SENATOR REID TELLS OF STATE TAX PROBLEMS

Women Voters League Gets First Hand Data Of State Troubles

The Plymouth League of Women Voters held their monthly meeting of May 8th in the home of Mrs. Louise Mulford, north Main St. At 2:30 p. m. the business meeting opened with the new officers in their chairs and delegates were chosen to attend the annual meeting of the Wayne County Federation to be held in the Detroit Athletic Club, May 10th, 1933.

The following is a list of the new members of the Plymouth League and the committee for the year: president, Mrs. Ruth E. Huston-Whipple; first vice president, Mrs. Louise Mulford; second vice president, Mrs. Ann Carley; recording secretary, Miss Lida Durfee; corresponding secretary, Mrs. Yarn Rowley; treasurer, Mrs. Bernice Wiseman; committees: International Relations, Mrs. Mary Hillmer; Child Welfare, Mrs. Bernice Wiseman; Efficiency on Government, Mrs. Maude Bennett; Municipal Affairs, Mrs. Henry Weigher; Mrs. Chas. Hull; Mrs. Louise Mulford; Living Costs, Louise Mulford, Mrs. S. Spicer.

Although a rainy, dismal day guests began to arrive until a good sized crowd of interested men and women were on hand at the scheduled time of 1:30 hours. Senator Reid, of Lansing, and Highland Park speak on "Recent Legislation at Lansing."

The business meeting adjourned and Senator Reid was introduced by the president, Mrs. Ruth E. Huston-Whipple.

He began by giving a few brief but cogent remarks on the delay in legislation at Lansing, among them he stressed the unusual times calling for unusual legislation, the exceedingly large number of new and inexperienced men in the Senate and House and the lack of leadership given them by the Governor.

One by one he covered the following bills, giving short but pointed remarks about each one: the sales tax, banking bill, beer legislation, the Moore bill and others.

Speaking on welfare and the present and future budget, he said that the Upper Peninsula has 25 per cent of its population on welfare and that Michigan now stands at \$10,000,000 in the red and still has to provide \$12,000,000 for welfare, \$15,000,000 for colleges. That state hospitals, prisons, children's homes and other state institutions have their state charges have to be taken care of as a fixed charge and cannot operate properly on drastically reduced allotments so that the only means of reducing government costs would be in the Administration Departments.

Senator Reid in his quiet, easy manner gave a very instructive and educational talk imparting legislative knowledge all could understand. He answered many questions which the interested guests and members had ready for him.

Three bills of special interest to women were briefly discussed: the 30-hour week bill for women, prohibiting employment of married women, printing of text books in prisons.

William Strong went to Toledo, Ohio, Sunday where he will make an extended visit at the home of Mr. and Mrs. O. H. Lammer.

National Hospital Day, Today, May 12

National hospital day—today—May 12th.

The Plymouth hospital is going to observe this anniversary of Florence Nightingale, organizer of the trained nurses of the world.

As one of the interesting features of the observance, the hospital is offering ten days of free service to the public, as well as the mother, born in the hospital between midnight, May 11 and midnight, May 12. So Mr. Stork please get busy and see to it that some young mother and her babe wins this hospital offer.

USE PRISONS TO AID FARMERS?

Legislature May Break Farm Tool Prices By Making Tools

Lansing, Mich.—When Governor Fred Warner put the binder twine plant in Jackson prison and began supplying the farmers of Michigan with a binder twine article that they had been paying exorbitant prices for, he started a prison industry that lasted for a quarter of a century. He broke up the alleged binder twine trust and he claimed that he took from the neck of the farmers a thing that was being used to strangle them.

It is an interesting and strange coincidence that just at the time the binder twine plant is being dismantled at Jackson prison, because of congressional legislation that will not permit prison-made products to be shipped outside the state, that Michigan should be considering the question of manufacturing farm implements for use by Michigan farmers.

The very same reason that caused Governor Fred M. Warner to start up a binder twine plant in Jackson is now being given by Tom Stans of Midland for the making of farm implements by the state.

Representative Stans, father of a legislative resolution that provides for a sweeping investigation into the high prices of farm machinery, and who is chairman of the investigation committee, is just now scouring data from Minnesota, where he has discovered that in the prison at Stillwell, Minnesota, there is a plant used entirely for the building of farm machinery. He has not yet been advised as to the extent of the Stillwell plant or how many kinds of farm implements are made there, but he hopes to have his information within a few days.

Drama Club Play At High School on Tuesday Evening

Seven hundred free tickets have been printed and are being distributed by members of the Senior Drama club of Plymouth High school for the three one-act plays that they are presenting Tuesday evening, May 16 at eight o'clock in the high school auditorium. Only those who have a ticket will be admitted. Seven hundred tickets sound like a great many, but the supply is being rapidly exhausted. Tickets may be obtained from members of the play casts, Miss Winifred Ford, who will direct all three plays, or from any member of the drama club.

All these plays are of first class quality, each one being totally different. The tragedy, "The Heart of a Hero," is a play that has been a hit with the eyes of beholders while the other two have won admiration and laughter. Club members will have full charge of lighting, sound effects, and stage construction.

Rosedale Mothers And Girls to Banquet

The annual mother and daughter banquet of the Rosedale Presbyterian church will take place at the church Friday evening, May 19 at 6:30 o'clock. Committees are just at present working on a most interesting program for the event. Mrs. Joyner of York avenue has charge of the ticket arrangements for the banquet.

LAUD PLYMOUTH AS PLACE FOR CONVENTIONS

Credit Bureaus Of State Hold Sessions At The Mayflower

Tribute to Plymouth hospitality, to Plymouth's beautiful Mayflower hotel, to the ideal location and advantages this progressive little city offers as a meeting place for the smaller conventions was paid by nearly every speaker present at the annual meeting of the Associated Credit Bureaus of Michigan that met here Monday and Tuesday.

Not only did Plymouth and the Mayflower receive considerable praise from the visitors, but Secretary Berg Moore of the Chamber of Commerce was lauded by officials of the organization that met here Monday and Tuesday.

Every detail of the meeting had been so carefully planned.

The banquet on Monday night, attended by nearly 125 delegates and business men from both Plymouth and Northville, was one of the outstanding features of the session.

It can truthfully be said that credit was in a most buoyant form during the banquet—do not misunderstand—but 125 of those popular little water guns the Daisley Manufacturing company is having such a demand for, provided plenty of fun and excitement.

Carefully planned under each mapkin by Clair Mabeu, manager of the hotel, the regular little games were not absent until time for the meal to be served. Then it was that the water battle began—and it did not end until the main speaker of the convention was introduced.

The visitors were warmly welcomed to Plymouth by Mayor Emerson R. Hoover, who told the guests of many advantages of this city. The Monday session was devoted almost entirely to association matters.

William A. Burke of Saginaw discussed credit bureau problems and how to overcome them. Floyd Miller of Pontiac discussed some of the problems of legislation pending in Lansing at present, other speakers on the program were Kenneth C. Barnes of Charlotte, C. E. Walker of Sturgis, C. J. Braumser of Birmingham, A. S. Ross of Grand Rapids and C. E. Fowler of Bay City.

Collection problems were discussed by Loren Bernard of Grand Rapids and John W. Vile of Mt. Clemens told how to get new accounts.

Each speaker of Royal Oak, Glenn E. Miller of Hillsdale and Arthur Miller of Port Huron discussed many other problems of the credit bureau work.

The one speaker at the banquet was Guy H. Tabe, secretary of the National Retail Credit Association of St. Louis, Missouri. He declared that the Plymouth convention was one of the best state meetings he had ever attended.

It speaks well for your organization here and for the business men of your community. The very cooperation among merchants and dealers that the success of any community effort depended entirely upon the team work of the business men.

Credit bureaus do much to help keep out of town swindlers that come in and take money from the merchants, money that could be used in other ways. Credit bureaus are a credit to any community," he declared.

Sixty per cent of all retail business of the United States is done by credit," he said.

Scrip Problem Is A Troublesome One

With Detroit stores turning thumbs down on the scrip of that city, with the Detroit welfare department refusing to accept it as well as the water board and the Detroit street car system, and the banks of that city, Plymouth is in a quandary as to what to do with it. The Plymouth city government announced last week that it could not accept scrip as it had no outlet for it. Some of the merchants were forced to follow suit. Others are taking it in the hopes of being able to get rid of it. Many have accepted it but have been unable to find takers in Detroit. Local business men are hoping that Detroit will work out some plan which will make possible the free use of scrip.

PLYMOUTH WINS OPENING GAME

Oakland Dairy Team Unable To Take Lead From Local Team

Maybe presidents and governors and the like open some baseball seasons, but Plymouth's local baseball fans have two dignitaries of its own to call upon when it is time to start the ball rolling. Last Sunday afternoon the Schrader-Haggerty team opened its season in a contest with the speedy Oakland Dairy team from Pontiac.

Former Secretary of State John S. Hagerly hurled the first ball over the plate and his old friend Fred D. Schrader filled the position back of the bat. In this connection it might be said that there is being created at the field a new baseball.

Even though he muffed the first one, these two old stars played the entire first inning in a manner that would do credit to Babe Ruth and his tribe. It was immediately after the game that they drove to the home of J. Merrill Bennett and ordered the backstop erected for the new game.

Plymouth took the opener by a score of 7 to 6.

Estel Rowland started for Plymouth and William Buzner for Pontiac. Harry German, Jr. relieved Rowland in the sixth.

Both teams were outwitting and outwaged a wet soggy field, but a large crowd was in attendance.

Plymouth took the lead in the first and held it throughout the contest, by scoring five runs in the first, one in the second, and one in the seventh. Pontiac scored early in the third, two in the seventh and one in the ninth.

The outstanding features of the game were: Rowland and German's fine pitching; and the marvelous catch by Kenneth Gates that was turned into a double play. Buzner did fine work for Pontiac after the first two innings.

Sunday, May 14th, will find Mr. Clemens at the new Plymouth Riverside Park. Mr. Clemens was a member of the Michigan Ontario League last season. Plymouth baseball fans will surely regret that the baseball team from their local team this year, for the way they proved in the opener.

L.O.T.M. Members Plan Mother and Daughter Banquet

On Wednesday, May 17th at 6:30 o'clock the members of the Lady Macabees will honor their mothers, daughters, grandmothers and granddaughters with a cooperative dinner, followed by an appropriate program. If a member hasn't any of the above mentioned relatives, she is privileged to "borrow" one. It is understood, of course that the larger number her invited guests may be, the larger the number.

As this is the first social function attempted by the Macabees in their new quarters, it is requested that their best make it a success. Any further information may be obtained from the Commander, Dora Wood or Edith Jones, general chairman or Mrs. Clyde Smith, press correspondent, L. O. T. M.

Girl Reserves And Mothers Banquet

Tuesday evening was a memorable one for the Girl Reserves of the Plymouth high school and their mothers. It was nearly seven o'clock when they marched into the auditorium and were seated in long tables, decorated in the Reserve colors, blue and white. An enjoyed the beautiful dinner served them by the Junior Girl Reserves and their advisors.

ANNUAL SCHOOL ELECTIONS MONDAY JUNE 12

Candidates Must File Petitions Between May 13 and May 27

The annual election in Plymouth School District No. 1, Fractional District No. 1, will be held on Monday, June 12, at which time two trustees will be elected to succeed James Gallimore and Russell Roe.

Candidates whose names are to be printed on the official ballot to be used on the twelfth have to file a nominating petition with the secretary of the board of education between the dates of May 13 and May 27, inclusive. These petitions must be signed by fifty qualified registered school electors. Those who registered last year or before with the school district need not re-register.

Qualified electors may register at the superintendent's office at the high school, or with the secretary of the board of education anytime before Saturday, June 3.

On Saturday, June 3, the board of registration will be in session between the hours of one and eight p. m. at the Superintendent's office at the high school.

Blanks for the filing of nominating petitions may be secured at the office of the superintendent of school or from the secretary of school or from the secretary of the board of education. Attorney Claude Bazzard, at any time.

Household Club To Hold Picnic May 19 In Riverside Park

The last regular meeting of the Household Furnishings Club of Plymouth was held at the home of Mrs. Miller Ross on Monday, May 1. There were 20 present to hear the most interesting lesson on "Planning the Background of a Room." Surely all there should be better buyers of rugs, linoleum, etc., and be able to plan more economically and still refresh most attractively any room in the house if they but practice what they discussed at this meeting.

At the beginning of this course we learned that the quality of friendliness was most desired in our homes and that no home was truly attractive if it did not meet the needs of its occupants as well as supply a healthful restful atmosphere in which the family could enjoy their leisure together.

The course has endeavored to teach its members good taste in home furnishing; good design in the placing of furniture; the use of color harmonies in attaining the goal of beauty in the home; the various methods of making rugs, curtains and other things of home value; paper, rugs, etc. of choosing a beautiful background for our homes.

The leaders have proven themselves indefatigable in their efforts to bring as the very best illustrative material they could obtain and the members are all appreciative of the work presented this morning. The work the time involved, the Extension Department may well be congratulated on making such a vitally interesting, constructive course available to the average home maker.

Mrs. Mabel G. Gillis, wife of the assistant superintendent of the Detroit House of Correction, will be able to leave the Plymouth hospital in a few days, where she has been confined since an automobile accident on Saturday.

Suffering from several severe cuts and bruises, it was feared at the time of the accident that her injuries might be of a dangerous nature.

While driving her automobile on East Ann Arbor street last Saturday shortly after noon the car crossed from a highway and skidded into a tree with terrific force, jamming her against the steering wheel. Flying glass caused numerous severe cuts. Picked up unconscious she was hurried to Plymouth hospital in the Schrader ambulance where immediate medical attention was given by Dr. Kimball and Dr. Patterson.

Watkins Plans To Move Family Soon

James Watkins of Redford who recently opened the Plymouth feed store on South Main street, expects to move to Plymouth in the near future. Mr. Watkins states that he is greatly pleased with his new location and his business here. He is carrying a complete line of everything that one might expect to find in a feed store.

A Mother's Day Thought

Just a bouquet of white
From the garden of life;
Just a short day's relief
From all turmoil and strife.

Just a letter of cheer
To your best friend on earth,
At whose breast you nestled
In days after birth.

She is thinking, perhaps,
Of another new gone.
But YOU are still living.
So, man, carry on.

Just a bouquet of white,
And a letter of cheer;
God bless all the mothers—
Their love's ever near.

These have been interesting days for Plymouth Rotarians. Last Friday took place a most interesting demonstration of Boy Scout work before the club members at their meeting at the Mayflower hotel.

TWO INJURED IN AUTO ACCIDENT

Parents On Way To See Son Who Was Injured In Shop Accident

The many friends of Mr. and Mrs. R. H. Beck of Blunk avenue will be pleased to know that they are recovering satisfactorily from the injuries they received last Sunday when their automobile was driven into the ditch and turned over on the highway near Saline. Both were badly cut and bruised in the crash and the car was partly wrecked.

Notified of the serious condition of their son, R. Charles Beck at his home in LaGrange, Illinois who had been injured in an accident at the plant in which he works, they left early Sunday morning for that place. A short distance out of Plymouth trouble developed with their car. They returned and had it repaired.

Again they left for the Illinois city and a short distance out from Saline their car left the highway and turned completely over. The two injured passengers were picked up and hurried to a hospital in Ypsilanti where their injuries were treated. They were then brought to their home in Plymouth. Mr. Beck was able to be absent Thursday but it will be a number of days before Mrs. Beck will be able to leave her bed.

Plymouth Youth Writes For Paper At The University

Charles A. Root, a Plymouth youth who is a graduate of the local high school, but now a student at the University of Michigan, has been made a member of the Student Journalist, the department of Journalism publication. He recently had the following two articles in the paper:

Foundations are being laid in Washington County for the complete organization of a 500 acre, economically independent and self-sufficient community, where five or six families of average size may live in security from business depression or financial panic. The project has already been incorporated, but the participants are not yet willing to announce themselves formally to the public.

The general manager, employed by the originator of the plan, is an expert farmer. He has taken agricultural courses at the Michigan Agricultural College, now Michigan State College. A poultry expert is in charge of the chicken business, and specialists in canning and in other branches of scientific farming are encouraged to join the community.

According to the plan, each member and his family will receive a share of the combined income during economically normal times. This share will be in proportion to the importance of the individual's function. That is, a foreman will receive more than a farm hand. While the surplus made by selling produce in the open market will be divided, each member will be urged to re-invest his share in the community. A common workman's insurance plan will guarantee an income to Plymouth in the near future. If the corporation does not make a profit, owing to a financial crisis or because of unforeseen losses, its members will, nevertheless be assured of food and shelter.

The very latest of equipment and best of personnel is incorporated into this farm project. Modern machinery, such as tractors, trucks, threshing machines, and electrically driven equipment for installation in scientifically designed stock barns has been purchased. Chick houses and cow barns are modern in every respect, the latter being fitted with automatic filling water cups in each stall, a mechanical manure conveyor, and many other devices.

A canning factory, built near the large barns, will be used to can surplus fruits, vegetables, and meats. The building is so arranged that the fresh fruit is brought in at one end and is conveyed to the opposite end, where it is scaled in cans. Two new six room houses of modern architectural design are already occupied.

One of the farm's chief revenues at present is from an egg market set up in the suburbs of Detroit. High school boys are called to 30 dozens of eggs in crate lots, work up a route in their neighborhood similar to a paper route.

After working for two years to earn money to complete his education at the University of Michigan, a student serving as a summer laborer at the World's Fair Grounds heard with dismay of the possible increase of tuition due to the proposed University budget cut. For his work in Chicago he receives 25 cents.

During the recent spring vacation a student at the University drove his automobile with student permit tags attached, to Chicago and there visited the World's Fair grounds. Coming from the Transportation building, he was engaged in putting up a structure not far from where he was parked. "How is the old school getting along?" he asked, saying that he recognized the permit tags issued by the University. The workman

CLEAN UP-WEEK TO TAKE PLACE FROM MAY 22-27

Mayor Hoover Announces Dates For General Clean-Up

Mayor Freeman B. Hoover has announced the week of May 22 to May 27 as clean-up week for the present year.

Because of the lateness of the spring and bad weather conditions, city officials thought it best to have the clean-up a bit later this year than last.

The officials are exceedingly anxious to have all the rubbish and refuse of all kinds removed, vacant lots cleared up and unsightly shacks taken down.

"Make Plymouth the cleanest and the neatest little city in Michigan," will be the slogan of the clean-up workers.

Along with the clean-up week will be paint-up week. Clean-up and painting-up will help the appearance of any city, therefore it is urged that every effort be put forth to make this year's clean-up the most thorough the city ever enjoyed.

Residents are asked to have all of their old rubbish collected in boxes and other containers and set at the curb on Thursday, May 25. On that day all city trucks will collect all material left along streets. If there is more than can be collected on the one day, collections will be made on the following two days, but be sure to have it out on the morning of May 25.

It is requested for the best and most thorough clean-up week Plymouth ever had!

Must Put Postage On Circulars in Boxes

Business houses are not allowed to place sales bills, circulars and other matter in letter boxes along rural routes unless regular postage is paid and the mail matter is addressed, according to a recent statement from the Third Assistant Postmaster General.

Rural carriers are instructed which mail matter is deposited in these boxes, without payment of postage to notify the sender of the amount of the postage required on the matter and request him to furnish it.

Poultry Records Jumping Skyward

Records are going up!

Last week F. L. Becker, well known Plymouth poultry fancier, made a claim to a high average egg laying record by his flock.

Now comes Irving Blunk, another poultry man, with a record of 17 laying hens for recent months that points a different kind of a picture.

During February these 17 hens laid 234 eggs. In March they produced 407 eggs and in April 407 eggs, making a total of 1048 eggs for three months.

WHY NOT?

It has been pointed out numerous times in the Plymouth Mail that this is the largest plant growing center in the state. We produce in the immediate vicinity of Plymouth more flowers and vegetable plants than any other place in Michigan...

It was suggested in the Mail a year ago that we take some steps to provide the traveling public with some evidence of this great industry in our vicinity.

Why not—why not transform some of our numerous cheap looking parks and vacant property into artistic show-places of the many beautiful plants we grow here?

There are those living here, men like J. Merrill Bennett, or most any of the extensive growers of flowers, who could give suggestions as to what to do and how.

Make Plymouth one of the floral beauty spots of Michigan—advertise to the thousands and thousands of people who go through here each year.

LET THEM GO HUNGRY

News dispatches from the north say that many of the young men of Detroit who accepted positions with the government to spend the summer working in the forests of northern Michigan are quitting their jobs.

Provided with a job, with a good place to sleep, with plenty of food and wages that could be used to help their people at home, it is quite amazing to think many of them are bolting the jobs.

Any welfare official that permits one of these scoundrels to go back on the welfare or get a bit of food, ought to be fired immediately.

THAT FISHING LICENSE

The legislature has seen fit to pass a state law which will become effective sometime this summer making it necessary for everyone that fishes in Michigan to secure a fishing license.

50 cents, not high it is true, but high enough in many cases. There is no more an ardent fisherman in the state than the writer of this editorial.

We do believe that fishermen who like to try their luck at game fish, such as trout, muskies, wall-eyes and bass, should pay a license, but it is entirely wrong to force the man who catches non-game fish for food to pay a license to do so.

Because a national financial disaster has overtaken the country and commercial transactions are somewhat clogged don't let down on your own personal job.

Therefore, it is essential that all of us dig into the tasks that are ours. The work must be done a little better than ever before if communities are to be pulled out of the darkness into the sunlight.

There never was more work to do, or a greater reason why it should be done—Events, End, Ok.

NEEDED A GUIDE

Publisher George Averill of the Birmingham Eclectic was a recent visitor in Washington. Among the others he called upon with a group of citizens he was with from his town was Congressman George A. Dondero.

Mr. Dondero apparently likes his job. He offered to buy a bottle (or bottles, perhaps) of the 32 beer, which is sold right in the Capitol.

EMPLOYMENT GIVEN 65 PLYMOUTH MEN

Sixty-five Plymouth men are going to be given part time work on the extensive work-relief program that the county highway commission in cooperation with the state highway department has worked out.

Mayor Freeman B. Hoyer hopes that all of them will be able to go to work just as soon as weather conditions permit road work to be resumed.

One of the important projects that will be carried out in this vicinity will be the whitening of the shoulders of the Plymouth road from the east city limits to the junction of the Plymouth-Ann Arbor cut-off about two miles out.

Not only will the men widen the shoulders on each side of the concrete slab a distance of eight feet, but it is planned to coat a part of the earth filling with gravel, there-

Q. Jack Wilcox, are you writing a note to Stella Pederson?
A. Jack, blushing and greatly embarrassed, "Gosh no! I'm only the mailman."

Q. Who gave Charlene Lewandowski a finger wave?
A. He says they housekeeper did, but Myrella claims she did it.

Q. Miss Flegel, why was the Panama Canal built?
A. Grant Miller: So the fish in the Pacific Ocean could meet the fish in the Atlantic Ocean and the fish in the Atlantic Ocean could meet the fish in the Pacific Ocean.

Senior Drama Club Entertains

The Senior Drama club is very busy at this time preparing and practicing three plays which are to be given May 16. They presented one of these plays, "The Valiant," before the junior high assembly last week. The cast was as follows: the warden, Kenneth Green; the priest, Ernest Archer; the girl, Max Todd; the girl, Irene Humphries; the attendant, Marvin Partridge; the jailer, William Thams; Jack Wilcox had charge of the lighting, curtain, and sound effects. The scene was in the warden's office at eleven o'clock. Just before the time set for the execution of the convict, one strange thing about the convict was that he told the warden and other officials that his name was James Dyke, which they believed to be false. He didn't seem to mind the fact that he was to be killed. About 11:30 o'clock the warden called him into his office to talk with him. This was an unusual thing to do especially on the night of the killing. He talked with the convict but didn't make any headway as to his correct name which of course was the real problem. While the warden and the priest were interviewing the convict, the warden received a telephone call from the governor to put off the killing until a girl who was now in the governor's office would come to see the convict. She believed he was her long lost brother. The warden let the girl talk to the prisoner alone. After she had talked with him she realized that it wasn't her brother, although the prisoner knew the girl is his sister. He was glad that she had someone to say goodbye to for he seemed to like her. In conclusion he begged to take that last journey to the death cell.

STRANGE BELIEF OF ISLAND NATIVES

In East Greenland, a child's name is its second soul. For the child is named after the last person deceased in the group, whose soul enters the child and becomes one of his souls.

SCHOOL COSTS VERSUS STATE PRISON COSTS

Tennis Tournament To Begin

Forty girls from the ninth, tenth, eleventh and twelfth grades began tennis tournament on Thursday of last week. The winner of the finals will receive 50 points towards her school letter; the runner-up will receive 35 points. The winner of the semi-finals will receive 15 points, and all other contestants will receive 10 points.

Cachets and Covers

So many readers of this stamp column have inquired as to the meanings of cachets and covers that these terms will be explained. Noah Webster defines a cachet as follows: a seal as of a letter, distinctive mark. That is a very true definition, but to say the most, it doesn't give an adequate description of it by exercising her power on them.

A cover is technically any envelope many collectors desiring to leave the stamps of their collection on the envelopes. Some collectors will not take any stamp cancellation bearing the first date that a stamp was issued. The author has among his covers the stamp commemorating the Battle of Braddock's Field bearing the date July 9, 1890 and a first day cancellation of the 10-cent stamp.

There is a great deal of controversy as to the actual value of covers and cachets, some philatelists insisting that they possess no value other than that of the stamp upon which they are placed.

While the supposedly high taxes for the maintenance of the public schools receives a great deal of attention, the even greater expenditures for local and state police, courts, the prosecution of criminals, local jail maintenance, and the costs incident to the probation of the criminals. The cost of maintaining a prisoner at Jackson is eighty-two cents a day or \$242.30 a year.

Which will the citizens of Michigan do, board prisoners at a cost ranging from \$255 to \$372 annually or train children to be useful to an annual investment of \$68 per child?

SOPHOMORE DANCE A SUCCESS

Because of the hearty support given the sophomore class at their dance, their last social activity of the year, they made a profit of \$10.15. Delightful music furnished by the "Footers" was thoroughly enjoyed by the dancers.

STARKWEATHER SCHOOL NOTES

The kindergarten in Miss Cavanaugh's room have made clay chickens and mother hens. They have been making scrap books and butterfly curtain holders. They are practicing for the May Festival.

The fifth A language class in Miss Farrand's room have carved Anemone flowers out of soap.

USE OF LEISURE TIME, HOME ECONOMICS STUDY

"One of seven cardinal objectives of education has been the worthy use of leisure time."
Why has this been included? Why should we plan our leisure time? Won't planning spoil our fun? Just as we need to budget our money income in order to get the most from it, so we need to budget the limited amount of leisure we have in order to get the most from it. High school girls must determine whether they are deriving genuine enjoyment from the things they do in leisure time at different seasons of the year or whether they are trying to follow some one else's plan, or to do what everyone else does, follow "the crowd" or merely to "improve their minds." Girls must find a variety of interests so they may have broad, rich experiences, for here, too, is education. Let us find a balance between work and play, as when a person who works alone turns to society in his leisure time, and when one who is idle turns to his air and exercise.

Some ways to gain ends expressed are to cultivate hobbies and watch for possibilities open to us. What might these be? One might be stargazing, a love of out doors, appreciation of flowers, animals, sky, stars, landscape, and interest in gardening. Again it may be photography, taking pictures of children, birds, scenes or other things that may interest them. There are sports, in which they may become amateur athletes. Books may interest them. Perhaps an appreciation of music or dancing or singing may appeal. Then we have various needs of recreation. In the use of all these one must be careful of the danger of being an onlooker rather than participant. Experimenting in science is a possibility. The vast field of collecting whether it be stamps or old china it is opportunity for development of a hobby.

Girls will have richer conception of leisure activities, tolerance and appreciation for different hobbies. Interest may be stimulated in trying new ways of spending leisure time. The need for planning leisure time there now is much more important than in previous years, because family has more leisure due to perfected manufacturing and mass production, which has shortened the day so much. How may the family use leisure time? By listening to the radio together, enjoying the same music or talk, and perhaps discussing it. Dinners, vacation trip, parties can be enjoyed together and family so hand in hand, but they revolve around the individual. Each person should have time of his very own and each must have some outside interests to make him able to stand alone. There must be a balance between work and play and there should be genuine enjoyment and the building of permanent interests.

Central Grade School Notes

The kindergarten children have cut out bird houses free handed. They have also drawn tulips and dandelions free handed. Their gardens are showing signs of rapid progress. They have learned to acquaint the names of the colors with the colors.

Mrs. Jack Stewart visited Miss Mitchell's room last Wednesday. The second flower the children have learned about in nature study is the bloodroot. They have made tulips in flower pots of various colors to decorate the windows.

The nature study class in Miss Crammel's room is gathering spring flowers: spring beauty, dandelion, and jack-in-the-pulpit. The children have learned a new poem "How Would You Like To Go Up In A Swing."

The following people in Miss Frantz's room got A in spelling: Josephine Armbruster, Delphine Bogenschutz, Velma Evans, Elizabeth Horvath, Barbara Martin, Velda Roubalacher. Dianne's class is reading "How Lay on the Plains."

Robert Sessions of Miss Sily's room is back in school after being ill. The children in Miss Weatherhead's room have finished their nature study books. There were twelve A's in spelling. The Art class is making toy furniture. They have learned a new poem, "Summer Is Nigh."

Phyllis Campbell of Miss Field's room had the highest mark on a spelling test. There were eighteen Palmer Method awards in Miss Dixon's room. Virginia Dunham won three awards in spelling, Miss Ollis called her "Miss Speller."

The boys and girls in Miss Holliday's room have made health posters on the value of whole wheat products. The 5th grade has started multiplication of fractions in arithmetic. Mrs. Holliday's class is making health posters. The arithmetic class is landscaping gardens.

Anna Kulin, Virginia Stringer, Margaret Erdelyi and Betty Barlow of Miss Erbe's room received final certificates in penmanship. Earl Wilson is absent because of chicken pox. Thirteen boys and girls in Miss Fenner's room are members of the Good Works Club.

Everyone received one hundred percent in penmanship last week. Carol Campbell and Arlene Soth received the highest marks on the spelling test. The 6 A are making theatres of "Atlanta Races."

GIRL RESERVES WIN HONORS

The senior Girl Reserves have an honor system for receiving their rings. If a girl feels that she has worked hard and faithfully, tried to live up to the code, has developed her personality greatly, has grown mentally, she asks for her ring. She may not get it the first time she asks for it but if she steadily tries to better herself, she will receive it in time.

SENIOR BIOGRAPHIES

Frieda Hansen (Studios) a tall brown haired pretty lass, with an unusual mental ability, and a love for study first opened her baby blue eyes in Detroit, Michigan. Frieda's mark average ranks second in her class, and she has been chosen Salutatorian for the senior class. She is a member of the Girl Reserves and Travel Club, and is an efficient stenographer. Frieda has an unusual sense of humor, and for no reason whatever she declined to respond to the reporters questions. She has always managed to be going somewhere in a hurry when she sighted a reporter coming in her general direction. We congratulate you on choosing a reporting staff, Frieda, but you know the old story about the criminal, they always get caught in the end. Russell Rudick, known to his friends as "Rudy" first honored Detroit, Michigan with his presence. Russell is an unusually tall lad with curly hair and a great deal of man. He is a little air-minded too, because he wants to study aeronautics. Russell is well on the road of his first ambition, that of a sportsman. He is a member of the high school baseball team, and took part in the basketball and volleyball. It is rumored among his friends that a certain young lady, a member of the tenth grade, Mary K. is interested in our tall senior, and it is also rumored that the said senior is interested in Mary K. In such a case what would be the result? I leave that up to you.

Ralva Schilling, Ralva as she is sometimes called, was born in Plymouth. She is a blond, blue-eyed lassie who attended the Ypsilanti Central for three years of her high school career and then she came here to finish her career. She was an active member in class sports at Ypsilanti. She took part in field soccer, basketball, and baseball. She is taking a general course in Ypsilanti. Ralva is a girl who is caught dreaming of a great deal. One asked her what she was dreaming about, and she replied, "nothing." I hope that Kenneth doesn't find out that she is dreaming about nothing when she is probably dreaming of him. Well her's hope her dreams come true.

Geraldine Schmidt, a popular, alluring, and attractive member of the senior class whose diploma add to her personality, first opened her pretty brown eyes in Detroit, Michigan. Jerry is a member of the Girl Reserves, Drama Club, and Tennis Club, being the social chairman in the Girl Reserves. She has appeared in several one-act plays and also played in the senior class play, "Bob's Jerry," the name several of her pals know her by. She was vice president of her class during her sophomore year and is secretary of her class this year. She is supposed to be an authority on love, believe it or not. Anyhow, that's the conclusion reached by some more of her pals. Perhaps that is the reason why she is always in a conference with some-one. Her only ambition is to travel—with lol.

ROCK'S CINDERMEN DEFEAT NORTHVILLE 65 TO 39

Plymouth's track team defeated Northville last Wednesday night by the score 65 points to 39 points. Northville came over boasting that they had a good team. They did but they only carried four good pieces against the Plymouth trackmen. Many of the Rocks earned their letters in this meet and some of the Northville fellows earned theirs also.

Wagenschutz of Plymouth and Baldwin of Northville had quite a contest in the high jumping event. Baldwin finally winning out at five feet, five inches. Wagenschutz tied the school record in this event, which is held by John Randall at five feet, four inches. Gram Miller, a senior, broke Horton's record of 23.3 seconds in the one-hundred yard dash by running it in 23 seconds flat and taking a first in that event for Plymouth.

Blunk scored the most points for Plymouth in this meet by taking a first and two seconds making eleven points. Jewell was second with eight and one-fourth points.

GOLFERS DEFEAT NORTHVILLE

Plymouth's golf team kept up the perfect record this year as Plymouth teams over her neighbor rival by defeating the Orange and Black foursome last Thursday, 364 to 400 at Meadowbrook Country Club.

Wagner tied Campbell with a 92 while Horvath defeated McLaughlin by one stroke. Mather tied Snow with a 95 and Dundas was an easy victim for Krisman 120 to 98. Mather got the only birdie a two par and a par three hole.

Plymouth: Wagner, 92; Horvath, 92.

ROUGE TRACK MEET CALLED OFF

The track meet which was scheduled for last Friday at River Rouge was called off because of rain. The Plymouth track team went to River Rouge and when the meet was about to be called, it started to rain steadily and harder than it had been during the entire day. They ran off three events in the rain and then decided that it was too wet and called off the meet. In the three events run off, Plymouth had nine points to River Rouge's seventeen. Blunk of Plymouth took second in the high hurdles, Jewell took third in the one hundred yard dash and went to River Rouge and when the meet was about to be called, it started to rain steadily and harder than it had been during the entire day. In memory of Bertha Schmidt Reinholz, who passed away May 8, 1925. Sadly missed by her daughters, Bertha Wallenmaier and Edith Likke also her son, Will Schmidt.

In loving memory of Beulah L. Jewell, who passed away five years ago, May 11th. The month of May again is here. The saddest one to us in the whole year.

Because it took from us away a dear one, five years ago today. Her loving heart is now at rest. God called her home when he thought best.

Sadly missed by her daughter, mother, father, sisters and brothers.

IN MEMORIAM In sad but loving memory of our dear Mother, Mrs. Fred Beyer, who passed away one year ago on May 11th.

In our lonely hours of thinking, our thoughts of you are still always dear. It was good to give you up dear Mother, though we knew your life hadn't been in vain, and that you only had taken a step forward to a higher plane.

We know you, with Dear Dad, are happy and patiently waiting there on yonder shore to meet us all some day again.

We know you are both where there is no Sin, Sorrow or Pain, in that land of Sunshine, forever to remain.

We know for all of us you did your very best, and may God grant you eternal rest.

Your children, 2611pd

All of five carloads of lumber used in construction work and some of the tables from Riverside Park floated down the River Rouge, lodging back of the Emma Arnold place.

Thirty ladies enjoyed the hospitality of Mrs. Melvin Guthrie at her pleasant home Tuesday afternoon when she entertained at a tea and quilt exhibit.

Twenty-five quilts were displayed, some very beautiful, the old as well as the new. One home-spun coverlet dated 1818 was shown by Mrs. Paul Bowman.

Those receiving prizes were: Mrs. James McNabb, most pieces in a quilt; Mrs. Henry Grimm, Sr., newest quilt; Mrs. Emma Ryder, oldest quilt and Mrs. Paul Bowman, historical quilt.

Sunday is Mother's Day. If there are any mothers or fathers who would like to attend the morning service and need transportation, please call the pastor at 60W and a car will call for you in time for church. There will be special Mother's Day music.
At the evening service, under the leadership of the choir, living pictures will be given of the Sistine Madonna and the Madonna of the Chair, also of Hagar and Ishmael and of Ruth and Naomi. Appropriate music will accompany the pictures. The high school choir will sing. This program is in charge of Mrs. Carl Shear.
Next Wednesday school class will hold its monthly potluck supper and social evening Friday night, May 19, at the church.
Next Wednesday the Ladies Aid circles will meet as follows: Mrs. Thomas' circle will meet at the home of Mrs. Nichol's, corner of Ann and Farmer; Mrs. Tall's circle meets at the home of Mrs. Bessie on Ann St.; Mrs. Jacob's circle meets at the home of Mrs. Proulx at Maple and Dear St.
The adult choir is practicing each Monday, Wednesday, and Friday evenings until after the spring festival.
Sunday evening, May 14, beginning at 7:30 at the M. E. church house in commemoration of Mother's Day, there will be portrayed in living pictures: Ruth and Naomi by Dore; The Sistine Madonna by Raphael; Hagar and Ishmael by Coppin and the Madonna of the Chair by Raphael.
In addition to the assistance given by both choirs, the morning and Epworth League choir, many church members will participate in staging of this program. Mrs. Carl Shear is general chairman, Mrs. Ruth Huston-Whipple in charge of description and biography, L. L. Ball in charge of backdrops and as emcee, Alfred Smith and Miss Winifred Julliffe in charge of music, Lynn Fraser in charge of stage lighting and Fred Thomas in charge of stage and properties. The picture posing committees are in charge of Mrs. Clifford Clipp, Mrs. Frank Dix, Mrs. E. M. Culler and Wm. McAllough. The musical numbers to accompany the pictures will be: "The Cry of Hagar," Sater-Turner, sung by Mrs. Francis Carmichael; "The Song of Ruth," Gonnard, sung by Mrs. Jas. Sessions; a soprano solo, "Ave Maria," by Gonnard and "An Ave Maria," from Mascagni's opera, "Cavalleria Rusticana," as a violin solo played by Miss Boris Hamill; Mrs. M. J. O'Connor will sing a special Mother's Day number, "Mother, My Own," by Edward Galtwell.

CHRISTIAN SCIENCE CHURCH
"Adam and Fallen Man" was the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, May 7.
Among the Bible citations was this passage (Rom. 8:2): "For the law of the Spirit of life in Christ Jesus hath made us free from the law of sin and death."
Concluding passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following (p. 266): "The great truth in the Science of being, that the real man was, is, and ever shall be perfect, is incontrovertible; for if man is the image, reflection of God, he is neither inverted nor subverted, but upright and Godlike."

When 7:30 Wednesday evening comes around, we would like to see you at our mid-week prayer and song service. This is what J. H. McCouley once said: "As an on-closer might suffer a child powerless in itself, to call forth power and its own, by opening the throat of his great machine, so God says to us, 'workings, all power is mine, but unto you it is given to call it forth by prayer.' If it be true, then, that God's omnipotence is placed at our disposal, we are as responsible for its exercise through prayer as though we possessed it ourselves."

Both our morning and evening services will be given over to do honor to our Mothers, and to our Mother's Christ.
At 10:00 a. m. The pastor will bring a Mother's Day message. Appropriate music will be given by both the adult and junior choirs. Please wear a flower in honor of your mother. A gift will be given to every mother who is present at this service.
11:15 Bible School, Pres. Washington once said, "We shall preserve our liberty only by the education of our youth." This School, with the other Bible Schools of the city, urge your presence somewhere for the study of God's Book, if you do not go elsewhere, we have classes for all ages.
6:30 p. m. Young Peoples hour.
7:30 p. m. At this service, we shall give a flower to the oldest and to the youngest mother present. Our platform will be transformed into a thing of beauty, and twelve young ladies will present the oldest mother with a special gift. Rev. Sutherland will speak on "What Shall Give us Honor? Think of Their Parents." This message will be based upon and taken from letters that have been written during our own experience. It will be most interesting and helpful.
Mid-week prayer service on Wednesday evening at 7:30. A service for the ladies is held on Wednesday afternoon at 3:45, and this will be followed by junior choir rehearsal.
A challenging situation presents itself. Unlimited opportunity of the spiritual quality are in our reach, may we choose rise to the occasion. The best can be ours, triumphantly, joyfully, and expectantly. May we look forward to a season rich in blessing and fruitful in results.
"A rising tide lifts all the boats." This church will take their place as an uplifting influence in this community, and we wish all to know that we join heart and hand in any enterprise that shall be for the betterment of Plymouth.

SALEM FEDERATED CHURCH
On Sunday, May 14, the entire week service at 7:30 a. m. glock will be given over to thanksgiving for Christian motherhood. Children, young people and adults will take part in the Mother's Day program. Whether you are a regular communicant or not, honor also your mother of your mother's memory by attending church on Mother's Day.

MYSTERY ACCIDENT REMAINS UNSOLVED
One of those mysterious cases that frequently baffles physicians took place here Tuesday when Robert Combs, an employee of the Pere Marquette railroad was picked up unconscious on the tracks about a mile this side of the Seven Mile road.
Bleeding from a severe wound on the head, he was rushed to Plymouth hospital where today Dr. Patterson said the patient was on the road to recovery.
How the accident happened no one knows. Combs remembers nothing of it. The fact that he was injured and is in a hospital is as much of a mystery to him as it is to everyone who knows of the case.
The injured man was found near a railroad speeder that he had left Plymouth on and which had been wrecked. Combs does not even recall of having left Plymouth on the speeder. He does not remember a thing of the accident and when he received in the hospital he was mystified as to why he was in that place.
Investigation shows that his speeder was wrecked some way and that in the crash he was thrown head first onto one of the rails, blood and hair having been found on the top of the rail. He was otherwise uninjured. Combs has worked for the P. M. for a number of years.

STEAM SHOVEL STEALS HUSBAND'S AFFECTION
One innocent steam shovel has broken up the home of Mike Moran, 67, of San Francisco.
His wife, Patricia, had him arraigned on intoxication charges and asserted that it was a "darling little steam shovel up in Salt Lake City" that stole the affections of Mike.
"If she wants me to leave, it's okay," said Mike. "I can get more comfort and affection out of a steam shovel than I can get out of this lady. I'll go if she wants me to."
