## Curb and Walk Being Built

During the past two weeks, city employees, under the direction of City Engineer S. L. Besse, have been constructing a sidewalk, approach to Forest avenue and curbs and gutters on West Ann Arbor Trail between Main and Harvey streets.

The alley approach near the artificial ice plant has been widened from 15 to 20 feet. This construction necessitated a new gutter and curbing. Between the alley and the ice plant the walk has been raised and leveled. In front of the plant a new curb has been constructed. Formerly there was no curb so that automobiles were able to be driven on the sidewalk. The construction of a curb at this place prohibits such an action.

On the south side of the street a full width sidewalk has been built to conform with that in front of the Mayflower hotel. This new construction is from the west line of the Hotel Mayflower for 40 feet to the west line of the Cloverdale creamery.

From the creamery company's property line the sidewalk will be five feet wide as it is that which has been recently built in front of the Finlan office building. Included in this new construction is a 40-foot approach to Forest avenue. With this construction, arrangements have been made to install a six-inch stub to the city water mains. From all reports there will be no active work on Forest avenue until next spring when gravel will be hauled in for filling. Usually, after filling, no work can be done in paving for nearly a year, during which time the fill is supposed to settle.

Engineer Besse predicts that the construction will be finished by November 10, providing the weather is favorable for working conditions.

## MODERN PAUL REVERE ACT

Bangor—Neil Daily, local fireman, was at work in a factory when a fire call was telephoned to his home. Instead of saying her husband couldn't be reached, Mrs. Dailey, who took the call, sped through town on a bicycle. It worked, too, for they reached the fire almost as soon as the trucks.

## Demands For Red Cross Services Prompt Greatest Roll Call in 20 Years

**BABY CLOTHES, FLAGS AND FOUNDER, ALL SPELL RED CROSS**—At top, left, Red Cross volunteer packs infant's layette for European war victims; right, No. 1 Roll Call got under way at Washington, D. C., when Legion honor guard raised flags; lower, Mrs. Peter DeGraw, 90-year-old Washingtonian and only surviving founder of American Red Cross 55 years ago, reminiscences with Secretary of War Woodring, two of the first citizens to join their local chapter.

## Half Million Workers Ready for Membership Drive

THE American Red Cross embarks on its greatest membership Roll Call in two decades November 11 when a half million volunteers working in virtually every community in the nation, will seek increased membership strength to meet growing demands for Red Cross services.

Increased membership support has been prompted by an urgent need for extending Red Cross services not only in this country, but as a result of appeals from Red Cross societies in war-stricken European nations, Mr. Davls said.

"Although the Red Cross must meet the cries from war-stricken Europe, we of America must not slacken our effort to reduce the peace-time forms of human suffering found in this country," Mr. Davls declared.

The 5,700,000 American men and women who enrolled as members of the Red Cross last year enabled the organization to meet the needs of sufferers in 157 disasters during the year, as well as to train hundreds of thousands in First Aid, Life Saving and health education."

which the out-county supervisors showed that they were on the job, a compromise was made with all of the out-county road items left in the budget, and the Detroit McGraw avenue widening project allotted \$150,000 in lieu of \$930,000 to start work.

Plymouth's four supervisors, George Robinson, Arthur Blunk, Henry Hondorp and Ruth Huston Whipple all did their part in defeating these three dangerous resolutions by attending extra meetings, by voting intelligently, and by co-operating with the anti-county supervisors and the anti-Martel group.

The total budget of the Wayne County Road commission for 1940 will total \$4,181,141. This includes \$1,545,984 payroll, \$2,020,327 for capital expenditures and \$542,850 for operating expenses. The commission has a total of 632 regular employes in addition to a common labor cost of \$336,152.

## The First Party

(Contributed)  
The lunch room crew of the public schools, headed by Mrs. Luella Partridge, gave a Halloween party at her home on the night of Thursday, October 28. It was the first get-together of any lunch room crew in Plymouth high school and really claims some distinction! At this gala affair originality was the password. Each member was to do any old "throw 'em away togs" and bring another friend.

Among the celebrities were Veneta "Man about town" Hawk, Frances "Old Fashioned Girl" Dunn, Jean "Baby Snooks" Campbell, Dorothy "Pagliacci" Campbell and Helen "Gypsy" Henry.

Some of the entertainers were Doris "Skelly" Flock, who boned out a tap dance for the crowd, Viola Beck had an almost permanent seat at the keys; Bob "Dolly" Face Wilson attempted to jitterbug with Angel "Tch. Pans Sawyer" Wrubel but it seems they missed and kicked shins and so they walked off before being carried off!

To mention all the guests present would be a task! Most of the girls brought boy friends. Some of the members were Catherine "Another O. F. G." Miskerik, Gladys "Rag Curl" Salow, Velma "Caballero" Thatcher and Ruth "Sailor Joe-Blow" Ash. Mrs. L. Partridge, affectionately known to her younger friends as "Parte," was decked out as "Dopey" and not from cider!

Games were enjoyed by all and so were the foods served; hot dogs and rolls, pumpkin pie, cider and doughnuts, and of course, candy! When time to leave arrived all declared the event a most delightful one.

## DEAD? MAN RETURNS

ADDISON — Mr. and Mrs. Noah Burns were shocked recently when a nephew, Wesley Burns, called on them with his family. Burns had disappeared from Lima, Ohio, and had not been heard from in 20 years. He was declared legally dead 12 years ago. In the meantime, he has lived in 44 states.

## HORSE JUMPS CAR

WATERVLIET — As Herman Epple was driving a truck to a canning factory recently, a horse ran from the woods beside the highway and jumped on the hood of the truck, breaking the windshield and gasoline supply line. Epple was sprayed with gasoline, but otherwise unharmed. The horse was killed.

## MICHIGAN, MY MICHIGAN

(Continued from Page 1)  
out to a very great extent, except on the part of a mere handful who carried on the fight against the University.

The University appropriation bill for the current year reached the floor of the house after a session that had continued during an entire day and a night. Most of the members had not had a wink of sleep for more than 20 hours. While the lights in the house of representatives were still blazing rays of the early morning sun were shining through the windows of the capitol.

An effort was being made to restore to the University appropriation bill something like \$500,000 that had been stricken from it earlier in the session. The discussion had not been long, but there seemed to be no one willing to arise on the floor of the house and say in words in behalf of the University. Finally one member arose and stated that certainly the University and its representatives would not ask for the appropriation unless it was essential that it be made.

Those in charge of the University are not officials of the type who will ask the taxpayers of Michigan for money that is not needed," declared the member.

"You graduates of the University are always asking for something. You wanted all the state jobs and now you want most of the state's money. It's time we stop educating people from other states and we can take a long step that way right now by killing this appropriation," was in substance the rotter hurled at the one member who had risen to the defense of the University.

"But I am not a graduate of the University. When I left high school upon graduation, that completed my school career. I am, therefore, not defending the University because I am a graduate, but I am doing so as a citizen of Michigan who is proud of our great University and the work it is doing," declared the one who had come to the school's defense.

Shortly after this discussion a brief recess was taken and the tired members of the house sought a few hours sleep. When afternoon came a house and senate conference committee was appointed to work out a compromise, if possible, of the University appropriation bill. The member who had come to the defense of the University in the early morning hours was appointed chairman of the house conference committee. The fight did not end on the floor of the house. It went on right into the conference committee room.

It is rather a strange thing, but the best friends that the University had during these tedious hours of deliberation were members of the legislature who are not graduates of the University. It was due almost entirely to the efforts of a legislator who is only a product of our public grade school system that the amounts cut from the University appropriation bill were restored.

Possibly it was knowledge of and participation in some of these legislative matters involving the University that made the ceremonies arranged last week in honor of President Ruthven seem so timely, so worthy and so interesting.

Michigan will forever be proud of its great University, its outstanding educational system—and especially of those who are directing the training of our boys and girls for future service to the commonwealth and to all the world.

### High Honors for George F. Stecker

GEORGE F. STECKER

First person to serve 50 consecutive years with Consumers Power company, George F. Stecker, one of Michigan's most widely-known electrical men, will be honored November 8 at a company luncheon in Kalamazoo. He will be presented with a diamond service pin by Wendell L. Wilkie, chairman of the board of Consumers and president of the Commonwealth & Southern corporation.

A resident of Jackson, Stecker is general superintendent of construction of electric plants and substations for Consumers. He became associated with the company in Albion, September 3, 1889, three years after its founding by the Michigan electrical pioneers, W. A. Foote and his brother, J. B. As electricity won increasing acceptance, he supervised construction of numerous hydro-electric plants on the Au Sable, the Manistee, the Muskegon, the Kalamazoo and other rivers, and in the construction of the several steam-electric plants which now form the backbone of the Consumers' system.

His latest construction achievement is the new 70,000 kilowatt Bryce E. Morrow station on the Kalamazoo River at Constock, four miles east of Kalamazoo, which will be dedicated immediately after the luncheon at which Mr. Stecker will be honored.

## Faded Paper Shows Plymouth's Pledge to Aid Civil War Volunteers

### Historic Document Now in City's Possession

Another contribution of untold local historical value has been made to the collection at the city hall. A faded subscription list, promising support and a bonus to volunteers for the Union army then fighting in southern battle fields, has been presented by Sidney D. Strong to the city officials.

The subscription list was circulated in 1863 and while the ink used in signing the paper is badly faded, most of the names can be made out fairly distinctly.

Mr. Strong has had the paper in his possession for at least 15 years. It was given to him by Edward Lauffer who, before his

death, worked for the Markham Air Rifle company. Mr. Lauffer's father was instrumental in drawing up the pledge. Mr. Lauffer, about that time, had a shoe repairing shop in downtown Plymouth.

"This paper should be mounted, framed and placed in the case with the other Civil War relics in the city hall," Mr. Strong told city officials.

Arrangements are being made to carry out Mr. Strong's suggestion by City Manager C. H. Elliott who says the paper is very interesting in that there are many family names on the list whose descendants live here at the present time.

Following is the pledge with a few of the distinguishable signatures which were not faded beyond recognition:

"A committee regularly appointed by a meeting of the citizens of the Township of Plymouth, Wayne county, held pursuant to notice on the 12th day of December, A. D. 1863, having pledged the faith of said township to refund all monies that may be subscribed and paid for the purpose of paying bounties for volunteers in the service of the United States, which may be credited to the quota of new men required from said township under the impending draft, and for the payment of such necessary incidental expenses as may be connected therewith.

"And the Township Board of said township having agreed to pledge the faith of the said township to refund all subscribed and paid for the like purposes to the persons so subscribing and paying, when said township shall be authorized by the state legislature to raise a tax so to do, provided the whole amount so subscribed and paid shall not exceed four thousand dollars, and provided also that no subscription by any one person of a less amount than ten dollars shall be so returned.

Therefore, we the subscribers agree to pay the sums severally subscribed by us for the purposes and upon the conditions and pledges above set forth, said subscriptions to be paid into the hands of George A. Starkweather, Winfield Scott and William Taft, who are hereby authorized and empowered.

"1st. To procure volunteers to the credit of said township by all honorable means in their power.

"2nd. If any person enrolled in said township should be drafted to distribute the remaining funds equally among such drafted men who shall not be exempted or otherwise released from the said draft, and who shall go into the service of the United States, provided no person so drafted shall receive more than two hundred dollars.

"3rd. To refund all remainders pro-rata among the subscribers hereto after payment of expenses and reasonable compensations to those who may be entitled thereto.

Subscribers' names: David Moreland, Thomas P. May, C. K. Kellogg, Ethel Meyers, C. C. Kingsbury, Marcus Miller, Henry K. Root, John Conner, H. R. Harrington, N. Stevens, D. Lauer, T. T. Lyon, H. Cood, Alfred M. Britten, Richmond Jones, Myron Gates, J. M. Ward, G. Lee, Washington Bennett, E. J. Penniman, Fred Fisher, Peter Gayde, Peter Cooper, M. Conner and A. Cook.

## Superintendent Has Supply of Teaching Oath Blanks

Persons who hold life teaching certificates and who have not filled out an oath blank may do so by obtaining one from Superintendent George A. Smith. Mr. Smith now has a supply of the blanks and says that they will be good until December 29.

A recent act of legislature will make it unlawful to teach after January 1, 1940 without filling out an oath blank and putting it on file with the State Department of Education at Lansing.

"Every person who expects to teach in the future and who holds a life certificate should act now," declared Mr. Smith, "because after December 29, all holders who have failed to fill out the oath will not be allowed to teach."

## Local Debaters Open Season

Plymouth high school Henry Clays opened their season Thursday evening with a debate at River Rouge. Their subject this year is, "Resolved, The Federal Government Should Own and Operate the Railroads."

On their season schedule, there are two debates at home while they will travel for four including the tournament at Ypsilanti, December 9.

Plymouth high school has won the Twin Valley Activity association debating championship for the last six years. At 7:30 p.m. November 13, Plymouth debaters will meet Wayne in the Central grade school auditorium in their first home encounter. For this season, the local team will take the negative side of the question.

Other schools they will meet this year are as follows: Coosue, there, November 16; Dearborn, here, November 30; Ypsilanti, there, December 5, and the tournament, December 9.

The team which represented Plymouth in Thursday's debate were Virginia Rock, Robert Daniel and James Zuckerman.

James Latture, coach, looks forward to a very successful year as all members of the team have had former experience on Plymouth debate squads.

## 1940 Auto Tags Now on Sale

New 1940 Michigan license plates went on sale Tuesday morning, October 24, at the Plymouth branch office of the secretary of state in the Chamber of Commerce offices in the Mayflower hotel.

The first plate was issued to H. Ray Richardson, of Northville, who has just recently purchased a new automobile from the Plymouth Buick Sales company. His number is BG-35-01. Paul Wiedeman, of Plymouth, purchased the second plate, BG-35-02.

Even though there has been a large sale of the new plates, Edgar Ericsson, secretary of the Chamber of Commerce, says that there has not been the usual rush because automobile dealers are not able to get new cars that are ordered. He says that licenses that are bought this early in the year are practically all for 1940 automobiles.

No special trick or low numbers will be available this year. All plates will be sold consecutively on the basis of first come, first served.

All plates are uniform, having two letters and four numerals, the letters designating the county in which the plate was sold. The plates, letters and numerals are larger than in former years so that the number can be read at a glance. This will prove of great assistance to police officers in tracing ownership of cars involved in crimes or accidents.

## Doctors Return From Convention

Back from Detroit where they attended the yearly convention of the Michigan Association of Osteopathic Physicians and Surgeons, Drs. Myron W. Hughes and C. F. January expressed enthusiastic approval of the convention program plan, designed to present, as a condensed post-graduate course, all fresh developments of the year in the healing arts. One such development—an outgrowth of high-speed automobile accidents—was a complete new technique for the treatment of broken backs.

## Maple Street Curb and Gutter Approved

A Maple street curb and gutter was approved at a special meeting of the city commission Monday evening. As proposed the construction will extend between Pine and Hamilton streets and will be done by WPA labor.

Every effort will be made to finish the project this fall before cold weather will make the work impossible. At the conclusion of this construction, four blocks on each side of Maple street will have a curb and gutter which has been constructed this fall.

City Engineer S. L. Besse says that this last remaining project will conclude curb and gutter construction for the year. He declared that the work has been highly successful and it will mark one of the periods of greatest construction along this line for the city of Plymouth.

## Distribute 1400 City Reports

For the first time in the 11 years that the city has been publishing a statistical report, more than 1400 Plymouth residents received copies of the booklet last week.

Distribution of the report was done by Plymouth Boy Scouts and city employees. Each report was handed personally to householders.

"In a few instances, persons were not at home or did not answer the door when the distributors were around," City Manager C. H. Elliott said. "If there are any who desire a copy of the report, we still have a few left at the city hall which may be called for."

The city manager declared, "I would like to publicly thank the Boy Scouts for their assistance in distributing the reports. They did a fine job and handled it very efficiently."

Mr. Elliott said that there were a few individuals in the city who refused to accept the booklet when it was offered to them. "It is too bad these people have so little interest in the affairs of their city," he said. For the most part, the reports were appreciatively received.

## Plan Basketball City League

Following a meeting of team managers Monday night, it was decided that the city basketball league will start Monday night, November 20.

As it is now planned there will be 12 teams in the league, eight of boys and four of girls. Unless more teams enter the race, games will be played on Monday, Tuesday and Wednesday nights providing other arrangements have not been made.

This year as before the games will be played in the high school gymnasium. On Monday and Tuesday nights, there will be both a boys' and girls' game. Wednesdays, two boys' teams will play.

Earl Gray, director of the program, says that there is a number of teams on which there are vacancies. Anyone desiring to play basketball with the city league this year may notify Mr. Gray personally or by telephone to the effect anytime next week.

Schedules are being prepared and will be out next week. Season tickets may be purchased for \$1 which will let the holder in to see both basketball and badminton games.

## Mrs. Chamberlain Heads Tax Unit

Detroit women will take part in the nation-wide tax-education program of the National Consumers Tax commission, it was announced today with the appointment of Mrs. Jean B. Chamberlain, of Detroit, as head of a local study group.

The announcement was made through the Chicago headquarters of the NCTC by the national president, Mrs. McVilly Muckleston.

"The commission is glad to have Mrs. Chamberlain among the leaders of this needed movement," said Mrs. Muckleston. "Since women are the purchasing agents for the home it is natural they should be vitally interested in learning about the taxes that raise the cost of living for all of us."

The NCTC now has tax study units in some 5,200 communities said Mrs. Muckleston. The campaign is led in this state by Miss Leetha McGee, of Detroit, the commission's state director.

"This is a non-partisan movement that every woman should support," Mrs. Muckleston explained. "A recent NCTC survey revealed that hidden taxes, buried in the price of everything we buy, accounted for 76.8 per cent of state revenues in 1938, 52.5 per cent of local governments' collections and 44.1 per cent of the federal total."

## Daisy Employees Have Halloween Party

One hundred fifty employees of the Daisy Manufacturing company attended a Halloween party given by the Independent Daisy Employees' association Wednesday, October 25, at the Jewell and Blain hall.

The party was primarily one of dancing while those who did not care for that form of recreation, played cards. Music was furnished by the White Star boys and Floyd Fleming and Steve Jewell did the old-time dance calling.

The hall was decorated in the spirit of Halloween and those present expressed their belief that the party was one of the best of those held by the organization for some time.

**FIRST BAPTIST CHURCH.**—Rev. G. H. Enns, Th.D., pastor. We are approaching the holiday season when hearts and minds are centered on spiritual things. Churches must do their part in preparing the ground for the proper attitude which will assure true blessings. Bring your children to Sunday school and let them enter into the atmosphere of spiritual joy. You and your house will feel the blessing. Come to worship at 10:00 a.m. The pastor will speak on "The Glories of the Holiday Season." This is Communion Sunday. Come to the Lord's Table. Sunday school at 11:15 a.m.; B.Y.P.U. at 6:00 p.m.; evening service at 7:00 p.m. The evening sermon will be on "Life at its Best." Prayer meeting, Wednesday at 7:30 p.m. On

Thursday beginning at 5:30, the ladies of the church will serve a Thanksgiving turkey supper. You can be sure it will be good. Special announcements will be found in this paper. We are glad to announce a new improvement in our church which will greatly improve our worship services. The church has bought a new organ. It may be installed for this Sunday's services.

**CALVARY BAPTIST CHURCH.**—Holbrook and Hardinberg, L. B. Stout, pastor. H. G. Wells' new book says: "Man who started in the cave is going to end in an infested slum." The Bible says that man started in a garden. Gen. 2: 8 and if his name is not found in "the book of life," will be cast into the lake of fire." Rev. 20:15. Yes, the special meetings are over, but the same gospel message will be given Sunday after Sunday; and to our many new friends who have been in the last two weeks, we just say, "Come again." Preaching services on the Lord's day at 10:40 a.m. and 7:30 p.m. Bible school at 11:15 a.m. and Y. P. 6:30 p.m. Prayer meeting Wednesday at 7:30 p.m. Bulls eye No. 51: No one wants his food second handed, especially onions, yet scores seem to relish second and third handed gossip breath.

P. service, 6:30 p.m.; Evangelistic service, 7:30 p.m. Services during the week: Tuesday, cottage prayer meeting (North Harvey street) 7:30 p.m.; Thursday, mid-week prayer meeting, 7:30 p.m. "And thou hast he quickened, who were dead in trespasses and sins; Ephesians 2: 1." Man is unable to do anything for himself when he is dead in sin. This is proved by the fact that our Lord Jesus Christ died on the cross for sinners. John 3: 16: "For God so loved the world, that he gave his only begotten son, that whosoever believeth on Him should not perish, but have everlasting life." God simply asks that we believe (from our hearts) on Christ and accept Him as our personal savior. All are welcome to worship at the church you are never asked to join. Arno Thompson and Clifford Funk, co-pastors.

Among the Bible citations is this passage (Romans 8: 16): "The Spirit itself beareth witness with our spirit, that we are the children of God." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 258): "Mortals have a very imperfect sense of the spiritual man and of the infinite range of his thought. Spooks and goblins held high court this week with their usual parties and jamborees. Among those who celebrated were the Charles Root, Sr., who entertained a group of Mr. Root's old school chums at a Halloween party on Saturday evening. Also, Harlowe Ingall took his family to the big party over at Salem Monday night. The Roy Lemons donned silly clothes, on Saturday night, and joined a gang of tramps and ghosts at the I. R. Kappeler home in Detroit. What with visits from our usual neighborhood bunch of "whost-its," we would say Halloween "did herself up brown" out here this year.

Mr. and Mrs. Willard Geer and Mr. and Mrs. Charles Root, Sr., saw the automobile show on Thursday of last week. Mrs. and Mrs. Lewis M. Worth, of Detroit, were Sunday dinner guests of the Roy Lemons.

Mr. and Mrs. Harry Mumby, of Plymouth, were callers at the William Grammel home last Friday evening. Mrs. Robert Douglas is spending the week with her sister, Mrs. Becker, in Detroit. Mr. and Mrs. Tom Gardner and June and Mr. and Mrs. Mansel Gardner and Wallace drove to Indianapolis on Thursday, October 26, returning home Sunday.

Mr. and Mrs. Charles Rengert and Betty Van Klaveren, with Mr. and Mrs. Gilford Rhode spent the week-end at Spruce, Michigan, the guests of Mr. and Mrs. Reuben Gillard. Bobby Gillard returned home with the Rengerts for a two weeks' visit. The Gust Escheis entertained Mr. and Mrs. Bert Kahrl and Mr. and Mrs. Oscar Freiheit in their home last Thursday evening. Mrs. Frank Truesdell, of Wayne, spent Monday at the home of her daughter, Mrs. Henry Root. Mr. and Mrs. C. T. Aldrich, of Clayton, were week-end guests at the J. F. Root home. Little Patricia Aldrich, who has been staying with Mrs. Root for the last two weeks, is recovering nicely from the mumps. Mr. and Mrs. Harlowe Ingall and family and Mr. and Mrs. Lawrence Ingall were entertained at a game dinner Sunday at the home of Mr. and Mrs. Charles Scott in Ypsilanti.

On Tuesday afternoon, the pupils and teacher had a gay time celebrating Halloween with costumes, masks, games and eats. The P.T.A. Thanksgiving supper has been set for November 17. Mrs. Pat Tetzloff and Mrs. Florence Reeder are in charge for entertainment and Mrs. Roy Leemon, Mrs. Leonard Millross and Mrs. Charles Hogan for refreshments.

## Red Flannel Day at Cedar Springs

Cedar Springs, the Red Flannel Town, will glorify the good old-fashioned red garments in an all-day event, Saturday, November 10. Hunters northward bound, friends from the surrounding territory, any who turn their way north on U.S. 131 are invited to stop for Red Flannel Day.

Hunting togs will be the formal attire of the day and evening and red flannel underwear will have its "place under the sun."

Red Flannel Day is the outgrowth of a demand for red flannels, that has increased in the past few years. When an eastern city decreed the passing of red flannels and moaned that there were no more of the flaming garments in the United States, Cedar Springs answered: "Not so. Cedar Springs has red flannels." Immediately orders for the garments started, and each winter brings increasing demand. So Cedar Springs supplies the garments.

Believing that red flannels should be given their rightful place of honor and dignity on the American scene, Cedar Springs has planned this year's event for Saturday, November 11 to do honor to the good red flannel garments.

A Red Flannel Queen is to be selected Thursday night, November 2. Judges are to be Hugh Gray, director of the West Michigan Tourist and Resort association; Roger Allen, architect and columnist on the Grand Rapids Chronicle; David H. Harris, traffic manager of WOOD-WASH radio station; Ralph Smith, State news editor of the Grand Rapids Press; and Ray Barnes, cartoonist of the Grand Rapids Herald. All of the judges are from Grand Rapids.

The entire day's events will be designed for the entertainment of hunters, with red flannels reigning supreme.

Divorce statistics show that more than 2,000,000 women in the United States are now collecting alimony, an average of 15 a week. Under the laws of 14 states, wives may be ordered to pay alimony to divorced husbands.

## Drivers' Booklet Being Distributed

"What Every Driver Must Know," a booklet telling in brief form the many changes in the traffic law which went into effect September 29, is now ready for distribution by the Plymouth police department and Chamber of Commerce.

The booklet is a summary of

the rules of the road prepared by Oscar G. Olander, commissioner of Michigan State Police. In it are contained not only the new changes in motor vehicle laws but also the old laws which are still in effect.

"Even though The Plymouth Mail has published the new laws in respect to motor vehicle operation on the highways, it would be well for every driver to obtain one of these booklets and

study it from cover to cover," Police Chief Vaughan R. Smith said.

The booklet should be studied before taking examination for operators' licenses, the chief also said. "If one knows everything contained in it, he will have no trouble in passing that portion of the examination which has to be written by applicants."

**The Candle in the Window**

by MARGARET HILL McCARTER

"SO FAR THAT LITTLE CANDLE THROWS ITS BEAMS..."

And because of that tiny ray of light penetrating the storm-wracked darkness, Tod Witherspoon enjoyed his best Christmas.

Weather-wrinkled, shrewd, lovable old Tod couldn't afford to buy Christmas presents for every family on his bleak rural road in Kansas—but he could buy each of them a candle for that window.

His Christmas offering was far better than he knew. Just one small candle, its brave light shining like a guiding star, saved the life of a little boy, a courageous girl in love, and himself.

"The Candle in the Window" is a gentle, appealing story, one that brings to life the beauties and joys of simple things. It's a great story, on a great and the souls and courage of those people whom Tod Witherspoon served day after day, year after year.

### MALFEASANCE IN PUBLIC OFFICE

Possibly some will not agree, but the collection of political contributions from public employes by executives of high positions under whom they serve is nothing short of absolute malfeasance in public office. The high official who persists in the practice of any such thing, directly or indirectly, should be removed for cause from office.

It was not until recent years that such a practice was started in this state. It flourished like weeds in the summer time during the past administration.

Because of revelations brought forth in connection with the conduct of the secretary of state's office and during the inquiry into manipulations under civil service last winter, it has been generally believed that the practice no longer prevailed.

But consistently one hears rumors to the effect that the scheme is being slyly continued. Possibly there should be no publication of a rumor, but so obnoxious and so unjust and rotten was the practice during the previous administration that every believer in decent, honest government hopes

that if the scheme is being revived or has been continued under any sort of a pretext, the guilty shall be found out and exposed.

Why should some poor clerk, some state, county or city employe holding a public position, be required to pay a filthy tribute to the official who controls the job of the poorly paid worker?

Public employes holding minor positions just naturally pay these tributes because they fear and know that if they do not, that their positions are endangered. They know, too, that in these distressing times that it is not easy to secure a job of any kind and, therefore, they are willing to share their income with some one "higher up."

It is hoped that the practice is not being restored in Michigan, and if it should be, the official or department executive who institutes it should be not only exposed, but REMOVED from public service.

Appearing in last Sunday's edition of The Detroit News were two full pages of pictures showing views in and about Plymouth. The pictures, as well as the article, featured the fact that this is a city of parks. The photographs were excellent, the write-up was also good. While it is realized that the publication of these pictures was merely a routine affair with The News, nevertheless we desire the editors to know that the citizens of Plymouth appreciate the fine photographic presentation of this city which The News made to the hundreds of thousands of its readers. Might it also be mentioned at this time that rarely does there happen in this city a news event of any kind that reflects in the slightest degree upon the community and its residents. Thanks again, News, for the fine publicity you gave our progressive city.

### TWELVE YEARS.

Dave Galin of The Plymouth Purity Market last week celebrated his twentieth anniversary in Plymouth. In the large advertisement he published last week he specially mentioned the fact that during these twelve long years he has been in business in this city, that he has never missed an edition of The Plymouth Mail without an advertisement of his market. "I am willing to credit a very good portion of my success in Plymouth to my newspaper advertising," he states. That is a fine tribute to The Plymouth Mail, Mr. Galin, and we thank you for it. May your next twelve years in business be as successful as have been the past twelve years.

### GOOD MANNERS AND GOOD BUSINESS

Americans in London always remark about the "thank you" that is a part of the most trifling transaction. It's "thank you" when you buy a newspaper, pay a bus fare, enter an elevator, or write your name in a hotel register.

The "thank you" spirit is less common in this country, in fact it is so uncommon that efficiency experts frequently recommend it as a device for attracting favorable attention to an enterprise, such as selling newspapers or operating a bank.

In our democracy the "thank you" probably was dropped because it was thought to smack of servility. In England servility is said to be demanded from tradesmen and servants.

Out of this situation a neat bit of psychology can be developed. Because the "thank you" is so infrequently heard here, it has an unusual good-will value. The American is deeply pleased by any recognition that his trade is appreciated. He will walk miles to hear a head waiter call him by name, go blocks to trade with a store that gives him courteous attention, and in many other ways accept inconveniences because he derives pleasure in doing business with people he likes, avoiding those he finds offensive. If some people whom we patronize would say "thank you" we would faint.

Good manners will often sell goods when cheapness and quality fail to move them.—H. R. Gillette in The Livingston County (Howell) Press.

### THANKLESS JOBS

When people are asked to take hold of some task for the good of the home town, they often remark that it is a thankless job. If they are asked to take some office in a church, or serve on a committee on some society or club, they sometimes remark that they will have to spend a lot of time and get no thanks for it.

Yet in a good town like Lowell, are there any thankless jobs? Many folks who have carried on organizations and served the public in various ways build up a lifelong reputation. The people are grateful for all they have done, and if they make a few mistakes, these are forgotten. There may be little or no money in public activities, but they create wide circles of friends, and friends come in handy.—R. G. Jeffries in The Lowell Ledger.

### STORY WITH A MORAL HELPING BUSINESS

A recent news note in the public prints recounts that automobile manufacturers anticipate big replacement orders next year. Speeding in traffic, passing on hills and trying to beat trains to the crossing will help materially in making their dreams come true.—E. A. Stankrauff in The Holly Herald.

### MUST BE CHECKED

Hospitals, surgeons, probate judges and others may as well get used to it as anyone else. Michigan has been spending over two million dollars a year in state funds for care of handicapped children. The state can no longer afford it. Rates for treatment have averaged from \$4.50 to \$5.50 a day for hospital care. The cause has assumed the nature of a racket. The legislature cut this to \$3.50 a day and the volume that there is in these cases there should be money made at the new rate. Hotels operate on much lower average than that. The ceiling must be lowered in most state expenses. Many state departments have cut their budgets over 25 per cent. So-called "mercy-work" may do the same. Skillful propagandists are distorting the real facts.—James Haskins in The Howard City Record.

It has been many years since Plymouth has seen as large a gathering at a political meeting as that which greeted Governor Woodbridge N. Ferris at the opera house Wednesday afternoon. The governor and his party arrived on the 2:00 o'clock train from Detroit and were met at the station by the local democrat committee, the Plymouth band and about thirty automobiles from this village and vicinity and Northville. The procession was formed on the arrival of the train, and headed by the band on an auto truck. The parade came up town and then back to the opera house. Governor Ferris rode in an Alter car, made in Plymouth, and driven by Guy Hamilton, president of the Alter Motor company. Asa Joy, chairman of the meeting, and F. D. Schrader, chairman of the local democrat committee, accompanied the governor.
