

School Bus Service For Coventry Gardens

Pupils Find New Transportation Plan Big Benefit

The increased influx of students from the vicinity of Five Mile and Farmington roads to Plymouth high school has necessitated the establishment of a regular bus service from that district to Plymouth.

This year from 25 to 30 stu-

dents from Coventry Gardens, as the district is called, are in regular attendance at Plymouth. At the beginning of the year, parents of these children and other public-minded citizens circulated a petition stating the need for bus service and the amount they were willing to pay weekly. As a consequence, Louis Sucharok, licensed chauffeur and manager of the Plymouth Taxi service, was hired to drive the students to and from school in a new bus beginning the first week after Christmas vacation.

In former years the students whom the bus now serves were in a predicament: Plymouth was the nearest high school, but any means of transportation there did not pass by Coventry Gardens. The pupil was obliged, therefore, to resort either to hiking (either way) the three miles which was the nearest to the bus on Plymouth road, or to wait the arrival of a parent who worked in Plymouth or Detroit.

The new bus has eliminated this trouble, making possible for the first time a regular connection between Plymouth and Coventry Gardens.

STILL TIME TO SIGN FOR AMATEUR CONTEST

The amateur show announced last week by A. R. West, Inc. will be held on Thursday, March 9, Mr. West said today. Cash prizes will be awarded the winners and everyone with any ability as a musician, singer, dancer or entertainer is urged to communicate with the company immediately. Any amateur living in Plymouth, Northville, Ypsilanti, Wayne, Salem or in the surrounding districts is welcome to write to 507 South Main street or phone 136 for a rehearsal appointment.

Film Shows Both Old and New

Plymouth will have its chance to see the "First Century of Baseball," the official American League sound film for 1939 when it is shown at the annual father and son banquet next Friday night. The film will illustrate the old and the new techniques in baseball. In the above picture, Bill Werber, star of the Philadelphia Athletics, demonstrates the modern hook slide and Marvin Owen, Chicago White Sox third baseman, is the infielder.

Supreme Court Judges Residing Within State Boundaries

(Continued from Page 1)
000 of the taxpayers' money every year he holds his job! Isn't that something!

The legislative committee on public welfare has started the tremendous task of trying to bring about a proper, economical and efficient administration of this tremendously important problem. The so-called administration bill has been introduced. An effort has been made to eliminate many of the features that were objectionable in the bill defeated by the voters last fall. But the new measure will require a lot of study and work. There is no doubt but what numerous changes will be made, but the general outline of the act as proposed by the administration will doubtless be followed. It is apparent that some one did a lot of hard work on the bill for the governor.

Representative Charles Feenstra of Kent county introduced a bill in the legislature the other day which seeks to place the operation of the state highway department under a commission at the end of the present term of Commissioner Van Wagoner. Governor Fitzgerald, four years ago, made a recommendation in his message to the legislature providing for this same thing but the law-makers at that time did not follow through as requested by the governor. But conditions around Lansing have changed considerably. There is a very strong sentiment developing against the highway department because of its intensive political activities. Anywhere you go one can hear references to the "big highway machine" or some one suggesting that "you hadn't better do anything which will run up against the highway department." That's not a healthy condition in the state government and as a result there is a very strong sentiment growing up towards taking steps to break up any such powerful control in state affairs. Then, too, the startling revelations brought out as a result of the civil service investigation into the finely worked out system whereby each state employe has been forced to pay a political assessment each month is not reacting to the benefit of the highway department. It is generally known that this system of building up a great political slush fund was inaugurated in the highway department. From there it spread to other state departments. This "legalized" method of hi-jacking a portion of the wages of state employes for political purposes reached its height of perfection during the last two years. How many hundreds of thousands of dollars are now stored away in some hidden vault to be brought forth in some future political campaign to be used in "educating" the voters no one knows. But one can easily make some sort of an accurate guess when it is realized that the political assessments have averaged two percent or more on a state payroll of something like \$25,000,000 per year. Then, too, it has become generally known that money from the Democratic highway department's political slush fund found its way into the pockets of some Republican candidates for the state legislature. Who they were and what amounts of money they accepted is not generally known. But what a few did has placed many under suspicion. Two years ago it is known that the legislature was almost completely dominated by the highway department. The Feenstra bill, if it comes out of committee, will reveal just how much power it has over this legislature. Many do not believe it is as great as it has been in past years. There is a feeling on the part of some members that this is not just the time to take the action proposed in the bill.

This is one of those weeks when the work of the legislature has been pretty badly broken up. The Republican state convention was held Thursday at Flint and the house and senate took a recess for the day. While recesses were common back in the days of Murphyism, that has not been so this year. Two years ago during January and February there were almost three full weeks spent in doing nothing but recessing. This year there has been but two one-day recesses. That in itself is a record the present legislature can be proud of.

City Receives Bids On Adjoining Houses

City Manager C. H. Elliott announced early this week that he had been authorized by the city commission to ask for sealed bids on the two houses located on city property on Dodge street. The Hadley and Perkins houses, directly behind the Christian Scientist church must be moved away to provide the city with room for necessary expansion.

Chiropractic Called Medical

When Dr. N. M. Green, a registered doctor of chiropractic in Greenville, Michigan was not able to collect a \$38.00 fee because it was claimed that his services were not medical, he filed a petition with the Michigan department of labor and industry. Deputy Charles M. Black, before whom the petition was heard on June 23, 1938, entered an award in favor of Dr. Green in the sum of \$38.00.

The State Accident Fund, defendant, refused to pay for the services given to its client because it contended that the employment of chiropractic was not medical service.

It was undisputed in this case that the chiropractor had correctly diagnosed and permanently treated the plaintiff's injury. But, because chiropractic is a comparatively new science in the relief of human suffering, defendants chose not to recognize the services of a chiropractor as medical because no medicine was given. They forgot that an injury such as the plaintiff had, a dislocated vertebra, would have been treated with therapy, and without medicine, by any physician.

Plates Good One More Week

Old license plates cannot be used after next Wednesday, March 1 announced Frank Rambo, newly appointed manager of the Secretary of State's office yesterday. Those who have not purchased full plates as yet may use half-year plates until summer.

Mothers' Club Meets For Discussion Tea

The mothers' club of the kindergarten, first, second and third grades of the Starkweather school met Wednesday afternoon with the teachers of the school and enjoyed a tea and discussions of interest. Music appropriate to Washington's birthday was given. Thursday afternoon the mothers' club of the fourth, fifth and sixth grades met for a similar meeting with a good attendance.

On March 28, Dr. Georgia Mills of the Michigan department of health will be the guest speaker. Her subject will be "First Aid." This will be a joint meeting and the first of a series of six health talks to be given by Dr. Mills and sponsored by both parent-teachers' associations.

Mrs. George Farwell and Mrs. Howard Wood were joint hostesses at a surprise bridge party and shower in the home of the former Wednesday evening honoring Mrs. Karl Schlender and Mrs. J. J. Stremich. Nut cups in the form of tiny pink and blue crepe paper cradles were used on the tables from which a lunch was served in the late evening. The following guests were present: Mrs. J. J. Stremich, Mrs. Karl Schlender, Mrs. John Henderson, Mrs. Leonard Curtis, Miss Cordula Strasen, Miss Hanna Strasen, Miss Hildur Carlson, Miss Marian Beyer, Mrs. William Downing, Mrs. Clifford Tait, Mrs. Harold Finlan, Mrs. Jack Taylor, Mrs. Elizabeth Mowbray, Mrs. Francis Beals, Mrs. Roy Streng, Mrs. Goodwin Rumble, Mrs. Edward Dobb, Mrs. William Arscott, Mrs. Olivia Williams, Mrs. Carl Capin, Mrs. Sanford Shattuck, Mrs. Vaughan Smith, Mrs. Charles Daley, of Ann Arbor; and Mrs. Edward Paulson, of Wayne.

Mrs. George M. Chute and Mrs. Ward Henderson entertained at two very delightful dessert luncheon and bridge parties on Wednesday and Thursday of this week in the former's home on Garfield avenue. Miniature cherry trees centered the tables and the tallies and score cards carried out the Washington's birthday idea. The beauty of the home was further enhanced by bowls of snapdragons, red and white carnations and a large pot of red tulips with pussywillows interspersed. Each day 24 guests were entertained, who greatly enjoyed the hospitality of their hostesses. Mrs. Perry Richwine will entertain the Tuesday afternoon contract bridge club at a dessert luncheon, February 28, in her home on Penniman avenue.

Mr. and Mrs. H. G. Bacon and family, of Lake City, were week end guests of Mr. and Mrs. Leo Crane, Mrs. Bacon is a sister of Mr. Crane.

The Ladies' Auxiliary of the Ex-Service Men's club will have a potluck dinner this (Friday) noon in the home of Mrs. Harry Terry on Union street.

Mrs. Jack Kenter, who fell and badly bruised her hip, has improved sufficiently so that she was able to entertain the Revere club this week.

Mrs. Harry Simmons of Cleveland, Ohio, and Mrs. A. A. Limpert and daughter, Elysbeth, of Ann Arbor, visited at the William Greer home Saturday.

Mrs. Edson O. Huston returned the latter part of last week from Ann Arbor, where she had been again called by the illness of her brother.

Mr. and Mrs. Charles Crawford of Oxford, were guests of the latter's sister, Mrs. E. C. Vealey, last week, returning home on Sunday.

George M. Chute and John T. Neale Jr., have been compelled to remain home the last week from their duties in Detroit, on account of illness.

The Book club will meet Tuesday with Mrs. Louise Hutton. Mrs. Fred Thomas will review the book, "The Citadel."

The Junior contract bridge club will meet Thursday evening, March 2, with Mrs. Lisle Alexander on Mill street.

Mr. and Mrs. Alfred Mitschke and son, Richard, of Detroit, were Saturday dinner guests of Mr. and Mrs. Thomas W. Moss.

Mr. and Mrs. John Henderson and son, John, were Sunday dinner guests of Mr. and Mrs. Bert Newman in Brighton.

The Tuesday afternoon contract bridge club will be luncheon guests of Mrs. John J. McLaren February 28.

Mr. and Mrs. William Franks, of Detroit, were dinner guests, Saturday, of Mr. and Mrs. E. C. Vealey.

Official Proceedings Of The Commission

Plymouth, Michigan
Feb. 21, 1939
A regular meeting of the city commission held in the City Hall on Monday, February 20, 1939 at 7:30 p.m.

Present: Mayor Hondorp, Commissioners Robinson, Whipple and Wilson.
Absent: Comm. Blunk.
The minutes of the regular meeting of February 6, 1939 were approved as read.

Comm. Blunk arrived at this time.
A communication was received from Wilbur H. Johnston, Welfare Administrator, was moved by Comm. Robinson and supported by Comm. Whipple that the communication be accepted and placed on file. Carried.

A communication was received from J. W. Stinson, Superintendent of W.P.A., Plymouth district, relative to phone service. No action was taken.

Mr. A. Tobin of the Bureau of Taxation was present and presented Assessor's Plats Nos. 15, 16 and 17.

It was moved by Comm. Wilson and supported by Comm. Blunk that Assessor's Plats Nos. 15, 16 and 17 be approved and further, that the Assessor and Clerk be authorized to sign the same after the City Engineer has approved the same. Carried.

Mr. Robert Joffie was present and talked to the Commission concerning parking on Main St. between the P.M.R.R. and Amelia St.

It was moved by Comm. Whipple and supported by Comm. Wilson that the City Manager be instructed to make provisions for the elimination of trucks parking on Main St., and further, that adequate signs be placed at the intersection of Amelia and Main Sts. to prohibit the parking of vehicles near the intersection. Carried.

It was moved by Comm. Whipple and supported by Mayor Hondorp that the City Manager be instructed to have "no parking to corner" signs placed at Main St. and Ann Arbor. Carried.

It was moved by Comm. Whipple and supported by Comm. Robinson that the City Manager be authorized and instructed to make a study of parking of trucks on Penniman Ave. Carried.

Messrs. Jacobs, Thompson, and Mumby were present and requested the City Commission to appropriate money for band uniforms for the high school inasmuch as the band was used for civic affairs.

It was moved by Comm. Wilson and supported by Comm. Whipple that the City of Plymouth donate one-quarter, or not to exceed \$250.00, of the cost of uniforms for the band. Carried.

Mr. Pilgrim of Northville requested a sanitary sewer on Pacific Avenue between Farmer and Junction Aves.

The following resolution was offered by Comm. Whipple and supported by Comm. Wilson:
WHEREAS, the City Commission declares it a necessity to construct an 8-inch sanitary sewer on Pacific Avenue between Farmer and Junction Aves. and

WHEREAS, this is a special benefit to the property owner abutting the said improvement;
THEREFORE BE IT RESOLVED that this Commission will meet and consider any objections thereto on March 7, 1939, Tuesday, at 7:30 p.m. Carried.

It was moved by Comm. Wilson and supported by Comm. Whipple that Assessor's Plat No. 14 be placed on the table indefinitely. Carried.

The City Clerk presented a bill of complaint filed against the City concerning Assessor's Plat No. 14. This prohibits the City officials of approving and signing the plat and quieting title of property.

It was moved by Comm. Whipple and supported by Comm. Robinson that the City Attorney be authorized to enter an appearance in court and defend the public rights in the suit on Assessor's Plat No. 14. Carried.

For Safer Brooding Conditions

The Jamesway Insulated Brooder House

To safely brood chicks one must have a light, warm, draft-free brooder house, thoroughly insulated and scientifically ventilated. To meet this requirement, Jamesway has designed the unique round brooder house shown above. Roof and sidewalls constructed of 1/2 inch Jamesway insulation, with battened joints and tight fitting door and windows. Easy to keep warm and comfortable.

Special ventilation system, designed by Jamesway provides a circulation of clean, draft-free air.

The Jamesway Insulated Brooder House comes ready cut from the factory and is shipped "knock-down" for easy assembly and erection. All sections are ready cut except flooring, which comes in stock lengths. When erected, brooder house measures 11'-3/4" in diameter. Sidewalls 8' high. Center height 9'-0". Two 8'-high (10x4 glass) ventilating iron metal ribs, furnish abundant beautiful sun-light.

We carry a complete line of Jamesway baby chick equipment, including the Jamesway Oil Burning Brooder Stove, the most popular brooder in America!

Salvation Army Inducts Troop Here On Monday

16 Girls To Be Initiated At Public Ceremony

Captain Elizabeth Lamoire, of the Plymouth Salvation Army announced yesterday that inaug-

uration services will be held Monday for the new Life Saving Guard troop they are organizing. Inauguration ceremonies will be held in the Central grade school auditorium at 7:30 Monday, February 27. Guest speakers for the evening will be Mrs. Austin Whipple and E. J. Allison.

Troops from Ecorse and Grandale will present a sketch with the musical quartette of the Citadel Corps furnishing the music. Brigadier James Murphy is to be chairman for the evening and Major Glenn Ryan will do the inaugural work. Rev. Lynn B. Stout, of Calvary Baptist church, will give the invocation.

The Life Saving Guard troop is a character-building organization much like the Girl Scouts or Girl Reserves. Formation of the group was begun last year under the direction of Captain Alder. During the last year, Miss Dorothy Eaton has been training 16 girls in character classes. They have passed the necessary tests and are now eligible for initiation. Previous to public inauguration, the girls will be privately enrolled, but they cannot wear the new uniforms which the Army has purchased for them until the public ceremony.

Three Assessor's Plats Approved

Assessor's plats numbers 15, 16 and 17 were presented to members of the city commission at their meeting Monday night for approval by a member of the bureau of taxation of Detroit.

Plat 15, which is the piece of land in Plymouth bounded on the south by Plymouth road, on the west by North Mill street, on the north by the Pere Marquette railroad and on the east by the city limits was the first one presented. Plat number 16 is bounded by the Pere Marquette railroad on the south side, by North Mill street on the west, and by the city limits on the north and east. Last to be presented was plat number 17; this plat includes the land bounded on the south by the Pere Marquette railroad, on the west and north by the city limits and on the east by assessor's plat number 16.

Commissioners approved these plats unanimously. A restraining order has been issued by Circuit Judge Guy A. Miller forbidding city officials to sign plat number 14 and the city attorney was authorized to prepare a case for Plymouth.

Commissioners Buy Heavy Road Grader

The city of Plymouth purchased a new road grader this week. Manager Clarence Elliott said yesterday. Authorized by the city commission to buy one, he accepted the lowest bid submitted. The new grader, purchased from the Earl Equipment company, is much heavier than the one now in use and will enable the city to do much better work on the dirt roads and the shoulders of tarvia roads. Complete with a much-needed scarifier, the grader is expected to arrive within a few days.

Tom Brock Wins Again For Albion

The men's negative team, Thomas Brock, of 2000 Canton Center, Plymouth, and William Henning, of Kalamazoo, representing Albion college, won both its debates in the Michigan Intercollegiate Forensic league's annual men's debate tournament at Michigan State college, East Lansing, held Friday, February 10. The Albion college men's squad, defending champions from 1938, won eight of 12 debates to gain third place in the tournament. Wayne university won first place, Michigan State college won second. Other colleges participating in the tournament were Alma, Calvin, Hillsdale, Hope, Kalamazoo, Michigan State Normal and Western State.

Last year, as a freshman, Brock was one of the mainstays of the squad that won the state tournament for Albion college. In the years 1935-37, Albion won second place in the state tournament.

Debating the question "Resolved: that the United States should cease to use public funds (including credit) for the purpose of stimulating business," the Albion men's squad won over Hope college, Michigan State college, Chicago, and Huntington college earlier this year in the Hope College Invitational Debate tournament at Hope, January 12. Other debates this year with Wayne university and Michigan State Normal were non-decision, practice debates.

James Bristah, of 11427 Ingram, Plymouth, teamed with Donald Benedict, of Adrian in the state debate last Saturday but did not fare as well as Brock, as his team lost both contests. Coaches in charge of the squad are Clarence A. Peters, director of men's debate, and Dr. K. G. Hance, professor of speech.

According to Dr. Hance, the women's debate tournament is scheduled to take place at Kalamazoo, Saturday, February 18. Last year Albion college's women's debate squad tied with Calvin college for first place in the women's state debate tournament.

Of the 762 students that enrolled at Albion college for the second semester, which started February 6, five were from Plymouth. These were: James Bristah, Thomas Brock; Ralph Fischer, of 1110 Plymouth road; Robert Hudson, of 188 North Main street; and Ted Watts, of 32101 Plymouth road.

Bristah is a junior, Brock a sophomore, Fischer and Hudson freshman, and Watts a graduate student and assistant athletic director at Albion college.

Vicki Baum To Be At Town Hall

Vicki Baum, glamorous Viennese novelist whose best-seller "Grand Hotel" brought her world fame over night, will speak before the Detroit Town Hall in the Fisher theatre next Wednesday, March 1 at 11:00 a.m. Out of her personal philosophy gained from her own rich life and her studies of other people she will offer her answer to the question, "Why Be Afraid?"

In writing her novels Vicki Baum has made it a point to live in the atmosphere she was depicting. While writing "Grand Hotel" she worked for six weeks as chambermaid in a leading Berlin hotel. She lived in Bali for months to write "Tales of Bali" (1937).

For years she toured Germany with her husband, Richard Lehrs, conductor of an orchestra in which she had played the harp. She studied people in small towns, became acquainted with odd hotels and queerer guests. In her spare time she scribbled stories and novels. By accident these were noticed, sent to a Berlin publishing house; two books resulted.

Six years later, Vicki Baum, now in Berlin where her husband was a conductor of the Berlin State Opera, took a job editing in the biggest German publishing house. Before long she was editor of the leading German woman's magazine, "Die Dame." Her daily mail overflowed with the life stories of persons who wrote her for advice.

TOWNSENDITES SPONSOR PANCAKE SUPPER

At the Townsend meeting Monday night, February 20, definite plans were made for a pancake supper to be held in conjunction with the giving away of the hand made quilt, March 6, in the Masonic Temple. The details of the program will appear in the next issue of The Plymouth Mail. The next meeting will be Monday, February 27, in the Grange hall at 8:00 p.m., when another open discussion on the Townsend plan and the results of hearings now being conducted before the Ways and Means committee of Congress with the important program for March 6 will be the order of the evening.

The automobile dollar is a silver coin circulating in the Chinese interior and decorated with a sedan of American design.

Bartlett News

The Bartlett P. T. A. will meet Monday evening, February 27 at the school house. Citizenship and cooperation will be the theme of the meeting. The meeting was postponed from February 20 because of the great amount of sickness in the community.

Miss Amy Blackmore spent the week-end with Mr. and Mrs. Allan Campbell. On Saturday Mr. and Mrs. Joseph Rowland were supper guests and in the evening the group attended the card party given by the Hough Home Management at the Hough school.

Neil Travis has been confined to his home for the last week by illness. Mrs. Travis is visiting her parents in Buchanan this month.

Figures that Prove Banking Efficiency

Not many people realize how economically banks serve them.

According to figures recently published by the Post Office Department, it costs the Government an average of 14 cents for every money order issued.

Banks are nearly three times as efficient. The average cost to them for a check drawn and paid is only 5 cents.

Nothing could show more convincingly how banks serve their depositors with a minimum of waste and expense.

More Cities Seek Manager Plan

"More Michigan cities," says City Manager Clarence Elliott, "have been making active campaigns to inaugurate manager-commission government in the last few months than any time in the last five years."

Led in this movement by such outstanding cities as Chicago, Philadelphia, Minneapolis, Waterbury, Providence, Montreal, Toronto and Vancouver, are the state's leading cities: Ann Arbor, Traverse City, Midland, Port Huron, Allegan and Hazel Park. With the turn of the nation and the state's largest cities to commission government, Plymouth again proves itself a leader.

Seven years ago when Plymouth was incorporated as a home rule city under the manager-commission plan of government, the idea was looked upon as a novelty. Sceptics called it idealistic to try to divorce politics from city management. But time proves those sceptics wrong, says Mr. Elliott.

At its inception, the manager-commission movement was stymied by the unsuccessful attempt of Cleveland to make it work in that city. But there the plan was never given a fair chance, he states.

"It is really gratifying," says Elliott "to see the number of our neighboring cities that are adopting the plan, largely because of our example."

Alpha Iota Chooses Three Local Girls

Irene Granger, Harriett Ingall and Dorothy Metzger have been elected to Alpha Iota, international honorary society of business students. These girls, recent graduates of Plymouth high school, were selected on the basis of scholarship and outstanding leadership to be members of the chapter.

LIVONIA BENEFIT PROVES SUCCESS

The benefit dance held last Saturday by the Ladies' auxiliary of the Livonia Goodfellows was a real success according to General Chairman Mrs. Louis LeBar. She attributed much of it to Fielder Schaffer, Walter Dann and Walter Anderson who served refreshments during the evening. The ladies, in an attempt to raise money for the Goodfellows are sponsoring a series of parties. The next will be a Silver Tea; further announcement of it will be made in The Plymouth Mail.

WINTER'S STILL HERE—
In Michigan!

Do you know that Michigan offers fine facilities for winter sports... that probably no State excels our own as a winter playground? And do you realize the advantages of making this fact more widely recognized? It will stimulate a growing Michigan industry. It will bring additional money into the State. It will create more jobs for Michigan men and women.

Progress has already been made in this work. Every one should help—you can help by telling your friends about Michigan's Winter Carnivals and centers of winter sport. The Michigan Bell Telephone Company is publishing this advertisement, one of a series, in 250 Michigan newspapers to help gain wider acceptance of Michigan as a great State for the sport that winter brings.

Ypsilanti Braves Submerge Plymouth Rocks 39 - 24

The ill-fated Rocks succumbed to the rambling Braves 39-24 as they dropped the sixth out of the seventh league start to Ypsilanti, February 18, and sank to last place in the Twin Valley Activities association.

It became obvious that the Braves were the superior team when at the end of the first quarter they piled up a nine-point lead and later established their supremacy by 13 points at the completion of the first half. The score was 29-6 with Plymouth in the dumps. Ypsi maintained a lead ranging from nine to 23 points for the duration of the game.

At this point the game turned into a rough and tumble struggle with Wilson or Allward bursting through the melee to increase Ypsi's mounting score. Wilson and Allward each scored eight points. Wilson peppered spectacular one-handed shots from the four line and underneath the baskets. During the closing minutes of the second quarter Allward dribbled the entire length of the court and kicked the ball over his head to lighten Ypsi's already huge lead by two points. "Butch" Krumm scored a fourth of Plymouth's total while Bob Hitt strengthened the lead by five points.

Throughout the game 16 fouls were levied, eight against Plymouth and eight against Ypsilanti. The Rocks gained four points on six tosses to five converted by the Braves.

An outstanding feature of the game was the fact that Plymouth doubled her score in the third quarter and again in the fourth. In the third quarter Krumm, "Rocky" Smith, and Hitt were responsible for the doubling and "Spec" McAllister, Baker, Krumm and Birchall gained the 10 points needed to redouble the score in the fourth period.

PLYMOUTH AFFIRMATIVE TO DEBATE LINDEN NEGATIVE, MARCH 3

In the third round of the state elimination debates, Plymouth will uphold the affirmative against Linden's negative on March 3 at Linden high school. Plymouth's team, coached by James E. Latture, will be Marvin Hank, Robert Daniel and Leo Schmitz.

PLYMOUTH RESERVES WHIP YPSI 23-21

The second team took the Ypsilanti team down the line last Thursday for a final score of 23 to 21.

During the first quarter play was about even. But from the second on through Plymouth fought into the lead. Towards the end Ypsi started to close in a little.

In the first quarter Aluia was the only one that made a foul for Plymouth although there were others called. Wilkie, Aluia, and Bloomhuff making the points put the Rocks in the lead with Ypsi close behind.

Plymouth started to pull ahead in the second quarter, and at the half the score was 9 to 15. Durham, Robinson, and Butz, now on the floor, kept the Rocks in the lead.

During the last quarter Ypsi seemed determined she was going to win; they did come ahead a little by using good passing attack.

Aluia, thinking he had better pep up the game, sank a spectacular shot from the middle line. To make up for this E. Dreyer of Ypsilanti hooped one for his side from the middle, too.

There were only three points made during the last quarter, which were by Art Johnson and Bill Aluia, Johnson making a foul and Aluia making his middle floor shot.

Wilkie with 10 points was the high man of the night. Harman making six points was the highest on the Ypsi team.

As a whole the two teams were about the same in height, and both played good games.

The lineups are as follows: Plymouth: Bloomhuff 2, Wilkie 10, Aluia 5, Johnson 1, Durham 2, Robinson 2, Butz 1, Gorton 1, Fischer 0, Hoffman 0.

Ypsilanti: E. Dreyer 5, B. Dreyer 0, Burklich 4, Gable 0, Gaudy 0, Woodside 2, Briton 4, Harman 6, Walmar 2.

LOCAL DEBATORS VICTORIOUS IN SECOND STATE ELIMINATION; DEFEAT HOWELL 2-1

Again meeting last year's opponent, in the second state elimination debate, Plymouth emerged victorious in a 2-1 decision over Howell Wednesday, February 15 at Howell high school.

The local team, upholding the affirmative of the issue, Resolved, that the United States should form an alliance with Great Britain, was composed of Marvin Hank, Robert Daniel, and Leo Schmitz; the members of the Howell team, defending the negative, were Maurine Sharpe, Barbara Knoop, and Charles Hills. The judges were Mr. Mills, coach of debate at Ann Arbor high school, Mr. Weller, instructor in speech at the University of Michigan, and Mr. McKay, coach of debate at Farmington high school.

Until the local team is defeated, Plymouth will continue to be represented in the state elimination debates.

Thirty-two teams are left in the eliminations at the end of the second round.

RECREATION DANCES, FRIDAY, SATURDAY NIGHTS. Plymouth now has two new dance bands which will be heard at the Youth Federation dances held Friday and Saturday nights in the city hall recreation room. "Mike and His Rhythm Kings" proved a great hit Saturday night and attracted a large crowd of adults as well as dancers who gave the new orchestra a grand reception. Although a very young orchestra, it promises to be a big attraction to the younger dancers. They will play again on Friday night of this week at the modern and old-time dance in the city hall. The hours will be from 8:00 to 10:30.

SENIOR PLAY TO BE PRESENTED MARCH 9, 10. The annual senior play under the direction of Miss Winifred Ford will be "New Fires," a comedy by Charles Quimby Burdette. The plot deals with the humorous situations arising when a family of spoiled children is transplanted to a farm house in the Missouri Ozarks and are forced to shift for themselves after being waited on by maids for years. The humor is heightened when the two smallest children break out with scarlet fever and the family is quarantined for a month. "New Fires," one of the more recent plays, has been widely acclaimed for high school production and, although light in being, it provides many heart-tugging moments for the audience.

DOROTHY ROE AND ANNA-BELLE BROWN ATTEND GIRL RESERVE CONVENTION. Dorothy Roe and Annabelle Brown, holding the respective offices of president and program chairman in the Girl Reserves chapter of Plymouth, attended a state-wide convention of Girl Reserves in Bay City from Friday afternoon until Sunday evening. Leaving Plymouth Friday on a special train, the girls were received in Bay City by the local representatives who acted as hostesses and who threw open their homes to accommodate the girls with lodging. About 150 school sent girls who numbered around 300 in all. The theme of the conference was "Building Today Personality for Tomorrow," the study of which was divided into three main divisions, career, marriage and democracy. The program included lectures, discussion groups, a banquet, a play by the Bay City players and the attending of church in a body on Sunday. The fitting climax and conclusion of the conference was a beautiful ceremony. The girls stated that they had enjoyed their sojourn and felt that the experience and knowledge they gained would prove beneficial in years to come.

STARWEATHER P. T. A. STARTS MEMBERSHIP DRIVE. The Starkweather Parent-Teachers' association has started a membership drive. At present it is a sad looking sight, with only a few leaves. Each paid-up member adds a new leaf. Are your annual dues of 25 cents per person paid? If not, why not pay them now and add a leaf to the tree? The tree will blossom into its full beauty if it is made a mothers' tree with fathers, mothers, uncles, aunts, grandfathers, grandmothers and friends joining to add new leaves.

A surprise birthday party was arranged for Virginia Grimm of Wayne road by her mother and grandmother. There were many young friends of Virginia's who met at the grandmother's home, then walked to her home in a group to surprise her. Every one had a pleasant evening.

On Saturday evening, February 23, at 7:30 p.m., there will be another movie at Stark school building by the science teacher of Plymouth high school. He will use Plymouth high school equipment and the following pictures will be shown: "Oliver Twist," "Dickie Moore," "The Tramp," "Charlie Chaplin," (two reels), "Felix Goes Hunting," and "The Challenger," both comics; also "We Drivers," one reel of a film on safety that won the national award for safety.

Mr. Besemer, Wayne county agricultural agent and 4-H club leader, was at Stark school Monday afternoon and took motion pictures of 4-H club boys at work. These pictures will be shown throughout the county for 4-H club exposition purposes.

The seventh and eighth graders of Stark school and others of teen age will have a social evening twice a month. Officers have been selected. Tony Kreger will be in charge. Watch for further dates and information.

The first dance which was put on by the auxiliary of Stark school was a success. We were happy to see so many boys and girls in their teens having such a grand time. The Ladies' Auxiliary should be complimented on the successful arrangement of both card party and dance at the same time. Lovely prizes were given for each table and cute Valentine dolls with saucy faces were pinned on lapels and dresses as favors to all who attended the party. These favors were made by the officers of the auxiliary, which include Mrs. Newstead, Mrs. Davis, Mrs. Byrd and Mrs. Crawford. Let's hope we can have some more of these joint parties in the future. Those who didn't attend the last one should make it a point to attend the next one and join in the fun.

On Friday, February 24, at 8:30 p.m., Mr. Campbell, Mr. Bowser, J. Gage, Mr. Groves, Mr. Newstead and Mr. Byrd are invited to bowl at Wayne bowling alleys at Wayne near the theatre. All men in Plymouth Gardens community are invited also to attend and bowl.

Mrs. William Dethloff of Stark road received word that her son, John, re-enlisted in the navy for four more years. He seems to like this type of training.

Baby Frankie Leurck celebrated her birthday, February 15.

Mrs. L. H. Morris entertained the bunco club Tuesday. Prizes were won by Mrs. Morris, Mrs. Westphal and Mrs. Thatcher.

The bunco club gave Mrs. Amos Slater a stock shower Tuesday evening at Mrs. Thatcher's home.

The sewing girls of Stark school are planning on a St. Patrick's dance. They will wear formal with green hair ribbons or a belt. They hope to make this dance a big success.

Cecil Parks has spent the last week working in Ohio.

Mrs. Trick, Mrs. Schrom and Mrs. Burkholder spent Friday in Detroit.

Miss Carolyn Bowser spent Sunday afternoon and evening in Winsor, Ontario, Canada with a group of friends from Wayne and Dearborn.

Mrs. Harvey Odgers spent the week-end with her sister in East Detroit.

Mrs. Joseph Richard spent Monday in Detroit with her sister.

Mrs. Jack Gage and son, Jim, spent an afternoon last week visiting Mrs. Sitar and her niece.

Mr. and Mrs. Frazier Galamore and family spent the week-end in Columbus, Ohio.

Mr. and Mrs. F. Byrd entertained Mr. and Mrs. J. Gage, Thursday evening.

Harvey Odgers attended the bowling tournament at Battle Creek last week-end.

On the night of Thursday, February 16, the seventh and eighth grade pupils of Stark school went on a skating party. Mr. Groves, the teacher, joined them. They all had a lot of fun except for a few accidents. Despite the numerous bruises, Mr. Groves was back the following day, teaching school.

Mr. and Mrs. Harry Crawford were guests of Mr. and Mrs. J. Gage one evening this week.

Newburg School News

Our room enjoyed a Valentine party last week Tuesday. We played several games led by Donna Underhill, Ruth Popovich and Oena Ballen. Our Valentine mail was delivered by Postmen Bakewell, Bovee, Wood and Titus.

Refreshments of jello and mint cookies were served by Jean Ann Livermore, Mitzie Lee Jacobson, Phyllis Thompson and Laurel Norris.

At a skating contest, sponsored by Mr. Allen, Mitzie Jacobson won the girls' race; Russell Rhode, the boys' race; Clark Norris the jumping race for boys; and Donna Underhill for the girls. Robert Bartel won the smaller boys' race.

We are practicing for the Detroit News spelling bees. Jean Ann and Norman Livermore visited friends in Detroit Saturday.

Aileen Arbutnot spent Saturday with Margaret Jenkins in Stark.

Ruth Popovich attended the Young Writers' club party at the WWJ auditorium Saturday afternoon.

For assembly last Friday our room gave the following program: Harmonica solo, "Oh, Suzannah," by Clark Norris; several stories of Lincoln by Robert Bovee, William Wood and Oena Ballen; piano solos by Billy Bakewell and Billy Bartel.

We have two pretty plants that help make our room bright. Robert Clement brought a primrose, and Robert Bartel brought a Cineraria.

The fourth and fifth grades have learned two dances. They are called "Life on the Ocean Wave," an American dance, and "Csebogor," a Hungarian dance.

Ruth Chilson and Kenneth Rhode are having dental work done. We hope we will have more children going to the dentist soon.

The fifth grade geography class is studying about cotton.

We received a Valentine from Lillian Popovich last week. Lillian is going to school in Detroit now.

We had the following program for assembly last Friday: Duet, Alan Kidston, piano, Bruce Kidston, violin; "An Introduction," Josaine Bovee; "A Story," Robert Clement; "A Story," John Myers; harmonica music by Roy Bennett, Alah Kidston, Robert Clement and Jean Shepco.

Robert Wood announced our part of the assembly program.

STARK SCHOOL RECREATION NEWS

The table tennis tournament is stirring up considerable excitement among the seventh and eighth grades.

There is an entry of 14 boys and 13 girls.

Some of the fifth and sixth grade boys are making fish line reels, bird houses and other small articles with the coping saw during the intermediate wood-working classes.

Members of the 4-H handicraft club are rushing to complete the required articles to enter in the exhibit at the Wayne County Training school March 15.

Last week the girls' basketball team played its first game with the team from Fisher school. They were defeated 10-2. The boys also played and dropped a close one 17-15.

The young people of this community have decided to have an evening of recreation every two weeks. A group met last Thursday evening to elect an entertainment committee. Shirley Wash, Tom Roberts and Bob Marshall were appointed and bused will be the special entertainment for the first party to be held Friday, February 24.

COMMON SENSE.

The other day when Floyd E. Drake, executive secretary of the Michigan Railroad Employees and Citizens League appeared before the senate committee to discuss with its members a bill pertaining to a transportation measure before the committee, he made numerous statements that are basically sound and contained much common sense, in addition to pointing out the inconsistencies of one of the annoying political questions of the day.

"Transportation has degenerated largely into a political service to be provided at the taxpayer's expense for the benefit of any group with sufficient votes to command attention," he declared.

"Once we looked upon transportation as an economic service to be paid for by those who use it," Drake said, "but this is no longer the truth. We've made the taxpayer an unwilling partner in the transportation business, arguing to him that he thus can get cheaper transportation. Instead, it is costing him more. And because we make him the goat, traffic is being shifted from more economical methods to those of less economy, and from an agency, the railroads which yield taxes—to those, among them, the trucks, which consume taxes.

"As a result traffic may no longer be shipped by the cheapest method, all elements of cost included. Shippers are concerned with rates only and they will route their traffic by whichever agency offers the lowest rate, regardless of the all-inclusive cost and regardless of what deficiency must be made up by the taxpayer. And, increasingly, the appalling size of those deficiencies is being revealed to the taxpayer as highway cost studies in other states have recently shown."

Drake advised the committee "this is the public's problem and the matter of truck regulation and taxation is one between the trucks and the public, not one between the trucks and the railroads, as it has unfortunately been termed by proponents of highway reciprocity."

THE NEW FEDERAL JUDGE.

The selection of Frank A. Picard as the new federal judge for the eastern Michigan district is an appointment that reflects nothing but the highest credit upon President Roosevelt. It is an appointment over which every good citizen of Michigan can rejoice. Judge Picard will serve honorably and with distinction to the judiciary to which he has long aspired. To one who has been "through the mill" there is nothing that brings quite so much satisfaction as to witness the success of a good citizen who has been forced to travel the long, hard way through life. Mr. Picard's appointment will in part offset the widespread resentment of the selection of the insipid Frankie Murphy for a high post to which he is no more fit or entitled than some braying burro of the western plains. Congratulations to both President Roosevelt and Judge Picard! Time will prove that the appointment will be one of the most outstanding made by the President in recent years.

THINKING THE PUBLIC WAY

A short time ago Attorney General Thomas Read of Michigan was asked to join with a group of other attorney generals from the states of the nation in a joint protest against the congressional bill to force all public employes to pay an income tax. Mr. Read refused to have anything to do with the protest. He declared that he couldn't see any reason why state employes should not pay an income tax like any one else who makes sufficient money to pay the tax. "Our salary should not be classed differently from those of persons in industry," said Mr. Read. His statement shows that he is using both common sense, and thinking, too, just as the public thinks.

THE TABLES TURNED.

If a saving sense of humor existed among the economic planners in Washington they might avoid some of their inconsistencies. The current blast from the rural electrification administration against a Michigan power firm is a ludicrous case in point.

The REA, it seems, is exceedingly wroth because the private utility in this state is offering to serve farmers at rates which are lower than those which the REA co-operatives can offer. Ignoring the fact that the private farm rates have been the same as city rates for ten years—long before the REA came into existence—the administration attempts to create the impression that the power firm is to be condemned for giving the people power at low cost.

The inconsistency of the situation, says The Grand Rapids Press, is to be found in the frequent utterances from Washington demanding lower rates for consumers on the part of the private utilities. Government competition, it has been widely heralded, would provide a yardstick which would measure the private rates and force them down to a point at which the consumer might enjoy the benefits of service to a larger extent.

Now that a Michigan utility is discovered to be offering low rates a howl goes up in Washington to the effect that they are not fair to the government-sponsored lines. The REA associations furthermore are facing the prospect of raising their rates in order to make ends meet.

It makes a difference, it seems, whose toes are trod upon. When a government subsidized system is able to underbid a private firm that is all right because it is "for the good of the people." But when the private firm turns the tables it is all wrong, the Washington planners intimate.

The customers who enjoy the lower rates, we suspect, will be laughing up their sleeves. And the majority of the public probably will do likewise. In Washington, apparently, they have forgotten how to laugh.

NO SUBSTITUTE.

There are a few things for which there is no substitute. There is no substitute for courtesy. There is no substitute for loyalty. There is no substitute for gratitude. There is no substitute for faith. There is no substitute for kindness. There is nothing in the world "just as good" as any one of these virtues.—James Gallery in The Caro Advertiser.

NO LONGER FUNNY.

Will George Burns or Jack Benny ever sound so funny to you again, now that they have been in those smuggling activities? We wonder. There has been altogether too much of a tendency to call people smart if they were able to get something to which they were not entitled and "get away with it." This sentiment has led to the downfall of many a youth as well as a lot of older people. It is a sentiment that gets into politics and into business, but in the long run the fellow who is "getting away with it" is generally found out by the public or by his employer and his reputation suffers even if prosecution does not follow, as it did in the case of Burns and Benny. These two have been more or less public idols, but the people have found their idols had "feet of clay."—William Berkey in The Cassopolis Vigilant.

MAKING STATE DEPARTMENTS INDEPENDENT OF STATE GOVERNMENT.

Last November but one of four propositions contained on the so-called Amendment Ballot passed. That was the one which "earmarked" gasoline and weight taxes for the highway department. This seemed like a sensible and logical thing to do. At least it got the favorable nod from a vast majority of Michigan voters. It was greeted with glee by highway department officials, and, we suppose, by contractors who specialize in highway construction.

Already there is evidence that "all is not gold that glitters." If highway funds are to be protected from encroachment from any other state need, it is argued that this department take on certain responsibilities which have been paid by the state at large. We hear there is now a demand for free ferry service at the Straits. The ferries are a part of the highway system of the state. The ferry system is the highway across this eight-mile stretch of water. Why should motorists or the public pay a special fee to travel this particular section of Michigan's highways? is the argument.

Well, that's as logical as many another thing that has been instituted in state government.

Also, we hear, there is a suggestion by some in state government in Lansing that the highway department build its own office building. If highway monies are to be protected by constitutional amendment and cannot be used for any other purpose, then why should this department be allowed to tap the general fund for office space and other overhead expenses? If the highway funds cannot in an emergency be used to feed destitute people, then why should the highway department use other funds which CAN be used for this purpose?

It seems to us that if we are from time to time going to irrevocably allocate certain funds for certain purposes, we are building up a series of departmental autocracies within our state government. We appreciate there is some justification for this—that it prevents the diversion of funds from purposes for which they are intended to be used. Yet, there may come a time when it will be mighty embarrassing to the people of the state. The state's fiscal affairs, like our individual finances, are subject to ups and downs.

Particularly do we dislike the idea of the highway department building its own building. This department, like all others, should be a cooperative unit of the whole state governmental structure—not an independent and separate entity. Parenthetically, we would suggest that it is high time that the state institute a plan for future building in Lansing. It is absurd to scatter state buildings all over the Lansing landscape. Right now there should be options procured on land adjoining the capitol building for future governmental expansion.—Schuyler Marshall in The Clinton County Republican-News.

AVERRILL DEFENDS FEATHERS AND PHILLS

Ladies, I'm in favor of the present hats that you wear. Maybe I'm treasurable to my sex by saying so—but I'm willing to die for your right to cover your heads with any contraption you wish. They're your heads, ladies, and don't you ever pay any attention to what any man says about your headgear. When discussing such adornment, no man living knows what he's talking about. So I'm still in favor of the present hats you wear.—George Averill in The Birmingham Eclectic.

A LONG WAY TO GO

The theory of civil service has been defended frequently by this office, even when we were laughed at by our friends. We have never said, however, that the operation of civil service has been perfect.

Right now, while a legislative committee is investigating the workings of this new state agency, we would like to suggest to the committee that it submit to William Brownrigg, the civil service director, a question that has been in our mind for some time. Namely, why hasn't a stewardship been set up for the Michigan State

janega? If Mr. Brownrigg can answer that question, he will be doing our curiosity a great service.

Here are the facts in the case. Frank Reed, former steward, resigned (by request) on December 16, 1937. Civil service came into being on January 1, 1938, only a couple of weeks after Mr. Reed's resignation.

The head of the hospital, Dr. R. L. Dixon "requisitioned" promptly for a man to fill the office. Apparently the requisition never reached the right place, because the examinations for stewards, required under the civil service law, was not held until October 1, 1938. This meant that the institution had already been without a steward for nine months.

Well, the work was done somehow in spite of the lack of a steward, principally by "taking it out of the hide" of the doctor, who had to run not only the medical but the business end of the hospital as well.

The doctor probably figured that shortly after the examination was given the three top-ranking men would be certified to him for his choice, but that didn't happen. Days passed—and no word was received. Weeks passed—and still no word was heard about the steward. Months passed—and again there was no word. January 24, 1939 appeared (the day this was written) and still the doctor had not been told which three men stood highest on the examination.

In the meantime, a huge building program was started at Wahjamega. It would have been the steward's duty (if the institution had had one) to set up a list of equipment needed for all the new buildings. But no steward was there, so this work had to be done by others, under the supervision of the doctor.

Not that he kicks about it, but he and a lot of others would like to know what is being done to get a steward—if anything!

As we said before, it would be a swell idea for the legislative investigating committee to ask the director what the meaning is of all the delay.

Certainly the lack of efficiency in the institution caused by the failure to see that a steward is appointed is just about as bad as the old kind of inefficiency caused when a man was appointed to the job, under the political system, who knew nothing of what he was about, so far as the steward's work was concerned.

Yes, the civil service system still seems all right to us in theory, but so far as this individual case is concerned, it has a long way to go before it amounts to much in practice.—James Gallery in The Tuscola County Advertiser.

THE RIGHT KIND OF A STRIKE.

Ordinarily we don't favor strikes as a means of settling labor disputes, but we do approve of the radio entertainers' strike, and hope it continues for ever and ever, because that kind of entertainment has become so threadbare it needs to be struck right on the head.—Al Weber in The Cheboygan Observer.

NO CHANCE FOR ARGUMENT

A LAD WAS TELLING HIS chum that he had a goat that didn't have a nose. "How does he smell?" asked the chum. "Perfectly awful" was the answer. It's perfectly awful for any concern to be afraid of doing too much for the people they do business with, for as a rule such concerns soon find out that they won't have too much business to do.

Aides and Advisors--

It is not our purpose to reap unreasonable profits from our clients. Rather, we seek to provide them with a needed service properly priced according to their means and social station. When we are certain that a client is being needlessly extravagant, we promptly counsel moderation.

There is a wide range in the cost of funeral services at this establishment. And no matter what a client chooses to pay, he receives the same thorough, sympathetic, efficient attention. In every instance, we place our professional duty, as aides and advisors to those we serve, ahead of mere commercial functions.

When You Hurry a Cow

Can you recall your childhood days when one of your chores was driving the cows home from pasture at night—or, if you were city-bred, were you permitted to go with your cousin while he did the job?

To the barn, the milk will be good, but if they have been made to run, the milk will be spoiled. It takes time and care to make good milk—any cow will demonstrate that.

I have something of the same problem with those who are in a hurry for their glasses. Most people know that every lens (worthy of the name) is made from a prescription. Not being lens makers, they are not aware of the incredibly careful work involved in creating their exact Rx out of a lens blank. Goodness knows, the blank from which the lens is produced is a fussy job, for it must be free from all the defects that glass is heir to.

But the production of the delicate and accurate curves, the location of the axis of the "cylinder" which compensates for your astigmatism, the careful placing of the optical centers of the lenses so they will suit your visual axes (and a lot more that must sound like Greek to you) is a work that is both a science and an art.

How can such work be done in a hurry? Yet, many of my patients rather hope I can deliver the glasses the same day I make the visual analysis! In emergencies it can be done, but it is too much like hurrying a cow. If I require the most exact results from the laboratory that does my work, I have to allow the time necessary for that kind of work.

"More abundant use" means cheaper electricity—in Michigan as elsewhere. As your use of electricity goes UP, the average price goes DOWN. And ONE CENT acquires tremendous buying power as you use more electricity!

For example, most residence customers can add additional electric appliances to their existing uses without greatly increasing their bill. It is wise economy to use more of these thrifty electric servants: ONE CENT will furnish soothing comfort from an electric heating pad for 10 hours... or brew 24 cups of coffee... or burn a "night light" in your bathroom or hallway every night for one week... or do most of the family wash on Monday... or cook a tempting meal in the electric casserole.

Electricity is cheap! You can make free and wasteful use of lighting and appliances and not add much to your bill. Prove this by using all the electricity you need.
