Rapid Progress Being Made On Parkway System

Cold Weather Did Not Stop Work To North And East Of City

Warmer Weather Will Aid Greatly In Develop- ment That Is Plan- ned For Near Future

Slowly but surely the greatest park system in America outside of Westchester county, New York, is being moulded into shape to the east and north of Plymouth. While the bitterly cold weather that has prevailed during recent weeks has to some extent delayed the work, it is easily to see the remarkable progress that is being made.

The rock garden to the east of Plymouth has been completed and as soon as weather conditions permit, it will be planted with suitable trees and flowers. The big flowing spring just to the north of the Six mile road and along side of the parkway road is being made accessible to the thousands that are bound to use it during the coming warm months.

A great stone wall that will help to retain the sloping ground is being built to the north and south of the spring. This too will later be properly ornamented with flowers and shrubs.

Workers for weeks have been taking the top soil from what was the bottom of the new lake just to the north of Plymouth and moving it to places where a richer soil is needed. As a result it will not be many weeks before the new lake will be ready for the filling. However it may be early summer before this can be done as there is a large amount of work to be done around the place as yet. All of the filling for the highway has not been finished and the park officials want to utilize as much of the top soil as possible before the ground is flooded.

Just as soon as frost is out of the ground, men will begin placing piping for numerous foot bridges that will not be many weeks before the new lake will be ready for the filling. However it may be early summer before this can be done as there is a large amount of work to be done around the place as yet. All of the filling for the highway has not been finished and the park officials want to utilize as much of the top soil as possible before the ground is flooded.

Here a bridge will cross the river that will permit direct access to the spillway below the Ford dam.

In every conceivable way, the park officials are making accessible all the beauty spots in the park system. A course much of the construction work has been carried on through the summer and as a result it will be at least another year before the entire project can be regarded as anywhere near completed.

Burrows Gets Many Signers In Plymouth On Truck Petitions

Claude Burrows, well known Pere Marquette worker, has just returned petitions that were well signed by Plymouth residents pertaining to the unfair advantages that trucking concerns have over railroads, but their employees as well who have suffered as a result of this public favored competition. Getting all that they can to have congress enact a law which does away with the discrimination in favor of trucks. It is hoped also that at the next session of the state legislature there will be some consideration given to this question in Michigan and railway workers are watching the road reports carefully in the hopes of bringing back to themselves steeper work than they have enjoyed since the trucking business cut so badly into freight moving.

Injured Boy Now At Home of His Mother

Mac J. Donnelly, who was critically injured when an automobile in which he was riding crashed into a tree on the Canton road, where he was called by the death of his father, who died as the result of injuries received when struck by an automobile. His father, Charles A. Wilkie, who was 67 years of age, and who resided in Los Angeles, was run down by a machine as he was crossing the street of Long Beach avenue near 20th street in Los Angeles. He was hurried to Georgia street hospital, where he died without regaining consciousness after two years' superintendence of the Hammond Lumber company of that city.

Farmer's National Union Will Meet

A regular meeting of the Farmers National Union, Salem local No. 36 will be held at the Salem Hall, Tuesday night, March 27, at 8 p. m. Walter Nelson will be the speaker. The public is cordially invited.

Mrs. E. H. Mayhew of Bay City is visiting at the home of Mr. and Mrs. M. J. McGraw on Auburn avenue.

BRIGHTER DAYS AHEAD

"I am convinced," said President Roosevelt to the 4,500 business executives at the first great code conference of NRA, "that with your help, the test is succeeding. Intimately familiar to the statistics week by week, of steadily advancing sales and production, conservatively based on forward orders. He knows that industry in the main has been immensely pleased with the codes. So to the point of the purchasing power of the people," he said, "can be increased and sustained only by striving for the lowest schedule of prices on which higher wages and increasing employment can be maintained. It is the immediate task of industry to reemploy more people at purchasing wages and to do it now."

The President left out, there were industrialists who regarded lessening of hours to provide more work as desirable and infinitely preferable to a flat 30-hour week, as provided in a bill that had been that same day favorably reported in Congress. But "to do it now" would be many times as expensive, in terms of emphasis, at least premature. Investment in labor, rather than in more factories and bonuses to management, had proved profitable under NRA. But to move precipitately, at the instance of Government as umpire under the agreed terms, the codes, would set still another precedent. There was considerable of the old time spirit present, notwithstanding the President had expressly said he favored resiliency in any rule for reemployment.

However, Mr. Elwood Kisor, of the code committee for automotive maintenance was one of many who began stoutly asserting that NRA "is the greatest thing that has happened to the American people." Members of code authorities related that already they had absorbed all unemployed in their respective trades, and there was described an actual scarcity of skilled and semiskilled workers in many lines in localities. Greatly were there indications that the President had definite ideas as to how and where a great many more men and women could be put back to work immediately without harm to industry except the element that ignores volume of sales for immediate profits. These belong to the unfortunate minority which the President said, do not "think things through."

Finally it developed that the Government through the coordination of many hitherto unrelated bureaus, had on display in the great Commerce Building an amazing wealth of statistical data such as from the Bureau of Foreign and Domestic Commerce, the Department of Commerce and the Bureau of Labor Statistics from the Department of labor as to the details of 51 American industries, all superimposed, as it were, upon current reports from the great variety of sources that in previous years were specialized. It appeared to be little room for argument as to what some industries could do in the true spirit of NRA, and "do it now."

Over 150 Attend Club Members To Scout Banquet

Troop No. 2 Holds Father and Son Banquet Thursday Eve

The second annual Father and Son banquet of Troop No. 2, Boy Scouts of America, held last Thursday evening at the Elks Club, was very successful, the attendance being close to 150.

Rev. P. Ray Norton delivered the invocation at which Toastmaster, Elmer Goldman, introduced Dr. Robt. H. Haskell, Supt. of the Wayne County Training School and Chairman of the Plymouth District of the Boy Scouts of America, who delivered the address.

Other speakers were Mayor Freeman Hoyer, Scoutmaster John Jacobs, and Asst. Scoutmaster Gilbert Williams.

Following the talks a program as follows was enjoyed by the fathers and sons:

Recitation, Albert Williams; vocal solo, M. Langendam, guitar selection, Bertrand Algure, vocal solo, Jack Sully; Trio, W. McLean, W. Fishlock, and Paul Miller; Step Dancing, Archie Meadows; trumpet and piano accompaniment, Fred Smith and Romaine Lee; song, W. C. Smith; dress drill, Patriarchs Militant, I.O.O.F.; piano accompaniment, Mrs. J. Jacobs.

Canton Republicans Put Up Full Ticket

Republicans of Canton township have put a complete ticket in the field and announce that they are going to put forth an active campaign in behalf of their candidates.

Allen Wesley has been named for supervisor, Hurd McClumpha for clerk, George Simmons for township treasurer and Clyde Truesdale for highway commissioner. Earl Truesdale was named for the place on the board of review. The Democrats sometime ago captured the township office and there is going to be a lively little battle on at the spring election in Canton.

Edward F. Wilkie's Father Dies Result Of Auto Injuries

Edward Wilkie of the Wilkie funeral home on North Main street, has just returned from Wilford, Iowa where he was called by the death of his father, who died as the result of injuries received when struck by an automobile. His father, Charles A. Wilkie, who was 67 years of age, and who resided in Los Angeles, was run down by a machine as he was crossing the street of Long Beach avenue near 20th street in Los Angeles. He was hurried to Georgia street hospital, where he died without regaining consciousness after two years' superintendence of the Hammond Lumber company of that city.

The remains were brought to his old home in Detroit, the funeral being held from the Wilkie chapel 2207 1/2 Fenkel avenue, Detroit, on Wednesday, March 21, burial taking place in Parkview Memorial cemetery, Bedoua Mrs. Edna Wilkie, who was called by the death of her father, who died as the result of injuries received when struck by an automobile. His father, Charles A. Wilkie, who was 67 years of age, and who resided in Los Angeles, was run down by a machine as he was crossing the street of Long Beach avenue near 20th street in Los Angeles. He was hurried to Georgia street hospital, where he died without regaining consciousness after two years' superintendence of the Hammond Lumber company of that city.

Ambler Offers Use Of Foundry For The Present

Settlement For Fire Loss At Lee Plant Has Not Yet Been Made

Company Can For Next Few Weeks Use Plr at At Northville If Necessary For Rush Work

The hope of last week that the new foundry to replace the one destroyed by fire at the Lee Foundry and Machine company would be under construction in the new building, has been somewhat dimmed by the fact that exact figures as to the loss to the plant for the insurance settlement are difficult to prepare.

Sherill Ambler of the Ambler Furnace and Foundry company of Northville has offered to Park Nutting, president of the Lee company, the use of the foundry of the plant in Northville for the present. The Northville plant was closed down the first of the year and will not resume operations for another month.

Mr. Ambler declared he was glad of the chance to offer the use of his plant to the Plymouth company. It will probably be some thirty days or more before the officials of the Lee company will be able to know just what they can do to the future building. The present hope is to erect a modern foundry as soon as arrangements can be made.

Famed Speaker Will Be Guest Tuesday At Baptist Banquet

Dr. Leroy Waterman who has charge of the department of History of Religion and research teaching at the University of Michigan will be the speaker at the next Community Club banquet in the Baptist church parlors Monday night, March 26, at 8:30 p. m.

It is expected he will repeat his famous lecture on the "Holy Land" delivered by him at the World's Fair last summer.

Miss Etzold will be the toastmaster and the program will be rounded out with appropriate numbers of readings, songs and instrumental music.

It is regretted that space will not permit these banquets to be entirely public. However all who have attended any of these meetings are invited to attend this one regardless of whether you receive a special invitation or not.

State Chairman Is D. A. R. Visitor

Local Chapter Hears Of Work Among Mexican Immigrants

At the home of Mrs. George Wilcox, the Sarah Ann Cochran Chapter of the D. A. R. American Revolution held a very interesting tea Monday afternoon, March 19. A short business meeting was conducted at first by the members of the chapter. At the close of which Mrs. Walter Nichol introduced Mrs. Heaverich of the Fort Ponchartrain chapter. Highland Park Mrs. Howard, which is the state chairman of Americanism for the D. A. R. and is closely in touch with all citizen training of the foreign born in Highland Park.

The program will be at 2 p. m. and the reception and tea at 3:30. There will be a charge of 25 cents.

W. Carley is chairman of the local committee for the day with Mesdames Beth Virgo, Marcus Litzberger, O. B. Bork, Edward Wilkie, Frank Millard, and John Blotson assisting. The committee are planning to have cars at the Hotel Mayflower at 12:30 for those who wish to make the trip and Mrs. Carley would like to be reported to her not later than Wednesday, in order that reservations for the tea may be arranged for.

Every club woman knows Mrs. Fox and it is hoped that a large number of our members can be with her on this happy occasion.

Another event, which will be of especial interest to many of the members of the Women's Club but to all the people of our city, is the Public Flower Mart which is being held under the leadership of Mrs. Cass Hough as chairman, is to sponsor on May 12.

Great plans are being laid to make this feature which is entirely new one for this vicinity, one of the outstanding features of the spring season and which will be given to the public as soon as completed. The meantime, keep the date, May 12th, well in mind, and wait for developments.

HOME FURNISHING CLASS

There will be a meeting of the Plymouth Home Furnishings group at the high school lunch room, Monday, March 26th at 1:30 p. m. The leaders will repeat the lesson on curtains and draperies given two weeks ago.

DR. P. R. POWERS

United Savings Will Pay \$35,000 On 2nd Dividend

Payment Will Be Made Month Ahead Of Time Say Bank Officials

Announcement Will Be Met With General Satisfaction On Part Of City—To Help Many

Another \$35,000 in cash will be poured into the pockets of Plymouth residents by the Plymouth United Savings bank, the directors have decided to pay off a month in advance the second five percent dividend under the moratorium agreement.

The payment will be made on April 1st instead of May 1st, as provided in the agreement. This is the second first year pay-off and the announcement of its immediate payment comes as a happy surprise to the hundreds and hundreds of Plymouth residents who will benefit as a result.

The bank will accept outstanding scrip at full value. This makes ten percent the bank will have paid off since the moratorium plan went into effect less than a year ago. It reflects not only better business in Plymouth but indicates as well that the bank is rapidly progressing back into the position it occupied before Michigan was plunged into its notorious banking holiday.

The \$35,000 that will be paid out will make a total of \$70,000 that has gone to the depositors of the bank in moratorium dividend. The plan went into effect at the bank. The directors and officers of the bank are entitled to the commendation of Plymouth and the entire surrounding territory for the splendid way they have been conducting the business of the institution during the nation's most hectic period of the business world.

Evangelist Of Fame Is Coming

Dr Powers To Conduct The Meetings At First Methodist Church

The special evangelistic services began this week Monday in the Plymouth Methodist Episcopal church and will continue for two weeks, ending with three big services on Easter Sunday.

This week's meetings have been broken over the part of Rev. F. R. Norton assisted by the district superintendent Dr. Halm-hurst on Thursday and Friday evening. Sunday morning, March 25th all services will be under the well known Evangelist, Dr. P. R. Powers.

Spring Arrives With Its Best Smile—Day Warmest Of Month

Spring arrived Wednesday and seemingly the weather man timed his whole schedule just about as correctly as it could have been done. Monday and Tuesday, bitterly cold, was followed by much warmer weather on Wednesday. In fact before Wednesday night arrived, the weather was the warmest it had been since last fall. There was one warm day last week before the March blizzard broke over the part of the state Saturday night and Sunday, doing away with any thought that winter was a thing of the past. The bright sunshine of the day melted the snow and ice that had accumulated from the last storm.

Circus Booked For Plymouth April 3 - 4

Here it is kids? It's an old time circus, and it is sponsored by the Plymouth Kiwanis club to be held Tuesday and Wednesday, April 3rd and 4th in the big gymnasium at the high school.

The Kiwanis Indoor Circus of Detroit with several acts that travel in the summer time with Ringling Bros. and many other circus acts will be right here in Plymouth for three big engagements.

Jack Flagg of Detroit who stages this big production all over the country, has consented to bring his clowns, animals and equipment to town for the two day affair and notified Circus chairman of the Kiwanis Club, Bob Jolliffe that he would give them the best show they had ever seen. Nearly five years ago they came to Plymouth and were so well liked that they were ever sponsored. A brand new cast of actors and several new acts have been added to perform in the big circus ring.

Among the outstanding acts are a dog and pony act, acrobats, jugglers, dancers, etc. Members of the club are bending every effort to put on a real show for the people who attend and next week's paper will carry more complete details for the affair.

The mission society of the Lutheran church met Wednesday afternoon with Mrs. Maurice Schmidt at the home of her daughter, Mrs. Gerald Simmons on the Six mile road with twenty-four ladies present. An interesting business meeting was held which was followed by the service of a dainty lunch by a committee consisting of Mrs. Schmidt, Mrs. Moe, Mrs. Springer and Mrs. Bagg.

Plymouth Will Push Seal Sale

City Will Do Its Share To Aid Crippled Tots Of The State

Dr. Robert Haskell, in cooperation with representatives of various local organizations, plans to see to it that Plymouth will do its share in the campaign to help the crippled children in this state. During the week an energetic drive will be made here for the sale of "white cross seals," the funds of which will be used for the care of crippled children of Michigan.

During the past year the Rotary club of the state carried much of this burden but because of the immensity of the work it has been necessary to call in the general assistance of the public. It is probable that Plymouth will be asked to dispose of 15,000 of these seals.

A meeting of representatives of various groups was held Tuesday evening at the Mayflower and they all agreed that, although the time given for the work was exceedingly brief and the public had not been advised of the great extent of the work, that a determined effort would be made to see to it that Plymouth did its share in the campaign.

Two Tourists Back From California

The flowers, the orange trees, the mountains, the bright sunshine, Hollywood and the bathing beaches of California have raised the spirits of two young Plymouth gentlemen who have just returned from an automobile trip to the western coast.

Russell Powell and Harold Finlayson went to Texas to see Harold Sage at Dallas, Texas. Just didn't stop in Texas. They had a brief and interesting visit with Mr. Sage in Texas then they came to California and now they are finding it difficult to settle down among the snow banks, muddy streets, cold, whirling breezes and the public other things that cause people to go to California and Florida during the winter time.

"Yes sir, if I had to live any place other than in Plymouth, it would be right in Hollywood, California," declared the youthful Mr. Powell after his return. Mr. Finlayson is equally as enthusiastic about that part of the country.

Starkweather P T A Elects Julia Jarskey Its New President

The March meeting of the Starkweather School PTA was held Monday evening in the school auditorium. The usual business meeting was held followed by an interesting program of Miss Farrand's fifth grade classes, an amusing recitation by Philip Williams, a one-act sketch by the high school Dramatic Club and a short talk on CWA, by Mrs. Austin Whipple.

The program was followed by election of officers for the ensuing year. Two of the officers of the present year, Mrs. Julia Jarskey, president, and Mrs. Harry Dahmer, treasurer, were re-elected while Mrs. Albert Brews was elected vice president and Mrs. William Vanderveer was elected secretary.

Democrats Will Hold Big Rally

Plymouth And Northville Unite For Affair On Monday

The Roosevelt Democratic Club of Northwestern Wayne County will hold its next meeting in the auditorium of the high school at Northville, Monday evening at 8:00 p. m.

This meeting will be open to everyone regardless of political faith or membership.

The speakers listed for the evening are Leo Nowicki, Wayne county drain commissioner, Wm. F. O'Meara, assistant managing director of the state board of administration, Andrew J. Beanger, chairman of the Public Trust Commission, Edward H. Williams, of the board of Wayne county auditors, will present and has announced that he will speak on "The Conduct of the Employees of the Wayne County Training School under the Sterilization Quiz."

The presence of this section of the county have long been interested in this institution and there has been a demand for the commission to speak to engage Mr. Williams to speak at Northville. The talks of the various speakers will be of especial interest to members of this section in view of the fact that some of the length of pipe underneath the pavement in this section is so shallow that the grade of Ann Arbor Street was cut down several feet at this particular point. The pipe is so shallow that the length of pipe underneath the pavement is so shallow that the damage of the freezing could be repaired. The water line was put in place in service early Thursday morning.

Plan Novel Cooking Demonstration For Tuesday Afternoon

"Gentlemen Prefer Beef" is the title of a new and novel cooking demonstration which will be staged for the benefit of the women of Plymouth and its vicinity Tuesday, March 27th in the store of J. C. Rutherford.

Known as a "visomatic" presentation, the demonstration will be held three times during the afternoon and evening, in order that the anticipated large audience may be accommodated. Free to all who wish to attend, the demonstration will be jointly sponsored by the local firm and by the city's meat merchants.

The demonstrations will start promptly at 2:30 and 3:30 o'clock in the afternoon and at 8 o'clock in the evening.

It is a new and novel presentation, profusely illustrated, of problems that constantly come up in the home of every woman who plans or prepares meals, and it is a very large number of people have been attending the games nightly taking a keen interest in the games and lending their support to the hostesses of the party. The teams had to have a percentage of 500 or better. Games will start Monday night at 7 p. m.

Pastor Is Honored By Church Members

Close to a hundred members and friends of Rev. and Mrs. Sutherland met at the church parlors Wednesday night for a beautiful supper and to help Rev. Sutherland celebrate his birthday.

A beautiful four layer white and yellow birthday cake decorated with the required number of yellow candles was made and presented to Mr. Sutherland by Mrs. DePorter.

Special Teacher For Dancing Classes

Idea Mae Harmon who is conducting the dancing school at the Mayflower Hotel has succeeded in obtaining the services of Miss Evelyn Gertrude DePorter who is taking charge of all toe and ballet work in her studio.

Miss Gertrude has had a number of years experience in teaching and for the past two years has been associated with the Casella Dancing school of Detroit as well as extensive stage experience. She is well qualified to teach this type of dancing and has specialized in training pre-school children.

Lesler Brown and son, Arthur, of Detroit visited Plymouth relatives.

Break In Water Main on West Ann Arbor Repaired

Severe Winter Weather Is Cause of Accident Say City Officials

Shallow Laying of Water Mains At Time of Pav- ing Is Blamed By City For The Freeze-Up

At 6:30 a m Wednesday morning a report came to the City Hall to the effect that water was bubbling out of the cracks in the pavement on West Ann street and running down both gutters in considerable volume. Water Department employees were immediately dispatched to this location and found that a serious break in the water main had occurred. Immediate arrangements were made to open up the pavement in order that the exact location of the leak could be determined.

Arrangements were immediately made with The Wayne County Road Commission to secure an air compressor and pavement breaking tools in order that the work could be carried out as rapidly as possible, and completed with as little delay and inconvenience to the water users in the district as possible.

The Wayne County Road Commission had an air compressor after they were called and when worked the entire day and all night Wednesday night breaking up the pavement and re-laying the water main. The leak was located about 3:00 p. m. Wednesday, when it was discovered that at least one full length of the water main had split to such an extent that a lead pipe could be pushed through the crack in the pipe.

It appears that the leak was caused by the water in the main which is very shallow at this location, the depth being only 30 inches below the surface of the pavement. The reason for the shallow laying of the water main is that the grade of Ann Arbor Street was cut down several feet at this particular point. The pipe is so shallow that the length of pipe underneath the pavement is so shallow that the damage of the freezing could be repaired. The water line was put in place in service early Thursday morning.

Final Playoffs To Start Monday Eve.

The final playoffs which begin Monday night in the Plymouth Basketball League will consist of the following teams, Ball Street, Plymouth Mail, Wilson Hardware and either the Faculty team of the local high school or the representatives of the Merchants' team.

The playoffs of these teams is the result of 14 weeks playing in competition in the league which consist of eight teams. In order to play in the final playoffs the teams had to have a percentage of 500 or better. Games will start Monday night at 7 p. m.

According to Manager B. E. Gilbertson, who has been the intention of the league to bring to the citizens of Plymouth and vicinity some high class entertainment during the winter months and this is a very large number of people have been attending the games nightly taking a keen interest in the games and lending their support to the hostesses of the party. The teams had to have a percentage of 500 or better. Games will start Monday night at 7 p. m.

EASTER JOY

Easter lies beyond Calvary. Eliminate the cross, and the morning of faith and hope that came to a little group of men and women in Jerusalem has no meaning. Out of the experience of tragedy is developed the strength of confidence. Life grows in power through surviving catastrophe, declares S. J. Duncan Clark, in the Chicago Daily News.

The true spirit of Easter is less a light-hearted happiness than a resolve to joy. It sings, but not with careless abandon. There is a deeper note—a note that in some way transmutes pain and fear into glad triumph without wholly losing the memory of what lies behind or ignoring the road of struggle which lies before.

For Easter did not mean the end of conflict for those to whom it brought its quickening message. It meant rather an assurance of strength for whatever battles remained to be fought, whatever peace had yet to be performed. It meant that the life and faith which had met the test of Calvary were equal to any other test that might have to be faced. Difficulties and hardships must still be encountered. The agony of martyrdom awaited many. Easter conveyed to them no promise of escape from these Easter banished doubt, put an end to questioning about the outcome.

That is the assurance men need today. They want to know that endurance has justifying power, that the struggle is not futile, that there is possibility for the fruition of life's high and holy and immortal hopes. They want to know when they hurl themselves against the battlements of some hideous wrong in human society, or wrestle with some dark evil in their own lives, when they choose the way of sacrifice rather than of selfish advantage, and set the high values of the spirit above material gain, they are putting a significance into life that is worth what it costs.

And the Easter story is the reassuring answer.

HUMAN LIFE IS CHEAP

Since the beginning of history, human life has been held more cheaply than anything else in the world. It is so held today.

A large percentage of the human race has always met death through the criminality, ignorance or carelessness of the fellow men.

Could the minds of all men be directed to the preservation of human life, what a difference it would make! No more wars, no more murders, no more preventable deaths through automobile accidents, no more lives lost in fires started through carelessness—how changed would be the front pages of our daily newspapers!

To mention only three causes of violent death, the best authorities estimate that in the United States each year 10,000 are murdered, 25,000 are killed in automobile accidents and 15,000 are burned to death.

The total number of persons killed in accidents now reaches more than 75,000 a year.

While giving our attention to a multitude of other reforms and isms, would it not be well to devote more serious thought and action towards reducing this appalling and unnecessary waste of human life.—Citizen, Culver, Ind.

PLAYING THE GAME

The true spirit of the time, which should govern the actions of every patriotic American in our war against the depression, which is being so valiantly fought, was expressed in one of Bruce Barton's inspirational editorials by a certain man of large affairs who, when asked if he thought things happening to us now was Socialism, exclaimed:

Rambling Around With Michigan Editors

NOT WANTED

The upper peninsula press, strange to say, is not in accord with the proposed bridge across the Straits. The Ishpeming Iron Ore says the idea is a bigger joke than the sales tax while the Crystal Falls Diamond Drill can see no particular reason for going to such expense to put a few thousand lower Michigan hunters into their hunting camps a few minutes earlier.—Muri DeFoe in The Charlotte Republican-Press.

THE TOURIST BUSINESS

The legislature has passed and the Governor has signed a bill appropriating \$100,000 for tourist development in Michigan. This is fine and just the proper thing to do. The tourist business is one of our largest industries and should be developed.

It might be remarked in this connection that the credit for this law is largely due to Tom Marston, the most consistent and persistent tourist developer of them all.—George English in the Huron County Tribune.

SALOONS

The Diamond Drill has been outspoken for the open saloon because it could see coming under this "silk stocking" liquor set-up the debasement of the young, especially girls of tender age. Our words have come true. Listen to the stories that are being told about places to Crystal Falls and Iron River where young girls are discovered drunk and lying about on benches in the early morning

hours. Give us back the old saloon with women, children and habitual drunkards excluded. Give us back the brass rail where adults only rested their feet. The saloon made the country dry, and, if persisted in, the tavern will either make the country dry or send it to hell.—Robert Gifford in Eaton Rapids Journal.

Paul F. Voelker, state superintendent of Public Instruction, who made wild and visionary promises to put the whole state school system on a more economical basis, and then after gaining office went out in the field after money, money, more money, everywhere to run the schools, and (tried to make the legislature believe that schools would be compelled to close down unless the insignificant sum of twenty-five millions of dollars was made available is now being showed up, and it is shown that the schools of the state will get by on not more than seven million instead of the twenty-five million. But then politicians talk in millions now as glibly as thousands were mentioned in past years.—Al Weber in The Cheboygan Observer.

SING A SONG OF TAXES

We have to buy car licenses before the tenth of March. We have to pay a sales tax on our sugar and starch. We pay three cents on gasoline we put in our choo-choo, and then, by heck, they've got the neck to add the

"It's all right with me! Under any name or set-up, the game will still be interesting I make no complaint because it isn't the same game our fathers played. Fix it up in any way that is best for the largest number of players. I will take my chance. All I ask is, just tell me the rules."—Topic Mt. Dora, Fla.

PAID CIRCULATION

The largest buyers have learned that there is no substitution for newspaper space because of paid circulation. Paid circulation is a guarantee of quality. People who pay for their papers pay for their purchases at the business houses. Their trade is worth while. It is true that direct mail advertising enters homes not reached by the paid circulation mediums, but the homes that have no paid magazines or newspapers do not offer very great markets for merchandise.—Republican, Humboldt, Iowa.

DON'T MORTGAGE HAPPINESS

The years of a man, they say, are three score and ten. In terms of life of a redwood tree, an ancient idea or doctrine, or even a middle-aged alligator these seventy years seem very few. It would be wise to be thrifty with them.

The favorite and fashionable indoor sport today is the balancing of budgets. It is done in business, government, and the painful process of making the family income fit the facts in the case. It should be done no less in balancing the years of life against the opportunities of life.

Waste no time, then, which might be spent in the pursuit of happiness, in the work you love or the rest you earn, in finding friendship, in fashioning a faith and philosophy for the lean years at the end of life.

Waste no time in worry which gets nowhere, but confesses everything in gray hairs and wrinkles. And don't mortgage present happiness to pay for a future which may never happen.

Don't work so hard that you forget how to play, nor play so hard that you aren't fit to work. Don't blow off all your steam before fifty and be burned out for twenty years after. Invest wisely in amusement, as you would in stocks and bonds. Don't die too soon, nor live too long.

Balance your budget.—Herald, Harvard, Ill.

RECOVERY'S WORST ENEMY

"Taxation can become so oppressive that it defeats the very purpose for which it was levied," said Alfred P. Smith recently. "And what becomes of it? It is charged as a debt against the very people it was designed to help."

That is especially applicable in times of stress, when government—federal, state and local—is making laudable efforts to stimulate recovery. Bills are passed designed to raise the public's purchasing power—and then the danger appears that the cost of putting their provisions into action will in itself be a major detriment to purchasing and spending. Acts seeking to put men to work become part of the law—and it is possible, if they are based on faulty premises, for them to destroy jobs through taxation, instead of increasing more.

There is a growing feeling on the part of business men, large and small, that the next essential step on the road toward normalcy should be definite reductions in the cost of government. The tax collector has closed thousands of commercial doors, foreclosed on a multitude of farms, deprived workers of their jobs and homes. He is the best friend hard times has. He's recovery's worst enemy.

More efficient and economical government, all the way from Washington to the smallest county seat—that's the need of the hour.—News, Ridgewood, N. J.

THE "HIGH SPOT" OF 1933

During the period from June to August the United States as a whole had the best business spurt in the past two years.

What caused it? Prices of wheat and other farm products were advancing sharply.

When did the improvement begin to taper off? Almost immediately following the resumption of the downturn in farm prices.

What does the United States need for business recovery? Prices for farm products that mean profits for the farmers.—Journal, Decorah, Iowa.

sales tax too. We pay taxes on our fuel and on our daily bread. But the latest thing in taxes is a tax upon our head—while most heads are not worth two bucks we're threatened if we fail with our fuel and on our daily bread, to the county jail. And now to add a final touch they call the legislature—and that my friends, levies a tax upon our better nature.

They've created new departments and commissions with initials, whose destinies are guided by high-salary officials. Fat jobs have been created to control the cup that cheers. There are dis-

But we must learn eventually —it might as well be now—that if we're going to live on cream we'll have to feed the cow. We may insist on building miles of state trunkline highways, but need not try to kid ourselves the other fellow pays. We have a state park system for our use when summer comes, we have state conducted clinics and state sanatoriums, we expect the state officials to comply with every wish from building park pavilions down to chamber-maiding fish, we expect the forest wardens to protect our game and trees. And, no matter what they tell you, folks, you can't do that on breeze.

So long as we continue to demand the luxuries, we must expect to dig into our pockets to our knees. Because a way to beat the game is not invented yet—we don't get what we pay for. But we pay for what we get!—Alcona County Herald.

BATTLEES

Statistics show that over half of the men discharged from military service, re-enlist. A similar percentage of men get married again after obtaining a divorce which only proves that some people never get enough fighting.—Oxford Leader.

MORE FARM RELIEF

It is gratifying to find that state officials are at last awakening to the injustice farmers have been suffering under the original interpretation of the sales tax. Until recently the farmer was required to pay a sales tax upon his purchase of containers for fruit and other commodities which go to market along with the produce. Another sales tax was then collected on the produce plus container when sold to the final customer at the grocery store or at the roadside market. This particular form of double taxation has now been eliminated.

Still more recently a concession has been made on feeds purchased by farmers for use in preparing poultry and live stock for market. To be sure, there is some funny idea to the effect that the

feed a cockerel eats is tax-free, while pullet feed is taxable, but even so, some progress has been made toward seeing the light of day.

WOMEN WHO COOK FOR MEN Do You Know

This Is Not a Sales Presentation

It is a new, and novel, discussion—profusely illustrated—of problems that constantly come up in the home of every woman who plans or prepares meals. It is absolutely free to you and your friends, planned only for your entertainment and instruction.

"Gentlemen Prefer Beef" is the title. And that is true. We chose beef for our subject, too, because there are so many delicious ways to cook it—so many attractive ways to serve it—and because beef presents some of the most difficult cooking problems.

This illustrated talk brings you ideas and suggestions worked out in famous diet kitchens, and by Magy Lee Gordon. You will be shown how to order the cuts best suited for various purposes—how the cheaper cuts can be made

- how to select tender beef?
- which is the tenderest part of a round steak?
- the difference between a top and bottom chuck-roll?
- how to make good brown gravy?
- how to make a turtle of beef?
- how to tell when a roast is done?
- how to make sauerbraten?
- how to cook a "dry" beef stew?
- whether the roasting pan should be covered or open?
- why a sirloin is called by that name?
- how to cook a rump roast?

These and Scores of Other Questions of Interest to Any Housewife Will Be Answered

Mother Of Plymouth Man Dies At Niles

Mr. and Mrs. Rawleigh H. Wells of Plymouth attended the funeral of Mrs. Wells' mother last week in Niles, Michigan. An account of her death which appeared in the Benton Harbor paper is herewith reprinted.

The death of Mrs. Josephine Virginia Wells, 90, oldest life-time resident of Cass county, occurred at 3:40 o'clock this morning at the home of her son, Rolfe L. Wells, near this community.

The elderly pioneer was perhaps the best informed person in southwestern Michigan to tell of the growth of Niles, St. Joseph and Dowagiac from her personal knowledge. She was born in Berrien in 1844 in a log cabin on the shores of Curtis lake, named after her parents, Mr. and Mrs. Benjamin Curtis, who emigrated to Michigan from the Empire state and hewed an estate in the wilderness.

She knew the communities now grown to city-size when but a few rude shacks marked the location of the towns Benton Harbor was non-existent, as such, in the year she was born.

Early in life, she was married to the late Dr. Charles F. Wells, one of Cass County's earliest physicians. He died a number of years ago.

Mrs. Wells passing from a heart ailment came at 3:40 a. m. with her children at her bedside. Besides Rolfe, the son with whom she made her home after a fire destroyed the original Wells dwelling last spring, she is survived by Rawleigh H. Wells, Plymouth, and Reynolds C. Wells Jackson.

Joseph E. Wells, Farm and Market editor of The News-Palladium is numbered among her eight grandchildren. There were also 12 great-grandchildren surviving. Local nieces and nephews of the aged woman are Miss Bertha Wells, Willis, and Dwight M. Wells, all of Highland avenue, Benton Harbor; John S. Wells, High street, this city.

Funeral arrangements were set for Friday afternoon at 3 o'clock. Burial will be made in Silverbrook cemetery, Niles. Friends may view the remains at the Rutherford mortuary in Niles.

L. I. Tefft and son, A. R. Tefft, made a business trip to Toledo, Ohio, Monday.

Council Proceedings

A regular meeting of the City Commission held in the City Hall on Monday evening March 5, 1934 at 7:00 p. m.

Present: Mayor Hoover, Commissioners Blunk, Goldsmith, Henderson, and Robinson.

Absent: None.

The minutes of the regular meeting held February 19th were approved as read.

Mr. Arthur Burden and Mrs. Robert Thomas appeared before the Commission regarding the release of Olney Burden from Eoloise. The City Attorney advised the Commission that it was not within their province to obtain the release of a person who had been committed to an institution by the Court. He advised that the family obtain legal advice through the Legal Aid Bureau if necessary as the release could be authorized only by the Probate Court and legal assistance would be necessary in such a case. The Manager was instructed to write a letter of introduction for Mrs. Thomas to the Legal Aid Bureau.

The report of the Chief of Police for the month of February was read. It was moved by Comm. Robinson seconded by Comm. Goldsmith that the report be accepted and placed on file. Carried.

The report of the Municipal Court in City Ordinance cases and State and County criminal cases for the period from February 8th to February 28th inclusive were presented to the Commission. It was moved by Comm. Robinson seconded by Comm. Goldsmith that the above reports be accepted and placed on file. Carried.

The Clerk read a communication from the Detroit Trust Company in which it was stated that the mortgage on the property at 140 Arizona Ave., the mortgage for which is held in the Cemetery Trust Fund, had requested a transfer of Home Owners' Loan Corporation bonds for the mortgage at face value. This exchange to be in the principal sum of \$1650.00. It was moved by Comm. Goldsmith seconded by Comm. Blunk that the Manager be authorized to notify the Detroit Trust Company that such an exchange as mentioned above be approved by the Commission. Carried.

It was moved by Comm. Robinson seconded by Comm. Blunk that the Manager be authorized to purchase a car from the dealer who will furnish the same at the least cash outlay to the City. A portion of such purchase price to apply on delinquent taxes against property owned by the dealer. Carried.

Upon motion by Comm. Robinson seconded by Comm. Goldsmith bills in the amount of \$2960.30 were passed as approved by the Auditing Committee.

Upon motion by Comm. Henderson seconded by Comm. Gold-

Plymouth Man Is Wedded To Mrs. Ella Cannady, Bellville

A pretty wedding took place at the home of Mrs. William Cannady, Wednesday, March 7 at 8 o'clock in the evening, when Mrs. Ella Cannady was united in marriage to Frank Palmer of Plymouth.

Attending the couple were Mr. and Mrs. Henry Barnicul and their two little daughters, Larian, the flower girl and Rhylis carried the wedding ring neatly hidden in a large white lily and William Cannady who gave the bride away. Rev. A. C. Bunnell officiated and Mrs. Sherman Bunnell played the wedding march.

The guests were Mr. McFarland, Mrs. Curtis and Mrs. Katie Cannady of Detroit, Mrs. Jones and daughter, Miss Jones and Miss Fullmer of Ypsilanti, Mr. and Mrs. Ed Gardner, Mr. and Mrs. Sherman Bunnell and mother of Bonulus, Mr. and Mrs. Eugene Picher and Mr. and Mrs. Louis Long of Belleville road and Mr. and Mrs. Donald Bills of Inkster. After the ceremony a lovely supper was served. The house was decorated in pink and white. The ceremony was performed under an arch of pink and white carnations and forget-me-nots.

The bride wore a pretty dress of pearl grey crepe and wore a bouquet of white Gardenias and the maid of honor wore a powder blue crepe and carried a bouquet of white Gardenias. The happy couple will make their home on the Belleville road—Belleville Enterprise.

The Bureau of Aeronautics announces an all time altitude record for Navy pilot balloon observation flights. Released for daily "sounding," a standard meteorological balloon was observed for 152 minutes over Pearl Harbor, Hawaii, recently. This is 19 minutes longer than any previous Navy record. "Assuming that the initial ascensional rate of 600 feet per minute was maintained through-out the flight, the balloon reached an indicated altitude of 17.1 miles." The Navy's altitude was not adopted as a record until March, 1931, by Congress until 1931.

The Opening of the New Store was a marked Success drawing folks from many miles around. The store was jammed all day Saturday, and Mr. Line states that more than 4,000 souvenirs were given out including those given to children. The entire personnel of the store wishes to thank the people of Plymouth and vicinity for the reception given the New Store and they ask the criticism of their patrons in building the store to best serve the needs of the community.

OBITUARIES

PETER FURLONG

Peter Furlong, who resided at Cherry Hill, passed away Monday evening, March 19th at the age of 79 years. He was the husband of Mrs. Ella Furlong, and father of Mrs. Alta Hart and John Furlong, both of Detroit. The body was brought to the Schrader Brothers Funeral Home, Plymouth. Funeral services were held Thursday, March 22nd at 9:30 a. m. from St. John's Catholic Church, Ypsilanti, Michigan. Interment in St. John's Cemetery, Ypsilanti.

The Bureau of Aeronautics announces an all time altitude record for Navy pilot balloon observation flights. Released for daily "sounding," a standard meteorological balloon was observed for 152 minutes over Pearl Harbor, Hawaii, recently. This is 19 minutes longer than any previous Navy record. "Assuming that the initial ascensional rate of 600 feet per minute was maintained through-out the flight, the balloon reached an indicated altitude of 17.1 miles." The Navy's altitude was not adopted as a record until March, 1931, by Congress until 1931.

Competition Collyume

Well folks this week we are going to tell about a human falling which we all have. Amalia Zielasko was in Miss Allen's room looking for a book. During a conversation she absently picked up the book and tucked it under her arm. When she finished talking she started looking for it again. She couldn't find it and appealed to us for aid. Imagine her chagrin when told that it was in her own possession.

Here are a couple of grammatical errors which I noticed while rambling around in search of material. The first was committed by a student (of all people) who goes to prove that teachers are human beings after all. "Each one bought their own things." The second was uttered by a student whose name I haven't the heart to tell. "They usually work in pairs of three."

This collyume recently overheard a remark that "it is like a ——" Well like what? Has anyone a remedy for this malady? Maybe that eminent writer who suggests dirt pickles for the bumps can scratch up something. He will probably suggest sweet pickles this time.

I just received a report that Jack Wilcox is in the market for a bright new shiny streamlined red cow. If any of the Collyume's readers (if it has any) know where such a cow can be obtained please see Jack.

Heckling Around

What ho! and tally ho! Stoooges and with this greeting, my dears, comes the dirt of the week. I suppose that pup will have something to say about this collyume, but let him rave, he ought to know when to quit when he meets up with the "Heckler."

By the way—Levy's got a perfect curl in his hair this week. That new curling iron must be a wow.

Let Kenka's lagging Mary again and wonder what success he's having. Not much! I'll bet with Oscar courting the fair maiden.

At last a rival for "Skipper" if possible Harry Davis certainly paint the school red and he'll miss Wells have had several tints in geometry that will go down in history.

Our friend, Louie hasn't many friends in playland these days. Boy! he certainly dishes out the low marks. He certainly knows his facts and figures though. I ought to get a good mark for this if he only knew my name. I guess I'll drop him a hint.

Well, fellow germs, another week has passed and so with a twiddle and a deedle, I shall depart. Be careful, Jackie, you rat, and watch out for THE HECKLER.

Starkweather School Notes

The children in the kindergarten made kite, Dutch shoes, and windmills out of paper. They made a bulletin board with sand table, and are now learning some March songs—"The Wind," "Airplane" and "Bye, Bye Dollie."

The first graders have a new bench which the CWA workers made. They are making good use of it.

The second graders are very much interested in the new drawing board which they use to summarize their stories. The bulletin board is decorated with kites made by the children. The black-board border is of little girls carrying parasols in the rain.

Norman Holton won the spelling-down last week. The fourth graders made some original spring poems. "The Bluebird" written by Dorothy Drews was considered one of the best.

The Bluebird is here. For he comes every year and builds his nest. Where he thinks it best.

But the Blue Jay is lazy. Sometimes I think he is crazy. He has no time to rest. For he steals out of other birds' nests.

The fifth graders have written original health stories for language and hygiene. Part of the fifth graders sang songs at the last PTA meeting.

The pupils in Miss Sparling's room have been giving book reports on Mondays to get acquainted with books and their authors. Those who gave reports last week were Harry Dahmer, Jean Schoof, and Bobby Norman. Both boys are reviewing for geography tests. Lilla Whitmore and her brother were visitors last Friday. They are now making their home at Ann Arbor.

New Passageway Joins Schools

Through the use of CWA funds, a passageway is being built between the grade school and the high school. It is sixty-seven feet long by nine feet wide, and is being constructed of brick and cement. The side walls are of face brick and match the color of both schools. The walls extend over the roof forming a parapet which gives an ornamental effect to the side walls. Eight steel windows, four on a side, will be installed. These will be constructed so that they can be easily opened. There will be three exits so equipped with Pennie bolt fastenings that it will be impossible to lock the doors against people from the inside.

This addition to the school is one that has long been needed. It protects the grade school children and teachers who need to come to the high school from the cold. Many of the grade school children do not put on wraps when they go from the grade school to the other, so this will eliminate a great opportunity to catch cold. It will also protect the children from walking in the mud and snow during crossing.

Central Grade School Notes

Last week Mr. Smith presented bunnies to forty-three of the sixty kindergartners. They have decorated their blackboard with a border of rabbits and ducks. In honor of St. Patrick's day they made posters of a green shamrock and pipe mounted on black paper. They have made a table and four chairs of spoons. Last week they drew pictures of a dutch girl. The mothers of Donald Coon, Douglas Blunk and Nedra Horvitz visited school last Wednesday.

Miss Crannell's class has made its Easter decorations. The Canaries are reading a new book called the Gum Drop Tree. In connection with this story they're making a tree of real gum drops. Earl Mohan has been absent because of illness.

Miss Prant's pupils are having a new story about two Dutch children named Jan and Betje. In language class they are making riddles about Holland.

The following children in Miss DeWaele's room have two books of perfect papers so far this semester: Betty Jane Reeder, Phyllis Tompson, Robert Panesuk, Gerald Fisher, Shirley Jean Hitt, Gerald Fisher.

Miss Field's pupils have decorated their blackboard with tulips. The boys won the attendance contest for the first month of the semester. Mrs. Hale visited in class last week. George Ossenhimer is absent because of illness.

Mrs. Bird's class had two visitors last week. Mrs. Babachuk and Mrs. Reemer. The children have learned a new poem entitled "Violets." They have made Dutch posters.

Maribel Holt is absent from Miss Withthead's room. The pupils made kite posters Wednesday. In music class they learned a song called "Pussycat-wills." The class had twenty-eight perfect spelling papers last week.

Miss Slyk's class has finished its Easter booklets. There were nineteen one hundreds in spelling last Friday.

Miss Holt's fourth grade geography class enjoyed seeing slides in the South Pole. The pupils made kite posters Wednesday. In music class they learned a song called "Pussycat-wills." The class had twenty-eight perfect spelling papers last week.

Miss Erleben's 5B class is reading about castles; in connection with this work some of the students have made castles of wads of paper. Bruce Anderson has moved to Brighton, Michigan.

Mrs. Holliday's class was entertained at a party given by the PTA last Tuesday afternoon in recognition of their work in the recent contest for new members in that organization. The children in this class are working diligently on their Palmer Method drills.

Richard Strong is still absent because of illness. Earl Wilson is back in school again. Edward Reider's team is still leading in the spelling contest. Bruce Anderson has moved to Brighton, Michigan.

Announcement of Senior Honors

The honor roll of the 1934 senior class consists of twenty students—all of those having an average of 90 or above for the four years of their high school careers. The one having the highest score is automatically valedictorian. This honor goes to Coraline Rathburn whose score is 96.1. Salutatorian is Mary Metzger with a score of 95.7. Our Church

THE CHURCH OF THE OPEN DOOR

Independent Baptist
Can you say what this young sailor says?
"Dear Brother Neale:
Just to let you know that I am expecting to leave for Norfolk, Virginia, 23 of March. Believing in the Lord and praying daily."
What God did for this naval recruit who visited one of our services. He can certainly do for you. You may look upon your need as quite different from his; but God says that "all have sinned," all face judgment, but God saves "all who believe in the Lord Jesus Christ and the power of the Holy Spirit. Those whom Christ saves can never face judgment because He says: "Verily, verily, I say unto you, He that heareth my word, and believeth on Him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life." John 5:24.

Most people have felt the hardships the last two years; but as pastor of this church, I have been transformed to joy by witnessing God's working in such a life as the one who is quoted above. I am writing these notes personally for this week's paper because I soon expect to be enjoying a vacation tour and much needed rest; touring through the southern and eastern states.

However, the church work will go rapidly forward under my able associate, Bro. Ray Carl Weiskopf, together with the devoted officers recently elected according to our newly adopted Constitution and By-Laws. I am happy in the assurance that all our members and friends will enthusiastically and faithfully continue building up this gospel center while I am away. Those wishing my address at various points may secure it at the Church House. Come and visit us next Sunday. You will feel our welcome.

The Sunday services will be at 10 a. m. and 7:30 p. m. The Sunday school meets at 11:15 a. m. At the services on this Lord's day the messages will center around the passion of our Lord. On Monday evening we will continue in the study of the book of Acts.

Miss Alice Postiff, the newly elected chairman is taking over the leadership of the Young People and we look for a great advance in this group.

CHURCH FAMILY NIGHT

Again a month has passed, and we shall gather again for our family night on next Wednesday evening. Everyone is urged to be out and be ready for a time of real fellowship and blessing in the Lord.

The bible classes continue on Friday evening. This Friday will be a review for the class in Personal Evangelism.

SALEM CONGREGATIONAL CHURCH
Rev. Lucia M. Stroh, Pastor
Service next Sunday 10:30 a. m. Palm Sunday, sermon subject: "Christ Declares His Kingship." Sunday school follows.

Prayer meeting Wednesday evening in the home of Mr. and Mrs. E. F. Schock in Plymouth. Those who wish to join will meet at the home of Mrs. John Mastic, 638 Dodge St.

A short while ago a missionary banquet was held in New York City. One of the speakers was Miss Brandon of the World Dominion Movement. She was not one of the advertised speakers but however when the various addresses were being made she caught a great longing to say a word. The speakers were evidently not taking up their allotted time so the one presiding slipped Miss Brandon a note asking her to speak for about five minutes. She commenced with these words: "JESUS IS COMING SOON" and for five minutes spoke on this glorious theme. At the close of the banquet a woman came to her and said, "You surely don't believe that Jesus is coming back again soon, do you?" "Most assuredly I do," she said. "I call that a most uncomfortable doctrine. It is a very uncomfortable doctrine if there is heaven in your life which would cause you to be ashamed before Him at His coming."

BEECH M. E. CHURCH
Morning worship, 9:30 a. m. 10:30 Sunday school.

ST. PAUL'S EV. LUTHERAN CHURCH

CATHOLIC CHURCH
Sundays—Mass at 8:00 and 10:00. Confessions Saturday nights at 7:30, and before each mass.
Week-days—Mass at 7:30. This hour makes it convenient for the children to attend on their way to school. All should begin the day with God.

Societies—The Holy Name Society for all men and young men. Communion the second Sunday of the month. The Ladies' Altar Society receives Holy Communion the third Sunday of each month. All the ladies of the parish are to belong to this society.

Children of Mary—Every child of the parish must belong and must go to communion every fourth Sunday of the month. Instructions in religion conducted each Saturday morning at 9:30 by the Dominican Sisters. All children that have not completed their 8th grade are obliged to attend these religious instructions.

CHRISTIAN SCIENCE CHURCHES
"Substantive" is the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, March 18. Among the Bible citations was this passage (Matt. 14:30, 31): "But when he saw the wind boisterous, he was afraid; and beginning to sink, he cried, saying, Lord, save me. And immediately Jesus stretched forth his hand and caught him, and said unto him, O thou of little faith, wherefore didst thou doubt?"

Correlative passages read from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, included the following (p. 329): "Because you cannot walk on the water and raise the dead, you have no right to question the great might of divine Science in these directions. Be thankful that Jesus, who was the

true demonstrator of Science, did these things, and left his example for us."

ST. MICHAEL'S CHURCH
Masses: Sundays 8:00 and 11 a. m. Holy Days 7:30 and 9:00 a. m. Week days 8:00 a. m. Confessions before each Mass. Catechism class after first Mass. Benediction after second Mass. Baptism by appointment.

Easter, 7:00 a. m. Sunrise service and baptism, 10:00. Easter Message and reception of members, 7:00. Our adult and junior choirs will present Easter music in connection with an Easter Pageant.

Dr. Waterman who speaks for our men's Fellowship on Monday evening will present a lecture on palestine which he gave last summer at the World's Fair.

Our Junior choir will appear in new vestments for the first time at the Sunrise service, Easter Sunday.

Two lovely new crosses will be used in the services of next week, an electric cross and an eight foot wooden cross of snow white.

ST. PETER'S EV. LUTHERAN CHURCH
PALM SUNDAY will be observed in our church with a special English service at 10:30 a. m. If you have flowers at home, lend them to your Church. For this service in adoration of the Savior for whom the people of Jerusalem strewed flowers on that first Palm Sunday. The decorating scheme for this Sunday, as well as for Easter and Homecoming are in the hands of our good friend, William Bartel.

THE NIGHT IN WHICH HE WAS BETRAYED—Maundy Thursday, March 29th, we gather to celebrate His Sacrament of Holy Communion at 7:30 p. m. The sermon will be on the topic: "Our King's Farewell." Announcement will be made with the pastor before the day of the Communion. Jesus said: "As oft as ye drink it in remembrance of me." Yet many of us call ourselves His followers have substituted the word "seldom" for "oft," if not in phrase, then in the fact of our failure to attend often.

GOOD FRIDAY, March 30th. We celebrate this day of the Savior's Death on the Cross as He would have us celebrate the same: "When not for Me, but for yourselves and for your children." Let it be a day of penitential and sorrowful uplifting of our eyes of faith to the glorious pinnacle of that Cross for us and for our sins. Let us appropriate unto ourselves His holy peace of triumph: "IT IS FINISHED," as we gather this day to worship O'CLOCK IN THE AFTERNOON for our True O Service. The good old custom used to prevail, that business houses closed their doors for all business activity during this sacred time, at least from one till three in the afternoon to give all devout Christians an opportunity to foregather in meditation and worship of the Lamb that was slain for sinners. May the custom be observed also this year.

German Services will be held on Good Friday at 10:00 a. m. together with a celebration of Holy Communion. This service is usually quite well attended, so let us make it a point to repeat the same this year.

EASTER SUNDAY is the greatest festival of the entire church year. We celebrate this day of our Lord's Resurrection in three triumphant services: **EASTER SUNRISE SERVICE** at SIX in the morning. What could be more grand and glorious than the experience of arising with the friends of Jesus on this Easter morn., to face the dawn of a new day, as we walk to our church, at the extreme EASTERN part of our city, to be in the sacred precincts of the Lord's courts, watching the first rays of the morning sun pierce the gloom of the sanctuary and glorify the very Cross on the altar, all the while conscious of the joyous reality that our Saviour actually is risen and not dead, that therefore, we too, shall most certainly rise. Come, worship with us; our church is always filled at Sunrise on Easter Morn.

German Easter services will be held at 9:30 a. m. Easter Communion will be celebrated in the regular service at 10:30—The pastor will take announcements for this celebration at any time preceding the Easter Day.

Men's Club this Friday evening, March 23rd, at 8 p. m. such for further announcements of our HOME-COMING in the PLYMOUTH MAIL.

COMMUNICATION

During the past few months there has been much discussion in Plymouth about covering Tonquish Creek from Harvey street to South Main street. Since the project involves enormous expense, and since it is still a live issue, our Plymouth taxpayers should consider both sides of the question carefully.

There are five major arguments in favor of covering Tonquish creek. First it is an unsightly stream for the three blocks under consideration, and hence an eyesore to guests at the Mayflower hotel. Second, it is unsanitary. Third, the expense of covering the creek would be

small. Fourth, covering it either under CWA or its sequel or under the Wayne county drain commission would mean no extra expense to Plymouth. Fifth, covering is the only method of correcting Tonquish creek evils.

The first two arguments must be admitted by every citizen who has eyes and a sense of smell. Although Tonquish Creek is really a beautiful winding stream from Harvey street to Moreland road, it is a vile, ill-smelling creek back of the stores. It is unsightly and unsanitary. The remaining three arguments in favor of covering the creek are open to question.

That the expense of covering Tonquish creek would be small is disproved by the estimate made

in December. At that time Plymouth's city engineer in conjunction with Mr. Nowicki, Wayne county drain commissioner, estimated the cost would be \$50,000.00, while another Plymouth official added that the cost would probably run to \$60,000.00. Fifty or sixty thousand dollars is a lot of money to pour into three short blocks, when money is needed so badly for other city essentials, and when existing evils can be corrected with a small part of those thousands.

When advocates of the project claim that covering by CWA, by CWA's sequel after April 1, or by the Wayne county drain commission means no extra expense for Plymouth taxpayers, they are also ignoring the facts of the case. There will be extra expense to be borne by Plymouth in three ways, the expense of securing the right of way across some lots, the expense of finishing the two streets proposed as part of the project, and the expense of completing the project if federal funds or Wayne county drain funds are stopped. Some expense has already been entailed in planning to secure rights of way. The extension of Forest avenue may be desirable for Plymouth, but building a street from Harvey street to the store alley seems absurd, at any rate, building streets costs money, and Plymouth will have to pay for two new streets if the advocates of covering Tonquish creek follow their plans. When this project first came up for consideration under CWA in December, the writer asked Mr. Nowicki, who would have to bear these extra expenses and who would be compelled to bear the expense of completing the project, if it, the county were stopped before it was finished, and his reply was the city of Plymouth. We should be very sure what this extra expense will be, before we encourage the project.

Furthermore we should find out who in Plymouth will meet this expense. So far it has been impossible to learn from city officials who will bear this extra expense if the project is undertaken. Will the adjacent property owners do so? Or will they as a whole? If the total extra expense is to be borne by the adjacent property owners, it means too great a burden for all of them except one. If the extra expense is to be met by the city as a whole it means taxing the whole community to pay for work that benefits the properties of only a few. This is usually paid for by special assessment. Either situation seems unjust. At least it should be classified, before any citizen of Plymouth is asked to vote on covering Tonquish Creek. Another point to be considered is that covering the creek for three blocks increases the probability of damage from overflows in the spring. Now that the creek bed has been widened and straightened for a mile west of Moreland avenue, there is a probability of greater flooding than before. Mr. Nowicki, county drain commissioner states that if Tonquish creek is covered, he can give no guarantee against such flooding.

One of the chief arguments against the project as it now stands is that covering the creek for three blocks does not correct the evil of insanitation. Spending \$60,000.00 to cover three blocks does not solve the problem of sewage above Harvey street or below south Main street. The boys and girls of this community have the right to a clean unpolluted stream for play; adults have the right to sanitation around their homes. Covering the creek will not provide sanitation for the community as a whole; it will only cover up existing evils for three short blocks. Plymouth is far behind other progressive communities in the matter of sewer connections. records, we have a city ordinance compelling sanitary sewer connections, but it is not enforced, nor can it be very effective until we have the proper record cards of sewer connections. Let the city make a survey of sewer connections in the area drained by Ton-

quish creek, keep a record of all connections in the area, and in accordance with those cases where it is now being violated. This will clean up the pollution of Tonquish creek, and will be extra expense for the city. The sewer survey, the compilation of records, and the enforcement of our existing ordinance should begin now before the city creates any new streets. These three steps can be taken through the same agencies and with only a small part of the \$60,000.00 that would be required to cover Tonquish Creek for three blocks. After the sanitation evils have been corrected it will cost very little to beautify the banks with trees and shrubs and to enforce the city's non-dumping ordinance.

In summary, then, it is conceded that Tonquish creek is unsanitary and unsightly for the three blocks under consideration. On the other hand, there are eight reasons against voting to cover it until the citizens and taxpayers of Plymouth have considered all angles of the question. First, it is a very expensive proposition involving from \$50,000.00 to \$60,000.00. Second, it is certain to mean extra expense for rights of way, new streets, and completion if the taxpayers of Plymouth want to bear these extra expenses, well and good, but they should know what the project means. Third, the adjacent property owners are not financially able to bear any extra taxation for this project. Fourth, city officials are not able to clarify the question as to who will meet the expense which goes with the undertaking. Fifth, the project carries no guarantee against damage from flooding property by creating a new street, so the city is laying itself open to suits for damage in the future. Sixth, the project would not solve the problem of sewage in the Tonquish creek through the residential districts west of Harvey street and east of south Main street. Seventh, a small portion of the proposed \$60,000.00 expenditure would correct these pollution evils if it were spent on a sewer survey in the affected area, on sewer records, and on sewer connections, two or three hundred dollars would beautify the banks with trees and shrubs. Eighth, the project as proposed does not give the maximum benefit to the community in proportion to the huge sum to be expended; it is very hard to see where the people in the north end of town would benefit at all except when they drove across the Ann Arbor street bridge. It is equally hard to see where any in the southern part except the adjacent property owners and those who frequently cross the Ann Arbor street bridge would benefit. The writer would like to know what the extra cost of the project will be, who will pay for it, and whether or not the majority of our Plymouth people want it. These three questions should be answered satisfactorily, and the proper sewage control established, before any commission is asked to vote for covering Tonquish Creek by FWA, by CWA or by CWA's sequel. Covering the creek may be necessary, but other methods of correction should be tried first.

WAYNE DRUGGISTS MEET AT HOTEL MAYFLOWER

Twenty-five druggists, members of the Wayne County druggists association met Wednesday noon at the Hotel Mayflower where they were the guests of Plymouth druggists. Stewart Dodge was chairman of the affairs and afforded the visitors an interesting program consisting of a short talk by James Lyons, secretary of the Druggists Code committee of Detroit. An address of welcome by Mayor Freeman Howard of Plymouth, the Ann Arbor talk by Harry Cecil, Clair Allen and Paul Gibson of Ann Arbor. The meeting was one of a series held by Wayne County druggists here, it expressed the opinion that this one was the best ever held.

STEPS OVER BUMPS

Just how does a car act when it has knee-action? The illustration herewith shows one of the 1934 Hudson cars equipped with the axleflex system of independent front suspension. It will be noted that the car has climbed to the top of the rock in the road and although the wheel is raised high from the ground, the body has remained perfectly level. This method of independent spring suspension is furnished at no extra charge on Terraplanes and Hudsons for 1934. The owner has his choice of axleflex or regular front axle. It will be noted that in this type of independent front suspension there is a big safety element in that the axle member is still retained although the wheels are permitted inde-

pendent action in a vertical plane.

Now that the cars have been out in the hands of the public for some time, reports from those who are using the axleflex suspension are coming in as a result of actual experiences. The general consensus of opinion is that there is actually a banking action on curves and on certain types of roads, particularly of the wash-board type. The flexibility permitted with this system prevents any synchronizing of the two front wheels and hence helps to iron-out the road. A feature of the system is the fact that the sturdy cross-tie formed by the front axle is retained, although the independent wheel action is secured. Another safety consideration is the use of full non-skid tread on the tires.

Bishop F. B. Fisher Holds Lenten Service

Bishop Frederick B. Fisher, pulpit minister of the First Methodist Episcopal church, Ann Arbor, Michigan, and formerly in charge of the Calcutta Area of that denomination in India, will speak at 7:30 every evening, except Saturday, in a Lenten Preaching Mission beginning Sunday evening, March 18, and continuing through Easter Sunday evening, April 1. Dr. Fisher is internationally known as a dynamic speaker on spiritual matters and for this series of messages has chosen his topics from questions concerning personal spiritual problems which have been brought to him during the past two years.—God, Human Suffering, Sin, Prayer, Forgiveness, Character, and Immortality. It is his intention to deal with the deep, moral issues of life which must be faced courageously in this modern day if radi-

ant, constructive achievement in Christian living is to result and to offer opportunity for definite decisions. Albert E. Buss, nationally known cornet and vocal soloist, will direct the music during the entire period. An experienced musician, Mr. Buss played before Queen Victoria during his early youth and was a member of several famous English musical organizations before coming to the United States. He has had wide experience as a song leader, hav-

ing worked with such outstanding preachers as J. Wilbur Chapman, R. A. Torrey, W. E. Biederwolf and others in evangelistic meetings throughout this country and Canada.

MORE THAN JUST ROAST BEEF... is this delicious rolled roast cooked in an electric oven— PROVE IT FOR YOURSELF IN YOUR OWN KITCHEN ON A NEW— TRIAL* ELECTRIC RANGE! There are roasts and roasts, big and little, tough and tender... every good cook knows. But the best roasts are electrically cooked roasts. Even tough cuts of meat will cook tender in an electric oven. Because—to bring out their fullest flavor—it is necessary that meats cook in their own juices, preserving all of their delicious natural elements. This is one of the most popular features of electric cooking. The modern electric range SEALS-IN nourishing and healthful juices in roasts, and cooks them to melting tenderness without the addition of any water. This conserves precious minerals and important food values and imparts the delicious natural flavor that is so distinctive.

The opportunities presented by our Navy are as boundless as the sea itself. From a frigid watch to a galvanizing SOS and the thrilling incidents that follow - this is the spice of life offered to the sons of Uncle Sam. The Navy is an institution a thrill with many widely varying duties, privileges and opportunities, with moments of tense drama and unkind deeds of heroism.

The noise of dishes cracking and shattering in the heat saved the lives of Bert Minnick and his family at their home in Fort Worth, Tex. Wilbert, 18, awakening at 3:30 o'clock in the morning, heard the dishes, smell of smoke, and aroused the rest of the family. All escaped just as the last exit was closed behind them by flames.

Told by her preacher that she could get to heaven without a passport from Governor Eugene Talmadge, an aged negro woman called at the governor's office in Atlanta, Ga., for her credentials. Tom L. Linn, executive secretary to the governor, said he provided the required letter of introduction.
