## Rotarians Are Told That Yost Should Go

Jimmie Stevenson Delights Club By His Talk

Jimmie Stevenson, popular W.R. commentator, guest speaker of the Plymouth Rotary club last Friday as the result of the efforts of Blake Gillies, member of the program committee, told Rotarians that before the University of Michigan can again have successful football teams it will be necessary to eliminate the influence of Fielding Yost from the coaching staff.

"He has had his day, but he is still trying to run the whole show. The methods he used successfully years ago will not do today," declared Stevenson.

"Harry Kipke has never had a chance to develop a team along his own ideas. Jealousy has prevailed for years and the other coaches are known to have formed cliques among the football players. In fact, the players have not been good soldiers when they would not accept the command of Kipke or take orders from him.

"As I see it the whole situation hinges around Yost. It is time for him to step aside and let a younger man with new ideas take control of the situation," said the speaker.

"If Yost does not see the light soon and comply with the wishes (Continued on Page Twelve)

## First National Pays 10 Percent

President Andrew C. Dunn of the First National bank, this week announced good news to hundreds of depositors of the First National bank who signed the waiver clauses at the time of re-organization. There will be an immediate pay-off of 10 percent of the amount of their certificate of participation, he stated.

## Opening Day A Big Affair

The grand opening of the Simmons and Atchinson service station at the corner of Main and Starkweather avenue Saturday was a most satisfying affair, and the owners wish to express their thanks and appreciation for the kind wishes and flowers sent from their many friends. Little did they expect such a rush of business as came on the opening day. These well known young men intend to continue the same kind of service that has enabled them to take possession of one of the largest service stations in the city.

## Legionnaires Are Milford Guests

A large delegation of local legionnaires will leave here at 7:00 o'clock Friday evening, to be the guests of the Ernest F. Oldenburg Post No. 216 at a stag meeting in Milford. This meeting will include all the American Legion posts located in the 17th congressional district.

The 17th district association of the department of Michigan, the American Legion, of which the Myron H. Beals Post is a unit, has the distinction of leading all the other district associations in the percentage of members enrolled for the Legion year of 1937-1938.

Under the leadership of Dr. Wilbur H. Johnston of Northville, present district commander, the posts are concentrating on carrying out the mandates of the Legion convention, which are concerned with unemployment, Americanism, and traffic safety.

Commander John L. Moyer of the Plymouth Post has invited all World War veterans residing in this community who have not yet affiliated themselves with the American Legion, to call at the post headquarters, located at Newburg. Meetings are held the first Monday and third Friday of each month.

## W. C. T. U. Members Hear of Convention

On Thursday, December 9, Plymouth W. C. T. U. members met at the home of Mrs. Lauffer with Mrs. A. D. Wright as co-hostess. Owing to the cold and stormy weather only a few were present. Reports were given by Mrs. Mary Hillmer and Mrs. Vealey of the district convention which they attended in Grand River Baptist church on December 7. After the meeting ice cream and cake were served by the hostesses.

## Accidents Twice As Many As Year Ago

Increase Due Chiefly To Traffic Believe Officials

According to Plymouth police records, 64 accidents occurred in the city in the past year, dating from the first of January, 1937. This is approximately twice the number that was recorded for the previous year which numbered 29.

Chief of Police V. R. Smith gave no particular reason for the increase, except, perhaps, for a difference in the methods of recording cases, which would in turn only account for a comparatively small number.

Of these 64 accidents, only two were fatal, one of which was a train wreck where no automobile was involved. The others were minor property damages. Most of the latter are attributed to carelessness, Mr. Smith said. It was interesting to note that, according to the accident chart, the point of the greatest number of accidents in Plymouth is at the intersection of Main and Penniman avenue at a stop light, and again at the corner by the Hotel Mayflower. Still another point of trouble occurs on Main street, near Amelia.

Although the stop lights are considered to be necessary for efficient traffic control, Chief Smith expressed a doubt as to their help in preventing accidents. Although the damages are generally of a minor nature, they result, nevertheless, he said, from the sudden stopping, backing, and turning with wrong light signals. Angle parking on Penniman, near the Main street corner, is given as an important cause for traffic troubles.

For some undefined reason, more accidents occur in the fall of the year, particularly the month of October, police officers report.

## Tries To "Beat" Train At Crossing Woman Hurt

Auto Carried On Engine Several Hundred Feet

Mrs. Kate Martough, matron at the Detroit House of Correction, is recovering from serious injuries sustained in a train accident Saturday afternoon, in which she narrowly escaped death when the Ford coupe, a borrowed car, she was driving was struck by an eastbound freight on the Pere Marquette tracks, at the crossing on South Main street.

Coming into Plymouth from the north, Mrs. Martough approached the tracks when the train was nearing the crossing. Both the bell signal and the train whistle sounded, but the driver tried to cross ahead of the train. Her car stalled directly in the path of the oncoming freight so that she had no means of escape.

The coupe, completely demolished, was fortunately caught by the engine catcher and carried several hundred feet down the tracks before the train could be stopped. The victim was retrieved from the wreckage, suffering painful injuries to her arms, knees, and side. Receiving first aid from Dr. Paul W. Butz, Mrs. Martough was taken to the Redford Receiving hospital where she has remained for examination and care.

## Program of Christmas Songs Free School Concert Tuesday Eve

A program of Christmas songs by the Plymouth high school music department will be presented Tuesday evening, December 21, at the school auditorium at 7:30 o'clock, under the direction of Miss Dora Gallimore and Lewis Evans.

Last year a program of Christmas songs were presented by various groups, such as the double quartette, boys' choir and glee club, and the program this year will be similarly arranged. The musical groups will give "Christmas Carols from the World", in which carols from foreign countries will be sung.

The following group of numbers will be presented:

Several selections by the high school band, under the direction of Mr. Evans; two carols, to be sung from the balcony of the auditorium—"Christmas Bells" of French origin, and "Twelve O'clock is Striking Now", from Croatia. These will be sung by the junior chorus.

"Come, O Ye Shepherds", Spanish carol by the girls' glee club; "Blow, Winds, Softly Blow", German yuletide song by the double quartette; "The Little Ones, Dear Lord, Are We", Danish carol sung by a boys' choir from the sixth and seventh grades.

"What Child is This", English carol, sung by girls' glee club; "Russian Winter", Russian song by the double quartette; "Flemish Carol", old Flemish carol, by the boys' choir; "The Slumber of the Infant Jesus", another French carol, sung by the double quartette; Norman Pearsall will sing a solo in this group and "Yuletide Night", of Bohemian origin, sung by the girls' glee club. In conclusion, the combined voices of the glee club, boys' choir and members of the first and second grades will sing "Silent Night".

Following this program there will be community singing of carols. This entertainment promises to provide worthwhile entertainment for everyone. No admission will be charged.

## Early Copy, Please!

So that Plymouth merchants may take to the residents of this locality their Christmas bargain offers, The Plymouth Mail will go to all of its readers next week Thursday instead of Friday. This will necessitate early copy. Will readers kindly send in their notices and other news Saturday and Monday? It will be a big help if you will do so. The Mail especially urges a careful reading of all the advertisements as each one carries a Christmas suggestion as well as ways to save. Early copy, please!

## Woman's Club Has Christmas Party

The Woman's Club will hold its annual Christmas party this afternoon at 2:15 in the Crystal room of the Hotel Mayflower with the children of members as guests. Harry Cecil, Detroit magician, will be present to entertain the guests. Please make reservations with Mrs. Clarence H. Elliott, telephone 277. Members are also asked to bring jam, jelly or canned goods to be distributed later. As a reminder dues are payable at this meeting.

## "Window Night" Fixed For December 20

Committee Named To Make Award For 1937

Monday evening, December 20, has been fixed by the officials of the Chamber of Commerce as the date when a special committee will make an inspection of Plymouth store windows for the best decorated window during the holiday season of 1937.

Three years ago when the trophy was first awarded, Wild's clothing store won the cup; Mrs. Norma Cassidy's window in her dress shop won the prize the following year, with Gayde Bros. grocery winning the award last year.

The decision of the winners this year will be announced in next week's issue of The Plymouth Mail.

Each year the competition for the trophy has become more keen and it has not been an easy matter for the committee to decide the winner. There are already a number of attractive displays in the Plymouth merchants' windows.

## Christmas Party For Officials

Employees of the city and members of the volunteer fire department, and city commission, will hold their annual Christmas party at the city hall this evening at 8:00 o'clock. Between 60 and 70 guests are expected to attend the affair.

Following a buffet lunch, an evening of entertainment has been planned, with Treasurer C. H. Garlett in charge. The Stevens sisters from this city will appear in several tap dance numbers, and a male quartette, consisting of City Clerk Clarence H. Elliott, Commissioner Arthur Blunk, City Engineer S. L. Besse, and Capt. Charles Thumme, will be featured of the program. Group singing is also being planned, and a gift exchange will be held at the close of the evening.

Mr. Garlett has directed the decorating of the recreation room in blue and silver, with a large Christmas tree at one end. Mrs. Harry Brown has been in charge of the foods committee.

## Goodfellow Sales Net \$100

Over \$100 was netted by the sale of the Goodfellow news edition by American Legion members here Saturday. Commander John L. Moyer, stated and approximately \$65 of that amount has been given to the Community Christmas fund, and the remainder of the sum will be used to provide food and clothing for needy families in the Plymouth community.

Commander Moyer, in behalf of all Legion members, extends a hearty thank-you to the public in their splendid cooperation given in the sale of the papers. A Christmas party for Legion members, their families, and families of deceased veterans will be held at the hall Sunday afternoon at 2:00 o'clock. William McClain will arrange the entertainment and refreshments will be served. Clothing and other necessities are to be given deserving guests at the party.

A feather party will be held in the halls this evening.

The Past Noble Grand and Degree staff of the Rebekahs had an enjoyable Christmas party and dinner, Thursday, in the home of Mrs. William Gates, on Hamilton avenue. The ladies exchanged gifts which added to the pleasure of the day.

## Unemployment Pay Law Is Explained

Kiwanians Hear Interesting Discussion

Aims and purposes under the Michigan Unemployment Compensation act were told members of the Plymouth Kiwanis club at its meeting Tuesday night at the Mayflower hotel by Clyde W. Ketchum, assistant counsel of the commission from Detroit. Mr. Ketchum for a long period of years, a well known labor attorney in Kalamazoo before he became associated with the commission, was given the keenest of attention as he discussed the numerous provisions of the act and told of its beneficial aims.

"Conditions in this country are entirely different than they were 50 years ago. Then there was unemployment. New lands in the West were being opened, new opportunities seemed to exist nearly everywhere. But with industrial expansion and the migration of hundreds of thousands of people from across the seas to America seeking the same opportunities, we who lived here enjoyed, things began to change rapidly and a few years ago we found ourselves face to face with an entirely new American problem, the problem of unemployment," stated Mr. Ketchum.

"Something had to be done. While England, Sweden, Norway and some of the other European countries had long had unemployment insurance, this country had never adopted it until two years ago. Now every state in the union has become a part of the system which has been designed to relieve distress in times of unemployment and to help men find jobs when they are out of work," he declared.

Mr. Ketchum highly lauded the work of Chairman Frank A. Picard in what he has done to perfect the thousand and one details for handling the unemployment compensation in Michigan. Payments, he said, will begin next July. He urged that any one in need of information on the subject, immediately contact the office in Detroit. Numerous questions asked following the talk showed the keen interest of Plymouth Kiwanians in this subject.

Kenneth McDonald, also associated with the commission made a brief introductory talk following a play of motion pictures. The views showed the development and growth of America.

## He Is Now "Dean" Of Newsboys

When Harry Robinson goes into Detroit Tuesday to sell newspapers with the old Detroit newsboys, it will mark his 66th anniversary as a "newsboy". It will also be his 24th year as a seller with the Old Newsboys of Detroit. In fact, it was just 24 years ago that these lively youngsters of Detroit when that city enjoyed pine block pavings and rode in horse drawn street cars, decided to sell newspapers one day each year to raise funds for charity.

To the credit of these newsboys of other days, it has frequently been said their efforts result in more real beneficial charity for those in distress than comes from any other source.

Plymouth's own Harry Robinson has been one of the "big" sellers. His sales have every year run into the hundreds of dollars.

He is now affectionately referred to by his selling companions as the "dean" of the Old Newsboys. Born in 1863, he still remains one of the most active of those comprising the group of Detroit's newspaper boys of other years, where he lived as a youngster.

## The Mail, For Christmas

Just \$1.50 will, once each week during the year of 1938, bring a Christmas message from you to some relative, neighbor or friend. During the past few years it has been quite amazing to know the number of people who have found a yearly subscription to The Mail a most acceptable gift. Just come down to The Plymouth Mail office, and arrange to have a Christmas present go to some good friend once each week for an entire year. They will more than appreciate it!

## Can Pay Taxes On Saturday Afternoons

The treasurer's office at the city hall will be open to receive payment on school and county taxes on the Saturday afternoons of December 18, and January 8. This is done, Treasurer Charles Garlett explained, in order to make it more convenient for those who are unable to come to the office at other times.

## Christmas At M. E. Church

An impressive candlelight service with the observance of holy communion is being planned for Christmas Eve at the Methodist church at 11:30 o'clock, December 24.

In addition to the communion service, there will be special Christmas music by the choir and a brief message by Stanford S. Closson, pastor. A special invitation is extended to members of the community to participate in all forms of this service.

Next Sunday morning, a White Gift service will be heard at 11:30 a.m. at the regular Sunday school hour, in which the entire Sunday school will participate. A play, "Christmas Day in the Morning," will be presented by the children, and the offering from this program will go to the Methodist Children's Home, near Farmington.

Sunday evening, members of the Epworth League will conduct a Christmas program to which the public is invited. The following Sunday evening, another Christmas service is being planned by the pastor. Both meetings will begin at 7:30 o'clock.

## Christmas Music For Plymouth

Between 8:30 and 9:00 o'clock Christmas eve, Fred D. Schrader has arranged for a "broadcast" from his funeral home of Christmas music and carols. The selections to be played will be those most popular with joyous Christmas observers. The music and chimes will be sufficiently loud to be heard in all parts of the city.

Mr. and Mrs. Lou McKinstry of Wayne, were Monday visitors at E. C. Vealey's.

## THESE LITTLE TUBERCULOSIS CHILDREN WANT YOU TO BE SANTA CLAUS! ALL THEY ASK ARE DISCARDED TOYS

One hundred and eighteen little boys and girls, all under the age of 12 years, lie day after day in little white beds over at the William H. Maybury Sanatorium wondering if there is going to be a Santa Claus for them this year. Some of the little torn story books they have, show pictures of Santa and his reindeer and his big pack of gifts for boys and girls. The other day when it snowed the youngsters said maybe Santa had already started from his home up near the North Pole, and maybe he would stop at the children's unit at the Sanatorium and leave them something for Christmas.

To walk along the corridors and into the rooms where these youngsters are making such a long, hard fight to regain their health causes a feeling of intense sadness. The cheerfulness of these little boys and girls, many of them bed-ridden for years, in the face of their plight, only adds to the pathos of it all.

Do you want to be a Santa to some of these little boys and girls who are putting every ounce of their strength into a fight against tuberculosis? Do you want to help make them happy Christmas day and every day thereafter for weeks and months to come? And it is so easy for you to make their days a little shorter and a little happier.

Just look about your home, pick up any discarded toys, story books, dolls, doll clothing—anything boys and girls under 12 years of age, who month after month in a hospital ward would like, and bring them down to the office of The Plymouth Mail. Kindly do so before Tuesday evening, December 21, as it is desired to have these little gifts over at the Sanatorium by that time.

If those of you who contributed gifts last year only knew the happiness it brought to these youngsters, you wouldn't hesitate many minutes before starting your search for playthings your own children no longer use.

Bring your little gifts to these children down to The Plymouth Mail office before Tuesday evening. This newspaper will see to it that they are delivered to Mrs. Sharp, superintendent of the children's unit, in time to make come true the dream of these little hospital patients about the visit of Santa Claus.

## All In Readiness For Community Christmas Events—Gifts Are Many—Songfest On Thursday Evening

Fisher P.T.A. Will Meet Tonight

The Fisher Parent-Teachers' association will hold a Christmas party for the adults of the community, on Friday evening, December 17, at the school.

Officer Barocovich and his band will furnish entertainment. Games are being planned and there will be a lunch and a grab-bag with gifts for all.

A brief business meeting will precede the party.

## Postoffice Records Being Broken

Incoming And Outgoing Mail Is Largest Ever

"There is now passing through the Plymouth postoffice the greatest amount of Christmas mail ever handled in this city, records of the postoffice show. Not only is the incoming mail larger than ever before, but the mail being dispatched to outside points is also greater than in past years.

Postmaster Frank Learned stated yesterday that the employees of the postoffice department were most appreciative of the thoughtfulness of Plymouth residents in having done such a large part of their Christmas mailing early.

"It was a surprise to all of us to have such a large portion of the mail brought in during the past week or ten days. Of course we know that there is much more to be sent, but the fact that there has been such a large portion already dispatched will make the delivery of late Christmas mail speedier," stated Postmaster Learned.

Rural mail carriers, when they leave the postoffice these days, are loaded down with packages and Christmas cards. But notwithstanding the additional amount of work, deliveries are being made with exceptional promptness.

This will be the first time the city of Plymouth will have planned for such an occasion and it is the hope of the committee that every member of the community will make a special effort to be present so that Plymouth may fairly ring with Christmas carols and good cheer.

The committee responsible for these plans consists of James Gallimore, as general chairman; Mrs. Paul Wiedman, Mrs. George S. Burr, John Clayton, C. H. Rauch, Carvel Bentley, and Glenn Jewell.

## Mayflower Party To Be Big Affair

Everything is in readiness for the big New Year's eve dinner, dance and celebration at the Mayflower hotel, with reservations coming in so rapidly that the officials of the hotel company now believe that the capacity will be reached before the event takes place.

Service of the dinner will begin at 10:30 o'clock, but dancing and specialty acts by one of the best floor show troupes to be had in Detroit will start about 10 o'clock and continue until the wee hours of the morning.

Specialty numbers by these vaudeville stars will include musical selections, dances and acrobatic stunts.

There will be favors—and one of the best times ever enjoyed at a New Year's party, states Chairman Fred D. Schrader of the committee of arrangements.

Strazen's orchestra will provide music for the dance.

## Elect Lockwood President

At the December election of the Switchman's Union of North America Lodge No. 27, the following officers were elected for the ensuing year: President, W. D. Lockwood; vice president, Frank Loomis; secretary and treasurer, Floyd Barabach; board of directors, George Egan, John Stroll, and Harry Ives.

### BIG TALK!

Frank Murphy who occupies the governor's chair by chance rather than by will of the people of Michigan, has been doing a lot of glib talking during the past few weeks about "giving" work to idle Michigan workers. He adds considerable blab about "Washington" going to help him do it all. To use the language of the street, it is easy to talk "big stuff" when you personally do not foot the bill.

Let it be known that Frank Murphy during his entire lifetime never paid a cent in wages to any one OUT OF HIS OWN POCKET. No working man, no working woman ever gained a livelihood through any job or work that Frank Murphy ever created.

On the other hand, Frank Murphy has amassed a pretty good sized fortune for himself out of big fat, public pay checks he has been able to secure during most of his lifetime. Mind you, these pay checks came and are still derived from the pockets of workers of Michigan who now find themselves unable to buy food and clothing upon which they are forced to pay a tax to help support a governor who spends practically all of his time vacationing or running around the country making silly and insincere speeches.

While the Governor and his cohorts thrive on tax money taken from the poor, the Governor during his entire life has never paid a cent of income tax or any other kind of a tax unless he should happen, now and then, to buy a suit of clothing from some Michigan store keeper. We doubt very much if he has ever bought many of these in his own state in recent years. He has always managed to get some tax-exempt job.

His talk about "helping" the working man would ring with a lot more of sincerity if he had ever paid even one weekly wage to some one out of his own pocket!

### CRACK DOWN ON HIM!

It has been announced that Henry Ford has set aside a vast tract of land in Dearborn and proposes to build 4000 houses in the very near future. Dearborn is one of the many American communities where homes are badly needed to shelter the workers of the nation. But we wonder if he will be able to complete the project before some of the "cracked" deal Washington or Lansing politicians will try to crack down on him for doing such an outrageous American thing as building homes? We do not know of anything that the politicians have not done to discourage Mr. Ford in his efforts to provide work for the workers and help build up American industry. It will be quite inconceivable if they will let him go ahead and build 4000 homes without in some way trying to annoy him or create trouble for him.

### ABOUT KIPKE.

Maybe the athletic board of control of the University of Michigan had sufficient reasons to terminate the contract of Coach Harry Kipke. Surely his football teams have not been outstanding because of victories in recent years. There have been many rumors as to the reasons for this. Some say that regents of the University had told him to use certain players. Some say that almost from the day he took the job he had no control over the work he was given to do. At any rate, during the four years Mr. Kipke played football at the University, he was one of the nation's greatest players and hundreds of thousands of dollars flowed into the University athletic coffers just because of Harry Kipke. Under all the circumstances, why couldn't Mr. Kipke have been given the opportunity to gracefully resign his position without the stigma of the word "fired" being attached to his removal? It seems entirely unbecoming for a great educational institution to stoop down to the tactics of a sewer digging straw-boss in order to relieve one from a position.

### RIGHT, AFTER ALL.

There is one rule that The Plymouth Mail has always followed religiously, and that rule has been to publish facts. If errors have been unintentionally made, The Mail has more than bent over backwards to make immediate amends. Recently, The Mail published an editorial that severely condemned Congressman Clare Hoffman for a statement he was reported to have made in a speech over near South Haven. Mr. Hoffman wrote a letter to The Mail in which he declared that he did not make the statement credited to him by a correspondent of The Detroit Times. It was from The Times that the statement was originally taken by The Mail. This newspaper, in justice to Congressman Hoffman, published his letter of denial. During the past few days there has come into the possession of The Plymouth Mail a photostatic copy of the notes made by Congressman Hoffman's own secretary of the statement upon which was based The Plymouth's Mail's critical editorial. The notes show that the statement was recorded by him just as it was published in this newspaper. Apparently, The Mail wasn't wrong after all.

### FITZGERALD'S ANNOUNCEMENT.

Former Governor Frank Fitzgerald has announced that he will again seek election as Governor of Michigan. This is pretty early for any one to jump into such a contest, but apparently in the case of the former Governor, what he has done is probably right. He was defeated by probably the poorest excuse of an executive this or any other state ever had. Doubtless his defeat by one of the type now masquerading as governor has so stung Mr. Fitzgerald that he believes it proper to announce his future intentions without delay. Mr. Fitzgerald's associations may not have been all that one has a right to expect and maybe his administration was a bit colorful, but it was one thousand times better than the farcial mess that has been going on in Lansing for the past year.

### HONESTY IS THE GREATEST NEED.

There have been one or two critics who have expressed themselves as somewhat upset over a suggestion made in The Plymouth Mail a few days ago that maybe there might be an improvement in legislative circles, both state and national, if some honest-to-God women leaders were elected to some of these jobs. Maybe if some of these critics knew just how bad legislative conditions are they would be willing to agree to any idea that might result in an improvement. The editor of The Mail is not at all concerned over the personnel, just so it is possessed of brains, leadership, and above all, HONESTY. A few weeks spent in close contact with legislative halls will convince the most skeptical that the time has arrived for a whole lot of HONESTY in connection with legislative matters. The leadership we have in mind is the outstanding kind, not the self-assumed advertising brand.

Might we refer some of these "doubting Thomases" to Paul Mallon's Washington letter published in Monday night's Detroit Times, in which he points out clearly the intelligent leadership of a woman legislator in the nation's capital? The writer has never known a dishonest leader among feminine groups. They seem to have an interest in public affairs because of the public good and not because of any expectation of financial reward or other emoluments that might be derived from public service. A dozen or two of these outstanding leaders could and would without question do a real clean-up job if given the opportunity. No, critics, it is not the name that counts so much, it is the LEADERSHIP plus the HONESTY typified by the names of some of these women that Michigan and the nation and the Republican party need so badly these days.

An electric range is the gift of gifts . . . something every woman wants and hopes some day to own. An electric range is more than just another stove: It combines SIX GIFTS in one.

- 1 The gift of **kitchen freedom**. An electric range brings extra hours of leisure to do the things you enjoy most. You can put your whole meal in the electric oven and go out for the afternoon. A Timer Clock (available at small additional cost) turns the oven on and off at the proper time. When you come home your dinner is waiting, perfectly cooked—piping hot and ready for the table.
- 2 The gift of **cleanliness**. An electric range cooks with pure heat from a glowing wire—heat as clean as sunlight. You will enjoy the ease with which you can keep your kitchen bright and sparkling, with less frequent redecorating expense and practically no scouring of utensils.
- 3 The gift of **better meals**. Electric cooking has a delicious natural flavor. There is nothing else like it. Meats and vegetables cook to melting tenderness in their own juices. You'll be amazed at the difference electric cooking makes in ALL your recipes.
- 4 The gift of **healthful cooking**. The waterless cooking method is at its best

on an electric range. Precious minerals and important food values are sealed-in . . . not boiled away in excess water and poured down the sink.

5 The gift of **comfortable cooking**. In hot summer weather, an electric range does not raise the temperature of the kitchen, even one degree, by actual test.

6 The gift of **modernness**. Electric stoves installed ten years ago still look as good as the day they were installed. An electric range will often beautify the entire kitchen.

Electric cooking is the finest cooking that money can buy . . . and today, you don't need a great deal of money to buy it! Electric ranges, prices are now so moderate that you can purchase an electric range for about the cost of an average stove of comparable size and features. This Christmas, choose the gift that will serve the entire family . . . surprise her with a new, modern, sparkling ELECTRIC RANGE! See the new electric ranges on display at department stores, electrical dealers and at all Detroit Edison offices.

**Buy Christmas Seals Today!**

Plymouth has always been one of the outstanding leaders in the state in the purchase of Christmas seals, the little life saving Christmas stickers that have been used so successfully in combatting the white plague.

Essential now as ever before is the continued loyal support of every person who has received 1937 tuberculosis Christmas seals since Thanksgiving day. Dr. Bruce H. Douglas, president of the Michigan Tuberculosis association, declared this week with past progress indicating that tuberculosis eventually can be stamped out, the need for Christmas seal funds is urgent. Dr. Douglas pointed out. Everyone was urged to use as many of the decorative health seals as possible on holiday letters and packages.

"Throwing out a new challenge, tuberculosis last year claimed more than 2,000 Michigan lives. In Michigan, as well as in a number of other states, tuberculosis mortality rates temporarily have been checked. People throughout the state however, realize that this challenge can be met, as in the past, with tuberculosis Christmas seal funds." Dr. Douglas said.

"One of the greatest of Christmas seal accomplishments has been to lower the death rate more than 50 percent within 30 years of effort," he pointed out. "This remarkable reduction of deaths from the White Plague has been a direct outgrowth of public interest through the generous purchase each year of the tiny health stamps distributed by the Michigan Tuberculosis association." Dr. Douglas said.

"Through health education, an important phase of the Michigan Tuberculosis association's preventive program, Michigan people have been given knowledge about modern weapons to fight tuberculosis. It has been demonstrated to them that tuberculosis is preventable and curable. People everywhere know that the assurance of Christmas seals is protection from the dangers of the White Plague."

**How To Keep Out Of Tree Trouble**

The person who drives into the country to cut his own Christmas tree may spend the holiday season in jail if he neglects to secure written permission from the owner of the land on which the tree is growing.

The warning is repeated by the department of conservation because of the severity of the penalty.

Cutting and removing Christmas trees from state-owned lands will bring prosecution of all trespassers who are apprehended. No permits are issued for the removal of trees from state-owned lands and the law provides triple damages for the commission of willful trespass and the violator is also criminally liable.

According to the statute, no person shall cut, remove or transport within this state for decorative purposes or for sale, Christmas trees, evergreen boughs, or other wild trees, shrubs or vines without the written consent of the owner of the land on which the same were grown. The law provides a penalty of not less than \$25 nor more than \$50 or a period not to exceed three months, or both, for failure to secure a permit.

A very fine report was given on the foreign policy of the United States, touching upon Spain, China, the Brussels conference, and the Anti-Communist Alliance recently created by Italy, Germany and Japan. This was given by Mrs. Maurice Woodworth, chairman of government and foreign policy.

Mrs. S. N. Thams, chairman of government and its operation, reported on the bulletin for the Social Security act.

Mrs. Paul Wiedman's report on education was read by Mrs. Seth Virgo. A report on municipal affairs was given by Mrs. Ruth Huston Whipple.

Mrs. Edward Eckert as chairman of government and economic welfare introduced a discussion of current economic problems which was led by Mrs. S. N. Thams, who spoke from the consumer point of view, by Mrs. Clarence Elliott, and by Mrs. Murray O'Neil, who presented an analysis of contemporary labor-capital terminology.

## Panthers Victorious Over Rocks 27 - 22

(By Franklin Coward)

With both teams playing a very good game Wednesday, December 8, the Rouge Panthers won over the home five. The Rouge team began the game with a very confident attitude while the Rocks were somewhat in doubt but determined to win. That determination carried them along and only because of superior passing ability was the Panther team able to win. This passing enabled them to get close enough to shoot many times. Plymouth's one hope of winning after the half was its superior basket making ability. The Panthers missed many of their shots but they recovered quickly and shot again and again. The game was very rough with

many fouls being called on both sides.

The game was opened with Rouge scoring first by way of a field goal. The Rouge passing did not click and Moe got "hot" and made two field goals while Egloff and Ross snared one apiece when fouled. One more field goal was scored by a Panther and the quarter, which was very fast for the first one, ended with Plymouth in the lead 6-4.

After the rest both the Rocks and the Panthers were refreshed and went at it again harder than ever but with only nine points scored between both teams. Plymouth, led by Egloff who scored a field goal with Gilles and Moe each snaring one free throw apiece, received four of the nine

points. Rouge made two field goals by Lauria and Mondon and a free shot by Standen. The Panthers passing stood out again in this quarter as it did during the entire game. This passing was mostly of one kind in which the Panthers executed a circling motion by the whole team and waited by passing the ball around in the center of the floor until some member while going toward the basket was free; then the ball was passed to him for the shot. At the end of the first half the Blue and White enjoyed a 10-9 lead over the River Rouge five.

When play was resumed the Panthers varied their attack by weaving three men in and out until Mondon could get into a position directly in front of the basket and just back of the red line from which, when the ball was sent to him, he executed about 75 percent of his "set" shots. From this position he made two field goals with P. White making one also and Nemeth a foul shot. This placed the Red and White ahead because Egloff and Ross between them could only snare two baskets for three points.

The last quarter began with Plymouth trailing 16-13 and Rouge began again allowing Mondon to shoot his "set" shots. He scored three times in this way during this period with H. White also scoring a field goal and Pitril a free throw. Two very good field goals in which good dribbling and taking the ball off the backboard counted were made by Lauria. While the Panthers were tallying those 13 points the Rocks were also busy but not quite so much so only gathering in nine points, five by Egloff, two by Moe, and two by Frough. When the final whistle was blown and the final horn was sounded River Rouge were the winners by five points, 27-22.

This loss was one which was not quite so hard to take because everyone knew that Plymouth would be lucky to pull it out of the fire. The best playing of the entire game was turned in by Moe and Egloff of the Blue and White and Mondon of the visitors. Moe's shooting in the first quarter and his breaking up of Rouge's passes while Egloff and Mondon's all-around playing gave them the edge on the other players.

The line-ups were: Plymouth—Moe, rf; Egloff, lf; Sackett, c; Ross, rg; Frough, lg. Rouge—Nadzam, rf; Nemeth, lf; P. White, c; Lauria, rg; Mondon, lg.

Gilles, Houghton, and Krumm for Plymouth and J. White, Lazer Standen, Pitril, Burns, and Torko of River Rouge were the substitutes.

### GIRL SCOUTS PLAN CHRISTMAS PARTY

Committees for the Girl Scout and Campfire Girls' Christmas party were chosen last Thursday at the regular meeting of the Scouts of Troop 1.

Carol Campbell is chairman of the committee in charge of the giving of candy and gifts. Helping her are Evelyn Bower, Ingrid Ericson, and Marion Coward. The refreshment committee is in charge of Lois Schaufele and Rose Nievespol; others on the committee are Beverly Smith, and Phyllis Hawkins. Ruth Drews is chairman of the entertainment. Under her are Nancy McLaren, Marie Ann Miller, Barbara Ol-saver, Kye Moon, and Jacquelyn Schoof. Mary Jane Ol-saver, Fern Bower, Phyllis Campbell, Jo Ann Gorton, and Signe Hegge are the good scouts who volunteered for the clean-up work. The decorations will be in charge of Mary Jane Ol-saver, as chairman, with Margaret Jean Nichol, Mary Ellen Dahmer, and Dorothy Jean Woodbury as her helpers.

Every girl who attends the party will be given a gift. Cocoa and sandwiches will be served and games familiar to all will be played. The Campfire Girls are from the Wayne County Training school.

### HOME EC. CLUB HOLDING A GIFT SHOP

The Home Ec. club, under the leadership of Miss Lundin, sponsored a gift shop in which they sold Christmas gifts made by the girls. The shop opened Tuesday, December 14 and will close Tuesday, December 21. The room will be arranged similar to a commercial shop with rugs and lamps. Each girl made some article: aprons, pillow tops, copper plaques, pipe cleaner novelties, luncheon sets, bridge covers, and stuffed toys will be among the articles sold. The money will be used to increase the treasury of the club and to help in the expenses of sending a girl to Home Ec. camp in the spring.

### TORCH CLUB DISCUSSES OCCUPATIONS

Members of the Torch club headed by Ed Holdsworth had a very interesting discussion about certain occupations at the last meeting of December 9. One boy at a time told the occupation he wished to follow and what he knew about it, while the other members and Mr. Bentley gave pointers. Some of the occupations discussed were shoe repairing, professional baseball, hygiene teaching, forestry, and baking.

## Newburg P.T.A. Is Busy Group

One of the busiest P. T. A. organizations in this part of Wayne county is the one located at Newburg. Publicity Chairman Ada Watson has enumerated many of the recent activities of the Newburg organization.

In October a card party was held at the school, for which the children sold 200 tickets. Cider, doughnuts and coffee were served as refreshments. The 4-H club members sold candy. The proceeds of the party were \$23.

In early November, a Stanley brush demonstration was given at the P. T. A. president's home, at which the proceeds were about \$10.

On the Monday before Thanksgiving the members gave a keno party at the Legion hall at which \$87 was made.

What is being done with the money? The P. T. A. has bought a new electric sewing machine for the 4-H club girls, the "Newburg Needlecrafters"; and tools for the boys' 4-H clubs, "The Woodchucks".

There will also be given a Christmas party for all the children in the district at Christmas.

## Grow Gladiolus In Your Garden

(By O. P. STANCER)  
(Installment No. 5)

The last installment covered planting in rows. Providing it is desired to plant among other flowers, in a shrub border or in beds, a hole may be dug with a trowel, being sure that the hole is of ample size for each bulb, and if commercial fertilizer is used at time of planting, this should be thoroughly worked in to the soil at the bottom of the hole.

In a previous installment mention was made of planting in front of shrubs or evergreens. This would undoubtedly call for group planting, and the soil should be thoroughly forked up and fertilized for a considerable space. About two feet square would be ample for a dozen bulbs, leaving plenty of room for root growth.

Early cultivation will make your work so much easier. Your work of keeping out the weeds is greatly lessened by "early and often" cultivation rather than wait for the weeds to become the boss.

The rows can be easily distinguished as the plants break the ground. Use your hoe freely so that the soil around the plants and between the rows is kept loose and not allowed to bake. Until the plants are nearly a foot high, cultivation may be from two to three inches in depth. As the plants get about a foot high, the lateral root system starts to establish itself and the depth of cultivation should be lessened near the plants. The ordinary garden rake may be used to a good advantage between the times you use the hoe to keep the soil broken up and maintain a dust mulch.

The plants may be hilled if desired as they reach a height of around two feet, however, this is not necessary if the bulbs have been planted at the proper depth.

Providing proper fertilizing has been done previous to, or at the time of planting as covered in a former chapter, additional plant food in the way of fertilizer need not be used during the growing season.

As the flower spike starts to grow, the plants should receive plenty of water, providing there is not sufficient natural moisture supplied in the form of rain. The proper time to cut spikes

for use in vases is early in the morning. For this purpose with most varieties best results will be obtained by cutting the spike when the second floret opens.

A sharp knife is the best tool for cutting spikes. Use care in cutting and support the plant so that the roots are not disturbed when pulling up on the knife to sever the spike from the plant. Cut the spike on a slant just above the fourth leaf. These four leaves are required to properly mature the new bulb and bulbs.

The spikes should be placed in fresh cold water, using a deep container if possible, submerging the spike to just below the bottom floret. Set this container in a cool shady place in the cellar for at least a half a day, making sure that the blooms are not where they may be blown by the wind coming through a cellar window. All of this tends to harden them off before they are placed in vases in the living rooms.

Every morning about a quarter of an inch of the bottom end of each spike should be cut off with a sharp knife. Never use the scissors or any dull instrument to perform this task, as that would close off practically the only channel through which the flower spike gets water to keep it fresh and alive. Be sure the stems are cut on a slant to eliminate a chance for air to pocket at the end of the stem. Break off the lower blooms as they fade and die.

By following this procedure each spike will bloom out the whole length.

When the spike has bloomed out so that only three or four florets remain, a very pretty effect may be obtained by cutting off the balance of the denuded spike and placing these tips in shallow bowls, and possibly combining with other flowers.

The next installment will cover insect pests, and the harvesting of the bulbs.

"SPECS" FOR CHICKENS

Hen spectacles are really for chickens and they make the fowls as wise as they look. This educated hen is wearing the new specs which are made of metal and instead of improving the chicken's eyesight, they provide a blind spot, which prevents bullies in the flock from picking feathers from the more timid.
