## Plan Announced For Expansion Of High School Vocational Training To Include Apprentice System

Board of Education Names Bentley As Co-ordinator

With the co-operation of industrial and business concerns, the Plymouth high school will expand its vocational training course to include apprentice work in a large variety of trades.

The board of education approved the plan at a meeting last week and appointed Carvel Bentley, vocational adviser at the school for several years, as co-ordinator in charge of the new course. Bentley, well qualified with experience, will begin his new task on July 1.

"During the past few years," Superintendent of Schools G. A. Smith explained in announcing the plan, "the school in endeavoring to fit the courses to meet the needs of all the pupils has found a great deal of difficulty in being able to specifically train boys and girls for life work."

"The board of education's approval of the vocational training course now makes it possible, with the future development of the course and the continuation of academic and commercial training in the school, to meet the special needs of all boys and girls in preparing them to meet the demands after graduation."

It is hoped that joint apprentice plans can be worked out to get students into such trades as printing, auto repair, gas station operation, plastering, brick laying, millinery, architecture, store operation, undertaking, and factories.

The course is designed for boys and girls who expect to enter industry or trades immediately after graduating from high school and does not prepare students to enter college.

The plan of training is a co-operative arrangement between the school and business and industrial concerns of the community. Students enrolled in the course are considered apprentices and will pursue a training program which will provide instruction in school as well as practice experience in a chosen occupation.

While the apprentices are employed they will be under the supervision of the school as well as that of the employer.

The half day in school will be devoted to the study of related and technical subjects pertinent to the job in which the student is engaged in during the remainder of the day. Co-ordinator Bentley will visit the student on his job and also confer with him at school.

Graduation from high school will be possible under this plan and all pupils desiring to enroll in this type of study must have completed two years of regular high school work or the equivalent and must be over 15 years of age. The parents and the apprentices must understand that the major objective is the affording of an opportunity to obtain training for life careers rather than a job in which they may expect immediate financial returns. Applicants must first obtain the full consent of their parents and the minimum length of time necessary to complete the course is two years.

The course is also open to young people who have left the regular school and wish to return for this type of training. Each must obtain a work permit issued by the Superintendent of schools.

The school will continue its fine work in vocational training in their regular courses which has been a feature for many years here.

Further information will be furnished students or business concerns about the plan upon application to the office of the superintendent of schools.

## Issue Permits For Four New Homes

The city of Plymouth issued permits for the construction of four new homes this week.

City Commissioner Arthur Blunk obtained a permit to build a five-room house at 480 Evergreen street.

The W. F. Speicher company, limited, of 1925 Grand River, Detroit, applied for permission to build two six-room houses with garages on Burroughs street and another on Burroughs street. All are in the Maplecroft subdivision.

This is the largest number of building permits for new homes issued in any one week this year.

## Residents Urged To Use New City Dump

City Manager Clarence Elliott announced this week that the old municipal dump at Curtis and Joy road has been closed.

He urged that all Plymouth residents make use of the new dumping lot located at Joy road and Beck. Anyone wishing to deposit refuse and rubbish should first obtain a permit at the city hall. There is no charge for the permit.

## Older Residents Recall History Of Old Hotel

Tell of Events Of Civil War Period

Older residents recall many interesting bits of history about the old Plymouth hotel, one of Plymouth's last pre-Civil War buildings, which will be wrecked and replaced by a modern business block.

George Hunter, a life-long resident here, remembers that as a baby he was taken to the hotel by his mother to await the arrival of the stage from Wayne and Detroit.

"This was during the Civil War period," he said. "Although I was just a baby at the time I can remember how one of the men would stand up on a box or get atop the stage and read the latest newspaper dispatches on the war and announce the list of dead and injured in each battle. Almost everyone in town would be on hand for the nightly event."

Another incident of the Civil War period is remembered by Fred Hall.

"All I remember about the end of the war was the arrival of men by either horseback or stage and how they ran up and down the streets shouting 'Lee has surrendered.' And then there was a real celebration. A group of men canvassed the town routing every head of the family out of bed to get him to go to the hotel to help celebrate."

W. T. Conner had something to say about the celebration which ended the Civil War also.

"The celebration at the hotel lasted for several days," he recalled. "People came from miles around and the old hotel was the center of activities."

Mrs. Ida Kellogg Taft, whose grandfather, John Kellogg, settled in Plymouth in 1827, remembers that the old hotel was always the center of community affairs. The Adams House, she recalls, was the only place to hold dances and banquets and many of the village meetings were convened here.

A complete history of the old hotel is not available but various sources disclosed that the original building was constructed before the Civil War. The first settlers came to Plymouth in 1824 and in 1825 William Starkweather cleared land to build the first log cabin on the site where the Mayflower hotel now stands.

An official "gazetteer" in 1839 described Plymouth as follows: "Here is a post office, a Presbyterian church, five stores, three taverns, a drugist, a lawyer and three physicians. Population—300."

Whether one of the taverns was what is now known as the Plymouth (Continued on Page Four)

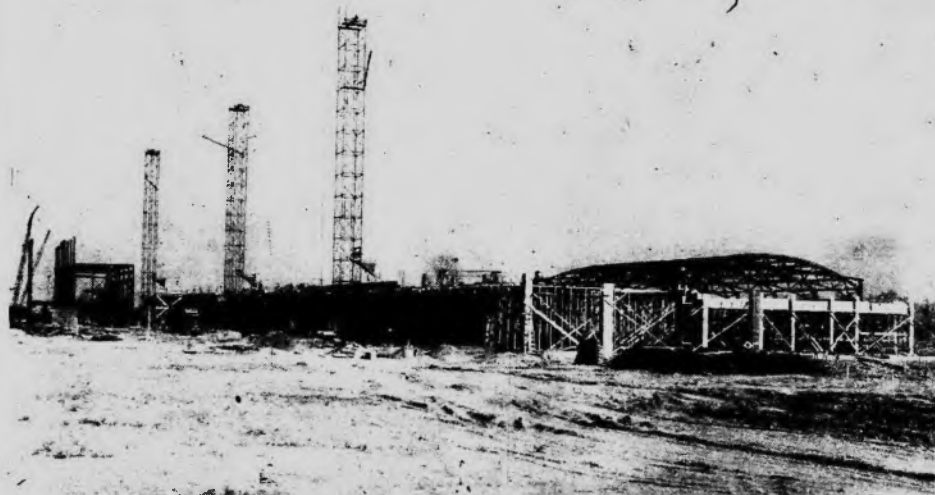

## BANK ROBBERY SUSPECT CAUGHT IN ILLINOIS

The arrest of William O'Brien by Federal Bureau of Investigation agents in East St. Louis came as a result of the bandits holding up the First National bank here two weeks ago. O'Brien has been identified by photographs and was said to have had \$1,300 of Plymouth money with him at the time of his arrest.

Federal officers are bringing him to Detroit where actual identification will be made and charges will be placed by the federal officers. Officers located O'Brien by tracing the movements of his wife and found the two of them together at the time of their arrest.

Mr. and Mrs. Leo Wright and baby are now occupying the Lawrence Rattenbury house on Penniman avenue, moving into it this week.

The photograph above shows how the new Plymouth unit of the Burroughs Adding Machine company looked early this week. Completion is expected sometime this fall.

## Police Continue Campaign Against Reckless Drivers

Chief Smith Again Warns Motorists

Additional arrests were threatened this week as Plymouth police continued their drive against reckless motorists.

Chief Vaughn R. Smith announced that a number of speeders and one reckless driver who ignored the warning to drive safely had been arrested and fined.

The reckless driver was Orin Fisher who was ordered by Municipal Judge John Dayton to pay a fine of \$50 and costs of \$2 or spend 90 days in the Detroit House of Correction. He was jailed in default of the fine but a day later paid the money and was released. Fisher's license to drive was suspended for one year.

Chief Smith called attention to the need for Plymouth drivers to operate their automobiles with care and again asked that parents make sure their children do not play in the streets.

## To Fingerprint All School Children

Through the efforts of the Plymouth police department, Robert Moore, superintendent of Wayne county bureau of identification and his staff will be here at 8:30 a.m. Monday, May 24, 1937, to fingerprint all the students of Plymouth schools. Notices have been sent to parents, for permission to have this done. It is hoped all parents will cooperate 100 percent. Parents as well as other citizens are invited to come and have their fingerprints taken. These prints are for identification purposes only, and are kept in civilian files, entirely separate from criminal files.

When one considers the thousands of unidentified dead who go to unknown graves yearly, due to auto accidents, airplane accidents, amnesia victims, kidnapping, etc., every law abiding citizen should want to be fingerprinted. It is an opportunity everyone should make use of.

If unusual circumstances should happen in our lives we are sure our bodies will be turned over to our loved ones. Or, if we are traveling and taken for some one else we have our prints on file and can save ourselves embarrassment and be quickly and properly identified.

Everyone is asked to co-operate and be able to say: "I have been fingerprinted. My prints are on file and, no matter what may happen to me I will be positively identified."

A linen shower and desert-bridge will be given Saturday afternoon, for Dorothy Hubert, of Detroit, formerly of Plymouth, by Mrs. Charles O. Ball, at her home in Detroit. Several former schoolmates of Dorothy, from this city have been invited.

## Rainy Weather Delays City Street Repairs

Rainy weather has handicapped the city's plans for repairing streets here.

City Manager Clarence Elliott explained this week that the repair crews have had to be called off the job repeatedly because of wet weather. The tar composition which is being used to fill holes in the roads can be applied only when the surface is dry, he said.

The city plans to push to completion, general repair of all streets and then in the middle of June put a surface treatment on most of the streets. This treatment to be used this year is of a much better quality than that used two years ago.

## Board of Review Sets Valuation At \$5,170,425

City Commission To Finish Budget Monday

The total valuation of property within the city was set at \$5,170,425 for 1937-38 tax roll purposes in the board of review report accepted by the city commission Monday night.

The total is composed of real property valuation of \$4,474,025, an increase of \$61,000 over last year, and \$696,400 in personal property, a boost of \$73,000 since last year. The increased real property total is caused for entirely by new construction while improved economic conditions explains the personal property jump.

The board of review held sessions throughout the day on Friday and Saturday at which times taxpayers had an opportunity to inquire into valuations on their property.

The city commission will hold a meeting next Monday night to complete work on the city budget. City officials anticipated that the city tax rate for this year would be the same as that levied last year or \$13.50 a thousand valuation.

## Register Now For School Election

Less than fifty percent of those eligible in this school district are registered to vote in the annual school election, June 14. Any citizen 21 years of age or over who owns real estate in the Plymouth school district, or who has children of school age which are 5 to 18 years, inclusive, is eligible and should register at once.

Citizens may register at the Central school office of the superintendent of schools between now and May 29 during the day until 5 p.m.

Two trustees will be elected June 14. Herald Hamill and Donald Sutherland are the board members whose three-year terms expire July 1.

Mrs. Ed Daggett has sold her home on Starkweather avenue to Mrs. Trump.

## Veteran Groups To Sell Poppies Here Saturday

Issue Appeal For Co-Operation In Drive

Veterans of the World War were urged to pay tribute to their fallen comrades on Poppy Day, Saturday, May 22, in a message issued today by Harold P. Anderson, commander of the Myron H. Beals Post of the American Legion and Archie Collins, commander of the Ex-Service Men's club.

Commanders Anderson and Collins called upon all members of the Legion and Ex-Service Men's club and other veterans to observe the day by wearing memorial poppies in honor of the war dead. Their message stated:

"On Saturday, May 22, our comrades who gave their lives in defense of the country will be remembered and honored by the wearing of their memorial flower, the poppy. We who served by their sides can never forget the great patriotic sacrifice they made. All veterans will, I am sure, be among the first to wear the flower of remembrance on Poppy Day."

The poppies will be distributed by the American Legion and Ex-Service Men's clubs and their auxiliaries. They are giving their services on that day to bring everyone in the city an opportunity to honor the war dead and help the disabled and fatherless families. The poppies have been made by disabled veterans unable to do other work. Contributions received for the flowers will be used in the welfare activities of the Legion and Ex-Service Men's club.

"Twenty years have passed since the call to war came, but we of the Legion and Ex-Service Men's club have not forgotten. We are still devoted to the ideals for which we fought and hold high the memory of those who died in service to country. We hope that all patriotic citizens will join us in wearing the poppy on Poppy Day."

## Graduates Invited To Visit Dr. Ross

Dr. John A. Ross has invited Plymouth high school graduates who are interested in studying optometry to consult with him about the selection of a college.

Dr. Ross, a former professor at the Northern Illinois College of Optometry at Chicago, is now practicing in Plymouth and now offers hours from 7 to 9 p.m. each week day except Friday.

The Plymouth Civic association will be entertained by the Starkweather school patrol at their regular meeting May 24 at Beyer's hall at 7:30 p.m. The patrol, organized by Miss Sparling of the Starkweather school, is one Plymouth is proud to have, composed of 13 boys who are stationed at busy thoroughfares assisting the small ones to cross in safety. Besides a series of drills the patrol will have such entertainment will not want to miss. Reverend Sutherland will be the speaker of the evening.

## Honored

CHARLES RATHBURN

## Rathburn Gets Ways and Means Post On Board

Plymouth Township Supervisor Gets New Honor

Charles Rathburn, popular Plymouth township member of the Wayne county board of supervisors, was honored a few days ago by appointment to the all-powerful ways and means committee of the board.

Rathburn, who is serving his twelfth year as supervisor, has been active on the board and is well liked. In his new post on the committee he will help decide most of the important business matters which come before the board.

Plymouth township, as a whole, should be congratulated on Mr. Rathburn's new appointment.

## Cranbrook Minister Will Address Annual School Honor Banquet Tonight

At the ninth annual Plymouth school honor banquet to be held this (Friday) evening, the Rev. W. Hamilton Allenback, of Christ's church, Cranbrook, will be the guest speaker. Jewel Starkweather will act as toastmistress, and Mr. Matheson will present a toast to the honored guests. Tom Brook will respond to the latter. The entertainment for the evening will be provided by the double quartette. The honored guests include the following:

## Construction Of Mammoth New Plant Of Burroughs Adding Machine Co. Pushing Ahead at Rapid Pace Here

Jennie M. Echols Weds Archie J. Meddaugh

Jennie M. Echols, of Jackson, and Archie J. Meddaugh, of Plymouth, were united in marriage at Angola, Indiana, May 4, by the Rev. N. B. Smith at the Methodist Episcopal parsonage.

After a short visit with Mr. and Mrs. L. M. Chanter, of Lansing, they will be at home at 4618 East Page avenue, Michigan Center.

## Plans Set For Big Exposition On July 7, 8 and 9

Industries And Merchants To Co-operate

The Plymouth Industrial and Merchants Exposition will be held in the high school building on July 7, 8 and 9.

Stewart M. Dodge, president of the Chamber of Commerce, appointed a general committee composed of Irving Blunk, chairman; William Rose and L. J. Murphy to solicit support for the community affair. John Blyton was named as publicity chairman.

Details of the exposition, the first to be held here in several years, were discussed at a Chamber of Commerce meeting Monday night.

The exposition, to promote interest in merchandise manufactured and sold in Plymouth, will consist of entertainment features and special exhibits. More details of the event will be announced later.

## Mrs. Johns Heads League Again

Mrs. Roy Johns was re-elected as president of the Plymouth League of Women Voters at a meeting at the home of Mrs. C. E. Elliott on Ann street last Friday.

Other officers named included Mrs. Ruth Huston-Whipple, first vice president; Mrs. Clarence Elliott, second vice-president; Mrs. Bruce Woodbury, recording secretary; Mrs. Seth Virgo, corresponding secretary; and Mrs. Arthur Todd, treasurer.

Mrs. Johns reported on the state board meeting at Lansing which she and Miss Verne Rowley attended. Committee chairmen who gave reports were Mrs. Whipple, on municipal affairs; Mrs. Edward Eckert, education with emphasis on educational bills now before the legislature; Mrs. James Sessions, economic welfare; and Mrs. Elliott, on foreign policy.

The next meeting will be held Friday, June 18, with State Senator Thomas Burke as guest speaker.

## STUDENTS LISTEN TO CORONATION SPEECH

Students of Plymouth high school had the privilege of hearing the coronation speech of King George VI. Each class met in its home group and listened to radios furnished by students. The speech was of special interest to Miss Walldorf's students and Miss Allen's English classes.

## CURTIS OPENS REAL ESTATE OFFICE ON MAIN STREET

An announcement on another page of this issue carries the information that E. E. Curtis has opened an office at 280 South Main street for the purpose of dealing in real estate. The firm will be known as the Plymouth Real Estate Exchange and will specialize in real estate on the west side of Wayne county.

## Good Progress Made On Main Building And Power House

Full speed ahead was the order this week as the pace quickened on construction of the huge new factory unit of the Burroughs Adding Machine company at Plymouth.

Steel girders reached skyward as work on the main building, a five-story structure 600 feet by 135 feet, progressed. Pouring of cement on the third story of the main building started this week and the laying of brick will begin next week.

The steel structural work of the one-story portion is about 70 percent completed. A crew of 250 men are pushing forward on the construction job.

Work is also progressing nicely on the power plant which will be 175 feet by 100 feet and will be nearly as high as the five-story building. The boilers arrived this week and work of installing them has started. The company plans to produce its own power facilities and will use 400-pound pressure boilers. Two 1500-kilowatt turbines are being installed. The steel work on the power house is 80 percent completed.

The Esslinger Misch company, general contractors on the job, expect to complete the building by next fall. The architect is Albert Kahn.

The Burroughs company will move their printing division, ribbons department, direct mail, chair and stand assembly, manufacturing and finishing of chairs to the Plymouth unit. There is also space available on the Plymouth site, located on Plymouth road just east of the city limits, for future expansion.

The plans for the building include a sizeable gymnasium at the west end of the main building so as to provide recreational facilities for the 150 to 200 employees who will work in the new building.

## Chicken Thieves Rob Farmers

Chicken thieves during the past week have stolen over 60 full-blooded Plymouth Rocks from the farm of Melburn Partridge, who resides out west of the city on Penniman road. From such information as state police gave Mr. Partridge it is apparent that there is a gang of chicken thieves operating in this part of Michigan, as the officers told him they have an average of three calls a week.

One night the thieves will operate some 25 or 30 miles south of Ypsilanti, then the next night to the north or west, always, say the officers within the 25 or 30 mile circle from this locality.

Out at the Partridge farm they worked so carefully that no one heard any noise and they left no clue behind except the tire tread of the machine they used. Examination of the window cases of the chicken coop showed that the thieves had worn gloves so they left no fingerprints.

## Priest To Sing First Mass Here

The Rev. Anthony J. Weber, C. S. C., son of the late Mr. and Mrs. Rudolph Weber, of Detroit, will sing his first solemn high mass in Our Lady of Good Counsel church, Plymouth, at 10 a.m. Sunday.

Father Weber who was ordained a priest at San Antonio, Texas, Tuesday, will be assisted at his first mass by the Rev. Frank Lefevre, pastor, as arch-priest and the Rev. James W. Conneron, C. S. C., superior of Moreau seminary, Notre Dame, as deacon. A brother, Father Francis Weber, will be subdeacon, and another brother, George Weber, will be master of ceremonies. Father Conneron will preach the sermon.

Father Weber was born on March 7, 1908 and was educated in St. Boniface's school where Father Lefevre became interested in him. He also attended Re-desmer high school and later studied at the University of Notre Dame and at the Foreign Missions seminary at Washington, D. C. He has been stationed for some time at St. Ed-

## IT WOULD BE HONEST.

There has been a suggestion made in the legislature by the editor of The Plymouth Mail that the new state welfare commission be composed of a majority members of prominent Michigan church leaders and that the county organizations be made up of a similar personnel selected from within the various counties of the state, with the board of supervisors having control of the appointments as well as the funds.

In addition to the three members selected from church denominations, there shall be one outstanding Michigan banker, so that the commission may have the benefit of his knowledge of financial affairs and because, like churchmen, bankers know the value of tax earned dollars in both private and public business.

Because of the fact that our public school system is vitally interested in the proper care of school children, and because educators are vitally interested in a proper administration of welfare as it pertains to school children, there is recommended as one member of the commission, one outstanding educational leader of the state, who shall be the president of the state board of education.

The second proposal would be to make available to the public, complete knowledge of all expenditures for welfare purposes, not only salary and expense lists of all persons connected with welfare work, but both state and county expenditures for welfare purposes, except the names of dependent children who might be aided through the welfare organizations.

The third proposal would require all able bodied persons who seek and are given welfare aid in times of distress, to sign promissory notes to pay back to the taxpayers of the state such funds as might have been advanced by the welfare.

These proposals will entirely eliminate the professional welfare worker, who during the past three or four years has proven to be anything but the right type to deal with a problem that is so vital to the state and nation.

They have diverted millions to salaries and expenses that should have gone to relief.

They have shown not the slightest degree of sympathy for those in distress. Their administration has been so cold-hearted that it has been nothing less than BRUTAL.

They have spent welfare money and much of their time in a campaign to break down public confidence in city, village, county and township officials.

City and township officials do not desire to have the administration of the welfare given back to them, notwithstanding the efforts of the professional welfare workers to have the public believe that this is their aim.

Township supervisors and officials are interested chiefly in seeing to it that only those who need help get it and ending as quickly as possible the waste of welfare money. They believe that with local control of welfare funds, millions can be saved to the people each year. They rightly ask for control over this money, especially when nearly \$10,000,000 of welfare funds came from a direct tax on real estate last year.

Such a control of the welfare would at least do one thing, it would make its administration HONEST and economical.

## TWELVE DOLLAR A WEEK EDITORS.

If one were to judge the pay received by the editorial writers of The Muskegon Chronicle by the caliber of the material that appears in the columns of the paper, the very rich owners of the paper would be paying these editorial writers more than they are worth if they get as much as \$12 per week. In fact, in the interest of good government and the public, it might be better for the public if the Chronicle owners transferred the care and substance of some of these editors to that notorious welfare money grabber, "Professor" Haber, who is so strongly defended by The Muskegon Chronicle.

It is inconceivable that there is a newspaper editor of any standing in Michigan who would defend the putrid administration and the money grabbing policies of Michigan's welfare organization.

True, what Professor Haber has done, has been "within the law", but his money-grabbing tactics have been so brazen that they should shock the sensibilities of the most callous citizen.

Now comes The Muskegon Chronicle to the defense of Haber's money grabbing and in an effort to build him up, it makes a comparison between Haber and the high type public servant Professor James Pollock of the University. Professor Pollock should publicly resent such a comparison and the use of his name in connection with Michigan's notorious and miserable welfare administration.

And let it be said in as big type as can be used that no informed HONEST editor, no editor who has the best interests of the people of Michigan at heart, would stoop to the defense of such a thing as the welfare administration in Michigan has been during the past three or four years. Only some half-baked pencil pusher who seeks to bask in the smiles of one of Haber's type would lend his support to a system that has made fat, a lot of job holders at the expense of those who have been actually hungry.

## RAMBLING with Editors AROUND of Michigan

### MEXICANS OR NOTHING?

The Michigan House of Representatives has sent to the State Senate a resolution condemning the importation of Mexican beet labor into Michigan. A public hearing is to be held on the matter.

It might be better not to import Mexican labor IF AMERICAN LABOR COULD BE FOUND. But if the sugar factories are to continue to operate, and American workers will not work in the beet fields, how are the beets going to be cultivated?

It is our understanding that the sugar companies are now, and have been for some time past, willing to hire American laborers if any can be found. But welfare help from the cities, knowing nothing about beet raising, would be valueless, and farmers cannot now get sufficient help for the more ordinary farm work. It looks like Mexicans, or else no sugar crop. How near right are we?—James Gallery in The Tuscola County Advertiser.

### HOMES NEEDED.

Homes, more homes seems to be the crying need of Howell for the present year. At no time can we remember, has the demand for homes here been so acute. Modern homes in Howell are about as scarce as the proverbial hen's teeth. Who, or whom will rise to meet the emergency. If the city is to grow there must be places for our people to live, and live in a modern up-to-date way. Homes will accelerate Howell's growth and progress, and pay large dividends.—William Cansfield in the Livingston County Republican-Press.

### FILLING RAT HOLES WITH TAX DOLLARS.

The editor of the Observer is particularly interested in what has happened to the so-called "Sunrise Farm", not alone because we visited that large tract of re-claimed land made beautiful and rich by the building of long dykes, the digging of huge ditches and the pumping of the water off those re-claimed acres once they become inundated by spring thaw and floods. Editor Howell acted as our guide, making the trip not alone to be shown what the government proposed to cut up into small farms and plant thereon small farmers, to be provided with all the comforts and conveniences federal money could buy, a project much after the fashion as applied in Alaska and to which some Cheboygan county people were moved. Those "Sunrise" acres was a community adventure in the first place. A Communist type of dreamer conceived the idea of making a rich garden patch out of the low river bottom lands and populated those lands with fellow Communists and their families, all working together as a unit, sharing and sharing alike, thereby striving to an Eutopia that is at times dreamed about but too often fails because of selfishness and dissension in the workers ranks. That kind of dissension arose in this group and the government bought the made lands at a good price and sought to do with those lands as they have promised to do with the Grant township lands secured for that kind of re-settlement purposes, buying out the farmer on less productive lands in Maple Grove township and moving those that cared to be moved onto more productive acres.

The question now arises, will that bubble burst too? Will those Maple Grove lands go back to the rabbits, and what will happen to those rich farm acres purchased to grow real farmers on that now lie idle in Grant township?

Isn't it possible that as our means to chase rainbows is fast coming to an end, and that we must get back to that stable and dependable kind of living derived from an honest effort on our own part to help ourselves, and not encumber Uncle Sam with our supervision, our direction and our keep?—Al Weber in The Cheboygan Observer.

## Clerks To Stage Big A and P Sale

For the third successive year all A & P Food stores of the country are holding their annual Clerk's Week sale. A & P has always been greatly interested in the welfare of the salesmen in their stores, in fact, the majority of the executives of the company started behind the counter. It is estimated that almost 70 percent of the business in a store is handled by the clerks, so that the importance of a well trained, courteous and happy organization is of tremendous importance. Realizing this and wanting to give the clerks some recognition the company holds a Clerk's Week sale each year. The "specials" and the sales promotion plans are all worked out by the clerks and friendly contests are arranged between various stores with prizes offered for the best results obtained. Enthusiasm is high this year in the local store as the improvement in general business in Plymouth is encouraging the A & P clerks to expect a record breaking week. The men are also feeling happier than they did last year when the sale was also a record breaker, as since that time several things have been done by the company in the form of vacations with pay, sick benefits, shorter hours and higher salaries to make the clerk's job better.

Howard Stark, local A & P manager is taking a back seat and letting his clerks do all the planning and execution of the details of the sale. He's very proud of his boys and is expecting to find his sales up near the top of the list when the week is over.

In order to acquaint everyone with the details of the sale, the A & P clerks recommended and secured considerably larger space in The Plymouth Mail this week.

## Graphic Outlines of History By Schrader Bros.

Benjamin Franklin's Birthplace

This modest home in Boston was the birthplace of Benjamin Franklin. A great statesman, having helped prepare and signed the Declaration of Independence. In 1776, he was sent as ambassador to France, and played an important part in the negotiation of the treaty of alliance with France.

We are guided by a spirit of courtesy and consideration that warrants the confidence placed in us.

### Saginaw Girl Weds Karl Miller

The marriage of Miss Leonilla McDonough, daughter of Mr. and Mrs. Robert M. McDonough of Saginaw, to Karl Grant Miller, son of Mr. and Mrs. Peter A. Miller of Plymouth, took place Saturday morning at 8:00 o'clock in St. Mary's church in Saginaw. The ceremony was performed by Rev. Felix Vogt, the pastor.

The bride, who was given in marriage by her father, wore a gown of white organdy made with a close-fitting bodice, short puff sleeves and a full skirt. Her finger tip veil of tulle was held in place by a wreath of small gardenias. She carried an old-fashioned bouquet of tea roses, snapdragons and sweet peas.

Her sister, Miss Dorothy McDonough, was maid of honor. She wore a gown of blue organdy trimmed in pink and carried pink roses and sweet peas. William Donahue of Detroit was best man.

Following the ceremony, breakfast was served at the home of the bride's parents. The bride's table was covered with a lace cloth which was centered with the wedding cake and white candles in crystal holders.

After a motor trip to Houghton lake, Mr. and Mrs. Miller will reside at 8721 Quincy avenue, Detroit.

Out-of-town guests were Mr. and Mrs. Peter A. Miller, Mr. and Mrs. Frank A. Miller, Howard Schrier and Louis Norman of Plymouth, Mr. and Mrs. Peter Ralph Miller of Rosedale Gardens, Mr. and Mrs. George N. Treis of Grosse Pointe Park, Mrs. Harold Cooke of Riverside, California, Mr. and Mrs. Arthur P. Watters and Mrs. Theresa Watters of Detroit, Justin McDonough of Port Huron and Derry and Michael McDonough of Bay City.

Mr. Miller was graduated from Plymouth high school in 1933. He was prominent in sports, starring on the track team and also playing football and basketball.

## Recall History Of Old Hotel

(Continued from Page One)

outh hotel could not be learned from records although one was listed as the Union Hall, operated by Peter Fralick, which was stage headquarters.

On May 5, 1856 a fire started in the hotel building on the site of the present Plymouth hotel, then known as Root's hotel and which was operated by James Root. The blaze swept down the street taking almost all the buildings on the west side of Main street. The loss was estimated at \$60,000.

The night of the fire a circus was camped across the street from the hotel in the park. Many of the circus people were staying at the hotel and there was considerable excitement in attempting to lead the frightened circus animals away from the park. Then stocks of goods saved from the stores were piled up in the park.

The hotel was rebuilt shortly after that and in 1867 the first village election was held in the building. It was then known as the Adams House and was operated by Thomas Whipple. Another fire swept the Plymouth business section in 1893 destroying the business places on Main street from Penniman avenue to within two stores of the hotel. This time the hotel escaped.

## ART ARNOLD'S COUSIN

## FROM UTAH Sees a "torture test"

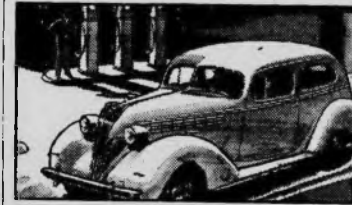

"Believe me," he writes, "I KNOW Hudson and Terraplane are the No. 1 CARS. I saw what they did on the Salt Flats"

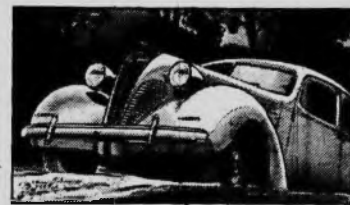

"I saw a LOW PRICED car beat the best any closed car had ever done before! That 1937 Terraplane . . . a stock car, mind you, picked at random by the American Automobile Association Contest Board officials . . . went 1,000 miles out there on those great Salt Flats, averaging 86.54 miles an hour! What a 'torture test' of endurance.

"Then a Hudson . . . 2104 miles in 24 hours! Out here, we've seen a lot of stock cars come to the Salt Flats and try for that 24-hour record . . . the prize of them all. But none ever touched what we saw that 1937 Hudson do! 87.67 miles an hour . . . for a full day and night! 32 official records for Hudson . . . on top of 8 for Terraplane!

"Then those California records! Terraplane beat every other leading low priced car . . . and Hudson beat every other Eight . . . in the Los Angeles-Yosemite Economy Run. And then . . . the Wrightwood Canyon climb! Up 9 wicked, twisting miles in 8 minutes, 20 seconds for Terraplane; 8 minutes, 0.4 seconds for an official Hudson record.

"You can bet it's Hudson for me! Those people know how to build automobiles. Art. More power. More size and room. More economy and safety and endurance than any other cars anywhere near them in price. proved in official tests. I've got mine . . . and once you drive one, you'll say it's your No. 1 CAR, too! See if you don't!"

# Make it Automatic at least expense with GAS

**COOKING**  
The instant heat, higher speed and numberless shades of temperature, that only gas can provide, give finer flavor to all cooking!

**REFRIGERATION**  
Gas makes possible silent, simplified refrigeration. No moving parts—long life. Air-cooled—uses no water. Low operating cost.

**WATER HEATING**  
Gas provides an abundant, dependable supply of hot water whenever you want it—day or night. Low cost and nothing to tend.

**HOUSE HEATING**  
House heating with gas is absolutely effortless. No fuel to order or store. Nothing to bother with. No dirt, smoke or soot.

EVERY woman wants the almost magic ease automatic equipment lends to housekeeping. Gas today gives it to you at lowest initial cost—least upkeep expense.

The new automatic gas ranges have Heat Controls that insure the exact degree of oven temperature you want—maintain it steadily. Clock Controls that start and stop baking or roasting for you. Burners that light at a touch. Top burners with ready "simmer settings" for thrift and convenience. New broilers that grill foods in double-quick time. And fuel is conserved in every cooking operation on these modern gas ranges. Refrigeration, too, is more efficient with gas. You get increased dependability as well as silent operation. Absolutely no moving parts. One tiny flame does all the work.

While for water heating an automatic gas heater insures a constant supply of really hot water—at moderate cost. No fuel to store. Nothing to tend . . . By all means see all the new automatic gas equipment at our showrooms.

# How About Mr. Henry Ford And The Afflicted?

Interesting Facts Are Developed Before The Legislature

(By ELTON E. EATON)

LANSING—A few days ago there appeared before the house committee on social aid and welfare a group of men who could not hear or talk. They have asked the state to do something in behalf of the deaf and dumb people of Michigan. Representatives George Teachout and Dave Martin, both youthful Democrats from the Flint district, are co-introducers of a bill that seeks to provide a way for the state department of labor and industry to help these deaf and dumb people to find employment whereby they can support themselves. Both of these young men have displayed a keen interest in legislation which has for its aim a better condition for unfortunate and they are exceedingly anxious to have the bill enacted that aims to help those who cannot hear or talk.

It developed during the hearing on the bill these Flint representatives are sponsoring that there are between 5,000 and 7,000 people in Michigan who are so unfortunately afflicted.

And who do you suppose employs as many of these people as he can find places for?

Henry Ford, of course.

That interesting bit of information came out during the hearing.

Would you believe that on Henry Ford's payroll there are over two thousand of Michigan's deaf and dumb population?

Yes, Henry Ford is providing employment for practically one third of all the deaf and dumb people in our state.

Outside of the afflicted, and Mr. Ford's own office organization, probably not a half dozen people in Michigan know that he has gone out of his way to provide a livelihood for such a large number of the people who cannot talk and cannot hear.

One of the "spokesmen" before the committee through an interpreter, made it known that Mr. Ford is the only manufacturer within the state who has gone out of his way to find suitable and profitable work for this afflicted group. The legislature is giving friendly consideration to the Teachout-Martin bill.

There is on the way through the legislature a proposed amendment to the constitution to be submitted to the voters at the state election a year from this fall which, if approved, will result in the election of township officers every two years instead of every year. The writer, who introduced the resolution, sees no reason why there should be an election of township officers every year when county and state officers are elected for two year terms. Before introducing the resolution, numerous township officials and taxpayers were consulted and they very readily approved of the proposal. It is finding the same friendly consideration in the legislature. Its enactment would save the township electors of the state something like a quarter of a million dollars every other year, as that is about what it costs to hold an election in all the 1268 townships of the state.

The new Republican budget director, Harold Smith, named by Governor Murphy to take the place of George Thompson, the present budget director, has made it clear in the very early days of his association with the state, that he thinks tax dollars should be treated just like cracked wheat when you feed it to the chickens, spread it thick, fast and far, the farther the better. Budget Director Thompson came into state service under the first Green administration. There was much about that administration the writer did not approve of, but Governor Green did bring into state service several outstanding men, among them being State Health Commissioner, Slemmons and Budget Director Thompson. Governor Murphy has seen fit to replace Mr. Thompson, a life-long accountant who has made an excellent record in his position, and promoter of that useless and tax-grabbing organization known as the Michigan Municipal league. During an inquiry the writer was making into the mercenary activities of "Prof." William Haber of welfare notoriety, it was discovered that the commission appointed by former Governor Frank Fitzgerald to study the welfare problem and make a report to the governor and legislature which had completed its report and presented it in printed form to the governor on December 26, 1937, had permitted its employes to remain on the state payroll to the tune of something like \$1200 more or less per month, and they are there to this very day, with not a tap of legitimate work of any kind to do for the taxpayers of the state. A fellow named Fred Levi who was im-

ported into Michigan from New York had the awe-inspiring title of "executive director" of the commission. Out of the tax money paid to the state on the bread, fuel and clothing which working folks are forced to buy in order to exist, this Fred Levi has and is still dipping his hands into the public trough to the tune of \$125 PER WEEK! What does this newly selected budget director have to do with it? Well, he was appointed chairman of that welfare study commission and he is the fellow who has been and is still placing his O.K. on this legalized grabbing of tax money. An effort was made by a legislative resolution presented by the writer to end this squandering of funds and have the balance turned back into the state general fund, but the future budget director told the committee that there wasn't much money left in the appropriation anyway and that Levi was doing some "masterful" work along "research" lines for the state and he thought Levi and his numerous assistants should get what money there was left in the appropriation. And they are going to get EVERY PENNY OF IT, of that you may be sure.

What about the new Brucker-Reynolds budget director appointed by Governor Murphy? Well, he is going to get \$7,000 per year, plus what expense he desires to charge to the state. But his new job is not so hot in comparison to financial returns as the one he is holding, unless he plans to continue a part of his present income from the Michigan Municipal League, which he will probably do. This outfit has been paying him out of the money various cities and villages have been induced to pay the "league" out of their tax monies a salary of \$5400 per year, plus an expense account last year that ran something like \$500 or \$600, plus five cents per mile for the use of his automobile—and how many miles he drove it no one knows outside of "Budget Di-

rector" Smith who directs the making out of the checks of the League and who gets a good portion of the income of the League. In addition to these incomes, "Budget Director" Smith had himself attached to the payroll of the University for another \$2,000 per year. "Budget Director" Smith has also take his dip out of the funds of the Welfare Study commission appropriation in expense accounts during the past year, so his total income last year out of money paid into the various public funds by taxes on bread, clothing, etc. in one way or another was sufficient to provide for many a future rainy day. So why shouldn't he fight to keep this flow of easy money coming to himself and his clique?

"Prof." Haber who has made for himself a fairly good sized fortune out of various welfare and public funds during the past few years, "Executive Director" Fred Levi and "Budget Director" Harold Smith are all buddies together in the fine art of finding legal ways to collect unto themselves as many of the public's shakels as they can get their hands on.

Representative James W. Hallwood is the minister of a prominent Grand Rapids church. He is an Englishman and left the shores of his native country to come to free America at a time when the unemployment problem was becoming one of the great issues of the country of his birth. Like a few other members of the house his chief interest has been in the welfare and allied subjects in the legislature. Even though endowed with all the characteristics of the English, he has been somewhat impatient with the slow way the Lansing legislative mill has worked, but at every opportunity he has championed the cause of the afflicted and into the crippled children's bill that went through the house without a single vote of opposition, were written by amendment many of his own

splendid ideas. While his political views and that of the writer are about as far apart as the north and south pole, it is fortunate that Michigan has one of his high ideals in the legislature. Michigan would have a far better government if there were more of his type assisting in the preparation of its laws.

Three Detroit Democratic representatives, John Hamilton, Ed Walsh and William Buckley are sponsoring through the legislature one of the most important and beneficial pieces of legislation ever considered by a Michigan legislature. The bill, which has every promise of being passed, provides for physical examination of all persons seeking marriage licenses before the application is issued. Information provided members of the house by introducers of the bill show that if this bill can be made into a law and properly administered it will save a tremendous sum to the taxpayers of the state through preventing afflictions which fill the hospitals and asylums. The bill has the backing of all the health officials of the state.

The ways and means committee has not been at all hesitant about placing approval upon appropriation bills which carry much larger expenditures for departments than the state has ever before known. Of course this money is to be spent for salaries—a considerable portion of it for new jobs that have been created. Some have been created through necessity and some for purely political reasons. When the legislative session ends the voters are going to wake up to find that this year and next year will be the two most expensive years in the history of the state government.

## Plymouth Ties For Third In T. V. A. A. Tennis Tournament

Tying for third place in the T. V. A. A. tennis tournament Saturday, May 15, established the fact that Plymouth has a good tennis team and deserves the support of the school. In the scores below it will be noticed that Smith of Plymouth forfeited to W. Barnes of Ypsilanti. Smith had played very good tennis in all his matches and might have been the winner had he not come down with measles. Plymouth this year has a very much improved team as shown by the scores. Plymouth last year had only one match that went into the second round.

**T. V. A. A. Tennis Match Scores**  
W. Barnes, Ypsilanti defeated Moe, Plymouth (7-5) (6-1).  
Smith, Plymouth defeated Dendell, Wayne (6-0) (6-1).  
Britton, Ypsilanti defeated McAllister, Plymouth (6-3) (6-2).  
Smith, Plymouth defeated Taber, Ypsilanti (6-4) (6-1).  
Smith, Plymouth forfeited to W. Barnes, Ypsilanti.  
W. Norman and Anderson, Plymouth defeated Armstrong and Rogers, Wayne (6-1) (6-0).  
R. Norman and Holdsworth, Plymouth defeated Compton and Hutchinson, Ecorse, failed to appear.

Stacy and Reed, Dearborn defeated R. Norman and Holdsworth, Plymouth (6-2) (7-5).  
Stacy and Reed, Dearborn defeated W. Norman and Anderson, Plymouth, (6-3) (8-6).

### PLYMOUTH AT PRESS CONFERENCE

Five representatives, John Moore, Ellis Brandt, Richard Dunlop, Franklin Coward, and Douglas Miller, of Plymouth's Pilgrim Print staff attended the Michigan Interscholastic Press association at Ann Arbor last Friday, May 14.

The conference lasted three days beginning Thursday, May 13 and continuing through Saturday. The headquarters for the conference, where attended members of the school newspapers from all over Michigan was the Michigan Union building. Throughout the day the boys attended speeches and talks by various well-known men. Each school paid a registration fee of two dollars.

Mr. Rosenprant, who is a well-known track star of Michigan State college, gave his talk on sports writing and after he had finished he turned it over to the group to ask questions and discuss among themselves. Another talk or demonstration was on interviewing by Bud Shaver, who interviewed Mr. Weber of Ann Arbor and then turned it over to the group to ask questions.

### SCHOOL EXHIBIT AND HOBBY NIGHT COMBINED

The annual school exhibit and hobby night was held in the teachers' rooms on Thursday evening, April 13. Since the physical training classes had held their exhibit previously and the music department the succeeding night, these two departments were not represented.

Miss Ford's modern history class had a World War exhibit. Miss Hearn's Latin classes made many different projects; they ranged from cross word puzzles to a Roman house. The art classes had two murals on exhibit done in oils on beaver board. One was an Indian scene and the other the art class at work. This year a new technique is being successfully developed—that of using oils on paper. Other features of the exhibit were wall hangings, charcoal drawings, sketches, water colors, and still-life chalk drawings.

One hundred eighteen adults viewed a stamp exhibit put on by the stamp collectors of Plymouth high under the direction of Miss Cary and Miss Hearn. The judges were Mrs. Crumble, Jack Taylor and Mr. Lynch, who based their decisions on the general arrangement and attractiveness of the displays. William Wernett with first prize in his group had an exceptional collection of United States and Canadian stamps. Bob Daly and Dorothy Hance, a display of those from the United States and foreign countries, and James Zukerman and Dudley Martin a joint exhibit of United States and foreign stamps. Franklin Coward had an interesting exhibit of United States army and navy stamps and won first from Miss Hearn's group.

The home economics group had two exhibits. One was of foods—various dishes, the calories they contained, and the recipes. The girls in the sewing classes exhibited the various pieces of clothing they had made—dresses, slips, and smocks.

A group of Dadaists in Paris once wrote a play in which the characters were an umbrella, an eyedropper and a bathrobe.

### DEARBORN BEATS PLYMOUTH BADLY, 30-0

The Plymouth team received a almost unbelievable licking last Monday, May 17, when it played the Dearborn nine. Dearborn put runs across in huge clusters, but Plymouth did not get a man beyond second base. Plymouth used five pitchers, three of them in the first inning; Dearborn took out Albertson, who had not allowed a hit for a rookie in the fifth. Dearborn did not make a single error; Plymouth made nine, eight of them in the infield. It certainly made Plymouth look very foolish.

Kelley began Plymouth's pitching troubles. He walked four of the first five men up. Waterman, who relieved him, gave three more walks and a hit. Jack Hovey, the next victim, staggered through the rest of the inning, eight runs scoring. The next inning was a replica of the first. More pitchers were knocked out of the box and eight more runs scored. Tom Campion was the next victim. He was tagged for ten runs before the end of the third, bringing the total up to 26-0. Ernie Engleson, a south-paw, entered the game in place of Campion at this time. He proved to be a brake for Dearborn and a break for Plymouth, for he halted the scoring spree. He pitched over four innings, and allowed only four runs to a team that had scored 26 runs in the last three innings.

### JUNIOR DRAMA CLUB TREATS STAFF

While the Pilgrim Print staff was busily engaged in writing the news for the paper Monday, third hour, Miss Lovewell came in with an ice cream sandwich for each member of the staff, from the Junior Drama club. We wish to thank the club and you may be sure that the treat was not long in disappearing.

### PLYMOUTH SCORES THIRD IN REGIONALS

In the annual Regional track meet held at Ypsilanti on Saturday, May 16, the home town track team tied Ypsilanti for third place with a total score of 20 points. Birmingham, champion Class B tracksters in '36, were first with 53 points. Ecorse tallied the leader with 32. The Plymouth group was greatly outnumbered by other teams but managed to capture three firsts. Egge was the outstanding man representing Plymouth, scoring first in both hurdle events and taking the high jump. Scarpulla came in fifth in the 120 high hurdle event and Towle fourth in pole vaulting for the other Rock points. Jolliffe, who has been running the 100 yard dash and 220 yard events, met quite stiff competition but took third in his heat in both races.

### PLYMOUTH HOLDS FIVE TRACK REGIONAL RECORDS

### CENTRAL GRADE NOTES

Miss DeWaele's pupils have completed the furnishing of their doll house. They have made illustrations suggested by the coronation of the English king—such things as pictures of kings, queens, castles, and thrones. They wrote a group composition about robins which was illustrated by Elton McAllister.

Miss Weatherhead's pupils have quite a display of nature in their room. They have a guppy fish, a jack-in-the-pulpit, and some rock salt. Joan Sockow is absent because of illness. In art class the kiddies are making farm pictures.

Class two in Miss Benz and Mrs. Bird's room have finished the "Companion Readers" and are now using the "Childhood Readers". They are also finishing the reading of the "Cave Twins". Jane Burr's mother brought a treat for all the children last week to help Jane celebrate her birthday.

### STARKWEATHER NOTES

The kindergarten A is learning to read. The art class made paper tulips. The song for the operetta is being learned.

Booklets containing health stories and pictures and posters are being made by Miss Rathburn's pupils. Bottles for the garden project are being painted by the girls.

A health mural is being planned by the pupils in Miss Maunula's room. The covers for their nursery rhyme booklets are finished.

Mrs. Donald Bovee visited Miss Stader's room last Friday. The number one reading class has begun a new book, "David's Friends at School". An interesting seed booklet was made by the students. A perfect attendance record was made for five half days.

William Fulton, Wellington LaBelle, and Bonnie Sweeney, all of Miss Farrand's room, have been neither absent nor tardy this school year. Paula Hoencke won the spell down; Carl Johnson's spelling team is ahead. The pupils are making furniture for their Michigan project, representative of Grand Rapids.

Miss Bock's 4A geography class is studying China. George Newton's spelling team won a gold star for the first time this semester. The paper mache statues which the two geography classes made are being painted to represent cowboys and dressed to represent children of foreign lands.

### THE PLYMOUTH BASEBALL TEAM

The Plymouth baseball team defeated the Ecorse nine on the Plymouth field Tuesday, May 11, with the Rocks having a good edge all the way. Bob Hitt made a good showing as he allowed but three hits and walked only one man whereas Manning who started for Ecorse allowed four runs to come in and walked five men before he was relieved by Kovalchik who remained in for the rest of the game.

In the first inning Martin got safely to first on Webber's error. Hitt walked, Trinka singled to center field filling the bases. Leach failed to clean up the bases and was retired by Manning. Curtis walked forcing in Martin, with Gilles at bat. Hitt scored on a passed ball. Gilles struck out for the second out. May walked filling the bases. Egloff also walked forcing in Trinka and Manning also passed Krumm who forced in Curtis for the final run of the inning. Martin topped a fly to Gavette at third. The

During Mr. Berridge's illness Mrs. Carvel Bentley substituted. Mrs. Holliday's pupils had a radio in their room last week during King George VI's speech. They are working on individual projects in history.

Ecorse nine failed to get a hit in both the first and second innings. The Rocks increased their lead on Ecorse as May singled to center, Egloff got a single to left field and was caught off first for the first putout. Krumm singled to center scoring May. Martin singled to right putting Krumm on third. Both Krumm and Martin scored on Hitt's double and were the last two Plymouth runs in that inning.

Both teams were scoreless in the fourth inning but Plymouth got one in the fifth to make a total of eight for the day. With one out, Trinka singled and stole to third and scored on a passed ball.

Ecorse's only threat came in the first half of the seventh as Reeves walked with one out, and Gavette hit a homer over May's head scoring the only two Ecorse runs of the game.

Plymouth remained the victor at the end of the seventh with the score 8-2.

## To The Graduates--

That Optometry, as a profession, has made unprecedented advancement and is now recognized as a specialized work requiring highly specialized training, there can be no doubt. It offers to the qualified young person an opportunity to engage in a profession that promises a real career of service to humanity and one that is stimulating to the "science minded".

Optometry requires a knowledge of a variety of subjects which are not a part of medical training; Optometry is not taught in medical schools nor is it covered by the state examination of physicians. Optometry is taught in several universities and in co-operative Optometry schools.

The field of Optometry offers unlimited opportunities for the high school graduate. As a former professor at the Northern Illinois College of Optometry I ask students who might be interested in following this field to consult with me freely and I want them to know that I shall be glad to advise them about entering this work.

"Soul and Body" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, May 23. Among the Bible citations is this passage (Gal. 5:16, 17): "This I say then, Walk in the Spirit, and ye shall not fulfill the lust of the flesh. For the flesh lusteth against the Spirit, and the Spirit against the flesh; and these are contrary the one to the other; so that ye cannot do the things that ye would." Correlative passages to be read from the Christian Science text-book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 223): "Sooner or later we shall learn that the fetters of man's capacity are forced by the illusion that he lives in body instead of in Soul, in matter instead of in Spirit."

**CATHOLIC CHURCH**—Rev. F. C. Lefevre, Sundays—Mass at 8:00 and 10:00. Confessions Saturday nights at 7:30, and before each mass. Societies—The Holy Name Society for all men and young men. Communion the second Sunday of the month. The Ladies' Altar Society receives Holy Communion the first Sunday of each month. All the ladies of the parish are to belong to this society. Children of Mary—Every child of the parish must belong and must go to communion every fourth Sunday of the month. Instructions in religion conducted each Saturday morning at 9:30 by the Dominican Sisters. All children that have not completed their 8th grade, are obliged to attend these religious instructions.

**ST. PETER'S EV. LUTHERAN church**—Edgar Hoenecke, pastor. Sunday services, 10:30 a.m., Sunday school, 9:30 a.m., Ladies Aid, first Wednesday, 2:30 p.m., Mission society, third Wednesday, 2:00 p.m., Men's club, third Wednesday, 8:00 p.m.

**NAZARENE CHURCH**—Robert A. North, pastor. Bible school, 10:00. Morning worship, 11:15. Young people, 6:30. Evening service, 7:30. Prayer meeting, Wednesday, 7:30. Next Sunday will be Children's Day in our Sunday school. A missionary program will be given by the children. The pastor's subject Sunday morning will be "Proving God". Have you ever proven God? If you let him have his way in your life you will prove Him. Come and enjoy this service with us. Sunday night we are to have a special treat. Mrs. Alice Lane, superintendent of Rest Haven home for unfortunate girls of Northville, Michigan will be the principal speaker. Assisting her in the service will be Mr. Norman and Ruth Rickert, who will sing. Everybody is welcome. Come and bring a friend. 280 North Main street.

**ST. PAUL'S EVANGELICAL Lutheran church**, Livonia Center. O. J. Peters, pastor. Services in English Sunday, May 23. Welcome.

**SALEM FEDERATED CHURCH**—C. M. Pennell, pastor. Praise and preaching service, 10:30 o'clock. Our pastor will speak on the text, "Because He Loved Them". Bible school, 11:45 a.m. "The Weakness of Esau". Genesis 25: 27-34, 27: 41-45. Memory verse: "Every man that striveth for the mastery is temperate in all things." 1 Corinthians 9: 25. Gladys Hammond is the speaker for the Sunday evening hymn-singing at 7:30 o'clock. The trustees announce a congregational business meeting to be held Monday evening, May 24, at 8 o'clock.

**CHURCH OF GOD—788 Penniman avenue**, Sunday, Bible school 10 a.m., Morning worship, 11 a.m., Young People's meeting, 6:30 p.m., Evangelistic service, 7:45 p.m., Mid-week prayer meeting, Thursday, 7:45 p.m. A hearty welcome awaits you at the Church of God, Pastor, Rev. E. L. Harris, 38005 Ford road, (No. Pentecostal).

**CALVARY BAPTIST CHURCH**—Corner Hardenburg and North Holbrook avenues. Both the morning and evening services this Sunday, will be in charge of Rev. Ray Weiskopf of Chicago, Illinois. The morning worship convenes at 10 o'clock; evening evangelistic service at 7:30. Bring your Bible. God's Word is a Rock; it is a platform upon which every Christian must stand. The modern view of the Bible, so called, scorns its truth and divinely inspired authority. To accept this modern view man is removed from the rock of the Word of God to men's opinion, no stronger than shifting sand. However, regardless of man and his opinions, the Bible is the world's best Book. No one can ever completely digest the whole content of the Bible. This is not true of any other book. Read any book in the library today once or twice and its contents become thoroughly familiar. Boys and girls! There is a class in Sunday school for each one of you. Join us at 11:30 each Sunday morning. Praise and prayer, the Christian's birthright; the Christian's privilege, Wednesday evening at 7:30. Come to Calvary, the church with an open door, an open Bible, and a risen Christ. (A. E. B.)

**BEREA CHAPEL**—(Assemblies of God). John Walasky, pastor. Meetings in I. O. O. F. hall above Kroger's store on Main street Sunday. Prayer and worship service at 10:30 a.m. Sunday school at 11:00 a.m. Evening at 7:30 p.m. Thursday mid-week at 6:38 Dodge at 7:30 p.m. Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins and ye shall receive the gift of the Holy Ghost. Acts 2: 38. God is meeting His people in these days even as He did in time past. He can meet your every need, physical, spiritual and moral. Every one invited and welcomed to worship with us.

**SALEM CONGREGATIONAL church**, Lucia M. Stroh, minister. Service next Sunday, 10:30 a.m. Our delegate will bring a report of the conference and the pastor will bring the sermon. Sunday school, 11:45 a.m. The Weakness of Esau. Gen. 25: 27-34; 27: 41-45. Golden Text: Every man that striveth for the mastery is temperate in all things. 2 Cor. 9: 25. Thursday of this week the Crusader Bible class will give a party in the Harry Clark home on the Base Line road Saturday evening, May 22. All the class and its friends are cordially invited. The service held last Sunday by the young people of the church was well attended and well carried out.

**ST. MICHAEL'S CHURCH**—Rosedale Gardens. Masses: Sundays 8:00 and 11:00 a.m. Holy Days 7:30 and 9:00 a.m. Week day, 8:00 a.m. Confessions before each Mass. Catechism class after first Mass. Benediction after second Mass. Baptism by appointment.

**KING'S DAUGHTERS TO HOLD SUPPER AT NORTHVILLE**

The King's Daughters of Northville will serve a supper Thursday, May 27, in the Presbyterian church house, serving from 5:30 o'clock until 8 o'clock. 50 cents a plate. A large attendance is desired as the money will be used to furnish a room in the new home in Redford.

**Jack & Jill Jingles**

Pants, pants, the boy he tears 'em  
Dress, dress, although she does  
her best, she tears 'em  
Mother's sad, and Dad, he's mad  
It's nerve racking they tell you,  
But sad or mad, you will be glad  
Please listen while we tell you  
That thought and care in buying  
wear  
Will lessen their destruction  
That Jack and Jill can fill the bill  
And give you satisfaction.

## SENIOR BIOGRAPHIES

**Stella Montwell**, daughter of Mr. and Mrs. Joseph Montwell, has been with the seniors only one year. Previously she attended Lincoln school in Van Dyke, Michigan and Cooley in Detroit. When she was only two years old Stella traveled through Europe with her parents, but naturally can remember little about the journey. Her favorite pastimes are playing her Hawaiian guitar and riding bicycles. Hot dogs are her special dish in food line, and stuck-up people are her pet peeve. When she graduates she would like to secure a position as a stenographer.

**Erma Bridge**, daughter of Mr. and Mrs. Erland Bridge, obtained her first few years of education at the Plymouth school but in the fourth grade she moved to Berkeley, Michigan where she attended the Berkeley school for one year before returning to Plymouth. In the line of foods Erma chooses chocolate cake with chocolate frosting as her favorite and as for a radio entertainment she chooses Kath Smith. She has taken a college preparatory course and hopes to attend the Michigan State Normal college at Ypsilanti where she will study to become a grade teacher.

**Kenneth Kelley** is the son of Mr. and Mrs. Glenn W. Kelley who live at 713 Blunk avenue, Plymouth. Kenneth has attended schools in Clarenceville, Detroit, and Plymouth. His favorite subject is commercial law and his most disliked one is English. The two important hobbies he has are radio and auto mechanics. Swimming, golf, and tennis are his other athletic activities outside of school. While in school he has participated in interclass basketball and volleyball. Kenny spends much of his time visiting a Redford brunette. After graduation he will work at general garage work at Mastick's garage.

**George Kenyon**, son of Mr. and Mrs. Earl Kenyon of Ann Arbor road, attended Monier school in Detroit before entering Plymouth schools in the second grade. George has been in both the Junior and the senior plays and has been a member of Hi-Y and Torch clubs. Another of his activities has been the annual Stunt Night. His favorite subject in school work is physics. After graduation, George will be a student at either the University of Michigan or Michigan State college.

**Patsy McKinnon**, daughter of Mr. and Mrs. D. N. McKinnon, was born in Detroit but has lived in Plymouth almost all her life. Pat's activities in high school have been numerous, including Girl Reserves, Leaders' club, and Drama club. As a junior she took part in the class play and was general chairman of the J-Hop, and she now wears a school letter for all-around activity. She enjoys sports, especially skating and knitting. Next year Pat plans to attend the University of Michigan, where she will take a fine arts course.

**Ireta McLeod**, better known as Rete, is the daughter of Mr. and Mrs. J. R. McLeod. She is one of the many seniors who have spent 12 long years at the Plymouth schools. During her high school years she has been a member of Pilgrim Prints, Pityean staff, Library club, and Girl Reserves, of which she is president this year. Rete's favorite radio comedian is Jack Benny and for her favorite foods she chooses chili, corn, and apple pie. After she graduates Rete would like to attend a school for librarians, although she isn't sure about her future.

Another of our seniors who hails from Newburg is Evelyn McMullen, titan-haired daughter of Mrs. Clare Chilton. Evelyn was born in Elm, Michigan and attended the Newburg school until she entered here in the ninth grade. For a two weeks' period in two separate years Evelyn attended a music camp in Wisconsin. She is very interested in music for she has been a member of our high school band for four years. Her favorite hobby is taking pictures, and when it comes to eating everything is pushed aside when she sees cream puffs. Evelyn has been no particular about her future, but after graduation, but she would like to get a position and earn some money.

**Alice McNulty**, daughter of Mr. and Mrs. George McNulty, was born in Ontario. She attended St. Cecilia, Fisher, and Redford Union schools before entering here in the eleventh grade. Since coming here she has been active in Leaders' club, Glee club, and Drama club. In the way of radio programs Alice says that Guy Lombardo and Wayne King are her favorites, but she despises Ed Wynn. She has been very fortunate, having traveled through New York, southern Canada and Ohio. After graduation Alice plans to study nursing at Providence hospital.

A shy little girl is Agnes Mattinson, daughter of Mr. and Mrs. Silas Mattinson. She was born in Nova Scotia, Canada, and attended school there for one year before coming here. Her hobby is sewing and when she isn't doing that she likes to spend her time hanging and bicycle riding. After graduation, Agnes hopes to attend a school for dressmaking, but she hasn't decided which school it will be.

**Night Telegram Rates Reduced**

William H. Hester, Plymouth manager of the Western Union Telegraph company, announced this week that drastic reductions in rates for overnight telegraph service will become effective June 1.

A new schedule of rates filed with the Federal Communications commission will cut the telegraph bill of the nation by three million dollars annually. Hester said these reductions would bring the charge for 25 words down to, and in some cases lower than, the present rate for ten-word night messages. The ten-word message rate will be discontinued. Words in excess of 25 will be charged for in groups of five instead of ten while the maximum charge for a 25-word night letter will be 25 cents even for the greatest distance in the United States.

**ORDINANCE No. 101 AN ORDINANCE TO ESTABLISH AND REGULATE SO-CALLED DUMPS IN THE CITY OF PLYMOUTH.**

The People of the City of Plymouth do ordain:

**DEFINITIONS**  
Section 1. A dump is defined to be a place designated by the City Manager where ashes, refuse and rubbish may be deposited.

An inspector is defined to be a person designated or appointed by the City Manager to have charge or control of a dump.

Section 2. The City Manager is hereby authorized to select sites and locate such dump or dumps as he may deem necessary upon any land owned or leased by the City or upon land privately owned, subject to consent having first been secured by the City from the owner.

Section 3. The City Manager is hereby authorized to employ inspectors to have the care and control of such dump or dumps. Such inspectors shall be clothed with police power and duly authorized to make arrests and shall enforce the rules that are or may hereafter be promulgated for the government and control of dumps and shall protect property of any and all kinds that may be placed thereon.

Section 4. No person, except the inspector in charge, shall at any time set fire to any part of such dump or any materials or things thereon.

Section 5. No person shall take, remove or carry away anything deposited on such dump nor in any other way interfere there-

with, except by permission of the City Manager.

Section 6. No person shall dump or deposit any ashes, refuse or rubbish in any place in the City of Plymouth except in a dump duly designated as such by the City Manager.

Section 7. The City Manager is authorized to license the use of private property within the City of Plymouth as a private dump subject to such reasonable terms and regulations as he may deem necessary for the protection of the public, which rules and regulations shall at all times be subject to revision, cancellation, alteration or amendment by the City Commission; provided, however, that any such permit shall be revocable at any time without cause and without previous notice by the City Manager or by the City Commission.

Section 8. No person shall be permitted to dump any ashes, refuse or rubbish in any such dump without a permit issued by the City Manager, which permit shall state the time the dump is open for use and shall be issued without charge to any citizen of the City of Plymouth. Permission, subject to the discretion of the City Manager in granting or revoking same, may be granted to individuals residing outside the

City of Plymouth to use any such dump, provided, however, a reasonable charge for such use shall be fixed by the City Manager and shall be paid by the non-resident to said City.

Section 9. The City Manager is hereby authorized to make such rules and regulations for the proper management and use of such dumps and notice thereof shall be given by posting same in at least three conspicuous places at each such dump. Any violation of such rules and regulations shall be deemed a violation of this ordinance and punishable as such.

Section 10. Any person violating any of the provisions of this ordinance or of the rules promulgated by the City Manager shall be punished by a fine of not more than \$100.00 or by imprisonment of not more than ninety days, or both such fine and imprisonment in the discretion of the court.

Section 11. This ordinance is ordered to take effect the eighth day of June, 1937 made and passed by the City Commission of the City of Plymouth, Michigan this seventeenth day of May, 1937.

The new Kelvinator runs only half as many minutes per day—during the rest of the time it maintains low temperatures using no current at all.

**ONLY 90¢ A WEEK BUYS A PLUS-POWERED KELVINATOR**

KELVINATOR cuts the cost of better living! The two facts displayed here on the left prove it. They mean that day after day, month after month, year after year, Kelvinator will save you money.

They mean also that Kelvinator is built to "take it." No matter how hot the day, no matter how oven-like your kitchen, Kelvinator keeps foods always SAFE.

Kelvinator quickly pays for itself. That is why so many present refrigerator owners are replacing with 1937 plus-powered Kelvinator. At our small weekly payments—as little as 90¢ a week!—it's easy. Easy for YOU, too! Come in today, and let's talk about it.

ONLY KELVINATOR GIVES YOU ALL THESE ADVANTAGES
