

CARS COLLIDE FOUR INJURED ONE KILLED

Fatal Accident Saturday Night At Corner Of Mill and Golden

One person was killed and four others injured in an automobile crash at the corner of Mill street and Golden road Saturday night shortly after 7 o'clock.

Mrs. May Smith, 49 years of age, residing at 167 Florence avenue, Highland Park, a passenger in one of the cars in the collision, was so badly injured that she died Sunday night in Plymouth hospital, where all of the injured had been taken.

She and Mrs. Alonzo Elliott, former residents of Plymouth who now live over on the Whitbeck road, were driving south on Mill street after having been in Plymouth.

The other car, driven by William B. McFerrin of Highland Park, was going west on the Golden road. As no one saw the accident, Chief of Police Vaughn Smith has been unable to find out just how it happened but from statements made by the injured people, neither one saw the approach of the other car until just a second before the crash.

Both Mr. and Mrs. Elliott were injured and Mr. and Mrs. McFerrin who were in the car with Mrs. Smith, were somewhat hurt, although not seriously. All of the injured were taken to Plymouth hospital where doctors gave them immediate care; they are recovering slowly from their cuts and bruises.

Mrs. Smith had suffered a fractured skull, a broken back and numerous other injuries. She was conscious at the time of the accident, although she lingered until Sunday night before dying.

Both cars were badly wrecked in the crash. The body of Mrs. Smith was removed to Highland Park for funeral services.

Get Auto Plates On Or Before Aug. 1 or Police Will Get You

August 1st—the dead line for the purchase of 1933 license plates—is but a few working days ahead, and car owners who do not wait until the last couple of days will not have to stand in line.

According to instructions received by the Plymouth Branch office, car owners who have been operating their cars with sticker permits must bring their sticker certificate of registration cards, as these cards must be attached to the application blanks for 1933 license plates.

It will not be necessary for owners of commercial cars who purchased stickers to obtain new scale weight receipts, provided they turn in the sticker certificate of registration cards referred to above. In cases, however, where these cards have been lost or misplaced, it will be necessary to apply for a new scale weight receipt in order to arrive at the correct fee.

Auto owners who have not secured their 1933 plates by August 1st are in for some hard bumps if they do not comply with the state law as police are going to rigidly enforce the law.

Ruff Family Holds Reunion In Park

Nearly sixty members of the Ruff family met in Plymouth Riverside park Sunday for their sixth annual picnic, the first ever held in this vicinity. Celebrating over a hundred years of continuous existence in this part of the country the family passed an enjoyable day picnicking and playing games in the shade of the park.

Titus Ruff of Plymouth, president of the group and one of the oldest members reminisced to others present of the days of Francis Ruff, one of the first settlers in Michigan and a man who later became well known for the Inn he ran at Inkster. He told of the many times his grandfather, Francis, took part in the early Indian skirmishes and how he was a member of the band that finally captured and killed Chief Tonguish for whom Tonguish creek was named.

The family enjoyed both dinner and supper in the park and all present agreed that it was one of the finest reunions the group had ever had.

Did You Know That

Congoleum Gold Seal Rings a special price. See samples at National Window Shade Factory, Yes, we clean and repair window shades.

After August 1st I will be located at 877 Ferriman avenue, in the Penniman Allen Building, Plymouth. Arrive last Tuesday every month. Harry C. Robinson, Auctioneer.

TAXPAYERS ARE EXPLOITED BY LEGISLATIVE LOBBYISTS

PUBLIC PAYS THE BILL FOR ACTIVITIES OF REPRESENTATIVES OF SPECIAL INTERESTS

Railroads, Gamblers, Truck Transport Lines, Small Loan Firms, Brewers and Teachers Have Powerful Lobbies At State Capitol

By V. J. Brown

A great deal has been written and said concerning the activities of lobbyists at Lansing and at all the other state capitols of the good old U. S. A., as well as at the national capitol. Most of what has been published has been either grossly exaggerated or highly colored to suit the writer. In this chapter a discussion of what the lobby really consists, what its purposes are and how it works will be attempted. Essentially this writer will attempt to give his own views concerning the evils of the lobby, its good points if any, and how the taxpayer is milked for the benefit of certain classes and cliques. Also it is extremely interesting to note how each of the scores of lobby interests play into the hands of others and how the taxpayer always pays the shot.

Lobbies may be divided into three distinct classes. First, those maintained by large corporate interests mainly as observers to detect and head off, if possible, any contemplated legislation not in their interests. Second and the class the public hears most about, that group which seeks special privileges for its clients. Brewers on hand to write the beer bill; small loan companies on hand to prevent the repeal of the 4 1/2% interest rate law; gambling interests on hand to gain legal rights to race track betting with dog and horse devotees at odds—these and others of similar character are typical of class number two. Class three is represented by lobbies of eminent respectability like the educational group, the medical group, the social service group, the real estate dealers, property owners associations and similar agencies which literally swarm about the capitol during legislative sessions.

Will Discuss Child Welfare

American Legion To Bring Welfare Work Here For Meeting

The Myron H. Beals Post, No. 32, and Auxiliary, announce that Miss Ruth McIntyre, who is a case worker for the Child Welfare Department of the American Legion, will be in Plymouth Tuesday afternoon, July 25th at 2:00 p. m. A meeting has been arranged to be held in the Crystal room of the Hotel Mayflower. It is the request of the Post and Unit that all officers and members be present at so representatives of the board of health and American Red Cross. Anyone in the community who is interested in this work is urged to attend this meeting with Miss McIntyre.

Miss McIntyre was born in Lapeer county, Michigan, and lived there in a farm home until 11 years old. Removing with her family to Marquette, she graduated from high school there, and later attended the Ypsilanti Normal College, and taught for three years in the public schools.

She next took a three-year nursing course at the University of Michigan, and was for a time in charge of a tuberculosis sanitarium at South Bend, Indiana. Private duty nursing at Lansing followed, then entered the U. S. Army service under the American Red Cross, spending seven months at Camp Taylor, Kentucky, and a like period at Greenhills, Evacuation Hospital, No. 3, New York. After discharge, Miss McIntyre took a course in public health nursing at the University of Michigan, and spent two years in county nursing in Wayne County, Michigan, under the direction of the Detroit Chapter of the American Red Cross.

Ms. McIntyre next spent six months in supervised study of child welfare and placement with the Rodefert Children's Home, Grand Rapids, and followed later with the Michigan Children's Aid Society, being given charge of that organization's branch office at Kalamazoo. Two years of state field work with the same society followed, principally in the eastern half of the lower peninsula. She spent one year in supervision of crippled children scattered throughout the state coming under the clinical jurisdiction of the Children's Hospital at Michigan, Detroit.

Removing from Michigan to North Dakota in 1921, Miss McIntyre was working in a combined health and relief program in the drought area of that state when recalled to assume her new duties with the American Legion.

Miss McIntyre works under the direction of Herbert R. McKinney, Department Child Welfare Chairman.

Ford Sales Lead in Wayne County

Sales of Ford V-8 cars and Ford trucks have taken a commanding lead in Wayne County, in which Detroit is the motor car center of the world, is located. This may be taken as significant of the trend in motor car buying. Registrations for the first twenty-four days of June showed a total of 1,516 Ford cars and trucks, this being nearly twice as many as the nearest other make, which registered 963 units, while the second other make sold in the same period only 623 units.

Mr. and Mrs. C. D. Scott, daughter and son-in-law, reside at 2824 Main street.

Leaves \$60 With City Officials Here

Roger C. Callahan of Detroit left \$60 in Plymouth the other night as the result of driving an automobile while drunk within the city of Plymouth. The traveler arrested by Chief Smith, pleaded guilty to the charge when taken before Justice Horst Hamlin, who fined \$20 and costs of \$10 was paid. Callahan was the second drunk driver to be taken to court in Plymouth so far this month.

DRUNK DRIVER GETS 90 DAYS

Northville Laborer Who Caused Auto Accident Goes To Prison

For the next 90 days Ubaldo Leelar, 48 years of age of Northville, will do farm work under the direction of prison guards at the Detroit House of Correction for driving an automobile while drunk.

Leelar who drove his automobile head-on into a car, near Phoenix lake driven by Herman E. Smith of Ypsilanti. Mrs. Smith was seriously injured that she was rushed to the Plymouth hospital for medical care. She was later removed to her home in Ypsilanti.

Chief of Police Vaughn Smith arrested Leelar and charged him with driving an automobile while drunk.

When taken into court he pleaded guilty and was given ninety day sentence. Chief Smith took him out to the prison farm and Leelar will work for the county during the next three months without pay.

BOYS CHERRIES BY TRUCK LOADS

Bob Willoughby Signs One Of Largest Contracts Ever Made

One of the largest contracts for fruit ever made in Michigan has just been entered into by Robert D. Willoughby of Plymouth. The Sutton Bay Company and the Frigid Food Products Company are the other two parties to the agreement.

Through the arrangement Mr. Willoughby, better known to his many Plymouth friends as Bob, is to deliver 300,000 pounds of pitted cherries from the Leelanau peninsula to Detroit. The cherries must not only be washed, but pitted and packed in cans containing not more than 20 pounds.

It will take 15,000 cans to take care of these 150 tons of cherries. The Frigid Food Products company of Detroit, the purchaser of these cherries from Mr. Willoughby, holds them for the night or season when they are sold to bakeries and hotels.

The young shoe merchant suffered a severe loss on his first load taken from the cherry company to Detroit. After leaving the northern part of the state by the night by some six hours during the night by a heavy fog and as a result upon reaching Detroit he found that the fruit had fermented and was worthless.

Deciding that this difficulty should not happen again, he immediately purchased a new truck and semi-trailer and had them enclosed so that they could serve as a refrigerator, using "dry" ice to keep the temperature down. He is now bringing cherries from the Traverse City country to Detroit in his new outfit with the temperature down to about an average of 24 degrees. He can carry from four to eight tons to a trip.

He has a number of other smaller contracts for cherries in cases and is doing business with five or six northern orchards.

Mail Jottings

Mrs. James Dunn is home from Lansing for two weeks.

Mrs. L. M. Prescott of Dixon, Illinois, arrived Tuesday evening for a two week visit with her parents, Mr. and Mrs. E. D. Schraeder at their summer home at Island Lake.

Mr. and Mrs. O. F. Beyer entertained sixteen guests Tuesday evening at a picnic supper at Riverside Park honoring their son, Bob's, thirteenth birthday.

Miss Ruth Ford and Miss Dorothy Fisher left Tuesday for Indian Lake where they plan to take a two weeks course of bible study and attend the Nazarene assembly.

Mrs. Robert Willoughby is enjoying a visit with her mother, Mrs. Paul W. Gales, of Sheboygan, Louisiana. Mrs. Geddes accompanied Mrs. Willoughby home last week from Battle Creek where she is spending a greater part of the summer.

Mr. and Mrs. Ross Gates entertained Sunday evening at their home, 1350 E. Main street, Mrs. Gates and Mrs. Lawrence Fremont at their cottage at Wolverine Lake over the weekend.

Last Sunday a jolly group of girls, namely the members of Mrs. Roy Fisher's Sunday school class, were taken by Mrs. Fisher, Mrs. Helen Urban and Mrs. Lois Robbins, to Island Lake. There were twenty-seven girls in one cottage and during the day they enjoyed a very good fellowship enjoyed during that week and also of the tank of the chaplains to keep things running smoothly.

BARNS BURNED ON BEYER PLACE

Auto Backfire Causes Heavy Loss To Well Known Farmer

A disastrous fire that caused a loss of over \$4,000 took place last Thursday noon on the John Beyer farm, one and a half miles south of Rosedale Gardens. The big barn and tool shed and all their contents were destroyed.

The fire started from a back-fire of an automobile that was being used to pull a wagon away from near a haystack. So rapidly did the fire break that the men who were near it found it impossible to stop the progress of the flames. Soon the entire haystack was a roaring mass of fire. It quickly spread to the big barn and within two hours the barn and tool shed were in ashes. All of the crops so far harvested were in the barn. Most of the implements used on the farm were in the tool shed, only a few of them being saved. The wheat crop had just been thrashed and this was also lost.

The amount of insurance carried represents but a small part of the loss to Mr. Beyer, who is a brother of Otto Beyer, northside druggist. Mr. Beyer plans to rebuild his barn this fall.

Another fire was discovered only last week at the farm of Emory Ford on Nine Mile road, formerly owned by George Whiteman near South Lyon. A building combining hog house, poultry house and garage, burned to the ground, together with several pigs, 500 small chickens and other equipment.

The blaze was discovered by Millard Nelson of Salem who was returning home from South Lyon. The South Lyon fire department was called and made record time in reaching there, arriving just as the larger barn, about 20 feet away, began to burn. Chemical extinguishers the flames there and saved the building.

The fire is believed to have started from three lanterns which had been lighted and left in the barn as warmth for the young chickens. Blankets and old quilts had been stretched over the chickens and attached to stakes or sticks. Beneath these the lanterns were placed.

Loss was estimated as nearly \$1000, with only partial insurance.

Mr. and Mrs. Ford, who formerly lived in Detroit, are now making their home at the farm. Since its purchase last April, and until just recently, the place had been occupied by their tenants, the family of Edwin J. Mittleholz.

NEW JUSTICE PLANNING WORK

May Establish Regular Hours Says Judge Ham- ill If Justified

The establishment of certain hours on certain days of the week for the convenience of people who have business with the municipal justice of Plymouth is under advisement by Justice Gerald Hamill. The new justice, if he finds that the business of the court is such that a certain amount of time should be given to it each day, has in mind a plan to set aside an hour or two during each day, for the consideration of matters that should come to his attention.

"I have thought it best for a time to more or less observe the amount of routine that comes to the attention of a justice and if it works out to the advantage of the citizens of the community for me to have certain hours each day, or during certain days of the week, I will make some such an arrangement," stated the new justice this week.

He will have his office at the city hall and he can be reached through the chief of police office or through the city manager for the present.

All of the requirements of the city charter and state laws relative to qualifying have been met and the new justice is finding that there is much of interest in his new work.

AMERICAN LEGION JUNIORS WIN TWO, NOW IN TOP POSITION

The American Legion team of Plymouth were again victors in last week's games, defeating Farmington Saturday by the score of 14 to 7, and beating Northville the second time by the score of 18 to 2. Williams and Roginski pitched Saturday and Williams went the full nine innings against Northville Sunday. By winning these two games they jumped into first position in the league. Royal Oak is also in first. Plymouth was last played Royal Oak last night at Royal Oak. The game Saturday will be played at Riverside Park with Royal Oak also. Last week the team received their suits. They are cream colored trimmed in blue and white. The team has about thirty-two and across the front is the name of the post, Myron H. Beals.

All games start at 3:00 o'clock sharp, come and help your team win. Last Saturday the team along with the managers carried their pictures to the city hall. They are not quite sure who they are to play this Sunday.

Plymouth Resident One of Many Made Victim of Swindle

Daniel Ferrester, a retired farmer who lives on Ball street in Palmer subdivision, left \$5,000 in cash, mostly in a hotel room, and a check for \$200, when he was out of money by him. The list of victims given out by Toledo police follows: John Kiah, Walko, Mich., \$2,000; H. M. Crites, Circleville, O., \$1,000; Frank Kionowski, Milford, Mich., \$1,500; Daniel Ferrester, Plymouth, Mich., \$5,000; Mrs. Helen Hale, Detroit, \$300; Mrs. Agnes Mills, 82-year-old farmer of Danville, O., \$10,000.

His system in getting money from

For the Boys in the Government's Forest Service

To Their Parents:

It has come to the attention of The Plymouth Mail that many of the boys who joined President Franklin D. Roosevelt's splendid re-forestation forces would like to receive copies of their home town paper, but they have not ordered it because they did not think the money the government is paying them for their services should be used for anything outside of financial aid to their parents.

The Plymouth Mail upon request has mailed some copies to these boys.

If the parents of these commendable young men who would rather do something for themselves and their country than loiter about in idleness, will be kind enough to provide The Plymouth Mail with their present addresses, the publishers of the paper will be pleased to mail each one of them a copy of The Plymouth Mail from this date until January 1st free of cost. We are glad to do so because of the fine spirit these young men have shown and because we believe "reading the news from home" each week, will help to keep them a bit more contented, especially the boys who have left their homes for the first time.

THE PLYMOUTH MAIL.

WOULD SPEND HALF MILLION NEAR HERE

Public Works Project Calls For Improvements In This Locality

Four of the major projects to be recommended by the Wayne county road commission to the federal government as a part of United States public work projects in Wayne county are in the vicinity of Plymouth. These projects, which have the approval of Detroit city, county as well as state officials, call for an expenditure of considerably over half a million dollars within a distance of five miles of Plymouth.

The projects recommended by the road commission are of such a nature that if the government gives approval to the expenditures, work can be started immediately.

One of the first improvements recommended by the commission is the widening of the Ann Arbor road crossing at the fork near Newburg to the Washtenaw county line. It is recommended that the present 20 foot paving be widened to 40 feet at a cost of \$194,000. The distance is something like six or seven miles that the proposed project.

The commission also recommends that a grade separation be constructed at the point where the Golden road crosses the Pere Marquette tracks. This is about a half mile east on the Golden road from the South Main street intersection. The cost of this project is placed at \$150,000. The survey for this work has been completed for some time and the officials of the Pere Marquette have agreed to the plan.

Another grade separation project recommended is for the Pere Marquette crossing at the Ford road in Nankin township, about three miles southeast of the Golden road separation. The cost of this project is placed at a similar amount to the one at the Golden road.

The other nearby listed project is the widening of the Ford road from the Wayne road to the Canton Center road at a cost of \$40,000.

Wayne county officials believe that they will have no difficulty in getting the federal government to approve these projects when they go to Washington July 20.

DUSTY STREETS CAUSE ACTION

City Commission To Make Use Of New Material As Dust Layer

Because of the fact that such a large amount of dissatisfaction of the method used in laying the dust on city streets has arisen, the city commission has authorized a trial application of heavy asphaltic road oil. A 6500 gallon tank car of road oil will be purchased by the city and applied on certain trial sections of streets in the city in order that the results can be studied.

This road oil is applied at a temperature of 200 degrees and is sprayed on the streets under pressure. The type of oil to be used will differ from that used by the city on the streets several years ago. This will be a much heavier asphaltic oil and will penetrate the street to a depth of approximately one-half inch. For the first day or two, the oil will track to some extent but will not be as objectionable as the lighter oil previously used.

Motorists are requested to drive slowly on the newly oiled streets in order that the oil will not splash onto their cars or be picked up any more than is necessary. It is believed that after the second or third day the condition of the streets will be such that it will not be tracked and the dust nuisance will be eliminated for the remainder of the season.

POLICE TO CONTINUE BEER PLACE VISITS

City officials made it clear Monday night that they plan to continue their practice of watching business places that sell beer even though there has been one strong complaint against it. The objector, George Palmer, was before the commission Monday night to request that the night police officers be kept out of his place. He contended that the practice of the officers in stepping into his beer garden was a detriment to his business and he wanted the city commission to order the officers to keep out.

The upshot of the complaint was that members of the commission ordered Chief of Police Vaughn Smith to see to it that officers did not visit these places just as they have been doing in the past.

Chief Smith stated that the other places selling beer in Plymouth were glad to have the officers call around at any time and that the only complaint made against their visits had come from Mr. Palmer.

The action of the police in visiting retail beer places came as a result of a request of the state liquor control commission. The commission weeks ago asked all the local officials of the state to assist and cooperate in watching these places and seeing to it that all regulations were complied with. It is for that reason that Plymouth city officials plan to continue their visit to these places in spite of the one protest that has been made.

His victims was the old time race horse racket. "You give me your money and I'll place your bet and win you \$25,000 or more," says the swindler. His victims put up the cash, usually in a hotel room, he left with the money to place the bet—and never returned. Toledo police say they know of at least \$20,000 he took from his victims last fall.

A very lovely party was given Wednesday afternoon by Mrs. Herbert Barry, Mrs. Nelson Bakewell and Mrs. Vern Palmer at the home of Mrs. Barry on Starkweather avenue in honor of Mrs. Frank Hakenson of this city.

Here Is Real News! Mr. Phasant Takes On Mother's Duties

You've heard about it once in a great while—about a wild rooster pheasant doing the duty of Mrs. Phasant when it comes to hatching out the young birds.

But you've never heard of Mr. Phasant when engaged up of doing such a thing.

The unknown and unexpected happened, Arthur White, one of Plymouth's rural mail carriers, has a rooster pheasant in his pen that is setting as religiously as any hen pheasant ever did.

Mr. White has three or four hen pheasants and one cock hen pheasant when the hen pheasants laid the eggs they showed no disposition to set.

One morning Mr. White went out to his coop and there was Mr. Phasant sitting on the nest. He did not disturb the bird, thinking that it would continue for just a day or so. After while it remained there day after day he made up his mind that he really meant business.

In order to be sure not to lose the pheasant eggs that the bird was setting on, he placed them under the hen pheasant's feet. He is not sorry he did so as Mr. Phasant has stuck to the job and in the next few days ought to be mothering a brood of young banty chickens.

Just got out Mr. White's place on the Canton Center road and see for yourself.

Rotarians Defeat Kiwanians at Golf

Sweltering under the hot sun beating down on the fairways of Plymouth Country Club, members of the local Rotary and Kiwanis clubs carried their inter club relations to a new high last Wednesday afternoon.

Carrying bags full of golf clubs and broom sticks the members of the two clubs met for the first time since the last ball game to further show their prowess in every branch of sport. Rotarians again accepting the Kiwanis challenge, came through with flying colors to trim the opponents by an exceptionally close margin.

The two teams of each club totaled their scores after the game and divided the results by the number of men playing from each organization and the final total was, Rotary 96.8 and Kiwanis 95.75. Cass B. Hough bringing in low score for the Rotary of 77 and Mark Chaffee low with 84 for the Kiwanians.

The game a close one created much excitement between the two clubs and Kiwanians attribute their defeat to their number two man Powell who was decidedly off form bringing in a score of 123 for the 18. The winners have promised a return match in the near future.

Anniversary Sale At The Blunk Bros.

Appearing in this issue of the Plymouth Mail is a full page advertisement of the 11th Anniversary sale of Blunk Bros. of Plymouth. To commemorate this important event, this popular Plymouth store has cut prices down to such an extent that it is one of the best offers for sale are below the actual production cost. Other articles have been greatly reduced. This is the time of the year when a merchant must give consideration to his fall stock of goods. Shelves must be cleared of surplus and summer materials and that is one of the important reasons for such a drastic cut in prices as room must be provided soon for fall goods. Shoppers will find that there are some scores of bargains not mentioned in the advertisement. This is an ideal time to make savings on

SENATOR VANDENBURG

There has been some talk going around the state during the past few days that former Governor Fred Green plans to run against Senator Arthur Vandenberg in the next primary election. Well Mr. Green might just as well forget any such ambition right now, if he has any. He wouldn't get to first base in such a contest. If one is to judge public sentiment by public expression.

When Senator Vandenberg first ran for the United States senate we did not support him. We did not think him the right man for the place. But his record in the senate and the fact that he has seemingly been on the right side of nearly every question involving the welfare of the public has entirely changed our mind. Senator Vandenberg has made an excellent senator. He has a record that he can be proud of and that will return him to the senate in the next election if he desires to go back. There is not the slightest reason why Michigan should give thought to a change in its junior senator.

QUITE SOME CONTRAST

The administration of President Franklin D. Roosevelt is in public estimation a most successful one. At least he is trying to do something worthwhile for the general public. He is not only trying, but he is DOING something. But what a contrast with the Democratic state administration. Six months in the executive office at Lansing has demonstrated that Governor Comstock is as much of a failure on the job as President Roosevelt is a success in his position. The people of Michigan were with Governor Comstock when he assumed his duties at Lansing. Most Republicans as well as Democrats wanted him to make good. But what a flop! We agree with the Detroit Saturday Night that Governor Comstock should step down and out and let his very "very able and conscientious" lieutenant governor take the job over. Mr. "Stupidings" couldn't do any worse if he tried.

TOO MANY TEACHERS

Michigan's various teacher training institutions turned out 5,494 teachers in 1931, while 5,535 were given teachers certificates, several times more than were needed to fill the demands of the State's schools an extensive survey prepared at the University of Michigan for the Michigan Conference of City Superintendents and the Michigan Education Association shows. A reorganized State Board of Education with power to make supply fit demand, and higher standards for teacher certification are proposed in the report, says a statement from the University.

From 1910 to 1920 there was a 67 per cent increase in school enrollment, and during the war years, a shortage of teachers. As a result of these conditions, all of the 91 public and parochial and private colleges training teachers increased their production, states Professor Arthur B. Moehlman, of the University School of Education, and Eugene Elliott, research assistant. Since 1920 enrollment has

not grown at the rate of the previous decade, with the result that far more teachers are being graduated than can be absorbed by the schools, they report.

To control supply and demand, the survey suggests a planning council of the superintendent of public instruction, the president of the State Board of Education and the officials of the University, State College, teachers colleges the non-public institutions and Michigan Education Association executives. It suggests also a revised State Board of Education with increased power to appoint the superintendent of public instruction, by the governing board of the four State Teachers Colleges, supervise state-school finance and have complete control over the standards and conditions of granting teachers' certificates.

Because good teachers are more interested in instructing than in efforts to find new positions, they suffer in competition with poor teachers who are active job hunters, contrary to popular assumption, the report declares. Setting high standards for the granting of certificates and cutting down the number of temporary or three year and renewed certificates would eliminate many poorly trained teachers, to the benefit of the schools, it states. Life certificates should be good only if holders kept up to date with periods of study, to eliminate the inefficient and old fogy teacher, and to prevent teachers long out of the field returning to increase competition for the well trained instructors in hard times such as the last few years.

WHAT'S THE USE?

The Detroit Automobile Club is quite concerned over the additional gasoline tax imposed by the state of Michigan. We are rather surprised at the attitude of the club. Possibly its officials have forgotten that promises of lower taxes means higher taxes in Michigan. For six years straight we have been voting each year for lower taxes and every time we vote for lower taxes, we get higher taxes. Our present situation is this, we should now vote for some one who promises higher taxes. Maybe then we will get lower taxes.

But seriously, the statement of the automobile club is a timely one and worth publication. It follows: "In the beginning a solemn promise was made that two cents per gallon gasoline tax would positively be the limit. Now look at what we of Michigan are forced to pay!

Regular State tax	3c per gallon
Sales tax (at present price of gasoline)	4c per gallon
Federal tax	1 1/2c per gallon
Total	4 1/2c per gallon

"The Automobile Club of Michigan is deeply concerned about this burden on motorists and the constant attempt to increase it. Mr. Richard Hart, General Manager of the Club, has written the following letter to all Legislators in the hope they may rectify the mistake made when Senate Bill No. 192, aimed to reduce the gas tax one-half cent, was killed in committee:

"The motorists of this State were keenly disappointed when they learned that Senate Bill No. 192 (which was to reduce the gasoline tax one-half cent) was killed in committee—preventing the House from voting on it.

"The new sales tax added to the State and Federal tax on the gasoline is rubbing it in too much. It is wrong—it is unfair—and it is bad discrimination. It must be admitted that the public today is more tax conscious than ever before and is right now watching this particular phase of legislation.

"We are urging the Roads and Bridges Committee to report this bill out so the House will have the opportunity to vote on it when the Legislature has its last session on next Monday, and we hope you will help to pass it."

But of course this just couldn't be done.

give Mr. Comstock every possible break. Such an attitude, however, becomes more and more hopeless. It is our opinion that the only way to follow in the footsteps of Wilber Brucker and be one-termers. No brief is being held in any quarters for Mr. Brucker's failure, and Gov. Comstock appears to be in the same position. Quite unfortunate, the voters of Michigan are looking for a leader, and the right man will get produced.—Harry Izor in The Durand Express.

THE AGE OF BALLYHUE

Now that this Carnera, the gift of Mussolini to the American sport public—No. 20 shoes—4 feet 3 inches—weight 265—I saw him WHEN he fought K. O. Christner the rubber man from Akron and Christner bounced around and at the Italian but could not dent him. Carnera then and better now had a hard looking punch. A big left, don't know much about what it's all about, not a manager who is a good showman and Carnera would be a swell attraction in a circus. (One good Jack Dempsey would double Carnera's mid ribs so he would double up and quit. In the Strathmore instance at Washington they'll put Carnera there as an added starter. If he fights long enough there will not be leather enough left to make him gloves—his hands are so ham like. But—the ballyhoo man, he satisfied. Carnera is up there and will get the dough and plenty of it. But you can have him if you want him. As for his eats too much to have around as a steady customer. As a steady diet we prefer our John J. Sullivan, Jim Corbett, Kid McCoy, Bob Fitzsimmons, Art Healy, Dempsey and even Mr. Timney, and Mr. Jack Johnson to the clown who is now the heavyweight champ of the world.—Senator Chester Howell in The Chesaning Argus.

DOUBTFUL ABOUT THE SALES TAX
 Governor Comstock is reported in daily newspapers Wednesday as being doubtful about the wisdom of the sales tax, in its present form at least. For some time he has been doubtful as to the amount of money it will raise.

In this feeling he is not alone. Several Caro merchants have had and experienced during the past few days, coming out with their tax money at the end of the day's business, and they too question the wisdom of the levy. It would seem better to have a manufacturers' sales tax if we must raise money in this way. It would be easier to collect the tax money from comparative few, and it would not cost so much. Retail work by the individual merchants would be largely eliminated, and the tax would be reflected in slightly higher retail prices, instead of in a separate tax on many small sales.

The Governor is reported to have said: "I'm not sure, and the Legislature was not sure, it is the type of tax we should employ to lighten the burden of real estate. We adopted it because it was the most available thing in an emergency. One of the things the new Legislature must take into account is that tax or substitute something else." He also remarked that the state's object should be to set up a taxation system based on two principles, first, that every citizen must pay something, and second, that the tax burden, should be proportionate to the individual's ability to pay.

This is a commonsense way of looking at the matter, and if the Governor can find an acceptable substitute to this sales tax, so that the new levy would accomplish the two objects mentioned above, he would be doing a real service to Michigan.—A. D. Gallery in The Caro Advertiser.

CREATING JOBS
 Public works are being advocated as a means of providing jobs. The government is furnishing the money, making an out and out grant of 30 per cent, and extending credit on the 70 per cent. Cities, towns and counties are being urged to make use of the three billions, three hundred millions that have been made available. Any public improvement long contemplated and perhaps delayed because of consideration for the cost, may now be undertaken with government aid. The cities which secure approval and finances for their projects will get the advantage for their wage earners and business places.—Joe Stragon in The Delta County Reporter.

SPEAKS HIS PIECE
 Geo. R. Averill, Birmingham editor, does not mince words in telling former Gov. Fred W. Green that he will be out of luck if he attempts to carry out his threat of being a candidate against Senator Vandenberg. Nothing like getting in on the ground floor to let 'em know where a person stands. This paper, like the Birmingham Eclectic, offers no apologies in showing appreciation of Senator Vandenberg.—Harry Izor in The Durand Express.

HE SAYS SOMETHING
 Governor Comstock's record of inaction, lack of a program, vacillating indecision, inability to get things done by the legislature, places him directly in the shadow of retirement to the realm of other do-nothing executives. The Lord knows that Michigan today needs a super-executive, it has a weakling. While the Democrats have a wonder president in the White House at Washington they have a mere clerk sitting in the governor's chair in the capitol at Lansing and the worst part of it is that we must suffer for two long years before the error is likely to be corrected.—W. R. Crissey in his Midland Republican.

Back on Your Taxes? Well, Just Pay Taxes For 1933 Says State

The wise property owner who has fallen behind in his taxes will pay his 1932 levy first.

The legislature passed two acts dealing with the payment of delinquent taxes that will be of interest to Plymouth property owners. Under the old order of things the owner or who became delinquent paid the oldest tax debt first, to stop tax sale of his property. The combination of laws enacted by the legislature reversed the set-up and beckons the owner to pay the most recent delinquency first.

If 1932 levies are paid in the few remaining days to and including November 1, neither interest nor penalties will be charged. The same is true of 1931 and 1932 taxes. There is this distinction however. Taxes for years prior to 1932 may be paid any time up to September 1, 1933, but 1932 taxes not paid by November 1 of this year immediately become subject to all the statutory penalties and interest. Even in 1933 only one-tenth of all 1931 and prior taxes need be paid, but there is no provision for amortizing 1932 and subsequent levies. If they are not paid, interest and penalties will mount and after three years the property will be subject to tax sale.

The new laws provide this relief for the property owner: Pay 1932 and subsequent taxes, and all other back taxes may be returned together and virtually forgotten until 1935. Then they may be paid in ten annual equal installments, with all penalties abolished and only four per cent interest charged. The interest does not begin until September 1, 1935, the date the first installment is due. Installments must be kept up, however, or the land becomes subject to tax sale the following May. Any time between the date an installment is due and the following May the owner may redeem by paying the installment missed, plus four per cent interest. The unpaid balance plus an added four-fifths of one per cent interest as a penalty for failing to meet the installment on time.

The legislature first enacted the Bellows bill, extending the time for paying 1930, 1931 and 1932 taxes, without penalty or interest until July 1. These three years were specified because delinquencies older than 1930 were subject to sale last year.

Next the Moore-Holbeck act was passed. It extended the time for paying all delinquent taxes, save those of 1932, to September 1, 1935, without penalty or interest. If any property on which taxes were delinquent prior to 1930 had not been sold the owner may amortize the old taxes with those of more recent years.

Here Is One Tax That Has Been Lowered

Michigan's dogs no longer need cringe at sight of a sheriff. The dog law adopted in 1910 said "The sheriff shall also kill, upon complaint of the prosecuting attorney, any dog that is in the habit of running at large unaccompanied by owner or his agent." This provision was repealed by the 1933 legislature. Other changes in the dog law are: The age limit for registering dogs is increased from four to six months; license fees are reduced from two and four dollars to one and two dollars if secured before June 1. County boards of supervisors are empowered to reduce these fees in certain circumstances; fees of township treasurers are reduced from 15 to 10 cents per dog while those of township supervisors or dog wardens are reduced from 20 to 10 cents per dog. Boards of supervisors are also given power to appoint county dog wardens, if desired.

HIS MIND CHANGES
 Congressman Dondero is quoted as saying if he had to do it over again he would not vote for the U. S. to forsake the gold standard.—Grant Rowe in The Midland Times.

comes effective, but Auditor General John K. Stack, acting under a legislative resolution, granted a further extension for last year's levies to November 1. Those who have not paid 1932 taxes by that time will see penalties and interest mount. For all other delinquencies, however, the Moore-Holbeck bill will step in to prevent either penalties or interest and technically set aside the charge of delinquency against the property.

Although the legislature made no direct provision demanding the payment of 1932 and subsequent current taxes, the delinquent tax relief measures make it mandatory for the owner to pay 1932 levies and those for following years, with in three years. If the 1932 taxes are not paid, the owner cannot use the installment plan for retirement of previous delinquencies, for his property will become subject to sale in 1935. If 1933 taxes are not paid by 1936 the property would become subject to sale in that year and after one installment of the delinquent amortization had been met the owner would be liable to lose his holdings.

The formula written by the new act is: Pay 1932 and subsequent year taxes as promptly as possible to avoid penalties and interest and possible loss of property through sale. Pay all delinquencies, prior to 1932, any time before September 7, 1933—or pay one-tenth of them in 1933 and one-tenth each year thereafter until retired.

25 YEARS AGO

Interesting bits of news Taken from Plymouth Mail

J. D. McLaren is now the owner of an automobile. Charles Astoroff spent this week at Port Huron attending the races. Born to Mr. and Mrs. Frank Utter, Saturday morning, July 11, a girl. Mr. and Mrs. C. E. Riggs go to Walled Lake tomorrow to stay a couple of weeks. Fred Schrader is putting in all his spare time working in the hay field. He has 70 acres of it. Miss Carrie Vincent has left the Ranch store and about August 1st will begin as an assistant in Dr. Travis' office. Mr. and Mrs. H. C. Robinson and Miss Rose Hawthorne were weekend visitors at Muir's landing, St. Clair falls. James Sage, Charles Sage and son and daughter of Detroit spent Sunday at Henry Sage's.

President E. C. Hough of the school board presided at the annual meeting held Monday evening. Secretary Paul W. Voorhies read the annual report which showed a balance on hand of \$115.26. Fred Bogart and John E. Wilcox were re-elected members of the board. Mrs. Ruben Barnes of Newburg was overcome by the heat last week and was ill for three days. William Beyer of Perlinville had the misfortune of nearly cutting off his little finger while at work on his separator last week. Roy Oliver was kicked by one of his horses last week. Dr. Patterson was called and he found it necessary to take three stitches in the wound just below the knee. J. C. O'Bryan of West Town Line was re-elected to succeed himself as moderator of the school district Monday.

A telephone in the postoffice would be a great convenience to the farms. Northville has one, why not Plymouth? Fay Spencer of West Town Line road has the summer gripe. The milk producer's association of Elm met at Charles Wolfstrom's Saturday night. Whitmore lake furnished the fun for Will and Spencer Heaney of West Town Line the Fourth. Farmers around Livonia are busy with hay and rye this week. There is a good crop of rye this year.

Miss Nichol Wins Place on Honor Roll

Miss Catherine Nichol, 178 S. Main St., Plymouth, who will be a senior at Wooster College this fall, was included in the group of Wooster students to make the Honor Roll for exceptional work in class work this past semester. She is the daughter of Rev. and Mrs. Walter Nichol, of Plymouth.

Exactly 145 students, or 37.7 per cent of Wooster's enrollment for the school year, made Wooster's Honor Roll, according to Prof. Arthur F. Southwick, college registrar. This roll is composed of all students with no grade less than "B" for the semester just past. Fourteen students made all "A's."

grades, four seniors, three juniors, five sophomores and two freshmen. No grade below "B" included 27 seniors, 33 juniors, 23 sophomores and 40 freshmen. One graduate student made the "A" list and another the "B" list.

For the past ten years only 14.3 per cent of Wooster's enrollment made this honor roll compared with 17.7 per cent for the past semester. College authorities see in these figures proof that the present generation of college students are doing better classroom work.

Showing how rapidly bird species may become extinct, as late as 1876 one nesting ground of the passenger pigeon in Michigan extended over an area of 28 miles long by 3 or 4 miles in width. Not a single passenger pigeon exists today.

Rambling Around With Michigan Editors

PINCHED TOES AND EMPTY STOMACHS—
 The lady asked the shoe dealer, "What about those \$1.30 pumps?" The dealer had a pained look for a moment but produced the \$1.30 slippers. He knew that she would not get a good fit and that the shoes she asked for would not hold their shape nor wear long. His pained look said what he would not dare say aloud. Here is the story. His profit on the \$1.30 pair was so small that if all his business was done on that basis he would soon go into bankruptcy, as many of his competitors already have. He knew from business experience that the jobber and the manufacturer, too, could not continue indefinitely on a \$1.30 class of business. He knew that the people who actually worked

in the factory and made those shoes were termed "cheap living" and that their children were being in squaler.

That \$1.30 price spelled discomfort and poor service to the lady, inadequate profit to the retailer, to the jobber and manufacturer. It meant empty stomachs for the people who make shoes. It required an absurd return to the farmer for the hide from which the leather came. It was an unsatisfactory deal all around. Isn't it possible that nearly four years of unusual conditions have warped peoples' minds into a channel which has no prosperity at the end? Think this over. There is no economy in shoddy goods. Don't blame the retailer. He is doing what he has been forced to do. But the next time you buy a dress,

a suit, a pair of shoes or foodstuffs, remember that an absurdly low price is taking food out of the mouths of someone. This has been true of farm produce. The country is finding it out. There can be no prosperity when people are paid cost or less than cost for any commodity. We are not arguing for the crazy exorbitant prices of a few years back. We do believe people must buy quality in America—that or learn to live like the Chinese and Japanese—Schulzer Marshall, St. Johns Republican.

Taxpayers Are Exploited By Legislative Lobbyists

(Continued from page one)

Each state has a lobbyist supreme around whom all the lesser lights play and to whom all go with any information valuable to all. In California this lobbyist supreme is William F. Herrin, chief attorney for the Southern Pacific railway system. Mr. Herrin told the whole story in a single sentence when he said recently, "All the interests associated with us are not rich enough to pay all that politics cost. It is necessary for us to let the little skates get theirs in order that we may be protected against them and in order that we may get what we want." Cheap grafters, petty office-seekers, the lure of high salaries for nominal tasks, the demand of members for added political patronage, lowthrow attempts to play to minority blocs back home, the lust for the newspaper spotlight, pet measures introduced by members for local consumption—these and many and varied others make up the list of what is meant by helping the "little skates to get theirs."

Numerous Methods

There are as many ways of lobbying as there are interests lobbying and members to be lobbied.

There is the respectable dinner at a fashionable hotel; there is the hotel room where a few cocktails may be slipped in decency; there is the beer party at night and a jolly social evening; there is the ribald liquor debauch which winds up with nude women and headaches in the morning; there are excursions to Chicago and Detroit over the week-end for the edification of the Hon. Henry from the Podunk district. There are all kinds and manners of ways in which to intrigue and entice the unwary into support of measures desired and into "nay" votes against what might be desirable for the people but not so good for the interests.

What has been described in the foregoing paragraph is what politics cost the interests in money and in entertainment but what really costs the taxpayers their hard earned dollars is that other angle of this thing called lobbying, which is paid for in terms of rich contracts awarded, appointment of relatives or political supporters to sinecure jobs, free entertainment at state institutions, and favors to members not obtainable by the average citizen. Scores of useless jobs are thus created, needless expense is involved in necessary functions, contracts are awarded above the figures of the honest bidder, state funds are nipped for private gain—it is an endless process and a mighty expensive one for the people who pay the bills.

The Lobby "Probe"

Smarting under the stigma placed against the legislature when Johnnie Smith, former mayor of Detroit, turned the 57th assembly a "cash and carry" legislature, Rep. Harold Bellows, Bay county, a first term, proposed a house investigation into charges of lobbying. Ignored entirely when the investigating committee was appointed, Mr. Bellows saw three first term democrats named to sit with two veteran republicans in an effort to smoke out the truth—or lay a smoke screen over the facts as one may see fit to assume. Lawrence O'Neil, affable Paris farm machinery salesman, was made chairman. Edward Barber, Edmore, shipper of butter, eggs, poultry and farm produce; and Charles F. Parker, former Barry county sheriff were the other two democrats named. Ato Dykstra, political editor of a Grand Rapids newspaper and a veteran legislator with Earl L. Burhans, law firm lawyer, were the minority party representatives on the special investigating committee.

A great deal of time was consumed in listening to evidence submitted by witnesses summoned before the committee. A great deal of newspaper space was devoted to the testimony presented, much of which was pure hearsay and of little value except to build up in the public mind a generally prevalent opinion that something is wrong at Lansing. Naturally any legislative body made up of a majority of members with no previous legislative experience is more susceptible to outside influences than one otherwise constituted. Certain types of lobbying, entertaining appeared more popular during the past winter than during any recent session of the Michigan legislature. A larger number of so-called "shake-down" bills were introduced during the past session than during any recent session of the Michigan legislature. Drinking bouts were more frequent than previous sessions have disclosed. The very character of the bills under consideration were of a type differing considerably from bills considered during previous sessions.

There may have been some actual cash which changed hands as the distinguished Detroit statesman hinted. Without doubt there was a considerable amount of legislative "horse trading" indulged in out of which the "little skate got his" while the public paid the costs of politics.

Early in this article reference was made to "lobbies of eminent respectability." This reference should be explained. More than the usual number of medical bills were in the hopper during the past session. The medicals, the dentists, the osteopaths, the chiropractors, and a number of kindred boards all took occasion to ask for drastic changes in their respective board acts. Each had a representative almost constantly on the job to promote, to urge, and to cajole in the interests of their claims. These measures have no other merit but that of public utility in the end.

The Educational Lobby

No chapter an lobbying would be complete until the educational lobby is discussed. This lobby is one of the most powerful and far reaching of any at the state capitol. There is a well maintained liaison constantly in operation between the various camps of the teaching profession whenever legislation and appropriations are under consideration. The reason for this is simple. The university and the colleges are constantly seeking to enlarge their curricula and to obtain an outlet for their graduates. It is only by this means that institutions of higher learning expand. The bigger the college or the university, the larger the salaries paid the faculty heads. This group is interested in higher standards in all the professions but the best outlet they have for their product is the public school. To more elaborate the public school the greater the outlet for specialized teacher training. The more special courses offered in the public school, the greater demand for teachers. The more certain it is that college and university classes grow, the more students, the greater the colleges, and the larger the figures on the paychecks. The taxpayer is caught in this whirlwind of demand and counter-demand until the "house that Jack built" comes to mean no fair tale.

It is in this amazing maze of you help me and I'll help you" that the Michigan Education association stands out like a sore thumb. On many school house doors will be found a placard indicating that the faculty of that school is 100% professional. Interpreted it simply means that each teacher in that school has paid tribute to an organization of arch-manipulators of public money to promote the interests of the teaching profession. Theoretically this organization stands for the educational welfare of the children. In fact it exists to exact the last possible dollar from the pockets of the taxpayer. If the placard read, "This school is 100% unionized," then the truth would be told.

Nor does this condition exist in Michigan alone. It is found in every state in the union and is held together by what is known as the National Educational association to the annual conventions of which the taxpayer frequently is found paying the expense of superintendent delegates.

Within the past year a survey of public expense items in the Province of British Columbia, Canada, was made by a lay commission composed of delegates representing 22 of the chief and leading civic, business and financial bodies of that province. That the activities of organized professional teaching groups have not been confined to Michigan nor to the United States nor even to this continent is evident from their findings. In their report recently published they in turn quote from the May committee appointed to investigate the costs of education in England, the May committee reporting, "Educational progress has been a popular plank in election platforms since the war and we fear that a tendency has developed to regard expenditure on education as good in itself without much consideration as the results that are obtained." From the British Columbia report itself we find reference to the Teachers Federation which organization is charged with having worked successfully through Parent-Teachers associations for the purpose of building up an elaborate and excessively expensive school system.

"The teachers themselves," the report charges, "while they naturally and properly have had in mind the many benefits to be derived from the best that modern education can give, have not been altogether oblivious of the addition to their own prestige and remuneration." The report further along quotes from the journal of the British Teachers Federation of British Columbia as follows: "Several attempts have been made to reduce salaries but the teachers have been able to withstand such attempts owing to the activities of the provincial and local organizations." Commenting on the foregoing statement by the organized professional of the Canadian commission states, "Of the truth of the foregoing there can be no question. We regret that the same consideration of their own interests has not been displayed by that unorganized and inarticulate

CLEAN and COOL

Electrochef Electric Cooking

CLEAN AND COOL . . . Here are two reasons why Electrochef electric cooking is popular with women. CLEAN because the range is finished entirely in snow-white porcelain and sparkling chromeplate. CLEAN because electric heat is clean as sunlight, without smoke or soot to darken kitchen walls and curtains. COOL because of focused heat and double air-space oven insulation.

You must use this modern range yourself to really appreciate it. A \$10 initial payment places an Electrochef in your kitchen, installed and ready to cook.

THE DETROIT EDISON CO.

body of sufferers known as taxpayers, in which case their punishment would not be as severe as it is today."

Strong in Michigan

What is true of British Columbia is quite as true of Michigan. There is no more effective or active lobby at work at the state capitol than that maintained by the organized Michigan legislative lobby. Its able secretary, E. T. Cameron, is constantly on the job. Members of the legislature are entertained at banquets. They are cajoled and flattered, they are besieged by teachers and school patrons back home if they show any signs of independence of thought. The huge, abject of education at all costs brought into play and actual threats of political oblivion for any who dare say nay to the demands of the "brain trust" are not infrequent. During the past session this lobby fought against every effort to reduce educational costs. This school teacher lobby is ably supported by the faculty at all state normal colleges. Their teamwork is a masterpiece. During the 1931 session the M. E. A. led by Mr. Cameron and a bunch of imported high-pressure salesmen from other states attempted to foist upon Michigan a teacher's pension system which would have exacted millions from the pockets of Michigan taxpayers. During the 1929 session and in previous years the organization was found constantly using every available influence to boost the cost of education, both in the public school and in the college and university field.

It would not be surprising if in the future the blasted placard heretofore kept valiently displayed in public school offices may be relegated to the attic lest some irate taxpayer vent his wrath upon the local teachers.

The standard of ethics maintained by this highly organized group is best revealed in a letter which Mr. Cameron sent to all teachers of Michigan under date of March 30, 1931, following which a veritable deluge of appeals came from every part of the state beseeching members to vote for the McEichenon teachers retirement bill then under consideration. Mr. Cameron stated in that appeal for teacher aid in driving this bill through the house, "While the bill requires the teacher to pay 5% of her salary into the fund, it also requires the state to deposit a similar amount to the credit of each teacher. It is therefore very much better than any annuity you could buy through any insurance company." Had this bill passed it would have added \$3,000,000 a year to the burden of the taxpayers of Michigan.

Corporations pay their own lobby bills. The cost of the Cameron lobby is paid by the school teachers of Michigan. The cost of what the Cameron lobby accomplishes is paid by the distressed taxpayers of the state. Liquor parties are odious to any decent minded citizen but their actual cost to the public is infinitesimally small compared to the cost which these "eminent respectable" lobbies impose upon the public of which group the educational or M. E. A. lobby stands at the very head in power and in cost.

Coming Attractions At Penniman Allen

"THE OUTSIDER"

"The Outsider," an engrossing drama enacted with sympathy and understanding by a flawless cast and directed with an acute perception of camera and microphone values, will appear at the Penniman Allen Theatre Saturday, July 22. The picture is a filmization of the play in which Katharine Cornell created one of her outstanding roles, and takes its title from the fact that its two principal characters are "outsiders" in relation to the rest of the world.

"DANGEROUS CROSSROADS"

A hip-snorlin' railroad romance with more than its share of thundering thrills, wild rides on runaway trains plus a delightful romance is "Dangerous Crossroads," the Columbia melodrama which is a feature attraction at the Penniman Allen Theatre Saturday, July 22. Chic Sale, Lucille Benson and Diane Sinclair appear in the principal roles of the production, directed by Lambert Hillyer. It is full of action, and from beginning to end contains laugh after laugh, largely because of the homely and likely characterization of an old engineer, possessed by the ever popular Chic Sale.

"THE MAYOR OF HELL"

"The Mayor of Hell," a Warner Bros. picture starring James Cagney, which will be shown at the Penniman Allen Theatre Sunday and Monday, July 23 and 24. It is one of the most powerful and stirring dramas that has come to the Penniman Allen Theatre in many a day.

Its fearless revelation of the shocking conditions that exist in a political graft ring, is a realistic albeit intensely thrilling and dramatic.

"SONG OF THE EAGLE"

"Song of the Eagle," a bold, sweeping drama of two decades of American history, as seen through the eyes of one American family will be the attraction at the Penniman Allen Theatre Wednesday, July 26.

The breath-taking march of events during the most vital period in world history, from the opening of the World War up to the present, and then on into the future, is thrillingly chronicled in the picture. It is acted out by a cast headed by Charles Bickford, Richard Arlen, Mary Brian, Jean Harsholt, Louise Dresser, Andy Devise and George E. Stone.

All Land in State Worth Something

Michigan boosters will find plenty of solace in the statement of the soils department at Michigan State College that the State has no worthless land.

The only waste land in the State, according to the soils men, is contained in those areas which have been devoted to the wrong purposes. The task that confronts Michigan residents is to survey their soil and determine the use to which the various sections are best adapted.

Soil surveys of portions of the State have been made and the work is going forward slowly now under the handicap of lack of funds. As fast as these surveys are made

it is possible to determine the best use for the land.

Part of it can be used most profitably for farm crops, some of it should be growing timber, and some of it most valuable for recreation. The resort trade of Michigan has been one of large sources of income and land devoted to that purpose may be much more valuable per acre than the land best suited for the growing of food crops.

The soils department has recently published Special Bulletin No. 231, which describes the principal soil types in the state. A map enclosed in the bulletin shows the location of three classes of land on a basis of its value for growing crops. This bulletin can be obtained free by those interested in the problems of utilizing Michigan soils.

TIRE PRICES Going Higher BUY TODAY AND SAVE

EVERY FIBER EVERY CORD EVERY PLY IS BLOWOUT PROTECTED BY Gum-Dipping

BLOWOUTS are caused by frictional heat generated in the fibers of the cotton cords in a tire. Firestone is the only tire built with every cotton fiber saturated and coated with pure rubber — to prevent destructive heat. This is one of the reasons why Firestone Tires have been on the winning cars in the 500 mile Indianapolis Race for 14 consecutive years—the world's most severe blowout test.

Rubber has gone up 242% cotton 115%—substantial tire price increases must follow. We will give you an attractive allowance for your old tires on new Firestone High Speed Tires.

South Lyon Bank Is Now Open. Did Not Ask Outside Help

Every bank in this part of the state that has been closed since the depression started have been reopened, except those in Wayne. The South Lyon bank is the last to open, starting up business Monday morning. The South Lyon Herald in telling of the bank plans, stated:

Next Monday, July 17, South Lyon will again have a bank open for all the business usually conducted by such an institution. Six weeks ago the state banking department approved plans for re-organizing The State Savings Bank, and in the intervening period depositors of the bank almost without exception have given their unhesitating approval of the reopening.

The new bank, when it opens, will have as assets \$15,000 in cash, and a bank building with all equipment, loaned against \$20,000 capital stock. As the bank has been sanctioned by the government, it will do an unrestricted banking business, and will be in as good, if not better shape than any other bank in Michigan. When the new bank opens it will have no debts, no loans, nothing but cash, and banking equipment.

While other banks in Michigan have been waiting for government loans to finance new banks. The State Savings Bank went about without asking for outside help, raised the necessary money without fuss or bother. As a result this community will not witness the drastic effects of liquidating a bank, with its attendant hardships on the borrowers, and the tremendous loss to depositors. Before the bank closed, it owed no money to the Reconstruction Finance Corporation nor to bankers. The money it collects will not go to pay loans, as was the case in every bank near here, but this money will go directly to depositors. Persons who have money in the bank may be disappointed by the closing, but, compared to the plight of depositors in banks of the towns which surround South Lyon, we have a lot for which to be thankful.

Before the notorious bank holiday, proclaimed by Comstock on February 11, the South Lyon Bank had come through four years of the most depressing times this country has ever seen, or may see again. During those four years one out of every six banks in the country closed. In this county The State Savings Bank saw the largest bank in the county fail in July, 1931. Then another bank failed in the county seat. Incidentally one of these banks has paid out 10 percent in two years—the other nothing at all. Following the failure

of the big banks in Pontiac, both banks in Milford could not meet their obligations. Then two in Farmington closed. Next, both banks in Northville were declared hopelessly unable to continue, a Milford bank closed. The Pluckney bank failed. But don't forget—while this town was hummed by bank failures, The State Savings Bank was still doing business at the old stand, and early this year, with a good cash reserve, business began to pick up with the bank—it looked as though the battle was over. Then came the catastrophe—the infamous Michigan banking holiday. The reserves of the South Lyon bank were tied up in part in Michigan banks which will not reopen. Panic hit the land and the rest is history. The irony of it all was that the South Lyon bank had more cash in banks than it had in 1929 when deposits here were at the half million mark. Eventually the bank may get a good share of this cash, but there is still a lot tied up.

With this cash tied up the bank could not reopen. It was then a case of selling the bank's assets in a demoralized market, or raising money to pay the stock assessment and reorganizing. The latter was done—stockholders paid their double assessment. The stock that could not be paid was promptly subscribed by South Lyon business men, with the result that next Monday, a new bank will open. Faith in the conservative policies of the personnel of the old bank was such that they were all re-elected with one exception. George Shear will be the new director.

West Plymouth

At the beginning of next week, lay your plans to attend the Kenyon school picnic Saturday, July 22. Potluck supper at five o'clock. Mr. and Mrs. Harry Grandson and their three children of Sanford, Michigan visited Mrs. Grandson's parents, Mr. and Mrs. Wm. Spangler, Sunday. Norman Spangler, who has been visiting for several weeks in Sanford returned with them.

Mr. and Mrs. A. H. Anderson of Adrian were guests, Sunday of Mr. and Mrs. J. P. Root.

Mr. and Mrs. Miller Ross have returned from the Chicago Fair feeling that their visit was most worthwhile, regretting that they could not have more time.

Harold Moon of Detroit visited Mr. and Mrs. Norman Miller Sunday.

Mr. and Mrs. H. C. Root and son, Mr. and Mrs. Frank Truesdell, Mr. and Mrs. Claude Truesdell and his daughter, Mr. and Mrs. Ellisworth Truesdell and son and Mrs. Whipple spent Sunday at Walled Lake at Mrs. Thompson's cottage.

Sundays—Mass at 8:00 and 10:00. Confessions Saturday nights at 7:30, and before each mass.

Week-days—Mass at 7:30. This hour makes it convenient for the children to attend on their way to school. All should begin the day with God.

SOCIETIES—The Holy Name Society

for all men and young men. Communion the second Sunday of the month. The Ladies' Altar Society receive Holy Communion the third Sunday of each month. All the ladies of the parish are to belong to this society.

CHILDREN OF MARY—Every child

of the parish must belong and must go to communion every fourth Sunday of the month. Instructions in religion conducted each Saturday morning at 9:30 by the Dominican Sisters. All children that have not completed their 8th grade, are obliged to attend these religious instructions.

CHRISTIAN SCIENCE CHURCH

"Life" was the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, July 16.

Among the Bible citations was this passage (Psalm 43:3): "O send out thy light and thy truth; let them lead me; let them bring me unto thy holy hill, and to thy tabernacles."

Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following (p. 322): "When understanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of Life, the control of Soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle."

ST. PAUL'S EV. LUTHERAN CHURCH

Livonia Center

Rev. Oscar J. Peters, Pastor

No services in this church on Sunday, July 23. The congregational conference will meet on this date at Wayne church at 3:00 p. m.

Rev. W. Bodamer, Superintendent of Missions in Poland will be present to report on this work. Come and bring your friends.

Don't forget the ice cream social and bunco party in the church parlors July 28. Come and bring your friends.

FIRST BAPTIST CHURCH

Lynn Sutherland, Minister

10:00 a. m. "Christ's unfailing supply for those who have failed." The Christ met a group of discouraged men in the gray of the morning; they confessed a fruitless

night of toil. The manner in which he dealt with them has tremendous weight for us of this hour. He sent them back to the same conditions and with the same personalities, but to never know such failure again. Come and find help for your discouraged soul, if you be discouraged. Both Junior and adult choirs will sing.

11:15 a. m. Bible school—Did you say that the Sunday school could not grow in the summer? Just ask somebody how many were there last Sunday. This school will hold their summer picnic on Thursday, July 27th, at Island Lake. All members and friends of the church are invited to attend. Lots of eats and fun.

7:30 p. m. The ladies of our church are sponsoring this service—a great night of feasting for your soul. The talent for this hour is being sent from the Temple Baptist church of Detroit. Dr. Albert Johnson is the pastor of this great church, and many of you listen to the broadcasts from his church. You may hear some of them personally this Sunday night. The speaker is Luna May Pomeroy. Miss Pomeroy is a teacher in the Detroit schools, but during the summer gives her services in the capacity of a lecturer and preacher. A quartette of high school girls will sing and other music will be provided.

August will be a banner month in the First Baptist church—one Sunday night men from Dr. M. S. Lee's bible class—one entire Sunday taken over by broadcasters from Dr. Savage's church at Pontiac. More later. It was a great joy to have Rev. Sayles occupy his former pulpit last Sunday. A generous clapping of hands welcomed him among his many friends.

SALEM FEDERATED CHURCH

"What Think Ye of Christ?" will be the question considered in the worship period on Sunday morning, July 23. There is only one more important question that may be asked of any individual.

Bible school follows at 11:45 a. m. Study Isaiah 5:8-24 for the lesson, the subject of which is: "Isaiah Denounces Drunkenness and Other Sins."

"Righteousness exalteth a nation, but sin is a reproach to any people." Proverbs 14:34.

"I will meet you at the hymn sing," Sunday evening at 7:30 o'clock.

CHURCH OF THE NAZARENE

Robert A. North, Pastor

Sunday—Sunday school, 10:00 a. m.

Morning service, 11:15 a. m.

Evening service, 7:30 p. m.

Wednesday, Prayer and praise, 7:30 p. m.

Friday—Bible Study, 7:30 p. m.

ST. PETER'S EV. LUTHERAN

Spring Street

Edgar Hoenecke, Pastor

"Come unto me when shadows darkly gather. When the sad heart is weary and distressed. Seeking for comfort from your

heavenly Father: Come unto Me—and I will give you Rest."

This call goes out to you every Sunday morning—will you not hear, before it is TOO LATE? Every Sunday morning english services at 10:30!

One more Sunday school session in the present season. The Sunday school and congregation outing and picnic and potluck supper on Wednesday, July 26th, beginning at 2:30 p. m. Baseball game between married and unmarried men after potluck supper. Bring the children, even those under Sunday school age—we'll have games for all. The tickets for faithful attendance will be redeemable at Glenn Smith's candy stand in Riverside Park. The children meet at church at 2:30 p. m.

Congregational Conference for Lay women and men at Rev. O. Peter's Wayne church, next Sunday at 3 p. m. Ask us about transportation!

A resolution of gratitude to our Heavenly Father for protection and success in the matter of our basement enlarging program was adopted by the congregational meeting on receiving the announcement that the work has been completed and that all bills have been paid. The Ladies' Aid is happy to make a similar announcement concerning the equipment for our larger hall. The job is done, the bills are paid—no more to be paid for four years and members for their splendid cooperation! May God reward you!

FIRST PRESBYTERIAN CHURCH

Walter Nichol, M. A. Pastor.

10 a. m. Union worship service.

11:30 a. m. Sunday school.

The Union Services have been well attended. Last Sunday morning found a church full of worshippers. The service will be held in the Presbyterian church next Sunday at 10 a. m. All are invited to share in this hour of Christian Fellowship.

Thirty-eight members and friends of the Ready Service class journeyed to Island Lake on Tuesday to attend the July meeting of the organization at the summer home of Mr. and Mrs. F. B. Schrader. Co-operative dinner was served at noon and a delightful afternoon was spent in an and about the lake.

The Mission Study class with their husbands, families and friends will have a picnic supper at Riverside Park on Tuesday July 25th at 4:30 p. m.

ST. JOHN'S EPISCOPAL CHURCH

Harvey and Maple Sts.

Paul Randall, Minister, City, Mich.

Morning prayer and sermon, 10:00 a. m. Church school closed until September.

Summer vacation school under the direction of Miss Lydia Greedus has opened its session. The hours will be 10:00 a. m. to 12 noon. All members of the church school and any other boys and girls who are interested are most cordially invited. The sessions will last for ten days ending on July 28th.

CHURCH OF THE OPEN DOOR (Independent Baptist)

164 N. Main St.

Richard Neale, Pastor

All services are being held in the Gospel tent at the corner of W. Ann Arbor and Elizabeth Sts. All

are welcomed to attend. The musical Vander Jagt family are in charge of services every night in the week.

Including Saturday, starting at 7:30 promptly. Come and bring the children.

When brushing mud from a garment, do not brush against the warp of the material.

Classified Section

FOR SALE

FOR SALE—The property on South Center street in Northville which has been occupied by the Scott antique and second hand furniture shop is for sale at a most reasonable price. The building has for years been used as a second hand furniture and antique store. One purchasing the property could continue such a business in the place and without a doubt make a fairly good income from it. The building is also suitable for an automobile repair shop, wholesale beer warehouse, feed store or storage place. If the property can be disposed of within the near future, it will be offered at a most attractive cash price. There is a large amount of storage space around the building. The lot has something like a 50 foot frontage and runs back nearly 100 feet. No other property of real estate in the downtown section of Northville can be purchased at such a low price. E. R. Eaton, Northville phone 18, or inquire at The Plymouth Mail office. **3512pd**

FOR SALE—5 and 10 acre parcels near town, electricity, gas and sewers available. \$200. per acre, easy terms. G. A. Bakewell, phone 418W. **3512pd**

IN MEMORIAM

In loving memory of our dear
mother, Ella A. Rorabacher, who
died one year ago on July 25th.
One long year ago today,
Since our dear mother passed
away,
We saw her suffer, heard her sigh,
With aching heart and weeping
eyes;
We saw her slinking hour by hour
Yet we could not stay death's awful
power.
But now she calmly sleeps at last,
All pains, all aches, all suffering
past.
The moon and stars are shining,
On a lone and silent grave;
Beneath there lies one whom we
loved,
But whom we could not save.
Her children. **3611p**

CARD OF THANKS

We wish to thank our neighbors
and friends for their kindness and
sympathy to us during our sad
bereavement, for the beautiful flow-
ers, and for the use of their cars.
Also Rev. Edgar Hoenecke for his
words of comfort and Mr. Schrader
and son for their kindness.

Be hard to please EXPECT MORE

The New
AIR-COOLED ELECTROLUX
gives you more
At New Low Prices
Utter Silence
Lowest Operating Cost

BE HARD to please when you buy an
automatic refrigerator. **EXPECT
MORE.** Demand more. You'll get it
in the New Air-Cooled Electrolux!

The New Air-Cooled Electrolux uses
no water. It has no moving parts. A
tiny gas flame circulates the refrigerant,
which ordinary air cools. The flame is
completely protected by an automatic
shut-off. It is this unmatched simplicity
of the New Air-Cooled Electrolux that
accounts for its even lower operating
costs—its permanent and absolute
silence.

But, expect more with the New Air-
Cooled Electrolux! Expect such exclu-
sive features as two-temperature chill-
ing unit which insures constant, uniform
cold, adjustable split shelves, automatic
trigger release on ice trays. When you
come to our showrooms, expect to find
in the New Air-Cooled Electrolux the
finest refrigerator money can buy. Yet
prices are lower than ever. Terms are
liberal.

PLENTY OF ICE CUBES
all the time—with the New Air-
Cooled Electrolux. When you
need more cubes in a hurry,
freezing is speeded up by simply
turning the cold control.

GOODYEAR ANNOUNCES

ONE of the strange facts about the tire business is—the PRICE of all tires is about alike. That being so, you might as well pick the best—in quality, in safety, in mileage.

What's the best in quality? The public says Goodyear—this tire is preferred by more people than any THREE other makes of tires.

What's the best in safety? Accurate tests on wet concrete show Goodyears will stop a car quicker than any other tire. The next best tire skidded 10% more—other tires skidded up to 77% more under exactly the same conditions. And if you want safety from blowouts—remember that Goodyears give safety in every ply, because every ply is built with Supertwist cord and every ply runs from bead to bead.

What's the best in mileage? Bus fleet records show Goodyear Tires give 97% more mileage than they gave five years ago.

Now that all prices are headed UP—it's more important than ever to get the most for your money. Better look over your tires and buy new Goodyears now while prices are still low.

The appointment of the Plymouth Super Service Station as distributor for Plymouth and vicinity of its tires.

They will stock complete sizes in tires and tubes and everyone will be able to secure anything at this station that they may need.

Take advantage of this new Goodyear Supply Store.

THE NEW FORD

has a

75 Horsepower 8 - Cylinder Engine

Smooth, powerful performance that only an eight-cylinder engine can give is an important reason for selecting the New Ford. With added cylinders you get more power impulses over a given distance of travel and they are of diminished intensity—thus it is a smoother operating engine at all speeds. This modern, efficient design coupled with low car weight gives maximum fuel economy. Exceptional quality features of the Ford V-8 engine are the aluminum cylinder heads which further increase power, smoothness and economy; and the one-piece cylinder block casting insuring rigidity of structure, low maintenance cost and long life.

Proceedings of the City Commission

Plymouth, Michigan June 30, 1933 A special meeting of the City Commission called by the Mayor on Friday afternoon June 30, 1933 at 2:30 p. m.

I hereby certify that notice of this meeting was delivered personally in writing to each member of the City Commission or to his place of residence on Thursday June 29, 1933 by Officer Charles Thumme.

L. P. COOKINGHAM, City Clerk.

Present: Mayor Hoyer, Commissioners Goldsmith, Henderson, and Robinson.

Absent: Commissioner Blunk. The minutes of the regular meeting held June 12th and the adjourned regular meeting held June 23rd were read and approved.

Mayor Hoyer appointed Comm. Robinson to serve on the Auditing Committee in the absence of Comm. Blunk.

The Clerk read a communication from the Mayor relative to the investigation of the special committee appointed to consider the matter of arrangements for depositing of public funds.

The communication was ordered placed on file.

Mr. Paul Voorhies appeared before the Commission in behalf of the special committee of the Plymouth United Savings Bank and discussed the matter of that Bank's desire to serve the City of Plymouth as a depository for public funds.

He advised the Commission that the Bank was agreeable to leaving on deposit securities consisting of mortgages in the amount of \$21,192.50 as covered by a contract with the Bank dated August 10, 1932.

The following resolution was offered by Comm. Robinson seconded by Comm. Henderson:

WHEREAS, there may now be in and may hereafter from time to time come into the hands of Nellie V. Cash, Treasurer of the City of

Plymouth, Wayne County, Michigan, certain public moneys belonging to said City of Plymouth; and WHEREAS, under Act No. 40 of the Laws of Michigan of 1932, effective May 14, 1932, and as amended by Senate Bill No. 110, 1933 Session, this Board is required to provide by Resolution for the deposit of all public moneys, including tax moneys, coming into the hands of said Treasurer, in one or more banks or trust companies, hereinafter called banks, to be designated in such Resolution and in such proportions and manner as may be therein provided.

NOW THEREFORE BE IT RESOLVED, that said Treasurer, Nellie V. Cash, is hereby directed to deposit all public moneys, including tax moneys, coming into her hands as Treasurer of said City of Plymouth, Wayne County, Michigan, in her name as City Treasurer, in the following banks and in amounts not to exceed the amounts set opposite the names of said banks, respectively:

Plymouth United Savings Bank, Plymouth, Michigan, \$20,000.00.

First National Bank, Plymouth, Michigan, \$10,000.00.

Ayes: Commissioners Goldsmith, Henderson, Robinson, and Mayor Hoyer.

Nays: None. Carried.

The Clerk read a communication from the Michigan Federated Utilities in which they agreed to remove at their own expense any accumulation of tar, oil, or other gas plant products accumulating in the storm sewer which serves their Company's plant at Plymouth.

This communication was dated June 29, and signed by Lew L. Price. It was moved by Comm. Robinson seconded by Comm. Henderson that the communication be accepted and placed on file. Carried.

The Manager submitted a report on the National Industrial Recovery Act also a proposed construction program which could be undertaken in connection with this Act.

It was moved by Comm. Goldsmith seconded by Comm. Robinson that the report of the Manager on the National Industrial Recovery Act be accepted and that the Manager be instructed to keep in touch with the progress of the National Recovery program.

The following resolution adopted by the Chamber of Commerce was read by the clerk:

"Be it hereby resolved at a meeting of the Board of Directors of the Plymouth Chamber of Commerce held Monday, June 20, to discuss the Public Works Program authorized by Title II of the National Industrial Recovery Act in its relation to needed local improvements to pledge our cooperation to Plymouth City Officials in their study of the same subject with the purpose in view of gaining whatever benefit possible from the use of a Federal loan for the development and improvement of Plymouth."

And be it hereby further resolved to respectfully urge the City Commission to give particular thought and study to covering unsightly and unsanitary Tonquish creek.

Directors present: Paul Nutting, A. C. Dunn, Roy Fisher, Herbert Swanson."

It was moved by Comm. Robinson seconded by Comm. Henderson that the resolution submitted by the Chamber of Commerce relative to the National Industrial Act be accepted and placed on file. Carried.

It was moved by Comm. Henderson seconded by Comm. Goldsmith that the Manager submit to the State Highway Commissioner an application for a grade separation at W. Ann Arbor St. and the Pere Marquette Railway with an alternate suggestion for a grade separation at Farmer St. and the Pere Marquette Railway, the expense of the same to be paid from the direct grant of the Federal Government to the State of Michigan for work of this character.

Upon motion by Comm. Goldsmith seconded by Comm. Henderson bills and checks in the amount of \$2173.31 were passed as approved by the Auditing Committee.

Upon motion by Comm. Henderson seconded by Comm. Robinson the Commission adjourned.

FREEMAN B. HOVER, Mayor. L. P. COOKINGHAM, Clerk.

The young people who attended the 4-H club gathering at Lansing from Monday until Friday were Yvonne and Dorothy Hearn, Dorothy Schmidt and Marvin Thomas.

They met the governor, enjoyed a trip through the capitol and had a grand time in general.

Wm. E. Walde of Detroit filled the pulpit Sunday in the absence of the pastor, who preached in his old home church at east Grand Boulevard.

Misses Anna and Ada Young sang a beautiful duet, "Hark, Hark My Soul." The Sunday school decided to hold their picnic a week earlier than they stated last week.

It will be held this week Saturday afternoon, July 22. Take your dishes, sandwiches and something extra. Everyone invited.

The Epworth League ice cream social was held Tuesday evening on the church lawn. Proceeds went to the church.

The vacation bible school was well attended last week. The children showed a great deal of interest. It continued through this week.

Next Sunday morning at 10 o'clock the school will present a program and display the handwork they have made.

There will also be given a religious drama by the junior classes. Everyone urged to come and hear this fine program.

Mr. and Mrs. George Oldenburg attended the funeral of Mrs. Frank Oldenburg in Plymouth Monday afternoon.

Mrs. Oldenburg lived in this vicinity when a girl and was well and favorably known.

Newburg friends extend sympathy to the bereaved family.

Dwight Paddock, Howard Holmes and Nell Pederson are camping at Sun Lake this week.

Mr. and Mrs. James Norris are on a two weeks camping trip up on Traverse Bay.

Mr. and Mrs. Samuel Guthrie and family are spending two weeks with relatives at Petoskey and Cheboygan.

Raymond Ryder and son, Donald of LaGrange, Ill., spent the week end at the Ryder homestead.

Donald left Monday morning for Higgins Lake for a few days.

Wallace Moore is spending the week in Ohio, visiting his father in Columbus and relatives in other places.

Mr. and Mrs. Clyde Smith and Mr. and Mrs. Wm. Smith called on Russell Parr at New Boston Sunday.

Mrs. Parr underwent an operation for appendicitis two weeks ago.

Mr. and Mrs. Donald Ryder and Raymond Ryder of LaGrange, Ill., and mother, Mrs. E. Ryder visited Ford's Greenfield village last Friday afternoon.

Schrader-Haggerty Team Drops Game

The Hope church nine (Detroit) defeated the Plymouth club, 6 to 3, last Sunday, at Plymouth-Riverside Park.

Plymouth collected five hits off the offerings of Eddie Wittenberg, while Harold Pankow allowed six.

Plymouth defeated Ypellanti, 7 to 6, last Friday in a twilight contest at Plymouth-Riverside Park.

Kreeger went the route for the locals. Ypellanti sent three pitchers in to stop the hard hitting Schrader-Haggerty boys, but to no avail.

Huron County will clash with Plymouth at the Plymouth-Riverside Park diamond Sunday, July 23rd at 3 o'clock.

This will be the first time this club has ever played in this part of the country, and it is expected to be one of the outstanding games of the season.

Mr. and Mrs. C. K. Bryan and family entertained Sunday at their home on the Plymouth road, Mr. and Mrs. William Haeger of Walkerville and Mr. and Mrs. Otto Killinger and daughter, Florine of Detroit.

Newburg

OBITUARIES

MRS. FRANK OLDENBURG

Mrs. Mary Oldenburg was born in Ogemaw County, Michigan, on August 16th, 1881, the daughter of Henry Marsh Hoar and Sarah Jane Hoar. At the age of nine she moved to Northville with her parents and thence to Livonia Township. Here she was wed to Frank Oldenburg on Dec. 24th, 1902.

The union was blessed with three children, one preceding the mother in death. Mary Oldenburg was baptized into the christian church in 1901, and was received into communion with St. Peter's Lutheran church in 1931.

For the past six months she failed visibly, and, finally, having been placed into University Hospital for treatment, she was called home there by her heavenly Father on Friday evening, July 14th, at the age of 51 years, ten months and twenty-eight days.

The body was brought to the Schrader Bros. Funeral Home and later taken to St. Peter's Lutheran church from which place funeral services were held on Monday, July 17th.

Rev. Edgar Hoenecke officiated. Interment in Livonia cemetery.

She leaves to mourn her departure, her husband, Frank, two children, John Oldenburg and Mrs. Lillian Barker of Plymouth, 4 grandchildren, two brothers and a host of friends.

We know she has found her heavenly rest. And thus we see added significance in the words she selected for her very own: "Mary hath chosen that good part, and it shall not be taken away from her."

MRS. CATHERINE LEZOTTE

Funeral services were held Saturday morning July 15th at 9:30 Chambers Ave., Detroit and at All Saints Church for Mrs. Catherine Lezotte who died Thursday July 13th.

Mrs. Lezotte was well known in Plymouth for her interest and activity in social and fraternal affairs and will be greatly missed by her many friends.

Pallovers were members of the Ex-Service Men's club of which her husband, Henry Lezotte is a member.

Mrs. Lezotte belonged to the Ladies Auxillary of the Ex-Service Club and about twenty-four of her club attended the funeral.

LOCAL NEWS

Mr. and Mrs. Jack Harmon and little daughter are enjoying the week at a lake near Ludington.

Mrs. Josephine Brown is visiting her sister-in-law, Mrs. J. D. Moore, at Grand Rapids for two weeks.

Mrs. L. A. Babbitt of Northville is visiting her daughter, Mrs. J. D. McLaren on Ann Arbor street.

Mr. and Mrs. John Sumner are visiting their sons in Detroit for a few weeks.

Mr. and Mrs. Harold Wescott of Jackson will be week-end guests of Mr. and Mrs. Norman Petersen.

Mrs. Norman Petersen and children were guests Tuesday of Mrs. George Whitmore and family at Ann Arbor.

Mr. and Mrs. R. A. Kirkpatrick and family leave today for a ten days visit with his parents at Unionville.

Mrs. C. H. Rauch visited friends at Grand Rapids from Friday until Monday.

Mr. and Mrs. Oliver Goldsmith spent a few days this week at their lake "Little Norway" near Clare.

Mr. and Mrs. Harry Rhead and Mr. and Mrs. Warren Brown and two sons of Detroit were Sunday visitors at the home of their uncle and aunt, Mr. and Mrs. William Glympse on Maple avenue.

Mrs. William Wernet and son, William Frederick, joined a group of Detroit friends Tuesday at the home of Mrs. Otto Welsa at Cass Lake and enjoyed the day with them.

Mr. and Mrs. Aubrey Gates were week-end guests of Mr. and Mrs. M. C. Blunk at their cottage at Maxfield Lake.

Members and friends of the First Baptist church were happily surprised by a visit at the Sunday morning services of Rev. Horace E. Sayles and Mrs. Sayles of West Palm Beach, Florida.

Mr. Sayles was a former pastor of this church from 1907 to 1927 inclusive and very well liked by all who knew him.

He resigned his pastorate here to accept a call to the Baptist Church in Stockbridge leaving there some years later to make his home in Florida.

Miss Margaret Stoneburner spent last week with her friend, Miss Club and about twenty-four of her club attended the funeral.

Tells How She Took 4 in. off Hips 4 in. off Waist

In 40 days by taking Kruschen Salts. Mrs. Helga Blaugh of New York City reduced 26 1/2 lbs.—took

Eleanor Thome at Dearborn. Mrs. M. G. O'Neil has returned from her stay at Black Lake.

Mrs. Chas. Stoneburner is entertaining her cousin, Mrs. Alex Stewart of Flint this week.

Mr. and Mrs. Will Crawford and son, George of Milford were Sunday visitors at the home of Chas. Stoneburner.

4 inches off hips, 3 inches off bust and 7 1/2 inches off waist. She writes: "I haven't gone hungry a moment—I feel fine and look 10 yrs. younger."

To get rid of double chins, bulging hips, ugly rolls of fat on waist and upper arms SAFELY and without discomfort—at the same time build up glorious health and acquire a clear skin, bright eyes, energy and vivaciousness—to look younger and feel it—take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast.

One jar lasts 4 weeks and costs but a trifle at any drugstore the world over. Make sure you get Kruschen because it's SAFE. Money back if not joyfully satisfied.
