

PLYMOUTH, MICHIGAN, FRIDAY, OCTOBER 3, 1930

HIGHWAY OFFICE A COMMUNITY ASSET

REMARKABLE GROWTH IN FIVE YEARS. RANKS AS "INDUSTRY" IN SIZE OF PAYROLL.

A statement made public through our chamber of commerce discloses the fact that the local office of the State Highway Commission has grown until it is a valuable community asset.

In five years' time, this office has grown until it occupies an entire two-story building on South Main Street.

When the office was opened in 1925, it covered four counties, Wayne, Oakland, Macomb and Monroe.

According to Mr. Lavers, two or three additional employees and their families are expected by the first of the year.

Fred Ash Rites Held Saturday

In a church, crowded to the very doors, the funeral services of Fred Ash was held on Saturday, September 27.

His last weeks were weeks of anxiety for us, for he was constantly in a state of semi-consciousness and coma.

Former Plymouth Man Succumbs

Funeral services for Stephen J. Boyle, 52 years old, treasurer of the Detroit Division of the C. O. M. A. were held last Saturday morning in his home, 1214 Michigan.

He was born in New London, Wis., and entered the employment of the Per. Marquette in 1895 as a brakeman.

Ladies' Auxiliary Elect New Officers

On Monday evening, at the home of Mrs. John Straub, occurred the meeting of the Ladies' Auxiliary of the American Legion.

Honor His Birthday

To honor the twenty-first birthday anniversary of their son, Owen, Mr. and Mrs. M. G. Partridge were hosts to a large group of young people on last Friday evening.

Join hands in protecting the community from unnecessary fires. Take a few hours to thoroughly examine everything about the house that will in any way come in contact with live coals, flames or hot ashes during the winter season.

Farmers Capture Chicken Thieves

Three Detroit men were caught in the act of stealing chickens last week Wednesday morning about four o'clock on the farm of Elmer Simmons.

When all three finally reached their car, which was parked about forty rods east of the Simmons farm, they started east, followed by Mr. Simmons.

They were finally overtaken and held at the point of guns by Mr. Simmons and his son, while Mr. Schroeder called the state police.

Leonard L. Stark Taken By Death

Leonard L. Stark was born in the township of Plymouth on the 26th day of October, 1883, and passed away Tuesday, September 23, 1930, at his home in Rockwood.

According to Mr. Lavers, two or three additional employees and their families are expected by the first of the year.

Half Fare Rates For School Children

Mr. Bedford, operating manager of the Detroit Motor Bus Company, was in Plymouth last week, and through our chamber of commerce, arranged for half fare rates for school children attending our school from there along Plymouth road.

Former Plymouth Man Succumbs

Funeral services for Stephen J. Boyle, 52 years old, treasurer of the Detroit Division of the C. O. M. A. were held last Saturday morning in his home, 1214 Michigan.

He was born in New London, Wis., and entered the employment of the Per. Marquette in 1895 as a brakeman.

Ladies' Auxiliary Elect New Officers

On Monday evening, at the home of Mrs. John Straub, occurred the meeting of the Ladies' Auxiliary of the American Legion.

Honor His Birthday

To honor the twenty-first birthday anniversary of their son, Owen, Mr. and Mrs. M. G. Partridge were hosts to a large group of young people on last Friday evening.

Join hands in protecting the community from unnecessary fires. Take a few hours to thoroughly examine everything about the house that will in any way come in contact with live coals, flames or hot ashes during the winter season.

Former Plymouth Man Nominated For Attorney General

Paul W. Voorhies

The Michigan Republican party which held its 125th meeting in Grand Rapids, last Friday, nominated Paul W. Voorhies of Detroit, and formerly of Plymouth, for Attorney General.

Mr. Voorhies is especially well qualified for the office of Attorney General, and the honor which has come to him in being nominated for this important office is very gratifying to his many Plymouth friends.

Local Legionnaires Enjoy Fine Banquet

On Wednesday evening, September 24, about twenty-five Legionnaires and their wives enjoyed a fine banquet at the Hotel Mayflower.

Commander Alton J. Richwine was chairman of the evening. In his usual pleasing manner, he introduced Carl Goetz, District Commissioner of Monroe, who told of the work of the Legion, and complimented the local post on their fine work this far.

THUGS WHO SHOT O'ROURK ARE KNOWN

FINGERPRINTS ESTABLISH IDENTITY; NATIONWIDE SEARCH STARTS.

Nationwide search is being made for Russell McCombs, 37, Detroit, and William Brown, 23, Detroit, who have been identified as the assailants of Peter O'Rourke, New York patrolman, who was shot while driving on Plymouth road two weeks ago.

New Biography Of Mary Baker Eddy

Announcement is made that a new biography of Mary Baker Eddy together with a life-size portrait by Dr. Lyman P. Powell will be published early this month by the Macmillan Company of New York City.

Ladies' Auxiliary Elect New Officers

On Monday evening, at the home of Mrs. John Straub, occurred the meeting of the Ladies' Auxiliary of the American Legion.

Honor His Birthday

To honor the twenty-first birthday anniversary of their son, Owen, Mr. and Mrs. M. G. Partridge were hosts to a large group of young people on last Friday evening.

Join hands in protecting the community from unnecessary fires. Take a few hours to thoroughly examine everything about the house that will in any way come in contact with live coals, flames or hot ashes during the winter season.

WHAT IS IT ALL ABOUT?

All sorts of conflicting stories reach our ears—"There are plenty of vacant houses in Plymouth"—"We are faced with a house shortage"—"I don't need a chamber of commerce to tell me how to run my business"—"The chamber of commerce housing survey is a timely and important activity"—"We are turning desirable families away from Plymouth because we cannot find places for them"—"I don't see how that can be with so many vacant homes"—etc., etc., etc.

Because of these conflicting statements and opinions, and because it is only common sense to know that some steps will have to be taken before we could absorb thirty or forty additional families is the reason for the chamber of commerce housing survey.

Building Activities ON INCREASE DURING MONTH OF SEPTEMBER

23 PERMITS TOTALING \$21,540.00 ISSUED BY VILLAGE.

A considerable increase in building activity in the Village during the month of September over that of the summer months is indicated by the record of building permits issued by the Village for the past several months.

Kiwanians Hear About Convention

At the Kiwanis luncheon at the Mayflower last Tuesday, the program was in charge of the chairman of the general program committee, Earl S. Mack.

Football Fans Cut And Bruised Badly

While returning to their Detroit home last Saturday afternoon, after attending the first scheduled football game of the University of Michigan, John Minder of 3872 Harding St., Detroit, and Irving Conley of 10528 Mack Ave., Detroit, were painfully cut and bruised when their car was forced to the ditch about four miles west of Plymouth.

Youth Takes Poison

A tragedy of unrequited love was unfolded Monday when a note addressed to a former sweetheart was found beside the body of George H. Ross, 19-year-old farmhand.

Rotarians Hear Frank L. Snipes

The Plymouth Rotary Club at its regular meeting last Friday noon, heard a very interesting discussion by Frank L. Snipes, for seven years a U. S. fisheries expert in Alaska, relative to the activities of the federal government in the protection and control of the salmon industry in Alaskan waters.

O. E. S. Held Meeting

A special meeting of the Eastern Star for the reception of new members was held in the Masonic Temple on Tuesday, September 30.

Entertains At Meadowbrook

Tuesday at one o'clock, at a beautifully appointed luncheon at the Meadowbrook Country Club, Mrs. C. H. Bennett conferred with the chairman who will assist her to carry on the Red Cross membership campaign.

## NO OIL SHORTAGE

Plymouth motorists who may be addicted to worrying for fear this country is using gasoline at such a rapid rate that the supply will soon be exhausted can now cease that worrying. All estimates of future supply have been shattered by the recent discovery of new fields and the penetration into deeper sands. There not only is practically no danger of a shortage, but a supply and reserve sufficient to last a good many years is fast being built up. Government oil experts declare that, with proper conservation there is no reason why the nation should not have all it needs for the next fifty years to come. But conservation must be made the rule. Because we have so much there is no reason to waste anything. Oil is like gas in one respect—once it is gone it is gone forever.

## WHERE \$4 GOES

It is now estimated by the government that rats are so numerous and eat so much food that they destroy property worth at least \$500,000,000 each year. Of this sum, \$200,000,000 goes to feed this dangerous pest, and the balance, \$300,000,000 is made up of ravages with packages of produce, marred and cut buildings and fouled materials of many classes. The rat, it is estimated, costs each and every American citizen \$4 a year. Although it defies eradication, it would appear that Plymouth people who want to save this sum annually could do so by starting on a rat-killing campaign. Because the rat can reproduce faster than most animals it gets the run of the place before the owner realizes it. But they can be wiped out; there's no question about that. In view of the fact that they cost the country a half-billion dollars a year there appears to be no good reason for not making constant warfare on them.

## ABOUT PRICE BOOSTING

Now that the country is getting around to where something like correct estimates can be made of the damage done by the drought it is interesting to learn from late government bulletins that conditions are not going to total up as bad as predicted in late August. In one bulletin this significant statement appears, and Plymouth residents should find a lot of consolation in it: "There is no danger of a food shortage, despite the fact that crops are wiped out in some sections. Some reports of price increases on foodstuffs are coming in, but such increases are not justified. The greatest need is for food for livestock. There is no shortage of food for the human family and, for that reason, no excuse for raising prices on it." It is well to keep that in mind and to present it as a protest in the event you should encounter an attempt at price-boosting. It is to be hoped, however, that such protests will not be necessary.

## TEACH THEM SAFETY

Rural teachers should realize that since each year sees more and more autos on the highways that it becomes more necessary to warn school children against them. City and town teachers are commencing to make safety lessons a part of their daily routine. They find that it is impossible to warn the children too frequently. They must be constantly reminded to be careful, and that the auto is a dangerous machine. But a few moments daily are required to instill into them the safety lessons that will safeguard them while they are on their way to and from school, or using the highway at any other time for walking purposes. There is no special text-book on the subject, for none is needed. Common sense is the best text-book, and every teacher has a full measure of that, else he or she would not be teaching. Use common-sense in your safety lessons—but use it often. Even then there will be some children killed or injured. But the number will be constantly reduced.

## WHEN WINTER COMES

This having been an unusually hot and dry summer, nature will make up for it with a long, cold and wet winter, according to popular tradition. Amateur weather forecasters around Plymouth have not as yet come forth with their predictions, but government weather experts are commencing to discuss it, and they do not agree that the old tradition is going to hold good.

Says Chief Marvin, of the U. S. Weather Bureau: If one thinks that a hot summer should follow a cold winter, the last year has furnished a dissipation of that idea as any rule to go by. The last winter, particularly in the Eastern part of the United States, was a mild one, but was followed by a remarkably hot summer.

In other parts of the country, however, Mr. Marvin's statement does not hold good. Last winter was the severest in 12 years in the Middle West—and this summer was the hottest for 17 years. Fact is, theories will not work out if the weather is taken for the entire United States. Maybe the old belief that a long, hard winter follows a hot summer does hold good most of the time. Any rule can fail occasionally—and everyone around here is hoping that it does this time.

There seems to be nothing left to do but to wait for the goosebore, corn husk and animal fur prophets to bring on their predictions. After all, their guesses are apt to be as good as those of the paid weather men.

## CHAMBER of COMMERCE NOTES

We consider the following articles taken from the September 23rd issue of The Investor, a well published and the Detroit Board of Commerce. Interesting enough to pass on to our readers.

### OPTIMISTIC INDICATIONS SEEN BY DETROIT BUSINESS LEADERS

By Oliver Baker

Industrial Department, Detroit Board of Commerce

In a series of interviews late last week with a representative list of Detroit manufacturers, embracing practically all lines, it developed that there is a decided feeling of optimism extant that was not so apparent a few weeks ago. Perhaps the most significant development in the interviews was that the firms making the utmost effort to get business are in many cases keeping up with the record-breaking volume of 1929.

#### 1929 Was Abnormal

While 1929 was not a normal year and it is unfair to compare current business with the peak of a record twelve-month period, there are some firms in Detroit actually doing this in both sales and production. This is particularly true of manufacturers of electrical household equipment and devices. Of course, there are some firms in that particular line, whose records are well below normal, but the ones making the most sales effort are being rewarded with the greatest volume of sales.

The situation among the jobbing families, largely dependent upon the automobile industry, is spotty at present. Some of the companies report the outlook as indicating normal trade by the first of January.

The business of the small electrical household appliance companies is somewhat below normal, with seasonal improvements in some lines and seasonal declines in others. The general feeling is on the whole that general business conditions are picking up.

The brass goods industry continues to be spotty. Companies largely dependent upon the automobile industry are operating at such lower levels than companies selling a general line of goods. Companies in this line report prospects considerably better because, they say, that jobbers and manufacturers who use their products have depleted inventories about as far as is possible.

#### Lower Inventories

They also state that their own industry has lowered its inventories so that any increased demand is bound to step up production. In general it is expected that fall business will continue at about the same level as in the past two or three months with an improvement along the first of the year. The drug and pharmaceutical business is operating at levels only a little below last year. This business so far in September is considered to be very good. The companies which are maintaining levels comparable with last year, which was the best in their history, have done so by putting forth increased efforts in selling and in developing new products.

Machinery companies in general are operating at levels below last year. A gradual improvement is expected and hoped for the first of the year.

#### To Maintain Employment

Companies manufacturing stores and heating equipment which employ a considerable number of men in this area are operating at levels 20 to 25% below normal. Several of the concerns have planned their production so as to maintain employment and production schedules steady until next spring.

The oil burner industry has been an exception to the general line of heating equipment in that it has in almost every case exceeded last year's level. Frederick B. Patterson, president of the National Cash Register Co., who is visiting the company's agencies in the southern and southwestern district, said that he had noted a "decided improvement in the mental attitude of merchants" everywhere, and that "business has taken a definite turn upward."

Stocks of merchandise in the hands of manufacturers, wholesalers and retailers are, on the whole, but very slightly below last year, when measured in physical units, according to a cross-section of the trade obtained by Standard Statistics Co. through interviews.

### "SALESMEN'S STRIKE" ADDING TO PROBLEMS OF BUSINESS LEADERS

Pointing to what he terms the greatest salesmen's strike that America has ever endured, Harry Campbell, vice-president and secretary of the Detroit Board of Commerce, addressed the national convention of the Employing Bookbinders of America, last Friday evening at the Hotel Statler. He said the "strike" is one of the elements that is contributing to the present depression.

"Perhaps you will question this statement," said Mr. Campbell, "perhaps you think your salesmen are right on the job. If that's the case, you are just plain lucky."

"If you think your salesmen is working, I would suggest that you do a little scouting around for yourself. Call upon the Purchasing Agents in your own locality. You will find that some of them are actually lonely. They feel that the majority of their sales friends have given them up."

#### Purchasing Agents Puzzled

"Even in the boom days, these Purchasing Agents were puzzled by the attitude of salesmen—particularly the clever, experienced salesmen. I have had an opportunity to talk to some of these buyers and they tell me that Wednesday has always been their big day. Wednesday seems to be the day that is picked out by all salesmen to call upon them. Therefore Wednesday has been the poorest day for any salesman to get results because, in order to see them all, the Purchasing Agent could give each individual little time."

"On Monday, and particularly on Saturday, very few salesmen appeared. The clever, experienced salesman evidently knows that Monday is his Monday and that he can't sell anything, so he doesn't try. Saturday, of course, is a half holiday, and the educated salesman knows better than to annoy his prospect. So, on these two days when the prospect has had more time for friendly interviews, he has been left quite alone."

"Now he is being left alone almost entirely excepting by the middle class salesman who hasn't had enough experience to learn that he can't sell goods under the present circumstances. Therefore the middle class salesman is really making sales."

"We have had a number of experiences in our offices that have proven my point. As a result, I would advise you, if you resort to salesmen to dispose of your product, to fire the clever boys who have become drones, and hire some dumb-bells who have never seen a graphic chart, and who don't know a depression from a corn crib."

"I could cite you instances after instance where young men, eager to work, with scant knowledge of their product, have gone forth during these trying times, and have brought back orders. Perhaps I'll admit that they haven't been big orders, but they have been substantial—and an order is an order these days."

"While the mediocre salesman is stumbling around making calls in his stupid way—and getting results—what is the clever oldtimer doing? He is arguing with the boss, convincing him that there is no use in making an effort at this time. If the boss wins the argument and succeeds in kicking him out of the office, he is probably spending his time playing pool, and coming in with a follow-up report covering his alleged day's doings."

"If you have a salesman in your employ who says to you that 'it can't be done,' you should accept that remark as an automatic resignation. It can be done! It is being done by younger and more willing men and women. Some day these youngsters will become worldly-wise and lazy. They will reach the point in their lives where they think that you can't get along without them, and then they, too, will have to be dumped into the street, gracefully or otherwise."

"I sold goods for nearly twenty years, and I know the salesman's mind. I used to be a fair pool shot, and once upon a time I knew the name and hitting average of every big league ball-player in the country. I just did enough work to get by, thus establishing my own quota. Most salesmen do just that—establish their own quotas."

"I know one young fellow who went out a couple of weeks ago on a Tuesday and made a little more than \$80 for himself. His boss couldn't find him for the rest of the week. He probably figured that that was enough for any one man to make. I figure that if he could make \$80 on Tuesday, he could make it every other day, and his boss would be thick to death to see such results poring in. He got his Tuesday results by working."

"He didn't get any results there after just because he didn't work. If he wasn't on a strike then I don't know the meaning of the word 'strike'."

"These statements that I have been making have been reported in public addresses on innumerable occasions. I have been my experience, after the talks to have folks gather around me and agree with me. This has always been disappointing, because what I have tried to do is to stimulate a nice little quarrel that would result in some discussion—not that I care to attract attention, but I would be happy if I could make some salesmen mad enough to go to work. If, by chance, this present statement evokes controversy, I will be glad to cite names, places and incidents that are specific enough to prove my point."

"However, no one will take issue with me. I do not fear contradiction. So I say it flatly: The intelligent salesman of America is contributing only cowardice to our present business dilemma. He has turned tail and quit just when he is needed the most."

### "HELL'S ANGELS" COMING TO SHUBERT DETROIT OPERA HOUSE

The camera has done things in the much-discussed picture "Hell's Angels" which is to be shown at the Shubert Detroit Opera House beginning Sunday night, October 26th, that have never been done before and that most certainly could not have been done by any other art of mechanical medium, but the camera, with the aid of synchronized sound and talk.

"Hell's Angels" is thrilling beyond compare. It is smashingly effective as to its aviation scenes and humanly appealing as to its theme—the love of two brothers. There are shots in this picture that leap out of the screen upon the covering spectator and leave him helpless. One sees an airplane lunging at terrific speed and incredible deliberateness full into the side of a gigantic zeppelin. It is the most dramatic picture in the history of drama.

The story of "Hell's Angels" is by Marshall Neilan and Joseph Moore. March, adapted by Edward Estalcock and Harry Belin, the dialogue written by Joseph Moncure March, and staged by James Whale, the James Whale of "Journey's End" fame, directed by Howard Hughes. This picture is an authentic record of the successful strivings of a group of courageous men to imprison in celluloid the finest and most powerful and most vivid air-action scenes in history. Their work has been magnificent and their film deserves to be witnessed and applauded in every city in the world as it no doubt will be.

The real-life drama which occurs in connection with the filming of the dangerous scenes above the clouds is as spectacular in many instances as the thrills which are depicted for the screen; and practically all of the incidents of "Hell's Angels" are based on actual occurrences during the World War, the two outstanding features of the zeppelin sequence, will be recalled after seeing the picture, actually occurred—the first over France and the second over Dorset.

When "Hell's Angels" was finally completed it had cost approximately \$4,000,000; more than 20,000 persons had taken part in its making and more than 3,000,000 feet of film had been run through the camera. Besides the eighteen name parts in this film, headed by Ben Lyon, James Hall and Jean Harlow, there are twenty players in minor roles. Seventy-eight air pilots and thirty camera men employed to film the various scenes.

The Plymouth man who wants to get rich quick might try inventing something that could be eaten as a hot-dog and also smoked as a cigar.

By J. W. WALKER

**Kindergarten and First Grade**  
Miss Ethel M. Belden

We have been learning about the Indian Cliff Dwellers in our language class. We have an exhibit of Indian dolls, blankets, baskets, moccasins and pottery brought by the children. In the rhythm class we learned an Indian dance.

Miss Jameson visited our room Thursday, and gave us a reading test. Bernice Kinahan and Jack Riendel were the best readers this month.

At the Citizens Junior Club inauguration at Plymouth, all of our officers were present to take the oath of office and receive their badges.

**Fourth and Fifth Grades**  
Miss Peck's Room

We have many new things in our room this year.

We have a new sand table. All the boys and girls are happy with it. We have new maps and a globe, too.

Robert Webster brought some pretty plants.

The fifth grade made some attractive Indian vases.

The fourth graders are making harmony color charts.

The fourth and fifth graders had their pictures taken. Most of them are good.

Our library books came. We enjoy reading them. Crystal is our librarian.

Reporter, Lona Belle Rohde,  
Fourth Grade

**Upper Rooms**  
Miss Margaret Rowe

**Junior Citizens Oath of Office**  
Tuesday, September 23, was the Junior Citizens meeting in Plymouth. All the officers from our school were there to receive their badges. This year Donald Johnston carried the flag. It is the third year someone from Rosedale School has carried the flag. A very interesting program followed. One of the speakers was President Charles McKinley of Michigan State Normal College.

**4-H Club News**

The new members of the 4-H Club are to be initiated this afternoon. That is one of the requirements to have a 4-H Club. We plan to have a very interesting year.

**Reading Club**

We have organized a reading club. The officers are:

President—Jeanette Marquez  
Vice-President—Mary Gail Schaffer  
Sec. Treas.—Lois Loftus  
Chief Librarian—Gwendolyn Dunlop  
Library Committee—Dorothy Metzger, Eleanore Strachle

**Our Bookshelf**

We have an interesting chart that we call "Star Book Shelf." It is to see who can read books fastest. We have another reading chart, to see who is ahead in reading tests.

**Nature Study**

We have been doing some interesting work in nature study. We have some very pretty moths. The Lana and Ia. We also have a tomato sphinx. We have a new 100 power microscope. We found it interesting to examine a small piece of paper and a piece of sawwood through it.

—By Judith O'Dea.

The Bowdler kiddies also have grandparents visiting this past week, and from way down Missouri.

Young folks all about attended the reception to Mr. and Mrs. Fred Johnson, last Saturday night, at home of Mrs. Johnson, Sr., at Stark Blvd.

The young Mrs. Johnson was Miss Gertrude Murphy until 4:00 post meridian, Saturday, the 27th instanter. All the girls "just raved" over the wedding gown and "how sweet" the bride was. Heres goodluck to the young folks!

Now just what have those Camp Fire Girls got up the sleeves of their new Fall jackets. Bet a ginger cookie we know, but won't tell.

Whoosit the new Scoutmaster? Wake up, Komittee!

We are offering the condolences of the entire community to Mr. and Mrs. Clayton J. Price, 1419 Melrose Ave. Little Vernon Price passed away at Ford hospital, Detroit, at about noon last Sunday, the 28th instanter.

Grandpa and grandma Snell have been visiting the younger Snells at their home on lower York avenue.

Thanks to Chester's D. M. D. line, our high schoolers have a return trip ticket for the price of just one way. Three bucks a month saving is well appreciated by all.

Frosted leaves with all nature's colors are in season along with Mme. Gardenite's housecleaning, and open fire place time. Now for toasted marshmallows and roasted chestnuts, eh, kids!

Mr. and Mrs. E. J. Goodbold have left for Cleveland, Ohio, business trip. Sol Schaffer is a great boy to go to R emporiums for his mother. He has an irresistible impulse to drop a bottle of milk every day and invariably break a bottle, and good-bye milk! However, realizing his own faults in the matter of virtual shopping, he has, of late, been taking the milk via other routes than the concrete path, so now when the bottle drops it is in the mud, and Sol trusts to the creamery at teacher's heart in putting in the stopper bottle, and all that is necessary to retrieve the bottle of milk intact is a heavy on the pump handle. For his thought in taking the mud path we feel sure Santa Claus will reward him some day, and possibly it will be a can of malted milk, or something, which Sol is so fond of.

Several eyes at after sun down we have seen the "northern lights." Did you? Not so bright, but very pretty.

The Land Company boys have spent, passed, or put in several sleepless nights and days, as the long looked for rain come down, heavy, fast and sure. So while Gardenites' spot, surfers drain caught water, and the pumps were manned, and the water sent on its way rollin' down the river.

Now that the Gwaosch holidays with the attendant rains are over and Mayor Murphy on the job, we hope that our big city neighbors will find employment in lucrative places, and the prosperity will reach westward. Ho!

They have just finished painting a white line down the middle of US-12, and, as we hoped for, the first guy down the road ran over it and landed

in the ditch to the side, in order to keep from hitting another guy opposite bound.

They have completed the job of tiling the white bricks, with white tile and green trim, at our new lubricatorium and gasolitis emporium. Won't be long now before we are getting this old bus tank fitted thereat and by, and how!

When the frost is on the pumpkins I'll say Good-Bye to you, my dear hay-foley!—Buck Huron, in Indian Summer Vanities of 1930.

We hope Miss Smith, or some teacher will have a class in stichology or darnology, or something soon. As we have a notion to send over the red flannels and an overcoat that there was a button or two or three missing, or maybe the daughter will get some lessons and come to us for home work.

Gardenite housewives have all been busy at jelling and can peaching and chili-saucing. So we guess that the drought was all wrong some place other than here.

Flies, house, horse, flyver (etc.) are in season—swat! But going soon.

And now that football is in season over Ann's Harborway, we are coming home via the "back-way" Satdee post meridians, and staying home too, for on US-12, are they wild? I'll say they're positively aboriginal (or some such expression of arsenious driving).

Last Thursday eve was a time of much merry making at the home of Mr. and Mrs. Clas. (Bud) Schaffer on US-12 near McKinney Center, nee Imperial Hwy. The cause was the "Buds" were married some twenty-three years ago. All about helped make things merry, the following families were well represented: McKineys, Rohdes, Hoffmans, other Schaffers, Whiteheads, Cal Roberts, and of certainly the little Schaffers (now almost grown up) Fielder, Charles (Sod), Norma and Mary Gale. And on with the party. Pedro being the prominent feature, with a little cuber. Prize winners were Ben Schaffer, Sam McKinney, Fielder Schaffer, Isolne McKinney, Ida Rohde, etc. Cal R. lost thru "cutting" the wrong card twice. Gifts to the "young old" folks were everything imaginable from neckties to nit-gowns. Luncheon finished, and all went home happy at about one a. m.

The makers of a certain brand of coffee have been playing up in their ads how far it travels before it reaches your cup. That served in some restaurants is still weak from the trip.

**CORRECT HIGH BLOOD PRESSURE, DIZZINESS, DIABETES WITHOUT DIET.**

Avoid paralysis and stomach troubles in advanced years. Do it with San Yak Pills for the kidneys. They give ease to stomach, antiseptic laxative deodorizing the bowels, cutting down the growth of bacteria in the colon, preventing 95 per cent of all human ills, including swelling of limbs and feet.

Dr. L. P. Bailey of Michigan says of San Yak: "It will do all you claim. It is fine medicine for the blood and has cured rheumatism of long standing. When one treats the kidneys with San Yak he is renewing the whole body. One can always depend on San Yak." Other physicians of Michigan say San Yak is the best medication of any disease.

## THE KITCHEN CABINET

(© 1930, Western Newspaper Union.)

"The thing that goes the farthest toward making life worth while."

That costs the least and does the most is just a pleasant smile. The smile that bubbles from the heart, that loves its fellow men.

Will drive away the clouds of gloom and coax the sun again. It's full of worth and goodness, too, with many kindness blends—It's worth a million dollars, and it doesn't cost a cent.

### GOOD THINGS FOR THE TABLE

While fresh eggs are plentiful and reasonable in price, the angel cake is more often served.

For those who enjoy a delicate cake, not too sweet, the angel food is the most popular. It is a cake which may be given to children freely, and sponge cake is another.

**Angel Food**—Sift one cup of pastry flour three times with one-eighth of a teaspoonful of cream of tartar. Measure one cupful of egg whites and one cupful of sugar. Add a pinch of salt to the egg white and one-eighth of a teaspoonful of cream of tartar, beat them until stiff but not dry, add the sugar, a very little at a time, flavor with a teaspoonful of vanilla and fold in the sifted flour and cream of tartar in the same way. Pour into an ungreased tube pan, place in a slow oven and bake at least an hour and a half. The secret of the texture and tenderness of the cake is in the baking. When baked it should be light and almost like an omelet in tenderness.

**Meida Pastry**—Take one cupful of oven dried crumbs, when a golden brown put through a food chopper. Mix well with one-third of a cupful of sugar, one teaspoonful of cinnamon and four tablespoonfuls of butter. Line a large pie plate with the mixture and bake in a slow oven for 20 minutes. Allow the crust to cool, then pour in the cooled filling.

**Banana Custard**—Slice three ripe bananas. Cook two beaten eggs, one-fourth cupful of cake crumbs and one cupful of milk two minutes or until the custard lightly coats the spoon. Add two teaspoonfuls of lemon rind and stir in the bananas. Pour into a greased baking dish, set in a pan of hot water and bake until the pudding is set. Cover with a meringue and brown.

*Norel Maxwell*

**A Few Little Smiles**

**A Jilt's Confession**

"I don't see what you find so attractive in that young man," said one girl. "He is neither handsome nor intellectual."

"No," answered the other, "but he has the reputation of buying lovely engagement rings."—Washington Star.

**FUR BEARING ANIMAL**

Zoology Prof.—Can you mention a fur-bearing animal?  
Freshman—Yes, sir—a sophomore wearing his coon-skin coat.

**Horrabi**

"I can't remember the words of that new song," said the girl, returning from the show.

"That makes it easier," answered her father. "Now all you've got to do to make home happy is to forget the tune."—London Tit-Bits.

**Night Baseball**

Father, dear father, come home with me now.  
The clock in the steeple strikes one. Now, daughter, you quit; this guy's due to hit—  
And what if I missed a home run!

**Is and Isn't**

"Is this a safe job you are planning tonight?" asked the first bandit.  
"Well," replied the other one, "it's a safe job and you know we're never safe when we're pulling one of those."—Washington Star.

**A Liberal View**

"Do you think that a politician is worse than other men?"  
"No," answered Senator Sorghum. "He has more temptations."—Washington Star.

**Seven Angels**

Maid—When I accepted Jack he was in seventh heaven.  
Elsie—Of course. He's been engaged to six other girls this year.—Tit-Bits.

"If you can remember," says Dad Plymouth "when Pa used Mason's blacking to shine up his shoes before going to church Sunday morning, it's a sign that you're growing old."

**United States Mails**

The Post Office department says that mail is dropped in the box, picked up by the collector, and placed on the facing table in the post office. It is then picked up with all the stamps arranged according to the size of the envelope and run through the canceling machine. The mail is then taken to a primary distribution case and there assorted into various boxes; then taken to a state case where it is distributed according to offices in the state and tied out in bundles according to train schedules. When it reaches the office to which it is addressed it is distributed by clerks to routes in the city by numbers, each number representing a city carrier. The city carrier on his next trip delivers the mail to the street address of the party addressed.

**Pharaoh's Curse in Garage**

Centuries before Socrates drank the hemlock men knew that anyone shut in a small room with a brazier of burning charcoal would be taken out dead. Even savages knew, as they know now, that because of some terrible poison—the oldest known to mankind—safe fires are to be built only at the mouths of caves and not in the unventilated depths. We now recognize the poison to be carbon monoxide, and its presence in long-unopened cades or tombs probably explains the mysterious deaths of early excavators and tomb robbers' and may be responsible. It has been suggested, for the legends of Pharaoh's curse.—E. E. Free in the Forum.

**Nineteenth Amendment**

Wyoming was the pioneer suffrage state. It legalized the voting of women in 1869 and carried the provision into its state constitution when admitted in 1890.

Women of 12 states voted in the Presidential election of 1910. These states were Wyoming, Colorado, Utah, Idaho, Washington, California, Arizona, Kansas, Oregon, Nevada, Montana and Illinois. On August 26, 1920, the United States secretary of state proclaimed the Nineteenth amendment in effect. It having been ratified between June 10, 1919, and August 18, 1920, by three-quarters of the states.

An old-timer in Plymouth is one who can remember when a pair of black cotton stockings didn't look unusual.

Regular services at 10:30, in the Village Hall; Luke 7:11-17.  
Sunday-school at 11:30.  
You are always invited and welcome.

### Christian Science Notes

"Ideality" was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, September 28. Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Thy kingdom is an everlasting kingdom, and thy dominion endureth throughout all generations." (Ps. 145:13).  
The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "We know no more of man as the true divine image and likeness, than we know of God. The infinite Principle is reflected by the infinite idea and spiritual individuality, but the material so-called senses have no cognizance of either Principle or its idea." (p. 208).

### PRESBYTERIAN NOTES.

The Rally Day exercises in the Sunday-school last Sunday brought out a record attendance. The dedication to the year's work proved very impressive.  
Tuesday evening the Mission Study class held a very enjoyable meeting at the home of Mrs. Perry Campbell on Canton Center road. After an excellent cooperative supper, the business of the class was transacted and plans were adopted for work throughout the coming year.  
Beginning Wednesday, October 15th, the pastor will lead a class in a study of India and her problems. This course will consist of six studies on consecutive Wednesday evenings. The book used as a text will be "India Looks to her Future" by Professor Oscar McMillan Buck. All are invited to attend these meetings. The hour will be 7:15 p. m.  
The Busy Women's class will meet on Tuesday of next week at the home of Mrs. Lewis H. Root, Ann Arbor road. There will be cooperative dinner at noon, and the business and program following.

Northville Women's Union will be here next week. This is the semi-annual joint meeting of the Northville and Plymouth organizations. The meeting will be in the Plymouth church on Wednesday, October 8th, at 2:30 o'clock. The women from Northville will provide the program and a most interesting meeting is assured. The Plymouth will serve refreshments. Every woman in the congregation is invited to come and share in this meeting.

### METHODIST NOTES

"Jesus went up into the mountain to pray. And as He was praying, the fashion of His countenance was altered, and His raiment became white and dazzling." Luke 9:29.  
"Prayer is a great transformer. Prayer works all beautiful miracles. Prayer dissipates every cloud. Prayer lifts every load. Prayer changes the ugly to the lovely. Prayer changes all doubt, all anxiety, all fear. Prayer solves the difficulties as they come along. Prayer strengthens backbone, turns up the corners of shoulders, turns up the corners of the mouth."  
The experience of prayer gives us a sublime confidence in it, and we know beyond any doubt that through it we can bring to pass anything that is in accordance with God's will; and what is apposed to God's will we do not want brought to pass.  
Tuesday evening the regular meeting of the official board. The unit leaders are requested to make their reports at this time.  
Wednesday, October 8, the missionary society will meet with Mrs. Card, 1279 West Ann Arbor street. The cooperative luncheon at 12:30, according to our new plan, will be furnished by those who are notified; the others pay 25c for the luncheon. Bring your dishes as usual. Mrs. Fluelling and Mrs. Terry will be in charge. The program: "Temperance and Christian Citizenship" will be given by Mrs. Clemens. Mrs. W. J. Stewart will have the devotions. A cordial invitation is extended to all who are interested in missions.

The Rally Day promotion exercises in the Sunday-school last Sunday morning were most impressive and we all enjoyed hearing the children sing. Mrs. Honey transferred a large class of girls and boys from the primary department to the junior department, and Mrs. Doerr promoted two classes to the intermediate department.  
Circle No. 2 of the L. A. S. will hold a harvest supper at the church Friday evening, October 10th, beginning at 5:30 and continuing until all are served. The menu will be found in the advertisement. The public is cordially invited to come.  
The L. A. S. are having their rummage and bake sale today (Friday) and tomorrow. All members are reminded to bring their contributions of articles of clothing and baked goods.

### CATHOLIC NOTES

Sunday is the first Sunday of October, the Rosary month.  
Saturday the religious instructions for the children will begin; the Dominican Sisters of Ypsilanti will take charge of the classes. All children who have not completed the eighth grade are obliged to attend these classes—9:30 a. m.  
Next Wednesday the Priests Eucharistic League of Detroit Diocese will convene at St. Thomas church, Ann Arbor.  
The coal collection will be taken up during October. Be generous and keep warm.  
The ten o'clock mass Sunday will be a high mass, and every Sunday thereafter. The choir will begin their rehearsals Friday, tonight, at 7:30.  
The baseball team, Nethem, will play at the fair grounds in Northville, Sunday, against the veteran hurler, Harry German.

### EPISCOPAL NOTES

The Holy Communion will be celebrated at 10:00 o'clock this Sunday. This is the one service of which Christ Himself, said, "Do this!" It is a Christian duty and a great privilege.  
A week from this Sunday, on October 12, Bishop Pease will visit this parish, and administer the rite of confirmation, at the 10:00 o'clock service.

A number of adults and several young people are preparing to take this step toward more active church membership. Every member of the parish should make it a point to be present. Attendance at the church school shows about a twenty-five percent increase over last year in September. The enrollment also is increased this year, and the general enthusiasm and class work is greatly improved. The cooperation of the parents is urged in seeing that pupils attend regularly and on time.

### St. Peter's Lutheran

The regular quarterly meeting of the congregation will be held at 8:00 p. m., Wednesday, October 8th. All members are requested to attend.  
The Young People's Bible Society will hold its initial fall meeting at the home of Miss Helen Beyer, at 8:00 p. m., October 7th.

The church council, convening Friday evening, September 26th, paid their respect to the memory of a departed member of the council, Louis Heber, and voted in Mr. Albert Rohde to take Mr. Heber's place on the board.

### WCTU

The Woman's Christian Temperance Union held a very pleasant meeting Thursday, September 25, with Mesdames Starkweather and Hillmer of Starkweather avenue. The program was in charge of the president, Mrs. Vealey, and was commemorative of the great temperance leader, Frances Willard.  
Mesdames Hillmer and Keiser were appointed delegates to the state convention in Grand Rapids, October 14 to 17.

After the meeting a delightful tea was served, and a social hour enjoyed by all. As has already been stated, the annual meeting of the local union has been changed to October in order to conform with the time of the state national conventions, both of which occur in the fall.

The next meeting, which will be the annual meeting, will be held Thursday, October 23, with Mrs. Wm. Smith of Dodge Street. At this time dues will be paid for the year October 1930 to October, 1931.

### Hough School News

We went to Plymouth High School on Tuesday evening, September 23, to receive our Citizen Junior Club badges. They were very pretty—the presidents' were blue, the vice-presidents' were red, secretary-treasurers' were very pretty green, and the girls' and boys' health officers' badges were white. All of the children brought them to school and hung them on the bottom of the Citizen Junior Constitution in the front of the room.  
Mr. McKinnon gave a talk on how to be trustworthy, courteous and what integrity, intelligence and industry are. I'm sure everybody enjoyed it, at least the people I have talked to did. Mr. Fisher talked to us and Mr. Yost done the announcing.  
Our hot lunch club made posters last year. In the spring we took them to the high school on achievement day, where we won first place. They were sent to Lansing and from Lansing to Northville Fair, where they won first place and also five dollars. Later we sent them to the state fair where they took fourth place and won seven dollars.  
Our constitution is signed and on the wall. All of the Citizen Junior Club citizens' names have been signed. During the whole month of September, our attendance was 99.3%.  
The Wayne County librarian brought us twenty-four books. The children enjoy reading the different stories.  
Marie Miskerik brought three butterflies to school Tuesday morning. They are very pretty—the one is a monarch butterfly. It is three inches across the wings.  
In the sand table we have planted wheat, barley, oats and corn. The grain is about five inches tall, and the corn is very small. It will not grow much more because there is not enough plant food left in the sand.  
—Barbara Hix.

### COLDEST ICE FROM HOT MEXICO

That coldest of ices—dry ice—being more and more used to preserve foods, ice cream, etc., is in substance solidified carbon dioxide gas. An announcement by the Mexican department of industry and commerce states that a large dry-ice plant will soon be in operation for the production of millions of tons of solidified carbon dioxide. The ice will be produced at temperatures below zero. And what is so strange is that this cold ice will come from the hottest part of our neighbor to the south. The gas is obtained from the petroleum wells of Queretaro near the Panamo river. While it is not ice when it comes from the ground, it soon becomes so under pressure. Because the quantity of the gas in these wells is unlimited, a new national industry is predicted. Dry ice evaporates without leaving a drop of water. It weighs much less than natural or artificial ice, costs about one-half as much and does away with the necessity of elaborate refrigerators.

Never tell a Plymouth girl she looks good enough to eat. She might lead you to a restaurant.

WEST POINT BEATS GARDEN CITY 8 TO 5

The baseball game between Garden City and West Point Park ended with a score of 8 to 5 in favor of the Pointers. The game was pretty evenly matched with West Point getting 12 hits and Garden City 8. Hidden pitcher for Garden City pitched a good game striking out eleven men while Jayska struck out eight.

Table with columns: WEST POINT PARK, AB, H, C, E. Lists statistics for players like Hillross, R. Wolfson, C. Wolfson, etc.

Table with columns: GARDEN CITY, AB, H, C, E. Lists statistics for players like Dettlof, Piszrek, B. Johnson, etc.

Sacrifice Hits—C. Wolfson, Hobbins, Hammerschmidt, G. Johnson. Two-base hit—R. Wolfson, G. Johnson, Rutenbar. Three base hits—R. Clement, Hobbins. Hits—off Jayska 8 in 9 innings; off Hidden, 12 in 8 innings.

Relief From Curse of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Oxidized has been discovered. This tablet attracts water from the system into the large, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose. Stop suffering from constipation. Chew a Rexall Oxidized at night. Next day bright. Oct. 24 for 25c today at the nearest Rexall Drug Store. Bayer Pharmacy.

Dearborn Takes Down River Title

DEFEATS PENNSYLVANIA RAILROAD IN FINAL CONTEST. 5 TO 2. Defeating Pennsylvania Railroad, 5-2 at Lincoln Park Sunday, the Dearborn team completed its schedule for the 1930 season and clinched the title in the Down River league. After gaining the leadership by taking a double-header from West Point Park in the second round, Dearborn started a drive that swept aside all opposition and lost but one game during the last two months. Although the pennant race is decided, two more games remain to be played. They will be staged next Sunday. Dearborn 020 003 000—5 11 1. Lincoln Park 010 000 010—2 11 3. Gombak and Wagerson: Smith and Wittmack. Ecorse 060 010 000—7 10 5. Lincoln Park 000 330 011—8 15 0. Burkhardt and Schuster: Domke and Fuller. Highland Park 000 200 021—5 11 0. River Rouge 010 112 027—7 8 0. Brooks and Ryckman: Gertz and McKay. D. T. & I. 9, West Point Park 0. (forfeit).

League Standings table with columns: Team, W, L, Pct. Lists Dearborn, Lincoln Park, Ecorse, River Rouge, D. T. & I., Pennsylvania Railroad, Highland Park.

Nethem Wins Close Game, 4-1

Nethem defeated Wayneford, when they scored one run in the seventh inning and two in the eighth, the tying run being scored in the third inning. Wayneford scored their one run in the first inning on two hits and a fielder's choice. Next Sunday, October 5, Nethem will play at the Northville Fair Grounds against Harry Gorman and his boys at 3:30 p. m. This game being the second game of a double header scheduled for the day.

LEFTY GROVE HAS TWO BIG ASSETS

Robert Moses (Lefty) Grove could not be bought now for twice the price he cost Connie Mack—\$105,000 and a record for pitching talent anywhere. Connie has managed some of the game's greatest southpaws, among them Rube Waddell and Eddie Plank, but the veteran pilot of the A's seems in a fair way to get more and better service from Grove than any of the others. Perhaps the reason is that Grove has the speed and stuff of Waddell, the control and easy-going temperament of Plank, a rare combination. Grove seems certain to sustain the spring suggestion that 1930 would be

the best year the lean left-hander has had in the American league. He was around the 20 mark in victories by the middle of August, with six weeks in which to beat his best record of 24 triumphs, made in 1925, and an outside chance to be the first American league pitcher to touch 30 victories since Sergeant Jim Bagby did it for Cleveland in 1920. The fire-ball star's great mid-season work had a lot to do with the commanding lead held by the Athletics. Just when it looked as though they might be extended to repeat their pennant victory.

Here are some records in propelling balls of various descriptions through space. Ross MacKintie, a famous lacrosse player with the Toronto club in the '80s, threw a ball of a lacrosse stick 418 feet. It is said there are several authentic records of a golf ball being driven 700 feet, the roll, of course, not included. Babe Ruth and Harry Hellmann have records of hitting a baseball 600 feet, not official. Seldon Lejeune threw a baseball 429 feet. This was official. Ed Walsh, in lunge hitting, sent the ball 419 feet. The record for throwing a cricket ball is held by W. F. Forbes of Eaton, England, who threw the ball 396 feet.

A majority of the players on the Giants' roster are natives of the South. The states represented are Mississippi, Louisiana, Kentucky, Virginia, Florida, Texas and Oklahoma. A small tennis net in front of the pitcher's box protects New York Giant hurlers from line drives during batting practice at the Polo grounds. Manager McGraw introduced the protector after watching them dodge terrific drives. Several pitchers now wear shin guards in major league games, and in time all managers will use them to protect their pitchers from injuries, according to McGraw.

Base Line Super-Highway To Be Finished Aug. 1931

Base Line 204-foot superhighway is the east and west backbone of the Master Plan of superhighways and as such is the first superhighway to be developed throughout its entire length of over 22 miles, stated Road Commissioner Edward N. Hines, recently. Rapid strides have been made on its construction this season between Grand River and Mack 204-foot superhighways. The initial development provides two twenty-foot concrete roadways with the center space left for future development. On the section between Mack Avenue and Van Dyke, the south slab of the superhighway was placed in 1929. September 1, 1930, bids were taken for the construction of the north slab with a completion date set at August 1, 1931. The right-of-way on this section has been completely acquired. The section from Van Dyke to John R is now completed. The north slab was placed in 1928 and the south slab in 1929. John R to Greenfield, on which a 20-foot concrete pavement had been placed in 1927, was completed as far as Livernois this year by the installation of a 20-foot concrete pavement on the north side. The remainder of this north pavement from Livernois to Greenfield is now under contract and August 1, 1931, has been set as the completion date, the right-of-way having been fully acquired, stated Mr. Hines. From Greenfield Road to Grand River Superhighway the right-of-way has been completely acquired and construction is in progress under two separate contracts having the completion date set at December 1, 1930, for the section between Greenfield and Lahser Roads; and at July 1, 1931, for the section from Lahser road to Grand River superhighway. This project, approximately 22 miles in length, will serve as an interceptor for all traffic entering Wayne County, and motorists will be able to use this highway in an east and west direction to reach any important north and south highway entering the city of Detroit. It also will act as a feeder for the Wayne County superhighway system—allowing connections to all such highways on this system. Grade separations are now being planned or are in course of construction on the entire project, one of the important ones being at the intersection of Telegraph Road and Base Line superhighway which is now under contract and should be completed within the next year. This grade separation separates the crossing of two superhighways and will be somewhat similar in construction to the Michigan Avenue-Southfield superhighway project, stated Mr. Hines. This entire superhighway project is a special assessment district road, built under the Covert Act, whereby a percentage of the cost is borne by the frontage owners and those included within the district. Construction work was carried on under the supervision of the Michigan State Highway Department and the acquisition of right-of-way accomplished by Wayne County's Right-of-Way Division.

Today's Reflections

The chances are the drought would not have lasted so long had there been more churches and Sunday school picnics. There is no reason to doubt that there is music in heaven but that doesn't mean the place is full of men who sing their own praises. It takes a woman who doesn't know how to do a thing to do it better than a man who knows all about it. There may be glory enough for all of us in this world, but there will never be enough money to go around. It doesn't matter whether you call it "draught" or "drouth," it was one of the worst spells in history any way you spell it.

Most Nurses Use New Face Powder

MELLO-GLO, the new wonderful French Process Face Powder, is preferred by nurses because of its purity, and they say it does not make the skin dry and drawn. Stays on longer, keeps shine away, and is very beneficial to the complexion. You will love MELLO-GLO Face Powder. Community Pharmacy. "We Serve You Right."

Probate Notice

STATE OF MICHIGAN, County of Wayne, ss. At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the fourth day of September in the year one thousand nine hundred and thirty. Present ERVIN R. PALMER, Judge of Probate. In the Matter of the Estate of GEORGE E. FISHER, Deceased. George E. Fisher, Executor of said estate having rendered to this Court his Final Account, and filed therewith a petition praying that the residue of said estate be assigned in accordance with the provisions of the said last will: It is ordered, That the eighth day of October, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition. And it is further Ordered, That a copy of this order be published three successive weeks previous to said time of hearing, in the Plymouth Mail a newspaper printed and circulating in said County of Wayne. ERVIN R. PALMER, Judge of Probate. (A true copy) Theodore J. Brown, Deputy Probate Register. 4131c

NEWBURG

Rev. Jacobs, an evangelist, who is holding meetings at Ferrisville, preached at Newburg Sunday.

Mr. and Mrs. John Thompson and family and Leigh Ryder were Sunday guests of Mr. and Mrs. George Henry of South Lyon.

Mr. and Mrs. Robinson of Northville, and Mrs. Bethune Stark of Plymouth, attended church service at Newburg Sunday.

Mr. and Mrs. Ora Bassett are the proud parents of a baby girl, Betty Mae, born last Thursday, September 25th.

Frank Clemens and classmate of P. H. S., left for Vicksburg, Miss., last Saturday morning.

Miss Sarah Lillian Cutler will spend the winter in Chicago, where she is taking a course in art, at the Chicago Art Museum.

Mrs. Clyde Smith attended two parties last week in honor of Mrs. Ernestine Roe-Shawley of New York.

at the Mayflower Hotel in Plymouth, last Thursday evening.

Mr. and Mrs. T. J. Levandowski entertained for Sunday dinner, Mr. and Mrs. Wm. Wallace, Mr. and Mrs. John Zielasko, Michael Zielasko, Mr. and Mrs. Kaffke, Mr. and Mrs. Dolatowski and daughters, Helen, Genevieve and Marion, all of Detroit.

Mr. and Mrs. Joseph Draganiski and Miss Clara Yester spent Sunday with friends in Mt. Clemens.

CELEBRATED 49TH WEDDING ANNIVERSARY

A pleasant surprise was given Mr. and Mrs. Henry Klatt last Sunday, when 31 dropped in on them just at noon to remind them of their forty-nine years of wedded life.

But, nevertheless, dinner was all ready for the daughters and granddaughters came with well filled baskets, and they all sat down at 1:30 to a most beautiful dinner.

A most enjoyable day was spent, and all joined in wishing Mr. and Mrs. Klatt many more years of wedded life.

DAIRY FACTS

COWS CONDITIONED LARGELY ON CORN

After Calving Make Good Use of Bran Mash.

"Cows that have been milked until they are below normal in flesh can be most quickly and economically conditioned on corn," says G. A. Williams of Indiana. A mixture of six pounds ground corn, two pounds ground oats or bran, and one pound of oil meal is a mixture he recommends.

For several days before and after calving there is no feed so good as bran mash because of their cooling and laxative properties. If constipation develops, give a quart of raw linseed oil or one pound of epsom salts.

After calving, supply plenty of water but increase the grain ration very slowly. Corn and oats must be sparingly used until about the fifth day when the regular ration of four pounds of corn, two pounds of oats and one pound of oil meal at the rate of four to five pounds a day may be used.

Mr. Williams calls attention to the fact that at the time of calving, certain substances called hormones are liberated into the cow's blood stream which stimulate milk production.

Get Excellent Results From Balanced Ration

A great many farmers do not feed a well balanced ration to their dairy cows because for some reason or other they think that such a ration is necessarily much more expensive than one made up of the ordinary farm grains.

Early Cut Sunflowers to Keep Up Milk Flow

Sunflowers cut about 88 days after planting, or about the middle of August, proved to be the most palatable and kept the milk flow of the cows closest to the level of corn silage in trials made in Illinois.

The Mammoth Russian variety was used in rows about 3 1/4 feet apart and about 10 inches apart in the rows. When about 25 per cent of the plants are in bloom and show the yellow rays plainly, and the upper leaves are green, is the best time to cut sunflowers for the silo.

Pasture Supplement

As late summer approaches the need for pasture supplement becomes more acute. It is during this period that pastures become short, due to dry weather. Silage has proved to be the best forage supplement for pasture, although soiling crops, such as green corn, oats and soy beans may be used.

Get Herd in Shape

Now is the time the good dairyman is getting the herd, his feed and his barns in good condition for the winter. A cow that is allowed to get thin and shaggy now, will produce nothing but hair through the winter.

Progressive dairymen are learning that it pays to feed cows well through the summer.

A suitable grain ration may be made of equal parts of ground oats and barley with 10 per cent of oil meal added.

Silage is an excellent roughage for dairy cows. Its succulence makes it especially desirable, but it is well to remember that it is very low in protein. Alfalfa hay or grain containing protein feeds would be used to supplement the silage.

The Woman Fate Chase for Him

By LBETE STONE

(Copyright)

HARRY VALLON, after five years of signal success as a singer, suddenly made up his mind one night that he was tired of this life with its rigid requirements. He had saved money for a long time. So, as the generous applause of his audience that night died down, he resolved to drop from sight; to seek some sequestered spot of peaceful outline where he could fish, eat alone, sleep, work solitude, and dream—principally dream.

Alice Revelle was a musical comedienne who had but recently completed the drilling grind of a year's run in New York in a popular hit, and a six month's road tour. She, too, had been judicious in the matter of earnings; and she, too, was weary of applause, garish din, bright lights and artificial enthusiasms. So she decided to go somewhere and lie full length on a carpet of pine needles, and read for hours at a time something besides the sides of a part; somewhere where there was the rill of early morning birds and the scent of shy wild flowers.

Plymouth High School Is Debating League Member

Plymouth high school has become a member of the Michigan High School Debating League this year and will compete for the Intercollegiate debate championship of the state, according to an announcement by Professor G. E. Densmore of the University of Michigan.

The first step in the forensic race for state honors will be taken on November 7 when the local high school debating team, coached by Eileen Winkelman of the high school faculty will meet one of the neighboring schools, to be announced later by the University, in a debate on the subject: "RESOLVED: That National Chain Grocery Stores coming in the State of Michigan are detrimental to the people of the state."

Three other state-wide debates on November 21, December 12, and January 9, will constitute the four Preliminary Debates in which all schools will participate in order to compete for entrance in the Elimination Series of debates which begin on February 20. Only the schools with the highest percentage of victories will be entered in this Elimination Series and each of these schools will receive the University of Michigan Wall Plaque Trophy through the cooperation of The Detroit Free Press. This Trophy is in the shape of a shield, the design of which was taken from the well-known University of Michigan shield.

Canton Organizes Nutrition Class

The organization meeting of the Canton Nutrition Class for 1930-31, was held at the home of Mrs. P. D. Campbell, Tuesday, September 23. The following officers were elected: Chairman—Mrs. J. M. Swegles; Sec.-Treas.—Mrs. Charles Hewer; Local Leaders—Mrs. P. D. Campbell and Mrs. S. Spicer.

The lessons this year promise to be very interesting. Anyone wishing to join this club can do so by getting in touch with any of the above ladies. The first lesson will be given October 22. It's all fool-bhness to think that women dress to please men. They dress to displease other women.

Marriage Rites of Miss Doris Field Read By Father

CEREMONY IS BEAUTIFUL AFFAIR AT OAK PARK M. E. CHURCH. The following was taken from the Flint Daily Journal of Thursday, September 25, regarding the marriage of Miss Doris Field, daughter of Rev. and Mrs. F. M. Field, Rev. Field was pastor of the local M. E. church for several years.

Rev. Frank McCoy Field, pastor of Oak Park M. E. church, last night read the service which united in marriage, his daughter, Doris Isabel, and Arthur H. Falter, of St. Louis, Mo., son of Mr. and Mrs. Jacob Falter of Columbus, O. The wedding was performed in Oak Park church, in the presence of many friends and relatives of the couple.

ELECTROCHEF Displayed, Installed, Recommended —by— Corbett Electric Co.

Women marvel at ELECTROCHEF'S low cooking cost

There are three reasons for the ELECTROCHEF'S low cooking cost: First, the present Detroit Edison electric rates; second, the ELECTROCHEF efficiency; and third, the high-speed cooking utensils now included with every ELECTROCHEF. In September 1928, the Detroit Edison rate applicable to electric stoves and other major appliances was reduced from 4 cents to 2 1/2 cents per electrical unit. This reduction, combined with ELECTROCHEF'S cooking efficiency and the set of special high-speed cooking utensils now included without extra charge with every ELECTROCHEF range, makes ELECTROCHEF'S cooking cost remarkably low.

- The seven-piece set of specially designed, heavy-duty aluminum ware, included without extra charge with every ELECTROCHEF range, consists of the following utensils: ONE 1 1/2-Qt. Sauce Pan with cover... ONE 3 1/2-Qt. Sauce Pan with cover... ONE 6-Pin Tea Kettle... ONE 10 1/4-inch Skillet... ONE Drip Pan... ONE Measuring Cup... ONE Measuring Spoon Set.

See ELECTROCHEF demonstrated at any Detroit Edison office. Cash price \$105—installed, ready to cook, including all necessary wiring and the seven-piece set of high-speed cooking utensils listed below. Down payment \$10; balance \$4 per month.

Sales under these conditions to Detroit Edison customers only THE DETROIT EDISON CO.

While the Elimination Series, beginning on February 20, is in progress the school will debate among themselves with the defeated schools during the week after each debate until only two undefeated schools remain. These two schools will be taken to Ann Arbor at the expense of the University, for the State Championship Debate on May 1. Each of the six debaters participating in this final debate will be presented with a gold watch by The Detroit Free Press and both schools will receive a large bronze trophy cup engraved First Honors, the other engraved Second Honors, presented by the University of Michigan Extension Division.

The Michigan High School Debating League, the largest forensic organization of its kind in the United States, was organized by the Board of Regents of the University of Michigan in 1917 with a membership of sixty-four schools which has steadily grown to the membership of 265 schools of last year. With this largest enrollment in the history of the League, 1800 high school debaters participated in 700 debates which were heard by 150,000 people of the state.

The final State Championship Debate of last year, held in Hill Auditorium in Ann Arbor, where Clawson High School defeated Detroit Northwestern High school, was attended by 4,500 people, which is the largest audience ever to attend a debate in this state.

Over them all your love carries on, Down in the meadow or close to the blue, Singing or silent—you, only you! Life's richest blessings—you, only you! "Please, oh please! Sing that again, won't you?" And Harry Vallon leaped to his feet and whirled to face the woman Fate had chosen for him.

Engineer's Compartment A locomotive with a compartment in the tender containing a bed, an electric fan and other comforts for the engineer has made its appearance on an eastern railroad in the United States.

An Eye for Business Farmer—I see you've reduced the fine for speeding from \$10 to \$5. County Judge—Yes, the motorists were beginning to slow up.

In the Soup Hingus—The race is not always to the swift. Dingus—Oh, no; the hare gets in the soup as often as the turtle!

If the Statue of Liberty had been placed in Chicago," asserts Dad Plymouth, "she would have both hands up."

# Don't Make Your Home Town The

Those who think of their town only as a good place to sleep in should wake up to a full realization of what COMMUNITY COOPERATION really means. How it will benefit them and help make them more prosperous.

The prosperity of YOUR TOWN means YOUR PROSPERITY!

As your town grows, opportunities broaden. If your town stands still, you stand still. COMMUNITY PROSPERITY means INDIVIDUAL PROSPERITY; community growth means individual growth.

You can't grow a giant oak in a flower pot—you can't expect a whale to live in a puddle—and you can't grow more prosperous in a town where the people do not cooperate in fostering community growth!

When you buy elsewhere you are not fair to YOUR OWN HOME TOWN.

You are impeding its progress!

Keep YOUR MONEY in YOUR OWN HOME TOWN where it will do YOU the most good. The success of YOUR LOCAL MERCHANTS means as much to YOU as it does to them.

Catch the COMMUNITY BOOST SPIRIT!

Every little penny spent with YOUR OWN HOME TOWN MERCHANTS helps YOUR TOWN to grow in strength and prosperity.

When you allow the benefit of your purchasing power to accrue to other communities, YOU ARE MAKING YOUR TOWN THE GOAT.

Keep the Home Dollars Home!

### Rocks Wallop Walled Lake, 12-7

Displaying a powerful attack the local maulers artists successfully downed Walled Lake in the curtain raiser of the season. The Blue and White pushed over two touchdowns in the second stanza while their opponents failed to connect until the third period.

Using an unbalanced line formation, the Plymouth gridders unworked several powerful off-tackle slants. The aerial attack was almost disregarded until the last minutes of the game when Walled Lake threw a few in an effort to score.

This win establishes Plymouth as a contender for the Suburban League title. Lincoln Park is a new contender and not much is known of its prowess.

This Friday the Rocks play Dearborn, there, in the first league tilt of the season. As usual, Dearborn will probably have a strong team.

#### FIRST QUARTER

Bannerman kicked off to Campbell, who returned the ball to his own 27 yard line. Eno shot off tackle for three yards. Harris lost 2 yards at the opposite tackle. Eno kicked to the 30 yard line, where Plymouth fumbled and Walled Lake recovered. Harris gained 2 yards at tackle. Trying the same spot, he fumbled once again. Eno kicked to the 20 yard line. Dudek smashed off tackle for six yards. Trying the end he made four yards. Lanker went off tackle for five yards. Curtiss added six more in the same place.

#### SECOND QUARTER

Walled Lake recovered on the 40 yard line. Eno took the ball for 4 yards in a line snarl. Campbell failed to gain. Eno made only a yard on an end run. However Walled Lake was off side and received five yards penalty. Eno kicked to Curtiss on the 7 yard line. After Dudek tried the line for 2 yards, Lanker kicked outside on the 35. Welch took the ball on a punt and on the second attempt fumbled. Lanker recovered for Plymouth. Plymouth was offside, and was set back 5 yards. Curtiss punted to Welch on the 20 yard line. A pass was grounded and a line back failed to gain. Plymouth was again penalized for offside. Another pass was grounded. Eno tried to punt for 3 yards. After Welch lost 6 yards on an attempted end run, Eno kicked over the end zone, making it Plymouth's ball on the 20 yard line. Dudek made 4 yards at tackle. Lanker slipped off the end for 2 more and then punted outside the 36 yard line.

#### THIRD QUARTER

Walled Lake recovered on the 40 yard line. Eno took the ball for 4 yards in a line snarl. Campbell failed to gain. Eno made only a yard on an end run. However Walled Lake was off side and received five yards penalty. Eno kicked to Curtiss on the 7 yard line. After Dudek tried the line for 2 yards, Lanker kicked outside on the 35. Welch took the ball on a punt and on the second attempt fumbled. Lanker recovered for Plymouth. Plymouth was offside, and was set back 5 yards. Curtiss punted to Welch on the 20 yard line. A pass was grounded and a line back failed to gain. Plymouth was again penalized for offside. Another pass was grounded. Eno tried to punt for 3 yards. After Welch lost 6 yards on an attempted end run, Eno kicked over the end zone, making it Plymouth's ball on the 20 yard line. Dudek made 4 yards at tackle. Lanker slipped off the end for 2 more and then punted outside the 36 yard line.

#### FOURTH QUARTER

Walled Lake recovered on the 40 yard line. Eno took the ball for 4 yards in a line snarl. Campbell failed to gain. Eno made only a yard on an end run. However Walled Lake was off side and received five yards penalty. Eno kicked to Curtiss on the 7 yard line. After Dudek tried the line for 2 yards, Lanker kicked outside on the 35. Welch took the ball on a punt and on the second attempt fumbled. Lanker recovered for Plymouth. Plymouth was offside, and was set back 5 yards. Curtiss punted to Welch on the 20 yard line. A pass was grounded and a line back failed to gain. Plymouth was again penalized for offside. Another pass was grounded. Eno tried to punt for 3 yards. After Welch lost 6 yards on an attempted end run, Eno kicked over the end zone, making it Plymouth's ball on the 20 yard line. Dudek made 4 yards at tackle. Lanker slipped off the end for 2 more and then punted outside the 36 yard line.

### Red Pirates Vs. Black Pirates

The seniors have divided into two groups, the Red Pirates and Black Pirates, for a magazine selling contest. Sponsored by the Crowley Publishing Co.

It is a point winning contest, the points diminishing every day until the contest closes.

The magazines being sold are Woman's Home Companion, American, Colliers and Country Home.

The object of the contest is that the losing team treats the winners. In this way class spirit is shown.

### Band Journeys To Jackson

Last Wednesday morning the members of the band, with their leader, Mr. Evans, left for Jackson to assist in the celebration of the Michigan Kiwanis convention.

Getting packed into the bus with all their instruments and baggage was not an easy task for the thirty-six members. Each time the bus was filled to what it seemed, its utmost capacity, there was always room for one more. This can be proved by asking certain little troublemaker player who was hoisted over the heads of the boys to the back of the bus and then placed into what most people would call a rather crowded area. But it was all in the game, and the merrymaking was that much merrier for it.

After riding for about two hours, the band arrived at Jackson and was immediately taken to the Hayes hotel which was the headquarters for the convention. After playing two selections in the hotel lobby, the boys were taken with the Kiwanians on a tour of the prison. Because of the large number of people, it was impossible to take the bus and the men were taken on foot. This caused much disappointment for the girl members of the band, but even so, they were royally entertained by the Kiwanians' wives.

At noon a luncheon was served to the women at the Elks' Temple. At each place were brightly colored miniature cakes and little baskets filled with candies. Also by the plates were small packages of what seemed to be matches, which are often given out at places of business. Everyone seemed to be amused at finding these matches by their plates, especially so because of the sign which said "No Smoking." Upon examining more closely the advertising on the packages it was discovered that these matches were in reality small lipsticks.

After the luncheon, a musical program was given which consisted of vocal and piano solos and a stringed quartet.

A garden party at which the band was to have played, was scheduled to take place soon after this program, but it was cancelled because of rain. During the afternoon the boys explored Jackson, going to shows, stores and some visiting Jackson high school at which Mr. Emens is the assistant principal. The girls spent this time at the women's reception, held at the Elks' Temple.

There another musical program was given.

At 5 o'clock in the evening, the band went to the auditorium at the Elks' grounds, to play for the banquet. The Ribar played several accordion solos and several selections on the mouth organ and accordion together.

After playing for an hour, the band was also served the banquet dinner, and were then allowed to hear the program which was given by the Kiwanians of Jackson.

Following this, the band piled into the bus again and started home. Any plans of sleeping on the way home must have been disrupted and, by the merrymaking which went on, it seemed as if no one had ever had such plans. The band arrived home at an hour which might better be kept silent, and were back in school again with much pep and eagerness for studying.

### Hi-Y Activities

The discussion carried on the last two meetings concerned the expansion of the Hi-Y movement in Plymouth, because the present group led by Mr. Dykhouse is full.

There are several boys that are very anxious to get in, but according to the limited number of members allowed each club, these boys are not allowed to remain on the waiting list. The present Hi-Y club contains about thirty members. Three new members were voted in because they were seniors, and it would be their last opportunity to become members of the Hi-Y. These were James Myers, Norman McLeod and William Bronson. The rest of the people are on the waiting list and will be admitted when vacancies occur.

### Orchestras Announce Names of Members

The personnel of the first orchestra has been decided upon and is as follows: Violins—Milton Moe, Floyd Dieks, Claude Rocker, Maynard Larkins and Clifton Sockow; banjo—Harold Stevens; piano—Evelyn Starkweather; saxophone—Robert Saylor, Steven Horvath, Charles Ball and Edward Gates; drums—Arnold Hix; trumpet—Joe Ribar and George Todd; trombone—Lester Daly; clarinet—Russell Egloff; tuba—Elmond Gates.

The junior orchestra, organized for the purpose of training students for entrance to the first orchestra, is being developed. The members are the following: Violin—Harold Stevens and Emily Petoskey; trombone—Robert Soth; clarinet—John Erford Nash; trumpet—Forbes Smith; banjo—Clarence Levandowski; piano—Helen Ribar; drums—J. D. McLaren; saxophone—William Hodson and Lloyd Sanda; tuba—Kenneth Greer.

Last Wednesday in general assembly Bob Champe sang and the two-man orchestra composed of Joe Ribar and Russell Egloff, played.

### What The Girls' Gym Classes Are Doing

The senior high school girls are now playing soccer in gym class. The soccer tournament will start soon. Kathleen Ford has been chosen captain of the Freshman team, but the other classes have not elected their captains yet. Monday, the sophomores were to practice, while Tuesday has been set aside for the junior and senior girls.

The base kick ball tournament which the seventh and eighth grade girls will participate in, begins October 6.

The second round of the tennis tournament is on now. Those who remain in the first round of play are: Marjorie Dunn, Jean Strong, Louise Doherty, Catherine Dunn, Janet Birkland, Adele Carson, Eileen Jordan, Viola Luttermoser, Marjorie Gust, Marjorie Dreyer, Dorothy Hubert, Elizabeth Nichol and Virginia Woodworth.

### Central School News

Vernon Rorabacher and Frances Warkup entered the kindergarten last week. They bring the enrollment number up to 59. Joan Gorton entertained her class at a birthday party on Thursday with pop corn and apples. In the morning class ten children came with their own shoes.

The children in Mrs. Root's 1-B room are progressing rapidly in their silent reading work. One group is cutting verses apart and pasting them under the correct picture; another group is reading phrases and illustrating them, while another group is cutting pictures apart on the line and pasting them in the correct place.

Miss Mitchell's first graders have made a health poster and a map of health land.

The school nurse, Mrs. Strasen, has weighed and measured all the children in this room.

Harry French is absent on account of illness from Miss Weatherhead's room. The second-A's have finished "Dor and David," and are now reading "Stones Silent Reader." Dick Holmes entered this room last week.

### G. R. Hold Sewing Bee

Many exclamations of "Oh, what is that?" or "What are you going to do?" resounded from the sewing room last Friday as each Senior Girl Reserve brought out her sewing or embroidery. Although the object of the sewing bee was to help the girls who did not already possess white skirts in making them, only two brought the necessary material. The majority of the girls brought embroidery and several nothing at all. Mrs. Cumble reminded the members that since they were to make the skirts that day, next Friday each Girl Reserve was to wear her white uniform or answer to either her or Miss Allen for failing to do so.

At the end of the hour, which went so rapidly, the new programs for the semester were handed out. These programs in the form of an airplane and featuring aircraft subjects brought forth murmurs of admiration from the assembled girls. Mrs. Cumble read the program for the year, after which reading each girl hastily collected her sewing gear and departed for her next hour's destination.

### A Price on the Head of the Earthworm

Dark nights—muffled forms with flashlight searching the ground—a sudden pounce—maybe a squeal or two—a thump of dirt falling into cans—what is the meaning of it all? The girls are out for the earthworms! They pop them in cans, and triumphantly carry them to biology class. To search for night worms, the girls come to the surface and larger ones may be found than in the day time. In class the girls will elaborate the worms and then operate upon them. Miss Ford expects that this will make the girls less squeamish about handling worms, and she says the girls are very interested in the work. Up to this date, Wilhelmina Rucker has brought in the fattest worm.

### Commercial Club Has Initiation

The Commercial Club initiation was held at the home of Annette Hank last Wednesday evening, September 24. Each new member had a stunt to do. The following are the new members: Annette Hank, Estella Miller, Mary Bennett, Avis Perkins, Irom Zidacos, Elizabeth White, Florence Schroeder, Vera Bassett, Ethel Davis, Sara Davis, Doris Herick, Norman McLeod, Leon Curtis, Kathleen Vasmund, Beverly Austin, Freida Kilgore, Cassie Rowland, Cora Rowland, Geraldine Schmidt, Geraldine McKinney, Frieda Hansen, Elizabeth Currie.

Mr. and Mrs. Hank very pleasantly surprised the club by serving a very delicious luncheon, which was almost a dinner. The club wishes to thank Mr. and Mrs. Hank for their hospitality.

### Typists In The Making

About eighty-five students of Plymouth High School seem to have ambitions to become typists, for Mr. Day has seventy beginning and about fifteen advanced students, who are all trying hard to become fast and accurate on their typewriters. There are twenty-seven machines in the commercial department upon which these students practice daily.

### Travel Club Visits Yellowstone Park

Last week the Travel Club had the pleasure of listening to our principal, Mr. Dykhouse, who told us about the trip to Yellowstone National Park, which he and Mrs. Dykhouse, their fathers and mothers and a brother enjoyed last summer. They went through Illinois, and the only thing of especial notice was the dryness of the country. The Ozark Mountains were the next interest. Mr. Dykhouse said the mountains are really nothing more than very large hills. They do not compare in height with the Allegheny in the eastern part of the United States. The people in the Ozarks are very well satisfied with themselves and do not seem to be very ambitious. They said they didn't have much this year, but they had enough to live on, and that is all that is necessary.

The next place of interest was the Kansas Gumbo roads. These are very smooth and as hard as cement when dry. The day Mr. Dykhouse and his companions happened to be twenty miles from the hotel where they had planned to spend the night, it rained. It took just two and one-half hours to go those twenty miles because the road got so slippery that the car just would not go where the driver wished. The Dykhouses passed several cars which were off the road. It is much more slippery than on ice, Mr. Dykhouse told us. The next morning about ten o'clock, the sun was shining brightly and that road was as hard and dry and smooth as could be wished.

### Prisoners For A Day

During our trip to Jackson, one of the events enjoyed most by the band was the trip through the state prison. About eleven o'clock, the Kiwanians and the band boys left the Hotel Hayes, and about forty-five minutes later assembled at the prison. Entrance was rather complicated.

We were divided into groups and as one group entered the first door, the prisoners work. Here we followed the warden and the next one opened, and as soon as everyone had passed through, the door was closed again. This plan permitted absolutely no possibility of escape on the part of the prisoners. Finally everyone was assembled in the main hall. From there we were conducted through the textile plant where the prisoners work. Here we followed the warden and the next one opened, and as soon as everyone had passed through, the door was closed again. OFFICIAL PROCEEDINGS OF THE VILLAGE COMMISSION

Plymouth, Michigan, September 2, 1930. A regular meeting of the Village Commission held in the Commission Chamber at the Village Hall September 2, 1930 at 7:00 P. M.

Present: President Robinson, Commissioners Hoyer, Kehrl, Mimmack, and Wiedman. Absent: None.

The minutes of the regular meeting held August 18th were read and approved.

The following resolution was presented by Comm. Kehrl, supported by Comm. Wiedman and unanimously approved by the Commission:

WHEREAS, this Commission has following the presentation of petitions duly signed by a sufficient number of interested taxpayers, duly approved the construction and installation of the following public improvements, to-wit:

(1) A sanitary sewer in Blunk Ave. and in the alley immediately east of Blunk Ave., north of Junction Ave.

(2) A storm sewer in Beech St. from S. Harvey St. to the west line of Lot 7, William Eckman Sub.

(3) A water main in Beech St. from S. Harvey St. to the west line of Lot 7, William Eckman Sub.

(4) A storm sewer in Farmer St. from Adams Ave. to Karmada St., and in Karmada St. from Farmer St. to Junction Ave.

(5) A sanitary sewer upon private property abutting upon the east side of S. Main St. between Dodge St. and Penniman Avenue, and

WHEREAS, plans, specifications, and estimates have been approved by this Commission and public hearings duly held covering the foregoing improvements; and

WHEREAS, construction has been ordered to proceed and has proceeded relative to the aforementioned improvements in accordance with the said plans and specifications now on file in the office of the Village Clerk and

WHEREAS, the costs of the foregoing improvements together with the division of the costs of the storm and sanitary sewers as between the Village and the districts properly assessable for same, have been determined as follows:

(1) Sanitary sewer in Blunk Ave. and alley north of Junction Ave. Total Cost \$ 687.56 Village share (1-3) 229.12 Amt. assessable to district 458.44

(2) Storm sewer in Beech Street. Total Cost 8 457.55 Village share (1-3) 152.52 Amt. assessable to district 805.03

(3) Water main in Beech Street. Total Cost \$ 435.60 Entirely assessable against district.

(4) Farmer and Karmada Storm sewer. Total Cost \$1906.51 Village share (1-3) 625.50 Amt. assessable to district 1271.01

(5) Sanitary sewer east of S. Main St. between Dodge Street and Penniman Ave. Total Cost \$1170.00 Village share (1-3) 370.00 Amt. assessable to district 740.00

therefore be it

RESOLVED, that the foregoing costs and division of costs as above determined be hereby accepted, approved and in all respects confirmed; and be it further

RESOLVED, that the following lots and parcels of land, so located as to receive a special and particular benefit from the construction of each of the several improvements, be deemed to receive such special benefit and thus to be properly assessable for same, and properly to be included in the special assessment districts assessable for the respective improvements, to-wit:

(1) Blunk-Ave Sanitary Sewer District: lots 18 to 25 inclusive, and 57 to 59 inclusive, also the west 40' of lots 24 and 25, Plymouth Heights Sub.; and lots 117 and 118 of Auburn Add. to Plymouth Heights.

(2) Beech St. Storm Sewer District: lots 7 to 12 inclusive and 21 to 26 inclusive of William Eckman Sub.

(3) Beech St. Water Main District: lots 7 to 12 inclusive and 21 to 26 inclusive of William Eckman Sub.

(4) Farmer-Karmada Storm Sewer District: lots 1 to 3 inclusive of Thomas Sub., lots 1 to 30 inclusive of Mary K. Hillmer Addition.

(5) S. Main St. Sanitary Sewer District: those lots and parcels of land located at 215, 223, 233, 249, 261, and 267 So. Main St., and abutting upon the east side of S. Main St. between Dodge St. and Penniman Ave.; and be it further

RESOLVED, that the Village Assessor or he be and he be hereby directed to assess against the lots and parcels of land heretofore defined and described as receiving a special benefit from each of the aforesaid public improvements, and therefore properly assessable for the cost thereof, the amounts above set forth as the said costs and which are properly assessable against each of the respective special assessment districts; which said costs are to be distributed and assessed, as nearly as may be, in proportion to the benefits which each said lot and parcel of land may derive from the particular public improvement constructed for its benefit; and be it further

RESOLVED, that the Clerk be directed to advertise a review of the said special assessment rolls to be held from 2:00 to 4:00 o'clock P. M. of Saturday, September 13, 1930, in the Commission Chamber at the Village Hall.

The Manager recommended the transfer of the sum of \$1500.00 from the Street maintenance to the Street Improvement fund as a means of financing street improvements authorized during the present season. Upon motion by Comm. Mimmack supported by Comm. Wiedman the recommendation was approved and the amount ordered transferred.

It was recommended by the Manager that a culvert path be ordered laid along the east side of Garfield Ave. from Sheridan Ave. to Penniman Ave. for the particular convenience of children attending school from the Sheridan Ave. district. Upon motion by Comm. Kehrl supported by Comm. Wiedman the recommendation was approved and the work ordered installed.

The report of Police Chief George W. Springer for the month of August was presented for consideration. Upon motion by Comm. Wiedman supported by Comm. Hoyer the report was accepted and ordered placed on file.

It was moved by Comm. Hoyer supported by Comm. Wiedman that the President and Manager be authorized to represent the Village of Plymouth at the annual meeting of the Michigan Municipal League to be held at Bay City September 17 to 19, 1930. Carried.

The following bills were approved by the Auditing Committee: Burt Brandle \$ 13.13 Detroit Edison Co. 4.82 Herald E. Hamill 250.00 Pore Marquette Ry. 15.00 Geo. W. Richwine, Treas. 2.65 Geo. W. Springer 4.85 Strong & Hamill 99.00 American LaFrance Co. 8.52 Continental Motors Corp. 3.00 Gregory, Mayer & Thom 12.00

Total \$425.77 The following checks written since the last meeting were also approved: Administration Payroll \$ 512.58 Police Payroll 301.93 Labor Payroll 423.38 Labor Payroll 244.85 Cemetery Payroll 77.55 Fire Payroll 94.00

Total \$1,654.05 Upon motion by Comm. Hoyer, supported by Comm. Wiedman, bills and checks were passed as approved by the Auditing Committee.

It was moved by Comm. Kehrl supported by Comm. Hoyer that the Assessor be directed to have the area bounded by S. Main St., West Ann Arbor St., So. Harvey St., and Penniman Avenue incorporated into an Assessor's Plat, said plat to be known as Assessor's Plat No. 7 of the Village of Plymouth. Carried unanimously.

The Treasurer called attention to the fact that a note for \$387.43 has become due and payable, said note representing a loan for ninety days made in anticipation of the collection of taxes. It was moved by Comm. Kehrl supported by Comm. Hoyer that the note together with interest be paid. Carried unanimously.

Upon motion by Comm. Hoyer supported by Comm. Kehrl the Commission adjourned.

GEORGE H. ROBINSON, President. A. J. KOENIG, Clerk.

Plymouth, Michigan, September 2, 1930. A special meeting of the Village Commission held in the Commission Chamber at the Village Hall September 2, 1930 at 7:00 P. M.

Present: President Robinson, Commissioners Hoyer, Kehrl, Mimmack, and Wiedman. Absent: None.

It was moved by Comm. Wiedman supported by Comm. Kehrl that the President be directed to extend the Treasurer's warrant for the collection of Village taxes from September 10, 1930 to October 10, 1930 with a two per cent penalty provision. Carried.

Upon motion by Comm. Hoyer supported by Comm. Kehrl the Commission adjourned.

GEORGE H. ROBINSON, President. A. J. KOENIG, Clerk.

According to Dad Plymouth middle-age is that period in a man's life when his hair thins and his waistline thickens.

"If the meek over inherit the earth," predicts Dad Plymouth "then they'll have to hire somebody to run the trucks and busses for them."

It remains for Dad Plymouth to point out that what prices are down again but that wild oats cost as much as they ever did.

"DIXIANA" "WINGS OF ADVENTURE"

"DIXIANA" the musical romantic drama to appear at the Penniman Allen Theatre, Sunday and Monday, October 5 and 6, starring Bebe Daniels, Radio Pictures' star, and Everett Marshall, Metropolitan Opera baritone, has been done largely in technicolor to attain the brilliance of color in the gorgeous Mardi Gras sequences of its period.

Set in New Orleans in 1840, and filled with the turbulent passionate life of the gay southern city, "Dixiana" makes full use in costumes and settings of the brilliance of that era. The atmosphere of the times has been captured by the use of technicolor, insuring a faithful reproduction of such celebrated New Orleans establishments as Cayaean's Circus Theatre, rendezvous of the social elite; the fashionable gambling houses, the gay streets and boulevards in Mardi Gras season, as well as other Southern beauty spots.

Bebe Daniels and Everett Marshall are starred with Bert Wheeler and Robert Woolsey, mad wags of "Idio Rita" and "The Cuckoos," in comedy roles. A cast of more than 5000 is seen in this first original screen drama with music. Eleven song hits written by Harry Tenny and Anne Caldwell comprise the score. "Dixiana" was directed by Luther Reed.

"CONSPIRACY"

BESSIE LOVE proves her versatility in Radio Pictures' mystery-melodrama, "Conspiracy," to be seen at the Penniman Allen Theatre, Wednesday and Thursday, October 8 and 9.

Although she gained an enviable reputation on the sound screen in musical pictures, she gives conclusive evidence that she can efficiently portray serious, dramatic characters.

No music, no songs, or dancing are included in "Conspiracy," yet Miss Love, in a leading dramatic role, is said to hold the audience's attention throughout the picture.

As the sister of a district attorney, she determines to destroy a dope ring responsible for her father's death. In accomplishing this, many tense and unusual situations arise.

Ned Sparks descends his famous comedy character to play the part of a wealthy and eccentric author whose hobby is the unraveling of baffling crimes.

As he works on a crime mystery he writes a story concerning it. In "Conspiracy" he omphers Miss Love as his secretary. She is forced to transcribe a mythical story, which unknown to Sparks, directly concerns her own life. Hugh Trevor carries the romantic interest opposite Miss Love. He plays a cub reporter.

An exceptionally large cast of featured players is included in "Conspiracy." Among them are Ivan Loberoff, Rita La Roy, Jane Keckley, Nani Price, James Bradbury, Sr., D'Arcy Corrigan, Walter Long, Donald Mackenzie and Barney Siegel.

Christy Cabanne makes his debut as a Radio Pictures' director with "Conspiracy."

ARCHIE W. WILKINSON of Chelsea is the owner of a Blinde 249 years old.

Full Festival will be held in Wayne, on Friday and Saturday, October 10 and 11.

More than 75,000 books are contained in the different libraries at the University of Michigan.

The opening of the University of Michigan Medical school Monday morning, marked the eightieth year of the school.

A printing press has been installed in the Grasse Hill school for printing the weekly news bulletin, "The Islander." The paper was formerly typed and mimeographed.

Mayor Clyde M. Ford of Dearborn, suggested to the council Tuesday night that an unemployment survey be taken in Dearborn, engaging only the unemployed to do the canvassing.

With 420 enrolled and students to be admitted for the fall term through next Wednesday, the Cleary Business College of Ypsilanti, will have the largest enrollment in its history.

The Dearborn city council last Tuesday night voted unanimously to return to ballot November 4, a \$127,000 bond issue proposal for a new fire station which was defeated at the state primary, September 9.

Thad J. Knapp, superintendent of the Northville public schools, has written a book on insurance, entitled "Educational Insurance." It is regarded as one of the best publications of the kind that has yet appeared.

John Roberts of Dexter, celebrated his 101st birthday Sunday. He is often referred to as the "Grand Old Man" of Washtenaw County and is honorary president of the Washtenaw Tribune Three-Quarters Century Club.

Arthur D. Towle of Milford was sentenced in circuit court, Monday, September 22, to from 20 to 40 years in the state prison at Jackson, for the fatal shooting of Mrs. Edna Metcalf on the evening of June 7, last. Towle pleaded guilty to the charge.

Four passenger boats which have for a quarter century been in service on Lake Orion have made their last trips and are being dismantled. The boats have traveled thousands of miles in a limited area and go out of business with their record unmarred by a single accident.

Richard James of Wayne, owner of a new Austin automobile, recently made a trip to northern Michigan, driving a distance of 703 miles and using but 16 gallons of gasoline. At intervals he maintained a speed of 95 miles per hour, and averaged more than 40 miles per hour.

It is rumored in Northville that the federal government contemplates building in the near future, a large federal prison along the Pore Marquette Railroad tracks, about five or six miles west of Northville. It is understood that some of the land has already been secured by option, but no positive information can be secured.

Tarking back, perhaps, to his student days, James Baird, an engineering graduate of 1896, last week sent a check for \$1,000 to Shirley W. Smith, vice-president of the University of Michigan, for use as student loans.

The problem of student loans is extremely critical, there being only half the amount available last year.

Twenty-seven cabarets, road houses, saloons and blind pigs in Wyandotte, Ecorse, Wayne, and outlying points, have been demolished to a point beyond recognition in a war on these "joints" by the state police. Thirty-three persons arrested in the raid pleaded guilty and were assessed fines aggregating \$720. Eighteen others accused failed to appear and will be brought in on warrants.

F. L. Snipes, superintendent of the Northville Fish Hatchery, and Rev. P. D. Snipes of Central Africa, brothers, met recently in Northville, for the first time in ten years. While the superintendent of the hatchery was spending seven years in government work on an island off Alaska, his brother was employed in church work directly on the equator in Africa. Both are married, and it was the first time the families of the two had met.

Dad Plymouth says that the farmers who need the most relief are the ones who live so far off of a main highway that they can't sell gas and oil.

"You can make a little crime wave right in your own home," asserts Dad Plymouth "by threatening to lick Willie and never doing it."

The first job of a girl matrimonially inclined is to get her man; after that it is to get him to loosen up whenever she wants something.

Possession is still nine-tenths of the law, unless it happens to be the Volstead law.

Eliminate the rubbish heap and you eliminate the greatest fire menace. Fifty per cent of all fires originate from rubbish and waste—one out of every two. No home that has an accumulation of papers and rubbish about the premises is safe from the menace of fire. You might argue that the members of your family are careful—matches are never left laying around—nor are burnt matches thoughtlessly discarded. However, that does not materially lessen the fire hazard as fire is often caused by heat, friction and in many cases inexplicable causes—briefly, the rubbish heap oftentimes needs no human agency to start a conflagration. The Gas Garbage and Rubbish Incinerator absolutely eliminates the danger of fire due to the accumulation of rubbish. It is a safe depository for all manner of garbage, kitchen refuse and rubbish. When filled, it is merely necessary to press the Automatic Lighter and in a few hours, the Incinerator will thoroughly burn and reduce three bushels of garbage to about three pounds of fine ash. The Gas Garbage and Rubbish Incinerator (two bushel capacity) installed in your basement, equipped with Time-O-Stat and Automatic Lighter, only \$85.00 LIBERAL TERMS MICHIGAN FEDERATED UTILITIES Phone Plymouth 310 CENTRAL GASCO SYSTEM

### On the Funny Side

### DISTANT

Nelson and Wilson were discussing relatives in general and having exhausted the anvil pounding of the close relations started to hammer merrily at the more distant family connections. "Have you any distant relatives?" Nelson was asked. "Yes, I have two brothers." "What! Do you call brothers distant relatives?" "These brothers are rich, you know," sadly explained Nelson.

### Think to Stop

The after-dinner speaker had been talking for a long time, and the diners were praying for him to wind up. "Gentlemen," he said at length, "did you ever stop to think? I ask you again, did you ever stop to think?" A weary listener could hear it no longer. "Did you ever think to stop?" he inquired.

### KISSING OBJECT

She—What is your object in kissing me so much?  
He—You.

### Prosperity

The bumper crops.  
Now bump the bumps.  
And bumper crops.  
Now jump the jumps.

### A Little to the Good

"Yes," said Farmer Curtissel, "I once bought a bogus gold brick. But I've got the brick."  
"Is there any satisfaction in that?"  
"Some. A lot of people invest in get-rich schemes and don't get anything except a letter saying, 'Money received.'"  
—Washington Star.

### Champion Breadwinner

Modest Sutor—I have only \$5,000 a year, sir, but I think I can support your daughter on that.  
Father (enthusiastically)—Support her, my dear boy? Why, you can support her entire family on it.—Loyal Arcanum Bulletin.

### Independence

Father-in-Law—When I gave you my daughter's hand I didn't think that you were always going to be dependent on me.  
Son-in-Law—Neither did I, I thought that you would give us enough to live independently.—Faun (Vienna).

### Check

Mistress (to new and raw maid)—When you answer me, Mary, you should say, "Yes, ma'am," or "No, ma'am."  
New Maid (obligingly)—Right!—Leeds Mercury.

### Fast One

Shorty—I know where you can get a good chicken dinner for only 15 cents.  
Skinner—Where?  
Shorty—At the feed store.

### STRETCHING THE TRUTH

India Rubber Man—So you don't believe I took steps of that length?  
Freak Manager—No, you stretched yourself, no doubt, but don't stretch the truth.

### A Change of Phrases

He said that she was dear to him  
And then with manner pensive  
When they were wedded he waxed grim  
And said she was expensive.

### Necessity

Billings—Some genius in London has invented a buttonless shirt.  
Dillings—Why, that's nothing new. I've been wearing them ever since my wife learned to play bridge.—Answers.

The absent-minded man who used to leave his umbrella hanging on the bar now leaves the cellar light on.

The radio has robbed more than one Plymouth man of an excuse for going down town after supper.

Have you a lot of house to sell or exchange? Why not let the people of Plymouth and surrounding territory know about it—advertise it in the Want Ad Column of the Mail—the cost is little, the results are big. Just bring the ad in or telephone number 6 and ask for want ad taker. Call 6 for Want Ad taker.

### Veteran Pitcher Closes Season

Harry S. Gorman, the veteran 55-year-old pitcher of Northville, will close his baseball season for 1930 by pitching two games. Next Sunday at Northville, he will pitch first at 2:00 o'clock against the Dearborn township team, and then again at 3:30 will take on the Nehalem club of Plymouth. Neither of these teams has ever battled against the mayor and pitcher of the Northville club, and both are anxious to learn if the old man twirler is really hard to solve. When Gorman finishes his two games Sunday, he will have pitched his twenty-seventh game of the season and completed his forty-second consecutive year as a baseball thrower.

There never has been a season in all his career but what he won more games than he lost, and evidently, still is far from being through as a ball player. This season found him pitching exhibition games about the state against some of the best teams playing. He performed at such places as Monroe, Jackson, Adrian, Ann Arbor, Pontiac, Hamtramck, Kalamazoo, Albion and other cities where the attendance was of the best.

Recently he played against his old home town of Carleton, where he was captain of his team for fifteen years. As a joke, the Carletonites had a wheel chair ready to wheel him from the diamond when they had driven him from the pitcher's box. But they unfortunately found there was no use for the wheel-chair as their former captain pitcher defeated Carleton 3 to 2.

Thirty years ago Gorman was an ace twirler for Toledo in the American Association, and after leaving there in 1905 has pitched semi-pro ball each year. He has several pitching records, one of which he accomplished in 1927 when he twirled three full games in one afternoon. So, when our boys meet him in the coming game, they will probably know that they have been in a real game of baseball even if they do win.

**BRIGGS SCHOOL NOTES**  
By Ser. Texas—Rose Steingasser, Miss Jameson visited school September 15, and gave us our Gold Star Card. The officers went to Plymouth to take the oath of office.  
Miss Reed came last Thursday to weigh in.  
Evelyn Rutenbar and George Webb visited school the second week of September.  
Miss Elden brought three gold fish to school.  
We are going to have a Halloween party October 30th.  
The Hunter children have moved to Detroit.

**ROSEDALE GARDENS PRESBYTERIAN CHURCH**  
Milton L. Bennett, Minister

Sunday services—9:45 a. m. Bible school, 11:00 a. m. morning worship. Subject, "The Way of Life." Special music.  
Rally Day will be observed in the Bible school, and it is hoped that there will be a good attendance to inaugurate the fall work.

### CHERRY HILL

A Rally Day program will be given by the children, Sunday, October 5th, at the Sunday-school hour, 10:30. Come, everybody welcome. Church service at 11:30.  
The Ladies' Aid Society will meet at the home of Mrs. Wm. West, Thursday, October 9th. Mrs. Bert Stuart will have plays of the program.  
The A. C. Club of the Ypsilanti High School held a surprise birthday party in honor of Earl McKla, at the home of Mr. and Mrs. George Simmons, Thursday evening. A fine time was enjoyed by all. Refreshments were served by the club. Many nice gifts were received.  
Miss Lucille Hoard of Ann Arbor, spent the latter part of the week here, visiting her aunt, Mrs. Norman Hawker and family.  
Mrs. George Gill and Mrs. Gordon Gill called on Mrs. Jennie Hawk, Tuesday afternoon.  
Norman and Adele Proctor spent Tuesday evening at the home of Mrs. Jennie Hawk and family.  
The following young people attended the football game at Ann Arbor, Saturday: Lenora Hank, Al Schultz, Luella West and Clifford Wood, Stanley West and Eleanor Skelt of Ypsilanti, Betty Burdell, Charles Gill, Joe West, Clark Lacey, John McFarlane and Elvira Lacey.  
Mr. and Mrs. James Burdell entertained relatives from Detroit, Sunday.

### LOCAL NEWS

Mrs. Guy Fisher is visiting relatives in Brown City this week.

Mr. and Mrs. Mark Smith of Detroit, were Sunday guests of Mr. and Mrs. Guy Fisher.

Dr. and Mrs. D. L. Gamble and son, William, of Chicago, were guests of Mrs. Gamble's mother, Mrs. Leroy Naylor last Sunday.

Edgar A. Thomas has just returned from the U. of M. hospital, where he recently underwent an operation, and is convalescing very nicely.

The Baptist Ladies' Aid will meet Wednesday, October 8th, in the church basement. Mrs. Stoneburner and Mrs. Dreyvour will be hostesses.

The Lutheran Ladies' Aid had a fine meeting Wednesday, with about forty ladies in attendance. After the business meeting the hostesses served a delicious lunch.

Mrs. Lillian Crawford of Cleveland, Ohio, and Mrs. Charles Crawford of Oxford, Mich., were visitors at the home of the latter's sister, Mrs. Ernest Vealey, last week.

Mr. and Mrs. John Paul Morrow, who have been residing at the home of Mrs. Morrow's grandfather, S. L. Bennett, for the summer, have returned to Detroit, and are living at 14012 Coyle Ave. Mrs. Morrow resumed her teaching duties at Highland Park High School in September.
