## DECIDE NOT TO RUSH PUBLIC WORK PROGRAM

### Thorough Study of Matter To Be Made By City Commission

At a meeting of the city commission held Monday night, it was the decision of the members that a most careful and complete study be made of the proposed public works program before taking final action upon it. It was the general opinion that it would be well to devote the entire winter months to a consideration of the many recommendations of public improvements for Plymouth.

Several of the commissioners pointed out that practically all of the work called for outside labor and that with winter so near at hand, even though it should be decided to start some of the work at once, progress would not only be difficult, but more expensive than it would be if the work was conducted under more favorable weather conditions.

Meanwhile the city officials will be able to find out just how much money can be secured from the federal government for the various projects under consideration and they will be able to know just how much each of the proposed projects will add to the local tax burden.

The decision of the commission on this matter will meet with the general approval of the residents of Plymouth.

## Mission Society Plan Quilt Exhibit

The Missionary Society of Methodist church plan an exhibit of quilts, rugs and antiques on the afternoon and evening of November 7 in the Community Hall. Tea will be served by ladies in aid time costumes.

Exhibitors are requested to place their name and address on each article to be shown. The name of pattern on each quilt also any interesting history regarding the antiques.

## Paul Hayward Wins Perfect Record Pin

Paul Hayward, men's clothing store proprietor wearing diamond set Rotary pin, the gift of the organization in recognition of five years of a perfect attendance record. Mr. Hayward is one of the very first members of the Plymouth Rotary club and from the very first he has been one of its most active members. Two years ago when the five year attendance record of William Conner had been completed, he was in attendance at a Rotary meeting in Florida and the Jacksonville club made the presentation to him in behalf of the Plymouth club. Mr. Hayward's perfect attendance record is the first completed since that finished by Mr. Conner.

## Rotarian Bowling Team Organized

Rotarians have organized a bowling team, according to President Cass Hough of the Club, and the team in its first contest with the Kiwanis stars, walked away with almost all the scores made. Father Frank Leteyre is captain of the team and the other players are Floyd Eckles, William Towle, Dr. Paul Butz, Paul Hayward and Cass Hough. The game was played on the Kiwanis bowling alley. Rotarians will play every Monday night.

## RALLY BRINGS 200 DELEGATES

### Holy Name Society Holds Annual Meeting At St. Michael's Church

Over two hundred delegates from Wyandotte district, including Plymouth, Northville, Melvindale, Lincoln Park, River Rouge, Ecorse, Wyandotte, New Boston, Trenton and Grosse Ile, assembled last Sunday afternoon at St. Michael's church in Rosedale Gardens at a spiritual rally of Holy Name Society men.

Father John E. Contway, Anthony Cee and A. E. Baker, the committee on arrangements, provided a program of instruction, entertainment and refreshments which the visiting delegates will not soon forget. John McNerny of Wyandotte, district president presided. Father Hask of Wyandotte opened the session with prayer.

The pastor of the church, cordially welcomed the visitors with the hope that the program arranged would inspire them on return to their own parishes to enlarge the membership and influence of the society.

Among the distinguished visitors and guests of honor were Father Walker, Father Fabian Kelley, Father Hickey, formerly of the Mayor's unemployment committee, Father O'Rourke, Father Woods, Father Schuler, Father Heick, Father Markey, presessor at the Sacred Heart summer camp, the Hon. Arthur Valade, mayor of River Rouge, Messrs. Edgar Fitzgerald and McNerny.

The principal address of the day was delivered by Philip Neudeck, assistant prosecutor of Wayne county, in a powerful appeal to the ideal of loyalty, respect for the authority of church and state, and the importance of a firm stand on principle in carrying out the duties of a Christian citizen.

At the business meeting officers were elected as follows: McNerny to succeed himself as president, J. Verdun of Northville, vice president, and A. Cee of Rosedale Gardens, treasurer.

## Fall Festival At St. Michaels Will Take Place Sunday

All arrangements have been made for the annual fall festival of St. Michael's church to be held Sunday afternoon in the church at Rosedale Gardens.

Dr. Harold Brisbols, chairman of the festival committee, declares that everything is in readiness for the event and that guests can expect a worth-while afternoon if they attend. All are welcome, he declares.

Nineteen grand prizes will be awarded and a number of well known Detroit speakers have been secured for the afternoon. As a bit of variety for the program, some well known Detroit radio stars have been secured.

The big chicken dinner will be served from 4 to 8 o'clock. In addition to the dinner there will be refreshments of all kinds, booths where fancy goods will be offered and several general surprises are promised. The afternoon and evening promises to be a most delightful one.

Dr. Brisbols will be assisted by Messrs. Eggleston, Cee, Culler, Baker, Overand, McNulty, Book, Howes and Petoseky, Ralph Lorenz, former manager of the Mayflower, will supervise all arrangements in the dining room. The waitresses will include Mesdames Ferland, Markowski, Culler, Rutherford, Winkler, McNulty, Greene, Smith, Kalmbach, Overand, Reid, Jort, Holman, Brisbols, and Kelley. Mrs. Mary Fritz, widely known in Detroit and Grosse Pointe as a caterer, will have in charge the cooking, assisted by Mesdames, Cee, Berzern, Litwicki, Eggleston, Bowman, Totarius, Keute, New and Glenn.

## Canton Center Home Group Meet Friday

The Canton Center Group of the Wayne county home economics extension course, will meet at the home of Mrs. Charles Stevens, corner Sheldon and Warren roads, on Friday October 27, with a potluck dinner at 12 o'clock noon. Members are urged to be present on time.

Dr. Brisbols will be assisted by Fr. Markey, Diocesan director, stirred his hearers with an aggressive appeal for young men and boys, with whom he has worked so successfully, pleading for fit home life and a Christian training for young people. Father Schuler of Northville closed the meeting with the Holy Name pledge.

## CONVICTED OF CRIME HERE

### Detroit Found Guilty Of Attempted Burglary In Plymouth

Chief of Police Vaughn Smith and the other Plymouth officers are highly pleased over the action of a jury in Judge Moll's court Tuesday in convicting Joseph Ferance of Detroit of a charge of attempted burglary committed in Plymouth on June 10.

Ferance and two other companions from Detroit were arrested by chance. Night Officer Charles Thumme found one of the group loitering in an alley near the Ford garage. Because of his suspicious action, Thumme took him to jail. Later in making his rounds he found that an attempt had been made to break into the Ford garage where the trio had planned to steal a new Ford car.

Chief Smith immediately started an investigation and it resulted in the arrest of Ferance's two companions in Detroit. One pleaded guilty sometime ago and the other was released by the prosecutor's office.

The trial of Ferance was conducted by Deputy Prosecutor John Peile and Chief Smith and the other Plymouth officers were high in their praise of the way he handled the case.

## ATTENTION SERVICEMEN!

Talk about Plymouth Fall Festival bargains, here is one that can't be beat.

One year's membership in your American Legion for \$2.00. Come on comrades, don't be outside. This is your organization as well as ours. We need members if we are going to go through with our plans to have Michigan lead the parade in Miami, Florida next year.

## William Wood Opens Office in Detroit

The many friends of William Wood will be pleased to know that he has opened up a general insurance office at 4874 Fourteenth avenue in Detroit and has moved to that city. He will handle all lines of insurance. His territory will be the city of Detroit, giving him an especially large field in which to operate. During the past two or three years Mr. Wood has been selling only life insurance, but the new field will enable him to conduct a much wider line of insurance business.

# Plymouth Merchants Unite to Aid Uncle Sam in Buy Now Campaign

## HUNDREDS OF PRIZES TO BE GIVEN AWAY

### Automobile Show - Auctions - Parades To Start "Buy Now" Plan

Two days and two nights, (Friday and Saturday)—a free automobile show right down town on the main street of Plymouth with every automobile dealer in Plymouth taking part!

Friday night, a kiddie's parade, beginning at 4:30 o'clock, with every kiddie in town invited to take part—and Oh, so many prizes! Then too Gayde Bros. have invited each tot that takes part in the parade to come to their store AFTER the parade is disbanded. (Just for a surprise, you know.)

Two public auctions—one Friday afternoon and one Saturday afternoon, conducted by Plymouth's famous auctioneer, Harry Robinson. Any farmer can have his stock sold without cost to himself at either of these auctions. Read the detailed program for particulars.

Stock show in Kellogg park right across from the downtown business section Friday afternoon. All farmers invited to enter stock.

Free chickens and turkeys for Sunday dinner—if you can catch them when they are turned free.

Just as a reminder—every store open both Friday and Saturday evenings so that you may take advantage of the "Buy Now" campaign.

Who is the best "hog caller" hereabouts? Well go down on Liberty street Friday afternoon and find out. Albert Wilson has got some of the best in the business coming to town.

Saturday night, the big parade. But you must read all the details in the program. Everyone is urged to enter.

Last, but most interesting of all—the awarding of the hundreds of prizes from a stand on Main street in front of Kellogg Park Saturday evening at 9 o'clock, just after the Pennington-Allen show is out.

Two great days of shopping—two days of fun—and what a happy combination!

For days and nights past the business men of Plymouth have labored to provide something different for the opening of the "BUY NOW" campaign as requested by the government. They believe they have been able to create the sort of a thing you and your friends will enjoy. As they have hurried about in all too brief a time to work out the details for the big event, Secretary Berg Moore of the Chamber of Commerce and members of the committee, have been delighted with the wonderful public response made to every request.

It is because of this fine public spirit that they are able to offer one of the biggest list of prizes ever announced for any event in Plymouth! The Plymouth Parity Market, The Great Atlantic & Pacific Tea Company, Bartlett and Kaiser, the Kroger Grocery and Baking company, the Wolf's Cash Market will provide the live chickens, geese and turkeys that will be tossed over the heads of the crowds at places announced in the program. They're yours for the catching!

The automobile show, the stock show, the two parades, public auctions, hog calling contests and all the other events are bound to make the "Buy Now" campaign opener in Plymouth an interesting event.

Rain or shine, the event goes on. Follow the suggestions in the program and register your entries at the places mentioned in the program, your shopping in Plymouth, and have a good time while you are doing so.

## Schedule of Events And List of Prizes for Friday and Saturday

Here in detail is the program for the two big days that Plymouth has set aside for its residents and neighbors in the opening of its great drive to aid the government in its "Buy Now" campaign. Read it carefully. Note the details of all the events and the many, many prizes that have been offered.

You are not only invited to come to Plymouth and enjoy the bargains offered, but you are strongly urged to take part in the affairs that have been planned.

Judges for the two parades that will take place on Friday and Saturday evenings will be Oliver Goldsmith, George Robinson and John Henderson.

Big free auctions are offered for the farmers who will bring their stock to town. Harry Robinson, one of Michigan's best known auctioneers, has offered his services free of charge. If you have some livestock or poultry to sell, bring it in and let Auctioneer Robinson get you reasonable prices for it.

But read the program in detail—it will tell you all about it—when and where every event takes place—and where you might catch a nice big fat hen, a goose or a turkey for your Sunday dinner.

It's going to be great fun, you can bet—and in addition to all of this, every merchant in Plymouth has arranged to give you the best bargains he can possibly offer in this great "BUY NOW" drive that the government is so anxious to have you take part in.

## THERE WILL BE PLENTY OF FUN FOR ALL

### Mayor Hover And Entire City Invites All To Festivities

"The city of Plymouth extends to its friends and neighbors a most cordial invitation to be with us Friday and Saturday for the inauguration of our "BUY NOW" campaign that the government of the United States is so anxious to have every community conduct. Our business men have united in one great effort to make this event a success. So that you may not only take advantage of the splendid offerings they have made, the Chamber of Commerce in cooperation with the business men have arranged various events for the two days. We ask you to come, take part in them, enjoy them and possibly take home with you a free prize," stated Mayor Freeman B. Hover yesterday in extending to the residents of Plymouth, and the entire surrounding country a welcome to all that Plymouth has planned for Friday and Saturday of this week.

Plymouth was one of the first cities of Michigan to catch the spirit of President Roosevelt's drive for better business. The community was one of the first to set up an organization such as the government requested and now the government believes business can be aided by the purchase of necessities and other articles. Plymouth is quick to act.

"We received word from Washington today," said Mayor Hover, "that the nation rapidly is falling behind in their economic situation in countless cities have issued official 'Now is the Time to Buy' proclamations, local business men have met and organized, committee members have been assigned to their duties, and the general public has shown an appreciation of the fact that it will be very much to the advantage of all if people start buying now to the limit of their present needs."

Mr. Hover stated that NRA organization officials in Washington in their communications to him declared themselves more than satisfied with the way the great buying movement has started.

"We all realize that this movement has a tremendous humanitarian significance in Washington. Its success is going to gladden millions of hearts. It is going to mean that countless numbers of children who are now undernourished will be cared for. It is going to restore contentment to literally millions of American homes. But while we are aware of these phases of the campaign, we are not basing our appeal on patriotism, emotion or sentiment. We are urging people to buy because it is wise and prudent to do so.

"It is always has been the case in periods of national recovery that cost of living go up. At the present time we all know wages have increased and hours have been shortened, thus adding to production costs through every process from raw material to the finished article. In addition, there have been processing taxes on some commodities, while child labor, sweat shops and so called pauper laws have been eliminated by the NRA all of which means higher prices.

"The element of self interest also enters into the picture from another angle. The more buying that we do as individuals the more jobs there will be for those now unemployed, and the more secure will be jobs of those who are now employed. The more buying done by the public the more solid will be the foundation under all business. Those who are inclined to hold on to their money through fear of losing their jobs are approaching the situation from the wrong side. Nothing would be so apt to cause people to lose their jobs and businesses in general to fall as the drying up of buying at this time.

"The merchants and business men of Plymouth are cooperating whole heartedly. They deserve the greatest support of the public and this same spirit should pervade the country. It is going to do more to get people back to work and lift business out of the rut than anything else that could happen."

## CHRISTIAN SCIENCE CHURCH

"Proclamation after Death" was the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, Oct. 22.

Among the Bible citations was this passage (1 Peter 1:7): "That the trial of your faith, being much more precious than of gold that perisheth, though it be tried with fire, might be found unto praise and honor and glory at the appearing of Jesus Christ."

Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following (p. 68): "Trials are proofs of God's care. Spiritual development terminates not from seed sown in the soil of material hopes, but when these decay, Love propagates anew the higher joys of Spirit, which have no taint of earth."

(Independent Baptist)  
164 N. Main St.  
Richard Neale, Pastor

Since the pastor will be out of town on business for a few days this Sunday evening the service will be in charge of four of our young people. They will take as their topic the 24th chapter of Genesis.

It is the story of how Abraham chose a bride for his son Isaac. In this story the calling out of the Church is very beautifully pictured. The Holy Spirit would not occupy an unusually long chapter with the mere detail of a family agreement, were that agreement not typical or illustrative of some

great truth, the messenger is sent forth by the father to procure a bride for the son, or God calling His church as a bride for Christ His Son. The speakers taking part are Mrs. David Columbus, Miss Catherine Compton, Mrs. LeRoy Tillotson and Arvid Burden.

At the Sunday morning service David Columbus, an officer of the church, will speak. The subject of his discourse is: "The Characteristics of a True Christian." You are invited to attend any of these services.

Remember the Bible School at 11:15.

A meeting for the young people is being held on Monday evening at 7:30. The lesson this week is: "The Life of Joseph." Arvid Burden will speak at this service.

Mr. Columbus will lead our Prayer and Bible Study meeting on Wednesday evening.

"Verily, verily, I say unto you, He that heareth my word, and believeth on him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life."—John 5:24.

Monday afternoon at 2 o'clock our Missionary society will meet at the home of Mrs. George W. Gunn, 443 Ann street. A fine program will await the ladies who attend. Don't forget that Nov. 12 to 19 will be Bible Conference week, special speakers will be announced later.

An Indian mound in the shape of a walking man, near Baraboo, Wis., is believed to be the only prehistoric effigy of its type. The mound is 214 feet long. It is thought to represent an Indian god.

# a Psychic Bid!

WE ARE bidding for your interest in "Modern"—that is Electric Cooking—with a new, efficient and well designed electric range.

We are willing to make a demonstration without cost to you. To this end and for a limited period we will install for you an electric range without initial charge, and let you use it for six months, removing it without charge if you do not like it. This is an opportunity for you to TRY electric cooking in your own home before making an investment.

During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the Waldorf electric range or \$1.25 for the Electrochef. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense.

Electric cooking is not expensive. WE WANT YOU TO SEE JUST HOW MUCH IT REALLY COSTS. We want you to try the range for yourself, to enjoy its advantages in your own kitchen. And once you have known the delicious flavor it imparts to foods, its cleanliness, its coolness and its convenience, we believe that you will never again go back to any other method of cooking.

We will take care of applications for these trial installations in the order they are received. Send in your request early to avoid disappointment. Call any Detroit Edison office.

(Single residences and multiple family dwellings up to and including four families are eligible for this offer.)

## Enjoy These Advantages of Electric Cooking!

- CLEAN.** Electric heat is as clean as sunlight. Imagine a stove that supplies only PURE heat from a glowing wire! There is no smoke or soot to blacken utensils or soil kitchen walls and curtains.
- WATERLESS COOKING.** With your electric range you use no water for roasts and only half a cup for vegetables.
- MODERN.** Unusually attractive in design, these modern electric ranges do much to brighten and add a feeling of newness to your entire kitchen. They are finished in smooth, lustreous porcelain and sparkling metal—features of special importance to the woman who likes to keep things clean.
- HEALTHFUL.** Electric cooking seals-in nourishing juices and natural elements in meats and vegetables. Important minerals are retained, instead of being lost in steam. Half-a-cup of water is ample to cook vegetables, and there is no flavor-laden residue of water to be poured down the sink when the cooking is finished.
- FULL FLAVORED.** Electric cooking has a deliciously different flavor—a natural flavor in foods. Meats and vegetables cook to melting tenderness in their own juices—and cakes are light and fine-grained, with a uniform, even texture. You must TASTE the golden, fluffy biscuits and flaky pastries that one can bake in an electric oven!

ELECTRIC COOKING COSTS LESS THAN ONE CENT PER MEAL PER PERSON

"THE UNITED STATES has given more consideration to building and loan associations than any other type of an institution and for the very good reason that these associations have accomplished the most wholesome results in thrift and home ownership, and the promotion of these objects is absolutely essential to the welfare of the United States."

### Federal Land Bank Speeding Aid To Nation's Farmers

Loans to Michigan farmers through the St. Paul Federal Land Bank are being speeded up along with the loans in other districts, according to Henry Morgenthau, Jr., in charge of farm credit, who points out that \$810,700 was loaned by the St. Paul Bank during September.

Loans made by the Land Banks for that month were nearly one-half of the total amount loaned in the whole of 1932. Applications for federal farm loans piled up in such quantities immediately following the liberalization of the loan policy that the Banks did not have the facilities nor the personnel to handle them.

The first step to catch up with the volume of business was to enlarge the force of appraisers who must inspect the farm before a loan can be made. That has now been done and the accumulated applications are rapidly being considered. More appraisers are added as rapidly as competent men can be found.

Two types of loans are made on farm property. The first is a first mortgage which can be for an amount equal to one-half the normal value of the land plus one-fifth of the value of the buildings. In some cases, an additional loan can be obtained direct from the commissioner with a second mortgage on the land and chattel mortgages on farm property as security. The total of the two types of loans can not exceed three-fourths of the normal value of the property offered as security.

Federal farm credit can not relieve the financial difficulties of all farmers because the law demands that the loans be secured with a certain amount of property. Interpretations of this law have been as liberal as possible and the interest rates charged are low.

It has been found possible in some cases to get the creditors of individual farmers to discount their claims enough to permit their payment with the government loans when it would have been impossible to afford financial relief if all creditors demanded the last penny.

Land Bank funds are obtained by the sale of bonds in the open market and the public will not buy bonds which they believe are not secured by good collateral. Farm land at normal values is first class collateral, but farm mortgages based on boom values are not good security today for bonds.

### After Polar, Then Altar Trip

When Paul Siple, famed Eris Pa. Eagle Boy Scout, returns from the South Pole, he will embark on another voyage—this time on the Sea of Matrimony. Ruth I. Johannesmeyer, above, of Meadville, Pa., has announced their engagement. Siple, who accompanied Admiral Byrd on his previous polar trip, is shown above with the flag he will place at Little America on behalf of the Boy Scouts of America.

### Parent - Teachers Institute - Nov. 2, 3, 4

What promises to be the most important event of the year for parents, teachers, social workers, and others interested in the field of Parent Education, will be held at the University of Michigan on November 2, 3 and 4, with the opening of the Fourth Annual Parent Education Institute in Ann Arbor. The Parent Education Institute is a joint project of the Michigan Congress of Parents and Teachers and the Extension Division of the University of Michigan.

Outside speakers of national reputation have been obtained for the two-and-a-half-day session of the Institute. Mrs. R. E. Langworthy of Winnetka, Illinois, first vice-president of the National Congress of Parents and Teachers, is scheduled to speak on Thursday morning at 10 o'clock. Dr. Frankwood E. Williams, internationally known psychiatrist of New York City, will be the speaker at the evening meeting on Thursday at 7:30 o'clock in the Lydia Mendelssohn Theatre. This meeting is open to the public. Dr. Williams will again speak on Friday morning at 9:30 o'clock. On Friday afternoon at 2 o'clock Dr. Paul Voelker, state superintendent of public instruction, will give the principal address and in the evening Mrs. Langworthy and Professor William Clark Taylor of the University of Michigan, will be the speakers at the annual dinner, Saturday morning at 9 o'clock. Dr. Frank N. Freeman, Professor of Education of the University of Chicago, and Floyd Dell, the well known novelist, will appear on the program. These two men will also speak at the luncheon meeting Saturday noon at the Michigan Union.

The Institute opens on Thursday morning, November 2 at 9 o'clock in the auditorium of the University High School. Speakers at the first session are Mrs. D. W. Stewart, Saginaw president of the Michigan Congress of Parents and Teachers, Mrs. Langworthy and Dr. Marguerite Wilker, director of the University of Michigan Nursery School. Additional University speakers on the program are: Dr. Willard C. Olson, Dr. Arthur E. Wood, Dr. Arthur Moehlman, and Dr. S. A. Couris. Besides the above mentioned University professors, Dr. Mand E. Watson, of the Children's Center, Detroit; Judge D. J. Healy of the Juvenile Court, Detroit; Mrs. Fred M. Raymond, Grand Rapids; Mrs. J. K. Pettengill, Lansing; and Mrs. H. R. Lewis of Detroit, will participate in the program.

This meeting is officially sponsored by the Michigan Congress of Parents and Teachers, but anyone interested in Parent Education is invited to be present. There will be a nominal enrollment fee of \$1.00.

### 'Gator Garter

Proving that alligators can amount to something besides shoes and traveling bags, Earlene Heath of Los Angeles displays two precocious youngsters of the scaly tribe performing a "garter and bracelet" act. And, witnessing her power over them, who said that reptiles are cold-blooded?

Those who pay this fee will be admitted to all sessions of the Institute. There is no charge for the evening meeting on Thursday; the dinner on Friday and the luncheon on Saturday are open to those who purchase dinner or luncheon tickets, even though they may not have enrolled in the Institute. Parent-Teacher locals throughout the State are expected to send a delegate to the Parent Education Institute this year.

Others may use shotguns, pistols and other weapons for defense, but not James Arlington, of Chicago. He was busy mopping up the floor of his restaurant when a man bent on robbery entered and was promptly floored by one swing of the mop. The intruder was Author Mannus, 23, who was arrested by police.

### West Plymouth

Mr. and Mrs. George Richwe returned Monday from a visit to the Century of Progress Exposition at Chicago.  
Mr. and Mrs. Miller Ross were dinner guests of Mr. and Mrs. Lyman Oehring at Detroit Wednesday evening.  
Mrs. Elsworth Truesdell and little son of Northville spent several days with Mr. and Mrs. H. C. Root. Mr. Truesdell continues a slow improvement in the Ann Arbor hospital.  
Members of Mrs. J. F. Root's Sunday school class, the Misses Agnes and Marguerite Mattison, Irene Beckwith and Valency Burden, accompanied by Mrs. Mattison and Mrs. John Kainz enjoyed a hike and a portluck dinner at the Root home Saturday. On Sunday the officers and teachers of the Independent Baptist church school met at the same home. After a cooperative dinner a conference for the purpose of increasing efficiency in the school was held.  
Mr. and Mrs. Ferris Stone and son Detroit, and Mr. and Mrs. John Seller of East Jordan, Michigan visited Mr. and Mrs. Carmen Root Saturday evening.

### Newburg

A good crowd was in attendance at the L.A.S. Homecoming and bazaar at their hall last Thursday evening. A number of old friends from Detroit, Dearborn and Plymouth were there.  
Mrs. Blanche Wagener and son of Williamston spent the week end with Mrs. Raymond Grimm.  
Mrs. Wm. Lomas is visiting her sister Mrs. Chas. Sumnerfield at Rockford, Ill.  
Mrs. L. Clemens and daughter Gladys spent a few days in Grand Rapids last week.  
Mr. and Mrs. Conley, Mrs. Kate Eldred, Mrs. McDade of Detroit, Mrs. Ella Wright and daughters, Mrs. Myrilla Bassett, Mrs. Marjorie Seymour and daughter, were called on by Mr. and Mrs. Wm. Smith Sunday afternoon.  
Friends of Mrs. John Blair are sorry to learn of her illness.  
Bad luck must be trailing Edward C. Kirk, Jr. of Charleston, W. Va. In November, 1931, he was struck by a train and lost his leg. A year later he was struck by a car and lost his left eye. The other day he reached for his artificial leg, but his glass eye didn't register a gun on the dresser. He knocked the gun to the floor; it discharged and put a bullet into his right arm. At a hospital a surgeon took off his arm.

**Declares Wiemer's Record A Good One**

Mrs. William Martin, who resides at 250 Elizabeth street, Plymouth, declares that statements of officers pertaining to the past record of George Wiemer who has been sentenced to life imprisonment for the murder of an Ann Arbor resident, are incorrect. Wiemer worked for the Martin family for nearly nine years while the Martins operated a farm on the Pontiac road just out of Ann Arbor. After they moved to Plymouth their acquaintance with

Rock Gridders Tie Ecorse 12-12

Although holding the Ecorse gridders to a 12-12 tie they did not show the fighting spirit which they had in the Dearborn and Ypsi games. Ecorse gained much of their ground on fast end runs and also on a few very accurate passes. Ecorse had the ball the larger part of first quarter, but both teams scored their touchdowns in the second and third quarters. Ecorse had a very fast backfield and a much heavier line than Plymouth. The Rocks made long gains on lateral passes and end runs. One of our touchdowns was scored on a long forward pass from Levandowski to Kinsey. Blackmore and E. Gates made a number of good tackles and did a great deal of very good blocking.

First Quarter Bassett made a good kick off to Trondle on the ten yard line and returned the ball to the thirty yard mark. Haggerty tried his own left kick but was hit by three Plymouth players on the line of scrimmage. Oulette, Ecorse's right half-back, made six yards around left end. He again tried left end and made a first down. Trondle attempted to go around right end but he was hit by Blackmore for a two yard loss. Trondle again swept around right end for eleven yards. The Plymouth team then took time out. Oulette gained seven yards at left end, and Haggerty made a first down through center. Trondle dashed around right end for a gain of eight yards. Haggerty again made about fifteen yards through left tackle but Ecorse was penalized five yards for an off side. Oulette gained back eight yards on a left end run. Haggerty then passed through center, he then smashed center for a first down. Oulette made two yards on a wide sweeping end run. Nagy then hit the center of the line for a gain of two yards. Trondle attempted to go around right end but Bassett broke through and hit him for a five yard loss. Trondle then fumbled and Gates recovered the ball on his own twenty yard line. Kinsey then attempted to punt but he was hit for a five yard loss. Kinsey then got off a poor boot on his own twenty-five yard line. In two attempts around right end Trondle gained nine yards. On a fumble Ecorse lost a yard. With fourth down and two yards to go, Nagy hit center for five yards. Oulette made three yards at right tackle, and Haggerty made six yards at the center of the line. Nagy made a first down through his own left tackle, placing the ball on the Rock's thirty yard line. Nagy made a yard at center as the first period ended. Plymouth 0, Ecorse 0.

Second Quarter On the first play Trondle crashed through left tackle for a touchdown. Haggerty passed for the extra point but it was incomplete. Haggerty kicked off to Stevens on the forty-five yard line. Kinsey tossed a lateral to Levandowski for a gain of fifteen yards. McEllan hit center but made nothing. Levandowski then fumbled and an Ecorse man recovered the ball. Oulette tried his own left end but he was tackled by Stevens for a seven yard loss. Trondle tried the same end but was hit for a yard loss. Haggerty punted to Kinsey on the thirty yard line and he was downed in his tracks. Levandowski made seven yards around right end. Champe then dashed through left tackle for five yards. Levandowski made a yard at center and the local team was penalized for backfield being in motion. Kinsey then punted over their goal line and the ball was put into play on the twenty yard line. Oulette tried center but he was tackled on the next play of scrimmage and on the next play he lost a yard at the same place. Haggerty kicked to Kinsey on the line and White's own forty yard line and he brought it to Ecorse's thirty-five yard line. Levandowski made two yards at left tackle, he then faked a pass and was hit for no gain. Ecorse's team was penalized five yards for an off side. Levandowski then passed but it was knocked down. Kinsey got off a beautiful punt to the thirty-three yard line where the ball was downed by Elliott. Haggerty punted from behind his own goal line to Kinsey on the thirty yard mark. He returned the ball to Ecorse's eighteen yard line. Levandowski made three yards at center and Champe gained five at right tackle. Levandowski again hit center for a first down. Bomdermak was sent in for Digne at left guard. Levandowski dashed around left end for a touchdown. Bassett missed the extra point. Horvath replaced Oulette at right half and Rhey was put in for Baklarz.

Bassett kicked to Haggerty on the ten yard line and he returned the ball to the thirty yard mark. Horvath made a yard through center. Haggerty attempted a long pass but it was knocked down by Kinsey. Haggerty then tried to punt but he was hit by Elliott for a ten yard loss as the second period ended.

Third Quarter Both teams used starting line ups for the second half. Bassett kicked to Nagy on the ten yard line. Nagy was forced out after returning the ball five yards. Trying center. Oulette gained two

yards. Trondle gained six yards trying left end. Haggerty also trying left end gained five yards. Oulette gained two yards off left end. Nagy gained nothing after recovering his fumble. Time out for Ecorse. On the twenty-five yard line Haggerty kicked to Kinsey who returned the ball to the thirty-two yard line. Levandowski trying left end gained four yards. He fumbled while starting around left end after receiving a lateral. Gates recovered. Champe gained a yard through center. Kinsey kicked out on the twenty-six yard line. Trondle gained four yards off right end. Time out for Ecorse. Guindon for Crosswell. Oulette gained nothing trying right end. Haggerty kicked to Kinsey on the forty yard line. Kinsey, after returning the ball four yards, fumbled. Ecorse regained the ball. After Oulette four yards trying left end. Ecorse was penalized fifteen yards for holding. Oulette, again trying left end, gained ten yards. Trondle and Haggerty, on trying right end, gained two yards. Haggerty then kicked outside on the forty-yard line. Kinsey's pass was intercepted by Trondle at the forty-yard line. Trondle then passed to Backlarz on the thirty yard line. Backlarz then ran the rest of the field for a touchdown. Nagy kicked incomplete. Backlarz kicked off to Levandowski on the thirty-eight yard line. The latter returned the ball seven yards. Levandowski passed to Kinsey for a touchdown. Bassett kicked incomplete. Bassett kicked off to Trondle who returned the ball from the ten to the thirty-two yard line. Oulette on a double reverse play, was forced out after a fumble. Kinsey for a touchdown. Haggerty gained four yards through center as the quarter ended. Plymouth 12, Ecorse 12.

Fourth Quarter A. Gates for Kinsey. Haggerty gained seven yards through right tackle. Oulette gained five yards through center and passed incoming. Kinsey then passed trying left end. Plymouth took the ball after Haggerty gained two yards through center. Kinsey for A. Gates. Levandowski, after recovering his fumble, gained five yards. Levandowski, trying left end, gained forty-eight yards, placing the ball on the fifteen yard line. Time out for Ecorse. McLellan, trying end, gained nothing. A lateral pass from Champe to Levandowski gained nothing. Levandowski passed incomplete on the goal line for a touchdown. The ball was then placed on the twenty yard line in the possession of Ecorse. Oulette gained six yards through center and Haggerty taking the ball around right end placed the ball on the forty-two yard line. Oulette taking the ball on a lateral gained twenty yards. D. Gates for E. Gates. Trondle gained ten yards around right end. Haggerty gained a yard also around right end. Trondle lost two yards trying center. Ecorse was then penalized fifteen yards for holding. Haggerty passed to Trondle for a gain of twenty-six yards. One yard from final down. Haggerty made two yards through center. Trondle gained nothing around right end. Horvath passed incomplete. Oulette gained five yards around right end. Plymouth recovered Haggerty's fumble. Taking a lateral from Champe. Levandowski passed incomplete. Again Levandowski passed, driving a five yard penalty. Kinsey received Levandowski's pass for a first down. Levandowski passed incomplete and next trying left end gained twelve yards. Crosswell for Guindon. Pinkerton for Blackmore. Levandowski gained two yards on a lateral from Champe. Levandowski lost ten yards looking for a receiver for a pass as the game ended. Plymouth 12, Ecorse 12.

Central Grade School Notes

Robert Zielasko, Barbara Davis, and Leo Schrader brought their jack-o-lanterns to kindergarten, while Marlon Matheson and Ann Ray brought pumpkins in which the children helped Miss Wurster make faces. The children have decorated the room with jack-o-lanterns, cutle rilling on moons, witches on broom sticks, and black cats. They are learning the following songs and poem: "Jack-O-Lantern Yellow," "To Scare Some Poiks on Halloween," and "Come Little Leaves." In Miss Trammels room there are two new pupils—Billy and Marjorie Woodson. The class has learned three new songs: "Little Jack Frost," "Jack O' Lantern," and "Halloween." The carries and hushhush reading groups in the 1B have finished their pre-primers and are now making dictionaries.

Mrs. Campbell and Mrs. Labie visited Miss DeWale's room last week. This room has been doing chalk-talk, that is the teacher draws pictures which tell a story and the pupils tell the stories. The room is decorated in the Halloween theme. A health village with the street-named after various health activities such as milk fruit and cereal is the latest project of the pupils in Miss Frantz's class. The second graders have brought plants for the room and these together with the bright Halloween decoration make a very colorful room. Dan and Perkins from Miss Sir's room has been ill this week. Those who have 100% in spelling all week do not have to spell on Thursday; instead they can work on a border; these people have put up a new border. Mr. Smith visited one day last week and was quite pleased at the progress that is being made. Margaret Jean Nichol's team is ahead in spelling. The third graders are learning the poem "October's Party."

In Miss Weatherhead's room there were nineteen A's in spelling. Mrs. Evans and Mrs. Derloff visited here last Monday. Russell Wilson has been transferred from Starkweather to this grade. Virginia Milton has left Miss Exelbourn's room for Detroit. Holt's pupils brought pictures of Niagara Falls and discussed them. They are learning "The Arrow and the Song," for language class. The fifth graders had reports on a booklet named "Coffee from Tree to Cup." Mrs. Holliday's pupils, having finished the story "The King of the Golden River," have made pictures portraying the story. Harold Wilson has entered this room coming from Starkweather. Isabel Nalrin's spelling team is ahead with three points. Margaret Erdelyi, Norman Petersen, and Richard Strong had the highest in the first self-testing drill in the 6 B's. In the 6A Dorothy Barnes had the highest. For language class the 6 B's are writing dog stories. Miss Fenner is reading "Treasure Island" to the room. Current events are being studied weekly.

Meeting Plymouth's negative team here Saturday, three of River Rouge's debaters, upholding the affirmative of this year's debating question, "Resolved that all broadcasting in the United States should be through stations owned and controlled by the federal government," debated in Room 14 at 9 a. m. The affirmative team, which was accompanied by eleven of the River Rouge debaters, proposed that the evils in the present system be remedied by direct federal operation of radio, supported by advertising. Plymouth's debaters, including Harry Fischer, Russell Kirk, and Ruth Hadley, defended the present system and proposed that its evils be remedied by evolution, opposing the negative's plan as unsatisfactory. There was no decision. River Rouge has about eighteen debaters on its squad in comparison to Plymouth's twelve. It was this school which was Plymouth's most formidable antagonist last year. This debate was the third of a practice series, the other two schools being Royal Oak and Ann Arbor. More will be held in the near future.

River Rouge Debates Here

Mrs. Alice O. Allen, of Cove. Ore., pioneer, wore glasses for many years. She was nearly blind. Recently she regained her eyesight and laid the glasses aside. Second grade came nearby and without optical or medical aid. She is 75. Upon his knees he prayed each day Against the king's Danes. For which he braved the lion's den Escaping harm, was free. Then they brought the wicked men With their wives and babes Destroyed them for their enmity And Daniel was saved. Miriam Jolliffe

More Ballads

We print below several ballads written for senior English class after an assignment on the ballad had been studied. The Curse of Elijah II King 2:23-25 There went a man by Bethel way And Elijah was his name, sir. The children laughed and mocked at him, "Go up thou bald old man, sir!" He turned around and looked at them. He cursed them squarely, roundly. He cursed them in the good Lord's name. In fact, he cursed them soundly. Two bears there came, full strong And huge. For sure the woods so soft, sir. And tore them just like she bears do. Not one did she let live, sir. Full two and forty there did die. For want of fact and knowledge. Had they all gone to college, Merna Van Tassel

Ballad Israel loved his youngest son Better than all the others. For Joe a gaudy coat was made. Envy'd by all his brothers. "Queen dreams this kid has in his head," Said older brother Rube. "He plans dominion over us," Spoke up the jealous Jude. "Come, let us do away with Joe, No good can come of him." But brother Rube arose and said, "Away this evil whim." No more was said. The boy appeared Delivered into their hands. The brothers strip him of his coat And into the pit he lands. When soon they saw the merchant's come A note they thought to make And sold him to the former ones From whence he went to Egypt. When later gazing in the pit They could not find the lad They bathed his coat in hot sheep's blood And took it home to dad. Up in grief the old man rose When he saw the coat And learned that his beloved son Was devoured like a goat. For many years the father mourned And lived as in a dream While far away in Egypt land His son did reign supreme. Wesley Kaiser

David and Goliath The Giant of Gath, the great Goliath. The hugest man of greatest valor Among the host of Philistines Came forth in shining armor And loud he cried in awful tones, "He there a man in all your roll? Who'll come upon this battle-ground And meet me face to face?" Then from the ranks of Israelites Stepped out a shepherd youth, "I shall fight you, O Giant of Gath, And conquer for the Truth." The giant he laughed both loud and long And said right merrily, "He this the strongest man in all That camp of your enemy?" "Laugh not, laugh not, O Giant of Gath. For you will have to yield: You have no weapon but sword and spear While Israel's God's my shield." Then David chose a good round stone. He took it carefully. He swiftly shot his sling And slew him as he came. Then marching up with prideful step He drew the giant's sword, And as he severed the giant's neck, The army their praises roared. Isabelle Winkler

The Story of Daniel It was the faithful Daniel, A prince beneath the king, Made leader of the royal realm In whom a fault they sought to bring. He drew the giant's sword, And as he severed the giant's neck, The army their praises roared. Isabelle Winkler

Class Room Activities And Plans The third hour section of Miss Waldorf's English 10 class studied last week the story of "The Three Strangers," written by Thomas Hardy. During the discussion the question was brought up whether or not the first stranger should be punished for stealing a sheep. This in turn brought up the question whether we should have capital punishment in our state. In order to equalize the opinion a debate will be held on the question. Resolved, that Michigan should have capital punishment. The affirmative will be supported by Robert Herrera, Myrilla Savery, Harold Wagenschütz, Alice Landow, Winona Rowland and the negative by Marguerite Dougherty, Frances Bridge, Robert Vignard, Howard Holmes, and Ardyth Wesseling. The SA Foods class are learning to make beverages. This past week they have been making coffee—in a percolator and in a dripulator. They found the coffee made in a dripulator to be better. They have been cooking the finely ground cereals—corn meal, and cream of wheat. The 7B Clothing class are making aprons of pretty flowered material, trimmed with bias tape. The 7A2 history class of Miss Berg, recently completed a project of the Middle Ages which included is a work of art. They drew pictures of knights, monks, monastery life armor and weapons, castles and pilgrims. These pictures were all very well done and look realistic. The class then put them in a book and labeled it "Middle Ages." Miss Berg says that is one of the best projects which has ever been handed in to her. Civics classes have finished the first part of their vocational work. Miss Hart's second year Latin classes have had oral monthly tests over the translations studied.

Hi-Y Initiates New Members

The Hi-Y held a formal initiation for the new members last Friday. All members of the Torch Club having been voted on last semester, only a few fellows without Hi-Y experience were voted in. The ceremony made a deep impression on many members. President Oscar Luttmoser read to us what the Hi-Y vows meant, and the purpose of the Hi-Y. The four planks of the Hi-Y, Clean Sportsmanship, Clean Speech, Clean Scholarship, and Clean Living were thoroughly explained in relation to Hi-Y work and the formal initiation was over. The following fellows were initiated: Arnold Ash, Alva Elzer man, Norval Bovee, Darold Cline, Harry Davis, Elwood Elliot, Wilber Kinrade, Herbert Kalmbach, James Livingston, Laurence A. Moe, Marcus Scheffer, Harry Shoemaker, Robert Sileoff, Arthur Smoyer, William Statacz, Max Sweegles, Rex Swegles, Jack Wilcox and Harold Williams.

Torch Club Discusses Interesting Topic

The Torch Club spent most of its meeting Friday discussing "Gunshots," (fellows who go around shooting peas and beans from pea blowers.) Most of the fellows agreed that "Gunshooters" are annoying to nearly all other people, and that we should discourage this form of amusement. After discussion was over, Harry Fisher announced that a home meeting would be held at his house next Wednesday. Probably the thing that will be enjoyed the most—also the least—at the home meeting is informal initiation.

Travel Club Inspects Greenfield Village

The Travel Club of Plymouth high school visited Henry Ford's Greenfield Village at Dearborn on Saturday, October 14. The members also saw the museum. Here many of the girls had their pictures taken in the tin type shop. Among the many things they saw were the old time steam engines, the Lincoln parlor suit, the Edison home, an old Scotch settlement school, and the old buildings and the grand parents used. The group went from building to building by means of Victoria horse coaches driven by coachmen.

Class Notes

The twelfth grade English class has completed the study of Chaucer and the Norman Period of Middle English and is beginning the study of literature in the Elizabethan Age.

Drama Club Elects New Representative

The Senior Drama club has elected Eva Scarpulla as its Student Council Representative for this year. Eva has been quite active in dramatics the last few years and we are sure she will serve the club well in her new capacity. At the last meeting of the Senior Drama club two groups led by Jack Wilcox and Ruth Micheline presented brief sketches portraying poverty. Ruth Micheline's group won according to the judgment of the club.

A large black dog was rescued a few days ago from an iceberg off the Newfoundland coast by the crew of the cable repair steamer Cyrus Field. Officers estimated the animal had been on the iceberg three weeks. It was so emaciated that only small quantities of food were fed at intervals.

**SOCIETY AFFAIRS**

The "miscellaneous" shower given Friday afternoon in honor of Mrs. Elmer Anstin (Eva Brown) by Mrs. Walter Sisley, Mrs. Kenneth Thorpe and Mrs. Peter Munster, at the home of the latter on Amelia street was a most delightful affair. Seventeen ladies were present who showered the bride with innumerable gifts, all useful. The guest of honor did not have her gifts brought to her as so often is the case but had to locate them by following the ringing of alarm clocks, set a short time apart, which proved most amusing. Luncheon was played and during the game candy in colors appropriate to the season was served. Mrs. Paul Houchins won first honors, Mrs. E. F. Anstin, second and Mrs. E. E. Brown consolation. A dainty lunch followed served at two long tables with Mrs. Thorpe and Mrs. Munster presiding. Those present were the bride, her mother, Mrs. Brown, Mrs. E. F. Anstin, Miss Beatrice Anstin, Mrs. Houchins, Mrs. Frank Karker, Mrs. Carl Greenlee, Mrs. L. E. Wilson, Mrs. Charles Gruber, Mrs. Mrs. Howard, Mrs. M. J. and Jack Arnold, Mrs. Frank Dmu, Mrs. Willard Lockwood, Mrs. W. D. Lockwood and the hostesses.

Miss Coraline Hathburn entertained a group of twenty-four school mates Friday evening at her home after the Junior Class dance at the school. A jolly time was passed in playing various games, eating popcorn and apples and drinking cider. Those who enjoyed Miss Hathburn's generous hospitality were Evelyn Horalacher, Rosemary West, Catherine Dunn, Margaret Buzzard, Jane Whipple, De-light Taylor, Miriam Joffe, Ruth Menrin, Floesia Rowland, Mary Mettrall, Emily Potosky, Dan Carmichael, Sheldon Baker, Sanford Knapp, J. D. McLaren, Oscar Luttenmoser, Jack Smith, Clarence Levandowski, Eyd Hetsler, William Thams, Warren Bassett, Marvin Schmidt and Wesley Knisler.

Thursday evening Mr. and Mrs. Elmer Reichnecker of Ann Arbor are entertaining at a six-thirty o'clock dinner with Halloween decorations at the Haunted Tavern in that city. Following the dinner the guests will be taken to the Reichnecker home on Burwood avenue for an evening of cards and music. The guests included Mr. and Mrs. Edson O. Huston, Mr. and Mrs. Austin Whipple, Mr. and Mrs. William Wood, Oscar Huston of Plymouth, Mr. and Mrs. Elmer C. Histon and Mrs. Jennie Ballard of Birmingham.

### WALKS IN FRONT OF AUTO, WORKER KILLED

The second fatal accident on the Plymouth-Northville road as the result of carelessness on the part of pedestrians took place last Saturday evening just after dark near the Pere Marquette depot in Northville when James Cull an employee on the highways of the county, was struck by an automobile and instantly killed. Cull, who was 35 years of age, had started across the paving with a load of wood on his back. He had apparently waited until one car had passed and then started across the street, walking directly in front of another machine that was driven by Cleatus Ratts, an employe of the Ford factory in Northville. He was killed instantly. After being questioned by Chief of Police William Stafford, Ratts was permitted to go as he was found blameless in the matter. Because the enactment of a state law some two years ago, the body was permitted to lay on the paving for nearly an hour before being removed to the county morgue. Cull was married and had two children. He had lived in Northville for about a year.

### Public Libraries Aiding The Jobless

"Public libraries of Michigan are today proving their usefulness as never before," according to Mr. Carleton B. Jaekel, speaking at the annual meeting of the Michigan Library Association, held in Chicago in October in connection with the annual convention of the M.L.A. Books on new ways to earn a living are in great demand. "Can you get me a book that tells how to raise frogs? I have 400 fish hatched out on me this morning and don't know what to feed them. I want to learn about rabbits and fur-farming." Such requests are typical of the calls that are being met daily by the public libraries throughout the state.

A survey shows that there is a steady use of the books on fruit culture, poultry raising, the growing of mushrooms, and the keeping of bees. Men are asking for government pamphlets on soils, books on electrical engineering or radio making, handbooks on mining and methods of salesmanship. One library reports that men are now using cookbooks more than the women and that there are many questions on how to make bread. The women are asking about how to plan a family budget, or start a beauty parlor, method of rug making or the building of chicken coops.

All Michigan public libraries report an increase in the number of people who are using their time to fit themselves for new jobs, or be-

### Denton Postoffice Has Been Abolished

Denton people have called at the postoffice for mail for the last time. Not again will they say, "Any mail?" before asking the price of potatoes and sugar in the grocery store which shelters the Post Office.

The order has been issued that the Post Office in Denton is to be discontinued and the home served by a rural carrier on a Belleville route.

Of the four rural routes that go out from Belleville Post Office, two south and two north, Denton will be served by Route No. 1, and John F. Savage is the mail carrier. Letters for Denton people will be addressed in future R. F. D. 1, Belleville, Mich. Mr. Savage has heretofore passed through Denton, but now his route will be nine-tenths of a mile longer, and he will serve every home in Denton, not only leaving and gathering up mail but cashing and writing money orders, selling stamps, postcards, envelopes, handling registered mail and C.O.D. packages.

"Post Office on wheels," is what a rural mail-carrier has been called. But any household desiring service must have a No. 2 box erected by the side of the street. Denton will be cared for on Mr. Savage's return trip, and in the beginning at least it is likely that mail will be received about half past twelve.

Hiram Eberle was the first postmaster, and at his death his wife succeeded to his office; she retained it after becoming Mrs. Francis C. Anderson by a second marriage. Henry Babcock, John Kilsie and Samuel Joslin followed the Post Office being located sometimes in the older part of the town on the north side of the railroad tracks and sometimes on the south side. Lee Newton held the office, and from him it passed to his son, E. A. Newton, the present incumbent, who becomes the last postmaster. The Post Office is situated in the Newton grocery north of the old hotel near the railroad track.

Denton people regret the passing of the Post Office and apprehend the effect of the town. Although there was once considerable shipping of stock from this point, and a mill and shops where shoes were made, there is now but one store—the Newton grocery—and a feed store within the town. There are between 200 and 300 residents in the town.

For the first time in four years, the Swisher County Jail, at Tullia, Tex. was without an occupant. Subsequent prisoners will get a "break" for the place is being cleaned and disinfected.

Some better informed on such timely problems as the NRA, the farm situation or control of the liquor industry.

### Buying Is Essential To Recovery Says President

Certain phases of the National Recovery Administration's buying campaign merit careful consideration.

The President said in his statement of June 16, when he signed the Recovery Act, that the long-dormant buying power must be brought into lines with increased cost of production. But he wisely withheld advice to the people as to when to start supplying their prudent needs until there was ample and unmistakable justification. He waited until he was convinced that the many hundreds of thousands removed from the ranks of the unemployed were being continued in their jobs, thereby creating an absolutely new purchasing element in very community. These reactivated citizens finally have been enabled to qualify as consumers.

And other hundreds of thousands were removed from part-time to full-time employment. Thousands of factories all over the land continued to acquire stocks of raw materials in July, August, and September in a manner which showed that the upturn was sustained by forward orders from wholesalers who, in their turn, reflected that they at last recognized as a genuine restoration of public confidence in their respective regions.

Banking and industrial statistics show that the reabsorption of 3,000,000 workers, based on minimum wages by NRA, which apply only to what is termed "common labor," of itself creates a buying power in this country of several billions per year. That impetus in trade, which did not exist 4 months ago, would push up prices, without considering the logical incentive of employers to cover their increased costs of operation.

Another salient feature of this campaign is its name, "Now is the time to buy." The people, upon whose intelligence the President depends for its success, should accept it and support it for what it is—a considerate and valuable reminder of our duty to ourselves and to each other.

### Removal of Tree Recalls Early Days

There has been much speculation during the past few days as to the age of the great oak tree that was removed the other day from in front of the Schrader funeral parlors. Although every effort has been made by Fred D. Schrader to keep the tree alive during the past few years, each summer has witnessed an increasing number of bare branches in the top of the tree

and a few days ago the forestry crew of Wayne county found it necessary to cut the tree down. Although no effort was made to count the rings on the stump, those taken down, estimated that there must have been considerably over 100 rings. The oldest residents of the town recall the tree as always having been a large one.

When the street was paved some 25 years ago, an effort was made to prevent damage to it, as well as the other trees that lined the thoroughfare. This one, however,

### Plymouth Library Aids Consumers

Plymouth residents will find at the library a new bulletin called the "Consumer's Guide," issued every other week from Washington D. C. This pamphlet shows comparative prices of foods in 51 cities in the United States.

Consumers are asking "Are increases reasonable?" and "Who is getting the extra dollars?" Below the charts showing retail prices is given the price the farmer gets for his products. The government is trying to give more of the consumer's dollar to the farmer and happened to stand almost in the middle of the walk and when the concrete walk was constructed to take the place of the old board walk that did so many years of service to that part of the town, workmen built the walk around the tree, leaving a large opening so that it could be watered. This precaution aided for many years. Mr. Schrader seeing to it that almost a steady stream of water was run into the concrete opening around the tree each summer.

The removal of the tree has caused a considerable difference in the appearance of Main street, as it has been a familiar sight since the founding of the city nearly 100 years ago.

less to the middleman. The cost of distribution and cost of expensive services in stores can be decreased a great deal and some of the difference given to the farmer for the food and products which he grows. The following paragraph is quoted from the guide: "Consumers can make a big contribution to the campaign to help the farmer by watching the margins between their retail prices and farm prices, reported in each issue of this guide. This is their protection, too, against unfair price advances. Where the middleman's margin seems to grow too fast, report this to your local consumer organization. Ask them to investigate for you. Help the farmer and help yourselves by watching where your food dollars are going."

The librarian will be glad to give you the issues of the consumer's guide already received at the library.

### Mission Society To Aid Indian Children

The newly organized Ladies' Mission Society of St. Peter's Evangelical church met at the home of Mrs. Oliver Goldsmith on Wednesday, October 18th. The following officers were elected: Mrs. A. Kehrl, president; Mrs. E. Hoenecke, secretary and Mrs. O.

Frelhelt, treasurer. A very fine lunch was served by the ladies, having their birthdays during October. They were: Mrs. O. Goldsmith, Mrs. Wm. Sakerska, Mrs. Paul Groth, Mrs. William Ash, Mrs. Howard Last and Miss Amella Gayde. A discussion was led by the pastor on our Indian Mission among among the Apaches in Arizona. The purpose of the society is solely to sponsor Missionary work to care for the spiritual need of those who are without Christ. However, the

society has decided to come also to the physical aid of the children at our Indian orphanage by sewing for them at the meeting. The society will not confine itself merely to the variegated charity and welfare work in his community, but is expressedly a Mission Society.

County authorities near Bakerfield, Cal. have a new problem with which to deal. Within the past few months more than 300 colonies of bees have been stolen from apiaries in the county.

State Flooded With Departmental Self-Praise Articles

Latest Effort Is to Juggle Yearly Totals In Attempt

By V. J. Brown

Never before in the history of this nation has propaganda in such huge doses been administered to the reading and listening public. An American can scarcely pick up a newspaper that his eye does not rest on some article, column or relief which emanated from some Washington bureau. To the same degree is the citizen of Michigan being regaled with publicity prepared at his own expense in some tax supported department, bureau or commission. Much of it is far removed from the facts as the moon is above the sea.

Scarcely a department at Lansing can now claim immunity from the charge that paid publicists are cutting up the records of the state and pouring in by a distressed and perplexed citizenry. Every newspaper office in Michigan is being virtually submerged under a barrage of colored publicity, all too much of which is floating its way into the public print and which is being taken at face value by a gullible public.

One of the latest attempts to deceive the public is to be found in a recent release to the press which purports to show a marked reduction in the number now on the public payrolls of the state. This document is so innocent on the face of it that many newspaper editors have accepted it, some even going so far as to give the article favorable editorial comment.

The article in question comes from the office of the auditor general, John K. Stack, Jr., and is released over his signature.

Recognizing the showing attempted to be made is the contrast with statements made by the writer in previous articles and because the showing attempted to be made is not in accordance with the true facts, this article is prepared to subject the alleged payroll report to at least a degree of analysis and scrutiny.

The casual reader will of course accept the contrasting totals and at once jump to the conclusion that considerable progress has been made in the matter of reducing payrolls. When the true facts are presented he will not rejoice to any great extent.

**Highway Figures in Error**  
According to the records of the highway department for June of 1931 on file in the office of the auditor general, department employees exclusive of laborers and mechanics engaged in actual construction work on force account number exactly 737. When Mr. Stack gives the number as 3817, he must have taken the names of all employees, many working part time, out on the road doing shoveling, holding scrapers, ditching, spreading gravel and similar work. Never in the hey-day of the department has the administrative and engineering forces numbered as high as a thousand. In June of 1932 the number employed on the administrative and engineering payrolls of the highway department stood at 703. At that date a number were being given work on highway in order that the work be divided and the maximum number be given at least living wage, this in an effort to avoid the actual discharge of many faithful and experienced men who had been with the department for years.

In 1929 when Mr. Stack states there were 2006 employed there were actually on the department administrative and engineering payrolls considerably less than half that number notwithstanding construction work at its peak and more than \$30,000,000 a year was being expended for new highway work.

In 1929 the expansion was still at full speed ahead. In 1932 the legislature called a halt on state trunk line extension and passed a law that beginning January 1, 1933 all the weight tax and a portion of the gas tax was to be sent back to the counties to aid in the paying off of bonded indebtedness and to aid the counties in maintaining their county road systems. This leaves less than \$5,000,000 available in 1933 for new state work. Notwithstanding this a careful examination of the department administrative and engineering payrolls will disclose the presence of nearly as many administrators, engineers and supervisors in July of 1933 as on July 1932 when every effort was being put forth to bring the big program of former years to completion.

Further than this the payroll of the Michigan State ferry between Mackinaw City and Saint Ignace has until the present year been carried as a part of the highway department payroll. It will be observed that this payroll is now being carried separately. This accounts for another boasted employee reduction of 112.

When the present payroll of the highway department is compared with those of former years when vast sums were being expended upon state construction and when it is remembered that very little state construction, outside of the little now being carried forward from federal funds, is not even contemplated, the payroll of 1933 appears inflated rather than deflated.

So much for the highway false claims department. How about the others? The health department is shown as having reduced its force by 33 since 1931. Practically all of this reduction was accomplished as the result of the special session of 1932 and in no wise is to be credited to any policies adopted by the present administration. The department of public safety was also reduced by action of the special session of 1932 and by drastic reduc-

struction has reduced his force from 64 to 48, an exceedingly creditable showing, the salaries for the month dropping to \$7248.09 as compared with \$12,025.55 in July of 1931.

The department of state also made a good showing. No one is heard complaining of the service rendered by that department and none of its former duties have been abolished, yet the work was being done by 47 fewer employees in July of 1933 than in July of 1931. The payroll costs the taxpayers \$7,000 a month less in 1933 than it did two years ago.

The director of agriculture is one of these appointive officials who has taken on editorial work and each week issues a sheet of bulletins intended to make the work of the newspaper editor much easier and to acquaint the public with the importance of his department and the great service being rendered. A recent bulletin issued to secretaries of county fairs called attention to the lesser number of employees as a reason why certain inspection services heretofore rendered could not be attempted this year. He asked the fair officials to do it for the department. Now comes the statement of the auditor general which discloses the fact that Mr. Metzger has more employees on the payroll than ever before in the history of the department.

**19 More Janitors**  
Then too, it takes 19 more janitors and watchmen to keep the state capitol in order than it did in 1931 according to the same report. The board of auditors has struggled along with seven employees since 1926 but in July, 1933, there were 19.

Newly created commissions certainly do grow with great rapidity once they sprout. Mushrooms have nothing on a board or commission once the fungus takes root. Four new agencies of government were created by the new deal last winter. The first month of the fiscal year the emergency welfare board charged with spending \$12,000,000 of state welfare money had a payroll of 30; the liquor control commission boasted of 184; the new public trust commission had 13 drawing pay; while the sales tax commission was up and coming with 14 in July. On October 15 the payroll of the sales tax board along with seven employees since 1926 but in July, 1933, there were 19.

Changes in the laws covering the advertising and sale of delinquent tax lands should have resulted in considerable less work in the department of the auditor general. The tabulation issued by the auditor general shows a reduction of 24 in the number of employees since 1929 notwithstanding the staff since the bank holiday has been forced to carry a much heavier burden of clerical work than in any former year.

If the reader will turn back to the schedule he will observe that the executive office is given credit for a drop of 18 since 1931 but if he inquires deeply he will learn that until 1933 there were 19 carried on the payroll of the executive office but now carried separately on payroll of the division of pardons and paroles. This slight correction places the executive staff of 1933 alongside the all time high of 1929.

The number employed by the state treasurer remains unchanged since 1929 notwithstanding the staff since the bank holiday has been forced to carry a much heavier burden of clerical work than in any former year. Changes in the laws covering the advertising and sale of delinquent tax lands should have resulted in considerable less work in the department of the auditor general. The tabulation issued by the auditor general shows a reduction of 24 in the number of employees since 1929 notwithstanding the staff since the bank holiday has been forced to carry a much heavier burden of clerical work than in any former year.

**State Lawyers Multiply**  
Back in 1926, Michigan prided itself on the character and prestige of its attorney general's department. The legal business of the state then required 23 lawyers. By 1929 this department had grown to number 44. In 1931 it had dropped to 34, but on July of 1933, according to the administration's own schedule, it had leaped to 52, more than twice the number required in 1926 and 18 more lawyers than were required in 1931. Exactly 24 more state lawyers are on the July, 1933, payroll of the attorney general than are shown by the July, 1932, payroll one year ago.

The superintendent of public in-

eating into sales tax revenues to the tune of about \$13,000 a month or \$156,000 a year.

**Tax Conferees**  
On October 15, the sales tax administration board payroll shows a director at \$4,000, his assistant at \$3,900, an office manager at \$3,000 and three conferees at \$2,400. Conferees are something new, not elsewhere to be found. Their duties are not clear. There are 44 inspectors, all with expense sheets which takes another big bite out of the sales tax plum. When proper deductions are made to make up for payroll reductions for which the administration is in no wise responsible and proper additions are made to account for increases for which the administration is solely responsible, one is amazed that the state officials dare raise the issue of alleged economy.

## CONVERSATION IN A CLOTHES CLOSET

FIRST COAT-HANGER: "I wish the boss would get a new overcoat—I've been holding this one for him a terrible long time."

SECOND COAT-HANGER: "Say, you're lucky—I've been hanging here without holding ANYTHING for almost four years!"

FOR TWO, three years you've been saying, "This overcoat's in fair shape—guess it'll do another winter," or "I think I can get along without buying a new suit."

And probably you could still make them do a while longer... but should you? Isn't this the time to give your clothes a "new deal"? Is there any real economy in looking shabby?

Certainly, so far as price is concerned, you couldn't choose a better moment. For clothing prices today are lower than they are ever likely to be again!

In the past four years everything in the clothing industry has been topsy-turvy. Because people were making their old clothes do, retailers couldn't sell their stocks. Because retailers couldn't sell, they couldn't buy from the manufacturer. Because the manufacturer had no orders, he had to stop buying cloth. Because the cloth makers had no business, they stopped buying yard. Because the yarn spinners were idle, they stopped buying wool.

All along the line wages were cut, labor was laid off, and the worth of a man's head or hands kept shrinking away. It was a situation in which neither a human being nor his handiwork had any true value any more.

Now the tide has turned. Under the terms of the NRA code a worker has to receive a fair living wage. The Government has set out to make everything... both a man's time and the product of his labor... worth something again.

Wool... yarn... cloth... clothing... all are necessary to cover our nakedness, and all need human labor to produce.

Therefore the final cost of the finished product is bound to go up.

This process is now under way. Since February pay rolls in the clothing industry have increased 32 1/2%. Wool has gone up 49%. Cotton goods are up 90%. Other materials have kept pace. But now... today... there are "all new winter stocks to be had at amazingly low prices... real bargains for keen buyers. Only remember this—such opportunities are limited. Now is the time to buy!

Interested in Home Furnishings? Class Starts Study Work

The second year project in Home
Furnishings will be given in Wayne
county this year by Miss Gertrude
Reis, a specialist from the Home
Economics Extension Department of
Michigan State College. The first
Leaders' meeting was held in the
Wayne County Library, Friday,
October 20, at ten o'clock.

"The object of the project is to
make homes attractive and com-
fortable at a minimum of expense,"
Miss Reis states. Each lesson offers
some practical suggestions for the
upkeep of the home.
Everyone will agree that it is
necessary to give attention to har-
monious surroundings because of
the influence they have on the char-
acter and attitudes of an individ-
ual.
It will be demonstrated through-
out this course by study that the
principles of harmony in color, fur-
nishings, arrangement and style are
not based on money values. The
most simple and inexpensive homes
may exhibit the most taste. Old
things that must be used or new
things that must be purchased
cheaply may still display comfort
and beauty. Even the humblest
room may be rich in its reflection
of refined taste.
Not everyone can engage an ex-
pert to plan such surroundings but
each person can study the principles
of correct decoration and apply
them to their individual circum-
stances.
Meeting I. Selection of Slip Cov-
er and Upholstery Materials for
Reconditioning Old Chairs.
Meeting II. Making Slip Covers.
Meeting III. Refinishing Furni-
ture.
Meeting IV. Window Treatment.
Meeting V. Living with Pictures.
Practical suggestions will be
given for utilizing materials already
in the home. A worn-out or very
uncomfortable old chair may be cov-
ered by a slip-over so that it can
be used along with newer furnish-
ing. Old chairs and couches may
easily be recovered with inexpensive
materials in beautiful colors that
may be chosen to harmonize with
various color schemes. There will be
a discussion on the appreciation of
fine old pieces of furniture and the
methods of refinishing them to
bring out the loveliness of the
natural wood. A study of the selec-
tion, making and hanging of cur-
tains in relation to the room will
be helpful to many who have a
problem of replacing some worn-
out curtains. Provision will be made
for the women to learn how to
choose pictures for different rooms,
how to frame and how to hang
them.

Miss Reis believes that this
course in Home Improvement will
make available to every homemak-
er those things which are not de-
pendent upon income but which
bring satisfaction to individual and
family life. This extension course
is available to any community in
Wayne County. Miss Emma Du-
Bord, County Home Demonstration
Agent assists in the organization of
local groups and will be very glad
to meet with groups who have not
already organized.

### Herbert Hoover's Library Secrets Would Rock World

In the cloistered calm of campus surroundings at Stanford University, Cal., former President Herbert Hoover is planning to set to work at a new task, the preservation for posterity of history that has never been told.

Mr. Hoover will be devoting himself to an old hobby. The Hoover war library, the largest collection of its kind, was founded in 1919 with funds provided by him. Ever since he has talked to university associates of the day when he could find time to outline to librarians and scope of the material awaiting classification.

Some of the material probably will be edited for publication under his direction, librarians say. Much of it, however, is secret and sealed, not to be made public for many years. Men must die before some of the documents are read; governments must fall or pass into other hands. Stowed away in private boxes and shelves are the secrets of thrones and revolutions, of heroes and rogues.

Among the several million items now included in the growing collection are documents dealing with war negotiations of almost all the countries of the world. During the armistice Mr. Hoover, as food administrator, was in intimate touch with all the countries of Europe. A "front line trench" collection contains propaganda leaflets scattered over German trenches by Allied planes during the war, and blamed by Von Hindenburg as an

important factor in the breakdown of German forces at the close of the war.

Under a permanent endowment Mr. Hoover bestowed upon the library in 1924, its affairs are administered by a board of directors headed by Professor Ralph H. Lutz, of the Stanford history department.

In 1936 the first of the sealed documents are to be opened. Others will remain untouched for 35 years or longer.

### Plymouth Receives \$992 As Its Share From Beer Licenses

Beer money for Plymouth! Exactly \$992.75 was added to the City treasury this week through vouchers from the State Liquor Control Commission. This represents 33 per cent of the fees paid by beer license holders in Plymouth up to Sept. 1st. Under the provisions of all license fees is returned to the community from which they come.

In forwarding the vouchers, Wm. J. Nagel, Managing Director of the Commission, pointed out that the people of the state, through reduction in state taxes, derive revenue from the excise stamps on legal beer. In addition to the license fees paid by retailers and wholesalers, "Every bottle of illegal beer deprives the state of badly needed revenue," Nagel said.

He also called attention to the fact that the sale of beer by unlicensed vendors works a hardship on those who have paid the state for a license.

### REASONS FOR BUYING NOW

By H. I. Phillips in the New York Sun

Money makes the nightmare go. Buy now! Whatever you spend will be a contribution to your own welfare.

Spending a dollar today may hurt a little but it will make spending \$5.00 practically painless in a few months.

Don't say "Oh, that's just another slogan!" You'll only be like the doughboy who decided bugle calls were too monotonous to answer.

It's all right to be thrifty but you can keep America flat on her ears by overdoing it.

You all cheered for Recovery; who did you expect was going to do the work?

Why you say you can't afford it? When your house is burning down would you hesitate to put a nickel into the pay station to get the fire department?

You'll hear the old Scoffers Brigade saying that the recovery drive can't work, but the fellow who tries to belittle a movement like this is like the man who stands by a sinking steamer in his yacht and criticizes the way the sailors are handling the lifeboats.

Never mind sing the National Anthem; go on out and spend a little dough. It looks more sincere.

Flag waving is okay, but nobody ever balanced a budget that way.

If you cheered when the New Deal was first proclaimed and you balk at going on a little spending bender now, what role are you rehearsing for, patriot or kibitzer?

That but looks phony anyhow and if your suit gets any higher polish on it you can use it for a shaving mirror.

For once in your life surprise the little woman by telling her you are tired of her in that fur coat.

Don't say "Look how higher prices are now than they were six months ago." (Unless you were satisfied with conditions six months ago.)

It may be the root of all evil, as the philosophers say, but there never was a time when the country needed more rosters.

The trouble with the average shopper is the same as the trouble with the average golfer: he is too tight.

Don't wait for the other fellow to do the spending; he's waiting for you.

### Where Hunters Can Hunt On Sunday

Because of numerous inquiries at the Mail office by local hunters as to which counties are closed on Sunday, this paper has received from the conservation department in Lansing information on this subject. While certain townships in this part of Wayne county have been closed to Sunday hunting for many years, no effort has ever been made to enforce the provisions of this special act. However in other localities where Sunday closing prevails, the law is rigidly enforced.

Sunday hunting is absolutely prohibited to all persons, including property owners in Sanilac, Lenawee and Monroe Counties.

In the following counties, the property owners or lessees may

hunt, but not others: Tuscola, Shiawassee and Washtenaw.

The general public may hunt on Sundays in the following counties, if they have first obtained the consent of property owners, their tenants or lessees: Huron, Lapeer, St. Clair, Livingston, Oakland, Macomb and the northern portion of Wayne County. All other counties are open to Sunday hunting.

New laws relating to conservation, passed by the 1933 Legislature went into effect Tuesday, October 17, 90 days following adjournment. The laws relate to the transportation of minnows, possession and disposition of frogs, prohibition of fishing in certain lakes and the establishment of the Gogoc Lake Sanctuary in Calhoun County. None of these laws are considered of major significance by conservationists.

**FALL FESTIVAL**

You are cordially invited to attend the

# Purity Market Double Header

Which we will endeavor to make the Biggest Money Saving Event Since Our Opening Six Years Ago.

### FRIENDS AND PATRONS:

I am proud to call your attention once more to an event that is very dear to me. Once a year I take pleasure to invite you to participate in the birthday celebration of what was known as the "BIGGEST LITTLE MARKET IN TOWN," this year I am extending you the same cordial invitation to come and see the same place, but the finest and most up to date Meat Market in this community. It has been my ambition and purpose in the past six years to be of service to all of you, to conduct my business so that it may be an asset to this community, to give you a fair and square deal at all times and I do sincerely hope that I have accomplished this purpose. That my intentions are the same for the future and that I am just as anxious for your patronage at the close of the sixth year as I was in the beginning of the first year. I am offering for this event the lowest prices that I have ever quoted in my business career on meats of the same high quality that made the PURITY-MARKET the outstanding shopping place for the most critical as well as the thrifty housewife. I have forgotten profit, even went below cost to make this event most beneficial to you and you only.

### Haskells Return From Visit In East

Dr. and Mrs. Robert Haskell have returned from a brief trip to New York and Ohio where they visited their children who are away at school. They were at St. Stephens college at Avondale, Ohio, where their son Robert is attending school.

St. Stephens college is conducted under the direction of Columbia University. While near New York they also visited Dr. and Mrs. Brennan. Dr. Brennan is in charge of one of the large hospitals of Westchester county. He was formerly assistant to Dr. Haskell at the Training school. On their return they stopped at Lake Erie college in Painesville, Ohio to visit their daughters who are at school there. Their oldest daughter, Mary, has just been elected president of the Senior class. They did not take the time to continue on to Maine to visit Dr. Haskell's old home in Portland.

Morning worship, 11:15 a. m.  
Young People, 6:45 p. m.  
Evangelistic Hour, 7:30 p. m.  
Prayer Meeting, 7:30 p. m., Wednesday.

The subject Sunday evening will be "Is Sanctification a distinct work of Grace?" "And behold I send the promise of my Father upon you; but tarry ye in the city of Jerusalem until ye be endued with power from on high. (Luke 24:49). These words were spoken by Jesus just before his ascension, and to his own Disciples who had been Christians for some time. Doubtless the failure to obey this command has been the greatest mistake that the church has made during all the Christian centuries. Those who have tarried this infilling of the Holy Spirit have been few in number as compared to the great masses of so-called Christians. God's plan for the evangelization of the world is found in John 14:7, 8— "Nevertheless I tell you the truth; it is expedient for you that I go away; for if I go not away the Comforter will not come unto you; but if I depart, I will send him unto you. And when he is come, he will reprove the world of sin and of righteousness and of judgment." "Have ye received the Holy Ghost since ye believed." Acts 19:2.

### Hunters Kill And Steal Two Turkeys

Five hunters in a sedan drove to the side of the road adjoining the farm of Earl Grubb in Wash-tenaw county west of Plymouth last Sunday morning. Two of them went into a field where a flock of turkeys belonging to Mr. Grubb were and fired into the flock. Two turkeys were killed which the men carried to their car, threw in and drove off. This is the toll of one farmer, who can ill afford to pay. Such vandalism arouses the anger of every land owner. Had it been possible to identify these outlaws, they would have received hard usage but they made a quick getaway and Mr. Grubb is the loser. Michigan sportsmen should be made to pay for such losses as this after the manner that sheep killed by dogs are paid off. Mr. Grubb lives just off the Whitmore Lake road, about a mile and a half west of South Lynn village.

Although he was once acquitted of a capital crime, Joseph Norman Pitre, 25, of Beresford, Canada, was hanged for the same crime. He was found not guilty last August of a charge of murdering George G. Smith, 86-year-old storekeeper, but the New Brunswick Court of Appeals, acting under a new amendment to the criminal code, ordered a second trial because the lower court refused to admit certain evidence. Pitre was found guilty at the second trial and was executed by hanging a little later.
