

## BUSINESS SKY IS CLEARING

Many Indications of Better Conditions Noted in The Past Week

"Has the turn come?" is what everybody is asking, but nobody wishes to stake his reputation on whether the upward turn has come to pass. Everybody wants to believe that the bottom of the depression has been passed but is a bit fearful that the favorable signs of last week may be but a mirage, that the market is being stimulated by a pull-motor rather than by a healthy heart action.

As the past week wanted many were heard to say, "I think things are getting better, that there is an improvement." This feeling of confidence or optimism may be just the thing that is needed to turn the trick.

The stock market advanced gradually during the week, and on Saturday a rash of buying orders forced it into a spectacular uprush that was unexpected. What pleased most was that orders came not only from all sections of the United States but from abroad.

Indications that the market was being supported in the year was exported earlier in the year was seen in its way back were numerous. The dollar has reached prices in France and England where people prefer the dollar to the gold which means its return. According to a London financial paper, England has reached the conclusion that America's depression has suffered a fractured spinal column.

What developed an unusual number of buyers, so that it too made good gains, closing nearly 3 cents higher on Saturday than the day before. Cotton caught the fever and made close to a dollar a bale gain at the end of the week.

Curb securities and bonds, not to be outdone, travelled upwards. There were nearly 10,000 more cars loaded last week than the week before, and the New York bank clearings amounted to a billion dollars, which had been leading the way, evidently stubbed its toe and instead of making a gain it suffered a slight loss.

"What does it all mean?" the man in the street asks. A few think they know and everyone else wishes he did.

If the bankers know any more as to what it all means than the rest of us, we might turn to them. They view the action of the stock market with satisfaction and think that there is an even chance that it indicates a decided economic improvement within the next six months. They point out that the stock market is usually about six months ahead in showing improvement because professional traders usually know what important developments are on the way. Then again it may be that the remedial legislation that has been enacted is beginning to take effect.

The fly in the ointment seems to be that they could not see why the stock market should take the spurts it did. They say that nothing in the economic situation warrants it, that commodity prices have not advanced so as to justify it. Corn and hops and now wheat and cotton have made advances, but commodities in general have made no substantial gains.

They admit that the public morale is improving, that the way out of the depression and that it is a great many claim, maybe this thinking it is over is all that is necessary to have it over. Bankers, remembering the past three years, are a bit more careful in marking things O. K. than they were.

Wholesalers and manufacturers are more optimistic, but they have been. They know that the depleted stocks of retailers can not survive much buying without calling on them. Retailers, however, are reported as inclined to make sure that the buyers are entering the market before stocking up.

But one thing seems to be certain amidst all the guessing and wondering, and that is that everybody is pulling for business to enter the upgrade and scanning the economic signs for every sign that indicates a fair day tomorrow.

## YOUR FORTUNE IN YOUR CUP OF TEA—READ AND SEE

Something new! Something different for you! Announcement is made in this issue of the Plymouth Mail that the Garden Tea Room will serve tea every Friday afternoon from 1 to 5 o'clock and if you go to enjoy it, you can at the same time have Midway Vera. Detroit's popular reader, tell you what good fortune your cup of tea holds for you. And never did cup of tea have more good news than those that the Garden Tea Room will serve every Friday afternoon from now on. If you want to know all that the future holds for you, just visit the Garden Tea Room.

## Charles Sink Finds Strong Support in Lieut. Governor Race

CHARLES A. SINK

Following the withdrawal of Theodore A. Thompson, Williamston publisher, in favor of Charles A. Sink, Mr. Sink now looks as a leading contender for the office of Lieutenant Governor of Michigan.

Since the assurance of no support from Thompson's many friends the Sink campaign has been going in rapid proportions. State campaign headquarters, located in Ann Arbor, have been organized and the campaign manager, Martin J. Mol, from Grand Rapids, who has been "stumping" the state for Mr. Sink during the past month.

Mr. Sink recently opened his speaking tour of the state with a large meeting at Charlotte where 5,000 citizens of Eaton County turned out to hear him. He is actively engaged in an extensive campaign that will carry him to every county in the state.

Having served for ten years in the Michigan legislature as both Representative and Senator, Mr. Sink is well acquainted with the routine of law-making. In addition to his legislative career he has been active in civic affairs in his home town of Ann Arbor. He received the "King Albert" medal in recognition of services in behalf of the starving Belgian children during the War. Recently he was cited for meritorious peace time service by the Edwin Priskern Post of the American Legion.

Mr. Sink is a life-long Republican, having been active at state and national conventions of his party. At present he is a member of the state central committee of the Republican party.

## Over Half Hundred Present at Family Reunion of Murrays

When members of the Murray family held their annual reunion Sunday, fifty-five members came from Plymouth, Detroit, Ypsilanti, Ann Arbor, Williamston, Lansing and Plymouth and Attica, Indiana, to the home of Mr. and Mrs. Fred Fishback at their home on the Ann Arbor road, proved most delightful.

Dan Murray of Plymouth was elected president for the ensuing year. J. Warren of Ann Arbor, vice president and Mrs. Jennie Murray, secretary and treasurer.

Following the serving of the dinner, a program was conducted by the retiring president, Mrs. Bartie, wife of Dr. Bartie of Lansing, and the hostess, Mrs. Fred Fishback of Plymouth.

## PLYMOUTH TO PLAY MOOSE TEAM SUN.

The misguided pitch in the fourth inning cost Harry German, Jr. a no-hit game last Sunday as the Plymouth Baseball Club turned back the Carlton club, 7 to 1, at Carlton.

Bill Reeves collected the only hit which was a double along the left field foul line. Carlton scored their only run in the fifth frame on two errors by Orson Atchinson, Plymouth short stop.

The Schrader-Haggerty's nicked Lagness and Heeves for ten hits. Plymouth will be back at Burroughs Park Sunday where they will meet the Jackson Moose Club, with two games remain before the Northville Fair Tournament, so you who are going to attend the Tournament games had better drive out to Burroughs Park and get acquainted with the Plymouth club.

Charles Ball, Jr. and Norman McLeod are in Jackson this week where Charles is playing in the Annual Invitation Golf Tournament at the Cascades Country Club. They also attended the Michigan State Amateur Golf Tournament in Grand Rapids at Blytheheld Country club in July where Charles was one of the players.

## NORTHVILLE IS READY FOR FAIR

Starts Wednesday, August 24 And Will End Saturday, August 27

The Northville Wayne County fair — improved annually — will again draw thousands of persons from all over the state and from many nearby states.

Beginning Wednesday, August 24, and lasting for four days, the fair has reduced its prices, added many new features and will have the pleasure of entertaining Governor William M. Brucker on Friday, August 26, which has been named as "Governor's Day."

Officials of the fair, Nelson C. Schrader, president, Floyd Northrup, secretary, and Ernest Miller, Treasurer, predict that this year's fair will surpass anything previously shown in Northville.

Following is a glimpse of what the fair will be like and it comes from an authoritative source, Floyd Northrup, fair secretary:

"The officers and directors are working to make the 1932 Northville Wayne County fair an outstanding event and every effort is being put forth for the entertainment of its patrons.

"Many changes are being made this year; the fair will be only a four day event, Wednesday, August 24, being the opening day with a colored wedding the highlight for that evening.

"This will be held in the dignified manner with beautiful costumes, bridesmaids, and attendants and will be a legitimate ceremony. This will be preceded by plantation songs, and other special numbers besides the regular high class acts the Northville fair has always endeavored to obtain.

"Auto polo will be played at each performance of the fair and a bucking mule, an animal act for the children, as well as grown ups will give all a hearty laugh.

"The Detroit Creamery, seven horse hook-up of beautiful horses with electrically lighted harness will be a prominent attraction.

"Three days of horse races and a horse ball tournament are among the regular features. With the exception of auto polo, a complete change of program will take place each afternoon and evening.

"The Horse Show committee is cooperating with the fair manager in an event of beautiful horses in action will be staged in front of the grandstand each afternoon and evening.

"Friday, August 26, has been designated Governor's Day and Governor William M. Brucker and his party will be Northville's guests on that day.

"The directors of the Northville fair have worked hard for the past sixteen years without financial compensation to make the fair one of the cleanest, and most educational fairs in the state, but it cannot be a success without the cooperation of the public. Plan your exhibit now. Come and be one to make the 1932 fair the best fair in the best little town in Michigan.

"By making an exhibit you are entitled to an exhibitor's ticket for \$1.00 which is good for admission day or night. The gate admission has been lowered again to 25 cents, both day and night performance. Plans have been made to park all autos on grounds.

"Bring an exhibit—spend a day at the fair, and climax the four day festival by watching the beautiful display of fireworks. Be sure to bring your entire family, there will be something of intense interest for everyone."

Thursday, August 25, has been set aside as Plymouth Day. Harry Robinson will start the horse races.

An unusual form of entertainment for Northville Wayne County fair patrons will be offered on the opening evening, Wednesday, August 24, when an impressive colored wedding will be solemnized in front of the grand stand.

The wedding will be presided by a trio of colored singers, singing old plantation songs, clog dancing, story telling and will furnish a full evening's entertainment.

Besides the wedding, there will be other attractions, including the auto polo game, the first time ever seen on Northville's fair grounds.

## Special Prices For Anniversary Sale

Just one year ago the Red & White stores started operation in the Plymouth, Gage Bros. and R. J. Jolliffe joining in this nationwide movement to give their customers groceries at prices as low, and in many cases lower, than offered by some of the chain groceries. In the one year that they have been operating under this plan, they have found a considerable increase in business and in commemoration of the anniversary these two stores are this week offering their customers numerous exceptional bargains. Not only will it be worthwhile to read their ad this week for the special news it contains, but every week.

## Plymouth Florists Return From State Meeting in Detroit

Detroit last week witnessed a unique innovation, the launching of a first effort on the part of any industry to educate its members in every phase of their business. It was the first annual school of design of the Florists' Telegraph Delivery Association, which has more than 6000 members throughout the world.

Among the 1000 members in attendance at the school, hailing from forty-two states of the Union and two provinces of Canada, were the following local florists who returned to their homes here: Donald Sutherland and Robert Baughn.

"No more florists," but the school, sponsored by the national headquarters of the association in Detroit. Never before, said the returning local students, has an industry sponsored such a direct educational effort in behalf of its members. Due to the large attendance the school was proclaimed a success and it doubtless will be repeated each year.

A staff of internationally known experts in color, floral design, uses of flowers, administration of a florist's business and advertising made up the faculty of the school, which was headed by Charles H. Grakolow, prominent Philadelphia florist and president of the organization.

Enrolled among the students was Tommy Link of Portland, Oregon, who is serving his second term as president of the association.

Outstanding among the instructors were Mrs. Bert Schiller, Marjorie of Chicago, famous district expert in flower styles, modes and arrangements and arbiter of how flowers shall be used and when, and Glenn W. Turner of St. Louis, expert in color and design and pioneer teacher of the florist industry.

Indication that all lines of business are in the doldrums and that a turn for the better is in the offing were cited to the students by their president, Mr. Link. In spite of the depression, the floral business has held up remarkably well, demonstrating that it takes more than hard times to down romance and sentiment as expressed by flowers.

He declared that the flower business holds a position of distinction, for more money is invested in it than in the steel industry. Last year, the public purchased more than \$300,000,000 worth of flowers, and nearly \$200,000,000 for floral decorations during the clearing hours of the association, representing the amount spent on "flowers by wire."

Business will be speeded in its return to normalcy if a mere optimistic attitude toward conditions in general and a greater confidence in the future are displayed. Mr. Link told the students in his official address.

"There's entirely too much talk about the depression," he said. "Don't listen to that sort of thing. Meet your friends and patrons with a smile. Have confidence in the future. The general trend now is toward a gradual improvement in business conditions."

Miss Marjorie Cole Becomes Bride of Northville Resident

Beautiful in its simplicity was the marriage ceremony August 6 at 8 p. m. when Marjorie Evelyn, eldest daughter of Mr. and Mrs. W. H. Cole of Salem, became the bride of Doll Franklin Campbell, son of Mrs. Charles Tate of Hillsdale, Mich. The ring service was read by Rev. Carl Pennell, pastor of the Federalist church of Salem.

The bride was given in marriage by her father and was lovely in a white georgette gown made with right bodice and long full skirt. She wore white slippers and carried white roses and sweet peas. Doris Ellen attended her sister as bridesmaid and wore a becoming gown of pink silk crepe with white accessories. Her flowers were pink and white sweet peas. Master Charles, young brother of the bride, carried the ring in a basket of roses. Mr. Campbell chose Leo Wood of Northville as best man. To the strains of Lohengrin's Bridal Chorus, played by Harry Cole Warren of Pontiac, the bridal party proceeded to the living room where an impressive reception of every type, cut flowers and tapers made a lovely setting for the ceremony.

After the service refreshments were served to sixty relatives and friends. The bride's table was centered with a bridal cake and flanked at either end with ivory tapers, five ivory frills of the bride served.

After a short wedding trip Mr. and Mrs. Campbell will be at home to their friends after August 20 at 312 Lake St., Northville. Guests were present from Detroit, Plymouth, Chicago, Northville, Pontiac, Benzler, Dearborn and Washton, Ohio.

There was a large attendance of the ex-service men and their families at the cooperative supper held in Jewell-Blanch hall Monday evening. The regular meetings of both the Ex-Service and Auxiliary followed the repast.

## LAUDS WORK OF CREDIT BUREAU

Détroiter Tells Rotarians Business Is Aided By Activities

Frank E. Parker, vice-president and general manager of the Merchants Credit Bureau of Detroit was the speaker at the regular weekly meeting of the Rotary Club Friday, August 5th. Mr. Parker left an executive position with a Detroit manufacturer to organize a credit bureau in Detroit in 1921, and has built up the organization to the point where it takes rank with the largest, best organized, and best equipped credit bureaus in the United States. He is considered an expert authority on the subject of credit bureau organization and successful management.

Mr. Parker had previously offered to meet with members of the board of directors of the local credit bureau to discuss matters of policy, and Paul Hayward who is president of the Board, and who was in charge of the Rotary Club program for the day took advantage of the opportunity to invite Mr. Parker's time to dual advantage.

Mr. Parker stated that primarily the successful operation of any credit bureau depends entirely upon the cooperation of its members, and unless members freely give to the bureau all such information as is legitimately asked for, the compilation of such a report that leaves nothing to guesswork in passing upon a credit applicant is at once handicapped.

He stressed the fact that membership is not limited to any class or line of business, but that it is for the benefit of all reliable merchants, bankers, professional men, insurance companies, automobile dealers or financial companies—in fact, any worthy person or firm whose business involves extending credit to individuals.

He mentioned the value of a carefully checked bureau report as compared to the risky practice of depending upon personal references. He stated that the experience of every credit bureau has proven that it is apt to be dangerous and costly to rely upon references as anyone can give a reference who will speak well of him.

## Plymouth Community Picnic And Songfest Next Thursday, This Is Invitation To All

Next week Thursday, August 18, has been fixed as the date for Plymouth's biggest feature celebration in connection with the George Washington Bicentennial—an afternoon and evening that has been set aside for one of the biggest community picnics ever held with a songfest following that hundreds will take part in.

The songfest will be one of the old fashioned kind, the songs to be sung being those that nearly everyone knows. Jerry Nelhaus, Chubb's famous song leader, has been secured to direct the singing. Ben Stewart, Plymouth's well known singer, is on the program for a number of solos and there will also be a quartette of mixed voices for the concluding number of the program. The committee announces that Albert Buss, one of the foremost cornet players of Michigan, has consented to take part on the program.

"This is your party—invite your friends to be at the beautiful Plymouth-Riverside park at 6 o'clock and enjoy the picnic dinner that you will prepare to sit to John in the songfest that has been arranged. The more that take part, the better it will be. Start today to plan for the outstanding community event that will take place next Thursday evening at 6 o'clock in Plymouth-Riverside park.

## Boy's Suspicion Leads To Discovery Of Gas Station Robbery; Causes Arrest

The alertness of eleven year old Don Hewitt, son of Mr. and Mrs. Loren Hewitt, who own the gas station at the corner of Ann Arbor and Canton Center roads, resulted in the arrest of Ernest Lee upon a charge of stealing \$3.40 from the station on Tuesday afternoon. Lee charged with entering a building in the day time for robbery, was arraigned before Judge Ford Brooks Tuesday night, pleaded guilty to the charge and was bound over to circuit court.

Another young man with Lee was arrested, but denies having anything to do with the robbery. While he was putting air in the tires of his car, it is alleged Lee entered the place and stole the money without his complicity knowing anything of the offense, until later when arrested by Deputy Sheriff George Springer.

Don testified at the hearing that when he sold Lee a package of cigarettes he became suspicious of Lee's actions and took the number of the car as they drove away. After the two had left he counted his cash and found some of it gone. The lad notified his mother who immediately got in touch with Deputy Springer. He traced the car through the license number, arrested the two and secured Lee's confession.

## CHARGES THAT DEAD MAN VOTED

Sumpter Township Election Row Gets Airing In Court Here

A dead man voted in the Sumpter township election on April 4, according to Joseph E. Milosech, signer of a complaint before Municipal Judge Ford Brooks, alleging that the clerk of the nearby township violated the election laws of the state. The hearing started Tuesday evening in a court room packed with residents from Sumpter township. Milosech alleges that Merritt added names to the registration lists and that he voted absent voters who were not even on the registration book.

Assistant Prosecuting Attorney George Gullen who conducted the examination had as his chief witness another assistant from Mr. Toy's office, John T. Meyer. He testified that he was called to examine the registration book on April 1 and again after the election and that between the two times, which names had been added to the list.

The arrest is the outgrowth of a heated township election fight in Sumpter. The hearing was not completed last night, but was continued by Judge Brooks until September 20 in order to give the prosecutor's office time to produce additional testimony.

In concluding his remarks, Mr. Parker summarized twelve reasons for the existence of the Merchants Credit Bureau of Detroit, which reasons, he said, apply to a similar bureau in all local credit bureaus.

1. To make credit selling safe.

2. To increase the respect of buyers toward credit terms.

3. To increase sales of our members through safe credit.

4. To decrease losses by discounting undesirable accounts.

5. To keep our members constantly informed when danger threatens any of their accounts.

6. To guard against fraudulent buyers (17,730 in Detroit in six months).

7. To guard against bad checks and prosecute the offenders (530 checks, \$89,423.18 in six months).

8. To make it more difficult to evade payment by concealment of change of address.

9. To aid in collections through cooperation of members.

10. To enforce collections at minimum expense.

11. To make the accumulation of credit data by the members simple and inexpensive.

12. To make Detroit the safest place in which to do a credit business.

It is regrettable that time did not permit Mr. Parker to give this subject of vital importance to the business life of any community more than a sketchy outline, and it is possible, according to Mr. Hayward, that an effort will be made to have Mr. Parker appear again before a group meeting every Tuesday to talk in Northville and Plymouth along any credit business.

Mr. and Mrs. Joe Godette, Mr. and Mrs. Foss DeWind of Detroit and Mr. and Mrs. John Mecklenburg of Wayne visited Sunday at the home of Mrs. Kate Mecklenburg on South Main street.

Mr. and Mrs. Herman Fritz, Mrs. Richard Fritz and son, Richard, Detroit were guests Monday afternoon of the former's daughter, Mrs. William P. Wernet, at her home on the Novi Road.

## VACATION TRIP ENDS IN WRECK

Chief Of Police Smith And Two Others Hurt In Canada

A pleasant vacation in Canada for Mr. and Mrs. Harry A. Gebhardt and Mr. and Mrs. Vaughn Smith was brought to an unfortunate ending last Saturday afternoon when the automobile driven by Mr. Gebhardt collided with another machine south of Essex, resulting in the serious injury to Arthur W. Marsh, editor of the Amherstburg, Canada, Echo, Mrs. Marsh and Mr. Smith, who is chief of police of Plymouth. Mrs. Marsh was probably the most seriously injured of the three, although this morning Mr. Gebhardt telephoned the hospital where she is confined, and learned that there was considerable improvement in her condition. Chief Smith is suffering from a badly bruised back and shoulders. He is confined to a home and it will probably be several days before he will be able to be out.

The accident happened, according to Mr. Gebhardt, who is assistant cashier of the Plymouth United Savings bank, at a blind corner where several similar accidents have taken place. On the highway that he and Mr. Smith were traveling is a stop sign. They had stopped their car and were proceeding in second gear into the intersection when the machine driven by Edw. W. Marsh on the intersecting highway where there is only a warning sign appeared. The obstructed vision did not permit either driver to see their danger until too late to avoid the accident. The three injured were taken to the hospital for treatment. Mrs. Smith and Mrs. Gebhardt were at the cottage some two miles from the collision. Both cars were damaged in the collision.

Mr. Gebhardt declares that one report appearing in a Detroit newspaper did not give the details accurately. He states that Canadian officials showed him every courtesy and that they advised him that the corner had been the scene of numerous other similar accidents, one being fatal last year. Mr. Gebhardt has as a witness a farmer whose home is near where the accident took place, who saw him stop and take such precautions as were required in the collision.

All of the local residents, who are highly respected in Plymouth, regret greatly the unfortunate accident and the injuries that resulted from it. They are keeping in close touch with the hospital and last reports were that both Mr. and Mrs. Marsh were beyond danger.

## McKinney Family Holds 7th Reunion

The seventh annual McKinney family reunion was held Sunday, August 7th, at its Wilson's grove on Canton Center Road, about 120 being present from Byron, Howell, Fowlerville, Belleville, Pontiac, Detroit, Orionville, Plymouth and Livonia. It was a bright sunny day. The reunion was entertained by the family of the late Mr. and Mrs. Isaac Smith in a very enjoyable manner. At about 12 o'clock all sat down to a beautiful decorated table where a most beautiful dinner was had by all. After the dinner a business meeting was called to order by the president, Daniel McKeown, with all singing American songs. The election of officers then took place, the following being elected: Samuel McKinney, president; Bert McKinney of Byron, vice-president; Charles McKinney, secretary; C. A. Schaffer, treasurer.

Mrs. Ella Downing of Pontiac then announced she would entertain the reunion next year.

The business meeting, a short, entertaining one of singing, dancing, etc. was held in the Hall. Then all went out to the play field where games and races were held for men, women, and children. Prizes given to winners, after which again the table was set and a delicious lunch was enjoyed by all. And at twilight all departed for their homes wishing each other health and happiness, and hoping to see them all again next year.

## Robt. Mimmack Critically Ill

Mayor Robert Mimmack who underwent a critical operation in Ford hospital in Detroit Monday morning, is reported as resting easily, but still in a very serious condition. For some weeks past the mayor has been in the best of health, and recently he went to Ford hospital in Detroit for a thorough examination. It was then decided that an operation was an immediate necessity and he returned to the hospital last week.

Attending physicians state that he is not yet beyond danger, although he has been resting fairly well for the past day or so. Mayor Mimmack's best of friends in Plymouth wish for him not only a speedy but permanent recovery.

## J. SCHRODER WEDS DOROTHY GIRDWOOD

A very pretty wedding took place at the home of the Rev. and Mrs. J. H. Girdwood at Henderson, when their daughter Dorothy became the bride of John Schroder, son of Mr. and Mrs. A. B. Schroder of this place on Saturday afternoon, August 6th.

The ceremony was performed by Dr. Frank Buehler of Kalamazoo, a brother-in-law of the bride, before an improvised altar of ferns, studio and golden glow.

At two o'clock the bridal party descended the stairway to the straths of Lohengrin's wedding march, played by Mrs. Lawrence Girdwood.

The bride wore a gown of pale green lace with maize accessories and carried a bouquet of Johanna Hill roses. Miss Harriett Schroder, sister of the groom, her only attendant, was dressed in pale maize with blue green accessories and carried Tallman roses.

The gold and green color scheme was completed by the thym flower of the bride, who wore yellow organza and carried a basket of variegated flowers. Lawrence Girdwood, the bride's brother acted as best man.

## SPEED AND MOTOR ACCIDENTS

Victor W. Killick, statistician for the government of California in regard to motor vehicles, has published a report on accidents in which he suggests changes in motor car construction which would reduce the frequency of motor mishaps. He says that when the left windshield cornerpost is more than five inches across, the driver's vision is interfered with. When side and rear windows are too narrow a clear view of the rear is cut off, increasing the danger in making left hand turns. Low seats make it impossible for the driver to see the right hand side of the road. And frequently, he says, a driver's coat-sleeve catches on the light switch at the top of the steering column, turning off the light and causing complete darkness just as a turn is being made. Statistics in California show that these dangerous features cause many accidents.

Different figures have been given from time to time as to the age of motorists among whom driving is most hazardous. Mr. Killick finds that drivers under twenty years of age have most accidents and drivers over fifty have least. No doubt this is so and it is what most of us from observation would expect. Many good drivers like to say that a speed of from fifty to sixty miles an hour on a concrete highway, with little traffic on it and plenty of room, is as safe a speed as any. In an article in Popular Science, John E. Lodge points out the undeniable fact that the faster a car is travelling the more serious is the result of an accident if it happens. He says:

"An automobile going 60 miles an hour strikes an object with an impact as great as though it had been driven over the edge of a ten-story building and had crashed to the pavement 120 feet below. Incidentally, researches just made by the Chicago Motor Club reveal that travelling a mile a minute is three times as expensive as motoring at 45 miles an hour. The extra 15 miles an hour trebles the upkeep costs of the car."

An interesting statement—it will specially interest elderly persons—is that "if the driver of the car is between twenty and thirty years old the chances of an accident taking place are 81 per cent greater than if he is between forty and fifty." This is vouched for in an analysis of motor accidents made by insurance statisticians. In at least nine out of ten automobile accidents, the same report states, the cause can be traced directly to an error made either by a driver or a pedestrian, and only once in twenty times is a machine definitely at fault. When cars have been at fault defective brakes lead the list as a cause.

Many non-drivers who ride in cars a great deal wonder that accidents are not more numerous—marvel at the skill with which chances are taken and no harm done. Most drivers are critical of other drivers and feel nervous in the back seat of any other man's car. Each perceives the errors in the way the other fellow handles his car—scouting up hills as if nobody could possibly be approaching at a high speed up the other side; weaving in and out to get ahead of slow coaches, using his brakes too much or using his horn too much or too little. Yet, while each driver is critical of the driving done by his best friends, yet each when sprinting along the highway seems to take it for granted that every stranger he will meet on the road will be as confident and competent at the wheel as he is himself. Two cars will meet and pass each other at high speed, leaving small space between them—a space so small that the slightest lurch of either car would wreck them both, with probably fatal results to all on board. The driver at the wheel never seems to consider the possibility of accident through the erratic handling of the car he is meeting and, of course, in nearly all cases his confidence is justified. From the time the United States declared war until the armistice covered a period of eighteen months and during the eighteen months ending December 31, 1931, more people were killed motoring in the United States than were killed in action during the war. But of course, many more people were exposed to the dangers of motoring than actually faced the dangers of warfare.

## THE PEDDLER NUISANCE

House to house peddlers and solicitors of orders for this and that are becoming an ever greater nuisance to the American home, as any housewife might truthfully testify. Still the housewife whose home is constantly invaded by these itinerant super-salesmen has the remedy in her own hands.

A timely suggestion along this line is made by Prof. Conrad of the New Jersey Teachers' College, who points out that the peddler who boasts that his firm has no store is trying to make a store of your home. You are expected to furnish a place where he may do business free from the expense which other merchants must pay.

Besides, he insists on making you shop at his convenience, no matter how much it may interfere with your daily routine. He takes up your time arguing you into buying something that in most cases you neither want nor need. Sometimes you buy to get rid of him, when you ought to say:

"This is a home, not a place of business, and I am not going to allow you to use it as a store. Good day."

That might seem rather inconsiderate. But it is one way of discouraging the peddler, who has not the slightest consideration for your peace and comfort, but uses your home as a market place, in unfair competition with home merchants who pay rent, taxes, license fees, and in other ways contribute to the welfare of the community.—Herald, Sauk Center, Minn.

## TWO DEPRESSION BEATERS

The two outstanding "depression beaters" last year were the two greatest users of newspaper advertising space, the American Tobacco Company and the Great Atlantic and Pacific Tea Company.

The American Tobacco Company not only did a greater business last year than ever before in its history, but its net profits exceeded those of any year, even those of the boom year 1929.

Atlantic and Pacific sold more than a billion dollar's worth of merchandise, moving into first place in the volume of business done by any one company in this country.—St. Louis Star.

## ROBINSON CRUSOE'S BALANCE SHEET

When Robinson Crusoe was cast upon a desert isle he began seriously to consider his condition. This led him to draw up the state of his affairs in writing, "not so much to leave them to any that may come after me as to deliver my thoughts from daily poring over them and afflicting my mind." As his reason began to master his "despondency," he began to comfort himself by setting the good against the evil, that "I might have something to distinguish my case from the worse." He thereupon stated his situation "very impartially like debtor and creditor":

Evil

I am cast upon a horrible desolate island, void of all hope of recovery.

Good  
But I am alive and not dead, as all my ship's company was.

Evil  
I am singled out, and separated as it were, from all the world to be miserable.

Good  
But I am singled out, too, from all the ship's crew, to be spared from death. And He that miraculously saved me from death can deliver me from this condition.

Evil  
I am divided from mankind, a solitaire one banished from human society.

Good  
But I am not starved and perishing on a barren place affording no sustenance.

Evil  
I have no clothes to cover me.

Good  
But I am in a hot climate where if I had clothes I could hardly wear them.

Evil  
I am without any defense or means to resist any violence of man or beast.

Good  
But I am cast on an island where I see no wild beasts to hurt me as I saw on the coast of Africa; and what if I had been shipwrecked there?

Evil  
I have no soul to speak to or relieve me.

Good  
But God wonderfully sent the ship in near enough to the shore that I have gotten out so many necessary things as will either supply my wants or enable me to supply myself as long as I live.

He concluded that, on the whole, there was scarce any condition in the world so miserable but there was something negative or positive in it to be thankful for. And he let it stand that we may always find something from which to comfort ourselves, and to set on the credit side of the account.

## FEATURELAND

### Health Notes

A basin of water set on the stove or radiator moistens the air in the room.

There is no way to re-vitalize air except by supplanting bad air with fresh air.

Persons who must spend all day in the home or office should get into the open at least three five-minute periods in 24 hours, breathe deeply, and expand the lungs.

### Out Fishin'

A fellow isn't thinkin' mean, Out fishin'; His thoughts are mostly good and clean.

Out fishin'; He doesn't knock his fellow men, Or harbor any grudges then; A fellow's at his finest when Out fishin'.

The rich are comrades to the poor, Out fishin'; All brothers of a common lure, Out fishin'; The urchin with his pin and string Can charm with millonaire and king; Vain pride is a forgotten thing, Out fishin'.

A fellow gets a chance to dream, Out fishin'; He hears the beauties of a stream, Out fishin'; Ah! he can wash his soul in air, That isn't foul with selfish care, An' relish plain and simple fare, Out fishin'.

A fellow has no time for hate, Out fishin'; He isn't eager to be great, Out fishin'; He isn't thinking thoughts of self, Or goods stacked high upon a shelf, But he is always just himself, Out fishin'.

A fellow's glad to be a friend, Out fishin'; A helpin' hand he'll always lend, Out fishin'; The brotherhood of red and line, An' sky an' stream is always fine; Men get real close to God's design, Out fishin'.

A fellow isn't plotting schemes, Out fishin'; He's only busy with his dreams, His livery is a coat of tan, His creed to do the best he can— A fellow's always mostly man, Out fishin'.

### Remember

There's one who'll always take your part, No matter what befall, And stand by you through thick and thin

Be your trouble large or small, So treat her kindly while she's here.

Respect, adore and love her, For heaven will sure reward you if You've been kind to your Mother.

### A Prayer

Blessed Lord God, we pray to Thee, to whom we owe our first, our last, and our eternal allegiance. May nothing stand between us and our obedience to Thy holy will. Let Thy sympathy make us social. Thy love make us charitable, and Thy grace make us cheerful. So order our lives that they will respond to service and sacrifice. Endow us with the mind that sees the heights and with the soul that sounds the depths, and in all things keep us in harmony with Thy holy purpose. Spare our country from that poverty which kills the spirit that the physical nature may be preserved. Bless us with that spiritual adventure through which we may see the real wealth of life. In the name of Jesus, our Saviour.

### The Touch of a Hand

'Tis the human touch in this world that counts.

The touch of your hand and mine, Which means far more to fainting hearts Than shelter, and bread, and wine.

For shelter is gone when the night is over And bread lasts only a day, But the touch of the hand and the sound of the voice, Sings on in the heart always.

### Only a Cog in a Wheel

A man there was of unusual gifts, Bearing an honored name; Life came to him with outstretched hands

Proferring wealth and fame; But he carelessly turned his head away, The prize made little appeal, Contenting himself with a minor part.

He was only a cog in a wheel, When opportunity knocked at the door

It found him inert and deaf; Long and patiently it waited there, But it did not come to himself, Golden chances he wasted like chaff.

He took no account of the real; Each day a monotonous grind to him—

He was only a cog in a wheel, In the image of God this man was made.

With power to do and to serve; Strong of mind and body was he, But he lacked essential nerve, So he drifted along from day to day.

Without ambition or zeal, Playing a dull and nondescript part, He was only a cog in a wheel, Grenville Kleiser.

## Rambling Around with Michigan Editors

### FOR MR. SINK

Hon. Chas. A. Sink, the Ann Arbor candidate for lieutenant governor, made a strictly ethical speech at the Fenwick park forum Sunday.

He is a candidate for the post now held by Lt. Governor Dickinson, who is seeking another term, and gentleman that he is the speaker kept away from any mention which might favor of personal promotion. Many folks were on hand to see this man, who by many careful observers, is considered to be the biggest threat in Mr. Dickinson's long and successful career. The republican race is clearly between Dickinson and Sink. Both are excellent gentlemen of high personal character and public worth. Eaton county residents, who for many years are not going to support our home candidate, should vote for Mr. Sink, the second best candidate in the contest.—Murd DeFoe in The Charlotte Republican.

Almost every week this column contains something about the damage one does in knocking his home town, and we always advise, if you don't like your home town, by all means get out of it. If there is anything in the world that drives business away it is just that knocking and sobbing. We make it a practice not to patronize soldiers, family or knockers, and if all would do likewise, we would soon rid ourselves of such community sol-sisters. The Munising News reports that a man from out of town who often visited that city said to the editor one day recently: "Munising is the damnest town I was ever in for knockers. Everwhere I turn someone is ripping someone up the back. Everyone you talk to wants to take you into his confidence and tell you what a crook, horse thief and baby snatcher the other fellow is."

Munising is a sweet little city nestling down there in the hills, with beautiful Lake Superior and Grand Island out in its front yard, and a paper mill and other indu-

tries in operation. How much could be accomplished toward putting the place on the map and in sweet with the traveling public if all would tell of the advantages and the beauty of that little place instead of trying to make it ridiculous. We believe our neighbor editor should take it upon himself to show up the barkers, shame 'em out and educate 'em to the harm they are doing themselves as well as others. We have heard less complaint and grumbling in our city this summer than ever before. About the only one that has fault to find now days is some office seeker.—Al Weber in The Cheboygan Observer.

### CONCERNING BRUCKER

As the time approaches for the primary election the voters of this state will naturally give a good deal of consideration to the governorship. We are not pretending to express any opinion but our own, and will gladly open the columns of the Banner for the expressions of opinions by others. We believe that, under existing conditions, the people of this state will fare better with the renomination and re-election of Willmer M. Brucker than by trying a new candidate at this time. We can see no reason why the republicans of Michigan should not give Mr. Brucker a renomination. He is entitled to it by party usage. He came into office at one of the most difficult periods in our history. It will be conceded that he has met the situation fairly. He called a special session of the legislature and asked for a reduction of at least \$5,000,000 in state expenses. The lawmakers agreed with him on that proposition and cut state expenses \$5,000,000. The governor did not ask that upon others be placed the burden of making sacrifices for the good of the state. He led in making such sacrifices. He voluntarily trimmed twenty per cent from his own salary and returned it to the state treasury, while only fifteen per cent was taken from the other state salaries.

No one can justly criticize Mr. Brucker as a man. He has devoted his entire time to the duties of the governorship. It seems to us that it will be far better for the republican party to renominate him than to pick a new man. We believe it will be far wiser and it will be more fair for the voters of the state to renominate and re-elect him in November than to name another candidate.

So far as the high cost of government is concerned, we must all share some of the responsibility. We have all been anxious for good roads and other activities that have cost money. Things the taxpayers wanted called for expensive state commissions, bonds, etc. All this increased state expense runs into figures that Michigan can no longer afford. We believe that a man who has two year's experience as governor will be much more likely to understand what the people want and how to carry out their will than a new man who has everything to learn about that office and its duties.—Will Cook in The Hastings Banner.

### THE IGNORBLE PARADE

The expedition of autocrats demanding immediate payment of the bonds came to a natural ending—in a blaze of fire and riots.

Mingling with the few honest veterans, who turned their faces toward Washington because they saw a chance to eat free meals off the bounty of a charitable nation, were agitators. Everyone knew it. Yet Washington did nothing. Diplomatic and skillful handling would have kept the malecontents moving and separated. Instead they were allowed to trespass on taxpayers' property and to send out the call for loans, bondsmen and rebels to come and join them. Had the government quietly kept them disorganized they would have given up and gone home long ago. As it was they grew cockier and cockier, as their belts filled out and as they listened to the importuning of Communist jingals who told them they might as well have champagne and chicken as soup and sandwiches.

The muffed fist should have been used long ago, before the thing grew to riot size. The people who have to pay the bill sympathize with honest veterans who are out of work and funds. They will do everything they can to help them. But when a gang, whether it be vets or Communists or both, breathes defiance at the orderly processes of government, attempts to lobby by force of arms and brick bats destroys property and becomes a public menace the people who must protect their homes and their nation can sympathize no more. The handful of vets who participated in the shameful demonstrations in Washington did more to give those who fought in the World War a black eye than anything that has happened. The American Legion, the Veterans of Foreign Wars and similar organizations should take the lead in stamping out the black legs of government to gain a pillars of government to gain a pillars for themselves.—Edward A. Nowack in The Michigan State Democrat.

### WHO SAID GOVERNMENT IS BUSINESS?

Whether we wish to admit or not, we have had socialism in the saddle at Washington for 14 years. It got started under President Wilson, who launched the nation into the shipping business. Under Hoover, this government help plan has been extended into now the government as well-nurse to banks, insurance companies, railroads, etc. in business to the extent of \$4,000,000,000. This is a larger investment than any three great corporations in America!

So we have socialism in business, under the guidance of such a Democratic president and a republican chief executive. Believe it or not, that's what we've got.—Floyd McGriff in The Redford Record.

## Plymouth Mail Jottings

Mrs. Howard Gladman returned home Saturday from the University hospital, Ann Arbor.

Miss Sadie O'Mara of St. Charles is the guest of Miss Agnes Thompson for a few days.

Mr. and Mrs. Lásle Alexander are leaving in a few days for a vacation trip in northern Canada.

Miss Norma Johnson is visiting her parents at Mecosta for a few days.

Mr. and Mrs. Robert Walker have been spending several days at Cass City.

Mr. and Mrs. L. R. Crane and son, Beatty, visited their parents at Midland over the week-end.

Mr. and Mrs. E. L. Thrall were in Chicago one day last week on business.

Mr. and Mrs. William Holzworth visited their son, William, at Camp Brady Sunday.

Mrs. May Adams of East Orange, New Jersey, who is staying for a time with her son in Detroit spent a few days last week at the home of Mrs. J. R. Rauch and other Plymouth friends.

Mrs. William Dickson, Miss Alice Patterson and J. J. Patterson of Detroit visited Mr. and Mrs. Oliver Goldsmith Tuesday at their home "Autumn" on the Novi Road.

Mrs. E. C. Leach and Mrs. Nettie Stewart were guests a few days last week of Mr. and Mrs. George Springer at their cottage at Island Lake.

Mrs. Arthur Schaub and daughter, Lois, of Toledo, Ohio, are the guests for a week of her sister, Mrs. C. L. Cowgill on Penniman avenue.

Mr. and Mrs. Sears are now occupying part of the B. R. Gilbert home on Penniman avenue. Mr. Sears is employed at the Wayne County Training School.

Mrs. Stanley Chambers and Mrs. C. V. Chambers were Friday afternoon callers at the home of Mr. and Mrs. George Miller at east Plymouth.

Robert Egge, Robert Church, William Thams, William Holzworth, Clark Felton and Donald Thrall returned Monday from a week's stay at Camp Brady.

Miss Marjorie Graham of Detroit was the guest of Miss Mary Voorhies Wednesday at the Nowland-Nowell home on South Harvey street.

Fred Lafevre and family have returned from their eastern motor trip.

Mrs. William Holzworth is entertaining her mother from London, Ontario.

Mrs. F. C. Patton of east Plymouth was a recent guest of relatives in Amherstburg, Ontario, Canada.

Horn to Mr. and Mrs. Alfred White a son on Wednesday, August 3.

Dr. and Mrs. Switzer of Farmington were callers at T. F. Lammann's Thursday.

Mr. and Mrs. Harry Durant are the proud parents of a baby boy born on July 30.

Roswell Tanger will return today from a ten day's visit with friends in Plainfield, Wisconsin.

Mr. and Mrs. James Gillespie and infant son of Detroit, were Sunday visitors at the home of Mr. and Mrs. Stanley Chambers.

Mr. and Mrs. Dan Murray visited relatives in South Bend and Plymouth, Indiana several days last week.

Miss Francena Cutler of Hastings, Mich., is visiting at the home of Mr. and Mrs. L. L. Ball this week.

Mr. and Mrs. Carl Schmidt of Detroit were last week Wednesday guests of Mr. and Mrs. Stanley Chambers.

Mr. and Mrs. W. Baker of Detroit called on Mr. and Mrs. George Miller of east Plymouth last week Tuesday.

Mr. and Mrs. Frank Westfall and Mr. and Mrs. Clyde Matevka spent Sunday with Glenn and Alton Matevka in Detroit.

Mr. and Mrs. George White, and Mr. and Mrs. Clifford Doad of Hartle Creek spent a few days at Niagara falls.

Mrs. James Peterkin of Thornberry, Ontario is making an extended visit with her daughter and husband, Mr. and Mrs. H. Durant.

Mrs. Effie Kimmell entertained Mrs. Ella Nichol of Liverville, Ontario, a few days last week at her home on Ann Arbor street.

Miss Betty Walsh, who had been the guest of Miss Alva Hill for a week, returned to her home in Grand Rapids Sunday.

Mrs. Harry Norgrove and grand-daughter, Miss Helen Norgrove, will leave today for a few days' visit with friends in Osceola.

Miss Lenore Berry of Detroit has been the guest of Miss Helen Norgrove on Holbrook avenue the past week.

Mrs. L. E. Wilson and two sons and Miss Winnifred Jolliffe are visiting relatives at St. Thomas, Ontario for some time.

Mr. and Mrs. George Rennie of Detroit visited Mr. and Mrs. Harry H. Newell Sunday at their home on South Harvey street.

Mr. and Mrs. Ed Gress of Detroit were guests over the week-end of Mr. and Mrs. William Hood on Penniman avenue.

Miss Delight Taylor and Miss Evelyn Rorschacher are spending the week with the latter's cousins at Big Portage Lake.

Mr. and Mrs. James Ford returned home Saturday from a ten day's outing at their cottage at Houghton Lake.

Mr. and Mrs. L. A. Barnaby of Negaunee were guests of Mr. and Mrs. Floyd Eckles two days last week at their home on Ball street.

Mrs. June Fraser of Edison Beach visited her daughter, Mrs. Charles M. Carmichael, and family over the week-end at their home on Golden Road.

Mr. and Mrs. John Hahn and Mr. and Mrs. Charles Brower of Wayne were guests Monday evening of Mr. and Mrs. Orr Passage on Maple avenue.

Mrs. Elizabeth Burrows entertained several friends at a bridge tea very delightfully Tuesday afternoon at her home on Penniman avenue. The invited guests were Mrs. F. F. Holden of Chicago, who is the guest of her mother, Mrs. Charles M. Carmichael, Robert Robinson of Lake Worth, Florida, who is a guest at the George Robinson home, Miss Thelma Cook of Jonesville, Mrs. John S. Michener of Ann Arbor, Miss Barbara Bake, Miss Evelyn Schrader, Miss Margaret Dunning, Miss Winnifred Draper, Miss Barbara Horton, Miss Ruth Allison, Miss Catherine Nichol, Miss Julia Wilcox, Miss Virginia Giles, Mrs. N. F. McKinney of Northville, Mrs. Don Packard, Mrs. Kenneth M. Lloyd, Mrs. Edward Dobbs and Mrs. Basil Carney.

The many friends of Wyman Bartlett are glad to see him out again following a few week's illness.

Mr. and Mrs. Robert Willoughby and little daughter, Margaret Jean, visited relatives at Battle Creek Sunday.

Roy Crowe was in Kalamazoo last Tuesday and Wednesday attending the Managers' Conference held in that city.

Mrs. Louis Steinert and son, Louis, of Strathmoor spent last Wednesday at the home of Mrs. Harry Barnes on Ann street.

Mr. and Mrs. Charles Blichy, daughters Esther and Ruth and Helen and Thomas Wilson of Iroyal Oak are planning to attend the Shriners picnic at Rob-lo today.

Miss Pearl Thompson of Wayne visited her uncle and aunt, Mr. and Mrs. Arno Thompson, from Wednesday until Saturday last week at their home on the Novi Road.

Mrs. H. H. Behler and children spent a few days last week at the home of Mrs. Gleun Behler in Pontiac returning to Plymouth Sunday with Mr. Behler who was a guest there for the day.

Mr. and Mrs. E. V. Jolliffe and family and Mrs. Adelaide Huld and son, Leslie, and family of Detroit were guests Sunday of Mr. and Mrs. P. W. Voorhies at their cottage at Base Lake.

Mrs. Bruce Woodlury and daughter, Jean, returned Saturday from Pittsburg, Pa., where they had been visiting her parents for three weeks.

Mrs. F. F. Holden and daughter, Patricia, of Chicago, who have been visiting at the home of her mother, Mrs. Charles M. Carmichael, expect to go Saturday to Edison Beach to be the guests of Mrs. Olive Herd for some time.

Mrs. Karl Starkweather was called to Saginaw Saturday morning to see her son, Eugene, who was injured in an automobile accident Friday evening while driving with some friends of that city. Eugene was unconscious for several hours and received one severe cut on his forehead and other bruises. He was able to return home with Mrs. Starkweather Monday and left Wednesday morning for Saginaw.

### School At Wayne and Northville Forced To Cut Budgets For Year

The Plymouth school district, one of the first to cut its budget for the ensuing year, is interested in knowing what other nearby communities are doing in this respect. The following articles tell of the action taken in both Northville and Wayne, last week, although Plymouth took these steps late in the spring.

Acquiescing to the demands of taxpayers, the school board at its meeting Monday evening held in the high school, reduced the 1932-33 budget to \$40,000. This action was taken against the advice of Detroit bankers who stated that they would loan the Northville schools no more money, according to S. W. Ambler, secretary of the board, unless the same amount was requested this year from the township, as was requested last year, viz. \$48,000. The cut of \$8,000 is a sixteen and two-thirds percent reduction and according to Mr. Ambler, represents only half of the money saved in the schools as a result of a strict economy program.

A further reduction in the budget is impossible, he states, because of the large amount of delinquent taxes, \$28,000, which are still outstanding.

Action of the school board followed a public mass meeting and a public hearing at the annual school district meeting in July in which many taxpayers declared that they would be unable to pay their taxes

if the budget was not reduced. The taxpayers promised to aid and support a campaign to bring in school taxes if the budget was cut, and the strength of this promise, the school board decided to reduce the budget, said Mr. Ambler.

Only 67 percent of last year's school taxes were collected, he stated and if Northville schools even by opening late, reducing salaries and other economies, are to be kept open next year at least 85 per cent of the school tax must be collected. School salaries were paid Monday, August 1, with money borrowed from some of the larger taxpayers of the township, announces Mr. Ambler and the payroll is now up-to-date.—Northville Record.

A budget of \$35,000, calling for a tax rate of \$14 per \$1,000 property evaluation necessary for the operating expenses of the schools of Nankin Township School District No. 9, was passed Monday night by the board of education at a meeting Monday night, according to Matthew H. Tinkham, president of the board. The budget for the coming school year is approximately \$10,000 below the last year's budget of \$45,000.

The board also voted to retain the services of Nicholas D. Falcone as director of the Wayne High School during the coming year, satisfactory arrangements being made with Mr. Falcone in which he will come to Wayne two days each week to conduct this work.

A proposal, turned over to the board by Albert Walker, township clerk, in which two-thirds of the residents of school district No. 8 had asked that this part of the district be changed to District No. 9, was turned down by the board.

In commenting upon the passage of the budget and the decrease effected, Mr. Tinkham stated that the board has made every effort to effect economies without decreasing the educational facilities. He stated that such economies were effected in spite of the fact that property assessments were lowered this year on property within the school district.

Many improvements already have been made in the schools since the close of the school year, Mr. Tinkham said, chief of which is the redecoration of the lower floor and basement in the high school building. All the walls have been repainted, and other improvements were made, such improvements having been decided upon previously by the board. It was said, Work, however, on the interior of the building could not be started until the close of the school. It was pointed out.

The decision of the board to retain the services of Mr. Falcone was one that has received the approval of many citizens who have understood the excellent work that has been performed in this endeavor. Mr. Falcone, one of the most prominent band directors in Michigan, directs high school bands in other schools.—Wayne Dispatch.

### Nation's Bankers Hear of Michigan Plan to Re-open Closed Banks By Agreement With The Depositors

Michigan's plan to reorganize distressed or suspended banks by a program of delayed liquidation sanctioned by depositors representing at least 85 per cent of the depositor liability was outlined by R. E. Reichert, Michigan state banking commissioner, at the concluding session of the annual convention of the National Association of Supervisors of State Banks at Philadelphia.

Under the new plan, the Michigan commissioner has reopened 18 banks, has nine ready to reopen and has his reorganization department working on approximately 30 others.

While an experiment at first, it soon developed, the commissioner pointed out, that a new community spirit was created, money was brought out of hiding, deposits in banks increased and fears subsided.

"It must be perfectly obvious to all of us," said Commissioner Reichert, "that only difficulties can arise when we attempt to collect debts which were contracted on the dollar value, with collection being attempted at a time when a different value exists in the relationship of the dollar to commodities and services in value, while the debt has remained the same. This is the most important and troublesome problem confronting us today.

"There are two ways, of course, of making adjustments. One is to continue liquidation, force collections, and receive in payment such amounts as the debtor is able to pay. The other is to attempt to bring the dollar value nearer to its value at the time the debt was contracted.

"While time, unless something else is done, does not of itself change the situation, if time is taken and the liquidation of these debts is not immediately forced, some securities may be kept off the market and values may have a chance to come back through that method of procedure, I believe, however, that considerable assistance could be rendered by adjustments in our monetary system, along which line some effort has already been made.

"I am not going to attempt in this address to claim anything further for our method of reorganization than to say to you that where ever it has been tried, we have met with success far beyond our expectations. This was an experiment, as all measures of adjustment are; but it soon developed that wherever reorganizations were made, a new community spirit was created, money was brought out of hiding, deposits in institutions increased, and fears subsided.

"Several banks were opened by us under a plan whereby depositors reorganized their own institution, which was predicated purely upon the premise that these depositors had the right to enter into certain voluntary contracts for that purpose. After this plan was entered into by 95 per cent in amount by the depositors. It was presented to the court, and the court was asked to discharge the receiver and permit the reopening of the institution, based upon the terms of contract entered into mutually by those depositors or creditors.

"This was done without any specific law. The law, however, in powers in chancery enjoyed by the court were used, and in all instances the court was willing to recognize the practically unanimous consent to the contract of the institution to open the institution under a plan set forth by the agreement. Meeting with success along this line, we proposed certain legislation to the special session of the legislature in 1932.

"Experience taught us that it was a difficult matter to bring into the reorganization all the creditors of the institution. There were always a few that would hold out, and by their action hold up the almost unanimous efforts of the creditors of the bank. It was with this in mind that the Durin bill, known as the 'Custodian Bill,' was presented to the legislature.

"We have felt that whenever an institution finding itself in difficulties could make its own adjustment by and with the co-operation of a

depositor's committee, a custodian being appointed from their own ranks, it was a much more feasible operation, because they were working out their own problem and having a personal interest in the case.

"The custodian is appointed upon application by the commissioner in a court of competent jurisdiction in the same manner as a receiver is appointed. The powers granted to him by the court are similar in character to those granted to a receiver, except that his principal purpose is reorganization and not liquidation. The distribution of assets being left to the receiver.

"If the institution finally has to go into liquidation, the custodian must be discharged and a receiver appointed, so that assets may be distributed in the form of dividends to the creditors. The fact that an institution goes into receivership does not preclude it from reorganizing, if it later develops that reorganization is possible. All of the privileges granted under the act to the custodian are also reserved to the receiver.

"The new act sets up the machinery for the reorganization of closed banks by the consent of depositors representing 85 per cent of the total depositor liability. It is predicated upon the question of initial contract, and those creditors can contract agree among themselves to reorganize the institution. Those creditors who do not assent to the plan as presented, may have their claims presented in court at a hearing, if they so desire, and have assets set aside for them, and the receivership would continue as to the objecting depositors. The depositors representing 85 per cent or more of the deposits, and the non-objecting depositors will then under court order assent either actually or by liquidation to the reopening of the institution.

"After opening several institutions, the department, by and with the co-operation of the attorney general's department, finally agreed upon a definite plan, and the form of agreement carrying out this plan is the only one recognized by the department. We propose to continue to work along this line as long as it proves operative.

"In presenting to you the salient points of this agreement, I first call your attention to the fact that it attempts to preserve the rights of all creditors of the institution. If all creditors of the institution are in court and have the court pass upon equities in the case, and it places the creditors and debtors in the position where they would be placed if the institution went through receivership making a concession to the stockholders in order that they or depositors may, out of their deposits, again provide capital, so that the institution may be reopened with the capital required by statute.

"This is done in consideration that the stockholder again becomes liable, and that during the existence of this agreement, all earnings are placed in a trust fund, which is created by contract under the plan adopted.

"The agreement as used provides a capital by voluntary action on the part of the stockholders. If this capital is not voluntarily contributed, the act as passed by the special session makes it possible to enforce the stockholders' liability, placing the judgment thereby obtained in the trust fund.

"Up to the present time, all of the reorganizations have been finally completed with only one or two actual assessments having been levied. The success of the plan is dependent upon a community interest, their wishing to preserve their banking institution; and this, coupled with a program of orderly

liquidation, being more beneficial to the creditors, is why we believe that the plan meets with favor in these communities.

"We have reopened nineteen banks since we started on this program. Eight are nearly ready for reopening, and our reorganization department is working on approximately 30 other institutions.

"After providing capital by permitting stockholders to use their deposits for that purpose, and making adjustments as they pertain to offsets, including the subscription of stock, the trust fund is set aside by placing therein the questionable assets of the bank, through which the deposit liability will be reduced by the amount represented by the elimination of these questionable assets. These assets in the trust fund are, of course, the property of the present creditors.

"The trust fund as created usually runs for a period of five years, after which it is liquidated and distributed to the creditors. The remaining deposits are required to be left in the bank and are released to the depositors on a percentage basis as provided for in the agreement.

"Reservation is made in the agreement for its modification at any time during its existence, should necessity demand. This, however, can only be done by mutual agreement on the part of the directors and a depositor's committee, which is also provided for in the agreement, subject, however to the approval of the commissioner of banking.

"The trust fund is held as a security for all of the assets that are in the bank. The assets placed in the fund, or the proceeds derived from collections of assets in the fund, are interchangeable with assets in the bank, should any of those prove later to become of questionable value. All earnings during the five-year period are placed in the trust fund. In other words, we are trying to use this method of slowly liquidating these assets, conserving all the earnings, paying no dividends, and supplying new capital out of deposits.

"The stockholder relinquishes his right to a dividend during the life of the agreement, in consideration of being permitted to use his deposit before adjustment is made for the subscription of stock, which again carries with it the statutory liability. He has this method of saving his investment, because in li-

quidation through receivership, his liability would be enforced, and the possibility for any recovery for him would be very remote. The entire arrangement, as we see it, is based upon equity and mutual benefit.

"In our State the supreme court has ruled that the stock liability is not an offset, so that this part of the arrangement must be supplied by mutual contract, and after practically unanimous consent on the part of the creditors, is approved by a court of equity. The entire procedure is conducted in a court of chancery, which court enjoys broad discretionary powers, and has a right to rule upon the equities in the case and to see that justice is done to all of the parties concerned, thereby preserving their rights.

"There are several methods under which depositors' committees are selected. Sometimes a meeting is called, and sometimes the larger depositors simply select them and go on with their reorganization program.

"One of the problems that confronted us in trying to secure the signatures representing 85 per cent or 95 per cent of the deposit liability of a bank, was that represented by public money. We have recently received a supreme court decision which provided that wherever a public deposit was illegally made, it had preference to the extent of cash on hand or on deposit in solvent banks.

"Public deposits coming under that category were easily disposed of, but the question arose, where deposits were legally made, whether officials and boards representing these political subdivisions had a right to enter into a contract for the reopening of the institution. The special session of the legislature gave these political subdivisions, through their respective boards, the right to join in such reorganization agreements.

"In addition to the 'Custodian Bill,' a bill known as the 'Hull Bill' was also introduced, and this provides for the distribution of assets without their reduction into cash. This bill was introduced for two purposes. First to make our position in our reorganization program more secure, and second, to provide for the settlement with creditors by the distribution of assets instead of reducing these assets to cash.

### FOX FARM RAIDED FIVE ARE STOLEN

Wednesday morning Mr. and Mrs. Aurie of the Silverchief Fox Ranch, a mile east of town on the Wiscom road noticed one of the foxes at large in the woods and a little investigation revealed the fact that nocturnal marauders had paid them an unwelcome visit. A number of pens had the doors open, but all the foxes that were missing were one adult female and four pups. It was found that the fence had been cut to permit the entrance of a large truck, and from the way the grass was trampled it was evident that there was several in the party. About two o'clock Mrs. Aurie

arose and turned on the light to close a window, and it is surmised that this might have given a warning to the robbers, who took a hurried departure without getting as many animals as they intended. The owners are of the opinion that the men were familiar with handling the animals, otherwise they would have made a disturbance.

The fox that was at liberty was captured and returned to the ranch last Thursday morning.—Milford Times.

Believe in the long pull. Sudden success is suddenly subside.

The backward look and the forward step are incompatible in the same life.

### Investing Safely

One of the many letters that we receive.

"This morning I have a printed copy of the 30th annual statement as of July 1, 1932. I want to take this occasion to congratulate you, and the Association, on what it would seem to be an unparalleled record. The developments of the past year have made it impossible for an attorney to advise a client as to what form of investment could be safely relied upon. Apparently the Savings and Loan principle is still in the ascendancy, and is likely to remain at the top for a long, long time. Very sincerely,

The original is on file in our office.

The Standard is proud of its 30 years, safely earning and paying a 5% dividend—this, with the reserve fund of \$10,000,000 is offered for your consideration when you have money to invest.

WE INVITE YOUR INVESTMENT.

### WANT TO TALK TO EGYPT? Only \$39

Telephone service to Egypt was made available to Michigan people and other telephone users of the country Monday, according to an announcement by R. E. Crowe, manager in this area for the Michigan Bell Telephone company.

The service embraces Cairo and Alexandria and is available to all Bell and Bell-connecting telephones in North America. A three-minute conversation between any Michigan point and either of the Egyptian cities costs \$39, and \$13 for each additional minute.

Egypt is reached over the regular transatlantic radio telephone channels operated by the American Telephone and Telegraph company and the British post office, and a radio circuit between London and Cairo. The circuit distance from Detroit to Cairo is about 7,000 miles. Cairo, with the population of 1,100,000, has some 17,500 telephones, and Alexandria, with 60,000 people, has about 11,601.

People whose pleasures are all staged by lamp-light are liable to blow out their fuse.

Nothing has power to harm us like the loose ends of a broken law.

### Deputy Sheriff Roy Scates Has Rare Collection of Weapons in His Home Near Plymouth-Is Marksman Of Rare Ability

At the corner of Fenkell avenue and Telegraph road a modest farmhouse houses a rare and interesting collection of trophies gathered in his years as a cowboy, sailor and ranger by Roy Scates, deputy sheriff of Wayne county.

Well known in Plymouth where he calls nearly every day, Deputy Scates not only has a collection of exceptional value but his marksman ship with a gun has amazed Chief Vaughn Smith and others who have seen him hit most difficult targets with ease.

Born in Lapeer, Mich., Scates went west as a young man. Colorful years on the prairies, Indian reservations, in the Canadian north west, on the Mexican border followed. These years are reflected in the room in the farmhouse which contains mementoes of his travels and experiences. There are the silver mounted spurs, the saddle, the tennallon Stetson hat, the chaps, the beaded moccasins, the brace of six shooters in their holsters, pictures of famous scouts, and more interesting than all, a collection of weapons.

In the use of firearms, Scates possesses that almost fabulous skill of the old West. He can draw and shoot before the eye can detect the motion, and his marksmanship is unerring.

His collection boasts in addition to more modern weapons, the muskets used in the Civil War, the breech loading Springfield rifle used in the Indian wars of the period of Custer's "Last Stand," a revolver from Italy so small that it can be palmed in a man's right hand, and fully as deadly as the more powerful looking six-shooter at ease in its leather home. There is a marteete used by Mexicans in time of war to inflict deadly injuries upon their enemies and in time of peace to cut down the jungle, a finely tempered and beautiful sword, fencing foils in the use of which Scates is also an adept, and a light and powerful Winchester.

On the wall there is a powder horn bearing the date 1830. An ancestor of its owner went West

with this horn strapped to his shoulder. One of Scates' uncles was a scout under Wild Bill Hickok, and Scates himself was a friend of Buffalo Bill in the days when Cody had become a showman.

Scates himself spent three years under the tents of Sullivan's Wild West shows, and another year on the vaudeville stage.

His five years in the U. S. Navy are reflected by trophies of the East, Rosewood chopsticks from China, a fez from Turkey, a tarama preserved in formaldehyde, and flags of Cuba and Turkey, a cigarette holder of tusk ivory, beautifully carved, from China, and a number of curious coins from Europe are reminders of the years when their owner saw the world through a port hole. As chief teamster, Scates voyaged aboard the vessel that took President Taft and Mrs. Taft to the Panama Canal during the time that Colonel Goethals was superintending the Culbra Cut. He was a friend of Admiral Victor Blue, when that distinguished officer was a lieutenant and navigation officer on the U. S. S. North Carolina.

Since 1916 Scates has resided in the farmhouse at Telegraph and Fenkell. His library contains Shakespeare and Darwin and he says that he enjoys philosophy, history, biology, and drama.

Scates in person fulfills one's notion of the sailor, cowboy, and two-gun man. He is tall, bronzed, grey-eyed, alert and handles his guns with that peculiar ease that comes only from perfect acquaintance.

The cowboy, turned sailor, circus man and vaudeville star, who has visited all of the 48 states many of the European countries, the Canadian Rockies, the Mexican wastes, the seven seas, who enjoys poetry, philosophy, history, makes a rare and engaging combination.

heads, Ross' geese and cackling geese to conform with federal regulations.

The game bird and waterfowl seasons to be effective this year are:

Chinese Ring-Necked Pheasants (male) Oct. 15-28 incl. in lower peninsula. Closed season in upper peninsula. Bag limit: 2 in one day, 4 in possession and 4 in season.

Ruffed Grouse: Oct. 1-12 incl. in upper peninsula and Oct. 15-28 in lower peninsula. Bag limit: 5 in one day, 10 in possession and 10 in season.

Prairie Chicken: Upper peninsula Oct. 1-12 incl. Lower peninsula Oct. 15-28 incl., north of the north line of Van Buren, Kalamazoo, Calhoun, Jackson, Washtenaw, and Wayne Counties. Bag limit: 5 in one day; 10 in possession; 10 in season.

Waterfowl (except woodducks, elders, ruddy ducks, buffleheads, Ross' geese and cackling geese) Noon Oct. 1, E. S. T. to sunset Nov. 30. Bag limit: In one day 15 in aggregate of all species of which not more than 10 in the aggregate may be taken of following: canvasback, redhead, greater and lesser scaup,

### Fix Dates For The Fall Hunting-Duck Season To Be Longer

Dates for the fall hunting season have been fixed by the state conservation commission.

Upper Peninsula hunters will have their first opportunity in years to shoot Ruffed Grouse next October since the Conservation Commission did not renew the closing order. The Commission, at its July meeting, also approved regulations conforming with the federal regulations for migratory bird seasons, bag limits and minor rules.

The open season for Ruffed Grouse in the upper peninsula this fall will be October 1 to 12 inclusive. The lower peninsula season will be the same as last year, October 15 to 26 inclusive. The bag limit of five in one day and ten in a season remains unchanged.

Among the more important changes in the waterfowl regulations to be effective during the coming fall include the lengthening of the duck season to two months, from Noon October 1 to sunset November 30; limiting the number of certain species which may be taken in a day; and limiting the number of live duck decoys that may be shot over at one gunning stand to 25. There will be no open season on woodducks, ruddy ducks, buffle-

### Wayne Merchants Get a Trimming By Radio Ad. Scheme

The following is taken from the last issue of The Wayne Dispatch and tells how some of the merchants of that town were taken in by a radio advertising scheme that proved profitable to the solicitor that got the money and the radio station:

**FOOLISH ADVERTISING**

Several merchants of Wayne, according to reports, have agreed to pay out good money in order that their names may be used over the Royal Oak broadcasting station. Through such advertising, these merchants expect to increase sales, although we'll be very much surprised if this advertising is heard by more than two people in this whole trading area.

Radio is a wonderful invention and is a source of extreme pleasure in many homes. But, as an advertising medium, especially for a retail merchant far removed from the broadcasting station, it is a distinct flop. Ask any retail merchant of a small community that has ever made this mistake, and he'll truthfully tell you the results of such advertising are worthless.

Merchants who have been roped in to do this advertising should ask themselves these questions: How many radio owners in this section tune in consistently on the Royal Oak station? How many radios are there in this trade territory? What assurance have you that your radio advertising will be heard by the people you wish to make your customers? Is it logical to believe that people near Royal Oak are coming here even though you are offering outstanding bargains? Think it over. There's no possible way that results from such advertising will be profitable.

Compare radio advertising with newspaper advertising. Your ad in a newspaper reaches the majority of homes in this trade territory every week throughout the year. The newspaper reaches just those people who are and can be your customers. A merchant knows exactly how many people take the newspaper, and is equally certain the newspaper and his ad is read because the paper is paid for a year in advance for just such information. Newspaper readers want to know what the local stores are offering as specials, but the radio listener finds radio advertising a nuisance. Entertainment without

advertising is the only thing wanted over radio.

Merchants in Wayne will profit by turning a deaf ear on any future advertising stunts of this nature that means just throwing money away. Place your advertising messages where they'll do the most good. Needless to say in Wayne the best, most profitable advertising medium is The Dispatch.

### Wayne Frolic and Festival Oct. 14-15

Dates for the holding of the second Fall Festival and Frolic were officially set at October 14 and 15 at a meeting of the board of directors of the Wayne Board of Commerce Tuesday night. Other plans also were discussed.

Representatives from the various business, social, and civic organizations will be asked to attend a meeting to be held Tuesday night, August 16, at which time complete details for the affair will be made and committees probably will be appointed.

Tentative dates for the holding of the Fall Festival previously had been announced, but the directors decided that Oct. 14 and 15 were more appropriate for the occasion.

According to present plans, the Fall Festival will be conducted

along the same lines as the first festival two years ago.

Merchants will have displays, and the building where the festival will be held will be festively decorated. Other features of the last festival, which was unusually successful, will be carried out.

All money which is received in the festival will be used for welfare work this winter. It was announced. This plan is believed to represent the easiest and less burdensome way of raising necessary funds to carry on the work. Money from the last festival was used for the Wayne County Branch library here.

Plans for the holding of other functions throughout the year also were discussed by the board, and work on such activities will be started after the festival has been held.—Wayne Dispatch.

Yes ma'am that's quality GROCER TOUR

**FARMINGTON MILLS**

## The TIRE That Taught THRIFT To MILLIONS!

**FIRESTONE** tires appeal to the thrifty. They give Extra Values at the lowest prices ever known.

Firestone do not manufacture tires under special brand names for mail order houses and others to distribute. Special brand tires are made without the manufacturer's name. They are sold without his guarantee or responsibility for service.

You take no chances on Firestone tires. They are silent, safe, long-wearing — and each tire bears the Firestone name, which is a guarantee of satisfactory service.

Firestone's greater economies in buying, manufacturing, and distributing make possible these greater values and lower prices.

Stop at our store today. See sections cut from Firestone tires—special brand mail order tires and others. Take these sections in your own hands—compare Quality and Construction. Then you, too, will know why—“Firestone is the tire that taught thrift to millions!”

**Extra Values GUM-DIPPED CORDS**

The Firestone patented Gum-Dipping process transforms the cotton cords into a strong, tough, sinewy unit. Liquid rubber penetrates every cord and coats every fiber, guarding against internal friction and heat, greatly increasing the strength of the cord body, and giving longer tire life.

**TWO EXTRA CORD PLYS UNDER THE TREAD**

This is a patented construction, and the two extra cord plies are so placed that you get 56% stronger bond between tread and cord body, and tests show 26% greater protection against punctures and blowouts. It sets a new standard for tire performance on high speed cars.

**NON-SKID TREAD**

Tough, live rubber specially compounded for long, slow wear. Scientifically designed non-skid gives greater traction and safe, quiet performance.

PROBATE NOTICE 172434

25 YEARS AGO Interesting bits of news Taken from Plymouth Mail

The temperature slipped a few degrees Friday when it went down to 60 degrees, the coldest for this time of the year in 37 years.

The council has passed a curfew ordinance, for the enactment of which there was a large petition. It keeps children off the streets after 7:30 unless accompanied by their elders.

Albert Harrison got a little too near the lion's cage when at the circus the other day and received as a result an ugly scratch on the back of his neck.

Miss Sattie Spicer and her fox terrier while out in the woods on the Spier farm the other day ran across a big badger, which they killed.

Miss Hazel Huffman has been engaged to teach the sixth grade of the Plymouth school for the next year.

Miss Zaida Pinckney and James L. Johnson were married at high noon at the bride's home, last Saturday, only the immediate relatives being present.

George Fisher of Livonia Center is laid up with a jolt's commotion on his arm and a crushed foot.

The following prices are being paid on the Plymouth market: Wheat, 80 cents; Oats, 45 cents; Rye, 57 cents; Potatoes, 25 cents; Butter, 21 cents; Eggs, 18 cents.

"Slaughter Sale of Shirt Waists"—39 cents to \$1.90. Sun bonnets for 39 cents. Gents summer underwear 39 cents. J. R. Ranch & Son.—Ad in Mail.

C. G. Draper and Warren Lombard left today for a stay at Higgins lake.

Mrs. M. J. Kellogg and Dwight Chaffee are now living in their new home in Detroit.

F. J. Stocken has moved into the L. H. Bennett house on Main street. Ed. Gayle spent Sunday in Grand Rapids.

If all who act from vainly grew peacock feathers we should have a fuzzy world.

Those worrying about two things: those that you can help and those that you can't.

MICHIGAN BELL TELEPHONE CO.

Tell them to VISIT MICHIGAN

If your out-of-state relatives and friends like to picnic beside sparkling streams... wander along old Indian trails... or camp on the shores of picturesque lakes, tell them to vacation in Michigan.

The millions of dollars spent each year by Michigan's thousands of visitors add to the prosperity of the state. Let us also spend our own vacations in Michigan this year, thereby contributing still further to its prosperity.

And wherever you go, dispel worry by telephoning home and office frequently. Call friends to tell them when you will arrive. Telephone ahead for hotel accommodations. Long Distance rates are low.

hose for the lee side of the first house, only to have to resume work in four minutes, as the storm was short and sweet.

Just Four more weeks and the Manual Training Instructor will get Old Glory out of moth balls and the entire best in order to hoist it to the top of the pole to announce School Days are here again.

Then too, daddy is sharpening the old jack knife to busy on the writing ends of Junior and sister's pencils.

A number of new faces will be seen by R teachers for the first time, and Miss Ethel M. B. will have several young folk in the Kindergarten Class for the first time.

And Chester's School Bus will take a number more to the P. H. S. and home again.

Broken Bones was the feature of the Ball Game at the Butterfield Club meeting last Monday Eve about dusk.

The Men's Club has been having some open air events, and "Hester Heine, Melrose Ave. over-street and landed on his right arm instead of the ball, net result—broken bones for Doc Brishols to fuss with. Now Heine ents, talks and is selling shirts with his left hand, so if you can help out on the shirt selling it will be helping a lot.

Flowers of unusual beauty and rarity are coming to the Church Altars these blooming days. Mrs. Kinahan and Mrs. Heine are taking care of St. Michael's Altars this month and the ladies certainly have been generously supplied.

Flowers in vases, bowls and baskets were in profusion of color and odor the past week.

As they are very perishable during hot weather don't hesitate to keep fresh supplies every day or so.

Many thanks of the Pastor and the Parish to those who have sent flowers and will send them in days to come and to those who are sending clear glass vases in pairs with which to hold them, and we almost forgot about baskets, did you notice the two filled with flowers the past week.

There is room for several more Fish by the ton, honest injun, were brought in by Rev. John E.

Games for children and older incl. checkers.

New friends, old friends, and neighbors gathering together with gossip of the new parish and its advancing stages.

Landscaping again are the Land Co. Boys: Supt. M. Hooke is busy making the black dirt by the outdoors to grade, bed-down and all together to tidy up for the new parkway, fence shrubs and all.

The plan is now taking shape and the scheme is complete, the work progressing, with the weather favoring everything it is expected that the new half mile parkway will have been completed in a six week period.

Hail Storm last Monday noon ended the air and was the delight of Kiddidom, as the ground was white for a few moments, and about the greenward looked like so much white clover in bloom during the storm.

Bro. Walt G. and Leslie G., who had the red, red water wagon tending flower and shrubs took refuge in the truck cabin, and Bro. Bill S. and Adolph S., drop their

Contway last week. Fr. Contway, and three other priests report that a round (or sq.) ton of fish got on their hooks and most all in their boat.

We are all going over to learn how to do it, and maybe someone else from the Butterfield Club will be there Monday Eve to tell us how to do it. But we have a picture (real photo too) of just one about a meter long, gross (water) weight approximately 30 lbs., "macrodonipson" and a well known resident is holding the thing up to show all who may gaze upon the picture who is supposed to be the one who caught it (the fish).

Lend a needy man a hand. It will help him more than handing him money.

Here's to the other fellow—may we be as good as we want him to be.

Great sins destroy few. Little leaks sink more boats than great racks.

Whoever boasts of his goodness or culture advertises that he has neither.

The back-biter eventually bites himself.

A wish never yet hooked a fish.

Coming Attractions At Penniman Allen

"LADY AND GENT" Two "wise eggs" who were too wise... "THE MAN FROM YESTERDAY" Claudette Colbert and Olive Brook are co-featured for the first time on the screen in "The Man From Yesterday," coming to the Penniman Allen Theatre on Wednesday, August 17.

"HELL-FIRE AUSTIN"

Ken Maynard and his equine pal, Tarzan, are again in town. They will appear at the Penniman Allen Theatre Saturday, August 20, in Tiffany Productions "Hell-Fire Austin." With all the suspense and excitement of the usual western, there is the added thrill of a fast cross-country race in which Ken and Tarzan are seen speeding to victory in one of the most dangerous rides of their career together.

"HELL-FIRE AUSTIN"

With Ken in "Hell-Fire Austin" are Ivy Merton, Alan Roscoe, Nat Pendleton, Jack Perrin and Lyle McKee.

NEW BURG

There will be no preaching service next Sunday, Sunday school at 11 a. m. 46 were in Sunday school last Sunday. The Nowburg School Homecoming will be on the school grounds Saturday afternoon, August 20. The L. A. S. will have a stand, games and races and horse shoe throwing will be events of the day.

Service Men Ask That Flags Remain

At a well attended meeting last Monday evening the Ex-Service Men's Club, attended by citizens and representatives of other organizations of the City, the matter of the taking down of the American flags from the graves of the Civil War, Spanish-American War, and World War veterans was discussed from every angle.

The opinion of the citizens and the veterans was that the action of the authorities in that case was contrary to the wishes of the vast majority of the citizens, and to the Ex-Service Men's Club as representing 65% of the veterans of Plymouth. It was concluded by most of the speakers that even though the city authorities had a legal right to remove the flags from the graves it would have been more courteous and with the sense of respect due those who fought in defense of that flag to have at least consulted the wishes of the citizens and particularly the veterans of the soldiers and sailors who have answered the last roll call.

Following the discussion the following resolution, in effect, was adopted by the members present and ordered transmitted to the city council. "That the club protest the taking down from the graves of the soldiers and sailors of the Civil War, Spanish-American War, and World War comrades, and that the City Council and the Cemetery Board be respectfully requested to replace the flags upon these graves and that they be instructed that the Ex-Service Men's Club will obligate themselves through their Graves Registration Committee to patrol the cemetery and periodically replace any flags which may be faded or torn, and that these flags be permitted to fly upright upon these graves from Decoration Day through the summer and fall and until such time as snow and storms make it no longer possible to display them."

The commander, in order to inform the citizens and others who may be interested, deems it advisable to restate the objects of the Club and who may belong to it. The position of the Club in Civil affairs is only that of a body of citizens interested themselves in the good of the whole body of citizens, and is not as a Club interested in politics or in party.

For the last six years the Club has been interested particularly in welfare work, not only among the veterans, but among the old folks and children who have not had the advantages which children enjoy in this town. Among other activities the Club sponsors a Boy Scout Troop and has always been interested in teaching and sponsoring methods of proper respect and etiquette of the Stars and Stripes through the pamphlets issued by the National Americanization Committee of the Veterans of Foreign Wars of the United States, and the Americanism Commission of the American Legion.

Unlike the American Legion and other veteran organizations which limit their membership to certain classes of veterans, the Ex-Service Men's Club of Plymouth enrolls veterans of all wars in which the United States took part, and in addition those veterans of our Allies in the World War. The present membership includes veterans of the Civil War, Indian Wars, Spanish American War, World War, and Canadian, British and other Allied veterans. It can be seen then that this Club cannot enter into partisan politics or matters which concern only class legislation, but must on the other hand consider civic and national and economic questions from a standpoint of universal good.

PHILCO APPOINTS NEW LOCAL DEALER The Philco-Detroit Company has recently appointed the Wilson Radio and Television Laboratories of Plymouth to handle Philco Radios, and accessories. They believe that with the service ability of this company, Philco owners and prospective buyers in Plymouth and surrounding communities will be given prompt and courteous service.

The Wilson Radio and Television Laboratories opened here last February with a complete laboratory equipment for Radio work and have recently moved from the Mayflower hotel building to 754 Penniman avenue. Mr. Wilson is responsible for the free street dances held in Plymouth but regrets to announce that they will have to be discontinued temporarily.

Cherry Hill The Sunday School Picnic will be held Wednesday at Portage Lake. Misses Audrey and Imogene Smith of Worthington, Ohio, are spending the summer with relatives here.

Many friends and relatives were entertained at a family gathering Saturday evening at the home of Mr. and Mrs. Roy Losey of Stony Creek in honor of Mr. and Mrs. Earl Smith and Mr. and Mrs. Henry Smith and families of Worthington, Ohio.

Mr. and Mrs. George Gill entertained company Sunday. Mr. and Mrs. W. O. Stewart, Ruth Oliver and Mrs. Mabel Robinson of Detroit spent Sunday afternoon with Mrs. Jennie Houk and Jane Oliver. Jane returned to Detroit with them to spend the week.

Miss Fleurletta Schultz of Dearborn spent Monday with her sister, Mrs. Walter Wilkie and family. Mr. and Mrs. Knudt Jorgensen called on Mr. and Mrs. Henry Smith and Mr. and Mrs. Earl Smith at the home of Mr. and Mrs. Roy Losey, Sunday.

CANTON CENTER WINS ANOTHER In Sunday's game the speedy Canton Center team took Salem into camp by a score of 13 to 7. The box score follows:

Table with 2 columns: Player Name and Score. Rows include K. Belros, E. Howers, Wilson, Louis, Campbell, etc.

SOCIETY AFFAIRS

William Frederick Wernet was given a pleasant surprise Monday afternoon at his home on the North Road when eleven little friends of his neighborhood joined him in celebrating his ninth birthday. The afternoon was merrily passed in playing various games after which Mrs. Wernet served them delicious cake and ice cream. Those present were Johanna and Jimmy McGraw, Arline Roth, Beverly Smith, Laura Esring, Richard and Edward Strong, Allan and Billy Bennett, Jean Thompson and Richard Feltz, a cousin, of Detroit. William received several lovely gifts in remembrance of the occasion.

The members of the Tuesday afternoon bridge club had a most enjoyable day Tuesday at the summer home of Mrs. John Olshaver at Bass Lake. A picnic dinner was the main part of the day's program. Those attending were Mrs. J. Merle Bennett, Mrs. J. J. McLaren, Mrs. J. W. Bickenstaff, Mrs. Maxwell Moon, Mrs. Glenn Jewell and Mrs. Henry Baker.

A delightful farewell party honoring Mr. and Mrs. Austin Whipple on

Mr. and Mrs. J. T. Moore were given last Thursday evening at the home of Mr. and Mrs. Orson Polley on Plymouth Road. A pleasant evening was passed with bridge after which a delicious cooperative luncheon was served. Mr. and Mrs. Moore and children left Plymouth Saturday and are planning on making their home nearer Detroit. The other guests were Mr. and Mrs. Ralph Lorenz, Dr. and Mrs. Paul W. Rutz, Mr. and Mrs. Roy Crowe and Dr. and Mrs. Walter Johnson of Northville.

Dr. and Mrs. John H. Hutchins and son, Francis, Mrs. Ida Smith and son, Francis Smith, of Detroit enjoyed a picnic dinner Sunday with Dr. and Mrs. H. A. Mason and the latter's sister, Miss Carrie Hirocks, on their lawn on North Territorial Road.

Mr. and Mrs. Harvey H. Nowell attended a dinner Friday evening at the home of her sister, Mrs. Don Voorlies, in Detroit given in honor of their mother, Mrs. Ida Nowland, whose birthday occurred on that day.

On Monday evening Miss Camilla Ashton entertained Miss Esther Warner and the Ver Mullen of Kalamazoo and Edward DePorter, street.

Mrs. Surlia Ashton entertained at dinner Sunday at her home on Ann street her son-in-law and daughter, Mr. and Mrs. G. A. Bakewell and family of Plymouth Road and her brother-in-law and sister, Mr. and Mrs. Walter Shad of Detroit.

Mrs. Robert Cowan and children of Ferndale were luncheon guests Wednesday of her parents, Mr. and Mrs. E. C. Hough on Ann Arbor street.

St. Peter's Lutheran Church shortly after nine o'clock. Mission Festival this year will be held outdoors in some park or grove, on the last Sunday in August. The Pastor will deliver the morning address, while the Rev. Otto Turk, City Missionary of Detroit and of Wayne County Institutions will give a lecture on his work and experiences in the afternoon. The public is cordially invited to attend. Specific information concerning location and time of service will be given shortly in the Plymouth Mail.

Our Sunday School Picnic

There was no doubt whatever as to the popularity of our Sunday school picnic with young and old alike this year. We estimate that over three hundred were present, of whom 100 were children. The afternoon was spent with the children in playing all manner of games and contests for which generous prizes were awarded. The teachers of our Sunday School had their own classes, Miss Luella Ash of the Tiny Tots, Mrs. Walter Ebert of the Primary Class, Miss Geraldine Schmidt of the Intermediates, Miss Hildur Carlson and Mrs. Hoenecke of the Junior Girls and Albert Holthe and the pastor of the Senior boys and girls.

We were very sorry not to have our faithful Junior teacher, Miss Sarah Gayde with us at the picnic. But Miss Gayde was spending her vacation in northern Michigan and could not come. The Ladies' Aid meeting was held at the picnic grounds and was often interrupted by the fact that the ladies became interested in the games and contests and forgot their duty. But the picnic comes but once a year. And to show us how well they enjoyed it, the ladies gave the Sunday School eight dollars of the money they collected at the Pot-Luck supper, which practically wiped out the major item of expense which the picnic entailed for the S. S. treasury. By special arrangement with Glenn Smith, the genial ice-cream and popstand manager of Plymouth and Riverside Park, we were able to award our children with tickets to be used at Mr. Smith's stand for their faithful attendance during May, June and July, 300 of these tickets were honored by Mr. Smith by the time the evening and end of the picnic had come. We were certainly grateful to him for his courteous consideration and kindness. Thank you, Mr. Smith.

After the fine supper under the trees the men resorted to the baseball grounds and tried their hand at a game. We were not to blame for the aching limbs and muscles of a few days after, ladies, because the fun of an old-time baseball game was so contagious that they all swarmed us with entreaties to let them play. And we'll play again; for it belongs to life and living to laugh, to be merry and happy to play and be young.

Many have approached us for another arrangement like that of last Wednesday. We shall try to conform to their wishes and arrange another picnic either in August or the beginning of the new month.

CHRISTIAN SCIENCE CHURCHES

"Spirit" was the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, August 7.

Among the Bible citations was this passage (1st Cor. 7:12): "Saying, Amen, blessing, and glory, and wisdom, and thanksgiving, and honour, and power, and might, be unto our God for ever and ever. Amen." Correlative passages read from the "Christian Science Textbook, Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following (p. 57): "The more material the belief, the more obvious its error. Until divine Spirit, supreme in its domain, dominates all matter, and man is found in the likeness of Spirit, his original being."

BEECH M. E. CHURCH

Frank M. Purdy, Pastor At Plymouth and Inkster Roads Preaching service at 9:00 a. m. Sunday-school at 10:00 a. m. A hearty welcome awaits all.

ALIEN ROUND-UP NOT TO END SAY U. S. OFFICIALS

According to information received recently from the U. S. Immigration offices at Detroit, a series of spectacular raids under the supervision of Murray W. Garsson, are still awaiting the action of Federal authorities. All accounts published recently in newspapers of the district, in which was stated that all but 51 had been released, were denied by U. S. officials.

According to approximate figures, obtained from U. S. officials, 150 of these men have been released on their own recognizance, pending further investigation. 150 are out on bond; 55 are still held in jail while 40 have been cited for deportation. It was also stated that 25 proved to have criminal records.

Federal authorities stated that there is still much work to be done in Dearborn and Detroit and that their task of weeding out undesirable aliens from every district was far from being completed. Every detail concerning their life in this country since coming here is being checked closely and while some have been released they are subject to call for questioning at any time, it was stated.

Mr. Garsson commended the Dearborn police department for the splendid work which they have done in cooperating with his men. He also spoke highly of the efficiency of the department and of the high calibre of men employed for police work here. The local police, directed by Chief Carl Brooks, have been working long hours with the Federal men rounding up the aliens. —Dearborn Press.

Water Shortage at Wayne Threatened

Whether or not Wayne will experience a shortage of water this summer depends on St. Peter, Charles Gandy replied Tuesday in answer to a query. By St. Peter, it was ascertained, he meant the heavens and that a shortage of water would be warded off by the copious downpouring of rain from the heavens.

And early Tuesday morning it appeared that St. Peter was not unkindful of Wayne's needs for at that time it began to drizzle with indications that it would rain all day. A steady rain for a day and a night would supply Wayne with enough water to last out the summer, Gandy estimated.

Last year the shortage of water became acute on August 25. At that time a temporary main was laid above ground from Inkster to Wayne and local needs filled in that manner. This main has since been taken up but the pipe which is the property of the Detroit Water Board, has been retained at Wayne should an emergency arise this year.

There is a possibility, Gandy said, that if the local source proves insufficient, Wayne will be able to get an ample supply from the Eloise main this year. In previous years Wayne has not been able to secure enough water from this main to take care of all its needs at such times when no water could be taken from the River Rouge.—Wayne Dispatch.

The need of the hour is not more golden deeds, but more golden deeds. People often rush out for zest when they need rest. Allow your moral stamina to ooze out and you are certain to lose out.

When in Venice Royalty Does as Venetians Do

When the king and queen of Italy visited Venice to take part in the opening of the International Exhibition of Art they boarded a gondola and led the gorgeous procession which is here seen passing the famous Ducal palace.

NETHEM WINS FOUR STRAIGHT BY SAFE SCORE

Four straight games have been won by the fast Nethem team as a result of Sunday's victory. Andy Gale let down the Michigan Hard-ware team with nine hits and Nethem won by the score of ten to three.

The game started off as a pitcher's battle for four and one-half innings than with the motor city boys leading two to one. Nethem started one of their famous rallies and when the fifth inning was completed they were leading six to two. Elmer Nethem batters struck out, while Gale got six M. H. A. batters on strikes.

By winning Nethem reached the five hundred mark for the season, winning and losing four games each. Two base hits were gotten by the following: Barker, Rysh, Jahlle, Nethem, Tonkovich and Joe Schomberger while Zielasko had two.

Scoreboard table for Nethem vs Michigan Hardware. Columns include player names and statistics like hits, runs, errors, and total score.

JOHN H. MERRITT

John Herman Merritt was born on December 14, 1889 and departed from this life, August 1, 1932. He was the eighth child of Joseph and Martha Merritt who had a family of six boys and six girls.

Many Michigan Industries Show Increase While Production of Auto Plants Begins To Show Decline in Production of Cars

Evidence accumulates that not a few specialized lines of industrial production in Michigan are enjoying good business in spite of flattened markets in other fields.

On the other hand, there is plenty of indications of a let down in the production of motor cars and allied products. Several auto plants are virtually closed, ostensibly for inventory-taking as well as in preparation for the making of new models for the 1933 market.

July auto production, pending release of official figures, is not expected to top 150,000 units, as against an expectation of at least 175,000. Decline in Ford operations partly accounted for the lowering of July output. Ford production dropped to around 3,000 daily, for five days a week, as against 4,300 motors daily a few weeks ago.

Sandusky, Marine City, Flushing, St. Clair, Dearborn, Lincoln Park, Allegan and New Baltimore have projects for public improvements in view for the financing of which they hope, through the aid of the Michigan Committee for Trade Recovery, to obtain loans from the Reconstruction Finance Corporation.

Allegan has spent \$220,000 on construction of a power dam on the Kalamazoo river and desires \$300,000 more to complete it. New Baltimore proposes extensive water main installations.

Col. Walbridge urges district chairman to submit their schedules of contemplated work promptly.

Although terms under which loans can be made for public projects are so self-flattering, nature has yet to be passed upon in Washington, Col. Walbridge says that a comprehensive schedule is necessary at the earliest possible moment.

Three fundamental tests, he said, would be applied to determine the advisability of building jobs. The first is for the structure, the number of men that might be given employment, and assurance of the enterprise financing itself were stipulated as loaning standards.

Homer Furnace Manufacturing Company, Colwater, largest employer of men in Branch county, has announced sufficient orders to warrant six full working days per week as well as a night shift three nights a week.

Resumption of capacity operations is announced by the Kalamazoo Paint Company, Kalamazoo. Officials report that the latter part of July sufficient to keep the plant running for several weeks.

About 120 men are reported to work in the shops of the Ann Arbor Railroad Company, at Okemos, Wednesday morning. Only the locomotive repair department is open, the car department remaining closed. The shops have been closed since July 15.

Oshtemo county's four remaining plants have been operating overtime in a record-breaking week of Michigan cherries. The New Era Company pack will be 300,000 pounds or 100,000 more than last year. Oshtemo Canning Company will can 500 tons as compared with 750 tons last year.

Midwest Chemical Company, Inc., newly formed Lansing concern specializing in manufacturing heavy industrial acids and chemicals, has opened its plant at 425 East Shiloh street, Kalamazoo.

Eastern rubber specialties plants of the F. S. Rubber Company are calling back thousands of workers after a two week's shutdown. A large volume of new orders, has been received. The Detroit tire plant has been one of the busiest units in Michigan all summer.

It is understood in automobile circles that Midland Steel Products, of Cleveland and Detroit, has received a contract from Chrysler Motors to supply frames for the company. Contract has been estimated to run over \$5,000,000.

The building committee of the State Administrative Board on August 1 approved the construction of a \$300,000 receiving hospital at the Newberry State Hospital, as well as participation with the City of Newberry in building necessary sewers and a sewage disposal plant at a cost of not more than \$25,000. New buildings at the Michigan Home and Training School, Lawton, costing \$200,000, also were approved.

June automobile production in the United States and Canada totaled 190,204 cars, trucks and taxicabs compared with 192,505 in May and 257,475 in June, 1931, according to reports of factory sales to the Department of Commerce. For the first six months of the year, output was 1,111,092 units against 1,430,027 last year.

Passenger car production in the United States and Canada was 166,411 in June against 164,952 in May and 215,619 in June, 1931. For the first six months, passenger car output was 1,111,092 units against 1,430,027 last year.

BUNGLING—BUT NOT BURGLARING. Bumbling, at times, as capitalism has been in this great country of ours, don't fail to remember that its system was responsible for a large part of the physical comforts and conveniences that we now enjoy.

Capitalism does, in a very real sense, recognize property rights and respects the whole system of government to protect it against violent confiscation. Remember that when you are tempted to turn an attentive ear to the pleas of anything that is Russian in appearance. There is no gainsaying the fact that, as a nation, we are moving toward a more wide distribution of material wealth; but let us pursue this course without disturbing the fundamental principals of our form of government.—George Averill in The Birmingham Eclectic.

A hypocrite compliments the real Christian by trying to counterfeit him.

COUNTY WINS IN ROAD WIDENING SAYS ED. HINES

A condemnation commission in Judge Ervin R. Palmer's court has just returned a verdict on thirty-five pieces of property, taken for the widening of Grand River Superhighway from Six Mile Road to Berg Road through the old village of Redford, stated Road Commissioner Edward N. Hines yesterday.

The total amount of the award which has been confirmed by the court is \$21,871.90. The pavement will be widened to 90 feet on the new 120-foot width of right of way where it has not been previously widened and will eliminate for all time the Redford bottle neck, stated Mr. Hines.

From Six Mile Road to Berg Road, a distance of 4.344 feet, the width of right of way is now 120 feet, and from the Berg Road to the Oakland County line, a distance of approximately three miles, Grand River Superhighway is widened to its Master Plan width of 204 feet. This wider width of right of way is extended several miles into Oakland County.

Grand River Avenue serves a larger area of territory than any thoroughfare in the City of Detroit, and the 120-foot width should be extended down to Washington Boulevard. If a setback line of 10 feet on each side of the street was established, this could be accomplished over a period of time at a minimum cost and inconvenience to public, said Mr. Hines.

Garden City to Keep Its Branch Library

Continuation of plans for new quarters for the Garden City Branch of the Wayne County Library were authorized by the village commission Tuesday night. The clerk was authorized to notify the Library Commission that, inasmuch as arrangements had been made and contracted for new quarters prior to the receipt of an offer by the Folker company to continue to provide library quarters rent free for one year, it will be impossible to alter these arrangements.

The new quarters are located in the store building on Ford Road just east of Middle Belt, formerly occupied by a plumbing firm. The commission authorized that shelving be installed in this building.

Early in the year the Folker company that a rental of \$12.50 per year would be charged for the library this year. Subsequently the company received a letter stating that the rental demanded had been increased \$100 to offset what the Folker company claimed was unfair assessment of its properties.

Whether purposely or not, the letter did not state specifically whether the \$100 boost was for the period of a month or a year. From the contents of the letter the commission could only believe that the boost referred to the monthly rental. Rather than pay this unwarranted increase the commission made arrangements for new quarters at a reasonable figure.

When final arrangements for the new quarters had been completed and only then, the Folker company somewhat naively informed the village that the \$100 increase in rental demanded was intended to be spread over a year. Subsequently the company informed the library commission that it was ready to provide library quarters rent free—knowing, as the commission had already entered a contract for the new quarters.

The claim of the Folker company that it had been discriminated against in the assessment of the village has been refuted by officials. No change was made in the Folker assessments, though cuts were ordered in some pieces of farm lands, notably the Spaldinger and Schmitz farms, which in the opinion of officials were over-assessed in the past.

The effort has been made to equalize so far as was possible, the assessments on similar pieces of property and to conform as closely as possible to the assessments as Wayne Review.

One's greatest personal enemy is his enmity against another. There are no great jobs; the other fellow's heard has as many knots as yours. What a humming world we would have if all the time-serving workers were put to work serving time. Profanity is the language by which present day actors raise a laugh.

Nothing can be right outside of us when we are wrong on the inside. Married people who neglect to take time for courting gravitate toward the courtroom. No man is under necessity to win; we are only expected to play well our hands.

START PLANS FOR ANNUAL FLOWER SHOW AT WAYNE

Final plans and arrangements for prizes to be given at the annual Fall Flower Show, which will be held Friday and Saturday, August 26 and 27, were made at a meeting of the Flower Show committee last Thursday night, according to Mrs. John Enot, chairman of the committee. The show will be held at the Wayne High School auditorium as in the past, it was said.

The auditorium being selected as the most fitting place for the arrangement and display of the flower entries. Every effort is being made by the committee to make this year's Flower Show one of the most beautiful and the largest exhibitions ever to be held in Wayne. Present indications are that a record number of flowers will be entered. By the flower growers of this district, and preparations are being made to care for the large number of residents of the vicinity who are expected to attend.

Entries in the Flower Show will be received until 2 o'clock on the Friday afternoon of the show, and judging of the various displays will start at 3 o'clock. It was said that for the occasion have not been selected as yet, Mrs. Enot said, but their decisions will be placed on the winners when the show opens to the public at 6 o'clock Friday night. The auditorium will remain open until 10 p. m., and on Saturday from 10 a. m. until 10 p. m.

The committee this year is expecting to see a large number of bird baths, urns, trellises, shrubs, bulbs, and seeds entered for the awards in those particular classifications, and these displays probably will attract much attention, it is believed.

A children's exhibit also is planned for this year's show because of the fact that a number of children have made and worked their own gardens or at least have helped in the regular home garden. In this exhibit, each child will be allowed one entry, and appropriate prizes will be awarded.

A separate section is also planned by the committee for the entries of flower growers not living in Wayne, many inquiries being received from these people that they be allowed to enter exhibits. Substantial prizes will be awarded to winners in this section.

Another new feature of this year's show will be the showing of pairs of vases containing flowers, identically arranged. All flower growers who have a pair of vases are urged to enter this display, it was said.—Wayne Dispatch.

Herman Lau Makes Good As Treasurer

Herman R. Lau, Wayne county treasurer, is privileged to point with pride to the record for economy that has marked his term of public service. He has saved property owners and home owners of Wayne county many thousands of dollars by a policy of retrenchment that has marked his administration of the treasuryship.

Mr. Lau was successful in private business, when he conducted a retail shoe store for a number of years, and he has been a pronounced success as a public servant because of his application of the rules of private business to a public business office.

"I want the public to be waited on with the same alertness, the same efficiency, and the same courtesy that I demanded of my clerks toward the customers of my shoe stores, is the way Mr. Lau looks upon a public service, and many nice words are heard in Plymouth as proof that his methods have won recognition.

The strictest kind of discipline is enforced under Mr. Lau's administration of the treasuryship. Each clerk knows in an reporting for work in the morning, with the hour of his arrival put down, but there is cheerful and willing compliance with this somewhat of an innovation because the head of the department asks none of those under him to quit in more hours than he himself puts in. He is at the office often ahead of his clerks and is to be found at his desk long after the close of the working day. He is personally available at all times for matters that need his judgment and decision.

Behind Mr. Lau's capacity for the important office of treasurer, there is a splendid personal character, which, coupled with his earnestness of purpose and his loyalty to a trust, recommend him highly for retention in a service in which he had made good.

### YOUTHFUL MINISTER SUPPLIES PULPIT OF FEDERATED CHURCH

Young People's Week at the Salem Federated Church was opened with an "old-time" evangelistic meeting on Sunday, August 7th. The guest preacher was the young minister who could be secured for the service, Shirley Douglas Kinde of Kinde, Michigan. Mr. Kinde is taking the Pastors' course at the Moody Bible Institute, and is having a few weeks' vacation. Somehow, the young man's bearing and manner made one think of the disciple whom Jesus loves. It would be hard to find a more appealing message to young people than the one of Jesus feeding the multitude, bearing in mind especially the minister's use of a little boy's lunch to feed and bless so many.

The service was opened with a trombone solo, "Praise Him, Praise Him" played by Clyde Van Patten of Detroit, and who played a solo in his home town also. Mr. and Mrs. Harmon Kingsley of Wayne sang the Twenty-third Psalm with their usual evangelistic appeal. Fred Foreman sang an old-fashioned hymn with Mrs. Sarah Stanbro at the organ. This was much appreciated as it was so in keeping with the spirit of the hour. As an invitational hymn, Mr. Van Patten sang "When They Ring The Golden Bells For You and Me," playing his own accompaniment on the piano.

After a short recess the Sunday School hour was given over to Mr. Kinde who addressed the entire school using as a text, Matthew 23:37, "But as the days of Noah were, so shall also the coming of the son of man be." Here the young preacher displayed not only his fine spiritual achievement, but his unusual ability and fine training, as well. He kept the children enthralled with the story of Noah's faithfulness to God, while impressing the older folks with the significance of these ominous times in which we live. Mr. Foreman's solo in the earlier service was on the Noah theme, also. One of the high lights in the Bible School hour was Mr. Van Patten's solo, "The Old-Fashioned Meeting," and all greatly enjoyed the hand saw solo, "The Old Fugged Cross," when he invited the school to sing the chorus to his accompaniment.

A man whose character is solvent will be able at last to solve life's problems.

### LOCAL NEWS

Roland Fritout of Jackson was a weekend guest at the J. B. Hubert home on Ann Arbor street.

Mr. and Mrs. H. W. Basso of Youngstown, Ohio, are visiting at the home of their son and daughter-in-law, Dr. and Mrs. Paul H. Basso, on Irving street.

Mr. and Mrs. J. B. Hubert left Thursday morning for a few days trip in the northern part of the state combining business and pleasure.

Edward Gelsler and William Berery Jr. of Coloma were guests of Charles Ball, Jr., several days last week. On Sunday they spent the day at Leamington, Ontario, with the latter's friend, Jack Bee.

Mrs. Donald Bouton and children of Warsaw, N. Y. have been visiting her sister, Mrs. Wm. Fishlock for the past week on Friday. Mrs. Fishlock is entertaining friends and relatives at a birthday party in honor of Mrs. Bouton. Mrs. Bouton was formerly Miss Grace Mack of Plymouth.

Mrs. Donald Bouton of Warsaw, N. Y. spent several days with her parents, Mr. and Mrs. Herman Mack at Base Lake.

Delite Taylor and Evelyn Rorabacher are spending this week at Portage Lake as guests of A. A. Fahrner and wife, Margaret Buzard will spend the week-end with them.

Mr. and Mrs. Guy Korabacher and family were in Lansing Sunday attending the Beebe reunion.

Harry Barnes and daughter, Betty, spent Sunday with their parents, Mr. and Mrs. Henry T. Barnes, at Hudson. Miss Betty remained for the week.

Mr. and Mrs. Orson Polley were guests Sunday of Dr. and Mrs. John Olsaver and family at their summer home at Base Lake.

Mrs. Sarah Thompson, Grace Welgeer and Frank Markhoff of Detroit were guests Sunday of the former's son and wife, Mr. and Mrs. Arno Thompson, at their home on the Novi Road.

The street-car rider who believes in fair play will pay his fare.

Bring your child up right, and the chances are good that he will go right up.

### OBITUARIES

**MRS. JOSEPHINE FISH HIX**  
Josephine Fish Hix was born in the State of New York April 22nd, 1848, the youngest child of Joseph and Maryette Fish. At the age of six years she came to Michigan with her father and older brothers and sisters. They made their home near Wayne, the first school she attended being at Hart.

On March 17, 1868 she was united in marriage to John Hix who preceded her in death January 26, 1920. To this union seven children were born. Ellis M. passed away June 14, 1909. Mrs. Hix was a kind and loving mother and always devoted to the happiness of those she loved. She has been an active member of the Helping Hand Society for 34 years. She leaves to mourn her loss four sons, Ben J. of Wayne, Cady and Perry of Plymouth, Ralph of Alhambra, Cal., two daughters, Mrs. Fred Stelman of Plymouth and Mrs. Edw. Berthome of Wayne, also an aged sister, Mrs. Emma Cornell who has made her home here for the past two and one-half years, fifteen grandchildren, eleven great grandchildren and a host of relatives and friends.

The funeral was held from her late home Monday, August 8th, 1932, at 10 o'clock, by Rev. W. Nichol of the Presbyterian Church of Plymouth officiating. Interment in Glenwood Cemetery.

**MARY HIRLOVITZ**  
Mary Hirlovitz, age 21 years, passed away at her home in Canton township, Michigan, Wednesday morning, August 10th, 1932. She was the wife of George Hirlovitz, and daughter of Mr. and Mrs. Louis Wndyka. The body was brought to the Schrader Brothers Funeral Home, Plymouth and later taken to her home from which place funeral services will be held Friday, August 12th, 1932 at 10 a. m. Interment in Riverside Cemetery.

**PAY SCHOOL TAXES**  
The Board of Education urges all the taxpayers in this district to cooperate with them by first paying their school tax. An appeal to the people to pay their school taxes, if possible, must be made in order that our schools may be kept in operation. A school cannot run if taxes are not paid. Next year's budget has been cut considerably but to such an extent that the efficiency of the school will not be harmed. The Board of Education has tried to be economical while giving the people in this district a good school.

More than one hundred and twenty-five patrons of the district were present last week for the annual meeting and election of officers, which was an exceptional turnout for this annual school event. It shows the interest people are taking in their school.

In order to have a fine school, you must pay taxes so this last minute plea is made. If only part of your taxes can be paid, it is hoped you will pay your school tax first of all—Charles Seed in The Rochester Charlan.

Chase bubbles and you will find troubles.

Many people do not trouble the Lord until they land in trouble.

### COMFORT

In the near future the thermometer is going to play a trick on you. Down it will dip—without warning. And the coke bin will be as bare as Mother Hubbard's cupboard. Why not get that coke in now? With a bin of coke in your cellar winter can arrive when it pleases. You will be ready for it—and an hour or two after the cold winds begin to howl your home can be warm and cozy.

### "Little Stories for Bedtime" by Thornton W. Burgess

THE KING HAS HIS WAY

Oh, who shall say to the king, "Nay, nay?"  
Not I, Not I!  
Who shall refuse the king his way?  
Not I, Not I!  
For the king is great and the king is strong,  
And the king, you know, can do no wrong.

AT LEAST that is the way kings themselves seem to think. Too often they think that might makes right. You and I know better. But kings, poor things, never have had the advantages that we have. Too often they never have learned to do things for themselves, because they never have had to do things for themselves. They simply command that things be done for them. And, so, because they have this power to command, they too often have come to think that they have a right to command anything that they please. They cannot understand that other people have rights.

It is some times this way with King Eagle. He likes fish, but he never has learned to catch them for himself. So because he likes fish and wants fish, and is big enough and strong enough, he feels that he has a perfect right to take them from Plunger the Fish Hawk, and that Plunger should gladly give them up at his demand because he is the king. If he were not the king, I suspect he would be called just a plain robber. But no one thinks of calling a king a robber—that is, no one but Plunger.

When fishing is good and Plunger can catch plenty without half trying, he doesn't much mind giving up a few to King Eagle. He grumbles a little, but that is all. But when, on this particular morning, he had fished patiently for a long time without catching a single fish, and then when he is almost ready to give up, does catch a fine, big, fat fish, he thinks it rather too much to have King Eagle suddenly appear and demand that fish. So Plunger made up his mind that he would not give it up until he absolutely had to, in spite of King Eagle's orders to drop it.

Now, Plunger the Fish Hawk is a wonderful flyer, but wonderful as he is King Eagle is still more wonderful yet, and Plunger knows it. In spite of this he did his best to outfly King Eagle. But the fish was big and heavy, and so of course Plunger could not fly his best. He dodged this way and that way, mounted high in the air and dropped suddenly, all the time working toward the Green Forest. But all the time King Eagle kept right with him without half trying, actually flapping his great wings in Plunger's very face, and all the time commanding Plunger to drop that fish. Plunger was about ready

### Health Dentistry

Abscessed teeth are one of the most common sources of infection in the body.

This office does not believe in allowing such to remain in the system.

We do not believe in treating teeth (killing nerves) because such practise is one of the most common causes of abscessed teeth.

Our first consideration is the HEALTH of the patient.
