

## PYTHIANS TO STAGE SHOW TWO NIGHTS

### Home Talent Production Is Sure to Be Big Hit of the Season.

On Tuesday and Wednesday, May 12th and 13th, the Knights of Pythias will stage the sensational comedy of the American Rookie, "Corporal Eagen." It is a rollicking comedy of rookier life and is a scream from start to finish. It is not only a comedy but it also has a great deal of patriotism and is staged in a very spectacular manner. It is without doubt the greatest show ever offered by an amateur cast. It is put on by the Universal Producing Company, and everywhere the show is acclaimed an unusual success. The scene is laid in the company street of Camp Shore-off with an army barracks as a background. Special scenery was designed for the production and being shipped here by the company. It is a unique and special production.

The story of "Corporal Eagen" centers around Red Eagen, an Irish doughboy, played by Elmore Carney, and his seemingly funny buddy, Izzy Goldstein, played by Clifford Cline. Eagen and Goldstein have been in the army only thirty days—just long enough to think that they know it all, but in reality they know nothing. They pretend to be very brave, but they are very scared when it comes to the test. Red is looking for a big promotion because he has told his girl, Sally O'Neil—played by Winifred Draper—that he was going to be a captain. However, instead of becoming a captain, he gets in bad with the Top Sergeant played by Albert Thompson, and is put on K. P. duty. His buddy, Izzy, is also thrown on K. P., and around this potato pile a lot of comedy revolves. After the two are on K. P., Sally comes to see Red in his new uniform; and he has to hide to keep her from knowing that he is on K. P.

Finally news comes of there being a spy in camp, and Sally is suspected. The guard, a very hard-boiled character—played by Russell Edoff—finds Sally and sends her to the guardhouse to be kept in two days. Then Red and Izzy start out to save her and while walking guard, Red, through an accident, captures the spy, saves his girl, and wins his promotion. He then goes to drill the famous Awkward Squad. About this time the Armistice is signed and Red gets to go to Four Corners and marry Sally.

There are a lot of funny situations in the show. Red and Izzy, date the nurses and this way Red gets in bad with his girl Sally. The nurses are played by Mildred Vanetta and Florence Brandel. The two old fathers of Red and Izzy—played by Bert Swadling and Arthur Blunk—also fall in love with the nurses and spend all their time making love to them. The old maid war worker is trying to find a husband and finally finds the Y. M. C. A. worker—played by Mrs. Frank Hicks and Andrew Hinn—and drops with him. Other members of the cast are the cook—Lee Sackett; Kfkoosey—George Kurtz; McGinnis—Robert Willoughby; Captain—Russell Row; Corporal—Elton Ashton; Rastus—Archie Moldaugh; and the newsboy—Albert Miller.

Not only the story and plot of the play is funny and sensational, but the show opens with a patriotic program that includes 100 children from the first, second and third grades of the local schools. In this special program, "My Dream of the Big Parade," Russell Bingley, dressed in uniform, will be the reader. The program is finished by all singing "Over There" and waving a flag.

Another specialty is the men's sailor chorus, dressed in uniforms, and singing a number of old time songs. The soldiers, making up the reveille and the squad scenes also lend a lot of color to the show. These parts are played by the leading business and professional men of the city.

The big laugh feature of the show is the Awkward Squad composed of 23 business men playing the parts of 23 green rookies. They represent soldiers who have been in the army only thirty days, and everyone portrays a particular type of character. They are bossed by the hard-boiled army sergeant, who has a lot of trouble making soldiers out of them. The awkward squad opens the show with a big reveille scene which is a hit from start to finish. They also take part in other high spots of the show, such as drilling, the guard scene, the climax of the show in the minstrel when they put on a marching scene to the tune of "Pack Your Troubles in Your Old Kit Bag."

The minstrel is also a big hit with Deacon Jones—Earl Alexander, as intercomer. G. A. Bakewell, Archie McDougall, William Smith and Paul Hays will be the emcees, and they will be supported by the soldiers, sailors, and girls' choruses singing the old time army songs.

The girls are dressed in special costumes and appear a number of times, making the show a well rounded production.

A full list of the characters will be found on another page of this issue; and the reserved seat exchange begins next Monday, May 11th, at 9:30 a. m., at the Community Drug store. There will be no extra charge for reservation. (You will find the show a sensation and well worth the price of admission, which is adults 50c and children 25c. Get your reserved seats early.

## KILLED WHEN AUTO HITS TREE ON ROAD EAST OF PLYMOUTH

### EARLY MORNING ACCIDENT RESULTS IN DEATH—LOCAL POLICE ARE CALLED.

Joseph Kavanagh, about 30 years of age, was killed in an automobile accident on a Plymouth road Tuesday morning about 4:30 o'clock, when a car being driven by Roy Mulholland crashed into a tree in front of the Thatcher home, about 200 yards this side of the Wayne road. Both young men were Detroit residents.

Kavanagh was in the back seat and was instantly killed. His companion was not dangerously injured. The automobile was wrecked. The Chief of Police Vaughn Smith and Night Officer Charles Thumme were called, and brought the driver to Plymouth, where he was held until state police from Wayne arrived. He was turned over to them. The body of the dead man was taken to the county morgue in Detroit.

## SLIPS FROM FLOAT, DROWNS IN A WATER FILLED GRAVEL PIT

### FUNERAL OF FLOYD COLE CONDUCTED BY MEMBERS OF THE LEGION.

The funeral of Floyd Cole, 39 years old, who was drowned last Friday in a gravel pit about a mile east of Northville on the Seven Mile road, was held from the Stralder Funeral Home in Plymouth, Monday afternoon, burial taking place in Riverside cemetery. The services were conducted by Rev. H. H. Halliday of Salem, chaplain of the Northville American Legion Post, and members of that organization paid honor to Mr. Cole by attending his funeral in a body.

The unfortunate accident which resulted in his death took place into the afternoon when he had walked out on a water line over the gravel pit to fix a pump. He apparently had completed his task when he slipped from the float that holds the pipe line. No one saw the accident, but another worker at the pit who was on the edge of the pit, which is filled with water, happened to run just as he saw a hand sinking under the water.

Mr. Cole was immediately summoned and it was some twenty-five minutes before the body was recovered. A pull-motor was secured and used for nearly two hours, but all efforts to revive him failed. The water where the body was found is some 25 feet deep.

Mrs. Cole was grief stricken when she learned of the death of her husband. Mr. and Mrs. Cole had lived here for about two years, moving to Plymouth from Northville. He served during the world war as a cook in the army and had been a member of the Northville Legion post for ten years. He was popular among a wide circle of friends.

## ALL KIWANIS NIGHT PROVES HAPPY EVENT

### Local Club Members Entertain Club From Chelsea Monday Evening.

The Kiwanis Club of Plymouth celebrated All Kiwanis Night at the Mayflower with a dinner meeting at 6:45 p. m. last Monday evening, May 4. This was an Inter-Club meeting with the Chelsea Club as guests and in charge of the main part of the program, Jerry Nichols, their song leader, with Miss Katharine Fletcher of Chelsea, at the piano, lead the clubs in some very spirited singing from a special song sheet which they brought with them. Their speaker was Prof. W. D. Henderson of Ann Arbor, who spoke on the subject, "Hands or Arms Across the Sea."

He emphasized the fact that the world is getting smaller, illustrating by stating that his grandfather crossed the Atlantic in seven weeks; he crossed in five days; and Lindbergh crossed in about 24 hours. He stated that the size of the world is directly proportional to the time it takes in getting from one place to another. He talked on taxation, unemployment, national government, international relations; particular problems that are giving us much concern at the present time.

He gave some very interesting insights into English character together with some interesting facts about Ramsay MacDonald. He stated we had a very peculiar situation in America at the present, as we had burning issues and broad lines at the same time and brought out the fact that only one country in Europe can feed herself, namely, France. In order that European nations may buy our food stuffs it becomes necessary that we buy their manufactured products. "In other words, it means cooperation, so the balance of trade may be maintained and if we don't extend our hands across the sea it may mean arms across the sea, or war," he said.

Very close attention was given Prof. Henderson's address. President Ernest J. Allison of the Plymouth Club read International President Crossman's message to all clubs and in view of the International character of the Kiwanis Club—"God Save the King" and "America" were both sung. After which Prof. Henderson suggested singing "Blest be the Tie That Binds" as an appropriate expression of the spirit of unity existing between United States and Canada.

## Long Illness is Ended by Death

Once again the grim reaper took his toll, when another of the oldest settlers of this community passed away to her eternal rest in the person of Mrs. Edelricka Krumm, Thursday, April 30th.

The deceased mother, grandmother and great-grandmother, was born in the province of West Prussia, Germany, on the 20th day of February of the year 1848, the daughter of Christopher Melning and his wife.

Coming to America as a young woman in the year 1870, she almost immediately settled down in Livonia Township, and has lived in this vicinity until her recent death.

In the year 1871 she married John Krumm, who preceded her to his rest in the year 1910. Since that time she has intermittently lived alone and with her children, the last years of her life, her daughter, Mrs. Emma Fischer, living with her at her home on Ann Arbor Street in this city.

Her death came as a welcome relief to the family, as she had suffered for about two years ago she suffered a very serious fracture of a hip, and since that time her prayer has been that the Lord might call her home. Her prayer has been answered, and in the grand old age of 83 years, 2 months and one day, she finally is at rest, far beyond all trouble, sorrow and pain.

Surviving her are five sons: William and Lou of Detroit; Bert of Farmington, Harmon and John of Northville; three daughters: Mrs. Bert Kahit of Livonia; Mrs. Mionie Ray-Gates and Mrs. Emma Fischer of Plymouth; twenty-five grandchildren, five great-grandchildren, one brother, Christopher Melning of Chicago, and one sister, Mrs. Skates, of Kalkaska, Michigan.

Burial took place Sunday afternoon at Riverside cemetery, where she lies in her final rest, and Rev. E. Hoenecke officiating.

The physicians of Plymouth and Wayne County realizing that all children should be physically fit when entering school, have generously offered to examine without charge, any child that will enter school during the next school year. To enable the physicians to plan appointments for these examinations, a definite week has been set aside during which the children should visit the doctor. The period chosen is from Monday, May 11, to Saturday, May 16, inclusive.

Clarence Doane and Dwayne DeSaver of Battle Creek, were guests of Mr. and Mrs. George White, last Thursday.

## Toronto Pastor Will Speak Here

### DR. ALBERT HUGHES

Dr. Albert Hughes of Toronto, Canada, will arrive in Plymouth, Tuesday, to be the guest preacher of the Baptist Church, where he will speak twice a day from Tuesday through Friday, May 12-15.

Dr. Hughes comes to Plymouth directly from the Moody Memorial Church, probably the largest church in Chicago, where he has been ministering for the past ten days.

Rev. Neale, pastor of the Baptist church, says of Dr. Hughes, "He is a man who thrills and holds his audience with a power which nothing but God's presence can account for. He quickly received recognition in Canada, and recently resigned a great ministry there to become Home Director of the Sudan Interior Mission of Africa. He has also continued his work as an author, editor, and Bible teacher. Few men have helped me more than he has."

Dr. Hughes will hold a special meeting for young folks every afternoon at four o'clock. After a lively song service he will show some pictures of a recent tour through the African wilds. In Akron, Ohio, recently, eight hundred children crowded an auditorium to see these pictures, and to hear Dr. Hughes speak. All young folks are invited to these meetings.

The evening services are for everybody. Dr. Hughes will speak primarily to Christians, with special reference to the problems of Christian life and testimony now days. On one evening he will show pictures of African life as the pioneer missionary sees it.

The first meeting, Tuesday night, will strike Dr. Hughes' keynote. All residents and their friends are welcomed to attend these services.

## Take Mrs. Bowman East For Burial

Emma Elizabeth Bowman, who died April 27, was born December 14, 1846, in Salisbury Township, Lancaster County, Pa. Her early years were passed in the vicinity of her birth. She was united in marriage to Elam Edgar Bowman of Strasburg, Pa., in 1880. To this union six children were born, Carrie Pauline, Walter Chester, Ralph Joseph, Alice Maud, Benjie Crawford and Florence Estel, all but one having preceded her to the Great Beyond.

Later in life she moved to Atlantic City, N. J., where she resided until coming to Livonia 19 years ago, and after Mr. Bowman's death, went to live with her daughter and husband, Mr. and Mrs. Chas. B. Weaver.

For the past 14 years she has been an invalid, which proved a hardship for one who had led such an active and useful life prior to this time but having a sunny disposition was at all ways cheerful and ready to laugh and joke with her many friends.

On the evening of April 27th, at the age of 83 years, 4 months and 13 days, she was called to her reward, passing away peacefully in her sleep, leaving to mourn her loss, her daughter, Mrs. Chas. B. Weaver of Plymouth, Mich.; four brothers, Z. T. and L. Harry Baldwin of Atlantic City, N. J.; John B. Baldwin of Philadelphia, Pa., and Harlan W. Baldwin of Exton, Pa.

In 1863 she united with the Presbyterian church of Atlantic City, Pa., later transferring to the Olive Presbyterian church of Atlantic City, N. J., and in 1912, brought her letter to the Presbyterian church of Plymouth, Mich.

Funeral services were held Tuesday evening, April 28th, from the Schroeder Bros. Funeral Home with Rev. Walter Nichol officiating. Mrs. Chapman sang her two favorite hymns, "Lead Kindly Light" and "Softly and Gently Let Me Sleep." Interment was made in the family burying ground at Atglen, Pa., after services from the First Presbyterian Church of Atglen.

## BANDITS LANDED IN JAIL BY QUICK WORK OF LOCAL OFFICERS

### THUGS PLEAD GUILTY WHEN TAKEN INTO COURT—AWAITING SENTENCE.

Through the good work of two Plymouth officers, Charles Thumme and Justice of the Peace Ford Brooks, two stick-up gents who had been operating in western Wayne County, have been landed in jail and are awaiting disposal of their cases by the courts, both having pleaded guilty.

The arrest of the two followed the hold-up last Thursday night of Mathew Powell of this place, who was returning home from Detroit. The hold-up was forced by the Plymouth road near the Ridge road, and while one held a sawed-off shotgun at his back, the other took \$10 from Mr. Powell's pockets.

Mr. Powell, when released by the thugs, drove directly to Plymouth, where he reported the accident to the local officers. Attorney Ford Brooks, who happened to be present when the report came in, immediately suggested that an effort be made to land the gumm.

As soon as the case had been reported to the county authorities, Officer Thumme and Mr. Brooks started out. They had driven but a few miles from Plymouth when a car of the description given by Mr. Powell was encountered. Quick work on the part of Officer Thumme and Mr. Brooks resulted in the capture of the two without the things having a chance to use their gun which was taken from them and turned over to Deputies Rudolph Betz and Ralph Parisian of Detroit. These two officers arrived at the scene just about the time the arrest was being made, having made the dash from Detroit to near Plymouth in remarkable time.

The hold-up gents, their names as Donald Hewson, 828 West Milwaukee avenue, and Albert Lesnow, 12762 Monte Vista, Detroit.

## Women Voters To Visit Dearborn

The Wayne County League of Women Voters will enjoy an all day meet at Dearborn on Friday, May 15. Luncheon will be served at the Episcopal church house. A skit, bringing out features of the world court, will be given by the international relations committee. Following this program the Dearborn League has planned a trip through Henry Ford's Greenfield village for the visiting ladies from Plymouth. Several from here are planning on attending.

## Many Present At Scout Meeting

The district meeting of the Plymouth District of the Wayne County Council of Boy Scouts was called by the chairman, Dr. Robert Haskell, at the Wayne County Training School, on Wednesday, April 29, with a very representative group from Plymouth and Northville present. Special executive present were Mr. Leavenger of Detroit, and Mr. Hodson of Rosedale Gardens, district commissioner.

Reports of the several committees were given showing that the Scouting activities in the district are a substantial and healthy condition.

The outstanding incident of the evening was the offer of Dr. Haskell of the use of an over-night shack to be constructed on the grounds of the Wayne County Training School for the Boy Scout Troops of the Plymouth District. This was the most valuable and timely assistance which the Boy Scouts in this area have ever received. The use of the over-night cabin will make Scouting more interesting and vital in providing a destination and harbor for real Boy Scout hikes. With the present number of Troops in the district, it will be possible for each Troop to visit the cabin on an over-night hike at least once every two months.

## Fred Brand Home Is Badly Burned

Going to the chicken house to care for some young chicks, Sunday forenoon about 10:00 o'clock, Mrs. Day, housekeeper at the Fred W. Brand place on the Perrillville road, happened to look up and discover a fire in the roof of the house. She ran to the front of the house and called Mr. Brand who sat reading a newspaper. A hurry-up call was sent to the Plymouth fire department. Pending the arrival of the fire department, Mr. Brand and his neighbors did all within their power to check the flames.

The Plymouth flames were able to save most of the house from burning, but a considerable hole had been burned into the roof before their arrival. The upstairs portion of the house was badly damaged and considerable household goods and furnishings were destroyed.

It is not known how the fire started. Mr. and Mrs. Harold Westcott of Jackson will be the week-end guests of the latter's sister, Mrs. Norman Petersen, and family on Ann street.

## EVERYONE IS URGED TO AID IN CAMPAIGN

### Make Plymouth Cleanest Town in Michigan as Well as Safest.

The village commission has set aside the week beginning May 11th, as "Clean-up Week." This annual affair provides for a general clean-up of the village including both public and private property. All available village forces and equipment will be pressed into service to make this event a success and to provide a means for expediting the year accumulation of unwanted material.

An annual clean-up campaign serves many purposes. First, it provides a means whereby owners or occupants of property may dispose of the rubbish, ashes, junk, etc., with the least effort and expense to the individual. Second, it encourages the cleaning up of unsightly conditions both on public and private property. Third, it eliminates fire hazards and unhealthy conditions caused by the accumulation of debris of all kinds. There are many other advantages which produce a good return for the effort expended in conducting such a campaign.

The housewives are urged to have the entire house gone over from basement to attic and take out all surplus and unused or worthless things for disposal. This will make housekeeping easier and will definitely eliminate dangerous fire traps. The men folks are urged to remove rubbish accumulations from the yard and garage and as far as possible clean up unsightly places in the neighborhood which will add to the sightliness of all property.

All rubbish or material to be removed shall be placed at the curb not later than Thursday morning at which time village trucks will start the work of collection and disposal. All ashes, cans, and small material must be placed in containers not too large for the men to handle. Larger items may be placed at the curb without containers. The collection work will extend over Thursday, Friday and Saturday, so it is necessary that all rubbish be at the curb before the collections start.

The handling gents, their names as Donald Hewson, 828 West Milwaukee avenue, and Albert Lesnow, 12762 Monte Vista, Detroit.

The Chamber of Commerce and all other civic organizations are cooperating in this work in order that the campaign will be a complete success. The support of every citizen in this campaign is needed.

According to the Chamber of Commerce, it is the wish of this organization to carry the annual Paint-Up, Clean-Up Week campaign scheduled for next week a step or two beyond the ordinary purpose of this worthy undertaking. Officials of the local chamber assert in the first place that much good could be accomplished if this type of activity was to be continued throughout the year, and in the second place that any annual clean-up campaign should be extended to include any and all unsightly community eyesores as well as homes and their surroundings.

A general committee meeting called by the Chamber of Commerce to talk over these matters was held Tuesday morning of this week in the Council Chamber of the Village Hall. Representatives were present from the Women's Club, Business and Professional Women's Club, League of Women Voters, Sarah Ann Cochran Chapter of the D. A. R., Kiwanis Club, Rotary Club and Ex-Service Men's Club. A spirited, interesting discussion took place during which the unsightly condition of the vacant property at the junction of Starkweather and Mill Streets was cited as an excellent example of a community eyesore needing attention, standing as it does at one of the most prominent entrances to Plymouth. The possibility of an almost grassless park across from the Village Hall was mentioned in case the present poor condition of the grass does not receive attention.

The meeting developed decidedly favorable sentiment to tackle these and other community jobs under the direction of an Executive Committee with representation from all civic clubs interested. Those present were asked to serve until their respective clubs officially designate their representatives. Mrs. Charles O. Ball consented to act as General Chairman until the organization is perfected.

The suggestion that the Civic Pride Association be organized along similar lines to the Civic Pride Association of Detroit, was received with approval. Other interesting suggestions concerned the possibility of prize garden and lawn and community slogan contests.

In all probability a second meeting will be called next week when it is hoped by those sponsoring the movement that an effective organization can be set up. Interested civic groups not represented at the first meeting are asked to notify the Chamber of Commerce in case they wish to participate in the general program.

ed into the roof before their arrival. The upstairs portion of the house was badly damaged and considerable household goods and furnishings were destroyed.

## SQUANDERED MONEY

Two years ago the Michigan State legislature upon the recommendation of Fred W. Green, then governor, created a commission for the purpose of studying Michigan's financial needs and its tax problems and recommending to the state legislature a program of tax legislation that would equalize the tax burden of the state and possibly do away with a portion of the amount now demanded each year from the taxpayers towards the support of its state government. The Commission did as it was directed. It spent much time in studying the tax system of Michigan. It also spent all the money it was allowed to. It completed its work and its expense bills were presented and paid by the taxpayers.

When the present legislature convened for the 1931 session the commissions report was presented to each member in the form of a nicely printed booklet. It contained considerable tax information and some recommendations.

The legislature is about to adjourn and unless called into extra session by the governor, it will not meet again for two years, and as far as anyone knows, not a single suggestion of the tax commission has been followed, and the information gathered at the expense of many thousands of tax dollars has been of benefit to no one.

The same can be said of the crime commission that was created in the same way. Its members lived at expensive hotels, traveled about the state on gasoline bought by the state, and property owners paid all the bills. Try and find any legislation passed at the present session of the legislature that will serve to check crime in this state—then try and find how many dollars of your money that the legislature appropriated for the use of this commission, was left unspent. Maybe you'll be surprised at the result, and if you pay taxes, you will not be happily surprised.

## IT NEVER PAYS

James P. Donahue, late husband of the five-and-ten-cent store Woolworth heiress, was losing at the rate of \$7,500,000 a year for three years at the gambling tables when he killed himself last week by swallowing poison in New York, according to press reports.

His wife, richest woman in New York, guaranteed his losses to the extent of \$25,000 an evening.

Every time Donahue set foot in Bradley's gambling club at Palm Beach, or in any of the various exclusive gaming resorts in New York, he could lose \$25,000, before the owners even thought of being uneasy.

Friends who have watched him night after night in the big chemin de fer game that ran in the exclusive upstairs room at Bradley's say they never saw Donahue win. He was society's greatest—and unluckiest—gambler.

That big game in the quiet simply furnished upstairs room is famous all over the world. Night after night during the Palm Beach season, you might see gathered there Florenz Ziegfeld, famous Follies producer, risking wealth garnered in the show business; Mrs. Graham Fair Vanbilt, tossing away New York Central railway's millions; Fifi Wide-Widener Holden, her arms blazing solidly with diamond bracelets from wrist to elbow; Herbert Bayard Swope, former executive editor of the New York World; J. Leonard Replogle, rich clubman; and Jim Donahue, risking—and generally losing—the millions earned by the sale of pink combs, green candies, nail files, paper napkins and all the other varied merchandise of a Woolworth five-and-ten.

## A PRAYER FOR NEWSPAPER FOLK

Invocation delivered by Rev. T. F. Gullikson, D. D., President Luther Theological Seminary, St. Paul, at the Banquet, Sixty-fifth Annual Convention, Minnesota Editorial Association, St. Paul, January 1931.

Before Thine eyes, O God, all of life moves in vast panorama. Here are gathered for a little while those whose ministry it is to chronicle and to picture that part of life which passes the print shop window.

Untouched are Thou on High by public opinion or fashions of human thought, but known in Heaven is the power for bane or blessing here below, of which others think and say.

We crave Thy Hand in benediction over these chroniclers of events, these moulders of the common judgment. Give them grace whether in prairie village or metropolitan center to minister faithfully as keepers of the ideals that are high and fine.

In time the national crisis that they, each at his watch fire, all might be found true!

Where distress walks their streets and depression threatens the community spirit, that they may be burden-bearers to sustain with courage and good cheer.

May they find words bringing the fellowship of sympathy to such as walk in sorrower's somber black.

May they surely prick the bubbles of folly and lance the cysts of arrogance.

May their pens become like swords to flash and gleam in the name of justice for all men—and truth.

May there be no acid on their pens as they move among the tendrils of human hearts.

Let them deal gently with such as walk in misery because of acknowledged transgressions. Thou knowest, O Father of mercies, how the mantle of their charity decks a story lest innocent hearts be wounded.

Teach us as we walk past the window of Thy recording angels how we all need and will need the mantle of mercy which the Christ by His living and His dying has woven for us.

And when the writing of all these men is finished, and other hands than theirs shall turn the many pages of old files, and other eyes than theirs shall scan the fading news print, then may it be

said in those days of their handiwork: "Here wrought the hand, here moved the pen of a Christian gentleman."  
In Jesus' name—we ask Thy blessing in this fellowship and the food of this festal hour!

## BACK TO THE SMALL TOWN

(An editorial from The Rotarian)

That cheerful spokesman of small-town life called the country newspaper has of late been receiving some warm commendation at the hands of Sherwood Anderson, the novelist, words which may be applied with equal pertinency to any business institution which stoutly resists the depersonalizing stamp of the machines.

It will be recalled that about three years ago, Mr. Anderson bought two country weeklies, the Marion (Virginia) Democrat and the Smyth County (Virginia) News, and in association with his son has been having the time of his life as he weaves the wealth of his personality into the fabric of town and countryside.

At the outset of his newspaper career, Mr. Anderson did all of the work himself, even to collecting the advertisements. As he mingled with his fellow-townsmen, he caught their point of view and learned to know their needs. He hung artistic pictures on his office walls and made the newspaper shop a cheery place for groups to congregate. Acting on his suggestion, a lot used as a village "dump" was transformed into a place of greenery and happy recreation. Citizens named the park "Sherwood Park" in token of their appreciation of this stranger who showed them in what favored surroundings they lived and worked.

So successful and invigorating has been his newspaper venture that Mr. Anderson is emboldened to urge talented young men and women to turn their backs on the big cities and to stay by the small towns where their energies and capabilities may have abundant opportunity to flower and develop, and where rewards are not measured in bank balances, but in a genuine joy of friendly associations and full-orbed living.

The preservation of that rich personal equation in community life—all but crowded out in the present era of standardization, is a battle well worth fighting. Mr. Anderson does well to indicate how success may come to a man in any small field he makes his own by reason of his special gifts of personality, and his own blend of enthusiasm, competence, and good cheer.

## WHY DO IT?

There is every indication that the Michigan state legislature is going to appropriate many millions of dollars more to be spent during the next two years than will be collected in taxes. In the face of a clamor from all parts of the state for a reduction in expenses in the operation of the state government, there has been but one answer from the legislature—more taxes. One issue of a Detroit newspaper last week carried two Lansing news dispatches telling of new tax schemes that are about to be enacted, but not a line of news with any information as to tax reductions or cuts in the operating costs of the state government.

What is it all going to lead to and why the representatives selected by the voters assume the attitude they do, is a difficult thing to understand.

Declining revenues have been common to nearly all states and municipalities as well as the federal government. Many state and local taxes being property taxes, the situation is becoming more serious in that it results in foreclosures. Michigan owns one quarter of its area now. In some sections of Oregon delinquencies are as high as 40%, and some farmers refuse to pay property taxes, alleging discrimination. Many New Hampshire towns are having difficulty collecting taxes. The number of property sales to satisfy taxes is growing in New York. Unimproved property is frequently not paying taxes in Minnesota. Tax delinquency in Virginia rose 2% to 3% in 1930. Maryland collections are off 10%. Several Washington counties are selling considerable property.

These difficulties in tax collections have a serious effect on community business. Further, the low receipts are causing many difficulties to administrations. Like the federal government, the smaller units find it almost impossible to cut down expenditures.

Further taxation increases are indicated, possibly even in addition to the general increases enacted at the legislative sessions this year. And, this time, reduction of federal taxes as an offset seems unlikely. Numerous attempts to shift the tax burdens are compiled, dealers and investors in municipal securities state that the volume in default is now the largest in history, and the total is growing. This seriously affects the credit of the areas involved, will make funds, if at all available, much more costly in the future, will tend definitely to check public improvements.

And possibly after all that might be a good thing, at least for a few years to come if some improvements were not made.

## WHAT NEXT?

It is not at all surprising to find boys and girls along about 18 years of age greatly interested in such story-pictures as "Strangers May Kiss," but when you find bald-headed editors who have grown deformed through the disposal of too much food and too much time spent in swivel postoffice chairs, so interested in such a subject that they will take the time to read the book and see the motion picture of the story—well, all we can say is, what next?

To-wit—the following editorial is from the last issue of Murl DeLoe's Charlotte Republican-Tribune:

"We read the book, 'Strangers May Kiss' but we kept away from the movie" depicting the story. Prof. McClusky of the U. of M., in his talk at the High school auditorium, spoke about 'shifty fifty' which period he declares is more hazardous than the other and younger danger lines. Another case of better be safe than sorry. As for kissing strangers, we should much prefer to adopt the suggestion on two or three folks we have known over a considerable interval. This iniquitous low moral curve moralizing is probably more a matter of pride than desire.

\*Later—We did attend the performance and found it most interesting although very little about the production calls up the book. Norma Shearer is a charming Lisbeth, the chief character in the story, and she gives a delightful portrayal of her role."

## THE REAL TOWN BUILDERS

The man who spends his money at home is a community builder.

He may not have a great deal to spend, but if his pay check is turned back into the business channels to pay other men and to keep the wheels of business turning, he is a real community builder.

Such a man is worth a dozen others who with much more resource send it out of the community and away from home.

Often when community builders are spoken of, the thoughts turn to those of the community of means and resources. They are looked up to as the community builders.

There are in every community men and women of small means who live in unpretentious homes, yet who have reared and educated a family of boys and girls in the town and have spent their income with the home merchants and home institutions.

These, while they do not often get the credit and the name for it, are worthy community builders and often in their loyalty to home institutions are more helpful as town builders than many of those of larger means.

Our value as a community builder is not determined so much by what one has in the community as it is by what one does for the community.—The Munising News.

# WHY HELP BRING "BETTER DAYS" FOR THIEVES?

Have you valuables around the house that deserve better protection than a flimsy lock on closet door or bureau drawer? Or have you important papers that are kept carelessly in a desk, or somewhere else equally dangerous?

Everyone has some things he or she would hate to lose. Why leave them where the stealthy midnight prowler may get them—or where fire can destroy them?

Put your valuables in a Safe Deposit Box here—where they will be safe always, yet where you can get them easily whenever the need arises. You can rent a good-sized box for a year for a very small sum.

THERE'S an old saying, "A man is usually more energetic and resourceful in trying to get out of a serious difficulty than in trying to stay out."

People who do not procure adequate fire insurance protection suffer loss when fire damages their property. If energetic and resourceful enough to obtain sound insurance they will have no need to worry if fire occurs.

NOW is the time to insure ADEQUATELY. Sound Stock Fire Insurance costs comparatively little, and secures much. Let us insure you.

### Christian Science Notes

"Everlasting Punishment" was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, May 3.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "If it be so our God whom we serve is able to deliver us from the burning fiery furnace, and he will deliver us out of thine hand, O King" (Dan. 3:17).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Let us remember that the eternal law of right, though it can never annul the law which makes sin its own executioner, exempts man from all penalties but those due for wrongdoing" (p. 385).

### EPISCOPAL NOTES

The Woman's Guild will hold its regular meeting on Wednesday afternoon, May 13, at the church. This meeting will be followed by a pot-luck supper for all people of the church. As yet none have volunteered to help in transporting the children to the great annual service for the church schools of the Detroit area, at St. Paul's Cathedral, a week from this Sunday. We must know definitely by this Sunday how many are going in order to complete arrangements. At least six cars are needed. Please help!

The annual spring conference of the clergy meets at Pine Lake on Monday, Tuesday and Wednesday of next week.

The Junior Brotherhood meeting for next week will be postponed to a day later in the week, to be announced on Sunday. Although the rain of last Tuesday cut short the outdoor meeting, another attempt will be made soon again. Members of the brotherhood are reminded of their Bible reading and personal work assignments.

Communicants of the church are reminded of the approach of the feast of Pentecost, May 24. Last year a large number made their communions on that day, one of the three major feasts in the church year. Meanwhile, "Go to Church every Sunday!" At-

tendance at the Holy Communion last Sunday was entirely too small. The good habits of Easter must be continued every week to become effective.

# BUSINESS IS HOLDING TO ITS AVERAGE GAIN

Review of Conditions in State Reflect Hopeful Outlook For Summer.

The seasonal upswing of Michigan industrial activity is still apparent in the data of automobile sales and output, according to Dr. Ralph E. Badger, executive vice-president, and Carl E. Behrens, economist, Union Guardian Trust Company, in a statement of business conditions prepared for Plymouth Mail readers. One of the largest producers of motor cars sold 47 per cent more units in March than in February and the reports of this company's production schedule for April leads to the conclusion that sales so far during the past month have been substantially greater than sales in the same period of March. The total output in April is estimated at from 330,000 to 350,000 units which would be an increase of between 15 and 22 per cent over March.

The seasonal high point in weekly automobile output during the last four years has occurred as early as the second week of April and as late as the second week in May. Last year's weekly output reached its high during the last week of April. It will be interesting to see when the first move toward reduced output will be made this year.

The gains in other fields of industrial and business activity, which paralleled the upswing in the motor industry during the first quarter, have not continued in recent weeks. Electric power production reached its high point during the final week of March, and the activity of steel mills likewise reached a peak of 57 per cent of capacity during that week. The high point in the carloadings totals occurred during the week ended March 22, but this series normally continues upward with occasional reversals of trend until late in the year. Freight carloadings of goods classed as "Miscellaneous," the group in which automobiles are included, continues to gain probably reflecting the increase in automobile sales and output referred to above.

The construction industry is still improving, but relative to contracts awarded a year ago, this year's total to date is not inspiring. The price of a number of leading building material companies' securities reflect the fact that the outlook in the industry is not good.

The volume of department store sales as reported to the Federal Reserve Board increased in March by approximately the estimated seasonal amount, although they were 3 per cent smaller than a year ago. Commodity prices at wholesale continue to decline; Fisher's index now stands at 74.6 per cent (1926 = 100), which compares with 76.0 a month ago and 90.4 a year ago.

Employment conditions are showing some improvement in terms of number employed because the building and construction industries absorb a considerable number of people at this time of year. Agricultural operations also have contributed to a reduction of the unemployment totals. The question of wage reductions is receiving considerable attention from the administration, from labor leaders and from manufacturers. Undoubtedly, Washington will continue to direct publicity against such reductions, for obvious reasons, even though a good case can be made for reductions in many industries, especially in those where prices are determined in a world market.

The trend of stock prices in recent weeks very definitely indicates that the outlook for business in general during the next few months is not overly promising. Many stocks have broken through their previous lows. Dividend cuts have occurred or are imminent in a growing number of companies. High grade bonds have continued to fluctuate within a relatively narrow range.

The threat of a renewal of the gold flow to this country has resulted in lower rates on acceptances and may lead to a further decrease in rediscount rates.

The upturn in Michigan business activity which was most evident last month in the industrial southeastern part of the state, is now evident in all areas. The coming of warm weather, of course, is the signal for full operations to commence, and the opening of the shipping season on the Great Lakes exercises a stimulating influence on Upper Peninsula mining and lumber operations. Each of these has a quickening effect on retail sales.

Detroit business improved substantially in a number of lines during March. Such series of data as advertising linings, automobile production, automobile registrations in Wayne county, bank clearings and bank deposits, building contracts awarded and stock exchange clearings, each increased during March by more than 25 per cent as compared with February. The Union Guardian Trust Company's index of industrial activity declined fractionally from 59.2 to 59.1 per cent of normal, indicating that the increases in the two components, industrial power consumption and automobile output had made nearly seasonal advances during the month.

Employment in Detroit as of April 15 was about equal to that reported on March 15, according to the index published by the Board of Commerce. On April 15, it stood at 82.7 per cent (1923 = 100), whereas on March 15, it was reported at 82.5 per cent. As has been noted before, this index refers only to the number of people employed in industry and does not include those employed in the building trades. With the building and automobile industries seasonally active, with the lake shipping season on, and with farm operations, road construction and other outdoor enterprise in full swing, unemployment is probably at a minimum in Detroit at this time.

The returns from the Union Guardian Trust Company's monthly business questionnaire, sent to a number of bankers throughout the State, indicate slightly greater employment than a year ago in 5 out of 12 cities of southeastern Michigan. Eight of these 12 report that employment is increasing. At Saginaw, the number employed is

still well above the totals of a year ago.

Retail trade is improving in most of the southwestern Michigan trade centers, but collections are characterized as poor to fair. Bank debits in Jackson are holding well above totals of the same weeks of 1930, but this is the only important center in this area of which this is true.

Building operations, as reflected in the number of building permits issued in Detroit, has shown a fairly satisfactory increase, but since no large construction projects have entered into these totals, value comparisons with a year ago leave much to be desired.

Industrial power consumption, which is very closely related to industrial output, was lower in five cities in the area outside Detroit, namely Flint, Jackson, Pontiac, Bay City and Saginaw, but in the first two of these, a decline during March is normally expected.

Among the questionnaire replies received from seventeen bankers in southwestern Michigan, it is not difficult to find considerable evidence of improvement this month. For instance, eleven expect increased retail trade in the next few weeks, and increased manufacturing operations are expected by a somewhat smaller number. Grand Rapids power consumption totals increased more than 25 per cent during March, and the comparison of weekly bank debit totals with those of similar periods in 1930 takes on a more favorable aspect. At Battle Creek, there was also a substantial increase in power consumption, but it proved to be slightly below seasonal expectations. Bank debits in Battle Creek took a substantial jump during the week ended April 14. One of the principal manufacturers of breakfast foods whose plants are located in Battle Creek, has found its widely discussed six-hour shift plan so successful after five months' operation that the plan will be continued as a permanent policy. Employees, as well as employers, unanimously favor the plan. Average production per worker has been increased three per cent to four per cent and by continuous 24-hour operation, overhead has been cut down. A 20 per cent increase in the number of employed has been necessary.

Little improvement in the building industry is to be observed in southwestern Michigan at this time. The principal developments in the Upper Peninsula during March were increased building operations at Escanaba and Marquette. On April 1, both the winter wheat and rye crops were reported to be in very satisfactory condition. A number of heavy snowfalls in March were beneficial and during the last week moderate to heavy rains fell in nearly all parts of the state. Early potato and truck crop plantings have been largely completed and oats and barley seedling is well advanced in the north. Fruit prospects on April 1 were believed to be generally satisfactory. Little winter injury has occurred this year. Some fruit trees, such as apricots, are beginning to blossom in the extreme southwestern part of the State.

## Coming Attractions At Penniman-Allen

**"FINN AND HATTIE"**  
Leon Errol, Paramount's new moving picture comedian, speaks fifteen languages—all of them English.

Errol's stage career in comedy has taken him all over the world and given him an endless number of personal anecdotes and a whole range of dialect knowledge. Each of his anecdotes, from New South Wales, New Zealand, England, Ireland, Wales, South East or West United States, Australia and English-speaking provinces everywhere, he relates in the proper vernacular.

Errol, in his travels, made a study of English idioms and provincialisms. He can speak the English of Oxford, Soho, Colorado and the Bronx, as well as the brogue of the Irish, the burr of the Scotch or the patois of the Louisiana delta and the synthetic Bostonese of Hollywood.

In his second picture, "Finn and Hattie," Errol, who made his first hit on the screen in "Only Saps Work," uses the idiomatic expressions of mid-western United States. Much of his time, he reveals, is given to instructing Mitz Green in the same provincialisms. Mitz, who appears with him in "Finn and Hattie," the Penniman-Allen Theatre attraction for Sunday and Monday, May 10 and 11, was born in Brooklyn.

"Finn and Hattie" takes Errol from his Middle-West home to Paris. The story is from the comedy novel by Donald Ogden Stewart, and, in addition to Errol and Mitz Green, the cast includes ZaSu Pitts, Lilyan Tashman, Regis Toomey, Jackie Searl and Mack Swain.

Private secretaries and office romances come into their own in Radio Pictures' "Behind Office Doors," luring and entertaining comedy-drama that will appear at the Penniman-Allen Theatre Wednesday and Thursday, May 13 and 14.

"Behind Office Doors" is a perfect example of a most human and believable theme, developed brilliantly and portrayed by the most competent of piece of entertainment. The story casts, the film ranks as a first-class move swiftly and Director Melville Brown has showed shrewd sense in its development.

The picture takes audiences into a modern business office and presents a most interesting insight into office romance of the present day. It's a new angle for the movies and the treatment here is most notable.

That ever-popular and capable little actress, Mary Astor, contributes another of her sterling characterizations. Miss Astor may always be depended upon to do full justice to a role. In "Behind Office Doors" she does truly remarkable work. Robert Ames makes a perfect roommate for Miss Astor, and his portrayal of the over-dressed, wisecracking salesman who later heads the office, through the efforts of his private secretary, represents his best talkie work to date.

Ricardo Cortez, Catherine Dale Owen, Edna Murphy and Kitty Kelly are seen in important supporting roles. Melville Brown's direction is outstanding.

## "THE SINGLE SIN"

Is there a sin more contemptible than blackmail? Born of a desire to destroy, to torment and torture, blackmail puts its victims helplessly and hopelessly in its power through fear.

"The Single Sin," a Tiffany picture showing at the Penniman-Allen Theatre, Friday and Saturday, May 15 and 16, is the story of a woman who was courageous enough to fight her way out of the mire in which she found herself, only to find herself being dragged back by a fiend. Hating her because she spurned his love, because she told the truth that sent them both to jail, and because she then had the strength of character to go straight, he fed his hatred until it became fatal, and just when she was happiest

Kay Johnson and Bert Lytell play the leading roles in "The Single Sin," which shows a blackmailer properly punished and strength triumphing over weakness. Holmes Herbert, Mathew Betz, Paul Hurst, Geneva Mitchell, Robert Emmett O'Connor and Charles McNaughton play other important characterizations. A. P. Younger is author of the story, for which Frances Hyland wrote the continuity and dialogue. It is directed by William Nigh and recorded by RCA Photophone.

### COUNCIL FIRE TO BE HELD

One of the required group activities for the National Birthday Honor being to hold a Friendship Council Fire, the Plymouth group, Camp Wetomac Fire, has made plans for a Council Fire to be held Monday, May 11, with groups from Rosedale Gardens and Northville as guests in the circle. At this ceremonial, which will take place in the high school auditorium, two Torchbearers will be given their ranks and many national honors will be awarded. There will be two individual exhibits, requirements for the two Torchbearers' ranks, and a general exhibit of handicraft and of foreign articles. The meeting will be open to those interested in the work.

Mr. and Mrs. Oliver Williams and little daughter of Detroit, were guests Sunday of Mr. and Mrs. Edward Barton.

Mr. and Mrs. Joseph Baker are receiving congratulations on the birth of a daughter, Josephine Eleanor, born Wednesday morning, May 6.

## Rosedale Gardens

By J. W. WALKER

Gateways are being redecorated by Supt. Al Honke and his shrauteers, whilst in their spare time the parkways, eight (8) miles of them are also feeling the dainty touch of the Doctors of Shrubbery. Not even content with that, some of the paving is being repaired on York avenue.

Washington, D. C. and Daniel Twiddy will entertain Mrs. Twiddy and son, Paul Thomas, who have left to join husband and daddy. The Gardenites expect to remain away all summer.

Shower to Mrs. Becker, our former school nurse, Miss Beck, was given by the P. T. A. at last meeting into of the school year, Wednesday eve.

R. V. on the Webster colonial, first home on Ingram, is being done in like manner of the Smith job on Arden. Uncle Robert Wilson and Cousin Gilbert Day succeeded in making a very attractive form on the front elevation so that Cousin Wilson and his jolly brick-ichians may brick vobser same. Now with new fence and shrubs and all it will make a much more pleasing appearance.

It is expected that a few more homes will be done up in similar coat of brick.

On Business in various parts of the country, have been Messrs. M. E. Stover, W. Chicago; Fred C. Weimer, York Ave.; Wm. Bond, Ingram Ave.; C. A. Ten Houpen, Arden Ave.; and Chas. H. Sheffer, Berwick Ave. Reports indicate that business everywhere is better and far ahead of Detroit. So, wake up, Detroit. Also vlicity.

is Clarence M. Hoffman, R. grocer, who has been missing for a week from his usual post behind and around the serving counters at R emporiums. 'Tis said 'tis Laffa. Hope he will soon recover and be able to cut steaks and chops soon.

Gardens are coming along right nicely, and we all have a beautiful crop of dandelions, except a few like Weimer's and Peter's and E. J. Goodbold's, who have special grass lawns. Even they have more than they wish. Neighbor Burke, the pie baker at Elm, says the cabbage he set out three weeks ago is growing smaller every day, owing to the April winter of something. Elaces here felt the cold nights so badly that we fear the display will not be as beautiful

as heretofore. Of the florabunda in the parkways we can report also ditto.

Traffic all week was lighter than usual. Sunday being clear and cool, many city cousins brought their new (and old) cars out for us to see. They probably expected some bouquets, but were compelled to be contented to look at the coronals coming up green and nice, and the little folks did succeed in getting violets, etcetra down in the woods and a swing on the lawn swing.

HANFORD CORNERS Mr. and Mrs. William McCallan and son, Howard, were Friday and Saturday evening guests of Mr. and Mrs. Milo Corwin and family.

Miss Marie Webster spent the weekend with Mr. and Mrs. Bert Shuart and family.

Roger Bordinie is recovering from a broken leg.

Mrs. Milo Corwin, who has been ill at her home, is recovering.

Mrs. August Schultz and daughters, Estelle and Esther, were in Detroit, last Saturday.

Miss Alice Burrell and John Gustin and Betty and Everett Burrell visited at the Shuart home Sunday.

Mr. and Mrs. Joe Bragenczer and daughter, Joan, of Wyandotte, and the latter's mother, Mrs. Earl Hamilton, of Northville, were Sunday afternoon callers of Mr. and Mrs. Milo Corwin and family.

### German Remedy Stops 30 Year Constipation

"For 30 years I had a bad stomach and constipation. Suffering food from stomach choked me. Since taking Adlerika I am a new woman. Constipation is thing of the past."—Alice Burns.

Most remedies reach only lower bowels. That is why you must take them often. But this simple German remedy, Adlerika washes out BOTH upper and lower bowels. It brings out all gas and smaller every day, owing to the April winter of something. Elaces here felt the cold nights so badly that we fear the display will not be as beautiful

PLYMOUTH-HAGGERTY TEAM ADDS ANOTHER SCALP TO ITS BELT

BOYS TAKE HAZEL PARK INTO CAMP BY DECISIVE SCORE OF 16 TO 4.

Plymouth-Haggerty pounded out a 16 to 4 victory over the Hazel Park Merchants at Burroughs Park last Sunday. Heavy hitting and excellent pitching by Plymouth-Haggerty along with Hazel Park's errors aided in their victory. The locals collected twenty hits off Whitefoot and Richmond, while Roggebaum held the visitors to two. Pace and N. Arkinson allowed two hits in the two innings they worked.

Frank Roggebaum, the new right-hander obtained from the Mr. Clemens Merchants proved a great surprise to those who saw him pitch. In the seven innings he worked, he struck out eight and allowed only two hits.

Coach Kenneth Matheson, who is managing the Plymouth-Haggerty club this season has not as yet picked his regular line-up. The club is very pleased over the appointment of Coach Matheson as manager. His services will be appreciated by the Plymouth fans for there is no reason why Plymouth should not have a good baseball team this season.

Garden City, last year members of the Down-River League, are coming to Burroughs Park, Sunday, May 10th, to engage the Plymouth-Haggerty team. It is said that Garden City has a very good team this season. If the local baseball fans will drive out to the park, Sunday, they can be assured of a close game.

PERRINSVILLE

The Perrinsville L. A. S. will hold their monthly meeting, Wednesday, May 13, at the home of Mrs. Fishinder, on VanBuren road.

The District Prayer Band will meet at the Perrinsville M. E. Church, Friday, May 15, for an all day meeting, starting at 10:00 a. m. with pot-luck lunch at noon. Afternoon session at 2:00, and evening service at 7:30. This meeting is in charge of Miss Barnum of Detroit. A Chinese medical doctor will tell of his experiences in China. Everyone welcome.

Rev. Parly was unable to preach on account of a throat operation performed recently. His place was taken by Mr. McClain of Detroit, a member of the Gideon Society. He took as his text, John 4:1-29. He explained the purpose of the Gidonites, which is to

place a Bible in every hotel room in the land.

Mrs. Peter Kubie and Margaret, were Detroit shoppers, Saturday. Mr. and Mrs. Roy Badelt of Wayne, called at the parental home, Sunday. Margaret Kubie and Henry Sell called on Mr. and Mrs. Fred Mecklenberg of Wayne road, Monday evening. Don't forget Mother on her own day, Sunday, May 10.

Express Thanks To Mrs. J. F. Root

Mrs. J. F. Root, who gave first aid and proved of such assistance about a year ago when Patrolman Peter J. O'Rourke of New York city was shot through the eyes in a most brutal way by three thugs out on the Ann Arbor road, has received a letter from relatives of the family, in which they state that there seems to be no hope of the officer ever regaining his sight.

More than once has Mrs. O'Rourke expressed her appreciation to Mrs. Root for her assistance at the time of the wounding shooting.

Enclosed in the last letter received by her were a number of snapshots of the officer taken in his uniform since his return home.

Mrs. Root has been advised that Mr. O'Rourke does not give up hope. He believes that his sight will return and that before many months he will again be able to see, but doctors say there is no chance.

A special article in the New York Police Magazine a few weeks ago gives much praise to the Michigan people who did what they could to relieve his suffering. It will be recalled that the bandits who did the shooting have been captured and are now in Marquette prison for life.

IN MEMORIAM

In loving memory of our dear mother, Bertha Schmidt-Reinholz, who died six years ago, May 8. Six long years ago today. Since our dear mother passed away. We saw her suffer, heard her sigh. With aching heart and weeping eyes: We saw her sinking hour by hour. Yet we could not stay death's awful power.

But now she calmly sleeps at last. All pain, all aches, all suffering past. The moon and stars are shining. On a lone and silent grave: Beneath there lies one whom we loved. But whom we could not save.

Club Will Tour Europe This Year

Fifteen capitals in Europe and Asia Minor will play host this summer to American business and professional women going ahead upon the fourth annual Good Will Tour of the National Federation of Business and Professional Women's Clubs.

Capital cities on the itinerary include Berlin, Prague, Vienna, Budapest, Belgrade, Sofia, Bucharest, Constantinople, Athens, Amsterdam, Rome, Geneva, Paris, Brussels and London.

The tour will travel in three sections, and will have a twofold objective: to keep alive the contacts with women of other countries which have been established on previous tours, and which resulted in the formation last August at Geneva of the International Federation of Business and Professional Women, and to carry the program of the International Federation into the Balkan countries and the Near East, where there are as yet no federated business and professional women's clubs.

LEGION MEETING PROVES INTERESTING

The monthly meeting of the Auxiliary of the American Legion was held at the Jewell-Blanch Hall, Friday evening, April 24th, with a good attendance. The business meeting was conducted by the president, Miriam E. Beals, and several important matters were discussed and voted upon.

Following the business meeting, the entertainment committee arranged for the pleasure of the members, two solo numbers delightfully rendered by Mrs. Maxwell Moon, two musical readings by Mrs. Irla Humphries, in her usual pleasing manner, and two song numbers by Mrs. Genevieve Vaughn which were enthusiastically received. Deviating from the usual card party, the old favorite "kono" was presented, following the substantial refreshments.

This spirit of good fellowship existing between these ex-soldiers and their wives is something that we value highly, and this will always exist for surely no group of people have more in common than those men who faced the great issue and their families. We again urge all eligible persons to present their names for membership and join in these happy occasions.

Worry is deadly, and one good way to prolong your life is to become as rich as Messrs. Baker, Edison and Rockefeller.

A FLOWER GARDEN

By Mrs. Leroy P. Naylor

My neighbor's garden right next door, is a pretty sight to see. With daffodils and hyacinths all perfect as can be.

I have no garden such as is here, so I live in my neighbor's atmosphere. And at my window both early and late enjoying these flowers I feel there's no hate in these gifts from above which are true symbols of harmony and love.

A little later in this place peonies and daffodils will interlace. With colors sublime, only

Such as nature can give, proves a worthwhile motto—just how to live. Not a stone or a weed in this garden so fair. For the owner does not allow them there.

The "Lady with her Garden" I don't know very well. But of one thing I'm sure, she does not tell. Unkind things along the way for she is busy every day.

So now 'y your garden plant generous seed. That will yield a fat harvest both in word and deed.

With lives filled with helpfulness, good will from above, Will transform all our gardens into labors of love.

The above original poem has been contributed to the Mail by Mrs. Naylor.

He leaves a widow, Mrs. Ella T. Rorabacher, Plymouth, Michigan; four sons, Claude Rorabacher of Detroit, Michigan; Ray Rorabacher of Plymouth, Mich.; Merle Rorabacher of Plymouth, Michigan, and Dale Rorabacher of Plymouth; two daughters, Mrs. Mable Midgley of Detroit, Mich., and Mrs. Bessie Renner of Plymouth, Michigan. Six grandchildren, one great grandchild and two sisters, Mrs. Mary Hewitt and Mrs. Nellie Curtis, both of Ypsilanti, Mich., together with a large circle of friends and acquaintances remain to mourn their loss. **New Christian Science Publishing House**

Boston, Mass. Continued growth of the activities of The Christian Science Publishing Society has necessitated expanded facilities. To meet this condition The Christian Science Board of Directors of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, will erect, as soon as plans and arrangements are completed, a new Publishing House.

Here provision will be made for the needs of The Christian Science Monitor, The Christian Science Journal, The Christian Science Sentinel and all other literature published by the Society.

The new building, which will cost in the neighborhood of \$3,000,000, will occupy approximately 83,000 square feet of ground bounded by Massachusetts Avenue, Noyes, Elmwood and Chestway Streets, Bay City, Oper-

ations are to be hastened in accord with the public and private building program which Mayor James M. Curley of Boston has been urging in conjunction with President Hoover's recommendations for relief of unemployment.

The structure will have a varying height. The Massachusetts Avenue end of the building, which will be used for offices, will be nine stories in height, while that part which is opposite The Mother Church edifice will be three and four stories in height and in scale with this edifice.

The publishing building will be related in architectural style to The Mother Church, and its design has been influenced by the fact that in the future it probably will become one of a group of buildings which will surround and form a fitting architectural setting for the Church. It will be an

all-stone building of the Italian Renaissance type, the lower story to be of granite and the upper stories of limestone.

Special attention will be given to the installation of modern heating and ventilating devices. The central plant will be housed in a building adapted to it, with an ornamental tower enclosing the stack, the tower to be of brick and stone conforming with the beauty and symmetry of the main building.

The building now occupied by The Christian Science Publishing Society, completed in 1908, will be used for the administrative offices of The Mother Church.

The architect is Chester Lindsay Churchill, and with him is associated Lockwood-Groene Engineers, Inc., of Boston, which will have charge of the plant layout.

**FORD BRAKES ARE UNUSUALLY EFFECTIVE**

*Reliability and safety due to simple design and careful construction*

ONE OF the first things you will notice when you drive the Ford is the quick, effective action of its four-wheel brakes.

They are unusually safe and reliable because they are mechanical, internal expanding, with all braking surfaces fully enclosed. This prevents mud, water, sand, etc., from getting between the band and drum and interfering with brake action.

Other outstanding features of the Ford are the Triplex shatter-proof glass windshield, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, torque-tube drive, more than twenty ball and roller bearings, Rustless Steel, reliability, economy, and long life.

You save when you buy the Ford and you save every mile you drive.

LUMBER-JACK

Published Fridays by Plymouth Lumber & Coal Co. Vol. 1, Friday, May 8, 1931 No. 30 Edited by BOB AND ELMER. Criticizing a neighbor because he buys a new car isn't anything new. We'll bet some of you folks used to hear criticisms when a fellow blew himself for a new rubber tired buggy. Now is the time for screens and screen porches. We have all the lumber you want and can furnish you a list of good carpenters to do the work for you. Yes, it costs money to live. That's a fact. But we think it's worth it. Geo. Collins on Roe St. is building a two-car garage. We are furnishing the material; Geo. Zeltseh is the contractor. An Ossage Indian girl spent \$370 in six months on rouge, powder, and other beauty requisites. Who says our Indians aren't civilized? You have seen that number 102 between such items. Well, we just want to remind you that is our phone number. Just call 102 anytime for anything in the building line. "This is room 465," said a voice over the wire, "and will you please ask the prohibition enforcement officer if I can have a pitcher of ice-water?" How about a medicine cupboard in the bathroom?—and it will keep things from piling up on the window sill. Just call on us! Money is the root of all evil. That's probably why we're all digging for it.

## HYGIENE PUPILS FINISH PROJECTS

Gay colors, that on nearer inspection reveal themselves as the carefully designed projects of the seven-A hygiene class, line Miss Kees' room. There are health towns galore with their roly-poly sun-tanned children, happy houses, bright flowers, trees and streams. The Sunset Sanitarium illustrates the perfect type and a health camp is the model lake lodge. Over there are children dancing gaily around a Maypole, and just this side of it is a boat carrying a child to the far off joyous land of health. An Indian village, a health show and a hospital room are other scenes in the colorful row.

But these are not all the projects, for white painted, first aid kits are piled up on the window sill. Sets that have all the necessities to care for sudden unforeseen accidents and, what is more, a detailed list of just what is and should be kept in it.

## YPSI CENTRAL BEAT ROCKS IN DUAL MEET

With only ten fellows to represent Plymouth and some of these crippled by sickness, the Blue and White tracksters were trimmed 86-36. Marvin Bannerman was the high score man for the day with 104 points. He won the shot put and the discus and javelin throws, also participating in the relay team. Plymouth's defeat was caused by a lack of material on the field. Nine out of the ten that were at Ypsi scored for Plymouth. It seems that some very capable athletes in school have not the necessary ambition to go out for the meets on Saturdays. About thirty fellows showed up for the track project last week, but only ten had spirit enough to fight for their school. Harlow Wagonschutz, Plymouth's star sprinter, was sick, but he raced in the 100 yard and the 220 even though chances for winning a place were very slight. Other fellows showed equally as good stuff, and it seems a pity that with the material Plymouth has that it can't win its meets. The regional is only a week away, and results of that meet should be a big question mark to the Plymouth athletes.

## GOLFERS TAKE OPENER FROM DEARBORN HIGH

Playing on the Plymouth Country Club, the Blue and White golfers won their match from Dearborn, 7 1/2-4 1/2. All four of Plymouth's men lost points, but they were able to squeeze a victory from them. The Plymouth fellows participating were the following: Charles Ball, first man, won 21 points; James Williams, second man, won 22 points; Stephen Horvath, third man, won 13 points; and Edward DePorter, fourth man, won 1 point. The same four participated against Farmington last night.

## DECLAMATION CONTEST HELD AT DEARBORN

Amalia Zielaska represented Plymouth in the freshman Declamation Contest held at Dearborn last Wednesday and placed third among eight contestants.

In 1929 Plymouth tied for first place with River Rouge at Fordson, and in 1930 Plymouth placed second. This year first place went to the River Rouge contestant who gave King Phillip to the Settlers, second place went to Dearborn with Valley of Bones, and third to Plymouth with Joan of Arc. The schools who participated in the contest were: Dearborn, Wayne, Belleville, Wyandotte, River Rouge, Fordson, River Rouge and Plymouth. The contest which was held in Dearborn's auditorium was judged by the speech coaches, each rating the other seven schools. Because of the short time to prepare and the lack of experience, much credit is due to Amalia in her effort to represent P. H. S.

## DRAMA NOTES

The program for the Senior Drama Club last Thursday was in the form of a play and a contest. The play was a comedy called "Finders Keepers," and the contest, making from the name Senior Drama Club, as many other words as possible. Doris Holloway succeeded in winning with the highest number of words.

The Tuesday Masque presented a play directed by Dan Carmichael. After criticism given at intervals by the audience, the play was finally presented as perfectly as possible. The Masque club is also preparing a mission play to be presented at the Methodist church.

## CLASS BASEBALL BEGAN MONDAY

Although the spring activities keep most of the fellows busy all the time, a class baseball schedule has been drawn up by Mr. Matheson. This will be the third year of class baseball, and the interest in that game is soaring higher each year. One team will represent each of the high school classes to form the Senior League, while the seventh and eighth grades will be represented by two teams each to form the Junior League. The faculty, strong contenders in volleyball and basketball, will not enter a team this year.

Last year over one hundred boys participated giving almost every boy a chance to compete in something that spring. Most of the games were very fast and exciting, and every boy had good baseball experience and wholesome exercise. Class baseball will be run under the following rules:

- The same eligibility rules will be in force as those used by the varsity teams.
- The managers must see that the men playing on their teams are eligible men.
- Games will be forfeited if an ineligible man is used.
- Games will start at 12:30 sharp, and will continue until 12:30. The leading at 12:30 will be the winner.
- The managers must turn in the score sheets at the end of each game.
- In case of rain or wet grounds, games will be called off and not played at a later date.
- Officials will be taken from the varsity club.
- Ten players will compose each team.
- Senior League ninth, tenth, eleventh and twelfth grades.
- Junior League, two teams each from the seventh and eighth grades.
- No varsity club players are eligible.
- Ribbons will be awarded to each player on the winning team of the Junior and Senior League.

Schedule for this and next week:

## MAURICE BLOOM GOES TO YPSI FOR SPEECH CONTEST

At the sub-district extemporé contest held at Ypsilanti Central last Monday, Plymouth was represented by Maurice Bloom, a senior who entered the Plymouth High School year from Oklahoma. The outstanding characteristic of this type of speaking is that the participant does not know on what subject he will talk until an hour before the contest. All the subjects are of vital interest and selected from the Literary Digest and Review of Reviews. The time limit was seven minutes although five minute talks were preferred. Six schools entered: Adrian, Ann Arbor, Ypsilanti Central, Fordson, River Rouge and Plymouth. Each speech coach judged all contestants but his own.

First place went to Ann Arbor, represented by Abe Zwerdling who very emphatically pointed out Chicago's advantages in changing Mayors. Cameron Hill from Adrian received second with his talk on Prohibition and The Democrats. These two people will represent the sub-district at the district contest which is to be held May eighth. The first two places at the district will go to the state contest held at Kalamazoo, May 23. The winner there will receive a silver loving cup.

## EXHIBIT—FEATURE OF COMING WEEK

Another highlight of the school year will be seen May 14 and 15 when the grade school and the special departments of the high school combine to display their work in the annual school exhibit. These departments include manual training, art, domestic science and the clubs of the high school. Airplanes, baskets, special school work, scientific projects and many other objects of interest will be displayed on tables in the auditorium.

## CENTRAL GRADE SCHOOL NOTES

Miss Mitchell has been reading the story "The Japanese Twins" to the children in her first grade room. They have been making Japanese lanterns and pictures of Japanese boys and girls. They made May baskets for their mothers on May Day. In nature study class they have been studying the dandelion. "The Secret" is the last poem they have learned.

Bobby Hill and Virginia Behler won prizes in Miss Holt's room for coloring the best hygiene posters. The fifth grade in this room had one hundred per cent in spelling last Friday. Rose Marino and Christine Vanok were the last standing in a spell-down test. They have not finished as yet. Miss Holt is reading the book "Beautiful Joe" aloud.

## ART STUDENTS VISIT EXHIBIT

Who is that strolling through the room and stopping every now and then to admire a striking piece of work or to criticize a poor one? Why, it is Mrs. Brower and several of the students in her art appreciation and art classes. Of course, one could not expect them to miss such a valuable opportunity for inspecting the work of other schools as is offered by the All Students Art Exhibit held in the Hudson galleries.

And a wonderful exhibit it is, showing the admirable work of schools in the metropolitan area. Some promising artists crop up now and then in the pictures ranging the walls and the exhibition partitions placed all through the vast room. As for details, some very fine formal, informal and all-over ones catch and sometimes bewilder the eye. There, Mrs. Brower considers that striking one well worth remembering, for she is sketching it down on her handy little pad.

There is much fine and truly wonderful work shown here, and it is so impossible to see and to appreciate it all. Not only pencil and brush work is on exhibit, but also soap carvings, pottery, handicraft of various kinds, and masks of paper-mache most cunningly modeled on Oriental, Indian and even a Colonial lady image.

## SOPHOMORES END SOCIAL YEAR WITH CLASS PARTY

With music furnished by Bob Dickson and his Dictators, a crowd of one hundred and fifty students and teachers enjoyed a pleasant evening at the Sophomore dance held last Thursday evening in the High School Auditorium. The chaperones for the dance were Mrs. Hitt, Mrs. Blunk, Mrs. Bailey, Mr. and Mrs. Gallimore, Mr. and Mrs. Klugore, and Mr. and Mrs. Holcomb.

Miss Ford's group of sophomores sold the most tickets for the dance. A net profit of eighteen dollars and sev-
