\$1.50 Per Year In Advance

Floyd A. Kehrl New Commander Templar Lodge

Knights Honor Plymouth Bank Cashier At Recent Election

Roswell Tanager Also Advanced - Installation Here On Tuesday Eve., April 24

Northville Commandery No. 39 recently held their annual election of officers which resulted in the following being elected to serve during the coming year: Floyd A. Kehrl, Plymouth, Eminent Commander; Roswell Tanager, Plymouth, Generalissimo; James N. VanDyne, Northville, Captain General; James Varn, Hagen, Redford, Senior Ward; Joseph Himmelsbach, Farmington, Junior Ward; Rev. H. G. Whitfield, Northville, preacher; H. D. Dean, Northville, Treasurer; C. E. VanValkenburgh, Northville, recorder; Frazer Staman, Northville, Sword-bearer; E. M. Bogart, Northville, Standard-bearer; Sidney Smith, Redford, Warden and Dean F. Griswold, Northville, sentinel.

As soon as the election of officers was over the present Eminent Commander, Charles Buzky appointed a committee in charge of the installation and this committee thought it advisable and appropriate that installation of officers be held in the Masonic Temple, Plymouth, also because of the fact that the two high officers elected are residents of Plymouth. The public is cordially invited to attend the installation which will be held at 7:30 o'clock Tuesday evening April 24th at the Masonic Temple, Plymouth. The entertainers who have arranged to have arrangements made where-by Past Grand Commander Charles A. H. Thom will act as installing officer assisted by Jas. H. Garlick, Grand Warden of the Grand Commandery of the State of Michigan and Eugene H. Webb, the officers and their wives are also invited to attend for the evening. It is also expected that Wayne VanDyne radio singer will sing, also the Northville quartet and several musical numbers by talent from Plymouth, Northville, Redford and Farmington. The committee have also made arrangements whereby different short talks will be delivered during the evening.

W.C.T.U. Will Meet Next Thursday At The Home Of Mrs. L. Stark

The Plymouth Woman's Christian Temperance Union will meet Thursday, at 2:30 p. m. at the home of Mrs. L. B. Stark, 647 Maple Avenue.

The program for the day will be arranged by Mrs. E. C. Lauffer and Miss Nettie Pelham. Members are asked to bring short current events and to sing. From the Michigan Union of March: "All over the United States there has been released a flood of candy with whiskey brands in the center. Six candies constitute a roud sized cocktail as most of it is 14% alcohol. Be on the watch for it. Remember it will appear in most any place in the eastern part of the state, where some of the officers were holding a W.C.T.U. Institute, the proceedings were interrupted by a report that three candies were being sold at a school cafeteria and no time was lost in making a complaint to the proper authorities. The dealers in whiskey have lost no time in trying to awaken an appetite for alcohol in school children. Let us help wake up the educational authorities to the danger."

Assessor Petz Now Working On Tax Roll For Next Fiscal Year

William Petz who was recently reappointed city assessor for the ensuing year, has started making up the assessment rolls for the ensuing year. He expects to have the work completed within the next two or three weeks.

"I am finding some new property that we can place on the assessment rolls. It will not be much, but I am sure that the increases will be considerable more than it was a year ago, he said. "There has been practically no building, but I am finding quite a bit of persons as well as some slight increases in some realty. One thing I have noticed, and that is a much better feeling on the part of people talk to about their assessments than we have detected. While they do not think we are entirely over the top as yet, they do feel that we are in a much better condition than we were a year ago," said Mr. Petz. Plymouth taxpayers can be sure of one thing, there is nothing in the air at the present time which indicates a raise in taxation.

There will be Sweet William, Lemon Lilies, of Belgium, Dianthus, Chrysanthemums, English Daisies and Lychins Chalcedonia from the garden of Mr. and Mrs. Cass S. Hough at the FLOWER MARKET, May 12.

Governor Here Monday Evening Many Expected To Hear Him In Talk At High School

When Governor William Comstock comes to Plymouth Monday evening, April 23 to discuss the big bond issue he has asked the people of the state to vote on April 30 his visit here is going to be a sort of rally for Democrats in this part of Wayne county. His talk will take place at the high school auditorium at 7:30 o'clock and every one is invited to hear him at that time. With the Governor will be Ray Foley of the state highway department, who will also give an address. Mr. Foley will discuss some of the work that has been done during the time that the new administration has been in control of the highway department. While it has not been announced definitely, it is stated that the Democrats plan to have a little get-together after the meeting at the high school. Edward Scully, president of the Northwestern Wayne county Roosevelt club, is making arrangements for the meeting and he expects a large turn out.

Miss Verna Wiltze Becomes The Bride Of Harold Pankow

Saturday afternoon, April 14, at the Baptist parsonage in Ypsilanti, Miss Verna Wiltze daughter of Mr. and Mrs. Clare Wiltze and Harold Pankow became the bride of Harold Pankow, youngest son of Mr. and Mrs. August Pankow of this city. They were attended by Miss Ruth Waldo and Leo Pankow. The bride wore a gown of pink net and carried an arm bouquet of white roses. Miss Waldo wore a powder blue taffeta gown and carried American Beauty roses. Mr. and Mrs. Arlo Hauger, brother-in-law and sister of the groom entertained twenty guests at a wedding reception at their home in Northville in honor of the bridal couple. At 6:30 a delicious supper was served, the guests being seated at a long table attractively decorated in yellow and green. A beautiful decorated wedding cake graced the center of the table. Games and music furnished entertainment for the evening. The guests departed at a late hour wishing the happy couple a long and prosperous wedded life. Mr. and Mrs. Pankow will be at home to their friends at 580 Starkweather Ave.

Ask Postmaster At Northville To Quit; New Democratic Plan

Plymouth Democrats are watching with interest the contest in Northville for the postoffice appointment that is about to be made in that place. Postmaster Thomas Carrington who was asked a few weeks ago to send in his resignation, has complied with the request of the department and has sent in his resignation, effective at the will of the department. There have been two active candidates for the appointment, Hugh Rabbit and Fred Van Etta. There is a rumor floating around that a dark horse is going to be selected and it may be Edmund Yerkes, son of an old time friend of Horatio Abbott, Democratic National Committee. Mr. Carrington was appointed to the post a little over four years ago, following the death of Frank Neal who had held the office for a number of years. Dr. and Mrs. A. E. Patterson are sending Dahlias and Peony roots to the FLOWER MARKET, May 12.

George H. Robinson, a resident of Plymouth for nearly a quarter of a century and one of its best known citizens was Monday night elected mayor of Plymouth by the unanimous vote of the city commission of which he has been an active member ever since Plymouth became a city. Mr. Robinson was a member of the last village council and played an important part in the campaign to change the form of government permitting Plymouth to become a city a few years ago. Mr. Robinson has been a resident of Plymouth since 1911. He has been interested in the building and real estate business for many years and has done much towards building up the community.

When he first came to Plymouth he was associated with the Bell Telephone Co. for a number of years. He has spent nearly his entire life in this part of the state having been born in Wayne.

His chief interest in recent years has been in municipal affairs and he has given freely of his time for the benefit of the public.

Fires Monday, April 23, As Arbor Day

Gov. William A. Comstock has issued the following proclamation for the observance of Arbor Day, April 23, and the week of April 20-28, as Conservation Week. Bird Day is included in the Arbor Day observance. This year marks the sixtieth anniversary of the official recognition of Arbor Day by the Governor of the State of Nebraska in 1874. Since then, this custom of heralding the Springtime by the planting of trees has become well established in nearly all of the states, including Michigan. During the time when vast areas of our land abounded in virgin timber, the practicability of this custom was not so apparent as now, when the result of years of neglect and mismanagement has left us with a scanty supply of trees. The attention of everyone, particularly true in the northern playground parts of our state, to which the summer visitors flock every summer by our natural resources for recreation. Constant concerted effort by our Department of Conservation and other agencies, National and private, has done much toward reforestation.

"Therefore, it is timely that particular attention be given to such projects, since by legislative action additional means have been recently provided both for stimulating the attraction of our state to the summer visitors and for the establishment of subsistence homesteads in the northlands. In consequence, I do hereby proclaim Monday, April twenty-third, as Arbor Day, and the week of April twenty-third to April twenty-eighth as Conservation Week. To be made a time for the planting of trees, each citizen to do his bit toward this worthy enterprise."

Scout Leaders Discuss Future Reorganization Of This District Council Considered

Monday evening the Scoutmasters and Assistant Scoutmasters of the Plymouth District met at the home of Sidney D. Strong to hear the story of the reorganization of the Detroit Scout Council from Commissioner Wm. Hodson Jr. The formation of leaders' training courses was also discussed and a preliminary series of leader meetings was decided upon. This will consist of a number of meetings throughout the month of May. The first program will be in the Starkweather school on Friday, April 27th at 7:30 p. m. The P-I Scoutmaster will be in charge.

Starkweather PTA Has Final Meeting For This School Year

The Starkweather Parent-Teacher Association held its final meeting of the year in the school auditorium Monday evening. The usual business meeting was conducted, followed by an interesting program. Original poems on "Spring" were given by several members of Miss Huen's fourth grade. The Misses Geraldine and Mary Ellen Dahmer and Judy Ann Anderson, all of the fourth grade, accompanied at the piano by Miss Cavanaugh.

Miss Bonesteel the school nurse gave a short talk explaining the work being done in the schools with regard to toxoid treatment and vaccination. She also explained the use to which the May festival proceeds are put. Miss Cavanaugh accompanied eight fourth-graders in the singing of two numbers. Rev. Sutherland of the First Baptist church, was the speaker of the evening, talking for his topic, "Somebody Taught a Child." The audience appreciated this talk very much. The meeting was closed by the singing of "America" by the audience.

In spite of the fact that the United States had won its independence, largely through the work of an impromptu Navy, British leading statesmen attempted to keep our country in a condition of colonial dependency, and this policy was a principal cause of the War of 1812.

Dayton Wins On Re-count-Brooks Wins In Court

One Gains Legal Victory, The Other Gains More Votes On Re-count

Check Of Votes Showed Increase For Dayton, Who Originally Won By Only Two Votes

John S. Dayton won. Ford Brooks won. That is the unusual outcome in the recent re-count and court battle these two contestants conducted for the office of municipal judge. John Dayton won on the re-count and Ford Brooks won in court—so both of these well known Plymouth lawyers feel pretty well satisfied with the result of the recent clash over the election for an office Plymouth ever had. The story is brief and interesting.

At the time of the recent municipal election the returns showed that Mr. Dayton had apparently won the election for municipal judge by two votes. There was some discussion of possible errors in the count and Mr. Brooks was urged by a number of friends to ask for a re-count. This he did. Usually in the case of a re-count the original count can generally be expected. When Mr. Brooks filed his application for a re-count Attorney John Crandall went into circuit court and asked for a temporary injunction preventing the re-count. He contended that the city charter should govern the result, rather than the state law. Mr. Dayton said that he had been entitled to a re-count under the state law and that he had complied with all the terms of the statute relative to a re-count.

The judge, after all the matter in circuit court last Saturday but Judge Webster decided that he needed additional information on the question, so he continued the case until Monday, when his decision was given. Then it was that he ruled in favor of Attorney Brooks and said that his position in the matter was correct and that he was entitled to the re-count. That was the victory for Mr. Brooks.

Many Present When New Degree Work Is Put On At Temple

Plymouth Masonic Temple was the scene of a beautiful and impressive ceremony when Detroit Assembly No. 1, Order of Rainbow for Girls were guests of Plymouth chapter No. 115 on Tuesday evening. The honored guests of the evening were Mrs. Lillian Hagen, Founder of the Rainbow for Girls in Michigan and the first Mother Advisor of Detroit Assembly; Jennie Hagen, Past Grand Lecturer; Dorothy Scott, Grand Charity; Jean Brown, Grand Impoverished; and Mrs. Nellie Scott, Past Mother Advisor.

City Hall Work Well Advanced

Excellent progress is being made on the work at the city hall and city officials hope to be able to move back into the structure by the end of another month. The work has been delayed somewhat owing to the fact that under some of the regulations now in force pertaining to CWA employment it was necessary to have the county board engage plasterers to do some of the work. Upon the completion of the work on the interior of the structure, the outside will be painted and there is some possibility of some shrubbery being planted in front of the building where it has been practically impossible to have grass grow.

Home Furnishings Club Meets April 23

The last meeting of the Home Furnishings club is being held in the high school lunch room Monday April 23 at 1:30 sharp. Everyone is urged to be present at the evening, talking for his inspiration to the leaders by a 100 per cent attendance. The lesson material is intensely interesting, dealing with the topic "Living with our pictures." It will elaborate on such matters as, "What shall we look for in pictures?" and what pictures are appropriate in certain rooms. The speakers, Mrs. Bruce Woodbury and Mrs. C. W. Ferguson, have a nice little collection of prints to display and discuss with the class. The public is welcome.

Farmers National Union Meets April 24

There will be a meeting of the Farmers National Union local No. 36 at Salem Hall, Tuesday evening, April 24, at 6 p. m. Walter Nelson will be the speaker. All are cordially invited to attend this meeting. Mrs. Paul Morrow is bringing Lily of the Valley to the FLOWER MARKET, May 12.

Who Can Vote At The Special Election To Be Held On April 30

The Department of state has transmitted to all county election officials the opinion of the attorney general relative to whom may vote on the \$37,800,000 bond issue at the election April 30. A portion of the attorney general's letter to Secretary of State Frank D. Fitzgerald, follows: "I therefore suggest to you the following certificate, to be signed by electors upon making application for a referendum ballot: 'I hereby certify that, in addition to being a duly qualified elector in this voting precinct, I have property assessed for taxes in the State of Michigan, or that my husband or wife has property assessed for taxes in the State of Michigan.'"

The attorney general also asserted that the certification shall constitute the oath to be administered by election inspectors in cases of challenged voters.

Switchman Is Hurt When Hit By Auto At Main Street Crossing

As the result of an unfortunate accident last Saturday night at the Main street crossing of the Pere Marquette railroad, John Straub, well known Pere Marquette brakeman, has been confined to his home the most of this week suffering from severe bruising. Mr. Straub who happened to be at the crossing at the time, saw a switch engine coming and he stepped into the street to flag down automobile traffic, the flagman being on duty at that hour of the night.

As he was about in the middle of the street he was hit by an automobile and knocked to the paving, receiving a bad bump on his head. The two boys of the car Kenneth Groth of Plymouth and Louis Lasker of Northville, jumped out of the car and helped the injured brakeman to the flagman's shanty. Meanwhile Dr. Patterson had been called and his home was removed to his home in Dr. Patterson's car. The car, which belonged to the Meisner lad, was driven by Kenneth Groth.

How Boys And Girls Of Other Lands Live And Do Told In Books

New books telling of the boys and girls of other lands have been received at the Plymouth library. Some of them follow: "Peter Katrina's Brother" by Helen E. Haskell. The romance of Katrina is the main interest of this story of present-day Russia and the conflict of the old and the new is shown in the part which she played in her life as a Pioneer.

Former Plymouth Student Now Famed Educator In The East

It will be interesting to the old Plymouth friends of Dr. Edward Johnson, a graduate of the Plymouth high school with the class of 1895 and who lived here for many years, who is now chairman of the Politics Department at the University of Michigan, to know that he is now regarded as an authority on constitutional law throughout the east. A few days ago he delivered a number of lectures at the Yale school on the general theme, "Constitutional Limitations of National Power—A Propos NIRA."

Are Depressed By Confinement

Brief Term In Jail Already Bothers Young Killer

Their brief confinement in jail has already gotten on the nerves of George Evanch, who shot and killed his wife here recently and his companion, Simon McKean, who drove him out, to this city from Detroit on the night of the murder. Because of alleged admissions McKean made to officers that he knew of Evanch's plan to kill his wife, he is also held for his first degree murder. A crowded court docket has so far prevented the arraignment of the two in circuit court, but it is expected that they will be taken before the judge within a few days.

Both seem greatly depressed over their brief jail confinement and who faces them in the future. They talk but little and have but little to do with other prisoners.

Local Shrine Club Has Dinner Dance

Members of the Suburban Shrine club at their guests numbering nearly 150 met at the Hotel Mayflower last Wednesday evening for a dinner and dance. The newly organized club has proved more than successful and an excellent program was provided for the evening by the committee in charge of the affair. E. J. Allison, Capt. ### WHY WE HAVE A CONSTITUTION

"We the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity do ordain and establish this Constitution for the United States of America."

### THE BOND ISSUES

On Monday, April 30, the taxpayers of this state are going to vote upon the question of whether they shall bond for \$37,000,000 to be used for the construction of buildings, roads and other public projects in order to provide employment for a certain portion of the unemployed people of the state. It was right that the state legislature made it mandatory that only those paying taxes could vote on this question, because they are the ones that will have to pay the bond issue if it should be voted.

But here is the point difficult for the writer to reconcile—hundreds of thousands of taxpayers of the state have been and are now out of work. The state administration proposes to float this bond issue to provide work. In other words the state administration is asking a large portion of the idle people of Michigan to tax themselves in order to provide themselves with employment.

Now if these tax payers were employed and had work there would be no necessity of a bond issue to provide themselves with a job—how and from where are they going to get the money to pay the bonds off with?

We grant that possibly some of the hospitals do need the improvements that are asked for in the bond bill, but a large percentage of the projects set forth in the measure are not regarded as necessary in the slightest. No, the more the bill is studied the more one becomes convinced that there are not any reasons as to why it should be voted for.

### BENJAMIN FRANKLIN

Born at Boston, January 17, 1706—Died at Philadelphia, April 17, 1790

### FRANKLIN'S PRAYER

"That I may have tenderness for the weak; that I may be kind to my neighbors, good-natured to my companions and hospitable to strangers—Help me, O God."

"That I may be adverse to craft and over-reaching, abhor extortion and every kind of weakness and wickedness—Help me, O God!"

"That I may have constant regard to honor and probity; that I may possess an innocent and good conscience and at length become truly virtuous, magnanimous and helpful to my fellow men—Help me, O God!"

"That I may refrain from calumny and destruction; that I may abhor deceit and avoid lying, envy and fraud, flattery, hatred, malice and ingratitude—Help me, O God!"

### HINK WITHOUT TRACE

The Editor and Publisher is a publication that does not fall into many hands outside those directly connected with the publication business, although it is probably one of the most influential journals of its kind in the world. There was in a recent issue of this publication an editorial under the above heading of such general interest pertaining to the newspaper situation in Germany that The Plymouth Mail is publishing it in full as follows:

"The press tragedy in Germany is best described by the fate of Vossische Zeitung, its publication suspended last week after a noble career lasting 230 years. One of the able journals of the world was thus sunk without a trace by Hitler. Even its editorial valedictory was in muffled tones, for the editor might go to prison for a last offense, but the wretch did manage to say that 'the pendulum has swung from unbridled freedom of expression to occasional overdiscipline,' and that 'it did not seem necessary to us to keep from the German reader news that he could read in foreign newspapers, at times in the grossest exaggeration and misrepresentation.'"

"But if that once famed newspaper had dared speak its mind it would have said, what is so

patently true, that Hitlerism and honest candor are inimical, the dictator's strength lying in a confused or intimidated public opinion. The logical deduction is that Hitler's government isn't good enough to bear the light of day. Nazi control, destructive of every principle of democracy, will continue until it is found out by a sufficient number of Germans. When that day dawns, we hope, the famous Vossische Zeitung will live again to serve the cause of democracy and truth.

### A TOWN IS LIKE ITS PEOPLE

When a Town Goes Forward—Its buildings are substantial, Its foundations are deep, Its sympathies are broad, Its visions are clear, Its charities are large, Its ideals are high.

When a Town Goes Backward—Its streets are unswep, Its yards are littered, Its homes are unpainted, Its stores are dismal, Its citizens have no vision.

When a Man Goes Forward—He serves good causes, He enlists in worthy campaigns, He is a good team worker, He lends enthusiasm to the work, He speaks well of his town, He always does his part.

When a Man Goes Backward—He is afraid there will be a collection, He is critical of everyone else, He is opposed to whatever is recommended, He sees a selfish motive in everything, He thinks the wrong crowd is in charge, He declines to take his share of the load—Exchange.

### THE MODERN NEWSPAPER

We believe with the Ute, Iowa, Independent that newspapers were never so free from the trucking spirit never so unqualifiedly devoted to the popular welfare, uninfluenced by hope of direct, selfish gain, as they have been of late years and are now. That newspaper makes this comment: "We frequently hear it said that the old-time independent spirit of the newspaper is gone; that its editorial policy is now subservient to the business end of the plant. Yet this is not true. There is more unselfish idealism in the average local newspaper than in any other business enterprise. It frequently speaks out in the way which it believes will be for the good of the nation and of the community, regardless of what the consequences may be from a business standpoint. This is more than the average business man will do or could do. Of course, the local newspaper is now on a firmer business basis than papers were back in the early days. This is why it is still improving from year to year, why it is giving its readers a constantly better newspaper and why it is increasing its influence for good in the community. And it does its boosting in most cases without any hope of material reward."—Herald, Wayne, Nebraska.

### SCHOOLING AND SUCCESS

Every year a new crop of youngsters comes to that crossroad where they are forced to decide whether to go further with their education or stop. It is an important decision. We are not the ones to say that every boy or girl who decides he or she has had enough school is wrong. Some of them will do better to go to work—if they will go to work. Stopping school does not necessarily mean the end of education. If they think it is, their outlook is wrong and none too encouraging. Two or three of the most successful farmers we know are constantly studying—studying and changing their methods when it is wise to do so. It is the man who ceases to study that is in danger. So the youngster who cannot or will not continue school should immediately set about building the foundation for success in some endeavor. Honesty, industry and close application to whatever they attempt will win. It will keep them interested and happy. The most unsuccessful man we can think of is a fellow who has made something of a fortune but is so disgruntled and disgusted with everybody and everything about him that he hardly has a friend left. Success is possible without a protracted academic training—but the time never comes when people can afford to stop gaining new knowledge. Most of our youngsters will do well to continue school if they possibly can. It opens up a much wider field for them when they seek employment.—Republican-News, St. Johns, Mich.

Every governmental official or board that handles public money should publish at regular intervals an accounting of, showing where and how each dollar is spent. This is a fundamental principle of democratic government.

The more government we have the less we care for it.—Will Payne.

## Rambling Around With Michigan Editors

### GOING HOME EARLY

Washington observers are predicting that Congress will end its labors by May 15. That is a hopeful sign for continuing the work which is always halted when there is fear of harmful legislation being enacted by the national law-making body. There are many controversies in the process of legislative evolution which justify the closest scrutiny before being made into the laws of the land. They are not emergency measures in any respect and there is a general feeling that more good will result if they are given an additional year or so before receiving congressional approval.—Jas. Haskins in The Howard City Record.

### SO WHAT?

Samuel Tilden Metzger, secretary of agriculture, rocks on his feet when he talks to tall people. Running to girls more than boys, Metzger has a habit of coming to toe and back again. And he claps his hands in an oratorical gesture behind his back. Napoleon used to do that.—Ed. Nowack in The Michigan State Digest.

### PAY THE DEPOSITORS

Sure pay the depositors 100 cents on the dollar. Then let's pay all those holding defaulted real estate bonds 100 per cent. After that we should reimburse holders of Ambassador Bridge bonds and within a year or two pay off the holders of Michigan Mortgage stock. Then with every one getting a cotton corn, hog, wheat and dairy reduction check, and with the soldiers having their bonus, all depositors paid in full and all holders of bonds and stock reimbursed for their losses, we can get on with our business. Haven't we a Great White Father in Washington? What's a father for?—Vernon J. Brown in The Ingham County News.

### WALLOPS BIG MOUTH STACK

State papers recently carried a story to the effect that the Auditor General Stack had retracted from a previous statement that double payments had been made for property for the Grand Trunk right way he had to own in that he was mistaken. Last week the supreme court handed down a decision that this same Mr. Stack was mistaken in insisting that his department audit the books of the State Liquor Control Commission. Seemingly Mr. Stack's chief occupation is pulling his foot out of the hole.—Harry Izor in The Durand Express.

### TAX ON TAXES

At last it has arrived—the utter absurdity of the extreme tax on taxation itself. Congress now proposes to place a tax of ten per cent on the total Federal taxes paid by individuals and corporations. This idea has been more or less of a "bromide" joke for years but few people ever expected to see it seriously proposed. Our nation's lawmakers now, ever having authorized expenditures of billions at a faster rate than any normal and reasonable taxation could possibly cover has thus been forced to take this comically tragic measure.—Dick Cook in The Hastings Banner.

### GOLD—FROM THE SEA

Forty years ago or so a Yankee minister named Jarrigan formed a company to extract gold from sea water. He sold stock in his company and got into a lot of trouble. But he was telling the exact truth when he said there was enough gold in the Atlantic Ocean to pave North America. His only trouble was that it cost more to get it out than it was worth.

Now, with gold worth \$35 a ounce, and about 100 chemists are giving serious attention to the problem of recovering gold from the sea. At the American Chemical Society meeting the other day the chemist who is extracting bromine from sea water commercially, said that the same process "ionizes" the gold in the water, making it more nearly possible to filter it out.

We learned a long time ago not to regard anything as impossible.—R. G. Jefferies in The Lowell Ledger.

### COMSTOCK'S EXAMPLE

Isaiah Leebowe, confidant and former financial-backer during Governor Comstock's campaign, is said to have reaped \$270,000 in dividends from his oil leases, but has not paid a single cent to those who furnished \$12,000 in capital to start the wells. Whether did Mr. Leebowe furnish all desired legal information to State officials relative to his business activities? We cannot say. Governor himself has refused to let details of his own election expense, can Leebowe be censured for following in the evasive footsteps of his pal?—George Avenell in The Birmingham Eclectic.

There are families in Dearborn that never spend one nickel from year's end to year's end on anyone but themselves. It never enters their minds that money can be used any other way. In their estimation everything that appeals to them for assistance is "graft." They resolutely abstain from association with any group or movement where they might be expected to make a contribution, but they allow themselves to be unmercifully mulcted by the lower-grade racketeers which cater to their entertainment. It is a rather appalling statement to make, but it is true that there are hundreds of families in Dearborn that never give a penny-worth of support to the things that make the town. Are our hockey games closing up? But our schools are! Are our movies curtailing their activities for lack of funds? But our churches are! Are our dance halls and beer gardens languishing for lack of support? But our Boy Scouts and Girl Scouts are! Are the State of Michigan's official liquor suffering from empty coffers. Our crippled children's agencies are. Now this is a state of affairs

There may be some justification for this expenditure. But we cannot furnish it. We believe it to be pure extravagance and entirely wasteful.

5—How much does Michigan now owe? As a state we are in pretty good shape. We owe about \$80,000,000 but we have saved up enough toward retiring this debt so that our net debt is about \$42,000,000 not bad for a large

wealthy state. But we should remember this is not all the public debt. Most of our counties, cities, and villages have debts of their own. The total, as we recall it, is about \$685,000,000. Add to this the \$42,000,000 the state owes and the total public debt is about \$727,000,000. Are we willing to add another \$30,000,000 to this debt? 6—If we don't vote the \$38-

000,000 what will happen? That's another story. Michigan has been spending money at the rate of about \$1,000,000-a-month for relief. Our unemployment troubles will not be over next year or the next, very likely. Shall we continue to spend money and get nothing for it, or shall we get some new needed hospitals, new turn-pike highways and new armories.—St. Johns Rep.-News.

## HIS HANDY ELECTRIC APPLIANCE COOKS A DINNER FOR 4 . . . ALL AT ONCE!

It's hard to believe that this compact little cooking appliance will really do so much. Small enough to tuck away in a corner, it will still perform all the cooking operations possible on a small electric range. Plug it into any electric outlet, and it is ready for practically any cooking task. It will broil, boil, roast, fry, toast, steam and bake. The drawer is a combined broiling and baking section, as well as a toaster. The square and round top elements answer virtually all general cooking needs. The square element may also be used for toasting.

If you live in a small home, light housekeeping rooms, or kitchenette apartment, or if you have a summer cottage, here is just the cooking device you need. With this handy appliance, you can cook a dinner for 4 persons all at one time—a roast, two vegetables, potatoes and gravy, and dessert. The model shown above is finished in attractive light green vitreous enamel, with black trim. See it at your nearest Detroit Edison office.

## Fishermen Find Out Regulations

### Can Take Minnows And Suckers From The Rouge River

Fred A. Eckhout, conservation department officer for this part of Michigan who resides at 14529 Artesian avenue, Detroit, was in Plymouth a few days ago and cleared up much of the confusion

that exists in this locality about fishing regulations. In some unexplained way the impression has been permitted to prevail here that the Rouge river is a trout stream and cannot be fished for suckers. Such is not the case. The Rouge river is not termed a trout stream and suckers can be taken from it with a net or by spearing. Minnows can also be taken from the Rouge river. There is a state regulation against taking minnows from a trout stream, but none of the streams around in this part of the state are listed as trout streams, so minnows can be taken from any of the creeks about

here, including Rouge river. Those who desire to spear suckers with lights at night time may do so, stated Mr. Eckhout, up to May 1st. Fishing is now open on all inland lakes except for bass and other game fish. There is now no closed season on grass pike, great northern pike, pickerel, wall-eyed pike, bull heads, catfish, mullet, whitefish, redhorse, yellow perch, rock or calico bass, crappies and smelt. This is a change that has been made but recently by the commission as the result of a new state law. Black bass, blue gills, trout, sunfish and white bass cannot be caught until June 25. Every one who fishes must have a fishing license. The 50 cent license will permit one to catch any kind of fish in season. A license for your wife does not cost extra, providing the husband has a license.

## Annual Festival Program Is Best

### Ann Arbor Musical Event Will Begin On The 9th Of May

Brilliant and sparkling musical offerings will characterize the six programs of the Forty-First Annual May Festival, which will take place at Hill Auditorium, Ann Arbor, May 9th to 12th, inclusive. Not only are the programs exceptional from the standpoint of celebrated artists and organizations which will be heard, but the musical numbers which will be performed of unusual interest and attraction.

## Ford Sales In Detroit Area Are 46 Percent Of All Autos Made

More than 46 per cent of all the automobiles sold in the Detroit metropolitan area, motor capital of the nation, during the first three months of 1934 were Ford V-8's, official tabulations received by the Dearborn Branch of the Ford Motor Company disclosed today. During the month of March, more than 45 per cent of all the cars registered in that area were Fords, the figures indicated, declares Paul Weidman of the Plymouth Motor Sales Co. In the group of three low priced cars, Ford V-8's comprised more than 63 per cent of the registrations, for the first quarter, it was revealed, with more than three times as many as the second highest member of the group. During March, Ford cars made up in excess of 60 per cent of the low priced group registrations, again with a total over three times as great as the second in the group.

Of the 14,881 automobiles of all makes and prices registered in the Detroit area in January, February and March this year, 6,870 were Fords. Of the 7,144 total for March, 3,242 were Fords.

for a few days on account of sickness.

Mr. and Mrs. George Hallam have moved to a farm on Joy Road and Mr. and Mrs. Jay Bennett have moved back into their own house.

Mr. and Mrs. Clyde Smith were Sunday guests of Mr. and Mrs. Harry Richardson of Flint.

The American Legion held their regular monthly meeting and pot luck supper at the L. A. S. Hall Monday evening.

Mr. and Mrs. James Norris and Mrs. Bennett of Detroit were Sunday visitors of Mr. and Mrs. Clark Mackinder.

The Goodwill truck will call at Newburg for filled bags Monday, April 23rd. Anyone wishing the truck to call at their home send their name in or bring bags to the church.

The second highest registration in the low priced group of three during the first quarter was 1,953 and in March alone was 1,069. Figures for the third member of the group in the first quarter totaled 1,947, and for March alone was 1,006. Throughout the first quarter the Ford V-8 maintained a steady record, registering substantially more than half of all the cars sold in Detroit with a consistent lead of three-to-one in the low priced group. Registrations in the Detroit area are regarded as significant since automobiles comprise the major interest in the city.

Republicans Stage The Biggest Banquet Ever Held By Party

Many from this part of Wayne county went down to Detroit last Saturday night to attend what was declared to be the biggest Republican banquet held in years. The event, staged at the Masonic temple, was featured by two outstanding addresses, one by former Supreme Judge George M. Clark and the other by Congressman Everett M. Dirksen of Springfield, Illinois.

There was no mingling of words when it came to the bridging of the danger that has come out of much that the government is doing at the present time.

Judge Clark declared that never in all the history of the country had there been so much doubt, fear and discouragement on the part of every one as now.

"No one dares venture. No one can make plans for the future. No one can sleep the next day with the slightest knowledge of what to expect," he declared.

He berated the present state administration as without question the greatest failure since statehood was granted to Michigan. There were nearly 2,000 at the banquet.

The West Branch Annual Trout Festival To Be Held April 29, 30, May 1

The West Branch Annual Trout Festival will be staged April 29, 30, May 1, according to an announcement made by the West Branch Trout League.

This event has come to be an important attraction among trout fishermen and conservationists and annually attracts some of the middle west's best fly and bait casters who enter the competition contests.

The festival is designed as a celebration officially opening the trout fishing season the tempo of which is fun, music, frolic, entertainment and hospitality.

Basketball Tournament Is Completed

This year we held two basketball tournaments, the first composed of nine teams, three from the freshman class, two from the sophomore, and two from the junior and two from the senior class. The captain of the freshman No. 1 team was Dorothy Hearn; No. 2, Phyllis Stewart; No. 3, Jewel Starkweather. The sophomores No. 4 team's captain was Myrilla Savery; No. 5, Frances Bridge. Eileen Archer was captain of the Junior's No. 6 team and Anna Urban of the senior's No. 8 team and Delite Taylor of the No. 9. Each team played eight games. Mildred Maul's team won the championship, winning all the eight games, there by receiving fifty points toward their school letter. Anna Urban's team came in second by winning seven games and losing one. The sophomores won eight. They each received thirty-five points toward their letters. Myrilla Savery's team got third place by winning six and losing two and receiving twenty points. The other six teams participated in the tournament received ten points also. From the two or more class teams the final team was selected and a final basketball tournament was staged. The sophomores who had as their captain Mildred Maul, first place. They certainly were an outstanding team. The players not only had the ability to play one position but more than one. They won seven games out of nine. They also got fifty points toward their letters. The juniors who had Joan Cassidy as captain, placed second by winning six out of nine. The seniors placed third with Evelyn Rorabacher as captain. The freshmen received fourth place, having as their captain Florence Norton. Although each team won several games they certainly have good material which will develop into an outstanding team.

The girls who played in the final tournament will represent their class at the Northville-Plymouth Girls Play Day at Northville, Tuesday, April 24. In addition to the four teams the seventh and eighth graders will play the seven and eighth graders from Northville. This custom has been carried on for four years. Last year the Northville girls were here so this year we will be their guests. The purpose of this playday is to create good sportsmanship and make for better friendships among the girls. It is conducted to decide who wins or loses but for the good time and the fun in playing. Besides competing with the girls from Northville, the girls who participate and some form of entertainment is staged.

7A Clothing Studies Comfort

The accepted fact today is that every housewife ought to be as proficient in her mending as the business man is in his. The 7A Clothing girls are making a start toward the achievement by investigating and reporting on the household furnishings. The following is a report made by Doris Buzzard.

MATTRESSES
Mattresses are the most important part of a bed because unless they are comfortable you do not sleep well. Mattresses are made of hair, cotton, kapok, excelsior, corn husks, grass, etc. and wool. Feathers are sometimes used but it takes such a large amount of feathers that unless you have an old feather bed you seldom get a feather mattress.

Felt mattresses are the most popular nowadays. They are made of an especially prepared cotton. They are soft, give excellent wear, and although they are expensive they are worth buying. Such mattresses are sometimes made in two sections, one being square making it possible to change the position of the mattress. It is often used in the living part of it gets the constant hard usage. When mattresses are made in two sections they must fit the bed snugly or they will pull apart and become uncomfortable.

Anti-Heckling
Once again we say, "Greetings to every one, and hello to the Heckler." I see you still persist, Mr. Heckler in cluttering our restful paper with that certain degree column of yours. Well just you wait. Donald Boyd tells Mr. Bentley that the only harm an earthworm can do is to scare some one. We suggest that you collect flowers instead of studying species of earthworms.

Central Grade School Notes

The children in Miss Crannell's room have planted flower and vegetable seeds in window sill boxes. In language class they have made a new play called "One April Morning" and in music class a "Spring Rain." The hygiene class is having a "wash-up" contest this week. The number class has been learning the numbers one to twenty. In nature study the children made pussy willow booklets.

The children in Miss Frantz's room learned a new poem last week called "The Elf and the Door Mouse." They drew very attractive posters illustrating this poem. Charles Burden has three months absence.

Miss De Waele's pupils wove mats with strips of bright papers. They used these mats as covers for their booklets. In one corner of the room they have a large branch of a tree in which they have put birds nests and butterflies. They are working now on their spelling books for April.

The kindergarten girls have also been planting seeds in window boxes. They have decorated their room with pictures of birds and flowers. Last week they made free hand drawings of pussycats, and in music their latest song is "Two kinds of Pussys." In wood working class they have been working on boats and airplanes of wood.

Thirty four pupils in Miss Field's room received Palmer Method pins for improvement in penmanship. The 4A geography class is studying the North-Central States.

Miss Weatherhead's class had three visitors last week. Mrs. Woodbury, Mrs. Burr and Mrs. Horr. The first group in reading class is reading "The Birds and Polly in Summer" and started a very interesting book called "The Children's Own Reader."

Three girls in the Method class were won in this room. Mrs. Crandall and Mrs. Johns visited Miss Sully's class last week. In Mrs. Bird's room the name of Velda Rorabacher has been added to the perfect list. In bird study class they are making bird booklets and illustrating them with their own drawings.

The most exciting event in the grade school building last week was the kite contest between Miss Holt's class and that of Miss Exleben. The student's made their kites in art class and they were judged according to their artistic design. A few of the designs used on the kites were pictures of the Empire State Building, Captain Easy, Indians, flowers, birds and stars, ducks, Mickey Mouse, four leaf clovers, and a hot air balloon.

A few of the designs used on kites in Miss Holt's room were flowers, flags, modernistic designs, cross bones and skull. The 6A class in Miss Fenner's room made and hung posters on cleanliness. Louise Dely won the bronze medal in the spelling bee. Margaret Ely was runner up in this contest. Margaret's spelling team is ahead of Edward Mulry's.

Drama Club To Give Program
The Senior Drama Club will present an evening of entertainment under the direction of Miss Ford Friday, April 20, with four one-act plays of varied types. The casts of these include twenty-one members of the Senior Drama Club, with twenty-five other members utilized in properties, stage construction and lighting. One play is a real-life mystery drama taking place in a New York apartment. The scene of another Dutch costume play is laid in a sixteenth century garden in Holland. An old southern mansion and a haunted inn in Italy are the scenes in which they play their two plays.

Girls Volleyball Tournament Started
The class managers met with each of their groups last week to select captains for the volleyball teams. The freshman manager for the team was Jean Dunham; sophomore, Jeannette Bauman; junior, Yvonne Hearn; and senior, Rosemary West. These girls cannot be elected captain until they take charge of several other captains elected and manage all the class tournaments. We have four freshman teams, two sophomore, two junior, and two senior.

When volleyball was first introduced to the Plymouth girls it was called a very tame game. It has since become a very exciting sport but now we have increased the number from about 32 girls to about 50. This year we are not trying to make volleyball or any of the sports for just a few who have outstanding ability but to increase the ability of many girls, and give a greater number the privilege of participating in the intramural activity tournaments are played one week from 11:45 to 12:15 and the next week from 3:30 to 4:00. On Tuesdays and Thursdays from four until five the girls have the gym for practicing and organization. These games are all officiated by girls from the Leadership Club which is composed of fifty-six girls who meet every Monday fifth hour to learn the rules of each sport and carry on the intramural activities so that they will know the rules and how to officiate at the intramural contests.

Senior Biographies

ARDEN SACKETT
Arden Sackett was born in Plymouth on January 14, 1914. (What an event!) And has black hair and brown eyes and seems to be trying to groom a mustache. This lad wants to be a mechanical engineer but says he will probably end by being a garage mechanic. Girls are Arden's ideal and he is hardly ever seen unless taking one of the fair sex. Polly Evers is his favorite by the way.

EMERSON ROBINSON
Emerson Robinson was born in Plymouth on January 16, 1916. This handsome lad has blond hair and blue eyes. Emmy builds engines and model airplanes in his spare time. He likes to take up aviation, although he says he will probably be a chiroprapist. Boy? What an ambitious youngster! I'll bet also that he will do a lot of things in his life. He has taken a trip to Florida on foot and alone. Em says he hasn't got a girl friend but he seems to like a good one for a while. Emmy has been a member of the cross country team, Hi-Y club and Drama club.

WILLIAM RAY
William Ray born in Dearborn in 1916, has brown hair and hazel eyes. Willie seems to have a hankering for becoming an undertaker and will make a good one for he already is an apprentice in a funeral home in Plymouth. His hobby is fishing and although he is quiet on the subject of girls he knows he's that way about J. Platt.

MARGUERITE RITCHIE
Marguerite Ritchie was born in Detroit on January 9, 1916. About six years ago she moved to a farm west of Plymouth where she still resides. This brown-eyed young lady is a member of the Glee Club and is active on the Plymouth Staff. During her spare time she reads and frequently goes on long hikes. Her greatest ambition is to become a nurse. She likes to play tennis for the boys, she says she likes all of them in general and none in particular. But we sort of doubt that statement and would like to know who the mother and daughter banquet.

DONALD POTTER
Donald Potter was born in Merrell, Michigan, February 16, 1916. He moved to Plymouth at the age of seven and has lived here ever since. Don was a member of the Torch Club and is now a member of the Hi-Y. He also has been on the Reserve football team for two or three years. When asked what he does in his spare time he wouldn't reply and so this makes us suspicious. Maybe he spends some of his time with the girls. Come on, Don, tell us who she is or we will tell the public that you cut up a great deal in history class!

EVALYN RORABACHER
On May 9, 1914 on a farm near Plymouth a girl was born who is now popularly recognized as the best all-around member of the class. This is Evalyn Rorabacher. She has attended school here for six years during which time she has shown marked leadership in school and class. She is perhaps best known for her keenness in debating, which she has followed for three years. She is also president of the Student Council, Girl Reserves and has taken part in several other high school activities and has earned two school letters. Aside from all this she has been interested and has taken part in almost everything that the class has done. As yet Evalyn is not just sure what she wants to do, but she hopes to go to college. Now she is a very serious and capable girl, she has about as much pep and fun in her as anyone I know, and once she gets started laughing, well, it's hard to stop her. By the way, she likes to spend her leisure time swimming and hiking.

IONE PACKARD
This blue-eyed blond-haired girl was born June 21, 1917 in Pinconning, Michigan. Ione later moved to Tawas where she lived for a time before coming to Plymouth. While she has attended school here she has been very active in class sports and is likewise a member of Leaders' Club. Ione has also been a member of Travel Club. Better than anything else Ione likes to play tennis, swim, and ice skate. After she graduates she hopes to make a good record in a commercial course and become somebody's stenog.

RALPH ROY
Ralph Roy, short dark member of the class, was born January 19, 1915 in Detroit. Eight years ago he moved to Plymouth and has attended school here ever since. Ralph has been on the track team, participated in all class sports, and has been a member of the Boys' Glee Club and the Hi-Y. After he graduates Ralph expects to take up farming, and he hopes that some day he will own a large orchard and be able to spend all his leisure time farming. At present however he is quite interested in going to Detroit to see Mary.

Teachers Judge Girls Posture This Week

Each semester in freshman, sophomore, junior and senior gym classes the girls are given three posture tests. The first part of the test, standing posture, second, marching posture, and third, exercises. If they pass all three tests they pass the posture test. If they pass all three posture tests in the last three tests and are put on a list that is sent around to all their teachers, who are then expected to check on the habitual posture. If the girls pass all three tests and are put on the list, their posture is okayed by all class room teachers, they receive fifty points toward their school letters. We have a large increase on this list this year. 116 who have passed the posture tests and this week they will be judged by the teachers. The purpose is not only to get a good posture while one is taking the test but to do it outside of class.

Musical To Be Presented Soon

The annual musical presented by the music department under the direction of Miss Hearn and Mrs. Evans will be held May 4 to the high school gymnasium. Everyone is invited. The program of this event will be printed next week.

Juniors—Stunt Winners

Congratulations, Juniors for the stunt you put on last Friday night, and congratulations Freshmen, for the fine work you did in selling tickets. The annual stunt night presented by the classes last Friday night had a large audience and therefore was a grand success. The Freshmen, being first on the program, presented their "Old Postcard Album" which was very interesting. "Ye Olde Time Frolic" by the Juniors, an entertainment of the gay 90's with various square dances and songs was the next. The boys made into a stow for the sophomores, and "Stunt Night Aboard Ship" was presented by the Seniors who won second place.

The Student Council will receive 70% of the money taken in, and the classes, 30%. The Freshmen and Juniors will get 30% for selling the most tickets and putting on the best stunt, respectively, while those winning second will receive 15% and third place, 5%.

Girl Reserves Learn Songs

A song meeting was held last Friday, fifth hour by the three Girl Reserve groups in the music room. Some new songs were learned by the girls in preparation for the Mother and Daughter Banquet.

This week the Senior Girl Reserves heard a book review, "We Move in New Directions," by Miss Allen.

Announcement of M & D Banquet

The annual Mother and Daughter banquet sponsored by the Girl Reserves will be held May 8, in the high school gymnasium. The theme of this occasion is "M-O-T-H-E-R and D-A-U-G-H-T-E-R." Mrs. Belle Farley Murray extension chairman of Merrill Palmer school will be the main speaker. All the mothers and daughters of Plymouth are invited to come.

Seniors Hold Party At Idyl-Wyld

Probably the nicest class party that the seniors have ever had was held at Idyl-Wyld Golf Course last Wednesday evening. Perhaps the reason that the party was such a success was that it was an unusual large attendance and that everybody joined in and had a good time. Catherine Dunn and Bill Thams proved very able hosts meeting the guests at the door and making them feel at ease right away. As soon as everyone had arrived, several amusing games were played, and with the arrival of the refreshments, the high school students and one outsider, every one began to dance. After about an hour and a half of dancing everybody well up to refreshments and heartily enjoyed the lunch which was served. Then when much exercise seemed impossible, the orchestra began to play again and everybody danced until fifteen when the strains of "Home Sweet Home" announced that it was time to say good-night. Everybody did so reluctantly and went away wishing that there would be another party just like that one.

This party was given for the rest of the class by the losing team of the ticket selling contest for the senior play, and it was only through the efforts of Mildred Maul, the leader of the team, that the girls were able to rent the club-house and the advisers, Miss Fiegel, Miss Lickly and Miss Kees, were so than Mildred and her team for the wonderful time given them.

Social Notes

Jeannette and Thelma Lunsford were joint hostesses at a party given for several of their friends Saturday evening at the home of the former on Beck Road. Games and dancing furnished the entertainment, after which refreshments were served. Mildred Postiff spent the week-end with Myrilla Savery.

Virginia Cline, Madeline Welton and Jean Dunham visited friends in Detroit Saturday. Ireta McCulloch spent Saturday night with Marion Gordon.

Today there is more sentiment and brotherly feeling manifested in the world than for many generations.

Forensic Contest Held At Ypsilanti

Forty-eight sub-district contests of the Michigan high school Forensic Association were held throughout the state during the afternoon and evening of April 14. The high schools represented in sub-district three were Plymouth, Dearborn, Wayne, Ypsilanti, River Rouge, and Lincoln Park. These six high schools competed in oratory, declamation and extemporaneous speaking in the auditorium of the Ypsilanti high school. Plymouth was represented in declamation by Mary Jane Gamme, in extemporaneous speaking by Harry Fisher, and in oratory by Katherine Schultz. Mr. Latture was chairman of sub-district three and presided at the contest which began at four o'clock. The winner of the contest was Clarence Kresin, a senior of Dearborn high school. His oration was called "What Price Victory?" which condemned the munition makers and held them responsible for our last war. Second place was won by Ruth Holleran of Ypsilanti who won the first place in the extemporaneous speaking contest. Her oration was called "Justice for the Prisoner at the Bar" by L. A. Anderson. Theodore Chambers of Dearborn won third with his declamation "The War With America" by William Pitt. Mary Jane Gamble of Plymouth who gave a U. S. No. 9653" by Horton Taylor won fourth place. The extemporaneous contest was held immediately after declamation. First place was won by Robert Rosa representing River Rouge high school who spoke on the subject "The Automobile Industry and the NRA." Dorothy Darrah of Ypsilanti speaking on the subject "Roosevelt, Man of Action" represented the Ypsilanti high school talked on "The Valuation of the CWA," and won third place. At the conclusion of the contest, awards were presented to the principal of Ypsilanti high school, Mr. Wilkie River Rouge received the trophy presented by the Twin Valley Activity Association for debating and Ypsilanti received the district trophy for excellence in forensic activities. The three judges who judged these contests were post-graduate students from the University of Michigan.

Plymouth Nine Defeats Holy Name 17 to 5

Being equipped with new uniforms and bats, the Plymouth baseball team started the season out right when they defeated Holy Name by the score 17 to 5 last Tuesday afternoon. This was the first game that the Rocks have played this year and they looked very good during the entire game. The Rocks had a south-paw and rookie, made a good showing on the mound for the first three or four innings. Warren Bassett, last year's star pitcher, also did very good. Bassett has more speed than he had last year and he has improved greatly since last season in many respects. Gates played a good game at second and Trimble made a good showing at first base where he was transferred from second. McNulty a rookie catcher did a good job behind the plate as did Don Blessing. Bassett had the best day with two hits and a walk. Gates smacked out a three bagger and Lewandowski hit a home run in the fourth inning. Bassett allowed only three hits and three runs in five innings. The Plymouth team had a total of twelve hits. All players on both teams had action at some point in this game.

Edson O. Huston Tells Of New Plan Use In Florida

Mr. and Mrs. Edson O. Huston have returned to Plymouth after spending a very pleasant winter at Miami, Florida.

Mr. and Mrs. Edson O. Huston have returned to Plymouth after spending a very pleasant winter at Miami, Florida.

"I did notice one new thing in the building line down there in all new houses they are using the sunlight to heat water with.

"On the way home we visited a place called Venice, Florida. That was built by the railroad organizations of Cleveland for retired railroad men.

"There were more visitors in Florida this winter than for many years past.

### Plymouth Youth Gets Naval Transfer To The Eastern Coast Soon

Eltou Strohauser, former Plymouth boy, son of Mr. and Mrs. Nathan Strohauser, leaves for the east coast the first of April.

Since Elton has been transferred to the aviation division he has been located on the North Island about one hundred and fifteen miles from Los Angeles.

### COMMUNICATION

#### JUDGESHIP

The taxpayer who wrote the communication on page seven of the Plymouth Mail for April 13, was evidently unaware of the facts in the case.

Second, Mr. Hamill's resignation did not cost the city \$100.00 for a special election, because such an election was held necessary long before CWA came into existence.

Third, the city has paid only \$20.00 for city and county bonds for Mr. Hamill, and nothing for Judge Richwine, so there has not been the extra expense of \$70 for this item listed in the letter of April 13.

Fourth, the recount itself did not cost the city anything.

Another Taxpayer.

There will be purple Wisteria, Forsythia, Iris, and a variety of garden seeds from Miss Mabel Spicer's garden at the FLOWER MARKET, May 12.

### OBITUARIES

GEORGE STONEHOUSE  
George Stonehouse, aged 85 years, and for years a well known resident of this locality, died at his home, 10833 Outer Drive, Westland, Michigan, Monday, April 16, 1934. Mr. Stonehouse, who was born in England, came to this country when a young child. He purchased a place just east of Plymouth across from what is now the Triangle flying field in 1911 and lived about here until a little over a year ago. He was always fond of this part of the state and enjoyed greatly the years he spent in this locality. A son, Thomas G., four step-daughters and two step-sons survive. The funeral was held Thursday from the Satter funeral parlors, 20911 Grand River avenue Thursday afternoon. Burial taking place in Forest Lawn cemetery.

BARBARA ADA ROWLAND  
The many Plymouth friends of Mrs. M. M. Rowland were greatly surprised and grieved to learn of her death at her home Monday following a long illness.

Barbara Ada Row was born April 7, 1881, in Ottawa, Putnam County, Ohio. On April 5, 1905, she became the wife of Murray Matthew Rowland. To them were born seven daughters and three sons.

Not having been in good health for some time she died April 16 at 4:30 a. m. leaving last words, "Think of one another," to her immediate survivors, husband Murray Matthew Rowland and three brothers, and many relatives and friends. During her lifetime she was an active member of the Disciple church, and her Christian life was always a goodly influence and inspiration to her family and those who knew her.

Funeral services were conducted from the Schrader Brothers funeral home at 3:00 o'clock Wednesday afternoon. Rev. Walter Nichol officiating. Interment took place in Riverside cemetery.

ROSETTA J. RYDER  
Rosetta J. Ryder, age 79, passed away Friday morning, April 6, in her home at 254 Ann street. She leaves her husband, Nathaniel, and seven children; Mrs. Roy P. Woodworth, Mrs. Lena Butler, and Earl Ryder of Plymouth, Mrs. Seward Rolf of Grand Rapids, Mrs. Blanche Kingsley of Dearborn, Mrs. Lewis Baker of Ann Arbor and Ralph Ryder of Birmingham, also 13 grandchildren and 5 great grandchildren.

Funeral services were held Sunday April 8th, at 3:30 p. m. in the Schrader Funeral Home with Rev. Ray Norton officiating. Interment in Riverside cemetery.

Isn't it the TRUTH?

*My Home* used to be my castle, where I could live without annoyance—When the door bell rang I could expect a friend or neighbor. But that is not so any more, with solicitors, agents, peddlers, ringing my door doorbell from early morning—yes, even 'till late in the evening using "something free" or smart story methods to gain admission to my home. In fact says the Prudent Housewife and Miss Thrifty Shopper—"I am pestered with peddlers trying their specialty sales arguments on me every day of the week until they have become a NUISANCE."

# Who are these bell ringers?

*As a Rule* many are *Floaters*---here today and gone tomorrow. They are NOT responsible financially, morally or otherwise. They are NOT taxpayers or voters in any community. Where a local citizen is representing a house-to-house selling firm, he or she secures the majority of business thru the friendly *sympathy racket* and NOT on the merits of the product. This condition is OVERWORKED in every community---and Master Peddlers are always looking for this class of representative.

*Many Are Irresponsible.* Men who cannot hold a position of any responsibility for any length of time---and continually float from one job to another. The large number of classified ads reading "Agents Wanted" "Invassers---Peddlers---Solicitors---Representatives to sell from house-to-house" confirms the uncertainty of the peddler.

*I, a Strange Man Came to Your Door*---with nothing to sell---asking for permission to come into your home---**WOULD YOU LET HIM IN?**

# Can You Afford to Take a Chance?

## What Values Have These Peddlers to Offer?

Do you always receive THE SAME QUALITY as in sample shown? A large majority of these Peddlers are representing firms which go into the wholesale market and buy **SECONDS—IMPERFECTS** paying equally as much as your merchant does for perfect standards. When the merchandise you ordered from the peddler arrives—and it **DOES NOT PROVE SATISFACTORY**—Can You Get Your Money Back? Try to locate the clever salesman who collected your deposit.

## A Warning from the Chief of Police!

TO THE HOUSEWIVES AND CITIZENS OF PLYMOUTH

THIS IS A WARNING TO BEWARE OF STRANGERS—posing as solicitors, salesmen or inspectors—seeking admittance to your homes.

STRANGERS—SHOULD NOT BE ADMITTED TO YOUR HOMES UNTIL THEIR CREDENTIALS HAVE BEEN CHECKED UP AND VERIFIED—and that you are sure they are LOCAL PLYMOUTH CITIZENS—living here and are entitled to your consideration.

ONE NEED NOT BE AFRAID of offending the honest salesperson known to you—living here—or a representative of a LOCAL BUSINESS FIRM—they will have their credentials with them and welcome such investigation.

DO NOT PAY CASH IN ADVANCE TO STRANGERS—in many cases the customer, has NEVER RECEIVED the merchandise—nor any refund of the cash payment.

DO NOT CASH CHECKS for strangers or issue checks to a stranger as a down payment — often times these have been "ALTERED" and cashed by an innocent party.

IN CASE YOU ARE SUSPICIOUS—PHONE THE POLICE AT ONCE (phone No. 93), or phone the Chamber of Commerce (phone No. 497)—do NOT DELAY IN THIS as we are anxious to cooperate with our citizens at all times. It's better to BE SAFE THAN SORRY—protect yourself—BE SURE—you know who the stranger is at your door—before allowing them admittance to your home. Ask for identifications.

VAUGHN SMITH, Chief of Police, Plymouth, Mich.

Britain's impressment of American seamen during the period after 1806, was done largely because that country was at war against the French and needed men badly to man her huge navy.

When people tell an editor they want him to print the truth they mean the truth about the other fellow. The principal drawback to printing the truth is invariably when it is done somebody's toes get stepped on.
