

THE PLYMOUTH MAIL

Vol. 50, No. 4 Plymouth, Mich. Friday, December 13, 1935 \$1.50 Per Year In Advance

New Grade Separation Will Be Started On Plymouth Road Just South of City Monday Morning

Nearly 100 Men To Be Given Work This Winter

Most of Men To Be Taken From Relief Rolls. Only 20 Percent of Non Relief Workers To Be Given Work on Bridge.

Construction will begin Monday on the new grade separation to be built on the Plymouth road just outside the city limits where the Pere Marquette tracks cross the highway.

Pending the months this work will be in progress, traffic over the Ann Arbor road from Ann Arbor to Detroit will be diverted north at the corner of South Main street and Ann Arbor road to Ann Arbor Trail at the Mayflower hotel and then east to connect again with the main thoroughfare at Newburg.

The state highway department in routing the traffic this way thought best to turn it east at the Mayflower corner so that the additional travel would not have to be carried over the entire length of Main street in the City.

The roadway under the separation will be 42 feet wide with two eight foot sidewalks along the sides of the paving.

The bridge will be for a single track railway, indicating that the Pere Marquette does not intend to double track this portion of the system for some time to come.

Eighty per cent of the labor will be from the welfare rolls and the other 20 per cent from non-relief.

Skilled workers will be paid 66 cents per hour and unskilled workers will be given 45 cents per hour. The men will be provided 8 hours of work each day and not more than 130 hours per month.

It is expected that there will be nearly 100 men employed most of the time.

This improvement is one of the government's project and is the first to be started in this locality under the new U. S. works progress administration.

Contract for the work on the underpass grade separation, together with 4,422 miles of concrete pavement approaches was awarded to Jitton-Kelly company, Detroit, for \$148,896.72.

Traffic of U. S. 12 Routed Thru Business Streets

Within the next week or ten days the state highway department will begin the construction of a grade separation on U. S. 12 at the P. M. tracks. This will require detouring traffic around the grade separation, and local state highway officials have advised the city that the detour has been arranged so that traffic has been routed over Main street through the city. East of Plymouth the detour will start at the fork at Plymouth road and continue south and west through the city to the intersection with Main street and the Golden road.

This will considerably increase the traffic over Main street during the construction operations and local citizens are urged by the police department to be extra cautious in their driving during this detour period. Parents should instruct their children to cross the streets on their way to school where Main street is protected by police officers or traffic signals.

The police department has been notified of this detour and will exercise every possible caution to see that the increased amount of traffic is properly handled.

L. O. T. M. NEWS

The Lady Macabees annual Christmas party will be held Wednesday evening, December 18th at 8 o'clock at the lodge hall. The losing side in the attendance contest headed by Lady Hance will furnish the evening's entertainment.

Each lady is requested to bring a ten cent Christmas gift. The juniors will have their Christmas party at 4 o'clock on the same day and are also requested to bring a ten cent gift.

W.C.T.U. Meets On Next Thursday

The Plymouth Union will hold its December meeting on Thursday, the 19th, at the home of Mrs. Clara Patterson Todd. The time of meeting will be 2:30 p.m. The exchange of Christmas gifts will be omitted at this time and, in its place, a collection will be taken for the Willard Centenary Fund. It is hoped there will be a good attendance at this meeting. Everyone will be welcome.

Commission Sends Thanks For Improvements

Resolution Approves Co. Beautification In This Section

At the last meeting of the city commission a resolution was passed expressing thanks and appreciation to the Wayne county road commission and department heads for the fine improvements which have been made in and around Plymouth during the past few years.

This resolution was offered by Commissioner Robinson and was unanimously adopted by the city commission. The specific work mentioned in the resolution included the widening of the pavement of the highway leading into Plymouth, the extension of Wilcox Road or Schoolcraft avenue job into the City of Plymouth, and the development of the parkways in and around the city.

These improvements have greatly added to the beauty of the City, and could not have been done by any other agency than the county road commission. By the completion of this work all of the highways leading into Plymouth are paved with concrete or a semi-permanent black-top surface.

The resolution which was passed by the city commission follows:

Whereas the Wayne county road commission has recently completed the widening of the Plymouth road pavement from Ridge Road to Lillie road, and

Whereas a portion of this improvement is located within the City limits and such work has greatly improved the appearance of the East approach to the City of Plymouth, and

WHEREAS, other improvements of Plymouth, including the Schoolcraft Road extension and the Middle Rouge Parkway development, have greatly added to the beauty and appearance of the western portion of Wayne county and to the City of Plymouth, and

WHEREAS, the City Commission of Plymouth recognizes the outstanding work which has been done by the Wayne county road commission and is appreciative of such activities.

THEREFORE BE IT RESOLVED, that this commission hereby extends its thanks and appreciation to the members of the Wayne county road commission and to the executives of that organization for the above mentioned improvements, and for the other outstanding work in Wayne county which is being planned and executed.

RESOLVED FURTHER, that this resolution be spread up on the official minutes of this meeting, and a copy thereof furnished to the Wayne county road commission.

Woman's Club Program On "Party Menus"

Following a short business meeting, last Friday afternoon, the Women's Club of Plymouth enjoyed an interesting program under the leadership of Mrs. Edna Winkler, hostess.

Mrs. Winkler first presented Miss Marguerite Presnell of the Home Department of the Detroit Edison company.

The topic upon which Miss Presnell spoke was "Party Menus." She pointed out the most successful parties being in the speakers judgment those where the hostess herself being at ease could place all her guests in a happy, pleasant atmosphere.

Miss Presnell was strongly in favor of the provision of an emergency "Company Shelf" in every household to which one could repair in haste and assemble an unexpected party menu. She suggested several items for such a shelf.

When planning parties the many advantages of a "buffet supper" were pointed out. This form of entertaining has been proving decidedly popular of late since the average hostess does not need extra help for such occasions.

Miss Presnell gave many recipes which sounded very appetizing and were indeed helpful hints to the hostess sorely pressed for "a dish that is different."

A musical treat followed Miss Presnell's talk. Young Master Billy Woster of Rosedale Gardens accompanied by his Mother sang two charming numbers. His first selection "When I Was Twenty-One" was distinctly Harry Lauderish in manner. His last song "On the Way to Anywhere" was also delightfully rendered.

The program for December 20th is the annual Christmas party of the club. Mrs. J. M. Bennett will be chairman assisted by Mrs. J. W. Bickenstaff, Mrs. John Olsaver, Mrs. Arlo Emery, Mrs. Irwin Pierce, Mrs. Richard Olin, Mrs. Everett Jolliffe, Mrs. M. J. O'Connor, Mrs. Edison Huston and Mrs. Carmen Root.

A Puppet Show is being presented by Miss Elena Mitcoff. Miss Mitcoff comes from Detroit and is highly recommended by the Women's City Club where she has given countless performances. All members are urged to come and bring guests for not only is the Puppet Show quite an attraction but the high school girls' double quartette under Miss Henry's direction will be on the program and a lovely tea will follow the entertainment.

Do your Christmas shopping in Plymouth among your friends and your neighbors.

Plymouth stores are open each evening so you may do your Christmas shopping at your convenience.

Will Marry On New Year's Eve

Mr. and Mrs. Irving Bullock of Detroit announced the plans today of their daughter Helen Louise to marry Harry I. Mallett of Plymouth. The ceremony will take place at 8 o'clock on New Year's Eve at the Bullock residence at 15873 Hartwell in Detroit.

Harry Mallett is the son of Mr. and Mrs. Edwin F. Mallett who reside at 1540 Northville road and is well known in Plymouth. He attended Plymouth schools and at present is employed with the Farmerest Baking Co. The young couple will make their future home in Detroit.

The lecture on "Home Arrangement" given by Miss Allean Spafford, editor of the Home Decorator department of the Detroit Free Press, in the Presbyterian church on Wednesday afternoon, December 4, sponsored by the MCC group of the church, was splendidly given and greatly enjoyed by the seventy-five ladies present. The huge photographs in color shown by Miss Spafford during her lecture were most interesting.

Previous to the lecture Mrs. M. J. O'Connor played a beautiful musical number on the pipe organ, Mrs. William McAllister, accompanied by Mrs. Goodwin Crumble on the piano, sang "Comings Home" very beautifully and graciously sang an encore. Following the lecture Christmas carols were sung with Mrs. McAllister and son, Jimmy, singing one carol as a duet.

The guests were then ushered into the church parlors where tea was served from a beautiful serving table with Mrs. Walter S. Nichol and Mrs. Vaughn Smith presiding.

The table with its lovely lace cloth, its tea and coffee service and its centerpiece of silver flowers in a crystal bowl which was mounted on a large mirror with four red candles in silver holders around it and the windows decorated with pine and candles transformed the room into a bower of beauty.

Miss Spafford was so interesting for her to get away after the lecture as so many of the ladies had questions to ask which she very obligingly answered. It is hoped by all that she will come to Plymouth again in the future.

Special Match Game At The Penniman Alleys

The Goldstein bowling team, members of the City Association League, will engage in a special match game with the Finlex team in the Penniman Alleys, and the return game at the Alcona Bowling Club on Friday, December 27, 9:00 p.m.

Three well known local leglers are members of the Finlex team, including Martin Strawn, Harry Lamb and Raymond Danol. The Goldstein team includes James Williams, John Wobni, Ed Kilpke, Ray Levandowski and Ray Gilder.

The public is invited to this match, and there is no admission charge.

Phone 16 M. L. Pardee and Co. for information on stocks and bonds.

Song Again Stirs Millions

A melody—calm and tender and strong with the strength of humanity—comes moving along the highways and byways of the world, leading thought back through 2000 years to the manger where lay a little Child.

Silent night! Holy night!
All is calm, all is bright
Round your virgin mother and child!
From proud European cathedrals, hamlet churches in Alpine passes, missionary huts in tangled jungles, barrack and cot, hovel and hospice, temple and tepee, and calm, white Christopher Wren "meetin' houses" on snowy New England hillsides, the strains of that peaceful Christmas lullaby seep out into the world's bustling market-places, bringing a quiet sense appropriate to Christmas observances.

Holy infant, so tender and mild,
Sleep in heavenly peace;
Sleep in heavenly peace.

A SIMPLE MELODY

It is not a carol, nor is it a folk song. It is just a simple melody set to simple words in a simple little Austrian border village just 117 years ago. Back in 1818, on Dec. 24, the minister of the Oberndorf church, Joseph Mohr, took some verses he had composed to his friend, Franz Gruber who was likewise the church organist and the village schoolmaster at the neighboring town of Arnsdorf.

"Stille Nacht, Heilige Nacht," hummed Gruber, strumming chords from his mellowed guitar:

Shepherds quake at the sight!
Glories stream from heaven afar.
Heavenly hosts sing Alleluia,
Christ, the Savior, born!
Christ, the Savior, born!

Before nightfall the country schoolmaster had finished the melody. Scratching the notes down on some scored paper, he went about preparing for the evening service at the little church in Oberndorf. At midnight, as part of the Christmas Eve services, the song was rendered and gained the immediate approval of the peasants.

FIRST WRITTEN FOR GUITAR

Now a strange circumstance attended the premiere of Silent Night. It seems that mice had been at work on the church organ. Their depredations had rendered the instrument temporarily useless. So it came about that the first transcription of the song was of necessity written for guitar accompaniment.

After the Christmas exercises were a thing of the past an organ builder from Zillertal was called to put the instrument in repair. Gruber played and sang the unpretentious little melody even to the last verse.

Silent night! Holy night!
Son of God, love's pure light
Radiant beams from Thy holy face,
With the dawn of redeeming grace,
Jesus, Lord, at Thy birth,
Jesus, Lord, at Thy birth.

The organ builder liked the song so much that he carried it with him when he returned to Zillertal, and there chanced to sing it before the four Strasser sisters. These ambitious and musical women were not only in a position to spread the popularity of any music, but they were quick to recognize that Silent Night was a melody bound to appeal to the public fancy. They added it to their program of folk songs with which they entertained audiences while touring Austria and Germany selling gloves of their own manufacture.

ITS POPULARITY SPREAD

In the meantime, from the little nucleus of songsters about Oberndorf, the popularity of the song spread, largely because of its charm, partly because it was so easily accompanied on the guitar. By 1854 the piece had become so well known that many were ascribing it to the musician, Michael Haydn; the Royal Court Band in Berlin had added it to its repertoire, and an effort was begun to track it to its source, its composers having been lost sight of during the intervening years.

Finally, through Franz Gruber's youngest son, himself an organist, the story of its origin became known and belated recognition accorded to author and composer. It was not possible to mark the church program of folk songs with which they entertained audiences while touring Austria and Germany selling gloves of their own manufacture.

Invite Public To P-T. A Christmas

The Central children are having their Christmas program for the P.T.A. Thursday evening December 19, at 7:30 o'clock, in the high school auditorium.

The first floor children are pantomiming the manger scene and singing Christmas carols. The second floor is presenting "Christmas Secrets" and the third floor pupils are having "Songs for Santa" and "Christmas Snap Shots." The high school band will offer a medley of Christmas songs. The public is cordially invited.

Kiwanians Hear Of Russian Rule Under Soviets

Ruthless Killing of Any One Who Objects Keeps People in Fear

The Plymouth Kiwanis club and a number of guests at the Kiwanis meeting Tuesday evening heard one of the finest and most outstanding lectures on Russia ever presented. Dr. Edward Fisher is the present pastor at the Central Methodist Church of Detroit and was formerly bishop of the 500,000 members of the Methodist Episcopal Church residing in India. He is widely known as a traveler and a lecturer and it is a rare treat for a Service Club to be able to hear one of his lectures concerning his travels. Dr. Fisher has visited Russia while the czar was still the ruler of all Russia, again after the war with a return trip in the summer of 1935. As a well informed traveler and observer of conditions in foreign countries he has presented an unusual and outstanding picture of the Russia of today. While in India Dr. Fisher became personally acquainted with a large number of Russians and as a result of this acquaintance he has been able to visit the homes of all types of Russians, including a personal visit with Stalin's private secretary.

Dr. Fisher informed the listeners that there are three distinct groups of people among the 168 million Russian population. He classified them in groups from ten to thirty years of age, thirty to forty-five years of age and forty-five years and up. He said that it is more difficult to get the older people who are more set in their ways to abandon their ideals, their homes and their religious convictions and in a good many cases the older people silently and secretly longed for a return of the old regime. In the group from thirty to forty-five years of age there was less discontent, approximately half of the people having been converted to the new materialistic theory of the communistic government with the other half following the theories only because of the fear which is deeply imbedded through ruthless killings, starvation and other forms of physical punishment.

In the group from ten to thirty years of age rests the future of the Russian experiment. To this group the new Russia is an ideal for which there is a passion almost a religious fervor. It is in this group that is growing in number and spreading the advance of the materialistic theory of Russia.

The Russian experiment is bringing about a great change in the Russian people of today. In the city of Moscow it is commonly stated that there is not one single unemployed man or woman and in the last twelve years the city has grown from 1 1/2 million in population to a population of approximately 5 million people. Moscow today, being the fourth largest city in the world, Leningrad has grown from a city of approximately three-quarters of a million to a city of three million, making it the seventh largest city in the world in approximately the same number of years. Dr. Fisher described the Russian system as a combination of state socialism and private capitalism, rather than purely communistic theory of government. All the property in Russia is owned by the government including the factories and the private dwellings. Most of the factories, however, are not operated or controlled by the government, but are leased to private individuals or corporations who actually manage them under terrific tax burdens. Men and women work side by side in all types of manual labor as well as other types of employment.

The children are turned over to state instructors who educate (Continued on page five)

Decorations Of Streets Win High Praise From All

Christmas Greens And Lights Are Well Arranged.

"The best decorated streets Plymouth has ever had," seems to be the general expression of every one about town following the completion of this year's Christmas street decorations.

The colored lights and the long ropes of Christmas greens swinging across the business thoroughfares on the north side and the Main street section certainly have added much to the general attractiveness of both business sections.

While the Chamber of Commerce has not been able to carry out the decoration plan as far as it had hoped to do this year, it is believed that next year there can be raised a sufficient sum to make the job a fairly complete one.

All wiring and lights have been purchased so that each year more can be added. Last year it will be recalled that only a very small portion of the business sections could be decorated because of the limited funds that were raised and because of the lateness in getting a start.

But notwithstanding these two drawbacks, a good start was made and most fortunately the committee in charge has been able to do considerably more this year.

Only words of highest commendation have been heard on what has so far been done. The lights, Christmas greens and wreaths have been well and artistically arranged.

All agree that an excellent start has been made towards one of the best holiday decorated cities in Michigan.

Harry Robinson Again To Aid In Newspaper Sale

Thanks Every One For The Aid Given in Years That Have Gone

The one great day of the year is approaching for Harry Robinson, the day when you can get on the streets of Detroit sell newspapers as he did more than 50 years ago—sell newspapers to that hungry, shivering and sickly boys and girls of a great metropolis can have food, clothing, medicine and toys.

Harry years ago was a newsboy in Detroit. These old time newsboys about two decades ago organized the Old Newsboys Good-fellow club to see to it that there is Christmas happiness in the lives of all the forgotten boys and girls of Detroit and surrounding country.

Next week Thursday, December 19, is the time when the annual sale takes place.

Mr. Robinson will be down to Detroit happily working for the boys and girls on that day. Meanwhile he has requested The Mail to thank sincerely for him those who in past years have freely contributed to this fund.

He was in Detroit Wednesday night to the final meeting of the organization to be held before the great annual sale. More than a \$100,000 worth of clothing, toys and goodies have already been purchased. There are 130,000 suits of children's underwear, 12,000 dolls, 130,000 pair of stockings, thousands and thousands of toys.

Walter McKensie, chairman of the group, at the meeting Thursday night, states Mr. Robinson, made an eloquent appeal in behalf of the youngsters of Detroit. He urged the old newsboys to put forth their greatest effort this year—and Harry Robinson says that is just what every member has said he will do.

Cass S. Hough Elected President Of Toy Manufacturers of United States At Convention Last Week

Official Of Daisy Wins National Distinction

New President of Toy Makers Is Youngest Man Ever Elevated To Such Important Position by Manufacturers Of the Country.

Cass S. Hough, of the Daisy Manufacturing company of Plymouth was last Friday elected president of the Toy Manufacturers of the United States, Inc., at the annual meeting of the organization held in New York city.

The organization, consisting of a group of more than 300 prominent toy manufacturers of the United States with an output from their factories valued at more than \$150,000,000, is the largest of its kind in the world.

The election of Cass Hough to the presidency of such an important organization is itself an unusual honor, but coupled with this distinction is the fact that he is by far the youngest man ever elevated to the executive's chair of the toy manufacturers of the country. It is also interesting to note that a few years ago when he was made president of the Rotary club of Plymouth, succeeding by more than \$150,000,000, is the largest of its kind in the world.

The convention of the toy manufacturers took place in New York City at the Waldorf Astoria. While there are several hundred toy makers in the United States, the largest toy producers are all members of this group, organized over a quarter of a century ago.

His duties in connection with the organization will require a considerable portion of his time during the next year and he will be in New York city several days out of each month.

Upon graduation from the University of Michigan, Mr. Hough entered into the employment of the Daisy company and his advancement in the toy industry since that time has been exceptionally rapid.

At the time the business slump started he joined with Charles Bennett, president of the company, his father, Edward C. Hough and the other officials in one of the most energetic drives for business any company ever put forth. The company's advertising campaign during the first year or two of the depression was its greatest of all time. As a result of their efforts to get business, many business products were sold for the bare cost of making almost the entire Daisy organization was kept busy during the two or three years when most other factories were not turning a wheel.

The other officers elected by the association last week include two vice presidents, Harold H. Elliott of Chicago, James Lehren of Pittsburgh, and a treasurer, Morris Michom of New York. It is interesting to note that Mr. Michom is president of the Ideal Novelty and Toy company of the famous Shirley Temple doll that has hit such a fancy with the little girls of the country.

Last Day For Unemployed To Register Here

What appears to be the last local registration of unemployed persons by the U. S. Re-employment Service will be conducted in the city hall from 9:00 a. m. until 4:00 p. m. today.

The city commission recently made arrangements for this registration, which is to cover those persons who are now unemployed and have not previously had an opportunity to register. It is suggested that all unemployed persons in need of work, either men or women, register at the city hall today.

After this date it will be necessary for those desiring to register to go to the U. S. Re-employment Service Office at Inkster.

Did You Know That

The Knights of Pythias will give their annual Christmas party Thursday evening, December 19, in the Jewell & Eich hall.

You can buy attractive wood fibre flowers of all kinds and colors. Dainty accessories for your party gowns. On display at Dorothy Fisher Beauty Shop.

Entered at the postoffice at Plymouth, Michigan, as second class postal matter under the Act of Congress of March 3, 1879.

The Plymouth Mail is a Member of the National Editorial Association, University of Michigan Press Club, and the Michigan Press Association.

(Note—The editor of The Plymouth Mail is this week the guest editor of The Northville Record. During the time that Editor Baldwin of The Northville Record is confined to the University of Michigan hospital where he is recovering from an exceedingly serious operation, numerous editors of Michigan are writing his editorial column for him. The following editorial column appears in The Northville Record this week.)

EDITORS

The editor of The Northville Record has been critically ill over a period of many, many weeks. His friends and admirers are happy to know that through medical skill and the advanced knowledge of surgery that his life has been spared for more years of service to his community and to humanity. Maybe it will be some weeks before he will return to his editorial desk, but when he does it will be with new vigor and a new outlook on life, because no man can walk into the shadows of death and return without a new view of life and all that it holds. The readers of the Northville Record and the editors of Michigan will rejoice to know that following a long neglected vacation after departure from the hospital, Editor Baldwin will again return to the editorship of one of the outstanding weekly newspapers of the country.

While talking about one editor for the moment, it will not be amiss to say something about those who are devoting their lives to one of the most fascinating as well as arduous occupations a person can select, for newspaper editing is all of that, and more too.

Primarily newspaper men enter into their occupation because of an interest in public affairs, a love of activity and excitement and a desire to serve their fellow citizens.

Naturally those of a make-up of a nature that leads into activities of this kind have decided opinions—and as to what is right and what is wrong. Often editors will bitterly clash over public questions and problems. In the olden days these differences frequently led to lifelong hostilities. In fact many of the great issues that this nation has been called upon to decide were brought to the fore-front as the result of this opinionated editorship. But let it be said that America, or no other country has ever suffered as a result of editorial leadership and conflict.

But irrespective of decidedly conflicting opinions and ideas possessed by the editors of America who freely make known their views, when one of their profession is in distress, there is no group in the world who will hurry quicker to the call of the afflicted than those who write and edit the newspapers of our country.

So it is that the big family of The Northville Record during recent weeks have been reading editorials written by many well known Michigan editors. Few of them think alike about politics or the issues of the day, but all of them possess a desire to serve their communities and those who are in distress. The reward for this service comes from the satisfaction in the knowledge that they have tried to do something worth while and something of benefit to some one.

MAN-MADE BEAUTY

By the end of another summer, the beautiful parkway that links Northville and Plymouth to America's fourth greatest city, will have been practically completed. Started nine or ten years ago by the Wayne county road commission, the parkway follows up the Rouge river valley near to the headwaters around Northville. As one drives through the park and along the winding river, it is nothing less than amazing to realize what has been done in such a brief time.

Northville, for nearly a century, regarded as one of the beautiful little communities of Michigan, has, like Plymouth, profited as a result of this development.

The progressive neighboring community to the north has many, many advantages that its citizens have not overlooked.

Nestling as it does among the highest hills in Wayne county, the locality has for over half a century been known as "The Switzerland of Wayne County."

It is one of the few communities in the country that has a water supply running directly from springs into the water mains that supply the town. Just now steps are being taken to greatly improve the system.

Its spring, flowing wells and deep ravines have been beautified by the efforts of its various clubs and organizations—and how well it all ties in with the park development. The community leaders of Northville saw the advantages of it all and just now as the parkway is being completed, one can readily see how well their plan has worked out.

A parkway with great trees divides north and south bound traffic into the community both on the Plymouth-Northville road and the Griswold road. A flowing spring, made into the appearance of an old-fashioned open well by Rotarians, a sunken garden and the landscaped Fairbrook springs are little beauty spots hard to duplicate anywhere. They were the ideas of Northville men and they are the results of blistered hands and aching backs of Northville business and professional leaders who gave freely of their labor to bring about the accomplishments of an ideal.

So it is that Plymouth today rejoices with Northville in the completion of one of the finest park systems in America—man made beauty that is adding thousands and thousands of dollars to the value of every foot of land in or near the two communities.

A HAPPY CHRISTMAS

Within a few brief days the world will be happy in the observance of another Christmas holiday—one day of the year when we all are supposed to rejoice over the good things of life. True every one has disturbing problems and sorrows that friends and neighbors know nothing about. But did you ever stop to think that the balance sheet will invariably show our blessings to far outnumber our afflictions and disappointments? If in doubt, spend a few brief moments in reflection and see if it is not as true as that day always follows night. So let us make merry at Christmas time, and be thankful that we have been permitted to live to enjoy another Christmas day. And while we rejoice over our own good fortune, let us see to it that some one possibly not quite so fortunate as ourselves, is also made happy at Christmas time—made to feel that this is not such a bad old world after all and that there is happiness and there is promise ahead.

Rambling Around With Michigan Editors

SPEAKING A TRUTH
Mr. Picard, former state liquor commissioner, is out with his knife after Gov. Fitzgerald's scalp, because according to his say so the Governor is playing politics by submitting to the dictates of former State Treasurer McKay. Well, as I see it old John Harleycorn is simply true to color, for hell is sure to follow on the heels of everybody that has anything to do with it. It never was and never can be anything but a trouble maker regardless of who handles it.—J. E. McMullen in The Linden Leader.

PROHIBITION ON WAY BACK
The official organ of the Wine and Liquor Dealers, Inc. says that the bootleggers are still selling more than half the liquor consumed in the United States. The country has been deceived again. A few months back it was told that repeal would put the bootlegger out of business. The only way the bootlegger will ever be put out of business is to lower the tax to a point where the bootlegger cannot make a profit selling liquor. If this is done the argument regarding the matter of revenue to the government as a result of repeal falls flat.—Wm. Cansfield in The Livingston County Republican-Press.

WE GET WHAT WE ELECT
If our government gets worse as time goes on, observed a farmer, it's because we elect worse men to office. There is more than a grain of truth in that statement. We no longer have government by reason in this country (if we ever did have it) but rather rule by hysteria. Listen to the average political orator. He appeals to your emotions, your likes and dislikes, your prejudices, your "pet peeves," your hatred frequently to your class consciousness, but seldom, if ever, to reason. But we wonder does the politician do this simply because he is a demagogue of the first order or because he has found through the hardening school of experience that people never react to reason—Dick Cook in The Hastings Banner.

HO WAN 80-YEAR OLD LOOKS AT IT
The Townsend plan after it got in operation would be nothing less than a grand windfall for Michigan during the good old summer time and a real honest-to-goodness Santa Claus to Florida and California during the winter months, for it stands to reason we sixty year old citizens have not worked out well, the drunken sailors, and it wouldn't be any more expensive than keeping thousands of them in the welfare, and every man under 60 would have a job.—J. E. McMullen in The Linden Leader.

GOVERNOR IS RESPONSIBLE
Governor Fitzgerald is quoted in the press as stating that here after he will have nothing to say concerning the rulings of the Michigan liquor control commission. In a moment of pique because some of his suggestions have not worked out well, the governor seems to believe he can wash his hands of the whole mess. The governor is reminded that not only is he by statute, an active voting member of the commission, he also has the sole appointive power of the members. The governor cannot escape responsibility for whatever is done, be it good or bad. Probably it would work out better if such suggestions as he has to make are made quietly to the commission members and then in case of refusal to follow the policies laid down by him to remove the recalcitrant commissioners. But in no event can the governor escape personal and official responsibility for commission policies and rulings.—Vernon J. Brown in The Ingham County News.

WHERE WELFARE WORK BELONGS
Now that the welfare load is substantially cut, I am commencing to worry for those case workers, college grad girls who make the rounds in shiny new automobiles, with polished fingernails and a healthy application of lipstick and customarily dressed in the Parisian or Fifth Avenue ensembles. Most of these gals were products of homes which spread the butter on both sides of the slice and whose only ambition in life since graduating from some state college was for daddy to get them a good job that would give them a commercial connection. I doubt whether this type of case worker has anything in common with the indigent families which they visited. I venture to say that the approach to the doorstep of the indigent family made that family resentful, bringing up the thought that while the case worker was provided with every convenience and refinement and luxury, the indigent family had to suffer actual want. The psychological effect was repulsive; it never seemed just right. Earlier in the welfare set-up a hard working township lady, well qualified to handle relief cases was denied the position as a case worker. This lady knew who deserved help far more than a young college grad. She raised a family of her own and rightly did not carry an air of importance or super-refinement so noticeable among those who were sent out as case workers. Most of us have come to realize that the township supervisor is best fitted for the task of providing adequately for the families in real want. Turning back the relief work to him seems the logical and sensible thing to do. The cost of administration on this plan will at once cut the cost to the low minimum of three years ago. Just a general county supervision and checkup and more responsibility by the local supervisor is all that is needed.—J. John Pope in The Grandville Star.

DRUNKS AT THE GAME
After seeing the Michigan-Minnesota football game at Ann Arbor recently, we cannot agree with those people who say that conditions are better with liquor legalized than during prohibition days. We have attended quite a few football games in our day, most of them under the prohibition regime, and can say with truth that never at any one game did we see so many drunks as were at the game last Saturday, after two years of legalized liquor. There were drunken men and drunken women, drunken boys and drunken girls—lots of them. They drank from bottles in the stadium, and staggered up and down the aisles, laughing and hooting, making jackasses of themselves in a lot of different ways. One humorist, further up in the stand, tossed away a bottle which landed on the shoulder of a woman near us, and then broke on the concrete of the stand. Young girls, several of them, lost all sense of respectability or decency because of their intake of liquor, and the following day, newspapers carried the story that the Washtenaw county jail was full for the first time in two years after 24 football drunks had been placed therein. Disturbances in various parts of the huge stadium were noticeable at intervals, being caused, it is fair to assume, by drunks. It should be said that the University makes every effort to stop such goings-on, but that is, of course, nearly impossible in a crowd of 50,000 people.

Yes, this legal liquor is a great thing—NOT—James Gallery in The Tuscola County Advertiser.

The demand for houses in Plymouth is unabated. Families moving here are distressed over the situation and there seems to be no relief but to build to take care of would be residents.

The Plymouth Transfer Co. is erecting a building on the ground where the old P. M. engine house formerly stood. The plant will be operated by electricity and be a great improvement over previous methods. The plant is for transferring coal.

Directors for the ensuing two years of the Plymouth Improvement Association, are: Messrs Louis Hillmer, P. W. Voorhies, F. A. Dibble, George Richwine and C. H. Rauch.

Miss Cora White and Elmer Blunk, both of this village were married in Detroit yesterday. They will occupy part of Mrs. Geo. Van Vleet's house on Ann Arbor street. Their many friends extend congratulations.

The International Amusement Co. of Detroit will present "Them Henderson Kids" at the opera house Tuesday evening. Charley Gardner of Northville—and everybody knows Charley—is a member of the "kids" and comes as a full fledged actor. The performance is for the benefit of the K. P.'s.

The new engine house which the P. M. started early in the fall is about completed now. It has room for eight engines and tracks outside will hold as many more. A 70 foot turn table to be run by compressed air has been installed and work will be done by pneumatic tools.

Mother's Cook Book

SEASONABLE DISHES

THIS is the time of the year when pickles, preserves, relishes and marmalades are especially enjoyed. Most of these good things have been already prepared, yet there are a few most delightful ones left.

Cranberry Relish.
Take two cupsful each of sour or cooking apples, put through the coarse knife of the food chopper with two cupsful of cranberries, add one cupful of sugar, one-fourth cupful of pecan meats finely shredded and set away for two or three days to season. This is delicious with turkey or goose.

Indian Chutney.
Take one pound of sour apples peeled and sliced; one-half pound of onions peeled and coarsely chopped, one pound of brown sugar (the light brown), one-half pound of raisins cut fine, four ounces each of salt and ginger, two ounces of dry mustard, one-half ounce of cayenne, four cloves of garlic finely chopped and one quart of mild vinegar. Cook the apples, onions, garlic and sugar, salt and vinegar until soft, then pass them through a very fine sieve. Add the raisins and ginger with the other ingredients, mix well and stand in a jar in a warm (not hot) place until the following day. The next day, seal the jar.

Coffee Carnival.
If you like an unusual dessert try this: Take four tablespoons of quick cooking tapioca, one-fourth teaspoonful of salt, one-third of a cupful of coffee infusion, one-half cupful of sugar, one teaspoonful of vanilla and one cupful of cream whipped. Add salt, tapioca and raisins to the coffee and cook in a double boiler until the tapioca is clear, stirring often. Add sugar, chill and add the vanilla. Serve with the whipped cream folded in; serve in sherbet glasses.

To raisins steamed until soft or cooked in orange juice until soft, add chopped pecans and use as sandwich filling for very thin sliced and buttered bread.

THE RIGHTS OF ALL

By DOUGLAS MALLOCH

THE world of all, and then our kind,
Our nation, then our state,
And then our town, for so we find
The good that makes us great.
The rights of all
We must recall,
And not a single race,
Our country love,
Yet thinking of
Each mortal in each place.

But, if the place consider just
Itself, the nation's own,
The hand will crumble into dust,
For none can stand alone.
If for a class
And not the mass
We legislate and plan,
Then gone the things
We tore from kings,
Then gone the rights of man.

Mankind must take a larger view
To prosper and progress,
For selfishness is nothing new,
And nothing men to bless.
The rights of all
We must recall,
Not for a few contrive,
The rights secure
Of rich and poor,
Or neither will survive.

HE BEAT MAC DONALD

THROUGH A Woman's Eyes

By JEAN NEWTON

ALL GOSSIPS SHOULD GO TO JAIL!

A FRENCH postman was sent to prison for six months for gossiping.

He had the pleasant little habit of reading postcards that went through his hands and then forgetting to keep to himself what he read. The courts decided that postmen are bound by the rules of "professional secrecy" with regard to mail entrusted to them, and must not talk about other people's secrets which they learn from the correspondence. So they made an example of this postman who gossiped and sent him to jail.

Was their anything special about the gossip which led to this rather radical procedure? Oh, no. It happened that his gossip led to a murder. But that's nothing special about gossip, which we all know leads every day to all sorts of tragedies.

The particular case which caused the gossiping postman to be sent to jail was that of a man in charge of a level crossing whom he kept informed of all that his wife wrote to her cousin in Paris. From one of the communications the level crossing tender found that she was keeping a rendezvous, and shot her dead. He was acquitted, but the gossip who had given him the information was sent to jail.

Without getting into any debate on the question of rendezvous with lovers near Paris, we are impelled to approve of sending the gossip to jail. The only criticism that comes to my mind is that the sentence was not long enough. And that apart from his professional responsibility as a postman; it is entirely on the crime of gossiping. For gossiping is a crime. It is always productive of harm, frequently of tragedy. And sending gossips to jail might help a bit in reducing the world's quota of ill.

Mother's Cook Book
FOR THE CHILDREN

WHEN the children refuse to eat when meal time comes, usually it is nothing to worry about. Just give them a fruit drink or an egg yolk beaten well and added to a glass of orange juice. A bit of honey for sweetening may add to its attractiveness, but usually the orange juice has sufficient sweetness to be very palatable.

In addition to being very appetizing the following will build healthy bones and teeth and add vitamins which stimulate appetite and digestion:

Orange Milk Foam.
Take six tablespoonfuls each of orange juice, milk and water, one teaspoon of honey and beat or shake well. Serve in a large glass at once. This is a good breakfast or luncheon drink. The addition of citrus fruit juices to milk promotes its digestion and adds to its palatability. Children who refuse milk when served alone will take it in this way. The addition of an egg yolk will make a real food drink. The use of honey is recommended as it is partly digested sugar and is for this reason easily assimilated.

Orange Baskets.
Cut off the tops of oranges and scoop out the fruit, leaving the shell clean. Cut the edge into points or scallops and fill the shells with the orange, a bit of chopped banana, canned pears or peaches when the fresh fruit is not obtainable. Top with:

Golden Salad Dressing.
Cook together in a double boiler, three-fourths of a cup each of lemon juice and sugar, and two well beaten eggs. Stir while cooking and remove as soon as the egg is cooked. Add whipped cream and serve for variety. This is a dressing especially well liked by children.

Salvation Army Kettles Boiling

The tinkling of bells and the appearance of the kettle and tripod upon the streets of the city, announce to the public the Salvation Army's desire to again meet the needs of the poor this Christmas time. A full program is being put forth in an effort to bring cheer to as many homes as possible. It is expected there will be 40 or 50 kettles, containing food, toys etc. distributed to as many needy families this Christmas time.

Workers of the Corps are busy this week in investigating cases where baskets are expected to be distributed and it will be appreciated if any one having a report worthy family to kindly report same to the Salvation Army during this coming week, so that sufficient time will be had to make proper investigation.

It should be remembered, however, that the funds raised on the annual campaign is only for its general relief work, etc. and does not cover this special Christmas effort, therefore, an opportunity is given at this time for every one to extend a helping hand to the needy families of Plymouth and surrounding community. Any one desiring to make a contribution to this fund may send their check directly to Captain B. Curtsie of the Salvation Army, or place it in the kettle on the street.

A very interesting program is being arranged by the Sunday school of the Corps comprising of Tableau, Pantomimes, readings and song. This will be presented in connection with a children's party at Christmas.

The Christmas basket distribution will take place at the hall on December 24th, and will contain everything that it takes to make a good Christmas dinner for a family.

New Charity Clinic For Needy Children

A group of twelve Wayne County chiropractors have organized the Children's Chiropractic Clinic, located at 2631 Woodward Avenue, Detroit, where sick and crippled children under sixteen years of age will be given Chiropractic care without cost to themselves, city, county or state.

These doctors are donating their services and financing this movement themselves in an earnest desire to give every underprivileged boy or girl the benefits available through the science of Chiropractic.

Dr. J. J. LaRue, who is Assistant Clinical Director, will receive applications from Dearborn and vicinity at his office at 13304 Michigan Avenue, Dearborn, Michigan.

New High Record At Postoffice

An all-time record was marked up Monday in the history of the Plymouth postoffice when the postal money order business exceeded that of any other day since the establishment of postoffice here nearly a hundred years ago.

Postmaster Giles states that the record exceeds that of the highest point previous by several thousands of dollars.

Flooded with additional work, the postoffice workers have requested that during the final days before Christmas, every one writing letters, cards or sending cards, use the greatest care in writing names and addresses. Already there is a stack of mail at the office that cannot be delivered because of poor addressing.

Escaped Here

In keeping with the tradition of claiming credit for work done by others, a news dispatch from Jackson bringing forth the statement that "the vigilance of a clerk in Jackson prison today was credited with the identification of Richard Smith, arrested in Detroit as an escaped convict."

Richard Smith, alias Robert Johnson, was arrested by Charles Thumme, captain of the Plymouth police force at the risk of his own life when Smith was found trying to rob the safe of the Plymouth Elevator company. So the arrest took place in Plymouth and not in Detroit.

Officer Thumme had been called to the elevator by Patrolman Greenley who had found the door of the place broken open. The officers figured that the man was still in the building and was hiding somewhere so a thorough search was started by Thumme while Greenley guarded the door.

Not discovered anywhere in the office, Thumme walked along some planking over the top of partitions in the coal sheds, using his flashlight to locate the fellow. The burglar was finally discovered in a corner of the coal sheds and if he had been armed, Thumme would never have had a chance of arresting him.

Chief Smith turned him over to the sheriff's office in Detroit and there it was discovered that he was an escaped convict at Jackson. "The clerk" at Jackson didn't make the discovery at all, because the prison had all of this information that was discovered in the sheriff's office at Detroit days before the prisoner was taken back to Jackson.

It seems that "big shot" officers hate to give credit to the police of smaller communities for any good work they might do.

Professional men receive their compensation from the individual in proportion to the earnings of the individual and in turn the professional men have to pay a larger fixed rent and their other living costs are proportionately increased. Russia is becoming air-minded and has one of the largest, if not the largest, aviation forces in the world.

Russia has abandoned the calendar and in its place is substituted a 5 day week, one day being a holiday and five days for work. The Russian work day consists of three shifts of seven hours each. The Russians are not allowed to have any religious meetings, but instead are taught that religion brings only harm, and sorrow to the people.

Dr. Fisher has a great fear for the harm which the Russian system may bring to the rest of the world. At the present time there are approximately 250,000 paid propagandists receiving the support of the Russian government teaching the principles of communism to the rest of the world. Their teachings are becoming apparent in a number of other countries and Fascism, and Hitlerism are two of the best examples of the growth of their teachings. In closing his remarks, Dr. Fisher cautioned his audience that the people of the United States and more especially the youth must abandon their carefree attitude and must develop a more determined desire to carry on and advance the higher type of life exemplified by the citizens of this country who love their history, appreciate the greatness of art and culture and recognize the existence of that something which is greater than the material body, and develops that hope which comes only through recognition that the life to come is greater than the stark materialism of the present day.

Plymouth Cagers Defeat Howell

Plymouth's basketball team defeated the Howell quintet in the opening game of the season Wednesday, December 4 in the high school auditorium. Wagenschütz and Schiffe tied for the honor of high point man with three field goals each and Reiner for Howell with one free shot and one field goal. The teams were slow in starting, both going better as the game progressed.

The first quarter opened with Ross fouling Kinsey who failed in his lone attempt but this loss was made up by Wagenschütz who sunk a long field goal. Prasil failed to make his free shot after Kinsey fouled him, but Reiner managed to gain two points in the form of a field goal. Fouls were called on both Gates and Williams but only one point resulted as Reiner failed to make his free shot. Ross succeeding Schiffe was unsuccessful in making a free shot.

Foley opened the second quarter by making a field goal and Williams failed to make a free throw. Egloff was substituted for Williams. Gates pushed Reiner, as a result Reiner made the free shot. Foley was then fouled by the unlucky Dave Gates and he failed to make the basket. Egloff sunk his free shot after Prasil fouled him. Wagenschütz sunk a field goal and Dave Gates ended his career for that game as he fouled Reiner who failed to make a basket out of two attempts. Egge was substituted for Gates and Gordon for Kinsey who after a few minutes of play sunk a field goal.

In the first minute of the third quarter Schiffe sunk a field goal and added another one to his list from the red line. Schiffe then fouled Prasil who made his free throw and then Coffin was substituted for him. Howell and Plymouth then made some changes as Schmidt went in for Prasil and Kinsey for Wagenschütz. Egloff sunk a field goal but failed to sink a free shot after being fouled by Ross.

In the fourth, Williams came back in and Willie was substituted for Gordon. Kinsey dribbled down the floor and hooked a pass to Egloff who sunk the ball for an additional two points. Williams fouled Schmidt who sunk both of his throws. On one play it was difficult to tell to

CENTRAL NOTES
 The kindergarteners are working on their Christmas program. They are learning the following songs: "Silent Night," "Away in the Manger," and "Why Do Bells at Christmas Ring." The kindergartens A began reading Monday. Miss Landon's 1 B's have been enjoying their penmanship lessons. They have just recently started doing their penmanship at their desks instead of at the board. Their room is very gay with Christmas decorations and they have drawn pictures of the things they would like Santa to bring them.

The pupils of Miss De Waele's room composed a new verse to one of their favorite songs.
 "The soft, white snow is falling
 How the winds do blow.
 Oo oo-they go.
 Oo oo-they go.
 Laughing in the snow."
 Nancy Gerst and Virgie Stanley received 100 per cent on third vocabulary test. They are busy planning their Christmas gifts for their parents.

The students of Miss Weatherhead's room are making Christmas decorations in art. Poppy's class began their Elson readers. Jacqueline Dalton and Ray Watkins are absent because of illness.

Mrs. Holiday's 6 B's are making African maps. They are making art booklets and booklets of the celebration of Christmas around the world.

The pupils of Miss Frantz's room have decorated their room for Christmas. They listened to the story of the First Christmas. They have learned three carols which they are memorizing.

The pupils of Mrs. Bird's room are working on their Christmas. They are learning "Oh, Little Town of Bethlehem."

Phillip Kisabeth and Phyllis Nichols, of Miss Detwiler's room, brought pictures to show during their discussion of the junior play. Richard Virgo made Santa Claus pictures for the back board. The girls are making Christmas gifts in sewing. Several children are practicing for the Christmas program.

The 4 A's of Miss Hornbeck's room are studying the interesting places in the plateau States—Yellowstone National Park, Great Salt Lake, and National Glacier Park. The 5 B's have now entered the country of Germany on their European journey. Interesting Christmas gifts are being made in art class.

PHS RESERVES WHIP HOWELL RESERVES

The referee's whistle blew and the first game of the year had commenced with the PHS Reserves entertaining the Howell Reserves and winning by the one sided score of 31 to 13. Wednesday, Nov. 6, at the Plymouth auditorium. G. Moe, a regular from last year's team, was the high scorer of the evening with fifteen points.

Smith of Howell opened the scoring by sinking a long shot. Delvo, Moe, and Innis missed foul shots. Pasinski made a basket, with Moe and Van Amburg following. Beets' foul shot was no good on account of stepping across the foul line.

At the start of the second period, Moe dribbled down the side and made a nice one-handed basket. Delvo followed with two baskets, and Breslian, who was fouled by Delvo, made the first foul shot of the evening. Moe made a foul shot, the second of the game and then made two baskets.

Innis and Moe both made baskets, while Smith made a foul shot. Moe jumped in the air and flipped another two points in.

Smith made a basket and a few minutes later missed a foul shot and a few seconds later Klein Schmidt, who replaced Delvo, also made one. The game ended with Plymouth 31 and Howell 13.

JUNIOR PLAY CUTS SHOWN IN ASSEMBLY

Presenting several brief scenes from the annual Junior Play, members of the class of 1937 entertained students of Plymouth high school at their assembly held Wednesday, December 4. Tags advertising the play were distributed.

The cast taking part was the one which presented the high school before the public on Thursday evening. Scenes included the startling resurrection of the supposedly defunct Mr. Finn, the proposal of Fred Raymond to Aunt Ruth, and the attempt by the elder Finn to force Huckleberry into transferring possession of his money. The entire presentation was received with enthusiasm.

PLYMOUTH TO HOLD FINAL LEAGUE DEBATE
 Having been uniformly successful in the Twin Valley Association debate competition, Plymouth high school's speakers will take part in their last league debate of the season in the high school auditorium, Thursday, December 19, at 7:30. This school will uphold the negative.

The school opposing Plymouth and supporting the affirmative will be Dearborn, the school now holding fourth place in the league. Plymouth holds first place, being undefeated upon either affirmative or negative.

Admission charged is fifteen cents. Holders of state general tickets will be admitted free. The question to be discussed is the proposal for a government munitions monopoly.

CLASS NOTES
 Miss Lovewell's ninth grade English classes are again giving five book reports a week until all are finished.
 Miss Smith's 9B general mathematics class has been studying positive and negative quantities, multiplication, division, subtraction, and addition of equations—also formulas, and temperature of centigrade and Fahrenheit thermometers.
 Dykhouse's commercial arithmetic class is making booklets for each marking period. They have been making out deposit slips, wrapping money such as pennies, nickels and dimes, and quarters and also making out budgets and studying about the stock market on Wall street.

ORPHEON QUARTETTE TO ENTERTAIN
 It is the pleasure of Plymouth high school students to hear the Orpheon Quartette, four outstanding vocalists of much professional radio and concert experience, Friday, December 13. In addition to the regular quartette numbers, solos with cello accompaniment and clever reading will be presented. The assembly is one of the many in the Northwest Assemblies School Assembly Programs.

REV. NORTON TELLS WHY TO BE THANKFUL ON THANKSGIVING

Rev. P. Ray Norton of the Methodist Church told the student body in a special Thanksgiving assembly that he was thankful for the fact that we can have free thought in a democratic nation. He pointed out that we often have misconceptions of what our Pilgrim Fathers were. Thankful that they were not giving thanks for their first year of prosperity for it was from such conditions that they had fled. Instead it was the freedom to worship god which they had established in this new nation that gratified them. It is this same right of freedom which Rev. Norton felt was cheering in our modern democracy. While expressing thanks for these rights, the speaker also deplored our lack of ambition to become slaves to popular editorialists. He drew illustrations from the life of Flavius Josephus, an early Jewish leader who apparently despised the Jewish people, but in the years to come proved to have shown better judgment than many of his contemporaries.

As an introduction to the Thanksgiving service, the girls' double quartette sang "Morning," "The Sleigh," and "A Thanksgiving Song."

Debaters Defeat Rival School

Winning the seventh decision league date of the season for Plymouth, this school's affirmative team was victorious over negative speakers representing Lincoln Park high school, Plymouth's closest rival in the Twin Valley competition in a contest held at Lincoln Park, December 5. Plymouth's debaters were Jewel Starkweather, Jack Sessions, and Tom Brock.

The question which has been discussed this year is the proposal for a government monopoly of munition manufacture. In the Lincoln Park debate Plymouth upheld this plan. Constructive speeches lasted eight minutes and rebuttals four.

Edward Mitchell, Jack Robinson, and Roderick McGathor composed Lincoln Park's team, Edward Mitchell speaking third in rebuttal. The judge of the contest was Mr. Skinner of Wayne University.

During the debate, Plymouth's team recommended a government monopoly of arms manufacture, pointing out defects in the present system of private manufacture and stating that these would be remedied by the proposed plan. Lincoln Park's negative speakers asserted that such a step was not desirable in view of the several points they presented.

Rendering his decision in favor of the affirmative, upheld by Plymouth, Mr. Skinner stated that in many respects the debate was close, and that although he was forced to decide that the affirmative team had done the better debating, the negative team had done excellent work. He believed that the negative had made an error in introducing one point which did not directly affect the subject under discussion, and around which the contest centered to some extent.

Previous to this debate, Lincoln Park had lost only one decision contest, and held second place in the league, but now ties with River Rouge for second. Having won every debate in which it participated so far, Plymouth easily held first place. Ypsilanti comes third, Dearborn fourth, and Ecorse fifth.

Plymouth has defeated Lincoln Park twice, Ypsilanti, twice, Ecorse twice, River Rouge once, and Dearborn once. The remaining debates being with the latter two schools. Unless Plymouth's record is suddenly reversed, this school will enter the state eliminations, which follow league contests.

PERSONAL MENTION

Tonight is Prom night, and many of the students are going to celebrate by attending parties held after the Prom. Among those who will be entertaining in their homes tonight are Mary Holdsworth, and George Statezini.

Mary Holdsworth has invited the following friends to her party: Jewel Starkweather and George Kenyon, Pat McKinnon and Tom Brock, Elizabeth Hege and David Gates, Elizabeth Whipple and Jack Kinsey, Astri Hege and Hal Horton, John Nash and Barbara Kinsey. The guests will play games and have refreshments.

George Statezini is having the following guests: Doreen Joyner of Kosekose Gardens, Aithea Shoemaker and Dick Miller, Agnes Redford of Wayne and Harry Shoemaker, Norma Coffin and Roy McAllister, Lucille Barnes of Redford and William Statezini, and Joyce Shoemaker and Bud Matts. They will all enjoy lunch, ping-pong, and dancing.

Miss Allen and Miss Cary attended the Detroit English Club Saturday at the Masonic Temple where they heard Carolyn Miller, Author of "Lamb in His Bosom." She discussed southern writers, defending realists like the author of Tobacco Road and romanticists like John Fox, Jr. She stated that the south is so rich and varied in its types it is fertile ground for the novelist.

Charlotte and Thelma Williams, Keith Van Amburg, and Kenneth Thumme visited Marian Van Amburg at the University Hospital in Ann Arbor Saturday. We are glad to be able to say that Marian is much better.

Helen Norgrove, Elizabeth Matthews, and Marion Shoebridge went into Detroit last Saturday. Betty Griffiths went to Detroit Sunday to visit one of her friends Jean Roche.

Jane Korb spent Saturday and Sunday with Mr. and Mrs. Harnes.

Miss Lovewell, Miss Smith, Miss Lundin, Miss Gray, and Miss Tyler attended the Boston Symphony concert Wednesday evening in Ann Arbor at Hill Auditorium. Pat McKinnon spent Saturday

Wins National Award Because Of Road Building Leadership

High Honor Comes To Edward N. Hines, For over Quarter of Century Road Official of Wayne County.

Residents of Plymouth and vicinity have more than an ordinary interest in the announcement which has just been made at the national convention of the American Association of Highway Officials at Miami, Florida, that Edward N. Hines of Wayne county had been presented the George S. Bartlett, 1935 award for outstanding work in American highway development.

EDWARD N. HINES

Not only is Mr. Hines well known in this part of Wayne county because of his long and efficient record as a county road official, but it was the father of Mrs. Hines who founded The Plymouth Mail nearly half a century ago.

This award is made annually, the recipient being chosen for "meritorious and exceptional service in the highway field" by the State Highway Officials group, the American Road Builders' Association and the National Research Council.

H. G. Shirley, Commissioner, Virginia Department of Highways made the presentation, pointing out that the award to Mr. Hines marked the first time the honor has gone to other than a state highway official or research engineer.

Mr. Hines works in highway development dates back to 1896 when, as head of Michigan division of the League of American

originated with Mr. Hines, who first used it on curves and on narrow bridges, and called it the "center-line safety stripe." It has since become universal in application.

4. The "belt finish" for concrete roads also had its origin in Wayne County. Like many other good things, it was discovered by accident. A heavy rain came up suddenly and pitted some freshly laid concrete. To protect the finish of the concrete, large canvases were placed on the road. After the rain these were dragged off, and it noticed that the surface was better looking than that which was customarily theretofore. So immediately they started to drag the canvas over all freshly laid concrete as a final finish.

5. Snow removal on highways was also an innovation that started in Wayne county. The suggestion was made by Mr. Hines and first applied in 1912.

6. The roadside beautification policy of the Wayne county road commission involved not merely tree planting and parking, but the removal of advertising signs and the limiting or entire removal of electric wires along the highways. On all main Wayne County roads now, the utilities are limited to two pole lines, one for high tension and one for low tension wires.

Wheelmen and vice president of the national organization, he began a campaign which resulted in passage of the County Road Law in 1893. When Wayne county came under the provisions of this law and the road commission formed, he was named a member of the commission. One of the other members was Henry Ford.

When the commission was formed there was not a mile of road or paved village street in Wayne County. Beginning with gravel highways in outlying districts, Mr. Hines in 1908 introduced concrete to highway building and the first mile of concrete highway in Woodward Avenue at the Six Mile Road. Today 14,000,000 square yards of concrete roadway are in service in the country much of it in roads from 40 to 90 feet in widths. This is more than 1200 miles of 20-foot concrete roads.

Later came the super-highway with two 20-foot or two-foot pavements with provisions for sidewalks and parkway, with right-of-ways up to 150 feet, such as that of Outer Drive. Here 36 miles of the 43-mile long outer boulevard are already constructed.

In addition to his innovation—development of the concrete road—Hines has to his credit a number of outstanding improvements in highway designs, construction and maintenance methods. A partial list of these follows:

1. He was the first to re-surface and widen an existing concrete road with concrete.
2. A 10 foot width as a minimum for each traffic lane was first standardized in Wayne county.
3. The idea of a white line marking off the traffic lanes was

Designs Two-Cycle Airplane Engine

WITH a long list of aeronautical engineering triumphs inscribed to his credit in the "Blue Book of Aviation," William J. Waterhouse of Culver City, Calif., airplane engineer, has announced that he has built and successfully tested a two-cycle gasoline engine. He said he has overcome difficulties encountered by other "alchemists" of aviation and that his engine is designed to deliver one working impulse per cylinder per revolution, whereas the four-cycle engine gives only one working impulse every other cylinder. The engine, as shown above, consists of an air-cooled cylinder, a removable head, an automatic type of valve, a trunk-type piston, a one-piece connecting-rod, a split-type crank-case, a propeller reduction gear, a positive type of supercharger, a simple carburetor, dual ignition, and a storage battery. Waterhouse said the engine may be used in airplanes, automobiles or for any work where gasoline engines are used.

The Kitchen Gazette

By Jean Allison

Sugar and Spice

"Sugar and spice, and every thing nice," that's what Christmas goodies are made of. And they make grand Christmas gifts. There's something very special about gifts you have made yourself. And when they taste as good as they look it's a triumph of a gift. Think of all the friends you know who are away from home, or live in tiny little apartments, and then give them a box of cookies and cakes you've made yourself. The very spirit of Christmas hovers over a kitchen when Christmas goodies are baking, fragrant with spices such as Three Wise Men brought the Child, and this spirit goes right along with the gift.

And, of course, there's the practical side to this kitchen-made gift situation—you miss all the frantic dashing about hunting for something for Aunt Mary who's eighty, and Ann, the busy business woman, and Mary and Bill, spending their first Christmas in their own home. Really now, what could make a better gift than a gay box of crisp, rich cookies, a tiny little individual fruit cake you can get pans for these at any ten cent store—in the center and candies tucked into the corners with maybe a jar of your favorite jelly or relish, just for good measure.

Leave the tops off your boxes and cover them with bright, Christmas cellophane, tie with a star-spangled ribbon and tuck a sprig of holly or a bit of spruce under the bow and you've a delectable looking and tasting gift. One that you'll be proud of and that will bring you oceans of real thanks.

Here are a few of my favorite Christmas recipes.

Date Bars

1 cup sugar
3 eggs
1 cup flour
1/2 lb. pitted dates
1/2 teaspoon baking powder
Pinch of salt
1 cup of chopped nuts

Beat egg yolks until light and lemon-colored, add sugar, then flour, salt and baking powder sifted together. Add floured dates and nuts, then stiffly beaten egg whites, pile in a greased baking pan and bake in a moderate oven, 350 degrees for 30 minutes. When nearly cold cut into squares. Makes 2 dozen squares.

Fen Cookies

1/2 cup shortening
1 1/2 cups brown sugar
1 egg
1/2 teaspoon salt
2 cups flour
1/2 teaspoon soda
1/2 cup chopped pecans

Cream shortening. Add sugar and blend well. Add whole egg and mix thoroughly. Sift flour, measure, add salt and soda, sift three times and add to the first mixture. Add chopped nuts. Shape into rolls and let stand in refrigerator until hard. Slice thin and top with a whole pecan. Bake in a moderate oven, 350 degrees for six to ten minutes. Makes about five dozen cookies. If you want to bake these as soon as they are mixed, form into tiny balls and flatten with a spatula. Makes grand, round cookies and there's no tiresome rolling.

Orange Cookies

2/3 cup shortening
1 1/3 cups sugar
2 eggs

Glaze Nuts

1 cup sugar
3/4 cup water
1/4 cup light corn syrup

Heat above ingredients slowly, stirring until sugar is completely dissolved, then cook without stirring until syrup becomes very brittle when tested in cold water. Remove syrup from fire and place over hot water. Drop a few nut meats into the syrup and remove one by one to a buttered slab or platter. When nuts have cooled they can be removed very easily and should be stored in an air-tight container, placing them in layers with waxed paper between the layers. Syrup makes enough to glaze six dozen pecans.

And you've probably dozens of recipes yourself that have been handed down in your family for years.

The hatching of brook trout eggs requires from 50 to 125 days; the hatching of bluegill eggs from two to six days.

FOOD SUGGESTIONS

A FRUIT cocktail

is liked by such a large majority of people that it is usually served as a beverage for a luncheon or dinner. Fresh fruit is always the favorite, but now that canned grapefruit is available in almost any market, it, with other canned fruits, makes a most tasty cocktail. A canned pear, peach, a bit of pineapple with some of the fruit juice will make a most delectable cocktail. Sometimes the addition of a fresh orange will add to the flavor, with a cherry or two for color.

Celery au Gratin.

Cut the celery into small bits and cook in boiling salted water until tender but not too soft. Drain and place in a baking dish with a rich white sauce, a layer of each and top with the celery, covered with a half-inch top of buttered crumbs. Bake in a hot oven until the crumbs are brown. Add grated cheese for a more nourishing dish, which, if a cupful of cheese is used, will do for a main dish at luncheon.

One of these chill days serve fried salt pork with cream gravy, baked potatoes and onions and apples broiled together in a small amount of sweet fat. If the apples are very tart add a little sugar which will also add to the flavor and color. Cook the onions until about half done before adding the apples sliced. Serve as a vegetable.

The daily serving of lettuce, green vegetables such as cabbage, endive or cooked spinach or chard is most important for the health of the family.

Dress the lettuce simply with hot bacon fat and a dash of vinegar or lemon juice, or melted butter, hot. If bacon is not liked, then the old-fashioned way of serving lettuce with just sugar and vinegar is one of which few ever tire.

D. A. R. Meeting Is Delightful One

Some fifty members and guests of the Sarah Ann Cochrane Chapter, Daughters of the American Revolution, fully realized their pleasant anticipations at a Christmas party held Monday evening, Dec. 9th at Greenmead, Northville, the lovely colonial home of Mr. and Mrs. Sherwin Hill.

After the members with their guests had assembled, Mrs. Carl Bryan of Northville, the Chapter's Regent, extended a greeting of welcome to the guests, with an especial word of welcome for the honored guests, Mr. and Mrs. Louis J. Flint of Detroit, the former the speaker of the evening and the latter Regent of Louisa St. Clair Chapter in behalf of whose 500 Daughters she brought a greeting.

As at every meeting of the Daughters the salute to the flag was offered under the leadership of the Chapter's Chaplain, Mrs. Donald Verkes of Northville. The flag saluted was the lovely silk one, once Miss Sarah Ann Cochrane's own.

Mrs. Sidney D. Strong, the program chairman, then presented Mrs. Sterling Eaton who sang two lovely songs, "To a Hilltop" by Ralph Cox and "Morning" by Oley Speaks. Mrs. Eaton was accompanied by Miss Reva Schrader of Northville. After the address of the evening, Mrs. Maxwell Moon and Mrs. William McAllister greatly pleased their audience with their singing of the Rosary and Barcarolle from the Tales of Hoffman. They were accompanied by Mrs. Gilbert Brown who also played the accompaniments for the several Christmas songs sung by all present.

Louis J. Flint of Detroit, executive secretary of the Citizens Committee of Detroit, a committee pledged to maintain the open shop American plan of employment for the protection and prosperity of our Detroit citizens, presented a most forceful and en-

lightening talk on "Rackets and Racketeers." He said protection of our homes from the petty racketeering to which we are submitting through ignorance or gullibility was a phase of home defense which men should ignore, or treat lightly. He described in considerable detail the various methods used by racketeers to extort money from reputable organizations whose sponsorship they are always eager to obtain for various money making schemes. The money always finds its way into the pocket of the promoter, and not into the organization's treasury. No wise organization will ever permit stranger to attempt the promotion of a pageant or other entertainment. It is liable to be a racket.

A Santa Claus may be found on every corner now, collecting not for some worthy cause, as he purports, but for himself very often.

Mr. Flint had numerous checks which business men had written to aid churches and ministers, all of which had been caused by beer garden owners, or in other places far removed from church influence. Another racket is to pose as the son of a college classmate who lives in California, or some remote place, obtaining the loan of \$50.00 because he has had his pockets picked, telegraphing the absent father for \$200.00 from which the loan will immediately be returned.

You die, but even then your family is preyed upon by a racketeer presenting some article of merchandise he claims you bargained for.

The so called "Puff Sheet" letters appeals to the gullibility of some business men and politicians especially. A very flattering write up to be published in some paper, exports a goodly sum from the unsuspecting victims even the government pays racketeers.

A milk racket was uncovered recently in Detroit. Women were persuaded to sell tickets for milk at a reduced price. The money was collected, but no milk was distributed. Some six hundred rackets are tried on the gullible in Detroit every year, and discovered by this committee.

Mr. Flint urged all his hearers to report every suspicious solicitor of whatever nature to the police at once. These vampires who prey upon society begin in a small way, but always the desire for easy money increases, and if not stopped in their careers, they become society's public enemy No. 1, the kidnapers and murderers. Let them see the error of their way early, urged the speaker Mr. Flint broadcasts his warnings over WJR at ten o'clock Saturday nights. Let us listen and take warnings.

The remainder of the evening was spent in social enjoyment. A delicious buffet luncheon being served by the committee. The two former Regents, Mrs. Frederick Lendrum of Farmington and Mrs. Dwight Randall of Detroit, poured.

The guests departed with a feeling of deep appreciation to their gracious host and hostess who had made such an enjoyable evening possible.

The next regular meeting will be Monday afternoon, Dec. 16 at the home of Mrs. Robert H. Reck in Plymouth.

How is it possible to expect that mankind will take advice, when they will not so much as take warning. — Swift.

Salem Youth Marries At Waukeegan, Ill.

The marriage of Miss Marian Drewvour, daughter of Mr. and Mrs. Ernest J. Drewvour of Detroit and Meredith Kahler, son of Mr. and Mrs. W. A. DISHS THAT ARE DIFFERENT

A CREAM puff pastry is very simple to make, but the baking is the test of its perfection.

Bagdad Cream Puffs.

Heat together one cupful of boiling water and one-third cupful of corn oil. When boiling add altogether three-fourths of a cupful of flour mixed with one and one-half tablespoonfuls of cornstarch and one-half teaspoonful of salt, all well sifted together. Stir and mix vigorously until the mixture leaves the sides of the pan. Cool and add one at a time three eggs, heating well after the addition of each; now add one teaspoonful of baking powder and beat well and drop by spoonfuls on a baking sheet, shaping into circular form. Bake from 35 to 45 minutes, depending upon the size of the puff. Cut out with a sharp knife near the bottom of the puff, remove any doughy center and fill with the following:

Cut one-half a package of dates and one cupful of marshmallows with the scissors. Dip the scissors into water to keep the marshmallows from sticking. Chop one-half cupful of nutmeats, add one cupful of cream beaten until stiff, add a pinch of salt and a flavoring of vanilla. This amount will make one dozen large puffs.

Irish Kisses.
To one-half cupful of peanut butter add one-half cupful of dates, three-fourths of a cupful of powdered sugar and two unbeaten egg whites. Mix and beat until they are thoroughly blended. Drop by spoonfuls on buttered baking sheet and bake 15 minutes. This makes 18 kisses.

Church News

ST. PETER'S EV. LUTHERAN CHURCH
Edgar Hoenecke, Pastor
400th Anniversary of the English Bible will be commemorated in a special service Sunday at 10:30 a. m.—The message imparted to the English-speaking peoples the world over by means of the Good Book (rendered into English by William Tyndale in 1535, are incalculable. That fact will hardly be contested. But the future of that Bible is in jeopardy. for the Good Book has almost become a museum piece, ensconced high on our shelves and in our traditional esteem, but actually discarded and ruthlessly denied by our free-thinking age and by our great non-church-going, non-Bible-reading and non-God-fearing generation.

The solution for the churchlessness and Godlessness of our land lies not in great church combines, with an attendant eradication and leveling off of all denominational differences, recent experience with the 18th amendment has demonstrated the futility and dismal failure and ruin resulting from an attempt to convert or to elevate a nation by legislation—the solution lies rather in a candid inventory of each individual of his debts and credits with his God, a sober return of the individual to a studious contemplation of the revelation of God's plan of help for sinners, as portrayed in the Holy Bible, and a simple, faithful reliance upon and bold, daily confession of the eternal Truth of our Salvation in Christ on the part of each individual sinner. That will fill our empty pews with people and our people with fear and love for God and man as it should be according to God's will.

Attend the Anniversary Service next Sunday; bring a friend, a relative or a neighbor. The message is intended for you; it may be of life and death importance to you, or do you, with Macbeth, hope to "jump the life to come?"
The Mission Society will meet Wednesday at 2:00 P. M.
The Men's Club will meet Wednesday at 8:00 p. m. A new idea in entertainment, come and hear.
The Children's Christmas Program will be given Christmas Eve, the 24th, at 7:00 p. m.
Christmas services in English and German; 10:30 and 9:30.

The Story of the Bible Told in Pictures

Jesus Crowned With Thorns.—"And the soldiers platted a crown of thorns, and put it on His head, and they put on Him a purple robe, and said, Hail, King of the Jews! and they smote Him with their hands."—John 19: 2-3. "And when they had platted a crown of thorns, they put it upon His head, and a reed in His right hand; and they bowed the knee before Him, and mocked Him, saying, Hail, King of the Jews! And they spit upon Him, and took the reed, and smote Him on the head."—Matt. 27: 29-30. This illustration is from Merian's story of the Bible in pictures, engraved in 1625-1630.

SALEM FEDERATED CHURCH
Our pastor plans to bring a gospel message on "The First Christmas Songs," December 15 at 10:30 a. m.
Bible school, 11:45 a. m. "Ezra Teaching the Law of God." Read the seventh chapter of Ezra and the eighth chapter of Nehemiah. Memory verse: "Thy word have I hid in my heart." Psalm 119:11. The evening service will be conducted by a group of young people from the Open Door Baptist church of Plymouth. There will be a special number by the Lewis family. Come and enjoy this service with us.

This will remind you of the Christmas rehearsal to be held on Saturday at 2 o'clock.
FIRST CHURCH OF CHRIST SCIENTIST
Cor. Main and Dodge Sts.
Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of twenty years.
Wednesday evening testimony service, 8:00.
"God the Preserver of Man" will be the subject of the Lesson Sermon in all Christian Science Churches throughout the world on Sunday, December 15.

Among the Bible citations in this passage (Prov. 18:10): "The name of the Lord is a strong tower; the righteous runneth into it, and is safe."
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following: p. 142: "Truth is God's remedy for error of every kind, and Truth destroys only what is untrue. Hence the fact that, today, as yesterday, Christ casts out evils and heals the sick."

FIRST BAPTIST CHURCH
Loyal Lutheran, Minister.
Are you willing to stoop down and consider the needs and the desires of little children; to remember the weakness and loneliness of people who are growing old; to stop asking how much your friends love you, and to ask yourself whether you love them enough; to bear in mind the things that other people have to bear on their hearts; to trim your lamp so that it will give more light and less smoke, and to carry it in front so that your shadow will fall behind you; to make a grave for your ugly thoughts, and a garden for your kindly feelings, with the open gate—are you willing to do these things even for a day? Then you can keep Christmas!—Henry Van Dyke.

10:00 Morning Worship, Sermon subject, "A Beatitude for Christmas."
11:15—Bible School.
6:00 Meeting of the BYPU. New visions, new plans and new days brought from the East. Convention. Did you hear the report last Sunday night? It was splendid.
7:00—The Christmas Story in Scripture and Song. Choirs will bring a part of our Christmas music at this service. The scripture given by candle light. You will have a chance to sing with us those loved old hymns of long ago.
Next Tuesday night The Loyal Daughters will hold their Christmas party at the home of Mrs.

Harry A. Blessing, 766 York St. Bring along a ten cent gift.
This church will present its Annual Christmas service on the evening of Sunday the 22nd. It will be a great night of music, pageantry and pictures. The full program will appear next week.

CALVARY BAPTIST CHURCH
Richard W. Neale, Pastor
You are invited to share our fellowship at all of our services. This Sunday at 10 a. m. the pastor preaches on "Man, Woman, and Marriage, in the Light of the Bible." This is a message explaining Genesis, chapter 2, verses 18 to 24. Is there any connection between the fact that many pulpits preach little of the Scriptures and the awful reality that thousands of unhappy marriages and broken homes exist in the United States today? Hear this message if you covet God's best for your home.
At 7:30 Sunday evening the pastor plans to preach on "One Shall Be Taken and the Other Left." Luke, Chapter 17, gives the background for this message on the second coming of the Lord Jesus Christ. If you're not ready to meet Him, hear this message which combines warning, hope and instruction from God's Word.

The church meets for prayer on Wednesday evenings at 7:30. The Young People's Fellowship meets each Friday at 7:30 p. m. with a Christ-centered program, and a welcome to all.
Eight of our young people have been selected to present a Gospel program in Salem this Sunday evening. Those on the program are: Harriet Mattinson, William Williams, Ella Kainz, Arvid Burden, Catherine Compton, Evelyn Halliwell, Ethel Heimer and Geo. Montagne.

Miss Virginia Finch of Highland Park will be a guest on our Sunday programs this week.
Sunday school classes for all convene at 11:15 each Lord's Day. Bring your Bible and your friends.
Visit a friendly Bible church where Christ is preached. Come to Calvary! 455 South Main street. They can because they think they can.—Vergil.

SALEM CONGREGATIONAL CHURCH
Lucia M. Stroh, Minister.
Thursday of this week, the Ladies' Auxiliary Society will meet in the home of Mr. and Mrs. Walter Kahler, here in Salem; for cooperative dinner at noon. The annual business meeting, with reading of reports and election of officers will take place in the afternoon. All members are invited.
Practice Thursday evening in the church, for all those participating in the Christmas pageant and program. This includes the committees too, besides the choir and Sunday school scholars. Another practice on Saturday afternoon, at 1:30 p. m.
Service next Sunday, 10:30 a. m. the pastor will bring a stirring message suitable for our times. A sermon of hope, good will, of the blessed Christmas season.
Sunday school follows this service at 11:45 a. m. A full staff of teachers will be present to conduct the classes. Come and bring the children.

The Glory of the Lord, shone round about them, and they were sore afraid. The angel said unto them: Fear not, for behold, I bring you good tidings of great joy! Luke 2:9-10.

FIRST PRESBYTERIAN CHURCH
Walter Nichol, Pastor
10 a. m. Worship, 11:30 a. m. Sunday school, 6:30 p. m. Young People.
Everyone is invited to the service at 7:30 p. m. next Sunday evening. It is under the direction of the Young People's Society. A group of young people will conduct a candle lighting worship service following which an address will be given by Walter L. Jenkins, field representative for Young Peoples Work in the Synod of Michigan.
The Ready Service class will meet at the home of Mrs. Willis, 413 Maple on Tuesday, Dec. 17. Cooperative dinner will be served at noon. The committee in charge is Mrs. Willis and Mrs. Mack. This is the Christmas party of the class and each member is asked to bring a gift not to exceed ten cents in value.
The Mission Study class will

hold the Christmas meeting on Tuesday evening, Dec. 17th, at the home of Mrs. Wall, 228 Joy street. The committee in charge will prepare a supper for which the class members will be charged. The supper will be served at 6:30 p. m. The members will exchange ten cent gifts.
The Beginners and Primary Departments of the Sunday School will have a Christmas entertainment on Saturday, Dec. 21st at 2:30 p. m. with a tree, Santa Claus and lots of fun. All interested parents and friends are invited. The junior department is planning a Christmas tree entertainment for Monday evening, Dec. 23rd. Other classes will meet separately.

Church Choir Reorganizes

Sunday morning, Mrs. Edna O'Connor will again preside at the organ in the Methodist church, and direct the choir. Mrs. O'Connor has had unusual success in the direction of the Methodist choir in the past, as she has also had recently in the Presbyterian choir in Northville. The Methodist church of Plymouth is looking forward to enjoying the very best in the way of music under her efficient direction. New music is to be purchased and Mrs. O'Connor is extending invitations to join the choir to several new voices. Though the time is short, special Christmas music is being prepared for the church service, and a special midnight service is planned for Christmas eve. This will take the form of a Christmas cantata followed by the Holy Communion. The wealth of modern hymns in the new Methodist hymnal will now be rapidly learned by the congregation and other rich aids to worship found in this volume will become available. The Methodists are looking forward with increasing expectancy to a growing service of worship.

These Men May Make Starhemberg a King

HERE in Vienna are members of the Heimwehr, the private army of Prince Ernst von Starhemberg, vice chancellor of Austria, which is planning to elevate him to the rank of regent of the country and later to proclaim him king. They believe the establishment of a Starhemberg royal dynasty preferable to the restoration of the Hapsburgs in the person of Archduke Otto, as the latter action would be strongly opposed by the little Austria and some of the great powers.

THROUGH A **Woman's Eyes**

By JEAN NEWTON

MUST WE BE FEEBLE-MINDED TO BE HAPPY?

"THE happiest persons I have seen recently were inmates of a home for the feeble-minded. Aside from the mentally unbalanced, happiness seems to be the rule."

"That is a statement made by a well-known minister in a published speech which one of our readers sends to us. It has inspired thought in our reader, for she says: "If the feeble-minded are really 'happy' is it because they do not have the capacity for suffering that we do? But do you really believe that happiness lies in just not suffering? Is it a sound viewpoint that it is better to go without the enjoyment of a keen life and be too stupid to suffer than to share in both the enjoyment and the pain of every full life?"

I think we will agree that "happiness" at the cost of being feeble-minded is too expensive! Also, that it would not be unreasonable to question the sanity of a man who announces from the pulpit that he has seen happiness only in homes for the feeble-minded.

Most of us will be glad to say that we have even a good deal of happiness outside of gatherings of unfortunates.

Happiness is such a relative term. To some people it means having everything they want; and of course they are never happy. To some it means seeing the good there is in everything and everybody, and to them everything is good, and they are always happy. To some there is happiness in making others happy—and they are pretty sure to be happy. To some there is happiness in having something to strive for, and as long as they have that, they are happy. Just one idea of happiness is a mistake. That is the idea that if we had no troubles we should be happy. For trouble, too, is a relative term. And if there is one thing that trouble does for us, it gives us a keener appreciation of life's joys and therefore a greater capacity for happiness.

High Honors For Wm. Malcomson

Special honors recently came to William G. Malcomson of Detroit, who planned the village hall and fire station for Plymouth when it was constructed years ago, when the Michigan Society of Architects gave a banquet in his honor.

Mr. Malcomson, who has always retained his Plymouth friendships, was a recent visitor to Plymouth and looked over the city hall he designed many years ago.

The Bulletin of the organization published a complete report of the event, which follows in part.

William G. Malcomson one of the oldest active members of the architectural profession in Michigan was honor guest at a dinner given by the Michigan Society of Architects and The Detroit Chapter of The American Institute of Architects at Hotel Statler recently.

In recognition of his distinguished career in the practice of architecture Mr. Malcomson was presented with a scroll beautifully lettered by Mr. Ralph Calder and bearing the signature of those present at the dinner. Mr. Malcomson was born on April 7, 1853.

Mr. C. W. Ditchy acted as toastmaster. In his opening remarks, he said:

"I rise to the salute of Youth, Inc.

"I do not know who invented this title but of this I am certain that no one can more fittingly assume it than our honored guest.

"As President of the Michigan Society of Architects, no more pleasant task has ever been assigned me and yet none could be more difficult. For this is an occasion which demands dignity, formality, and poise. To assume an attitude toward one who has so stubbornly refused to be his age, presents indeed a baffling situation.

"I prefer to think of this more as a family gathering where one of the family, on behalf of the others, lays a gentle hand upon your shoulder, and in the gesture, conveys the wealth of appreciation and affection which we hold for you.

"And appropriately enough, the Michigan Society of Architects is your family. You were there in 1914 at its travail and its birth. You guided it in its first faltering footsteps. You were its second President in 1916 and 1917. And

New Books Now At The Library

The Plymouth Library now offers to its readers the following new non-fiction books of varied interest:

"Deliver us from Dictators" by R. C. Brooks. It is about the most satisfying and coherent defense of democracy which has appeared in a good while.

"Greenwich Village," by C. F. Ware. Miss Ware has succeeded in lightly veiling statistics and facts in a sprightly prose which the fireside and garden reader, as well as the student of sociology, will find enjoyable.

"Boss Rule," by John T. Salter. These are studies in Philadelphia politics, but they might as well have been written of New York or Boston. Chicago or San Francisco. Mr. Salter has discovered, as Lincoln Steffens discovered long ago, that the bosses are likely to be more human and likeable folks than the reformers.

"Older People," by Hector Brolitho. A pleasantly readable chronicle entwined with vivid pen pictures of numerous well-known personalities.

"Death in the Desert," by Paul Wellman. It belongs in the library of all those interested in the story of American expansion and the resultant conflict with the Indian.

"Roots of Crime," by Franz Alexander. This volume contains extensive psycho-analytical case studies of seven criminals and brief studies of four others. The author's purpose was to study the part played by personality in the development of criminal tendencies.

"The American Talleyrand," by Holmes M. Alexander. Biography of the eighth president of the United States, in which the author presents his subject in an unsympathetic light, laying at his door the beginnings of many of the corrupt practices which have since afflicted American political life. It is a strange world of intrigue and counter intrigue to which Mr. Alexander introduces

John Morley said of Gladstone, so it may be said of W. G. Malcomson. "He is a great Christian."

Golden Wedding Is Celebrated

Former Plymouth Folks Observe Event In California

The golden wedding anniversary celebration of Mr. and Mrs. Charles Armstrong, former residents of Plymouth, which took place recently at El Monte, California, where they now reside, proved to be a re-union for many former Plymouth people who are now sons and daughters of the golden west.

Among the former Plymouth residents attending were Mr. and Mrs. William Geiger, Lester Van DeCar and family, Mr. and Mrs. Emil Keifer, Mr. and Mrs. Chas. Shattuck, all of Glendale, California, Mr. and Mrs. Kellenberger of Burbank, and Mrs. O. M. Southworth of Venice, California. Mrs. Kellenberger was formerly Helen VanDeCar of Plymouth and Mrs.

Keifer was formerly Leone Shattuck of this city. Mrs. Southworth will be remembered here as Mrs. E. L. Riggs.

The Armstrongs will be remembered as prominent residents of Newburg and vicinity and for many years were most active in Eastern Star work in Plymouth.

The following account of the golden wedding celebration was taken from the El Monte Herald.

More than 150 persons joined with Mr. and Mrs. Charles Armstrong on Tuesday, November 25, in celebrating their fiftieth or "Golden Wedding" anniversary at their home at 441 Lexington avenue.

Gracious, active, mentally alert, and full of the spirit of youth, Mr. and Mrs. Armstrong personally received their guests throughout the afternoon and evening. The hostess was attractively attired in a gown of gold-colored eyelette embroidery, with which she wore a corsage of Talisman roses.

The home was beautifully decorated with a profusion of golden chrysanthemums, and the table was adorned by golden leaves and flowers and centered

by a three-tiered wedding cake surmounted by miniature figures of a bride and bridegroom. This cake was only one of the 19 which the hostess served to her guests.

Many beautiful gifts and scores of cards were received by Mr. and Mrs. Armstrong to commemorate the occasion.

Mr. and Mrs. Armstrong have resided in California for the past 25 years and in El Monte for more than four years. During that time they have made a wide circle of friends here.

They are active members of the Alhambra chapter of the Eastern Star, No. 193, and have been affiliated with that order ever since they came to California in 1910. Their son, Roy Armstrong, is worthy patron of the lodge. A large number of the members of the chapter came over to the Armstrong home to felicitate their hosts upon the occasion, bringing with them a chest of money, in lieu of gold pieces, which they, of course, were unable to obtain.

Millie Harrington, daughter of Mr. and Mrs. N. M. Harrington of Plymouth, Michigan, became the bride of Charles H. Armstrong, farmer of that community, on November 25, 1885. They resided on the 150-acre farm of the bridegroom for many years. Mr. and Mrs. Armstrong laughingly recall the culinary problems which confronted the young bride who had never lived on a farm before her marriage.

Another America's Cup Challenger

A NOTHER British challenge for the America's cup has been received in New York from Charles H. Fairry, airplane builder and owner of Shamrock V. He asks for a series of races either next year or in 1937. Mr. Fairry is here shown with his wife in their London home.

old-fashioned bonnet of grey crepe paper, trimmed in ribbons of blue Mrs. Armstrong was escorted by her son while Mrs. Roy Armstrong walked with Mr. Armstrong.

An elaborate repast was served at a table beautifully decorated with gold leaves, with gold filigree nut cups at each place, and the same color incorporated in the menu.

Mr. and Mrs. Armstrong were presented with a beautiful wedding cake on which were their given names and the numerals "1885-1935." Mrs. Armstrong made a graceful response in appreciation.

Mr. and Mrs. Armstrong keep up their comfortable home with its large yard by themselves. Mrs. Armstrong also finds time to do considerable knitting and needlework, and attends the art class at El Monte Evening High school. She was an artist many years ago, and finds pleasure in keeping up her painting.

Members of the class came in a body to the reception Monday evening, bringing with them a beautiful gift.

Pumping Out the Sea
The usual way of reclaiming land in Holland—about one-third of the country's area would be under water if there were no dikes or dunes—is to enclose a marshy region with dikes and pump out the water. As a result canals must often be higher than the land they drain, so that from a boat one may look down and see people cycling and walking along roads and paths by the waterway.

THINGS THAT ARE NEW

WE ALWAYS enjoy hearing or reading of something new in the art of entertaining, especially if it is food. Everybody likes to eat, and the better the food is the better we like it.

Curried Eggs
Cook six eggs until firm and the yolk nearly hard. The method has been given so many times, yet here it is again: For every egg provide one pint of boiling water, drop in the egg—they should be of the room temperature. If not add a larger proportion of water—cover closely and keep on the back of the range for thirty minutes, when the eggs will be well cooked but tender. Mix three tablespoonsful of salad oil, the same of flour, one teaspoonful of salt, one teaspoonful of curry powder, one-fourth of a teaspoonful of paprika and when well blended add two cupsful of milk and cook all together in a double boiler for twenty minutes. Cook and serve the eggs, cut into halves, with the sauce poured over it. Serve on toast.

Jiffy Frosting.
Take one cupful of sugar, three tablespoonsful of water, one tablespoonful of dark corn syrup, one egg white unbeaten and one teaspoonful of flavoring. Place all the ingredients in a double boiler over rapidly boiling water. Beat for eight minutes, then add the flavoring. Remove and beat more, then spread on the cake.

Oriental Peach Slices.
Place large, perfect halves of peach in cup-shaped lettuce leaves. Fill the cavities with chopped dates, pecan meats, one-fourth of a cupful of preserved ginger, all finely chopped and mixed. Add the ginger syrup to moisten, make into balls and arrange in the peaches. Serve with mayonnaise dressing.

Western Newspaper Union.

"The honeymoon is over," says newlywed Nan, "when your husband starts reading the sports pages again."

Date Back Centuries
"Millstone" coins or those with holes in the middle rank with knife and spade coins as the oldest in existence from ancient Chinese times. The oldest known money from China dates from the Seventh century before Christ, the same date set for the oldest existing Greek money. Chinese writers, however, refer to money as far back as 2000 B. C.

When making mush to be fried use a little milk with the water and it will brown quicker.

Christmas Seal Pays Tribute to U. S. Mail Service

THE 1935 tuberculosis Christmas seal pays tribute to the United States mails and the part the post-office has played in the fight against tuberculosis in this country. Miss Marion Cook and Miss Louise Collins, cooks at Michigan State College, are shown here as they examine one of the attractive Christmas seal posters with Claude E. Cady, postmaster at Lansing.

upon to purchase 2,000,000 more seals than in 1934. In all, 12,000,000 seals have been sent out from the Lansing offices of the Association. All activities of the organization are financed solely by Christmas seal pennies.

Will Rogers Medal Goes to His Widow
This "Spirit of St. Louis" aeronautical medal, voted to the late Will Rogers by the American Society of Mechanical Engineers before his death, was accepted by James H. Doollittle, noted flyer, and delivered by him to Mrs. Rogers at Santa Monica, Calif.

THROUGH A Woman's Eyes

ON THE USES OF A TRUTH SERUM
A WOMAN under the anesthetic which we call "twilight sleep" had just given birth to a baby. The doctor wanted to weigh the baby and asked for the scales. Nobody knew where they were. Suddenly the mother, still "asleep," spoke up and said, "They are in the kitchen on the hall behind the picture!"

Think what it would mean to a girl to be able to put her suitors to sleep with the truth serum. She would soon know just what it is they like about their true opinion of her mother—and any reservations they may have on the rights of husbands. Think, later, of the advantage of a wife who can give her husband a whiff of the truth serum before he goes to sleep.

And the social possibilities of the truth serum are positively enormous. Imagine being able to use it on your friends. How much time we should save in finding out the real ones.

To me this is one of the most promising of modern scientific discoveries. It behooves us all to make preparations for the time when we shall all have to submit to the truth serum.
