

## Report Is Made On Condition Of Tonquish Creek

### City Engineer Tells Commission Of His Findings

Members of the city commission, meeting Monday evening, heard a report by S. L. Besse, city engineer, on a survey of Tonquish creek along Penniman avenue between Harvey street and Moreland road. They also adopted a schedule of fines for traffic violations under the new city ordinance.

Mr. Besse's report showed that all the houses on the south side of Penniman avenue were connected with the sanitary sewer in 1928 and 1929, but found also that several of the drains emptying into Tonquish creek are carrying raw sewage and kitchen and laundry refuse. In one place it is being dumped into the creek and along the bank, while in another place grass has been thrown in, damming the water and making it stagnant. At a third point trees, shrubs and limbs completely block the flow of water so that at high water the creek would overflow the banks.

According to the report, there are four sewers mainly responsible for the odor and unsanitary condition of the creek—one beginning on Blunk avenue, a second having its origin in the alley west of Blunk and proceeding along Williams and Arthur street, a third starting at Garfield and a fourth coming from north of the creek, serving the Sunset avenue area.

City Manager C. H. Elliott read a letter from Stuart W. Grant, director of out-county relief, written in reply to one of his own protesting high administrative costs during August and suggesting that an investigation of old age relief cases be made with a view to obtaining financial reimbursement from the state. Mr. Grant stated in his letter that while administrative costs for August were high, he expected they would be cut in half for the month of September and hoped to eventually reduce them to 10 per cent of the total expenditures. He also wrote that a study of old age cases was being made and that the results would be submitted to the proper authorities in Lansing.

Mr. Elliott and William B. Petz, city assessor, were requested to attend some sessions of the National Association of Assessing Officers convention, being held in Detroit Wednesday, Thursday and Friday of this week. The two talks of special interest to Plymouth city officials were that Wednesday afternoon on "The Listing and Assessing of Personal Property," by A. C. Hudson, county tax supervisor for Gullford county, Greensboro, North Carolina, and another Friday morning on "The Value of City Planning to Assessment Administration," by Walter H. Blucher, director of the American Society of Planning Officials.

The commission also instructed Mr. Elliott to attend the International City Managers convention in Richmond, Virginia, October 19, 20 and 21. Mr. Elliott has been requested to appear on the convention program for the Monday session.

Licenses for selling popcorn were granted to Daniels Sweet shop, Smitty's place and LeRoy Segnitz, and for the use of a weighing machine in front of the Community pharmacy.

The annual audit covering receipts and disbursements of the city between July 1, 1935 and June 30, 1936, was received and submitted to the commission for approval. It will appear in a future issue of the Mail.

## Mrs. Buchanan Is Taken By Death

Mrs. Mary Buchanan, sister of Mrs. Fred D. Schrader of this city, passed away Wednesday evening of last week at the hospital in London, Ontario. Funeral services were held for her Sunday in London.

She leaves, besides Mrs. Schrader, two other sisters, Mrs. Margaret Norton, of Rochester, and Mrs. C. J. Henderson, of Mt. Vernon, Washington, and a brother, John Patterson, of Maricopa, California.

## Mrs. Evelyn Keller Is Bride of John A. Ling

Mrs. Evelyn Keller and John A. Ling, both of Northville, were united in marriage at 8:30 o'clock Tuesday evening, September 15, at the home of Mr. and Mrs. Charles Payne, in Salem.

The bride and groom were attended by Mr. and Mrs. Elmer Heichman, of Farmington, and the service was read by the Rev. C. M. Pennell, pastor of the Salem Federated church, in the presence of a small group of relatives and friends. Both the bride and her attendant were attired in smart fall street frocks, and carried bouquets of dark red roses.

Mr. and Mrs. Ling will make their home in Northville.

## Woman's Club To Start Year With Luncheon Meeting

### Opening Program Will Be Held Friday, October 2

Opening the year's activities, the Plymouth Woman's club will hold a luncheon meeting at 1 o'clock Friday, October 2, at the Mayflower hotel. Meetings will be held every two weeks from then on, and a detailed account of the year's program will be made public soon.

Mrs. George Burr is president of the club this year, with Mrs. George A. Smith as first vice-president, Mrs. Maxwell J. Moon, second vice-president, Mrs. Paul Nutting, recording secretary, Mrs. Harold Stevens, corresponding secretary, and Mrs. F. R. Hohelsel, treasurer. This group, with Mrs. Ray Johns, Mrs. Claude J. Dykhouse and Miss Marian Beyer, makes up the executive board.

Standing committees for the year are as follows: Membership—Mrs. Walter Nichol, chairman, Mrs. Maxwell Moon and Miss Marian Beyer; program—Mrs. Robert Willoughby, chairman, Mrs. F. R. Hohelsel and Mrs. Charles W. Horr, Jr.; press—Mrs. Seth Virgo, historical—Mrs. William R. Shaw, chairman; civic—Mrs. O. F. Beyer, chairman, Miss Edna Allen, advisory chairman, Mrs. P. W. Carley and Mrs. J. T. Chapman; revision—Mrs. Ray Johns, chairman, Mrs. George Chute and Mrs. John Olsvater; and social—Mrs. Henry E. Baker, chairman, Mrs. John Paul Morrow and Mrs. James Gallimore.

Special committees are: Building—Mrs. George Robinson, chairman, Mrs. George Cramer and Mrs. Perry Richwine; dramatics—Mrs. Charles E. Humphries, chairman, Mrs. Earl Mastick and Mrs. Roy E. Crowe; transportation—Mrs. Seth Virgo, chairman, Mrs. Charles W. Horr, Jr. and Mrs. William Morgan; and annual announcement—Mrs. Arlo A. Emery, chairman, Mrs. Warren J. Worth and Mrs. Joseph R. Witwer.

## Bowling Season Opens Tomorrow

Bowling activities in Plymouth will resume Saturday when the Penniman-Allen alleys are reopened for the season. The alleys have been resanded, new runways have been installed and the building redecorated.

There will be two leagues this year, Robert Todd, manager, announced this week. One will be the Plymouth Recreation league of eight teams, including bowlers from Wayne, Northville and Plymouth, and the other the Penniman-Allen House league, of 12 teams.

The Recreation league will include Mobas Window Shade, Wayne, Maybury Sanitarium, Northville Stroh's, Plymouth Mall, Bill's Market, Goldstein's and Service Steel. Members of the house league will be announced in the very near future.

League standings and high scores each week will be published during the season in the Plymouth Mail.

## Grange Will Meet Next Thursday Evening

A regular meeting of the Plymouth Grange will be held Thursday evening, October 1, at the Grange hall. A potluck supper will be served at 7 p.m. All members are asked to be present.

Mr. and Mrs. Robert Tefft announce the birth of a son, on Monday, September 21, in Plymouth hospital.

## Plymouth Eleven To Play Redford Union Here Today

### Local Team Expected To Show Much Improvement

After a 2 to 0 victory over the Flint team from the Michigan School for the Deaf, the Plymouth high eleven will take on the Redford Union team for the first time on Friday. The Plymouth lads gave a somewhat sloppy showing of football in the last encounter, but these faults were ironed out in practice and the team is expected to cooperate much better.

The Redford team will have the advantage in weight on the line, which makes way for a very speedy backfield. The Plymouth team itself has a good backfield but the line is the most vulnerable spot. One reason for this may be that the strength of the team was impaired by graduation, which left only a few lettermen to compose the back bone of the team.

Ray Martin, who was held out of play last year will be seen in action by those witnessing the game today and it is hoped the results will prove gratifying. The game with the Redford Union team will be held on the home grounds at 3:45 Friday, September 25, and will be the last game before the league season begins. It is expected a large crowd will be on hand to see how local chances shape up.

## Rotary To Meet At Nice In 1937

Word has been received by Floyd Eckles, secretary of the Rotary club, that Nice, France, has been selected for the 1937 convention of Rotary International. Will R. Manier, Jr., president of Rotary International, has announced that contracts have been signed for the week of June 6, 1937, by members of the convention committee, meeting in Nice.

This is the fourth time that Rotary conventions have been held in Europe, the previous ones having been at Edinburgh in 1927, Ostend in 1927, and Vienna in 1931. It had been originally planned to hold the 1937 sessions in London, but the anticipated congestion of the coronation season necessitated a change in the place.

For transportation of the North American delegation, arrangements are being made for steamships to sail from various Atlantic ports. The delegation is expected to number between 3,500 and 4,000. A number of post-convention tours under Rotary auspices also are being planned to promote "the advancement of international understanding, good will and peace."

Since the last convention in Europe, Rotary has expanded to more than 4,000 clubs, and the attendance at that meeting, 4,288, is expected to be doubled next year.

## Several Attend Legion Meeting

Commander Harold Anderson, of the Myron H. Beals post of the American Legion, with Mrs. Anderson, Mr. and Mrs. Edward Ayers and Mr. and Mrs. Melvin Guthrie, is in Cleveland attending the national convention of the American Legion. They left Detroit by boat Saturday and will remain until the close of the convention.

## New Cinnamon Bread Proves Very Popular

Plymouth housewives were more than delighted with the new cinnamon bread being offered by the Sanitary bakery, according to a report from Frank Terry, manager.

By 9 o'clock Saturday morning enough orders had been received to take care of all they had planned to make, so a second batch was put in the ovens. This was sold out by noon, a third supply was prepared and this was gone by 3 o'clock, although the demand created by The Plymouth Mail was still heavy.

This new cinnamon bread will be a regularly featured product at the bakery from now on, Mr. Terry announced.

## Plymouth Gets Four Delegates

### This Section Is Given Recognition At County Convention In Detroit

Plymouth Republicans will have a greater representation in the state convention to be held at Grand Rapids next Tuesday than it has ever had before, the city and township being given four delegates and one alternate. The four delegates who were elected at the county convention held in Detroit Tuesday were Floyd Kehrl, Judge Ford Brooks, Charles Rathburn, Elton R. Eaton, and Frederick Thomas as alternate.

Northville drew one delegate, Harold White, and one alternate, Edward Hinkley. Livonia township has two delegates, Jesse Ziegler and John D. Whitehead. Sylvester Shear of Redford was named as a delegate from that township.

A weak effort made by the Barnard forces to give to a committee of seven the right to name the entire Wayne delegation to the state convention was overwhelmingly defeated. Then it was that a motion was passed permitting each congressional delegation to name its own delegates. The Wayne part of the 17th congressional district, comprising the townships of Plymouth, Livonia, Northville and Redford with the 22nd ward of Detroit, was apportioned 29 delegates and alternates.

The Plymouth delegates plan to attend the convention, going to Grand Rapids Monday night.

## Aged Woman Is Taken By Death

Mrs. Genevieve Alsbro Smith, 80, a lifelong resident of Salem died Monday morning at the home of her daughter, Mrs. Cora Gale, 5915 Five Mile road. She was the mother of Mrs. Nellie Bird, principal of the Central school here.

The body was brought to the Schrader Brothers Funeral Home and later taken to the Gale home, from where funeral services were held Thursday at 2 o'clock. Interment was in Walker cemetery, Salem, with the Rev. Lorne Carter, of Samaria, Michigan, officiating.

Surviving, in addition to her daughters, are three grandchildren, Mrs. Ione Faber, of Davison, and Russell and Marion Gale of Salem; a sister, Mrs. William Corbin, of Grand Rapids; a brother, Edwirth Alsbro, of Lansing; and a great granddaughter, Doris Genevieve Faber.

## Funeral Here For Accident Victim

Oliver J. Meldrum, 26, who resided at 8354 Epworth boulevard, Detroit, was killed when his car struck a bridge abutment near Reed City, Michigan, early Monday morning, September 21. He was the son of Lee J. Meldrum, and brother of Jean Meldrum, both of Detroit.

The body was brought to the Schrader Brothers Funeral Home, Plymouth, and later taken to his home, from which place a short service was held Wednesday, September 23 at 1:30 p.m. and at 3 p.m. from the Schrader Brothers Funeral Home. Interment was in Maple Grove cemetery, Nankin township, Rev. Walter Nichol officiating.

## Violation Fines Are Approved By City Commission

### Traffic Offenses May Be Settled Here At Bureau

The city commission Monday evening approved a schedule of fines for traffic violations under the new ordinance which may be settled at the Violations Bureau rather than taken through municipal court.

In the case of serious offenses, such as reckless driving (car not under control), defective brakes (causing an accident) and driving away from or failing to report an accident, the violator must appear in municipal court on the date shown on the ticket given him by the police officer. On violations where the defendant receives notice for defective lights, brakes, etc., he should not settle at the bureau until he can produce evidence that the condition for which he received a ticket has been remedied.

The schedule of fines which the city treasurer is authorized to collect for traffic violations is a compulsory one. If the defendant does not wish to pay the fine imposed upon him, his only recourse is to take the case into municipal court.

The following violations may be settled at the Violations Bureau, for the fines indicated, before the (Continued on page four)

## Larger Class In Aviation Needed

A second meeting of the class in ground aviation will be held at 7:30 next Tuesday evening in Room 13 of the Plymouth high school.

Only six people reported for the first session of the course held Tuesday evening of this week, and a much larger enrollment is needed if the work is to continue. Edward Holleran, of Cass Technical high school in Detroit, who is the instructor, stated that at least 20 members are necessary to make the class pay for itself and justify offering free instruction to high school students in the afternoon.

A small fee is charged those enrolling, to cover expenses. The work taken up includes fundamentals of both aviation and aeronautics. The first, explains Mr. Holleran, has to do with the preliminary work to actual flying, while the latter takes up the engineering aspects. Upon completion of the course, which is being offered through the co-operation of the WPA and Detroit board of education, certificates are issued to class members by the state board of aeronautics. Mr. Holleran emphasized the fact that women as well as men are urged to attend.

## Rotarians Told Of Tax Problems

Taxes, indirect and direct, seen and unseen, taxes on this and taxes on that—it seems that that's all the Rotarians heard at the meeting last Friday when Harcourt L. Caverly, well known tax economist of Detroit, came out to Plymouth to tell the Rotarians something about the new income tax law passed by the last session of congress.

He declared that while the small taxpayer might not immediately feel the pinch of the new taxes, that in the years to come everybody would be fully conscious of the fact that they are really paying taxes.

"No matter how they try or what they do, there is no tax that is not passed along," said the speaker.

That means that while congress is supposedly taxing the so-called big business concerns of the country, they are really taxing the little fellow, as he is the one who eventually pays most of the taxes.

The new income tax law, while it does not directly hit industry, at present, the speaker pointed out, will without question discourage future investments in industry.

Following his intensely interesting talk, he was asked many questions about taxes. Edward Hough was chairman of the meeting, which was one of the largest attended Rotary sessions of the year.

## Methodists To Sponsor Roller Skating Rink

Much interest has been aroused in the Men's club of the Methodist church over the proposed use of the church gymnasium for roller skating this winter. Roy Clark has offered to furnish the paint and redecorate the walls.

It is expected that by the middle of October the preparations will be completed and the gymnasium will be opened three nights each week to the public for roller skating. Alfred Smith is chairman of a committee to give the gym a garden appearance by the use of Japanese lanterns and other decorations. Skates are being purchased from Chicago. At the present time members of the church are busy scrubbing walls and painting.

## Plans Progress For Rifle Shoot

Plans are progressing for the annual Kiwanis club rifle shoot, to be held October 7 to 10 at the Powell garage on South Main street. More than 30 teams are expected to compete for the various prizes, 10 men making up each team.

Entries are being taken by R. J. Joffile and E. J. Allison, and will be in by 7 o'clock the evening of October 7. The garage will be open Monday and Tuesday evenings preceding the competition for practice.

Prizes will be awarded as follows: High individual score on each team, high team score (prizes for all men on the team), and the cup for the highest individual score made by any team member during the shoot. A special competition for women will be held from 3 to 5 o'clock Thursday afternoon, with teams made up of 10 women. Prizes will be awarded the high scorers on each team.

Teams representing each Kiwanis club in this district will compete for a special prize Friday night. In addition there will be a jack pot shoot every evening.

The general committee is made up of James Gallimore, chairman, O. L. Wyandotte, Wayne, Northville and Plymouth, Mrs. Ernest Allison, Robert Joffile, George Burr, H. J. Fisher, Ed Huston and Steve Wall.

## Nursery School Has Successful Summer

Hilltop Nursery school and Boarding Home at 400 Beck road has been a busy place this summer. Ninety-five children were guests, some for a week, many for two weeks, while 11 remained all summer, from June 1 to the last of August.

Although most of the children came from Detroit, there were others from Lansing, Kalamazoo, Ann Arbor, Birmingham, Royal Oak, Wyandotte, Wayne, Northville and Plymouth.

Dormers were added to the nursery school building so the upper floor could be used for sleeping, while a large tent was utilized to take care of the overflow. During one period 27 children were accommodated.

A fine swimming pool in the beautiful woods on Hilltop farm was added this summer, and the children certainly enjoyed it during the hot weather.

Plans are now being made for the operation of Hilltop Nursery school during the winter months.

## Extension Groups Meet Next Week

The project leaders of the Home Economics extension groups in the classes in "Legal Phases of Home Management" will meet Wednesday, September 30, and Thursday, October 1, at the Dearborn library from 10 a.m. to 4 p.m. Miss Julia Pond, home management specialist from Michigan State college, will conduct the discussion.

The discussions are to include information on legal and business practices which affect the home either directly or indirectly. It is because women are realizing that such information will make them more competent homemakers that these discussions are included in the year's program and made a part of the home management project in Wayne county.

So many groups are interested in this phase of the extension program that it was necessary for Miss Emma DuBord, county home extension agent, to schedule two days to give the same discussion, dividing the groups into two sections.

## Burroughs Co. Gets Construction Data

While no definite word has yet come from officials of The Burroughs Adding Machine company pertaining to the construction of the new factory unit in Plymouth, engineers from the company have been drilling for water on the property and have been making soil tests for foundation purposes. Surveys of the large section of land owned by the company along the east city limits of Plymouth have also been completed, within the past few days.

Inquiry reveals the fact that the company, while apparently no definite decision has been reached, is going forward with preliminary details necessary to construction.

A company representative stated yesterday that plans have so far not been completed but information pertaining to a sufficient water supply, sewage disposal and foundation requirements was being compiled. No statement was made which would in any way change the general belief that construction will probably be started late in the fall.

## Six Are Injured in Accident Near Here

### Mrs. Rauch Honored At Birthday Party

Mrs. J. R. Rauch, of Penniman avenue, was honored by a group of her neighbors yesterday afternoon, the occasion being her birthday.

The affair, which was a surprise to Mrs. Rauch, lasted from 2 to 4:30 o'clock. Each guest brought a flower to present to Mrs. Rauch, so that she had a lovely bouquet to mark the day. Refreshments were served, with a special silver service provided for Mrs. Rauch.

The guests included Mrs. Robert Mimmack, Mrs. Emerson Woods, and her mother from Florida, Mrs. Nancy Bradner, Mrs. Raymond Bachelord, Mrs. C. G. Draper, Mrs. William Kaiser, Mrs. Wyman Bartlett, Mrs. Frank R. Loomis, Mrs. Melburn Partridge, Miss Almada Wheeler, Miss Mary Conner, Mrs. Russell Cook, Mrs. J. W. Eikenstaff, Miss Ann McGill, Mrs. Hiram Smith, Mrs. Ray Johns, Mrs. Albert Curry, Mrs. Frederick W. Kaiser, Mrs. Frank J. Burrows, Mrs. William J. Hood, Mrs. John Q. Smith, Mrs. Walter Nichol, Mrs. Bessie Dunning, Mrs. L. F. Partridge, and Mrs. R. H. Reck. A feature of the afternoon was a reading by Miss McGill.

## Mrs. Fox Guest Of D. A. R. Chapter

If the first meeting of the Sarah Ann Cochrane chapter, Daughters of the American Revolution, has sounded the keynote, the meetings of the latter will be most profitable and delightful. Mrs. Charles W. Horr, Jr. was the hostess, and Mrs. Emma A. Fox, of Detroit, state parliamentarian was the speaker. Mrs. Sidney D. Strong, the newly-elected regent, presided and Mrs. Donald P. Yerkes, of Northville, the chaplain, led the devotionals and the salute to the flag. Mrs. Carl H. Bryan, the retiring regent, was presented with an ex-regent's pin with expressions of appreciation for her devotion to the chapter's interests. Mrs. J. M. Bennett's appointment to the office of vice regent by the executive board also was announced.

After the completion of routine business, Mrs. Bennett, the program chairman, introduced the speaker of the afternoon, Mrs. Fox, whose subject was "The Constitution." Her address, enlivened by delightful touches of humor that evoked both smiles and laughter from her audience, brought out several points that would not have been stressed by a masculine speaker. In her tribute to Susan B. Anthony, she called attention to the fact that women generally do not honor and do deference to her memory as they should. She, as well as Washington was born in February. "Women have the suffrage but that does not give them equal rights with man," she said. "Marriage makes man and wife one but man is the one. Wyoming is the only state in the union which offers equal rights to women." She made an interesting and enlightening comment on the various amendments. She told her audience that 1000 such amendments have been proposed to congress. Because certain amendments have been proposed and not ratified by a sufficient number of states, with no time limit set, a chaotic condition

## Two Cars Crash On Plymouth Road In Fog

### Victims Brought Here For Treatment; Girl Has 70 Stitches In Face To Close Cuts

Six persons were seriously injured in an automobile crash two miles east of the city on the Plymouth road about 7 o'clock Monday morning. They were brought to the Plymouth hospital for first aid treatment, then transferred by ambulance to the Ford hospital in Detroit.

Those involved in the accident were: Joe Rivers, 2622 Carson avenue, Detroit; Dan McIver, Fordson hotel, Dearborn; Edward Kelly, Dearborn township; Edward Ballotts, 2720 Hubbard avenue, Detroit; Julia Bell, 16, 2856 Vinewood avenue, Detroit; and Dorothy Ballotts, 14, sister of Ballotts.

All suffered injuries, five of them being seriously hurt. Miss Bell was badly cut about the head and face, 70 stitches being required to close the lacerations, and doctors said it was probable she would be permanently disfigured by the scars. Miss Ballotts was slightly cut about the wrist and finger.

Ballotts was cut below the right knee and about the head, and Kelly seriously hurt at the left shoulder and head. Rivers suffered cuts above the left eye and on his chin as well as internal injuries, while McIver had a fractured wrist and was in an unconscious condition while in the hospital here.

According to deputies from the Wayne county sheriff's department, the crash occurred when Ballotts, driving east with the two girls as passengers, turned out to pass a car and evidently failed to see coming toward him the other car, driven by Rivers, because of the fog. The cars came together just west of the Newburg road intersection with such an impact that both were demolished, the body of one being completely severed from the chassis.

Rivers and his companions, McIver and Kelly, are employed at the Rouge plant of the Ford Motor company, and were on their way to Northville when the accident occurred. It was reported that Ballotts and the two girls were hurrying home from a week-end spent at a lake, trying to reach Detroit in time for the girls to get to school.

## P.M. Railroad Adopts E. S. T. Time Schedule

Beginning Sunday Pere Marquette trains will go a schedule according to eastern standard time, which is the same as Plymouth time, according to an announcement made this week by Agent Frank W. Farrell.

This does not mean that the actual time for the trains arriving and leaving here has been changed, but that the railroad schedule now coincides with the Plymouth schedule as it was heretofore.

Miss Mabel Spicer returned Wednesday evening from a three weeks visit with her brother-in-law and sister, Dr. and Mrs. H. W. Mason, in Indianapolis, Indiana.

## There's no place like Home

by O. Lawrence Hawthorne

Home is a garden of beautiful flowers.  
Home is a playground with love keeping score.  
Home is a haven of rest and contentment.  
Home is a harbor on joy's golden shore.

Language could never portray its endearment;  
Only the heart knows what Home truly means.  
Memory treasures the pleasures of childhood.  
Taking us back to its radiant scenes.

Home is the secret of manhood's achievement.  
Home is our comfort when shadows draw near.  
Home is a temple of endless devotion,  
Growing more sacred with each passing year.

## ONE MINUTE BIOGRAPHIES of MICHIGAN GOVERNORS and their ACCOMPLISHMENTS

By Elton R. Eaton

### JOHN T. RICH

It did not surprise Michigan much when John T. Rich, a farmer, was elected governor. Like all other farmers, Rich was busy in his fields most of the time and did not have much chance to win political prestige, but his interest in state affairs soon attracted notice, and in all state conventions he attended, he was a strong factor.

Rich was born in Conneautville, Pennsylvania, April 23, 1841. He came to Michigan with his parents in 1848, locating at Elba. His early education was obtained in the district school, the old academy at Clarkston and the Lapeer public schools. During his vacations he worked on the farm and as soon as he had completed his school work, he devoted his entire time to farm work.

He was elected to the legislature in 1873 and in 1881 he was a member of the senate. In March 1881, he was nominated for congress by the Republicans of the

seventh congressional district to succeed Mr. Conger who had been elected to the senate. He left the senate to accept the nomination. He won in the congressional campaign. He was made commissioner of railroads under Governor Luce. He was nominated for governor in 1895 and his first administration proved satisfactory and he was elected for a second term.

The Governor lived at one of the Lansing hotels, the Downey, during his entire administration and it was one of his delights to receive delegations from about the state. It was a very common sight during his term in office to see several groups in waiting to call upon the governor. While it was not necessary, it was the practice to have recommendations for various political appointments presented to him by visiting delegations. Governor Rich was especially interested in farm problems and did what he could to assist the rural development of Michigan.

### 25 Years Ago

Harry Shattuck and family spent Sunday in Pontiac.

Mrs. Ed Cook left yesterday for a visit with friends in Chicago.

Miss Amelia Gayde is spending the week in Detroit visiting relatives.

Mr. and Mrs. Robert Shingleton of Salida, Colorado are visiting her father, E. R. Daggett.

Mrs. L. C. Hough and Marguerite and Miss Minnie Buers leave today for Redlands, California, to remain for the winter.

Mrs. I. N. Dickerson entertained a few ladies last Friday in honor of Mrs. Asa Joy, the occasion being her birthday.

Misses Alice Woodruff, Lona Allen of Detroit and Ina Smitherman of Northville were the guests of Misses Ethel and Hazel Smitherman over Sunday.

It looks as if Plymouth would be the banner town for tomatoes this year. The Vaughn plant is turning out 170 fifty gallon barrels per day and Williams Brothers seem to be doing fully as large a business.

Mrs. S. O. Hudd is visiting friends in Saginaw.

Mrs. Julia Stewart has sold her farm west of the village on Sutton road, to Ed Huston and will have an auction sale of all personal property on Saturday.

The W. H. M. S. will have a surprise party at the home of Mrs. C. S. Merritt on Wednesday. Each lady is expected to bring a special package—fruits, vegetables, home baked goods or groceries. Packages will be displayed and sold.

On account of ill health, Bartlett and Rattenbury have sold their meat business to Frank Rambo of Flint. Lou VanPelt is again the head meat cutter.

A company of nearly 150 persons witnessed the public installation of officers of Plymouth Chapter O. E. S. on Tuesday evening. Past worthy Matron Maude Pettinelli and Past Worthy Patron F. B. Whitbeck acting as installing officers. A banquet was served later in the evening.

**HERE'S A BET**  
Editor Muri DeFoe of The Charlotte Republican-Tribune says that the fall election is a battle between Eaton county and Wayne county. The Charlotte editor is going to be happily surprised by the tremendous vote that his county is going to get in Wayne county. In fact, we will wager that Wayne gives Eaton county more than 50 times as many votes as Eaton county gives itself.

**A REAL SPORTSMAN**  
At an after-primary political meeting held in Detroit a few nights ago, Gomer Krise, who was defeated for the Republican nomination for prosecuting attorney, introduced to the big audience his successful opponent, Chester P. O'Hara. In his introduction of Mr. O'Hara he declared that the voters of Wayne county had nominated a very successful and outstanding lawyer and one, who if elected prosecuting attorney would make an ideal public official. Not only did Mr. Krise pay tribute to the ability of Mr. O'Hara, but he pledged him his support as well. No wonder that Mr. Krise has such an army of loyal friends and well-wishers. Such a display of loyalty and good will in defeat can come only from a real sportsman, and to be a real sportsman requires one to be a real man.

**THANKS, GREATLY**  
It is with the greatest of appreciation that the editor of The Plymouth Mail expresses his thanks to the electorate of northwestern Wayne county for the outstanding vote received in the primary election recently held. To secure nearly a one hundred per cent vote in Plymouth, Northville and western Livonia is in itself something one has a perfect right to be proud of, no matter what future political results might be. There is but one thing to be said, and that is, if in the final election the results should be similar to the primary election, a determined effort will be put forth to merit the unusual political support that has been given the writer.

**THE EXAMPLE**  
Two or three weeks ago The Plymouth Mail called attention to the general idleness that was manifested on a WPA job that was being done down on the western side of Detroit. A good reader of The Mail who has at various times been employed on some of these projects takes exception to the general trend of the editorial which was more or less critical of the idleness manifested by those employed with pick and shovel. He declares that if we could see the "big shots" in charge of these projects, sitting around in their offices, lolling around in automobiles or sitting on the curb stones, The Mail would have a perfect right to say a whole lot in criticism of them.

"But, why should we who do the hardest and heaviest of the work break our necks when the bosses, so-called engineers and supervisors squander all their time doing nothing except loaf around?" this good reader asked. We quite agree with him. If the "bosses" and the "big shots" who get the biggest share of government "pap", spend their time loafing on the job, why should the man who carries the brunt of the burden, work hard on the job?

One of the greatest mistakes ever made in American public affairs has been the methods employed under the PWA system. Its rottenness smells to heaven. The working

### THE TICKET SWAPPING FALLACY

The fallacy of swapping political ballots for the sake of favoring a political candidate not on your party ticket in the primary election was proved in the election held Tuesday, when this action positively defeated other candidates who were as desirable to these swappers as was the candidate for whom the switch was made. The conclusion must be drawn that it is not wise at any time to switch from the majority party to the minority party in the primary for any reason whatever—Adrian Van Koeveering in The Zealand Record.

### BICYCLE HAZARDS

Police officials of Menominee are sending out warnings to cyclists, motorists and pedestrians that a new traffic hazard has been created during recent months. The bicycle craze, chiefly among boys and girls of the teen age, has placed more than 1000 bicycles on the streets of that city, police officials claim.

Other cities and towns of the state face similar conditions, perhaps not so severe as pictured in Menominee, but nevertheless presenting a hazard to all. Now that school is open, it may be expected that the use of bicycles will increase and that boys and girls hurrying to and from school, frequently in pairs and groups, will make driving a matter of extreme caution if accidents are to be prevented. Parents are urged to caution their children that the rules of the road are as applicable to the cyclist as to the motorist or the pedestrian. Bicycle riders should keep to the right, close to the curb or edge of the highway. They should not suddenly decide to cross the road and under no conditions is it safe for two cyclists to ride along in pairs, one on each side of the highway or city street. Trick riding on the public streets or highways should be discouraged and riders cautioned to observe stop streets and traffic signals—Vernon J. Brown in The Ingham County News.

We have been barked at by pups, and hissed at by geese so often that nothing of the kind seems to phase us any more.—William Berkeley in The Cassopolis Vigilant.

### SENATOR COUZENS' CHICKENS CAME HOME TO ROOST

It is one thing to be independent. It is quite another to be an arrogant ingrate. Senator Couzens has found that out. The primary election Tuesday showed amazing support for former Governor Wilber M. Brucker—support which came as a direct result of Mr. Couzens' endorsement of the New Deal and his disregard for the political party which had elevated him to his seat in the United States senate.

There is little doubt that Senator Couzens eliminated himself by his arrogance. Republican voters by the thousands, who had supported him in the past and who were still for him with some reservations, quit him cold. It was a case of where he evidently believed he was bigger than the party from which he had asked support in the past, and was still asking support. It is a strange quirk of human nature that humans get hallucinations of greatness from political power. The Birmingham millionaire is not an isolated case. It crops up too often for comfort.—Schuyler Marshall in The Clinton County Republican-News.

man—the laborer—who has really needed the work, has been held down to an income sufficiently large enough to keep body and soul together. He has been given so many "hours" a month in which to work, and if he got any other kind of work to do outside his PWA job, his head has been cut off.

The system has been an incentive to idleness and laziness. In fact, it COMPELS men who are willing and anxious to work to become loafers. Men have been told NOT to do any more work than they had to on these public jobs.

The vast majority of men who are on the WPA are willing and would gladly do a full day's work for a full day's pay. They do not like to loiter on the job. They would like the opportunity to do more and earn more but seemingly the politically minded higher-ups of the WPA believe it is best to keep the workers held down to a mere starvation wage.

And they believe that by instilling a spirit of idleness and loafing on the part of the workers that they will be satisfied. But this is not true. Men want to work and are willing to work faithfully if they get paid for it. We quite agree with our WPA worker friend that the whole system is wrong and that the men have just as much right to loaf as do their highly paid superiors.

The time has arrived however, for the American people to rise up and end the governmental pap system that has been set up through the WPA. It is not only destroying American manhood but it is starting the nation on a downward trend that is sure to end in national disaster, unless checked immediately.

LEARN WHAT

room-wide light →  
← MEANS WITH THE NEW THREE-LIGHT LAMP!

One common lamp with dark shades and closed tops focused a small pool of bright light in one spot and left the rest of the room in murky shadow. Even when one sat directly under the lamp, the sharp contrast between the light and the surrounding darkness was trying on the eyes. All this has been changed with the modern new 3-light lamp.

A light shade with a light lining—open at both top and bottom—throws a great deal of light into the room. The lamp has a diffusing bowl under the shade, which throws part of the light upward to the ceiling, and this is reflected back and spread over a large area, eliminating harsh shadows and providing roomwide light. The bowl also diffuses the downward light, so that it is soft and pleasant, without glare.

The Sight Meter will show you instantly why this lamp is superior to your present lamps. To guard eyesight and make reading, writing, sewing and other seeing tasks easy and comfortable, choose a 3-light lamp for your living room. You will be amazed at the difference it makes!

Check your home lighting with the SIGHT METER! No charge for this service. Call your nearest Detroit Edison office.

### Brower Out For Attorney General

ATTY. BURN EY E. BROWER

With the primary election over and the Republican state convention at Grand Rapids set for next week, Attorney Burney E. Brower of Jackson remains the only announced candidate for the party nomination as attorney general.

Attorney Brower's candidacy is peculiarly significant to the taxpayers this year since it was his suit on behalf of Jackson taxpayers which stopped the late sale of delinquent taxes last spring. An authority on tax problems and taxation legislation, Mr. Brower was among the first to advocate the 10-year plan for delinquent taxes and he now advocates a similar plan for delinquent taxes of 1933-34 and 35.

The Jackson man has long favored removal of the school tax from real estate and the adoption of a fair intangible personal property tax. He believes that the Attorney General can render a great assistance in the solution of these problems if he will stay on the job in Lansing and work for the people, and this Mr. Brower promises to do if he should be selected to head the state's legal department.

With 10 years legislative experience to his credit, four years in the house of representatives and six years in the senate, Attorney Brower has been senate chairman on finance and appropriations, a member of the 1921 Commission of Inquiry into Taxation, a member of the 1925 Commission to draft the present criminal code, and for the past three years Jackson's city attorney. For a number of years he has been active in behalf of the Republican party, both in public and private life.

### Obituary

**FRED PETSCH**  
Fred Petsch, who resided on Middlebelt road, died Monday, September 14, at University hospital in Ann Arbor. The body was taken to the Weadt funeral home in Wayne, from where funeral services were held Thursday, September 17, at 2 p. m., the Rev. Oscar J. Peters, of Livonia, officiating. Burial was in the Livonia Center cemetery.

Mr. Petsch came from Germany in 1890. In 1895 he married Miss Ida Lietzow and to this union two children were born, Carl and Helen. Both wife and daughter preceded him in death. In 1902 he married Miss Bertha Rutenbar. Five children were born to this couple, Walter, who died some years ago, Mundus and Henry Petsch, Lena Melow and Anna Dethloff. Besides his children he is survived by a brother, August Petsch, of Detroit.

**Meat Low, Taxes High**  
On each pound of bacon you buy there is a New Deal tax of eleven and two-third cents, exclusive of state sales taxes.

**Clothes Are High**  
More than one-fourth of the price of the suit of clothes you buy represents Roosevelt administration taxes.

## Former Resident Passes In Leslie

Robert A. Farrand, for many years a resident of Plymouth, died recently at his home in Leslie. In addition to many friends and acquaintances here a sister, Mrs. Arthur Wright, and a brother, William Wright, reside in Plymouth.

Mr. Farrand was born in Inkster September 27, 1870. He was one of six children, and as an early age was left without a father who, having served in the Civil War, died when Robert was seven years old. The family later moved to Plymouth, where he became an active member of the Baptist church, being a faithful choir member.

He was married in 1892 to Miss Winifred Malbone of South Haven, where they lived until 1907 when they moved to Leslie. Mr. Farrand was known to his friends as Les, was of a happy and cheerful disposition and will be greatly missed by a large circle of friends.

Two children preceded him in death. Arthur, killed in action in France August 5, 1918, and Grace, Mrs. William Mores, who passed away October 29, 1918. Besides the widow, Winifred, and the sister and brother in Plymouth, he leaves two daughters, Mrs. Amy Northward, of Leslie, and Mrs. L. B. Walker, of Jackson; a son, Phillip of Leslie; another brother, Lyman, of Farmington; and six grandchildren.

Out-of-town people at the funeral were J. S. Malbone, Mr. and Mrs. Willis Malbone, Mr. and Mrs. J. H. Malbone, of South Haven; Mr. and Mrs. F. M. Malbone, of Three Rivers; Mr. and Mrs. Lloyd Malbone and son, Wesley, of Kalamazoo; Mr. and Mrs. William Farrand, Mr. and Mrs. A. D. Wright and son, Dan, and Mrs. Manilla Coverdill, of Plymouth; Mr. and Mrs. Lyman Farrand, of Farmington; Mrs. Bertha Tiffin and son, of Marine City; Mr. and Mrs. Cecil Farrand, Miss Cleota Farrand, Mrs. Myrtle Shields and Mr. and Mrs. Dewey Craddock, of Lansing; Mrs. Vera Farrand, of Eaton Rapids; and W. H. Mores, of Jackson.

There are 82 appointments at large to the U. S. Military Academy at West Point; two are appointed upon recommendation of the vice president.

## Mrs. Fox Guest of D. A. R. Chapter

(Continued from page one)

prevails that at any time may become a menace, she stated. Always Mrs. Fox was the trained parliamentarian with a precise interpretation of the law-making powers of congress and the rights of the states. She closed by asking the regent to read Dr. J. G. Holland's poem "Wanted"—

"God give us men! A time like this demands  
Strong minds, great hearts,  
true faith and ready hands,  
Men whom the lust of office does not kill,  
Men whom the spoils of office cannot buy,  
Men who possess opinions and a will,  
Men who have honor, Men who will not lie,  
Men who can stand before a demagogue  
And damn his treacherous flatteries without winking,  
Tall men, sun-crowned, who live above the fog  
In public duty and private thinking,  
For while the rabble with their thumb worn creeds  
Mingle in selfish strife—Lo, Freedom weeps,  
Wrong rules the land and waiting justice sleeps."

A rising vote of thanks was extended to the speaker and Mrs. Bennett presented her with a beautiful corsage on behalf of the chapter. Mrs. Irwin Pierce told of the emphasis laid on military training of the young men in Sweden.

A delightful social hour followed. Mrs. Strong and Mrs. Bryan poured garden flowers in all the rooms added to the attractiveness of Mrs. Hor's pleasant home. The hostess was assisted by Mrs. Earl Mastick, Mrs. R. H. Reck, Mrs. George Wilcox, Mrs. Irving Blunk and by her three young daughters, Maribelle, Zedonna and Sally Ann.

The October meeting, which will be "Michigan Centennial Day", is being planned by the two oldest members of the chapter, Mrs. Carmen Root and Mrs. Levi Eaton of Northville. The hostess will be Mrs. John F. Root.

## Concert To Raise Funds For Needy

Many needy families will benefit from the proceeds of three concerts to be presented by the United States Navy band in the Masonic Temple auditorium in Detroit, Monday, September 28, according to Kenneth A. Hull, secretary of the St. John's Day league, which is sponsoring the event.

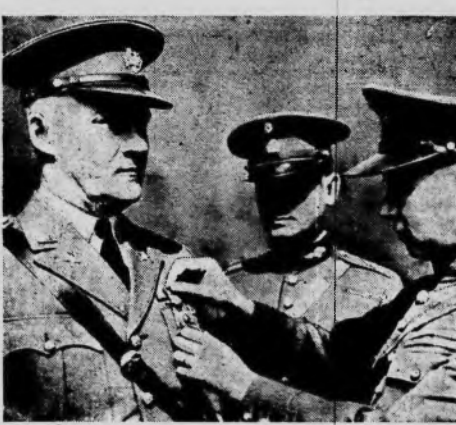

"During the past few years our league has brought help to scores of needy families, and has found jobs for hundreds of men through the free employment agency maintained by our organization," Hull said. "Through the appearance of this nationally-known band we hope to raise funds enough to continue our work for another year. Thus the U. S. Navy band comes on a two-fold mission this year—to aid charity and to give those in the metropolitan area a rare musical treat."

The Navy band, directed by Lieut. Charles Benter, will appear in two special low-priced matinee concerts for young people, at 2:30 and 3:30, and again in the evening at 8:30. Many of the Plymouth high school students are expected to attend the special afternoon concert.

Four nationally-known soloists will appear with the famous band this year. They are Clarence Edwards, trombonist; Bernard Rosenthal, violinist; Louis Goucher, xylophonist, and Oscar Short, cornetist. The evening concert will feature popular, military, classical and semi-classical selections.

Tickets for all performances now are on sale at Grinnell Brothers in Detroit. Mail orders should be addressed to the St. John's Day league, Masonic Temple, Detroit.

## Mexico Honors an American Officer

The Cross of Military Merits was accorded by the Mexican government to Lieut. Col. Herbert Edgar Marshburn, military attaché to the American embassy in Mexico City. This is the first time that a foreigner has received this great honor. The photograph shows Gen. Salvador Sanchez pinning the decoration on Colonel Marshburn.

## Commission Notes

A regular meeting of the City Commission held in the City Hall, September 8, 1936, at 7:30 p. m. All members present.

The minutes of the last regular meeting of August 17th were approved as read.

Permission was asked by Grant Stimpson for the fireproofing of his building located on Liberty Street, and also the construction of a second story. The matter was turned over to the Building Inspector and City Manager.

## IN THE KITCHEN

"What shall we have for dessert?" demands mother of her quite opinionated family. They all have ideas. "Cookies" shout the twins, while father and Junior move to make it unanimous in favor of pie. Sister thinks a moment, then casts her vote in favor of pie, "but one which isn't too rich and heavy."

So here it is, prune whip pie which should satisfy everyone, with a recipe for criss cross cherry pie added in case someone changes mother's mind as to what kind to make:

**Prune Whip Pie**  
 1/4 cup prune pulp. Apricot or peach may be used if desired.  
 1/2 cup sugar  
 3 egg whites  
 3 teaspoons lemon juice  
 baked pie shell

Put fruit through a colander. Blend 1/2 cup sugar with the pulp. Beat egg whites until they hold a point. Add lemon juice and gradually beat in the rest of the sugar. Fold the fruit mixture into the meringue. Pour into a cooled baked pie shell and bake until filling is set 30 to 40 minutes in a moderate oven. Serve very cold. Just before serving spread with a thin layer of sweetened whipped cream and sprinkle toasted shredded coconut over the cream.

**Criss Cross Cherry Pie**  
 Line pie plate with well chilled rich pastry. Fill with pitted sour cherries. Allow about 2 cups cherries to a 9-inch pie plate. Sprinkle over the cherries 3/4 cup sugar mixed with 2 tablespoons flour. Place strips of pastry lattice fashion over top of pie and flute edges. Bake in a hot oven 15 minutes, reduce heat to moderate and bake 30 minutes longer.

For our mythical twins and all others who enjoy good homemade cookies, we offer two recipes which are quite different and delicious:

**Peanut Squares**  
 2 eggs  
 2 cups brown sugar  
 1 cup melted shortening  
 3 cups flour  
 3 teaspoons baking powder  
 1/2 teaspoon salt  
 1 teaspoon vanilla  
 1 cup peanut butter  
 1/2 cup honey

Beat eggs, add sugar and shortening and mix well. Sift together flour, baking powder and salt; add to first mixture. Add vanilla. Chill. Mix peanut butter, honey and salt to a smooth paste. Roll 1/2 of cookie dough (chilled) 3-8 inch thick; lift on to a cooking sheet. Spread on the peanut butter and honey mixture; cover with other half of the dough rolled 3-8 inch thick. Bake in a moderate oven about 20 minutes. Remove from oven and cut in 2-inch squares; let cool before removing from pan. Makes about 4 dozen cookies.

**Apple Batter Crescents**  
 1/2 cup butter  
 1 cup sugar  
 1 egg  
 1/2 cup apple butter  
 1 cup soda  
 2 cups sifted flour  
 1/2 teaspoon salt  
 1 teaspoon baking powder  
 1/2 cup milk

Cream butter, add sugar and cream together. Add egg and beat thoroughly, then add apple butter into which the soda has been beaten. Add flour which has been

38 Per Cent to Bees.  
 More than 38 per cent of the money expended by WPA has gone for administration purposes, according to Harry Hopkins, WPA director. Of each \$372 spent, only \$308 went to the workers and \$72 for administration overhead.

### Gay Comedy Will Be Shown Here

Another gay comedy, with an improbable but enjoyable plot, will open a three-day run Sunday at the Penniman-Allen theater. It is "And So They Were Married", with Mary Astor and Melvyn Douglas, supported by two of the most mischievous and lovable youngsters of the screen, Edith

Fellows and Jackie Moran. Miss Astor plays the part of an attractive, man-hating divorcee who takes her daughter to a winter resort where they are snow-bound in company with Douglas and his son. The children connive first to break up the romance which develops between their parents and then to patch it up again, with plenty of smart dialogue and hilarious scenes in the process.

"Jail Break", with June Travis, Craig Reynolds, Barton MacLane and Richard Purcell, is another story of the "big house", this time with the murder of a gangster and several others behind prison walls as the theme. Miss Travis is cast as secretary to the gangster, while Reynolds appears as a young reporter who eventually solves the mystery of the murder.

That most famous "Lady Raffles" of the screen, who made her bow two years ago in "The Notorious Sophie Lang", is seen again in "The Return of Sophie Lang" which will be shown Friday and Saturday. Gertrude Michael, star of the first production, again has the role of Sophie, with Ray Milland as a foreign newspaper correspondent with whom she falls in love, and Sir Guy Standing as her former partner in crime, whom she manages to outwit. Also on the program will be "I Conquer the Sea."

### Here's a New Musical Instrument

The solfa, a new musical instrument invented by Hans Kaulberch of Berlin, is here shown. It can be operated either by blowing through the rubber tube or by a bellows. The solfa is intended to supply a demand for a low-priced musical instrument for homes.

### Ciscoe Spearing

Will be Permitted After October 1 in Washtenaw County Lakes

The three-month season for spearing ciscoes, whitefish and carp in certain designated inland waters of Michigan opens Thursday, Oct. 1. There is good ciscoe spearing in a number of lakes west of Plymouth in Washtenaw county.

Ciscoes or herring are found near the surface in shoal waters of inland lakes in the late fall months when the best ciscoe spearing usually is experienced. At that time the species approaches its spawning season and may be taken easily with a spear. The flesh is of fine quality and good catches are made under favorable conditions.

To spear either ciscoes, whitefish or carp during the coming open season for that type of fishing it is necessary to have a permit costing \$1. The permit can be obtained from a conservation officer or directly from the department of conservation at Lansing. State law permits the use of artificial light with the spear when used in taking ciscoes, whitefish and carp in season and on the waters open for the purpose.

Spearing of the fish mentioned is not legal in all inland waters, but only in certain lakes and streams designated open for the purpose by the director of conservation and under regulations set up by the department of conservation. Lakes and streams designated by the director in 31 counties, four of which are in the upper peninsula, are open to spearing for ciscoes, whitefish and carp this fall.

Permits are issued by conservation officers only in counties which have waters open for ciscoe spearing and will go only to individuals whom the officers feel will not abuse the privilege of using the spear with artificial light.

Conservation officers in each of

the following counties have a list of the waters in their areas which have been designated open to spearing for fish:

- Alcona, Alpena, Allegan, Antrim, Barry, Benzie, Branch, Cass, Charlevoix, Cheboygan, Chippewa, Emmet, Gogebic, Grand Traverse, Hillsdale, Iron, Isabella, Jackson, Kalamazoo, Lenawee, Livingston, Mackinac, Macomb, Monroe, Newaygo, Oakland, Presque Isle, Roscommon, St. Joseph and Washtenaw.

### Miss Esther Egge Is Art School Graduate

Miss Esther Egge, daughter of Mrs. Martha Egge, 272 Arthur street, was among the graduates of the Academy Sapho School of Dress designing and Decorative Arts in Detroit, Friday evening, September 18, at the Art Institute. A colorful fashion show of coats, suits, and afternoon and evening dresses, designed and made by the students, preceded the commencement exercises. Madam Sapho of the Paris school also exhibited a number of Parisian gowns.

Noise regulations were enforced by cultured Greeks of Sybaris in 700 B. C.

One gallon of gasoline, properly mixed with air, is equivalent to 83 pounds of dynamite.

### Style Silhouettes

There is nothing new under the sun, say the philosophers and cynics. Well, maybe not in the terms of learned minds, but to us plain every-day sort of folks, there are ingenious new developments and new ideas which are vastly refreshing and make the world a great deal more interesting.

Take perfumes, and colognes, for example. They certainly are not new, for Cleopatra and Helen of Troy were well versed in the clever use of scent, and in latter years the ten-cent variety has made many people wish the art of perfumery had never been discovered only to be debased.

However, an enterprising American manufacturer has evolved a group of perfumes and toilet waters which are fragrant with the fresh scents of real flowers, and has added something which makes them especially attractive to look at. In each bottle is a blossom of a flower from which the contents take their name, and this blossom remains fresh until the bottle is empty. "Flower-in-the-Bottle" is the name given these products.

In addition to the regulation perfumes, colognes and toilet waters, there are perfume place cards. Tied to each card is a tiny vial of perfume with a flower in it. Then there are bath powder and perfume, twin sachets and perfume, toilet water and perfume, talc and perfume, bath crystals and perfume and pine shampoo and bath oil combinations which make delightful and unusual gift or prize packages.

And speaking of gifts or prizes, with vacations over, bridge clubs and social groups will resume their meetings, while entertaining will be resumed on a much grander scale than it was during the summer. So the gift problem again becomes acute, for every hostess wishes something novel and different.

Have you seen those new vine-

gar and oil sets? They are a Czechoslovakian product, in clear glass, one of them shaped like a pear and the other an apple. Then there are salts and peppers in colored glass, made in the same shapes—a pear and an apple to each set. They are filled and emptied from the bottom, and they really work, which is more than can be said for some of the novelties we see.

If you wish something inexpensive but attractive, why not get one or more of those gaily colored holder sets, either in a windmill or teapot design. Then there are salt and pepper sets to match. The shakers themselves set on a little shelf jutting out from a wooden holder, either teapot or windmill to match the other sets. A third of these wooden novelties is the twine holder, which also may be utilized for a ball of yarn if you are a knitting enthusiast.

For a special men's prize for your party, you couldn't do better than one of those new "taster" beer mugs of chromium, made to hold a can of beer. Very modern and very convenient.

If you are a vase enthusiast (no matter what the pronunciation) you won't be able to pass up those that a local shop has on display. There is a pair of cloudy aquamarine glass, with globe-like bases and flaring top, and another in clear glass with graceful swirling lines which would be an attractive addition to any room.

In case you are looking for an inexpensive consolation prize, you might buy a set of those new fingertip towels made of soft, absorbent paper. They are convenient and attractive. If you are entertaining a large crowd, they would be just the thing for your own use.

## BLUNK BROS.

"Save By Spending Here!"

## Pioneer Life In Plymouth Is Recounted By Early Settler

First Hand Account Is Given In Paper By A. B. Markham

History as told by the men and women who helped to make it is always vitally interesting to those who come after, inheriting that for which their forefathers laid the foundations.

Alanson Aldrich first entered the area which now comprises Plymouth township, but he did not remain here in 1825. Abraham Markham, William Markham, David Phillips, Paul W. Hazen and Allen and William Tibbitts settled the township. Several of the early residents were descendants of the Pilgrim fathers, so the township was named after the settlement of Plymouth, Massachusetts.

The first election was held May 25, 1827, at the house of John Tibbitts, with William Bartow being named supervisor; Allen Tibbitts, clerk; Erastus Starkweather, Roswell Root and Henry Lyons, assessors; Abraham Markham, collector; and Philo Taylor, justice of peace.

All these are facts which may be obtained from any historical work on Wayne county, but a much more colorful, alive account of the early days of Plymouth is contained in the paper written by A. B. Markham, one of the most prominent of the first settlers, and delivered before the annual meeting of the State Pioneer society on February 6, 1877. A copy of this paper is contained in the collection of material relating to Plymouth and Wayne county history from 1825 to about 1840, which has been gathered together by Donaldson Craig, of Detroit, a descendant of one of the pioneer Plymouth residents, W. H. Craig.

Old Mr. Markham's story (for he was an old man when he told it) starts as follows:

I started from East Bloomfield Ontario county, New York on

December 6, 1825, with my pack on my back bound for the territory of Michigan with \$114 in bank bills in my pocket. I bent my course towards the west by way of Buffalo where I arrived December 8 at evening. Here I found a young man by the name of Gates who persuaded me to take passage on board a small schooner named Good Intent which was to start for Detroit the next morning at nine o'clock.

The lateness of the season made me doubt my safety on so small a craft. But the reports there that thieves and murderers were on the route through Canada, together with the thought of the long journey on foot with a heavy pack and the amount of money I had almost induced me to take the advice of my friend Gates and ship on board the Good Intent. I went on board and asked the amount of the fare but did not pay for my passage. I soon began to feel I was not in the right place. I began to feel alarmed for my safety. My knees trembled and smote together like Belshazzar's and it seemed I was compelled by some power unknown to me to leave that vessel. When the captain came on board with the order to shove off, my pack went on my back. I ran across the deck feeling as if I was impelled by a hundred men and leaped for terra firma. I made the wharf on all fours, and some good man of whom I shall speak again helped me to my feet amid the shouts of the multitude on shore and the jeers of the passengers on board.

I made my way toward the Black Rock and put up at a tavern near the battle ground in Chippewa. There was a terrible storm that night. It thundered and lightened and rained, then froze and snowed and the wind blew a gale. The next morning the Good Intent was found in Buffalo, but not a live man on board. Thanks to heaven and my good legs I was safe in Canada.

I now pursued my journey without much trouble although the snow was two feet deep in many places. Till I got to the "long woods," as they were called. Here was a tavern kept by a man named Aljo, 13 miles from any house on one side and six on the other. Here was the place where thieves and robbers were said to be numerous and active. About 2 o'clock in the evening there came in a tall man with a pack on his back but he looked suspicious and the host cautioned me to have a single eye to his inquiries and actions. He advised me to pay my bill and be off very early in the morning and get away from him if possible. This pleased me on my guard. The fellow was travelling the other way but proposed to go back with me. These things all put together made me think I was again on the Good Intent and bound for destruction, but sink or swim I was determined to have me a farm in the territory of Michigan.

I took the advice of my host and started at least an hour before sunrise. Along about sunrise I heard the fellow behind me calling to me to wait for he was coming. He came up and we went on for some time. By and by he began to make inquiry about my business, what I was going to Michigan for, etc. I told him I had an uncle in the army in Detroit who wanted me to take care of the horses. He asked me how much money I had and other things which I answered in a very simple boyish manner, not one word of truth in what I told him. I was obliged to exercise my wits to save my hundred dollars and my life.

We got to a place where there was thick undergrowth and it was about two and a half miles through to a French settlement. It was nearly sundown. Here I made a feint as though I would go into the bushes to rest awhile. He was going along. I stepped into the road—he had probably gone along too. Now, I thought, was my time, and if ever my legs served me well it was then. They carried me through that thicket to the French settlement as quick as any man ever went on foot that distance.

I saw no more of my wholesome companion. I heard he was at a private house, thankful there were no more thick woods to go through and rejoicing I should be

a landholder in the territory of Michigan.

I now continued my journey with alacrity and in one day I was within twelve miles of Chatham. The next day I arrived at Detroit a little after dark, well satisfied with my safe journey through the dominions of George IV.

On my arrival at Detroit I put up with a man named Campbell near the river where I got rest from my sixty miles travel of the previous day. Mr. and Mrs. Campbell gave me all the information they could about the country. Their hotel was a small frame building with a bakery attached. They afterward built the Eagle Tavern.

They gave me direction to the home of an old associate by the name of Oliver Torrey who lived in Bloomfield, Oakland county. I moved on very quietly over the new and muddy roads as happy as anybody could be under the circumstances. The country I passed through was then called "Piety Hill" and was not pleasing to me. But I did not despair of finding a more agreeable spot.

At about sunset I found my friend Torrey pleasantly situated in a log cabin and very happy. Such a happy meeting as we had cannot be described even by the pen of a ready writer. This was the first log cabin I ever entered in Michigan. Here was contentment in its purity, kitchen, pantry, bedroom, sitting room, parlor and even reception room, all in good order, all under one roof and in one room about twelve by fourteen feet in all. Here I took my first lesson in pioneering. Mr. Torrey gave me all the necessary information for looking for lands and after one day's rest I went in search of a farm.

At Farmington I found Uncle Arthur Powers and he directed me to a new settlement in town one south, range eight east where a man by the name of Tibbitts had settled a few months before. I went through the woods and with some difficulty found the town and plenty of good land, a few log cabins, all of which pleased me very much and paid me for wading through brooks and swamps to find the paradise of Michigan. I soon found a farm and away I went to Detroit, anxious to become a landholder, wading through mud and water sometimes up to my knees, but nothing like mud and water could stop me having a farm in this noble town.

## Champion Baker of Michigan Also Wins Other Prizes At State Fair

Mrs. Goodale Tells How To Make Some Of Prize-Winners

Red ribbons, blue ribbons, white ribbons and the purple ribbon which signifies she is the champion baker of the state are proudly displayed by Mrs. Loren Goodale of 196 Hamilton place, who won them with her baked and canned goods at the Michigan State fair in Detroit.

Mrs. Goodale took nine first, seven second and four third places with her entries in the domestic economies section. She was represented by 11 cakes, nine of which took prizes, five different kinds of cookies, Banbury tarts and several kinds of candy. In addition she entered about three dozen jars of canned goods, taking 14 prizes with them. The most outstanding honor in this division came when the judges decided that out of 921 cans of fruits and vegetables on display, her can of pears was the most perfect example of cold pack, and awarded her a steam cooker as a prize.

For the benefit of women who are eager to know just how Mrs. Goodale won her prizes, we are printing a few of her favorite recipes used in making some of the things for which she was awarded ribbons by the home economics experts who acted as judges at the fair. Her prune cake is one of the best, she says, having taken first last year and this both at the Northville and the State fairs.

**Prune Cake**  
 1/2 cup shortening  
 1 1/2 cups sugar  
 3 eggs  
 2 1/2 cups cake flour  
 1 teaspoon soda  
 1/2 teaspoon salt  
 1 teaspoon baking powder  
 1 teaspoon cinnamon  
 1 teaspoon allspice  
 1 teaspoon nutmeg  
 1 cup sour milk  
 1 cup stewed prunes, stoned and chopped

Cream the shortening and sugar gradually. Add the well beaten eggs. Sift the flour before measuring, measure and add other dry ingredients which have been mixed and sifted. Add alternately with sour milk to the egg mixture, then add the prunes. Pour into well greased and floured pans (three round eight-inch or two nine-inch layer pans) and bake 30 or 40 minutes in a 350 degree oven.

Another winner was a chocolate marble cake which took first at Northville and third at the State fair last year, and second at Northville and first in Detroit this year.

**Chocolate Marble Cake**  
 2 cups sifted cake flour  
 2 teaspoons baking powder  
 1/4 teaspoon salt  
 6 tablespoons shortening  
 1 cup sugar  
 2-3 cup milk  
 1 teaspoon vanilla  
 3 egg whites  
 1 sq. melted chocolate  
 1 tablespoon sugar  
 2 tablespoons hot water  
 1/4 teaspoon soda

Cream shortening, add sugar and cream until light and fluffy. Sift flour three times and add alternately with milk. Mix chocolate, one tablespoon of sugar and hot water together, add soda and stir until mixture is thick. Let cool and add a third of the batter into which the egg whites, beaten stiffly, have been folded quickly and thoroughly. Bake for 55 minutes in a loaf pan with the oven at 350 degrees.

**Lady Baltimore Cake**  
 2 1/2 cups sifted cake flour  
 2 1/2 teaspoons baking powder  
 1/4 teaspoon cream of tartar  
 1/2 cup butter or short cream  
 1 1/2 cups sifted sugar  
 1/2 cup milk  
 1 teaspoon vanilla  
 6 egg whites

Sift flour, baking powder and cream of tartar together three times. Cream shortening and sugar together until light and fluffy. Add milk and flour alternately, in small amounts. Beat egg whites stiff and fold in last, after vanilla has been added. Bake in two greased nine-inch layer tins for 30 minutes at 375 degrees.

**Lady Baltimore Frosting**  
 1 1/2 cups sugar  
 1 tablespoon syrup  
 2-3 cups boiling water  
 2 egg whites  
 1 teaspoon vanilla  
 Heat sugar, syrup and water to 240 degrees and pour in fine stream over stiffly beaten egg whites. Add vanilla when frosting is stiff enough to spread.

**Lady Baltimore Filling**  
 1/2 of frosting  
 1/2 pound of figs  
 1/2 pound of raisins  
 1/4 cup pecans  
 Chop ingredients, add to frosting mixture and spread between layers of cake. Use remainder of frosting to cover top and sides of cake.

**Four Egg White Cake**  
 1/2 cup shortening  
 1 1/2 cups sugar  
 2 1/2 cups cake flour  
 1/2 teaspoon salt  
 3 teaspoons baking powder  
 1 cup water or thin milk  
 1/2 teaspoon vanilla  
 1/2 teaspoon almond flavoring  
 4 egg whites

Cream shortening and sugar. Sift flour, salt and baking powder together and add alternately with liquid. Blend flavoring in stiffly beaten egg whites, fold into batter and bake at 350 degrees either for 40 minutes in a loaf tin or 30 minutes in two eight-inch layer tins.

**Gingerbread**  
 2 cups cake flour  
 2 teaspoons baking powder  
 1/4 teaspoon soda  
 2 teaspoons ginger  
 1 teaspoon cinnamon  
 1/2 teaspoon salt  
 1-3 cup shortening

1/2 cup sugar  
 1 egg  
 2-3 cups molasses  
 3/4 cup sour or butter milk  
 Sift dry ingredients together three times. Cream shortening

and sugar and add egg which has been well beaten and the molasses. Add dry ingredients alternately with milk, and bake for 50 minutes in an 8x8x2 square tin set at 350 degrees.

## ROCKS VICTORS IN FIRST TIFF

The Rock gridders began the '36 season by winning their first game over the handicapped boys from the Michigan School for the Deaf, 2 to 0, although the latter played very good ball and by smashing through the home town line or around ends were able to keep the ball in their rivals danger territory. The Flint boys were slightly heavier on the line and were able to open good-sized gaps in the Rock line. The game was held under ideal football weather on Plymouth's field Saturday, September 19 before a large crowd.

The game started slowly but soon commenced to be all Flint's as soon as they found the venerable spot in the Rock line. Lady Luck played hand to hand with the Plymouth lads, however, and the numerous penalties inflicted on the handicapped team kept them pretty well in check so the first quarter ended with the ball on Plymouth's 15 yard line. Numerous changes were made in the Rock lineup which probably were responsible for the turn of the tide as the Rocks were steadily pushing their rivals back by end runs and line bucks. This caused the Flint team to punt and their attempted punt was knocked down by Trinka and rolled across the goal line, scoring a safety for Plymouth; thus the first half ended with Plymouth having the lead of 2-0.

The third quarter, as did the first opened slowly and was quite even, with the teams keeping each other well in control. In the final quarter, however, it was a different story with the visitors making a sustained drive, the field

being pushed back only by the penalties inflicted on them, to within five yards of Plymouth's goal line. The Rocks again were blessed by luck as Flint received two five-yard penalties giving Plymouth a brief breathing spell. When the game finally drew to a close the ball was within 5 yards of the goal line and Plymouth remained the victor by a scant 2 points.

## PLYMOUTH GRADUATE WINS SCHOLARSHIP

Jean Roediger, who was salutatorian of last year's graduating class, has received word that she has won a scholarship offered by Michigan State Normal college at Ypsilanti. She is one of 10 applicants who were awarded scholarships, and as a result her tuition will be paid for one year. Having been an outstanding member of her class and a willing worker in school activities, Jean well deserves the honor she has won, and is to be congratulated upon her achievement.

## DEBATE TEAM LOSES THREE VETERANS HAVE MATERIAL FOR SPLENDID SEASON

For four years the Rock debaters have compiled an enviable and excellent record and the present team has inherited the desire to better the records of their predecessors. Four years ago the team composed of Evelyn Rorabacher, Irene Humphries, Frieda Kilgore, Odene Hitt, Ernest Archer, and Kenneth Greer compiled a record of eight victories in nine debates, winning the Twin Valley Activities association crown. The following year, with only one veteran, Evelyn, left with which to build a team, Mr. Latture took an inexperienced squad and guided them to the elimination series and second place in the league. However a young but fairly experienced group took up the challenge and surprised their coach, River Rouge, and themselves by tying the veteran Panthers from the river front for the league championship. But unfortunately in the playoff debate, River Rouge's four years of debate work triumphed. That year the Rocks won 11 debates and lost three.

Last year the best record Plymouth has had in many moons was secured by an all-veteran team which had lost but one member, Katherine Schultz, by graduation. Those on that team were Jewel Starkweather, Florence Norton, Dorothy Hearn, Edith Mettetal, Harry Fischer, Russel Kirk, Jack Sessions, and Tom Brock. They won the T. V. A. laurels by defeating the five other schools twice each. At the tournament at Milford they won eight debates while losing none. In the eliminations the team of Jewel Starkweather, Jack Sessions, and Tom Brock won five successive contests from the best schools of the state, before losing to Kalamazoo Central in the finals at Ann Arbor. The record is 24 wins, one loss.

In the four years the Plymouth teams have amassed a total of 46 victories contrasted with seven losses, one of the best records in the state. Can the present team, losing three seniors by graduation, extend this record? We hope so.

## SENIORS BEGIN RECEPTION PLANS

The senior class officers outlined plans for the annual Freshman Reception at an executive board meeting last Wednesday. This year the party will be held in the high school auditorium on Friday evening, October 2, from 7:30 to 9:30. These committees will work with the advisers, Miss Lickly, Miss Wells, Miss Fiegel, and Mr. Latture: Entertainment, E. Hegge, chairman; P. McKinnon, I. Ciesielski, M. Forsgren, D. Hale, and R. Egge, invitation and chaperons; J. Dunham, chairman; P. Stewart, and J. Brown, Refreshments; H. Weage, chairman; J. Oswald, M. Gorton, D. Hawk, M. Holdsworth, and J. Moore.

England is taking a census of its footpaths and estimates that there are nearly 500,000 in England and Wales.

Though it has more than 3,000,000 acres of woodland, Great Britain grows only about 6 per cent of the lumber it uses.

## DEBATERS CHOOSE BROCK CAPTAIN

The Plymouth high debate team aspirants elected Tom Brock captain of the squad for the third time Tuesday, September 15. The balloting was the closest in the history of modern debating at Plymouth. Three ballots left the nominees deadlocked but on the fourth the tie was broken and Tom retained his position.

An interesting fact apparent in the list of those attempting to make the first team is that Tom Brock is the only boy trying out, six girls being the others. This is the first time in six years that the girls have so badly outnumbered the boys. Jewel Starkweather, Edith Mettetal, Florence Norton, Jeannette Brown, Marilyn Holton, and Dorothy Hearn complete the squad at present. Of these all except Marilyn are veterans, having won medals previous to this year. A third interesting fact is that six of the seven are seniors and will graduate in June, leaving a badly depleted team. Consequently Mr. Latture, their coach, is trying to induce lower class members to take up debating because a whole new team will be needed next year.

The annual debate tournament on this year's question, "Resolved, that all electric utilities should be governmentally owned and operated," will begin soon. This tournament is being planned somewhat differently this year. No class lines are to be made, that is, any person may debate with another regardless of class. In former years the practice was to make this tournament competition between classes. Anyone interested in the debate work may see Mr. Latture for information and material.

## G. R. DELEGATES TELL OF CAMP CAVELL LIFE

The Girl Reserve representatives to summer conference at Camp Cavell this year, Barbara Hubbell and Ireta McLeod, told the Senior Girl Reserve group about the camp life in their meeting Thursday, September 16. The two outstanding events of the week, according to the girls, were a hayride and poetry under the stars. In addition to explaining these, the girls presented many new ideas for programs. Snapshots taken by the delegates were of much interest to the girls.

The Intermediate and Junior Girl Reserve groups are busy making plans for recognition services which they hope to have in the near future.

## LIBRARIANS RECATALOGUE AND REPAIR BOOKS

High school librarians aided Miss Fiegel for two weeks of vacation this summer by shellacking and lettering books, typing cards for both the catalogue and shelf list, and making corrections on the latter. They also did the same at the two grade schools.

The library received many new books during the summer, among them a historical novel about Sacajawea, the Indian maiden who accompanied Lewis and Clark on their expedition in America. Another good book is "Allison's Girl" by Harper. It is the mystery of a young girl who attempts to find out her parentage and finally succeeds.

## Chess Enthusiasts Here To Organize

Local devotees of the game of chess, that ancient and thrilling sport of kings, are making the most of an opportunity to show their interest in Plymouth's newest recreational development.

Of outstanding importance is the announcement that the selection of a city chess team will be made, for match play with chess teams of Ann Arbor and Detroit clubs. There is no age limit for club membership and there are no dues.

Leonard Murphy, secretary of the Plymouth Chamber of Commerce, who is sponsoring the organization of a Plymouth Chess club, said today that inquiries as to qualifications for club membership have shown a surprisingly strong interest among Plymouth citizens. Having successfully formed an active ping pong group in Plymouth, Mr. Murphy is now turning his attention to mental gymnastics as a diversion for those so inclined.

"Only qualified chess players are to be included in this group," it was stated.

Asked what was meant by "qualified" players, Mr. Murphy explained, "Those players who can definitely declare themselves experienced in the game, or are sufficiently familiar with the moves of each piece on the board not to have to inquire how a piece moves."

Respective ability of the players is to be determined by playing an opponent chosen in an open lottery and those players who prove of exceptional caliber will be classed as a group. Instructional periods will probably be held for those desiring to improve their game. There are many talented chess players in Plymouth who, for lack of organization and acquaintance with each other, are without competition.

"This club will fill a long felt want for all such persons," it was pointed out. While the club is still in its formative stage, it is planned to have weekly game meetings in a centrally located place. As soon as the list of interested applicants is completed, announcement of the first meeting will be made in the Plymouth Mail.

All persons desirous of showing their interest in the club by active participation may call Mr. Murphy at the Plymouth Chamber of Commerce, phone 497, in the Mayflower hotel building. Mr. Murphy was careful to explain that checkers do not form a part of the plans of the chess club.

## BILL'S MARKET

## IT IS EASY to renew lamps . .

The Detroit Edison Company's policy of renewing lamp bulbs makes it easy for you to keep your sockets filled with Mazda lamps of the right sizes. All you need do is to bring your BURNED OUT lamps to any Detroit Edison office, present your most recent electric bill for identification, and you will be given new lamps for old.

The Company's rule requiring you to bring your electric bill for identification is partly for your protection since it keeps others who are not Detroit Edison customers from getting lamps which you pay for in your rate for electric service. Also, this practice eliminates wasteful renewals and provides the Company with the necessary records on lamps passed out.

As part of its lamp renewal service, the Company will gladly advise you as to the proper sizes of lamps to fit your various needs, and will exchange large sizes for small, and vice versa. The next time you exchange lamps GET THE RIGHT SIZE.

Note: Lamps are renewed without extra charge only for residential and commercial customers paying lighting rates and in the following sizes: 25W, 40W, 60W, 100W, 150W, 200W, 300W, 500W, and 3-life lamp 100-200-300W.

Zoning Ordinance Being Considered By City Officials

(Continued from last week)

The "primer" goes on to assert that millions of dollars of waste from the scrapping of buildings in "blighted districts" can be saved because zoning prevents such districts, which are caused when stores, factories, junk yards and the like creep into residential districts, and owners "unload" their property at any kind of a sacrifice. The total economic loss, including the cost of services such as gas, water, electricity, sewers and transportation through these "blighted districts" to new locations farther out, and the price of fire losses paid directly or through high insurance rates, can be cut by proper zoning, government authorities maintain.

A zoning ordinance, they say, should be based on a survey of local conditions and needs, made with proper technical advice, and should consist of one or more maps dividing the city into different kinds of districts, for each of which a statement of methods of regulations to be employed is necessary. The regulations cover uses to which property may be put, height and size of buildings permitted, the amount of space to be left vacant and adequate provision for enforcement.

The standard enabling act of the department of commerce outlines the procedure for setting up a zoning ordinance, the most important points of which are as follows:

- 1. Proper definition of the purposes for which zoning may be undertaken.
2. Uniformity of regulations for each class or kind of buildings throughout each district.
3. The appointment and functioning of a zoning commission.
4. The careful preparation of regulations with reference to the character of the district and its peculiar suitability for particular uses.
5. The holding of public hearings.
6. The method of changing the ordinance.
7. Rules for establishing a board of adjustment.
8. Provision for adequate remedies against violations of the ordinance.

At the time this pamphlet was published the following Michigan cities had adopted zoning ordinances: Ann Arbor, Battle Creek, Dearborn, East Grand Rapids, Grand Haven, Grand Rapids, Grandville, Grosse Pointe, Ironwood, Jackson, Kalamazoo, Midland, Muskegon, Owosso and Ypsilanti. Since then several more have been added to the list.

Northville News

Celebrating its fiftieth anniversary, the Northville Methodist church held two days of special services Sunday and Monday, culminating in a banquet Monday evening. The speakers Sunday were the Rev. William E. Harrison of Ann Arbor, district superintendent, who gave the morning sermon, and the Rev. William Richards, of Belleville, for nine years pastor of the Northville church, who delivered the evening address. Members of the Baptist and Congregational churches were guests.

Several former pastors attended the banquet Monday evening at which Charles E. Smith, who has made four trips around the world. He told about visits to Haiti, New Zealand, Australia and South Africa.

Twelve members have enrolled in the ground aviation class being conducted Tuesday and Thursday evenings by W. A. Stone, of Cass Technical high school. The class is offered through the co-operation of the Detroit board of education. It will cover a period of 15 weeks.

Samuel Lawrence, 20, son of Mr. and Mrs. Leo L. Lawrence of 547 Fairbrook avenue, suffered a concussion of the brain and cuts about the wrist in an automobile accident Friday, September 11. The accident is said to have been caused when two carsloads of boys were racing on wet pavement on Seven Mile road between Haggerty and Farmington roads, and skidded. Young Lawrence was taken to Sessions hospital where he was unconscious for eight hours.

The annual game between Northville high school and Farmington has been scheduled for September 25, at Northville, and the Plymouth game set for November 13, also at Northville. Members of the squad this year are Wilber, Lester, Scott, Bray, Casterline, Aldea, Hardesty, Parmenter, VanValkenburg, Turnbull, Arnold, Richardson, Smith, Carlson, Hinchman, Boelens, Jolly, Junod, Ault, McCowan, Meyers, Way and Young.

The library re-opened Saturday for the winter season, and will be open every week day except Saturday from now on.

The first fall meeting of the Nellie Yerkes auxiliary was held Tuesday evening of last week at the home of Mrs. Percy Angove, with Mrs. Howard Atwood as assistant hostess. A potluck supper was followed by a business meeting during which plans for an October harvest festival were made. The next meeting will be held October 6 at the home of Mrs. Merrill Sweet.

New members of the Northville faculty were entertained at a reception last week given by the old teachers at the high school. The guests of honor were Miss Tisha Brassfield, Miss Dona Linden, Miss Nora Wilson, Miss Doris Maynard, Miss Florence Harper, Elliott Barr and Mr. and Mrs. E. J. Johnson.

Northville young people who have enrolled in various schools and colleges either have left or are about to leave to start their first semester's work. At Michigan State in East Lansing will be Miss Ida Altman, Robert Angove, Edward Angove, Robert Lyke, Miss Mary Ann Nelson, Miss Frances Alexander, Nelson Schrader, Ted Cavell, Ervin Marburger, Ward VanAtta and Frederick Kerr.

The University of Michigan contingent includes Miss Wilma Rattenbury, Miss Marjorie Pierpont, Miss Marjane Denne, Richard Shipley, Robert Cousins, Donald Kerr, Bob Christianson and

Fred Warner Neal, Miss Evelyn Ambler, Miss Thyra Lester, Miss Marion Turnbull, Miss Helen Christianson, Henry Hoffman, Tom Carrington and Rondal Keating will go to Michigan State Normal college, while Spencer Van Valkenburg and Don Bray will go to Western State Teachers college in Kalamazoo.

Miss Gertrude Deal will attend Ithaca college, in Ithaca, New York. John and Paul Steenchen have returned to the University of Illinois, Miss Ruth Mary Baldwin is entering her senior year at Albion, and Miss Frances McLoughlin goes to Seaton Hill, Greensburg, Pennsylvania.

Members of the Exchange club heard a talk at their meeting last week by Charles E. Smith, who has made four trips around the world. He told about visits to Haiti, New Zealand, Australia and South Africa.

Six Plymouth high school boys gave the program for the Rotary club last week, discussing present day problems and trends. The group included Tom Brock, Jack Sessions, Harry Fischer, Roland Rhead, David Gates and Jack Kinsey, all of whom were "Junior Rotarians" in Plymouth last year.

Enrollment in the Northville school reached a new high this year, according to figures released recently. The total was 762, divided as follows: Senior high, 285; junior high, 118; and grades, 358.

To take care of the increased high school attendance, a new teacher has been engaged to teach junior high school English, dramatics, seventh grade geography, eighth grade civics and journalism. She is Miss Florence Harper, of Detroit, a graduate of the University of Michigan. Miss Dorcas Corrin, who has resigned to teach in Rochester, has been replaced by Miss Tisha Brassfield.

The total budget for operating the schools this year is \$55,436.75, an increase of \$2,773 over that of last year. Estimates show that with approximately \$8,000 coming from the primary fund, \$5,000 from tuition, and \$20,000 from the Thatcher salary aid fund, only about \$16,418 of the year's expenses will have to be paid by the taxpayers.

The following program has been outlined for future meetings of the Women's Union of the Presbyterian church: October 14, the Plymouth auxiliary will be entertained; November 11, introduction to lessons "Out of Africa" by Mrs. H. D. Dean; November 22, praise service conducted by Mrs. H. G. Whitfield; December 9 and January 13, the second and third lessons of the series; February 10, "A Preface to Racial Understanding," with Mrs. L. A. Babbitt and Mrs. Floyd Northrop as leaders; March 10, annual meeting; April 6, dinner given by the Nellie Yerkes auxiliary; May 12, women of the Immanuel Presbyterian church, Detroit, will be guests; and June 9, the Plymouth auxiliary will entertain the Northville women.

Miss Mildred Moore, daughter of Mrs. Anna Moore, of Plymouth, will become the bride of E. Ivan Ely, son of Carl R. Ely of Northville, on October 1.

Belle Covert Pupils Hold Annual Meeting

Although the weather was threatening September 12, the reunion and picnic of the Belle Covert Pupils association, held in Cass Benton park in Northville, was attended by 80 former pupils and their families. A basket lunch was served about 2 o'clock, followed by a musical program and business meeting with the president, Charles Sessions, in charge. The secretary, Miss Bertha Van Zile, gave a report of the meeting of 1935, with greetings from several former pupils read afterward.

All proved most interesting and were greatly appreciated by those present but one especially, written by Elbridge Lapham of Elkhart, Indiana, contained the best news. Mr. Lapham is a propagator of flowers and this year has a new iris, a tall, stately, pink one, which he named Belle Covert, in honor of the most beloved of all former teachers in the Northville schools. Mrs. Adams (Miss Covert) expressed the thought that she was not worthy of so high a compliment but all who know her feel differently. She has been and is an inspiration to her former pupils, each year reminding them to live the best they know how, to keep striving for better things.

As the officers only serve two years, new ones were chosen. Frank Holt of Silver Lake, president, and Mable Freeman Dicks, of Plymouth, secretary.

Mr. and Mrs. Charles Riggs of Venice, California, Mr. and Mrs. Aim Wilson of Elizabeth, New Jersey, Mrs. Minnie Smitherman of St. Petersburg, Florida, Mr. and Mrs. Vassel Wilson and children and George Wilson of Windsor, Ontario, were those present from out of the state and others were from Detroit, Ann Arbor, Orion, Ewart, Silver Lake, Ypsilanti, Farmington, Northville and Plymouth.

Union Head Visits Lodge Officers Here

Charles Bradley, of Detroit, general chairman of the Switchman's Union of North America for the Pere Marquette railway, visited John Straub, secretary, and Harry Irwin, local chairman of Plymouth lodge No. 27, Friday. Interpretation of the working schedule, working conditions and the welfare of the men here in Plymouth were the objects of Mr. Bradley's visit here.

Sneak Boats Can Be Used By Duck Hunters This Fall Says State

Duck hunters in Michigan may legally use sneak boats during the hunting season this fall, even though the summary of federal and state migratory bird regulations accompanying the 1936-1937 game law digests implies that it is forbidden.

"As a matter of fact neither federal state regulations limit the operation of sneak boats this year," commented H. D. Ruhl, chief of the game division, department of conservation. "Sneak boats, which are not camouflaged, may operate anywhere in open duck waters. Last year, on account of federal regulations, they could not be used legally beyond 100 feet from well-defined emergent aquatic vegetation and so were of little use. That technicality has been removed from federal regulations this season."

A discrepancy appears between state and federal regulations, involving use of temporary blinds and the state regulation takes precedence. Federal regulations place no restriction on the place where a temporary blind may be established this year, but Michigan regulations do and will be enforced. The Michigan ruling on use of temporary blinds forbid their use beyond 100 feet from well-defined emergent aquatic vegetation. Hunters in Michigan, must observe this regulation, state authorities say.

Green Rose Blooms In O. F. Curtis Garden

Modern horticultural science has kept pace with the rest of the world, so that a green rose is not a "freak", but a standard variety. So reports O. F. Curtis of 324 Ann street, and he ought to know as he has one blooming in his garden.

Some time ago Mr. Curtis, who specializes in rose growing, saw green and blue roses advertised in a catalog and wrote to the company to ask if they could be depended on to produce blossoms of these colors. The reply stated that the roses had been scientifically tested and standardized, the same as well known varieties, so he ordered one of each of the plants.

Because of the dry summer, the new plants failed to produce blossoms until just this week when the green one appeared. It is a brilliant leaf green, barely distinguishable from the surrounding foliage. Now Mr. Curtis is waiting with impatience to see what the blue one will be like.

Mr. Curtis is a rose enthusiast and has more than 40 different varieties in his garden.

## Of Northville Celebrate 50 Years of Service in Present Building — Charles Dolph Tells Why Church Faces North Instead of East

When members of the Northville Methodist church Monday night turned back the pages of their religious history some fifty years or more in celebration of the half century's existence of the present church building, there were present at the banquet Mrs. C. L. Rauch of Plymouth, Mrs. C. L. Dubuar, Mrs. Minnie Hut-ton, Mrs. Charles Rogers and Mrs. Lucy Filkins of Northville who were members of the church at the time of its erection in the long ago.

It was just two years ago when Northville Methodists celebrated the 100th anniversary of the founding of the church in Northville.

Nearly 200 members of the church filled the banquet hall Monday night.

Mrs. Lucy Filkins was introduced as toastmistress by Charles Rogers, who was chairman of the committee on arrangements. Mrs. Filkins declared that the new church was practically built by the women of the church and her declaration was borne out by portions of official proceedings that were read by Charles H. Dolph.

"The women knitted fascinators, hoods, mittens, wristlets, and sold them for whatever they could get. They made rag rugs and they held a big bazaar where their hand-made products were sold to get money for the new church," said Mrs. Filkins.

"The church back in those days had a big membership and records show that large numbers attended the bazaar. In those days you just weren't anybody if you didn't go to some church," said Mrs. Filkins.

Charles Dolph, who has over a long period of years carefully compiled much interesting data about Northville churches and other institutions, explained why the present church, which stands at the corner of Center and Dunlap streets, faces north, instead of east as did the original church.

"It seems that after the old frame church was first erected a hundred years ago, Northville built an opera house. It was located on the east side of Center street directly across from the Methodist church," said Mr. Dolph.

"The old brick building, which has been made over into stores, still stands. Well, when the Methodists finally decided to build a new church, there were a number of members who didn't want the new church to face such an un-Godly thing as an opera house. There was another group within the church who thought it would be a good thing to have the church built so that everybody going to the opera could look right at the church. But those who were opposed to having the church across the street from the opera house won out and when the new brick structure was erected, it was placed in its present location and faces north instead of east. It is an interesting fact," said Mr. Dolph, "that the church has long outlived the opera house."

Rev. William Richards, pastor of the Belleville Methodist church who has served nearly ten years as pastor at Northville, many years longer than any other minister was ever permitted by the conference to remain there, was present to take part in the interesting program Monday night. So was Rev. Frank M. Miner, who is now pastor of the Mt. Hope Methodist church in Detroit. Mr. Dolph read letters from several former pastors who are now much past eighty years of age. They told of the work in bygone years. Rev. Harry Lord, present pastor of the church, expressed appreciation for the interest that had been shown in the celebration.

## Automobile Belonging To Matt Powell — Car Recovered in Northville—Fourth Time He Has Had Car Stolen

When Matt Powell goes in for anything he always does it in a big way, even to moose hunting and having his automobiles stolen. Generally a person is content to have his automobile stolen just once, but in keeping with his usual practice, Matt had one of his automobiles stolen Sunday night, the offense being the fourth time that he has lost an automobile since the days when he first started driving a buzz wagon.

His automobile was taken from in back of the Pennington-Allen theatre early Sunday night. It was found just before 11 o'clock by Chief William Safford on a street leading into Northville, where it had been left with its doors wide open.

The speedometer showed that it had been driven nearly 75 miles in the time it was gone. However, nothing was taken out of the car.

It will be recalled that a number of years ago Mr. Powell had a Studebaker stolen that was found some six months later down in Florida. Then he had a Ford stolen and that car was found dismantled down in Ohio a few months later. Another machine

stolen from him was found to have been burned up, the frame numbers and license plates being the means of identification. Chief Vaughn Smith says that two or three boys were seen to jump out of Powell's car in Northville and get into another machine that was following Powell's car as it was driven into Northville from the Base Line road. Officers think possibly the machine might have been taken to use somewhere in a robbery, although they have no report of such an offense.

## Will Be One of Speakers Plymouth Teachers Will Hear Talk At Their State Convention in October

Teachers in Plymouth will hear Glenn Frank, president of the University of Wisconsin, and Amelia Earhart, world-famous aviatrix, among the several nationally prominent speakers on the program of the Michigan Education Association regional convention in Detroit, October 22, 23, and 24.

Detroit will be host to more than nine thousand teachers who are members of the Association in Region One, which includes all the school districts in Wayne county. More than thirty thousand teachers are expected to attend the eight M. E. A. regional conventions in different cities of the state during October.

In addition to discussions of national trends and events, and meetings devoted to professional problems and teaching methods, the Michigan Education Association platform for the year will be introduced and the Association's opposition to three of the four proposed state amendments will be discussed.

Proposed amendment number three, which would remove the sales tax from certain foods, is opposed because "it would result in the drastic reduction of revenues for schools, welfare, and old age pensions." Proposed amendment number four, which would eliminate almost all taxes on real and personal property, is opposed by the Association because it "not only would cut in two the present revenues for public education, but also would make all local forms of government almost entirely dependent upon the State Legislature for revenues."

Although approving the principle of reorganization of county government, the Association opposes proposed amendment number two because it is "inconsistent and contradictory in its wording."

## Get Warning From The State To Be Careful and Not Lose Identification Tags This Year

Plymouth deer hunters who plan to go north this year had better be careful and not lose their identification tags according to a warning just issued by the state department of conservation. The department announces that its attitude is going to be a bit "stiff-bitted" this year. H. R. Sayre, chief of field administration, said that problems will arise from the new license-tag regulations which will necessarily require strict interpretation and application of the law.

"The hunter who loses his tag will be one of these problems," Sayre stated. "No doubt there will be many of them, unless the

tag is securely sewed on so that brush can't take it off. But many hunters will want to change garments; they won't be sewing the tags on the backs of their coats. "When the license tag is lost in the woods, there is only one thing the hunter can do to avoid embarrassment and that is to unload his rifle and quit hunting until a new tag can be obtained. He will be able to get a new tag from the nearest license agent for a fee of 50 cents by surrendering his old deer license and antler tag for new ones. It will not be legal for a hunter to improvise a new tag, even though he uses the correct numerals. "The conservation officer who finds a hunter in the woods without a tag cannot know whether the tag has been removed purposely or accidentally; he is not supposed to know. He is obliged to make an arrest."

**FIRST BAPTIST CHURCH**  
Loya Sutherland, minister  
Subject of sermon at 10 o'clock—“Do We Use or Abuse Religion?”  
Religion can make us hard and bitter. Think of the differences that divide us, the peculiarities of churches, the special opinions about religion. We can set these to the forefront until they fill the whole horizon and forget if Christ should come. He would call us back to the heart of religion. One day when the disciples were contented He appeared unexpected and set a child in their midst and said you are contending about everything except that which a child stands for, humility, responsiveness and generosity.

11:15—Bible school.  
6:30—Meeting for young people. These meetings will be of special interest during the coming weeks.  
7:30—Our Sunday evening meeting for praise, testimony and we shall talk about “True Happiness and How to Find It.” Are you turning all your ambitions to please yourself? Is the happiness you are finding but a counterfeit?

Next Wednesday night at our mid-week service we study the Book of John as the climax of Revelation.

We call attention to the chicken supper that is to be served on Friday night, October 2.

Does anyone know of anyone who has a large sized hot-glass? We have use for one just for a special occasion. Would you please call Rev. Sutherland?

Rally day will be observed October 4, with a combined service of the Sunday school and church in the morning.

Wednesday evening testimony service, 8:00.

“Reality” will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, September 27.

Among the Bible citations is the following (II Sam. 22: 31, 33): “As for God, his way is perfect; the word of the Lord is tried; he is a buckler to all them that trust in him. God is my strength and power; and he maketh my way perfect.”

Correlative passages to be read from the Christian Science textbook, “Science and Health with Key to the Scriptures,” by Mary Baker Eddy, include the following (p. 353): “Perfection underlies reality. Without perfection, nothing is wholly real. All things will continue to disappear, until perfection appears and reality is reached.”

## Evangelist Talks About Prophecies

Evangelist C. J. Coon, who is conducting a course of Bible prophecy lectures in the Masonic Temple every evening at 7:30 o'clock, is having a most enthusiastic and interested audience. Richard Muttersbach, the music director, and H. A. Mickle, orchestra director, both from Detroit, are offering instrumental numbers and vocal renditions, preceding each service, from 7:30 to 8 o'clock.

This week—Evangelist Coon has been explaining Bible prophecies which describe the conditions in the world at the present time, which the Lord said should constitute signs of His second coming to this world in the near future. Mr. Coon says that no one knows just when Christ will come, but that Christ said when the signs which He gave as omens of His second coming should appear, then the inhabitants of earth might “know that His coming was near, even as the doors.” It is said that these signs have appeared, and that therefore we may look for Christ's return to this world in the near future.

Tonight Mr. Coon speaks on “The Millennium.” He promises a most interesting lecture on this much-discussed topic, and says that he will prove from the Bible when the Millennium begins, and what will transpire upon earth during that one thousand year period, whether Christ reigns here upon earth in person, and sinners will then have a better chance to be saved, or whether no one will be saved during that period. He promises also to show from the Bible where Satan is to be bound during that time, and how he is bound, and what finally becomes of the Devil.

On the following evening, Saturday night, the topic is “The New Earth.” Mr. Coon says that in this lecture he will give a Bible picture of the home of the saved, what they will do through eternity, and what their bodies will be like then.

The lectures will continue next week also, every night except Monday night, and the topic for Sunday night should draw a large crowd: “Where are the dead between death and the resurrection?”

## NAZARENE CHURCH

Robert North, pastor  
Bible school—10:00; morning worship—11:15; young people—6:30; evening service—7:30; prayer—Wednesday, 7:30 p.m.

The Sunday morning sermon subject will be “The Devil's Devices.” The devil has many devices by which he ensnares and traps God's people. The only sure safeguard is to put on the “whole armor of God” Eph. 6: 11. “The Young Peoples' topic will be “Christian Soldiers.” This meeting is especially for the intermediate seniors.

The Sunday evening message will be “The Why of Human Suffering.” You will always find a welcome at the “Church where the Full Gospel is preached,” 280 N. Main street.

## Jewells Honored On Silver Anniversary

Sunday was a day long to be remembered by Mr. and Mrs. Roy Jewell, of Ann Arbor road, for on that day 50 relatives and friends gathered at their home to give them a complete surprise in honor of their twenty-fifth wedding anniversary.

The guests arrived in time for supper, bringing with them baskets filled with food and lovely wedding cake, decorated with silver and topped by a miniature bride and bridegroom, made by Mrs. Otto Reimer, a sister of Mrs. Jewell; centered the table. Following the supper the “bride and bridegroom” were presented with a gift of silver and flowers from those present, as well as from Mr. and Mrs. Vovle Becker of Fenton and Mr. and Mrs. George Gorton of this city, who were unable to be with them. Those present were Mr. and Mrs. C. A. Gable of Detroit, Mr. and Mrs. Paul Becker and children of Northville, Mr. and Mrs. Manford Becker, and family, Mr. and Mrs. Merle Rorabacher and children, Mr. and Mrs. Otto Reamer and children, Mr. and Mrs. Earl Becker, Mr. and Mrs. Charles Rathburn, Mr. and Mrs. I. ## Rosedale Gardens

The Arts and Letters group met Monday evening at the home of Mrs. J. E. Bond in Rosedale Park. The president of the club this year is Mrs. C. L. Bowdler and the secretary Mrs. R. W. Mason.

The first regular meeting of the Rosedale Parent-Teacher association will be held Wednesday evening, October 7, at the school. The business meeting at 8 o'clock will be followed with a reception at which new teachers will be introduced to parents of the community and new residents will have an opportunity to meet the teachers. Officers for the coming year will be installed at this time.

The opening dance at the new community house Saturday night was a most successful affair, with about 100 members in attendance. Music was furnished by Don Patterson's orchestra and huge baskets of gladioli, given by Mr. Campion, were used as decoration.

C. J. C. groups have been organized in the school, to promote good citizenship in the school room and look after room duties. Each group has its own officers and constitution, and an inauguration was held Tuesday at Plymouth high school. The officers for each group are as follows:

Beginners and first grade—Owen Hidden, president; Nadine Stewart, vice-president; Donna Lynch, secretary; Dale Miller, boys' health officer; and Charlotte Eggleston, girls' health officer.

Second, third and fourth grades—Harry Curtner, president; Raymond Buell, vice-president; Bruce Murray, secretary; Beverly Lynch, girls' health officer; and Jimmy Stover, boys' health officer.

Fourth and fifth grades—Robert Johnston, president; Billy Wooster, vice-president; Kathryn Trinka, secretary-treasurer; Colleen Shea, girls' health officer; and Martin Mepians, boys' health officer.

Sixth, seventh and eighth grades—Arvel Curtner, president; Paul Harsha, vice-president; Susan Millard, secretary; Gloria Nicolai, girls' health officer; and Harry Wooster, boys' health officer.

Services were resumed Sunday in the Presbyterian church after a period during which the building was closed for redecoration. Rev. Roy Miller and several members of the Sunday school teaching staff attended sessions of the Preaching Mission this week in Detroit. Beginning October 11 Sunday school will convene at 9:45 a. m. and the regular morning worship service will start at 11 o'clock.
