

Eckert Wins Promotion As Chief Forester With the State Highway Department

District Officer Now Heads Entire State Force

Announcement was recently made of the appointment of Edward C. Eckert, for six years district forester with the state highway department for this locality, to the Lansing offices of the department as state forester.

This important promotion came to Mr. Eckert as the result of his excellent work with the department during the past few years. Plymouth friends, while pleased at the advancement that has come to him regret that Mr. Eckert and his family are leaving Plymouth. During their residence here they have made many friends.

He is now in charge of the forestry division of each of the eight highway districts in the state. Six are in the lower peninsula and the remaining two are the Upper Peninsula. Each district has from nine to 13 counties over which the former Plymouth resident must plan roadside beautification and development. The work of each district forester is under the direct supervision of the state forester.

The position which was left open upon Mr. Eckert's transfer to Lansing has not as yet been filled. However, it is expected someone will be appointed to the vacancy in the Plymouth office sometime during the next few weeks.

The Plymouth branch office of the state highway department is the central office for the eighth Michigan highway district. The district takes in the surrounding counties of Macomb, Livingston, Ingham, Oakland, Jackson, Washington, Hillsdale, Lenawee and Monroe. Wayne county is not included in this district as it is one by itself following an action taken by the department about one year ago.

Schwoppe Now District Engineer

E. G. Schwoppe, for the last two years a contract engineer with the state highway department at Lansing, has been transferred to the Plymouth office. His transfer became effective the first of the year and his new position here is that of district engineer.

He takes the place of R. B. Dibble, who has been acting as district engineer here for the past six months. Mr. Dibble has been transferred to the Lansing office.

Mr. Schwoppe, before coming to Plymouth from Lansing, was with the state highway department at Cadillac and Grand Rapids. Previous to that time he was employed by the city of Detroit in the engineering department.

Pankow Heads Townsend Club

At the annual meeting of the Plymouth Townsend club, Clarence E. Pankow has been re-elected as president for another year. Other officers elected are: Harry Green, first vice president; Harry D. Nessel, second vice president; Mrs. Edna Jean Strat, secretary; and Clarence E. Stevens, treasurer.

The following have been named as chairmen of the various committees: Finance, Mrs. Rose Wilson; membership, Albert Sackewicz; youth, Mrs. John Bishop; Ladies' Auxiliary, Mrs. Edna Murray; program, Mrs. Bowers; social activities, Mrs. Agnes Wilson; and public relations, Mrs. Edward Herriek.

The regular weekly meeting of the club will take place Monday evening, January 15 at Grange hall.

Ellen Daane will celebrate her birthday, Saturday, having a few little friends in for games and luncheon.

Senator George McCallum, Ann Arbor to Tell Rotarians of State Problems

Plymouth Rotarians will this week Friday noon, have the opportunity of hearing a most interesting talk on state affairs by Senator George McCallum of Ann Arbor. His visit to Plymouth is due to the efforts of Harry Lee, who will be chairman of Friday's meeting.

Senator McCallum, long interested in state affairs, is one of the best posted men in Michigan upon problems of Michigan's government.

During the last session of the legislature he tried to force through a consolidation of various tax collecting units of the state. Success of his bill would mean the saving of vast sums of money to the state, as well as provide better collection of taxes and fees.

There has recently been organized in the house of representatives a group of members who plan to do all they can to force the enactment of this proposal at the next session.

Rotarians have been specially urged by President Floyd Eckles to invite guests to today's meeting so that as many as possible may hear Senator McCallum's talk.

New Library For Plymouth is Possibility—County Aid to be Granted

Officials Are Considering Site In Civic Center

RALPH LORENZ
Manager of Mayflower hotel, who will direct preparation of Fred Schrader's big buffalo for Lincoln Day banquet.

Prospects are bright towards the culmination of another important city project within the near future. If present plans are carried out, a city library will be established within the civic center.

This fact became known yesterday when members of the Wayne county library commission came to Plymouth to discuss with Mayor L. E. Wilson, City Manager Clarence Elliott and other city officials the selection of a suitable site somewhere around the civic center that is being developed.

If the plan goes through as we hope it will, it will be necessary for Plymouth to buy the site, but the county library commission will do such remodeling of the building as may be necessary, and meet other similar expenses, as well as maintaining the library, after it has been made ready," stated City Manager Elliott yesterday.

It will be recalled that the city planning commission recommended the establishment of a new and much larger library as one of the first important projects for Plymouth to take up. The present branch library maintained by the county service, while partially filling the needs of the city, does not meet all of the library requirements of Plymouth and vicinity.

The commission also recommended that the library, when established, be somewhere around the civic center, now surrounded by three churches, the high school and municipal offices.

If the recommendation is carried out, it will place the library right in the heart of the city and near the public schools.

County aid in the project is possible as the result of legislation passed by the state legislature three years ago.

Coreys Back From Florida Trip

How would you feel—if you had jumped into your automobile during the nice weather just before Christmas, packed your wife and kiddies in the car with you—speeded off to Florida where it is always nice and warm and the flowers bloom the year round—and then returned home some three weeks later, right in the middle of the first snow storm of the year?

That's just what happened to Mr. and Mrs. Kenneth Corey and their children.

It was the night before Christmas when the Coreys suddenly made up their minds to go to Florida for a brief vacation and spend a portion of the holiday with Mr. Corey's only uncle.

"We had a most delightful trip. The weather was ideal all the time we were there, and the only cold weather we had was after we returned home," stated Mr. Corey.

"Yes, sir, we went in such a hurry that we even had to pack our decorated Christmas tree in the back end of the car and take it with us," he added.

Night School Session Begins Monday

Plymouth high school opened its second session of night school Monday evening. Attendance for the new term was somewhat lower than before, because of the discontinuation of the class. Otherwise the number would compare favorably with that of the previous ten weeks.

Because there were not 15 persons signed for Mrs. Matulis' class in reviewing and discussing current books when the class met Monday night, it will meet once again next Monday. If at that time there still is not a sufficient number to have the class, it will be discontinued until next year.

A typewriting class of 18 students and also one in machine shop, with 10 signed up, are being taught in addition to the courses that are being carried for the Ford Trade school in American history and apprentice training.

Early American dancing is being continued but as there is already a quota of students, no more will be enrolled for the new session.

Did You Know That

You can have your old shades cleaned, or purchase New Mobas Shades, also Venetian Blinds, Drapery Rods, and Linoleum at The National Window Shade Company? 280 South Main street. Phone 530 for estimates.

He's Going Into The Stew Pot for Plymouth's All-American Lincoln Day Banquet at The Mayflower

"John" the buffalo, and Fred D. Schrader, who is contributing this ton animal for the annual Lincoln day dinner in Plymouth on Monday, February 5. These annual banquets have won a distinctive place for Plymouth around the country. This year's banquet promises to be the stellar one of them all. Already there is an exceptional request for tickets.

Gun Club Elects Officers for 1940

Holding the first meeting of the new year in their recently acquired club rooms and shooting range, the Plymouth Gun Club elected officers for 1940 Tuesday evening. Ernest Henry, retiring president, conducted the meeting at which the following new officers were elected: President, Roy J. Merriam; vice president, Peck Foster; secretary, Russell Cunningham; treasurer, Mel Michaels; executive officer, Bartlett Rice; and range officer, Alvin Collins.

The new meeting place and range is in the Charles Bennett barn, located about one and one-half miles west of the city on Ann Arbor Trail. Members have constructed the range so that the shooting entrance to it is along one side of the club rooms. The 50-foot range is well-lighted and adequate protection, as specified by the National Rifle association, is provided.

Formerly, Plymouth riflemen, in their old range could shoot from only one position. In the new gallery it is possible to take all three positions, standing, sitting and prone.

This being possible, the club may now hold matches with other like clubs at their own range. Previous to this time, all matches had to be shot away from home.

Before the meeting Tuesday, members shot up several hundred rounds of ammunition, lining their gun sights for the coming season. Following the meeting, refreshments of hot coffee and doughnuts were served.

Mrs. Elliott Is New President

The annual meeting and election of officers of the Plymouth branch of the Woman's National Farm and Garden association was held Monday afternoon in the home of Mrs. John T. Neale, Jr., on Auburn avenue, with nearly 30 present.

Following the regular business meeting with Mrs. Paul Wiedman, retiring president, presiding, the annual reports were given and election of officers took place with the following results:

President, Mrs. Clarence E. Elliott; vice president, Mrs. Paul Wiedman; recording secretary, Mrs. Mark Chaffee; corresponding secretary, Mrs. Ward Jones; treasurer, Mrs. George Cramer.

The committees were chosen by the board as follows: Membership, Mrs. George Cramer, Mrs. Mark J. Chaffee, Mrs. Leo Crane; educational, Mrs. J. Merle Brunell; Mrs. Ernest Thrall; Mrs. Austin Whipple; Mrs. Harvey Whipple; program, Mrs. Carl Shear; Mrs. G. A. Smith; Mrs. John Dalton; Mrs. John T. Neale Jr.; Mrs. Ward Jones; publicity, Mrs. Frank Dunn; social, Mrs. O. F. Beyer; Mrs. Howard Poppinger; Mrs. Harold Brister; Mrs. Webster Davis; Mrs. William P. Wernett; Mrs. George M. Chure; transportation, Mrs. Ralph J. Lorenz; Mrs. Paul Wiedman; Mrs. Jesse Trilten; Mrs. J. L. Olsaver; marketing, Mrs. Thomas W. Moss; Mrs. John W. Blienckstaff.

The February meeting will be held with Mrs. Henry E. Baker.

Women Voters Meet Today

Today, (Friday) the members of the League of Women Voters will meet at Mrs. E. Eckert's residence on Blunk avenue. Dessert and coffee will be served at 1:30. After a short business meeting the program will be under the direction of Mrs. S. S. Clouston. She will introduce the speaker of the afternoon, Mrs. Edward Bryant of Ann Arbor, State chairman of government and education.

Upon the suggestion of Harry S. Lee at the Rotary meeting last week, 40 Plymouth Rotarians who were at the meeting decided to contribute to the support of Finland by purchasing coffee to be sent to and used by war refugees in that country. Each member contributed one pound.

William Pettinigli, grocery store owner and Rotarian, offered to secure the coffee for the cause of Finnish relief at whole prices. Each member bought a pound at the retail price, which when the difference was added, accounted for about 20 pounds of coffee.

The coffee is to be sent to the central Rotary office at Detroit from where it will be transported to the Rotary clubs at Helsinki, Finland and distributed there to the refugees.

So far as it is known, Plymouth Rotarians are the only ones to do this sort of thing. It is hoped by the local club that other such organizations will fall in step with them in sending materials and foodstuffs to warring Finland.

Buffalo Stew To Be Served at Banquet

Annual Luncheon of D.A.R. to Be Monday

The thirteenth annual luncheon of the Sarah Ann Cochran chapter of the D.A.R. will be held Monday, at 12:30, at the Northville Presbyterian church. Regents from neighboring chapters and members of the state board of executives will be guests.

Betty Roberts of station WXYZ will speak on the "Restoration of Williamsburg."

Jack Taylor on Board at First National Bank

Cashier Advanced—Banks Hold Annual Meetings

At the annual meeting of the stockholders and boards of directors of the First National banks held Tuesday, but one change in the official families took place.

Jack E. Taylor, who has long been associated with the First National bank as assistant cashier and during the last two years as cashier, was advanced to the post of Arthur Blunk, who has decided to give up some of his business activities.

Mr. Taylor has been a resident of this locality since boyhood and is a graduate of the Plymouth high school. He at one time served as secretary of the Plymouth Chamber of Commerce and has been active in many local affairs. His many friends are pleased over the advancement that has come to him.

Floyd A. Kehrl was re-elected president; Russell M. Roe, vice president; A. Taylor, cashier; and Margaret Dunning, assistant cashier. The other directors, in addition to Mr. Taylor are Charles I. Finlan, Floyd A. Kehrl, Dr. J. L. Olsaver, Russell A. Roe and George H. Robinson.

Charles H. Bennett was re-elected president; Russell M. Daane, vice president and cashier; Edson O. Huston, vice president; S. Hedges, assistant cashier; and Paul Voorhes, chairman of the board of directors.

Directors re-elected are, Charles H. Bennett, Otto E. Beyer, Russell M. Daane, Floyd G. Eckles, S. Hedges, Edson O. Huston, Lullier Prek, Charles H. Roth, Ernest S. Roe and Paul W. Voorhes.

Only routine business was transacted at the Plymouth United meeting. Of the 10,000 shares, 8,500 were represented at the meeting. \$500,000 in reports submitted showed a very satisfactory year for the bank.

A similar excellent condition prevailed at the First National bank, reports showing an increase of over a quarter of a million dollars in deposits during the year. A gain of more than 33 per cent over the previous year. Of the 500 shares, there were 481 shares represented at the meeting.

The splendid reports of Plymouth banks reflected the excellent condition of the city, which has enjoyed a year of growth and development.

Mrs. Harvey Springer entertained the Junior Contract bridge club Thursday evening in her home on Auburn avenue.

Conservation Official Tells Wild Life Group It Is Doing Right Kind of Work

Members of the Western Wayne County Conservation club were told Monday night by Harry D. Ruhl, chief of the game division of the state conservation department, that more than two million and a half cotton-tail rabbits were killed in Michigan last year and that over 900,000 cack pheasants found their way into the state bags of Michigan hunters a year ago.

"Maybe these figures will somewhat surprise you when you realize that over three-fourths of the hunting done in Michigan is in the southern part of the state," said the speaker.

The Monday night meeting of the conservation club at the Mayflower hotel was the annual game dinner of the organization. The venison for the dinner was provided by Fred Butz, who saved the big deer that he shot up north last fall to donate to the club for the dinner. Members of the organization expressed to the donor, one of the most enthusiastic members of the organization, their appreciation for the venison gift.

Dr. Brick Champe, president of the club, who is especially interested in developing friendly relations between the hunters of this vicinity and the farmers who provide the hunting grounds, was especially fortunate in the selection of his speaker, as Chief Ruhl pointed out clearly the necessity of doing just the thing that President Champe has so strongly urged during the past two years.

"You will find the farmers, if rightly urged, will gladly cooperate with you. As a matter of fact their interests in game development have become so great that the extension department of the Michigan State College receives large numbers of letters from farmers asking for information as to ways to help the propagation of wild life," he said.

Mr. Ruhl declared that while the state had no intention of discontinuing its game farms, it had been pretty well established that the benefits of these game farms didn't amount to much. "The best way to keep our game population up is to provide natural cover and food for our game animals and birds in their native state," he declared. His talk was one of the most interesting heard by the club in some time, interesting because it was filled with data and information such as the club members desired.

Lincoln Day Affair Feb. 5

Another Record Crowd Expected for Celebration at the Mayflower

Buffalo stew, made from the choice cuts of "John," the biggest buffalo on Schrader's buffalo ranch, seven miles west of Plymouth, will provide the main dish for the annual All-American Lincoln Day banquet of Wayne county Republicans to be held Monday, February 5 at the Mayflower hotel, according to an announcement made this week.

The committee is eliminating fried salt pork and corn meal mush from the menu this year because of the generosity of Fred D. Schrader who is donating the biggest buffalo on his ranch for this affair. It will be made into buffalo stew for the banquet.

But notwithstanding this rare contribution to the menu, the price will remain at four bits, the same as has always been charged in the past for the corn meal mush and fried salt pork banquets.

Everybody is going to be invited to attend. The only requirement is that they buy a ticket at 50 cents. The tickets will go on sale next week. It will be possible to secure them from the Mayflower hotel, Lusk Ave. under at the Plymouth United Savings bank, Jack Taylor at the First National bank or The Plymouth Mail office.

It has always been customary to invite women to the affair, and this will be no exception. In the past year, taking an active part in the arrangements for the banquet as well.

The buffalo that Mr. Schrader is donating is being fattened specially for the occasion. It will weigh within another week well over a ton.

Northville as well as other out-county communities will also have a part in the affair, as in past years.

Orlow Owen of Northville will direct the community singing, and of course "Home on the Range" will be one of the popular songs of the evening.

Manager Ralph Lorenz of the Mayflower hotel is already making inquiries as to the best ways to handle the affair. Tickets at the banquet will be 50 cents, a special rate food at a price anybody can afford to pay.

Eugene Omdorff, Plymouth's No. 1 Democrat, has been invited and has already accepted. In fact, he says he is willing to serve on a committee to help arrange the buffalo stew banquet a real success. Postmaster Frank Learned, Plymouth's No. 1 New Dealer, has also been invited and he says he is going to accept.

The plan that will be used in making the banquet will be given on John Heger's farm, four miles south of Plymouth. That is also being donated.

There will be some Michigan maple syrup on the table so the folks who will be present can do a little for the maple syrup industry of their life. For dessert it is planned to have some plain sugar cookies made out of Michigan flour with ice cream from Michigan cream provided by Horison Bakken of the Plymouth dairy of Plymouth.

The banquet will be arranged later. This will probably be the first and only banquet ever held in Michigan at a New Dealer's home. This has been arranged. Due to the fact that the Mayflower hotel cannot accommodate more than 500 guests, the banquet will be limited to that number.

The same committee that has arranged previous Plymouth Lincoln Day, All-Michigan fried salt pork, corn meal mush and corn bread banquets, has charge of all arrangements for the buffalo stew banquet this year. The members are: Fred D. Schrader, George A. Smith, Charles Rathburn and Elton R. Eaton.

Vesper Service at Baptist Church

The second Sunday of the month is the date for the union service for the Baptist churches. It will be held in the First Baptist church. The special speaker for this service is Rev. John F. Edwards of the St. Marks Methodist church on East Jefferson, Detroit, which is one of the largest Methodist churches in the city. Rev. Edwards is a former speaker and will bring a good message.

An invitation is extended to all who would worship on Sunday at 4:00 p. m.

Enrollment in Training Course Hits New High

Thirty Students Now Taking Special Trade Courses

Enrollment in the apprentice training course at the high school is higher this year than ever before, announced Instructor Carl Bentley this week. Last year was a record one, with 23 students, but this year, there are 30 boys and girls enrolled, he declared.

Twelve of these 30 students already have their high school diplomas and are coming back to night school to continue related instruction so that they may complete their apprenticeship.

The first students to graduate from the apprentice training course will do so in March when they have their quota of hours, both "work" hours and classroom. At that time each will receive a diploma from the State Department of Apprenticeship Education.

Last September, the course at Plymouth high school began its third year. Since that time the course has grown from three

boys who were first to enroll in 1937 to the present record number of 30. Previous to September 1939, girls were not admitted to the apprentice training course, but last fall, conditions were such that a few were admitted.

Mr. Bentley aids his students in procuring positions which each member of the course must have before being admitted. At the present time 21 different fields are represented by members taking the course.

Each of the following courses represents at least one student, and several of them have as many as four: Plumbing, drafting, auto mechanics, dairy products manufacturing, dentist's assistant, electrician, machinist, radio technician, shoe repairing, electrician, printer, gas station management, furniture selling, office management, baker, men's furnishings, dry goods selling and variety store management.

During the school year, each student averages about 120 hours of work per month, and none of them receives less than 20 cents an hour. The wage scale goes as high as 60 cents.

When the boys and girls are not at work they spend their time in careful study of their particular trades, making analyses and gathering supplementary material in order that they may gain a thorough book knowledge of their subjects. In addition, each student must take a course in social and economic problems, explaining labor and capital relationships, money, unions, and so forth, in English and in work experience in which the employer grades and comments upon progress and abilities displayed.

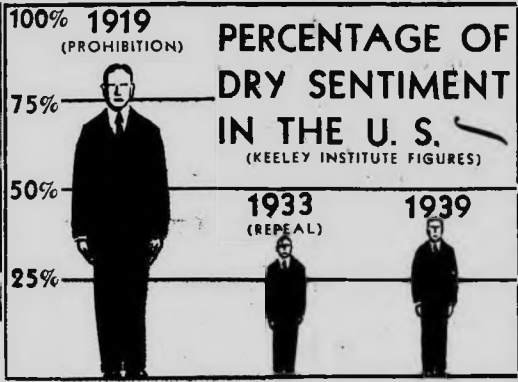

Each student who is interested in the apprenticeship program must state his preference for a trade, but before he is allowed to enter into the study of this business, the instructor makes sure he is qualified mentally and physically for it. Mr. Bentley states that each apprentice is investigated for his seriousness of purpose. Every effort is made to find the correct placement of the individual.

At the completion of the apprenticeship training period, the student receives a certificate from the state board certifying that he is a full-fledged skilled worker, journeyman in the particular occupation for which he was trained. Previous to this, each apprentice must enter into agreement with the employer and

Prohibition's 20th Birthday Finds Drys Growing

Texas Senator Morris Sheppard, left, will deliver his annual speech in the senate Tuesday, January 16 on the twentieth anniversary of the day America went dry. Since repeal in 1933, statisticians pointed out, dry sentiment has been growing again. Figures above, compiled by the Keeley Institute of Dwight, Illinois, show the trend.

school, and his training program must be approved by both parties. Upon official registration, each apprentice is given a record book which contains his photograph, and space for records to be kept throughout his training period, so that upon completion of the course, he will have this record to show for all his accomplishments and work experience is necessary for graduation, and 144 hours of this must be spent in school each year.

It has been estimated that 75 per cent of the students graduating from the Plymouth high school do not go on to schools of higher learning after graduation, but expect to find their places in industry and business. Experience during the depression taught the young people just out of school that they are not fitted to fulfill the needs of industry. The reason for this, it was found, was that there was an over-supply of unskilled labor, and a real demand for skilled workers. Hence, it is the aim of this apprentice system to correct that condition.

the long voyage on the east shore of Lake Michigan and down the west shore of Lake Huron, through the Detroit river, St. Clair river and Lake St. Clair and into Lake Erie, where they are safe. In Lake Huron they are joined by the Chippewa and Peter, who have crossed to Lake Huron ahead of the party of Potawatomies sent to intercept them.

The love story is woven through the story full of Indian lore adventure and stirring encounters and the finale is but a description of Cooper's trip into Michigan in 1848 when he was inspired to write the tale of "Oak Openings or the Bee Hunter."

The story deals with the territory along the Kalamazoo river and what is now southern Kalamazoo county and the northern section of St. Joseph. Many of the places named and described still are well known landmarks and indicate that Cooper before writing his tale must have gone carefully over the territory even to the present town of Saugatuck and laid the foundation for his story of romance and adventure upon a foundation of actual Michigan geography.

Judge Basil Harrison, who was his Ben Boden, is said to have experienced many adventures that are woven into the tale of "Oak Openings" and the description of the judge's beautiful wife is said to have fitted the character of Margery in the romance. Others of the characters are said to have been based upon persons then living in the vicinity of Schoolcraft and the Prairie Ronde. Scarping Peter was drawn from a dignified old warrior who was a champion of his section of the country for years and whose tradition related, had been a most cruel and determined hater of the whites and successful taken under the spell of the Christian religion. This Indian's history is woven into the story and Margery's warring with the Pawnee are given credit for his reformation.

It is one of the prides of Schoolcraft that Cooper's story was based on the territory surrounding this village and that one of its cherished pioneers should have been taken by one of the greatest American novelists of his time, for the hero of one of his best stories.

Finnish Concert Prices Fixed

Popular prices for the benefit concert which it is anticipated will provide \$10,000 for the Finnish Relief Fund were announced today by Mrs. Fred T. Murphy, chairman of the women's committee of the fund.

The concert will be given in the Masonic temple in Detroit Sunday afternoon, January 21. Balcony seats will be \$1; lower floor, exclusive of orchestra seats, \$1.50; and orchestra, \$2.50. There will be some reserved seats at \$5 and 25 boxes at \$100 each.

Tickets went on sale Thursday at the fund headquarters in the Book-Cadillac hotel; at Grinnell's Music House; at the newspapers, including the branch offices of The News in the General Motors and Majestic buildings in Detroit and in hotels and leading restaurants.

Schrader Team Downed by Fast Northville Quint

The Schrader basketball team, a member of the Community Basketball league here, was downed by the fast Northville Athletic club quint on the Northville high school court last Thursday evening, 33-18.

Northville led at the quarter, 7-2 and again at the half, 15-8. Plymouth tied the score at the end of the third quarter, 17 all.

It was reported that Northville's win was because of the fact that they had two complete teams alternating on the floor. This reserve strength decided the game.

Coach Richard Loomis of the Northville outfit, said that the Plymouth team showed good teamwork and reports that there were no outstanding scorers. The A-C team was particularly good at breaking up Schrader's passing attack.

Maccabees to Meet at Royal Oak

Maccabees of southern Oakland county are extending a cordial invitation to all Maccabees and their friends to a public installation for hives and tent hives at Royal Oak, Friday, January 19, in the American Legion hall, Main and Fifth streets, Mayor Fletcher Renton, of Royal Oak, will open the meeting promptly at 8:00 p.m. Joseph Himmelspach, of Farmington, will respond, followed by an address by J. E. Baker, great commander of Michigan. Congressman George Dondero is expected.

Officers will be installed in an impressive ceremony. A special musical by Betty and Her Pals, of Clarenceville, music for dancing, and refreshments will feature the remainder of the program.

Farmers Can Again Raise Sugar Beets

Wayne county sugar growers are assured of a sugar program in 1940, according to an announcement received by the Wayne County Tri-County office this week.

The sugar quotas which were suspended by the president on September 11 have been re-established and immediate steps are to be taken to get the program in operation in all domestic sugar producing areas. Maurice C. Bird, Wayne county A.A.A. chairman said.

The quotas were suspended in

September when sudden demand, due to the outbreak of the European war, depleted retail stocks in many localities.

Conditional payments to growers for the 1940 sugar beet crop will be dependent on the appropriation of the necessary funds by Congress, Mr. Bird added.

Growers who wish to receive the sugar beet payments authorized by the Sugar Act of 1937 are required to meet certain conditions which include non-employment of child labor, payment of fair labor, prevention of erosion and improvement of soil fertility and compliance with grower "proportionate shares."

Commission Approves First Two Readings of Electric Ordinance

A proposed electrical ordinance, recently drafted through the cooperation of Plymouth contractors and the city commission, passed a first and second readings at the commission meeting Tuesday evening.

The ordinance, as proposed, is a result of a meeting of the contractors in the city, and it is thought to be a definite aid to them. It provides for the licensing of each contractor so that he may do wiring and other electrical work here. Also it means that no contractor outside the city may come into Plymouth to do electrical work without first obtaining a city license.

When the ordinance is put into effect, 21 days following the third reading, each electrical job in Plymouth must be approved by a permit issued by the city.

Club Will Honor Past Presidents

ILLNESS HITS TWICE
Spruce — On a Thursday Ilene Tacia underwent an operation in an Alpena hospital for chronic appendicitis. Friday evening her brother Howard was rushed to the same hospital with an acute attack of appendicitis, and was operated on Saturday morning.

Hugh Rader, Jr. and Detroit Girl Speak Marriage Vows

At All Saints' church in Detroit, Saturday, Mary Louise Hubbert, daughter of Mr. and Mrs. Harry L. Hubbert, of Winthrop, Kansas, Detroit, and Hugh Rader, Jr., son of Mr. and Mrs. Hugh Rader Sr., of 15495 Ridge road, were united in marriage by the Rev. Berton S. Levering. The bride was given in marriage by her father. The service was read at 2:30 o'clock.

For the ceremony the bride wore an afternoon frock of French blue crepe, the bodice tucked and the skirt full. Her small matching blue hat was of feathers and trimmed with a navy blue veil. Accessories were also navy and she carried a corsage of white orchids, tied with white ribbon.

Miss Clara Rader, the bridegroom's sister, was bridesmaid. She was given in dusty rose crepe and her accessories were of a deeper rose shade. Her flowers were cattleya orchids. Herbert J. Gibbs Jr., was Mr. Rader's best man and ushers were Robert H. Cadwell and Joseph R. Mason.

The bride's mother, Mrs. Hubbert, wore a gown of cinnamon-colored crepe and a corsage of cymodendron orchids and Mrs. Rader's frock was of heaven blue. Her flowers were cattleya orchids.

Following the rites, there was a reception for 150 guests at the Meadowbrook Country club, after which the couple left on motor trip to Palm Beach, Florida. For travel the bride chose a gown of dusty pink sheer wool with a matching turban and skunk coat.

The bride's father, Mr. Hubbert, was formerly warden of Jackson prison and is well-known in Plymouth, being appeared here as speaker before various civic organizations.

Both the bride and bridegroom are graduates of the University of Michigan.

After returning from Florida, the couple will reside at the Rader home on Ridge road.

The League of Women Voters will meet in the home of Mrs. Edward C. Eckert this (Friday) afternoon for dessert and program. Mrs. Eckert will be assisted by Mrs. Warren Warren, Mrs. L. H. Goddard and Mrs. H. C. Rufus. Mrs. Harold Bryant of Ann Arbor will be the guest speaker, having as her subject, "Education."

Guard against a cold this winter by keeping yourself physically fit and by consulting Dr. Ries and Rice, Chiropractors—Adv. 17-t-c

As a man is equal to the church and equal to the state, so he is equal to every other man. The disparities of power in men are superficial.—Emerson.

Mrs. William Bailey of Detroit, visited her cousins, Mr. and Mrs. Orr Passage, Tuesday. Mrs. Anna Hallahan, who has been the guest of Mrs. Passage for a week, returned to her home in Fenwick, Saturday.

Rex Savery, of Nebraska, who has been the guest of his cousins, Mrs. Effie Renwick and Mr. and Mrs. Cuda Savery, for two weeks, left Friday for Florida, where he will remain for the winter months.

Adeline Thum, who underwent an operation for appendicitis on Wednesday of last week in Sessions hospital, Northville, is gaining nicely. Mrs. George Peterson, of this city, underwent a similar operation in the same hospital on Monday of this week.

The Get-Together club met at Beyer's hall Thursday evening, January 4, with 23 present. Committees in charge of the next meeting include Rose Rheiner, Mina Taylor, Bertha Beal and Lida Perkins. The club meets again on Thursday evening, January 18.

The Northville Mothers' club will sponsor the Rufus Rose Mar-riettes at 3:00 and 8:00 p.m., Tuesday, January 30, in the Wayne County Training school auditorium. Rufus and Margo Rose will appear in person with their 60 wood actors to present Treasure Island. Pinochio and a modern review.

Mr. and Mrs. Ward Jones were called to Detroit Monday by the death of his mother, Mrs. John H. Jones, who had been ill the past two years. Her funeral was held Thursday morning in the Floyd L. Hamilton funeral home in Detroit with burial in the Memorial Park cemetery in Evanston, Illinois.

A son, William McQuarry Holdsworth Jr., was born to Mr. and Mrs. William Holdsworth, of Northville, Wednesday morning, January 3, at the Session's hospital. The baby was the first to be born in that village this year. Mr. Holdsworth is formerly of Plymouth, son of Mr. and Mrs. William Holdsworth, who reside here.

Plymouth Hive of the Maccabees will hold its installation of officers Wednesday evening, January 17 at Jewell & Blaich hall. The members of the Emerson Guard team and all who participate in the ceremonies of installation are requested to be present Tuesday evening, January 8, at 6:00 o'clock to practice for this event.

The League of Women Voters will meet in the home of Mrs. Edward C. Eckert this (Friday) afternoon for dessert and program. Mrs. Eckert will be assisted by Mrs. Warren Warren, Mrs. L. H. Goddard and Mrs. H. C. Rufus. Mrs. Harold Bryant of Ann Arbor will be the guest speaker, having as her subject, "Education."

Guard against a cold this winter by keeping yourself physically fit and by consulting Dr. Ries and Rice, Chiropractors—Adv. 17-t-c

As a man is equal to the church and equal to the state, so he is equal to every other man. The disparities of power in men are superficial.—Emerson.

Mrs. Lee Sackett of Forest avenue announces the marriage of her daughter, Marion to Kenneth Groth, son of Mr. and Mrs. Paul Groth of Blunk avenue, Ohio. Jerry Tesika of Howell, a cousin of Mr. Groth, accompanied them to Toledo to witness the ceremony.

Mrs. Groth is employed in the offices of the Daisy Manufacturing company and Mr. Groth is associated with the Ken and Ork restaurant. The young couple will be at home at 205 North Harvey street after February 1. They have a large number of friends in Plymouth who extend their congratulations and best wishes.

City Witnesses First Annual Ice Carnival

Weather Perfect for Skating Events at Newburg

Thousands of winter sports fans from Plymouth and the outlying district lined the banks of Newburg lake to witness the city's first annual ice skating carnival Saturday afternoon.

Skaters and spectators alike could not have ordered more perfect weather or a better racing course.

Aside from the speed skating events which were the feature attraction of the afternoon, some real and fancy figure skaters made an appearance at the carnival.

Sixty-two skaters from Plymouth were registered to compete in races just for city boys and girls.

Through the courtesy of J. Merle Bennett, superintendent of the Wayne county park system, a group of figure skaters, who are now appearing at a downtown Detroit hotel, were obtained for the carnival.

Jack Smyer won the Plymouth 880-yard senior men's speed skating event with Earl Merriman and Buteh Burley coming in second and third.

In the 220-yard speed events for boys 14 and 15 years old, Erland Bridge won. Eugene Erick and second and John McClain came in third.

Raymond Johnson won the local 220-yard event for boys 12 to 14 years old. Donald Gray was second and Duane Johnson took third place.

In the midget division, racing 220 yards, Jean Gould, Elizabeth Braidel and Margaret Stitt finished in the order listed. Their

time bettered that of the 12- to 14-year-olds by five seconds. Australia's Whipple won the midget race for boys.

The general committee promoting the ice skating carnival was composed of Anthony Marulis, Ruth Huston Whipple and Henry Hendorp, who represent the skating committee of the Plymouth recreation commission.

Prizes for all the contests were supplied by the city and will be made to first, second and third place winners as soon as official results from the events are received from the secretary of the skating association.

Police Advise Care of Dogs

Numerous complaints have been received at the Plymouth police department from various residents of the city concerning the inhuman care that some dogs are receiving now that freezing weather and snow has enveloped Plymouth.

Many of our canine friends, the complaints state, are being made to stay out-of-doors in dog-houses which inadequately protect the animals from the cold.

Although department officials are investigating such complaints, Chief Smith requests that city dog owners make sure that their hunters and pets are not forgotten.

"We are doing everything in our power to force owners to care for their dogs," the police chief said, "but after all, if the animals die, the loss is with the owner, not the city."

Rotarians Will Visit Northville

Glenn Jewell is chairman of the "on-to-Northville" committee of the Rotary club for the joint meeting of the Plymouth and Northville clubs to be held at Northville Tuesday noon.

The local club is to provide the program, with Cass Hough as the speaker. He will discuss aviation development. Sterling Eaton will introduce the speaker.

Northville's annual visit to Plymouth was made early in the winter, with an exceptionally large attendance.

Extension Group to Meet January 4th

The Canton-Breck Home Extension group met January 4 at the home of Mrs. Lester Cowin, on Ridge road. Again Miss Emma DuBord, county home demonstration agent, presented the lesson.

On January 11, this same group will meet at the home of Mrs. Allan W. Campbell on Canton Center road for the first in a series of lessons on "Home Nursing." Miss Georgina J. Reid, Wayne county school nurse, will present all the lessons in this course, the first lesson being on "The Home Medicine Cabinet."

The group will welcome any new members or visitors who would like to attend this series of lessons.

MEET AFTER 47 YEARS Cedar Springs - Charles Booth of Grand Rapids learned only recently that Ed Hearrington of Solon Center was his neighbor 20 miles north.

They met and became fast friends, who had not seen each other for 47 years.

Egloff Is Leading Scorer in Basket League

Dunham Named High in Girls' Division

Earl Gray, director of the community basketball league, announced this week that Orlan Egloff and Jean Dunham are high scorers in the league so far this season.

Second place honors go to Gordon Moe, also a Plating player with 95 points, and Betty Husley, with 73 ringers.

The Plating team with the two high scorers in the men's division, are holding down first place in the league.

Results this week are as follows: Cloverdale defeated Hill-Speed Thursday night, January 4, and the Plating team squelched Perfection, 45-4, Monday, Daisy 44, Hi-Speed 18, Tuesday, Independents 14, Cloverdale 13, and Plating defeated the Schrader team.

Next week the Tuesday night game will be played on Thursday. The schedule for the week follows: Monday, Daisy vs. Cloverdale and Blunk and Thatcher vs. Daisy; Wednesday, Blunk and Thatcher vs. Dunbar Davis and Perfection vs. Daisy; Thursday, Perfection vs. Hi-Speed and Schrader vs. Plating.

References for next week include: Clarence Levandowski, Monday; Gordon Moe, Wednesday; and James Williams, Thursday.

Standings up to Wednesday are as follows: W L Pct. Plating team 9 0 1.000; Daisy 8 1 .889; Schrader 4 3 .571; Dunbar Davis 3 5 .375; Blunk & Thatcher 3 7 .300; Perfection Lvs 0 9 .000; Girls' team 0 0 1.000; Daisy 0 0 1.000; Cloverdale 5 4 .556; Independents 3 5 .375; Hi-Speed 0 8 .000.

Place Light on Wilcox Lake

Due to the thoughtfulness of members of the Wayne county road commission, lights have been placed at Wilcox lake, where children from the city swarm by the hundreds to skate afternoons and evenings.

While the safe portion of the ice is marked, still there are always some venturesome children who go beyond the lines of safety.

It was this that caused Supervisor Willard Ely of Northville, who is employed at the Ford plant near Wilcox lake, to call to the attention of county officials the necessity of having a light on the lake.

Workmen have also started the construction of an addition to the structure where children change their skating togs and shoes, the original building not being large enough to accommodate all the children.

FIRST WITH SONG Birmingham - The popular song "God Bless America" was first sung in the city of Birmingham outside of its radio presentation by Kate Smith. It was used as the closing number of a church chorus program.

Teachers' Council Hears Speaker from Wayne University

Dr. John Emmons of Wayne university appeared before the Wayne county Council of Parents and Teachers Tuesday evening at their meeting at St. Michael's church in Rosedale Gardens. His talk was entitled, "The Community and the School."

A business meeting was held at 5:30 o'clock, after which supper was served. There was a large attendance.

Next month the meeting will be held at the Sheldon school.

New Team Enters Euchre League

A new team has been entered in the Canton Center-Cherry Hill Euchre club, taking the place of M. Housman and G. Rumer.

The new team, composed of Matt Waldecker and Lew Crumm, started out by winning from F. Waldecker and W. Theisen, seven games to six.

C. Finnigan and M. Corwin dropped their session 7-6, to B. Vest and J. West, 4 surprise to everyone was the stand made by C. Blackmore and E. Wendland, cellular holders, when they lost 7-6, from G. Guntow and O. Eickstedt, now in fourth place.

Present standings are as follows: W L Pct. Wagenschultz-R. Waldecker 60 41 577; Freddie-Buecker 60 44 577; C. Finnigan-M. Corwin 57 47 549; H. Guntow-O. Eickstadt 57 48 529; R. Hood-A. Keester 55 48 529; B. Vest-J. West 54 50 519; F. Waldecker-W. Theisen 52 52 509; M. Waldecker-L. Crumm 47 57 451; A. West-J. Lesty 44 60 421; C. Blackmore-E. Wendland 43 69 387.

Norris, 931 Newburg road; Dan Dettling, 906 South Main; Harold Burley, 920 Holbrook; Roger McClain, 154 Rose; Neal Curtis, 859 Livip; Thomas Lock, 644 Adams.

Finlans Leave for the Southlands

Mr. and Mrs. Charles L. Finlan have left for Florida where they plan to spend the remainder of the winter. Mr. and Mrs. Finlan do not expect to return home much before April. Their winters in the South are generally not spent in one place, although this winter they will probably be located in or near Miami most of the time.

ALKY EXPLODES; DRIVER BURNED

Dearborn - Kenneth Bowers recently learned that a match can be as dangerous at the front end of a car as at the gas tank. He recently lighted one to see if the radiator of his car was full. Fumes from vaporized alcohol exploded, burning Bowers about the face and head.

Predict Rising Business Trend for 1940

Merchants and Manufacturers Say "Good Times" for New Year

As a result of increased production, additional employees and better general business conditions in local manufacturing plants, Plymouth merchants predict a rising trend for business in 1940 which is slated to be the biggest year since 1929. Indications are that other increases in population during the year, as was experienced during 1939.

With an increased population, it follows that there will be an increase in business for Plymouth merchants who by the same token will be able to offer a greater saving opportunity to residents of the city.

For the past three months Plymouth factories have been filling orders for the Christmas season. At the present time a few men who were employed to assist with the holiday rush have been laid off, but it is thought that as soon as the surplus which was created at that time is disposed of, these same men will be required for steady employment.

The Wall Wire Company, a new manufacturing concern in the city, has now in the process of completion, a \$25,000 addition to their plant. They are now working in two shifts, with about 100 men to each. It is reported by officials of the company that as soon as the addition is completed, nearly 30 new men will be employed.

Plymouth manufacturers and merchants predict that residents of the city may expect the new year, 1940, to be one of prosperity and nearest to "good times" since the business depression ten years ago, late in 1929.

Hunters' Ball on January 19

Northville has a unique use for village residents' discarded Christmas trees. It was disclosed last week that each year, following the holidays, the trees are used for decorative purposes at an annual Hunters' ball which is sponsored by the Kings' Daughters, a Northville clarity organization.

The affair this year is under the supervision of Mrs. E. B. Cavell, and is to be held Friday, January 19, in the high school gymnasium. Mrs. Floyd Shafer has charge of the ticket sale. Other committee members will be announced by Mrs. Cavell later.

We want persons in the village to save their Christmas trees for us to use in decorating in a manner which has become traditional for this event," Mrs. Cavell declared.

Villagers were requested to put their Christmas trees in their yards to be saved for the ball. They are to be called for the day preceding the party.

KID'S BALLOON FLIES

Vassar—Buddy Welsh was astonished to learn that a toy balloon he had filled with hydrogen traveled more than 250 miles in a day. It was found near St. Mary's Ontario, the day after it was released here.

Oh, My! Sandy Has a Birthday!

Sandra Lee Henville, known to most of her several million movie fans as "Sandy," contemplates two candles on her birthday cake. "Sandy," who is not only the youngest star in the movies but also the youngest male impersonator on record, will celebrate her second birthday anniversary, Sunday, January 14.

Big Increase in Farm Loans

New loans from the Federal Land Bank of St. Paul and the land bank commissioner in the four counties of Livingston, Monroe, Washtenaw and Wayne, more than doubled in 1939 compared with 1938.

R. A. Pence, of Ann Arbor, secretary-treasurer of the five national farm loan associations through which the loans were obtained, summing up the year's activities of his organization this week, said that down to December 15 there were 34 loans for a total of \$88,200, compared with 17 last year for a total of \$42,700. The loans were for a variety of purposes, improvements, payment of farm debts, refinancing of loans that carried higher interest, purchase of land and other purposes.

The five local associations in this area have a common headquarters at 308 Wolverine Building, Ann Arbor. Here under one roof all the records for the associations, which formerly maintained five different offices, are new kept and all business transacted. The "group plan" brings contiguous offices together at convenient central points, was pioneered in Michigan and was found so successful that it has been adopted in the other three states in which the land bank operates—Dakota, Minnesota and North Dakota.

Breaking down the year's business, Mr. Pence said that this year there were 16 federal and bank loans aggregating \$38,900, compared with nine last year aggregating \$11,100; and 18 commissioner loans for a total of \$27,400 in 1939, compared with eight last year for a total of \$11,600.

Landscaper Specialist to Meet Farm Group

O. I. Gregg, landscape gardening specialist from Michigan State college, will be in the county on Tuesday, January 16, announces Miss Emma Dugard, county home demonstration agent of Dearborn.

Mr. Gregg will present a special lecture on flowers and special features with a discussion on the care of lawns and shrubs, including pruning. Mr. Gregg will answer any questions concerning the lawns, flowers and shrubs. He will be glad to identify branches of trees or shrubs that anyone may wish to bring in to the lecture.

This meeting will be held at the Wayne library, Wayne, on Tuesday, January 16 at 2:30 p.m.

Knickerbocker on Town Hall

H. R. Knickerbocker, war correspondent for International News Service, who returned recently from the war zone, will speak before the Detroit Town Hall in the Fisher theatre, next Wednesday, January 17, at 11:00 a.m. His subject will be "At the Ringside of History."

The famed reporter, winner of the 1930 Pulitzer prize for his series on the Red trade menace, and twice named in Mott's "100 Best News Stories," comes direct from a roving assignment to cover Europe's battle and political fronts. He became thoroughly acquainted with the Western Front through residence within a Maginot Line fortress, where he was made an honorary member of the 125th French Infantry. An uncanny predictor of world events, Knickerbocker prophesied months ago the tragic events of today. In his 18 years as a foreign correspondent all over the world, he has scored sensational scoops. Exactly four years before Anschluss, Knickerbocker predicted that Germany wanted and would get Austria. He was in Munich in 1923 during Hitler's "Beer House" Putsch, and in Moscow in 1925 when Trotsky was banished. He was in Berlin when Hitler consummated his Blood Pledge.

He was the first reporter to reach the Insurgent Army after war broke out in Spain. He was in Shanghai in 1937 when Japanese troops captured the city; in Jerusalem in 1938 for the flight of the Moslem-Jewish strivers; in Prague when Hitler took Sudetland.

Tickets are on sale at Grinnell's Music Store, Ra. 1124, Detroit.

City to Employ New Bookkeeper

City Manager Clarence Elliott will conduct an examination held at the city hall the week of January 22, open to any woman in Plymouth who desires to be employed by the city as a bookkeeper.

The person selected will be directly under the supervision of Mr. Elliott and will have charge of the water files and assist the city clerk.

Application for the position is to be made with the city manager this week. For further information concerning the position, consult Mr. Elliott at the city hall.

The person accepted will fill the vacancy left by the death of Mrs. Harold O. Burley, employe of the city for the past nine years. Recently Mrs. Nellie V. Cash has been assisting during Mrs. Burley's illness and death. Mrs. Cash was formerly assistant city treasurer and has been a city employe for 11 years.

Walled Lake Youth Hit by Auto, Dies

Harold Alvin, 16, son of Mr. and Mrs. Ira Alvin of 3115 Poplar drive, was fatally injured Saturday, December 30, when the bicycle on which he was riding, was struck by an automobile, driven by Leon F. Knapp on Commerce road. Young Alvin died the following Monday morning in the Pontiac General hospital.

Knapp, at the time of the accident, was attempting to pass another car. As he turned out, he struck the Alvin youth. Mr. Knapp and his wife, a passenger in the car, received minor injuries from broken glass.

No criminal action will be taken on the case, according to Assistant County Prosecutor Harvey Lodge, who heard the story.

The Alvin boy was a popular student at Walled Lake Consolidated school. He was active in the school's athletic program and was a member of the band. Funeral services were held for him at 12:30, Tuesday afternoon, January 2, from the chapel of the Jewish Free Burial association on Joy road in Detroit. Burial was in the Jewish Burial cemetery.

Northville Has Two Fires

Monday and Wednesday of last week, Northville experienced its first two fires of the new year, with property damage amounting to an estimated \$1,200.

Early Monday morning, at 8:30 o'clock, fire was discovered in the basement of the home occupied by Mr. and Mrs. Sherman A. Hill, Eight Mile road, and on Wednesday morning about 4:30 o'clock, fire was discovered in the Nowel Lumber company office, Base Lane road.

Only slight damage was done to the Hill home when an overheated furnace caused a fire and operated their municipal league. The Northville fire department checked the fire immediately upon its arrival, limiting the loss to \$200. The office of the lumber company was gutted by fire in which the loss was estimated at \$1,000. Harold Church, manager, said that company records were saved. The cause of the fire is undetermined. Losses were covered by insurance.

Nowel Lumber company business was carried on from a temporary office for a few days. It is contemplated that a new office will be constructed soon.

City Commissioner Writes Article for State Municipal League Magazine

Because of her strong convictions and belief in the organization of cities and also because she is at the present a member of the board of trustees of the Michigan Municipal League, Mrs. Ruth E. Huston-Whipple was recently asked by Editor Mark W. Alger of the Michigan Municipal Review, official organ of the league, to write an editorial for the magazine dealing with the league's organization.

Mrs. Whipple is a Plymouth city commissioner. Her article in the Review is published in the current issue, which came out late in December. The magazine is circulated in nearly 250 villages and cities in the state. Each office receives a copy of the magazine, including managers, commissioners, treasurers, engineers, department of public works heads and chiefs of police.

Following are excerpts from Mrs. Whipple's article which emphasizes the Michigan Municipal League's control by its members:

"For 40 years the cities and villages of Michigan have owned and operated their municipal league. When the Michigan Municipal League was founded in Grand Rapids in September, 1899, it was the fifth such organization to be formed in the United States.

"Then as now, and through the long years intervening, the League has belonged to the cities which created it. Sometimes other organizations for the promotion of good government have contributed to the League's support; sometimes the League has cooperated with other organizations to promote its objectives, but always the League has remained directly responsible to its members, the municipalities of Michigan.

"The League organization is almost a replica of the government of each individual city. The Board of Trustees is a legislative, policy-making body like the city council or commission; the director is the executive and administrator like the city manager in a city manager city, or the chief administrator in other municipalities; the League staff

consists of employees who carry out the duties assigned them by the director and Board of Trustees as do employees under a manager. The cities themselves elect a controlling majority of the Board of Trustees from their own ranks just as the voters of a city elect their city council or commission.

"The fact that the League originated 40 years ago through the efforts of the cities themselves and has developed through the same leadership; the fact that the municipal members are supporting the League financially through steadily increasing contributions and through their ownership of the League building; the fact that the League magazine exists solely for the benefit of and through the ownership of the municipal members; the fact that the League's annual conventions are attended largely by municipality members; and their programs are largely in the hands of municipality members; the fact that the work of the League is carried on through an organization that centers control in a Board of Trustees which is directly responsible to the member municipalities—these five facts all make it very plain that the Michigan Municipal League is one organization which, because

of its constitution, its organization and its practices, is controlled by the people who created it, the municipal officials. Today when municipal problems are made increasingly difficult by varying economic conditions and by changing governmental attitudes, the cities of Michigan need a common meeting ground even more than did the founders of the League in 1899. The Michigan Municipal League is that meeting ground, a meeting ground which through its origin, its ownership, its magazine, its conventions, and its constitutional organization, belongs to the cities and villages of Michigan."

New Year... New Leaf... Why Not New Car?

THE slate's clean, the past is past, you're making a new beginning on a new year you hope will be happier and finer and richer — how about doing the job up right?

You spot the fun possibilities in this brilliant and buoyant Buick just by watching it flash by, but have you been in to try it?

Do you know what it's like — first hand, we mean — to have a hundred-plus Dynaflex horsepower waiting your treadle-foot's nudge? Have you sampled the thrill in such an engine micro-prise-balanced to smoothness a wrist watch can't hope to equal?

Today's winter-roughened

roads give you swell chance to try out Buick's gentle ride — raw weather emphasizes the stout snuggness of Unisteel Bodies by Fisher and the convenience of the Flash-Way Direction Signal.

Now's when you most need firm new rubber — sure, soft, tip-top brakes — Buick's automatic choke — stout, taut frames and rugged bodies, and why wait for spring to buy beauty that gives your spirits a lift?

Then too, driving speeds are naturally lower now and driving distances shorter, making this the best time of all to get a car properly started in life.

So figure it out! It's a new year. You've turned a new leaf. Ask your Buick dealer what a new Buick will cost you now — and let every month of 1940 contribute to a happy new year!

"Best buy's Buick!"

The Church of Christ—Plymouth Pastor Tells of Its Aims and Hopes

(By Rev. V. C. Magee)

What is the Church of Christ? I am often asked this question by people when I tell them I am a member of the Church of Christ. In answer to their question of what church I am a member of, they at once say, "Why I never heard of that church—is it in the Bible?" Now let us examine the word of God, for I firmly believe that everything I do and say religiously I must have a "thus saith the Lord." In I Pet. 4:11, we read: "If any man speaks let him speak as the oracle of God." By reading Rom. 1:2 and Heb. 5:12, we find the oracles of God to be the Word of God. I believe I am safe in teaching thusly. For a period of about 4,000 years no prophet or inspired writer of the Old Testament ever made mention of a church. The word "church" comes from a Greek word that signifies "called out" so when Stephen spoke about the church in the wilderness in Acts 7:38, he was referring to the children of Israel called out of Egypt as an assembly. We may safely conclude therefore, that there is but one true church mentioned in all the Bible, and that is the one that we here call the "New Testament church" and so called because it began in the New Testament period and is completely delineated in that precious little book that we all know as the New Testament of our Lord Jesus Christ.

The church is a divine institution that had its birth on the first Pentecost after the resurrection of Jesus Christ from the grave. In Matt. 16:18, Jesus said: "Upon this rock I will build my church." This rock was the fact of Jesus being the son of the true and living God, as confessed by Peter, and the Apostles. Any child will know that "will build" in future tense means "will be no church at this time." In Heb. 12:28, the church is called a Kingdom so just before Christ was crucified his Apostles asked if He (Christ) would restore the Kingdom, so Jesus went to the cross and died for our sins. Still no church was built in the life time of our Saviour. I do read where Jesus told his disciples some of them would not taste death until they saw the Kingdom come with power. Mark 9:1, Daniel 2:44, says that "in the days of these kings shall the God of Heaven set up a Kingdom, which shall never be destroyed." The conclusion then is that the Kingdom, church, Holy Spirit and Power were to come on the same day. By reading the second chapter of the Acts of Apostles we see the fulfillment of these prophecies for Acts 2:47, says: "Praising God, and having favour with all the people." And the Lord added to the church daily such as should be saved.

We have now definitely proved the establishment of the church on the day of Pentecost. Of them which Jesus said he would build is recorded in Matt. 16:18. In Acts 8:3, we read, "Saul made havoc of the church, entering every house, and hailing men and women committed them to prison." Also in I Cor. 1:2 Paul speaks after this fashion: "Unto the church of God which is at Corinth, to them that are sanctified in Christ Jesus, called to be saints." Now just a review of what the church is:

1. The church is represented as a building—I Cor. 3:9.
2. Has a builder—Matt. 16:18. Built but one church—Eph. 1:22-23. Eph. 4:4.
3. Has a foundation—I Cor. 3:10-12. Eph. 2:19-23.
4. Called a house—I Pet. 2:5. I Tim. 3:15.
5. The church is represented as a body—Eph. 1:22-23.
6. As a body, has a head—Col. 1:18. Col. 2:10. Eph. 5:23-24.
7. Has members—Rom. 12:45. I Cor. 12:14 and 26.
8. A spirit—I Cor. 3:16. Rom. 8:9.
9. It has blood—Col. 1:14.
10. The church is represented as a family—Eph. 3:15.
11. As a family we have:
 1. A father—John 3:3-5. We are born into it. We do not "join" the church, we are born into it.
 2. In the church we have fellowship, love, peace rest protection and salvation.
 3. The church is called a Kingdom. As a Kingdom we have:
 1. A King—John 18:36-37; Matt. 28:18 shows the King has all authority.
 2. Has subjects, servants—Rom. 1:1; I Cor. 7:23.
 3. Has a law, which is the Gos-

pel of Jesus Christ. See Isa. 2:3. 4. Territory—All the world—Mark 16:15; Acts 1:8.

Note: Here we have seen four pictures of the church in figures: Thus the church as a building, as a body as a family and as a Kingdom gives us a fairly comprehensive grasp of what the church is. Again no one of these four items will fit any institution before the Pentecost of Acts 2:1. No! will they fit any institution at any time except the church of the New Testament.

Now the point is, "Who named the church and what name was given to it?"

The church is God's child, and God had a right to name His own child. See Isa. 2:2-3 and Isa. 62:2. But what did God call the church—His child?

Collectively it is called: (a) The church—Eph. 5:23-24; Acts 13:1; Acts 1 and 14; (b) Church of God—I Cor. 1:2; I Cor. 10:32; Gal. 1:13; (c) "My Church"—Matt. 16:18; Heb. 3:3-6. Christ built the church which is His house. It belongs to him, not to us. (d) Churches of Christ—Rom. 16:16. The expression churches of Christ embrace all local congregations of Christ. Searching God's word I am unable to find any other name that I could wear and meet with the approval of my God. I hear this expression, "What's in a name they all mean the same thing." Let's see about this. When I married my wife she took my name and all of our children bear my name. Well, just so with the church. God's Word says that the church is the bride and Christ is the bridegroom. Then, that being true, the church will surely take the name of Christ. I'd be afraid to be called a member of a man-named institution, with man-made laws and doctrines. Eph. 4:4, says, there is one body; and Col. 1:18 says that Christ is part in God's body, the church, who is the beginning, the first-born from the dead; that in all things He (Christ) might have the preeminence. Christ purchased the church with his blood, so the church must have a big part in God's plan of salvation in the lives of men.

Now, remember what I said in the beginning? "If any man speak let him speak as the oracles of God so direct." Now hear God say: Eph. 5:23: "For the husband is the head of the wife, even as the church is the body of the church; and he is the saviour of the body." Therefore, I must become a member of the body, or church to be saved. I must be translated out of the kingdom of the devil into the Kingdom of God's dear Son. Now, how may I do this? Christ said if you love me, you will keep my commandments. Again Christ says, "Not every one that says Lord, Lord shall enter into the Kingdom of heaven but he that doeth the will of my Father in heaven." So then I must find the will of God and what he wants me to do, for God says, "There is a way that seemeth right unto man, but the end thereof is death." It isn't what can I do or what will I do, but what MUST I do to be saved. The same question that was asked the Apostle Peter, on the day of Pentecost. Surely, nobody will think that Peter did not tell the truth in his answer, and what did Peter say? This—"Repent and be baptized, every one of you in the name of Jesus Christ, for the remission of your sins, and you shall receive the gift of the Holy Spirit." The Bible says, "Then they that gladly received his word were baptized; and the same day there were added unto them about three thousand souls." Acts 2:41. Now read Acts 2:47: "Praising God, and having favour with all the people and the Lord added to the church daily such as should be saved." How did God do that? How does he do that today? We may never understand all that is comprehended in that marvelous statement, but we can understand the part that relates to us as set forth in the following scriptures:

The Gospel must: (1) be preached—Matt. 24:14; Jno. 6:45; Mk. 16:15-16; (2) be heard—Jno. 6:45; Rom. 10:14 and 17; (3) be believed—Rom. 10:17; (4) be repented—Lk. 13:3; Acts 16:31. And then we must: (4) repent of all sins—Lk. 13:3; Acts 17:30; (5) confess Christ—Acts 8:37; Matt. 10:32; Rom. 10:9-10; (6) be baptized—Matt. 16:16; Acts 2:38; Rom. 6:3-4.

Note: There is no Bible teaching to the effect that we must "get saved" or "be converted" and then "join the church of our choice." The fact there is nothing said about "joining" the church at all. Conversion is simply "turn-

ing to the Lord" and we know that by our obedience to the gospel as indicated in the scriptures and disciplines of human origin and go back to the Word of God and all shall dwell in the house of the Lord peaceably and forever serve our God.

In Jesus' name this is my prayer.

Lutheran Church Experiences Tremendous Growth in 1939

Annual Meeting Held Tuesday Eve.—Officers Elected

When the annual meeting of the membership of St. Peter's Evangelical Lutheran church of Plymouth was held Tuesday evening, it was characterized by two important facts—it was the largest annual meeting of the church ever held and reports showed that the past year had also been the most successful in the history of the church.

The occasion was an important one for another reason. It marked the completion of ten years of service and the beginning of a new year of work for Rev. Edgar Hornecke, energetic pastor of the church. He was inducted into office by the Plymouth Lutherans on June 2, 1929.

The event also marked the completion of ten years of service given by William Petz, Oliver Goldsmith, Walter Schultz, and Otto F. Beyer as members of the church council. They have served since February 20, 1929.

Reports submitted to the meeting Tuesday night showed that the church during 1939 acquired the largest number of new members during any single year since its organization. The church has grown from 178 members, 135 communicants and 35 voting members in 1929 to a membership of 435, with 260 communicants and 86 voting members in 1939.

During 1939 the exterior walls of the church were covered with Johns-Manville asbestos siding shingles, greatly improving both the condition and appearance of the building. Together with other minor repairs, a total of \$850 was spent for these improvements. A valuable set of gold-plated altar vessels were received from Mrs. A. Esch and Mr. and Mrs. William Ash in memory of William Esch, during the year.

Total receipts of the congregation during 1939 were \$5,700, against \$4,000 in 1938.

The congregation's organ fund grew from \$831.26 to \$1,326.20 during 1939. The new budget for 1940 is \$4,700.

Officers re-elected at Tuesday evening's meeting follow: Otto F. Beyer, treasurer and trustee; Walter Schultz, secretary; and William Bartel, Jr., trustee. Besides these the present church council includes William B. Petz, president; Oliver Goldsmith, vice president; Albert Rohde, financial secretary and trustee; Edward Hoshbach, Paul Groth and Oscar Lehman, board of deacons. Raymond Manzell was elected chairman of the ushers' committee.

Mr. and Mrs. Jens Hansen and Mrs. Paul, and Edwin Landau were admitted into membership with the congregation.

Sisters Conduct Revival Service

The Beneficial Sisters of Loveland, Colorado, are conducting revival services at the Berea Gospel Chapel, corner Mill street and Ann Arbor Trail for the remainder of this week and next week. The Beneficial Sisters are talented musicians and singers as well as speakers and come to Plymouth with a wealth of experience in the evangelistic field having preached in churches, both large and small, throughout the country. The public is invited to attend these services.

January 14, 1940. The golden text (Leviticus 11:45) is: "I am the Lord that bringeth you up out of the land of Egypt, to be your God; ye shall therefore be holy, for I am holy." Among the Bible citations in this passage (Psalm 51:7) "Purge me with hyssop, and I shall be clean; wash me, and I shall be whiter than snow." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 241): "The baptism of Spirit, washing the body of all the impurities of flesh, signifies that the pure in heart see God and are approaching spiritual life and its demonstration."

SALM FEDERATED CHURCH.—C. M. Pennell, pastor. Sunday morning worship, 10:30 o'clock; Bible school, 11:45 a.m.; hymns; Sunday evening, 7:30 p.m. Our pastor will speak on "The Victorious Life" in the morning service. Because her strength does not permit her to continue, Mrs. Myra Taylor has had to give up her position as president of the Aid society, after a very successful year's work. The ladies pledge their loyalty to Mrs. Glenn Bennett, the new president. Mrs. Floyd Hardesty is now secretary and Mrs. Don Granger was elected treasurer.

CATHOLIC CHURCH.—Rev. V. Renaud, pastor. Sunday—Mass at 8:00, 10:00 and 11:30. Confessions Saturday nights at 7:30 and before each mass. Societies—The Holy Name Society for all men and young men. Communion the second Sunday of the month. The Ladies' Altar Society receives Holy Communion the third Sunday of each month. All the ladies of the parish are to belong to this society. Children's Sunday—Every child of the parish should go to communion every fourth Sunday of the month. Instructions in religion conducted each Saturday morning at 10:00 by the Felician Sisters. All children that have not completed their 8th grade are obliged to attend these religious instructions.

PENTECOSTAL ASSEMBLES of God, Berea Gospel chapel, Ann Arbor Trail and Mill street. Rev. John Walskay, pastor. Special meetings, January 7 to 14. Come and hear the Beneficial sisters from Texas sing and preach the gospel every night at 7:30 p.m. Other meetings are, Sunday school, 11:00 a.m.; morning worship, 11:00. Ladies' cottage prayer meeting at the home of Mrs. Everett Glass, Starkweather avenue, Wednesday afternoon at 2:00 p.m. A hearty welcome to all. Romans 10:17: Faith cometh by hearing and hearing by the Word of God.

ST. JOHN'S EPISCOPAL church—Corner Harvey and Maple streets. Holy communion and sermon, 10:00 a.m.; church school, 11:15 a.m.

Racket Buster Tells Activities to J. C. C. Men

Prosecutor Dowling Appears as Guest of Dr. John A. Ross

Wayne county's chief prosecuting attorney, William Dowling, the man responsible for several racket busting activities, the prosecution of the Julia Barker case, trying 44 Black Legionaires and convicting each one of them on first degree murder charges and trying several other important cases, was the principal speaker at the regular Junior Chamber of Commerce meeting held Monday evening in the Pilgrim room at the Mayflower hotel.

Mr. Dowling was introduced to Commerce men by Dr. John A. Ross, who was instrumental in obtaining him for his appearance in Plymouth Monday evening.

"You men will be interested in my talk from a business standpoint," the speaker declared at the first of his very informal speech centered around "The Prosecutor's Office—Its Workings and Its Function."

Mr. Dowling said that in every business there are controversies, and that it is these differences that exist which make lawyers.

"The average person looks upon a prosecutor as one to be shunned, a man with horns, and one who should be kept away from. Do you men know that no less than 39,663 persons went through the prosecutor's office last year, each one with a separate grievance to tell us?"

The assistant prosecutor then informed his audience of the importance of each division of the office for which he works. "Among them," he said, "is the civil division, with lawyers from the office handling only county cases; the homicide division handling only murders and such cases, and the traffic division handling traffic violations."

Mr. Dowling said there are ever so many cases that go through the office that the general public hears nothing about. "The reason for this is that men employed by the prosecutor's office have fortitude enough to keep facts from the press who often abuse their freedom by accusing suspects of crimes for which they perhaps haven't as yet been convicted."

"Everyone must practice Christian charity," the speaker declared, and added that no one should judge another for fear that some one else may judge him. "We must withstand pressure from outside influences which oftentimes try to bribe us into giving out information that should be withheld from the general public."

He said that the prosecutor's office is a constitutional office and that the prosecutor is a public servant. "He must be qualified to hold the office and at the same time be human enough to understand personal problems that may be brought to him by persons seeking advice."

"Are you reasonable men? You are not reasonable if you are glibble enough to believe everything you read and hear. Question things to their truth."

Mr. Dowling declared that Wayne county is the fourth largest in the country and it has the greatest record of any its size for percentage of convictions. "Our percentage of convictions last year stood at 87.6. We are not the kind who will do anything for a conviction. We have to carefully prepare each case, know the person we are trying to convict and remember, before we decide on what grounds he is to be accused, that every person's personal liberty is priceless. No one realizes it until it is taken away."

Because of the foregoing facts, the speaker said, the Wayne county prosecutor's office is by far the most economically run of any such office in the country for a county even one half as large in population.

Then speaking particularly of the Junior Chamber of Com-

merce, the speaker declared, "Don't allow yourselves to become the tool of racketeers! Your organization is in a position to put your seal of approval on almost any new thing that comes into the city of Plymouth. If you slip and sanction a thing that you believe to be on the up and up, when in truth it is just another racket, a great number of Plymouth residents may be 'sucked in' on a thing that perhaps you, without knowing, are responsible for in your city."

Builds Addition to Body Shop

Recently completed at the Square Deal Body Shop, managed and owned by J. W. Selle and Son, is a 20 by 32-foot cement block addition which is to be used for a refinishing room. It is apart from the original building, being separated by a partition. The original shop is now used for collision work only, whereas before it was for both bumping and refinishing.

Mr. Selle says that the new addition will enable work done at the shop to be completed more rapidly as many of the newer automobiles have a special kind of paint which requires a higher temperature and more time to be dried. If necessary, 12 cars may be in the process of servicing at the same time. Eight may be worked on in the original shop and three may be refinishing at one time.

The addition is equipped with two skylights and adequate artificial lighting. There also has been an exhaust fan installed to take away paint fumes.

Each separate building has large double doors, with also double doors leading from one building to the other.

The Body Shop is now equipped to refinish any make of automobile from 1934 models to the latest upon a moment's notice. Others of an earlier vintage can also be taken care of.

Recently the owner has installed up-to-date equipment including hydraulic jacks, refinishing buffers, torches for cutting metal and a complete line of paints and tools.

Work is to be started soon on an office which will be built in a part of the collision shop, Mr. Selle said.

Masons Hold First Meeting of New Year

At the first Plymouth Rock lodge No. 47, F. & A. M. meeting of the new year, held Friday night, committees for the ensuing year were appointed by Worshipful Master Fred Hearn. They are as follows:

Auditing — Oral Rathburn, chairman; Harvey Springer and Harry Mumby.

Delinquent — James G. Gallimore, chairman; James Nairn and Robert Chappell.

Sick — Lewis Gerst, chairman; James Gallimore and Charles Greenlaw.

Grievance — Myron Willett, chairman; Raymond Bachelder, Frank Spikarelli and Claude D. Buzzard.

Committee to study by-laws — Robert Chappell, chairman; Edwin Schrader and James Nairn.

Inter-Lodge — Richard Straub, chairman; Ford Flaherty and Claude Roeker.

House — Merritt W. Crumble, A. K. Brocklehurst and Clifford Tait.

Entertainment — Ezra Roinour, chairman; Merritt W. Crumble, Roswell Tanager, Walter Smith and Henry Whalen.

Publicity — Sterling Eaton, chairman; Oscar E. Alsbro, Fred Erb, Eugene Akerlind and Lester DeWitt.

Several important matters were discussed by the record number that attended the meeting. Following the meeting a lunch was served. The group joined in community singing, led by the chapter organist, George Thomas.

The next meeting will be Friday, January 19, at which time the Second Degree will be exemplified by local officers. All Plymouth members are urged to attend the January 19 meeting and an invitation is also extended to neighboring lodges and visiting masons.

Alpena Plans Biggest Ice Festival

On your Mark! Get Set!—Let's go! Michigan Speed Skating Championships are decided at Alpena.

Right—Margaret Krebs, of Alpena. Last year's Carnival Queen and now one of 200 competing for figure skaters honors.

Arrangements are being made for over a thousand residents of lower Michigan to leave Detroit on a Snow Train for Alpena's sixth annual ice carnival, which opens Saturday, January 20. The Snow Train leaves Detroit at 7:30 o'clock that Saturday morning, and returns Sunday evening. Into that time, the Detroit-Alpena club, sponsoring the Snow Train, has packed every thrill known to winter outdoor sports enthusiasts.

More elaborate preparations than ever are in full swing as Alpena prepares for its week of winter glory. The Alpena Chamber of Commerce promises an event of such magnitude that the name Mardi Gras of the North country will be an understatement in describing the carnival.

To give an idea of the magnitude of the arrangements, a huge ice palace requiring a thousand tons of ice is being built. On a high throne in this edifice, will be crowned the two queens to be chosen, one an Alpena girl who will be Carnival Queen, and another open to contestants from all over Michigan, who will be Snow Queen of the Northland. The coronations will be elaborate ceremonies, attended with great pomp and pageantry, and fireworks.

For those who wish to exercise there will be skating on the huge ice rink, tobogganing on three separate slides, each over a third of a mile long, skiing on the nearby hills and ice fishing. Program events include the Michigan speed skating championships, figure skating exhibitions, and hockey games.

Over 250 figure skaters are expected. J. A. Bezotte, president of the Alpena Figure Skating club announces members of the organization will stage individual performances and group numbers. In addition a number of star fancy skaters from other parts of the state are expected.

Last year 22 of the existing 33 speed skating records were surpassed in the state meet, also held on the fast Alpena ice, and a more brilliant field of contestants is expected this year. The championships events are sanctioned by the Michigan Skating association, and records will be official.

The Alpena committee promises the best Winter Carnival ever staged at the least expense to the visitor. To those attending on the Snow Train from Detroit a low excursion rate is available. Use of toboggans and other equipment is free. No charge will be made for admission to the parks or any of the program events, and transportation within Alpena will also be free. Besides this, rates in hotels, tourist homes, and restaurants, will be minimum over Alpena is determined to make this event a winter wonderland of even more than state wide reputation, if energy and thoroughness will accomplish it.

The Detroit-Alpena club has made plans to select their own candidate for the honor of Snow Queen of the Northland, and the selection will be made on the train trip from Detroit to Alpena. Everyone is invited to the Snow Train, and reservations may be made at J. L. Hudson company, the Mr. Foster Travel Bureau.

Louis' Quarters Located at Utica

Joe Louis, world's champion heavyweight boxer, whom a number of Plymouth residents saw train at his training camp near Northville and later in exhibition boxing matches at the Northville Fair grounds in preparation for his bout with Bob Pastor last fall, has purchased a new training camp in the vicinity of Utica.

The new camp is on the property known as the Spring Hill farm, which has a history that involves abolition memories.

The buildings on this estate have been overhauled this fall in preparation for Louis' arrival sometime this month. At that time he will begin training for his next big championship match with Arturo Godoy, February 9.

It is thought the heavyweight's new camp will be permanent as he and his manager, John Roxborough, have found constructing special training equipment at every temporary camp to involve great expense.

Over 250 figure skaters are expected. J. A. Bezotte, president of the Alpena Figure Skating club announces members of the organization will stage individual performances and group numbers. In addition a number of star fancy skaters from other parts of the state are expected.

Last year 22 of the existing 33 speed skating records were surpassed in the state meet, also held on the fast Alpena ice, and a more brilliant field of contestants is expected this year. The championships events are sanctioned by the Michigan Skating association, and records will be official.

U. S. Government Wants Machinist

Any person who has completed a four-year apprenticeship in the trade of a machinist, or has had four years of practical experience in such a trade, is eligible to make application to the United States Civil Service commission for the position of machinist. There are vacancies in this government position at the U. S. Naval Torpedo Station at Newport, Rhode Island.

The closing date for which applications for the open competitive examination may be filed is June 22, 1940. Further information concerning the position and examination may be obtained from Mrs. Beatrice Schultz, local secretary of the commission, and assistant postmaster at the Plymouth post-office.

Fishermen Go North to Try Their Luck

Matthew Powell, Bert McKinney, Herman Backhaus and Bert Kahrl left Tuesday for Petoskey where they plan to do some fishing through the ice for a few days. Reports received early in the week stated that ice fishing was good in that locality and these fishermen have gone north to try out their luck.

Inter-City Ice Meet Results

Results in the Southern Michigan Inter-City ice speed skating championships determined at the city of Plymouth's first annual ice carnival on Newburg lake Saturday follow:

Senior Men
220-yard dash—Won by Leo Hayden (D); second, Ed Oldenkamp (D); third, Vincent Bozich (D). Time, 21.5 seconds.
440-yard dash—Won by Terry Brown (D); second, Doug Lytle (S); third, George Omelochuk (D). Time, 39.2 seconds.
Half-Mile—Won by Browne; second, Dick Russell (D); third, Lloyd Parr (D). Time, 1:22.5.
One-Mile—Won by Browne; second, Bozich; third, Russell. Time, 6:23.

Senior Women
220-Yard Dash—Won by Ann Cutter (D); second, Virginia Delpier (D); third, Dorothy Johnson, (D). Time, 26.5 seconds.
440-yard dash—Won by Delpier; second, Cutter; third, Johnson. Time, 54 seconds.
Half-Mile—Won by Cutter; second, Delpier; third, Johnson. Time, 1:57.
One-mile — Won by Esther Wrona (S); second, Helen Wrona, (S); third, Helen Kurecka (S). Time, 3:32.5.

Intermediate Boys
220-yard dash—Won by Bill Katzenberger (F); second, John Kenaley (D); third, Len McDougall (D). Time, 20.9 seconds.
440-yard dash—Won by Kenaley; second, Katzenberger; third, Ted Oldenkamp (D). Time, 41 seconds.
Half-mile—Won by Ed Fletcher (D); second, Kenaley; third, Katzenberger. Time, 1:28.
One-mile—Won by Fletcher; second, Eugene LaBelle (S); third, Henry Ghesquire (D). Time, 3:36.8.

Intermediate Girls
220-yard dash—Won by Bonnie Doyle (S); second, Muriel Miller (D); third, Margaret Cook (D). Time, 24 seconds.
440-yard dash—Won by Doyle; second, Miller; third, Betty Lilly (F). Time, 47 seconds.
Half-mile—Won by Doyle; sec-

ond, Miller; third, Cook. Time, 1:42.
One-mile—Won by Doyle; second, Miller; third, Mary Koinis (S). Time, 3:40.5.

Junior Boys
220-yard dash—Won by Tom Saunders (E); second, Keith Neault (F); third, Burr Lagrou (D). Time, 23.5 seconds.
440-yard dash—Won by Neault; second, Saunders; third, Don Lutes (S). Time, 44.5 seconds.
Half-mile—Won by Saunders; second, Neault; third, Lagrou. Time, 1:35.

Junior Girls
220-yard dash—Won by Dorothy Koinis (S); second, Katherine Dornan (D); third, Betty Szwed (S). Time, 25.2 seconds.
440-yard dash—Won by Koinis; second, Szwed; third, Dornan. Time, 49.5 seconds.
Half-mile—Won by Koinis; second, Szwed. Only finishers. Time, 1:46.

Juvenile Boys
220-yard dash—Won by Jim Koinis (S); second, Morris DeLoof (D); third, Bobby Snyder (D). Time, 25.2 seconds.
440-yard dash—Won by Koinis; second, Ed Finnegan (W); third, Snyder. Time, 47.5 seconds.
Half-mile—Won by Snyder;

second, Finnegan; third, DeLoof. Time, 1:45.

Juvenile Girls
220-yard dash—Won by Mary Place (F); second, Betty Jean Johnson (D); third, Shirley Givens (F). Time, 28.5 seconds.
440-yard dash—Won by Place; second, Givens; third, Johnson. Time, 56.4 seconds.
Half-mile—Won by Florence Wrona (S); second, Place. Only finishers. Time, 1:57.
Midget Boys—220-yard dash: Won by Bob Stadel (F); second, Jerry Oldenkamp (D); third, Dick Fritz (Dearborn). Time, 27.5 seconds.
Midget Girls—220-yard dash: Won by Betty Jean Johnson (D); second, Paula Hynocke (F); third, Elizabeth Braidel (F). Time, 35 seconds.

ATTEND LANSING MEETING
Several Junior Chamber of Commerce members attended the regular state board meeting of the organization Thursday evening in Lansing at the Hotel Porter.

The meeting was preceded by a dinner. Special committees met on the following subjects: Americanism, sports and public health.

It's Best Not to Scold Him

Psychologists advise not scolding children when clothes become soiled at play. Play must be free for the child to benefit. Just let us clean those soiled clothes. Our prices are low for your budget.

PLOT TO DESTROY BOULDER DAM.

California congressmen are demanding that the government reveal to the public the details of an alleged Communist plot it recently discovered to blow up and destroy Boulder dam. It was reported from Washington that the scheme was uncovered in some European capital and that the government has in its possession plenty of proof of the plot, involving Russian Communists in this country.

The members of congress from California are right. The government should reveal the details of it, and they should go the limit in prosecuting every person that had anything to do with the scheme if it should prove to be a fact.

What would the blowing up of Boulder dam do to the Southwest?

It would cause a flood that would drown 100,000 people or more who reside in southeastern Arizona and southern California. It would inundate all of the immensely rich Imperial valley, destroying property worth hundreds of millions of dollars. It would destroy a newly developed power system that is providing a goodly portion of the power for the Pacific coast. It would destroy one of the greatest and most beneficial government projects ever completed.

"BELIEVE IT OR NOT—IT'S TRUE."

For many years The Plymouth Mail has extolled this city as the ideal community in which to reside. It has about every convenience any one could desire in which to bring up a family. Now comes proof of the fact that Plymouth is not only about as desirable a city as one would care to reside in, but it also possesses the finest climate in Michigan.

Old timers who have lived in these parts for nearly three quarters of a century were amazed when informed the following facts were true about Plymouth. We, too, were surprised to find that from a climatic standpoint Plymouth occupies such a desirable place on the map.

Perhaps the first point will not be considered too favorable by some local residents and children who like to play in the snow, but to those who look longingly at warmer climates, we know it will be most interesting.

Maybe before we tell you all of these interesting figures we should let you know that we found them in the new almanac just issued by the Michigan Railroads Association and written and compiled by Robb H. Allie and David A. Wallace.

Monroe, Howell and Plymouth receive the least snow per season of any cities in Michigan. Monroe's average snow-fall amounts to 28.2 inches while Howell receives 29.3 inches and Plymouth averages 29.5 inches. Calumet in Michigan's northern peninsula receives the most snow per year, averaging about 127.4 per year.

Another interesting figure given in the almanac shows

that Plymouth has the next to the lowest average low temperature in the state. St. Joseph, Coldwater, Ann Arbor, Hillsdale, Jackson and Monroe all average a low temperature of 21 degrees while this city has an average low of 22 degrees. An unusual temperature listing is noted in the almanac when two upper peninsula cities, Ewen and Humboldt are given the highest low temperature average for the winter of 49 degrees.

Plymouth, not to be outdone for those that like lots of heat, has a high heat record in the summer, second only to Bay City with 110 and Port Austin with 109. Plymouth holds its own with Mio and Morenci having a high of 108 degrees.

This city has an average temperature of 47.9 degrees which is considered most desirable by people living in Michigan.

Other facts pertinent to Michigan listed in the book are: This state is one of the nation's largest. Its land area is 57,980 square miles, exclusive of the 40,000 square miles of the Great Lakes within its boundaries. It is the second largest state east of the Mississippi river. It is equal in size to England and Wales combined. It has the longest shore line, 1,624 miles, of any state in the Union. It ranks seventh in population.

THE SUPREME COURT IS NOW PACKED.

Death has made possible the very thing that the American people tried to prevent—the packing of the supreme court. When the voters of the nation rose up in revolt some two or three years ago and blocked proposed congressional action for increasing the number of supreme court judges so that all of its decisions could be dictated by the administration, the people of the nation said no.

Now death has opened the way for the "packing" that the people opposed and the nation's chief executive has taken advantage of the opportunity and has PACKED the supreme court in spite of public hostility to the scheme.

It is needless for anything to be said about the last appointment. The people of Michigan are fully advised.

When the change of administration takes place this fall, it will be necessary for congress to work out a plan for the "unpacking" of the supreme court.

As many see it, that is a public responsibility second only in importance to the defeat of the present administration.

LABOR AND DEMOCRACY

William Green, president of the American Federation of Labor, thinks that the bulwark of democracy is to be strengthened by giving labor a stronger voice in the councils of government, in industrial relationships and in all fields of human welfare.

Well, Mr. Green may be right. Just the same, it might be worth pointing out that a case can be made for the farmer, whose support of democracy has not been surpassed by any other class in the United States.

There is no law that we know of that will give labor a more important role in various fields of human welfare and there is much law to give labor an effective voice in industrial affairs. Labor, however, seems unable to organize itself to take advantage of the statutes that have been written for its protection.

One of the best methods to increase the strength of labor in the councils of government involves the termination of the bitter fight that has labor divided in the United States. If Mr. Green and his antagonist, Mr. Lewis, will devote their energies to this task, they will serve the cause of labor well.—George Averill in The Birmingham Eclectic.

PROBLEM OF THE FEEBLEMINDED

A couple of paragraphs from the last issue of the Delinquency News Letter, published by the Michigan Child Guidance Institute, deserve the personal of every person willing to consider the social problems confronting the country.

Releasing feeble-minded patients from institutional care by writs of habeas corpus may be wonderful vindication of personal liberty but it is doubtful social policy, according to a study of 166 such patients so released from the Maryland State Training School for the Feeble-minded, as reported by Leo Kanner in the American Journal of Psychiatry, March, 1938. The destinies of 102 of these patients were followed. Thirteen made a satisfactory adjustment; 11 died; 17 were remanded and 5 released again after being to the school; 17 acquired tuberculosis, syphilis or gonorrhea; 8 were committed to mental hospitals; 29 became prostitutes; 6 served prison terms of more than 3 months' duration; 51 married and produced 165 children, of whom 33 were illegitimate, 18 died, 30 were placed in orphanages and foster homes, and 108 were incontestably feeble-minded.

Well-sheltered feeble-minded persons had thus been dislodged from their logical residence and in the name of justice turned over to maid-seeking women or irresponsible relatives against the advice of the psychiatrist who was the superintendent of the school and the members of the school board. The writ of habeas corpus, a valuable safeguard of democracy and personal liberty, cannot, of course, be blamed for its application by individual lawyers and judges to satisfy relatives and other selfish interests.—Leslie B. Merritt in The Livingston County (Howell) Press.

WHY NOT?

Governor Dickinson, brooding over a wave of attempted prison breaks in Michigan, endorsed a retreat from the state's 108-year-old stand against capital punishment, basing his opinion upon the Scriptures which condone the death penalty, but concedes there is little chance of capital punishment being approved by the electorate. Why not put the matter up to the voters again, Governor? History is being made overnight nowadays.—Charles Seed in The Rochester Clarion.

WATCH OUT, THAT IS ALL!

There is still another 1940 complex which most capital politicians are still sneering at. The writer refers to the group of out-state publishers who have grown weary of "bossed" state conventions. A few critics have openly ridiculed the idea but as Al Smith would say, "Let's look at the record." It is a popular cry of the so-called bosses "To stand by the party," which these out-state newsmen have come to interpret to mean, "Stand by the Bosses." For example, a high percentage of republican majorities comes from rural districts where, regardless of influence, these home daily and weekly newspapers predominate. In other words, what party would be in power in Michigan today if Governor Fitzgerald had depended upon his 1938 majorities in Flint, Grand Rapids and Detroit? He lost each of these spots to Governor Murphy. Rural Genesee and rural Kent went sufficiently republican to give Fitzgerald these counties by eyelash margins but keep in mind that the districts that dominated the last republican state convention went democratic not because of either F.D.R.'s national sweeps but in an off year election. There is no need of mentioning Wayne (Detroit) county figures. Everyone knows that in less than a decade this locality has been transformed from a top heavy republican district to a democratic stronghold. These publishers propose to furnish carefully considered reports of all state office candidates (which includes the legislature) as to qualifications, previous records and present political alignments, in fact many things the voter would like to know. These reports will be made available to every paper in the state and will be carried in full in all papers identified with this new movement. Some politicians now in the king row see in this program a plan to "outboss the bosses" but its supporters declare it is nothing of the sort. It is a high minded and deep seated effort, according to a lower state leader located in one of the 5,000 Fitzgerald majority counties, to improve the operation of government through closer attention to personnel, much perhaps after the technique that the Detroit Civic League uses in acquainting the voters with the qualifications of all candidates in that city, now an established agenda of political information and constantly quoted in campaigns by the metropolitan press. The rural republican press has never been as critical as it is today and this attitude, keep in mind, is in the face of a national campaign in which Michigan has a compelling interest.—Muri H. DeFoe in The Charlotte Republican-Tribune.

But It's True

The lobster incident was reported by the Soviet Academy of Scientists, which said that it was also successful in reviving spiders which dated from the same period.

25 Years Ago

Interesting News of Days Gone By Taken From The Plymouth Mail Files

Mrs. Charles Rathburn of Detroit is visiting her parents, Mr. and Mrs. P.B. Whitebeck.

William Sutherland has sold one of his lots on South Main street to John Hilsheimer of Detroit.

A change of time went into effect on the Pere Marquette Sunday.

F.W. Loomis, who recently purchased a lot of William Sutherland on South Main street has transferred the same to Clinton Gottschalk.

Mr. and Mrs. John Patterson and son, Daniel, have returned home from a three-weeks' visit with friends in the West.

Roy Fisher has returned to the Lutheran Seminary at Saginaw, after spending the holiday vacation with his parents, Mr. and Mrs. H.J. Fisher.

The annual meeting of the First Presbyterian church of Plymouth was held in the church last Tuesday evening. About seventy-five were in attendance. Nearly all of the old officers were re-elected except the treasurer, Harry Green being elected to that office. After the business meeting a social hour was enjoyed and light refreshments were served.

A small blaze in the home of Charles Steinable on East Ann Arbor street early New Year's evening caused the alarm of fire to be given, but owing to prompt action of neighbors the fire was extinguished before the arrival of the fire department. The blaze was caused by lighted candles on a Christmas tree. Slight damage was done to the furnishings of the room, but the loss is covered by insurance.

The Alter Motor Car company has just issued a new catalogue of parts for the Alter cars which they are now distributing to dealers who handle the Alter cars. Every part of the car and motor is illustrated and properly numbered to facilitate convenience in ordering parts for the cars. Work is progressing nicely at the Alter plant and they are getting ready to turn out a large number of cars the coming year.

Born, a daughter, to Mr. and Mrs. Hamill, Friday, January 1.

Miss Blanche Klatt of Pike's Peak spent the fore part of the week with Mrs. Letha Thumme at Farmington.

was served. Decorations in the Yuletide colors brightened the rooms and poinsettias made the tables in the dining room attractive. After the banquet a short program and a social time were enjoyed until the dawn of the New Year.

Roy Gates was agreeably surprised last Tuesday evening when about fifty neighbors and friends gathered at his home to remind him that it was his nineteenth birthday. The host was the recipient of several nice gifts. Cards and music furnished the entertainment of the evening, and dainty refreshments were served.

The Live-Wire society of Tonquish, a very live organization indeed, held its annual New Year's banquet on the evening of December 31 at the residence of Roy Lane. About eighty people sat down to a splendid repast of roast chicken and all the good things that go with a four course banquet. Edgar Harshbarger, the president, made a fine speech outlining the work of the organization during the past year. Rev. Joseph Dutton addressed the company, and at the close of his remarks, on behalf of the Live-Wires, presented Mr. Harshbarger with a very fine diamond stickpin as a mark of the society's appreciation of its president's faithful performance of his duties.

Better Light boosted STOPPING POWER of this window 46%!

A millinery shop made a test on the effectiveness of improved show window lighting. By using colored lighting for general illumination and white spotlights on the merchandise, the attracting power of the window was increased 46%. A similar test in a shoe store produced even more startling results. By doubling the general illumination and using a spotlight in the center of the window, the attracting power was increased 81% and the featured shoes were quickly sold out. * * * Perhaps better lighting can increase the effectiveness of YOUR windows. Detroit Edison engineers will gladly help you find out. They will make a lighting survey without charge and offer helpful suggestions where needed. Call your Detroit Edison office. The Detroit Edison Company.
