HOMES! HOMES!

The greatest need in Plymouth today is homes for the hundreds and hundreds of families searching for homes. If there were 500 new homes in Plymouth today in which people could move into, they would be occupied before the end of a week, so great is the demand for residences in this city. It is a problem that every one in the city must give some consideration to, if we are going to keep growing as we have in the past few years. We have reached the capacity limit of housing facilities here now. We must not stop—and not to stop, means build, build!

WE ARE ALL GLAD.

The good news that comes from the bedside of Superintendent George A. Smith, which tells of his continued improvement in health pleases the entire community. Attending physicians report him well on the road to recovery, although it will probably be some little time before he will be able to return to his duties in the school room. George A. is one man who never quits working. Well, the doctors finally got him and we hope for his own good as well as that of the community, he will be more careful in the future and that he will take the kind of a vacation, when he leaves the hospital, that will restore him to his usual good health. There comes a time in every man's life when it is essential to let down a bit on the amount of work done, but that Mr. Smith has refused to do. Night and day, month after month, and year after year he has kept going, not knowing what rest or recreation meant. Now he is paying the penalty. All of Plymouth, Mr. Smith, wants you to go the easy way until you are back on your feet as well and as strong as ever. And "ye editor" is going to do a bit more fishing this summer than is usual, too.

SOME GOOD CLIPPED ADVICE.

To small business men, a suggestion has been made that they use such profits as they may make in the near future and cannot use in their own business, to pay off any debts that they owe. Another wise move would be to buy out other stockholders, as Henry Ford did several years ago. If you want to run your business, you must own it. To a salaried person who has a surplus, it is suggested either the purchase of a house, or the rapid retirement of the mortgage on the house now occupied. Dollars may be cheaper in later years, but the time to pay debts is when money is coming easy.

Don't take your easy money and give it to some wise guy in the stock market. The man who owns your mortgage is a wise guy, too, and he has probably collected interest from you regularly throughout this depression, even at times when your wife and children were in sore need of shoes.

If your business or your job looked after you through the bleakest days of the depression, and it probably did, then, in heaven's name, take care of your business and your job in the years ahead. Let others make the big money that tempts you in real estate and stock market speculation, in wildcat specialties, and in green pastures that you have never seen.

MONEY FOR SCHOOLS.

There was some rather interesting information that came out of the state department of education a few days ago pertaining to the portion of sales tax money now turned over by the state for public school purposes. When the state and local governments imposed such a terrific tax upon real estate in past years

Voters Approve The Exchange Of Property Between Presbyterians And City - Community To Benefit

Church Manse To Be Moved From Main Street To New Location - City To Improve Section And Create Parking

Plymouth voters, by the overwhelming vote of 583 to 165 approved of the exchange of property between the city and Presbyterian church which will give to the city the manse site on Main street in exchange for a site for the pastor's home in the city park west of the new Presbyterian church and in addition will enable the city to change the street locations as it may desire to improve that part of the city.

Because of the fact that the plan was of such tremendous advantage to the city as a whole, the reason for the 165 objecting votes is unknown.

The vote by precincts on this property exchange follows:

	Precincts			
	1	2	3	4 Total
Yes	102	112	179	185-585
No	47	30	36	52-165

For this plan to carry, it required 449 of the votes cast, there being more than 100 votes than necessary.

The voters also approved officials to sell a portion of the Adding Machine company that angle off Plymouth road when relocated to the west.

The vote on this question follows:

	Precincts			
	1	2	3	4 Total
Yes	97	98	169	153-517
No	59	41	60	78-238

In future years the city primary election will be held on the same date as the county and state primary election. Under the charter the city election had to be held about a week before the state election.

The voters approved this change by the following vote:

	Precincts			
	1	2	3	4 Total
Yes	94	117	144	157-512
No	55	31	71	59-216

The vote on the amendments to the city charter totaled practically the same as the vote for city and state officials.

Local Girl Wins Florida Honors

Miss Marie Korte, daughter of Mr. and Mrs. Fred Korte, 46601 Warren road, Plymouth, was honored in the 1937 Florida Festival of the States at St. Petersburg, Florida.

Miss Korte, who is visiting in Florida with her grandmother, Mrs. Celia Ferrer, also of Plymouth, was a princess in the festival and rode on the princess float through the city of St. Petersburg last Friday.

At the Queen's Review in Williams park the Plymouth girl won the applause of the large audience as she stepped to the center of the stage and bowed to last year's queen, Miss Korte, who wore a gold colored gown with gold motifs and matching crown, was also honored at the

Clark Felton Now In Harper Hospital

Clark Felton, son of Mr. and Mrs. Lynn Felton, is in Harper hospital where he is recovering from a threatened attack of pneumonia. The high school student has been living at the Mayflower hotel with his father during the time the Felton home has been quarantined because of scarlet fever that another one of the children is now recovering from. He was removed to the hospital so that better care might be given him.

Chief Smith Has Completed G-Man Schooling

Returns Home After Completing Course In Washington

Chief of Police Vaughn Smith returned to Plymouth and his duties as head of the police force this week after spending three months in the Federal Bureau of Investigation's National Police Academy in Washington.

He has the distinction of being the only Michigan man to be a member of the graduating class from the G-Man's school. He was presented with his diploma Saturday.

The 115 graduates of the National Police academy were selected by their respective law enforcement organizations, located in 44 states and one territory, to receive instruction in the following general subjects: Scientific and technical methods; statistics, records and report writing; firearms training and first aid; investigations, enforcement and regulatory procedure; tests and practical experience; police administration and organization; and police training methods. The purpose of this instruction is not only to equip the representatives to conduct investigations more efficiently but to enable them to return to their respective communities to organize a police school or to assist in such a school in the event one has already been organized.

The scope of this training is apparent when it is observed that the total number of law enforcement officers in the 115 departments which have been represented in the school is 55,227. Within the territorial jurisdiction the total population residing covered by these organizations and thereby receiving more efficient police protection is 73,662,352.

The selection of the personnel to attend the academy is dependent upon the applications received by the bureau from local, county and state law enforcement organizations. The procedure provides for the application by letters on the part of the local organization to designate a representative to take the course of training. Following application, the

District Legion Meeting Here

Members of the American Legion of the 17th Congressional district last Friday enjoyed one of the best district meetings held during the year. It took place in the Plymouth American Legion hall at Newburg, several hundred Legion and Auxiliary members being in attendance.

Commander Harold Anderson of the local Legion organization, made the guests feel right at home. He presided at the dinner served to the visitors by the Legion members and welcomed the visitors to Plymouth.

The Ford Mountaineers provided plenty of good entertainment for the visitors. Following the dinner and program, the Legion and Auxiliary held business meetings. Commander Anderson and the Plymouth members were highly commended for the fine way in which they entertained the visitors from about the 17th district.

All Supervisors About Here Are Easy Winners

Canton For G.O.P. State Ticket; Elects Democratic Officers

Western Wayne county's four horsemen went to town again Monday in the township elections, Charles H. Rathburn being re-elected supervisor of Plymouth township without an opponent running against him. Willard Ely of Northville township retaining his post, Phil Dingley of Canton township winning out by a safe margin and Jesse Ziegler of Livonia township having a sort of a walkaway in his contest.

All are Republicans except Supervisor Dingley, who ran on the Democratic ticket.

But here is an interesting fact about Canton township. The voters elected most of the candidates for township offices on the Democratic ticket, but turned right around and gave the Republican state ticket a big majority.

Other candidates elected in Plymouth township without opposition were Norman Miller, clerk; Cella Moles, township treasurer; Walter Postiff, justice of the peace for full term; Hal Wilson to fill vacancy as justice of the peace; Isaac Innis, highway commissioner; James Gates, member of board of review; Lee Eldred, Russell Coon, Myron Mawhorter and Floyd Miller were elected constables.

Over in Northville township, it appears that the voters were so anxious to keep from spoiling their tickets, that they voted pretty much straight tickets.

Plymouth Hills Joins M. G. A.

Miss Partridge, professional at Plymouth Hills, announced this week that the club has joined the Michigan Golf association.

The course is in fine condition and a considerable number of golfers have already started the season. The formal opening will be April 10. Partridge plans to hold a free Ladies Day each Tuesday.

Detroit News golf lessons will be given at the course and lessons will be started for school children on May 3.

If interest develops Partridge hopes to start league play between local teams this summer.

Inland Season On Perch Fishing Ends

The 31-day closed season on perch which becomes effective in all Michigan waters of the Great Lakes on April 15 applies only to commercial fishermen, conservation authorities here announce. The program included a monologue and songs by Bill C. Smith, a skit by Mr. Tracy, and musical numbers by Roy Clark, George Curtis and Clyde Upton. Grand Officer Guard Ray Burrell and District Deputy James Hart, of Ypsilanti, gave short talks. The Ypsilanti lodge No. 117 gave the four act play, "Lesson of Friendship."

The remainder of the evening was spent in modern and old time dancing.

Painters and decorators have practically completed the interior decoration of The Community drug store. Both the store, as well as the large stock room have been given a thorough renovating. Permits Issued For Three New Homes This Week

Total For 1937 May Surpass 100 Mark Say Officials

Applications for permits to build three new homes during the past week brought estimates today that more than 100 private dwellings would be constructed in Plymouth in 1937.

Grace A. Hubbard has obtained a permit to build a house on Palmer street, between South Harvey and South Main streets. Plans call for a two-story semi-bungalow with a garage attached.

M. B. Lazor will construct a bungalow on Beach street, between Harvey and Jener streets.

The third permit issued during the past week went to Burton Greenman who will build a one-story home on Joy street, between Fairground and Coolidge streets.

Several other permits have been taken out by Plymouth residents who plan to make repairs on their homes and business places. Work on the foundation of Earl Fluelling's new garage, sales room and service station on Main street started this week. Progress was reported on other improvements now under way in the city as well as on the construction of the Burroughs Adding Machine company plant on Plymouth road.

The large number of construction permits taken out during the first three months of the year lead city officials to believe that Plymouth will have a record amount of new building both in residential and industrial classifications this year.

Plymouth Tax Payments Show Good Upturn

City Treasurer Reports Best Collection In Years

Tax collections, always a good indicator of economic conditions, are on the upturn in Plymouth.

Mrs. Neille Cash, city treasurer, reports the highest percentage of collection of city, school and county taxes in several years. She has completed collection and is returning delinquent rolls to the county treasurer.

Plymouth taxpayers have paid 85.5 percent of the total city tax roll compared to collections of 80.7 last year. The school taxes collected approximated 83.2 percent compared to but 75.3 last year while county tax collections here amounted to 83.8 percent compared with 75.4 last year.

Payments on delinquent taxes from previous years have already made up the amount delinquent on the 1936 tax roll so for all practical purposes Plymouth has 100 percent collection this year.

Dr. Butz Will Show Fire Movies Monday

The Plymouth Civic association will hold a meeting next Monday night at Byer's hall.

William A. Rose, president of the association, has issued an invitation to all persons interested in promoting the welfare of the city to attend.

George W. Springer Is Unopposed For Election As Constable

City Commissioners George H. Robinson, Lloyd E. Wilson, better known to his many friends as Ed Wilson, and Arthur E. Blunk, were re-elected members of the city commission Monday.

Perry Richwine, who made no campaign for election as municipal judge, had less than 100 votes under Judge John W. Dayton, who was re-elected.

The vote for the candidates for city commissioners follows in full:

	Precincts			
	1	2	3	4 Total
Robinson	107	78	126	150-461
Wilson	80	123	121	114-438
Blunk	91	64	123	121-399
Worth	63	53	101	122-398
Brooks	52	51	100	86-289

The vote for municipal judge by precincts follows:

	Precincts			
	1	2	3	4 Total
Dayton	79	83	112	138-412
Richwine	73	53	102	89-317

George W. Springer had 645 votes for constable, being unopposed for this office. However, two voters wrote the name of Postmaster Larned on the ballot and he received two votes for the place, Alonzo Brocklehurst received one and Chief Smith one.

Commission Gets 1937-38 Budget Recommendations

No Increase In Tax Rate Will Be Necessary

A proposed budget for 1937-38 calling for the expenditure of \$85,439.50 was submitted to the city commission by the budget committee Tuesday night.

The recommendations of the committee, which is composed of Mayor Henry Hondorp and City Clerk Clarence Elliott, provides estimates of miscellaneous revenues of \$16,589.50 which would leave only \$68,850 to be raised by taxes for city operations from July 1, 1937, to June 30, 1938.

This amount is less than \$900 increase over the previous year and this will be raised easily by taxes on new property constructed here in the last year. The tax rate and the valuation on all other property will remain the same as last year.

The city commission next week will begin to study the recommended budget and will hold a public hearing on the budget on May 3.

The commission received a report from the health department disclosing that only two cases of contagious disease, one of scarlet fever and the other measles, were reported in Plymouth on March 31. The report said the health of the city's residents has been better than usual this year.

The city commission authorized the mayor and clerk to execute a contract with the Burroughs Adding Machine company to permit the company to tap the city disposal plant. The contract has been submitted, after several meetings, to the company. If the company asks any revisions the entire matter will be referred to the city commission again.

Miss Emma Foerster Becomes Bride of William Lovings

William Lovings of Ann Arbor and Miss Emma Foerster of Salem township were united in marriage in the Salem Federated church, Saturday evening, April 3, at 5:30 o'clock. They were attended by Mr. and Mrs. Fred Pettit of Ann Arbor, and the service was read in the presence of a few relatives and friends by Rev. C. M. Pennell. Easter lilies and ivory tapers were used with an artistic arrangement of green foliage plants to make a background for the wedding party.

The bride wore an empire gown of white satin and her long lace-trimmed veil had a coronation cap. The bridal bouquet was made of white sweet peas and tallman roses. Mrs. Pettit was attired in pastel blue and wore a corsage of forget-me-nots. Little Gloria Lou Almon of Detroit was her aunt's train-bearer and in a ruffled frock of yellow taffeta was a very attractive member of the wedding party. Mrs. Harmon Gale played a bridal song preceding the pastor's reading of selections of scripture and followed with the wedding march.

After the ceremony Mr. and Mrs. G. Foerster entertained a large group of relatives and friends at dinner in honor of Mr. and Mrs. Lovings.

TAX THE BILLS.

There are so many bills being introduced by members in the Minnesota legislature that it is proposed to make every member who presents a bill to pay ten dollars apiece. What a lot of stomach gas would be saved if every state legislature would enact such a law.—J. E. McMullen in The Linden Leader.

THE MEANS WILL DEFEAT THE END

The chaotic condition that exists in Detroit as the result of the sit-down strikes has already had such an unfavorable reaction from the public that such tactics will mean nothing but the breakdown of the very thing sought by the leaders who claim they represent the men involved. The case of the Chrysler strike is a good example in point. In this case there is no claim that high wages and good working conditions are not already paid. The single question involved is the recognition of one union, the CIO, as sole bargaining agency for ALL employees whether members or not.

Union leaders are forcing the issue. These same leaders recently stated publicly that wages were the highest in this factory, working conditions the best of any in that area. Now they use a weapon which will mean losses of thousands of dollars to the men and stockholders to say nothing of mounting costs to the public all along the line. The same tactics carried to smaller industries and commercial houses will mean putting them out of business. This defeats the ends sought in the long run and everyone is the loser.

The Governor has indicated that while he has avoided the use of force, he will take steps to preserve authority and the rights of private property. The radical "violent self-help" measures are a simple form of banditry which if allowed to continue will wreck the state and nation. The assumption of leaders that the silence of public officials means support for such tactics, is doubtless one reason for the spread of the present trouble. The public interest is certainly of more importance than that of any one group, be they employers or employees.

One trouble in the present crisis is that too many misinformed and loose-mouthed orators have been going around the country making statements which are without foundation in truth. We have had an example of that kind of thing even here in Midland. These untruths if allowed to go unpunished are sometimes accepted as the truth and used time and again by agitators, who are suddenly taking such an interest in workingmen. They incite disregard for law and order and plant the seeds of revolution. To anyone familiar with the facts the many claims are ridiculous, but too often the uninformed do not take the trouble to find out the truth. They seem prone to believe the misleading stuff told them by outsiders rather than accept the word of those here in the community in whom they have confidence.

In the long run, men, management and owners will be much farther ahead by using reason in ironing out differences as to wages and working conditions. Illegal or violent methods can only fall in the long run. But when they are resorted to everyone loses. It's just like war... no one ever gains anything worthwhile in the long view that could not be secured by peaceful means.—Philip T. Rich in The Midland Republican.

Coveau Recovering From Broken Back

Attending physicians believe that John Coveau, the 83-year-old resident of Plymouth, who suffered a broken back three weeks ago when a tree fell on him, will probably be able to leave Eloise hospital within the next two months. They are surprised

at the rapid improvement he has shown in the past week or so and now they say that unless other complications set in that he will entirely recover from his injuries. He was cutting wood on shares on the Jesse Hake place out on Plymouth road when a tree he was cutting down, fell in an opposite way than he had anticipated.

By actual meter test: Here* is what electric cooking costs!

COST OF OPERATING AN ELECTRIC RANGE Family of 4 \$1.85 per month. This figure is a 4-month's average (October, November, December and January) of actual cooking costs in families of four persons, at the rate of 2 1/4 cents (net) per kWh. Special record meters were installed on these customers' ranges to determine actual cooking costs, and the figure above — about 1/4-cent a meal a person — is the result. This is the AVERAGE of the cost figures obtained; Some of the actual costs were higher, some were lower. The cost of operating your range will vary with the amount of cooking done, and with the use of retained heat and the waterless cooking method.

* These latest figures on the cost of operating an electric range show an average of about ONE-HALF A CENT a meal a person. Actual meter tests were made in homes using electric ranges. The cost figure is obtained under ordinary working conditions in ordinary kitchens. The ranges are used by women cooking meals daily for families of three, four and five people, or larger. In the survey, 5 well-known makes and 9 different models of electric ranges were included. These tests prove conclusively that electric cooking is not expensive. 10,000 of your neighbors chose electric cooking during the year 1936. FIRST BAPTIST CHURCH—Loye Sutherland, minister. Morning worship at 10:00 o'clock. Sermon subject, some mistaken magnitudes. "Ye Blind Guides, Which Strain at a Gnat, and Swallow a Camel". Matt. 23: 24. One of the great complaints that Christ had against the Pharisees was that they had lost the relative magnitudes of things. They magnified trifles, cherished their little hand-lamps they carried, and forgot the stars were in the sky. This message is given in all seriousness since this Sunday is the last Sunday before our annual meeting. Bible school, 11:15. Beginning at 4:30 Sunday afternoon the young people are to be the guests of Rev. and Mrs. Sutherland at the parsonage. All those belonging to our B. Y. P. and the friends of our society are invited. After a devotional period, those present will have the opportunity of a personal conference with the pastor. At 7:30 our evening service of praise and song. The evening sermon will be on "Beginning to Sink". Text: "Beginning to sink, Peter cried, Lord, save me." Surely one sight in life that fills the human heart with profound sorrow, is that of a man or woman "Beginning to Sink". Please take notice that beginning next Sunday night our evening gatherings are one half hour later. Next Wednesday night is the time of the annual meeting of this church. It is important that our membership shall be in attendance. There will be a report of the heads of all committees and departments. During this meeting we elect such officers whose terms expire at this time. As this church looks back over the past we have great reason to thank God for many blessings, both spiritual and material. Surely no member will be absent at this important meeting.

SALEM CONGREGATIONAL church. Lucia M. Stroh, minister. Divine worship, Sunday, 10:30 a. m. Sermon subject, "The Coming Again of Jesus Christ". Sunday school, 11:45 a. m. Lesson: "The Sin of Adam and Eve". Genesis 3: 1-15. Golden Text: "The soul that sinneth, it shall die". Ezekiel, 18: 4. The Ladies Auxiliary society will give a "penny supper" on Thursday evening, April 15 at the town hall. All in the community are most cordially invited. Mrs. Helen Duncan will give a party for the Crusader Sunday school class in her home on Six Mile road, Saturday evening, April 17.

ST. PAUL'S EVANGELICAL LUTHERAN church. Livonia Center. O. J. Peters, pastor. Services in German, Sunday, April 11. Ladies Aid meets at church parlors, April 14.

ST. MICHAEL'S CHURCH—Rosedale Gardens. Masses: Sundays 8:00 and 11:00 a. m. Holy Days 7:30 and 9:00 a. m. Week day, 8:00 a. m. Confessions before each Mass. Catechism class after first Mass. Benediction after second Mass. Baptism by appointment.

CHURCH OF GOD—788 Penniman avenue. Sunday, Bible school 10 a. m. Morning worship, 11 a. m. Young People's meeting, 6:30 p. m. Evangelistic service 7:45 p. m. Mid-week prayer meeting, Thursday, 7:45 p. m. A hearty welcome awaits you at the Church of God. Pastor, Rev. E. L. Harris, 38005 Ford road. (Not Pentecostal).

FIRST CHURCH OF CHRIST Scientist—Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of twenty years. Wednesday evening testimony service, 8:00. "Are Sin, Disease and Death Real?" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, April 11. Among the Bible citations in this passage (Ps. 37: 23): "The steps of a good man are ordered by the Lord; and he delighteth in his way". Correlative passages to be read from the Christian Science textbook, "Science and Health with key to the Scriptures," by Mary Baker Eddy, include the following (p. 475): "The real man cannot depart from holiness, nor can God, by whom man is evolved, engender the capacity or freedom to sin".

ST. JOHN'S EPISCOPAL Church—Holy Communion and sermon at 10:00 a. m. Church school at 11:30 a. m.

CATHOLIC CHURCH—Rev. F. C. Lefevre. Sundays—Mass at 8:00 and 10:00. Confessions Saturday nights at 7:30, and before each mass. Societies—The Holy Name Society for all men and young men. Communion the second Sunday of the month. The Ladies' Altar Society receives Holy Communion the third Sunday of each month. All the ladies of the parish are to belong to this society. Children of Mary—Every child of the parish must belong and must go to communion every fourth Sunday of the month. Instructions in religion conducted each Saturday morning at 9:30 by the Dominican Sisters. All children that have not completed their 8th grade, are obliged to attend these religious instructions.

SALEM FEDERATED CHURCH.—Worship service, 10:30 a. m. Members and friends of the church are urged to be present next Sunday morning when the pastor will speak on the subject, "Christ and the Nations". Bible school, 11:45 a. m. "The Sin of Adam and Eve"; Genesis 3: 1-5. Memory verse: "The soul that sinneth, it shall die". Ezekiel 18: 4. Hymn sing, Sunday evening at 7:30 o'clock. Audrey Rabbe, speaker.

CHURCH OF GOD—788 Penniman avenue. Sunday, Bible school 10 a. m. Morning worship, 11 a. m. Young People's meeting, 6:30 p. m. Evangelistic service 7:45 p. m. Mid-week prayer meeting, Thursday, 7:45 p. m. A hearty welcome awaits you at the Church of God. Pastor, Rev. E. L. Harris, 38005 Ford road. (Not Pentecostal).

CALVARY BAPTIST CHURCH—455 South Main street. Both morning and evening services this Sunday, God permitting, will be in charge of "The Crusaders for Christ". This is a fine group of young people from the Dexter Avenue Baptist church of Detroit. If you would like to hear them on their first visit a month ago, an opportunity to witness their stirring, God given testimony is yours for the taking. See advertisement on another page of this paper. Bible school at 11:30 a. m. "Train up a child in the way he should go; and when he is old, he will not depart from it". There is a class for all ages; from the beginners to and including the parents. All are welcome. May the young people be reminded of the change of time for their service. They will meet Sunday evening at 6:30. Bring your Bible; bring your friends. Wednesday evening at 7:30—a time of refreshing prayer, praise, and Bible study. It has been well said that more things are wrought by prayer than this world dreams of. We read of the early disciples: "These all with one accord continued steadfastly in prayer" (Acts 1: 14). What was the result? "There were added unto them in that day about 3000 souls" (Acts 2: 41). "The great need of the present hour is prayer. The world today is placing more and more dependence upon men, machinery, and methods, and less and less upon God. What is needed above everything else today is prayer, true prayer, prayer in the power of the Holy Spirit, and prayer that meets the conditions of prevailing prayer so plainly laid down in the Word of God. There is a place at Calvary for you. (A. E. B.)"

Newburg School News
A lot of mumps have been going around the school. Herbert Rorabacher, Oceana Ballen, Ruth Chilson, Alan Kidston and Evelyn Greene have them. For the last two weeks the work has been visiting Newburg; Gladys and Florence Bodnar have a baby sister. Her name is Mary Eileen. Earle Bassett also has a sister. Her name is Ardith Elaine. George and Harold Petraszewsky have a baby brother. His name is William Peter. We have two new pupils in our room. Their names are Marion and James Lockwood. They are in the seventh grade. Tuesday afternoon the following children went to Children's Village to take toxoid; Dorothy Bennett, Earl Bassett, Junior Ryder, Elmer Myers, Robert Wright and Thomas and John Green. The 4-H County Achievement day at the Training school resulted in many of our girls winning honors for themselves and our school. The following were chosen as style leaders: Doris Bennett, Ruth Popovich, Betty Jones, Shirley Jacobson, Dorothy and Lucille Bennett. Honor members in sewing were Helen Gilbert, Eileen Bird, Lucille Bennett, Betty Jones and Oceana Ballen. Eileen Bird was among the delegates chosen to attend Club Week in Lansing next summer; we were very proud of her as the chairman of the Achievement Day program at the Training school. The Newburg P. T. A. met last week, Thursday evening. The following were elected as officers for the coming year: Mr. Kidston, president; Mrs. Gladys Ryder, vice president; Mrs. Ada Watson, secretary; and Mr. Eunt, secretary. The parents were entertained by the school children. The 4-H club girls gave a clothing exhibit and their style show. The primary room sang two numbers and danced the "Danish Dance of Greeting". They also read two editions of their newspaper. The middle grade room danced a Czechoslovakian dance, and an original poem by Frederick Bird was given. Several boys sang "Home on the Range" and "Red River Valley". The upper grades gave a safety play. Our next P.T.A. will be on the first Thursday in May and will consist of a potluck picnic supper. Let's have a big crowd at the Wayne County Training school next Tuesday evening, at the Wayne County council's annual "amateur show". Mrs. Cytkowski will represent our P. T. A. and will sing.

All liquor tax collections by the government totaled \$569,081,879 for 1936. In 1935 the figure was \$458,494,721.

Earl Gray Heads Ball League
Earl G. Gray, of Plymouth, was re-elected president of the Michigan Inter-County Baseball league at the annual meeting held Sunday. It is planned to have 10 teams included in the schedule with play starting May 9 and ending with a series for the championship in September. Garden City's nine won the title last year. Charles Bradley, of Inkster, and Ray Levandowski, of Plymouth, were re-elected secretary and treasurer. Another meeting will be held at Garden City on April 20, at 8:00 p. m. Any team desiring to enter the league can obtain information from one of the officers. There will be scheduled games at Cass Benton park, Riverside park and Inkster park every Sunday and holiday during the summer. The president of the league will appoint the umpire-in-chief for each game and the latter will have authority to remove the base

Betty McGarry, of Coldwater, spent her vacation with her grandmother, Mrs. Clara McGarry.

Floyd Perkins of Detroit spent a couple days last week visiting Loren Gould. Loren returned home with him for a visit and both attended the opening of the Detroit and Michigan exposition.

Rev. Edgar Hoenecke and Mrs. Hoenecke had as their guests over the week-end the former's sister and husband, Mr. and Mrs. Truman Radtke, of Saginaw.

Betty Mastick had as her guest last week, Marguerite Johnson, of Lansing. On Friday Betty entertained eight guests at a dessert-brigade in honor of her house-guest.

Ben Sprowl and Charles Olds who had been working on a house on South Main street which was being torn down, were injured Saturday, when the timber gave out and let the floor down. Mr. Sprowl received some cracked ribs and Mr. Olds was bruised considerably but they are both up and around.

Grant Stimpson and family have moved into the house he recently purchased of Harry Stanley and Harold Compton has moved into the house vacated by the Stimpsons. Mr. Stanley has

purchased the old Briggs place on Mill street which he and his family will occupy and the Goebels will move into the house vacated by Mr. and Mrs. Stanley.

Mr. and Mrs. Raymond Bachelard were called to Chatham, Ontario on Thursday, April 1 by the serious illness of the former's father, John Bachelard. Mr. Bachelard was taken with a stroke of which he died on Tuesday afternoon, April 6. He was 80 years of age and had been in perfect health up until the stroke. He was buried in Chatham on Friday, April 9. The deceased was known by many Plymouth residents, having visited his son and family many times.

What About Our Neighbors

(Continued from Page One) to the legislature from Calhoun county. By profession he is a lawyer and is assistant prosecuting attorney of Calhoun county. His law partner is Adrian Cooper of Albion, one of the veteran Republican leaders of southwestern Michigan. For much more than a quarter of a century Mr. Cooper has been one of the good friends of the writer and it was a real pleasure early in the session to find that the young man at our right in the house is associated with such a distinguished citizen and attorney as Mr. Cooper. Representative Magnotta has indicated an interest in clean legislation and he is exceedingly anxious to have the legislative search light turned on one of the rottenest prison parole releases the state ever had. He is firmly convinced that if an inquiry should be made into this matter without fear or favor, it would reveal one of the biggest scandals of years. He is backed in his efforts by both Republicans and Democrats of Calhoun county, as the paroled swindler was sentenced from that county. This was one of the paroles that brought much criticism to Governor Fitzgerald just after the election last fall. There are many Republican members in the house who hope that Mr. Magnotta will be able to get results on his resolution.

He thoroughly detests "interested parties" who try to force legislation promoted by certain groups. His contempt is shared by a goodly number of other members of the house. He is conservative and exceedingly anxious to know all about the bills under discussion. The Republican writer of this column sees no reason why the good people of the second Calhoun district should not feel well satisfied with the youthful, alert and clean representative they have sent to the legislature. True, he votes "party" pretty much of the time, but as long as he was elected on the Democratic ticket, why shouldn't that be the case?

Right in front of the writer's seat is another young Democrat. He comes from a district that is located about as far north as you can go in Michigan. This member is Mr. Weza from Ontonagon, a city located way up on the shores of Lake Superior. Mr. Weza, like a number of the other young members of the house, is not married. He is a school teacher and a former insurance man. He is an exceedingly studious young man and seems to be interested in clean legislation. If it is natural that he is watchful of legislation pertaining to school matters, in fact, one of the good bills introduced in the legislature that will be of benefit to all the school teachers of Michigan, was introduced jointly by Mr. Weza

and Representative Joseph Warner of Ypsilanti. Mr. Weza has spent practically all of his life in the Upper Peninsula and besides his interest in school legislation, he is also watchful of legislative matters that pertain to the beautiful part of the state in which he resides. He is following the practical method of feeling his way along without becoming too energetic in legislative matters early in the session. It is quite apparent that Representative Weza stands well back in his home district, for he probably has more visitors from his part of the state than any other man from the Upper Peninsula. He has been careful not to get himself pledged to any sort of legislation that is not for the best interests of the state and if he decides to continue in politics, his electors can be sure that whatever he does will be what he thinks is for the best.

Yes, readers, there is a Republican near my seat. This Republican is also a young man. Mr. Miles was elected to the legislature from Ottawa county and his home is in the city of Holland. Probably no man in the entire legislature studies more thoroughly all of the bills introduced than does Mr. Miles. He is an attorney and if he prepares all his cases with the same care as he gives to legislative matters, his clients can be sure that he knows all about his cases before he goes into court. Representative Miles has that trend of a mind which generally leads to the bench. There are many good trial lawyers that voters would not ordinarily look upon as the right kind of timber for a judge, but Mr. Miles happens to be of the make-up that will cause people in the not too distant future to look upon him as the right sort for judicial services. He is the representative who has introduced the bill to prohibit liquor advertising in newspapers. He is one of the first members to reach his house seat early in the morning and he is there reading bills, and studying measures until late in the evening. Like the others so far mentioned, he takes his legislative duties seriously.

Don't think for a minute that because the state senator from Hamtramck was mixed up in that notorious recount case that the young attorney from that city who is a member of the house has any such notions pertaining to what is right and wrong about elections. Representative Walter Stockfish is the Democratic member of the house from Hamtramck. He, too, sits near the writer. He is an attorney and his friends have told the writer that he is highly regarded in his home city. Well, those who have come to know him in the house have the same high regard for him as that held by his neighbors and friends back home. He is quiet, unassuming and is of a most studious nature. Even though he is a Democrat, Hamtramck has no reason to regret the election of such a fine young attorney as its representative in the state legislature.

Let us jump over the aisle for a minute and discuss another Democrat who sits in the same row in the house as the writer. His name is Harry Glass from Grand Rapids. Probably no man in the house has been more severely condemned by one of the newspapers of his home city than has Representative Harry Glass, but coming as it does from a newspaper of a city that has turned "thumbs down" on any criticism of one of the most notorious Republican political spotters of the present generation takes off much of the curse of what it says about Mr. Glass. But what about Mr. Glass? In the first place, he is an ardent supporter of the new trend in Democratic politics. He is unmarried and apparently like thousands of other young men of the present day, has found it rather difficult to locate a permanent job in a kind of business that he would like to follow. He is a quick thinker, an eloquent speaker and is by far the best equipped man to become the floor leader of his party in the legislature. Why his party leaders have not taken him in hand and trained him along the lines where he could be of greatest service to his party organization is difficult to understand. His interests lie chiefly in the welfare of the so-called "underdog". Some of his political opponents have tried to make much of the fact that he has been faced with some of the problems that most folks have who do not possess a steady income. There is no question but what he would do as everyone else would like to do, if he had a good job. Some newspapers and others condemned Representative Glass severely because of the fact that he tried to have a constitutional convention called within the next couple of years to fix up Michigan's constitution. Any thinking person, if he would be willing to admit it, knows that Mr. Glass is right about the needs for re-writing Michigan's constitution that was drawn some 36 years ago by the "special interests" that controlled Michigan politics at that time. The only mistake made by Mr.

Glass in this matter was the inopportune time that he presented his revision resolution. The writer will make this prediction about Mr. Glass—if in the next two or three years he can clear away some of the little vexing problems that cause some of the criticism hurled at him at the present time and if his own party members will delegate to him the floor leadership he can render in some situations, Mr. Glass will go places in politics. He possesses ability. He is likeable and has a pleasing personality. He has a good knowledge of public affairs and he is by far the best speaker in the house or senate. Michigan Democrats, if they are looking for a future outstanding leader, should give some thought to the preparation of Mr. Glass for this party service.

But what about some of the rest of the members of the house? Let it be said right here, that there are one or two Republicans and one or two Democrats—may be more, but there hasn't been time to know them all yet, who should be relegated back to private life about as quickly as the voters can do the job. There might be several, but we are sure of at least three or four members of the house, members of both parties, who look upon public service as a quick way to personal advantage. Maybe some day we'll discuss two or three of these gentlemen.

Redford Entertains Plymouth Women

The Woman's Club of Plymouth was the guest of the Redford club, Monday. The entertaining club had planned a wonderful program which consisted of two vocal numbers by 10 of its members, two one-act plays, the cast of each being members of the Redford club, and a soloist, who sang four Spanish numbers, en costume. This delightful program was followed with tea, sandwiches and cakes served from a most attractively arranged table, centered with a low bowl of pale green and yellow snapdragons, flanked by lighted yellow tapers in tall crystal holders. The following club members attended this very lovely affair,

FLINT ELIMINATES PLYMOUTH DEBATERS

The Plymouth high school debaters dropped a close debate to Flint Northern on Wednesday, March 31, after winning seven consecutive league contests. This debate held at Flint was a quarter final contest and enabled Flint Northern through its 2-1 victory to enter the state semifinals against Detroit MacKenzie. Plymouth upheld the affirmative of the proposition, "Resolved, that all electric utilities should be governmentally owned and operated". The local team was composed of Jewel Starkweather, Edith Mettsal, and Tom Brock. The negative was represented by Jane Rhead, Keith Noewald and Kenneth Knutson. Their coaches were James Lature, Plymouth, and Carney Smith, Flint Northern. The tilt was judged by two Wayne university and one Albion college professor. Professor Cartwright of Wayne and Professor Robinson of Albion supported the negative while Professor Youngjohn of Wayne voted for the Plymouth contestants. The basis of Professor Robinson's decision was that Plymouth failed to prove definitely that many rural sections could never receive electric power under the private system. Mr. Cartwright contended that although the debate was close, he was forced to vote for the negative because Plymouth failed to consider pertinent questions and arguments immediately. Professor Youngjohn agreed to some extent with Mr. Cartwright but put forth the argument that Plymouth's entire case was still standing at the end of the debate and because the negative failed to touch it, she voted for the affirmative.

This debate ends the debating activities of all three Plymouth speakers who are seniors. Three other debaters also will be graduated this June, leaving one member of the squad for next year.

PLAY DAY WITH WAYNE A SUCCESS

Over 150 girls and mothers were present at the Play Day with Wayne the last Wednesday before vacation. At exactly 4:00 o'clock, after the Wayne girls had arrived and been introduced to the Plymouth girls, the games started, with the two freshman teams playing first. At the half of this game, Ellen Mulry, Leaders club president, led the Plymouthites in a lusty yell for Wayne. The conclusion of the freshman game found the Plymouth team the winner. Likewise with the sophomore teams, the Plymouth sophomores, keeping a wide margin in the score and at the end of the game they, too, were winners.

Then, to the enjoyment of all, lunch was announced and the girls lined up to receive their delicious lunch of sandwiches, chocolate milk, cup cakes and ice cream. During the lunch period, Mary Lewis Wright dressed in overalls gave a most interesting monologue and recited a clever poem about a boy and his stomach. Norma Jean Roe, Patricia Cassidy, and Madolyn Weller harmonized "Blue Moon" and "I've Got You Under My Skin". Next on the program were Ruth Drews and Mary Jane Olney who played Schubert's "Ballet Music". To top of this interesting entertainment, everyone sang several popular songs.

The junior teams were the next ones to play, the Plymouth juniors coming out on top at the end of the game. Our senior girls, not to be outdone by the other Plymouth teams, won their game also, making Plymouth winner four times. Betty Jane Housley was general chairman of Play Day, Leona Maul, as chairman of the food committee, planned and directed a delicious luncheon. Rose Niedospal, chairman of officials, Jennie Bassett, chairman of clean-up; Charlotte Jolliffe, chairman of reception; Dorothy Roe, chairman of entertainment and their helpers and Miss Fees, are to be congratulated on their fine work in making Play Day a success.

TORCH CLUB

The Torch club has just taken in five new members who were subjected to an examination about their past lives at the last meeting. The new members are E. Bakewell, I. Packard, R. Dunlop, J. Heller, and W. Aluia. With these, the Torch club has approximately 35 members. In the near future the club is planning a party to be held with the Junior Girl Reserves. The club has been having a very interesting series of meetings and is planning to have more. W. Thomas and J. Scarpulla are to conduct the meeting this week while F. Coward is to have the meeting next week.

ARBOR AND BIRD DAY APRIL 16 AND MAY 17, 1937

A Proclamation by the Governor Arbor Day this year is a day dedicated to the past as well as to the present and the future. A feature in the nation-wide sesquicentennial celebration of the formation of the constitution of the United States is the planting of trees dedicated to the memory of the framers of the constitution. There could be no finer tribute to their work, and the millions of "Constitution Trees" will be an appropriate tribute to the constitution of the United States. Michigan should participate with the other states.

Our state has long been regarded as one of the scenic places of our nation because of the trees, lakes, and streams. The state is fortunate in its beauty and its wealth. Arbor Day has a dual purpose—the restoration of devastated sections, and also to add to the natural attractiveness to the end that we may have even a more beautiful and prosperous state in which to live.

To these ends every citizen is urged to have a part in the observance of the day. Schools and civic groups can arrange suitable programs to stress the need and value of conservation, both of our trees, and of our birds that are of such economic and aesthetic value. The homes, the school grounds, the parks, the streets, and the highways furnish opportunities. Let us as citizens of Michigan spend "as much time as possible in God's out-of-doors". There is nothing more conducive to contentment and happiness. There is nothing more effective in character development.

By virtue of the authority vested in me as Governor, I hereby designate April 16 in the Lower Peninsula, as Arbor and Bird Days for the year 1937. Given under my hand and the Great Seal of the State, this seventeenth day of March, in the year of our Lord one thousand nine hundred thirty-seven, and of the Commonwealth the one hundred first.

FRANK MURPHY, Governor.

Leon D. Case
Secretary of State

SOPHOMORE SWING FRIDAY NIGHT

Friday, April 9 is the date set for the sophomores to give another dance. It is the first Friday night after vacation and Strassen's orchestra will provide the music. The committees and their chairmen are: Floor, Robert Lorenz; clean-up, Jack Ross; orchestra, Ruth Roediger; tickets, Dorothy Roe; publicity, Mary Lou Wright; chaperons, Elaine Elbert; refreshments, Veronica Marti.

Why not make a date with the sophomores? Remember April 9, only 25 cents, and dancing from 8:00 to 11:00.

NEW DOUBLE QUARTET TO ACT AS SUBSTITUTE

In addition to the first octet chosen to replace next year the eight senior girls now singing in that group, Miss Gallimore has chosen a second octet from the many girls who tried out. Those who will sing in this group are: Mary Lou Wright, Mary Pott, Ernestine Robinson, Eleanor Cline, Ingrid Ericsson, Carol Campbell, Betty Korb, and Lina Viekstrom. Dorothy Roe will serve as accompanist. The girls in the present quartet are working on "Spirit Flower" and "Robin in the Rain", which they will sing at the T. V. A. A. Festival in Ypsilanti on May 9. They will also sing a selection at Class Night in June.

DURING VACATION—

Spring fever hit Plymouthites at just the right time—spring vacation! And so did the hiking fever for one of those balmy days Joe Scarpulla, Ruth Kirkpatrick, and Helen Jane Springer were using the scenic Rouge River Drive as a background for picture taking. Aha! I caught you unaware, didn't I children?

Then again on another day I saw Theima Holmes, Betty Griffiths, Marilyn Martin tripping lightly along Ann Arbor Trail. The reason they were tripping so fast was that the day they picked to enjoy the weather—was the wrong day and thus they had to keep warm somehow.

Marion Shoebridge and Helen Norgrove were seen walking blithely along on Northville road. The picnics were few and far between but Jim McLain, Doris Schmidt, Bob Hudson, Norma Coffin, June Bakewell, Rockwell Smith, Doug Miller and Betty Smith managed to get one in. Whew, what a picnic!

Patricia Burton really had her vacation interrupted. After plans for a trip to Virginia, where, incidentally, Patricia is planning to go to school, she ups and lets her father's horse fall on her—which just goes to show you—never get too friendly with a horse (ask Patricia, she'll tell you). Phyllis Dickerson was luckier—or rather Grand Rapids was lucky—for she spent her vacation in the furniture city.

The spring breezes soft of pulled at Gordon's heart and now his new interest is Petrel, which is all fine and good if Gordon forgets about Fordson. Which reminds me that while Ellen and Charlotte were struggling through the process of making blouses, Yours truly was washing walls and patching up a quart—er rather quarrels. Some vacation!

P. S. Bud Krumm's name is no longer Bud—it's "Butch". Thank you, and no longer is his heart in Plymouth, but in Wayne—the magnet town which seems to make quite a few Plymouth hearts positive.

EGLOFF AND MOE LEAD IN ROCK SCORING

The basketball season is over, yet the record set up by the Rock basketball team will not soon be forgotten. Placing second to River Rouge in the Twin Valley Athletic association was the first laurel gained but further honors were secured in the district and regional meets as they whipped Howell to become champions of the 8th district and beat both Adrian and Redford Union to take top honors in the 5th regional. The Rocks then invaded Jackson to meet Marshall in the state finals but were unable to whip the Marshall five.

The June graduation will not greatly harm the basketball lineup for the oncoming season as only four of the team will leave. Egge, who was third high in scoring with 126 points ably filled the center berth; Kleinschmidt, one of the team's good guards; Trinka, who was very helpful as a forward and also in the guarding position; Wilde, a forward until the first semester ended. Those who will remain are: Egloff, Innis, Krumm, Martin, Moe, Prough, Ross, and Sackett. The position of high pointer for the season was filled by Egloff with a total of 132 points; Moe ran a close second with 127.

The season record of wins and losses is 15 wins and 3 defeats making a total percentage of 83%. The Rocks record in points was 598 and 453 scored against them.

BASEBALL PRACTICE BEGINS

A practically new nine was in sight as baseball practice began earlier than usual this year, when pitchers and catchers commenced training on Monday, March 22. A total of nearly 45 lads came out on the next Monday when in- and out-landers joined them. Practice was held up momentarily by the weather, but two score and five lads are now practicing in full stride.

The team will be composed almost wholly of new faces this season, in fact, only two regulars of last year's championship teams are still in school—Lloyd Trinka and Ray Martin. Such newcomers as Zelasko, Gates, Blackmore, Irvin, Gordon, Schiff, Blessing, McNulty and Tromby were lost through graduation last year. The Rocks have all the potentialities of a good team and we believe that they will repeat the success of last year.

CLASS NOTES

Miss Fiegel's American history classes have taken the current events test compiled and distributed by Time Magazine, which was taken previously by students in Miss Allen's twelfth grade English class. With a possible score of 105, the marks ranged from 86 to 14, and only nine received an 'A' standing with at least 54 correct. These are: Tom Brock, 86; Donald Smrčina, 66; Elizabeth Hegge, 65; Dorothy Cates, 65; Kenneth Kleinschmidt, 57; Jeannette Brown, 55; John Moore, 54; Ireta McLeod, 54; and Phyllis Stewart, 54.

STARKWEATHER, BROWN SHARE VALEDICTORY

This year the graduating class will be represented by two valedictorians who both have an all 'A' average for their four years of school work: Jewel Starkweather and Jeannette Brown. Phyllis Stewart is salutatorian with an average of 96.8. The averages of the seniors this year are higher than those of any class that has yet graduated from the high school. In addition to these three girls, the honor roll consists of 26 students who have earned a standing of at least 90 per cent. These persons are Florence Norton, 95.7; Edith Mettsal, 95.7; Tom Brock, 95.6; Patricia Cassidy, 94.9; Dorothy Hearn, 94.4; Norma Jean Roe, 94.4; Mary Holdsworth, 93.9; Barbara Hubbard, 93.8; John Moore, 93.8; Helen Weage, 93.2; Patsy McKinnon, 93.1; Marian Gorton, 92.7; Irene Ciesielski, 92.4; Irene Granger, 92; Alice Gottschalk, 91.3; Marjorie Keiner, 91.3; Charlotte Welch, 91.1; Stella Montwell, 91; Jean Dunham, 90.8; Dawn Jacobs, 90.6; Janet Waldecker, 90.6; Patricia Burton, 90.3; Harriet Ingall, 90.3; Charles Saylor, 90.2; George Bakhaus, 90.1; and Elizabeth Hegge, 90.1.

INFORMATION WANTED

A pupil in another state sends us this request: "Will you please send me names of what you consider the ten most important men and women Michigan has produced during the history of this state, regardless of what fame."

"We are collecting this information from each state department of education, putting it into booklets form to remain permanently in our school library."

NEWS OF THE WEEK will be glad to receive suggestions from teachers and students as to the names that should be included in such a list, and also the basis on which such a list should be set up. Men and women who have helped to make Michigan outstanding for—? Michigan citizens who have become famous for—?

Please send your suggestions to NEWS OF THE WEEK as soon as possible. We will announce the ten names that appear most often in our issue of April 30. From News of the Week, department of public instruction, Lansing, Michigan.

NOSIN' AROUND

I've one special reason for writing today and that is to say that spring vacation is over and we're all back in the dear old P.H.S. Well, a lot of things happened during our short stay from school. That romance which has lasted for years and years, or months and months, or maybe just days and days—won't keep you up the tree any longer—it is Pat and Oran. Their squabble is all over and forgotten now. Why, they were so interested in themselves, or maybe just the game of monopoly, that they didn't even notice Betty's friends from Wayne driving a car across the front lawn. But, they did have a chaperone—Thursday evening several "Romans and Julietts" of the school for Rocks went "rocking". They ate at the Mayflower hotel but were a little bit at a loss as to which spoon or fork should be used at which or what time.

Yours truly has a book on "et-ic-cat" which he will gladly lend to these "children" if they wish. Also, we, "The Nosier Arounders" wish to express our regret for Rocky and Norma who were not as lucky as the others coming home after the show which they attended that same night. The only way we know of to solve Rocky's problem is to suggest that they use two cars next time. Then it won't be necessary to have only three of the eight in front just to keep on the good side of Captain "Charlie".

Cotton-top and Smitty, racketeers or Public Enemies 1 and 2 of the P.H.S. have found something to their liking which is located in Fordson. Maybe Oran knows something of Cotton's new interest.

Another "Bud-ding" romance has begun. He now has shown a great interest in a girl named "Barbara".

THE LEAD IS YOURS

with this ACE to play!

Here's the kind of picture you can make this summer—if you hitch your wagon to this star performer and travel the Buick way!

The lead is yours whenever you want it with Buick's great valve-in-head straight-eight engine to pour out torrential power at your call.

Ease rides with you in the driver's seat—full-out or coasting, handling this phenomenal car takes about the same effort as handling your favorite rocking-chair!

Under your foot are the smoothest, surest brakes that ever brought you to a smooth, straight stop—all around you is the room you want and the comfort you've pictured in the car of your dreams—here's a ride as level as an honest man's glance—a car to be as proud of as your baby!

Why should you follow the leader, when

your Buick can show fleet heels to the whole roadful of cars? Why should you be satisfied with sixes—when this great straight-eight, belt-weather car of the year costs only a soon-forgotten fraction more than the average kind?

It's an ace for power—and an ace for steady buoyant travel—it's a winner for smart new style, and a sure trick taker for frugal ways and wear-defying toughness. Play your trump and the game is yours—so give us the word, and you'll be driving this sensational beauty before the weather turns really warm.

PLYMOUTH TOWN TOPICS

(Continued from Page One)

that land owners were no longer able to pay the tax burden, there was devised a tax system to tax everything a person purchased. That is the sales tax. Out of the taxes we folks in Plymouth pay on the things we buy, we received back from the state government during the past two years a sum of \$86,478. This was under the new State Aid Act originated and developed by Eugene B. Elliott, superintendent of public instruction, to supplement local tax money. Previous to the enactment of this State Aid Act 75 percent of school funds had to come from taxes on local property. Since Doctor Elliott has been associated with the department of public instruction the amount of aid has increased substantially during each biennium. In the first two years of the State Aid Act Plymouth school district received \$30,393 compared to the amount of \$86,478 received the last two years. Doctor Elliott's program has saved local taxpayers \$56,085 during the last two years, and it has also served to place the schools on a sounder financial basis. Other school districts have benefited proportionately. This has been accomplished in two ways. The state is now paying the high school tuition for rural boys and girls. In addition, school districts have been given necessary assistance to maintain a minimum program of education.

Van Wagoner Over-Comes Party Handicap

Voters Swing Back To Republican Ticket In This Locality

In spite of the handicap imposed upon him by the turn of public sentiment against the Democratic state administration, State Highway Commissioner Murray D. Van Wagoner ran considerably ahead of his ticket in this locality as well as in the rest of the state, winning by a safe majority.

Commissioner Van Wagoner and County Auditor Ed Williams led the Democratic ticket in western Wayne county, but all other candidates on their ticket failed to make a showing.

While Plymouth voted better than two to one Republican, it came within a few votes of giving Commissioner Van Wagoner a majority over his opponent. This is also true of Auditor Williams.

Plymouth township average from 105 to 108 Republican votes for the state ticket and the Democrats had from 30 to 36, with Van Wagoner running even higher than Auditor Williams.

Out in Canton township which elected a Democratic township ticket, the Republicans on the state ticket had from 30 to 40 or 50 more votes than their Democratic opponents.

In Livonia township the Republican state ticket ran from 150 to 200 ahead of the Democratic state ticket. The Democrats averaged about 133 votes and the Republicans from 280 to 300 votes each.

Over in Northville township the Republicans ran on an average of about 200 more votes than did the Democrats on the state ticket. Here again Commissioner Van Wagoner was high, with Superintendent of Public Education Elliott leading the Republican ticket.

Salvation Army Services Next Week

Lieutenant Colonel John C. Habkirk, who directs the Salvation Army's prison work in the Central States territory, will hold meetings at the Salvation Army hall in Plymouth on Wednesday, Friday, and Saturday nights of next week. The meetings will start at 7:30 p.m. He will spend most of the week at the Detroit House of Correction and will hold services at the institution at 6:00 p.m. daily.

Townsend Club Meets Next Monday Night

The Townsend club of Plymouth will have its regular meeting at 8 o'clock, Monday evening, April 12, in the Grange hall. It is expected that Mr. Heggloom, an active Townsendite and very able speaker, will be present. Let everyone interested be present at this meeting and learn of the gigantic program planned for the very near future by Dr. Francis E. Townsend.

Four tables were full of cub exhibits at the monthly pack meeting last Friday evening. The collections and handicraft included model airplanes, bookends, scrap books, bird collections, bird houses, Indian curios, leather craft, marble collections and stones.

Several of the Cubs' parents were present, and they were entertained by Cubs who told how they developed their collections and made their Handicraft. A boxing and rope tying contest proved very interesting to the audience.

The Oriole Den is working on a U. S. Scrap book.

The Spike Horn Den is studying photography.

The Wildcat Den has turned out some excellent soap carvings and has made and fown some very original kits.

The Cubs can well be proud of the pack meeting they put on. We hope to see everybody out Friday evening.

All Supervisors Are Easy Winners

(Continued from Page One) Supervisor Willard Ely secured 615 votes and Dr. E. B. Cavell running on the Democratic ticket had 332, running slightly ahead of the other candidates on the ticket.

The Democrats put up no candidate for township clerk, but Sherill Ambler running on stickers pulled down the lead of John Litzberger by nearly 40 votes under Supervisor Ely. Mr. Litzberger was elected by a safe majority.

Mollie Lawrence was re-elected as township treasurer, Delbert Campbell as justice of the peace, Harold Parmenter as highway commissioner, Ralph Foreman, a member of the board of review, Ward Masters and Ulie Tibbets, as constables.

Jesse Ziegler was re-elected as supervisor in Livonia township, Harry Wolfe, clerk; Arthur Trapp, treasurer; Charles H. Wolfrom, highway commissioner; Daniel McKinney and Mable Rohde, justices of the peace; Samuel McKinney a member of the board of review and constables elected are: John W. Whitehead, Ed Howard, Ray Owens and Charles H. Canfield. These are all Republicans, like the winners in Northville and Plymouth townships.

The vote in Canton township displays such a variety that it is being published in full. The Republicans elected one township officer, Louis Buehler, defeating his Democratic opponent, Matthew Everett by one vote.

organization receives an invitation to select a representative of its department who is best qualified to receive the training in Washington and, upon graduation, to return to the department to give the benefits of his instruction and experience to the other members of his organization. The representative designated is required to be less than 46 years of age, in good physical condition and to have had a satisfactory type of law enforcement experience and interest in law enforcement activities to justify a belief that he would satisfactorily finish the 12 weeks' course of training and then organize a police school in the department which he represents.

In addition to the lectures and practical demonstrations given by experts of the Federal Bureau of Investigation, a number of distinguished authorities on law enforcement work assist in the training and among them are: Doctor Earl C. Arnold, Dean of Vanderbilt University Law school; Professor Thurman W. Arnold, Yale University Law school; Lieutenant Colonel A. J. Drexel Bidle, United States Marine Corps Reserve; Colonel Lynn C. Black, superintendent, Ohio Highway Patrol; Sherwood Brockwell, fire marshal of the state of North Carolina; Professor Albert Coates, University of North Carolina Law school; Courtney Ryley Cooper, noted crime reporter, newspaper man and magazine writer; Major Julian S. Hatcher, ordnance department, United States Army; L. V. Jenkins, police department, Portland, Oregon, and president of the International Association of Chiefs of Police; Paul G. Kirk, superintendent of public safety, state of Massachusetts, police department; Bruce Smith, Institute of Public Administration; and Reverend E. A. Walsh, vice president of Georgetown university.

The benefits resulting from the instruction are clearly reflected by the large number of promotions which have been granted to the graduates of these schools who, in most instances, have been placed directly in charge of police training in their departments.
