

CENTURY OF SERVICE WILL BE CELEBRATED

Presbyterians Preparing Program For Important Event In History

Plymouth Presbyterians are planning to celebrate the one hundredth anniversary of the organization of their church. On Saturday, February 25, 1932, ten Presbyterians met to organize a church here and met at the home of Ira Bronson on the corner of Penniman and Morland avenues. The Presbytery representatives at that meeting were Reverend Ira M. Wead, Minister of the Spelman church, and Reverend Eric Pryor, pastor of the church at Farmington. Two elders were elected that evening, James Purdy and Ira Bronson, and it was decided to hold services the next day in the school house which at that time was located on the corner of Penniman and Morland streets. Three other people united with the church on that Sunday morning, five children were baptized and a communion service was held. Henry Tibbitts was elected the third elder at that time.

Next month, one hundred years after the meeting in the little frame school building, a full week of worship and festivities in memory of the event is being planned. Sunday, February 19, Reverend M. C. Pearson, D. D., of Presbytery headquarters of Detroit will preside at the morning service. In the afternoon at five o'clock the young people will entertain their friends at supper in the church rooms asking them to remain for the evening at which time a religious play will be presented by the young folk. The public is invited to attend the play which will begin at 7:30 o'clock.

On Wednesday evening, February 22nd, an interesting historical program depicting the growth of the church will be staged. Incidents both grave and amusing have been taken from the church records, and are being woven into a play which begins at 7:30 o'clock and will be followed by a full dinner and entertainment. The public is invited to attend the play which will begin at 7:30 o'clock.

Thursday, February 23, is the birth date of the church and a Birthday Party is to be held that evening. This will be a happy reunion of members new and old and a few hours of reminiscences will be enjoyed. Refreshments will be served and members plan to come from a far distance to join in the celebration. Among those expected to return for the week are Reverend B. F. Farber of New York City, Reverend Highway of Albion and Reverend Donald of Farmington. They will be present Thursday evening and will be called upon to review incidents of their stay in Plymouth.

It is expected that on Friday evening the dining room will be filled to capacity with members and their friends by 6:30 o'clock at which time a delicious dinner will be served. The program will hold the interest of everyone presenting Reverend Joseph A. Vanez, D. D., of the First Presbyterian church of Detroit, Reverend B. F. Farber of New York, and Reverend Warren E. Hill, Moderator of the Presbytery of Detroit who will bring the Presbytery's greeting to the anniversary celebration.

On Sunday, February 24, Reverend B. F. Farber will deliver the morning address and a communion service will be held at that time so that former and present members may partake of the Lord's Supper and rededicate themselves to a life of worship and service. The choir will conclude the anniversary week by presenting an evening of music.

Invitations are being sent to former pastors and members. Anyone desiring to procure an invitation to send to a friend may do so by calling the invitation committee, Mrs. Louis Hillmer, Mrs. Ella Chaffee and Mrs. Claude Dykhouse.

The members of the general committee in charge of the week's events are Raphael Mettetta, chairman, Reverend Walter Nichol, Mrs. and Mrs. George A. Smith, Mrs. Frank Burrows, Mrs. Wm. Kaiser, Mrs. F. D. Schrader, Mrs. A. E. Patteson, Mrs. Goodwin Crumbe, Charles Bennett, Claude Dykhouse and Alfred Bakewell. They will be careful of any suggestions which will aid them in carrying out their plans. Further and more detailed accounts will be in the paper from week to week. Lists of sub-committees and chairmen will appear as soon as they are completed. Watch next week's issue for further announcements.

The women of the Presbyterian church will meet in the dining room of the church Tuesday, January 24, at 1:30 p. m. to work on the hospital quota. Bertha Warner is chairman of the work committee.

D. A. R. Meeting Proves One Of The Most Interesting Held In Many Months-- Many From Nearby Cities Attend Event

With the various clubs and organizations of Plymouth having their important midwinter luncheons and dinners, none have been more delightful than the one held at the Northville Presbyterian church, January sixteenth, of the Sarah Ann Cochran, Daughters of the American Revolution, from the point of view of interest and social enjoyment. Each year at this time the attention of chapter members centers around this particular affair when visiting regents from chapters and neighboring cities honor us with their presence and an interchange of ideas; when some interesting and important business is transacted; and when some pertinent question of the day of particular interest to this patriotic group of women. The January sixteenth meeting was very fortunate in this respect, it being the first birthday anniversary of this chapter.

The setting for the luncheon was the spacious church home of the Northville Presbyterian church. The tables were arranged in the form of a hollow square centered by a smaller, round table, holding a three-tiered birthday cake, beautifully decorated. The patriotic color scheme of red, white and blue was carried out in detail—the tables being gay with groups of small flags, lighted tapers, and dainty napkins and baskets at each place. The decorations were simple, yet added further gaiety to the colorful scheme, and the whole was

dominated by the graceful folds of the chapter flag. Covers were laid for about forty members and guests, and the very delicious luncheon was served by the Scholastic auxiliary of the Northville Presbyterian church. After the luncheon, the regent, Mrs. Chauncey Baker, with a few well chosen words of greeting, opened the meeting and with the consent of the chapter, turned proceedings over to Mrs. Carl Bryan, vice regent and program chairman. Mrs. Bryan made a gracious presiding officer and introduced the visiting regents, each of whom extended congratulations to "Sarah Ann Cochran" and presented a gift. Appreciation for "good works" by commemorating some of their fine patriotic activities during the past year. The regents presented to the assembly were Mrs. Clyde Ford of the Ypsilanti chapter, Mrs. Frank Langston of "Egan Park" in Royal Oak, Mrs. Russell Allman of "Port Pontchartrain" in Highland Park and Mrs. John L. Corey of the "Aquila Sturgis" chapter of Dearborn. Mrs. Dwight T. Randall, past regent of "Sarah Ann Cochran" and grateful representative of the chapter at many important D. A. R. functions, who now lives in Detroit, also greeted the company briefly. Letters were read from Mrs. Goldard of the "Louisa St. Clair" chapter, Detroit, Mrs. Jerome of the "Sarah Ann Cochran" chapter, Dearborn, and Mrs. Jerome of the "Sarah Ann Cochran" chapter, Dearborn.

PLAN SECRECY FOR TAX SALES

Scheme To Keep Public In Dark About Title Sales Revealed

LANSING, MICH. What is believed to be a scheme on the part of the Grand Rapids title company to operate with a number of tax title sharks to prevent distressed home and land owners from knowing anything about the sale of the tax titles to their property upon which taxes might be delinquent is seen in a bill introduced in the senate during the past few days. Under the deceptive guise of an economy plan this trick bill would keep home owners from knowing of the loss of their property by tax title sales. It has been known for a number of years that certain tax title sharks have been operating in view and apparently thinking now with the change of State administration would be a good time to put the deal over on the distressed property holders of Michigan. They have brought their bill forth in the senate and are now in the delinquent taxpayers' hands. Knowledge of the danger confronting their life savings, so reason is this proposed trick legislation that these back of it have not openly shown their hand. A Grand Rapids lawyer who is believed to be the sonnet, introduced the bill.

The bill would, if enacted into law, do away with the public notice given of each description of property to put up for sale because of non-payment of taxes. It would provide that only a small notice be published in some newspaper in the county of just the date of the tax sales. When the present law was passed several years ago it was framed with but one object in view, to protect the public notice as far as possible of the property holders. The makers of this bill are now in a position to put into the notice of the delinquent tax sales, a brief description of delinquent tax property, so that one would know of the danger that confronted his holdings, and so that he would have an equal opportunity to pay in real estate from tax title sharks.

Now it is proposed under the guise of an economy measure to take that protection away from the home owner.

By the publication of property descriptions as in past years a property holder knows when his property is up for sale because of non-payment of taxes, and he is given plenty of time under the present law to protect and save his holdings. But this law has never been a popular one with tax title sharks.

Because of the business depression and the fact that taxes will soon be delinquent on many valuable pieces of property in all parts of the state, it has been suggested that this piece of vicious legislation has been started with the idea in mind of giving some unknown group an opportunity to buy tax titles to valuable real estate without the owner knowing his property had been offered for sale.

TWO BURNED TO DEATH IN CAR

Plymouth Visitors In Fatal Wreck While On Way To Their Home

While on their way home to Grand Rapids after having visited at the home of Mr. and Mrs. John Lutz, 376 Spring street, Mrs. Walter Kuzze, 44 years of age, wife of Mrs. Lutz's brother, and Mrs. Carl Kuzze, mother-in-law, were burned to death in their automobile when it skidded and went into a ditch west of Portland last Saturday forenoon.

Mrs. Kuzze was bruised and somewhat cut but not seriously injured in the accident. The car was almost instantly in flames. The two women were pinned in the car in such a way that it was impossible to rescue them. Mrs. Kuzze suffered minor burns in her efforts to release the two from the car.

The pavement was slippery after a light rain which froze as it fell. The accident happened on a curve about two and a half miles west of Portland and a fire broke through the car which it was impossible to put out. The Portland fire department was called to extinguish the flames. The bodies were taken to Grand Rapids where the funeral was held.

While visiting here both Mr. and Mrs. Kuzze and Mrs. Kuzze's mother, became acquainted with a number of Plymouth residents who were shocked to learn of the unfortunate accident.

Fire Department Out Twice Sunday

Twice Sunday the Plymouth fire department was called in response to alarms. The first fire was discovered on the roof of the double house located at 545 Ann Arbor street. Sparks had ignited the shingles but it was discovered in time to prevent serious damage. The Portland fire department was called to extinguish the flames. The bodies were taken to Grand Rapids where the funeral was held.

While visiting here both Mr. and Mrs. Kuzze and Mrs. Kuzze's mother, became acquainted with a number of Plymouth residents who were shocked to learn of the unfortunate accident.

SUPERVISORS NOT SO SURE OF DIVISION

Secession From Detroit May Not Be So Beneficial As Claimed

Before Plymouth members of the board of supervisors endorse any plan for the submission of a proposition to divide Wayne county so that the city of Detroit will comprise the county and the part of Wayne county outside the city limits will be another county, they have got "to be shown."

"We have got to see where there is going to be any saving of a million dollars or even a hundred thousand dollars. So far our check up shows that such a division will doubtless be the other way. In fact from what little inquiry I have made I am sure it would not be to the benefit of the township to start a secession movement," stated one supervisor who is known to have his name used at this time.

Articles appearing in some of the Detroit papers which have made it appear that outside supervisors are uniting in favor of this movement are not quite in accord with facts.

The following article from the Free Press presents the beneficial claims of those back of the movement, but which are questioned by some of the Plymouth members of the board.

NO CAUSE FOR ACTION RULES JUDGE IN SUIT

Case Against Schrader Bros. Thrown Out Of Court By Judge

The suit for \$50,000 damages instituted against Schrader Bros. by Mrs. Effie Kimmel because of injuries alleged to have been received by falling on the sidewalk in front of the Schrader Bros. furniture store, was thrown out of court last week by Judge Homer Ferguson.

"There is no cause for action," ruled the judge as he dismissed the case after hearing the witnesses presented in behalf of the complainant.

The suit resulted from a fall about two years ago in which Mrs. Kimmel fractured a hip. She alleged that the fall was caused by ice on the sidewalk in front of the Schrader store.

Witnesses had been summoned by Mr. Schrader to show that his walks are among the first cleaned in the city and that he makes a diligent effort to keep his property up as it should be, but Judge Ferguson ruled that it was not necessary to present any of the witnesses Mr. Schrader had had summoned as nothing had been shown which indicated he was in any way at fault in the matter. He was represented by Attorney Paul Voorhies, former Plymouth resident and now recently attorney general of Michigan.

The suit against Mr. Schrader at the time it was filed proved a surprise in Plymouth as it was generally known it has always been his practice to keep the walks in front of his business places in the best of condition of any in the city.

Increase in Auto License Business At Plymouth Office

Considerably over one hundred more automobile license plates have been issued by the Plymouth branch office of the secretary of state up to the present date than had been issued a year ago says Secretary Berg Moore.

"We had expected that the number issued would run about equal with that of last year," he states, "but in checking over the records we find that the number issued so far this year is much higher than it was a year ago. There is less talk about business conditions too than there was a year ago when people come in to get their licenses. Of course some of these license purchasers come from nearby localities, places that apparently did not know until this year that there was an office in Plymouth. That may account for some of the increase," states Mr. Moore.

POSTAL REPORT FOR 1932 SHOWS BUSINESS GAIN

Postmaster Bert Gile Gives Figures Which Indicate Better Times

Plymouth postoffice receipts are an indication of an improved business condition, the year which just came to a close showed a better condition than the previous year. While the gain was not large, it does represent a substantial increase in view of all conditions.

The total stamp receipts for 1932 was \$25,086.48 against a total of \$24,796.50 for the year of 1931. States Postmaster Bert Gile, the total for 1930 was \$24,217.72, slightly under that of last year.

The post year was 1929 when the total reached \$26,134.92. The drop to \$24,217.72 the following year indicates the beginning of the depression period and the time when Plymouth business was hit the hardest. If postoffice figures can be accepted as an indication, as they are in most places.

The improvement during the past year was a pleasant surprise to Postmaster Gile. Not until he had completed his annual report a few days ago did he realize that there had been a gain in 1932 over the year of 1931.

There was a slight decrease in the amount of mail orders sent from Plymouth. The total amount sent out from Plymouth in 1932 was \$157,826.41 against a total of \$162,574.98 in the preceding year.

The incoming parcel post dropped about sixty per cent and if this can be connected with the decreased mail order business, it would indicate that there has been less mail business in the part of Plymouth residents.

The report is a hopeful one and gives an authentic indication of the present business trend.

ARNOLD FREYD WINS HIGH BANK PROMOTION

Plymouth friends of Arnold D. Freyd, son of Mr. and Mrs. Felix Freyd of Penniman avenue, will be pleased to know of his advancement to the position of assistant manager of the Guardian National Bank of Commerce of Detroit. This bank is one of the largest in the world. Mr. Freyd was promoted from the position of assistant cashier in the uptown office of the bank to his new and more responsible position. He is a graduate of the Plymouth high school and since becoming associated with this big Detroit banking house, his advancement has been rapid.

On Wednesday of last week about 30 women of the Home and the Foreign Mission societies of the Methodist Episcopal church met at the home of Mrs. William Smith on Dodge street for their regular monthly meeting and luncheon. After the luncheon, which was provided and served by a committee, the general business meeting was called to order by the president, Mrs. L. N. Dickerson.

Not A Good Example

Is it good public policy for the governor of a state to openly flout one of its laws? We do not in the least desire to have this question regarded as a criticism of the present governor of Michigan, but we wonder if any high official of the state should publicly declare that he has no intention of complying with the statutes of the state. What is the difference between the violation of the election law by the governor and the violation of another law which says we shall not steal or that we shall not sell booze or that we shall not commit forgeries? All laws are exactly alike. They are to be respected and obeyed as long as they remain laws. We believe the action taken by the governor relative to his election expense account is bad public policy. The governor has no more right to break a law than any other citizen of the state. This provision was written into the election law for the purpose of trying to keep the election clean and honest and it should be respected by everyone, a governor as well as the humblest candidate for county office.

No New Taxes

The Plymouth Mail some few weeks ago declared that if the present Democratic administration desired to do so, it could cut the operating costs of the state government to such an extent that there would be no use of additional taxes to carry on the functions of government—making the limited real estate tax, plus the other incomes of many millions of dollars, do very well. Along that very line, former Governor Grosbeck the other day was quoted as saying by one of the Detroit newspapers, that it could be done with ease.

The former governor declared:
"There is nothing wrong with the constitution of this state and there is nothing wrong, basically, with its tax laws. No tax ever was distributed with perfect equity and we never will reduce taxation by imposing new taxes."

"The income of the state in 1932 was twice the amount on which it was run, on a pay-as-you-go basis, from 1920 to 1928, my tenure—during which we inaugurated the state's first major road-building programme and rehabilitated all state institutions from income."

"Who is responsible for the present unholy mess of state finances?"

"Part time legislators who cannot have a complete understanding of the state's enormous capital structure and who trade votes, approving appropriations about which they know nothing, in order to get their own pet appropriation through; administrative officials who let the legislature get away with it."

"What is the remedy?"
"Not the 97 new bills awaiting introduction, proposing other ways of raising and spending the people's money. Nor a constitutional convention to tinker with a structure of government which is perfectly sound, if its mandates are only obeyed."

"The remedy is to stop appropriating and to kill off present appropriations that are out of all proportion to income. One act should cancel every appropriation passed by the last Legislature in its special session."

"All but \$3,000,000 of the \$43,000,000 automobile weight and gasoline taxes, intended for road building, have been squandered for other purposes and left to the phantasm administration of counties and other subnormal groups."

"Every appropriation against this fund should be cut off and it should be allowed to accumulate in the state treasury until all deficits are canceled and delinquencies anticipated. They will be time to consider reduction of the present tax burden on real estate."

"Admittedly real estate is carrying the brunt. But would the income tax be more equitable? Let it be true that the federal income tax has so dissatisfied the people that every man with a taxable income is attempting to evade and cheat it? Is this a healthy condition?"

"Our tax system in this state are not wrong, our taxes are too high."

"The former governor sat down with a pencil and paper."

"The financial problem of the state government," he resumed, "is a problem of A. B. C. It shouldn't make any competent person dizzy."

"When I left the governorship, the state income consisted of an average of \$17,400,000 tax on real estate; a \$6,500,000 corporation tax, which I introduced and which more than financed the state institutional building programme; a two-cent gasoline tax to finance the road building programme which the Legislature demanded, which, with the weight tax brought in \$19,000,000, and approximately \$3,000,000 in fees."

"On this income budget we operated for six years, after renewing all road building from county supervision and placing it under a central head."

Breaking In

Pictures of the blond girl gas station bandit, veiled editor and the world's handball champion—all hail from Plymouth, gave readers of one of the great Detroit papers a thrill last week. Confidential circulation reports say that the paper's street sales jumped like the stock market ticker did back in the days that were.

Benjamin Franklin

This is the time of the year when the country gives thought to thrift, ways of saving a few dollars here and there. Because Benjamin Franklin was probably the most outstanding thrift advocate in the world, Thrift week has been associated with his birthday anniversary. Some of the timely suggestions of Franklin which are good even in this day and age of troubles and trials follow and early to rise makes a man healthy, wealthy and wise.

Rat to live, and not live to eat.
Great talkers, little doers.
Fools make feasts, and wise men eat them.

After three days men grow weary of a wench, a guest and weather rainy.
He that lieth down with dogs shall rise up with fleas.

He is ill clothed that is bare of virtue.
Beware of meat twice hold'd, and an old fool recanted.

God works wonders now and then: Behold! A lawyer, an honest man.
Drink does not drown care but waters it, and makes it grow faster.

Laws too gentle are seldom obeyed; too severe, seldom executed.
A wise man will desire no more than what he may get justly, use soberly, distribute cheerfully and love contentedly.

Laziness travels so slowly that Poverty soon overtakes him.
He that sows thorns should never go barefoot.

Waste not, want not.
Nothing dries sooner than a tear.
Work as if you were to live 100 years; pray as if you were to die tomorrow.

God helps them that help themselves.
Sloth makes all things difficult, but industry all things easy.

Have you something to do tomorrow, do it today.
Many a little makes a mickle.
Experience keeps a dear school.
The idle man is the devil's hireling, whose lively is rage, whose diet and wages are famine and disease.
He who would thrive must rise at five.

An Important Decision

One of the heaviest blows yet struck at the bill-board nuisance comes in a decision of the New York Court of Appeals (which is the highest court of the State) vacating an injunction granted by lower courts against the State Highway Commissioner, to prevent him from placing a "detractive screen" in front of an objectionable sign on private property. The screen was placed on the public right of way beside the paved highway and two courts decreed its removal. The Court of Appeals rules the commissioner was within his legal rights in placing it.

Furthermore the court appears to hold that the commissioner may screen such signs not only when they constitute a public danger—as when they tend to distract the attention of drivers—but also when they are merely unsightly. The recognition that government has a duty in reference to esthetics, which courts a generation ago would have been hitherto made seems to be more and more sanctioned by the legal luminaries in recent times. Somebody yet may get an injunction against the bill-board nuisances that tie Michigan's highways.

Shrinking World

The map of the United States has been shrunk to the size of a postage stamp as compared with what it was in the old geographicals. In 1830 it took six months for an ox team to travel from Kansas City to San Francisco. In 1856 it took the stage twenty-one days. In 1856 the Pony Express lowered the time to eleven days. In 1869 the railway cut the time from New York to California to seven days. Today a three-mile-a-minute speed is commonplace in the air. "Lame ducks" can now fly home in a day instead of having to waddle back for months. Our transport companies are operating over 150,000 miles every twenty-four hours and last year there was but one fatal accident in 25,000,000 miles.

"Go Work In My Vine-Yard"

Your leader for workers has need, His vineyard for reapers is wide; Go quickly His message to heed, Ere darkness overtake you, and night.

The wages for workers are great—Eternity only reverts! Rewards everlasting await Those equipped and stamped by His seals.

The field where you work is the world, And many are nesting your aid; Get busy, with hammer and file, And demons of darkness are flayed. Give ear to your own Leader's voice, Awaiting His will to obey; And sorrow and reapers rejoice In service that counts day by day.

Why linger in pleasure's retreat When riches so great may be yours? Surrender, He gladly will meet— "Come, follow thou Me," He adjures.

So hasten to work in His field, Untold satisfaction to know; Obedient service to yield While joyously onward you go!

It not only is hard on the chains to use them on dry pavements, but it also subjects the ear's body to needless damaging vibration.

Rambling Around With Michigan Editors

HE IS THE FIRST

The first democratic University regent since Governor Constock has just been named by the new governor. He is a worthy successor to his democratic predecessor who was named by another superlative Michigan democrat—Governor Ferris Ed. Shields. The Constock choice, is typically regent in caliber. He is an old Michigan base ball star, is intensely interested in all phases of the school, and since graduation has brought distinction to his alma mater. We wish we could have more regents like Ed. Shields. It wouldn't be a bad idea to humanize that outfit with a little more of men like Ed. Shields. Education and justice should always be out of political reach.—Muri De Foe in The Charlotte Republican-Tribune.

THAT \$12,500 SALARY

What did that republican prison commission put over on Gov. Constock when they chose a democrat for chair of our state prisons, and fixed his salary at \$12,500 a year? The man selected is well qualified for the job he has been handed, but why hang onto him such a salary when every possible effort is being put forth to bring officials salaries down to a sensible standard? BEER—SAD FIGURES

Whatever happens in the matter of legalizing beer without repealing the Prohibition amendment, one thing seems certain to me. The tax on beer will never, unless the open saloon returns, provide anything like the revenue and other benefits which its advocates have claimed.

America never consumed more than about 60 million barrels of beer a year, even when a pint cost only a nickel and the tax was a dollar a barrel. The proposed tax of \$5 a barrel would be nearly a nickel a pint, so it is hardly likely that anywhere nearly as much beer would be sold, especially if it had to be bought in bottles and carried home to drink. The largest number of persons ever employed in the breweries was about 80,000, not very much unemployment relief in that figure, even if brewing started up at top speed. And what of reduced milk consumption as an offset to the farm revenue from barley and hops?—R. G. Jeffries in The Lowell Ledger.

HAPPY DAYS ARE ON THE WAY

The curtailment of consumption cannot go on forever. There will come a time when the last pair of shoes, the last suit of clothes, the last old hat will be worn out and when the last machine and implement must go onto the scrap pile. When all these things happen then production will come into the picture and happy days will come again. Theo. A. Thompson in The Williamson Enterprise.

Old time sportsmen once believed that the woodcock lived by sucking up some form of nourishment from the moist earth, thrusting its long bill therein to obtain the "liquid substance."

Plan Secrecy For Tax Sales

(Continued from Page One)

The bill did not come from the Democratic forces and prominent Democratic leaders say they knew nothing of it until introduced in the senate.

This is the first move made in years to do away with proper public notice in all property and legal matters and old legislative observers indicate that it has not fallen on fertile ground.

Representative Earl Bohans of the Van Buren district, is anxious for the legislature to get down to business and enact some of the economy measures that the Legislative Commission of Inquiry has recommended. This Commission of which Representative Vera Brown of the Ingham County, News was one of the active members, says Mr. Bohans in his resolution, has pointed the way to many immediate economies that will help the people of Michigan. Like all other sessions, the present one is a bit slow in getting under way.

Myles Gray, Republican, who has just been re-elected clerk of the house by the Democrats, is a former well-known Michigan newspaper publisher. For many years he owned the Plymouth Mail. Mr. Gray is considered one of the best informed parliamentarians in the State.

With the approach of the coming spring election two names have been freely mentioned around Lansing as possible candidates for the State Board of Agriculture. One is the grand old man of the house of representatives, former Speaker Fred Ming of Cheboygan. The other is former State Senator Henry Ross of Livingston County.

It has been indicated by friends of Governor Constock that he believes the most good can be accomplished for the taxpayers as well as the wage earners by a general reduction of salaries and not wholesale dismissals from jobs. It is understood that he plans to keep as many people working as is consistent with the work to do. But save by cutting down the size of pay envelopes. The Governor's suggestion has met with popular public favor.

Efforts to keep political jobs under the law they had passed which sought to prevent war veterans from being dismissed have proven fruitless since the change of administration. The attorney general has ruled that veterans appointed can hold office only during the tenure of the time of the official appointing them. It has been observed that what worried about appointing veterans for fear they cannot be dismissed if their services should not prove entirely satisfactory. The law that veterans thought would help them is proving somewhat of a stumbling block to political appointments.

TELEPHONE BRINGS AID TO INJURED CHILD

An actual incident, reported to this company

The small daughter of a Michigan family, playing in the basement of her home, was painfully and critically injured.

Her mother, hearing the child's screams, and seeing what had happened, dashed frantically to the telephone and called the doctor. The physician arrived without delay, and through immediate and skillful medical attention, was able to treat the child's injuries successfully and prevent serious complications.

In such emergencies, just one telephone call for assistance may be worth more than the cost of the service for a lifetime.

Your Community

When a community is blessed with right community spirit then the people do not Hate So Much, Nor Fear and Doubt So Much. Good old fashioned community spirit keeps minds clearer and cleaner. Our community will be a better place in which to live, a better place for our children—our citizens of tomorrow. Community spirit means that we as individuals, believe in and endeavor to practice the spirit of Brotherhood, Service and Unselfishness.

A Prayer

With accents of love and praise, with blessings sweet, sweet, and precious, we own Thee, O God, to be our Father, Thy solemn expectancy was true to Thee as the infinite source of all wisdom. With calm indifference to all unjust criticism with absorbing interest and eager anticipation, may we strive to serve our country and be an abiding blessing to all our people. Bless us and inspire us with a pure, strong, vigorous type of statesmanship that holds no lax, laxant zeal or questioning loyalty or superficial sentiment. The Lord God at hosts be with us day by day and let us sincerely hope to give our Republic entire satisfaction and place upon the temples of man unfortunate, man unemployed, and man who, with our flag, has the right of our freest gratitude.

FATHER AND SON BANQUET TO BE HELD FEBRUARY 8

Ad. Lib.

The tenth annual Father and Son Banquet to be sponsored by the Boy Scouts, Hi-Y, and Torch Clubs of Plymouth will be held in the Plymouth High School auditorium, February 8, at six-thirty o'clock. The churches and other organizations are asked to cooperate in making this banquet an outstanding success by keeping the above date open. The price of the tickets for this affair will be reduced even lower than those of last year, that and another announcement will be given later.

One thing is assured, though, that an outstanding speaker, has been engaged.

The Father and Son Movement seeks to help fathers and sons face life problems together and to help develop sympathetic understanding and cooperation. Surely the time is most needed for such emphasis when the home, as perhaps never before, is facing most trying difficulties. Every effort that helpfully contributes to the morale of the home should be encouraged. Over 10,000 attended the many Father and Son gatherings last year.

Many of the schools have found this annual Father and Son observance very helpful in interesting fathers in the program of the school as well as in helping to strengthen father and son relationships. The schools have always participated quite generally in the Movement, as well as all churches (Protestant, Catholic and Jewish) and many organizations and clubs.

Azair may urge you to do your part in making this affair a success by keeping February 8 an open date.

Coolidge Stamp To Arrive Soon

A few weeks ago our nation was shocked at the death of ex-president Calvin Coolidge who died suddenly of heart failure. As a fitting tribute, the Postoffice Department has ordered the printing of a new stamp in memory of Coolidge. The stamp will probably be a three-cent issue and black.

In 1923, the year of President Harding's death a similar stamp was issued—a two-cent black stamp which presented a profile view of President Harding. Although the Harding Stamp was issued both perforate and imperforate, the Coolidge stamp will probably be issued only with perforation, as the Post Bureau recently voted a protest against imperforate stamps.

A four-cent, brown stamp was issued when President Taft died in 1930. This stamp, unlike the Coolidge stamp, was probably not an issue, replacing a stamp bearing a portrait of Martha Washington. The Harding portrait was also transferred to the brown, one and one-half cent issue and placed in regular issue.

Train For Four C's Campaign

In preparation for leading a discussion on 4 C's in class meetings, Wednesday, different girls in the Girl Reserve groups had discussions on this. These discussions progressed fine and every one learned more about the topic. In the Seekers group instead of 4 C's discussion the girls continued their work on honor books.

The subject of the All Girls Party was mentioned and girls were asked to make posters. It is to be a costume party (not elaborate costumes but original ones for which there is a prize). There are to be games and as at any worthwhile party—refreshments.

Editorial

WHO'S TO BLAME?
 How many of you have noticed the behavior of some of the students during assemblies and also in class rooms and study halls?
 When teachers or pupils make announcements, which we all should be interested in, some students whisper to their neighbors, rattle papers, or do other things to make a disturbance.
 Are you one of these people? If you remember that there may be people near you that would like to listen to what is being said, it is as discourteous to talk during assemblies as it is to interrupt someone's conversation. One may have a great deal of respect for the speaker, but in a mischievous sort of mood disturbs the person at his right or left and the announcement is lost for both of them. Perhaps you have never given a serious thought to the annoyance of the rolling up of a sheet of paper, or a careless whisper of a few words, or the shuffle of feet. Try to make yourself belong to a group of people who are not paying attention to you, but who are interested elsewhere, and possibly you may get an idea of the annoyance caused by the inattention of a few people who are making unnecessary noises.

Senior Biographies

John Currie
 was born in the large city of Detroit, Michigan. Although John is a honor roll student, in fact, the Currie ability to get on the honor roll, he has no ambition. He says that he belongs to no clubs, and takes part in no activities. One thing we do know about him is that Bob is one of his "pals," they do a great deal of work together. He is a member of the French, for instance. Some of the History students are led to believe that one of his ambitions is to join. Perhaps more students will help him in his ambition.

Nell Currie
 Like his brother, was born in Detroit, Michigan. Nell, also, is an honor roll student. In fact, she does get 100% on a history test. He belongs to no clubs, and takes part in no activities. His ambition is to be President. We suppose he means of our great United States. We wish him luck and success for if he is to attain his goal he will need a great deal of help. Miss Wells would rather see him in the White House than in her study hall.

Inez Curtiss
 was born in Plymouth, Michigan, where she has resided since. She is a member of the Girl Reserve Club, and Leaders' Club, and takes an active part in class activities. When Inez was small she wanted to be a musician—she still wants to be a musician. Inez specializes in music and is a member of the "Senior Trio." She spends her leisure time dreaming of some of New Boston, George, of Texas, and we wonder if she doesn't spend some of her time dreaming of David, and possibly Norval, of Plymouth. Inez is one of these girls with a pleasing personality. We hope that her present "pre-activity" will continue for many years to come.

Raymond (Rosy) Denton
 a rosy checked lad, who always seems to favor England's actions in history class, was born in England. This is a fact that is scarcely known, but one which clears many points regarding his sympathy with the English. Contrary to the Old English traditions, Raymond has no ambition other than to retire. We are hoping that his father will change his mind for him and see that Raymond works at the true English fashion, and their code is "Hard honest work hurts no one." Raymond is a really attractive lad but scorns the members of the fairer sex. He had better make the best of his isolation now because we are sure he will be caught, just as the rest of the handsome Romeros are caught and held.

Boy's Interclass Basketball

Below are the standings of both the Senior and Junior leagues. It seems that in the Senior league neither of the Senior teams can be beaten as they still hold first place with a percentage of one thousand. In the Junior league two of the eighth grade boys are in first place while the third eighth grade team is in last place.

RIVER ROUGE WINS FROM PLYMOUTH—SCORE 19-14

River Rouge became victorious over Plymouth last Friday night by defeating them in a basketball game, 19 to 14. The Rouge defense proved to be too good for the Plymouth team and although Plymouth did hold the Rouge team fairly well, we would not seem to get under our own basket and make our short shots.

In the first quarter Plymouth took the lead by Bronson snaking two free shots while Blunk and Levandowski made field goals. After Rouge had made a basket and Avery had followed with a free shot, the quarter ended with Plymouth 8, River Rouge 3.

River Rouge held Plymouth scoreless in the second quarter. Klusey took Blunk at forward. Russo made two free shots and four field goals. Blunk made two points and at the end of the half Plymouth was trailing by the score of 15 to 6.

At the beginning of the third quarter Blunk was put in at center for Avery. Russo made two points in this quarter and Levandowski made two baskets and Stevens made one. Avery was put back in for Blunk.

In the fourth quarter Avery and Russo made free shots while Levandowski made two free shots. McLellan was put in for Stevens. When the final whistle blew, the score was River Rouge 19, Plymouth 14.

RESERVES LOSE TO RIVER ROUGE 15-10

The Reserves lost to River Rouge last Friday by the score of 15-10. Although River Rouge had more men on their team that were taller, the Reserves had done much better if they had made their passes count.

After Peters had made two baskets Williams followed with a free shot. Shoemaker was then put in place of Williams, the quarter ended with the score Plymouth 1, Rouge 4.

In the second quarter Bassett was put in for Wagenschultz. Peters made a free shot while Trimble made a field goal and a free shot. A whole new team was put in for River Rouge. Schmidt for Baunck, Orack for Georges, Cunningham for Guehrer, Heck for Edwards, Wade for Peters. This half ended with Plymouth 4, Rouge 7.

Williams was put in for Shoemaker. Ray then tied the score with a free shot. Heck and Wade made a basket and a free shot. Cunningham then followed with a basket. The third quarter ended with Plymouth 5, Rouge 13.

Summary of each player:

My Portrait Lady

I think that I shall never see
 A picture pleasanter to me,
 Than that which hangs upon the
 wall.
 A stately lady, blithe and tall;
 She smiles down sweetly day and night
 And seems to live in pure delight;
 Her dainty frock of bright
 cashmere;
 Portrays my lady's character:
 She seems to tell me with a glance
 Of all her early past romance;
 And when I leave my lady dear
 The minutes seem to me a year.

Freshman Dance Tonight

The Freshman class wishes to invite all the students of Plymouth high school to attend their first class dance, to be held tonight, January 20, at eight o'clock in the high school auditorium. The music will be furnished by the Music Makers, and admission will be the usual twenty-five cents. Come on, students, give the "freshies" a break and turn out for their dance.

A Prayer

Heavenly Father, Thou art still unfolding for us the same wonderful providence as when the patriarchs trod the sands ages ago. In the presence of Thy perpetual bounties, Thy mercy is as God over all, Rise Oun of Righteousness with healing in Thy beams and bring us to our best intelligence and our best natures. Hasten us on between the poets of duty, Through Christ our blessed Saviour.

Debaters Appear Before Assembly

An announcement was made that the Freshmen debate will be held on Jan. 20, at the high school auditorium and that all the students are cordially invited to attend. The music will be furnished by the "Music Makers." Another announcement was that the Girl Reserves will sponsor a Fancy Dress Party for the senior high school girls on Thursday night Jan. 19. All the girls of the senior high are invited to attend.

The debaters were the main attraction of the assembly. Because they are the champion debaters of the League, they had to show the student body just how they did win all those debates. The debate was not formal. The question was the same as it had been during the debating season. The income tax situation was the question. The affirmative speakers were Inez, Howard Korabacher, Freda Kilgore, and Evelyn Korabacher. The negative speakers Kenneth Greer, Ernest Archer, and Odene Hitt. As this was not a formal debate, as I have told you, these made a humorous one by the debaters. The affirmative may call them that, to each other. Of course Miss Korabacher did roll as a horse story, so Mr. Archer was not mistaken if you know what I mean. They were all good speakers, and I am sure they were enjoyed by the assembly.

Starkweather School Notes

The kindergarten in Miss Cavannah's room have three new books from the "Three Bears," "Three Pigs," and "Chicken Little." They discussed the divisions of the year, the day, and the hour. They are learning to count to 30 and read the names of the first three numbers. They have learned the songs "The Winking Sun," "I Granddaddy dog and Grandmama Cat." They are getting the program ready for the P. T. A. The "A" kindergarten band will play three pieces, and Paul Miller and Charles Wagenschultz of the "B" group will sing a song.

The first A in Miss Starkweather's room are reading from the Child Library readers which they enjoy very much. The second B have been studying money and played black-board store one day this week. Monday afternoon everyone was busy on time. They first A and second B have learned the first part of "America the Beautiful." Miss Stader is pleased with the improvement in spelling in the first A grade.

The sixth grade in Miss Farland's room have studied the picture of the "Rail Splitter," by Perseus. They have learned to work his slip saying he now has perfect teeth. Iona Fleiger won the spelling last week in spelling. Friday the six-A grade received 100 per cent in spelling. In history they are reviewing about George Washington. Also are studying Michigan in geography.

Washington News Flashes

After passing both houses of Congress the Philippine Independence Bill has been vetoed by President Hoover. Mr. Hoover vetoed the bill because, in view of the present unrest in the Orient, he believes that if the islands are free they will be subject to attack by foreign powers. Later in the House and Senate are debating whether to attempt to override the presidential veto. A bill must secure a two-thirds vote of each house to be passed over the president's veto.

When President-elect Roosevelt assumes office on March 4 his work will be subject to split in the Democratic ranks of Congress. The revoluting group is led by Senator Huey P. Long (Democrat) from Louisiana who intends to either "rule or ruin" the incoming administration. Senator Long is the leader of the filibuster against the Glass banking bill. Mr. Long is also opposed to the St. Lawrence Waterway; he approves the reduction of the gold content of the dollar.

The Collier-Blaine beer bill has been discussed and re-drafted by the Senate. The percentage of alcoholic content has been reduced from 2.2 to 3.05. As the bill has been changed it must go back to the House for another vote.

President and Mrs. Hoover have given their camp on the Rapidan River in Virginia to the people of that State. The President desires to have the camp made a part of the Shenandoah National Park and reserved for the use of future presidents.

Katherine Schultz, Grade 10.

Things were done brown in court at Scottsboro, Ind. John Brown reported for jury duty, and the first case was Brown versus Brown, with another Brown awaiting trial. The defendant's wife was Mary Brown, the same name as Juror Brown's wife. Juror Brown asked to be excused.

Social News

Ruth Meurin was delightfully surprised last Thursday evening by a group of classmates, on her birthday. A lovely chop-steak dinner was served to the guests who included Ruth McConnell, Mary Metcalf, Margaret Buzzard, Phyllis Ratnor, Thelma Lunsford, Jane Whipple, Roberta Chappell, Delite Taylor, Geraldine Schmidt, Helen Skisko, Evelyn Peters, and Miriam Joliffe. The evening was pleasantly spent in bridge and dancing.

After the game last Friday Madelyn Blunk entertained friends at bridge at her home. The guests were Helen Blunk, Miriam Brown, Joan Cassidy, David Mather, William Ray, James Williams, and Jack Klusey. Delightful refreshments were served before the guests departed.

Miss Perkins entertained one of the teachers' bridge clubs last Thursday evening at her home. High honors were won by Mrs. Dykhouse, and the low by Miss Fiegl.

Miss DeWaele entertained the other teachers' bridge club last Thursday at the home of Mrs. Rauch. Miss Henry and Miss Berg won the high honors while Miss Keys received the low. Miss Standery of Starkweather school and Mrs. Cleary of Ypsilanti were guests.

OUR CAT

(With Apologies to Kilmer)
 I think that I shall never see
 A cat like our cat used to be.
 A cat whose nightly howl was best,
 When all the neighbors were at rest.
 A cat who seemed to sleep all day,
 Too tired to hunt or even play.
 But yet in summer she would wear,
 Feathers or rubins in her hair.
 Upon whose victims claws had lain,
 So intimately they caused pain.
 Poems are made by fool's like me,
 About a poor cat's history.
 —Margaret Buzzard.

Tells Of Serious Situation Facing The Public Schools
 The Central Parent-Teachers association held an interesting meeting in the music room of the high school on Wednesday evening, January 11th. Meeting opened with singing led by Mrs. James Sessions. The girls chorus from the high school were present and sang two numbers. A short business meeting followed during which Miss Bonsteel, who is a member of the city welfare committee reported on some of the welfare work being done, and told how many school children had benefited by it. The program chairman introduced Mrs. Ruth Huston-Wilpulle who gave a very interesting and instructive talk on "Taxation," she stated that the total state property tax in Michigan is away from the property tax toward some other method of financing our government and schools. Michigan schools have cost on an average of \$13,746,374.20 annually for the last five years; this is 20% of the total state property tax. The state property tax is 2% from the state primary fund, and 10% from fines, tuition, and other sources. The present situation is very serious because the passage of the 15 mill limitation amendment cut the primary fund, cut the state property tax, and stopped borrowing. The situation is also serious because of the breakdown of the state property tax. As a result of this condition the people of Michigan must seek other sources of revenue for their schools. The income tax, sales tax, business tax, and an increased inheritance tax all are being considered at Lansing. It behooves Plymouth taxpayers to inform themselves about these taxes, and write their wishes to our representatives and senator at Lansing. Inv. Fred Fisher of Dearborn, and Sen. John Reid of Detroit.

 Robert Wilson is very ill at the home of his parents, Mr. and Mrs. Wesley Wilson.
 Mrs. Maudie Townshook daughter, Katherine and Miss Margaret McLeod of Platt were Saturday callers of Mrs. W. Siohoff.
 South Salem P. T. A. met last Friday evening with Mr. and Mrs. Otto Bohling. Pedro was played and a dainty lunch served. Mr. and Mrs. Fred Jackson will entertain the Ladies of the Worden church, Thursday, January 19 for dinner.

D. A. R. MEETING
 (Continued from Page One)
 Angell" chapter in Ann Arbor, and a telegram of greetings, from our organizing agent, Mrs. Fredrick A. Leander of Adrian, all of whom found it impossible to be present.
 A very honored guest was Miss Gracie B. Kraml, secretary of the Detroit Historical Society and chief of staff of the Burton Historical Library. She spoke briefly of her association with and friendship for Miss Sarah Ann Cochran—"true American girlhood"—for whom our chapter is named who was largely responsible for the present system of cataloging of historical records and who was associated with Miss Kraml in this work.
 Mrs. Henry B. Joy of the "Lunisa St. Clair" chapter of Detroit, and recording secretary general of the D. A. R.—a woman of many public and patriotic accomplishments—was the principal speaker of the day. Mrs. Joy's message was peculiarly timely in that it dealt with the ideals and purposes of the D. A. R., some of which need special particular stress today. In her very gracious manner, Mrs. Joy reminded each D. A. R. member and guest that we are all AMERICANS with all the term connotes and that it is for us, each one—to uphold American institutions and ideals as never before. With insidious and subtle propaganda striking at the very roots of our national life, all Americans, particularly all D. A. R. members should be very staunch and true. Mrs. Joy stressed the importance of strenuous action against organized atheism, which, with communism makes a particular and organized appeal to the young people and like some dread disease, undermines its victim before he is aware. Mrs. Joy concluded her inspiring talk by quoting from Washington's Farewell Address of September 17th, 1796 a quotation which every listener must have realized proved the

IF YOU GET UP NIGHTS
 Physic the Bladder With Juniper Oil
 Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder physic, also containing buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25¢ box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Sold by Beyer Pharmacy, Plymouth, Mich., and C. R. Horton, Druggist, Northville, Mich. say BUKETS is a best seller.

How Modern Women Lose Fat Safely
Gain Physical Vigor—Youthfulness With Clear Skin and Vivacious Eyes That Sparkle With Glorious Health

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses. Every morning take one half teaspoonful of Kenschon Salts in a glass of hot water before breakfast—cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar—in 4 weeks get on the scales and note how many pounds of fat have vanished. Get a bottle of Kenschon Salts—the cost is trifling and it lasts 4 weeks. If even this first bottle doesn't convince you this is the best, safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic—vigorously alive—your money gladly returned. But be sure for your health's sake that you ask for and get Kenschon Salts. Get them at Mayflower Drug Co. or any drugstore in the world.

Be sure to read our display ad in this paper today. Wilson Radio and Tel. Lab. 11pd

CARD OF THANKS
 We wish to extend to the kind neighbors and friends our sincere appreciation of the many expressions of sympathy, personal and floral, shown me during the illness and passing of our loved one. Coming Attractions At Penniman Allen

"MAN AGAINST WOMAN"
The unusual perfection of plot, cast and direction that has marked the career of Jack Holt's starring pictures continues in his latest feature, "Man Against Woman" which comes to the Penniman Allen Theatre Sunday and Monday, January 22 and 23.

"MAN AGAINST WOMAN" (continued)
Their shifts his locale and his characterization from war-torn China shown in "War Correspondent" and the polo fields in "This Sporting Age," his two preceding pictures, to the night life of New York and Bermuda, the iron bars of Sing Sing and the nocturnal activities of the strong-arm squad.

"MAN AGAINST WOMAN" (continued)
Approximately twenty-five important roles, each one given by a popular screen actor, support Lowell Sherman in "False Faces" the World Wide picture coming to the Penniman Allen Theatre Wednesday and Thursday, January 25 and 26.

"FALSE FACES"
The story of "False Faces" deals with a plastic surgeon, who, without scruple or conscience, takes advantage of his position as a prominent, fashionable and expensive surgeon merely to bring money in to his own account without regard or mercy for his many victims.

"THE MASK OF FU MANCHU"
Weird catanisms, macabre Oriental torture chambers, spectacular Asiatic palaces, a mysterious death ray, a robot hurling artificial lightning—these are just a few of the thrills that mark the presentation of "The Mask of Fu Manchu," filmization of Sax Rohmer's famous story appearing at the Penniman Allen Theatre Friday and Saturday, January 27 and 28.

"THE MASK OF FU MANCHU" (continued)
The story deals with the attempt of Fu Manchu to use the legend of Genghis Khan to claim to be his reincarnation and achieve, through Asiatic uprisings, world dominion. In this his wits are pitted against those of a Scotland Yard detective who eventually wins out.

Harold Daley Is Prize Winner
Harold Daley, of Plymouth, won third prize in a ticket selling contest at Michigan State Normal College, Ypsilanti. Mr. Daley sold sixty-one tickets. He will go to hear the Polish pianist, Paderewski, at Ann Arbor.

Perrinsville
Mrs. Ed Pettibone was hostess to the Ladies Aid at her home on Ford road Wednesday. After the monthly meeting a lovely luncheon was served with Miss Ellen Hand not pouring.

Perrinsville (continued)
The February meeting of the Ladies Aid will be held at the home of Mrs. John Beyer on Wednesday, February 8. Cooperative dinner at noon. Everyone invited and urged to attend.

Perrinsville (continued)
Mrs. Margaret Kubie and Henry Sell attended the Michigan theatre party given by Mrs. Gene and Glenn "Jake and Lena."

Newburg

The First Quarterly Conference of the church was held Monday evening. A public supper was served at 6:30, after which a business meeting was held at 7:30.

The L. A. S. met last Wednesday with Mrs. James McNabb for dinner. After the business meeting, Mrs. McNabb gave a very interesting program, entitled, "Over The Ten Tables." After the program a birthday party was given. Mrs. Eva Smith, the main attraction of the party, presented to her by her daughter, Mrs. Gladys Ryder, the gift of her son Glenn in Plymouth.

The Epworth League held their business meeting and social last Thursday evening at the home of Charles and Dwight Padlock. Mr. and Mrs. Thomas are confined to their home with the flu. Mrs. Emma Ryder, who has been very ill with pleurisy for several weeks is some better.

The many friends of Thomas Wilson were sorry to learn he has been taken to Ann Arbor hospital last week for treatment. The Newburg P. T. A. held their meeting in the school house last Friday night.

Get Application In Early For Pheasant Eggs Urges State

Encouraged by results obtained last year by the Jackson County and Kent County Conservation Leagues in the propagation of Ring-neck pheasant, various organizations and individuals through the pheasant area of Michigan have started to file applications with the Department of Conservation for eggs for next spring delivery.

Get Application In Early For Pheasant Eggs Urges State (continued)
Applicants for pheasant eggs agree to hatch eggs and rear the resulting birds according to the directions provided, and to release the birds in suitable cover in proper pheasant districts.

Get Application In Early For Pheasant Eggs Urges State (continued)
The Kent County Conservation League obtained 730 pheasant eggs from the state last spring. From these eggs 408 birds were released in pheasant cover in Kent County and 80 additional birds are still being held for release. The Jackson County League obtained 1,800 birds from 2,500 eggs, and all birds were released in Jackson County.

Get Application In Early For Pheasant Eggs Urges State (continued)
Last season a large number of Smith-Hughes schools and several school organizations hatched birds for release through the southern part of the state.

Rosedale Gardens

Bowling Team
of Rosedale Gardens defeated the Redford Record last Friday night, two games out of three. Wilson and Detroit will be the opponents for Rosedale Gardens plus spillovers at the Redford Recreation tonight (Friday) at 9:00 p. m.

Robbery
In the night, burglary, breaking and entering, maliciously stealing, and carrying away of various and sundry articles to wit and described as extra, etc., i. e. someone or someone broke into thru any one of five windows, six doors, or in one or more and out one or more, as they (the w's and d's) were all broken in (or out) as well as the half doz. chairs and tables (two) that remained of several scores from the three dining rooms of the Rosedale Tea Rooms. Unoccupied and unattended the building was at the time of the crime and devastating to the last. Whenside Nite. We say Whenside because we do not know when it happened tho' we might say Whenside or Whoside, 'cause it musta bin in the nite as the siniticians were working in the old R. G. barn all day before and no one appeared but a

Mrs. Skunk
who strongly resented the fact that the carpenters (Consin Leo and Brother (deibert) were making so much noise over making a little thing like a big sign. However—Mrs. Skunk resented so strongly that the young man called out the brotherhood of Land Company engineers (Brothers Walter and Spr. Alfred who proceeded to send Mrs. S. to skunkheaven, when there came another county, (or twisp.) calling in the name of Sister Skunk who did his best to be agreeable. Not result is that both Mr. and Mrs. S. voted for the last time, even before.

Nominating
petitions were out for anyone, not even a Democrat; tho' we have not ran across ANY (NONE) Republicans since the first Tuesday of the month before Xmas. Notwithstanding all this, it is still apparent that the Livonia township incumbents are all still (very still). Republicans, no kick has been registered over the manner, shape, or form things were or were not, run, or walked.

Various Rumors
are in the air as to various insinuations among the rank and file who are trying to make everyone believe that they "always were Democrats"; but the Records show where a newcomer is made to feel at home by everyone, also on the Horseshoe lanes where George's brother Alvin used to be numbered among the best players.

Well, Anyway
we will keep you informed as to who is who, and for what, without malice aforethought or what not, so what is what or which is which or who is who makes not much difference anyhow, as seed and harvest time go hand in hand with the seasons and rising and setting of the sun remain unchanged 'R's or 'D's notwithstanding.

waterfall up in Plymouth. We looked in vain for a caterpillar, so used the family cat instead. She insisted in staying out several miles, and presented several field mice (dead) on our back stoop in the morning about sunrise. So there, Mister Becker, if a little birdie cuts your worm you may borrow one pussy, but we loaned her to a neighbor (Brother Albert the C) who also says it is a warm winter, and when a window was open Mrs. Tobbia came right home and caught a mouse the night she came back. Which all goes to prove that IT IS a mild winter, and "better catch the mice in your own house before loaning the cat to a neighbor."

And, by the way, wasn't last Sunday a nice day to entertain City motorists, thousands of them on U. S. 12 all day and eve.

Bright Paint
shows pretty on the first east sidewalks on Berwick and Blackburn. Thus Cousin Charles proves the mild winter, being another sign—painters working on the outside in January.

Bright bricks
by Cousin Bartholomew are also announcing the mildness predictions of the weather, for the brickicians are also working outside, whilst Cousin Bob makes the baths in the "Browlie's" house.

A Communication
Mr. Editor:
I have no doubt that the friends of Mr. and Mrs. George Diedrick of Brachter Road, will be glad to learn that their young son, from St. Petersburg, Florida, where they spent the last two months with their parents and brother, Alvin.

During their stay in the Sunshine City they had the pleasure to meet many of their friends from north, and also made many new ones.

They were indeed fortunate to enjoy two months of continual sunshine, that no one except those who have been here can boast of.

It is saying a lot, but nevertheless, it is a well known fact that there is no other place that has so few sunless days.

Mr. and Mrs. Diedrick had the pleasure of visiting many places of interest, such as the Ringling Brothers Circus and Museum in Sarasota; Tarpon Springs on the Gulf of Mexico, known as the largest sponge market of the world; and also the home of the famous artist, the late Inness, Jr., where are exhibited some of his best paintings.

They spent many hours with their friends playing on the Sunshine club shuffle board courts where a newcomer is made to feel at home by everyone, also on the Horseshoe lanes where George's brother Alvin used to be numbered among the best players.

A few days before their departure for home, Mrs. Diedrick's friends all members of the bridge club gave a party in her honor, which shows the friendship spirit of our people down southland.

Speaking of flowers, nothing pleased them more than the Bigonia or Flame Wine, the Bangenville and many others, too numerous to mention.

Going back to the frozen north, having beheld them a great number of friends who wish them both

to return to their home, and pray the good Lord to spare them for many years and give them a chance to come back to us, their friends, who will be ready to welcome them with open arms, should God bless them both.

No Tree Planting By State in 1933

There will be no planting on Michigan's twelve state forests next spring as the stock at the Higgins Lake Nursery must have at least one more growing season before the trees will be large enough for forest planting purposes. Preparations for reforestation must begin at least two years in advance of the actual planting, according to the Forestry Division of the Conservation Department. Since two growing seasons for Norway and Jack pine and three for white pine are required to produce stock which has proven suitable for planting on the state forests.

The activities of the state forest nursery have been considerably reduced during the past two years. The nursery inventory now shows only 16,000,000 pine seedlings, which is less than half the number for a similar inventory of 1930.

However, despite the curtailment of planting activities, both seedlings and transplants will be available as usual for distribution to individuals and for public school and municipal planting. Only a small part of the nursery output is disposed of in this manner, and enough stock has been reserved to care for all such demands.

The first state forest was set aside in 1903 with a segregation of 34,000 acres. Michigan now has 22 state forests with a net area of approximately 800,000 acres. While plantings were made shortly after the first forest was established, less than 300 acres had been reforested by 1910. The area reforested annually increased steadily up to 1927 when 7,500 acres were reclaimed. Since then progress has been even more marked and the 1931 planting of 32,433 acres still stands as a record for the largest area planted by any state in one year.

The feeding ground of a band of elk in winter often resembles a farmyard, the snow being trodden down and packed as hard as ice, and the trees, if aspen, birch, or willow, have most of the bark eaten off.

A happy return to their home, and pray the good Lord to spare them for many years and give them a chance to come back to us, their friends, who will be ready to welcome them with open arms, should God bless them both.

Hunting Season Is Nearing The End

The last of the series of hunting and trapping seasons which began last fall will end at midnight January 31 with the close of the season for taking rabbits and badgers. On that date all hunting and trapping for protected animals and birds will cease until October 1, 1933.

The rabbit season which opened October 15 in the lower peninsula and October 1 in the upper peninsula will end throughout the state with the last day of January. The badger season south of Towline 16 closed January 1, January 31 it will close north of that line.

While there is no closed season for taking mink, mink may be trapped only during the open season for trapping muskrats.

With the close of the various seasons the Department of Conservation is asking hunters who took tagged birds or animals during the observation of this nature will soon be compiled and the Department is anxious to have as complete records as possible.

Information concerning marked animals or birds found should include the date, place and manner of recovery and the band should be sent to the Game Division, Department of Conservation at Lansing, unless the animal is released alive. If released, the band number should be noted and included in the report.

Warning Issued To Anemia Patients
Since the discovery of the liver treatment for Pernicious Anemia, those who die of the disease do so because they fail to keep up the medication ordered, with the result that they may die of anemia or fall into a condition where infectious diseases find them easy prey.

This observation is reported by the Simpson Memorial Institute at the University of Michigan in the annual report of President Alexander G. Ruthven for 1931-32. Of a group of 26 patients studied by the Institute, 12 died of degeneration of the spinal cord which seems to frequently accompany pernicious anemia, and in a majority of cases the patients had discontinued the

liver treatment, often over a long period.

Some of the 24 died of accidents or diseases wholly unrelated to anemia, while 3 died of bronchopneumonia. The latter and those dying of spinal cord lesions, could have been prevented had these patients cooperated early and steadily in the prescribed treatment by mouth.

with liver and ventriculin. Dr. Cyrus C. Sturgis, Director, stated: The liver extract developed for direct injection into the blood is proving useful, Dr. Sturgis said. It need be given only once a month, and is a valuable emergency method when the extract cannot be taken by mouth.

Investing Safely

A good investment is proven by the dividend earned, maintaining the value 100 cents on the dollar, during hard times as well as good.
The Standard during 1932 paid its Certificate Holders \$688,500.00 in dividends, added \$363,000 to its reserve fund, and kept its stock value at 100 cents on the dollar. The same as during the thirty-nine years since its incorporation.

Nowhere outside of Building and Loan in the investment field will you find the dividend as certain, and the safety of principal as sure.
We invite your investigation, and will be most pleased to advise with you at any time.

Again Chevrolet leads the way to economical transportation! Chevrolet announces a greatly improved line of Chevrolet six-cylinder trucks—featuring a new engine. A new rear axle. A new frame. Many progressive changes in design and construction. And selling at new, greatly reduced prices that only the world's largest builder of cars and trucks could achieve.
All 131-ton models are now powered by a remarkable new Six-Cylinder Special Truck Engine. This is basically the same reliable power plant of last year—but Chevrolet has made it even smoother, more powerful, and more economical by the addition of 33 new improvements and refinements.
Chevrolet has also introduced an entirely new type of rear axle with the outstanding mechanical advantages of a four-pinion differential and a straddle-mounted pinion with bearing support on both sides.
In addition, the Chevrolet 131-inch truck now has a much stronger frame, with deeper, heavier side members. The 1 1/2-ton models have a sturdier universal joint, as well as larger brakes, improved springs, and a new 15-gallon fuel tank.
Nothing that Chevrolet has ever done before in trucks can equal the importance of this announcement: A stronger, more powerful, more durable six-cylinder line. Even more economical than last year. And priced as low as \$440!
