

John Dayton And Ford Brooks Are Judge Nominees

Two Well Known Lawyers Will Battle It Out At Election

Candidates For Places On City Commission Are Showing Activity—Election Soon

John Dayton ran away with the highest vote in Monday's primary for the nomination to municipal justice in Plymouth, carrying both precincts in the election. Ford Brooks however was a close contender and finished with only 19 votes less than Plymouth's veteran lawyer. The women vote which had been expected to be a real factor in the primary did not develop and Mrs. Clara Todd, their candidate for the nomination, was not within the required number of votes when the ballots were all checked.

The contest in the final election will be between John Dayton and Ford Brooks and friends of both the well known Plymouth attorneys have started working energetically for the nominees. In fact most of the interest at present is in the forthcoming election which seems to center around the election of a municipal justice.

The electors of the city will at the April election be called upon not only to elect a municipal judge, but to elect two city commissioners. There are two vacancies on the commission, the term of Mayor Freeman B. Foster expires on the 31st of March. Commissioner Goldsmith expiring. Commissioner Goldsmith has announced that he will be a candidate for reelection. Interest in the contest has increased by the appearance of three candidates, Walter Smith, Mrs. Ruth Huston Whipple and Harry Mumby. Just how active will these candidates be not known, but it is expected that during the next two weeks there will be much ado in city political circles. The municipal election primary contest resulted as follows:

Pct. 1 Pct. 2 Total			
J. Dayton	92	30	128
F. Brooks	98	17	109
Mrs. Todd	36	14	44

Judge Brennan Is Club Speaker

George Washington was the subject of a most interesting and informative address delivered by Judge John V. Brennan of the Federal Court at the Kiwanis ladies night, Tuesday at the Hotel Mayflower. Rotarians and their wives were also invited. The history of the Father of Our Country proved to be more interesting than fiction. Our first President became an energetic youth, a persistent man, a bold husband and a true statesman as he seemed to breathe again through the well chosen words of the speaker.

Judge Brennan concluded his portrayal with appropriate remarks to the flexibility and stability of the constitution of the United States drawn by these able statesmen over a century ago. The level headedness of the American people which made the continued success of our government possible combined with dispositions and temperaments of the citizens of our neighboring nations.

Business And Professional Women Plan Banquet Next Wednesday Eve

Event Will Mark Opening Of Nation-Wide Drive Of Jobs

Members of the Plymouth Business and Professional Women's clubs are completing plans for a banquet to be held at the Mayflower hotel on Wednesday evening, March 14. Mrs. Marion H. McClench of Ann Arbor, national membership chairman, and one of the outstanding leaders of the organization, will be the chief speaker.

According to Mrs. Nellie Cash chairman of the banquet committee and her assistants, Miss Alice M. Sanford and Florence Stader, the banquet will be held at the beginning of the nationwide re-employment drive to be instituted by the business women of America.

"Jobs for 10,000 women," is the slogan of the 1934 National Business Women's week. Mrs. Geline Macdonald, president of the Federation, announces that the President's wife Mrs. Franklin Roosevelt will set in motion the various activities of the annual observance. Mrs. Roosevelt, who is an honorary member of the Federation, will announce the outcome of their campaign to put 10,000 of their sisters back to work.

Immediate re-employment of 10,000 white collar women has been the goal set for themselves by the 1,300 clubs of the Federation in celebration of National Business Women's Week, March 11-17. Each one of the clubs has made an effort to secure a minimum of eight jobs for white collar women—one for each week day and two for Sunday! The result will be announced by Mrs. Macdonald and is being heralded as definite proof of the confidence of the Federation in America's recovery program.

Through the press, magazines and the radio, business women will endeavor to show how women are participating in the business comeback of the United States; they will also urge long-term planning on a national economic basis, for their individual communities, planning which will help in economic reconstruction and will assure a development of community resources for the well-being of all its members. Study of economic problems and their social implications. In this connection, the Federation is interested in education, housing, recreation and the use of leisure, constructive economy in local government; relief and unemployment, and the various problems which will be discussed by well-known speakers at re-employment Day luncheons and Public Relations dinners all over the country during Business Women's Week.

Clothing Groups To Meet On March 13th

On Tuesday of next week, March 13, from 10:00 to 4:00, the leaders of the Clothing Groups in Wayne County will meet in the Wayne Library with Miss Irene Taylor, Clothing Specialist from Michigan State College, to take up the final discussion of the project for the year, announces Miss Emma DuBord, County Home Demonstration Agent.

Farther the leaders have learned to alter the commercial pattern, the fitting of a muslin model dress, colors and designs to suit the individual personalities, and a study of the new fabrics for this year's clothing. The new lesson will be on the first fitting of the dress out from the muslin model, a demonstration of the making of a slip pattern from the corrected commercial dress pattern and a discussion on Undergarments with regards to hygiene, suitable and designs. Bermuda and Diagon facotting will also be taught to the Leaders.

Nominations In Townships Made With No Contest

Plymouth Township G.O.P. Keeps Old Officials On The Ballot

Another Contest Promised In Northville—Livonia Republicans Make No Change On Ticket

Plymouth township Republicans Monday held their annual caucus and re-nominated the incumbent officers for another term without a single objection. The nominations follow: Chas. Rathbun, supervisor; Norman Miller, township clerk; Florence M. Stader, township treasurer; Justice of the Peace, Maude Bennett; highway commissioner, Melvin Partridge; constables, John C. Bradner, James P. Long and Charles Davis; member board of review, Benjamin Blunk. George Richwine was nominated for Justice to fill the vacancy created by the death of Frank L. Becker.

Plymouth township Democrats did not hold a caucus. There will be another contest in Northville township this year. The Democrats having nominated a full ticket. Last year they gave the Republicans a real scare and ninety women club members and their guests were present to help make the meeting a success.

After a short business session, the president, Mrs. Ray Johns, turned the meeting over to Mrs. Myron Hughes, chairman for the day. Mrs. Hughes first expressed deep regret that our beloved Mrs. Elmer Chaffee, who was to have given a talk on "Early Days of the Club," was unable to be present. Mrs. Chaffee acted as the fifth president of the Club, serving in that capacity from 1903-1905.

As an impromptu substitute for this talk, Mrs. Hughes very pleasantly read "The Encyclopedia," a humorous sketch.

The Democrats in Livonia township, during all of their old officials on the ticket. Jesse Ziegler was re-named for supervisor; John Harlan for clerk; Dan McKinney for treasurer; and Charles Wolf for highway commissioner.

Chickens dinner is served from 5 to 8, with a rousing program of professional entertainment and several well-known raconteurs. Preparations for the usual capacity crowd are rapidly nearing completion, with plenty of chicken and heaping plates of home cooking planned on the menu.

The St. Patrick party is the big social event of the year, as guests of past parties will agree, and this year promises to top them all. Among the artist entertainers are Muriel Kyle, Carl Sobie, Anne Campbell, Edna O'Connor, Edward Kelly, C. C. Bradner, James P. Long and Charley Wiggle.

Committees have put in several weeks of work on the endless details to assure everybody a pleasant time. A special entertainment, and a neighborhood social evening, Dr. H. J. Brisibols is chairman, Father J. E. Conway is pastor.

Mr. Willoughby said that it was his intention to unload all of the present stock on hand in order to secure brand new merchandise for spring and summer wear.

To Present Semi-Sacred Pageant Sunday Evening

Churches Unite For Event To Be Given In School Auditorium

Nearly Fifty Will Take Part In Play Which Is To Be Offered Without Cost

"Thy Kingdom Come," a semi-sacred pageant in five acts in which nearly half a hundred local residents will appear in dramatic parts, many of which are musical numbers, will be presented Sunday evening at the high school auditorium under the personal direction of Florence M. Stader, teacher of the Starkweather school. The event, which is sponsored by the churches of Plymouth will be a local church choir. There is no admission charge.

The pageant "Thy Kingdom Come" was written with an endeavor to reveal to men why the mortal belief in self blinds the soul. It will reveal to some why they have not been lifted up spiritually into the glories of love and harmony with God. It attempts to answer the question for many, "Why does the Kingdom of God not come?"—The prayer that everyone says when they repeat the prayer that Our Lord taught us to say.

There are forty-three characters in the pageant. Most of the characters are in costume and speak which will assist the audience in distinguishing the spiritual characters.

A chorus of twelve of the best known have been chosen from the local churches to support the stage will show work and artistic effort on the part of the director.

A blue-print of a soul will be explained by Carl Lewis, a dramatist. The blue-print was designed by Florence M. Stader and has been drafted by Fletcher Campbell of Plymouth.

Residing at a home of oak decorated cross flowers, gates of heaven all made of paper flowers, a large magic fan of brilliant colors and a picture frame, where pictures are made of many years.

Outstanding in the list of approved work is \$7,983.50 for alterations, improvements at the city hall. This work will be started immediately and while it is being finished, the city officers will be located on the north side of the city.

The entire interior of the city hall will be remodeled. The entrance will be moved to the middle of the building, the stairway that has long been one of the most obnoxious features of the building, will be moved to another location and the office arrangement entirely changed.

As a result there has been set aside \$1452.00 for tree planting in Plymouth. City officials hope to be able to get trees from Wayne county for this purpose. There are scores of sites in Plymouth where this money can be used to remarkable advantage at this time.

Boys and Girls! Here Is Chance To Take Part On Theatre Program

For today and tomorrow, March 9 and 10, Manager Harry Lush of the Plymouth Penniman-Alton Theatre has booked a stage show. The "Three Texans" popular radio stars who have been heard over station WXYZ for the past twenty-two months. Manager Lush also announced that any boy or girl who can play a musical instrument or sing or entertain in any way will be afforded the opportunity to display their ability along this line before "The Three Texans" at the regular Saturday matinee at 2:30 p. m. Bring your instrument with you and tell the doorman at the theatre about it when you come Saturday afternoon.

City Is Granted Over \$11,000 For Additional Work

Nearly 60 Men Can Be Carried On Jobs Until The First Of May

City Hall To Be Improved, Trees Planted And Other Jobs Finished In Next Few Weeks

Through the tireless efforts of Mayor Freeman B. Foster, Mrs. Ruth Huston Whipple and members of the city commission, there will be poured into Plymouth over \$11,000 during the next two months in wages for CWA workers. Their program of work projects submitted to the county CWA board Wednesday was approved in full and City Manager Cookingham will see that under its provisions Plymouth will be able to keep nearly sixty men busy until May 1.

Plymouth was most fortunate in having the active assistance of Mrs. Huston Whipple on the board, and it is doubtful if the entire new works program would have been successful without her splendid assistance on every project.

Outstanding in the list of approved work is \$7,983.50 for alterations, improvements at the city hall. This work will be started immediately and while it is being finished, the city officers will be located on the north side of the city.

The entire interior of the city hall will be remodeled. The entrance will be moved to the middle of the building, the stairway that has long been one of the most obnoxious features of the building, will be moved to another location and the office arrangement entirely changed.

As a result there has been set aside \$1452.00 for tree planting in Plymouth. City officials hope to be able to get trees from Wayne county for this purpose. There are scores of sites in Plymouth where this money can be used to remarkable advantage at this time.

Another appropriation of \$231 was made for work in Riverside cemetery. An allotment of \$366 was secured for additional filling on Tonquish creek.

This total will make almost \$50,000 that will have been poured into Plymouth before May 1st by the city administrators.

Members of the Plymouth city commission have been alert to the necessity of quick action and never in the history of the city has so much special machinery of the commission been held a-awake recently. These meetings have been devoted almost entirely to CWA work.

Honoring their son-in-law and daughter, Mr. and Mrs. Elmore Carney of Yale who were their guests in the week-end, Mr. and Mrs. C. G. Evangelistic Series To Be Conducted By Local Methodists

REV. P. RAY NORTON

Beginning on March 19th and running through to Easter Sunday there will be special evangelistic services held in the Methodist church. The first week will be in charge of Rev. P. Ray Norton and for the second week, the local board has secured the services of Dr. Powers, one of the leading Evangelists of North America.

Dr. Powers comes with a record of having served many of the largest churches in the country and a rare treat is in store for Plymouth residents who enjoy sermons on real Christianity.

Over Hundred At Church Banquet

Lutheran Fathers And Sons Have Fine Get-Together

A good, man-size roast beef dinner was served to over a hundred people at the annual Fathers and Sons' banquet on Thursday, March 1st. Between courses the men regaled themselves with the good ladies with community singing. After the dinner our good friend "Bill" Wassund, taken entirely by surprise, rendered three humorous songs, one for the "kids," one for the "dads," and one for those who could understand the German tongue. His efforts were rewarded by a prolonged round of applause.

Dr. Robert Haskell of the Wayne County Training School, delivered the address of the evening. Introducing his speech with a question as to the purpose and possible reason for fathers' and sons' banquets, he answered the same with the conjecture that the reason must be because the fathers desire on the one hand to "strut their stuff" and on the other, because most fathers felt the need, after a critical review of the course of training their sons received at their hands to offer some sort of apology for the many mistakes made, and the very genuine thought was to put this burden of apology on the shoulders of some willing public speaker.

By means of a story of the well known "Ory" relative, the versatile student of human and child nature, Booth Tarkington, the doctor illustrated how little we grown-ups often understand our little ones' mental, spiritual and physical problems and how blundering some we are in overcoming what we may consider our child's psychological inhibitions, predilections and weaknesses. The only solace was to lose them, only disappointment and a complete loss of faith in human kind was the result, when the living, young thing, he was cautiously permitted to see, was only a baby; and, finally an affected and mimicked air of bravado and bluster bringing about nothing but more wagging "Ory" relatives' heads and doubt of Ory's sanity, in Ory solves the entire problem of his psychological queerness, when his loath final "FUT CAUGHT." And in this age of industrialism, the father no longer giving his son the elements of character training at his side in the home forge and work-bench, it is imperative that we learn by careful example and our surroundings affection to give our son the knowledge of life's CHARACTER.

Mac J. Donnelly, well known young Plymouth resident living at 323 North Harvey street, lies in critical condition in Plymouth hospital from internal and head injuries and Allen M. Giles, son of Postmaster and Mrs. Burton Giles, is recovering from frightful facial condition in Plymouth hospital. Mac's injuries were a broken right wrist as the result of an automobile crash on the Canton Center road Monday afternoon. The driver of the car, Fred Schradner, was escaped with only a slight cut on his chin. The machine, a Chevrolet coach owned by Thomas Mojeski, an employe of the Wayne County Training school, was completely demolished in the accident.

During the past few hours there has been a slight improvement shown both Donnelly and Giles, when Dr. Paul Butz, who holds out hopes for his recovery when brought to the hospital it was feared he would not survive. "Bud" Giles as he is best known suffered a frightful gash between his right ear and chin as he was hurled through the side of the car. Almost immediately medical aid given him prevented death from loss of blood. He was hurried ten feet from the car and was partly buried in the mud in a place where the car had been. The Mathew Everett home. He was also being rapidly suffocated in the mud when pulled out by Paul Houchins, who resides across the road from where the accident happened.

The Schradner ambulance was called and within an exceedingly brief time both Donnelly and Giles were in the hospital. Donnelly was wedged between the engine and front seat. How Learned escaped without more serious injury, an unexplainable fact. The three boys who are employed at the Wayne County Training school had been to Ypsilanti and were returning home. A Buick Oil truck driven by Norman C. Potter of Plymouth was also being driven north.

Frank Learned states that he saw the truck to study turn to the left to enter the Everett driveway and that the turn was so short he said that he could not avoid either hitting the truck or side of the road.

As the car left the paving it crashed with terrific force into a large maple tree that stands just to the north of the driveway. So great was the impact that the car did not strike the ground again for a distance of nearly twenty feet. Few cars were ever so completely demolished in an accident as was this one. Houchins saw Giles as he was hurled through the air for a distance of nearly ten feet beyond where the car had been.

Potter, driver of the truck, says that he had slowed down to a speed of not more than five or six miles an hour and that he had opened the door of his truck to look back before making the swing across the paving. He states that the truck had not entered the left side of the paving as he was driving on the paving.

Realizing that Donnelly was practically the only support of his mother and children in the family, Mrs. Giles and daughter Virginia Thursday morning appeared before the court and requested a writ of habeas corpus for the burden that now confronts the family. Already they have secured some funds, but are badly in need of more. The family has been left at the postoffice and at the Willoughby store. The thoughtfulness of Mrs. Giles and her daughter in this matter is most appreciated by the community.

Physicians reported late Thursday that Donnelly has developed in the wounds of Bud Giles and that his condition was not as favorable as Wednesday.

Township Treasurers Can Hold Four Years

It will be interesting to township voters to know that there has been a change in the state law which permits township treasurers to serve four years. There was a limit of one year in the old laws, but now township treasurer can hold office four years, each year in succession if he is nominated and elected.

Regular meeting of the National Farmers Union, local number 36, will be held at the Salem Town Hall, Thursday, March 13, at 8:30 p. m. Judge Jeffries of Detroit will be the speaker.

HOW TO SAVE THE SMALL TOWNS AND CITIES

Mrs. Franklin D. Roosevelt, wife of the President who takes as keen an interest in public affairs as her husband, prepared a statement the other day which was read before the NRA conference in Washington. The statement was of intense interest to the smaller communities and small and independent business concerns of the nation, because it had reference to the most important question before the nation today—the question as to whether the "little fellow" in business can survive. The dispatch said: "Mrs. Roosevelt said that small book stores and groceries could not compete with department and chain stores, even though the latter stores sold above cost. She then cited how lower overhead made it possible for department and chain stores to undersell groceries and small book stores."

What Mrs. Roosevelt says about groceries and small book stores applies to every other small town business establishment and unless the danger she points out is remedied within the next few years under the new order of things, there will be no more small towns and cities.

The Plymouth Mail believes that the situation can be saved for the smaller communi-

ties—but to do so will require the highest degree of community loyalty on the part of the residents of the community. Every person who lives within Plymouth, or any other small town, by giving their undivided support to the business places of the community, its educational institutions, its churches, and all of the other things that go to make up a community, can save a situation that at present looks dangerous indeed.

If the small business man cannot survive, then the small town or small city cannot survive. There is not the slightest question about that. If they die, you, the residents, are the ones that will suffer.

The Plymouth Mail has long been an advocate of community loyalty and when we say community loyalty we mean the support and patronage of ALL the business places operating within that community.

What good does a Plymouth dollar spent in Ann Arbor or Detroit do in Plymouth? It does NO GOOD to Plymouth. It does help BUILD up the city or community where it is spent. Unfortunately indeed it takes away that trifling surplus that goes so far to help build up the smaller communities of the nation—the communities that are the real bulwark of the country. What if the costs of the small merchant should be a trifling amount more for that book or watch or some other article than charged in the big city department store—you get it back a hundred times over if you spend your dollar at home through the development and improvement of the place where you live. Spent elsewhere, you GET NOTHING BACK and frequently the article that you paid less for elsewhere is not at all satisfactory to you.

We urge you with all the emphasis at our command to display now and in the future the highest degree of community loyalty. It will save the community where you live and it will benefit you, your family and your future.

MILK BOTTLES?

Help Us Housewives!

Your local milk man has just completed a survey on the amount it costs him a year to supply milk bottles for his customers. Every bottle he delivers costs him one-half cent because many of you never return the bottles you have in your homes.

THIS AMOUNT IS BY FAR TOO HIGH FOR THE CONTINUATION OF GOOD QUALITY MILK AT A FAIR PRICE TO THE CONSUMER AND PRODUCER.

As a special service to all of our patrons in Plymouth we will canvass the city by truck from March 12th to 14th inclusive and will remove all milk bottles which have accumulated in your attic, basement or garage. Place the bottles on your porch for pick up or phone any one of your local dairies.

Wayne Defeats Plymouth 33-20

Rocks Lose Last Game Of League Season To Wayne Basketeers

The Rocks completed their 1934 league season when they lost to the Wayne basketeers last Friday evening by the score 33 to 20. Both teams played a very good game but the Plymouth five could not at any time manage to work their way into the lead. During some part of this very fast contest every local player saw competition. Lucas was high point man for Wayne with thirteen points and Levandowski was high for Plymouth with eight points.

First Quarter Kinsey started the scoring with a field goal. Lucas then made a field goal and Reiser followed with a basket. Lucas made another basket and Levandowski made a free shot.

Second Quarter Steinhauer made a field goal and a foul shot. Kinsey and Levandowski made baskets. Lucas and Reiser also made baskets. Holmes went in for Evans at forward. Near the end of the half Steinhauer made another field goal and Kinsey made a free shot. The half ended with Wayne leading 15 to 8.

Third Quarter Holmes made a field goal. Kinsey made a basket and Steinhauer followed with a basket and a free shot. Levandowski made a field goal and Reiser and Lucas made field goals also. Basset went in for Stevens and Champe. Elliott, Reiser again made a basket ending the third quarter.

Fourth Quarter Champe made a basket and Wagenschutz made a free shot. Williams went in for Champe. He made a basket about two seconds later. Lucas made a field goal and a free shot. McLellan went in for Levandowski who had just made a basket and a foul shot. Steinhauer made a field goal. Harrison went in for Holmes. Lucas made a basket and was then replaced by Nelson. Trimble went in for Basset and Evans and Zimmerman went in for Steinhauer and Clark respectively.

Second Team Whips Wayne 12-7

The Rock's second team won their second game from Wayne last Friday night by the score of 12 to 7. Although Wayne was in the lead for the larger part of the game the Plymouth team kept fighting and in the last quarter they caught up and passed the Wayne five. The team which started for the Rocks played the entire game while Wayne had a number of substitutes. Although Don Schiff did not make any points until the last quarter he ended up making six points and was also high point man.

Sophomores Give Dance Tonight

The sophomores are hoping for a large number of patrons at their second dance of the year which will be held tonight at the high school auditorium. The class has secured Maynard Larkins' orchestra, a new group of musicians which contains excellent players from this city. The dancing is to begin at eight o'clock tonight and will continue until eleven.

SANFORD KNAPP was born in dear old Plymouth, Mich. on March 18, 1915. Cra-Cra is a brown eyed and blue eyed lad who is eighteen laced years. This Romeo plans to be a salesman and a traveling one at that. Be true to your word, Sam, and scout Sam's hobby is the participation in and the witnessing of sports. One thinks of Morocco when Sam's harem is brought into the light. The velvet curtains include two Catherines, Mary, Marion, Cecil, Ruth, and many others kept in secret. Come on Sam, who are these fair damsels, held so close by your talents? Cra has played football three years, tennis two years. is a member of Senior Play cast, Senior Drama club and the aid band. Sam also has taken part in stunt nite for three years.

HERBERT KALMBACK had long handsome lad from Rose-land where he has lived for eight years first looked upon this big world on September 18, 1916 in Detroit. This blue eyed, black haired boy, whose favorite pastime is all sports, wants to be a lawyer, but before doing this he wants to attend the University of Detroit. Herbert has a leading part in the Senior Play this year. He is on the first baseball and football teams, and is a member of the Hi-Y and Varsity clubs. He tells me he has seen so many girls, but he knows there is a certain nurse in Bay City that he particularly cares about. How about it, Herb? What's her name?

GERTRUDE KINGSLEY, that good-natured shy little lassie was born at a very early age with dark brown hair and pretty blue eyes in Rushon, Michigan. She likes to spend her time studying flowers and birds and expects to be a nurse when she finishes school. Gertrude lived in Ann Arbor before coming to Plymouth two years ago and is a member of Latin club. Her ambition is to make the world a wet bit pleasant for each other. Maybe she means for West.

WILBUR KINCADE, a shy young man was born in Plymouth on May 16, 1916. He is very active in all sports and was on the football team last fall. He is a member of the band, orchestra, and Hi-Y. Wilbur plans on going to college this fall and says his greatest ambition is to be an electrical engineer. He says he has no hobby—other than his interest in Ruth.

LAVERNE KELLEY, or "Kelley," as his friends call him, was born in Detroit, Michigan on August 8, 1915. He moved to Plymouth in 1928 and immediately started to rush the fair sex. He is frequently seen talking to a dark haired lassie by the name of Alice. Laverne is a very ambitious young man, he now works part time at a local gas station. After he is graduated he plans to spend the winter in Florida with his girl, and Emmie. When he returns he is going to take up tool-making, and will give his spare time to a young lady (Jane) in Detroit.

Ad Lib

Did you know that: Miss Wells once chewed gum? Mr. Dykhouse once taught physics chemistry, and band? Miss Allen was once principal? No dancing allowed in the school building until 1927? There was a balcony in the auditorium until 1926 when it was removed?

As per schedule it's about time we said something about Fanny again. The "Ad Lib" is not the "Ad Lib" without Fanny's name appearing once every six issues. But as the date for saying something about Fanny rolls around again, we find that there is little to be said. She has been very quiet of late, and has taken up Art in place of Dramatics which she had to give up because of her health. She wishes to explain that it is for health not scholastic reasons that she has had to give up that which she does so well.

We dropped in on the first meeting of Mr. Bentley's chemistry club last Wednesday afternoon. It seems that a number of eighth grade scientists have purchased chemistry sets and are learning how to help the regular laboratory and the cooking rooms in making the school house smell not unlike a large perfume store (and some of the perfume you'd hate to smell). All we can do is hold our noses and wish the chemists good luck and a few broken test tubes.

Marvin Schmidt when asked to give a suggestion for a method of transporting "Harpo" Dunn's newspapers to the school suggested a baby buggy and did he get red. We can just see Miss

P. H. A. M. G. O. Plymouth Public Schools Must Go On? Paper Raids! School Spirit! Bah! Where is it? What is the matter with you? Are we contented? Are we too good to be dealt with by the paper? What is the school spirit? The "Fighting Rocks" had? Maybe we are just too tired to carry a few papers. This is the second paper raid our school has had. Last year the student body collected about seven tons of newspapers. This year fifty-five people collected one and a half tons. Fifty-five people out of practically seven hundred are collecting paper! What's the matter with the other six hundred and fifty people? After all will it be for the benefit of the fifty or sixty people that the student council will spend the returns or for the whole student body? It's not only the thought that we'll not get new athletic equipment, honor hand-sets, etc. but the idea that Plymouth high school has lost its spirit in the "Fighting Rocks" that is so astounding, are just plain "Rocks" now.

Are you a Tweedle? Well if we knew what a tweedle was we could be able to tell a little better. The Seniors this year are presenting this great play with a great star cast in the great auditorium of the great Plymouth high March 15 and 16. Isn't that great?

Have you been reading the Pilgrim Prints on its new bulletin board? This is the latest of the Plymouth high school Student Council services.

Many of the local lights were astonished when our good friend Miss Doris Fishlock in Miss Ford's general history class last week struck up a flourishing romance with Glen Day. So great has become the "friendship" between the two that Glen has promised to let her be queen when he becomes king of Newburg. Did you celebrate yesterday as "Glen Day"?

Did you ever see a Dream Walking? Well we did. Did you ever see Jack Sells marching?

Did you ever see Miss Wells chewing gum? Did you ever see Emmie's Ford running?

Did you ever see McAllister acting? Did you ever see Gus Gates acting?

Did you ever see Jane Whipple with the mumps? Did you ever hear Burt Algren singing? He's good!

Did you ever see Hobbie skating? (with Bill Ray and Jack McAllister.) Did you ever hear Bill Thams driving a model T? Well we did.

Latin Club Chooses Projects

The Latin Club has chosen Roman Review for its theme. The members have Roman names and roll call is made in Latin. Last week they worked on projects for the spring exposition. Models of Roman houses were made out of wood and busts of famous Roman men were made from soap. David Gates made a wooden model of a catapult and a stone in use in demolishing walls. Several students are working on Latin crossword puzzles. Won't the students have fun solving one of those? Credit will be given by Miss Hearn for those projects which are well done.

School Orators Hold Elimination

In order to select three speakers to contest for the school championship in assembly, an elimination contest for orators was held Thursday, March 1, in Study 3. The following orators were delivered: "The Survival of the Fittest" by the control of the feeble mindedness, Catherine Dunn; "Worthy Use of Leisure Time" by Myrtila Savery; "A Thought," a plea for keeping open the Roland Rhead; "Our Problem," the gangsters and kidnapers—Katherine Schultz; "World Peace"—Catherine Compton; "Youth to the Front" about the youth movement in Detroit schools—Ruth Hadley; "Hitler's Jewish Problem"—Madelyn Blunk; and "A Man Without a Fort," an attack on capital punishment—Jack Kinsey. Contestants included both speakers chosen from public speaking classes and those interested in oratory but not students of the former subject.

After a short conference among the judges, Miss Hearn, Miss Plegel, and Mr. Lature, Norman Kincaide, the chairman, announced the decision. Katherine Schultz, Ruth Hadley, and Roland Rhead were chosen to present their orations in assembly on March 7.

A Tenth Grader Thinks In Politics

(An assignment in English 10 A to define clearly and fully a term brought the following definition.)

A COMPLETE DEFINITION OF SOCIALISM

Socialism is a political and economic theory of social reorganization, the main feature of which is government control of all economic activities for public good. Its proponents, the Socialists, maintain that the theory will eliminate all unnecessary human activity by employing all sorts of labor-saving machinery, by elimination of profits, and by sharing the abundance we have at the present time.

The Socialists further maintain that we can have no overproduction as long as the people are in need of things to eat, wear, and live. They are a present. Cooperation, they say, is the only salvation of the world today.

Many people have a mistaken idea about Socialism. They think that it will be impossible to own anything, not even one's own home, and that religion is suppressed under Socialism, but this is not the truth. People can own their homes or any other thing as they do at present. The only thing being suppressed is the teachings of Christ. In fact the only thing that there would be from the present system would be that one's father instead of working for General Motors would work for the government in their automobile factory. He would receive wages as at present but he would spend his money at a government store where prices would be lower because all unnecessary expenses would be eliminated.

One's father would probably have much leisure time, for his working hours would be lowered because of machinery which will have taken his place. The much-longed-for vacation would again play a major part in the life of the Socialist citizen.

Hi-Y Boys Banquet Fathers

The Hi-Y held a very interesting banquet Thursday night, a father and son affair that was very successful. The banquet opened with a prayer by Rev. Sutherland. The dinner, consisting of meatloaf, scalloped potatoes, scalloped corn, buttered rolls, relishes, cabbage salad, apple pie and coffee, was served by one of the cooking classes.

Social News

Catherine Dunn, Rosemary West and Jane Platt visited Betty Snell in Detroit Saturday afternoon. Marion Krumm spent the week-end visiting in Detroit. Kathryn Waters entertained the Hi-Y boys in the Waterford Thursday evening. The girls played games and danced after which a lunch was served. Her guests included Alice Bakewell, Ridora Ball, Marguerite Ritchie, Kathryn Heike, Ruth Bayes, Gertrude Miller and Emily Ingal.

Chemistry Club Is Formed

Twenty-four eighth graders are learning elementary chemistry through a club which Mr. Bentley has formed. The club, composed of those taking general science, meets Wednesday night after school for an hour or hour and a half. The purpose of the club is to learn something about the chemical phenomena of the earth, and to promote interest in chemistry.

Rocks End League Basketball Games

The first and second teams have played all of their league basketball games and the varsity squad won their first three league games and then lost the next nine including two games to the Northville five. The second team won six games, tied one beating Wayne twice and also Northville, making a fairly better showing than the first team.

Walk-Over

The children in Miss Cavanaugh's room are learning "Field of Allegiance" to the flag. They made hatchets, shields, and silhouettes for Washington's birthday. The boys are building boats and airplanes with large sheets of paper. The "We Day," last Monday—washing the doll clothes, running them through the back of a chair for wringing and hanging them to dry. They are now beginning a dutch project. Betty Arigan is able to be back in school again after being absent several weeks because of an infected ear in spelling the 2 B class had a score of 100 per cent in reviewing the words for the entire week. Mrs. Dethoff was a school visitor last week Thursday. Dorothy Drews won the last spelling down in the fourth grade. The 4 A's have a score of seven on their class progress chart in arithmetic. In geography class the fifth graders have made lantern slides on China, India, and Central America. They had a special program to celebrate Longfellow's birthday last week. The 6B class are giving reports on South America. The children in Miss Sparling's room are studying very hard for the spelling down. They elected new captains, Lilly Wixstrom and Steve Podo.

Six Compete In Speech Contest

The freshmen and sophomore winners competed in a declamation contest last Wednesday to select three students who will give their declamation in assembly Wednesday, March 7. The freshmen who competed were Jeannette Brown, Jewel Starkweather and Tom Brock, while the sophomores were Mary Jane Gamble, Russell Kirk and Alice Williams. Mary Jane Gamble, Jeannette Brown, and Jewel Starkweather were judged the best by Miss Allen, Miss Berg, and Mr. Lature. The winner of these three will represent the school in the district contest. If a freshman wins then the other freshman contestant will represent the freshman class in the freshman district contest as one person to compete in both contests. The winner will be announced next week.

CHRISTIAN SCIENCE CHURCHES
"Christ Jesus" was the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, March 4.

Among the Bible citations was this passage (Luke 17: 20, 21): "And when he was demanded of the Pharisees, when the Kingdom of God should come, he answered them and said, The Kingdom of God cometh not with observation: Neither shall they say, Lo here! lo there! for behold, the kingdom of God is within you."
Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, included the following (p. 248): "Let unselfishness, goodness, mercy, justice, health, holiness, love—the kingdom of heaven—reign within us, and sin, disease, and death will diminish until they finally disappear."

FIRST CHURCH OF CHRIST SCIENTIST

At the Nazarene Church, 101 N. Union Street, on March 11th, we will begin a three week's revival campaign with twenty-year-

old Evangelist Virgil Eggleston of Pontiac, Mich. Louise Blakelee of Detroit, Mich. will assist in the special singing and song service. Miss Blakelee will also conduct special children's services each afternoon. Services will be held each night at 7:30 p. m., except Saturday, and at 11:15 a. m. and 7:30 p. m. on Sundays. Twenty-one days of good preaching and good singing. We invite all to come out to these meetings and help us in this old time revival campaign.

FIRST BAPTIST CHURCH
Loy Sutherland, Pastor
10 a. m. Morning worship. Subject: "The Fearlessness of the Christian." Too many live on a mere average, we are concerned that we be not satisfied with the average of life. We are never so good, but that we can be better. We need some convictions born of Christ fearlessness, nurtured in service for our common Lord. Put Christ first, Christ and the church above self. There is need for some sort of balance between the new automobile and what we give to the church. After all are the conditions in our own little group all that we are responsible for? Both the adult and Junior choirs will sing.

11:15 Church school. Rollin Allenbaugh, Supp.
7:00 Trinitarian church of the union services. This will be held in the high school auditorium. We are to sing the psalm "Thy Kingdom Come," which has been written by and will be presented under the direction of Miss Florence Stader. ST. PETER'S EV. LUTHERAN CHURCH
Edgar Hoenecke, Pastor
English Services will be conducted Sunday morning at 10:30. The topic of the day's sermon will be "ART THOU A KING THEN?" This is the startled question of Pontius Pilate, the procurator who pronounced the verdict of death by crucifixion over Jesus Christ, when this humble, woebegone prophet of Nazareth made calm asseveration before him of His Kingship and Divinity. One may ask whether the "Church" of today, dodging every challenge to profess this same Savior in the face of a world-full of the same sanctimonious materialists as was Pontius Pilate, whether the great majority of the "Christian clergy," seeking ease and affluence, conceding vital Scriptural dogmas and compromising the Truth; and, finally, whether the "consecrated lady," laying up treasures here upon earth, and in too many cases, conforming to the spirit of this world's lust and levity; one may well ask, indeed, whether these deserve to be named.

Christians should stay away from motion picture theatres entirely. The Rev. Roy L. Aldrich told his congregation Sunday evening at the Central Presbyterian Church.
"To try to find the good show is like trying to salvage a crust of bread out of a ton of garbage," Mr. Aldrich continued.
"If the teachers of all of our schools should begin suddenly to teach our children the trines of free love there would be a great protest. But a more effective propaganda for free love or the Russian system is being carried on by the movies, and no protest is heard."
"The movies have become the greatest single enemy of our homes, our fire institutions and our Christian work," Mr. Aldrich added. He charged on an investigation conducted by the Motion Picture Research Fund reported in the book, "Our Movie-Made Children," by Henry James Forman.
"The investigation showed that a large proportion of girls in homes for delinquents blamed the movies for their downfall," he continued. It showed that many young criminals learned their crime technique from the movies. According to this report about 90 per cent of all films deal with love, sex and crime. One-third of the 77,000,000 weekly attendance at movies are children adolescents.
"With such attendance, it is not difficult to see why children

have adopted the morals of the movies instead of the morals of the Bible. The remedy for the movie-addict is the same as the remedy for any other bad habit — the Gospel of Christ," he said.

CHURCH OF THE OPEN DOOR
A young man who received the Lord Jesus Christ as his Saviour last Sunday evening gave this joyful testimony the next day: "The Lord Jesus Christ means more to me than I can express in words; for He, the Lord, is my soul's guide and protector."
"I could feel myself slipping and sliding deeper and deeper in sin, and I felt that I needed uplifting. I felt if I asked the Lord to save me and make me His own, that he would forgive my sins."
There may be some one who who reads these lines who feels down deep in his heart this same need of a Saviour from sin, death and judgment. Why not visit the church house today, or at some meeting time to hear the Word of God fearlessly and faithfully taught by people who have given their lives for just this purpose? We can have no one in our own strength, but Christ certainly can and does save all who believe His Word. Jesus says, "Verily, verily, I say unto you, He that heareth my Word and believeth on him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life."
If you have read the actual words of the Savior, and of one He has made a child of God by His grace. What He did for this young man He can do for you!
Our Sunday services are at 10:00 and 11:15 a. m. and 7:30 p. m. The Prayer and Praise Service is on Wednesday at 7:30 p. m. Special Bible classes each Friday at 7:30. Why not visit us? You will feel our welcome.

The Woman's Auxiliary will meet in the church parlors on Wednesday March 14 at 2:30 p. m. This is the annual meeting of the organization. Reports of the work throughout the year past will be presented. The treasurer will tell of the money gained by the various activities of the women and officers for the next year will be elected. A large attendance of women is expected.
The division of the Woman's Auxiliary, of which Mrs. G. A. Smith, Mrs. F. Burrows and Mrs. Dr. Patterson have been leaders, enjoyed a social evening at the church dining room on Monday of this week. There was an excellent cooperative dinner. After dinner a delightful play directed by Mrs. Burrows was presented by Mrs. Wadsworth, Mrs. Murray, Mrs. Vaughn Smith and Mrs. Reck. The members of the division have been earning money by individual efforts to be turned into the funds of the Auxiliary.

Milk Dealers Plea For Missing Bottles

Leading Plymouth milk dealers in an advertisement in this issue of the Mail are making a plea to milk consumers who have bottles stored in their homes to report them so that they may be collected.

After an extensive survey local dealers found that milk bottles were costing them about one-half cent for every quart of milk delivered. This cost will prohibit dairies from selling their high standard milk unless consumers return the bottles that collect

around the houses after a period of weeks.

Three days have been set aside for a free collection of bottles and housewives are asked to call their dealer or place bottles on the porch where they may be seen. Everyone is asked to cooperate.

Miss Mary McKinnon, Frank Allison and Casler Stevens were guests of Miss Janet Blickenstaff at Lansing last week-end and attended the dinner-dance given Friday evening by Alpha Phi society.

THICK, JUICY STEAK
to melting tenderness in an electric oven

Prepare this delicious treat in your own kitchen on one of these—
TRIAL ELECTRIC RANGES!

PICTURES say that steak grilled in an electric oven has the distinctive flavor of steak broiled over charcoal. And once you have tasted it, you will certainly agree! Crispy brown outside, meltingly tender within, with melted butter poured over the whole and mingling with the juices of the meat, an electrically broiled steak is a treat to make any man's mouth water. Electric broiling conserves most of the healthful juices, and the weight of the finished steak is much nearer its original weight. For delicious flavor and minimum shrinkage, electric broiling is unsurpassed!

cover for yourself—in your own kitchen—the eight extra features that make women prefer electric cooking to cooking with a fuel stove, we have arranged a special trial offer. We will install an electric range in your kitchen without initial charge, and let you use it for six months, removing it without charge if you do not like it. During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. Send in your application for a trial range today!
