## City Will Start Today on First W. P. A. Projects

### Curbing to be Done in the Cemetery And Water Mains Extended

Bulletin—City Manager Perry Cookingham received word late this week that this entire program has been temporarily held up by WPA officials in Detroit.

The first Federal WPA project approved in Washington and released by the Wayne county office for the city of Plymouth will be started at Riverside Cemetery today.

A requisition for thirty men has been filed with the Detroit office and these men are to report for duty this morning on the project. The original application covering this work was submitted to the Detroit office on August 30th and has only recently been approved.

The project application calls for a total expenditure of \$23,157.00 of which amount \$5390.50 will be contributed by the city and \$17,766.50 by the Federal government. The entire job is broken down into six parts, as follows:

1. 9000 lineal feet of 6"x18" concrete curbing.
2. 4500 lineal feet of driveway grading.
3. 22 acres of filling, leveling, landscaping, etc.
4. 4200 lineal feet of 4" cast iron water mains, valves, drains, etc.
5. 4200 lineal feet of 2" wrought iron water mains, valves, drains, etc.
6. The construction of 40 concrete drain pits.

This project will provide concrete curbs on the major drives at the cemetery and will allow for the grading of the unimproved areas in the old portion of the cemetery, as well as the installation of an underground water system. The water system is the most important part of the project and will provide an adequate amount of water to all parts of the cemetery. The federal government (Continued from page 12B)

## Mildred Eckles Heads The O.E.S.

On Tuesday evening, November 5, at the annual meeting of Plymouth chapter No. 111, O.E.S., the following members were elected to the various offices:

Worthy Matron, Mildred Eckles; Associate Matron, Ione Faber; Associate Patron, Robert Chappel; secretary, Ann Carley; treasurer, Anna Bakewell; Conductress, Josie Innes; Assn. Cond., Winifred Downing.

These officers along with the assistant officers will be installed on Tuesday evening, November 19 at 8:00 at the Masonic Temple.

All Eastern Star members are most cordially invited and the members of Plymouth Chapter are invited to invite a guest to witness this installation ceremony.

## Cochrane Sends Thanks To City

The following letter was received by the city of Plymouth from Mickey Cochrane, the dynamic manager of the Detroit Tigers in reply to the notification of the action taken by the City Commission upon the success of the Detroit Tigers in winning the World Baseball Championship.

"Please accept my belated thanks for your letter of October 9th, as I left on a hunting trip in Wyoming immediately after the Series was over, and just returned to Detroit. I want you to know that every member connected with the Detroit Club appreciates the action taken by the City Commission of Plymouth in extending congratulations to them on the winning of the World Series. It is certainly nice to know that we have such staunch supporters.

With best wishes, through you, to every citizen in Plymouth, I am

Sincerely,  
(Signed) Mickey Cochrane."

## Pour Concrete For Wading Pool

The new wading pool being built in Plymouth-Riverside park for the boys and girls who enjoy playing in that beautiful spot, will be completed before cold weather sets in, say park officials. While it had originally been planned to do only the excavating this fall, it has been decided to pour the concrete at once. This work will be finished immediately. There

## Ask Bids For Grade Separation

### Highway Commissioner Plans To Go Forward At Once With Improvement on US-12, South of City

In a letter to the Plymouth Highway Commissioner Murray D. Van Wagoner, stated that proposals for the construction of a grade separation on US-12 a mile and a half south of Plymouth under the Pere Marquette railway, would be opened on November 21 and if a suitable contract could be awarded, work would be started immediately.

According to an advertisement appearing in this same issue of The Mail proposals from pre-

qualified contractors are asked immediately.

Commissioner Van Wagoner stated that plans for this improvement had been approved by the Bureau of Public Roads and everything is now in readiness for the bids.

All of this work, including the grading of the approaches and the construction of a 42 foot paving under the railroad, will be done with labor taken from the relief rolls as far as possible, stated Mr. Van Wagoner.

## Detroit Water Main To Be Laid Out Schoolcraft

### New Line to Supply Parks And The Felician Sisters Home

Workmen have just started the laying of Detroit city water pipes from the Detroit city limits on Schoolcraft road and before the job is finished the water mains will come to the city limits of Plymouth.

Upon the completion of the pipe laying, Detroit city water will be ready for use at the new home of the Felician Sisters at Newburg and Schoolcraft roads and it is also stated that the water system of the county parks about Plymouth will use Detroit city water next year.

Since the beginning of the parking system the county has used Plymouth city water at Cass Benton park and at Riverside park. At present there is no water service for portions of the newly developed park between the Whitbeck road and Newburg.

Park officials say that the Detroit city water will probably be ready in the parks early in the spring.

The water mains are to be laid as one of the WPA projects and all of the labor for the work will come from Wayne county rural sections. It is expected that the job is well under way that there will be not less than 500 men digging the trench and laying the pipe.

The new Schoolcraft main, a 12 inch pipe, will connect with one that now runs to the Wayne County Training school, thus forming a complete circuit of water mains from the St. Clair river to Plymouth and return.

The use of Detroit water in the parkway will increase Plymouth's own supply to a considerable extent as the parks have required a large amount of water during summer months.

The construction of the water main to Plymouth is regarded as a very favorable thing for this city. While it is never anticipated that Plymouth will ever use anything but its present excellent supply of some of the finest water in the country, there is always a possibility of an emergency and some have suggested that it might be an excellent idea for Plymouth to connect its water system with that of the city of Detroit in case this city should ever require an emergency supply.

## This City Sends 50 To Hunt Deer

When the deer hunting season opens today, there will be on the "firing line" in the north woods an even fifty hunters from Plymouth and vicinity.

That many deer hunting licenses have been issued by Maxwell Moon and Ed Wilson up to Tuesday night when most of the local hunters left for their hunting spots all the way from Houghton lake to the southern shores of Lake Superior.

The following secured deer hunting licenses in Plymouth: Robert Todd, John Shotka, James Bassett, Alfred Conery, Freund Forward, Howard Johnson, Chas. McKinney, Peter Wesennoe, Fred Reiman, Harry Paankov, A. B. Gillies, Frank Rambo, Forrest Gorten, Edward Bolton, Elmer Horvath, B. E. Champe, Lynn Felton, Floyd Wilson, Lesley T. Hamilton, Edward Riemas, George Schmidt, Joseph Elliott, Dewey Smith, Orrin Schriminger, E. B. Jolly, Orley Boyd, John Suggen, Warren Baxter, Elmer Kehel, Paul W. Eutz, Wm. Rutenbar, Harry Lush, Berde M. Lush, Wm. Pettinigg, Herman Rutenbar, Robert Baughn, George Gorten, Fay Febb, Theodore Siefert, Charles Simpson, Kaiser, M. Rohde, Otto Kaiser, George Kaiser, Charles Kaiser, Lon Brocklehurst, George Ferguson, Gerald Simmons, Marvin S. Schmidt, Harold Behler.

are some parts of the work that cannot probably be finished before spring, but by the time warm weather arrives next year this big wading pool will be ready for the use of the children.

Well known Detroit News writer and poet who will be guest of the Plymouth and Northville Women's clubs at the Mayflower hotel next Thursday.

## Plan To Welcome Northville Club

Thursday, November 21st, the Woman's Club of Plymouth will welcome as its guests the Northville Woman's club and the Wayne Arche club. An especially nice program has been planned for that afternoon under the leadership of Mrs. Warren Worth. She will be assisted by Mrs. Ruth E. Huston Whipple, Mrs. John Paul Morrow, Mrs. John Harmon, Mrs. Thomas Moss, Mrs. Walter Nichol, Mrs. J. T. Chapman, Mrs. Louise Tighe Mulford and Mrs. Ernest Thrall. Tea will be served following the program.

A most distinguished member of the Detroit News staff, Anne Campbell, will speak to the ladies. Howard Walbridge of Rosedale Gardens will demonstrate his remarkable talent as a pianist, and Mrs. Maxwell Moon and Mrs. W. S. McAllister will sing a duet.

Such a well balanced program should attract every member of the club and we hope a large percentage of the membership will be on hand to welcome their guests and enjoy an afternoon of varied pleasure.

## Just One Year Ago Today

It was on November 15, 1934, when the plant of The Plymouth Mail was moved into its present new building. Carpenters, masons and painters were busy as bees. Clinton Gotschalk, who was directing the construction work had difficulty in figuring out how to get the sunbeams to finish up the job while printing presses were running and a busy print shop was in operation. But he did it, and with the splendid cooperation of the nearly two dozen excellent Plymouth workers who were helping him. The Plymouth Mail was able to keep production up without the loss of a single day.

Slowly and surely the new home of The Plymouth Mail is being finished and it is hoped by the end of another year the job can be completed. A little less has been done each month. True there have been some months skipped without any additional work being completed about the building. Painting, garage doors, and more cement work comprises most of the unfinished work but that will come as the months go by and sometime during 1936 The Plymouth Mail will be able to call the job started a year ago completed. Meanwhile we wish to thank every one of our subscribers and patrons for the excellent spirit of cooperation shown during these hectic months of building and moving.

The Hough serving group met at the home of Mrs. John T. Maxwell on Wednesday, November 6th. It was the first meeting of the year and seventeen members were present.

## Eight Debates Won By Students From Local High

### Plymouth Students Are Victorious In District Meet

(By Pilgrim Prints Staff)

Participating in eight debates with other Michigan high school teams, Plymouth high school students were victorious in every contest at a debate tournament held for the first time at Milford on Saturday, November 9. Speakers from this school included Edith Mettetal, Dorothy Hearn, Jewel Starkweather, Tom Brock, Harry Fischer, Jack Sessions and Russell Kirk.

About three hundred high school students took part in the sixty six debates which were held from 9:00 a.m. until 5:00 p.m. Debate coaches members of Milford's faculty, and former debaters judged the contests, which took place in four rounds in Milford high school rooms. The Flint Northern, Flint Central, Flint Hoover, Flint St. Michaels, Lansing Central, Royal Oak, Plymouth, Pontiac, Jackson, Grosse Pointe, Howell, Walled Lake, Detroit Redford, Ann Arbor, Detroit Western, Ypsilanti, Center Line, Royal Oak St. Mary's, Berkley, Fenton, Mt. Morris, Milford, and Saginaw.

The question discussed is formally stated "Resolved, that the nations of the world should make government monopolies of the manufacture and sale of all combat instruments of war." Plymouth upheld the affirmative four times and the negative four.

In the first round of debates, an affirmative team from Plymouth, including Harry Fischer, Dorothy Hearn, and Tom Brock, defeated Flint Northern's negative, while the negative team of Jack Sessions, Russell Kirk, and Jewel Starkweather were victorious over Pontiac's affirmative. Grosse Pointe's negative was upheld by Tom Brock, Dorothy Hearn, and Harry Fischer, and the affirmative team from Grosse Pointe lost to Jack Sessions, Russell Kirk, and Jewel Starkweather. In the second round, Plymouth again upheld the affirmative. Following an assembly program was held in the auditorium, including an open forum on the question of government monopolies.

In the third debate round, held immediately after the assembly program, Plymouth's affirmative, consisting of Edith Mettetal, Jack Sessions, and Harry Fischer, bested Flint Hoover's negative. At the same time, the negative speakers Jewel Starkweather, Russell Kirk, and Tom Brock defeated Howell's affirmative Dorothy Hearn, Tom Brock, and Jewel Starkweather, upholding the negative in the fourth round defeated Mt. Morris, Edith Mettetal, Jack Sessions and Harry Fischer won from Howell's negative.

## Here Is News For Plymouth Ladies

Now Miss Plymouth and Mrs. Plymouth if you want to know just how much electricity costs to bake a good cake or cook a chicken, it is your opportunity to find out!

The Detroit Edison company this week in The Plymouth Mail announces a cooking demonstration to be held next week Wednesday and Thursday evenings, November 21 and 22, at the Masonic temple at which you are invited.

There will be an arrangement connected with the electric stove on the table under the sun, but much electricity is being used to cook some special dish of food and exactly what that amount of electricity costs you.

Miss Marguerite Pressnell, one of the best known culinary experts in the state, will be in charge of the demonstration. Thanksgiving and Christmas dishes will be a specialty at the demonstration.

## Greenhouse Is Damaged By Fire

The greenhouse building belonging to Orton Sprague on Canton Center road near Joy road was completely demolished by fire late Wednesday afternoon. Fire apparently broke out near the boiler and fanned by a strong wind gutted out the structure before the local fire department arrived.

The loss will amount to several hundred dollars to Mr. Sprague. Many of the windows in the green house proper were shattered by falling timbers and the intense heat. The fire was well under way when the local fire department arrived because it hadn't been noticed until neighbors living close by saw the flames on the roof and called the fire department.

## She Carries Mercy in Your Name

If you have not already enrolled for the Red Cross, The Plymouth Mail suggests that you call Mrs. Charles Bennett or any of her assistants. Plymouth has always ranked among the highest in Red Cross membership. It is urged that because of the tremendous demands that have been made upon the Red Cross that Plymouth put forth a special effort to make this city one hundred per cent in its support of Red Cross work.

## Former Manager Of City Lauds New Mail Plant

### Surprised To Find It Had Been Built In These Times

"Well of all the surprises that I have ever had, the new building of The Plymouth Mail is one of the greatest—and it surely ought to be one of the most satisfying to Plymouth residents," stated Adolph Koeng, former city manager of Plymouth, who now holds a similar position at Port Atchison, Wisconsin, when he walked by the new Mail plant Tuesday evening. It was his first visit back to Plymouth since The Mail erected its new structure.

"I hadn't heard about the new building and naturally to one who is interested in civic progress and advancement everywhere, it certainly was a pleasant surprise to me."

"It is a permanent type of improvement for the fine little city of Plymouth that will live into the future. It is a sort of improvement that one should be gratified to see these days."

"There are those who take everything out of a business and put nothing back into the community from which it comes."

"There are also those who put everything they have into their business and community and take a chance upon the future. This is the type that builds the progressive cities of our country."

"I have seen many small country newspaper and printing shops, but never one equal to this one for a city of this size. When one is willing to take such a chance in times like these, one cannot help but wish him the best of good luck. The new Mail building and the new postoffice certainly means much to Plymouth."

It seems good again to see some institution, some one, who is willing to take a chance on the future. Much more of this same spirit will go a long way in helping to bring business conditions back where they belong.

"Plymouth seems to be going right ahead, for which you can thank the Daisy and your smaller factories here. They have always had the spirit that counts."

Mr. and Mrs. Koeng have been on a vacation trip to the south and on their way home to Wisconsin stopped in Plymouth to visit old friends and also to call upon relatives who live in this part of the state.

## Students Hear Of Isle Royale

Through the efforts of Manager Roy Crowe of the Michigan Bell Telephone company's office in Plymouth, who is also president of the Northville Exchange club, the students of the Plymouth public schools as well as of Northville, had the pleasure Wednesday of hearing Roy J. Snell of the Detroit News, tell of Isle Royale and its wilderness glories. He had invited Mr. Snell to speak to the Exchange club in Northville on Wednesday noon. Finding that Mr. Snell was will-

## Child Welfare Problem Is Told Women Voters

### League Hears Address On Care Of Boys And Girls

After the regular meeting of the League of Women Voters, Friday, Nov. 8th, at the home of Mrs. Warren Worth, 1376 West Ann Arbor Trail, the members enjoyed a most interesting word picture relative to the Child Welfare problem in Michigan by Mrs. S. M. Dean, Child Welfare Chairman of the Wayne County League of Women Voters.

The Children's Hospital in Detroit with 239 beds admitting children up to 12 years, 5 per cent of whom are able to pay, the others being cared for by a small fee from the State, County and City also the Community fund, stated the speaker.

The Couzens Foundation Home, taking the higher type child, many who make good and return to society.

The Methodist Children's Village at present has 47 problem children and 200 in boarding homes. This village cares for these children in cottages with children ranging from small to large with a house mother, thereby creating one large family or natural home. The institution is the only one in the United States where you must wait three years before adopting a child you have in your home.

Michigan as a state has no Child Adoption Law. Wisconsin and Minnesota each has a six month adoption law. This is a protection to the child as well as the foster parents.

The Michigan Children's Aid under the direction of Fred R. Johnson, has 800 children in boarding homes.

The Michigan Children's center under Dr. Maude Watson handled 1800 cases last year. The Children's Welfare School housed 250 and placed 400 in boarding homes. They have a new home in Ann Arbor now where the children are near the University hospital and can have the advantage of the clinics.

With 400 maternity hospitals and only 260 of them licensed. Their is great need for legislation to correct this.

In Michigan 33 counties have no Maternity Hospitals. Pennsylvania with this condition prevailing Michigan cannot obtain any Federal Pension money as one of the requirements is that every county in the state must have Maternity Pension before we can receive any Federal aid.

It was interesting to know that 75 per cent of the children in Ford Republic are former news boys.

Detroit is endeavoring to have the Council adopt measures prohibiting a boy under 12 and girls under 18 years of age from selling papers.

## Christmas Lights To Blaze On All Business Streets During Forthcoming Yuletide Season

### Starkweather P. T. A. To Meet On Monday Eve.

Starkweather P.T.A. will hold their regular meeting in the school auditorium on Monday evening, November 18th at 7:30 p.m. The drama club of Plymouth high school will present a play under the direction of Miss Ford. The speaker of the evening will be Supt. George A. Smith of the Plymouth schools. His subject will be the "Financing of the schools under the 1921 Act." Mrs. M. S. Litsenberger, chairman of the evening extends a most cordial invitation to all parents and friends to attend.

## Local Merchants Decide To Add More Lights

### Main, Liberty and Penniman Avenue To Have Decorations Committee Plans at Meeting Held Monday Noon - Light Posts to be Ornamented

At a meeting held Monday noon attended by Edson O. Huston, general chairman of the street Christmas decoration committee, and officers of the Plymouth Chamber of Commerce with Stanley Corbett, final plans were decided upon for the extension of the Christmas decorations for the forthcoming holiday season.

Plymouth residents will be pleased to know there will be a general extension of the Christmas lighting started last year as well as a more general purchase of decoration material for the light standards about the city.

Secretary Leonard Murphy was instructed to immediately raise such additional funds as may be necessary to cover the cost of the extensions planned for this year. The amount of new wiring and lights to be purchased for the coming holiday season will depend largely upon the amount that can be raised.

The committee hopes that by purchasing a considerable amount each year that within the next three or four years Main, Liberty and Penniman avenue, as well as the Liberty street business section will be one blaze of Christmas lights during each holiday period.

An effort will be made this year to have extensions on Main Liberty and Penniman avenue, with strings of Christmas lights both across and lengthwise of the streets.

## A Thanksgiving Dinner For Every Needy Boy, Girl

### Turkey And Venison To Be Served Youngsters November 28

No Plymouth boy or girl is going to go without one of the finest Thanksgiving turkey and venison dinners ever served in this city as the result of the thoughtfulness of Capt. Curtis, William Reed and David Gailin and the good made donations of several others.

From 12 o'clock noon on Thanksgiving day, Thursday, November 28, the dining room of Reed's restaurant on Starkweather avenue, will be opened to boys and girls of Plymouth who are registered as among those likely to be forgotten where they will be served as good a dinner as ever has been prepared. The turkey and venison which the Salvation Army has made application and has secured assurance that he will be supplied with a sufficient amount of venison for the dinner and Dave Gailin of The Plymouth Purty Market will donate the home dressed turkeys for the dinner.

Mr. Reed will also provide all the dressing and other "fixings" that go to help make venison and turkey dinners a big dinner. The Cloverdale dairy will provide the ice cream, Farm Crest will see to it that each child has an individual pie, milk will come from Ray's dairy, Purty bakery will provide the Taystee bread and the venison will be roasted by the Sanitary bakery.

Members of the Rebekah lodge under the direction of Mrs. Reba Mining and Mrs. Blanche Collins will do the serving. The singing and religious devotionals will be conducted by Capt. Curtis of the Salvation Army.

The task of preparing the list of needy boys and girls who will be served the dinner has been taken over by Capt. Curtis. It will be necessary for Capt. Curtis to have his registration completed not later than Monday evening, November 25. Each boy and girl will be before the dinner be provided with an invitational ticket by (Continued On Page 51B)

## Legion Dance Is Pleasing Event

Especially successful and pleasing was the annual Armistice Day dance of the Myron H. Beals Post, American Legion, held Monday night at the Legion hall in Newburg. Considerably over 150 were present for the happy event, the crowd being one of the largest that has ever attended a similar event.

The members of the American Legion Auxiliary served refreshments during the evening that were greatly enjoyed.

Like in other years all of the profits from the affair will go to bring a bit of joy to boys and girls and some elders that might not know the joys of Christmas, unless remembered by some organization like the American Legion.

## He Brings Snakes To A Club Meeting

Milford Club members heard of snakes at the Monday night meeting when Lynn Garrett of the high school faculty gave a very interesting talk on the habits and habitat of reptile species. He had on exhibit the boa constrictor which has been at the school for several weeks past and club members were soon convinced of its responsibility for when slightly disturbed would hiss ominously and lash against the cage at his tormentor. Needless to say the cage was secure. Mr. Garrett would undoubtedly have the pleasure of addressing his remarks to empty chairs. Several small and harmless specimens were also shown—Milford Times.

## False Doctrines Hit By Brucker

Vividly picturing the trials and anguish veterans of the World War was faced during their long campaign in France battling in behalf of their country and a cause they believed to be right, former Governor Wilbur M. Brucker, who delivered the Armistice days address of the Plymouth Rotary club last Friday noon, made a stirring appeal for loyalty to the country that has given its citizenship the greatest liberty enjoyed by any people in the world.

Rotarians had as their guests all of the ex-service men of this locality, the meeting being one of the largest held by the club in several weeks.

The speaker bitterly assailed the pacifists who would destroy American freedom by preaching their false doctrines.

Enemies of liberty were placed in four classes, the pacifist, "who is no more than a white-livered cur and a traitor to his country to peace because his blood is so generally misunderstood and accepted as being worthy by some people. Then there is another class, he said, who want war so they can sell munitions to all sides of the conflict.

There is the militant militarism class that believes in nothing besides the army and its supremacy.

He placed in the final and most dangerous class of all to the cause of peace, the "subversive class."

"In this group he placed the 'crooked thinker' and those who would destroy one class to build another class—those who stir up feelings and mislead by false doctrines and issues.

He closed his address by a word picture of the world war, its sorrows, its pain and its disasters to hundreds of thousands of youthful careers.

"But it was not all in vain and out of it may sometime come the good we all look for," he said.

## Did You Know That

Saturday evening, November 23 is the date which has been fixed by members of the Masonic lodge for their annual feather party. The event will take place at the Temple and every one is invited.

The Knight of Pythias have completed all arrangements for their annual feather party to be held at Jewel and Blitch hall on Thursday evening, November 21. Chancellor Commander Jesse Hakey and the other officers are especially anxious to make the event a success. Every one is welcome.

### A NICE IDEA

A while back there came to the office of The Plymouth Mail an article written by Prof. H. O. Whittemore, of the University of Michigan, in which he said among other things "if an automobile road were to be built to either fall (The Tahquamenons) and people allowed to camp there, it would be only a short time before the pristine glory of the scene would dissolve into a mess of barren hillsides, old newspapers, tin cans, ash heaps and the motor slum characteristic of overcrowded tourist camps."

William J. Duchaine of The Escanaba Daily Press, who sent the article out, also enclosed for the convenience and use of The Plymouth Mail editor a pass that will carry us at any time we desire by boat livery from a point near Newbury to the Tahquamenon falls.

Doubtless we would be highly pleased to think that those interested, should remember the editor with a "pass" to such a beautiful sight as provided by the Tahquamenon falls, the largest in America west of Niagara and east of the Rockies.

And doubtless we should not think that there could possibly be any connection between the article sent which was devoted to a strong appeal against a highway being built near the falls and the pass by boat down the river to the falls, owned and operated by a resident of the northlands.

First let it be said that the writer has had the pleasure of witnessing the glories and beauties of the Tahquamenon falls. In all our travels, there have been fewer more beautiful spots visited than that provided by the falls in the Tahquamenon river of the Upper Peninsula. But in order to reach the falls it is necessary to patronize the "Toonerville" trolley and a boat line or drift down the river some 20 miles in a boat to be rented or carried with you.

So it is that Michigan's most beautiful spot is practically prohibited to the people of the state because of its inaccessibility. For some unusual reason many of the residents of the Upper Peninsula would keep it just as it is and they have found in Prof. Whittemore of the University of Michigan, a defender to a certain extent of their cause.

We cannot in anyway agree with the plan or the statements made by Prof. Whittemore as to the reasons the fall country should not be opened up by a highway.

We who live in western Wayne county where one of the most wonderful park systems in America has been built for the use of just the kind of people who would enjoy seeing the Tahquamenon falls, know what Prof. Whittemore says about the possibility of the countryside being made a dumping place for papers, tin cans and the like is indeed a remote possibility. Observation has proven that people if provided with proper facilities will not despoil the landscape. A visit to the Plymouth-Riverside park on a Monday morning after thousands and thousands of people have spent a Sunday there where they have prepared dinners and eaten lunches is proof enough of the carefulness of the majority of people when it comes to keeping a public recreational place clean and attractive. True, some supervision is possibly necessary.

But why could not the state of Michigan provide the same sort of facilities for visiting the Tahquamenons as have been provided for automobile visitors to Niagara?

The beauties of Niagara have been increased rather than diminished by the construction of automobile thoroughfares to the falls.

It might be said that the situation is some-

what different at the Tahquamenons. Possibly, a little different, but not much.

The state should and can own all of the land around the river and falls for miles. The state can do just as has been done in Wayne county, condemn the land for public use if some real estate owner wants to hold onto it for a ransom price, and pay him just what the land is worth and not a cent more.

The Wayne county road commission has proven that there can be no "profiteering" or "racketeering" when it comes to buying land for park facilities. In the very few attempts made to secure from the county higher prices than the commission deemed the land worth, courts have upheld the county road commission. The county road commission can provide the state with an excellent example of the way to secure control of land for park purposes, if the state needs that example.

Upper Peninsula opponents to the falls road plan and Prof. Whittemore should know, and probably do know, that if the state owns the highway and adjoining land, it can control the appearances forever of the highway. It can prevent the construction of gas stations, sign boards, shacks and the like anywhere near the falls.

It can bring a 9000 mile highway to the brink of the river so that the young and the old might see the marvelous beauties of the falls without the personal discomfort of a climb over sharp rocks and through thick woods, a trip that only the young and strong can now make.

The state highway department has in the past year or so done well in adding to the natural beauties of some of the highways in the northlands, thanks to Mr. Van Wagoner.

The state highway department, in cooperation with the conservation department, can build a highway along the Tahquamenon river and TO THE FALLS and create a new state park without in any way despoiling the natural beauty of the county, and make accessible to just the plain folks of Michigan and America another of nature's wonders.

### FIRST PAGE NEWS IN DEATH

In these days of important events it requires news of intense public interest to command the eight column "banner" head lines for all of the daily newspaper editions of a day. When "Billy" Sunday died last week he was one of the few men in recent years to be given such newspaper attention. Great statesmen, educators, and leaders of science have passed into the beyond, with long write-ups of their accomplishments to be true, but frequently on inside pages but with no streaming lines to broadcast the news. These big headlines indicate in a strong way the grip that a great churchman — for Billy Sunday was just that — held upon the American people. In his unusual way he had spent a life time doing good. He made men better. Interest in his passing was unusual. That interest is sufficient evidence that there is still in the minds and hearts of Americans a great and lasting respect for those who serve humanity through the church and a sort of hero-worship of the outstanding leaders in religious efforts. Billy Sunday was a great leader who went about doing good. May his eternal reward be in keeping with his earthly accomplishments.

### TIME TO USE THE AXE

The resignation of Harry Bennett as a member of the state prison board because the members insisted on holding all meetings in private and its acceptance by the Governor does not help the public's opinion of state affairs. The Governor in his letter said that he too agreed with Mr. Bennett that the meetings should be open to the public. If he feels that way, then why is not the business of the prisons conducted in the open? Michigan at one time did have a Governor who removed a few official heads because they protested that boards they were on should not conduct the public's business so the public knew something about it. Maybe if some of the present board members feel that the public should know nothing about the way its business is being handled, conditions might be helped somewhat if the present Governor would begin to use his guillotine a bit. It is to be regretted that the state has lost the services of a citizen of the type of Harry Bennett.

TRADING WITH INDIANS 200 YEARS WITHOUT A DISPUTE

THE HUDSON'S BAY COMPANY! WHAT A RECORD THIS NAME REPRESENTS OF PLUCK AND DARING OF INTENT INDUSTRY AND HARDY ENDURANCE OF BOLD ADVENTURE AMONG THE SAVAGE INDIAN TRIBES, AND EXPOSURE BY MOUNTAIN PEACOCK AND SEETHING TORRENT AND WHIRLY PLAINS!

FOR TWO CENTURIES THE HUDSON'S BAY COMPANY UNDER ITS ORIGINAL CHARTER (GRANTED IN 1670, UNDER THE FINANCIAL ENTERPRISES OF GREAT BRITAIN) HAS MAINTAINED THE MOST EXTENSIVE TRADES IN THE AMERICAN CONTINENT AND EXTENDED TO THE BRITISH EMPIRE THE MOST EXTENSIVE HANDS OVER CANADA IN 1829. FOR NEARLY A GENERATION SINCE THAT TIME THE HUDSON'S BAY COMPANY HAS CARRIED ON SUCCESSFUL TRADES IN COMPETITION WITH MANY OTHERS, AND HAS BEEN THE UNGUIDED YOUTH OF THE TRADE WITH THE INDIANS AND BUREAU THAT THE NOT ONE ACT OF HOSTILITY WAS COMMITTED BETWEEN THEIR TRADERS AND THE INDIANS. IN FACT THE HUDSON'S BAY COMPANY EXPORTED GREAT PROFITS OVER THE CONTINENTLY WAREING TRIBES AND WAS INSTRUMENTAL IN KEEPING THEM AT PEACE AS MUCH AS POSSIBLE.

## A Glimpse Into Their Yesterdays

Cat fishing along the muddy banks of the Missouri river requires the disposition of a most patient individual. In order to catch the fish that live in the muddy, swirling waters of the Missouri, all you have got to do is bait your hook, throw it out in the stream, then stick the end of your hickory fish pole in the mud and sit and wait and wait and wait for a fish to bite.

Sometimes you will catch a fish—many times you will not catch any. Other times the luck might be wonderfully good.

While you wait you watch the clouds fleet across the skies or fix your gaze upon a piece of driftwood being carried down to the Mississippi and the Gulf of Mexico. Maybe you dream of a bit too of worlds to conquer or of things you would like to do. Still fishing for big catters along the banks of the Missouri gives you plenty of opportunity for all of this.

To be a good cat fisherman requires the patience of a Job and willingness to sit for hours and watch for the bobber to dip under the water.

Can you imagine as patient a Missouri river boy fisherman as ever sank a hickory pole into the mud, tearing over shell torn fields, battered woods and highways littered with wreckage on a motorcycle driven at top speed to deliver orders for more shells.

Well sir, that picture of the transition in the affairs of a man's life, is as true as the fact that daylight follows darkness.

As you watch Walter Harms, the patient, never-hurrying, but alert and thoughtful Walter Harms walking down the streets of Plymouth as he goes about his insurance business each day, little would you dream that he was selected from the ranks of the regiment in which he went over seas to act as the dispatch rider for the commanding officer of the regiment.

As every veteran knows, a dispatch rider was on duty 24 hours a day. He had no regular time to sleep or eat. He was sent everywhere and bomb hurling aviators

### Rambling Around With Michigan Editors

CRACK-EM-DOWN JOHNSON AGAIN IN THE LIMELIGHT

It takes an agile mind to follow the gyrations of the spectacular Gen. Hugh Johnson who is now engaged in a series of speeches throughout the land. The general was chosen first to head up the NRA and "crack down" on business. To say the least he put on a good show.

Then Johnson had the NRA taken out of his hands. Donald Richberg, frequently referred to as the "assistant President" tried his hand and made a fizzle of it. The Supreme Court put the old blue bird out of its misery. Johnson in the meantime was shifted to New York City ostensibly to head up the government relief program.

Publicly Johnson was supposed to have been working for the largest city in the land. He must have been working for it, but as an agent of the government, New York City got millions in relief—much more than any other section.

Now the general is making speeches. We have not read those "hired man" he is in this last undertaking, but we can imagine. He cuts loose with all of his crack-'em-down flourishes on the New Deal; where it is wrong; how it has failed; and finally concludes that there is no relief from this situation but to reelect Franklin D. Roosevelt.

AN EDITOR'S DREAM

Say, if we ever get that \$200 per person per month for each man and woman over sixty, and they have two or three sons and many daughters it will be the easiest thing for them to lounge and loaf and eat from the fat of the table prepared by grandpa and grandpa of Uncle Sammy's pocket, who will also have to provide the gas, the theater tickets, send the boy and girls off to college and to an occasional trip to Europe. And then, if \$200 per person per month is insufficient all we have to do is to make it Four Hundred Dollars per person per month and that by the same deduction will create twice the prosperity of 1929. Ain't that a grand and glorious dream.—J. John Pope in The Grandville Star.

STARTED B. C.

Ethnologists have finally discovered the origin of the alphabet. Too late to do anything about it now as far as the New Dealers are concerned—the copyright has expired by this time.—George Neal in The Orion Review.

A CRAZY IDEA

Al Weber, the Cheboygan editor who says exactly what he thinks does not believe much good will come of these new communities which are to be built up in the national forest areas. They'll last no longer than the timber, just as did the lumbering towns of the earlier days, says Editor Al. He doesn't appear to believe much in this harvesting of timber, where only the mature trees are cut down, leaving the rest to grow for later cutting. Well, our Cheboygan friend is a pretty smart fellow, but he does make mistakes, and we're hoping that experience will prove him wrong in this forecast.—Joseph Sturgeon in The Delta County Reporter.

NOT SO MUCH INTEREST

There are in Michigan 13,503 farmers who have corn-hog contracts under the AAA, and of these only 8,522 voted, 7,297 voting to continue and 1,225 voting not to. 1721 farmers not under contract also voted, 640 of these voting for continuance and 1081 voting against it. Thus it appears that only 10,243 Michigan farmers voted on the question while several times that number did not vote. In some counties less than half those under contract voted to continue, yet they constituted a majority of those voting. Apparently interest on the part of corn and hog growers was not very great.—William Berkey in The Cassopolis Vigilant.

delighted to drop a whistling shell in the path of these motorcycle soldiers as they raced back and forth from the headquarters miles in the rear to the outposts in the front. Frequently his motorcycle would be wrecked. Once he fixed up a discarded English made Ford car along a highway and completed an urgent trip to a front line outpost. As he dashed forward in motorcycles through mud, snow, bullets and ruined sections of highways to carry orders for munitions and men. Frequently he would have to walk miles and miles in order to see to it that the men at the front were supplied with the munitions they needed.

Night riding was always done without lights. Frequently his motorcycle would be wrecked. Once he fixed up a discarded English made Ford car along a highway and completed an urgent trip to a front line outpost. As he dashed forward in motorcycles through mud, snow, bullets and ruined sections of highways to carry orders for munitions and men. Frequently he would have to walk miles and miles in order to see to it that the men at the front were supplied with the munitions they needed. When they completed the trip, it is needless to recall the conditions, mud guards, and driving over fields and highways soaked by rain for days. It is easy to imagine the appearances of the two when they completed the trip. Born in Sedalia, Missouri, February 18, 1891.

## Honor Miss Drewyout At Bridge Shower

Complimenting Miss Marian Drewyout of Detroit, Mrs. Jason Day (Kathryn Hitt) of Detroit and Miss Maurine Dunn of this city entertained about twenty guests at the latter's home on North Territorial Road at a bridge and personal shower Wednesday evening. The guests were mostly former classmates of Miss Drewyout and her hostess, having graduated in 1931 from Plymouth High. The evening passed rapidly while playing bridge and talking over former days as well as days to come. A dainty lunch was served the bride-to-be and part of the guests sitting at one long table which was most attractive in white linen and pink crystal. In the center was placed a large wedding cake on top of which stood a charming miniature bride, this was flanked on each side with tall white lighted tapers in pink holders, place cards and favors were in the same colors. Small tables, with the same decorations, were used for the remaining guests. Before the refreshments were served the guest of honor was made most happy when she was presented with a number of beautifully wrapped parcels of all shapes and sizes which she found in opening contained dainty remembrances from each one present. The guests included Miss Drewyout, her aunt, Mrs. John Reddaway, Miss Georgina Schuck, Miss Norma Savery, Miss Emma Time of Detroit, Mrs. Velma Spears, of Ypsilanti, Mrs. Irene Livingston, Lyke of Salem, Miss Marion Tefft, Mrs. Jewell Rengert Smith, Mrs. Arbutus Williams Killingsworth, Mrs. Doris Williams Curtis, Mrs. Camille Ashton, Rowland Hitt, Sophia Ashton, Mrs. Ira O. ## Graphic Outlines of History By Schrader Bros.

Convention Hall, Chicago, Ill.

It was in this Convention Hall in Chicago that Lincoln was nominated for the presidency by the Republican party. The democratic candidate was Stephen Douglas, Lincoln's rival in the famous debates. Lincoln won the election, and was inaugurated March 4, 1861.

A ceremony under our skilled direction is charming for its very simplicity, and reverent respect.

## Auto Victim To Leave Hospital

Mrs. Minnie M. Dietz, of Ann Arbor who was critically injured in an automobile accident October 28 on the Plymouth road just west of Plymouth when her car was crashed into by another machine, has recovered to such an extent during the past few days that it may be possible to release her so she can return home.

Late last week she regained consciousness and she is now able to sit up in a chair at the Plymouth hospital where she has been confined since the accident.

Her son, Leo Brown of Detroit, has remained in Plymouth during the time his mother has been in the hospital here.

## Buick Sales Are At High Record

Carl Shear, Plymouth Pontiac dealer for Plymouth and vicinity, is highly elated over the success he is having these days with the new 1935 models. He has already sold 18 new Buick cars and six Pontiacs.

"If business keeps up like this for a while longer, I will surely have reason to be pleased. Of course the used car market has got to be pretty good this winter to make it complete, but I have every reason to believe that it will," states Mr. Shear.

On top of all of these good sales, Mr. Shear yesterday received a letter from John M. Larkins who bought a new Buick just before he left for his new home in Sarasota, Florida.

"You said I would get about 17 miles per gallon. Well, I did better than that. I got 18 and four tenths miles per gallon," wrote Mr. Larkins.

The writer stated that he had already purchased a house in Sarasota and that he will make that city his future home.

## Obituary

### MELVIN OWEN FISHER

Melvin Owen oldest son of Paul and Margaret Fisher, aged 9 years, 11 months and 8 days, who died October 25, was born in Plymouth, Dec. 17, 1925. With his parents he moved to Mt. Bethel, Pa., in 1929 where he passed from this life, October 25. He leaves his parents, one brother, Robert, three sisters, Carol, Doris, and Margaret, grandparents, uncles and aunts, beside a host of other relatives. Services and burial took place at Stone Church, Pa., where he attended school and Sunday school. Of a loving disposition he will be greatly missed.

A loving one from us has gone. A voice we loved is stilled. A place is vacant in our home which never can be filled.

### EFFIE E. FOREMAN

Effie Estella Mitchell was born in Dakota, Illinois, on February 11, 1872 and was a Christian from early childhood. Before her marriage to Fred Foreman in Chicago on September 1, 1897 she was a school teacher and also a teacher of music. After a long illness she was released from her body on the morning of Saturday, November 9, 1935 leaving her husband and three children, Mrs. Edna Drews of Plymouth, Ralph Foreman of Northville and William Foreman also of Northville, seven grandchildren, and her sisters, Mrs. May Tombs of Philadelphia, and Miss Belle Mitchell of Zion, Illinois and her brother Lewis Mitchell of Zion.

Aside from her immediate family, Mrs. Foreman will be most deeply missed by her Sunday school class, the older Women's Bible class of the Federated church in Salem. Her teaching was enriched by the memories and gleanings of her trip to the Holy land. She enjoyed singing in the choir and sang on many occasions.

To know Mrs. Foreman at her best, however, was to know her in her home with her sewing piled about her and happily engaged in making gifts or garments for those she loved. Her life was characterized by many little acts of loving kindness. In a day so many women seem to be straying from the divine plan for their lives it makes us happy to pay tribute to a womanly woman whose earthly crown was her Christian motherhood.

The memorial service held on Monday afternoon in the Federated church was in charge of Rev. Cora Pennell of the Salem church and Rev. Richards of Belleville, Michigan. Mrs. Sarah Stanbro was at the organ and she and Bert Stanbro sang a duet. Committal was made in Thayer cemetery.

## Turkey Shoot To Be Held Sunday

Bad Weather Delayed the Event Scheduled For Last Week

Because of the bad weather of last Sunday and the request of so many that the turkey shoot of the American Legion be continued so that they can take part in the event, members of the Legion have decided to hold the turkey shoot again Sunday at the Ryder farm east of the city.

The rain last Sunday forenoon prevented the program from being carried out as originally planned, although there were many present during the afternoon and they thoroughly enjoyed the sport.

The Legion members urge every one to be present and take part in this interesting sport. Besides the turkey shooting, there will be plenty of blue rocks for local crack shots to blaze away at.

The Legion has a great amount of good each holiday season with the funds it raises from its dances and events similar to the turkey shoot it is to hold Sunday so any one who patronizes the event knows that the money raised from it goes to very worthy purposes.

## Training School Given W. P. A. Aid

Word has been received at the Training school of the authorization of four projects by the WPA. The work approved at this time includes an Incinerator; a small structure for housing inflammable supplies; an alteration of the approach to the Auditorium Building and the fourth, the construction of a tunnel under the road connecting the children's playfield on the west side of the road with the main building site. The first three projects are in line with the requirements of the State Fire Marshal and the last is made imperative by the increasing traffic on the Novi Road.

### Miss Jean Jolliffe Elected Class Officer

Jean Jolliffe of Plymouth has been elected secretary of the freshman class of the Michigan State Normal. She is also publicity chairman of Videntes, a club for freshmen women.

Miriam Jolliffe, who is a sophomore on the campus, has earned recognition through her singing with a girls' trio. They have frequently entertained at college functions since school started, and have been received very successfully.

### D. A. R. Members Meet On Monday, Nov. 18th

The D.A.R. Sarah Anne Cochran chapter meets Monday afternoon, Nov. 18th with Mrs. J. M. Bennett, 1432 Sheridan avenue. National Defense will be presented under the leadership of Mrs. Frederick Lendrum. Mrs. Harold Stevens will read a paper entitled, "Pioneer Women of Michigan."

John Harwood, who lives west of Plymouth on the Ann Arbor and Godfresen roads, had the misfortune to have his truck hit Monday by another car while crossing the road to enter his own yard. Fortunately no one was seriously hurt but both cars had to be taken to Ann Arbor for repair. This is the second accident in a little over a year that Mr. Harwood has had, neither one being caused by his carelessness but by the fast driving of the other fellow.

## Coon Hunting Season From Nov. 1 to Dec. 15

Next Friday, November 15, is the opening date of raccoon trapping season in that area of the lower peninsula lying north of the north line of Townships 16 and west of Saginaw bay. In that zone the season remains open to and including December fifteenth.

South of that line and east of Saginaw bay, including the "Thumb," the trapping season on raccoons is from December 1 to December 15, inclusive. The hunting season on raccoon in all of the lower peninsula is now open, running from November 1 to December 15, inclusive.

## Odd Fellows Are Ready For Shows

Next Wednesday and Thursday evenings, November 20 and 21, are the nights that members of the Plymouth Odd Fellows lodge will present that big Broadway hit, "Honeymoon Island" at the high school auditorium.

If the good, hard work that the Odd Fellows have been doing to make this event a success counts, it is sure to be a big success.

Lodge members say that they had remarkably good success in selling tickets so they are fairly well assured of good crowds even now.

The "Stage Crafters" who are cooperating with the Odd Fellows, have been outstanding in Detroit for the work they have been doing in amateur show work.

Friends of the lodge members are working with them to help make it a big success. Reserve tickets are still available at the Dodge drug store.

We want peace, like everybody else, and like them we don't want to take any risk to get it.

**IN MEMORIAM**  
In memory of our dear son and brother, Claud Taylor who passed away four years, Nov. 13.  
There are griefs that cannot find comfort.  
Wounds that cannot be healed.  
There are sorrows so great in the human heart.  
That cannot be half revealed.  
His parents and sister.

**IN MEMORIAM**  
In memory of a dear husband and daddy John Higgins, who departed from this life, Nov. 14, 1934.  
Lonely is our home without him.  
Deeply we feel our loss.  
Our Father who art in Heaven  
Help us bear our cross.  
His loving wife and children.

**CARD OF THANKS**  
We wish to thank our friends and relatives in Plymouth for their kind expressions of sympathy and for the many beautiful flowers sent us during our recent bereavement.  
Mr. and Mrs. Paul Fisher, Mt. Bethel, Pennsylvania.

"Mortals and Immortals" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, November 17.  
Among the Bible citations is this passage (Isa. 43:10): "Ye are my witnesses, saith the Lord, and my servant whom I have chosen: that ye may know and believe me, and understand that I am he, before me there was no God formed, neither shall there be after me."  
Correlative passages to be read from the Christian Science text book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 336): "God, the divine Principle of man, and man in God's likeness are inseparably harmonious, and eternal. The Science of being furnishes the rule of perfection, and brings immortality to light."

10:00—Morning worship, Sermon subject, "The Leaven."  
"The Kingdom of heaven is like unto leaven." If we have faith to believe it, and will work for it, the Kingdom of heaven can spread in our community. It will mean a consistent life of prayer, a life characterized by an eager search for truth, a life which harbors in its recesses the Kingdom of God. It is this kind of life that will become permeated through and through with the spirit of Jesus, and in time this life will lead another to Christ.

### PTA at Rosedale Gardens Is Busy

A Halloween masquerade dance, sponsored by the Rosedale Gardens PTA was held in St. Michael's Hall on Friday night, October 25. Every child in

costume was given a prize. Prizes for the best adult costumes were given to Mrs. J. Kinnehan and Mr. A. Forland. The finance committee, of which Mr. T. Mepvans is chairman, was in charge of the affair. Special committees were as follows: H. Bock L. Mack, C. Kelly, decorations; C. Hoffman and Rev. R. Miller, advertising and music; J. Kinnehan and E. Wooster, refreshments; A. McDowell and J.

Toth, checking; A. Blacklock and P. McNeil, prizes; Rev. R. Miller, Rev. J. Conway, and R. Schofield were judges of the best costumes. The above committee has asked that thanks be extended to all members of the community who ably supported this party and helped to make it a success.

The first regular meeting of the Rosedale Gardens PTA was held on Wednesday, November 6, at Rosedale Gardens school. Mr. H. O. Rounds, director of the Safety and Traffic Division of the Automobile club of Michigan led the group in singing, after which he gave a talk on Safety and Traffic regulation. A film demonstrating the points of this topic was shown by Mr. Rounds.

Douglas A. Graham, vice commander and Americanism chairman of Harold Todd Post of the American Legion made an announcement regarding the Legion school award competition offered by the Harold Todd Post of Detroit to next spring's graduating class of the Elm and Rosedale schools. This announcement was made as part of an address on citizenship in which Mr. Graham cited the Legion's desire for peace as well as its opposition to our government and your American institutions by violence. Harold Todd Post is offering the school award as part of its program for better citizenship and in its campaign for prevention of juvenile delinquency. The medals will be presented on graduation day to the boy and girl who best excel in qualities of leadership, scholarship, service, courage and honor.

Musical entertainment for the evening was provided by Mr. and Mrs. A. Shoemith who sang a musical comedy number. Mr. Shoemith also sang a solo.

The next meeting of the PTA of Rosedale Gardens will be on December 4, at which time Fred C. Fischer, superintendent of Wayne county schools, will be the guest speaker.

The Progressive Home Discussion with Mrs. G. C. Butt as chairman will be in regard to "Management of Children in the Home" and "Money Management in the Home."

Miss Evelyn Porteous will be in charge of the entertainment for this meeting.

The Wayne County Council of PTA met at Brainard School on Tuesday, November 12. Preceding the regular business meeting, Mrs. Thompson, chairman of District No. 1 of PTA conducted a School of Instruction in regard to PTA meetings. A business meeting followed at five o'clock, after which a potluck dinner was served. Those who attended from Rosedale Gardens were Mrs. R. D. Labbe, Mrs. H. P. Harsha, Miss Doris Smith, Miss Margaret McGee, Ray Schofield, Miss Evelyn Porteous, and Mr. Porteous.

### Friends Honor Bride At Surprise Shower

In honor of the marriage of Eva Morgan an employee of the Ford Motor Co. at Phoenix for seven years to Albert Rutenbar, Miss May Henry and Della Weber gave a surprise gift shower at the home of Miss Henry on Maple street on Wednesday evening, Nov. 6. The lovely large basket of yellow and white chrysanthemums which marked the Ford plants 14th anniversary last week, were used as a centerpiece in the dining room. Six small tables placed about the home were decorated with vases of yellow and white baby chrysanthemums. Twenty-six employees of the Phoenix plant were present, coming from Detroit, Wayne, Dearborn, Inkster, Northville and Plymouth.

Mrs. Rutenbar was presented with a beautiful silver and gold console set also a sugar and creamer to match, with the initial "R" engraved on each piece. Later in the evening Bunco was played after which a dainty lunch of ice cream and cake was served. Mr. and Mrs. Rutenbar will continue to make their home in Northville.

On Thursday afternoon Mrs. Rutenbar brought her beautiful gifts to the Ford plant for other employees to see who were not able to be present at the shower.

Capt. Curtiss. It is essential that the names of these children as well as the addresses be given to Capt. Curtiss as soon as possible, and not later than the date mentioned.

Mr. Reed states that from 12 o'clock until 4 o'clock on the day that the boys and girls will be entertained at Thanksgiving dinner at his restaurant there will be no beer sold or served to any one.

In these days filled with new problems and complexities, what a wonderfully fine thing it is to find those who are not forgetful of the unfortunate and who are willing to give and work that all may enjoy the good things of life.

Mr. Reed, Capt. Curtiss and Mr. Cain will surely find their reward in the beaming faces of happy boys and girls Thanksgiving afternoon.

### Another Chapter Is Added To Fishing Tale

Now comes the second chapter to the "fishing story" published in last week's issue of The Plymouth Mail pertaining to fishing on Liberty street some 30 odd years ago that Albert Stevers revived when he displayed an old photograph of the scene.

After the big rain had flooded Liberty street so that water stood from one sidewalk to the other and three or four youngsters had "fished" along its bank, along came Edgar Jolliffe, another lad residing in the neighborhood, who stuck up a sign in the middle of the big puddle in the street, reading, "No Fishing Allowed."

But this part of the fishing act had not taken place until several hours after the picture had been taken, so the "No Fishing" sign does not appear in the view that has been retained so many years by Mr. Stevers.

## WE SERVE MICHIGAN

### The First 8 Pennies

THE TAX Collector, not the railroad, gets the first 8 cents of each \$1.00 you pay for rail freight or fare.

AND, COULD you trace them, about 40 of the remaining 82 cents also ultimately become taxes—local, state and federal—taxes paid by those who supply the railroad with fuel, materials and labor and to whom the railroad pays bond interest and stock dividends (if any) and by those who supply the suppliers of the railroad, etc., etc.

THE RAILROAD pays the highest rate of tax of any agency of transportation. In return it asks nothing in the form of right-of-way publicly supplied and maintained, nor other kind of subsidy. It stands on its own feet—an institution privately maintained and privately operated, yet functioning in the public interest.

THUS WHEN you ship and travel by rail you ease your own tax burden by lending support to the one form of transportation that supports itself and gives most to the support of government.

AND THE freight fee or the fare you pay is the final payment. No "hidden cost" looms later in your tax bill to plague and penalize you for the so-called saving which some subsidized transit agency held out for your patronage.

GIVING BUSINESS to the trucks means giving it to a tax-consumer whose operations only add to our taxes and living costs.

SHIP AND travel by rail and the first 8 cents of your freight or fare dollar will always come back to you as a discount in your tax bill.

### Powell Tells of Big Moose Hunt

"We sure got 'em" read a telegram received by Russell Powell from his father sent from Sault Ste. Marie a few days ago.

As a brief bulletin told in last week's Mail, Matt Powell and Bert McKinney, who went moose hunting up in Canada, surely did get them. They brought back to Plymouth two big moose, one weighing over 1200 pounds, and a big deer.

"It was one of the most interesting hunting trips I ever took," said Mr. Powell this week when telling of their trip.

"We went inland, over 15 miles of the trip being up one of the rivers in a canoe. We lived in a tent and cooked our meals in the woods. Just like all hunters do who are required to go far inland.

"We did considerable tramping about the woods and spent several days before we saw any evidence of moose.

"Finally we came upon a herd of five big moose. It was one of the most beautiful sights you could possibly see in the woods. They were moving along over a knoll just about as a herd of cattle would in a pasture, so you can see it was not much of a job to get our moose after we had found them," said Mr. Powell.

"After we had each got our moose, then the big job was to get them out of the woods. You know if you kill a moose you have to take it out of the woods. We had to cut them up and take them down the river, making two or three trips to do it in.

"Then after we had loaded them on the car, we broke down because of the heavy load and had to call for a machine from Thessalon to come and fix up our car before we could get out of the woods. You can imagine with two big moose and a deer besides our camping outfit that it was some load for even two cars," he declared.

At any rate both Mr. Powell and Mr. McKinney say it was one of the most satisfactory hunting trips they had ever taken.

One thing these well known Plymouth hunters discovered was that a Canadian guide can go a long time without eating much food.

Their guide left them on a Tuesday morning to go on up the river to look for moose and all he took with him was a handful of tea and four strips of bacon. He didn't return until late Wednesday night, this bit of food providing him with all that he had to eat during these two full days. It was while he was up the river that the hunters got their moose.

As an indication of the difficulty Mr. Powell and Mr. McKinney had in getting out from the woods to a trail is the fact that it required them from 6 o'clock one morning until 7 o'clock the next morning to go but 15 miles.

### Coach Trailers For Winter Trips

When the cold rains started a few days ago and signs of winter began to appear freely hereabouts, Harmon Smith who has been active in promoting the sales of the Smith coach trailer made by the Plymouth Mill Supply company, thought that his season's work was about over.

But it hasn't worked out that way at all. Early this week the supply company delivered one trailer to a seeker of southern sunshine who plans to leave immediately for Florida. Another has been ordered for delivery as soon as the purchaser returns from a deer hunting trip and still another buyer expects to get one of these fine coach trailers to be used during the coming winter as a home while its purchaser travels to Florida, then on to the Pacific coast and return.

As a result of this good fall business the plan is as busy as ever. While the automobile coach trailer has been regarded as a sort of a summer necessity, it can be truthfully stated that there is also a big winter demand for it as well. Dewey Smith, who operates the plant, is finding it so and is planning for a good winter season. Touring coaches are becoming more and more popular with the automobile owners.

### A Glimpse Into Their Yesterdays

(Continued from Page One)

February 5, 1895, he completed his school work at Sweet Springs, in the same state and then went to Kansas City where he was employed until the war broke out.

Upon his discharge from the army he returned to Kansas City and was married in 1921. It was soon after this when he was sent to Detroit to enter the services of the Michigan Inspection Bureau. Here began his most successful career in insurance work. It was upon the recommendation and urgent request of numerous insurance companies that he come to Plymouth to carry on his work in this city.

Two or three years ago when he was back in Kansas City for a brief visit he met the high army officer that he had picked up on the muddy road while he was on the way to the front line trenches. (Unusual as it might seem, the officer had become a prominent insurance man of Kansas City, but Plymouth admires the good judgement of Mr. Harms in not accepting an urgent offer to return to his native city in the west to take a position with the former officer's insurance agency.

Mr. Harms is secretary of the Rotary club and takes a keen interest in Boy Scout work. He likes to "still" fish now and then, the cat fishing pastime of his boyhood along the banks of the Missouri having permanently settled once and for all the kind of fishing that he will always do.

When he left the front to return home, it was said there wasn't a better dispatch rider in all of France than this same Walter Harms, but try and get him on a motorcycle today if you can. Intimate friends say he hasn't ridden a machine since his return.

Rev. and Mrs. Davies went to Monroe on Wednesday of last week to attend the wedding of their granddaughter, Ruby Pritchard to Rev. M. Harold Pailthrop, pastor of the church at Durand. The wedding took place in the Methodist church of Monroe. Rev. Davies performed the ceremony. After a trip to Niagara Falls the young couple will be at home at the parsonage in Durand.

The community sing which was to have been held at the home of Mrs. Emma Ryder last week Thursday night was postponed one week and held at the L.A.S. hall.

The Ladies' Aid met for a business meeting at the home of Mrs. James McNabb on Wednesday afternoon, November 6.

Mrs. James McNabb entertained at a dinner and quilting party, on Friday of last week in honor of Mr. and Mrs. Roy Joy of Redford. Those present were Mr. and Mrs. Roy Joy, Mrs. Verna Joy of Plymouth, Mr. and Mrs. Jas. Joy and Charles of New Hudson, Mr. and Mrs. Mark Joy, Mrs. Ora Joy of Farmington, Mrs. Dorothy Liscum of Detroit, and Miss Edith Summerville of Marquette.

Mrs. Emma Ryder is still in the hospital. Her many friends wish her a speedy recovery from her illness.

Leigh Ryder and Raymond and Henry Grimm, have left for the north for a couple of weeks of deer hunting.

### Follow Details Of Aviator Hunt

Mr. and Mrs. Edward Hinkley of Northville, former residents of Plymouth, are watching with more than ordinary interests the reports of the government's steps to start a search for Paul Redfern, the American aviator who was lost five years ago when attempting to make a non-stop flight to South America.

The daring young aviator resided at the Hinkley home in Northville while his aircraft was being built at the Stinson airplane factory then located in Northville. He spent the greater part of the spring at the Hinkley home during the process of the ship's construction and while his test flights were being made and they became exceptionally well acquainted with him.

Ever since Redfern disappeared after he was last seen near the north coast of South America, there have been persistent reports that he is alive and living with natives in the interior of South America. Whether he is

unable to get out of the country or is held by the natives, these reports have never been stated, but so frequently have they appeared that the government has at last given consent to a search for him. The trip inland will be started in the immediate future.

Adults who criticize children for playing would be better off if they did some playing themselves.

### COMMISSIONERS' NOTICE
