

TO FORGE ROAD SIDE STAND OWNERS TO PAY

State After More Money Going To Dip Into Farmers Pockets Again

Plymouth gardeners, fruit growers and farmers who for years have made a few extra dollars each year by maintaining road-side stands during the season of the year when crops are being harvested, have just been advised that the state tax administration board in Lansing, has ruled that they must file a report showing their sales and pay a sales tax on the amount of money they take in.

Not only must they file a report and pay a sales tax on the amount of their sales, but the order says that they must keep a list of all the sales they make so that the state can know whether the melons, tomatoes, potatoes and other produce are sold for resale or sold at retail.

The ruling of the state tax administration board in this matter is directly adverse to the intent of the new sales tax law, according to Senator Francis Kulp of Battle Creek, a Democrat, and Representative Vernon J. Brown, a Republican of Mason county.

During the discussion of the sales tax bill in the state senate when the bill was up for final passage, there was written into the bill an exemption of \$600 per year on all sales. This exemption, stated Senator Kulp, was written into the bill in order to avoid the very thing that the state tax board has now ruled shall be done.

Senator Kulp stated that it was not the desire or intent of the legislature to pass a sales tax law that would in any way reach into the pocket of the farmers, fruit growers and gardeners who conduct a road-side stand during a portion of the year.

"We do not want them to pay any part of this sales tax and we figure that by giving them an exemption of at least \$600 per year there will not be enough sales for them to report. This \$600 exemption is for the man who runs the road-side stand and it is in the bill for no other purpose," stated Senator Kulp.

Representative Brown, another member of the legislature who had much to do with the sales tax legislation, declares that it was far from the intent of the legislature to put into the sales tax law any provision which would in any way enable the state tax administration board to include the little farmer who grows his own produce and sells produce at the roadside.

But irrespective of the intent of the state legislature, the newly created state board of tax administration has declared that their field representatives have now got to go out into the highways and byways of the state and try and get a few more dollars out of the pockets of the farmers.

City Manager To Direct Welfare Work In County

PERRY COOKINGHAM

Announcement has been made of the appointment of City Manager Perry Cookingham as deputy administrator of the Wayne County Emergency Welfare Relief Commission. His selection to this post does not mean that it will be necessary for him to relinquish his duties in connection with the affairs of the city of Plymouth and the county has agreed to reimburse the city of Plymouth for that portion of his time that is required for this additional work.

In fact the plan will prove a slight saving to the taxpayers of (Continued on page two)

FORD WORK ON FOUR DAY PLAN

Puts Into Effect Shorter Work - Week And Raises Wages

Plymouth workers who are employed in the many Ford factories about here Monday started working on the new 35-hour per week schedule that has been placed in effect by that concern.

This cuts the Ford work-week to four days, something that it was rumored early last spring the company had under consideration.

All of his workers are now on a four-day 32-hour week, as compared with the five-day 40-hour week on which they have been working since Aug. 1.

The plan, the official said, is to operate the Ford plants on the 32-hour schedule for at least six weeks and then resume the 40-hour week for such a period as will average employment at 35 hours a week.

The 35-hour week is established at the average maximum in the week adopted by the National Automobile Chamber of Commerce, of which Ford Motor Co. is not a member.

It was also stated that the increase in wages given to production workers two weeks ago is now being extended to non-production workers. The increase raised the minimum wage for production workers from \$4 a day to \$4.40.

Past Presidents To Tell Experiences

The first meeting since the annual spring adjournment of the National club of Plymouth is expected to bring out a large gathering of club women at the Hotel Mayflower Friday, October 6th.

Among several highly interesting and unusual features, none will be more enlightening than the appearance, to rather at one table, of all the Past Presidents of the Woman's club who are still living in or near Plymouth. Corsage bouquets of flowers in lovely autumnal hues will mark the places of the honored guests.

Following the luncheon, to be served in the Coffee Shop at 1:15 p. m. at tables, lovely in their appointments, the members and guests will adjourn in the Crystal Room where the program will be held.

Each President will be given five minutes to tell what she enjoyed most during her administration. Those unable to attend will send a letter to be read. Mrs. Helen B. Walbridge, talented musician, and a member of the club will play two piano numbers.

The executive board has charge of the meeting which is open to guests. They are extending a cordial invitation to any former club member, who belonged to the Woman's club for two years or more to attend this luncheon-meeting and enjoy with them reminiscences of other days.

Reservations may be made with Mrs. Ray Johnson, Mrs. R. L. Hills, or Mrs. Walter Nichol.

HOW TO FILE COMPLAINTS ON THE NRA CODES

Rev. Nichol Elected Chairman of Board—Moore Is Secretary

A. J. Bernard, chief of the district revenue board of the National Recovery Administration, has given The Plymouth Mail with additional data pertaining to the next step in the NRA program. It has to do with complaints of alleged violations of the various codes. It follows in full:

"Now that the National Recovery Program has entered into its second phase—namely—that of assuring compliance to the President's Reemployment Agreement, it is important that the general public be informed as to the correct procedure for reporting violations of the President's Reemployment Agreement. The task of securing compliance now rests with the local NRA Compliance Boards which may have been, by this time, established in each locality. Inasmuch as such boards are charged with the responsibility of securing compliance, all complaints of violations should be reported to them.

"In the past many grievances have been addressed to the District Office of the U. S. Department of Commerce, Detroit, Michigan, and it is the purpose of this letter to inform you that all infractions of the President's Reemployment Agreement should be directed to local Compliance Boards.

"Complaints against industries now operating under approved codes, under the direction of the office designated for that industry.

"Authority of the local Compliance Boards extends only to those organizations operating under the President's Reemployment Agreement.

"The office will appreciate it if you will give this phase of the recovery program the widest publicity possible.

"We thank you for the cooperation we already have received and trust that this same cooperation will continue.

"The convenience of Plymouth people and so that there will be some central place where complaints can be registered, the Plymouth compliance board has elected Berg Moore, secretary of the Plymouth Chamber of Commerce, as secretary of the compliance board. Mr. Moore will have no vote on the board, but he will sit in with the board at all sessions. If any one has any complaint to make, it can be filed with Mr. Moore at any time.

The board has also completed its (Continued on page two)

Junior Citizens Clubs Inaugurate Officers For Year

The officers of the Citizens' Junior Clubs in the rural schools, consisting of presidents, vice-presidents, secretary-treasurers and health-officers, assembled in Plymouth high school auditorium along with their friends and schoolmates Tuesday evening for the inauguration of the above officers.

The assembly was under the direction of Fred C. Fischer, Deputy Commissioner of Schools, assisted by Miss Mary Jameson, supervising teacher, and Miss George A. Roth, school nurse. The auditorium was beautifully decorated with wonderful floral blooms supplied through the kindness of William Bartel.

The group enjoyed the music and assistance of Plymouth high school orchestra, under the direction of Miss Marguerite Henry and responded especially well to a half-hour of community singing directed by Fowler Smith, supervisor of music of Detroit public schools.

The address of the evening was given by George F. Pierrot, managing editor of the American Boy Magazine, his discourse for the boys and girls, starting with an intelligence test, being timely and interesting.

The administering of the oath was in charge of Superintendent of Schools, George A. Smith, and the way the officers elected in the rural schools took their oath of office was a good example for any and all civil officers to follow.

The program was closed by music from the school orchestra, and the newly inaugurated officers returned to the several schools to discharge their duties to the best of their ability.

Exemptions Not Allowed Mfgs. On State Sale Tax

The State Board of Tax Administration announced yesterday that it has no authority to grant exemptions under the General Sales Tax Act and that the new ruling would go into effect immediately. Below is a copy of the resolution adopted in Lansing and sent to the Plymouth Mail by the Board.

"At a regular meeting of the State Board of Tax Administration held Monday, September 25, the Board was advised by the Attorney General of the State of Michigan, that it had no authority to grant exemptions under the General Sales Tax Act and that such action would invalidate the Act, and BE IT FURTHER RESOLVED by the State Board of Tax Administration that its resolution of August 30, concerning in the exemption to the State of Michigan, regarding Public Act 187, known as the General Sales Tax Act, be hereby rescinded, and BE IT FURTHER RESOLVED that the State Board of Tax Administration calls upon the Governor to include in his special message to the first special session of the Legislature, to amend the General Sales Tax Act to conform to the concurrent resolution of the Legislature.

Couple Celebrates A Golden Wedding

An event that seldom transpires in the course of most married peoples' lives, was celebrated with great ado in the home of Mr. and Mrs. William Esch of Starkweather avenue last Thursday evening on completion of their fiftieth year of happy wedded life.

The festivities began with a sumptuous chicken dinner at 8:00 p. m. A large number of the nearest relatives had been invited to attend, so the entire house was full of tables of beautiful decoration with flowers and gold and appetizing food. Children and children's children and friends were present. The children were: Louis Esch and family of Detroit, Herman Esch and family of Plymouth, Mrs. William Esch and family of Plymouth, and Mrs. William Esch and family of this city. Also three brothers of the groom, Louis, Fred, and Karl were present with their wives and families. And three sisters of the bride, Mrs. Minnie Peters, Mrs. Elfrida Lindeman, and Mrs. Bertha Lakin. Twenty-one grandchildren attended.

On the bride's table stood a grand wedding cake, at least 18 inches in diameter and laden with glaze fruits of every description. Many of the guests had honored the happy couple with gifts, flowers and cards. The entire affair took on the form of a regular old-fashioned wedding with old-time fiddling and dances thrown in for good measure.

QUEEN ESTHER PLAY TO BE PRESENTED OCT. 16 AND 17

The dates for the Queen Esther presentation to be staged by three local churches was announced today as Monday and Tuesday, October 16th and 17th. The selecting of the cast has just been started and Mrs. Norma Cassidy will play the part of Queen Esther. Ben Stewart will take the male lead in the role of King Ahasuerus.

Hospital Notes

Mrs. C. B. Hullock and little daughter will be dismissed Thursday from the hospital. Master Robert Kirkpatrick of Auburn St. underwent a minor operation Sunday morning. Mrs. C. Hamilton is improving rapidly and doing fine.

Mr. and Mrs. Robert Honey have taken an apartment in Los Angeles for the winter where Mr. Honey is employed.

WAYNE COUNTY REPUBLICANS TO RALLY SATURDAY

Western Wayne County Republicans are holding a Rally Saturday afternoon to again arouse interest in the party and its leaders. The rally and barbecue is scheduled for 2 o'clock in Pias Grove located on a corner of Wayne and Wick roads south of Wayne Saturday, September 30th.

Many outstanding party leaders are on the program and a definite plan of action for fall and spring elections is planned. Supervisor Charles Huthorn is chairman of the publicity committee and he stated yesterday that he anticipates the largest crowd Saturday that he ever attended a meeting of this kind. George A. Smith of Plymouth will act as toastmaster of the affair.

Scheduled speakers for the occasion are former Governors Cross, Cook, Green and Brucker and other party leaders including Cameron, Ferguson, etc. Everyone is invited to attend and the committee promises that the event will be a worth while one.

Eva Brown Marries Northville Man

Garden flowers decorated the home of Mr. and Mrs. Ernest J. Brown on Amelia street Wednesday for the wedding of their daughter, Eva, who became the bride of Elmer E. Austin, son of Mr. and Mrs. E. A. Austin of this city, at a ceremony performed at our church in the afternoon in the presence of about thirty guests. The bride attendants were Mrs. Kenneth Thorpe (nee Gertrude Kraemer) of Northville and Russell Wallace of Plymouth.

The bride party consisted of the living room to the strains of Lohengrin's wedding march, played by Miss Winifred Joffite, and took their place before an improvised altar banked with fall flowers, where Rev. Walter S. Nichol, pastor of the local Presbyterian church, read the double ring ceremony.

The bride was lovely in a floor length gown of white satin, fashioned on slender lines with full puff sleeves. A small cap of lace, adorned with clusters of orange blossoms at either side, held the tulle veil in place. She carried a shower bouquet of white Killarney roses tied with white satin streamers.

The bridesmaid wore a gown of deep brown crepe with lace yoke and inserts of lace in the long full skirt. She carried an arm bouquet of Tallmoss roses.

A dainty luncheon was served following the ceremony after which Mr. and Mrs. Austin left on a wedding trip through the southwestern states.

The bride is a graduate of Plymouth high school and at the time of her marriage was a valued employee of the Plymouth Mail office. She will be greatly missed by her associates at the Mail office, who extend with many other friends, heartfelt congratulations to the happy couple.

The bride is employed at the Rathburn Motor Sales in that city. Guests were present from Detroit, Rochester, Northville, Rosebud, Garden, Romulus, Salem, Newburg and Plymouth.

Haggerty's Meet West Point Park

West Point Park will play their first hockey game Sunday after finishing their Michigan-Ontario League schedule, which has furnished them some of the best opposition in the state. The competition here will be furnished by the Plymouth Schleuder-Haggerty's, who have won some of the best teams in the state.

Playing all of their contests with outside teams, Plymouth will be meeting one of the strongest teams in the Detroit area. Two games are on the bill at Plymouth-Hillsdale Park, the first to start at 7:30 o'clock.

Bobby Hitt Wins In Jackson Meet

Veteran horse shoe pitchers of Michigan, including city and state champions are a thug of past for young Bobby Hitt of Plymouth. He has consistently trimmed them all and after his last Sunday's performance at Jackson he has made a strong bid for National recognition and honors.

In competition with Killbuck, Leech, Baxter and Lupton the Plymouth youth stole the show and so decisively defeated the state champion and Monroe champion that he must look for new fields to conquer.

The veteran pitching experts that he has met all are high in their praise of his work and predict a great future for him in this sport. Matches are being made for him with the most formidable opponents in the country and his friends expect him to bring home many honors for Plymouth.

Fired From State Board So His Place Can Be Given To Job Seeking Politician

Governor Comstock Relieves Supt. George Smith From Place On Institute Commission He Has Held Under Many Governors

In order to provide a place on some of the state commissions for A. M. Burling, a Lansing-based state politician, Governor Bill Comstock a few days ago had his secretary send a telegram to George Smith of Plymouth advising him that he had been fired as a member of the Michigan State Institute of the Coldwater State school where he had been filled by the Lansing political job-seeker.

Little did Governor Comstock realize when he ordered the dismissal of Mr. Smith from this board that he had taken one out of the coldwater State school whose very life and heart was wrapped up in the well-being of that institution. Never did Michigan have an official who served the interests of an institution with greater interest and greater fidelity than did Mr. Smith of the Coldwater school, as well as all the other institutions that came under the jurisdiction of his board.

Four preceding governors had seen fit to recognize Mr. Smith's ability and his personal interest in the state school.

They knew that no man in any walk or corner of Michigan could be found who would or could show such a devoted service to the boys and girls that come into the Coldwater school as Mr. Smith. Some of the preceding governors appointed him without ever asking whether he was a Democrat or Republican. In fact never before has the question of politics been injected into appointments in this board.

Plymouth friends of Mr. Smith know the story. They know why his heart and soul have been wrapped up in the Coldwater school. From the early and early education received in this institution, they found it gratifying to live with Michigan as fine a citizen as ever lived and as competent a school executive as found anywhere—that briefly tells why Supt. Smith of the Plymouth public schools has always been so interested in the welfare of the boys and girls who call the Coldwater school home, the only one they have ever known.

Lady Maccabees Hold Farewell Dinner Party

One of the prettiest social functions of the early fall season was the dinner party given by the Lady Maccabees last Wednesday evening. Nearly sixty ladies gathered to honor Lady Alma Pinckney, a charming member of the club, who is leaving for her daughter, Mrs. J. L. Johnson and family plan to leave Plymouth and make their home in Mt. Pleasant.

The entire color scheme of the evening was built around the five colors, black, red and white. Pretty garden flowers were placed in black and red containers and various sized crepe paper circles of the same colors dotted the white tablecloths. As each member took her place at the large U-shaped table she found it gratifying to see black or red crepe paper lolly-poll-doll.

The lovely chicken dinner was prepared by Lady Alice Estep as chairman assisted by Ladies Mary Gohardt, Emma Bolton and Lena Willet and was served by the dining room committee with Lady Winifred Joffite as chairman, assisted by Ladies Hilda Eckles, Irma Gunn, Esther Mintonhoe, Mildred Eckles and Arnetta Hance. The above ladies deserve honorable mention and praise for the dinner and the unique decorations.

Seated at the honorary side of the table with Lady Pinckney were Ladies Anna McKeever, the only other surviving charter member, Hattie Holloway, a very close friend, the toastmistress, Mrs. Doris H. Bennett, Mrs. C. H. Bennett, Mrs. B. E. Nicholson of Detroit and the following Past Commanders: Ladies Ella Glympe, Anna Wright, Edna Magraw, Lena Willet, Mable Dix, Grace Martin, Ethel Mical and Hessel Sallow. The toastmistress called upon each of the ladies and they spoke of the long happy association with the guest of honor and related some interesting experiences of previous years. Lady Willet with a few well chosen words, passed the gavel to the toastmistress, Mrs. Pinckney with beautiful courtesy, a gift from the live representing the esteem in which she is held and which she will greatly cherish.

Gebhardt Freed On Accident Charge

The Supreme Court for Essex County in Sandwich, Ontario, after hearing the evidence presented by the Crown Attorney ordered Mr. Gebhardt released. Stating that the evidence might be adequate to maintain civil action but not sufficient to support a criminal action. Mr. Gebhardt has been held for over 10 weeks by the Canadian authorities and his many Plymouth friends are glad to hear of his release.

Police Chief Asks For Cooperation

Chief Haggerty is anxious to have anyone in Plymouth who purchased a second hand vacuum cleaner during the past few weeks provide him with the serial number of it. If this is done, he is sure he will be able to clear up some of the thefts of vacuum cleaners that have taken place here not only in Plymouth but in Ann Arbor and Ypsilanti. From what information Chief Smith can secure, there is not much question but what a pretty vacuum racket has been used by vacuum cleaner thieves and he is anxious to land the fellow who has been taking them away under the pretext of repairing them and never returning them.

POMONA GRANGE MEETS

On Saturday October 30th Wayne County Pomona Grange will meet with Plymouth Grange. The business meeting will be called at 11 a. m. After dinner the program will be open to all who are interested.

The executive board of the Woman's club of Plymouth held a meeting at the Hotel Mayflower Saturday evening at which plans were completed for the first meeting of the season to be held at the hotel on Friday afternoon, October 6.

PLYMOUTH HIGH TO HAVE STRONG FOOTBALL TEAM

Large Amount Of Good Material—54 Out For Places On Squad

One week from today, Coach Kenneth Matheson of Plymouth high school will place on the grid-iron eleven seasoned pigskin toters to undertake the first game of the 1933 schedule. Meeting one of its most worthy foes in the first game has made the last three weeks strenuous for the fifty-four candidates who are trying for regular berths on the eleven.

Local fans hold high hopes for the big-locks this year and Coach Matheson stated yesterday that early prospects were that he would have as good a team as there would be in the league. The conditioning period is over and the squads are running through signals and being taught new formations to give them the scoring punch which was so sadly lacking in the last year eleven.

Although many regulars were lost to the team last year Coach Matheson has formed a nucleus around Bobby Champe, Kinsey, Levandowski and McChellan as a backfield with J. Williams, H. Williams, Ray and Statton as the backfield that will offer tough opposition to any defense in the league.

Visiting line plungers and first backs carrying the ball on end runs will find stout opposition in the Plymouth line if the locks get into shape during the early part of the season. A wealth of material is available for line positions and last years regulars, Blackmore, Bassett, Gates, Kalmbach and Stevens are leaving a battle for their regular positions. Trimble, for two years a full back, has been a tower of strength in the center position and from all indications will brace the center of the line during the greater part of the season. Steve Stevens and Wagenschutz, Jwill hold down the ends and all excel excellent pass receivers and strong defensive men.

Captain Bassett at right tackle and Blackmore at right guard will give the locks a strong right line. Statton at left tackle and Kinsey at left end, Coach Matheson is planning his third year for Plymouth was elected to the captaincy last Friday night.

The left side of the line is being formed around Gates at left guard, Kalmbach at left tackle and Jewell at left end. Coach Matheson is planning his third year for Plymouth was elected to the captaincy last Friday night.

Safety Officials Hold Meeting At Mayflower Hotel

The Plymouth police department was held September 21st at the Michigan Safety and Traffic Directors Association in the Hotel Mayflower. The guests included, judges, city and state officials and police officers of all ranks.

The meeting was opened by a word of welcome from Chief Vaughn Smith of Plymouth and remarks by Mayor Freeman Harvey. The mayor briefly outlined the necessity of the police work and cited the need for uniform traffic laws throughout the country.

Commissioner Oliver Goldsmith in a few brief remarks stressed the necessity of education of children to use caution when crossing streets. He stated that safe driving of automobiles and extreme care on the part of pedestrians was as necessary for adults to learn as the proverbial three "R's".

An interesting address was given by Sergeant Adams of the Michigan State Police who produced a chart showing the dangers of poor brakes, no tail light, faulty head lights, reckless drivers, etc. His figures proved astounding to many who deal daily with this type of danger.

Captain Edward Deniston of the House of Correction spoke of the importance of police officers to our daily welfare. He stated that many people think a policeman has but one duty and that is to apprehend criminals.

This he stated was wrong and that their traffic duties were as important if not more so than their regular routine work.

Others prominent in police work were on the fine program that was present in the group. The meeting was one of the largest and most interesting that the association ever held.

Mrs. James Dunn was home from Lansing Saturday and Sunday having accompanied her brother, Garmon Eberling and wife and Dorian Eberly and wife, who went on to Detroit to visit relatives, returning Sunday evening.

Do Want Ads Pay?

Five weeks ago Bert Kabri living on Plymouth rural route No. 2 inserted a twenty-five cent want ad in the classified section of the Mail, advertising vinegar for sale. This ad ran five weeks and to date Plymouth people have purchased nearly six barrels of vinegar.

The classified section of the Mail may do the same for you and if you're looking for some particular item to buy read this column it might save you many dollars and lots of time.

A WORTHWHILE LIFE

The many friends and acquaintances in Plymouth of Charles S. McKinney, president of the Michigan State Normal school at Ypsilanti for the past quarter of a century or more, were grieved a few days ago to learn of his death. President McKinney had not been in good health for many months and it was about a year ago when he asked to be relieved of some of his duties at the Normal school. Although well along in years, President McKinney remained a useful citizen until illness required him to give up all activities. It was due to his executive ability, his knowledge of educational problems and his high ideals that the Ypsilanti Normal has for years ranked as the outstanding school for teachers in America. It has had no close competitors in the educational training field and as a result of this high standing a graduate from the Ypsilanti Normal has always been regarded as possibly a little better equipped for school room duties than the graduates of other normals of the country, or even our own great University. The passing of President McKinney removes from Michigan's educational circles one of its outstanding leaders. Possibly the greatest tribute we can pay him is to say that his entire life has been worthwhile, especially so to the hundreds of thousands of Michigan school children who indirectly or directly have benefited by the high standards of education he always sought to maintain.

ABSTRACTS

When people purchase real estate, there is generally not the attention paid to the abstract of the property as there should be. The abstract—which is nothing more or less than the history of the property—is important, exceedingly so these days. A buyer should require that the "history" of the land he is to purchase, has a clear record—a record which shows that every transfer of the property was as it should be.

This fact was made most emphatic this week when the Plymouth Mail received from the Federal Land Bank of St. Paul information that nearly two million dollars worth of loans in Michigan involving the needs of 570 farmers, were still held up at the close of business in August because farmers had not procured the abstracts and sent them back to the bank. The exact total was \$1,090,200. This represents loans that have been favorably appraised, have been approved by the National Farm Loan Association and by the Land Bank's loan committee, and which the bank is now waiting to pass on to the borrowers, but cannot because it is powerless to proceed without the abstracts.

So you see how essential it is to have a clear title to your property—and a clear title can only be had by possessing the abstract which shows a clear history of all transactions of your holdings.

SOME REAL FLOURISHING

Auditor General John K. Stack who came down to Lansing from the great wide open spaces of the U. P. has just performed another bit of grandstanding. He said if the state board of education wanted to raise the pay of a college president whose pay had been cut in half a year or so ago, they would have to sue him—Stack. What a lot of grandstanding! Maybe someone had ought to sue Stack to have him return to the state of Michigan that fabulous salary he is paying his high school graduate daughter for acting as his secretary. Without the slightest training or education for the job, the young girl is being paid one of the highest salaries received by any woman in state service. As a grandstand artist, Michigan never imported one to Lansing who has been able to do a better job than the great and only John K. Stack Jr., of Escanaba, Michigan, U. S. A. Alled and abetted by his ex-convict friend who does all the "checking" in Stack's office, we do not know of a public official who is making such a putrid record for himself as the auditor general unless it be the insipid Comstock.

GOVERNOR COMSTOCK

Governor Comstock had much to say about firing hundreds of surplus employees over in Lansing when he was running for office last fall. There is no question but what former Governor Brucker left a sufficient surplus that should have been fired, but like all other political balloons, Governor Comstock didn't mean a thing of what he said. The state payroll for August of the present year shows a total of 11,890 people drawing pay under the Democratic administration. This is a considerable increase even over the extravagant Brucker administration. The state had 11,885 men on the payroll a year ago. This is an increase of over 200 more job holders within a six months period. Governor Comstock was only fooling when he made his campaign promises. His every official act has made his campaign statements look to be a lot of political bunk.

HARVEST OPPORTUNITY

It's time for gleaners of opportunity. The seeds of reconstruction that the government planted have taken root in a fertile field of American courage, enterprise and resourcefulness—nurtured by confidence in our country, confidence in our leadership and confidence in ourselves.

These have developed into a steady growth of improved conditions. Now is the time to reap results by sustaining that which has been gained.

Opportunity is to the alert—to those who will "look up and not down, look forward and not back, a look out and not in and who will lend a hand to the common good."—News, Van Nuys, Cal.

THE CONSTITUTION

Governor Comstock the other day issued a proclamation calling upon the good citizens of Michigan to observe "Constitution Week." He advised observance of it in the schools and by the people generally celebrating the adoption of the constitution as the basic law of the land. The Governor is doing a bit of joking in this matter. A fine piece of comedy for one who openly flouts law to call upon the people of the state to observe "Constitution Week!"

Illinois Strikers Spill Milk

During a week's picketing, in which striking dairymen in the Chicago, Ill., area strove to prevent non-strikers from trucking their milk to market, such scenes as the above, which took place near Harvard, Ill., were common. Dairy farmers on strike are shown spilling milk on the ground after they had stopped and boarded a truck, belonging to a non-striker.

25 YEARS AGO

Interesting bits of news Taken from Plymouth Mail

Wednesday, August 29, there was registered in the Detroit weather bureau station the fall of two-hundredths of an inch of rainfall. Since that time there has been no rainfall in this locality. The record—34 days of continuous drought for Plymouth and vicinity—is unparalleled in the history of the department extending over a period of 38 years.

Jack Felton has moved into the Scotton home on Main street. Born to Mr. and Mrs. Paul Bennett Friday night, a nine pound daughter.

Mr. and Mrs. Samuel Joy of Duran, Kansas, are visiting the former's brother, Asa Joy and family.

Frazier Smith and family and Mrs. R. L. Nickander spent last Sunday in Belle Isle.

Mr. and Mrs. Herbert Gayde and son Urban of Riverside, California, spent last week with the former's sister, Mrs. Fred Ranch.

Charles Coruthers has moved to William Robinson's house and Mr. Sullivan has moved into the house vacated by Mr. Coruthers which he bought of Charles Olds.

Miss Gretta Willett was the victim of a surprise party given by about sixteen of her young friends Tuesday evening, the occasion being her birthday.

Al Smith began work this week on his new billiard and pool room between his house and the P. M. tracks.

Will Conner, John Wilcox, Asa Joy and L. H. Bennett saw and heard William Jennings Bryan at Ann Arbor Tuesday.

Constable George Springer was called to the P. M. Junction Tuesday as a man suspected of being one of the insane who escaped from Ionia was seen there. He proved

to be a tramp and Justice Valentine gave him 30 days in jail.

The eighth grade at school had an election Monday night and now have a Democratic form of government modeled after the township. The following officers were elected: supervisor, Irlth Huston; clerk, Velda Bogert; treasurer, Helen Vandekar; highway commissioner, Ivey Dickinson; justice of the peace, Vera Van Vleet, Alton Richwine, Arthur Penney. Some interesting trials are expected.

FIRED FROM BOARD

(Continued from page 1)

The governor that he hoped he might take as much interest in welfare legislation for the Coldwater school as displayed in the dog racing bill before the last session of the last legislature. Mr. Smith's letter in full follows:

"I am very glad to be relieved from my position on the State Institute Commission. I am in possession of any knowledge which would be of benefit to your new commission. I shall be very happy to have the secretary or any member call on me.

"As you appreciate, I still have a definite interest for the conduct of Coldwater, or the Children's Institute which we tried to create. I would very much appreciate if you see your way clear to do it, if you would include the Coldwater Bill in your special session so it will not get tied up with the Dog Racing Bill in the general session. I am satisfied that you could take care of the dependent wards at a saving of at least twenty-five per cent, and also to the benefit of the boys and girls.

"I am especially interested in the institutions and just as loyal to them as any Republican could be. I shall be glad, therefore, to render any assistance to your commission any time."

City Manager To Direct Welfare Work
(Continued from page 1)

Plymouth as the city will have the benefit of Mr. Cookingham's services as city manager even though he will have charge of the work of the emergency relief welfare commission outside the city of Detroit. The work will be done from his office in Plymouth.

The city commission in special session a few days ago passed the following resolution giving Mr. Cookingham permission to accept these duties:

"It was moved by Comm. Goldsmith seconded by Comm. Robinson that Mr. Cookingham be permitted to accept the position of Deputy Administrator for Relief as tendered him by the Wayne County Emergency Relief Commission in addition to his duties as City Manager with the understanding that the City of Plymouth will be reimbursed by the Wayne County Emergency Relief Commission in an amount not to exceed \$1500.00 per annum.

Mayor Freeman Haver believes that the plan will work out to the benefit of Plymouth. In fact all of the executives employed in connection with this work are officials of Wayne county who are working on the part time basis similar to that of Mr. Cookingham.

It is interesting to note that the largest part of Mr. Cookingham's duties during the past year or so have been in connection with welfare work and he is familiar with its problems.

How To File NRA Code Complaints

(Continued from page 1)

organization by electing Rev. Walter Nichol, pastor of the First Presbyterian church, as chairman of the board. Names of other members were published in last week's issue of the Mail.

So far no complaints have been

filed with the Plymouth board. It is interesting to note in this connection that of the more than 2,000 complaints filed with the Detroit board, only a small number were found to have any basis, states A. J. Barnaud.

"Our careful examination shows 350 justifiable complaints against 250 concerns in the entire state. Of these, 200 are complaints against 100 Detroit concerns," Barnaud continued.

"Most of the complaints apparently were based on misunderstanding of the provisions of the President's Re-employment Agreement, for most of the alleged violations cited were found not to be violations when checked with the agreement."

"These complaints found justifiable are being turned over to the local compliance boards throughout the state for handling."

NRA compliance boards now have been formed in 20 Michigan communities, including Detroit. Those outside Detroit are in Ann Arbor, Birmingham, Chesaning, Flint, Grand Haven, Grand Lodge, Ham-trunk, Holland, Lawer, Lowell, Mr. Clemens, Owosso, Oshtemo, Plymouth, Pontiac, Royal Oak, South Haven, Saginaw and Ypsilanti.

The first meeting of the committee will be held Monday evening at 7:30 p. m. in the Hotel Mayflower.

Rambling Around With Michigan Editors

STEP ON IT!! STEP ON IT!!

Official Washington seems to be troubled with what Lincoln termed "the slows." It is so extremely busy telling us all how to run our businesses that it apparently hasn't time to attend to its own. The NRA came into being over three months ago. Our securities deposit plant proposition was ready for submission at that time. The only changes made were minor ones made at the instance of the administration.

The proposition has been approved as far as city, state and Michigan representatives of the administration are concerned. It was forwarded to Washington about a month ago, since when nothing has been heard of it and it is now past mid-September. Fall is here and winter will be and the welfare project which is to furnish work for 200 men is still waiting the word "go." It would seem that it is time for Washington to sharpen a few knives and cut some red tape so that these welfare projects may get under way. Let's go, Washington, let's go.—W. Homingway in the Ann Arbor Tribune.

FINE LANGUAGE

Those were pretty strong words Judge Murfin used in his testimony before the grand jury in Detroit last Thursday. He called Senator Couzens a "liar" in a nice way and said that "it's too bad Father Coughlin didn't devote his life to saving souls instead of assassination character," adding afterwards that "There's no money in saving souls." He suggested that fact may "explain the Reverend Gentleman's attitude." The question of veracity between Judge Murfin and Senator Couzens will, it is generally expected, be in favor of the Jurist. There will be especial regret at the dragging of clerical robes through the mire of controversy such as it is. Father Coughlin has no kick coming; he started the thing.—Thomas Conlin in The Crystal Falls Diamond Drill.

REPEAL IT

One of the acts passed by the last legislature provides for bipartisan election boards. This act is meeting with much opposition the state over and it should. People had grown to feel that their election boards were honest. The shame of ballot box stuffing under the old laws was removed. Few cared or knew the politics of board members; all they asked was a square deal and, in the main, they were getting it. They want party advantage if they can get it and with the bipartisan boards the chances are they will get it by causing a reversal back to the old type. The act should be repealed.—Thomas Conlin in The Crystal Falls Diamond Drill.

DEBATE SEASON OPENS

In response to a call for debaters eight people met in Mr. Latture's room last Tuesday at 3:45. Among them the only person who had been in League debates before was Evelyn Horabacher, though three of the others had been in minor debates.

The subject for this year's debates—Resolved: "That all broadcasting in the United States should be through stations that are owned and controlled by the Federal Government" was briefly explained by Mr. Latture. Because the first league debate comes in five weeks, these eight people were asked to take the reference material and start gathering notes. All material has to be collected, practice debates have to be arranged and all other preparations made as quickly as possible. The debate season this year is to be much shorter and will probably be through by Christmas.

Besides the wall plaques which each school that qualifies for the elimination receives, this year the Detroit Free Press will present a pin or lapel button, a replica of the wall plaque trophy, as an honor award to each debater participating in one or more of the elimination debates.

JUNIORS HOLD FIRST CLASS MEETING

The first class meeting of the year was held a week ago last Wednesday in Miss Cary's room by the Junior class. The nominating committee, elected by the class consisted of Joan Cassidy, Yvonne Hearn and Harold Cline who, in turn nominated the following people as nominees for the class officers: Yvonne Hearn, Harold Cline, Elwood Elliott and Robert Soth were nominated for president and vice-president; Vivian Towle and Peggy Tuck for secretary; Lola Mae Barlow and Geraldine Vealby for treasurer. Elections were held last Wednesday but the results have not yet been given.

P.H.S. GRIDDEWS WELL UNDER WAY

Nearly sixty fellows responded to Coach Matheson's first call for football on the opening day of school. With nine lettermen and some of last year's reserves back the team looks very promising. The summer camps and the working on farms has added a great deal to the weight of the team this year. An estimate of the average weight is one hundred and fifty pounds. The average weight last year was one hundred and thirty-five pounds. At an after practice meeting last Friday night, Warren Basset was elected captain. He is a senior this year and has played tackle on the varsity team for the last three years. The first game will be played here with Dearborn, October 6.

WORLD'S FAIR IS STAMP MINDED

When this writer attended the World's Fair during the convention of the American Philatelic Society, the Fair was a riot of postage stamps. The nations of the world all seemed to be attempting to outdo each other in the display of their postage stamps.

In the end the United States won out with its demonstration of how stamps are printed. For the second time in the history of philately, the stamps were installed outside of the Bureau of Printing and Engraving to print stamps. The White Plains issue, which was printed at a convention of the American Philatelic Society in New York, was not sold to the public. The World's Fair stamps of the imperforate variety were sold in blocks of twenty-five with the following inscription on the border: Printed by the Treasury Department Bureau of Engraving and Printing Under Authority of James A. Farley, Postmaster General At A Century of Progress—In Commemoration of the American Philatelic Society for Its Convention and Exhibition—Chicago, Illinois, August, 1933. The plate number is also given.

In the same room are cases displaying a complete collection of unused United States stamps. Those who specialize in United States stamps should not fail to see this collection which will be in the Educational Building for the remainder of the Fair.

Czechoslovakia also displayed a complete set of its stamps. This country outdid the United States in that whole sheets of Czechoslovakian stamps were shown, while United States displayed only one of each.

Another feature of the Czechoslovakian postal exhibit was the group of enlarged pictures of Czechoslovakian stamps. The pictures were about eight inches high and of corresponding width. It was a relief to see a picture of a postage stamp without a line drawn through it.

Italy's display of postage stamps was turned into a profit institution. Every stamp ever printed in Italy was not only on display, but also on sale. This was by far the busiest souvenir stand at the fair. The most important exhibits here were letters carried by General Italo Balbo and his fleet of planes. These letters were being sold at one dollar and fifty cents a piece.

Enrollment Remains As Last Year

With a total of 641 pupils in the high school, 451 in the Central school, and 243 in the Starkweather school, work resumed Monday, September 18.

There are twenty-seven teachers in the high school, including the principal.

In comparing this year's total enrollment with that of last year's, in the high school, we find the total to be the same. But the total of each class differs from that of last year.

There are 90 seniors this year in comparison with 93 of last year. The total number of juniors now is 95 but there were 99 last year. There are now 128 sophomores while only 116 attended last year. The ninth grade total dropped twenty, making it 136 this year to 156 last year. The eighth grade total also dropped a little, with 83 in attendance this year while last year there were 90. The seventh grade increased by 22, making the total 112 to 90 of last year.

Another interesting vacation was that of Miss Perkins, who with several friends motored half-way across the continent and back, visiting Yellowstone Park, Salt Lake City, Satou and Portland, Oregon; and Seattle, Washington. She and her party took a lovely boat trip from Seattle across Puget Sound to Vancouver, British Columbia. While on the Pacific coast they took part in sports typical of that region, such as deep sea fishing, agate hunting, and mountain climbing. They returned by way of Glacier National Park and the Bad Lands and Black Hills of South Dakota.

Miss Smith spent several days at the World's Fair. Plymouth students and teachers are glad to welcome Miss Waldorf, who has taught in Ionia for the past

four years and has now become a member of Plymouth high school's faculty. Miss Waldorf visited the World's Fair and took an interesting motor trip around the thumb of Michigan.

Miss Lovewell enjoyed a quiet summer fishing for bass and trout at her cottage forty miles north of the Canadian Soo. She certainly will have some tall fish stories to tell us this winter.

Miss Lickly, with her sister motored six thousand miles through the west. Some of the most interesting points of their trip were Denver, Colorado; Yellowstone National Park; the Black Hills and Bad Lands of South Dakota; Salt Lake City; and the Century of Progress Exposition.

Miss Ford was another ambitious teacher. She went to school in Ann Arbor, earning her M.A. degree and two credits on her Ph. D.; she completed her busy summer with a visit to the World's Fair.

Miss Keos also enjoyed a busy summer six weeks at school in Ypsilanti, a week each at East Tawas, a Century of Progress, and Traverse City.

COAST TO COAST

Many of our teachers had interesting vacations this summer—altogether they covered the country from coast to coast.

Miss Berg experienced a quite exciting summer. After school was dismissed last June she went to her home in Ishpeming by way of Evanston, Illinois, spending a week there. Later she visited the copper country of northern Michigan and returned to Chicago for a few days at the World's Fair. Many forest fires occurred in the vicinity of Ishpeming during the summer. Miss Berg's lake cottage came within five inches of being burned. A narrow escape!

Miss Fiegel spent the summer at Ann Arbor and Whitmore Lake. She and her mother attended the World's Fair the first week in September.

Miss Gray visited the Century of Progress Exposition in Chicago for five days and also went on a campfire trip through northern Michigan.

Miss Hearn motored twenty-five hundred miles through the eastern part of the United States. A few of the numerous interesting places which she saw were Philadelphia, Valley Forge and Gettysburg, Pennsylvania; Boston, Plymouth Lexington and Concord, Massachusetts; Bennington, Vermont; and Watkins Glen, New York.

Another visitor to the Century of Progress Exposition was Miss Hauf. While in Chicago she also attended the national convention of the Tri-Sigma Sorority at the Belmont.

Miss Henry went to summer school at the University of Michigan for the first six weeks of vacation. With the exception of an interesting trip through northern Michigan she stayed the remainder of the summer at her home near Cleveland.

Miss Ford was another ambitious teacher. She went to school in Ann Arbor, earning her M.A. degree and two credits on her Ph. D.; she completed her busy summer with a visit to the World's Fair.

Miss Keos also enjoyed a busy summer six weeks at school in Ypsilanti, a week each at East Tawas, a Century of Progress, and Traverse City.

Poetic Tribute Is Paid Band Leader In Old Time Poem

When Harry Robinson moved in to his auction store the other day the furnishings of a house he had recently purchased there were a number of boxes of books, one of them being an atlas of the world issued in 1861. That people in the olden days carefully studied geography is indicated by the hard usage of the book.

Probably the most interesting thing about the "find" was a printed poem enclosed in the atlas on a large card, addressed to "M. Conner."

He was the father of William Conner and he was the leader of the "Plymouth Cornet Band."

Apparently he was about to give up his duties in connection with the band as there is a paragraph of explanation accompanying the poem written by Jennie Joy. It says in part: "Whose kindness in the past has been to me a most pleasant memory, this little poem—the sentiment of which, I have reason to believe expresses (though feebly) the feelings of his devoted boys—is gratefully dedicated by the author."

The poem entitled "The Farewell" follows:

Once more we meet where music's sacred spell
So oft hath strengthened love's
fraternal tie—
We meet to rend the chain, to say
"farewell!"
And though the parting costs us
many a sigh,
E'en though the lip may pale, and
manhood's tears
Fall from proud eyes whose light
no fear could quell,
We will not swerve, but crush the
weight of years,
And speak to-night a final, fond
farewell!

"Twas vain to try to hide the pang
It cost,
When first we understood fate's
stern decree:
'Twas not regret for time and labor
lost,
But that this bond, so pure,
must severed be;
No more to hear the bugle's rallying
call
From lips whose harshest accents
never fell
Upon our spirits with so chill a
pail
As this to-night—this one sad
word, "farewell!"

"LILLY TURNER"
Frank McHugh walked with a limp for several days after a scene in "Lilly Turner." Ruth Chatterton Warner Bros, which comes to the Penniman Allen Theatre on Sept. 29. The scene calls for Robert Barrat, a carnival strong man to beat him up and throw him out of a window. Barrat, who is supposed to have gone suddenly berserk, as a result of his unrequited love for Lilly Turner does a good job both of the beating and tossing. He hurled McHugh bodily through a window, such and all, McHugh fell with Mr. and Mrs. Willie Pearson at St. Johns.

Mr. and Mrs. Melvin Guthrie accompanied by Rev. and Mrs. Thomas Pryor spent a few days last week at A Century of Progress.

Mr. and Mrs. Lattimore and daughters Viola and Marion left Sunday morning for a visit to the World's Fair.

Mrs. C. E. Ryder, returned last Sunday from visiting her son Raymond and family at La Grange, and A Century of Progress.

Mrs. George Hazlewood of Wyandotte, called on Mrs. C. E. Ryder, Monday morning.

Mrs. Melvin Guthrie and daughter Rosemary and Mrs. Clyde Smith and son David spent Tuesday in Canada visiting friends.

Mr. and Mrs. James Norris are moving to Detroit this week. Their friends are sorry to see them leave.

Rev. and Mrs. Pryor were dinner guests of Mr. and Mrs. Edwin Norris Tuesday evening.

With the strains of the old Australian royal anthem, "Gott Erhalte, Gott Beschutze," ringing in their ears, the erstwhile court associates quaffed the toast and smashed the glasses on the floor, following custom. The scene was marked with dramatic reality. Supposedly held in the Austrian capital during the pomp and circumstance of the old regime, it was in fact held on a stage at the Metro-Goldwyn-Mayer studios and the banqueters were listed on the payroll as extras working for the day.

"SONG OF SONGS"
Seldom, if ever, has any film Hollywood has produced, represented such a union of the pictorial, historical, and artistic, literary and musical fields as Marlene Dietrich's latest Paramount picture, "The Song of Songs," currently showing at the Penniman Allen Theatre.

Any film starring Miss Dietrich would be assured of a big head-start in pictorial quality to begin with. The flaxen-haired German star, who launched the revolutionary trousseaus for women stylists, never looked so lovely as she does in the flatteringly feminine clothes of twenty years ago.

Directed by Rouben Mamoulian, who made Chevalier's "Love Me Tonight," "Dr. Jekyll and Mr. Hyde," and other highly praised pictures, Miss Dietrich is said to give an outstanding dramatic performance. This picture, incidentally, is the first Dietrich film with a director other than her discoverer, Josef von Sternberg.

From a historic standpoint, the picture is exceptional for the performances of the supporting cast—Brian Aherne, romantic newcomer to pictures from the legitimate stage, Lionel Atwill, Alison Skipworth, Hardie Albright and Helen Freeman.

Besides the effective camera work always found in a Mamoulian production, "The Song of Songs" presents the famous statue of Miss Dietrich executed especially for the film by S. Carlino Scarpitta, noted sculptor.

The picture was adapted from Hermann Sudermann's literary classic.

The musical score includes selections from Wagner, Bach, Tschalkowsky, Schubert, Beethoven and other famous composers as well as a "torch" song sung by Miss Dietrich.

LIGHT for Advertising and Selling vs. LIGHT for SEEING

It has been shown by careful test that raising the level of illumination in a show window causes as much as 65 per cent increase in the number of persons stopping to view the display. Improved illumination—both in show windows and show cases—exerts a direct influence on sales. With the dark autumn days not far off, this is the time to prepare your store and window lighting for maximum effectiveness during the fall and winter selling seasons.

The successful merchant treats his lighting in two parts—(1) light for seeing and (2) light for advertising and selling. Are you making full use of the advertising and selling power of the light you are paying for?

Are your lamps the proper size? Is the size and spacing of your lighting fixtures correct? Is your general and spot illumination adequate to stop customers and help the merchandise sell its qualities? Are your walls and ceilings properly painted for maximum effective use of the electric lighting you pay for? These are only a few of the questions our lighting engineers will answer for you—without charge or obligation of any kind. And our engineers do not have fixtures or equipment of any kind to sell. You can use their recommendations or not as you see fit. Simply call Randolph 2100 and ask for Lighting Division.

Use of Automobiles in Michigan Drops As Taxes Sail High

There were fewer automobiles in use in Michigan today than there were five years ago and the decline during the three-year period 1929-32 was greater than in any of the states having more than a million vehicles.

This statement was made today by William G. Bryant, President of the Automobile Club of Michigan, who pointed out that the number of motor vehicles in the state has dropped from the peak registrations of 1,365,102 in 1929 to 1,134,848 in 1932, or 18.3 per cent.

Duck Season Will Open Sunday-Limit Has Been Reduced

Michigan duck hunters have just been advised that the open season for hunting waterfowl, coot and jacksnipe, in Michigan this year will be from Oct. 1 to Nov. 30, according to a ruling of Secretary of Agriculture Henry A. Wallace.

'Autumn Crocus' to be At Detroit Theatre

'Autumn Crocus,' the romantic success by C. L. Anthony which introduced Francis Lohrer to Broadway last year, will be the third bill at the Cass Theater, opening October 2, with Edith Barrett and Rolfe Peters in the leading roles.

Mr. Peters has won such renown in romantic roles that his portrayal of the fashing gentleman with Guy Brazer, inn keeper in the Austrian Tyrol is bound to be one more portrait in his gallery of memorable characters.

A. The Lady in Spectacles, a little brown wren of an English school teacher who is very pretty when she removes the distorting glasses.

But to her horror the little teacher finds the hunkieper is married. Lured by his enticements to life, she decides that his wife does not matter, and prepares to stay on with him.

Enfilling his ambition to make the Cass Theater this winter the center of a true festival, in music and dance as well as drama, Robert Henderson has arranged through the National Broadcasting Co. of New York, a series of concert attractions through the season.

Start Campaign To Cut Gas and Weight Taxes in Michigan

In pursuance of the campaign for the reduction of motor vehicle taxes in the State, the Board of Directors of the Automobile Club of Michigan has set up a definite program calling for the reduction of the weight tax from 55c to 35c per hundred pounds and for the lowering of the state gasoline tax from three to two cents a gallon.

At the same time the board unanimously adopted a resolution to the effect that in addition to these reductions in the weight and gasoline taxes, all other forms of tax upon the motor car and its operation should be eliminated.

Wm. G. Bryant, President of the Club, announced that the Taxation Committee of the Board has been requested to study ways and means whereby the objectives of the program can be best accomplished and a report from the committee is expected shortly.

Mr. Bryant estimated that the proposed cut in the weight tax and the gasoline tax would take close to \$14,000,000 off the motor tax bill of the state, or \$7,200,000 from the weight tax and \$6,800,000 from the gasoline tax.

Local Team Wins From Hudson Motor

Plymouth Schrader-Hagerty's luffed themselves into a victory by defeating the Hudson Motor Car Company, of Detroit, 13 to 4, last Sunday at Plymouth-Riverside Park.

The locals played errorless ball behind the fine pitching of Eddie Wittenberg, Harold Pankow and William Finley. Gerald Simmons drove out two home runs bringing his total to eight for the season.

William Beghin, Hudson Motor's fifty-five year old star right-hander was hit hard, and allowed Plymouth fifteen hits. Hudson Motor collected nine scattered hits off Plymouth pitchers.

MOVING PICTURES—8 reels—two full hours—of the LIFE AND WORK OF MARTIN LUTHER, the great Reformer. To be shown at the Lutheran Church on Thursday, October 5th, at 7:30 p. m. Tickets 25c. The film is highly recommended as historically accurate and dramatically interesting. Come and witness these momentous scenes from the pages of living history, witness the graphic record of the man who ushered in the modern era, to whom the whole world owes its rejuvenation. Be inspired by the fortitude and the modest personality of this man of God in the Truth which God had called him to profess before the princes and ecclesiastical potentates of his age. Behold with awe the manner in which God guards and protects this arch-heretic from all harm and persecution, allowing him to die a peaceful death at Eisenach, the city of his birth.

The Mission Festival was a great success. The Sunday School children, by dint of earning and saving, were able to contribute \$11.01 to the fund. The total receipts for the day were \$217.06, \$17 more than quota. God be praised! All Mission Festival envelopes have not been turned in. Save your financial secretary a trip and

bring them with you next Sunday. Let's get this collection over with soon. Our gratitude goes to all who helped. May God requite you generously.

CHRISTIAN SCIENCE CHURCH

"Reality" was the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, September 24. Among the Bible citations was this passage (Ezek. 3:14): "I know that whatsoever God doeth, it shall be forever: nothing can be put to it, nor anything taken from it; and God doeth it, that men should fear before him."

Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following (p. 207): "There is but one primal cause. Therefore there can be no effect from any other cause, and there can be no reality in aught which does not proceed from this great and only cause."

Default having been made in the terms and conditions of a certain mortgage made by Zygmunt Gierczakowski and Katherine Gierczakowski, his wife, of the Township of Livonia, County of Wayne, State of Michigan, Mortgagees, to Alice M. Schmidt of the Township of Livonia, County of Wayne, State of Michigan, Mortgagee, dated the 10th day of August, A. D. 1925, and recorded in the office of the Register of Deeds, for the County of Wayne and State of Michigan, on the 14th day of August, A. D. 1925, in Liber 2368 of Mortgages, on Page 601, on which mortgage there is claimed to be due, at the date of this notice, for principal and interest, the sum of Nine thousand two hundred six and 42/100 (\$9,206.42) Dollars, and no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof, now therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Wednesday, the 4th day of October, A. D. 1933, at twelve (12) o'clock noon, Eastern Standard Time, said mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the southerly or Congress Street entrance to the County Building in the City of Detroit, Wayne County, Michigan (that being the building where the Circuit Court for the County of Wayne is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due as aforesaid, on said mortgage, with the interest thereon at seven (7) per cent per annum and all legal costs, charges and expenses, including the attorney's fee allowed by law, and also any sum or sums which may be paid by the mortgagor, necessary to protect his interest in the premises. Which said premises are described as follows: All that certain piece or parcel of land situate in the Township of Livonia, County of Wayne and State of Michigan described as follows, to-wit: All that part of the West half of the West half of the Southeast Quarter of Section 36, Town 1, South Range 9, East, starting at a point at the Southwest Corner of the West half of the Southeast Quarter of Section 36, thence East along the Section line 35 rods, thence North 32 rods, thence East 17 rods, thence North 128 rods to the Quarter Section Line, thence West 42 rods, thence South along the Quarter Section Line 160 rods to the place of beginning being forty (40) acres more or less.

Dated at Plymouth, Michigan, July 25, 1933.

Advise Moore That State Co-Operate 100 Percent in NRA Work

Secretary Berg Moore of the Plymouth Chamber of Commerce who is actively cooperating with the National Recovery Administration officials in Washington has just received from the national headquarters information relative to the extension of the cooperation throughout the country in this important work. Mr. Moore has been advised that individual states intend to cooperate 100 percent with the National Recovery Administration in enforcing the codes. Suspension of anti-trust laws, granting of unusually wide regulatory powers to governors and fixing of penalties for NRA Code violators have already been acted upon by some of the states and others have such measures up for consideration.

Governor George White of Ohio has been granted sweeping powers of his state legislature in dealing with industry within the state as it comes under the Blue Eagle. The bill, by which the power was delegated to the governor, followed almost exactly the lines of the provisions of the National Act as passed by Congress in the spring.

In Wisconsin, the legislature has delegated to Governor Schmiedeman the power of suspending the state anti-trust laws and putting into effect trade agreements which are in keeping with the spirit of NRA so long as they are not designed to promote monopolies or oppress small enterprises.

This week Governor Moore of New Jersey signed the Walter act which extends the provisions of NRA to make certain its applicability and regulations prescribed by the President to all trades and businesses in the state whether engaged in interstate commerce or not and making the Governor the enforcing agent.

Virginia is also taking steps to cooperate with the National Recovery Administration by passage of a law which would put teeth in enforcement measures. The bill, which has been passed by the Senate and which is expected to go to the Lower House for quick action, provides as follows:

"If, when a code of fair competition has been approved or prescribed by the President under the National Recovery Act, any person shall violate any provision thereof in any transaction within the State not in or affecting interstate or

foreign commerce such person shall be guilty of a misdemeanor." A fine of \$500 is provided in such cases. Although Texas, last spring turned thumbs down on a proposed suspension of the state's anti-trust laws, the Legislature recovers in special session on the eleventh of September when the measure will undoubtedly be brought up once more. A poll of the Legislators by a Texas Newspaper indicated that there was some possibility of its passage.

No "Buttons" Will Be Issued To Hunters This Fall Says State

Small game licenses at the new price of \$1.00 are now on sale by the hundreds of Department of Conservation license agents in the upper peninsula and agents south of the Straits of Mackinac will be supplied well before October 1, the Department has announced.

Upper Peninsula agents received an early supply. It was stated, because of the fact that some of the small game hunting seasons open earlier in that section of the state. Rabbits, fox squirrels, ruffed grouse and prairie chickens may be taken in the upper peninsula October 1 while lower peninsula hunters must wait an additional fifteen days. The partridge and prairie chicken seasons in the upper peninsula will close October 12. The lag limits and season limits for both birds are unchanged from last year, the state permitting five of each in one day and ten of each in possession at one time during the season.

The fact that legislative action has reduced the cost of the resident small game license from \$1.75 to \$1.00 is expected to greatly increase the sale over last year. The non-resident small game license was reduced from \$10 to \$5.

No "buttons" will be issued with the licenses. Copies of the revised digest of hunting laws are expected to be issued by the agents with each license.

Can there be any stronger recommendation for a car than this

NRA CHEVROLET America can't be fooled when it comes to spotting the best "buy" in any field. America knows too much about motor cars for that. So when one certain car wins almost as many buyers as the next two put together, you know the answer: IT MUST BE BETTER. And that's what the new Chevrolet Six most certainly is. Chevrolet is better looking—Chevrolet has better bodies—built not just of steel alone, but of steel reinforced by a sturdy hardwood frame. Chevrolet has a better engine—six cylinders for economy, cushion balancing for killing vibration! And Chevrolet gives better value—a long line-up of modern features which no other low-priced car can match. Now is the time to start thinking about a new car for winter! And when you do so, think of the way Chevrolet is leading in sales. Could you ask for any stronger recommendation for a low-priced car than that? Try Urschel Kidnapers

As a result of gangland threats, guards equipped with machine guns guarded entrances to the United States Courthouse in Oklahoma City, Okla., while the trial of 12 persons accused of the kidnaping of Charles F. Urschel, millionaire oil man, swung under way. Harvey Bailey (C), American No. 1 "Bad Man," his confederate, Albert L. Bates (D), and Mr. and Mrs. R. C. Shannon (H) and (A), are shown above in the courtroom as the trial began. Bailey is accused of being the "master mind" in the plot. Bates of the actual kidnaping, and the Shannons of harboring the kidnapers. Just before taking the witness stand, Urschel, shown in portrait, received from George (Chicago) Galt Kelly, fugitive despondent, a threatening letter.

Legion Play Draws Big Local Crowd

Those who did not attend the home talent play, "Henry's Wedding," given on Wednesday and Thursday evenings of this week at the high school auditorium, under the auspices of the local American Legion and directed by Miss Martha Haas of the Universal Producing company of Fairfield, Iowa, missed an evening of fun and laughter. The Legion surely must feel that the play was a success, both in attendance, the manner in which the audience responded and in a financial way. The auditorium was filled both evenings.

Charles Alexander, making the part of the bachelor, "Uncle Henry," who had decided to get married, Max Todd and his pals, Steve Havath and Russell Wallace, who were determined not to let the uncle marry, Mrs. Frank Hicks and Mrs. Ida Thomas as sweethearts of Uncle Henry, Miss Virginia Giles as sweetheart of Max, Edward Wilkie, as an old lover of Mrs. Hicks, and the many others involved in the farcical comedy, portrayed their parts in a very interesting, exciting and able manner. The singing by the chorus of young ladies, the dancing by a group of high school girls, the special numbers in dancing by Elaine Hamilton, Mrs. Ida Moe Harmon and Vera Woods, the "Brother and Sisters of the Mystic Shrine, Beau and Belles of Grandma's Time, made a full evening of mirth, ending with three weddings, instead of one with everyone being made happy.

Michigan No Longer "First" Bean State

Michigan will likely lose first place among the states in field bean production this year. The September 1 estimate, issued by the Michigan Co-operative Crop Reporting Service, credits Michigan with a crop of 2,272,000 bags or 23 per cent less than was estimated for California. The yield of the late crop was still very uncertain at that date and subsequent reports may change the relationship to some extent. The Michigan production as estimated is approximately 48 per cent less than the large crop harvested last year and 22 per cent less than the average for the five years, 1920-30.

As Michigan is by far the most important state in the production of field beans, it is apparent that the drought has reduced the total bean crop from more than 40 per cent from that of last year. On the other hand, great northern beans are expected to exceed their 1932 production by 40 per cent, and the total crop is estimated to be more than double the size of that in 1932. While the available supply of each of these several types promises to be radically different from last year, the total bean crop may vary but little as the September estimate for the United States was only 3.4 per cent under the harvested production of 1932.

The 5-year average production, 1926-30, was 11,107,000 bags, hence the present crop is about 12 per cent less than average and perhaps 20 per cent less than the average annual disappearance in normal times. This fact, together with an unusually short crop of the favorite pea bean, should place the Michigan crop in a strong demand position. To what extent the larger relative supply of great northern and pinto may actually supplant the demand for pea beans depends upon relative prices, relative selling efficiency, consumer preferences, and other considerations.

Field beans produced the largest cash income in 1929, 1930, and 1931 of any crop grown on Michigan farms. Owing to extremely low bean prices in 1932, the cash income from that source was exceeded by that of both potatoes and sugar beets, affording a striking picture of a relatively large bean crop bringing an unusually small cash return. Perhaps the smaller crop in 1933 will reverse the picture.

Dr. Henry Szanzal, president of the Carnegie Foundation for advancement of teaching and a former president of the University of Washington, died at the Seattle General Hospital at 1:18 a. m. today from a heart attack. He was 58 years old. Extensive damage resulted today from a prolonged storm and floods, in which rivers changed their courses and hundreds of domestic animals drowned.

To Hold Auto Race This Evening On The Ann Arbor Track

The first night auto racing in Michigan will be held on the half mile track at the fair grounds in Ann Arbor this Friday evening, Sept. 29th, starting at 8 o'clock. The fair association has the only night lighted track in the state. The races will be sanctioned by the A.A.A. and the drivers will be from Indianapolis, California, Detroit, Chicago and through the east. Most of the pilots are former drivers at the Indianapolis 500 mile auto race so the character of the show can be imagined.

Three years ago the Washburn Fair Association allowed a day time auto race to be held by an un-sanctioned promoter and a boy was hurt with a resultant \$35,000 damage suit against the fair and the driving club. For the race Friday night the Michigan Speedway Assn. has been chosen to conduct the speed battles. As an indication of the character of the race let it be known that W. D. Edenburg of Detroit who each year runs the big 500 mile race at Indianapolis and who is in charge of the Harmsworth heat races will be here to conduct the auto races.

In addition to 50 miles of racing, which will be featured by the presence of the two seater type of race car as well as the single seater, there will be a special stock car race for stripped cars in the low price field. For this event the No. 10 Ford V-8 in which Fred Frame won at Elgin three weeks ago has already been entered. In California where night auto racing has brought out tremendous

crowds spectators are thrilled by the spectacle. The Ann Arbor night plant was built under instruction from U. of M. engineers. Another added feature will be the presence at the race of the entire U. of M. football squad this year. The price of admission has been placed at 35 cents and a crowd of 10,000 is expected. The gates will open at 6 o'clock. The first race starts at 8 o'clock. IF YOU HAVE ANYTHING TO SELL—ADVERTISE IT IN THE MAIL.

W. Basset Pitches Newburg to Victory

Warren Basset won his eleventh victory of the season against one defeat, when he gave up but two hits in the eight innings that he pitched against the Ace of Clubs from Detroit. Warren Basset lost a shirt out when his team made seven errors to let in the four runs. The Detroit team got one hit in the fourth and one in the fifth inning off of W. Basset who also struck out ten of their bats.

Joe Schomberger and Ray Urbank were the leading hitters getting two out of three trips to the plate. In the sixth inning Ray Urbank was hit in the face by a pitched ball and retired from the game. Ray Levandowski pinch batted for Al Schultz in the fifth inning and got a single, which made five hits out of the last six trips to the plate as a pinch hitter. Peter Tonkovich made a beautiful running catch in the third inning which stopped the Ace of Clubs rally. The Newburg Dairy victory was their sixteenth in their last seven games played. For the fourth consecutive month the Newburg Dairy team has had a new batting champion and this month Clarence Levandowski is the leading hitter with a percentage of .417 and Warren Basset is second with .373 and Joe Schomberger is third with .352 and the whole team has a batting average of .322. Next Sunday the strong Ledwith Garage of Highland Park who lost to the Dairy team 3 to 2 on Labor

Do You Know—

That the flag as a military ensign, probably had its origin from the field standards of the Romans and other ancient nations who fastened a square piece of cloth to a cross-bar at the end of a spear. It may also be traced to the whip and its lash symbolizing the authority of a leader over his men.

Day will try and stop the team winning streak. So come out and see Warren Basset pitch and see his team mates hit the old apple.
