EDITORIAL Give Them Our Praise

Residents of Plymouth should today extend to members of the city commission their sincerest congratulations upon the action taken by that group at a special meeting Monday afternoon in assuring to the Wayne County Library Commission a site for a new library to be built at government expense in this city, when it was made known Monday that the library commission planned to recommend the construction of two libraries with federal funds in sites without cost for the purpose could be secured in out-county localities. Mayor Freeman B. Hoyer and other city officials lost no time in offering a portion of the public park on North Main street near the school for this ideal purpose.

No better site in Plymouth could be found for a library. There was no quibbling on the part of the officials and with the good of Plymouth and its future at heart, first steps for a permanent library were made possible by the speedy and commendable action taken.

Let nothing happen at this hour to obstruct the erection in Plymouth of a library at no expense to this city! Village and city officials of the other communities in Wayne county are known to have offered sites for the two libraries that are to be recommended. For this reason there can be no cavilling about a site or any other question in connection with the possibility of a library being built for this city and without expense to this city. The Plymouth Mail cannot express with great enough emphasis its praise for what has so far been done. A public library is of benefit to EVERY person in Plymouth and around Plymouth. We have long appreciated the fact that the county library commission has maintained a branch in this city. It is with the greatest of satisfaction and feeling of gratitude that we express to the commission our appreciation for its efforts to have the government through its CWA funds erect here within the next two months a library that will be a credit to such an ideal little city as Plymouth. The site is ideal and the spirit of it is ideal. Again we commend the city officials for their commendation to the city officials for the splendid part they have so far played in this important matter. Our one hope now is that the plan as proposed by the library commission will meet with approval and that Plymouth will be selected as one of the places where a new library is to be erected. Plymouth is most suitably located for a branch library because it serves such a large portion of Wayne county.

Wayne Rotarians Plymouth Guests

Nearby Club Provides The Program For Last Meeting

If you go to a motion picture show and to the picture does not come up to your expectations, if you happen to see a number of pictures that are what you believe to be below standard do not blame the manager of the motion picture theatre.

That is what members of the Plymouth Rotary club were told last Friday by Walter Schaffer, manager of the theatre at Wayne. He declared that local theatre managers were required to show such pictures as the distributors gave them.

Members of the Wayne Rotary club were guests last Friday of the Plymouth club, some twenty Rotarians from that city driving over here in the intense cold of that day to put on the program for the local Rotarians.

Besides the interesting talk on the motion picture industry and its shortcoming that have been talked to the public by Wall Street financiers who now control the making and distribution of pictures, there was a narrative by Charles Proctor, a flyer during the world war of his first solo flight.

The attendance record of the Plymouth club still runs almost one hundred percent. President Edward S. Fiedler presiding for the club the nearest perfect attendance record it has ever enjoyed.

Today the Rotarians will hear Rev. M. S. Rice of Detroit. There will be several out-of-town clubs present at this meeting.

Boy Scouts Will Aid President

Plymouth Group To Collect Old Furniture For The Needy

Saturday noon about fifty Scouts and leaders met in the music room of the high school building to elect President Roosevelt to be the subject of a letter message to a million boys and men throughout the country.

The boys were tremendously interested and impressed when they were brought to attention and in the Scout Oath by their Honorary President, the President of the United States, who for many years has been active in Scout work and who addressed his young followers as "Fellow Scouts," and spoke of "us," "you," and "our" organization, including all his scout leaders, review him back to the great organization of the Boy Scouts of America.

As soon as definite plans are laid by the Council leaders, the boys will start carrying out the President's instructions as to their National good turn, which is to collect old furniture, bedding, clothing and dishes to be distributed to needy families through the cooperation of the local agents of the National Emergency Relief Administration.

Woman's Club Will Meet Today At 2:15

The regular meeting of the Woman's club of Plymouth will be held today at 2:15 p. m. at the Hotel Mayflower. Miss Edna Allen will review films back to "The Move in New Directions," by E. A. Overstreet. With a treat like this in store we do not need to urge each member to be present. Mrs. Peck will have her committee are arranged for special music and tea will be served.

Letters Praise Work Of Hitler

Former German Resident Hears From His Relatives

Letters that Allen Bernish, who looks after the attractive gardens around the home of Mr. and Mrs. Charles Bennett on North Main street, and sees to it that the spacious lawn look good during the winter as well as summer, has received recently from his relatives in Germany, pictures Adolph Hitler as poster with the message in that country as "President Roosevelt is in America."

The former home of this illustrious and enthusiastic young business man by nature, the late American Legion, Upper Selica, Germany. He visited his old home a little over a year ago and at that time he was just coming into his greatest prominence in that country.

During the past few days he has had a number of letters from his people with the remarkable things Hitler is doing for Germany.

They say he is conducting public work programs just like they are in this country and that Hitler has improved much under his good work. One of the troubles is that there is so much one reads these days that does not picture the true conditions in Germany. The letters I get from home all tell of good things Hitler is doing for the country," stated the young man this week.

They never say anything about our dangers in fact they have never mentioned war in any of their letters.

Dworman Wins 4th City Title

Herman Dworman, well known local bowler, won another huge silver trophy in his already large assortment last week when he, and his partner, Joe Holtzman captured the Detroit doubles championship in five years when they won an easy two-game match from Stan Spiegel and Ben Waterstone in the finals of the tournament at the Adams Y.M.C.A. Saturday, 21-12 and 21-5.

The champs have held the title since 1930 with the exception of 1931. Their vast experience acquired in previous tournaments proved too much for the runners-up, who were outplayed in all but the early innings of the first game.

Waterstone and Spiegel took an early lead in the first game, scoring seven points in the first two innings while the champions registered five. The lead was taken by the title holders in the third inning when they staged the longest inning of the two games, scoring 11 points.

Start Even

The champions added three more points in the fourth stanza and two in the sixth and final inning, with the game tied, 28-28. The champs forced ahead in the second frame, compiling seven runs in the first inning, consistently winning in the seventh inning.

Although Spiegel and Waterstone fought a losing game, they (Continued on page five)

Robert Hubert Gets Place In Internal Revenue Department

Robert Hubert, son of Mr. and Mrs. John Hubert, has just been appointed to a position as an assistant United States Internal Revenue collector in the Detroit office. He has already assumed his duties, having resigned his position at the Wayne County Training school as supervisor a few weeks ago. The young man is a graduate of the Plymouth high school and his many friends will be pleased to know of his success in getting such an excellent position with the government.

To Present Play For Purpose Of Aiding Children

All Money Raised From Home Talent Show On February 22 and 23 To Go To McKinney Fund

At the Plymouth high school auditorium on the evenings of February 22 and 23 members of the Plymouth Dramatic club will present "Golden Days," for the benefit of the Myron H. Beals post, American Legion, the receipts to be given by the Legion to the splendid part they have so far played in this important matter. Our one hope now is that the plan as proposed by the library commission will meet with approval and that Plymouth will be selected as one of the places where a new library is to be erected. Plymouth is most suitably located for a branch library because it serves such a large portion of Wayne county.

Approve School Building, Also City Hall Work

Would Use CWA Funds To Modernize Front Of City Building

New Structure Plans Community Meeting Place And Badly Need- ed Kindergarten Room

City Manager Perry, Cooking-ban Wednesday at the request of the city commission placed before the CWA board in Detroit its program of additional projects that is designed to provide employment in this city until the end of the year. When the CWA projects will come to an end.

Outstanding among them are proposed alterations and enlargements of the city hall, with an office being made to change the old, out-of-date front of the building to one of more modern and artistic design. In fact if the plans as presented by Architect Thomas Moss are approved, the front of the city hall will be almost entirely changed. The building design which may have looked good half a century ago is doing away with as far as possible.

Its general appearance has been made more presentable in the plans by the enlargement of office space by two extensions, one on the north side of the building and the other on the south, each one story in height, designed to conform with a general scheme to make the front of the building more modern.

The plan would not only give more space for the fire trucks, but would provide additional room on the first floor as well. The new design for the second floor arrangement for the city commission room takes away the present unattractive ceiling and separates the stairway from the commission room. Commission meetings are frequently disturbed by noise on the stairway that cannot now be done away with owing to the way arrangement that prevails.

The enlargement and re-arrangement of the city hall will cost \$12,000, but it will provide work for a number of men for many weeks.

The second project approved by the city commission Monday was the additional auditorium and kindergarten building for the grade school building that has been recommended by Superintendent George Smith.

This plan will relieve some of the congestion in the present grade building and it will also provide the school as well as the community a place where various meetings can be held. It will give the smaller children a place in which to play during recess and noon hours in stormy weather.

At present there is absolutely no place for the smaller children to spend the brief period they are at liberty during school hours.

These two projects in addition to the completion of the sewer projects that have already been started and that the government requires be completed, constitute the requests of Plymouth for additional CWA work in this city.

Ernest J. Allison, chairman of the Kiwanis Club Bowling alley committee announced today that elaborate plans were under way for the bowling alley to be held next Wednesday evening in the Hotel Mayflower. The purpose of the banquet will be to entertain the members of the teams who have supported the bowling alley league this last season.

An orchestra has been secured to furnish music for the event and several professional entertainers have been contracted from Detroit to stage a show for the Kiwanians and guests. Efforts are being made by the committee to obtain some outstanding sport authority in Detroit to give a brief address.

Members of the various teams who bowled during the season are requested to get tickets from their team captains or secure them from the manager of the bowling alley.

Stamping Plant Working Nights

Company Chief Expects Soon To Add The Third Shift

So great has been the increase in business at the factory of the Plymouth Stamping company located in the old King factory building at the corner of Beaubien and President Albert Curry of the company declares that if orders keep coming in as they have during the past few weeks, he will be required to add another shift and keep his plant in operation 24 hours per day.

"We find it simply impossible to take care of the business that is coming in. Not only are we constantly receiving new orders but old orders are being increased. Ever since our factory was started in Plymouth we have enjoyed a rapidly increasing business and now we have 28 men on the payroll. This total does not include the office force," stated Mr. Curry.

The Plymouth Stamping company produces any kind of stamped steel parts for automobiles and radios.

There will be a meeting of the Ferrisville P.T.A. Friday evening February 16th at 7:30 p. m. at the school house. Special Ponder's Day program, guest speaker Mrs. Burton, president of Wayne County Council P. T. A. Play by local women, music and readings.

Plymouth Pastor At Chicago Conference

The Founder's Week Conference of the Moody Bible Institute, Chicago, concluded its twenty-eighth annual convocation on Thursday night, Feb. 8, after five days of intensive study and high inspiration. Thirty-five states were represented by the nearly 5,000 registered pastors and ten or more foreign lands. Also, multitudes of attendants represented Greater Chicago. Rev. R. C. Weiskopf, 164 N. Main street, Plymouth, was present at the conference.

New Department Store To Open In Schradler Block

Mr. and Mrs. Winfield Line Of Howell Take Long Lease On Store

Hope To Have It Open About Middle of March —Store And Front Entirely Remodeled

Announcement is made of the long term leasing of the Schradler furniture store building on Penniman avenue by Fred B. Schradler to Mr. and Mrs. Winfield H. Line of Howell who are now remodeling and re-equipping the store into one of the most modern of the department stores in Michigan.

The date of the formal opening of the store has not yet been fixed and it depends largely upon the completion of the extensive work that is now under way, but it will be about the middle of March.

There will be installed an entire new double front and a complete alteration of the interior is being made under plans prepared by Architect Thomas Moss, who is in direct charge of all contracts and work being done at the store.

The new store will cater to the wants and needs of the community and the use of the entire first floor, but the basement is being equipped for use as soon as patronage demands lines that are most in demand here.

The store will be more than a five cent to a dollar store. It will assume the nature of a "junior" department store.

Mr. and Mrs. Line are now in New York city buying some merchandise for the new store, which they hope to have open on March 1st. Mr. Schradler is taking applications for those who have had clerking experience and desire to work in the new store. Mr. and Mrs. Line will be in direct charge of the store. Mr. Line will interview all applicants at the store Thursday afternoon, March 1st at one o'clock.

Although Mr. and Mrs. Line have five other stores in Michigan they do not consider themselves a chain, as they maintain an active interest in every community where they operate.

They state that the Plymouth store will be the best of their stores, the building, fixtures and lines of merchandise carried surpassing all others.

Badly Burned As He Fights Fire

Raphael Mettetal Saves House From Being Destroyed

Raphael Mettetal, residing on the Lily road, is recovering from burns he received early Monday morning when he discovered fire burning in the basement of his home. The family was awakened by the smell of smoke. Mr. Mettetal hurried to the basement where he discovered a partition burning. His face and hands were painfully burned as he fought the fire.

Believing that he had the fire out, he discovered a few minutes later that the partition was near the furnace had been ignited. Then it was that he found it necessary to call neighbors to help him fight the flames. They succeeded in extinguishing the fire before the fire had spread badly to the upper floors, although smoke did much damage to the house and furnishings.

The loss will probably run \$600 or \$700. Mr. and Mrs. Mettetal are exceedingly grateful to the neighbors for the assistance they gave them during and after the fire.

Shrine Circus Given At Training School

The Shrine circus which is now at the State Fair grounds journeyed in police cars to the Wayne County Training School Wednesday forenoon arriving with sirens in full blast. Some fifteen clowns entertained the children for an hour and on leaving they loosed over two hundred balloons which caused a great commotion and shrieks of merriment from the children as they tried to catch them.

Mr. and Mrs. C. V. Chambers spent Sunday afternoon with the former's nephew and wife, Mr. and Mrs. Will Chambers of Wayne.

County Library Commission Plans Erection Of Library In Plymouth With CWA Funds In A Few Weeks

W.C.T.U. Union To Meet February 22

Site Donation Is Only Request

City Officials Offer Use Of Portion Of Park Near School

Both County And City Representatives Agree That Location Is Ideal For Purpose

If officials of the CWA approve of the plan to be presented by members of the Wayne County Library Commission in this city within the next ninety days, a beautiful library located in the public park near the high school building, will be erected at government expense. Every preliminary step necessary to the starting of this project has been taken. Even the plans of the building are under way and they provide for this city a beautiful structure.

The story of it all is brief but intensely interesting. It was shortly before noon Monday when Mayor Freeman B. Hoyer was advised by representatives of the Wayne County Library Commission of two or possibly three library buildings under the additional funds that the government has provided to carry on CWA work until the first of May.

The mayor was told that if Plymouth would offer a site with our cost to the commission for a library building that the library commission would be pleased to recommend that this city be one of the places in Wayne county where a library should be erected. He was also advised that representatives would be pleased to meet with the officials of Plymouth Monday afternoon to consider the question. They asked for a meeting early in the afternoon and similar requests had been made at other places in other Wayne county communities.

Mayor Hoyer immediately called a meeting of the commission for 2 o'clock Monday afternoon. (Continued on page five)

Big Distillery Discovered Here

Four Arrested For Running Plant Just Off The Plymouth Road

One of the biggest illegal distilling plants uncovered in years was discovered Tuesday on the Wayne road just west of downtown south of the Plymouth road. It was located in the big barn on the west side of the Wayne road on that locality is the Spring lake farm.

One big 750 gallon still and another tank used in the making of alcohol were discovered in full operation, gas stolen from a feed line of the Michigan Federated Utilities company being used for fuel.

Federal officials arrested four Italians declared to be members of a gang that have been arrested. They gave Wandotte as their home address.

A number of years ago a gas line was run to the greenhouse that is connected with the barn where the distillery was found but the gas line was disconnected when the company capped the line and in order to prevent detection the distillery operators ran a new gas line from the Wayne road to the barn.

Manager L. W. Price declared that the amount of gas required to operate the distillery would be about \$100,000 per month. Federal officials advised him Wednesday of the theft of the fuel. It is an interesting fact that the company has in the past suspected a loss of gas along this line, but repeated investigations never uncovered the leak until the discovery of the distillery. People living in that vicinity deny or so at the place has apparently been in use over a long period of time.

Voters League Discusses The Tugwell Bill

The League of Women Voters met at the home of Mrs. Paul Weidman on Blunk avenue on Monday, February 12th.

An interesting business meeting was conducted with Mrs. Ruth E. Huston-Whipple, the president in the chair. After roll call and the minutes of the last meeting, reports of the various committees of the league were given.

Mrs. John Paul Morrow was appointed as chairman on the Committee of Education. Mrs. Morrow is former secretary of the league and is capable of handling this appointment.

The topic of study scheduled for the meeting was the Tugwell Bill. It is a bill that practically all of the women have given much study to this bill and came prepared with all their material. They all welcomed Mr. Sterling Eaton, former legislator, who consented to give his impression of the contents of this important legislation. The ladies appreciated Mr. Eaton's analysis of the bill and the opportunity of obtaining due to being connected with the press.

Following are a few paragraphs briefly summarizing the most important provisions of the bill proposed by Professor Rexford Guy Tugwell.

"Mr. Eaton stated that the bill is unjust in the unwarranted amount of power that is placed in the hands of one man and that the penalties were unfair in that a local merchant could be prosecuted because he had sold a product of last week and even though he was unfamiliar with the contents of the article. He further stated that the provision making the local merchant liable for prosecution also could bring penalties on salesmen, manufacturers and their directors and officers.

"One of the particularly unfair provisions of the act is the one that would tend to do away with self medication and it is common knowledge that the majority of the population in this country today cannot afford professional medical care. Many of the provisions are unfair and unjust and I feel that American citizens are not yet ready to turn the powers of a court into the hands of one individual," stated the speaker.

"This bill has been changed to some extent of late week and will come before the Senate this week for passage."

Mr. and Mrs. Cass E. Hough leave today for their trip to Florida where they will spend a few days with Mrs. Martetta Hough at Melbourne.

BOND ISSUES

There has been some discussion in recent weeks both by state officials as well as some local citizens relative to bond issues to pay for certain public projects, these projects being contemplated at this time in order to provide additional employment for idle men. While the purpose back of the proposed bond issues is a worthy one, there is one question that the Plymouth Mail wishes to raise. Who will pay the bond issues? And is it not true that a very large percent of the people the bond issues are proposed to help will be the very people who would be called upon to pay for the bond issues? In other words, the rank and file of the great army of unemployed is made up of property owners as well as people who do not own property. Certainly property owners cannot pay themselves wages and the other fellow too through some sort of an additional tax. Let us assume where can they get the money to pay more taxes?

Public officials seem to have difficulty in understanding the plight of the taxpayer. It would seem that the constant decrease in tax payments and the growing rebellion against additional tax burdens, burdens that the property owner is not able to endure, would cause those in charge of our public affairs to fully realize that additional tax burdens means nothing more than complication of property and a greater number of men and women on the welfare.

Plymouth officials are to be commended for not giving any of the suggested bond issues serious consideration. Possibly by this time the public is beginning to feel the intense public sentiment against proposed bond issues. We hope so.

As long as present conditions continue and as long as the property owner is faced with tax burdens he cannot meet, the Plymouth Mail is strongly opposed to bond issues of any kind. The Mail is not only opposed to these proposals, but it will fight them to the finish, whether state or local.

RED LIGHTS

We know nothing of the unfortunate circumstances of the traffic accident in which a Detroit pedestrian was killed as the result of being struck by the automobile being driven by State Superintendent of Public Instruction Paul F. Voelker. Mr. Voelker contends that the accident resulted because of the confusion of red advertising lights that dot the streets of that city, that when the car came to the crossing where the accident happened, it was difficult for him to distinguish the traffic light at that place.

The state official voices the complaint of nearly every one who is not accustomed to driving on the streets of Detroit at night. Not only are the thousands of red signs that flicker up and down the streets most confusing to a stranger in Detroit at night, but the hit and miss system that the city maintains in the location of its stop lights is another annoying thing to outside automobile drivers. A driver will observe a traffic light in one location at a certain intersection and at the next intersection he will naturally look at the same location for the traffic light. Doubtless it will be at some other location on the next corner.

It is probably alright for Detroit to blame the motorists for its constantly growing slaughter of pedestrians, but Detroit should look somewhat to its own responsibility in the matter. It should immediately and forever abolish the red-lighted advertising signs that line the main thoroughfares of that city. It should see to it that some sort of a system be developed for the location of its stop lights. To the outsider not accustomed to driving the Detroit streets regularly these two conditions are most annoying and without the slightest question lead directly to many of the serious accidents that take place in that city almost daily.

EUROPE IMPROVES WITHOUT NRA

Europe is recovering from the depression without an NRA.

"How can she do it?"

"The reason," says Andre Maurois, French author and commentator on world affairs, in the Rotarian Magazine, "is that this task has been rendered more easy because of two factors. First of all, Europe had had her Deal before the American European financiers were very indignant last summer, when America had apparently decided on inflation, and it is true that, at that time, Europe was sick of inflation. Why? Because she herself had gone in for inflation on a grand scale a few years before.

"There is another reason why countries like France, or even apparently much less wealthy countries, like Spain, can stand the crisis better than the United States. France, for instance, the country consists of a large number of small farmers, living on their own land, and producing all the food they need, sometimes even the clothes they wear. In good years, the farmers exchange their surplus products with the outside world, and then they buy a dress, a car, or a bicycle. In bad years, this little agricultural group retires within itself. Granted that they can sell nothing, it is at least certain that they do not die of hunger.

"Still another factor to be mentioned, which renders the life of European peasants more easy in times of crisis is that almost all of them have money saved. The American farmer had mortgaged his future on the contrary. The French or Italian farmer had made a habit of always having something in reserve for the future. He does not like to have recourse to credit. He does so only when compelled by illness, but never—or very rarely—in order to buy land. When he buys land he pays cash for it in bank notes extracted from

Mr. Rice addressed the meeting on the achievements of the Democratic organization in Wayne county and stressed the necessity of group action in politics.

Mr. Huston told of the savings of \$2000.00 per day that are being made in the operation of the Detroit post-office, under the Democratic policies as set in force by Post Master General James A. Farley. He also explained the political frame work of the party organization, from National Committee down to Executive Committee. He stressed the necessity of aggressive action in the lower brackets of this organization.

Rep. Legas told of the whittling campaign of personal vilification that has been instituted against Governor Comstock and explained many of these accusations. While the nominating committee

his woolen stockings. This is a more cautious method, but it is less dangerous to the national economy. Furthermore, the banking system in Europe is older, more conservative, more centralized, and is therefore better prepared to weather a financial storm.

WHAT IS THE END?

Considerable material came to the office of The Plymouth Mail a few days ago outlining the government's plan to spend \$25,000,000 to place people now on the dole in large camps on small farms throughout the nation, on farms near industrial centers where they might secure employment during certain parts of the year. The idea is a commendable one and there is no question but what much good will come from it.

But the thought comes to mind, what about the confiscation of the homes of men and women who through no fault of their own, are having their property taken away from them on mortgage foreclosures? What is the government going to do with these people when the time comes for them to move from their farms and little homes? They are losing their property for no reason, because of high taxes and because of economic conditions forced upon the nation by the same great interests that ruined the small banks of the nation.

Many of these people are now without an income, their property having been taken away from them. Many more face a future without promise. We wonder why it is that the government in Washington or in Lansing cannot work out some sort of a plan whereby the farmer and the home owner cannot be allowed to remain in possession of his property, thereby saving himself and his wife and children from public support?

True the Home Loan Corporation has been set up whereby under CERTAIN conditions one can borrow money from the government, but these loans are not as available as one might suppose and as a result there are thousands and thousands of people being deprived of homes and a living. Their property is gone and they become public charges.

Is it not possible to work out some sort of a plan whereby the farmer and the home owner can be saved the loss of his all—saved the necessity of becoming additional burdens upon the few that are left able to pay taxes?

MAYOR FREEMAN R. HOVER

The announcement made by Mayor Freeman R. Hover that he would not be a candidate for re-election at the forthcoming election will cause general regret in Plymouth. Mayor Hover during the four years he has served on the city commission has displayed a wide range of ability and a complete knowledge of what it is all about he has had the executive ability to see to it that matters of a worthwhile nature have been accomplished. He has given freely of his time and efforts. We regret that he decided against a continuance in public service. Mayor Hover will retire from office with the satisfaction of knowing that his administration met with the general approval of the residents of Plymouth.

THE FACTOR JURY

New dispatches tell of the disagreement of the jury in Chicago that tried a gang of alleged kidnapers for the kidnaping of Jake Factor. They disagreed after the kidnap victim in open court had identified three of the men on trial as a part of the gang that had held him for ransom. Of course one knowing anything about Chicago justice had not expected a conviction—but if Chicago and some of the other big crime centers of the nation do not soon wake up to the necessity of cleaning up crime conditions—there might be a thing as martial law for these places. We see the bullets of an army firing squad speeding the justice that crooked courts, juries and lawyers in many cases have strangled.

SOCK THE "CHISELERS"

In a syndicated editorial service that comes free of charge to the newspapers of Michigan from Ionia, there appears an editorial under the heading this week in which it says "that there is a real need for financial institutions dealing in this class of loans is undisputed." Reference, of course, is to the location of what make small loans.

We know of no institution so far from Ionia as this. There is NO NEED in Michigan or any other place in the world of a financial system which will permit finance companies to suck the life blood out of the unfortunate people who think it is necessary for them to "borrow money in an easy way."

The action of Governor Comstock in vetoing the small loan bill that was passed at the regular session of the state legislature was an outrage upon the poor people of Michigan that should forever haunt him—and it is nothing more than a crime for the state to permit finance companies to continue to take from the pockets of the poor people an interest rate that exceeds or nearly equals a third of the original loan.

The soft spoken voice of the radio announcer, the slick-worven advertisement, "if you need money it is easy to get," has led more than one family into the loss of their all. Everyone in these times finds it difficult to get money and pay their bills and naturally it is easy for these blood-suckers to induce the man pressed for funds to mortgage his all in order to secure a few dollars upon which to live.

But the day of reckoning with these outfits is sure and when the crying mother and children see the beds upon which they sleep at night, the table upon which they eat, the stove upon which they prepare their food, snatched from their home by these finance concerns that MUST set their who can HONESTLY say there is a need in Michigan for any such thing?

There is no place in any civilized part of the world for such a damnable system and how to God that some day there will be officials in Lansing with enough regard for the decency and the interests of the little fellow to make it a crime to charge the working man such a ransom price for money he sometimes feels it necessary to borrow.

And we hope the time will come when those who prey upon the unfortunate will be dealt the punishment that is their due for bringing into the world so much grief and misery.

even though not one cent would have been levied against real estate to pay back this grant from the Federal government. The entire amount would have come from the corporation tax.

Another item of interest brought to the club attention was in connection with a series of news items now appearing in Detroit papers. He showed that the expenditure per capita of population was less under the Democratic administration than during the Bruckert administration, although the state was assuming welfare relief and many other functions that had previously been handled by the County and Township units and which were not shown in the paper's article.

Mr. Fjetland was given a round-up of the club members. He is full of remarks and after the adjournment of the meeting spent more than an hour going into problems of the club members. The meeting was called to order by E. H. Scully who acted as chairman until the election of M. J. Murphy as president. The appointment of M. J. Murphy to the president's chair was especially fitting as he is division chairman of the Democratic Party in this district. He is full of charm and makes him especially capable of presiding at any gathering.

There will be a meeting of the board of trustees, next Monday evening and a meeting of the entire club the last Monday in February.

Rambling Around With Michigan Editors

POLITICAL JOKEES

Michigan Democrats, if they wish to perpetuate themselves in State government for a while longer, will have to pay more attention to principles, and less to pageantry, if they have to weed out the unfit from their own ranks, and supplant them with trustworthy and able men and women. Governor Comstock, as the titular leader of his Party, is called upon to discard the jokers from the "new deal" deck, eliminate "deuces wild," and turn his cards face up as his hand is called. He must discard the jokers, or we must conclude, the public will leave his particular establishment and allow the Dealer Comstock to play a lonesome game of solitaire.

Telephone Company Lost Thousands Of Patrons In Last Year

Net loss of 46,476 telephones during 1933, compared with net loss of 105,495 during 1932, is indicated in the report of operations of the Michigan Bell Telephone Company for the past year, which was presented at the annual meeting of stockholders held in Detroit Thursday, February 8.

Telephone installations during the year totaled 125,301, and disconnections were 171,777. Substantially all of the loss in 1933 occurred during the year 2,47% from 2.60% in 1932, and 3.62% in 1931. Dividends of 1% were paid on the capital stock.

Directors and officers were re-elected as follows:

Directors: Frank W. Blair, president, Union Joint Stock Land Bank of Detroit; Emory W. Clark, Detroit; Fred J. Fisher, General Motors Corporation; Burch Foraker, president, Michigan Bell Telephone Company; Bancroft Gherard, vice president, American Telephone and Telegraph Company; Walter S. Officers: Burch Foraker, president; George M. Welch, vice president and general manager; Walter I. Mizner, secretary and treasurer; George J. Brett, general auditor.

Although police at Foughtkeepsie, N. Y., charged Harry Simmons with the theft of an automobile, they admit he has a high regard for the law. Simmons was driving the car when it ran out of gas. He abandoned the machine in front of a deputy sheriff's house. The car was discovered and returned to its owner. Later the officer was surprised to see Simmons apparently looking for something in front of the house.

MEET MR. COMSTOCK

Out of consideration for the taxpayers, the home owners of Michigan, The Digest is forced to oppose as violently as it can Governor William Comstock's demand for a \$30,000,000 insurance bond bill and the allied municipal revenue bond measures which would let every city council spend money like water without the vote or consent of the people.

The Digest does oppose that program — and will continue to oppose it. But it takes this occasion to give the governor a bow as he goes.

With Comstockian policies, as they extend toward the bond bills, this paper is completely and entirely in disagreement. If the bond bills are adopted they will put a blight on the state.

With the Comstock personality this paper is in entire and complete harmony. When they make better gentlemen than Bill Comstock—well, they won't.

Personally, Bill Comstock is among the topnotchers of the grandest. This paper has before, and will again, combat stories of the sort which circulate about every man in high public office.

Such as the \$10,000,000 Comstock is supposed to be building in Ann Arbor. He is building no mansion, never started one, has no intention of so doing.

This piece was written simply to put the Digest on record. It thinks Governor Comstock is a great citizen—it thinks his insurance bonding proposal is abominable. And that, is that.—Edward Averill in The Michigan State Digest.

THE REAL SLACKER

If there is any slacker in connection with the much publicized \$30,000,000 "insurance" bond issue, that man is Governor William Comstock, himself. Mr. Comstock knew or should have known several months ago what the requirements would be to enable the state to "take its rightful place in the Federal recovery program." Also he must have known that the constitution of Michigan would not permit the state to assume an obligation in bonds toward such a program without a vote of the people.

Therefore why did he wait until the middle of November before making this matter public and then attempt to get around constitutional difficulties by a bill that asks a Michigan legislature to declare the state to be in a condition of incipient rebellion? Why wasn't the bill called in time to put the bonding proposal before the people in a special election? Either Mr. Comstock is guilty of gross neglect of duty or else he deliberately planned to rush through his bill without giving the legislature or the people time to consider what they were doing. The course he pursued was false and disgraceful.

Why should the Michigan public have confidence in the judgment of a man who attempts such an artful piece of constitutional dodging? Certainly it is up to the citizens of Michigan who will have to pay the bill eventually anyway to say whether or not they wish to assume an obligation of thirty million dollars. Mr. Comstock thumbed his nose at Michigan law once before when he refused to file an account of his election expenses, now he seeks to do the same with the state constitution. If the public is expected to be law-abiding, the governor himself, might set a better example.

The legislature has no excuse for existence if it can't kill such false, high-handed measures as the Governor's Insurance Bill. —E. E. Kistner in The Ionia County News.

WE WONDER

Who elected Comstock? Why, the Republicans, of course. We were wondering if that's why he called them a "bunch of simps." —J. E. McMillen in The Linden Leader.

FAITH

From all the names which illuminate the pages of American history, two stand out above all others—Washington and Lincoln. Their names are synonymous with the successful establishment and preservation of our nation.

The courage, the self-reliance and the sound common sense of these men carried this nation through its most critical periods. Those same qualities are needed today in the direction of government, business and personal affairs.

That faith which these great men had, faith in themselves, faith in their fellow men and faith in the future, is the faith which each of us should display today.

Wayne Whips Plymouth Five 17-26

Wayne's 17-26 victory over the Plymouth cagers last Friday night marked the fourth league defeat in seven starts for the Rocks. The local team displayed none of the fight which characterized them in their first three league victories of the season. They played before one of the largest attendances of the current season. Evans was high point man for Wayne with nine points. Elliott was high for the Rocks with five points.

First Quarter Kinsey started the scoring with a nice shot from the foul line. Lucas then made a basket from the center of the court and Reiser followed with a field goal. The remaining minutes of the period free shots were made by Lucas, Kinsey and Stevens. Elliott made a good shot from the corner and again Kinsey made a free shot. Lucas made a field goal, as did Evans. Reiser and Evans made free shots. Before the half ended Evans added two more field goals to his credit putting the Wayne five ahead by the score 15-7.

Second Quarter Kinsey made a good shot from the corner and again Kinsey made a free shot. Lucas made a field goal, as did Evans. Reiser and Evans made free shots. Before the half ended Evans added two more field goals to his credit putting the Wayne five ahead by the score 15-7.

Third Quarter Holmes was sent in at guard for Lucas who was taken out on personal fouls. Evans made a field goal and Champe made a free shot. Wagnschutz was sent in for Champe. Reiser made a field goal and Stevens sunk a basket from the middle of the floor. Elliott and Reiser made free shots.

Fourth Quarter Elliott made a field goal and Levandowski followed with one also. Reiser and Steinhauser made a foul a piece. Holmes and Wagnschutz made field goals. Before the final whistle blew Steinhauser made a field goal. The final score was 26-17.

Points Made In Class Basketball

Several boys have run up a high score in class basketball and because of the close individual scores they have been rather interesting. Harold Burley has been the high point man so far this year. Junior High Elections

Miss Smith, the chairman of the Freshman advisers, went around to the different groups on Wednesday, February 7 to supervise the elections. Robert Egge, the president, assisted Robert Reiser as president. Tom Brock was elected vice president. Hal Horton and Jeannette Brown continued as secretary and student representative respectively.

The class was sorry to hear that Junior Oakes was leaving for Chicago, because he had been a fine treasurer. Because of this the class held a special election and elected Ellen Nyström treasurer. The rest of the officers will remain for the coming semester.

Torch Club Elects Officers

The Torch Club had a rather busy session at their meeting Friday, electing officers, dividing a system of rating members, making a program for the rest of the year, and voting in three new members. The following officers were elected for the semester: president, Thomas Brock; vice president, David Gates; secretary, Robert Egge; treasurer, Kenneth Reiser. The three fellows voted in were Jack Sessions, Donald Thrall and Jack Williams.

The plan for rating club members was originally intended to be used for selecting representatives to Camp Hay-O-Went-Ha, but was finally used for the nomination of officers. Each club member will be rated on certain things for the semester, and the four having the highest number of points by the end of June will automatically be nominated for office for next year. The club decided to give points for the following things:

Presence at club, two points; presence at home meeting, five points; presence at parties, two points; conduct, five points; payment of dues, five points; student council ticket, five points; for each improved mark one point; leading discussion, five points; taking part in discussion, three points.

It was also decided to take away points for the following things: Tardiness, minus four points; absence, minus two points; chewing gum, minus one point; lack of interest, minus one point; each lowered mark, minus one point.

It is the hope of the club that the rating system will make each member more interested in club details and provide interesting competition.

The club then made up a schedule for this semester. The following is the tentative schedule: Feb. 16—"Where Shall I Invest My Future?" Feb. 23—Trip, David Gates. March 2—Discussion, "What About the Future?" March 9—Trip, Tom Brock. March 16—Miss Waldorf. March 23—Trip, Clark Felton and Jack Burha. April 3—"Where Shall I Invest My Future?" April 10—Dinner at Park. April 17—Discussion, Mr. Latrue. May 4—Trip. May 11—Open Date. May 18—Indoor Baseball Game. May 25—Discussion. June 1—Discussion. June 8—Last meeting.

Classroom Notes

The 8A Food Classes are studying salads for luncheons. This unit includes the choice and care of salad plants, salad dressings and salad making. Raw and cooked vegetable salads and raw fruit salads have been made as well as mayonnaise and French dressings.

The 7A Clothing classes are making a collection of samples of cotton materials illustrating finishes—as string, calendering, crepe effects and such. They are also studying how cloth is made, white or colored. The laboratory work is on the construction of cotton undergarments.

There are eighteen 7B girls in beginning clothing class. Pricked fingers, lost thimbles, and knotted thread are a few of the first troubles encountered. After the hemming of a hand or tea towel is the first project to complete.

Miss Gray's 7A history class are keeping a scrap book of current events as string, calendering, crepe effects and such. They are also studying how cloth is made, white or colored. The laboratory work is on the construction of cotton undergarments.

Billie Burke, the lovely film star who became the wife and then the lover of the famous Florenz Ziegfeld, is determined to carry on in the name of her husband. She has announced plans for reviving the "Follies" this autumn.

New Members Admitted To Senior Drama Club

Last Thursday Doris Fishlock and Roland Rhead tried out for membership in the Senior Drama Club. When tryouts are held each applicant cooperates with an old member of the club in preparing two brief character sketches. Doris Fishlock and Marian Krumm presented a schoolroom scene in which Doris took the part of an old maid school teacher and Roland Rhead represented a little girl speaking a piece. Roland Rhead and Norval Bovee gave a form scene and a sketch in which Roland was a business executive. Both tryouts were successful. The Drama Club feels that Doris and Roland possess dramatic talent and have possibilities of becoming successful players.

After the tryouts two groups presented courtroom scenes in which the effects of pausing were illustrated. Beulah Starkweather and Marian Krumm were the chairmen. The club decided that Marian's group presented the most effective scene.

All-Girl's Party Proves Success If anyone had chanced to look in the auditorium last Thursday evening, he would have seen about one hundred and twenty girls and teachers dressed in costumes that varied from one of Charlie Chaplin to one of an early nineteenth century lady dressed for a ball. He probably would have wondered just what was going on so here is what happened.

Central Grade School Notes The kindergarten have made log cabins in honor of Lincoln's birthday. They have also made a border for the classroom of log cabins and logs with axes in them. They cut free-hand Valentine pictures of a little boy and girl for hearts. The children enjoyed coloring heart shaped flowers and butterflies. They have learned a Valentine song called "St. Valentine's Day." Donald Bird had a birthday last week. His mother brought pretty cakes with candy candles to school, and the kindergarten had a real birthday party.

There are now twenty-eight pupils in Miss Crannell's room. They have made Valentine men for the windows and are learning Valentine songs and poems. They had a Valentine box last Wednesday.

Miss Prantz's class had a Valentine party Wednesday. The pupils have made Valentine men and have been telling Lincoln stories. Miss Field's class has finished making its Lincoln booklets. Bruce McAllister's spelling team won last week. The 4B class is making Eskimo books.

Miss Bird's class has been writing Lincoln stories. Edward Green's spelling team is one star ahead of the opposing team. John McClain has returned, after an illness, to Miss Weatherhead's room. The class had their spelling test last Thursday week. Callers last Thursday were Mrs. Boggaino, Mrs. Horr, Mrs. Rowoldt, and Mrs. Stuart.

Miss Sly's class made Lincoln booklets last week. Miss Holt's language classes are making Lincoln booklets and telling Lincoln stories. Lucille Fonton is absent because of illness. The art students made Valentines last week. Miss Holt is reading "Mrs. Wiggs of the Cabbage Patch" to the class.

Edward Wray's spelling team is ahead in Miss Penner's room. The pupils in 6A-2 have been giving interesting reports on the East Indies. Forty silver dollars, the newest of which was turned out by a United States mint in 1863, were turned up by the plow of Peter Vogel, of Magnolia, Ill., while he was plowing.

Hi-Y Elects Officers The Hi-Y elected officers for this semester at their regular meeting Friday, as it is the custom for the Hi-Y change of officers at mid-semester. Four new officers were elected: president, Fred Heter; vice president, Ellwood Elliott; secretary, Darold Cline; treasurer, Geraldine McLellan. Clarence Levandowski retained the student council position as that is an all year job. The Hi-Y wishes to thank the re-elected officers: Geraldine McLellan, Clarence Levandowski, Matthew McLellan, Robert Champe, and Warren Bassett for their services during the past semester. No new members were sent in for the second term. After the voting Mr. Dykhouse announced that he would give a book review on a "Hundred Million Guinea Pig."

Starkweather School Notes

The children in Miss Cavanaugh's room have made a very attractive border—Lincoln's log cabin. Earl Smith, a first grader who was scolded with coffee is back to school again. The pupils are making valentines for their party. A beautiful box was made for the valentines. Mrs. Ora Glass visited Miss Stader's room Monday afternoon. Miss Snyder from the Children's Aid visited Tuesday. She was very interested in the progress Helen Sattner had made both in reading and numbers. The No. 2 class of 2A have completed their Elson Readers. Two pupils have been promoted from No. 2 class to the Elson Readers. Geraldine McLellan and Helen Sattner, A Readers' Club of Plymouth has been started in the No. 2 class. Those eligible are pupils who have completed the Elson Readers. It means they have read ten times without a mistake. Friday a spell-down was held as a review for the weeks work. Not one error in 2B and 2A was spelled down.

Senior Biographies

DANIEL CARMICHAEL first gassed for breath in Detroit, Sept. 29, 1916. He later moved to Plymouth and has lived here for thirteen years. This handsome, brown-eyed blond haired youth is determined to become a radio engineer. Even now he works afternoon on his vacation to be a radio engineer. He has been very active in school activities, having played on the varsity football, basketball, track and tennis teams. He has been a member of the Ypsilanti Y. M. C. Club, of which he was vice president in '31. Hi-Y of which he was secretary in '33. Mathematics club, Plymhean Staff, Boys Quartette and Boys Glee Club. He is likewise class president in '31. This brown-haired, brown-eyed, good looking boy says he would like to be an archeologist and dig up bones of pre-historic animals and open tombs of long dead kings. Bob says he has no hobby, but he seems to have taken a great interest in art lately, who knows maybe he will be a great artist! and he is frequently seen talking to a small dark junior.

CATHERINE COMPTON, was born in Palo, Michigan and is living there very short time she came to Plymouth where she has lived ever since. After leaving school she expects to become a missionary and visit all the foreign countries. We are all sure this blue eyed, blond haired lassie will be very successful. Good luck, Catherine.

FRANCES COOPER first opened her pretty blue eyes in the city of Detroit where she resided eleven years before coming to Rosedale Gardens. Her favorite games are swimming, ice skating (she must mean ice skating) and to be an artist is her one ambition which we know will probably come true (remember the cause of the H. Hop last year?) She doesn't know what she will be after graduation, but maybe she'll become a Mrs. Jack, Johnnie or Harvard. Who knows?

BLANCHE CURTISS This quiet lassie is a home town product—being born in Plymouth on January 21, 1915. Blanche is a member of the band and was a member of the Glee Club, Girl's Chorus, and Quartette. She is taking a college preparatory course and plans to be a teacher of music. We wish that she is a constant writer to a certain Lindsey in Georgia and plans to live down south some day.

HARRY DAVIS first saw the light of day in Detroit on March 14, 1914. He went to school at McKenzie high and later at Southwestern, both situated in Detroit. He entered Plymouth High in the fall of 1931. He has strong features with brown hair and eyes. He wants to be an electrical engineer and should be very successful. He is a good student and besides the devotion of much time to "Kate," he has become an active member of the Hi-Y.

BERNICE DELVO This popular and attractive young lady was born in North Dakota on New Year's Day, 1915. At the early age of ten she moved to Plymouth and has lived here ever since. Bernice is taking a commercial course and has been a member of the Glee Club for the past four years and of the Travel Club since 1931. She took an active part in class sports in 1931-32. She says she has no ambition whatsoever, but we know that she once planned to be a secretary. It seems that about two years ago a gay young gentleman came into her life and that accounts for the change of mind. You know whom we mean—yes, Louis.

ELIZABETH VEALEY entertained several of her friends at her home Saturday evening. Games furnished the evening's entertainment after which a lunch was served. Sara and Edith Davis, former students of this school, were visitors here Monday. Bernice Taylor entertained several girls at bridge Saturday evening. Catherine Dunn received high honors, and Ruth Meurin was consoling. A delicious lunch was served, after which the girls danced.

Ruth Wilson spent the weekend with Audrey Moore. Bernice Wray was hostess at a party for several of her friends Saturday evening. Games and dancing supplied the entertainment, after which a lunch was served.

It would seem that the government which is so anxious to have us put alcohol in our system might give us a little more in our beer.

Reports Given On G. R. Conference

Very interesting reports were given last Friday afternoon in the Senior Girl Reserve club by Miriam Brown and Evelyn Rabacher on the mid-winter Senior Girl Reserve conference which they attended two weeks ago at Jackson. The girls told of the good times they had along with the more serious parts of the conference. The theme of this particular annual event was "We Move In New Directions" which was carried out in the banquet, luncheon, and in various discussion groups.

Miss Berg's Girl Reserve group held elections last Friday at which time Jewell Starkweather was elected president and Patricia Cassidy vice president. The rest of the officers will be announced later.

B Team Stops Wayne 10-5

The second team showed their old fighting spirit last Friday night when they defeated Wayne five in a bitter battle which ended in the Rocks favor 10-5. The locals were ahead during the entire game and although the Rocks had a fine team, the Rocks outplayed and out smarted them. This game was very exciting and interesting to the spectators. It was a better and a closer game than the first teams.

Latin Club Formed

A Latin club has been formed under the direction of Miss Hearn. The club, composed of second and third year Latin students, meets Monday, fifth hour. The club held its first meeting last Monday and elected David Gates, president; Marion Hix, vice president; Peggy Tuck, secretary and Roy McAllister, treasurer. Members of the club will be known by Latin names. Some of the names chosen are: Cicero, Caesar, Romulus, Remus, Pompey, Sulla and other famous Roman names.

Spearing Season To End February 28th For Ice Fishermen

Except for non-trout streams and trout streams designated open to spearing in season where but six species may be taken, Michigan's inland waters will be closed for spearing at midnight, February 28.

From March 1 to May 15 the spear may be used to take carp, suckers, redehorse, mullet, dogfish and garpike in non-trout rivers and streams.

No artificial lights are permitted except in designated streams, according to the Conservation Department and through special action taken by the Conservation Commission no spearing will be permitted for any species in the Muskegon River or in the Pine River from Summer Dam to Alma Dam in Gratiot County.

The winter spearing season through the ice in inland waters began January 1 and ends February 28. It permits the taking of

LOSE FAT Safely and Quickly

Kruschen Salts—a perfect combination of the six mineral salts your body should possess to function properly. They purify your blood of harmful acids and aid the kidneys and bowels to throw off waste material—the continual formation of which is probably the cause of your fat. But don't worry just as long as you have Kruschen Salts. Take a half teaspoon every morning before breakfast in a glass of hot water—little by little that ugly fat disappears, you'll feel better than ever before—years younger, more energy. You'll soon possess that enviable beauty, clear skin, sparkling eyes, super physique which only perfect health can impart. An 85c bottle at any progressive druggist in America. Money back if Kruschen doesn't convince you that it is the safest, easiest way to lose fat.

carp, suckers, mullet, redehorse, sheephead, lake trout, smelt, pike (great northern, grass pike and pickerel), muskellunge, whitefish, ciscoes, pikefish or menominee whitefish, dogfish and garpike with a spear without the use of an artificial light, and in all inland waters except trout streams and waters that are not otherwise closed to spearing. A resident rod license is necessary to take fish with the use of a spear as for any other species or in any other manner, the Department points out. Conservation officers have reported observation of fewer violations of spearing laws generally through the state this winter as compared with a year ago. Arthur Raymond Segnitz, who has been ill, is recovering slowly.

CHRISTIAN SCIENCE CHURCHES

"Spirit" was the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, February 11. Among the Bible citations was this passage (Num. 6: 24-26): "The Lord bless thee, and keep thee: The Lord make his face shine upon thee, and be gracious unto thee: The Lord lift up his

countenance upon thee, and give thee peace."

Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following (p. 264): "Spiritual living and blessedness are the only evidences by which we can recognize true existence and feel the unspeakable peace which comes from an all-absorbing spiritual love. When we learn the way in Christian Science and recognize man's spiritual being, we shall behold and understand God's creation—all the glories of earth and heaven and man."

BAPTIST CHURCH
Loyva Sutherland, Minister

10:00 a. m. Subject—Turning Beliefs into Energies. George Eliot once said in an article written about Savonarola: "He turned beliefs into energies which should work in all the details of his life." Is not this the precise mission of the church and personal life? Unless we do this, beliefs and energies the world cannot be lifted to bigger and better things. For our choral sing at this service.

11:15 Church School—Its getting better all the time.

7:00 p. m. What a night it will be! Men's Fellowship night. The service is for every body, but the men of the fellowship will be our hosts for this service. The most thrilling story you ever heard about two boys will be brought as a special message—"How two boys made over a great city church." And then—The Colored Jubilee singers—you cannot afford to miss them. Then following the regular service we go down stairs for an old-fashioned Seth Parker sing—with the organ and the lamps and candles. You will have a chance to help sing your own favorite hymns.

Mid-week prayer service Wednesday evening. Mrs. Sutherland will host this week Wednesday.

Tuesday evening the Steadfast Bible class will meet for a potluck supper at the home of Mrs. Willson of 800 street.

Next week on Thursday evening the Loyal Daughters, a newly organized class will have a potluck supper meeting with Mrs. Sutherland.

CHURCH OF THE OPEN DOOR (Independent Baptist)

A storm on Lake Erie meant grave danger to sailors and their ships of the last century. One dark night a terrific storm lashed the waves against a passenger boat headed for the Cleveland harbor. Some of the harbor lights were known as "lower lights." These were allowed to go out during the storm. The boatmen desperately tried to reach the harbor entrance but had no lights to guide them. The vessel was wrecked and many a soul was dashed into a watery grave. Had the "lower lights" been burning, these lives might have been saved.

"Brightly beams our Father's mercy From His lighthouse evermore: 'Tis to us he gives the keeping Of the lights along the shore.

Let the lower lights be burning! Send a gleam across the wave. Some poor fainting, struggling sea-man may be rescued. You may rescue, you may save."

The storm of sin is beating upon every heart today. Perhaps you need the safety found only in Heaven's harbor. By God's grace we are shining as His "lower lights" to you. There is not a soul who needs your life that the Lord Jesus Christ can not satisfy. He says so. "Come unto me all ye labor and are heavy laden and I will give you rest." Matthew 11:28

Our pastor Richard Neale will preach at 10 a. m. Sunday on "How to Understand Your Bible." A timely message for hungry souls today. "What Joseph Found in Prison," is the sermon topic Sunday evening 7:30. Read Genesis 39, 40 and hear this message based on these gripping chapters.

On Monday evening at 7:30 all young people are welcome to join a service led by young people for young people.

On Wednesday night is our prayer and praise service, and on Friday night the Community Bible class welcomes you.

Rev. Roy Miller Talks To Scouts

Over 125 Boys Attend Service At Rosedale Gardens

Last Sunday noon about a hundred and twenty-five Boy Scouts of the Plymouth District and their leaders and friends accepted the invitation of Rev. Roy J. Miller and his congregation to attend the services at the Rosedale Gardens Presbyterian church. This was the annual church service which is one of the features of Scout Anniversary week.

A number of boys from the various troops, who by reason of their rank are members of the District headquarters troop, assisted Mr. Miller in the Scout part of the program, leading the congregation in the pledge to the flag, Scout oath and law and at the end of the service in the Scout benediction. Mr. Miller's sermon was directed to the boys on the subject "Manhood through Scouting." The whole service was simple, interesting and impressive.

Weddings Of Well Known Young People During Past Week

On Friday evening, February 9, at six o'clock Miss Marguerite Cecilia Williams, daughter of Mrs. Mary Williams of this city was united in marriage to Raymond Danol, son of Mrs. Louise Szotko of Grand Rapids, Mich., at a quiet ceremony performed at the home of Reverend Robert North. They were attended by Mr. and Mrs. Herbert Barry of Plymouth.

The bride was becomingly attired in a long, close fitting gown of blue silk crepe. Mrs. Barry also wore blue but in a deeper shade. Immediately following the ceremony the bridal party returned to the home of the bride's mother on Carol avenue where a reception and wedding supper was held. The immediate family and a few friends being present. The table was centered with beautiful four-tier wedding cake and set with green and pink crystal, making it most attractive.

Those present were the guests of honor, Mr. and Mrs. Raymond Danol, Mr. and Mrs. Herbert Barry, Miss Onaie Heisler, Miss Grace Smith, Miss Lillian and Miss Ardith Williams, James Williams, Ted Strasen, Alva Simpson of Plymouth and Sidney Hopkins of Ann Arbor.

The happy couple went to house-keeping immediately in the apartment made ready by the groom at 311 North Harvey street.

Mr. and Mrs. Danol have many friends in and around Plymouth who wish them happiness in their wedded life.

ASH-GARCHOW

On Saturday, February 10, at four o'clock at the Clarenceville church, Ethel Garchow, eldest daughter of Mr. and Mrs. Fred Garchow of Farmington, and Carl Ash, eldest son of Charles Ash of Plymouth, were united in marriage by Reverend Graupner, pastor of the Clarenceville church.

The bride wore a beautiful gown of white satin, made on simple lines with long sleeves and carried an arm bouquet of cream tea roses and baby's breath. The maid of honor, Miss Audegarde Garchow, sister of the bride, wore pink silk crepe and carried pink roses.

Walter Ash, brother of the groom, served as best man and Alfred Garchow, brother of the bride as the other attendant. Walter Garchow and Edwin Ash, brothers of the bride and groom served as ushers.

Immediately following the ceremony a reception was held at the home of the bride for the immediate families.

Congratulations and best wishes are extended to the happy couple for a long and happy wedded life.

They will be at home to their many friends at their apartment 24840 Plymouth Road near Telegraph Road.

LANG-LANDAU

Miss Lillian M. Landau, niece of Mr. and Mrs. Julius Landau and Harry D. Lang, son of Mr. and Mrs. John G. Lang, were quietly married in Detroit, Friday morning, February 9th at ten thirty o'clock. The groom's brother-in-law and sister, Mr. and Mrs. Hugh L. Johnson, of Flint were in attendance.

The bride's wedding gown was of midnight blue velvet and she carried a corsage of white sweet peas and roses. The bridesmaid wore royal blue with a corsage of pink roses and white lilies.

Mr. and Mrs. Lang left immediately for Grand Rapids, Mich., to Ohio, after which they will be in home to their friends at 592 S. Harvey street, Plymouth. Congratulations are extended to the happy couple.

A very pretty family wedding took place at St. Michael's church, Rosedale Gardens, Feb. 12th at 9 a. m. when the Rev. Fr. John Contway united in marriage Miss Ann Queava youngest daughter of Mrs. Margaret Queava of Pincunung Mich to George Phillip, eldest son of Mrs. M. J. Phillip of Flint. The altar was beautifully decorated with sweet peas and baby breath which seemed to be in harmony with the lovely bride who was dressed in a aqua marine colored gown with a small white hat with veil and carried lovely bouquet of white American beauty roses with baby breath.

The bridesmaid Miss Alice Queava chose a gown of Tea Rose crepe with a white hat on the same line as the brides. Her bouquet was of tea roses and baby breath. Earl Phillipot brother of the groom was the best man. The wedding ceremony was held in the church to the strains of Bach-Gunoud wedding march played very beautifully by Miss Angeline Rossau.

After the service the close friends and family returned with the happy couple to the home of the bride's sisters on Maple avenue where a bountiful wedding dinner was served at which the happy couple left for Flint, Mich., where they will make their home.

COUNTY LIBRARY COMMISSION PLANS

(Continued from page one)

Even before Plymouth officials had arrived at the city hall four representatives of the Wayne County Library Commission were at the hall discussing the matter with City Manager Perry Cookinham.

When all the members of the commission reached the hall, the Plymouth officials were advised of the plan of the library commission.

Immediately there was a consideration of suitable sites that could be secured without cost to the city of Plymouth or library commission. While one suggested that the Presbyterian church park would be an excellent location it was agreed that the ideal spot would be the little city park near the school. Supt. George Smith was present and he expressed himself as delighted with the possibility of having such an excellent public library in the Wayne county commission maintains so accessible to Plymouth's schools.

Mayor Hoyer in the presence of the library officials asked for individual opinions from each member of the commission. Each one as their names were called declared himself in favor of the park for the library, with the exception of one who made his second choice to another site in back of the Presbyterian church. Library commission officials, who were familiar with all available locations, expressed themselves as highly satisfied with the one recommended by the commission.

"It is a most fortunate thing that this piece of land has been seemingly retained for just such an excellent purpose. Plymouth is indeed lucky to be able to offer it for such a beneficial public use," declared the mayor.

"I'm for it one hundred percent," stated Oliver Goldsmith.

Commissioner John Henderson stated that he regretted the fact that he was unable to donate the site for the library—so ran all of the expressions of the officials.

When members of the Library commission left, Plymouth officials had every reason to believe that this city will be one of the places in Wayne county designated for the erection of a library building at no expense to the taxpayers of this place.

To Present Play For Purpose Of Aiding Children

Every moment that was not devoted to his profession was spent with the children.

Death came to "Uncle Mac" during the Grand Rapids Convention of The American Legion last August when he succumbed to a cerebral hemorrhage. He was 38 at the time of his passing. Born at Sault Ste. Marie in 1895, Herbert R. McKinney served with the 33rd Infantry, Michigan National Guard, on the Mexican Border in 1916 and 1917 and with the 125th Infantry Headquarters Company in the World War at the end of the war he was discharged with the rank of Sergeant Major. Today his remains rest in Riverside Cemetery overlooking St. Mary's River at the Soo.

He gained national prominence through his child welfare work for the Legion. While a member of the editorial staff of the Detroit News, he was appointed secretary of the Otter Lake Billet Board of The American Legion of Michigan in 1929. His name was named Child Welfare Chairman of the State Department in July of 1931, serving continuously in this position until his death. Herbert R. McKinney was succeeded in the Fall of 1933 as Child Welfare Chairman by Fred W. Lyons of Detroit.

The American Legion Children's Billet at Otter Lake is one of fourteen such preventorium projects in the United States. It is the only billet of this nature organized and operated by the American Legion in this country. Recently it was placed on the approved list of The American Medical Association being the only institution of this type in the State of Michigan to be so approved.

The first cottage was in use on the Legion's 97 acre plot at Otter Lake in February of 1924, at which time 20 children were being cared for. The present capacity of the Billet, including four cottages, hospital and administration building, is 98 children. The Billet borders the three

DRORMAN WINS 4th CITY TITLE

(Continued from page one)

played a determined defense and a challenging offense. Spiegel is a former partner of Dorman's when he won the national doubles Y.M.C.A. title in 1929. Waterstone is a coming player who reached the semi-finals of the tourney last year.

Spectacular play of Dorman whose ability to place "kill" shots almost at will, featured the match. He is acclaimed to be one of the best left-handed players in the nation, having won eight national, four city doubles titles and two city singles tournaments.

Holding complete control of both games and taking advantage of every opportunity the champs repeatedly caught their opponents out of position with their general court work. One team forced the champs to an extra game due to Nate Miller and Max Dobbis in the fourth set. They lost a game the second round, but won all other contests in two straight games.

Gayde's Clean-Up Day And Weather Out Of Hitch For Present

It has snowed or rained every Monday morning so far this year. The authority for this weather record is Edward Gayde, pioneer north side merchant who is just now trying to make up his mind as to whether he shall continue to have his store scrubbed out every Monday morning. "It seems as though we no sooner get our Monday morning scrubbing all done than it starts to rain or snow. It happens all during January and up to the present time in February. If the weather doesn't change pretty soon, we'll change our clean-up day," declared Mr. Gayde as he stood watching the rain and snow storm of last Monday forenoon. 141tc

Dr. Randall To Tell Of New Age Religion

"Religion and the New Age," is the subject of a series of special radio sermons by Dr. V. P. Randall of Detroit, every Sunday morning at 9:45 Eastern Standard time over CKLW, the International station at Detroit and Windsor. This service is prepared especially for broadcasting. In addition to the addresses by Dr. Randall, Pearl Porter Welkel, who has delighted millions with her playing of religious music, will be heard on the magnificent organ at the Detroit Masonic Temple, while Harry Mason, well known to radio audiences will sing. This time, 9:45 a. m. has been selected to conflict as little as possible with the regular church services. Dr. Randall is well known to many in Plymouth, who listened to him when he spoke over one of the other large stations, and these will welcome his return to the air. 141tc

been invited to take our hymn-singing orchestra and young people's choir to conduct the Epworth League service at the Metropolitan Methodist Church in Detroit. Mrs. will leave the Federated church at four o'clock. Kindly notify the Pastor if you will drive your car and take some of the orchestra members and singers. On Friday evening, February 16 at 8 o'clock we have our annual Fish Supper sponsored by our church men assisted by the Aid Society. There will be an informal program of music and readings by a member of the faculty of the University of Michigan. In keeping with present conditions tickets have been priced at twenty five cents. The young people of the Fishers of men class plan to hold their next meeting and party at the home of Mr. and Mrs. Leslie Curtis on Saturday evening, February 24. This party will honor five of the newly married young couples of this community. 141tc

Jennings and in "500" Mrs. E. Foreman and Mrs. Michael McMahon were the lucky ladies. The prizes for both were just alike leap and a pretty and useful baking dish. The ladies wish to thank those who helped in any way to make the party such a success and to announce what plans for another are under way the date of which will be given in this paper. Mrs. Julius Landau and Mrs. Roy Schroder of Farmington, gave a miscellaneous shower last Friday night in honor of Miss Lillian Landau at the home of Mrs. Landau. There were a large company present and she received many beautiful gifts. 141tc

The Forgotten Man

Is being remembered again. At last the farmer is getting his share of the "New Deal." Everything in the meat line is higher in price and not only in the meat market or packing house, but the producer is really getting more money for his products and we are happy for the farmer's sake. We are doing our share by absorbing a portion of the steadily increased prices and maintaining the same high quality. The following week-end special will convince you.

Children Eat It Like Jam...

Mothers everywhere are now giving their children Melo-Malt, the new Rexall product that tastes like honey, and is so rich in vitamins A, B, (F and G), and D. For children eat it just like jam. Melo-Malt is almost 60% by volume of a specially processed extract of malt. It has 25% Purest Cod Liver Oil too, but you don't taste it. Start your children on Melo-Malt today.
