

Executive Secretary To Governor Admits Receiving Two Pay Checks From Michigan Tax Payers

"Hidden Pay-Roll" And Its Purpose Revealed

(By E. R. EATON)
It seems that the Governor's office over in Lansing is a bit peeved because the writer has been giving to the readers in this part of Michigan a few actual facts about state affairs. Norman Hill, one time Republican who jumped over his party lines in order to get and keep a political job and who is executive secretary to the Governor, took his pen in hand the other day and wrote a long letter of protest.

By so doing he opened the way for a discussion of another little public mess up in Lansing, the "hidden pay-roll" that there was so much whispering about during the last session of the state legislature.

The following letter written by myself to Mr. Hill probably covers the subject completely enough without additional comment:

January 24, 1938
"Mr. Norman Hill,
"Executive Secretary,
"Governor's Office,
"Lansing, Michigan.
"Dear Sir:

"I have received your letter pertaining to a recent editorial in my newspaper in which I contended that the removal of Emmett Richards of Alpena from the Crippled Children's commission was for political reasons. I note your statement that he was dropped for that reason, and I acknowledge the right of Governor Murphy to make political appointments. I do not acknowledge his right to make political appointments and then contend that his appointments are non-partisan."

"I have never discussed or looked into your income through public pay checks, but now that you have opened the subject I feel that you are on two different state payrolls."

"I do not believe that it is either good or HONEST government for the executive secretary of the Governor or any other state employe to be receiving two pay checks from the public. Both you and the Governor know full well my opposition to this scheme. The legislature last winter was in full accord with my position on this issue. It even went so far as to make it illegal for the Governor to permit Prof. William Haber to continue to draw a salary from a public institution and another governmental unit at the same time."

"Now comes your amazing admission that you are also the beneficiary of two public pay checks!"

"There was some discussion around legislative halls during the last session that the Governor's office wanted an appropriation for a "hidden payroll." I did not and could not at the time find out its purpose. I watched all appropriation bills closely in an effort to detect any such a thing."

"Little did I suspect that when a change was made in the tourist advertising appropriation bill which gave the administrative board control over a portion of that appropriation, that this was the place the rumored "hidden payroll" was to go."

"I now find that not only yourself, but Claude Merkel, publicity writer and promoter for the Democratic State Central committee for the past couple of years, has also dipped his hands into this same fund and he, too, is receiving a substantial yearly salary from it."

"It is quite apparent that a good portion of this fund set aside to advertise Michigan's tourist business is being used and will continue to be used for political purposes, with the taxpayers footing the bill."

"I would like to ask you who is getting the commission, if any is being paid, upon the advertising accounts being placed through your office pertaining to Michigan's tourist attractions?"

"Newspaper reports say that considerably over \$6,000,000 more than was paid to political job holders during the first year of the previous administration are now flowing into the pockets of political job holders."

Dying Child's Plea For Food Unheeded While Hogs Get It

While every effort that could possibly be made has been put forth by the writer in an effort to see to it that Michigan's surplus potato crop was distributed to people in need, the state government crop destruction plan has gone ahead. Meanwhile little children have gone hungry, and according to the following letter published in The Detroit News, one starved while begging for the food public officers are destroying:

POTATOES
To the Editor: I for one feel bad about our government destroying the potatoes. The potatoes could be given to needy families. A neighbor family near me could use some of these potatoes. There are six in the family and a few days ago one of the smaller children was begging for potato soup. There were no potatoes in the house and hadn't been for some days. The father was out of work and the family is in bad circumstances.

The little fellow won't need any potatoes now. They buried him yesterday. That's why I feel bad.

JESSIE WILEY,
3325 Willow street,
Dearborn, Michigan.

To the dying days of these food public officials who have fostered upon this state and nation its crop destruction program, it is our hope that the pitiful moans of one little tot who will have no more need for food and no worries of the future, will ring continuously in their ears.

Father and Son Banquet

The annual father and son banquet given by the Ex-Service Men's club of Plymouth and Troop P-2 Boy Scouts of America, the troop sponsored by the service men, the proceeds of which will be used in the interests of the troop, will be held Wednesday, February 23, at the Plymouth high school. The banquet will be served by a committee of troop mothers and members of the Ladies' Auxiliary of the club. Speakers and entertainment features will be announced in later issues of The Mail.

Dr. Hughes Attends Convention

Dr. W. M. Hughes attended the first state clinic of the Michigan Osteopathic association held last week at the new unit of the Detroit Osteopathic hospital. The convention and clinic of the association started Wednesday evening with a banquet at the Book Cadillac hotel and many doctors prominent in the association were among the speakers.

check you are receiving would provide many thousands of people with a good, substantial meal.

"You may have a legal right to take two public pay checks with the approval of the Governor, but you or no other public official has a moral right to do so, especially in times like these."

"You talk of 'partyism' because I have dared to say something about the duplicity being imposed upon the good people of Michigan. But let me tell you something. I have never jumped from one political party to another in order to get a public job, as you have done."

"I respect and admire a person who honestly and sincerely believes in the principles of the political organization to which he belongs. One can have nothing but contempt for those who jump from one party to another for no other purpose than to get on the public payroll."

"Respectfully,
"EATON R. EATON."

Gets Appointment As Assistant Postmaster

BEATRICE M. SCHULTZ

Postmaster Frank Learned has been advised that the postal department in Washington has permanently appointed Mrs. Beatrice M. Schultz as assistant postmaster for this city, the appointment becoming effective February 1.

Mrs. Schultz has just successfully completed the three months probationary period as acting postmaster. During this time she has most capably carried on the work of this position.

It was over 10 years ago when she first went to work in the Plymouth postoffice as a clerk. By her courteous treatment of the public and attention to details, she has won steady promotion.

She now fills the place made vacant by the resignation of Miss Rose Hawthorne, who resigned the assistant postmastership last October after many years of faithful service.

Attorney Cutler Club Speaker

The Plymouth Civic association met Monday evening at the Beyer hall. A letter of thanks from the Community Christmas committee was received and placed with the records. A report was requested on the traffic passing Stark-weather school and the group was informed that since the placement of the "horses", traffic was nearly 100 percent detoured and the street was safe for the children.

Election of officers was postponed until the next meeting of the association. Various matters of interest and for the improvement of our city were discussed at length. Attorney J. Rustling Cutler gave a brief talk concerning "The Rights and Privileges of the Citizens."

William Blunk, who has been in the University of Michigan hospital for the past three months is so much improved that he will be able to return to his home in this city Friday or Saturday. His many friends will be glad to know of his satisfactory improvement.

It is expected that William Conner, who has been in Harper hospital for the past few days for medical treatment, will be home in a short time.

Arthur Moe, of Plymouth, played in the band concert given by the University of Michigan varsity concert band in HJ auditorium on January 23. Professor William D. Revelli, of the school of music conducted the program which consisted of operatic, modern American, and ballet music.

Circle No. 3, Mrs. Harry Irwin, of the Methodist Ladies' Aid will hold a bake sale at Bill's Market, 64 Starkeweather avenue, on Saturday, January 29, from 11:00 a.m. until goods are sold. Orders will be taken for pies or cakes on Friday and until 11:00 Saturday morning. Phone orders to 188-M. Deliveries will be made.

Big Postal Increases In 1937 Reflect Plymouth's Rapid Development

Amount of Business Last Year Far Exceeds That of 1936 or 1935

Plymouth's rapid growth as well as its increased business during 1937 over the years of 1935 and 1936 are reflected most emphatically in the postoffice reports for the past year that have just been completed by Postmaster Frank Learned.

An increase of over \$3,500 was realized in the postal department alone. This includes the sale of stamps, package mailings, etc., the total amount received being \$38,900.35.

Money orders reached \$374,787.95, an increase of nearly \$34,352 over 1936 and one of \$82,210 over 1935. This is more than a 34 percent gain over the previous year. The postal savings accounts have dropped each year since 1935, the biggest decrease coming between 1935 and 1936. The drop in the past year has been about \$20,500, due apparently to the public's return to established banking facilities. The sale of government bonds was only slightly lower in the past year. This department shows the least fluctuation, the receipts last year totalling \$41,961.50.

Rev. Closson Is Delegate To World Assembly

To Attend Historical Sessions In Chicago

The Rev. Stanford Closson of Plymouth is among the first to register as a delegate to the United Methodist Council on the "Future of Faith and Service", an international meeting which will draw more than 4,000 Methodist leaders to Chicago on February 3, 4 and 5.

This assembled representation of the Methodist church in America will hear talks by outstanding leaders of the clergy and of the laity, and will participate in panel discussions on the mission and future of religion generally—and Methodism in particular.

Statesmen, educators, business men, as well as church officials will discuss the problems of the church as they see them. The leaders among these speakers will be Mr. M. Landon, former governor of Kansas, and long a Methodist leader in his state, and the Honorable Francis Sayre, assistant secretary of state.

The Council, called by the general conference—commission on evangelism and the million unit fellowship movement, both agencies of the Methodist Episcopal church, will be the first major event on the church calendar for this year, which marks the 200th anniversary of the founding of Methodism.

Brock In Debate Finals

Tom Brock, Plymouth, and Mary E. Campbell, Lansing, will represent Albion college in the Michigan Intercollegiate Speech league oratorical contest at Alma college March 4, as a result of winning the men's and women's contests, respectively, held in Albion recently.

Brock's oration was entitled "The American Coliseum", and Miss Campbell's, "Eclairs and Bread."

Other entrants in the two divisions were: Richard Johnson, Detroit, second place winner; Meredith Dallas, Grosse Pointe, and Donn Doten, Bay City; and Nola Lenhard, Clarksville, and Mary Margaret Baldwin, Detroit.

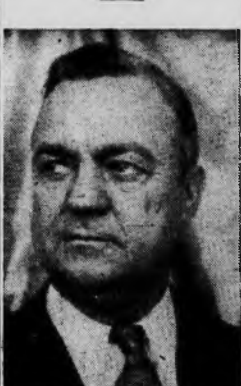

Potluck Supper For Townsend Club

One of the most inspiring talks ever given before the local Townsend club was that by U. S. A. Reggion, of Detroit, at the regular meeting of the club held Monday evening in Grange hall, and was deserving of a much larger audience. The next meeting will be held Monday evening, February 7, and there will be a potluck supper preceding the meeting. Mrs. Thomas Wilson is chairman of the supper.

Accident Victim Returns Home

Mrs. Glenn Shirliff, who underwent an amputation of her right leg as the result of a stove explosion at the Jack Thorpe home two weeks ago, was released from the Plymouth hospital Sunday and taken to her home near Walled Lake. She is able to sit up part of the time, and considerable satisfaction is expressed by her doctors upon her rapid recovery.

Large Crowds Attend Church Revival

REV. GOINS

Capacity crowds are enjoying the revival services at the Church of God. Rev. Goins former G-man, is preaching the old fashioned gospel that delivers from sin. All that have need of help in soul or body can find it at these meetings. The meetings will continue and everyone is invited to attend these services.

Detroit Choir Here Tuesday

An unusually interesting program has been planned for the Men's Fellowship supper at the First Baptist church next Tuesday evening. The Rev. Warner Cole of the Dexter boulevard church in Detroit will be present with his choir of men's voices.

This will make the choir's second appearance before this group and those who heard these men before will not want to miss this concert.

Attends D. A. R. Chapter Meeting In Detroit

On Saturday, January 22, Mrs. Sidney D. Strong, regent of Sarah Ann Cochrane chapter, D.A.R., was the guest of Louisa Ste. Clair, chapter of Detroit at its 46th birthday luncheon held at the Wardle. The speaker on this occasion was the state regent, Mrs. Bessie Howe Gageley of Lansing. After the luncheon, the state board and visiting regents were entertained at tea at Newberry House, the chapter house which has recently been given by Mrs. Henry B. Joy.

RED CROSS BABY CLINIC

The generosity of the people of Plymouth has made it possible for our local Red Cross to again resume the baby clinic. It has been decided therefore to urge all mothers with children to bring them to the Central high school in Plymouth at 10:15 a.m. on Wednesday next, February 2.

This baby clinic will be under the supervision of that well known baby specialist, Dr. Milo Brady of Detroit, who will be assisted by Mrs. George Straesen, the school nurse.

The Red Cross committee is pleased to make this announcement and sincerely hopes for the cooperation of the mothers in bringing their children to this clinic.

MRS. C. H. BENNETT,
Chairman
NOTICE
There will appear in next week's issue a complete report of the excellent Chamber of Commerce meeting held last evening.

Start Work On Trunk Line Sewer

Contracts Are Let For Work

Excavation Will Begin Next Week East Of City

Construction work on the vast sewage line that will provide a disposal system for all of the institutions and communities in this part of Wayne county, will be started next week, according to an announcement just made by Wayne county road officials. The survey was completed some time ago and contracts have been let for much of the work.

It is expected that the vast sewer line will be finished a year from July, that time the sewage disposal plants of both Northville and Plymouth will be replaced by direct connections with the trunk line sewer.

The line will follow the parkway road in this part of the county, and it will circle Newburg lake. One survey indicated that the sewer line might be constructed under the bottom of Newburg lake, necessitating drainage of the lake for a time, but this will not be necessary as the line will be built along the side of the lake.

Lee A. White To Address Club

There was a goodly number of ladies present at the Woman's Club meeting, Friday afternoon, who enjoyed greatly the very interesting and educational talk given by George M. Chute on "Electrical Gadgets". Mr. Chute's talk was followed by two vocal numbers by the girls' double quartet of the high school and tap and ballet dancing by Betty Lou and Cynthia Baker, daughters of Mr. and Mrs. Henry E. Baker.

At the meeting of the club on Friday, February 4, Lee A. White, of Detroit, will be the guest speaker and his subject will be "Authenticity and News". This will be guest day, each member being privileged to invite one guest. Mrs. Miller Ross will be program chairman and Mrs. William Kaiser, tea chairman, with the following committee: Mrs. W. B. Lombard, Mrs. Harmon Smith, Mrs. George A. Smith, Mrs. L. Gilbert, Mrs. George E. Fisher, Mrs. William Jennings and Mrs. Frank Burrows.

Rathburn Attends Convention

Charles H. Rathburn, Plymouth township supervisor and out-county member of the commission in charge of the construction of the vast trunk line sewer system that will serve all of western Wayne county, is in Lansing this week where he is attending the annual convention of the Michigan Supervisors' association. Albert W. Chapman of Detroit, is president of the organization. Mr. Rathburn has been one of the most active members of the association for a number of years, and is this year serving on one of its most important committees.

His address in Plymouth tonight is bound to be of much interest. The other speaker will be Rev. Fred Corwin of Ann Arbor, who will relate a number of interesting Scotch stories.

To-night's affair is in honor of the founding of one of the oldest Masonic lodges in Michigan. A brief, interesting history of the lodge taken from one of the Masonic records follows:

Northville lodge was chartered in 1852 and about five years after-ward removed to Plymouth, where it remained until 1864, when it was again removed to Northville. Its number changed from 47 to 184, and Plymouth retained the charter and Northville took the rest of the Masonic property. The name, Plymouth Rock No. 47 was adopted to designate the lodge.

In 1865, the I.O.O.F., being an incorporated body, secured a 99-year lease of the third story of a building erected and occupied by Henry Fralick on Main street, paying \$500.00.

The Masonic lodge leased a half interest from them for the same period, assuming one-half of the expense. The lodge continued to hold meetings in this building, but was in a dormant condition until 1888, scarcely any work having been done during the previous ten years.

During the ensuing two years over 30 new members were added and in 1890 the lodge room was enlarged, remodeled, and new furniture procured, entailing an outlay of \$600.
On April 12, 1893, a disastrous fire destroyed the building.

Masons To Observe 76th Anniversary

O. L. Smith Speaker At Big Banquet Tonight

O. L. Smith, former United States district attorney and prominent Detroit lawyer, will be the guest speaker this Friday evening at the anniversary banquet of Plymouth Masons, according to an announcement made this week by Edwin Schrader, worshipful master of the lodge.

It is expected that several hundred will be present. Mr. Smith has for years been prominent throughout the state, having been selected by the attorney general's department a number of years ago to prosecute and break up an anarchistic colony that has been established over on the west side of the state. He also handled the trial of King Ben for the department a number of years ago and secured the conviction of young Rich of Battle Creek in one of the hardest fought criminal cases ever tried in a Michigan court.

His address in Plymouth tonight is bound to be of much interest. The other speaker will be Rev. Fred Corwin of Ann Arbor, who will relate a number of interesting Scotch stories.

Limit of 500 Has Been Fixed

Tickets for the Lincoln day charity dinner to be held at the Mayflower hotel on Wednesday evening, February 9, will go on sale Monday morning.

They may be secured from Jack Taylor of The First National bank, Lyle Alexander of The Plymouth United Savings bank, the Mayflower hotel or at the office of The Plymouth Mail. In Northville, tickets may be secured from Elmer L. Smith at his office at 108 West Main street.

Only 500 are to be issued, as it is regarded that this will be about the capacity of the hotel.

James Thomson, former commissioner of agriculture and one of the outstanding farm leaders of Michigan, has advised the local committee that he will be glad to act as toastmaster for the event. He is at present in Washington and will be back in Michigan about a week before the dinner takes place. The committee has been advised that many well-known and prominent citizens of Michigan will be present. The speaker for the event will be announced next week.

Manager Clare Maben of the Mayflower hotel was invited to Northville Tuesday to attend the Rotary club meeting where a similar menu was served that will feature the Lincoln day charity dinner.

Mrs. Harry B. Clark, who had charge of preparing the dinner for the Northville Rotary club, is known as one of the best cooks in this part of Wayne county, and her method of preparing fried salt pork has won much favorable comment. Manager Maben of the hotel was advised as to just how she makes it so delicious. He plans to have it prepared in exactly the same way for the Lincoln day dinner.

While the price of tickets is only 50 cents, it is urged that a person pay as much for one as possible as the needs for charity funds in this part of Wayne county are increasing daily. There is a place on the ticket stub so that the person selling it can designate whether the surplus is to go to the King's Daughters of Northville or to the school children's aid fund of Plymouth. It is hoped that a large amount can be raised.
Following are the committee appointments that have so far been completed, the additional committee names to be published next week:
Program committee: E. R. Eaton, Fred D. Schrader, Charles Rathburn, George A. Smith and Dr. I. W. Snow.
Invitation committee: Carl Shear, E. C. Hough, Starke Eaton, Mrs. Maude Bennett, Mrs. Fisher Oliver Goldsmith, Mrs. Florence Johns, Clarence Elliott, Floyd Eckles, Mrs. Clara Todd, Floyd Kehrli, and J. Rustling Cutler.
Banquet committee: Clair Maben, Mark Chaffee, Stuart Dodge, Elmer Smith, of Northville, Frank Ames, Belleville.
Arrangements committee: Mrs. Ruth Virgo, William Wood, Harry Hunter, Claude Dykhouse, Charles Thumme, Harold Coolman, Harold Anderson, Edwin Schrader, Mrs. Ida Rose Eaton, Perry Richwine, Herald Hamill, Otto Hays, Mathew D. Tinkham, Wayne Charles Schaefer, Rosedale Gardena, Elmer Smith, Northville, Don Ryder Newburg, Andrew J. Krebs, Belleville.
Reception committee: Mayor and Mrs. Henry Hondorp, Mrs. and Mrs. George Burnett, Mrs. and Mrs. George Barry, Mr. and Mrs. Edward Iapham of Northville, Mr. and Mrs. Clyde Ford of Dearborn, Dr. and Mrs. Elmer Eaton.

THEY SHOULD ALWAYS BE FIRST.

These are distressing times, there is no question about that. Hundreds of men in this good little city are idle and have been for some time. While the future looks hopeful, there are not many signs of immediate employment for a large number of people. Such public jobs as we have in this part of Wayne county seemingly are not for many of our unemployed workers.

But The Mail has one urgent suggestion to make—and that is when men do go back to work, local residents be given preference over those who are not residents here. There are many home owners, many who have rented homes over a long period of years and who thereby have directly and indirectly contributed to the upbuilding of the community, who are now unemployed.

By all means these should be the first to be given employment. Not until every resident in and about Plymouth has gone back to work, should outsiders be employed. That is only fair—and it is only good government.

MAINE POTATOES.

The government has entered into a deal whereby hundreds of thousands of bushels of Michigan's best potatoes are being destroyed and fed to the hogs.

To make sure that hungry men, women and children do not get possession of these potatoes and use them for food, they are first being stained with acid.

While Michigan's good potatoes are going into the pig pens, the Maine Development commission, is placing big advertisements in Michigan newspapers advertising Maine potatoes.

Grocery stores throughout the state have big posters in their windows advertising Maine potatoes—and people with sufficient funds, are paying anywhere from a dollar to a dollar and one-half a bushel for Maine potatoes, while Michigan pigs eat the Michigan potatoes the government says Michigan people cannot have.

Still there are some people who say the food destruction program of the government is a proper thing for the government to do!

TAX-FREE PUBLIC OFFICIALS.

The editor of The Plymouth Mail is not the only one who believes that public officials should pay an income tax, just like any one else. In a recent editorial, The Dearborn Independent declared in favor of a tax on these officials. The Independent says:

"There does not seem, to the average observer, either rhyme or reason in the practice of exempting state and local government employes from paying Federal income taxes on their salaries. Federal employes are not exempt; even the President has to pay an income tax on his \$75,000 salary. But he does not have to pay a New York state income tax on what he draws from the Federal Treasury, nor does the governor of New York pay Uncle Sam a tax on his salary.

"The practice of not taxing state salaries by the Federal government or Federal salaries by state governments is an old

one. It rests on a decision by Chief Justice John Marshall in 1819, that no government can tax the instrumentalities of another government. That was long before there were either state or Federal income taxes.

"There are about 2,400,000 persons who now pay Federal income taxes. There are almost exactly the same number of state and local government employes who do not pay a Federal income tax. Many of these, of course, receive salaries so low that they would be exempt under present income tax laws. But the movement is strong toward lowering the exemptions and so broadening the tax base. That would bring a higher proportion of salaried state, county and municipal employes into the non-income-tax class.

"To the average man, the person on a state or local government payroll seems to have privileges enough without this one. He or she is generally assured of a life job with a retirement pension. There is no good reason why he should not pay his share of the cost of government, like everybody else.

RAMBLING with Editors AROUND of Michigan

THERE MAY BE SOME MERIT IN EATON'S IDEA

You have to know Major Elton Eaton of Plymouth, to fully appreciate the fine scorn contained in his suggestion that the Republicans hold some fried-mush-and-salt-pork Lincoln Day banquets. Major Eaton is a newspaper publisher. He once was Governor Groesbeck's secretary. He is one of those individuals who "pop off" when properly disgusted. It appears that the Jackson Day dinner of the Democrats at \$100 and \$25 a plate ignited the Major's political fuse.

Like many a statement inspired by heated disgust, Major Eaton's suggestion may not be entirely practical for the Michigan G.O.P. rank and file. For we must admit that among the rank and file there are some that are pretty "rank." We can think of a score or more of former office holders and would-be party bosses who are little more than stuffed shirts. They are strong on talk and weak on performance. Some of them have had their chance and have failed miserably. Others are of the "Boy Scout" variety—a type that is not peculiar to the G.O.P.—the Democrats since gaining power have attracted legions.

Yet... there is a deal of homely merit in the mush-and-salt-pork idea. That sort of fare harmonizes with the political thinking of a lot of people in this state—and a great percentage of the people in this county. We know that there are too many Republicans and too many Democrats who have the \$25-a-plate roast squab appetites. They have been all too evident in the last four or five state administrations.

It might be a good idea to start holding some non-partisan, or bi-partisan banquets all over the country. Abe Lincoln's birthday would be a good date—although any date would do. Let the mush-and-pork Republicans and the mush-and-pork Democrats get together. Let them talk things over. They might be surprised on how many points they would agree. Too, it might result in some mush-and-pork candidates—the kind who believe in keeping expenditures within income and who would not be yelping for new taxes to produce new money to spend.

Yes, there may be some merit to the Major's suggestion.—Schuyler Marshall in The Clinton County Republican-News.

John Moyer Urges Petition Aid

Citizens of Plymouth who believe in protecting and preserving American democracy were urged today by John L. Moyer, commander of Myron H. Beals Post, No. 32, The American Legion, to sign petitions being circulated by American Legion members in this city in support of the Shepherd-Hill measures in congress for the enactment of universal service legislation.

Commander Moyer, in an interview with this newspaper, stated that since 1922 The American Legion has been definitely committed to a policy of securing the adoption by congress of an adequate universal service law.

"Increasingly throughout the years," the commander declared, "more and more support has been forthcoming from the American public for a universal act. And it appears as though finally in 1938 the American Legion will see its desire fulfilled by this law being approved. The principal reason why success has not greeted universal service legislation thus far is that the public has not been informed generally of the meaning of such a statute, nor has it been aroused to the primary necessity for universal service as the best practical means along with an adequate national defense in keeping this nation out of war."

For the information of local people who may desire to lend their support to the American Legion's program by signing these petitions, Commander Moyer summarized universal service as follows:

1—It would help preserve the peace by removing the profit motive for war. Universal service means that practically all excess war profits would be confiscated by the government, as well as all prices being frozen by government control at the outbreak of war in order to prevent inflation.

2—In the event that war should again come to America, if universal service was in effect, there would not be more than 20,000 new millionaires created in this country as there were in 1917-18.

3—Equal service for all. Under the universal service plan, those who serve in the armed forces and those who labor at home in providing the essential materials of war would be on the same basis. Equal rights for all and special privilege for none is the best summation of universal service.

4—In the event of war, with universal service, both manpower and industry would be drafted to serve to best advantage in protecting this nation. The very presence of this law on our books, even though it is never necessary to use it, would mean much greater strength to our potential national defense system with the result that it is doubtful if any nation would have the temerity

to become embroiled in war with our country.

5—It is estimated that at least one-third of the cost of America's participation in the World War could have been saved had we a policy of universal service prior to our entry into that conflict.

JOHN L. MOYER.

California Asks For Data

Hearing of the efficient and satisfactory work being done in civilian fingerprinting in Plymouth under the supervision of Capt. C. J. Thumme of the police department, the chief of police of Berkeley, California, has written to Capt. Thumme for information as to the results and methods used in the campaign.

In reply to this request, he states that the city was first made fingerprinting minded by the use of effective newspaper publicity and by giving a series of lectures on the subject at parent-teacher associations, Rotary club, Kiwanis club, Boy and Girl Scout organizations, Granges, Woman's club, and schools. Requests to be fingerprinted followed practically every meeting, he said, and the cooperation of the teachers, school officers, and parents was excellent.

Of the entire school enrollment of 1,635 pupils, all were printed with the exception of a few who were absent at the time. During the first half of this school year, according to Capt. Thumme, 300 new students were added to the list. The campaign is still in force.

Approximately 65 percent of Plymouth citizens have availed themselves of the opportunity to be fingerprinted and have their records filed in Washington and Lansing.

Urge Farmers To Keep Books

(By E. I. BESEMER.)

It is still time to begin your farm account book. The keeping of farm accounts has pointed the way to more successful farming for many farmers. Of the farmers who kept farm accounts in 1936 there were 115 who had a labor income of \$3000 or over. Extension bulletin 189—This Business of Farming—1936 gives a resume of the farm account project.

According to the Agricultural Outlook for Michigan for 1938 the cash farm income from Michigan crops and livestock, including government benefit payments, for 1937 is estimated to total \$246,000,000. This is the highest since 1929.

Evening schools or extension schools are under way or are planned for the winter. The vocational agricultural department at Plymouth is offering an evening class in horticulture. The National Gardener's are planning an extension school to begin the second Monday in February and meet every two weeks until May. The bookkeepers will hold an ex-

tension school sometime in February.

The potato show to be held in connection with the Detroit and Michigan Exposition January 21-30 will feature the poster contest; 100 exhibits of table stock potatoes, as well as smaller samples on exhibit, and the crowning of the potato queen. Four district shows were held this fall and the best from each will be at the Detroit show.

Farmers' week January 31 to East Lansing will attract thousands of farmers. Michigan farmers should attend one or more days, it will pay you in information gained and inspiration acquired.

If You Have A Child About Six Years Old--

WHEN you and I turned six nothing happened because our folks didn't know that six is the first turning point in life.

Bones, teeth, eye-sight and all the acts of living go into action at six for the "trial flights" like a bird out of the nest for the first time.

For the first six years, seeing is no task and so no "load" develops. When your baby was born, it had all the capabilities of seeing, but they had to develop and in most cases they come along normally and naturally. The one act that is hardest to get is "fusion sense." That needs watching.

Your baby wasn't what you'd call curious the first year for it took a lot of noise or light to attract his attention. A baby has other things to do than to work his brain! A day comes when curiosity stirs your baby. Something attracts his attention. Out goes the little hand to take hold of the object. That's the beginning of fusion. The hand-eye combination shows the baby that there is only one object. Maybe his eyes have been seeing two, for he has two eyes and sees two images of an object at, but the hand corrects this error and the brain begins to develop true fusion.

That's if things go well. But maybe they don't. What then? That's why at six, your boy or girl needs an honest optometric analysis. I am not thinking of "glasses." Only in rare cases are lenses needed at this time. In fact, the proper training at six years may make it unnecessary for the child ever to wear a lens correction.

A professional optometrist doesn't sell glasses. He analyzes your entire visual system. The eyes are only one part of seeing. They collect the light and form the images on the retina, but the brain does the seeing. So we work with physiology, neurology and psychology to give you efficient seeing. And the time to start, if you are to avoid trouble later is when the child is six.

"Watch your child's eyes as they look at things; how do they handle books? If objects are held too close, it indicates bad focus habits. Do both eyes work together or does one wander? You can tell a lot yourself but don't scold or nag the child or try to remedy the trouble yourself. It is a job for someone trained to handle just such conditions.

Optometry is for Efficient Seeing

FIRST BAPTIST CHURCH.—Loyd Sutherland, pastor. Why are there so many defeated lives today? Why are our churches in many instances in decline? Why are we being split off into so many small groups? Do we need more churches in Plymouth? We shall seek to answer some of these questions at 10:00 o'clock Sunday morning under the subject, "Forewarned and Forearmed." Text: "We are not ignorant of these devices." 11 Cor. 2:11. Somebody is going to be the better or the worse as a result of what you choose to do this coming Sunday morning. Bible school at 11:15. Young people's meeting at 6:00 o'clock. At 7:00 o'clock we bring a stereoscopic lecture carrying on our missionary emphasis for the month of January. Subject of the pictures, "Bringing Life." The recent changes in religious thinking are affecting missions as will be shown in this set of fine pictures. Any church which is dead to the missionary cause is a dead church. What about our own? Again the time has rolled around for another of our Men's Fellowship nights, and what a night it will be! None of

us who heard the men's choir of Dexter boulevard church will ever forget their singing. They will return to us next Tuesday night, February 1. Their minister Rev. Warner Cole, who is their leader, will also be the speaker. If you want to hear a real live wire, well, then you just must not miss Warner Cole. The music will be the best, the feed will be fine. Remember 6:30 next Tuesday night. Our regular night would have come on Monday, but we could not have the big men's choir until Tuesday night. Remember the monthly church supper on this Friday evening. Our mid-week prayer service will be held on Thursday evenings during the school of religious education.

NEWBURG M. E. CHURCH.—Clifton G. Hoffman, pastor. 10:00 a.m., morning worship. Sermon topic: "The Evangelism of Paul," 11:00. Sunday school, J. M. McCullough, superintendent. 7:00 p.m., Epworth League; important meeting for consideration of program and election of officers.

CATHOLIC CHURCH.—Rev. F. C. Lefevre, Sundays—Mass at 8:00, 10:00 and 11:30. Confessions Saturday nights at 7:30, and before each Mass. Societies—The Holy Name Society for all men and young men. Communion the second Sunday of the month. The Ladies' Altar Society receives Holy Communion the third Sunday of each month. All the ladies of the parish are to belong to this society. Children's Sunday—Every child of the parish should go to communion every fourth Sunday of the month. Instructions in religion conducted each Saturday morning at 10:00 by the Dominican Sisters. All children that have not completed their 8th grade, are obliged to attend these religious instructions.

ST. MICHAEL'S CHURCH.—Rosedale Gardens. Masses: Sundays 8:00 and 11:00 a.m. Holy Days 7:30 and 9:00 a.m. Week day, 8:00 a.m. Confessions before each Mass. Catechism class after first Mass. Benediction after second Mass. Baptism by appointment.

FIRST PRESBYTERIAN church.—Walter Nichol, pastor. 10:00 a.m. Sunday school. 11:00 a.m., church worship. 6:30 p.m., young people. Dorothy Roe, Eugene Bakewell and Robert Daniel gave excellent reports of the young people's mid-winter conference held in Detroit, January 22, at the Sunday evening discussion meeting last Sunday. The leadership training school will meet next Wednesday at 7:30 p.m. in the Methodist church in Northville. The remaining three sessions of the school will be held there. A cafeteria dinner will be held in the dining room of the church on Thursday, February 3, at 5:00 p.m. under the auspices of the Women's Auxiliary. The Boy Scouts of the Plymouth and Northville district will attend this church in a body, Sunday February 6.

CHURCH OF GOD—Elmer Harris, pastor. 788 Penniman, corner Main street. Services Sunday morning, 11:00 a.m. Sunday school, 10:00 a.m. Evening evangelistic service Sunday, 7:45. Mid-week prayer meeting, Thursday, 7:45. Our revival services under the guidance of Rev. John Bunyon Goins will begin January 23 and continue every evening for two weeks. Everyone is invited to attend.

THE SALVATION ARMY.—Captain Alder and Lieutenant Larsen, commanding officers. Captain Alder and Lieutenant Larsen will relate their experiences and show many pictures of the flood, to which they both were privileged to go, about a year ago. This lecture will take place on Wednesday night, February 2, at 7:30. Other meetings for the week are: Sunday, at 10:00 a.m. Sunday school; at 11:00 a.m., Holiness meeting; at 6:15 p.m., the young people's meeting; at 7:15 p.m., open air, and at 7:45 p.m., a great Salvation meeting. On Wednesday night at 7:30 the lecture on the flood. Thursday: at 2:00 p.m., our Ladies' Home League; at 4:30 young people singing practice and Corps Cadet; and at 7:00 p.m., the Life Saving Guards. On February 7, we are indeed privileged to have the Crusaders in Plymouth. The Crusaders are composed of Salvation Army officers around this vicinity, and all of whom are very talented musicians. On this occasion they will be putting on a band concert and also have some fine singing arrangements. Everyone is cordially welcomed to attend all of these meetings held in our hall at 281 Union street.

ST. PETER'S EV. LUTHERAN church.—Edgar Hoenecke, pastor. Sunday services, 10:30 a.m. Sunday school, 9:30 a.m. Ladies Aid, first Wednesday, 2:30 p.m. Mission society, third Wednesday, 2:00 p.m.

METHODIST EPISCOPAL.—Stanford S. Glesson, minister. 10:00 a.m., family hour; Senior church, junior church and nursery, 11:30. Sunday school, 8:30 p.m. Epworth League. Lewis B. Larkin, boys' work secretary of the Detroit Downtown Y.M.C.A., will speak Wednesday, 2:00, general Ladies' Aid at the church. There will be a woman's exchange at this meeting, Wednesday, 7:30, fourth session of the school of religion will be held in the Northville Methodist church. Transportation will be provided. Thursday, 7:30, choir rehearsal. Thursday, 7:30, volley ball for men. Friday, February 4, fish supper by the Men's Club 35 cents; public invited. Friday, January 28, fried cake sale at the church, 25 cents per dozen. Saturday, January 29, two bake sales: Mrs. White's, Circle No. 2 at Bartlett and Kaiser's store; Mrs. Irwin's Circle No. 3 at Bill's Market in lower town. Phone orders to Winnie Jolliffe, 189-M. Deliveries will be made.

ST. JOHN'S EPISCOPAL church.—Harvey and Maple streets. Fourth Sunday after Epiphany. Morning prayer and sermon, 10:00 a.m. Church school, 11:15 a.m. Regular meeting of the Ladies' Guild at the home of Mrs. William Henry, 305 East Ann Arbor Trail on Thursday, February 3, at 2:00 o'clock. Short business meeting only, to be followed by a card and luncheon party with a prize for each table.

FIRST CHURCH OF CHRIST Scientist.—Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of twenty years. Wednesday evening testimony service, 8:00.

"Love" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, January 30. The Golden Text, from I John 4:16, is: "We have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him." Among the Bible citations is this passage (Jeremiah 31:3): "The Lord hath appeared of old unto me, saying, Yea, I have loved thee with an everlasting love: therefore with loving kindness have I drawn thee." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 302): "God is Love. He is therefore the divine, infinite Principle, called Person or God."

ST. PAUL'S EV. LUTHERAN church.—Livonia Center. O. J. Peters, pastor. No services in this church on Sunday, January 30.

CALVARY BAPTIST CHURCH.—Holbrook and Harding. L. B. Stout, pastor. 615 North Mill street. Why is it that so many start out in the Christian life, and after a period of time drop out altogether, or live anything but a vital Christian life? Is it possible that they have missed something which the Lord has provided for them? Beginning next Sunday a series of messages is to start upon the general theme, "The Deeper Spiritual Life." Next Sunday the subject will be: "Is there a Deeper Work of the Spirit of God for the Believer?" The Bible school meets at 11:15 with classes for every one. You will find a live young people's group at 6:30 p.m. And following an old fashioned evangelistic service at 7:30 p.m. The prayer meeting hour is 7:30 p.m., Wednesday.

Light your kitchen like *this one*

...for a cheery, more efficient place to work

Kitchen work sails along faster with good lighting. No energy is wasted in trying to see—there is no fumbling or groping in dark corners, no mishaps due to uncertain vision in shadowed working spaces. Good lighting can make your kitchen bright and pleasant, as cheery as any room in the house. When you spend so many hours in the kitchen, you want the room to be light and attractive—not dark and gloomy and depressing. Good lighting is a great help to speed your work alone and conserve your energy.

The average kitchen can be well lighted—like the one above—with one 150-watt lamp in the center ceiling fixture, and 60-watt lamps in small brackets over the range, the sink and the working surface. The cost of lighting your kitchen in this way is only about a cent an hour. If you have a small kitchen, a 100-watt lamp may be used in the center ceiling fixture instead of a 150-watt lamp.

Now in the dark winter months, especially, you will appreciate a well-lighted kitchen. Though skies may be cloudy at midday or pitch black by night, you can work serenely in a pleasant, bright room—speedily and efficiently. For helpful suggestions or advice on your home lighting problems, call a Detroit Edison Home Lighting Advisor. There is no charge for this service.

Society News

The members of the Tuesday afternoon contract club had a most enjoyable day Tuesday when they gathered at the home of their hostess, Mrs. Ray Johns, to celebrate their ninth anniversary with a luncheon and bridge. The table was lovely and was centered by a beautifully decorated cake in yellow and white and marked with "happy birthday". At each place was a dainty corsage, a gift from the present and past presidents, Mrs. Claude Dykhouse, Mrs. R. L. Hills, Mrs. S. N. Thams, Mrs. George M. Chute and Mrs. Myron W. Hughes. Ten of the original members are still in the club. The other members at the luncheon were: Mrs. Charles G. Draper, Mrs. Robert H. Reck, Mrs. Albert Stever, Mrs. Paul Nutting, Mrs. Wymann Bartlett and Mrs. J. R. Witwer. Mrs. Draper, who will soon leave on a month's vacation in Florida, was presented with a gift from the club.

The members of the Stitch and Chatter group and their husbands will be guests of Mr. and Mrs. Floyd Hilman Sunday, at a potluck dinner in their home at 8335 East Jefferson avenue, Detroit. The following will attend Mr. and Mrs. Coello Hamilton, Mr. and Mrs. Stewart Dodge, Mr. and Mrs. Carl Shear, Mr. and Mrs. Frank Burrows, Mr. and Mrs. George A. Smith and Mr. and Mrs. Thomas W. Moss, of Plymouth, Mr. and Mrs. John B. Hubert, of Detroit and Mr. and Mrs. Lawrence Johnson, of Mt. Pleasant.

Mrs. Ruth Huston Whipple attended the Huron-Clinton parkway luncheon held in the Detroit club, on Thursday of last week.

Franklin Coward was honored Monday evening at a bridge and dancing party given by Paul Thams, at the home of his parents, Dr. and Mrs. S. N. Thams, on Main street as a farewell before leaving for Muskegon, his future home. Delicious refreshments completed a happy evening. On Thursday evening the young people of the Presbyterian Sunday school entertained at a party in Franklin's home.

Mrs. Elizabeth B. B. entertained ten little folks at a party, Wednesday afternoon, in celebration of her daughter, Mary Lou's third birthday. Games were enjoyed and dainty lunch served. Those present were Barbara Neil and Bonny Sweeney, Lois and Kurt Hoenecke, Iva Lou Kehrl, Jane Stremich, Virginia Mae Sessions, Janet and Geraldine Burgett and Jimmy Travis.

The Get-Together club met at Beyer's hall, January 20, where a potluck supper was served. The evening was spent playing pedro, prizes going to Ida Hughes, Charlie Waterman, Marjorie Kline-schmidt, and Wilber Eberole. Hostesses for the next meeting of February 5 are Ella Waterman, Helen Gotts, Eva Herick and Kate Waterman.

Mr. and Mrs. J. T. Chapman will attend the wedding of their niece, Nancy Johnson, daughter of Mr. and Mrs. Fred W. Johnson, of Birmingham and Eric Sommer, of Buffalo, New York, which will take place Saturday evening in Christ church, Cranbrook.

A telegram was received Tuesday evening by William T. Pettin-gill, stating that Mrs. Pettin-gill, Mrs. Lush, Mrs. Cranson and Miss Lehman had arrived in Mexico City that day; also that they had spent two days in San Antonio and one at Hot Springs. Dr. and Mrs. S. N. Thams entertained at dinner, Saturday in honor of the birthdays of her mother, Mrs. W. E. Hoover, of Whitmore lake, and her sister, Mrs. D. W. Kaufman of Dearborn. Mr. Hoover and Mr. Kaufman were also present.

Judge Speaks To Kiwanis Club

The celebration of the twelfth birthday anniversary of the Plymouth Kiwanis club Tuesday evening was an occasion of unusual interest. The Honorable Henry Nichols, judge of the circuit court in Detroit was the principal speaker of the evening, using as his subject, "The Constitution of the United States" and he pointed out various interesting facts about its construction.

Twelve years ago in the basement of the Methodist church the club was given its charter with an original membership of 35 members, five of whom are still with the group. Three are deceased.

Ernest J. Allison, one of the charter members, acted as chairman of the evening, introducing Attorney John Loree, of Detroit, who in turn introduced Judge Nichols.

Steve Wall, chairman of next week's meeting, has announced that Capt. A. Kunath of the narcotic squad, Detroit, will be the guest speaker. Capt. Kunath addressed the club several years ago and proved his worth as a decidedly interesting speaker.

News of Basket Ball League

The second half of the schedule started Monday, January 24, with the Daisy girls defeating the Red and White with a score of 27-16. Chevrolet and Schrader's followed, resulting in tie score at the end of the fourth quarter. After a three minute overtime period, the Chevrolet team came out victor with a score of 32-30.

On Tuesday night, the Hi-Speed team defeated Coolman's with a score of 40-26. In the second game of the evening the Wilkie and Wild's teams played. At the end of the first half the score was Wilkie, 25, and Wild's, 15, but in the second half it became a different story, Wild's defeating Wilkie 36-34.

On Wednesday night the first game was between Blunk and Plymouth Plating. Plymouth Plating defeated Blunk 44-22. The second game resulted with the score, 40-27, with Perfection leading. Blunk, Wilkie, Wild's and Perfection are all tied for fourth place.

Next week's schedule: Monday January 31, Hi-Speed vs. R. & W., 7:00 p.m.; Daisy vs. Plymouth Plating, 8:00 p.m. Tuesday, February 1: Schrader vs. Wild's, 7:00 p.m.; Wilkie vs. Blunk, 8:00 p.m. Wednesday, February 2: Perfection vs. Chevrolet, 7:00 p.m.; Coolman vs. Daisy, 8:00 p.m.

Standings of teams: Boys' teams W L Pct. Plym. Plating 8 0 1.000 Chevrolet 7 1 .875 Schrader 4 4 .500 Blunk 3 5 .375 Wilkie 3 5 .375 Wild's 3 5 .375 Perfection 3 5 .375 Daisy 1 7 .125 Girls' teams Daisy 7 1 .875 Hi-Speed 6 2 .750 Red & White 2 6 .250 Coolman 1 7 .125

The change of play in the girls' games, using center throw instead of center toss, makes the game more interesting, both to spectators and players.

A COMMUNICATION
To the Editor
Plymouth Mail
Dear Sir:

Many people do not know that a counterpart of the Townsend plan was in operation for a period of years in a European country. They did not have a two percent transaction tax, but many transactions and operations were taxed. They must also have had a counterpart of the Hon. Judge Jeffries for advisor, for they "looked for it where it was". In fact, they looked for "it" so diligently and so efficiently that the plan was smashed—not by pensioners, but by the ones who paid the tax, the common people. Believe it or not! Masons Observe Anniversary

(Continued from Page One) fire consumed nearly all the business portion of the village, including everything belonging to the fraternity, not even records being saved. An insurance of \$200 on the building and \$300 on realty was received by this lodge entailing a cost of \$500 to this lodge alone, the Odd Fellows losing even more.

Amid these discouraging scenes, Masonry in Plymouth was not daunted, but immediately procured a dispensation from G. M. George E. Dowling, to occupy a room until new quarters could be built. The Knights of Pythias generously donated the use of their commodious hall, and an association was formed known as the Plymouth Masonic Building association. This was soon incorporated and shares of \$10.00 each were soon taken to the amount of \$2000 for the purpose of erecting a new building two stories in height, having two rooms on the first floor for rental and the second floor for lodge purposes at an estimated cost of \$5000.

The officers of this association for the first year were H. H. Hoyt, president; E. C. Leach, treasurer; J. M. Collier, secretary; T. V. Quackenbush, A. H. Dibble, S. J. Springer, P. B. Whitbeck, directors. It was dedicated November 14, 1893.

Fully Protected Against Wear— Accessible—Easy to Service

STOP at our store and we'll take you on an exploration trip over, under, and through the McCormick-Deering TracTracTor. When we are finished you will know why so many farmers have turned to the TracTracTor for efficient, low-cost crawler power. If you have operated crawlers you know that easy accessibility and protection against wear are extremely essential. TracTracTor designers have stepped out years ahead of the field in these two major matters — they have succeeded in keeping dust and other abrasives out and lubricants in. They have produced a line of crawler tractors which can be serviced on short notice without wasting time or tying up equipment needlessly.

We are ready to give you full details concerning equipment, prices, terms, etc.

Boy Scouts Go Hiking On Sleds

(By A Scout)

That's the way P-3 went on its last hike to the Training School cabin. The boys presented quite a scene going down the roads pulling all of their duffle on sleds. The hike started at 11:00 a.m., Saturday and ended at 5:00 p.m., Sunday. Arriving at the cabin after a long pull, the fun began. Everything was attempted during the afternoon but at supper time all were present and accounted for. After supper a trip to a nearby hill was accomplished, and everything from three boys on one pair of skis to four on a very short sled was tried with one or more in a snow bank at the end of each ride. At night some one produced a buzzer from some unknown recess. The ways and means the boys tried to get it to go off under the scoutmaster's pillow would fill a book alone. Finally the buzzer disappeared amid a great amount of wrestling and the boys settled down to a quiet (?) night. Pancakes were eaten with gusto at breakfast and it would have taken a Sherlock Holmes to find a crumb left. Several tests were passed but not as many as expected as the snow prevented suitable tracking. At dinner everything disappeared so fast that a traffic officer would have been worked to death trying to slow down the momentum of the boys to do away with everything that was placed before them. Mysteries of the hike: Where could Noel Hover possibly have put all he ate during the hike? What became of the rabbit supposedly caught by the Q. T. A. S. V's and Q. P. L's? That's what every one wants to know, but all they say is, "Ask the rabbit!"

Attend Meeting At Jackson Prison

Mayor Henry Hondorp and City Manager Clarence Elliott were guests of Capt. Charles Thumme Saturday in Jackson where they attended a meeting of the Michigan Identification association of which the latter is a member. The purpose of the meeting was to acquaint the members and particularly their guests of the methods used by the identification association in an effort to make complete histories of convicted persons and convicts at large so that less errors may be made in convictions and proper methods employed following imprisonment. Re-organization of the association was considered and problems connected with the broadcasting of fingerprint codes was fully discussed. Dr. Phillips of the psychiatric department in the Jackson prison spoke to the group on the segregation of types of criminals and told of the evil results that come from allowing the free association of all ages and all mental types. Warden Joel Moore of the state prison gave a most interesting account of his experiences in prison work. Other speakers included Mr. Scribner, who is the chief broadcaster for the East Lansing state police department, and other department heads. Following the meeting, those interested were shown through a large part of the prison and dinner was served to the guests at the prison headquarters. The Riverside Church in New York overlooking the Hudson, has a plant like no other church in the world. It is the world's most modern gothic plant and in the limestone tower, which rises 400 feet above Riverside Drive, hangs the world's heaviest carillon. It was presented to Riverside church by John D. Rockefeller, Jr., in memory of his brother.

Dick Loomis Wins Scout Award

Last Saturday evening about 700 Boy Scout leaders and wives, and girl friends, sat down to a wonderful turkey dinner at the General Motors building auditorium. The event was the annual Scouters' dinner combined with the annual business meeting of the Detroit Area Council, Boy Scouts of America. Twenty-one from Northville, the Training School, Plymouth and Rosedale Gardens sat together at one of the tables which was decorated with "Plymouth District" flags and place cards in the form and colors of the Boy Scout flag. There was music by a girl orchestra and an accordion quartet with a trio of singers—all from Cass-Tech high school—and also by a German band made up of Fordson Scouts. Foster Jones led the community singing. The high lights of the rest of the program can only be touched on. A young Cub—Jack Nicholson of Pack 619—made a big hit with a brief talk—disclaiming the microphone of the P.A. system as unnecessary for his strong young voice. Several fine tableaux were shown by uniformed Scouts, the climax at the end of the evening being a presentation of a camp fire scene, with Scouts reciting various famous historic oaths, pledges and covenants, ending with the Scout oath given by the entire audience. The speaker of the evening was Dr. Ray O. Wyland, Ph. D., director of education and relationship from the national council. His talk was unusual and very pointed, showing the how important and necessary the Boy Scout training is and would prove in combating the influences tending to tear down our American democracy. He told how, more and more, the members in high schools and colleges, and especially the young leaders in all the worth-while activities of these institutions are Scout trained young men. One of the most interesting parts of this program—as far as the Plymouth district delegation was concerned—was the award of honors. Five Detroit leaders received the Silver Bearer—such as our district commissioner received four years ago—the highest honorary award in Scouting, except the Silver Buffalo, of which only seven are given each year in all the country. Our own Dick Loomis was one of those who received the Scoutmaster's Key—the first to come to our district. This key is given for at least five years' experience as Scoutmaster plus graduation from six or seven Scout leaders' training courses. It is not easy to win. The whole district congratulates Dick.

Plymouth Takes Second Place With 36 - 29 Victory

A victory over Ypsilanti Friday last brought the Plymouth girls to the undisputed second place behind River Rouge who has won every game so far. Following Plymouth is Dearborn in third, Ecorse in fourth, and Wayne and Ypsilanti tied for fifth and sixth positions.

Featuring the game was the outstanding performance of Marvin Sackett, center for the home team. The usually slow man was fast and got off his feet way up in the air to take the ball away from his opponents. He also made some very nice shots. Sackett was high score man for the evening with eleven to his credit and Moe who was captain was next high with eight points. The Rocks played better ball than they played against Northville the week before. The passes were much better, they handled the ball more cleanly and consequently the team clicked more often and it wasn't a spurting game. At only one time was Plymouth outplayed. That was from the start of the fourth quarter until about three minutes before the final gun. During that time Ypsilanti piled up 11 points while Plymouth made only three. At the peak of this spurt the invaders were five points behind the slipping Plymouth five, but the Rocks re-gained their defense and held their opponents to three points while they collected five in the remaining three minutes and two very nice field goals by Eglor and a free throw by Ross, who had a hundred percent on free throws for the evening, attempting three and sinking all of them. The final score was 36-29.

To-night Plymouth meets River Rouge in a very important game. It will be played in Rouge and a big home crowd would help the team a whole lot.

Plymouth: Moe (Capt.), R. Houghton, F. Eglor, L. Sackett, C. Krumm, C. Ross, E. Gilles, G. Frough, L. Hitt, G. Ypsilanti: Wilson, R.; Stout, F.; Kuster, L.; Allard, F.; Parker C.; Briggs, C.; Starvas (Capt.); Calder, L.; Perdue, G.; Woodside, G.

SECOND TEAM BOWS TO YPSI

The Ypsi high school second team combined fine passing and good marksmanship, in shooting both foul shots and field goals, to beat Plymouth second team 33 to 22.

Ypsi forged into the lead in the first quarter for at the beginning of the half the score was 24-10 in Ypsi's favor and at the end of the third quarter it was 30-19 Ypsi's favor. If Plymouth had maintained this pace all through the game the score might have been different.

Bob Norman did the unusual in this period by collecting five foul shots, although he sunk but three.

It is interesting to note that Ypsi missed seven foul shots out of a possible fourteen, and Plymouth missed sixteen out of a possible 26.

Gymnastics were provided by the Ypsi cheer leaders who performed various back flips and somersaults at the end of almost every cheer. Whether this procedure was beneficial to the playing is doubtful but our cheer leaders might profit by this.

INCREDIBLE EDITORIAL

You are being paid \$9.00 a day to attend school—all right, laugh, but it's a fact. Each day you are absent from school you lose a chance to earn \$9.00. At a rate of \$45.00 a week, it's not a good practice to be absenting one's self. Of course you aren't paid this money now, but in future years when you go to work, the time that you spend in school now will pay you almost exactly that amount. This might be put as "A bit of schooling now pays big dividends". If a person took the number of people who are absent each day and multiplied this by nine, you would see how much money is lost daily. Do you think it is very wise to "skip" now?

COWARD MOVES TO MUSKOGON

The Pilgrim Prints staff is very sorry to lose Franklin Coward, one of their main sports writers the last two years. At the end of this semester he is going to Muskegon. Franklin has been a faithful and conscientious reporter and the staff will find his place hard to fill.

MID-WINTER GIRL RESERVE CONFERENCE SCHEDULED FOR FEBRUARY

The annual mid-winter conference of Girl Reserves, at Grand Rapids this year, will be held February 18, 19, and 20. The two representatives from Plymouth, Annabelle Brown and Ruth Pennell will leave for the conference the afternoon of Friday, February 18. All of the evening is spent getting acquainted; the following Saturday is spent in meeting and on Sunday religious services are held, the representatives returning Sunday evening. During the conference the girls stay at private homes for the nights; however for the meals and the rest of the time they are at the Y. W. C. A. The girls are sent for the purpose of getting out of the conference all they can and contributing it to our club in the coming year.

SCENERY FOR SENIOR PLAY IN HANDS OF LEROY CRIFE AND COMMITTEE

The setting for this year's senior play, "Growing Pains", three act comedy by Aurania Roverol is the patio of a California house. With this description to work on the construction and decoration committee headed by Le Roy Crife, Dean Van Landingham, and Jeannette Schwartz is in the midst of its work on the scenery. Besides a buff colored house for the backdrop there will be two gates and a fountain in the patio. The committee hopes to complete its work by the middle of February. "Growing Pains" will be presented on Thursday and Friday evenings, March 10 and 11 at 8:30. James McClain, Douglas Miller, and Doris Schmidt have the leads.

STARWEATHER NOTES

Kindergarten A and B had movies on "Johnnie Cake" and "The Shoemaker and the Elves". Helen Williams has just started to school.

Mrs. Ralph Rittenhouse and Mrs. William Shekel visited Miss Stader's room last week. The number one class in 2B is reading "Health Stories". The pupils are making drawings on "Safety". The whole class has learned how to repeat the "Pledge to the Flag".

The three B and three A pupils have studied about Eskimos. They have made Eskimos pictures and have read the book, "Shoo-Me-Shoo".

Fupils in Miss Parmalee's room have finished their Merry-Go-Round. Every afternoon they play the piece, "The Merry-Go-Round Broke Down", and everyone takes a ride on the Merry-Go-Round.

In Miss Benz' room the pupils have finished a Congo African village. The houses are made of small branches with straw tops. They have boats made of bark and boats which are called "dug-outs". In the river they have a moveable bridge. Coming out of a hut is Stanley, the explorer. They have a hollow log which is used for their ceremonial drum to send messages from one tribe to the other.

The girls are making natives out of old black stockings and they have put beads around their neck, arms, and legs to keep the evils away. They have made reptiles out of clay and caves for wild animals out of cocoanuts. The sixth graders have chosen parts out of five books to be acted out for assembly. The books are, " Heidi", "Mrs. Wiggs of the Cabbage Patch", "Robin Hood", "Tom Tyler" and "Tom Sawyer". The girls are working on Heidi and Constance Daily on Robin Hood.

STUDENT COUNCIL GIVES DANCE TONIGHT

JUNIORS SECURE EDDIE MINICH FOR HOP

Work on the annual J-Hop to be given in the high school auditorium February 18 is progressing. The orchestra committee has engaged Eddie Minich and his Three Swing Maids to furnish the music. This eight-piece orchestra has broadcast over the nation-wide hook-up of the N. B. C. and the C. B. S.

The auditorium will be transformed into a ship. The reception room will be decorated to represent the Captain's cabin and the auditorium the deck of the ship.

Those wishing to secure invitations may do so by seeing any Junior or the members of the invitation committee who are Mary Jane Parmalee, chairman; Betty Smith, Joyce Shoemaker, Kockwell Smith, Kye Moon, Lorraine Welch, Shirley Sorenson, and Annabelle Brown.

GILLES RE-ELECTED PRESIDENT OF HI-Y

At the last meeting of this semester, the Hi-Y elected as its officers for the second semester Dick Gilles as president; Jacques Laurier, vice-president; and James McClain, secretary and treasurer. The club also discussed plans for the coming months and subjects for future programs. Hereafter the club will meet during the last 30 minutes of the noon hour period, in accordance with the new schedule of six periods a day to be inaugurated with the second semester.

ENGLISH CLASS HAS BIG NIGHT

Miss Lovewell's fourth hour English class went on Monday, January 18 to see a hockey game at the Olympia in Detroit.

The group consisted of 10 ninth grade boys who went plus a few Miss Lovewell asked to share the fun. Three cars were needed to furnish transportation.

The first game proved to be bit dull, but the second was extremely interesting. Fights among the players and referees played a big part in the excitement. Clayton Kelly got his wise crack in with: "Hit 'em in the head for he won't feel it."

Near the end of the game some of the boys moved down into the reserved seats. The boys arrived home about 1:00. There are several questions unanswered. First, why was Bob O'Connor absent Tuesday morning? Late hours—or too much pop corn as he says. The boys are still hoping that the very enjoyable evening they had may be repeated some time in the future.

During the past five months Plymouth high school has placed five of its 1937 graduates in the Ford Motor company industrial training department for high school graduates. This department was created in 1935 to take high school graduates off the streets by giving them the opportunity to learn trade while yet retaining their interest in education. The various courses offered are tool and die work, electrical work, welding, metallurgy, chemistry and auto mechanics. Only 1937 graduates are eligible for this department; however, upon the graduation of the present senior class the offer will be withdrawn and given to 1938 graduates. The requirements for entrance are that the student be a high school graduate and between the ages of 18 and 20 years.

In this work each student is placed in the department for which he is best fitted; he remains there until he is well acquainted with his work. During the three month period of training, he is not prepared to be able to handle perfectly his line of work in the plant; however, he is acquainted with the various types of machinery and materials, safety rules, and efficiency practiced in the Ford plant. During his training period the boy receives 55 cents an hour, and a minimum of 75 cents an hour after entering the plant, when his wages are gradually increased according to his ability, interest and willingness.

1937 graduates of P.H.S. interested in this type of work should see Mr. Dykhouse.

TEN P.H.S. GRADS NOW AT CLEARY COLLEGE

Among the 488 who enrolled when Cleary college, Ypsilanti, opened for the winter term on January 4 were several Plymouth students.

The students were honored at a faculty reception, held at the college on the evening of January 7. After they were greeted by school officials in the receiving line, a get-acquainted dance was held.

The number of students being placed in positions upon completing their training is considered an indication that the business recession is passing, school officials declared.

Among the students from this district enrolled are Dorothy Cates, Marian Gorton, Betty Jones Griffiths, Lenore Hughes, Norma Jean Roe, James Stimpson, Robert Van Meter, Janet Waldecker, Henry D. Worden, and Marvin Wilson.

STOP, LOOK, AND HEED!—EDITORIAL

The first semester of the 1937-38 school year has ended. Final examinations are over and need not be thought about again until the latter part of June. But between now and the last month of school we can do a lot to improve our scholastic standings.

You are saying, "Why rub it in? Can we help it if the teachers give us assignments that are too long or difficult to complete?" Nonsense! Any individual with any "gray matter" whatsoever can certainly devote a few hours a day toward a preparation for finding his way about in the world after having the bell of P.H.S. summon him for the last time in his high school career. Granted that it means staying home from the movies, dances, and skating a few times, but consider how vastly important it is that students in school glean every possible scrap of information they can while parents, states, and communities are financing education. Remember, opportunity knocks only once—and surely education can be classified as an opportunity!

When one student with an intelligence rating of 108 gets all D's, and another with 103 gets all B's, each from a family with a good background and enough money for comfort, the difference lies in the hard work of the latter. And only the worker is in demand.

Will you not please take inventory of yourself and your school record to date? Stop and analyze the problem and see just where the difficulty is.

Do you understand the work? Does the teacher explain it clearly? Are you attentive in class? Do you try to contribute to the class or are you a parasite? Make a New Year's resolution—even if it is a little late—and determine to turn over a new leaf and really make this semester's work count!

HOME ECONOMIC CLUB

For the last two months the members of the Home Economic club of Plymouth high school have been participating in a contest. The girl who gets the most points will receive a Home Economics Betty Lamp pin. The highest number of points one can get is 500. The following girls were awarded pins: Betty Knowles, Mary Jane Parmalee, Merle Smith, Dorothy Hughes, Shirley Maul, Joyce Zobel, Katherine Spitz, Marjorie Knowles, June Garrison and Sophie Saner.

The following girls were elected officers for next semester: President, Betty Jean Haverkate; vice president, Betty Knowles; secretary, Sophie Saner; treasurer, Norma Gould; reporter, Marjorie Knowles; program chairman, Lona Belle Rhode; service chairman, June Garrison.

The holes in Swiss cheese are formed by gas given off by anaerobic bacteria.

STAMP CLUB CHANGES MEETING TIME

Under the supervision of Miss Cary the junior high stamp club will meet from 11:50 to 12:20 in study II on Thursday. The club usually meets on Thursday third hour but with the change of hours this will be discontinued. The club would like to have some new members so as to encourage trading and selling of stamps. The members of the club are taught how to take stamps off envelopes and papers. They learn to judge stamps for value and to catalogue them. It is a chance to understand and learn the value of stamps. New members will see Miss Cary about joining. William Wernet shares the responsibility as president.

N. Y. A. AIDS NINE STUDENTS

The National Youth administration, a branch of the W.P.A., at the present time employs nine high school students to assist in school operation. Under the N. Y. A. students are able to earn a sufficient amount of money to finish school by working from 20 to 24 hours a month in after-school hours at 25 cents an hour. Plymouth high school students work in the main office, Mr. Dykhouse's office, physical education department, noon hour program, and school maintenance; a majority work in the office and with teachers.

GLEE CLUB MEETS AT NOON

Miss Gallimore has changed the junior high glee club meeting time to Tuesday at 11:50 to 12:20. The club usually meets on Tuesday third hour. The club learns how to read music and follow their parts against others. The club has taken part in many activities such as giving the Christmas songs of other countries and in community sings. This year there is an exceptionally large group out. If any junior high pupils wish to join they are welcome.

MR. LANDSBURG VISITS PLYMOUTH

While on his way to Detroit to address the annual meeting of the Michigan Association of Fairs on "4H Club Work at Our Fairs", held January 18, 19, George Landsburg, agriculture teacher in Plymouth high school two years ago, paid an over-night visit to Mr. Campbell of our handicraft department; he also called on Mr. Dykhouse for a short talk.

Mr. Landsburg is now engaged in 4H club work and is the club leader for the Saginaw district.

Theatre Has Good Picture Series

Heading the first in a series of particularly high rating pictures, the musical comedy, "Rosalie", starring Nelson Eddy popular tenor of the concert stage, and Eleanor Powell accomplished dancer, comes to the Penniman-Allen theatre Sunday, Monday, and Tuesday February 6, 7 and 8.

Said to be a movie of lavish setting and the best of musical numbers, the story centers about a West Point man who follows his sweetheart to Europe only to find that she is a princess. Sup-

porting the leads are the fun-makers Edna Mae Oliver and Frank Morgan, together with a chorus of 500 girls.

As a reminder of the early days in the romantic west, comes "Wells Fargo", with its story of the beginning of America's transportation and communication systems in the new country.
