theoretical instant before starting in the opposite direction, notwithstanding the cannon ball continues on its original course. No moving object can completely reverse its course without first coming to a complete stop. Theoretically the cannon ball will be slowed up slightly.—Pathfinder Magazine.

Not Eligible

Little Jane was the youngest of a family of several girls and she'd been brought up on feminine chatter of "he did," "he did," and she had been flower girl at a wedding of two of her sisters. She started to school and the whole family was interested in questioning her about various school matters.

"Do you love your teacher, honey?" one of the girls asked her.

"Oh, no, Betty," answered the little girl with an amused smile. "She's not a man!"

ON REARING CHILDREN FROM CRIB TO COLLEGE

Compiled by the Editors of THE PARENTS' MAGAZINE

In a thoroughly wholesome household there are enough occupations, enough interests always at hand in the form of things to be done, whether work or play, so that no person can become the dominant center of attention, either for himself or for others. One of the important forces in the direction of a child's attitude toward himself is the attitude of others toward him. If it is obvious that he fills the attention of others, his own attention will soon be turned also primarily to the contemplation of himself. This is why an only child and a delicate child are rather more likely than others to be over-concerned with ideas of self, since they are more likely to realize how largely they figure in the interest of their parents.

A normal baby gets his first teeth at five or six months and at nine months has quite a few and is therefore physiologically ready and capable of eating foods other than milk. Experiments showed that, from a nutritional standpoint, babies gained more rapidly and normally when additions were made to a milk diet, and that, from the standpoint of health, such additions were vital.

In setting a table out of doors for meals it is most practical to use bridge tables as they are light and easily moved from place to place. For these the cloth which is the exact size of the table will be found to be more practical than one with an overhang. Glazed chintz covers of any plain, with a pleated edge of plain color are smart, and may be sponged off with a damp cloth. Oilcloth table covers in patterns and colors will appeal to housekeepers as practical, while the imitation damasks come in pastel colors and are slightly more formal in feeling. With any of these cloths gay paper napkins in matching plain colors, with fluted white borders to represent hems, may be used.

The child's attention should not be turned upon his faults or his peculiarities. If he has a bad habit, an obsession, a perverted idea, don't keep dragging the fact into the light of day. Help him to forget it by giving him other things on which to fix his attention—so many things, and such interesting ones, that the abnormality is lost among them.

We know very little about the hearing of babies. Infants respond very easily to various stimuli, such as lights and noises. The trouble with hearing tests for them is that their interest is so easily distracted by any rival noise or act which occurs in the room. But the mother, coming into the room with a bottle, perhaps, or for any reason at all, will notice whether the baby hears the noises or makes no response to it because possibly he is unaware of it.

Increasing importance is being placed these days on vitamin C. Research at the University of Chicago is showing that this vitamin is efficient in checking dental decay and other difficulties of the teeth and gums. When one pint of orange juice, which is rich in vitamin C, is given daily to an individual, remarkable benefits are secured.

Lines Cuff Sets

Line sets have become very smart and so the collar and cuffs is added sometimes a linen purse. Pastel shades in pink, light green, or the blue blues are suggestions. A new set has a rather deep round collar and gauntlet cuffs with scalloped edges, each piece fastening with a crystal button.

Relief From Curse of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the large, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Bayer Pharmacy.

Primary Election Notice

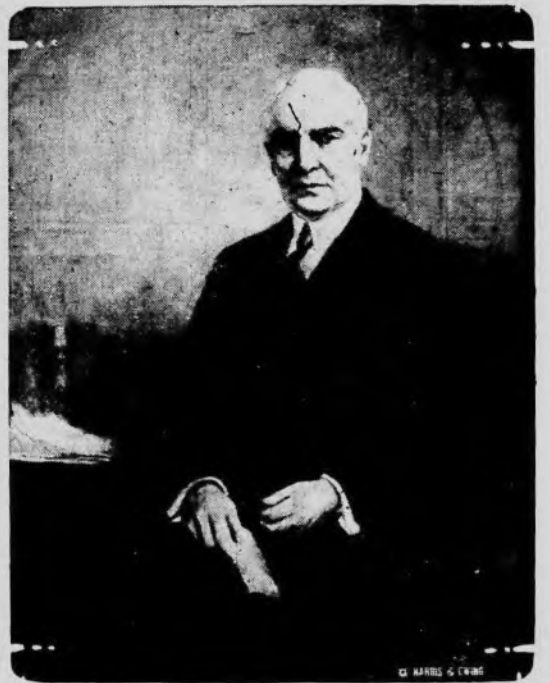

Notice is hereby given to the electors of the township of Plymouth, in the county of Wayne and State of Michigan, that a General Primary Election will be held on Tuesday the ninth day of September, 1930, at precinct No. 1, VILLAGE HALL, MAIN STREET and precinct No. 2, STARKWEATHER SCHOOL, HOLBROOK AVENUE in said township for all political parties, for the purpose of nominating candidates for the office of Governor, Lieutenant Governor, United States Senator, Circuit Judge, Representative in Congress, State Senator, Representative in State Legislature, Judge of Probate, Prosecuting Attorney, Sheriff, County Clerk, County Treasurer, Register of Deeds, Circuit Court Commissioner, Drain Commissioner, Coroner, Surveyor and County Road Commissioner.

The polls of said election will be opened at seven o'clock in the forenoon, or as soon thereafter as may be, and will be continued open until seven o'clock in the afternoon.

Dated this 26th day of August 1930.

CALVIN WHIPPLE, Township Clerk.

Farmers' Incomes Have Declined

TAXES INCREASED

Vote for **WHY** is this so? Here is a true story of a farmer in Michigan. You probably know it yourself.

"I own an 80-acre farm just out of Lansing. I rent it for \$5 an acre. That is \$400 a year. That is all the man can afford to pay. It is as good a farm as there is. The man pays the December taxes.

"Last February he laid the tax receipt on my table and some money. He counted the money and it was a few cents over \$198. The tax receipt was for a few cents under \$202.

"Now I ask anyone—farmer, banker, business man, workingman—didn't I pay a 50 per cent income tax? I paid over half my income in taxes. Is there any other business on earth that can stand a 50 per cent income tax?"

Yet the farmers of the Sixth District for years have had a man in Congress who has ignored this situation, who has never done one single act for the good of the farmers.

This same man, Grant Hudson, tells you that it is in your minds. If so, it is time you get it out of your minds by getting Grant Hudson out of Congress.

You have the opportunity September 9th to send in place of Grant Hudson a man who was born and raised on a farm but a few miles north of Howell. This man has served you long and well in the Michigan State Legislature and Senate. His name is Seymour H. Person. He is the man you should send to Congress to serve you again, this time in a larger and more effective capacity.

Vote for Senator Person in place of Grant Hudson as your next representative in Congress. Assert yourselves in your own behalf. Other interests do, and you will never get a fair deal until you do, too.

Person for Congress Club Baugh Building Lansing

Tune in on WJR from 9:00 to 9:15 every week day morning during September for important Hudson Anniversary Announcements

This is Advance News of

HUDSON'S 49th ANNIVERSARY SALE

Which Begins Tuesday, September 2

(Michigan State Fair, August 31 to September 6)

EVERY year in September, Hudson's—the third largest department store in America—holds a great store-wide sale. Plans are made beginning a year ahead which bring about the greatest Hudson merchandising event of the entire twelve months. This year, because of changing economic conditions, the Anniversary Sale brings savings to you more important than ever.

We Wish Particularly To Emphasize These Five Facts:

Fact I

This Anniversary Celebration is the most important merchandising event in the entire year at Hudson's.

Fact II

Every department in the Greater Hudson Store is represented—main store—basement store—the store for men—the music store.

Fact III

Every offering is of NEW Fall and Winter merchandise—for men, women and children—and for the home.

Fact IV

Every article of Anniversary merchandise is very specially priced, affording an extraordinary saving.

If you wish to shop by mail or wire, address Personal Shopping Service The J. L. Hudson Company 1206 Woodward Avenue Detroit, Michigan

Fact V

We have taken advantage of unusual market conditions to provide most exceptional values.

Make Home Improvements With
CERTIFIED MATERIAL
AND PAY OUT OF INCOME
\$10 A MONTH

MAKE NEEDED REPAIRS—add home comforts and conveniences—pay for them out of income—\$10 a month. No ready cash needed. Insulate the attic to reduce heating costs—build on a sunporch or repair the roof—do whatever is necessary to bring your home right up to "scratch".

But when you modernize, be sure to get the added value the use of CERTIFIED MATERIAL affords. Insist on having a Certificate of Quality as definite proof of increased property value. This certificate is documentary evidence that CERTIFIED MATERIAL was used on your work—and will, therefore, increase the resale and loan value of your property.

Now—while skilled labor is plentiful, let us outline plans for your work and estimate the small monthly payment that will do the job. No down payment is necessary. Phone us now—you will not be obligated in any way.

Dame Fashion Smiles

By Grace Jewett Austin

One of the greatest style-setters at the present moment is Old Mother Hen! Her style-offering that is so widely acclaimed is the hue called "egg shell." Dame Fashion feels quite sure that entering any women's wear shop she could find within ten minutes a practically every article that a girl or woman delights to put on—from jewelry to shoes, from hats to lingerie, in the soft egg-shell shade. In less poetic days it was sometimes termed "oyster white." It is a shade that is almost white—and still with a difference.

Styles in clothes have an intimate cousin in styles in table manners, and sometimes Dame Fashion is about ready to believe that the latter in their way are as subject to change as dress fashions. For instance, Dame Fashion as a child was earnestly taught that it was highly improper to tip a soup plate, so to enjoy the last of its contents. And while she was being taught this, the same lesson went to a million, more or less, of American children.

But Dame Fashion is quite a soup addict. She comes to that course hungrily than to any other, and consequently it tastes the best. Soup portions are often rather small, and years ago Dame Fashion decided that common sense should rule, and she would have every last soup-drip if she wanted it. This very summer, with the stamp of the highest etiquette authority, has appeared in print the statement that it is entirely good manners to tip a soup plate, at the side away from the diner, so that the last of the portion can be eaten!

Dame Fashion has lately found pleasure in handling one of the season's novelties, in "tear-drop" jewelry. The strings of pearly drops, some of them in sun-tan or delicate pastel shades as well as the creamy ones, are especially effective with low neck summer gowns. It was an immediate thought, "By wearing all of these delicious tears, one would surely never shed any real ones." That was probably the principle used by the ancient Greeks and Romans, when they gave gifts of "tear-bottles"—spoken of, too, in the Bible; Psalms 56, 8.

Garden viewing is a delightful occupation when all of the conditions are right. If the paths are dry and the flowers happen to be on their best behavior, all is poetic. But to go hat-viewing is an "occupation that never wears."

Said Dame Fashion to a pretty milliner, "How about these big hats that we hear so much about?" "Yes; they are here," she said. But hats convenient for cars and not an anxiety in breezes are still the best beloved kinds. No roses could be prettier than the soft stitched hats of silk, in pastel shades. No feather could be lighter than some of the outlined straws, gauzy as a fairy's wing.

With summer temperature about, Dame Fashion almost gasped when a black velvet here was brought out for her special admiration. "Velvet!" "Oh, yes; velvet is coming right in. But notice this specialty." And then Dame Fashion saw that from the top of this here hung little folds of soft blue grosgrain ribbon. So far, so good. But in these days of matching ensembles, suppose your dress were not of soft blue? Then the special virtue of that here was revealed. Like the agile chameleon, and unlike the leopard, it could change its spots. A parcel of little loops of ribbon—pink, white, gold or black—each with its patent fastening to adjust to the here, made it a "matching accessory" for any sort of gown.

Local Banker Says Company O. K.

Monroe County Bank, Dundee, Michigan.

To Whom It May Concern: This is to advise you that The Raisin Brook Packing Company is a Michigan Corporation with a capital of \$250,000.00. The Directors of the Company are all business men of Michigan with considerable means.

The Company has a satisfactory account at our bank and all of the business dealings have been fair. They meet their obligations promptly and handle their business in a thorough business manner.

The Company owns 176 acres of land one and one-half miles from Dundee and have built a modern plant for the production of Rabbits.

We consider the Company a good, safe customer for this bank and are glad to recommend them.

Yours very truly,
LEVI G. WILLIAMS,
Cashier.

Before Mussolini goes much farther in nagging France we suggest that he take a run up to Holland and have a talk with the ex-Kaiser.

Dad Plymouth says the beauty about raising a large family is that at least one of them may not turn out to be like the others.

DAIRY

PRESENCE OF COW WELL JUSTIFIED

Continuous Crop Production Reduces Plant Food.

The need for soil building is so great on the average North Carolina farm that the presence of the dairy cow can be justified even though the net profit from her milk or cream be small.

"On any farm where crop production is unsupported by live stock growing, the conservation of soil fertility is a difficult problem," says John A. Arey, dairy extension specialist at the North Carolina State college. "Continuous crop production as practiced in this state reduces the plant food content of the soil and encourages erosion. A good example of this can be found in parts of the Piedmont section where there are thousands of acres of rolling land which are even now so badly washed as to be unfit for farming. The methods of clean culture practiced are largely responsible for this condition. Instead of cultivating such land, much of it could be put to pasture, which would check erosion and at the same time furnish profitable grazing for cows."

Mr. Arey says that it makes little difference as to the cash return from a crop if this is secured at the expense of soil fertility. In the end the farmer loses. Gradually his soil becomes less productive and eventually he will be forced to move to a more fertile farm to secure an income sufficient to maintain his family.

The dairy cow converts large quantities of feeds into milk. Some of these feeds have high plant food value and since only about 20 per cent of this plant food value is lost in the feeding process, there is a gradual accumulation of plant food in the form of manure on every well-managed dairy farm. The good crop yields secured on such farms are ample proof of this statement.

Manure also has a greater value than its chemical analysis would indicate because it is the home of beneficial bacteria and improves the physical condition of the land.

Most every married woman in Plymouth is glad to listen to what her husband has to say providing he is talking in his sleep.

Dad Plymouth declares that one look along the highways is proof enough that the auto-makers haven't succeeded in ridding the country of junk.

Early Showing
Young Men's Fall Fashions

We know the young men of this town will be enthusiastic about the "pep" and smartness of the new fall Michaels-Stern Clothes fashioned by Lord Rochester.

Lord Rochester is accepted by the smartly dressed young men in metropolitan and college style centers as the supreme authority on young men's fashions.

Don't take our word for it but come in, try on one of the new Fall models and prove to yourself that for style-distinction Lord Rochester is the dictator of young men's fashions.

FOR RENT—Three furnished rooms for light housekeeping. 168 Hamilton St., phone 386W. 1p

MICH. STATE FAIR BEGINS NEXT SUNDAY

With cattle, horses, poultry and other livestock arriving throughout the week, everything is in readiness at the state fair grounds for the opening on Sunday of the 81st Michigan State Fair, Michigan's greatest outdoor event.

On the infield, tepees were being erected and corrals constructed for the Indian village and for the housing of the horses and cattle to be used in the Stampede. Chutes have been built along the entire length of the race track facing the grandstand in which the cowboys will climb aboard the wild horses they are to ride. Cowboys and stockmen are looking long for the stock which was constantly arriving and the entire grounds were teeming with activity.

Mildway attractions were being erected by the Johnny J. Jones shows while tons of hay and straw were being unloaded at the exposition building for use of the prize stock which will be quartered there for the week of the fair.

That the Michigan State Fair has outgrown sectional lines was indicated by the record-breaking entry list this year, with exhibitors from practically every state in the union. Many stock raisers who have not been represented at the Michigan event before have entered herds of cattle, poultry or horses. Judges of prominence from all parts of the country will be here to judge the events. Andrew M. Stodel is coming all the way from Los Angeles to officiate as judge in the calves and rabbits division of the pet stock department. J. Miller Ward of Paris, Ky., will judge the hunters and jumpers, and Prof. Don Hayes of Columbus, the draft horses. In the cattle classes, the Shorthorns and Polled Shorthorns will be judged by John Miller of Ashburn, Ont.; Herefords by P. C. Giltner of Eminence, Ky.; Abernethys by W. J. Kennedy of South St. Joseph, Mo.; Milking Shorthorns by J. L. Turney of Chicago; Red Polled by Hugh K. Boyd of Yorkville, Ill.; Holstein Friesians and Brown Swiss by J. P. Eves of Des Moines, Iowa; Guernseys by E. G. Woodward of Taconic, Conn.; Jerseys by Prof. S. M. Salisbury of Columbus, Ohio, and Ayrshires by C. Narin of Gurnee, Ill.

The big feature of the entertainment program this year will be the Stampede, in which the topnotchers of the world-famed rodeos of Ft. Worth, Cheyenne, Pendleton and Calgary will compete. Introduced in Detroit only last year, the Stampede proved such a big drawing card that it was decided to make it a yearly feature. It already has become a fixture in the date books of the ranch top hands who make the rodeos every year and according to Col. C. F. Hartley, arena director, it is very likely that some championships may change hands at the Michigan event.

Other events will be exhibitions by the crack riding troopers of the New York State Police, Troop C of Albany, winners of every event in which they have ever been entered, drills by the Detroit Mounted Police, drills by infantrymen from Fort Wayne, and band concerts.

Creator's famous hand will play each evening in the horse show and will officially open the fair on Sunday afternoon with a sacred concert. Arrangements have been made to handle an overflow crowd for this event and at the evening's entertainment, which will be featured with program by the Chanters, Patrol and Band of Moslem Temple and the drill team and band of Wyandotte Council, K. of C. Both of these performances will be presented in the Coliseum. Al Sweet's cowboy band will play in the grandstand.

A special feature this year will be a big observation augee balloon in which visitors will be taken sky riding, giving them a bird's eye view of the entire city and surrounding country from the basket of the big captive blimp.

Special arrangements have been made for handling a record crowd on all days of the fair, with four extra rates added. Accommodations have been arranged for the handling of 30,000 motor cars.

Many excursions from throughout the state are expected for Labor Day, which has a full day's program, with the gates opening at 8:00 in the morning. Tuesday will be Children's Day, with free admission to all children under 15. Wednesday will be Governor's Day when the 2:15 trot for the Governor's Cup will be run off; Thursday will be Farmers' Day; Friday, Detroit Day, and Saturday, Automobile Day.

Each evening a spectacular display of fireworks will climax the events of the day. These will be set off directly in front of the grandstand and will follow directly after the close of the Stampede performance.

In order that visitors from out of the city may reach the fairgrounds in the quickest possible manner and avoid traffic confusion, fair officials have announced several different routes.

Visitors from the Saginaw-Flint section and coming over from US-10 are advised to turn east on the Eight-Mile road and to enter at the Eight Mile road gate. Jackson-Ann Arbor district visitors coming in on US-12 should turn off on Telegraph road, follow it to the Seven Mile road, to Livernois, then turn north to the Eight Mile road, entering at the Eight Mile road gate.

Turning onto the Seven Mile road from Grand avenue is advised for those coming to Detroit from the Port Huron-Mt. Clemens district on US-25 and continuing to John R. then north either to State Fair avenue or Eight Mile road and west to the gate on these routes. Thumb District visitors should follow the Van Dyke or John R. routes into Detroit and enter at the Eight Mile gate.

Grand Rapids-Landing visitors entering on US-16 are urged to turn off Grand River avenue at the Seven Mile road and follow the route outlined for those using US-12.

WAFFLES

Two cups flour, three teaspoons baking powder, four tablespoons melted fat, one cup sweet milk, one teaspoon sugar, three eggs, one-fourth cup broken nut meats, one-half teaspoon salt. Mix dry ingredients, separate eggs. Beat whites until stiff. Mix egg yolks with milk and add dry ingredients and beat with rotary beater until smooth. Add melted fat and nut meats and lastly fold in egg whites and do not stir any more or they will lose their lightness. Put four tablespoons in ordinary size waffle iron. The nut meats improve the flavor immensely.

COURSE OF STUDY GIVEN

(Continued from page One)

is necessary for practically any university: Three years of English, two years of mathematics, two years of history, one year of laboratory science, and two years of a foreign or modern language. The other five units can be an extra credit in mathematics (which is required for all courses in engineering), science, history or, in fact, practically any of the subjects which the high school offers as electives.

The commercial course is designed to give those people who plan to enter industry or business at once upon the completion of high school the necessary training to aid them in success.

The Home Economics course, which is under the supervision of the Federal and State governments, is organized to meet the requirements of the Smith-Hughes law and at the same time, offers sufficient freedom in the way of selection of electives in order that girls taking that course may also prepare for entrance into college.

One of the outstanding departments which the printed course of study does not particularly emphasize is that of Vocational Guidance, which is under the direction of Mr. Cobb, during the students' succeeding years in high school.

The one opportunity which high schools in the past have failed most often to grasp is the opportunity to help boys and girls find the proper vocation in which they will be happy, able to economically independent and render a worthwhile lifetime service to society. Plymouth High School is not succeeding nearly as well in grasping this opportunity as those in charge wish it might, but it is probably undisputedly true that our high school is doing more along this line than most of the schools of its size are attempting.

Pupils entering high school for the first time should keep constantly in their minds the fact that boys and girls as a group do quite the same quality of work in college and industry that they do in their high school course. To feel that this year is unimportant and that next year he will do better is the surest recipe for making a failure of anything attempted. It is, therefore, highly important to boys and girls selecting the high school course that they wish to pursue along with electives, to establish a goal toward which they wish to move and then make their selections in the direction of that goal because in our course of study, as in every high school course, there is sufficient material with which to become amply prepared for university work. It is also perfectly possible, under the elective system, to graduate from high school without being well repaid for the four years spent therein. It is simply a matter of choice on the part of the parent and pupil which will determine the value received for the time spent in Plymouth High School.

SELECTING SWEET CORN

Sweet corn, we are told, changes half its sugar to starch in 24 hours, if it is not kept cool. If the ears are cool to the touch and the kernels plump, moist, shiny and if the kernels emit milk latex of dough when punctured, the chances are that the corn is good.

COLORS FOR FALL HATS

Black is to be important in the fall hat showings with bright blue not far behind in popularity.

The ONLY TIRE FACT you need to know

"More People Ride on Goodyear Tires than on any other kind"

WHEN you read a tire advertisement that almost sweeps aside your judgment with its enthusiasm: SAY TO YOURSELF: ANY OTHER KIND

When you face a sales argument that sounds good but you have no means of testing: SAY TO YOURSELF: ANY OTHER KIND

When you are tempted to fall for a mileage guarantee, a special discount, a long trade-in, tire insurance, or anything else but intrinsic tire goodness: SAY TO YOURSELF: ANY OTHER KIND

Then just for variety, ask yourself "WHY?" Why is it true that "More People Ride On Goodyear Tires Than On Any Other Kind?" In answer to that question is the only tire fact you really need to know, to be sure of getting the finest tire values money can buy! And we'll prove WHY.
