WORK IN PEACE.

"Progress comes from prosperity built by work done in peace."—Henry Ford.

WHAT WILL HE SAY?

One of the Detroit newspapers the other day said there was a prospect that Mayor LaGuardia of New York would come to Michigan to speak for the re-election of Frank Murphy. Not so many weeks ago Mayor LaGuardia in a letter to the chairman of the Transit Commission of that city made some pointed remarks about two salaries a public official was drawing for two different public jobs.

"It is difficult to figure out who is getting stuck on this investment," wrote Mayor LaGuardia.

The fact that Frank Murphy has at least two in his own office who are drawing down big pay checks from two different public jobs may be a rather embarrassing question for the Mayor of New York to explain if he should come to Michigan to talk in behalf of a candidate for office who is going to get the worst trimming any candidate for Governor ever received in this state.

In fact, the double-salary racket was an innovation started in state circles under Frank Murphy. It will not continue for long, there is no question about that as January 1 is not far away.

COMMUNISM.

During the past three or four years there has been an effort made on the part of a group of disloyalists to America and its institutions to spread the doctrine of Communism in this country. They have been able to do so because high officials in Washington and Michigan have taken no steps to stop the activities of these people who would destroy all that we have, even to destroying those who might oppose their ideas—if they should be successful in their efforts. They have been able to maintain their control in Russia only through the promiscuous use of the firing squad, and if they had the opportunity, blood-spattered brick walls would be as common in this country as in Russia.

But what about Communism? What about the system of government they would overthrow? Some figures issued by the National Industrial Conference board concerning Russia, where practically all business is owned by the government, and where private capitalism is completely unknown, are of exceptional interest.

Based in terms of United States currency, the annual income of the average Soviet worker in 1937 was \$582. In that year, 1937, if he lived in the typical city of Moscow, he would have had to pay \$4.37 for a pound of coffee. A pound of tea cost \$10.21. A pound of bacon cost \$1.45. A pound of first quality butter cost \$1.81. A pair of good leather shoes cost \$34.85. A woolen sweater cost \$41.80. A cheap cotton shirt cost \$7.74. One yard of heavy woolen cloth cost \$29.26. A single linen towel cost \$1.88.

How did the worker buy these excessively priced commodities out of his pitifully small income? The answer is simple—the didn't. Things that are regarded as the commonest necessities of life by any workman in this country, are untouchable luxuries to the Russian worker. The soviet standard of living

JUST THINKIN'

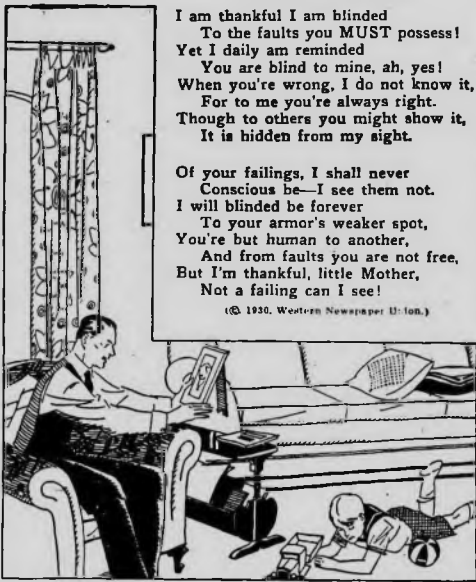

by Charles S. Kinnison

To My Mother

I am thankful I am blinded
To the faults you MUST possess!
Yet I daily am reminded
You are blind to mine, ah, yes!
When you're wrong, I do not know it,
For to me you're always right.
Thought to others you might show it,
It is hidden from my sight.

Of your failings, I shall never
Conscious be—I see them not.
I will blinded be forever
To your armor's weaker spot,
You're but human to another,
And from faults you are not free,
But I'm thankful, little Mother,
Not a failing can I see!

RAMBLING with Editors of Michigan

WHAT A FLOP!

During the first eighteen months of the Murphy administration the state department payrolls have increased by \$3,100,000 in paying political henchmen and in building up a political machine, and still Governor Murphy claims there is no money for old-age pensions. And still there are political flagwavers who go along the highways and byways of the state shouting for Murphy and his gang, while Murphy goes right on paying out money uselessly, of which dear ones and near ones are in such dire need.—Adrian Van Koevering in The Zealand Record.

TOO CLOSE FOR COMFORT.

The more we read about those high officials of the U.A.W. and the more that comes to light regarding the so-called trials recently concluded in Detroit, the more we are impressed with the fact that Michigan as a state has a job on its hands. The trial itself had all the earmarks of a Russian inquisition or a Nazi purge. It was held in secret chambers, the accused openly charging that they were afraid of open violence if they approached the chambers. Then, too, there are the charges which flew back and forth between the two factions—the one headed by Mr. Martin and the other said to be dominated by Mr. Frankenstein. And now comes the further charge that certain of the documents offered at the trial were stolen from the home of a notorious communist, Jay Lovestone by name, by secret agents of the Central Committee for the Communist Party of America. It appears there are opposing factions in that brotherhood of man too. The names each side has called the members of the opposing factions have been neither complimentary nor kind. Neither are they such as to reassure the American public.

Whatever the average American industrial worker may think of either the C. I. O. or the U. A. W., there remains for the people of Michigan the challenging fact that this same Mr. Frankenstein still holds an appointment under the present state administration—a very important appointment. He is a member of the Michigan welfare and relief commission. Mr. Frankenstein is one of three who control the expenditures and determine the policies of administration in all relief matters in this state. The commission of which he counts as one-third in membership and perhaps more than that in influence, has already spent the state treasury to the hilt.

Governor Murphy could do no other service, could perform no other public act, so assuring to the people of Michigan as to ask for Mr. Frankenstein's resignation and to remove him if not forthcoming. Michigan is found more closely allied with Russian communism than most good Michigan citizens care to continue.—Vernon J. Brown in The Ingham County News.

CRACKING DOWN ON THE SMALL SCHOOL DISTRICTS.

We just can't get away from this school proposition. Now we notice that Governor Murphy with characteristic brilliance and his usual sense of fair play has cut the school appropriations in such a way that the poorer and smaller the school district the greater the cut. For example: Fordson district with immense revenues and a decrease in school population will have revenues decreased by \$3,088 or less than 1 percent. Dearborn with a 6 percent increase in school population and slender revenues will take a cut of more than twice as much in money, (\$7,703) and six times as great in percentage (63 percent). Now there's a smart governor for you. Crack down on the struggling districts. Hamper education in those districts. And in the large, prosperous districts, take little or nothing, away. Yes, even give them more. For example, Grosse Pointe, with a .04 percent increase; Hamtramck, .03 percent increase; Detroit, \$2,469 increase. Hooray! Vote for Murphy and close the smaller schools.—William Klamser in The Dearborn Press.

A SUCCESSFUL "MILKER."

We observe that Governor Frank Murphy is going to see that the producers of milk get better terms for their products in Michigan. As a "milk" expert the Governor knows that pastures for his certainly inventive when it comes to "milking" the public taxes.—George Averill in The Birmingham Eclectic.

POTATO VOTES ARE FEW

A story in this issue says that Tuscola county growers showed but little interest Saturday and Monday when they voted on the proposed marketing agreement. Only 119 people voted, with polling places in six towns.

It may never be known how the Tuscola county vote went, by itself, for the ballots were all wrapped up and sent to Lansing without being counted. There they will probably be included with all the ballots cast in the state. A two-thirds vote is necessary for the marketing agreement to be put into effect.

John Reagh, chairman of the county soils committee says he can't understand the slight interest in the program in this county. It is one of the largest potato producing counties in the state.

Well, perhaps farmers are beginning to realize that few, if any, of the government salvation programs will work over a long period of time. Perhaps, too, the farmers just don't like the idea of their businesses being run from either Lansing or Washington.—James Gallery in The Tuscola County Advertiser.

NEEDS HELP BADLY.

Governor Murphy has appointed Senator D. H. Brake of Stanton a member of a new study commission consisting of 64 members to determine the needs of government and how to meet them. Naturally, the Gov. needs help. He never made up a payroll for his own business, seldom paid many if any taxes, and is generally over-rated as a student of government from any practical angle.—James Haskins in The Howard City Record.

Man's Castle

Home is a magic word. It should mean more to us than the finest castle ever meant to a King.

It should be a calm haven where one may seek rest from the storms of life. It should be a place of quiet, peace and repose; a place of slippers and pipe and books to read—with the wind rattling the windows and logs blazing in the open fireplace.

It should be a cathedral and the spirit of God should dwell therein. It should be a place where love is enthroned. In it children should find inspiration to live simply and to think highly.

It should be a place of joy. A place where one can let go and be one's self. Where one may laugh out loud, for laughter is sunshine in the house.

It should be a thinking place—a place where one may quietly clarify his ideals, renew his hopes, recharge his mental battery, and sally forth once again, to conquer the world.

The depression did at least one good thing—it caused many of us to rediscover the values of home.

Today is your day and mine, the only day we have, the day in which we play our part. What our part may dignify in the great whole we may not understand; but we are here to play it and now is our time. This we know: it is a part of action not of whining. It is a part of love, not cynicism. It is for us to express love in terms of human helpfulness.—David Starr Jordan.

is unbelievably low. As responsible journalists have written, housing conditions, save for one or two government projects which can accommodate but a handful of the nation's vast population, are extremely bad. Ordinary clothing is cheap and inadequate, and is made of substitutes for wool, linen and leather. Good food is unobtainable. The "luxuries" can be possessed only by government officials, military officers and other members of the Soviet "aristocracy."

There's the difference between the average standard of living under capitalism and under communism or socialism. Take your pick.

EFFICIENT SEEING

Devoted to Eye Welfare for Everyone

Take Your Brains Along When You're Buying Glasses

When you start out to buy a pair of glasses—any kind—it is well to keep in mind that your brains are going to use them. Not your pocketbook. Saving money on glasses takes it out of more than your eyes. The eyes are only the RECEPTORS of sight. You turn what you see into what you do in your mind. That's where the brains come in. Adulterated food cannot make healthy bodies. Adulterated seeing cannot make healthy decisions.

You say, "What decisions?" Well, how about deciding whether or not to pass the car in front of you? How about trying to make that left turn before that truck reaches the corner? How about the top step of the stairs from the bed-room? Ever have to dodge a golf-ball or a base-ball? In the office, how about that way-bill for the important shipment? The estimate for a car-load of castings? On that blueprint, would you say the dimension scaled 7 or 9 feet? What about the expensive fur that is going to trim that dress—too bad to make a mistake in cutting it?

Mighty few of anybody's decisions are made without some information coming to the brain from the eyes. Efficient seeing is about the cheapest investment man, woman or child can make with the certainty of getting big returns. Don't begrudge what you spend on eyesight—no sense in cheating yourself!

Garden City Puts Plymouth Out Of Race

Wins By One Run, First Taking Lead In The Eighth

Garden City won its division of the Inter-County League in a baseball contest that left Plymouth's Schrader-Haggerty in the division's second place Sunday.

The Plymouth aggregation, apparently nervous in its last-chance bid for the division championship, went haywire on errors to let victory slip away. However, the team managed to hold the edge on the visitors until the eighth inning.

Garden City picked up three runs in the seventh to narrow the Plymouth lead, then garnered two more tallies in the eighth to slide into the lead with what proved to be the final score, 8-7.

The contest attracted the largest crowd to attend a game at Riverside park this year.

Ken Hovey, pitching for Plymouth, pitched into the eighth inning, allowing eight hits. He was relieved in the eighth by Debozy. Harold Williams was behind the plate. The battery for Garden City was Scott and Sorenberg.

Garden City will play Sunday against the winner of the second division of the Inter-County League championship. Sunday's game ended the league season for Plymouth, although one more non-league game is scheduled and another is in prospect.

Schrader-Haggerty will meet the Detroit Federation All-Stars in what is expected to be an exciting contest at 3:00 p.m. Sunday in Riverside park. Another game is expected to be scheduled for the following Sunday before the Plymouth nine bid away their bats for another year.

Richard Innis Joins Army

Richard Innis, of Mr. and Mrs. Alfred Innis, who recently enlisted in the army, has been assigned to the regiment stationed at Camp Brady at Sault Ste Marie. He has written to his parents that he has been placed in the commissary department of the quartermaster's corps as a typist clerk, a position which provides him pleasing work and one that he likes. It also provides him an opportunity for advancement.

"The young men located here are some of the finest I have ever known. All of them seem anxious to help a newcomer like me," he wrote in one of his letters.

The young recruit expects to be there for the next three years and would like to hear from his friends in Plymouth. He graduated from Plymouth high school with the class of 1938 and recently won honors in the Detroit News novice swimming meet.

Fish Picture Creates More Excitement Than Election Return Results — Charges Of Nature Faking May Lead To Purity Inquiry

Maybe some people think that the result of the election is the big news story of the week, but it doesn't compare to the complications that have developed as the result of the publication in the last issue of The Mail of that picture of Matthew Powell and the fish that maybe he caught and maybe he didn't catch.

Probably the most serious phase of the situation developed when Dr. Paul Butz made the direct charge that there was some "nature faking" about the picture.

Paul speaks with considerable authority because of the fact that the locality where Matt says he caught the fish is the same place where Paul does a lot of fishing.

Holding up to the gaze of the critics about the family table down at the Mayflower the picture that had been published of Matt and "his" fish, Dr. Butz pointed to the background of it and asked any one if they had ever seen oak scrubs growing along the banks of the Batchawana in Canada.

"Notice those oak leaves on the trees?" asked Doc.

Matt's face reddened a bit and said maybe the photographer had his picture mixed up with some other picture.

"Not only that," said Dr. Butz, "but Matt says that was a 47-pound trout and it gets in the paper that it's only 44 pounds.

Put that one up with the leaves in the trees and try and make two and two make forty-four."

"Well, if I ever said some of the things they say I said about that fish, I must have gotten tangled up somehow in the fish line," explained Matt.

Bert McKinney sent word down to Plymouth from the Rough and Ready country that as far as he is concerned he would have nothing more to say about Matt and his fish, but maybe if the two went up north moose hunting they could find the answer to some of the complications that have resulted from the printing of Matt standing along side a fish at least some one caught up north.

Fred Schrader is the only man in town who has dared to come to the defense of Matt and his fish picture. Fred wanted to know why it was that every one seemed to be questioning what Matt had said about that fish. Walt Harms

who has probably caught more cat fish out of the Missouri than any other man of modern times, wanted to know right away quick from Fred why he was so interested in the fish story, and if there was any connection between the fish story and his bear story last winter. That ended that argument.

Stanley Corbett and Clair Mahen have asked that the Purity league members be allowed to conduct an inquiry and find out the real truth about the whole mess.

Golf Champions Will Compete

Outstanding figures in the amateur and professional ranks of American golfers will compete Sunday, September 25, in an amateur-professional tournament at the Plymouth Country Club, William Rambo, manager, announced this week as entries began to pour in.

Among the contestants already entered in the tournament, he said, are Chuck and Emery Kocis; Bill Lock, of Rackham; R. Courtright, of the University of Michigan, and Johnny and Woody Maloy.

The matches are expected to start about 10 a.m. and continue through the afternoon. The tournament is expected to set a mark for future competition to shoot at. The public is invited to attend the matches, for which there will be a small fee.

Florida Invites Plymouthites

In publicity matter received in Plymouth from the city of St. Petersburg, Florida, the officials of its tourist organization are expecting the largest number of winter visitors for the coming season that that city has ever had.

All seasonal hotels and apartment houses are opened months earlier to care for the early rush of seasonal guests.

Many Plymouth residents who were there through last season are returning to St. Petersburg, according to early reservations already received, while others are planning to return, as is evidenced by the numerous requests made of the City Information Bureau for literature and hotel booklets, mailed free to those writing for them.

Among the visitors from Plymouth, who enjoyed their stay in the sunshine city last winter were Mr. and Mrs. Mark Joy, Plymouth road; Mrs. Bertha Kehrl, Burroughs avenue; Mrs. William D. Parmenter, Starkweather avenue; Mr. and Mrs. A. E. Powers, Ann Arbor street; Mr. and Mrs. S. C. Robison, Penniman avenue;

Mr. and Mrs. George Schmidt and Marvin Schmidt, Plymouth road; Mrs. Mary J. Shearer, Mrs. A. Smith, Mrs. Helen Smith, Miss Evelyn Smith and Howard Smith; Mr. and Mrs. Sanford Snyder, R.F.D.; Mr. and Mrs. S. J. Sorenson, Penniman avenue; Mr. and Mrs. Albert Stevens, Adams street; Mrs. Arthur White; Mr. and Mrs. P. H. Widmaier, Ann Arbor street; Chase Willett, Holbrook avenue; and Mr. and Mrs. R. P. Woodworth, Ann street.

In writing political history the historians of the future will probably refer to 1938 as the year of the big purge.

For Autumn Fashion Parade

The growing seasonal attention to autumn and winter fashions makes this "little girl" design an attractive eyelet. Black gaiter fur is the big feature, while the Scotch plaid silk facing adds a flattering touch of color above a bandeau of the fur.

Football Time!

Crashing its way into the headlines once again comes football, king of autumn sports. Local interest in the game will reach a peak during the next few weeks. Pictured here is Capt. Joe Kilerow of last year's Alabama championship team, who was picked on several all-American teams.

Three hundred thousand nurses are employed in 6,600 hospitals in this country.

Newburg School News

(Mrs. Watson's Room)
Our school opened September 6. We have 40 pupils in our room in the fifth, seventh and eighth grades.

We organized our Junior Citizens' club and elected Shirley Jacobson for president; vice-president, Donna Underhill; for secretary, Joan Thompson; girls' health officer, Oceana Ballen; and for boys' health officer, William Wood.

We have adopted for our code of morals: A good citizen has good work habits, good play habits, and good health habits. A good citizen is neat, loyal, thrifty, cheerful, reverent, punctual, cooperative, courteous and trustworthy.

We organized our Safety Patrol. Clark Norris is captain. The lieutenants are William Bartel, Frederick Bird and Robert Tomow.

We organized a softball team with Elmer Myers as captain. We play two games this week.

(Mrs. Minehart's Room)
There are 36 pupils in our room. Our room has the 3rd, 4th, and 6th grades.

We have a citizenship club; our officers are: President, Jean Ann Livernois; vice president, Laurel Norris; secretary, treasurer, Mitzie Jacobson; girls' health officer, Mrs. Ann Cylkowski; boys' health officer, John Myers.

(Mrs. Pixley's Room)
We have many new boys and girls in our room this year. There are nine children in the kindergarten, 16 in the first grade and nine in the second grade.

Our Junior Citizens' club officers were elected Monday. They are:

President, Keith Bovee; vice president, Jimmy Holtzschaw; secretary, treasurer, Joy Bennett; girls' health officer, Nancy Jean Schultz; boys' health officer, Roger Kidston.

We understand it has been made a rule up in Sing Sing that when the chief executioner steps up to turn the juice into the electric chair he says to the condemned man, "God bless you Walter, let's be friends."

Plymouth Garden News

Little Sammie Davis of Pine Tree road will enjoy his second birthday, Thursday, September 15. His aunt and uncle from Dearborn will help to celebrate his birthday dinner.

Mr. and Mrs. George Stafford of 11257 Stark road are progressing nicely with their home.

Wayne county officers offer textbooks at cost if the teachers are willing to call for them, at a very much reduced rate. There are three conveniently located stores.

Now that school seems to be in full swing we have the correct amount of pupils enrolled and the teachers who teach each grade: Mrs. J. Bowser, kindergarten, 23 pupils from 12:30 until 3:30, also first grade, 23 pupils from 8:30 until 12:30; Miss V. Wise, second grade, 26 pupils all day session; Miss Beaufait, third grade, 19 pupils; also fourth grade, 21 pupils; Miss Roediger, fifth grade, 14 pupils, also sixth grade, 22 pupils; I. Grove, seventh grade, 17 pupils, also eighth grade with 20 pupils. A total of 185 boys and girls are attending Stark school this year.

Mrs. Irene McKinney and Irene Rossman just returned from a very interesting trip which took them to the Toronto Exposition.

Fielder Schaffer had the honor of being the guest of Walter Dann at his new cabin in Alpena. They left for northern Michigan, Wednesday, September 7, and returned Saturday, September 10 after a very enjoyable trip.

The Epworth League of Newburg church spent Sunday at Buckle lake. There were 20 boys and girls present. Mr. and Mrs. William Loesch were guests of Mr. and Mrs. Hoffman, the host and hostess.

At the next regular meeting of the Improvement association, which will be held at the Stark school, Monday, October 3, at 8:00 p.m., the successful candidates of various offices for the county and state will be invited to attend.

Bert McKinney and Mattie Powell are off to Petoskey, the playground of the north, Steel Head fishing and expect to spend a week at this interesting place.

Major and Mrs. E. F. MacLaughlin of Westminster, Maryland, visited Mr. and Mrs. William Loesch.

While making a left turn from Plymouth road onto Laurel road, last Tuesday evening, B. H. Hughes was hit by a truck and badly cut on the head. He was taken to a hospital.

Mr. and Mrs. J. Sitarz and Mr. and Mrs. J. Gage were guests of Mr. and Mrs. George Ross of De-

troit last Saturday. Everyone enjoyed the various games played such as ping pong, quito, target shooting and many more.

The Stark ball team played Livonia, Friday, September 9. Livonia beat the local boys 12 to 13.

By this time it is believed that everyone in Plymouth Gardens has observed the 20-mile speed signs and is governing himself accordingly. Thanks to our Improvement association for obtaining these much needed signs.

Join the Garden association and with your membership dues you also receive a copy of The Plymouth Mail. Our president has appointed some of our members to canvass the residents of the Gardens in hopes of getting 100

percent membership. Help the association in this work because after all, they are only working for you.

HE TALKS BUSINESS BY TELEPHONE

This youngster has a little business all his own. He is already a veteran at feeding and fattening steers. His county agent helps him with his activities and they often talk things over by telephone.

Thousands of boys and girls who will be tomorrow's farmers are learning at an early age to use the telephone. They have found that the telephone gets things done quickly, easily... that it keeps them in touch with happenings outside the family circle.

Watch the youngsters use the telephone. Perhaps it will give you some tips on extra uses for this low-cost, handy hand.

We Redeem Welfare Orders Market Price Paid for Eggs

Dolers Refuse To Dig Potatoes

There is quite a potato crop out in Oakland county this year and with prices at a new low level it does not pay to hire diggers. So the idea was developed to have the welfare families dig the potatoes and then split the crop 50-50. But that did not get anybody anywhere, not for a minute. The doler boys just smiled.

"We get all of the potatoes we want or can use, shipped in here from Virginia or Maine," is the way the boys put it to the farmer. "So what the heck, go out and dig all day for a few bushels of potatoes when we might be playing checkers."

Farmers' roadside markets are selling potatoes at eight cents a peck, 30 cents a bushel. Huckster buyers only offer 25 cents a bushel.—The Detroit Courier.

Dances For Young People At City Hall

Dances for young people are again being held each Friday and Saturday night in the city hall. All young people in Plymouth are invited to come and bring their friends. The music is provided by an electric victrola. Come, truck on down to "Flat Foot Floogee" and swing out to the tune of "A Tisket, A Tasket."

The first dance of the season was held Friday, September 9, and was a costume party. Miss Dorothy Carley won first prize for the best costume and Harold Hills and Clyde Lasslet shared the prize for the funniest.

There will be two dances each week: Friday night for young people, aged 12 to 16; and Saturday night for the older young people. Entertainment will be provided during intermission. Dancing starts at 8:00 o'clock.

Wayne P. T. A. Council To Meet Tuesday

The Wayne County Council of Parent-Teacher associations will hold a special meeting starting at 4:00 p.m. Tuesday in the George F. Fisher school, Dearborn township.

Conferences will be held from 4 to 6 p.m. There will be a community supper at 6:30 p.m. and an evening session at 7:45 p.m.

Mrs. Edgar Thompson, first vice president of the Michigan Congress of Parent-Teacher associations, and Mrs. Walter Gibson, chairman of District 1, will offer instruction at the afternoon conferences and will speak at the evening session.

All officers, chairmen and others interested in parent-teacher work in Wayne county are invited to attend the meeting.

Constitution Day Message

The nation pauses to observe Constitution day September 17, symbolized by Howard Chandler Christy's famous painting reproduced above. The painting shows George Washington addressing the Constitutional convention in Philadelphia, while at the top are figures symbolizing phrases of the preamble to the Constitution and elements in the 151 years of progress under that document.

School Leaders To Meet Soon

An invitation to attend the annual meeting of the Michigan Education Association Department of Superintendents, to be held at Sault Ste. Marie, September 23-24, has been extended to George A. Smith, superintendent of the Plymouth schools. The meeting will begin Friday morning, September 23, with a general session to be presided over by Superintendent L. H. Lamb of Flint, president of the department.

Constitutional amendments affecting education, the program of the state department of public instruction, and the legislation program of the Michigan Education association will be among the subjects discussed during the first day of the meeting. Speakers include Dr. A. J. Phillips, executive secretary of the Michigan Education association; Dr. Eugene B. Elliott, state superintendent of public instruction; and Supt. E. F. Down of Ferris, chairman of the M.E.A. legislative commission.

W. B. Kunkle, director of manufacturing, General Motors, Detroit, is expected to address the superintendents and their guests at the annual banquet of the department which will be held Friday evening.

Maintenance and operation of school buildings, taxation and school financing, school insurance, state legislation, and general problems in the administration of public school systems are topics listed on the program of the second day of the meeting.

The meeting will be brought to a close Saturday noon with a luncheon given in honor of Mr. and Mrs. Fred Jeffers. Mr. Jeffers has been superintendent of schools for 48 years and Mrs. Jeffers has been principal of the high school for 45 years at Painesdale.

Robberies At Whitmore Lake

Investigation of the Thursday night burglaries at Whitmore lake is being continued by Deputy Sheriffs Thomas Knight and David Gartman of Ann Arbor.

Three places were entered, and two more were attempted, the deputies reported. From a service station belonging to Albert Rorabacher a .38 caliber revolver, 75 nickels, 300 pennies, and a roll of quarters was taken. From the Log Cabin station the thieves took eight dollars cash, a wrist watch, and a small amount of candy and cigarettes.

The Ann Arbor railroad depot at the lake was entered, and a total of \$19.80 obtained from various cash receptacles. Indications are that the thieves entered the buildings through windows which they pried open. It is believed they were inexperienced boys rather than professional burglars.

Cotton Growing In City Limits

When it's cotton time in de land of Plymouth, J. Merritt, Plymouth insurance salesman, of 1910 Lilley road, hopes to do a little harvesting.

He has a couple of hundred cotton plants growing in the shelter of a peach orchard at his home and believes it is the first time that cotton has been grown so far north.

Some of the plants are four feet tall, he said, and the bolls—which he hopes will fluff out before a killing frost—are about three-quarters developed. The bolls are about an inch and a half in diameter at present.

If the cotton develops, it will be ripe sometime in October, but Mr. Merritt is a bit dubious as to whether his crop will reach that stage before dying.

He grew the plants from seed obtained from Hayti, Missouri, while he was there on a trip last year. He said that a friend from Tennessee who visited him last week told him that the Plymouth cotton was about as advanced as the cotton down South.

Garbage Calls To Drop Oct. 3

The winter schedule of garbage collections will start October 3, City Manager Clarence H. Elliott, announced this week.

Under the new schedule garbage and rubbish will be collected only once a week instead of the twice-weekly pick-ups which were made in the summer. In Precinct 1, collections will be made on Mondays; Precinct 2, Tuesdays; Precinct 3, Thursdays, and Precinct 4, Fridays. Garbage will be taken up from the stores on Wednesdays and Saturdays.

Rubbish will be picked up on the afternoons according to the same daily schedule as the garbage.

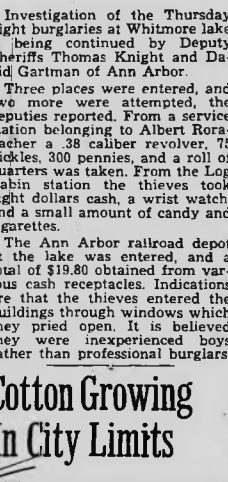

CITY PLANNERS TO MEET
The City Planning commission will hold its next regular meeting, September 26 to discuss the main system of city streets. The layout for the principal city streets as advocated by the commission is expected to be approved at that time.

Roberts Wins At Poultry Show

John C. Roberts of 30295 Schoolcraft road, came home from the Michigan state fair with plenty of awards for winnings in the entries of "silkie" he had in the poultry show. His exhibit was one of the hits of the poultry department and created much attention. He not only won a number of firsts, but several second awards as well.

Ed Fuller of Northville was superintendent of the poultry show again this year—and he declared it one of the best in recent years. There was an exceptionally large number of entries.

Townsend Club To Meet Monday

On Monday, September 12 at 8:00 p.m. in the Grange hall the local Townsend club transacted important business in preparation for the primary election and the new 60-day membership drive. All members and friends are asked to attend meetings just as regularly as possible in order that the efforts of all can be coordinated in this drive for more members and victory at the polls in November.

We invite you to come and worship at a friendly church where the full gospel is preached. Many Christians are living a life of sinning and repenting day after day, when they are privileged to live a victorious life over the world, the flesh, and the devil. God's Word says "Put on the whole armor of God" that ye may be able to stand against the wiles of the devil" (Eph. 6:11). His Word also declares that he is able to keep us from falling (Jude 24). Many are wandering around in the wilderness when they could be living in Canaan. Come and hear of a Christ who is able to save to the uttermost. (Corner Holbrook and Pearl).

"Matter" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, September 18. The Golden Text, (Lst. 40: 8), is "The grass withereth, the flower fadeth: but the word of our God shall stand for ever." Among the Bible citations in this passage (Rev. 4: 11): "Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 287): "All creations of Spirit are eternal; but creations of matter must return to dust."

TODAY, modern light conditioning and the new Science of Seeing demand the right size lamp in the right socket. There is a correct size bulb and a proper degree of light for every seeing task. That is why it is important to have a selection of lamps on your shelf . . . so that you may replace the burned-out bulbs in your floor and table lamps—or in your ceiling fixtures—with another bulb of the correct size. (The Detroit Edison Company exchanges smaller bulbs for larger—or vice versa—in all the standard household sizes, without extra charge. When you bring in your burned-out lamp bulbs, ask to see the light conditioning chart which specifies correct lamp sizes.)

An I.E.S. reflector-type lamp for a child's study desk requires a 100- or 150-watt lamp for proper illumination. A good reading light usually also needs this size bulb. For close visual tasks such as sewing, reading fine print, etc., you may require a 200-watt lamp bulb or larger. Our Home Lighting Advisors will be glad to help you choose the right lamp for the right socket in every room of your house. Call your Detroit Edison office.

ATTENDANCE LEAPS TO NEW HIGH

The largest number of students ever to have been enrolled in Plymouth high school is the record for this year. Last year's enrollment at the same time totaled 780. This year the attendance has risen to 885—an increase of 105 students. This increase is due primarily to Detroit families moving to small farms near Plymouth, particularly in the Stark subdivision. Another factor is the increasing number of employees in

the Burroughs Adding Machine company. There is also a slight increase in the number of students enrolled from the Rosedale Gardens school.

This year there are three record classes: the seventh grade with an enrollment of 140 is the largest seventh grade ever recorded here. The tenth grade with 178 students outstrips previous classes by at least 50.

The senior class with a present enrollment of 141 and a probable graduating group of 130 will be an increase of about 30 over any class ever graduated from the Plymouth high school.

If the attendance continues to grow at the present rate it is very evident that different arrangements will have to be made to accommodate it.

EXTRA CURRICULAR ACTIVITIES OFFER WORK FOR ALL

This year Plymouth high school is offering a variety of extra-curricular activities. It is requested that every student enter into at least one of these. Everyone should be able to choose one which he would enjoy. The activities listed at present are:

- Pilgrim Prints Miss Allen
- Junior Chorus Miss Gallimore
- Leaders' Club Mrs. Miller, 7.8
- Junior Drama Miss Lovell
- Penmanship Miss Cary
- Junior Hi Art Miss Fry
- Band Mr. Evans
- Photography Mr. Balden
- Airplane
- Senior Drama Miss Ford
- F. F. A. Mr. Lynch
- Home Ec. Club Miss Lundin
- Stamp Club Miss Cary
- Drivers Lic. Club. Mr. Campbell
- Debate Mr. Latture
- Leaders Club, 9, 10, 11, 12
- Mrs. Miller
- Senior Girl Reserves
- Misses Allen, Wells, Licky
- Junior Girl Reserves, Misses Hearn
- Hi-V Dykhouse
- Torch Club Mr. Bentley
- Boys' Glee Club, Miss Gallimore
- Girls' Glee Club, Miss Gallimore
- Orchestra Miss Gallimore
- Librarians Miss Taylor
- Football Mr. Jacobs
- Students who are planning to enter in extra-curricular activities must arrange their schedules accordingly.

The schedule was planned so that all organizations could meet during school hours, but many students have conflicting classes. This makes it necessary that a few clubs meet temporarily at noon.

ROSS PRESIDENT OF SENIORS

The senior class election was held in a manner similar to city elections in that printed ballots, private booths, and real election pencils were used. Miss Fiegel's classroom served as the voting polls and about 90 seniors of the total 140 voted.

The officers to serve as leaders of the class of '39 are Jack Ross, president; Betty Mastick, secretary; and Jean Hamill, treasurer. Jack and Jean served their class so well last year that they were elected to the same positions this fall. Jack has been very outstanding in the field of athletics—having been elected captain of the football squad for this year. Jack is taking an academic course in high school.

Jean's talents are outstanding in the field of dramatics. Jean is also taking an academic course.

DO YOU BLAME THE HITCH HIKERS?

Though Plymouth high school students in districts adjacent to Plymouth are warned of the dangers involved in soliciting rides to and from school from unknown drivers, it scarcely seems within reason that even five more boys or girls could be wedged into the now hugely overcrowded and out-of-date bus which is meant to serve the purpose of transportation for some 60 girls and boys from Rosedale Gardens, Newburg, New Detroit, Elmhurst, Coventry Gardens and Stink.

To further provoke the opprobrious transportation conditions, the fare for a single trip to school, formerly one student bus ticket from Middle Belt road costing five cents, has this year been raised to seven and one-half cents per ticket or 75 cents per week and approximately \$30.00 per year.

None of the parents are so endowed with money that they can allow their children to ride in such a state of utter confusion and pay dearly for it. Even two buses would enable the pupils to breathe in comfort and possibly receive a seat.

Any person who has been obliged to stand up in a cramped bus will agree that the hitch hiker can't be blamed.

While it is true that the line did not pay last year it certainly seems no reason why the student is obliged to make up the deficit.

It is certainly sure that the pupil does not look forward with avidity to his nightly ride.

The bus company was granted its franchise with the idea that it should maintain a complete and efficient service upon Plymouth road. Why don't they do it?

The various boys trying out for positions are:

Centers: Curtis, Dunham, Petrowsky, Butler.

Tacklers: Hull, Gordon, Passage, Klof, Erdely, Felton.

Ends: Prough, Darnell, Joliffe, Birchall, Butz, Lawson, Carlson, Marshall.

Guards: Rutherford, Olson, Lorenz, Matts, Sessions, Mills, Frose, Holywell, S. V. Jones.

Q.B.: Capt. Ross, Hiit, Herter, Mitchell, Hoffman.

H.B.: Leach, Gettleton, Scarpulla, Thamms, Norman, Keeler, Aquino, Wilson, Eddie.

Full B.: Krumm, Baker, Hewitt.

The final selection of players for the season against Redford Union at Riverside park Friday, September 23 will be made after Wednesday's final scrimmage.

PRACTICE SPEEDS UP AS FIRST GAME NEARS

Practice continued this week with 75 candidates working hard to gain a position on the varsity. Several veterans have shown up very well and came back in tip-top shape showing Coach Jacobi they were ready for a tough season. The past week the boys were given tackling and blocking practice which they needed to fill the gap left open by graduation.

The schedule for the football season is as follows:

Sept. 23—Redford Union, here.

Sept. 30—Van Dyke, here.

Oct. 7—Rochester, here.

Oct. 14—Dundee, here.

Oct. 21—Wayne, here.

Oct. 28—Dearborn, here.

Nov. 4—Clawson, here.

Nov. 11—Ypsilanti, here.

Nov. 18—Northville, here.

NEW TEACHERS ADDED

(By Virginia Rock)

Plymouth high school welcomes to its faculty the two new teachers, Miss Marian Taylor and Donald Sutherland.

Miss Taylor attended Michigan State college at Lansing and received her Bachelor of Arts degree. She has done no regular teaching but acted as a substitute last year. She attended the Plymouth schools until the sixth grade and then moved to Detroit. Miss Taylor will have complete charge of the library.

Mr. Sutherland has lived in Plymouth all his life. He attended the Plymouth schools and graduated in 1923. He was a student at Michigan State Normal college at Ypsilanti where he obtained his Bachelor of Science degree. He also attended Cleary college where he received his business training. Mr. Sutherland taught at Lapeer for one semester and then returned to Plymouth. He was in business in Flint where he worked in the Factory Accountant's Division. He has been in business in Plymouth until this year. Mr. Sutherland has four general science classes and two classes of typewriting.

We are sure that these two teachers will be a welcome addition to the teaching staff.

FRESHMAN MIXER FIRST SOCIAL EVENT

Due to the unusually large freshman and senior classes the annual freshman reception has been scheduled for the afternoon of Friday, September 16 to accommodate the large number of students who would be unable to come into Plymouth in the evening. The combined classes will total about 330 students—the largest reception ever given in Plymouth high school.

The general chairman is: Doris Buzzard; the refreshments chairman, Virginia Grimm; and invitation chairman, Betty Mastick.

WATERMELONS "SOOOP" AT ANNABELL'S FRIDAY

Annabell Brown entertained the Senior Girl Reserves on her lawn last Friday evening at a novel melon party. Benches and chairs were arranged in a circle about a glowing fire. Many dresses were spotted and faces washed during the consuming of both cantaloupe and watermelon.

IMPROVEMENTS TO GYM WORTH \$350.

The shiny new floor and collapsible basketball frame which high school students have observed make the gymnasium look like new" represents an outlay of approximately \$350.00 in labor and material expended and used during the summer vacation, according to Edward Stewart, of the janitorial staff.

The new basketball equipment, a folding device which supports the backboard and hoop is tacked up neatly against the ceiling so as not to obstruct the view of the stage when not in use. It was installed early in the summer by agents of the firm from whom it was purchased, for the modest sum of \$240.

The floors of both the auditorium and stage have been sanded and given four coats of varnish at a cost of \$100.00.

Students will reap the results of these expenditures for many years to come.

Town Hall Series Starts Oct. 12

A glamorous and important event will be the opening of the Detroit Town Hall in the Fisher theatre, Wednesday morning, October 12. Glamorous, because the Ballet Caravan, making its Detroit premiere, will present three entirely new and original ballets. Important, because this young organization of 20 dancers, organized by Lincoln Kirstein in 1936, has already created a sensation in the East because it has fostered the collaboration of rising young American choreographers and musicians in the tradition of the old Russian Ballet.

"Filling Station" and "Yankee Clipper," two of the most talked-of ballets of the past season, will be presented, as well as "Promenade," a one-act classical ballet to Ravels' waltzes. Virgil Thomson, who wrote the music for Gertrude Stein's "Four Saints in Three Acts," composed the music for "Filling Station" to the choreography of Lew Christensen who dances the chief role of "Mac" the Scappula attendant. Paul Bowles was recently honored by an entire concert in Mexico City, wrote the music for "Yankee Clipper" to Eugene Loring's choreography.

Second on the series of 20 Wednesday mornings at 11 o'clock will be Frank Lloyd Wright, famous architect, October 19. Mr. Wright will speak on "The Future of Architecture." Elsa Maxwell, famous for her original parties, comes October 26, to tell why "Today Society is Different." November 2 is the date for Felix Morley, editor of the Washington Post, who returns to Town Hall to speak on "The Press and Public Opinion."

Eugene Lyons, author of "Assignment in Utopia" speaks on "Russia Today." Lillian T. Mower, author of "Journalist's Wife," whose husband is the famous correspondent, Edgar Ansel Mower, will speak November 16, on "Where is Europe Going?"

November 23, William Lyon Phelps, literary critic, will speak on contemporary books. November 30, Capt. John D. Craig, direct from new deep-sea adventures in the Caribbean Sea, will bring movies of amazing treasure hunts at the bottom of the sea. Dr. Thomas Egan, surgeon-in-general of the United States Public Health Service, will make a special trip from Washington December 7, to speak on "Looking Forward in Public Health."

Among the big attractions scheduled for after the holidays are the Eva Jessye Choir, from the choral ensemble of the opera "Porgy and Bess"; the University of Chicago Round Table, bringing three noted authorities in person in a discussion of "American Foreign Policy—Drift or Design?"; Stuart Chase, economist; Jim Tully, Hollywood debunker; Stefan Zweig, biographer of Marie Antoinette; and Vicki Baum, author of "Grand Hotel." The series will close March 15, with Anna Enters, celebrated mime, in "The Theatre of Anna Enters."

NO CHANCE FOR ARGUMENT

A MEN IS THE ONLY CREATURE ON EARTH that can sit still and produce anything. A farmer not far from here whose chickens were mysteriously disappearing, put this sign on his chicken coop: "Anyone caught around this chicken coop at night, will be found there next morning." Speaking of chicken coops, if you are thinking of building one, or any other out building we have just the grade of lumber you're looking for and measured with the Golden Rule.

There will be no chance for argument this winter if you fill your coal bin now at low summer prices. Take our advice—you'll be glad you did when prices advance.

Buy Now for the Future

Thoughtful men and women recognize that the choice of a place of entombment should be made in the same spirit of wise provision for the future as that which prompts the writing of a will and taking out of personal insurance. These arrangements are made before there appears to be the slightest necessity for them.

Come out to Riverside Mausoleum. The new addition is now in the course of construction.

CARD OF THANKS

I wish to thank my many friends who so kindly remembered me with cards and flowers during my stay in the Ann Arbor hospital.

Mrs. Grace Lang.

CARD OF THANKS

Mrs. Kate Mecklenburg wishes to thank her friends and neighbors and especially the Plymouth firemen for their efficient work and aid during the fire at her home.

CARD OF THANKS

I wish to thank all my friends and neighbors and the Ladies' Aid for the beautiful flowers, cards, and personal visits; also the Rev. Mr. Peters for his prayers and comforting messages tendered me, during my recent severe illness.

Mrs. Riley Wolfrom, Farmington.

CARD OF THANKS

I would like, in this way, to convey millions of thanks to each friend and relative who shortened the hours of pain while I was in the hospital, by their calls, flowers and cards.

Mrs. William Martin.

CARD OF THANKS

We wish to express our sincere thanks to our friends and neighbors for their kindness to us during our bereavement, and to the Rev. Walter Nichol, Mrs. Chapman, Mr. Schrader and son for their courtesies.

Mrs. Robert Douglas and family.

IN MEMORIAM

In loving memory of George W. Hunter, who departed this life one year ago, September 15, 1937. "Though your smile has gone forever, And your hand we cannot touch, We shall never lose sweet memories, Of the one we loved so much." Wife, and daughter and family.

Ten species of Michigan fishes, including the small-mouth and the large-mouth bass, are classified in the sunfish family.

Eighteen thousand persons were left homeless by forest fires which swept through the Grand Traverse region of Michigan in 1871.

NOTICE OF MORTGAGE SALE

Defaults having been made (and such defaults having continued for more than sixty days) in the conditions of a certain mortgage made by JAMES SNEE and CATHERINE SNEE, his wife, of the City of Detroit, Wayne County, Michigan, to HOME OWNERS LOAN CORPORATION, a Corporation organized under the laws of the United States of America, dated September 28, 1933, and recorded in the office of the Register of Deeds for Wayne County, Michigan, on October 5th, 1933, in Liber 2676 of Mortgages, on Page 326, and said mortgage having elected under the terms of said mortgage to declare the entire principal and accrued interest thereon due, which election it does hereby exercise, pursuant to which there is claimed to be due and unpaid on said mortgage at the date of this notice for principal and interest and tax advance the sum of Three Thousand Nine Hundred Forty-Three and 85/100ths Dollars (\$3,943.85) and no suit or proceeding at law or equity having been instituted to recover the debt secured by said mortgage or any part thereof;

NOW THEREFORE, by virtue of the power of sale contained in said mortgage and pursuant to the Statutes of the State of Michigan in such case made and provided (including the Statute of holding Court on Tuesday, December 13th, 1938 at twelve o'clock noon, Eastern Standard Time for the County of Wayne, in the City of Detroit, County of Wayne, Michigan) at the office of the Register of Deeds for Wayne County, said mortgage will be foreclosed by a sale at public auction to the highest bidder of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due as aforesaid, and any sums which may be paid by the undersigned at or before said sale for taxes and/or insurance on said premises and all other sums paid by the undersigned, with interest thereon, pursuant to law and to the terms of said mortgage, and all legal costs, charges and expenses, including an attorney's fee, which premises are described as follows:

That certain piece or parcel of land situated in the City of Detroit, County of Wayne, Michigan, more particularly described as:

Lot seventy-nine (79) of Mary Armstrong's Subdivision of the West part of the Lelandine Farm, North of Grand River Avenue, according to the plat thereof recorded in the office of the Register of Deeds for Wayne County, in Liber 6 of Plans, page 8.
