

P.M. OFFICIALS HERE, DISCUSS FUTURE PLANS

Hint Possible Addition Of New Service From Here To Detroit

Better transportation facilities between Plymouth and Detroit was the object of a conference recently between Berg Moore, secretary of the Plymouth Chamber of Commerce, E. A. Young, general passenger agent of the Pere Marquette, A. C. Dana, well known Plymouth manufacturer and officer of the Plymouth Chamber of Commerce, and D. J. Swaps, P. M. superintendent.

In speaking of the constant improvements that the Pere Marquette is making in its services between Plymouth and Detroit, Mr. Moore stated:

"Effective April 5th, 1933, Pere Marquette officials announced that their crack train, 'The Sportsman,' would make a stop in Plymouth at 8:20 a. m. daily arriving in Detroit at 9 a. m. thus giving fast comfortable service. Effective the same date, they announced a special round trip fare of \$1.00 between Plymouth and Detroit based upon tickets good to return within two days after date of sale. A considerable pickup in local ticket sales has been noticed since that date.

Now they propose to go a step further by attempting to arrange daily service leaving Plymouth for Detroit around 7 a. m. provided, as stated above, that it would appear to be of benefit to the community and to the company. The train leaving Detroit for Plymouth which would be of interest to commuters is the one leaving Detroit at 5:30 p. m. and arriving in Plymouth at 6:10 p. m.

"In my opinion the only way to assist the company in arriving at a fairly definite basis for consideration is for people who live in Plymouth and who work in Detroit, to promptly express their views either to the Plymouth Mail or to the chamber of commerce giving such information as to what time they have to be on the job in Detroit, and what section of the city they have to reach.

"Regular rapid transit commuter service is impossible now, and for that matter I doubt if sufficient number of local residents would have any use for such service to make even its consideration practical, but this would be a step in the right direction. The local Pere Marquette payroll, while seriously curtailed, is still a substantial sum running approximately \$10,000 a month, and if Plymouth residents and P. M. officials can get together on a practical plan having mutual benefits, it should help all up and down the line.

"Furthermore the Pere Marquette officials referred to hinted at the possibility of an additional reduction in rates on a monthly basis if the volume of traffic reached reasonable proportions. Summed up, it is merely a matter of cooperation both ways.

"Everyone interested should make their views known at once because the R. I. Company must be informed of any proposed change in train schedules at least a week before June 1st, when their 1933 time tables go into effect."

Quilt Exhibition Being Planned By Missionary Society

The Missionary Society of the Methodist church is planning a quilt exhibit in the very near future. Quilts both old and new will be on display. Included in this exhibit will be hooked rugs, etc., also an extensive exhibit of antiques. Anyone having any of these articles which they would like to see in the exhibit, should do so and their cooperation greatly appreciated. This exhibit will take place the last of May. The date and additional plans will be published later.

Glenn Smith to Open His Stand Sunday

Glenn Smith who has the concession for Plymouth-Riverside park will open his stand Sunday for the first time during the present season. He has made many improvements in his place and will have all the good things that visitors to the park enjoy. Some of the pictures he took last summer in the park showing many beautiful scenes have been enlarged and are now on display in the show windows of the Dodge drug store.

Mr. and Mrs. William Farley and daughters, Ima and Verna, of this city and Miss Hazel Rayner of Jackson were dinner guests Sunday of Mr. and Mrs. L. B. Dickson.

Page Isaac Walton For This Fish Story!

Here is one for the good trout fishermen of Plymouth and vicinity to figure out!

Mrs. Edward Demmon, wife of Capt. Edward Demmon, warden of the Detroit House of Correction, went up to their cabin in the woods near Lake Superior the other day to do a little trout fishing.

For those that do not happen to know it, might be stated at this point that Mrs. Demmon is as good with the fly rod as she is a wife.

But the mystery of the story is—she fished trout, those speckled beauties that are supposed to be the movie camps of the fish world—and brought home white fish.

Yes, just plain ordinary Lake Superior white fish. Maybe some day the story will be out—the story that started out to be a good trout catching yarn and ended up to be nothing more than a white fish tale.

NEXT WEEK IS CLEAN-UP TIME

City Prepared To Help You Remove Rubbish And Other Refuse

The week of May 22 has been set aside in Plymouth as clean-up week. The city trucks will start picking up the rubbish on Thursday morning and will complete the work by Saturday afternoon in order that the entire city will be gone over by that time.

Every citizen is requested to clean up their yards, basements, attics, etc. during the coming week in order that all the rubbish will be available for disposal by the city on the date scheduled. The city forces will remove anything which can be reasonably handled by one or two men and will take ashes, etc. provided they are in containers which can be conveniently handled. It is requested that vacant lots be cleaned up and the rubbish set out where it will be available to the city trucks. The only requirement for the removal of clean-up material is that it be set out near the curb line. The city forces will not be glad to cooperate in supplying labor to any one requiring extra help to carry out ashes, clean up their yards or any other work in connection with spring clean-up or gardening. There are also several good painters, painters who are available and can be supplied by calling the city hall.

W.C.T.U. Seeks Old Gold to Aid Cause

A Mother's Day meeting will be held by Plymouth Union, Thursday, May 25, at the home of Mrs. Wm. Smith, 505 Dodge street. Leaders for the day are Mesdames Elda Lauffer and Clara Patterson-Todd. Everyone will be welcome at this meeting.

Members are asked to remember the Crusade Crucible, the plan for collecting old gold and silver and covering it to funds to be divided between the National and State organizations. This is to commemorate the Sixtieth Anniversary of the Woman's Crusade. Members having old gold and silver to donate are asked to bring it to the Mother's Day meeting to infuse their friends to help with this cause.

Clipping from the Michigan Union of May:

"On January 4th of this year, Mayor Porter of Los Angeles, speaking at a luncheon, said that 'Chief of Police had reported an increase of three hundred per cent in drunken driving and two hundred per cent in arrests for drunkenness in that city since the repeal of the Wright State Prohibition Enforcement Act, which repeal went into effect the middle of last December.'

STILL AT IT

Hundreds and hundreds of Plymouth residents during past years invested all or a goodly portion of their life savings in various bonds, stocks and similar securities that since have proven worthless. This gigantic legalized swindle that took place in Michigan has left thousands of people alone in years, penniless and in some cases homeless.

To the everlasting credit of Edward A. Nowack, publisher of the Michigan State Digest in Lansing, himself a victim of this legalized hi-jacking in securities, he has waged a relentless battle in behalf of the duped citizens of the state.

Plymouth investors will be interested in an editorial in the last issue of his paper in which he reveals some of the latest articles of representatives of some of these outfits in the legislature. The editorial follows in full:

A week ago a bunch of smart Detroit lawyers appeared before the House Judiciary Committee and presented Senate Bill No. 32, known as Sen. Felix H. H. Flynn's bill which seeks to protect holders of defaulted real estate mortgage bonds from the chisel operations of trust companies and the infamous practices followed by some so-called "protective committees." Hundreds of millions of the life savings of tens of thousands of Michigan men and women are vitally affected. While many of the unfortunate investors are wondering about their bread and butter these lawyers, under the guise of "making the Flynn bill more workable" for the "benefit" of the bondholders, have, in fact, been seeking to bamboozle the lawmakers into scrapping the Flynn bill.

The Detroit lawyers leading the fight to kill the Flynn bill are George Brand, George Klein, H. McDonald, and a representative of the law firm of Batzel, Levin & Winston. Brand represents Straus Brothers and admitted an interest in 24 properties. McDonald represents the Detroit Trust Company. Klein apparently represents the Union Trust Company although he is a member of the "Michigan Committee" which is partly made up of a bunch of bankers some of whose institutions went on the rocks. The "Michigan Committee" for which Klein is attorney is apparently a self-starting outfit which seeks to gain control of millions of dollars worth of defaulted property.

Dr. Louis Webber of Fremont, a lobbyist for the real estate association, and a member with Klein, of the impotent commission appointed by ex-Gov. Brucker to "study" the defaulted bond situation, is also aligned with the Detroiters in an effort to kill Flynn's bill.

At a hearing before the Judiciary Committee Klein said, almost with quivering lips, that he was working for the dear people absolutely for nothing in this matter. Brand solemnly said amen. McDonald looked like singing another hallolejak but he kept his mouth shut.

Mr. Brand is alleged to be a sort of field general for the boys who are trying to keep their fingers on the defaulted bond graft.

The Detroit lawyers presented the committee (through lobbyist Webber) with copies of a substitute bill. This bill just made a "few minor" changes as Brand said without cracking a smile. And Klein agreed that the changes were very, very simple.

These changes, gentle readers, are simple you can bet your boots. When a bunch of smart boobies like these Detroit harristars get their heads together they can almost make you believe the moon is made out of green cheese and that it is given away for nothing.

The "substitute" bill these fellows are trying to fool the legislature into passing has taken out of the Flynn bill every vital safeguard it had by which protection is sought for helpless and trusting widows and orphans.

The "simple" changes the smart Detroiters make are certainly an intentional departure from the honest purposes of Flynn's bill. From the text of this substitute it is apparent that it is not the latent or desire of the foxy Detroiters to have "depositories and solicitors" included under the commission's control. Failure to do this will permit the trust companies to go on skinning those who have trusted them in the past. Neither does the substitute wish to conform to the licensing of protective committees, which are holding over \$400,000,000 worth of defaulted bonds owned by unsuspecting and helpless people.

No Representatives and Senators may see how "simple" language operates when smart lawyers take it seriously. The Digest submits an analysis of the Brand-Klein-McDonald-Batzel-Winston-Levin-Webber substitute.

If senators and representatives have their own welfare at heart, and if they want to do something to pry loose the ugly strangle hold the trust companies and some city slickers have on the men, women and children in Michigan whose money is tied up in defaulted bonds, they should reject every proposed amendment to the Flynn bill and pass it as it left the senate. To proceed with the analysis of the substitute:

It is very apparent the substitute bill does not wish to conform to the licensing of Protective Committees, Depositories, or Solicitors; and in every instance evades the question of license. It might be added that throughout the entire bill not once is the word "license" used, and wherever Senate Bill No. 32 uses this word the substitute bill either entirely evades it or detracts by the use of another word which can in no sense be considered synonymous with the word "license."

The purpose of Senate Bill No. 32 is for the protection of security holders, but under the substitute bill this purpose is certainly defeated.

Senate Bill No. 32, 7th line, mentions "default of the holders or owners of such securities," whereas the Amended Bill omits the word "holders." The word "holders" should not be omitted as in some cases a holder of the security may have a very vital interest.

Defaulted property would go to foreclosure. Another big attorney fee was checked against the bondholders and they, having no voice in the matter, had to sit by and see their pockets picked.

The trust company would advance money to the committee, in many instances. It would accept as collateral the very bonds posted with it in the "depository." The "legal" rate of interest was always charged and frequently this was taken in advance.

Then the trust company grabbed off the management of the defaulted property, dispossessing the owners, and placing the management of the property under the care of a cheap employe, whose previous experience, to the time of employment with the trust company, might have been anything from selling books to washing machines. Millions of dollars worth of property was thus placed under complete domination and control of the trust companies.

Often receiverships were obtained, for which the trust company grabbed another big attorney fee, placing it in a position where it grabbed off everything.

The property management by the trust companies is a stinking shame in many instances. Some of the big trust companies sell themselves their own repairs, redecorating, etc., at a profit and at the expense of the defaulted property.

This property management has reached tremendous proportions. The fees collected for it are enormous. The trust companies have collected the rents and all other incomes, keeping this money as they saw fit, despite the fact it should have been trusted money and kept segregated. Taxes have been allowed to go to penalties through dilatory attention by the trust companies. Property rights have entirely disappeared under that type of management. That is how the trust companies get their huge fees first while bondholders whistle.

But these are not things the trust companies are stressing in their fight to kill the Flynn bill. The Flynn bill should be passed as the senate passed it. Hundreds of thousands of men, women and children in Michigan are fighting for their bread and butter in this matter. The legislature should heed their plight. It is about time the trust companies, which are facing many suits, alleging mismanagement and worse in the estates left within their keeping by the dead who trusted them in life, are compelled to let daylight filter over their activities. Pass the Flynn bill as the senate passed it.

be a lot more queens to crown soon. Cleveland is gonna have a beer queen but that won't be Michigan.—Senator Chester Howell in The Chesaning Argus.

TROUBLED TIMES

Riots by farmers in Iowa, with public chastisement of a judge who refused to halt mortgage foreclosure sales, only goes to prove the seriousness of the economic situation. In ordinary times such action by any group would cause public sentiment to flame in opposition, but now the rest of the Nation looks on rather indifferently, and the partial law established is also passed over without much feeling. The point is that mass sentiment is all with the farmers who are trying to protect the property of their neighbors.

KITTENS MOTHERED BY RATS

Disclosures that maternal rats will take young kittens into their nests have been made by Dr. Berold P. Wiesner and Norah M. Sheard, of the University of Edinburgh, Scotland. By experiment they learned that during the time when rats are mothering their young they have a tendency to drag young into the home nest. This retrieving, however, is not confined to their own young, but extends to other young rats, mice, and even the young of other species.

The investigators placed young kittens in the cages of the mother rats, and the rats would drag them to their nests or lair. Attempts at raising the kittens with the rat mothers were not successful, however.

A great thing has occurred amongst us. We have made a complete turn-around, and at last America's face is toward the future.

Three years—1929 to 1932—we Americans looked backward. All our old financial and political machinery was geared to pull us out of the depression by the same door through which we entered. We thought it simply a case of going back the way we came. It failed. We now realize that the way out is forward—through it.

Thanks for that belongs to President Roosevelt. Inauguration Day he turned the Ship of State around. Having observed the failure of sincere efforts to haul us back the way we came, he designed a new method—new political and financial machinery—to pull us out the way we are going—forward. He is clearing international obstacles out of the way; he does not stand in awe of tariffs. The people begin to feel that he does not take advice from the "interests"; that he has courage and loyalty to work for one supreme interest only—the welfare of the American people. That is a big achievement for two months in office.

And now we all look to what is coming; we grow less and less concerned with what is behind. We are looking for a hand-hold on the haul rope. Every man wants to do what he can, and all he can.

The best thing I can do for the Country is to create industry by building good motor cars. If I knew anything better to do, I would do it. Industry must be my contribution. Motor cars must face ahead to the future, like everything else. They are so much a part of the Nation's daily life that if they lag behind they hold the Country back.

READING THE TOMBSTONES

About the only hope for Eaton Rapids this summer is a few old fashioned lawn socials and a visit on Sunday to the cemetery and read the tombstones. Like we used to do before the days of the auto, movies, radio, petting parties and beer. With no hand concerts, theatre closed half the time and everything else faded, there is nothing much left with which to amuse ourselves.—Robert Gifford in The Eaton Rapids Journal.

CENTRAL GRADE SCHOOL NOTES

The kindergarten children have started to read. They have been working hard on the exhibit and have made a marionette show of the story "Billy Goats Gruff." They made Mother's Day cards. The children in Miss Mitchell's room have made in correlation with the story "Three Bears" the house of the Three Bears. They have also dramatized the story and drawn pictures illustrating it. They have finished their flower booklets.

Flowers in flower boxes are the window decorations in Miss Cranwell's room. The robins are reading circus stories and have made a circus and the bluebirds are reading farm stories and have made a miniature farm in the sandbox.

The boys and girls in Miss Frann's room made crepe paper carnations for their mothers. They made folders for their spelling papers which are on exhibit. They have completed the study of flowers this year having studied the following: dog toothed violet, marsh marigold, daisy, and black-eyed Susan.

The 3 A's in Miss Sly's room have finished booklets correlating with travel readers. The 4 B's have made health posters. Ronald Toby of Miss Weatherhead's room is absent because of measles. The children were very much excited last Thursday when they discovered that a Cecropia moth had come out of the cocoon they have been keeping since fall. They wrote stories and drew pictures of the moth. They studied the picture "On The Hilltop." The art class drew pictures of woodpeckers and landscapers. A special treat the children went to Miss Henry's room for music class last Friday.

Charles Minthorn of Miss Dixon's room has the measles. Iona Stuart received the highest mark on a spelling test. In Miss Field's room Albert Donnan received the highest score on an arithmetic test. The 4 A's have started to make the map of United States which will complete the study of the United States.

Edward Holsworth of Miss Erickson's room has been absent. Lynton Ball received the highest score on the spelling test.

The boys and girls in Mrs. Holaday's room have made homes of people all over the world. Joyce Showmaker received the highest score on a spelling test.

Clara Quimet has entered Miss Fenner's room. The pupils have made health posters. The 6 A's are making a map of the counties in Michigan. Billy McAllister's spelling team is ahead.

SOCIAL NEWS

Miss Lovewell and Miss Kramer entertained the teachers bridge club. Miss Smith received the high honors.

Dorothy Sanders of Robinson subdivision visited school with Corallie Rathburn last Thursday. Christine and Elizabeth Nichol attended the annual Mar Festival given at Wooster College, Wooster, Ohio, last week-end.

Misses Cary and Allen were entertained at Sunday dinner in Ann Arbor by Miss Margaret Ingles Smith, superintendent of the main reading room of the University library.

STARKWEATHER SCHOOL NOTES

The kindergarten in Miss Cavannagh's room are learning to read this week. They had a Mother's Day program Friday.

The class in Miss Stader's room have been learning the "Lord's Prayer." Almost every one in the room can say it. They have been doing some molding with paper pulp, covering bird houses which they are to paint. They have a new black board border of flowers.

The class in Miss Farand's room are giving book reports instead of reading stories during the story hour.

SCHOOL NOTES

The winners in the Third Annual National Essay Contest on the subject, "How My Economics Education Helps at Home," were announced last week by The Home-makers Educational Service of Freeport, N. Y.

Jeanette Brown, one of our first year foods students, was among the twenty whose essays were awarded Honorable Mention. She received an engraved certificate as an award for her effort. She may feel justly proud as the Contestants were from senior high schools as well as junior high. The first award of \$30.00 went to Miss Beatrice Hamilton, Austin Gate Academy, N. Y.

This essay contest is an interesting method of personal inventory by the students, as to the practical benefits they receive from this form of education.

PLYMOUTH NINE DEFEAT WALLED LAKE 9 TO 5

The Rocks baseball team defeated Walled Lake last Friday night by the score of 9 to 5. This game was a pitcher's duel in which Bassett of Plymouth won out. In the seven innings W. Bassett pitched a two hit one run game while Harris of Walled Lake allowed four hits and two runs. In high school seven innings is supposed to be the regulation number of innings but when the seventh inning came, the Walled Lake coach wanted to play nine innings. After a few moments thinking Mr. Matheson decided that he would play nine innings. In the eighth inning Walled Lake got four hits and three runs; Plymouth didn't get any. In the ninth inning Walled Lake got another run and in our half of the ninth we tied the score. This meant extra innings. In the tenth the Rocks rallied and made three hits and four runs. Walled Lake came up in the tenth and W. Bassett retired the side in order.

In the eighth inning Bassett was hit on his pitching arm by a fast ball but it did not seem to slow him up very much and he went on pitching his usual excellent game. All relations have been cancelled between these two schools.

EDITORIAL

After a series of disappointments it sometimes happens that one receives a pleasant surprise. This is rather a common experience yet many people fail to remember that it is always darkest before the dawn, and that the dawn always comes.

Most people, however, yield too easily to depressing thoughts, and with these, their minds fail to see the happier things close at hand. One may find beauty in Nature's trees, flowers, and sky even if the disappointment is great.

Disappointment is caused from too much concentration on the thoughts of what the failure of a wish to come true means instead of trying to see that maybe it is for the best. The longer one lives the more apparent this becomes.

The student body as a whole were greatly disappointed when it became known that the annual Plymouth would not be published this year because of lack of funds. Those students who have one two, or more years to complete their courses were consoled by the fact that they may get an annual in a future year, but the seniors were depressed. They are leaving school in June to enter the world, but their hopes began to soar among the clouds when a member of their group suggested publishing a book for the seniors.

Since life is full of disappointments perhaps it will be better to look for the recompenses rather than think of the losses. While it may have been discouraging in the beginning, the disappointment may really have been better than the fulfillment.

QUESTION BOX

Q. Don Bronson: How do they get the different prices for alcohol?
 A. Mr. Evans: I don't know, but I suppose it's the demand. I had a bottle of it here but it seems to have gone.

Q. Who is "Fag" Hitt's latest "flame"?
 A. Why make it singular? They, the latest, seem to be Dolite Taylor, Jeanette Harley and Thelma Lunsford.

Q. What has happened to the Ad Lib?
 A. Bob is spending his spare time brightening up a faded romance.

Q. Why does Brother Bentley make week-end trips to Sturgis?
 A. Dean says that he has been nipped by the love bug. Isn't it thrilling, our handsome biology teacher in love!

Q. What is the name of the hair oil that Anne Wiley has dumped and which became her so nicely?
 A. She calls it the "Technocracy Balm."

Q. Why is Roberta all affuttered these days?
 A. It must be because she and Mel have made up.

Q. Who is the handsome lad that Vera Woods has her eyes focused on?
 A. None other than Randall Wright.

Q. Who was it that "Big Bertha" sat next to on the way home from the Geer School House Friday night? Did she like it?
 A. Bob Shaw says that it was the Honorable President Greer of the senior class. He has been looking at her out of the corners of his eyes since. We wonder if it is love.

Q. How long did it take Elva Hill and Vin Furshee to get home after they left the library last Thursday night?
 A. Exactly one hour and fifteen minutes, but then they live two or three blocks from the library and it takes time to get home.

Q. How did Mary Kincaid take the publicity last week? It, indeed, A. She didn't! How did you take it?

Q. What is the latest fad of the high school students?
 A. They have gone in for bigger and better ice cream cones.

Q. Why does Irene Humphries sit in French class and listen to the birds sing? Norman.
 A. Because it reminds her of Hugh.

Q. What is Miss Wells' latest hobby?
 A. Keeping track of the rainy days in this month.

Odene Hitt Attends National Forensic Contest in Ohio

Although Odene Hitt did not place in the national extempore speaking contest held in Wooster, Ohio last week, he is to be congratulated for advancing as far in the contest as he did. Odene previously won the state contest making him eligible for the national contest at which eighty four schools from nineteen states were represented. In the first elimination Odene won a second place, the second elimination a seventh place, and the third elimination a fifth place which eliminated him from the contest. Robert Dunham of Sioux Falls, South Dakota, won first place in the contest.

BANQUET IS HUGE SUCCESS

Since the Home was the theme of this year's banquet, the program was pictures of cunning jugglers with red roofs and close by the third elimination a fifth place which eliminated him from the contest. Robert Dunham of Sioux Falls, South Dakota, won first place in the contest.

In her lovely toast to the mothers, Evelyn Korabacher emphasized the fact that no house was a home without mother in it, and she must also be revered in every room. In a pleasing response Mrs. Buzzard said that the daughter's room was to her the most interesting because it manifested the girl's personality. Barbara Hubbell, Norma Jean Roe, Jean Cassidy, Miriam Brown, Yvonne Hebb, Anna V. Lam, Patricia McKinnon, and Geraldine Schmidt dressed in bright red suits did a Toy Soldier Dance.

The main speaker of the evening Miss Butterfield, was to talk on "Your Room." However she said she was going to describe several rooms for us of which we could take our choice. They were varied and very interesting. She described rooms in all corners of the world. She took us through horrible rooms, beautiful rooms, useless rooms, and even secret rooms. The girls enjoyed the talk very much and as a token of their appreciation they gave her a colorful corsage.

A Girl Reserve quartette sang two numbers and with the singing of taps, the banquet broke up.

Drama Club Entertains At Geer School

At the parent and teachers meeting of the Geer school last Friday evening, the Senior Drama Club of Plymouth high school presented two one-act plays, both of which were directed by Miss Winifred Ford.

The "Valiant" was first presented by Max Todd, Irene Humphries, Kenneth Greer, Ernest Archer, Will Thama, and Marvin Partridge. This was followed by Jack Wilcox, Margaret Buzzard, Alvah Elmerman, Vera Woods, Randall Wright, Odene Hitt and Jack Sells presenting "The Man In The Bowler Hat."

The plays were enjoyed immensely and to show their appreciation, the school members served the entertainers with delicious coffee, sandwiches, cake and ice cream.

Odene Hitt Speaks At House of Correction

Upon request of an officer of the House of Correction staff, Odene Hitt, a senior in Plymouth high school, spoke to the inmates on Monday evening of this week on the subject of Philippine Independence. His talk was heartily received and enjoyed along with speeches made by two students of the Detroit City College.

GOLF TEAM WINS CUP

Plymouth's golf team coached by Mr. Evans clinched its 1933 season by defeating other schools in the Twin Valley Activity Association last Monday at Berch Hills in Wayne. Elmer Horvath of Plymouth was second highest followed by Norman Wagner with an 87 and a 90 respectively. David Mather shot a 90 and Albin Krizman a 94. By winning this tournament, Plymouth wins another cup to add to her present collection.

Wagner, first man for Plymouth, and who holds the course record at Plymouth Hills, is the only player left for next year. He is now a sophomore.

ROCKS DEFEAT FERDALE

Ferndale a class A school was defeated by Plymouth's foursome last Thursday at Plymouth Hills Country Club. Newman and Horvath each made birdies.

Plymouth: Wagner 81; Krizman 84; Horvath 87; Mather 96.
 Ferndale: Newman 101; McIntosh 87; Halliday 90; Wagwitz 96.

P. H. S. Racketeers Beat Ypsi Central

The Plymouth high school Tennis team traveled to Ypsi Central high school May 10 to beat the netmen there by a score of 4 to 1.

In the singles, Plymouth's No. 1 man, J. D. McLaren, was beaten by Baker 8-10, 8-6, 6-1. Bob Champagne, Plymouth's No. 2 man, beat Dikerson of Ypsi by a score of 6-4, 8-6. Our No. 3 man, Helder Burden, beat Everard of Ypsi 6-4, 6-2.

In the doubles Plymouth's No. 1 team, Blank and Intermoser, beat McElliot and Baker 6-0, 6-1. Tuck and Burley, making up the No. 2 team, beat Leonard and Goodsmann of Ypsi 6-4, 8-6.

CLASS NOTES

The twelfth grade English class under Miss Allen has finished the History of English literature course and is now studying a book dealing with the habits and skills of grammar. This course is given to help them when they are freshmen in college or business school, where they are given placement tests on various subjects—the English test in grammar being on sentence structure, punctuation, and spelling.

The 11B English classes are studying Whittier and Holmes while the 11A English classes are studying letters of application, on which much of the students future will depend.

The History 12 classes under Miss Piegel are handing in their term papers. The Ancient History classes are making projects, most of them being on the period of the reformation.

The typing classes are handing in all kinds of projects—poster designs, poetry booklets, themes, puzzles, and alphabetic sentences.

Commencement Plans Near Completion

Although the program for Commencement night, June 22, in Plymouth high school has not yet been worked out in detail, the fact was made known today by Superintendent George A. Smith that a very interesting and outstanding speaker, Dr. R. C. Ford of Ypsilanti, has been engaged for that evening.

Reverend Walter Nichol of the Presbyterian church of Plymouth has been selected to deliver the sermon on Baccalaureate night, June 18.

Class Night will be on the evening of June 21. The complete program for each of the three nights will be announced at a later date.

Consider, too, the case of the Southern congressman who, in addition to his congressional salary, draws \$225 a month for being a totally disabled war veteran.

MICHIGAN BELL TELEPHONE CO.

KELVINATOR CORPORATION CALLS ADDITIONAL WORKERS BY TELEPHONE

"With us, telephoning is the first method used in calling men back to work. On every application card is a space for a telephone number," reports an official of Kelvinator Corporation. "Right now we have more people on the payroll than at any time during the 19 years we have been in business. Many of those re-employed were called to the job by telephone."

Other things being equal, applicants or former employees within easy reach by telephone usually are called first when workers are needed.

YOUR ELECTRIC COOKER prepares this complete BOILED DINNER!

Forget dinner and enjoy a leisurely afternoon of shopping. Your electric cooker will have a delicious, piping-hot meal ready to serve when you return. No longer need you be chained to the kitchen on weekday afternoons. Simply choose a tempting dinner combination like the one printed here, put the principal dish in the electric cooker, and forget it. Then when you come home, complete your dinner with a dessert prepared beforehand. The electric cooker may be safely left on "low" heat for hours—and it uses but little more current than an electric light.

rent. Armed to the hilt, though the hunting season is long passed, he didn't seem to care a burrah about game regulations or theories. Though it can be said that the weapons he carried were dangerous only to Peter.

Salt shaker in one hand, a garden rake and landing net in the other, he hurried from tree to tree—with the entire neighborhood watching the strange antics out of the front windows.

Finally up a tree he went and for three hours neighbors watched as fine a tree-sitting act as ever reported. In fact some think that he created a tree-sitting record for one of his age.

Some think he sat in the tree these long hours because possibly he expected Peter to fly into his hands, thereby making good the old saying that a bird in the hand is worth two in a bush.

Peter, he it known, after a farewell song and without the consent of the family, flitted through the kitchen door on Sunday morn—out into the cold, cruel world. Whether to seek additional fame with his beautiful voice, making his first appearance at the corner of Blunk and William streets, or for some other reason, Peter left his happy home much to the dismay of Postmaster Bert Giles and family. Peter is a beautiful singing canary and if any one sees a homesick songster up in a tree just call the now famous bird hunter of Plymouth.

Nature provided the first fly swatters and attached them to the rear end of horses and cows.

How She Lost 29 Lbs. in 3 Months

"I am using your Kruschen Salts to reduce and I've used a bottle and a half and dieted some and lost 29 pounds in 3 months. I feel

so much better and intend to keep on taking the Salts as I was almost 50 pounds overweight." Mrs. Thomas Gravelly, Rosville, Calif. (Jan. 11, 1933).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a

glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce while lips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

CHRISTIAN SCIENCE CHURCH
"Mortals and Immortals" was the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, May 14.
Among the Bible citations was this passage (Gal. 4: 28, 29): "Now we brethren, as Isaac was, are the children of promise. But as then he that was born after the flesh persecuted him that was born after the Spirit, even so it is now."
Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following (p. 176): "God is the Principle of man, and man is the idea of God. Hence man is not mortal nor material. Mortals will disappear, and immortals, or the children of God, will appear as the only and eternal realities of man. Mortals are not fallen children of God. They never had a perfect state of being, which may subsequently be regained."

Sunday, May 28th is to be marked by special memorial services. The American Legion and Ex-Servicemen's organizations will attend. Space will be reserved in the church for the soldiers and their wives. All ex-service men are invited to meet with us.

Children's Day, June 11th is coming and a very unusual program is in preparation. Be sure to keep this date.

The subject of the sermon for Sunday morning next is "Happy Living."
The Mission Study class will hold the May meeting at the church on Tuesday, May 23rd. The class and the members are asked to be in the dining room not later than 6:30 p. m. The meeting following the supper will be held in the church parlor.

After Three Weeks

In the three weeks during which the reorganized Plymouth United Savings Bank has been open for business many new accounts, both savings and checking, have been started.

It is very gratifying to the present officers and directors that the people of Plymouth and the surrounding territory are availing themselves of the service and safety offered by their community bank.

This bank, with all slow and doubtful items removed from its assets offers unquestionable safety to every depositor and supplies those banking facilities which are so necessary to the business life of any community.

Remember that anyone, whether a former depositor or not, may open a new account at this bank subject to no restrictions as to withdrawals and money deposited in the savings department will draw interest if left six months or longer.

Use us often.

Economical, Quality Refrigeration

Holds more food • freezes more ice • and this new Frigidaire uses no more electric current than one ordinary lamp bulb

ECONOMY

Here is a new standard of economy. A genuine Frigidaire that operates on as little electric current as one ordinary lamp bulb.

BEAUTY

This new Frigidaire introduces a distinctive style in cabinet design, with a finish of white Dulux and handsome chromium hardware.

CONVENIENCE

Automatic defrosting—ice trays that slip out of the freezer at a touch of the finger—extra room for tall containers—and a compartment for frozen storage.

1/4 MORE FOOD SPACE

A highly efficient, space-saving insulation gives the cabinet smaller outside dimensions, but much greater food storage capacity. See the new Frigidaire at our showroom.

QUALITY

With porcelain interior, every detail reflects that quality which has made Frigidaire the choice of a million more buyers than any other electric refrigerator.

THE SUPER FRIGIDAIRE LINE INCLUDES SIX NEW DELUXE ALL-PORCELAIN MODELS—WITH MANY EXCLUSIVE FEATURES—THE FINEST FRIGIDAIRE EVER BUILT

A regular meeting of the City Commission held in the City Hall on Monday evening May 1, 1933 at 7:00 p. m.

Present: Mayor Hoyer, Commissioners Blank, Goldsmith, Henderson, and Robinson.

Absent: None.

Firestone PRICES ARE NO HIGHER Than Standard or Special Brand Tires But QUALITY Is HIGHER and CONSTRUCTION Is BETTER

Firestone control every step in tire making, effecting tremendous savings in buying raw materials—manufacturing in the world's most efficient factories and distributing direct to us from factories or warehouses.

These are the reasons why we can equip your car TODAY with tires of higher quality and better construction, at prices that are no higher than standard or special brand tires.

DRIVE IN TODAY — see cross-sections cut from Firestone Tires—special brand mail order tires and others. See for yourself the Extra Values we give you.

Prices will surely advance again. Buy today and save money!

THE MASTERPIECE OF TIRE CONSTRUCTION

A TIRE of higher quality—greater safety—and longer mileage. It is in a class by itself. Made by master tire builders—holds all world records on road and track—first choice of drivers who risk their lives on their tires. For thirteen consecutive years Firestone Gum-Dipped Tires have won the Indianapolis 500-mile Race—the most grueling tire test known.

Don't risk your life and the lives of others another day on thin, dangerously worn, or inferior tires.

Come in today—we will give you a liberal allowance for your old tires.

REMEMBER—Your brakes can stop your wheels, but your tires must stop your car.

THE NEW Firestone SUPER OLDFIELD TYPE

This tire is the equal of all standard brand first line tires in Quality, Construction and Appearance. Sold at a price that affords you real savings.

Firestone OLDFIELD TYPE

This tire is superior in quality to first line special brand tires offered for sale by mail order houses and made without the manufacturer's name and guarantee. This is "The Tire That Taught Thrift to Millions."

Firestone SENTINEL TYPE

This tire is of better quality, construction and workmanship than second line special brand tires offered for sale by mail order houses and others and made without the manufacturer's name and guarantee.

Firestone COURIER TYPE

This tire is of good quality and workmanship — carries the name "Firestone" and full guarantee — sold as low as many cheap special brand tires manufactured to sell at a price.

To silence talk that the coffin, supposedly containing the body of Robert Clem, was empty, an undertaker at Vitas, Colo., obtained permission of the district attorney to open the grave to show the goods they were mistaken. After Clem's funeral, at which the coffin was not opened, a story was widely circulated that the coffin was empty. The undertaker examined the body to disprove the story.

GET UP NIGHTS? THIS 25c TEST FREE If It Fails.

Physic the bladder as you would the bowels. Drive out the impurities and excess acids which cause the irritation that wakes you up. Get a regular 25c box of BUKETS, made from beech leaves, juniper oil, etc. After four days test. If not satisfied, go back and get your 25c. They work on the bladder similar to castor oil on the bowels. Bladder irregularity is nature's danger signal and may warn you of trouble. You are bound to feel better after this cleansing and you get your regular sleep. Hoyer Pharmacy, Plymouth, and C. H. Horton, Druggist, Northville, Mich., say BUKETS is a best seller.

Coming Attractions At Penniman Allen

"GIRL MISSING"
Marriage may be a lottery, but when it threatens to become a tragedy within twenty-four hours after the honeymoon has begun, as it does in "Girl Missing," showing at the Penniman Allen Theatre, Saturday, May 20, the lover of mystery tales can be certain of exciting entertainment before the finale is reached.

Palm Beach, the playground of wealth and beauty, and the hunting ground for opportunists of both sexes, is the locale of the story, and for the central figure, the authors employ a quick-witted chorus-girl whose nimble mind solves a murder mystery.

"THE KISS BEFORE THE MIRROR"
Seldom does the Penniman Allen Theatre have such a cinematic treat as that provided by Vinton's "The Kiss Before the Mirror," which is the feature attraction

Sunday and Monday May 21 and 22. This film has more drama, human interest and art packed in its reels than any film received in recent months. High drama occurs in the court room as the wronged husband makes the plea for his client, trying at the same time his wife, who sits in the gallery. An all-star cast consisting of Nancy Carroll, Frank Morgan, Paul Lukas, Gloria Stuart, Jean Dixon appear.

"EX-LADY"
A cosmopolitan, sophisticated atmosphere provides the background for the film which marks the rise of blonde Bette Davis to stardom. Her tremendous success in pictures during the past year resulted in Warner Bros. giving her the starring role in "Ex-Lady," which appears at the Penniman Allen Theatre, Wednesday, May 24.

The story is laid in the environment of New York's Bohemia—the colorful atmosphere of the artist colony—with other scenes laid in Havana casinos and night clubs.

THE DETROIT EDISON COMPANY

GENERAL OFFICES
2600 SECOND AVENUE
DETROIT, MICHIGAN
May 15, 1933

TO THE CUSTOMERS OF THE DETROIT EDISON COMPANY

This is the seventh of this series of weekly letters addressed to our 500,000 customers in 29 cities, 58 villages and 130 townships in the southeastern corner of the State of Michigan.

The Detroit Edison Company is the largest taxpayer in the district. We are all taxpayers, directly or indirectly, so we're all in the same boat. You customers pay our taxes. There is no other way of our earning them. During the last twenty-five years, our annual tax bill has jumped more than fifty-fold. In 1932, we paid out \$5,699,000 in taxes. That's a lot of money even in good times — and it's more than we paid in 1929 when we were selling much more electricity. In 1920, a little over 5 cents of every dollar we earned was paid out for taxes, but it's been climbing steadily until last year when it jumped to almost 13 cents. For every two dollars in wages we paid our operating employees last year, we had to pay one dollar in taxes! The biggest share of our total tax bill went into the coffers of the city government of Detroit. Last year we paid 4% of the total taxes assessed by Detroit. This was over 7.5% of the total taxes actually collected by the City during 1932!

Now about rates. The price of electric service to our customers is lower than ever before, and is well below the average cost for the entire United States. Since 1921 we have voluntarily reduced one or the other of our rates thirty-three times, resulting in a total saving to our customers of almost 60 million dollars in the last 11 years. Just before the "crash" we voluntarily reduced our rates TWICE WITHIN TWELVE MONTHS (1928 - 1929). By these two rate reductions alone, our customers have been saved seven million dollars in the last four years. In addition there have also been rate adjustments, not filed as reductions, that have been to our customers' advantage and which amount to thousands of dollars more.

While our rates have been dropping after 1914, the prices of other commodities, including everything we have to buy for our business, were skyrocketing steeply upward. Today, after four years of dull times, the cost of living is still 20% higher than its pre-war cost. What about electricity? The average cost of Detroit Edison household electricity today is 30% LOWER THAN BEFORE THE WAR.

The Edison Company has faith in the future of the area it serves. The same men who build the greatness of our industries are most of them still with us — as able as ever. The Great Lakes region is the richest industrial territory in the world, not excluding the famed Ruhr Valley. And above all we have — in our automobile, metal-working, electrical appliance, chemical and other plants in Detroit and Southeastern Michigan — a body of expert workmen which is the greatest resource any community ever had.
