## DIG BUSINESS RESPONSIBLE

Supt. George Smith in Talk to Kiwanis Club Tells of Depression Cause.

### CREDIT BUYING WAS ANOTHER BIG FACTOR

School Official Declares That Two Ways Are Left for a Return of Better Business to This Country.

Members of the Plymouth Kiwanis club Tuesday heard one of the most interesting talks of the present year, a brief review of business conditions by Supt. George A. Smith of the Plymouth public schools. Mr. Smith, in part, said: "Our industrial successes in the past have been largely due to three factors:

"1. A tariff which, at the present time, is obsolete due to opposition tariffs in other countries and the fact that American capital has jumped the tariff wall and is now producing in areas of cheap labor.

"2. Basic inventions such as the automobile which took years to saturate the buying field, have meant a large employment of labor without a surplus of finished product.

"3. Wars in which we were not participants have made it possible for us to supply a portion of the materials which were destroyed in warfare.

"Our plunge into a panic about 1914 was prevented by the World War during which we became the world's creditor and instead of Europe being able to buy our products, until this year Europe had to pay us practically all she could spare for loan payments and interest.

"Along about 1925 we were headed for a bad depression due to over-production, when some ingenious individual created the installment buying, and as a result of this creation of installment buying, the masses were induced to buy goods which were produced at that time by mortgaging their future income from labor. This continued until in 1929 when most of labor was overpaid two or three years in advance and could secure no further credit. Then factories had to close and the crash and misery caused by the buyers losing many of the things they had bought on the installment plan.

The depression occurred, Mr. Smith, was definitely responsible to the fact that in our modern organization of production, the part which the capitalists take in the form of profit is larger than can be used, and hence, tries to float back a portion of his share on the market with an excess of goods, because the other factors in production have spent the part which they received in the form of wages, etc., for produced goods.

Some of the measures which are being advocated are purely temporary, are almost entirely working on one job is just a device to relieve big business (which caused our present difficulty) from the tax they would have to bear in carrying out the families on welfare. They are again trying to shift the blame from those who produced wealth, cannot be permanent. In order to be assured of permanent and continued prosperity, one of two things is absolutely necessary: either that capitalists take a smaller part of produced wealth in the form of profit and use the part which they take instead of trying to force it on those who have already bought as much as they have received means with which to buy, or else, taking the amount or even more in the form of profit than has been in the past few years, and opening up new and foreign markets in which to sell their share of produced wealth. Industry can do this if it will, but it will require its attention to the subject of distribution rather than limiting its field of labor to that of production.

## Legion To Stage Armistice Dance On Wednesday Eve.

## PRASES PLAN TO AID BANKS

German Financial Leader In America Sees Better Business for the World.

## SAYS GERMANY NOW ON WAY TO RECOVERY

Declares It Is Important That Banks of World Be Kept Open—Friedrich Among Nations Is Big Factor.

The Myron H. Beals Post No. 32 of the American Legion will celebrate the observance of Armistice Day by staging their annual Armistice Day dance next Wednesday evening at the Odd Fellow Temple. More than seven piece orchestra will furnish the music, and in all probability will mix a few of the ever-popular old-fashioned melodies in with the latest tunes, and songs made famous during the World War.

As an additional feature of the evening's entertainment, a Treasury Hunt has been thrown in for good measure this year. According to the Legionnaires in charge of the evening's program, a real treat is in store for those who have experienced the fun and excitement of a Treasury Hunt.

According to the Treasury Hunt and dance committee, all couples expecting to participate in the Treasury Hunt must be at the Odd Fellow Temple promptly at eight o'clock, because to give everyone an equal chance, the first clue cannot be handed out until the crowd is ready to start the search for the second clue.

It is estimated that the Treasury Hunt will last about two hours following by dancing until one o'clock. Dancing, however, will begin at nine o'clock for the benefit of late arrivals and those not caring to take part in the Treasury Hunt.

## Plymouth Man Was Teacher of Famous Geographic Leader

R. T. Willoughby of the Willoughby shoe store, is greatly interested in the news from Washington of the election of Dr. Isiah Bowman of New York as president of the International Geographical Union, an organization composed of practically all of the leading geographic students of the world. He is interested because of the fact that this famous geographic authority was one of his former students at Brown University, Michigan, where Mr. Willoughby declares that as a younger man, Dr. Bowman was intensely interested in geographic matters and he is not at all surprised that Dr. Bowman has become an international authority on geographical matters.

## State Considers Health of Children

The Governor's Conference on Child Health and Protection, which will convene in the State Capitol Building in Lansing on November 10 at the call of Governor Brucker will bring together in a three day session specialists and laymen interested in every phase of child health and welfare. Dr. Robert Haskell of the Wayne County Training school, has had much to do with the preparation of the program.

The conference is under the joint direction of the state departments of health, welfare and public instruction and is the Michigan follow-up of the White House Conference on Child Health and Protection held in Washington in 1930. The findings and recommendations of the national meeting will be presented at the Lansing conference, and compared with reports of activities being carried on in this state, in an attempt to determine White Michigan status in her work for children.

The main purpose of the Lansing conference, according to Governor Brucker, is to aid in correlating the work in child health and welfare already being done by various state and local agencies and to find out what needs to be done to better safeguard Michigan children.

## Well Known Couple Wed In Indiana

Walter A. Livrance, son of Mr. and Mrs. Charles Livrance, and Mrs. Vivian Greenaway of this place were quietly married in Fort Wayne, Indiana, Wednesday, October 21.

In compliance to the bride and groom, Mr. and Mrs. John Meyers of Bedford, brother-in-law and sister of the groom, gave a six o'clock dinner last Tuesday evening at which only the immediate families were present. The dinner was also in honor of their father, Charles Livrance's birthday anniversary.

Mr. and Mrs. Livrance are residing on Holbrook avenue. The groom is very well known here as a successful business man, having owned the store by that name on Northville road for the past several years.

Best wishes are extended to the happy couple by their many Plymouth friends.

Mr. and Mrs. Fred A. Corner and Mr. and Mrs. C. L. Corner of Detroit were guests Sunday of Dr. and Mrs. H. A. Mason at their home on the North Territorial Road.

## ARMISTICE DAY ELEVEN O'CLOCK! ATTENTION! FACE TO THE EAST! NOVEMBER 11, 1931

Face to the East! It seems a grim jest. For this is to honor the lads who "went west."

Face to the East! stop the traffic and noise. The moment is sacred, it belongs to the boys.

Face to the East! banker, farmer and clerk. Every rank, all conditions, stop both play and work.

Face to the East! this moment's for them. Our gay laughing boys who died, ay, like men.

Face to the East! and murmur a prayer. For the lads who forever have gone "Over There."

Face to the East! while Monty's wraps. Her dear arms around us. Now, Bugler, sound Taps!

## EXPENSES ARE BELOW BUDGET

Village Officials Holding Down Costs of Operating Various Departments.

SEMI-ANNUAL AUDIT SHOWS CONDITION

All Indications Are That Village Will Be Well Within Appropriations At End Of The Year.

A report covering the fiscal activities of the Village of Plymouth for the first six months of the budget year was submitted to the commission at its last meeting.

The report on the standing of the budget shows an unexpended balance of \$41,829.46 out of a total appropriation of \$76,328.73. This leaves an unexpended balance in the budget of 54 per cent which indicates that the operations will stay well within the amounts appropriated.

The cemetery fund shows a reduction of \$448.00 in the deficit which was carried forward from previous years. The deficit which was carried forward for the past four years, it is the plan of the cemetery board and village commission to keep the expenditures at the cemetery within the revenues and to maintain the grounds in as good condition as will permit.

The expenditures in the water department have kept within the revenues and no deficit will occur in the fund during the present year. A copy of this report is on file in the office of the village manager and may be reviewed by any interested citizen.

Considerable mystery involves the burning of the house on the A. M. Eckles homestead at the corner of Five Mile and Ridge roads last Saturday evening. The house was completely destroyed by fire and it is not known how the fire started. Every effort made to find out how it started has been unsuccessful.

The house has been occupied by a family named Fulton, but they had moved out a few days previous, bringing most of their goods to Plymouth. A number of valuable articles owned by Mr. and Mrs. Fulton still remained in the house and were destroyed in the fire.

The place was recently sold by Paul Lee in Mr. and Mrs. J. I. Nelson of Detroit, who planned to remodel it and make their future home there. They had had the plans prepared and were to start work on the place within the next few days.

The fire was discovered by Mrs. Harry Brown, who lives but a short distance south. She saw a reflection of a light on the window of their home as she was working about the kitchen. The house was almost entirely in flames when the fire was discovered. The loss is said to be partly covered by insurance.

Information From All Parts of World More Encouraging Than in Two Years.

### WHEAT PRICE GAIN IS BIGGEST BOOM

Hoover Bank Plan is Given as Another Reason for Better Business Condition Throughout the Country.

An increase in wheat prices of more than twenty-five per cent since October 5 is decidedly an encouraging development, according to Dr. Ralph E. Badger, executive vice president, and Carl P. Roberts, economist, of the Union Guardian Trust Company, Detroit, a unit of the Guardian Detroit Union Group, Inc. December wheat reached a low of 44 1/2 cents per bushel on October 5. By October 30, it had advanced to 59 1/2 cents per bushel, an increase of 34 1/2 cents. Applied to the eighteen million bushel crop of Michigan wheat, this increase adds more than \$2,500,000 to the aggregate value of the 1931 crop. Applied to the 1931 crop for the United States of \$84,000,000 bushels, this represents an increase of \$120,000,000. In the terms of the release of buying power, such an increase means much more than the \$120,000,000 indicates. It represents a gain in an important commodity price. Already its effect on general prices is evident. Fisher's weekly index of wholesale commodities prices (1924-100) reached a low point of 88.1 per cent during the week ended October 2. In the three subsequent weeks, it stood at 88.1, 88.2, and 88.5, respectively.

The rise in wheat prices is attributed to the following developments: 1. A sharp reduction in the Australian crop; 2. A substantial decline in Russian and Canadian offerings; 3. A marked decrease in the average of winter wheat south, together with unsatisfactory weather conditions in the winter wheat area of the United States; and 4. The report that France has nearly completed arrangements for the purchase of 200,000 bushels of English Farm Board wheat and will need 70,000 bushels to 70,000 bushels more before next August.

On October 6, after consultation with leading bankers and representatives of both political parties, President Hoover announced the formation of the National Credit Corporation. This Corporation is designed to discount the sound but unliquid assets of banks which have experienced deposit withdrawals. At the present time, the plan is taking effective form throughout all sections of the country.

The Interstate Commerce Commission, on October 20, handed down its decision on the application of the nation's railroads for a 15 per cent increase in freight rates. The proposal of the carriers was flatly denied. The commission did suggest, however, a substitute plan which provides for increases on certain commodities. Additional income resulting from the commission's plan is estimated at more than \$100,000,000, to be pooled and distributed in proportion to the deficiencies of carriers which fail to meet intercarrier charges. Railroads proposing to avail themselves of the plan must notify the commission on or before December 1, 1931.

## FIRE SERVICE FOR TOWNSHIP

Village Makes Arrangements To Give Protection Outside Limits.

At the commission meeting held on October 19th, Chas. Rathburn appeared and requested that the existing fire agreement be permitted to remain in effect until the meeting in 1932, with the exception that every effort made to find out how it started has been unsuccessful.

The house has been occupied by a family named Fulton, but they had moved out a few days previous, bringing most of their goods to Plymouth. A number of valuable articles owned by Mr. and Mrs. Fulton still remained in the house and were destroyed in the fire.

### Hard Time Dance And Social Proves Pleasant Affair

The hard time dance and social at Our Lady of Good Counsel church Nov. 3 was a great success. The big attraction of the evening was Billy the blue grocer from W. H. E. Gray in the talk and his usual wailing post-judges Brooks and Attorney Colquhoun were kept very busy with the prisoners Chief Vaughn Smith kept bringing in. Harry Robinson, master of ceremonies had a terrible time dodging the law, but at last the jury agreed to free him after he did some tall explaining to the enjoyment of the audience.

### REDUCE CHARGE IN GALE CASE

Attorney Perry Richwine has been successful in having the fee on the assault charge made against Sheldon Gale as the result of a Halloween shooting, reduced to that of assault and battery. The charge was made by Justice Ford Brooks after it had been recommended by Assistant Prosecuting Attorney George Gullen. The trial will take place before Justice Brooks next Tuesday afternoon at 3:30 o'clock. A jury will hear the case. When Mr. Gale discharged a gun to frighten a number of boys away from his place, some of the children fled and Hanna, the charge is the outgrowth of this affair.

### Ex-Service Men Concert Proves Most Popular

The first of the series of the system entertainments sponsored by the Ex-Service Men's Club and the American Legion, was presented on Wednesday evening, October 28, at an appreciative audience. The Mason Jubilee Singers presented a time program of spiritual old time negro ballads and modern negro harmony. The program was divided into two parts, the first depicting the negro and their songs previous to the Civil War, and the second part depicting the modern negro and modern songs. A feature of the program was the participation of the old time colored preacher exhorting his frenzied congregation to "make themselves as white as snow."

The second in the series to be presented November 19th, is "The Mystic March," called as the "Hymn of the Faithful." The program is to be given by the Ex-Service Men's Club and the American Legion.

Many old fashioned dances, and then up to date ones finished the party which was a homey affair. The highlight on the committee was to thank everyone in the old time orchestra with John Mastie as their head leader, and the Blue Chasers, and all the ladies of the Catholic church who donated fried cakes, and Mr. Lee, E. Smith, Miss E. Z. Z. and Mr. Wallace and Mrs. Saxon.

HIS GREATEST OPPORTUNITY

Plymouth has always been proud of the success that has been won in professional and business circles of Michigan by one of its sons, Hon. Paul W. Voorhies. In this community he launched on his career that has led him to Michigan's highest and most important legal position. When Mr. Voorhies served Plymouth as its village attorney, his work was always well done, and it gave general satisfaction. When he was prosecuting attorney of Wayne county he gave to Michigan's greatest city and county the same excellent services that he did in his home town community. His life of success led him onward to the highest legal position within the gift of the state, the attorney generalship of Michigan. In the brief time he has held this position he has demonstrated the same success that characterized his work for the village of Plymouth and the county of Wayne when serving these political units in an official capacity.

As attorney general of Michigan, Mr. Voorhies is also a member of the public securities commission of the state. Herein lies the greatest opportunity for public service that ever came to Mr. Voorhies or any other attorney general Michigan ever had.

While it has been more or less common knowledge during the past two or three years that hundreds of thousands of people of Michigan, mostly widows and elderly people, have been fleeced of their life savings by high pressure "security" salesmen, not until revealed by the Detroit Free Press a few days ago, was it known that millions and millions of dollars have been taken from trusting investors of this state. It is needless to say that a very large amount of this was secured upon the presentation of false statements to the men and women who bought "papers" they thought was going to provide them with a good income for the remainder of their lives.

We do not believe that Attorney General Paul Voorhies can get back for these investors much or any of the money they took from their savings accounts to buy these worthless securities, but through his official capacity as the chief law enforcing official of the state, HE CAN make some of these fellows sweat blood and maybe he can put a few of them back of the bars for a while.

The opportunity that lies before Attorney General Voorhies is in the successful prosecution of every security swindle that has blackened the name of the state. If he can satisfy the investors and taxpayers of Michigan in the prosecution of these unlimited swindle frauds, there is nothing within the gift of the voters of the state that he cannot have. It is an opportunity of a lifetime, and the thousands of Plymouth friends of the attorney general believe that he will grasp it.

CATCHING 'EM ALIVE

A week or so ago one of the departments of the federal government at Washington sent out to the newspapers information as to ways aliens who entered this country ILLEGALLY before 1921 could be knighted with all the honors of American citizenship. Now comes a news despatch from another branch of the federal government telling of the urgent appeal to the secretary of labor in Washington from customs officials in Detroit, for airplanes to catch aliens who are being flown across the border illegally by airplane smugglers. The despatch states that more than 75 aliens are being smuggled across the line each week from Windsor alone, say nothing about other places along the border lines of the United States.

But what is all the fuss about? Even if they do come across the line ILLEGALLY, being smuggled in by airplane, the government crowns them after a few cents with all the honors of citizenship. Why spend good American dollars for any immigration service whatsoever when congress will pass laws conferring American rights upon aliens who break our laws by illegal entry into our country? Let's take the bars down and let them all in—and take away from the American workman his job and turn it over to these aliens who enter our country under the cover of darkness. In view of the obnoxious law passed by congress, we might just as well do it, and Secretary of Labor Deaks might just as well turn down the request of Detroit immigration officials for aircraft to carry on their enforcement work for all the good it will do.

Wouldn't it be more consistent with congressional policies if we had U. S. officials waiting on this side of the border with citizenship papers all prepared, and directions as to where to go for jobs for these smuggled-in aliens instead of buying aircraft to be used in hunting them down? Seemingly it would be much more in keeping with the inexplicable things that congress does.

DID THE STATE FORGET?

Last winter the Michigan state legislature passed a law which makes Eastern Standard time the official time of Michigan. Everyone in the state is supposed to conduct their business and run their affairs on the fast time plan. People who ramble up north once in a while to see the beauties of that wonderful

country or to do a little fishing or hunting now and then, wonder why the state does not do the very thing that it expects its residents to do. The state ferry at the Straits ever since the law was enacted has operated on slow time, much to the inconvenience of thousands of automobile drivers who are under the delusion that the state government is supposed to do the very thing it expects the citizens of the state to do. Because a few isolated places in the northern end of the state persist in running on slow time, it is not a sufficient reason for the state to follow suit, especially in view of the fact that it has a law which makes Eastern Standard time the official time of Michigan. Why not be a bit consistent in the things we do as a state?

AN ADVERTISING PARABLE

Here is a new parable with a moral pointing the value of persistent advertising: A husband, arriving home at night, asked his wife: "How long, Mary, since I began calling you Mary?" She replied, puzzled: "Why, you've always called me Mary!" "Well, that's the way it seems to me, too, remarked the husband, thoughtfully, "but after all we weren't children together. We did meet somewhere or other, and there must have been a 'Miss' and 'Mr.' period, although for the life of me I don't know when 'De you?" The wife impatiently answered: "I don't know and don't care. Come, hurry; we're late now." And that's the whole of the parable. It is used by the editor of the Woman's Home Companion, however to show what advertising does for a product of merit. Makes people call it by its first name. Creates friendships so deep that people can't even remember when they really began.

"Check up on this parable sometime," suggests an advertising man. "When did you first meet the dentifrice, the cereal, the packaged or canned foods, the toothbrush, the soaps, the toilet articles and dozens of other products whose names have become household words? When were they first introduced to you? You've forgotten; they've always been 'first-name friends.' It seems. You never called them 'Miss' or 'Mr.'"

CHEER-LEADERS

At a recent high school football game the most active participants outside the plays were the cheerleaders—boys and girls who watched their squad and led the cheering for the teams and the players. These cheerleaders at times furnished much amusement, but they appeared after all to be quite unamused—when they led the whole school cheered. If we were amused we were merely laughing at ourselves.

Hark back to the political meeting you recently attended—there were cheerleaders there; to the last lecture or concert—there were cheerleaders there too. Whatever the occasion, we all depend on cheerleaders. The fact is the most of us do not appreciate a good football play when we see it, nor good political point, an instructive argument or an artistic musical number when we hear them. And if we do, we are slow in showing appreciation but for cheerleaders. And in a still broader sense, when there is a popular effort to accomplish something really worth while, we need cheerleaders to inspire us to put forth for the cause the best there is in us. Let's have more cheerleaders.

BUSINESS OR SERVICE

Because the Post Office Department deficit for the fiscal year ending June 30 was \$10,000,000, Postmaster General Brown contemplates asking congress to increase rates on several classifications of mail. Announcement of the Postmaster General's proposed action has again raised the question, as to whether the Post Office Department is in business or is providing service. Congressman Kelly, the second ranking Republican member of the House Post Office Committee, takes the position that the department contributes a service. In his characteristic way he says: "Handling the mails can no more be transformed into a money-making enterprise than a brook trout can be made to live in a bird cage."

So far attempts of postmasters-general to make the department pay have failed. There are opportunities in handling the mails for reducing cost, and congress can utilize these. But when it comes to increasing rates so as to turn deficits into profits, the people will protest. A REGRETTABLE FAILURE The movement started a few months ago to help the poor to provide food for winter is so far unsuccessful. Tons of vegetables offered by farmers and gardeners, thousands of bushels of fruits have not been used, although growers in the Plymouth area said in those directing relief work to come and get it. One grower is known to have left in the field more than 1,000 bushels of tomatoes. To date not more than one-tenth of the vegetables and fruits offered have been canned.

In explanation it is held that thousands of housewives do not know how to can vegetables and fruits. Thousands more are, for one reason or other, unable to do so. It is also urged that many have no money with which to purchase sugar and other necessary ingredients. This lack of self-help has had its natural psychological effect. This is unfortunate, as the reaction affects many who were not concerned. Those who refuse to help themselves have sent reason to look to others for aid. Charity never has much time for laziness or shiftlessness.

Indian Summer After cold and cheerless drizzle Of September, which, remember, Only lasts a few short days, Comes the balmy Indian summer With its misty, dreamy haze. In the dressing room of Autumn Thus Dame Nature, fickle creature, By the eyes of man unseen Dons her gorgeous colored garments And lays by her somber gown. 'Tis the time of year for roaming, And admiring soul inspiring Scenes of beauty by the stream, And the woods are full of gold tints Not unlike a heavenly dream. Indian summer, linger longer, We adore thee, we implore thee Leave us not to winter's cold, We care not for her white diamonds, We prefer the autumn gold. —Alson Secor

A Prayer Touch that strange power within us, O God, that shall steel our faith in Thee by a settled and a steadfast will. Make us invincible in the presence of every temptation, and may we count no struggle too great and no sacrifice too costly to fulfill Thy law and our obligation to the Republic. Make us great in mind, strong in principle, pure in spirit, and, above all, enlarge our capacity for joy, for service, and for consideration of all men. Bless us with the virtues of resistance and with restraint, for these give form and force to character. Dignify this day with duty wisely performed, for herein lies true nobility of soul. In the name of Jesus.

Same Old Story "They were all wrong" is the heading over a handbill reviewing six-story skyscrapers of other days, being distributed in London. Here they are: William Pitt said: "There is scarcely anything around us but ruin and despair." Wilberforce in the early 1800's said: "I dare not marry, the future is so dark and unsettled." Lord Grey, in 1819, said he believed "everything is tending to a convulsion." The Duke of Wellington, on the eve of his death, in 1851, thanked God he would "be spared from seeing the consummation of ruin that is gathering about us." Disraeli (1849): "In industry, commerce and agriculture there is no hope." But, concludes the circular, "we came through all right, and shall do so again."

You and I CHARLES S. KINNISON THOUGHTS OF A FATHER Some day I know I'll have to quit, With many tasks unfinished. And in my chair I'll have to sit, With wit and strength diminished. And someone, who is now a Lad, Without one care or fetter, Will take the place that I have had, And likely fill it better! And this is true of every man, Whatever be his station. With work half-done, with untried plan, We'll meet our destination. And, Lad of mine, may you; from me, Acquire no touch of my flaws— So that the world, in you, may see A better man than I was!

What Other Michigan Editors Are Thinking About

The Wise Ones

One thing has impressed us in reading the political comments of the other editors throughout the state. There are many who are loud in their praises of Governor Brucker as the young Galahad of Michigan, the wonder boy who is going to clean up the state house, save the taxpayers millions of dollars and bring about the millennium in our State government. Perhaps none use those actual words but such is the import. On the other hand, the old timers, the editors who lost their political pin feathers many long years ago, who know the game as it is played on the inside, all are politely questioning Mr. Brucker's ability to do what his enthusiastic supporters say he can, even questioning his fitness for his post.

Farmers Want Groesbeck

"You're all wet, take it from me, on your comment last week about Governor Groesbeck," said Dewey Hammond, mayor of Duck Lake, Friday. "People are not interested these days," said Elizahonor, "as to how some politician feels toward Groesbeck. He may be old blooded but in these times that's a major quality. I wouldn't be surprised if you would see a popular uprising for Groesbeck before the next campaign. I was at a little gathering over in Barry county the other day and every person present was for Groesbeck. They are tired of all this meandering and long for an executive of the Groesbeck stamp. With him the governorship is a business and not a social pastime. People are beginning to appreciate his office calls for vision, courage and ability and Groesbeck has all three of these essentials. The fact that he lacks the appreciation of you scratch my back and I'll scratch yours brand of politics, is all in his favor in these days of mounting deficits.—Murl DeFoe in The Charlotte Republican.

The Governor Wobbles

The newspaper accounts of Governor Brucker's address delivered before the Michigan Baptist Convention in Birmingham last week showed an unusual amount of discrepancy as between one reporter's version and the other's of what the Governor actually said to the loyal Christians there assembled.

This discrepancy was not, I believe, due to any inattention on the part of the reporters, nor to any flagging of their determination to put down His Excellency's exact remarks. He appeared to be having a good time, gave the seeming, at least, of supreme happiness at being up there on the speakers' stage. Still there appeared to be a certain quality in his bearing to testify that the reason he was happy to be there was because he would have been unhappy to be somewhere else—at his office desk, perhaps. However that may be, the point is that he wobbled, and showed it. Nor did he show it any more convincingly than when he started to speak. The transformation between the first rate orator who had set at least the most responsive spinal cords vibrating down by the Grand Trunk station in August and the unimpaired talker who got his sentences mixed up at the Baptist Convention last week—that transformation was almost as alarming as it was apparent.

For not only did he get mixed up in his sentences. He rambled and digressed. He forgot what he started to say and had to begin all over again. His choice of words was colorless and his oratorical fire burned out. That his grammar was little short of atrocious was confirmed in my own mind the next morning when a scholarly Birminghamite accosted me on the street and asked me what The Eccentric purposed to do about straightening out some of the Governor's more labyrinth-like sentences.

Just there was the problem that confronted each of the newspaper reporters at the banquet, and just there is the solution for the fact that somewhat varying reports appeared in the public prints as to what Mr. Brucker did say. For each correspondent had to apply his own straightening-out process to the Governor's sentences, and each report was indelibly colored therefore with the individuality of the reporter.

I have no doubt but that the Governor had some good things to say, and will not deny that he did say several things that were at least intelligible and were received in good favor. At the same time, however, I am convinced that no one of the 500 or so men and women who heard him will deny that he committed untold and dastardly crimes on the King's English. Nor do I believe they will deny that his grammatical shortcomings should be blamed divinely upon his physical fatigue.

He couldn't, as a matter of fact, help being tired. Anybody who jumps, as the Governor does, from banquet to dedication to cherry festival and back to banquet again, is bound to get tired. The fact that he came directly to Birmingham last week from Belle Isle where he assisted in the unveiling of a monument to the composer of "America" may mean that he showed up here a bit more fagged than usual, but Mr. Brucker had long before then established himself in the two-day class.

It may be that the Governor has nothing better to do than to accede to the ceaseless demands made upon his oratorical powers and honorable presence by convention chairmen and cornerstone committees but it is logical to presume that by giving fewer speeches he could give better ones.

He owes this much to himself, who must give the speeches, fully as well as to his constituents, who are forced to listen to them, to say nothing of the reporters, who must unravel them.—George Averill in The Birmingham Eccentric.

Texas raises one-third of the cotton crop of the United States. Even yet, however, the state that does most to eliminate hooch is the state of matrimony.  
Cold-storage eggs may be used quite as satisfactorily as fresh eggs for most cooking purposes in the household. Where economy must be practiced, the tendency is to use fewer fresh eggs during the winter months, because of the advance in price. The less expensive cold-storage eggs help to keep up the supply of this necessary food.

### Where Auto Plates Are Being Sent By Frank Fitzgerald

Definite allocations of 1932 automobile plates in consecutively-numbered blocks are being made by the Department of State. Because of this each section and community of the state will be identified by the numbers on the plates. The various branch offices of the department have been allotted numbers as follows:

- Lansing, 1 to 2,000, and 488-301 to 531-300 and 959-301 to 1,400-000;
- Ann Arbor, 2,401 to 3,220-000; East Detroit, 3,221-001 to 3,275-000; Dearborn, 3,276-001 to 3,310-000; Delray, 3,311-001 to 3,384-000; Grosse Pointe, 3,385-001 to 3,520-000; Redford, 3,521-001 to 3,622-000; Highland Park, 3,623-001 to 3,911-000; Inkster, 3,912-001 to 4,142-000; Livonia, 4,143-001 to 4,172-000; Warren, 4,173-001 to 4,220-000; Wyandotte, 4,221-001 to 4,300-000; Plymouth, 4,301-001 to 4,450-000; Royal Oak, 4,451-001 to 4,500-000; Ferndale, 4,501-001 to 4,623-000; Pontiac, 4,624-001 to 4,830-000; Three Oaks, 4,831-001 to 5,330-000; Bay City, 5,331-001 to 5,480-000; Flint, 5,481-001 to 5,620-000; Grand Rapids, 5,621-001 to 6,400-000; Jackson, 6,401-001 to 6,720-000; Kalamazoo, 6,721-001 to 6,960-000; Milford, 6,961-001 to 6,980-000; Monroe, 6,981-001 to 7,000-000; Mt. In announcing these assignments, Secretary of State Frank D. Fitzgerald expressed dissatisfaction with the large hard-to-read seven figure plates. A plan is being worked out to do away with the large figures in 1935.

### Famous Cough Prescription

Almost instant relief from coughs is now guaranteed in the use of the physician's famous prescription called Thoxine. It works on an entirely different principle: having a double action, it relieves the throat irritation and goes direct to the internal cause not reached by cough syrups and patent medicines and the cough stops like magic usually with the very first swallow.  
Taken before retiring, Thoxine absolutely prevents night coughing and insures a good night's sleep. It gives the same speedy relief for sore throat too. Contains no chloroform or harmful drugs. Children like it. Remember—relief within 15 minutes from coughs or sore throat, or your money back. 35c. 60c. \$1.00 bottles. Sold by Dodge Drug Co. and all other good drug stores.

### STATE CUTS DOWN TIME FISHERMEN CAN SPEAR THROUGH ICE—WHAT REGULATIONS WILL BE FOR FISHING THIS WINTER

While the winter spear fishermen have been given more time in which to fish and added species to take the time in which they may pursue their favorite sport has been shortened.

While during 1930 winter spearing for certain species was permitted on inland lakes "during the time these lakes were frozen over," during the coming winter, spearing will be permitted only during the months of January and February. However, spearing will be permitted in all inland waters, except that it will be unlawful to spear in trout streams and quasi-trout streams at any time.

During the winter of 1930, only pickerel, mullet, suckers and redhorse could be speared in the inland lakes. During the coming winter the use of spears will be permitted during January and February in the inland waters for carp, sheephead, suckers, mullet, goldfish, lake trout, smelt, pike and northern grass pike and pickerel, muskellunge, whitefish, eels, perch, flounder or menominee whitefish, darters and gar pike.

Spearing is not permitted with the use of a jack or artificial light at any time.

Flashing with the use of hook and line or ice lines only is permitted during the winter for all species during the respective open seasons. Black bass may be taken to December 31, and pike, bluegills, sunfish, warmouth bass and perch may be taken to March 31. Rock bass, calico or strawberry bass and crappies were removed from the list of game fish by the last legislature and may now be taken in any waters open to fishing at any time of the year, and there is no minimum size limit.

Spring spearing in non-trout streams, for carp, suckers, yellowhead, darters and gar pike will be limited to the upper peninsula from March 1 to May 15 and in the lower peninsula from March 1 to April 30.

Winter fishermen who enjoy their sport with ice lines may now use "not to exceed five single hooks which may be attached to not more than five single lines." Formerly ice fishermen were restricted to not to exceed five lines with a single hook attached, but now may use five hooks on one line only if they so desire.

Never put wet shoes on a hot radiator or stove to dry. Stuff them with crumpled paper or fill with dry oats, and put them in a warm, not hot, place. High temperatures cause leather to grow brittle and crack.

Cellulose, the material now popularly used for wrapping, is largely made from wood pulp.

Only a natural born citizen of the United States is eligible to the Presidency.

### Nankin Township Closes Its Welfare Store For Present

(From The Wayne Dispatch)  
With the township treasury depleted and credit exhausted, the township welfare store, which formerly was the means of support for more than 300 families in the township, has been closed indefinitely until some arrangements can be made to replenish the stock.

For the past several months an average of \$2,000 was expended monthly for food that was doled out to dependent families in the township. These families are now without means of support and without hope of immediate aid.

Efforts are being made to place male members of the dependent families in positions that will relieve the situation somewhat. Peter J. Snyder, township supervisor, said. Several men have been given jobs at the Ford plant through the efforts of Mr. Snyder, and other men are being placed with various concerns as rapidly as possible.

The only hope of alleviating the situation so far as food and fuel are concerned would be to float a loan against the township taxes that are due in December. However, the possibilities of a loan at this time is not deemed likely.

It was reported that a meeting of 250 unemployed men of Inkster, Garden City and Wayne was held at Inkster Tuesday night to demand immediate action to alleviate the destitution in the township. The results of the meeting, it was reported, was a demand on the village commissions of the three villages to call a joint meeting to take some action on the matter. It was said another meeting will be held Thursday night at Inkster by the unemployed men to seek further action on their demands.

That the situation in the township is really acute is evidenced by the number of families that continue to call on the township supervisor for food. A financial statement and budget is now being prepared by Mr. Snyder which will be made public next week.

The community funds of Wayne and Garden City will not be used to aid dependent families outside of the village limits of the two villages, it was said at the fund headquarters this week. The families that previously looked to the township for aid are now being dependent on individuals for food until the financial condition in the township clears up.

### HOME OWNERSHIP PROSPERITY AID

Home ownership among workers has been outstanding factor in resulting the effects of twelve months' depression and has demonstrated forcefully the important part which home building and repairs must play in leading business back to normal, according to Harry L. Harris of Chicago, general manager of the building materials division of a building corporation.

"President Hoover and Col. Arthur Woods, chairman of his emergency committee for employment, both recognize this," he said recently, "and it is to be hoped a way may be found quickly to put the unemployed credit resources of the country to work behind private construction generally. It is not enough that funds are available at low rates of interest. They should be actively merchandised and put to work. The idle dollar is a greater menace than the idle worker."

"In 1929 one of the divisional home construction offices of our company shows that of 230 different classifications of labor, business and the professions represented more than 1,000 homes were sold to workers not in the so-called white collar class—that is, to artisans, mechanics and skilled laborers—and 50 per cent to men directly employed in home construction—carpenters, bricklayers, painters, plasterers. Home building reached its peak in 1928. Building trades found their employment peak that year and in 1929, with public confidence still high, turned their savings into homes. The same was true of workers in other trades, for many of whom 1929 was a banner year. The courage with which the worker of every class has met the depressing conditions of the last twelve months is in no small part due to the rapid increase in recent years of home owners in the ranks of labor. The collective credit resources of the country, fundamentally as sound as ever before in our history, should give the home builder a loan at a low rate of interest and relief from expensive insular financing. It means confidence of the lender not only in the borrower but in the country itself."

### We Pay Homage To The Heroes Of War

#### WE COMMEMORATE THE COMING OF PEACE

On this Armistice Day we glorify Peace, not War. We honor the nation's heroes as men who gave their lives not to win a war, but to win an everlasting peace. They were brave, fighting hearts that bled for a noble cause. We can well cherish the memory of their deeds. But in remembering, let us also pray that our youth and the youth of the world will never again meet on the battlefield.

TEACHERS HEAR OUTSTANDING SPEAKERS

In spite of the fact that to most of the students last Friday was a holiday in which one could sleep a bit longer than usual and spend the rest of the day as one pleased, to the teachers, Friday, as well as Thursday evening and Saturday morning meant their annual convention at which they could gain the newest material in their special fields of work. The convention was held in Detroit at the Cass Technical High School and the Masonic Temple. Over ten thousand teachers represented district one, of which Plymouth is a part.

ENGLISH CLUB HEARS AUTHOR

"America has no great artists because all of her possible artists go to France to study." That was the contention made by Thomas Craven, author of "Men of Art" at the Detroit English Club luncheon. In his address he pointed out that Craven was an example of a wonderful Flemish artist because instead of picturing things he did not know, he used the material close around him. Whom did he know better than his wife? Because he painted the things he was familiar with he having his wife, whose whims and feelings he understood, as a model, he is one of our greatest artists. Instead of staying at home and understanding life about them, possible artists, he contended, push themselves off to Paris where they usually lounge in the Latin quarter of that city. In that way they are cut off from both American and French life and therefore do not grow to know either type of life intimately.

Fur on Fall Coats

The new fall coats are richly trimmed with fur collars and cuffs. The one here shown is luxuriously decorated with blue fox skins, and the small-belted hat nestles under the upstanding fur collar.

"RECKLESS LIVING"

In a day of hackneyed plots and eternal triangles the Peoniam-Alton Theatre takes decided pleasure in announcing Universal's refreshingly original "Reckless Living" for showing Friday and Saturday, November 13 and 14. Cyril Gardner has taken apart the movie track and its slang dishing outside-the-law "bookies" and "phone rooms" to give you a glimpse into the inside of the checked-suit gambler and their methods. With the assistance of Harlowe Cortez, Mae Clarke and Norman Foster, he reveals to you all of the ingredients of good entertainment in these cleverly exposed secrets.

Children are like some radios.

Children are like some radios. We had rather look at them than hear them. The new Waldorf-Astoria Hotel in New York City will have its own railroad siding for the convenience of its guests. To vary the winter vegetables, why not combine some of them? Carrots and peas are an old favorite. Try celery and turnips, cut up and cooked together. Scalloped cabbage and apples; carrots and apples, fried together; sweet potatoes and apples; sweet potatoes scalloped with pineapple; pineapple and cabbage salad, are some changes that can be rung upon the old familiar standbys. Onion or tomato or both as additional flavor with other vegetables are always acceptable.

CENTRAL GRADE SCHOOL NOTES

The kindergarten in charge of Mrs. Carpenter again won the thrift banner last week. They celebrated last Thursday afternoon by having a Halloween party. Group one in Mrs. Toor's first-B room has finished the Elson Chart and Pro-Primer and are now reading in the new large Primer. Last Monday they started to write at their desks and are learning the correct way to use their pencils. They had as a visitor last Thursday, Orange Top, a very large jelly bowl and six small bowls. They stayed for the Halloween party. Out of forty children in this room, thirty-eight have not had a cold.

"NO COLD" DRIVE

Acts such as sitting in school with rubbers on, wearing heavy sweaters indoors, and being without a clean handkerchief, mean colds worms lurking about for the grade pupils who are specializing in preventing colds as their health study for this year. Nor only is each child inspected each morning for symptoms of a cold, but each room has a health poster which contains an honor roll of pupils who have been a whole month without a cold. In emphasizing prevention of disease, Mrs. Strason, the school nurse, has pointed out the importance of staying at home at the first signs of a cold, and summing up a doctor in studying proper clothing according to the weather, the pupils have found that the heavy coat breathes correctly if too heavy garments are worn indoors.

ROCKS ENGAGE WAYNE TODAY

Today's game marks the renewal of another ancient rivalry of the gridiron between Wayne Zeleas and the Plymouth Rocks. Last year the latter narrowly won out by a 7-6 score. So far this year Wayne has not lost a game, but fought a 6-0 tie with Dearborn. Though defeated by Dearborn, the Rocks have improved very much and should put up a good fight. The contest is to be played at Wayne.

OVERALLS!

Guess what's going on in the high school now that is very extraordinary. Yes, the boys have a new fad, they are wearing overalls to school. Some are even wearing red and blue bandana handkerchiefs around their necks. A few who could not find overalls are wearing sweat-shirts and old khaki pants. What a variety in shirts—gray shirts, green shirts, red shirts, and checked shirts. It certainly looks like a country fair, and believe it or not, some of the high school "shiks" have adapted this fad. A little boy called Billy was the first to be seen rigged in one of these outfits. Oh, well, boys will be boys, you know. I wonder what the girls will be wearing next; only time will tell.

PLYMOUTH LEADS NORTHVILLE IN GAMES WON

On the programs printed by the Varsity Club for distribution at the Northville games from 1920 to Thursday's game, the Plymouth-Northville games from 1920 to Thursday's game. In some cases the score is not given as the school annual report only the outcome of the contest. Counting the 1931 game, Plymouth leads with seven wins and Northville has taken the contest only five times.

SOMETHING NEW IN PROGRAMS

Something new and unique was introduced last Friday at the Plymouth-Northville game. It was a program. This is the first time it was ever seen in Plymouth and it is believed to be the first seen in the Suburban League. All the credit belongs to Coach McInnes who designed it. On the cover was a drawing of two players, one tackling the other; on the middle pages were the line-ups for the two teams together with a place for the recording of the score; on the back page was the student council, both student and faculty members, and also a list of scores for the last ten years.

STARKWEATHER SCHOOL NOTES

Miss Wittke's kindergarten classes, both morning and afternoon, had Halloween parties last Thursday. Part of the children wore costumes. Mrs. Bennett visited this room last week. The children in Miss Stueky's first grade made false faces Wednesday to wear at their Halloween party which was held Thursday afternoon. A few of the children wore dresses in costume. Miss Stader's second grade won the thrift banner again this week. This is the fourth consecutive week they have had the banner. They also had a gold star on the banking chart. Mrs. Drews visited this room last week. The children had a Halloween party last Thursday afternoon. The five-A geography class gave some very interesting reports on China and Japan. Miss Hunt told the fifth grade children about her trip to Pike's Peak, Yellowstone National Park, and the Black Hills of South Dakota. The five-B hygiene class made some health posters. Twenty-six children earned stars in spelling last Friday. The sixth language class is studying "Indian Roasting Corn" for their picture study this week. The five-A's are studying "The Gleaners." Mrs. Drews was a visitor in Miss Farrand's sixth grade room.

G. R. CELEBRATE BIRTHDAY AT LOCAL CHURCH

Sixty-three girls, both Camp Fire and Girl Reserves, attended the local Presbyterian church last Sunday where a special part of the service was dedicated to the fortieth birthday of Girl Reserve worker in the Y. W. C. A. The Girl Reserves were dressed in white uniforms with blue ties and the same Elsie Glick wore dark skirts with black ties. They filled the entire middle section of the church. The congregation sang hymns as the girls marched in double file. Mrs. Nichol's sermon, "Numbering Our Days," acted in splendidly with the Girl Reserve purpose. Mary U'land, Plymouth Girl Reserve president, led a responsive reading which was responded to by the girls. Plymouth is very proud to be able to make in this world-wide Sunday worship.

SEVEN OF OCTET NEW THIS YEAR

Since only one girl of the octet remains in school this year, Miss Henry was confronted with the problem of choosing seven more girls whose voices, she thought, would sound well together. Dorothy Thibert is the old member. The new members are: Christina and Elizabeth Nichol, Mary Mettetal, Betty Snell, Miriam Joliffe, Ruth Michelin and Annabel Wilfey. The girls were on a hike last Saturday. Jean Strong had charge of the outdoor meeting. After an hour of hiking the girls became hungry and went into the woods. A fire was built and each girl cooked her own dinner. The meeting of November sixth will be turned over to Mrs. Stevens, who is going to discuss the birthday honor on "The Home." M. Blunk

CAMP FIRE

Camp Wotomachiek was invited by the Girl Reserves to join them in celebrating the golden jubilee of the Girl Reserves at the Presbyterian church on Sunday, November the first. The girls went on a hike last Saturday. Jean Strong had charge of the outdoor meeting. After an hour of hiking the girls became hungry and went into the woods. A fire was built and each girl cooked her own dinner. The meeting of November sixth will be turned over to Mrs. Stevens, who is going to discuss the birthday honor on "The Home." M. Blunk

DRESSES ON PARADE

Velvet dresses! Crepe dresses! Tweed dresses! Not only did the girls in the second year clothing class have various materials to choose among, but they also used their favorite colors and patterns in making their one and two piece dresses. Upon entering the sewing room one immediately notices a green tweed dress with velvet collar and cuffs, a blue velvet dress with a white satin collar, and a red dress trimmed with black fur. Both the fowls class and clothing class are working on projects for the year. Although three phases of home economics work are to be covered in the year, two projects are to be completed this first semester.

P. H. S. DEBATES AT YPSI CENTRAL

Plymouth had its third practice debate at Ypsi Central last week Wednesday at four o'clock. Ypsi upheld the affirmative and Plymouth defended the negative of the question, "Resolved, That Michigan Should Enact Legislation Providing for Compulsory Unemployment Insurance." Ypsilanti was represented by Marlan Howard, Don Stadler and Ruth Tolman, while those who spoke for Plymouth were Alie Chambers, Merna Vantassel and Oscar Luttermoser. Full time speeches of ten minutes for constructive and five for rebuttal were used for the first time this year. On Tuesday of this week Plymouth took an affirmative and a negative team to Ypsi. Roosevelt for two practice debates.

THIRD PERIOD

Carr of Plymouth kicked to Campbell of Northville, who took the ball and was tackled on his own forty yard line. Dickerson then took the ball around right end for a four yard loss. Bender kicking the center of the Plymouth line lost a yard. Bender kicked out of bounds on Plymouth's forty five yard line. Dudek on the first down took the ball through right guard for four yards. Dudek trying the center of the line for a five yard gain. Gillis went through center for a first down and Dudek made seven yards through center. He then went through center for a first down. Gillis fumbled and recovering his own fumble gained two yards through tackle. Gillis then made a gain of two yards through center. Williams gained three yards around right end. Wagenschutz made a gain of two yards around left end. As Plymouth did not make ten yards in the last down the ball went to Northville. Bender made a gain of four yards around right end. Bender again taking the ball made a gain of 3

The Fraternity of Age. By DOUGLAS MALLOCH. WELL, here we are, all growing old together. You think it's only you, I only I; Yet colder grows to each the colder weather. And not a one Time ever passes by— I sometimes very greatly wonder whether Time knows there are the humble and the high. The Croesus, and the beauty, and the scholar. Grow gray around the temples, -like the rose. The vagrant on the road, without a dollar. Is in that same procession walking west. The gray hair falls upon the curate's collar. As well as on the sinner suns a vest. I think, perhaps, that here's our only error: We walk together, yet we walk alone. The while the journey would lose half its terror If we would laugh together at the stone. The common highway always is the fairer. Yes, fairer than some tow-path of our own. The lonely scowl, the many are the merry. Sharing discomfort in some crowded place. Upon the train, the overloaded ferry. We bear our burdens with a better grace. The years are heavy, but are not so very. If met together, with a smiling face. (©1931, Douglas Malloch.) -WNU Service. # Carrying On...For Them

Vivid posters urge from every fence and barn, "I want YOU!" . . . tailored whipcord and shining cordovan at Ritz teas . . . "issue O. D." and barber shop harmony in "Y" huts . . . wheatless days and spy scares . . . tender, tearful farewells . . . then caissons rumbling on Fifth Avenue . . . ghostly troop ships gliding down the fog-bound Narrows . . . vin rouge in a toul caserne . . . roaring presses keeping pace with terse combat orders . . . "Yanks Smash On". Thin echoes of an ancient saga in another world, long, long, ago.

THROUGH all those stirring days coursed a magnificent idealism. An unquenchable spirit of self-sacrifice that transcended all other motives and transfigured mere nationalism into a glory of patriotic devotion that the world has seldom seen.

Today in misguided sophistication we brand as childishly emotional that idealism; its elan and fervor are wrongly consigned to the same pit wherein our wartime hatreds lie forever buried. Shamefaced, we talk of "mob

psychology" and "1918's" national hysteria." Let George do it, guy . . . Patriotism? . . . Well . . . Smug, cold America speaking.

Perhaps. The U-Boats are rusty at Scapa Flow. No national enemy threatens. Only . . . smugness, coldness, indifference.

They are insidious foes. Fortified by those symbols of a failing faith in American destiny, our national economic

problems are just that much harder of solving. Met with Courage, America's traditional weapon, forged in a flame of idealism and tempered with the strength of constructive planning, those problems would be swiftly overcome.

To carry on . . . such is our larger duty to the thousands whose sacrifice preserved intact our American heritage. Should we fail them in that duty, our silent salute on Armistice Day becomes an idle, empty tribute.

NEWBURG

Rev. Wilkey of the Anti-Saloon League, gave a rousing temperance talk Sunday last, to a good sized audience. A large number of boys and girls and young people listened to him with deep attention; none of them ever saw one of the dreadful pictures of the saloon life. The speaker urged everyone to write to the newspapers a protest against the repeal of the 18th Amendment. He showed Carrie Nation's bible that was given him at her death.

There were 89 in Sunday school. They are trying to reach the 100 mark.

Keep in mind the L. A. S. bazaar and children's supper at the Hall this Saturday afternoon and evening. See menu and notice elsewhere in Plymouth Mail.

Epworth League Hallowe'en party at the L. A. S. hall, Friday evening, called a large number of sparks and girls, who proceeded to make merry. Sweet cider, doughnuts and sandwiches were served.

Muskrat and Coon Trappers Must Get License From State

Neither the State Legislature nor the Department of Conservation have made any changes in the muskrat and coon trapping laws and regulations, which will remain the same as they were during the fall of 1930. The cost of the muskrat trapping license, however, was raised by legislative action to \$2 for a license which permits the use of 20 traps. The cost for the use of each additional trap up to 100, the maximum, is ten cents.

The muskrat season opened in the upper peninsula, November 1 and will close November 20. North of the north line of Township 16 and west of Saginaw Bay the season opens November 15 and closes December 15. South of that line the season will be from Dec. 1 to 31. All dates are inclusive.

The coon season remains closed in the upper peninsula. Hunting for coons is permitted in the lower peninsula from November 1 to 15 inclusive. They may be trapped north of the north line of Township 16 and west of Saginaw Bay from November 15 to 30 inclusive and south of that line from December 1 to 15 inclusive.

It has become quite ordinary, according to the Division of Field Administration of the Conservation Department for muskrat trappers to "follow the seasons" many trappers setting their trap lines in the upper peninsula the early part of November and then moving down through the state as the seasons in the two southern "zones" open.

The Department is again notifying all muskrat trappers that the tags which must be attached to each of his traps, bearing the names and address of the owner, must be of such material that the words will not become obliterated in the water. Many trappers manufacture their own tags with tin and these are satisfactory if they are legible at all times.

No permit is required of any trapper to ship his furs out of the state. It is required, however, that the packages shall be plainly labeled showing the contents, the consignee and the consignor.

Auto Crash Lands Driver in Jail

E. A. Kaufman, 21, of Ann Arbor, today faced a reckless driving charge after he drove his car head-on into another operated by William Mohlok, Ann Arbor. The crash occurred on the Plymouth road about ten miles west of here. Three empty bottles, said to have contained liquor, were found in Kaufman's car. He had been hunting with Ray Dwyer, 23, of Ferndale, and Miles Covert, also of 7151 Webb Ave. Kaufman said he fell asleep at the wheel. A car driven by Roy Lampaard, 7453 Hanover Ave., Detroit, rushed into the wreckage of the two cars. No one was seriously injured.

Mr. Covert was taken to St. Joseph's Mercy Hospital, for treatment of cuts on his face, and Miss Clara Schwer, who received cuts on her face and wrist was also given

 "Everlasting Punishment" was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, November 1.  
 Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For we must all appear before the judgment seat of Christ: that everyone may receive the things done in his body according to that he hath done, whether it be good or bad" (II Cor. 5:10).  
 The Lesson-Sermon also included the following passage from the "Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christian Science adjusts the balance as Jesus adjusted it. Science removes the penalty only by first removing the sin which incurs the penalty. This is my sense of divine pardon, which I understand to mean God's method of destroying sin" (p. 40).

**Methodist Notes**  
 Next Sunday morning at ten o'clock, the Ex-Service men will be our guests for the annual Armistice Day service in honor of the boys who have died or are now in hospitals.  
 The pastor's training class will be held as usual. The pastor will preach to the children on the subject, "Duties for Tomorrow."  
 Sunday-school will be at 11:15 a. m. Senior Epworth League will be at 6:30 p. m. and High School Epworth League at 6:30 also. Evening services will be held at 7:30.  
 The first party of the newly organized High School League will take place at eight o'clock tomorrow night in the gymnasium of the church. This will be a Hard Times Party, with prizes given for the best costumes worn by boys and girls. An offering will be taken to pay for the refreshments.  
 Members of the church are now donating high chairs to be used at church suppers for the convenience of mothers.

**ROSEDALE GARDENS SCHOOL NOTES**  
 Sunday services—9:45 a. m., Bible-school, 11:00 a. m., morning worship; subject, "The Third Commandment."  
 The Corner of Honor for the Boy Scouts of the district will be held at the Northville Training Hall in Northville, Friday, Nov. 13. The parents of the Scout troop are urged to support this gathering. Last year our boys won high place, and it would be splendid for them to repeat. Harold Church is scoutmaster.

 A most hearty thank you to all contributors for Saguina.

**Baptist Notes**  
 The Ladies' Aid will meet Nov. 11 at the home of Mrs. Joe Stanley at 337 N. Main St., at two o'clock.

**Episcopal Notes**  
 Rev. Harry Midworth, former missionary in charge of St. John's, will celebrate Holy Communion and preach Sunday, November 8.

**Catholic Notes**  
 The men of the parish are urged to receive Holy Communion next Sunday—the Holy Name Sunday. Sunday, November 8, at 2:30 p. m. the Holy Name Society will hold its fall rally at St. Francis' Hall, Ecorse. A cordial invitation is extended to all men. Nov. 12, Thursday, Mr. and Mrs. Thomas Levandowski of Newburg will celebrate their silver wedding

anniversary. A High Mass of thanksgiving will be offered by the Rev. J. Schuler of Northville. Success and God's blessings for many more years of life, is the hope and prayer of the pastor and congregation.  
 Albert Condo is on the sick list, confined to his home.  
 The Rev. C. Linskey, pastor of St. John's catholic church in Ypsilanti, died last Thursday, and was buried from his church last Saturday. You are requested to remember him in your prayers.  
 November is dedicated in a special way to the memory of the souls of the faithful departed. A special Mass will be offered each Wednesday at 7:30 a. m. for the holy souls.  
 The Hard Times party held in the auditorium last Tuesday night, was a grand success, and all had a very enjoyable time. Thanks to all for their kindly efforts, and especially the ladies in charge. This good time surely calls for another, so ladies, up and doing.  
 Fr. Lefevre had a little set-back, but is recovering and feeling somewhat improved.  
 Religious instructions Saturday at 9:30 a. f. for all the children. Are you following the life of Theresa Neuman in the Sunday visitor—this is a life worth reading.

**Presbyterian Notes**  
 The Busy Women's class held a very fine meeting in the church dining room on Tuesday. Twenty-two sat together at dinner and enjoyed the good things provided by the class members. Mrs. A. J. Baker and Mrs. Gus Gates acted as hostesses and everything was to the queen's taste. The reports showed the class treasury to be in a very healthy condition. It was voted to make the usual contribution to the annual bazaar and to purchase a blanket to be sent with the mission bale to northern Michigan. Mrs. Hillmer gave a report of the Peace Mass Meeting in Detroit last week, and Mrs. Merrylees and Mrs. Becker contributed readings. All pronounced it a good meeting.  
 The Woman's Auxiliary will meet on Wednesday of next week at 2:30 p. m. This is one of the important meetings of the year. The annual bazaar and supper is just ahead and all arrangements are to be completed at this meeting. Every interested woman should endeavor to be present.  
 The date of the annual bazaar and supper is Thursday, November 10th.  
 Mrs. C. H. Buzzard, Mrs. Russell A. Roe, Mrs. Wm. Kaiser and Mrs. W. Nichol attended the meeting of the Detroit Presbyterian Society held in Jefferson Ave. Presbyterian church on Wednesday of this week.

**PERRINSVILLE**  
 Mrs. John Beyer and Mrs. Minnie Beyer were Detroit shoppers last Tuesday.  
 Mr. and Mrs. John Kubie and son, Frank, of Wayne, spent Wednesday night with the Peter Kubie family.  
 Several ladies surprised Mrs. Paul Wuschick, Thursday, at her home on Ann Arbor Trail. After an enjoyable afternoon a lovely luncheon was served.  
 Mr. and Mrs. Sweet of Garden City, Mr. and Mrs. Peter Kubie, daughter, Margaret, and Henry Sell

called on Mr. and Mrs. John Beyer Monday evening.  
 Mr. Wilkins of the Anti-Saloon League of Michigan, gave a talk on prohibition Sunday in place of the regular service.  
 Mrs. Peter Kubie and Marzaro were Detroit shoppers Tuesday and Friday.  
 An enjoyable time was had Wednesday when Charles Drows, superintendent of Hawthorne Valley Golf Club, was host to fifteen of his employees. In the afternoon golf was played, and Edward Garrity of Perrinsville, carried away first prize. Oscar Prieskorn of Wayne, second.

Clarence Bock of Garden City, third, and consolation was given to Carl C. of Garden City. A six o'clock dinner was served at the club house, to which all did justice. The evening was spent playing cards.  
 William Beyer is on the sick list.  
 Mr. and Mrs. Henry Kubie and family of Merriman Road, called on Peter Kubie and family Saturday evening.  
 The Ladies' Aid will meet at the home of Mrs. William Roach of Wayne road, on Wednesday, November 11, for pot-luck dinner.

**BRIGGS SCHOOL NOTES**  
 Marguerite Steingasser and Frank Steingasser visited school Monday.  
 Miss Tiedt was at school Wednesday, and she left the scale with us. The sixth graders are making maps and our teacher will put the best one on the bulletin board. We have our gold star card no to work.  
 Katherine Steingasser, Sec. Treas.

## The CONVENIENCE OF NORGE DOESN'T COST YOU A CENT

Because of superior mechanism and simple, efficient mechanism, Norge Electric Refrigerator is very economical to use. So economical in fact, that it quickly pays for itself... its first cost soon comes back to you in saving of ice and foods. So that the marvelous convenience of having constant, dependable, year round refrigeration actually costs you nothing.

But—Remember that Norge economies are the result of Norge features—many of them exclusive with Norge. The Rollator, for example... the simplest cooling mechanism known to electric refrigeration... only three moving parts which are practically everlasting.

When you are ready to equip your home with electric refrigeration, be sure you see the Norge before you buy. The Norge is manufactured by Norge Corporation, Detroit, a Division of Borg-Warner, one of the world's largest makers of automotive parts, including free wheeling.

The Waterair shown in the model illustrated in this advertisement is extra equipment.

Rosedale Gardens

Combining a pleasing variety of evergreens with flowering shrubs, our own Brother McLean is supervising the planting and arranging of new beds at all the four corners on each of the eight streets that Ben Lomond Ave. crosses, starts and ends.

Colorado Blue and Green Spruce, Juniper Virginia, Austrian, Scotch and Ponderosa Pines are to offset the one thousand six hundred fifty plants, bushes, cacti, all in those double kidney design beds, with an additional bed inside the sidewalks.

Should this Indian Summer continue we may have the same thing along the Dunham Avenue corners.

Santa Claus has formally notified these Ephemerals that he is to be on hand as per usual. He warns all the little folks to not write for too many toys this year, as he and Mrs. Santa have kept most of their help busy sewing clothes and making shoes for many of the little folks who need them very badly all over Christendom.

Growing is the new St. Michael's Parish, as there has been one baby girl, and there is a wedding scheduled for

this coming week-end. Pretty soon we will be compelled to build more homes, and more homes mean more people, and more people make more and better times for all.

So, you see through all of the "growing" some become eligible to membership in our P. T. A., as parents, some become aunts and uncles, and some more cousins, and some young lady becomes a Mrs., and still the proudest of all some become just plain grandpa and grandma.

Baby Girl was born October 23, 1931, to Mrs. Edward E. Goodbold, 9615 Cranston avenue, and now the Goodbolds are receiving congratulations all around.

Mrs. E. E. Goodbold was formerly Miss Florence Delahunte of Detroit; her husband is the son of Mr. and Mrs. Ethelbert J. Goodbold, 11024 Pomorok Road, the proud grandparents of little Miss Barbara May.

Before building the attractive home for his bride three years ago, the proud father lived with his parents, thus one can see how every thing happens as the years roll by.

CARD PARTY is scheduled to take place Saturday evening, the seventh instant, at half after eight o'clock in the new St. Michael's Parish Hall.

Games of 500, Pedro and bridge will be played.

Mrs. Roy L. Mason and Mrs. Walter G. Brown, the hostesses, are promised a large crowd of card players.

The ladies of the Parish will serve refreshments and have on hand some pretty things to be given away. Party tickets are the small sum of twenty-five cents. The seating capacity of the Hall has accommodations for several hundred. Everybody come, if you can't play cards, dance awhile.

R Teachers the Misses Ethel M. Heblon, Doris Swaid, Margaret Rowe and Mrs. Becker closed the school up last week-end from Thursday post-meridian. They attended the three-session meeting of the Michigan Educational Association at the Cass Technical High School in Detroit.

First Wedding will take place at 9:00 a. m., Saturday, November 7, 1931, in the new St. Michael's church, at which time Arthur Patrick Long will take for his bride, Miss Gertrude Lyons.

Both these young people are residents of Dearborn, but may soon be of Rosedale Gardens.

A number of friends of the couple will be present, and Rev. John E. Conway will officiate.

All of the parish are invited to be in attendance at this Mass, and later to wish them well.

Apparently our new pastor has built a "house in the wilderness" in a "better way," or is it "his way" that is bringing these young people to pave their paths to the door. The observer suggests it is both from observing all three young folks in mention.

Hallow'een was celebrated by many card parties among the older folks and with the young folks.

The Fifth Annual Door Bell Ring was held by all the kiddies on Friday evening from 6 to curfew at 9.

This one party alone, it is said, increased the power consumption the same percentage as near beer (1/2 of 1%) and relieved the unemployment situation for the time being anyway, by having the D. E. put on additional help and to replace burned fuses. All had a good time, tho' some in a very mischievous way.

Auto Thieves have raided within our midst with-out success. Several attempts have been made to steal cars of Garden-city at night.

The bandits were, in each case, scared off by timely arrival on the spot of the car owners, who had armed themselves with shot guns and .38's for the party.

All the day long, as well as a couple of night long, there has been an attempt to run away with a car which had the transmission locked.

Now we have deputy sheriff's within our borders so we may all go to bed to sleep without fear.

Phone number of the St. Michael's Rectory is now Plymouth 579, in case you wish to call Rev. Fr. John E. Conway for anything regarding sickness or health, or those who may be in need both spiritually and materially. Father Conway asks that cases be reported to him immediately if any in need, and they will be cared for promptly.

In his talk last Sunday, all those who contributed and aided toward the success of St. Michael's opening day were thanked. Attention was called to the advertisers in the Dedication Program as deserving of patronage, these folks were also thanked for their aid in the marvelous success of the grand beginning of the Parish.

The St. Michael's Altar Society will have a business meeting the first of the week, evening to be announced Sunday.

The Pledge of their support, aid and good wishes, was given Father Conway after church last Sunday, as some 25 men of the community met the new pastor in the Parish Hall.

Dance Dance Dance meaning new dances, old time dances and miscellaneous dances. Three kinds for 35c for the men-sex and

25c for the female sex. Dancing from 8 o'clock 'till midnight, Saturday, November 14, 1931—the new St. Michael's Parish Hall.

A good turn out at this, the first dance, will mean that every Saturday the Schaffer Boys and "Red" will play the music. The dance hall is a little over 54 feet by 62 feet, not including stage for musicians, and a peach of a new maple floor.

It is to be hoped that the "young set" and "older set" will avail themselves of this opportunity to save the way for good times to come this winter. Not so far to go and a nice clean, well ventilated and heated gathering place, under the proper care and supervision of our own Garden-city, and within our own gates, with music by our own people.

A. A. S. are still in season, for instance, the Thell home is now doubly insulated with a very attractive brick veneer, the Charles-King home, etc., is now under the charge of Cousin Watson; the Reindell's have completed their fence and driveway and garage, the same also of the Weigert's and the Parish Rectory, not to say anything about shrubs and sodding and seeding of Holton's, the new grading by Frank Brown, including a retaining wall at the E. J. Goodbold's, also garden grading at Lynch's and Reindell's, Miss anyone? Get you later on those tulip buildings, old chap.

Party in the city at their friends' the Sullivan girls, was attended Hallow'een by the following Garden-city kiddies, Master Freddie Millard and his sisters, Peggy and Susan; Berniece and Patsy Kinabau, and Mildred Walker. Of course they went in costume, played the usual witch and ghost games, had a good time and "slept in" almost too late for Sunday-school next morn.

Roster Both our Pastors are anxious to complete their roster of families in neighborhood who wish to become, or who really are in the Parish would be better said, members or to affiliate with either of the two churches in Rosedale Gardens.

The confines of the Parish are an imaginary line half way between us and the next church. If you are not sure your names are on the books perhaps it would be well to stop around and make sure. "You never can tell what may happen."

It is said that certain ready-mixed oil and water paints are "drip-proof," but no paint makes wood really drip-proof, says the F. S. Department of Agriculture, though some paints resist fire more than others. Fire-retarding paint should contain as little oil as possible, and lead and zinc pigments should be largely replaced by fast-drying, insoluble substances. Most substances that have fire-retarding qualities are soluble in water and soon leach out of paint exposed to the weather. Powdered boric acid makes paint more resistant to fire for a short time.

Why Use a Bladder Physic? To drive out impurities and excess acids that cause irritation which results in getting up nights, frequent desire, burning, red penis or headache. BU-KETS, the bladder physic works pleasantly on the bladder as castor oil on the bowels. Get a 25c test box from your druggist. After four days if not relieved go back and get your money. You will feel better after this cleansing and you get your regular sleep. Beyer Pharmacy.

Drink Just What Doctor Advises

If you get a prescription for liquor and the directions call for two tablespoonful every day, you are a lawbreaker if you take any more than that amount, according to a ruling made by Municipal Judge Meloy of Los Angeles, in sentencing William Thompson, a jeweler, to pay a \$50 fine for illegal possession of liquor.

Thompson had a cold and his doctor gave him a prescription for whiskey, specifying that the patient was to take four spoonful daily. However, policeman Wood found him intoxicated and creating a disturbance on the street, he testified, and arrested Thompson.

Dputy City Prosecutor Kaufman contended that by not following out the instructions of the prescription, Thompson had converted the liquor from medicine to beverage purposes and, therefore, had violated the dry law. Thompson replied that he had bought the medicine for a cold in good faith and that he had feared he would get well quicker if he took more of the medicine, and therefore, had decanted half of the pint bottle.

Ruling with the prosecutor, Judge Meloy declared that legal possession of liquor automatically is converted into illegal possession if the liquor is used for beverage purposes and that since beverage liquor is not permitted by the law permitting medicinal liquor, Thompson was guilty of illegal possession.

Whether his case will be appealed to higher courts for confirmation or rejection of this interesting decision is not yet announced by Thompson, who, meanwhile, is under sentence of a \$50 fine for his too enthusiastic efforts to cure his cold.

Yet it must pipe heaven to get an appeal until all other expedients have failed.

Americianism: Telling the boys they must at any cost get money; wondering why so many youngsters find in jail.

The dried fruits—peaches, dates, raisins, figs, peaches, and apricots—make fine wholesome confections either just as they are or stuffed or chopped up and made into candy. For instance, put through the meat grinder half a pound each of peaches and figs, or figs and seedless raisins, with half a pound of nuts, using a medium knife. Mix together and shape into small balls, rolls, or any other desired shape. Roll in confectioner's sugar and pack in waxed paper in a tin box.

GEORGE WASHINGTON WAS GREAT HUNTER AND FISHERMAN—HOMESICK DURING TIME HE WAS SERVING COUNTRY AS PRESIDENT

That both the President and Mrs. Washington suffered from homesickness while in executive residence in New York and Philadelphia, is recorded in history. Mrs. Washington wrote to Mrs. Fanny Washington whom she had left in charge at Mount Vernon: "I never go to any public place. Indeed I think I am more like a state prisoner than anything else; there is certain bounds set for me, which I must not depart from, and as I cannot do as I like, I am obstinate and stay at home a great deal."

The President, in writing to a friend in Virginia regarding the dignity of his position, said, "God knows it has no charms for me. I had rather be at Mount Vernon with a friend or two about me, than to be attended at the seat of government by officers of state and representatives of every power in Europe."

Yet, as we are informed by the United States George Washington Bicentennial Commission, there was no lack of amusements in other cities with a continual round of balls, dinner parties, theatres, concerts, and other diversions, and if the Chief Executive and his wife could not join in the most exciting pastimes of the capital, they could at least follow their inclinations in many respects.

In Colonial times there was a passion for gambling in certain quarters, and bets were placed on all games. Loo or no Washington sometimes spelled it "Loo" was the most popular, and it was no uncommon thing for a man or woman to win or lose two or three hundred dollars at a sitting. There is no record, however, of Washington's winning more than three pounds, or of losing more than nine pounds, fourteen shillings and nine pence. In fact, Washington always played for small stakes. He seemed to be interested in the game and the diversion it afforded rather than in the winnings.

Washington's fondness for cards and billiards shows in his diary an account where before he became President he often recorded that he had been "home all day at cards," and itemized purchases of "one doz. packs playing cards."

Washington's natural fondness for horses and racing and sometimes cock-fighting during his life, was entirely in keeping with the traditional tastes of the Virginia gentleman. He not only subscribed liberally to most of the racing papers, but ran his own horses, attending in person, and betting moderately on all the results. He was fond of riding to hounds, and when at Mount Vernon this was one of his favorite pastimes.

He loved hunting and fishing and dragging for sturgeon, too, and often went duck hunting. Although these pursuits were for the most part impossible while Washington was in office, he did occasionally manage to slip away. In 1790 a paper records:

"Yesterday afternoon the President of the United States returned from Sandy Hook and the fishing banks, where he had been for the benefit of the sea air, and to amuse himself in the delightful recreation of fishing. We are told he has had excellent sport, having himself caught a great number of black sea bass and black fish—the weather proved remarkably fine, which altogether with the salubrity of the air and wholesome exercise, rendered this little voyage extremely agreeable, and cannot fail we hope of being serviceable to a speedy and complete restoration of health."

Both the President and Mrs. Washington were exceedingly fond of the theatre in spite of the vigorous opposition accorded this art in every state in the Union. During his Presidency, Washington used the theatre for entertaining his ladies—showing purchases of tickets bought and sent to various ladies and gentlemen with the invitation to occupy a seat in his box.

They went to puppet shows, to see dancing bears and to Mrs. Bowen's wax-work at No. 74 Water Street, New York, and also attended the circus where a famed equestrian of the times performed in the ring with his company of skilled riders and acrobats.

Although Washington was extremely fond of dancing, and was an accomplished dancer of the period, the consensus of opinion is that neither he nor Mrs. Washington danced while he was in office. Some historians maintain that he danced at a ball which was given in his honor soon after his first inauguration, and before Mrs. Washington had arrived from Mount Vernon. On this occasion, he is said to have danced the cotillon with Mrs. Peter Livingston and Mrs. Maxwell, and to have led the minuet with Mrs. Maxwell's sister, Miss Van Zandt, one of the famous beauties of New York.

This Woman Lost 64 Pounds of Fat

Mrs. H. Price of Woodside, L. I., writes: "A year ago I weighed 190 lbs. I started to take Kruschen and now I weigh 126 and never felt better in my life. What's more, I look more like 20 yrs. old than the mother of 2 children, one 19 and the other 18. Every one of my friends say it's marvelous the way I reduced."

To lose fat with speed take a half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—don't miss a morning—an 85 cent bottle lasts 4 weeks—get it at Community Pharmacy or any drug store in America. If not joyfully satisfied after the first bottle—money back.

Solve Death Of Early Explorer

After three and a half centuries, the mystery surrounding the death of Capt. Francisco de Ulloa, first explorer of Lower California and Lieutenant of Cortez, has been solved and the solution now reposes in the Library of Congress.

The answer is contained in a group of historical manuscripts dealing with the conquest of Peru and Mexico, given to the National Library by Edward S. Harkness of New York, who purchased them from Dr. A. S. W. Rosenbach of Philadelphia, authority on historical documents.

A paper dated at Concepcion, Dec. 7, 1580, containing evidence in the action brought by his son, Hernando de Ulloa against his guardian, Pedro Pantoja, deposes that the Captain was killed in Angol, Chile, and his statement is corroborated by the signed testimony of witnesses.

The Captain, on orders of Cortez, established the fact that Lower California is a peninsula, not an island, as was then believed.

Two other documents and letters, dated between 1582 and 1595, signed by the Adelantado Alvaro de Mendana, deal with his projected voyages and plans for the colonization of islands in the South Sea.

With these documents is the will of his wife, signed by herself and her second husband, Don Fernando de Castro.

BUSINESS TURNING TO UPWARD TREND

(Continued from Page 1)

The substantial victory of the Conservatives in the British elections held October 27 is another development of importance. The results of these elections are a great tribute to the stable element in British life, and, from a world point of view, can only be viewed as favorable. The victory of the Conservative Party, however, is a clear sign that some sort of a reformation will be afforded British manufacturers as soon as the more urgent matters relative to the budget have been attended to. Such a barrier will be a disadvantage to American producers who sell finished goods in the British market.

Productive activity in the United States is now at a level below that reached in the latter part of 1930. Steel mills continue to operate at less than 30 per cent of capacity. Automobile output during October will probably be the lowest recorded since December, 1921. In the last two weeks output has averaged less than 20,000 units a week. Rail road carloadings have failed to show the normal seasonal response. Bank deposits, likewise, have indicated restricted trade activity.

Short term money rates have firmed and bond yields have also increased. The abnormal withdrawals of gold from this country, totalling nearly \$750,000,000 since September 21 when Great Britain went off the gold standard, account in part for this firming of interest rates. An increase in money in circulation has likewise been a factor. The influence of each of these forces, however, has recently materially decreased. Money in circulation declined \$24,000,000 during the week ended October 28, and gold imports exceeded exports in two of the last six days.

Such evidence as we have points to an upturn in automobile output in the near future. One of the largest producers of light cars is reported to be in production on a limited scale at present. Detroit's leading manufacturer is expected to begin to produce its 1932 models about November 15. As a result of the reduced operations in recent weeks, employment has been at relatively low levels. In Detroit, the Board of Commerce index declined 46.1 per cent (1923-1925-100) on October 15, which compares with 51.0 on September 30, and with 78.0 on October 15, 1930.

At a recent meeting of the National Automobile Chamber of Commerce, a plan of staggered employment for this industry was suggested. This plan met with the approval of a number of motor manufacturers who have signified their intention of adopting it throughout the winter months. An extensive program of state road construction will also be inaugurated this winter to relieve unemployment conditions.

Industrial activity in Detroit, based on power consumption data,

declined 9 per cent during September and was 47 per cent below the level of September, 1930. In other automobile centers of the south-eastern part of the state, similar situations were indicated by the September electric power figures. The greatest decline occurred in Flint and the smallest in Jackson. However, returns from this bank questionnaire indicate that as of October 15, improvement had already occurred or was in prospect in nearly all important cities of this section of the state. Employment has increased considerably in Saginaw. In Flint and Lansing, improvement is also evident. Some employees have been recalled by Detroit manufacturers and more are expected to be called next week.

The anticipated improvement in employment and in manufacturing is also reflected in an improved retail trade outlook. In eight of twelve southeastern Michigan cities an increase in retail trade is expected during the month ending November 15. Building activity is still restricted. In most cities of southeastern Michigan, the supply of money is reported sufficient for local needs. Farming conditions are good but low prices tend to restrict the farmers' ability to buy goods. Many farmers in the Saginaw Valley and the Thumb areas have held their wheat and bean crops for higher prices. This has proven to be a wise policy in each case, for both commodities have increased in value. In the case of beans, some further strengthening of price is expected, for with the advent of cool weather, the demand usually increases.

Employment in certain southwestern cities such as Grand Rapids, Muskegon and Ionia has shown marked improvement. At Muskegon, die and tool makers are operating on full shifts, and in one factory, a night shift has been added. A motor manufacturer in Muskegon is expected to increase his payroll 50 per cent during the next fortnight. Improvement in employment and manufacturing activity is also anticipated in Grand Rapids, Holland and Ionia.

Farming conditions seem to vary materially in different parts of this section of the state. At Hastings and Ionia, for example, they are distinctly below normal, while at Hillsdale and Battle Creek, they are reported good to very good. The following is quoted from our Holland report: "Fruit has moved seasonably well, with a fair price. The farming outlook is good. A spirit of confidence seems to be building up in this community, with prospects insuring the resumption of normal spending."

Northern Michigan business, which is especially dependent on agriculture, has been affected by low crop prices. This year's potato crop, one of the principal sources of revenue, has been very satisfactory in terms of yield. With prices at 18 to 20 cents per bushel, and in some cases as low as 10 cents, purchasing power is however substantially below normal.

Ironwood is at present the brightest spot in the Upper Peninsula so far as business is concerned. Employment is greater than it was a

Father and Son Rob Dying Woman - Get Stiff Prison Jolt

(From the South Lyon Herald) Robbing a dying woman of her purse netted Dersell Benton, 42, and his son, Arthur C., 22, of Novi, a sum of \$22.70 and prison terms of from three to five years.

Following the automobile accident of Mrs. Clarence Harold, in which she lost her life, it was noted that her purse was missing, evidently had been stolen.

A package mailed to her husband Tuesday morning contained contents of the purse with exception of the money. It was by tracing the package that the guilty men were detected.

Deputy John Marek of New Hudson made the arrest Wednesday morning and the men made a complete confession. They were going to work on the Cork farm the morning of Mrs. Harold's accident and their route lay past the scene of the wreck. They were the first to reach there and are said to have taken her purse and hid it under the seat of their car, later driving on to their work. When arrested they had already spent the money. The purse was recovered where they had hidden it at home.

Wednesday they were taken before Judge Doty in Circuit Court, Pontiac, on a charge of larceny from the person and were given a sentence of from three to five years at hard labor in Jackson prison, and they were transferred there that afternoon.

This was quick justice. The girl who used to try to hide her past now sells it to the confession magazines. Her husband and she should continue to improve with the anticipated increase in manufacturing activity. Furthermore, Ironwood is one of the very few cities in the state where building projects under way represent a greater total value than they did in October, 1930. In the vicinity of Bessemer, mines have resumed operations from ten days to 8 days per month.

FUNERAL SERVICES In Old Holland Plymouth

In many lands even the most prominent people must put up with inconveniences, during funeral services, that are no longer tolerated in your town. In this country the modern funeral director is required to supply equipment which not only serves as a conveyance but provides for the protection for the casket and bearers and makes provisions for the comfort of those attending the funeral.

"ARISTOCRAT of the PASTRY KINGDOM"—Mincemeat Pie, ELECTROCHEF-Baked!

With the bracing fall season and its cool, tonic-like days, mincemeat pie again appears on the menu. And who, having tasted an Electrochef-baked mincemeat pie, would ever find the same enjoyment in a pie made in an ordinary oven?

Famous chefs for centuries have vied in baking the flaky, light crust and spicy, juicy goodness of the filling. You, with your ELECTROCHEF automatic oven and its gentle electric heat, can bake the same kind of pie in your kitchen. With the accurate ELECTROCHEF oven heat control, you can do it much more surely and easily, with no doubt as to the result. Uniform moist electric heat retains all the moisture in the mincemeat. It is just as juicy and flavorful when baked as it was when it went into the oven. The ELECTROCHEF oven makes baking easy and ends guesswork: \*Your light, flaky pie-crust will delight you! Treat your family to an ELECTROCHEF-baked mincemeat pie.

Has Your Kitchen Stove These ELECTROCHEF Features? 1. A clean kitchen, a clean stove—no soot, no fumes. 2. Cool cooking—summer and winter. 3. Full flavor cooking—sealed-in food values. 4. Exact-oven control—no baking disappointments.

Winning Peace and Security

Thirteen years ago the word went 'round the world... PEACE. And a world at arms rejoiced that security once more was assured. Today your personal security rests entirely with you... it depends largely upon your financial resources. Nor does resources necessarily mean cash deposits in this or any other bank; nor does it mean stocks or bonds. It means partly a firm banking connection such as you can gain by associating yourself as a depositor in this bank. Make that connection today. The size of the deposit is not vital; but the fact of its being is paramount!

Plymouth A. C. Wins In Fast Contest

Playing before the largest crowd of the season the local boys played inspired ball to hand a hard smashing fast running downriver team their first defeat of the season to the tune of 7 to 0. A better, cleaner, harder game of football has never been witnessed by Plymouth fans.

The first quarter neither team could gain as both lines were working to perfection, and the quarter resulted in a punting duel. Konster, fullback for the locals, showed some nice booting and kept the downriver boys in Plymouth territory.

In the second quarter Eeorse gained the ball deep in their own territory on a partially blocked punt. After two unsuccessful line plays they passed and Eddie Wood, midget captain of Plymouth, intercepted it on the twenty-five yard line and raced 75 yards behind perfect blocking on the part of his teammates for the only touchdown of the game. He then added the extra point with a dropkick.

The last half Plymouth A. C. played defensive football, and had the visitors helpless. Their passes were batted down by Plymouth's alert backfield. Their line plays, except for three first downs, were completely stopped.

Poster Howell, stellar line man for Plymouth, played his best game of the season. Time and again he made three successive tackles. "Fox" was sure in there. But the entire team should get plenty of applause as they went into the game the "underdog" and came out victorious over a great Eeorse team.

Every man gave all he had to beat a team that was rated to beat Plymouth A. C. by at least two touchdowns. This makes it four straight wins for the local team.

PRaises PLAN

To understand how Germany coped with the panic this summer and how she is still struggling with similar problems, one has to understand that there was a three-fold panic to be met. First, the depositors wanted their money back from commercial and savings banks. This kind of panic had to be disposed of on the familiar lines of an international policy.

The central bank had to step in and with a most liberal credit extension so that the public fear of further bank failures would disappear. For about three weeks all banks had to be kept closed in spite of emergency measures like the organization of a 500,000,000-mark fund by industries and banks, governmental guarantee for several banks and other moves. But the moment the Reichsbank made public the announcement that it would liberally discount bills offered by the commercial banks these banks could be reopened and instead of being panic-stricken the public started to redeposit money at the banks.

Second, the public tried and still tries to some extent, to get foreign exchange or gold, for German notes. This movement cannot be entirely disposed of, but it has been reduced to the minimum.

The third and most difficult problem is the external panic, the drain of gold by outflow of foreign credit, including the sale of German securities owned by foreigners and the conversion of the proceeds into foreign currency.

Of course, England used another method, which Germany prefers to avoid—the giving up of the gold parity and paying back gold notes in depreciated currency. For the future credit of a country, the method of a commercial agreement with the creditor, which is more easily attained than one is inclined to believe, is certainly preferable.

Dr. Dajzl will leave New York today for Washington, where he expects to meet some friends and acquaintances before going to Chicago for his engagement with Chicago University.

So a normal man moves twice an hour in his sleep. The plumber at our house is a little subnormal.

Next Sunday, Nov. 8th, the local fans can look for another real game at Burroughs field. Stinson Aircraft of Wayne, the only team to hand the locals a defeat this season plays Plymouth A. C. at Burroughs field at 7:30 p. m. The local boys want to even the score with their neighborly rivals, so you can be sure of another bang-up game. Don't forget Sunday, Nov. 8th Plymouth A. C. versus Wayne (Stinson Aircraft).

KIWANIS ELECTION PROVES EXCITING

Close election contests provided several exciting moments at the last regular meeting of the Plymouth Kiwanis club. After the second ballot, the first ending in a tie, Perry Richwine defeated Wm. Sturgis for president to succeed E. J. Allison, who will retire the first of the year.

Sterling Eaton was elected vice-president, Edwin Schrader, secretary, Roy Fisher, treasurer, E. J. Allison, district trustee, and Henry Ray, sergeant-at-arms. The new board of directors will include Stephen E. Wall, Roy Crowe, R. J. Jolliffe, Henry J. Fisher, E. S. Roe, Albert Gayde and Freeman B. Hoover.

FORMER RESIDENT IS BURIED HERE

Mrs. Louis Kracht, who resided on the Schoolcraft road, passed away at the home of her sister, Mrs. Mary Klann, 3044 Melburn avenue, Detroit, on Monday afternoon, November 2nd, at the age of 77 years. She was the sister of Mrs. Mary Klann of Detroit, Maudie Rutenbar, Bertha Hartman, Annie Mitchell, Frank and Henry Krueger all of Plymouth. The body was brought to the Schrader Brothers funeral home, from which place funeral services were held Thursday, November 5th, at 2:00 p. m. Interment in Grand Lawn cemetery.

CIVIL WAR VETERAN TO BE BURIED TODAY

George Goodell, 88 years old, one of two of Northville's surviving Civil War veterans, will be buried from his home in Northville this afternoon at two o'clock. He died Wednesday after a long illness. Born in Novi township in Oakland county, the only time he was ever away from this locality was during the four years he served in the Civil War. He was badly wounded in the south, taken prisoner and held for over a year in Andersonville and Libby prisons, making his escape from the latter place. Some years ago when his wife died he arranged with Nelson Schrader, Northville undertaker, for his funeral, paying him at that time for all the expenses. The funeral will be under the auspices of the Masonic lodge.

F. D. Schrader spent several days the early part of this week at the furniture market in Grand Rapids. One of the largest and most attractive parties of the season was the dancing party given Friday evening by Miss Leslie Rowland, at the Plymouth Country Club, to about seventy guests. The club was beautifully decorated for the occasion with streamers of black and orange crepe paper hanging from the ceiling, and corn stalks, colorful leaves and pumpkins used in profusion around the room. Each guest received a favor, rattles for the girls and bonus for the boys, which added greatly to the merriment of the party. Kub's four-piece orchestra of Grandville, furnished the music for the dancing, which consisted of both round and square dances. Betty Jane Arnold of Detroit, sang three popular songs and danced, which was greatly enjoyed by the guests. At twelve o'clock a most delicious buffet lunch was served in which the Halloween colors were attractively carried out. The chaperones for the evening were Mr. and Mrs. M. M. Rowland, Mr. and Mrs. Leroy Grandstaff, Mr. and Mrs. Melburn Partridge and Mr. and Mrs. Otto Wagen-schultz. Miss Rowland surely proved herself a delightful and charming hostess.
