

City Ordinance Aimed At Rabies To Be Enforced

Dogs Must Be Kept On Leash Or Off The Streets

Attention of Plymouth residents is being called to the ordinance which states that all dogs must be shut up or on a leash during the months of July and August.

The police department reports that already four dogs have bitten children in the city. These dogs are being kept under observation for 10 days to see whether there is any development of rabies. The authorities have expressed the hope that dog owners will co-operate with them by obeying the ordinance so that no enforcement measures will be necessary.

Those sections of the dog ordinance which apply to this particular ruling read as follows:

"Section 7. No person owning, possessing, or harboring any dog shall permit the same to run at large without a substantial collar of leather, or other durable material to which shall be securely attached the license tag above required. Provided that during the months of July and August of each year, no such person shall permit any dog in any streets, alleys, commons, or other open or public spaces of the City, unless the dog is securely held by leash. (Amended Dec. 3, 1934.)

"Section 8. No person shall harbor or keep any dog, which, by loud or frequent or habitual barking, yelping, or howling, shall cause serious annoyance to the neighborhood or to people passing to and from upon the streets. No owner of or person harboring or keeping a fierce or vicious dog or dog that annoys people passing to and from upon the public streets or other public places by barking, chasing, or biting them or following them in a threatening manner, shall suffer the same to run at large at any time within the City Limits. Running at large, as used in this ordinance shall be construed to include a dog on private premises not enclosed so as to prevent such dog from entering upon a street or other public place. Any person allowing any dog habitually to remain and be lodged or fed within his or her house, store, building, inclosure, or premises shall be considered as harboring or keeping the same within the meaning of the ordinance."

Highway Crews Fight Insects

Four high-pressure sprayers, capable of spraying the tops of the tallest trees, are being operated on state trunk line roads under the direction of Murray Wagner, state highway commissioner, to prevent damage to roadside trees from insect pests.

According to E. C. Eckert, forester for the district office of the highway department, which is located in Plymouth, 60,000 gallons of spray solution will be used on highway trees in the Plymouth district during the next four weeks as this "battle of bugs" is fought to the finish with the bugs "going down for the count." Insect pests have been reported ravaging forest areas in various sections of the state, and crews of the highway department are working 15 hours a day and sometimes seven days a week. Ten counties have already been completely treated and the remaining calls for spraying trees in 42 counties comprising the southern four districts, of which Plymouth is one.

The spray solution used is arsenate of lead and water, with another chemical added to make the insecticide stick to the trees and remain effective for the remainder of the summer. This solution is not injurious to livestock. Mr. Eckert states. The present campaign is being concentrated on butternut walnut and hickory trees. The insects usually attacked by the forest tent caterpillar, but Commissioner Wagner has instructed foresters to examine other trees along the right-of-way and mark those being damaged by other types of worms for treatment next spring.

Leather work was also begun by a number of girls who are engaged in making change purses. The smaller children cut out ducks from paper, colored them with crayons, pinned them on corks and floated them in a large tub. They also cut out and arranged water lilies in the same manner.

The first of the summer tournaments will be a horseshoe pitching contest for senior girls and women, to be held at the Central playground starting Monday, July 13. All girls and women interested are urged to sign up for the tournament before that time.

Tomorrow marks the one hundred and sixtieth anniversary of the signing of the American Declaration of Independence.

In this day when propaganda and demagoguery make it difficult for true patriots to know good from bad in matters of government, too much stress cannot be laid upon the ideals which our forefathers incorporated into that most historic document by which they severed their connections from the old world and set out to build the new. They made their mistakes, yes, and unfortunately the true meaning of Independence Day has, down through the years, too often been lost in a chaos of fire crackers and political speeches. However, through the kaleidoscopic changes of the past century and a half, during which time the United States passed from the pioneer era through vast industrial, political, educational and social changes to the intricate set-up of the twentieth century, the fundamental principles of Declaration have continued to be the fundamental principles of all real Americans:

"When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinion of mankind requires that they should declare the causes which impel them to the separation.

"We hold these truths to be self-evident; that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty and the pursuit of happiness. That to secure these rights governments are instituted among men, deriving their just powers from the consent of the governed; that whenever any form of government becomes destructive to these ends, it is the right of the people to alter or abolish it, and to institute new government, laying its foundation on such principles, and organizing its powers in such form as to them shall seem most likely to effect their safety and happiness."

In paying tribute to the men who laid the foundations of our nation, let us not forget that we also are helping to build it.

Her description of the quaint old buildings where noted people of bygone days and lived and died, was supplemented by pictures.

Although this meeting was expected to be the last one before vacation, it was decided to have one more to hear the report of the national W. C. T. U. convention in Tulsa, Oklahoma, June 12. This report will be given by the Michigan state treasurer, Mrs. Clara Patterson-Todd, who attended the convention. Injuries Fatal To Harmon Smith On Monday Morning

Local Man Dies After Crash At Beck And Ten Mile Roads

Harmon Smith, well-known Plymouth resident, died Monday morning in University Hospital, Ann Arbor, about an hour and a half after he was injured in an automobile accident at Beck and Ten-Mile roads. He was on his way to his farm near Wixom and apparently did not see a truck approaching on Ten-Mile road as he crossed the intersection.

The truck crashed into the Smith car, and Mr. Smith was taken from the wreckage unconscious. He was rushed to the hospital for emergency treatment, but died shortly thereafter.

Funeral services were held at 2 o'clock Thursday afternoon, at the residence on Penniman avenue, and interment was in the mausoleum in Riverside cemetery. Rev. Walter Nichol conducted the services.

Mr. Smith was born August 7, 1864, in Livonia township and lived in this vicinity all his life. His grandfather, William Smith, took up large tracts of land around what is now Newburg, much of which is still in possession of the family, his father, John Smith lived on the same farm, and Mr. Smith was married March 6, 1890 on a farm which is now incorporated in Rosedale Gardens. His wife was formerly Miss Margaret Ratenbury, also a member of one of Plymouth's pioneer families.

At one time Mr. Smith started a cheese factory and expanded his business until he had five in this section. Gov. Fred Warner of Farmington was then in the same business, and the two men produced more cheese than all other two in the state of Michigan. Mr. Smith once owned what was recognized as the finest herd of Holstein cows in the state.

In 1902 he joined the Masonic lodge in Plymouth and has been active in the lodge work as well as in the work of the Presbyterian church, of which he was a trustee. A few years ago he retired from farming and came to Plymouth to build the home on Penniman avenue, where he was living at the time of his death. He was well known and well liked by many in and around Plymouth, and admired for his cheerful, generous character.

Surviving are the widow, a son, Vaughn R., who is chief of the Plymouth police department, a daughter, Helen S. Goodman; a sister, Mrs. Charles Barnes of Lansing, and one grandchild, Marion Goodman.

Mrs. Gladys Whipple presided as toastmistress and Rev. Fred Lewis led the group in prayer after which the Misses Katherine and Ruth Pennell sang a duet, accompanied by Mrs. Lyke. Rev. Lewis gave a short talk, concluding with a poem by Anne Campbell. On their twenty-fifth wedding day, Mrs. Nina Means recited a poem, "Is Marriage a Failure," and Myron Atchison and Grant Currie sang a duet, accompanied by Mrs. Myrtle Atchison.

City To Receive Historic Flag Of Eddy Post, G.A.R.

Elaborate Ceremonies To Mark Presentation, July 27

An unusual civic and historical celebration is being planned Thursday, July 27, when the tattered old flag of the Eddy post of the G. A. R. is turned over to the city to become a revered relic of the "boys in blue" from here, who were members of the Union army during the Civil War. The ceremonies will begin at 7 o'clock in the evening.

The two last members of the Eddy post, Arthur Stevens and Will Stewart, died within the year, but before they died they made a last will and testament bequeathing their flag to the Ex-Service Men's club of Plymouth. The veterans' organization in turn is presenting the flag to the city, and a fine cabinet is being made in which the flag will be preserved and displayed in the city hall.

Plans for the ceremonies in connection with the presentation are being made by a joint committee composed of members of the Ex-Service Men's club and the city commission. Two or three speakers of state-wide fame will be asked to participate, and the committee expects to have three bands, one from Plymouth and two visiting organizations.

The auspices of the arrangements is headed by Arno Thompson, of the Ex-Service Men's club, with Com. Harry Hunter, Harry Mumby, William Hobson, Thomas Houghton and Melvin Alquist, all of the club, and Commissioner Ruth Huston, Whipple, George Robinson and Ed. Wilson.

THE FLAG AND THE FOURTH OF JULY

This morning as I passed into the land office the flag dropped on me a most cordial salutation, and from its rippled folds I heard it say: "Good morning, Mr. Flag Maker."
"I beg your pardon, Old Glory," I said, "you are mistaken. I am not the president of the United States, nor the vice-president, nor a member of congress, nor even a general in the army. I am only a government clerk."
"Well, you helped to clear that patent for the hopeful inventor in New York, or pushed the opening of that new ditch in Colorado, or made that mine in Illinois more safe, or brought relief to the old soldier in Wyoming. No matter, whichever one of these beneficent individuals you may happen to be, I give you greeting, Mr. Flag Maker."
"Yesterday the congress spoke a word which will open the door of Alaska, but a mother in Michigan worked from sunrise far into the night to give her boy an education. She, too, is making the flag. Yesterday we made a new law to prevent a financial panic; yesterday, no doubt, a school teacher in Ohio taught his first letters to a boy who will write a song that will give cheer to the millions of our race. We are all making the flag."
"But," I said impatiently, "these people were only working."
Then came a great shout about the flag. "Let me tell you who I am."
"The work that we do is the making of the real flag."
"I am not the flag, not at all, I am but its shadow."
"I am whatever you make me, nothing more."
"I am your belief in yourself, your dream of what a people may become."
"I live a changing life, a life of moods and passions, of heartbreaks and tired muscles."
"Sometimes I am strong with pride, when men do an honest work, fitting the rails together truly."
"Sometimes I droop, for then purpose has gone from me and cynically I play the coward."
"Sometimes I am loud, garish and full of that ego that blazes judgment."
"But always I am all that you hope to be and have the courage to try for."
"I am strength and fear, struggle and panic, and ennobling hope."
"I am the day's work of the weakest man and the largest dream of the most daring."
"I am the constitution and the courts,

statutes and statuemakers, soldier and dreadnought, draymen and street-sweeper, cook, counselor and clerk.
"I am the battle of yesterday and the mistake of tomorrow."
"I am the mystery of the men who do without knowing why."
"I am the clutch of an idea and the reasoned purpose of resolution."
"I am no more than what you believe me to be and I am all that you believe I can be."
"I am what you make me, and nothing more."
"I swing before your eyes as a bright gleam of color, a symbol of yourself, the pictured suggestion of that big thing which makes this nation. My stars and my stripes are your dreams and your labors. They are bright with cheer, brilliant with courage, firm with faith, because you have made them so out of your hearts, for you are the makers of the flag and it is well that you glory in the making."
—Franklin K. Lane.

ONE BLESSING

The men and women of America can thank God for one thing, and that is that their talents and abilities and ambitions have not been hamstrung by the goose-step idea of a lot of cracked college professors who never made a dollar in their lives by any beneficial toil. The fixing of minimum and maximum wages, with the drone entitled to just as much as the man who puts in an honest day's work, was about as crazy an idea as any one ever conceived. Every one is glad and willing to reward the faithful and willing worker—but to put in the same class the ugly, defiant and lazy would be nothing more than an insult to all good Americans. What a blessing that such a fool idea was outlawed.

WORK

Lee Montgomery, in his interesting news letter about county affairs recently, said that the record books in the basement of the Wayne county court house showed that previous to 1847 county employes worked every day of the year, including Sundays and holidays. Christmas was the lone exception and on that day, he writes, every one took a 24-hour vacation to bolster themselves up for another year's work. Now, if the boys and girls down in the courthouse work more than five short days a week, they are being persecuted, overworked and driven like Uncle Tom and his brother slaves. Well, times have changed, to the regret of the taxpayers.

THESE CHANGING TIMES

Down at the "family" table at the Mayflower hotel, where a group of Plymouth business and professional men eat lunch every day, some one recently said that 25 years ago the appearance of a woman drinking and smoking in public immediately branded her as lewd and licentious. One must admit that in the past quarter of a century there has been an amazing change in the public attitude regarding personal habits as well as everything else. Is it the beginning of the breakdown of civilization or will future historians regard the changes as a breakaway from old foggy ideas and customs?

No. 10 MOSES WISNER
To Moses Wisner, can be given credit for being the first candidate for governor to stump the state of Michigan in the interests of his candidacy. During the campaign previous to his election, he spoke in practically every county in Michigan. The campaigning was a novelty at that time and resulted in securing for Governor Wisner a big majority in the election of 1855.
Born on a farm in New York in 1815, he came to Michigan when a young man, settling on a farm in Lapeer county. Clearing land, he planted it to crops and later sold it, moving to Pontiac where he studied law. In 1841 he was admitted to the bar and moved back to Lapeer where he started practicing his profession. Governor Woodbridge appointed him prosecuting attorney of that county, but soon after his term expired he returned to Pontiac where he continued his legal work.
He was a member of the convention which organized the Republican party at Jackson. Urged at that time to become a candidate for attorney general, he refused. In 1858, he was made candidate for governor by the Republicans and after the first whirlwind campaign the state ever experienced, he was elected chief executive.
During his administration he urged the settlement of the state and did all that was possible to extend farming operations. Many from other states, as a result of his appeal, came here and located permanently.
He served but one term as governor. After returning to his home in Pontiac he organized a regiment to go south. At the head of the 22nd Michigan regiment, he was sent to Kentucky. Soon after reaching the south he contracted typhoid fever and after an illness of many months died, before he had an opportunity to take part in a single engagement.

RAMBLING with Editors AROUND of Michigan

WHY WE HAVE THE BLACK LEGION
Black Legions and similah organizations have existed and likely will continue to exist throughout the land because:
1. We have futile prosecutors' offices, based upon politics and not justice.
2. We have judges who are selected by politics and hold office by caring to influential groups. Whenever we wish to clean up the gangsters, gorillas, gun-men and gullible vigilantes, all we have to do is to give law a better basis by removing the pudge-judges and prosecutors from politics. Judges should not be selected by ballot—and as long as they are so chosen we are not likely to have much improvement in our common and recorders court occupants. When a judge has to keep one eye cocked upon re-election and the other upon administration of the law, we have put the judges in a tough spot. We would have to choose super-men as judges by ballot to overcome that difficulty—and super-men aren't born often enough or do not seek to run, if available, for such positions.
Elected county prosecutors are prone to run the office from a political standpoint. Such officials usually have one eye on the governor's chair, or some other high position, and make their prosecutions accordingly. The prosecutor's job frequently becomes a stage-set-up for vote getting.
And so blind justice is kept chained to political frustration. Law is flouted. Justice is not done. Frequently we have, from generation to generation, the outcropping of shallow thinking groups, who take an oath to uphold law and order, then straight away go out to flout every decent precept of constitutional procedure. We have helped to breed such groups through operating our courts and county prosecutors' offices on a political basis.
We should not be surprised by occasional outcroppings of ugly and dmononic "black legions." When we put fertile eggs under a setting hen, we usually get a number of chicks.
Our chicks are scratching up the lawn, but we should not be too surprised—we hatched 'em.—Floyd McGriff in The Redford Record.

GOVERNMENT UNFAIR COMPETITOR
Are those congressmen who are objecting to the government engaging in private business doing anything to make the envelope printing away from the government and return it to the private print shop where the order originates? This abuse has been going on through several Republican administrations, the party most critical concerning the government going into private business. As the present administration seems to favor the government engaging in private business, local printing will probably continue to be done by the government under contract. Printers don't object to competition that is fair, but when the government buys in car load lots and retails to the consumer as cost and pays the delivery charges, it has got us all beat.—H. J. Richardson in The Augusta Beacon.

SIR WILBER RIDES AGAIN
That strange, clanking sound that salutes the spring breeze is not as you might suspect, a boiler factory on the move. It is the glad, promising sound incident to the stately progress of the Knight in Shining Armor, Wilbur M. Brucker, padded in full array and riding to battle once again, with his visor down (Wilbur can talk through his visor as well as through his hat, or better), his cuirass polished, his greaves gleaming and his lance bearing the heartening device, "A ba Jim Couzens!"
It's colossal, in a small way.
Of course, if you get up real close you can see that the armor has been subjected to intensive repairing. The region just north of the pistol pocket, so dented in by the kicks of ungrateful voters in the massacre of 1922, has been bumped back into place with loving care by an expert fender-repairer—good armorers are scarce nowadays—and then simonized until you can see your face in it, if that's your idea of fun. Wilbur has a new lance: the old one was shattered beyond repair when it got caught in a voting machine in the Year of the Big Wind. And who is Wilbur going to assail with his lance? You'll die laughing. Wilbur is going to unsettle Jim Couzens with it.
Well, it's going to be more darn fun. Hitch up early and drive in to the county seat the day of the primary. The court house square will be full of reporters, city slickers who ride on steam trains and eat boughten meat every day of their lives, all there to hear the golden, if somewhat adenoidal, voice of Wilbur giving Jam hall Columbia. If it's a bright, sunny day, Wilbur's armor will glitter like the mouth of Hades as he waves his arm and his tongue in fervent speech.
There's only one thing that mias our joy in the prospect. Will Jim find out that Wilbur is running against him? He will never learn it, we venture to predict, from reading the voting returns.—George Welch in the Grand Rapids Chronicle.

Sales Record of 1928 Is Bettered This Year
W. E. Holler, vice-president and general sales manager of the Chevrolet Motor Co., announced that on June 12, the company's sales this year had surpassed 582,964 units, a figure that has stood since 1928 as the company's all-time record for the entire first half of any year. By the end of June, said Mr. Holler, 1936 sales will have exceeded any previous record for the first six months by approximately 80,000 units. Sales in the first half of last year were 436,669, a total that was passed this year before May 10. This figure will be exceeded by 50 per cent, it is estimated, during the same period this year.

Germs are "HITCH-HIKERS"

remove them with plenty of soap and HOT WATER!

Germs are "hitch-hikers"—they are transferred from hand to hand and from place to place. Plenty of soap and hot water will effectively remove them. Abundant hot water is an aid to cleanliness and health, and a constant supply of hot water can be most easily secured with an automatic electric water heater.

This new convenience for the home is a great comfort, and one of the finest services that electricity can bring to your household. Completely automatic, it requires no attention whatever. Once it is installed, you can forget it: Your hot water problems are over. Day and night, summer and winter, year in and year out, it provides an unlimited supply of hot water—for bath and shower, for shaving and washing, for cooking, cleaning, laundering, dish-washing and countless other daily tasks. Whenever you need hot water, simply turn the faucet—and there is your hot water on tap.

This carefree service frees you forever from such bothersome details as running up and down stairs to light a manually operated heater, the annoyance of waiting for water to get hot, the inconvenience and delay caused by having only lukewarm water in the pipes. Once you have enjoyed the luxury of automatic electric water heating, you will wonder how you ever did without it. Stop in at any Detroit Edison office for complete information today!

Double Feature Opens Week For Penniman-Allen

"The Story of Louis Pasteur" Here On Wednesday, July 8

A double feature program is scheduled to open Sunday at the Penniman-Allen theater. James Oliver Curwood's adventure story of the Canadian north woods, "The Country Beyond," sharing the bill with a western, "Comin' Round the Mountain."

Buck the giant St Bernard, who won such fame in "The Call of the Wild," is featured in the Curwood tale of the Canadian Mounted Police, fur thieves and, of course, a pretty girl. Robert Kent and Rochelle Hudson appear in the romantic roles, with a supporting cast which includes Paul Kelly, Alan Hale and Alan Dinehart.

The scene shifts to California in the second picture, with Gene Autry, singing, shooting cowboy, as a pony express rider, and Ann Rutherford as Dolores, the lovely California senorita whose money he saves and whose heart he steals. In sharp contrast are the action scenes, in one of which Autry battles and subdues a wild horse without rope or bridle, and the gay Spanish fiesta settings, full of color, romance and music. Coming Wednesday and Thursday.

day, is Paul Muni's brilliant characterization of the famous French scientist, Louis Pasteur. It is a tense drama, replete with action and romance, which paints the turbulent life of the father of modern bacteriology, who battles against ignorance and prejudice in his fight for humanity.

Josephine Hutchinson appears opposite Muni, as Pasteur's wife, Marie, while Anita Louise plays his daughter, Annette, and Donald Woods takes the role of the young doctor whom she marries.

Another double feature program will show Friday and Saturday July 10 and 11. One is "Murder on the Bridle Path," a fast-moving comedy mystery, fourth in a series dealing with one Inspector Piper, played by James Gleason. Helen Broderick, delightful comedienne of "Top Hat," replaces Edna May Oliver as Hildegard Withers, spinster sleuth who aids Gleason in untangling the murder on a beautiful young woman found dead on a bridle path, with hoof marks on her body. The romance in the story is taken care of by Louise Latimer and Owen Davis, Jr.

The other half of the program is "Panic on the Air," with Lew Ayres. Ayres takes the part of Jerry Tracy, radio commentator, who becomes involved in a kidnapping plot because he discovers a five-dollar bill with mysterious markings on it giving the clue to where \$250,000 in ransom money is hidden. Florence Rice plays Mary, the girl in the case, and Benny Baker has the comedy role.

HERE 'N THERE - By Gene Carr

OUR IDEA OF NOTHING TO PASS ABOUT IS THE EISENHOWER THEORY DURING THE BASEBALL SEASON.

Michigan Bridge Is Awarded Prize

For the second successive year a bridge structure of the Michigan state highway department has won first prize in a national design competition.

Murray D. Van Wagoner, state highway commissioner, has been advised that the \$200,000 Mortimer E. Cooley bridge on M-55 has been named the 1935 winner among bridges costing less than \$250,000.

The American Institute of Steel Construction, Inc., of New York, announced the award, a bronze plaque, to be placed on the bridge accompanying the award. The same institute last year designated the \$400,000 grade separation on Woodward avenue in the city of Detroit, as the winner among structures costing between \$250,000 and \$1,000,000.

Located in the heart of the Manistee National forest, and crossing the south branch of the Manistee river, the Cooley bridge was dedicated last September, 14 months after construction started. The bridge was named in honor of Dean Mortimer E. Cooley, dean emeritus of the college of engineering, University of Michigan. It is 614 feet long with a 300-foot center span.

Used Car Title Law Is Enforced

Motorists of Michigan who are involved in used car transactions are asked to note a provision in the state's motor vehicle laws, which not only cannot be successfully evaded, but which often trip up purchasers who do not understand it.

The provision makes it mandatory that within 10 days of the purchase of a used car, the purchaser shall file the assigned title with the department of state and shall transfer the license plates to himself as well. A fee of \$1.00 is charged for each of these two transfers.

Many used car purchasers neglect to conform with this provision of the motor vehicle laws; many others defer the filing of the assigned title until after the passage of the deadline for the use of the plates which accompanied the car. This delay is taken, it is believed, in the mistaken belief that the fee for plate transfer is thus saved the owner. Orville E. Atwood, secretary of state, points out, however, that when plates for the succeeding year are applied for, the \$1.00 transfer for the old plates is collected before the application for new plates will be received. The only result is to delay the motor car owner when he applies for plates.

Sale of 1936 license plates at half price began Wednesday, and all motor vehicles must be equipped with them by midnight of July 31. Leonard J. Murphy, manager of the branch office of the secretary of state in the Mayflower hotel, explains that holders of half-year stickers do not have to turn in the stickers, but must present their sticker registration certificate when they apply for their plates.

Bruce Miller Has Position In Wyandotte

All men ranking scholastically in the upper two-thirds of this year's graduating class of Michigan Tech's Mining and Technology, including Bruce M. Miller of Plymouth, have secured either research fellowships or industrial jobs, mostly the latter.

This announcement was made by Registrar L. F. Dugan, head of Michigan Tech's personnel and placement bureau.

Professor Duggan also reported that every metallurgist graduating in 1935 and 1936 has been placed. Chemical engineering is the second most fruitful field with mechanical engineering not far behind.

Miller is employed with the Sharples Solvents corporation of Wyandotte.

Michigan Bell Company Plans Year's Program

Estimate Expenditures at \$30,000,000 For Year of 1936

Approximately \$30,000,000 will be expended by the Michigan Bell Telephone company this year for operation of its service, extension and maintenance of plant, taxes, interest, and the purchase of supplies and material essential to the conduct of its business, according to the company's present estimate for 1936.

Of the total expenditures, the greater proportion will be paid out in Michigan, approximately \$12,000,000 representing salaries and wages to the company's 7,500 employees, a total tax bill of over \$4,000,000-federal, state and miscellaneous local taxes, the company will pay to the state of Michigan \$2,622,577.65. A check for part of the state taxes was presented Tuesday to Auditor General John J. O'Hara. The balance is to be paid the state before November 1. These taxes go to the primary school fund.

Large quantities of the supplies and building materials required by the company this year also will be represented by expenditures in Michigan. The telephone plant needs of the company this year call for the purchase of 19,000 telephone poles, 4,000 crossarms, 6,500 feet of duct in clay conduit, 400,000 feet of strand wire, 150,000 pounds of copper wire, 68,000,000 conductor feet of wire in lead-covered cable, and 65,000 handset telephones. Procurement of the raw materials and manufacture of these items will provide labor and wages for thousands of men and women.

Net additions to the Michigan Bell company's plant this year will amount to \$3,930,000, compared with \$1,446,000 in 1935, bringing the plant investment of the company up over \$175,000,000. Gross plant construction will total \$10,000,000, compared with \$6,887,000 last year. Current maintenance of the telephone plant will cost \$5,900,000. Net additions to plant will total \$3,930,000 and will include \$136,000 for land and buildings, \$1,515,000 for new central office equipment, \$1,950,000 for telephone equipment, \$190,000 for exchange lines and \$40,000 for long distance lines.

Gain of telephones, which in 1935 was 32,000, is expected to reach 40,000 this year. The first four months of the year gave the company a net gain of 17,000 telephones, and up to the first of May the company had regained about one-third of the 23,000 telephones lost during the early years of the depression.

Under the Michigan law, telephone, telegraph, express, railroad and car-loaning companies pay taxes to the state in lieu of local taxes, upon property generally used for conducting their businesses.

The tax bill to be paid by the Michigan Bell company this year represents \$7.21 per telephone, based on the average number of telephones operated by the company during 1935. Net earnings from 170,000 telephones, or substantially one-third of the average number operated last year, will be required to meet the company's tax bill.

More Natural Gas Wells Are Completed

Michigan's possibilities as a producer of natural gas are mounting with the completion of new and bigger wells. Another well, having an initial production of 77,248,000 cubic feet of gas a day, has been completed by the Wolverine Gas company, in Belvidere township, Montcalm county. A year ago a gas well of fifty-million cubic feet was something to talk about in the oil fields, but within the past several weeks a number of wells have been completed near the 70,000,000 mark.

Boy Scouts Enjoy Game In Detroit

Through the invitation of Walter Briggs, member of the Detroit Tigers and the Boy Scout headquarters in Detroit, it was made possible for nearly 3,000 Boy Scouts to witness the game June 25, in which the Tigers defeated the Philadelphia Athletics. The Plymouth contingent consisted of members of Troop P-2, sponsored by the Ex-Service Men's club, which had registered at headquarters before March 31st. The Scouts gathered at the city hall at 1 p. m. from where under the direction of Scoutmaster Gil Williams and Troop Committeeman Charles Thumme, who were assisted by Mrs. Carl Drews and Paul Ware, they were taken to Navin field. The troop committee is extending thanks to those who aided in taking the boys to the game, and to the Ex-Service Men's club for making the trip possible.

Jobs Are Available In Traverse Orchards

Approximately 5,000 jobs for Michigan persons will be available in a few days in the cherry orchards covering a 30-mile area near Traverse City. Anyone over 16 years of age desiring a job and who is capable of picking cherries should register at once in any of the local offices of the National Re-employment service. Major Howard Starret, state director has announced. Work began this week and will continue for the season, which usually lasts six weeks. A good cherry picker can earn from \$2.50 to \$3 per day on a piece-work basis, Major Starret says. The growers plan to pay off each Saturday night during the harvest. Applicants for these jobs must furnish their transportation to the National Re-employment service office in the city hall at Traverse City which will refer them after registration in their local employment offices. Living accommodations must also be taken care of by the workers. They may bring tents, automobile trailers and similar equipment and live along the shores of Grand Traverse Bay and lakes where most of the orchards are located, according to Major Starret. Registration may be made at the following National Re-employment service offices near here: Monroe, Ann Arbor, Pontiac, Port Huron, and the Detroit office at 318 East Jefferson avenue.

Gas Fumes Kill Mother and Baby

The community was shocked last week to hear of the tragic death of a well known and loved Plymouth girl, Mrs. Weyburn Dodge of Brighton. She was found unconscious by carbon monoxide fumes from a gas water heater in the basement of her home when her husband returned from work at 6:15 that evening. The 18-months-old son, Kenneth, was found unconscious in his high chair in the kitchen still in his night clothes where his mother had left him to begin her laundry work. The baby's breakfast was still burning on the stove where the mother had placed it before going to the basement. The baby was rushed to the Melrose Hospital where hopes were given for his recovery at first but he succumbed at three o'clock Saturday afternoon. Mrs. Dodge was graduated from the Plymouth High School in 1926 and the University of Michigan in 1930 as Miss Genevieve Bird. She was married on December 24, 1933 to Weyburn Dodge of Whitmore Lake by Dr. Fred A. Lendrum who also conducted the funeral services. Their son, Kenneth Frederick, was born to them on Nov. 30, 1934. Dr. Lendrum described her as being of the quiet and retiring type who worked incessantly and no task was too difficult for her to attempt. From childhood she had been of a happy disposition and spread happiness to others by reaching out to help some one in need and speaking a word of cheer to those who were sad and discouraged. The beautiful floral tribute showed the great esteem by which she was held by her many friends and relatives. She was laid to rest with her infant son in her arms. Private services were held at one o'clock Monday, June 22, at the home of her mother, Mrs. Nellie Bird, 217 Ann Street, followed by services at the Schrader Funeral Home at two o'clock conducted by Dr. Fred A. Lendrum and Rev. P. Ray Norton. Interment was made in the Riverside Cemetery.

Rosedale Gardens

Program plans are completed for the big Fourth of July celebration which the Men's club of the Presbyterian church will sponsor Saturday for all residents of the subdivision. The first event, scheduled for 10 a. m. is a boys' baseball game between the East Side and the West Side. This will be followed by men's softball league games at noon. In the afternoon there will be a variety of games and contests, including a penny scramble for the little children, dashes for both boys and girls, in two age groups, and races for young women, young men, women and men. At 3 o'clock there will be an aeroplane paper scramble open to all boys and girls under 16 years of age, with airplane rides as prizes for the five winners and roller skates for the next five. Then there will be roller skating and bicycle races, a married men's temperance race, golf ball driving contest, a tug-o-war between the East Side and the West Side, and a bean guessing contest. A picnic supper will be served at 6 p. m. in the grove, with free coffee for everyone and milk for the children. Dancing in the new Community clubhouse will begin at 7:30 o'clock, and a big fireworks display at 9 o'clock. The fireworks are being donated by Supervisor Jesse Ziegler, Clerk Harry Wolfe, Treasurer A. Trapp and Constable E. Howard, of Livonia township, together with the Sheldon Land company and members of the Men's club. Other prizes have been contributed by Arch McDowell, Robert Burns Ray Watts, E. Wooster, F. Weibert, Clem Kelly, Carson Johnston, A. Conery, Dr. John Nalbant, McKinney and Schafer, Bartel and Sons, Frank Johnston, Ed. Schmidtke, Coon Brothers, Jerry Black of National Airways, H. Hanson, A. Blacklock, the Rosedale Cafe, C. Hoffman, Hawthorne Golf Club, Clyde Phillips and McKinney and Hoffman.

Monday morning. Classes are held each morning from 9 to 11:30 a'clock for 45 children. There are classes in handwork, Bible and craft for children of all ages, and those in the beginners and primary groups are served a light lunch during the morning. The work is under the supervision of the pastor, Rev. Roy Miller, assisted by a group of teachers which includes Mrs. Tyce Maparyans, Miss Dorothy Metzger, Mrs. Roy Miller and Miss Margaret Brandt. Mr. and Mrs. George Schwarz, of Cranston avenue, were week-end guests of Dr. and Mrs. C. C. Gaves on their boat. It was the tenth wedding anniversary of Mr. and Mrs. Schwarz. Plans are under way for the annual Presbyterian Sunday-school, which will be held July 18.

Perfection And Schraders Will Meet Tomorrow

Local Nines To Play At Cass Benton Park At 3 o'clock

Schraders Down Ace of Clubs By 18-10 On Sunday

Will Meet Perfection and Ypsilanti Here This Week-End

Local baseball fans are looking forward to the game Saturday at 3 o'clock in Cass Benton park when the Perfection Laundry nine meets the Schrader-Haggerty outfit. The teams are tied for sixth place in the Michigan Inter-County league, but are only two games from first place and one game from third place. The Laundry team came through Sunday to defeat Inkster 6 to 5, when Jimmy Williams threw out Bixler as he attempted to score from second on a single. Schraders won from Ace of Clubs 18 to 10.

Schrader - Haggerty baseball team walloped two Ace of Clubs pitchers for 16 hits at Cass Benton park last Sunday afternoon, to take the game from the Detroiters by a score of 18 to 10. Whitman started for Ace of Clubs, but was taken out in the third inning when he couldn't get the ball over the plate and walked three in succession. Kamin followed him, but was not any more effective. Harry German, Jr., went the route for Schraders, allowing 10 hits and striking out six. Orson Atkinson did the receiving and turned in a fine job. The victory boosted Schraders to within two games of first place, and the race is now at the halfway mark.

Schraders won the opening game of the season from Perfection in 11 innings, so a close game is expected tomorrow. On Sunday at 3 o'clock Perfection will meet the third place Cass Benton team at Cass Benton park, while Schrader-Haggerty and Ypsilanti tangle at 3 o'clock in Riverside park. In the Perfection-Inkster game this week T. Levandowski was the leading hitter for the local club, getting two out of three. Two new players appeared in the Perfection lineup, Harold Williams in left field and Joe Ban as relief pitcher, while a third, Harry Stone, a hard-hitting outfielder, was on the bench. Manager Ray Levandowski has revamped his entire team, sending Jimmy Williams in center field, T. Levandowski at short, Warren Bassett at second base and Carol Lee in right field. He has released Kenneth Gates, Peter Tonkovich, Stanley Potts, Edward Sinta and David Gates.

Tomorrow marks the beginning of the second half of the season, and the play-offs for the championship will start the first Sunday in August, when the four leading teams will engage in a two game knock-out. Sunday's box score:

Miss Kenter And Gale Kenyon Wed

The Methodist Episcopal church was the scene of a very pretty wedding Saturday, June 20, which united in marriage Miss Winona Jane Kenter, daughter of Mr. and Mrs. John Kenter, and Gale Kenyon, son of Mr. and Mrs. Earl D. Kenyon. The ceremony was performed at 4 p. m. by the Rev. Frank M. Field and the Rev. P. Ray Norton.

The couple spoke their vows before an altar of palms and lilies, with two candelabra on either side of the altar shedding a soft glow on the bridal party. The bride was lovely in a gown of sheer white mousseline de soie, styled in a tailored mode with a high full waist, Peter Pan collar and full wrist-length sleeves; the skirt fell in full, graceful folds. At the edges of the sleeves and the collar were two rows of narrow knife-pleated mousseline de soie, and around the waist were two pleated bands which crossed in front and extended up to the collar to form the bodice. Buttons covered in self-material were arranged in rows from collar to band. The edge of the floor-length skirt was finished by a wide band of the pleated material.

With this dress, the bride wore a finger-tip veil of white net which fell from a halo hat made with two rows of pleating like that on the dress—one row slightly wider than the other. A net crown and tailored bow of net completed the hat. The bride's bouquet of lilies of the valley and white rosebuds was tied with chiffon valley ribbon, and lilies were tied in the streamers which fell from the bow.

The bridesmaids' gowns were of mousseline de soie in pastel shades of blue, pink, yellow, green and orchid. Rows of tiny scalloped tucks and pin tucks accented the circular floor-length skirts, short boleros and short flared sleeves. The blouses were completed with small tailored collars, and flowers of self-material at the waist. Their matching halo hats were of pleated double rows of net, with tailored bows in front, and silk gloves, elbow-length, and shoes matched the rest of the ensemble. Each girl carried a colonial bouquet with flowers and ribbons the color of her partner's dress.

The bridesmaids were Dora Gallimore, who wore orchid and walked with Elizabeth Strong; and Cutler, gown in chartreuse

green, and Hazel Rathburn, in yellow, whose partner was Vaun Campbell, in pink. The maid of honor, Miss Thelma Swart, of Flint, wore aqua with matching hat and shoes, and carried a colonial bouquet of blue and pink flowers with blue ribbon.

Keith Hamlin, of Farmington, the flower girl, wore a floor length colonial dress of peach orandy, with Peter Pan collar and short puffed sleeves. The hem of the skirt was edged with ruffles and a pale blue sash was tied around the high bodice. A poke bonnet of the same color, trimmed with ruffles, was tied under her chin with long blue ribbons.

The groom was attended by his brother, George Kenyon, as best man, and the ushers were Richard Smith, of Washington, D. C.; Gerald Honon, of East China. The men of the party wore dark blue coats and white flannels.

The bride's mother wore a charming afternoon gown of pastel blue, made with a full-backed, finger-tip length bolero jacket, and trimmed with peach orandy. Her hat was an imported blue horsehair straw with shell design, which was banded in blue chiffon velvet ribbon, and she wore white accessories. Pink rosebuds and sweet peas made up her corsage.

Mrs. Kenyon chose a black net afternoon dress with a tunic jacket, and a wide-brimmed black straw hat with a red and white band. Her corsage was of gardenias and white sweet peas.

Miss Winifred Joffie played the two traditional wedding marches, as well as "Liebestraum" and several other selections. Mrs. James Sessions sang "Because" and "At Dawning." Immediately following the ceremony, there was a reception for the guests in the church parlors.

For traveling, Mrs. Kenyon wore a two-piece sport dress of crepe in the new banana shade, with quilted turban, gloves, shoes and purse to match. She carried a salmon plaid sports coat, and her corsage was of yellow and salmon shades of gerbia. The couple left for Detroit and Cleveland, and following their trip will reside in Lansing.
