

### Plymouth School Accepts Same Tuition Pupils

Limited Room Bars 7th and 8th Grade Rural School Pupils

Announcing that the teaching staff of the Plymouth schools will meet briefly on Monday afternoon, September 2, and will be ready to start regular classes of instruction when school convenes on Tuesday, George A. Smith, superintendent of schools, declared this week that all tuition pupils from the ninth to the twelfth grades from schools attending Plymouth last year will be accepted this year. The board of education will admit pupils from the high school who had been accepted elsewhere in 1939-40.

"This ruling is due to the limited amount of room in the Plymouth high school in comparison with the large number who wish to attend," explained Smith.

"While the board of education regrets that it is forced to discontinue admission to seventh and eighth grade pupils from rural schools this year, it is necessary to limit admission if we are to continue our educational standards."

Tuition students as in 1939-40 must pay, either personally or by the school district, the amount of the primary fund, \$11.20 per pupil to the Plymouth school district. The last school law on tuition provided that this primary fund amount should be sent to the primary district and a like amount deducted from the tuition allowance from the state.

The addition of an assistant in the high school office was announced this week also. Due to the increased amount of work in the high school office as a result of the constantly growing grades, the board of education at its last regular meeting voted to hire for 10 calendar months a graduate of Plymouth high school to assist. The job is intended to aid in the operation of the high school and their placement in vocation in some local business.

### Football Opener at Melvindale September 20

Coach Matulis to Issue Equipment on Labor Day

The first kickoff in the Plymouth high school football season will be Friday, September 20 when the team meets Melvindale in a night game at Melvindale at 8:00 o'clock.

Coach Anthony Matulis announced that equipment will be issued Labor Day, Monday, September 2, from 10 a. m. to 3 p. m. at the high school. Considerable new equipment including practice jerseys, socks, pants, shoulder pads, and helmets, will be issued to the veterans of last year.

Forty-five men from last year's squad are returning as well as a crop of new recruits for the first day of practice Tuesday, September 3 when school re-opens. Players will register at the store the equipment is issued. Coach Matulis plans to work out for general conditioning the first week to prepare players for more strenuous blocking and tackling practice.

The complete schedule of games which start at 3:30 is as follows: September 20, at Melvindale, night game; September 27, at Detroit; October 4, at Detroit; October 11, Wayne; October 18, at Ypsilanti; October 23, at Ecorse (may be a night game); November 1, Clawson; November 8, at Birmingham; and November 15, at Northville.

### Willoughby Shoe Store Re-Opens

Many baskets of beautiful flowers and compliments from the public Saturday greeted the opening of the Willoughby Walk-Over Boot shop, which has been completely renovated following a damaging fire in May.

The feature which particularly drew favorable comments was the fluorescent lighting with which the store is equipped throughout. The ceilings and walls of the display windows are finished with celotex, and the decorated interior has modernistic steel tubing chairs.

A new repair shop located in the rear of the store is managed by Bob Walker and his wife, from Detroit. The salesmen ready to show you the new fall stock are Bruce Setchfield, Don Pack, and Robert Willoughby.

Mr. and Mrs. Fred Thomas spent Tuesday and Wednesday with Mr. and Mrs. C. O. Dickerson in Dearborn.

### Wesley Lickfeldts Purchase Model Home

The model home built by Mrs. Blake Fisher at 1192 South Harvey street near Ross street was last week to Mr. and Mrs. Wesley Lickfeldts.

The couple moved from their former home on Sheldon road to the recently completed model Saturday. Before their marriage in the spring, Mrs. Lickfeldt was a teacher in the Pinconning school.

The exterior of the five-room model colonial style house is white with maroon shutters and eaves below the belt and contrasting maroon with white shutters on the second story.

### Fair Features Horse Show, Running Races

Record-Breaking Attendance Marks First Day of Show

The Northville-Wayne County fair got off to a fine start Wednesday with the horse show and running races proving a double attraction. The junior classes in the horse show had more than 20 entries making it a record show, not only from the point of entries but in general excellence of quality and horsemanship. The senior show Thursday headed by Harry B. Clark, president, featured outstanding champions in the hunter and jumper classes.

With record-breaking first day attendance the twenty-fourth annual Northville fair promises to be unexcelled as an educational and entertainment exposition. Though Thursday was set aside as Plymouth Day, there still remains two days in which to attend the fair.

Heading the educational department this year is Superintendent George Smith of the Plymouth school system. The commercial, agricultural, horticulture, women's and home economics divisions have entries which have filled all available space in their respective departments.

Quality livestock from farms well known in this section of Michigan are represented in the stock exhibits. In addition to the capacity exhibit buildings, there is an exciting and colorful midway.

It was announced this week that R. Edmund Dowling, for four years secretary-manager of the Northville horse show, is resigning with the close of the 1940 season. He is to be succeeded by George Garner, assistant-secretary.

### Rathburn, Ziegler Head Committee

Announcement has been made of the appointment of a committee composed of all the rural supervisors of Wayne county, with Charles Rathburn and Jesse Ziegler as active chairmen, to cooperate with the Elton R. Eaton club for Lieutenant Governor of Plymouth, in the forthcoming primary election.

Fred D. Schrader, chairman of the Plymouth committee, states that no party lines have been drawn and that every supervisor was asked to become an active worker in the campaign.

It is felt that the cooperation given by Candidate Eaton on all legislation which has had a direct benefit to the various townships has won for him the support of most township officials throughout the state.

Reports received by the Plymouth committee indicate that there are splendid chances for the Plymouth candidate to win in the forthcoming primary and it is for that reason that the activities of the committee are being increased.

### New Plymouth Resident Grows Cotton Plants in The North

To grow cotton in the north is an agricultural phenomenon, but that's just what Mrs. Hubert Liker, who recently moved to Plymouth from Tennessee, has done.

Recalling that natives of Kentucky, where cotton is scarcely cultivated, used to go into Tennessee to see cotton plants, Mrs. Liker decided to grow cotton in Michigan so school children might see how it came into this country. She fertilized some soil in the front of her home at 984 York street, Plymouth, and planted some cotton seed in May. Now she has four or five rows of cotton plants in perpetual bloom. Half the ground she left unfertilized to experiment in a comparison of the resulting plants. Those cultivated in the unfertilized have smaller blooms, but as a whole the plants compare favorably with those which Mrs. Liker saw last week in the South, where she was visiting.

The white blooms are one day old, Mrs. Liker explains. The second day they are pink and the third day they fall off. A little boll forms, and when fully

### Bennett Heads National Meet of Arborists

Park System Superintendent Receives Honor

J. Merle Bennett, superintendent of parks and forestry for the Wayne County Road commission, has been honored with the general chairmanship of the convention of the National Shade Tree conference, which will be held for the first time in Detroit, August 27 to 30. The program will bring to Michigan nationally known arborists, foresters, park officials and others engaged in the work of promoting shade tree welfare.

With the Michigan State Highway department in 1919, and a member of the Board of Wayne County Road commissioners in 1922, Bennett was responsible for inaugurating in Wayne county the first organized program of roadside development along rural highways in the United States. He went on to superintend the general plan design, and construction of the Wayne county park system. The author of "Road Development," Bennett has been garden editor of the Detroit Free Press since 1928. As a member of the city planning commission for three years, he has fostered many park and boulevard improvements in Plymouth.

The sixteenth annual conference of tree experts has been assigned to Michigan in recognition of the splendid work already evinced through the professional services of city, state, and country.

### Michigan Bell to Modernize Rural Phones

Project to Convert Crank Phones to Common Batteries

Rural telephones connected with the Plymouth exchange of the Michigan Bell Telephone company are now being converted to common battery, or lift-receiver, type of service, by J. MacLachlan, local manager for the company, announced today.

The new type of rural operation will be the same as that enjoyed by subscribers within the community itself, MacLachlan said. When the changes are made to common battery service, it no longer is necessary for rural subscribers to turn a crank in order to reach the operator.

A Michigan Bell installation crew is visiting the homes and business establishments of rural residents and is installing the new telephone instruments. As fast as installations are completed along a particular line, all the telephones on that line are converted to the new type of operation.

The project was started last week. MacLachlan said it should be completed within two months after which all the 300 rural telephones connected with the Plymouth exchange will have been changed to common battery operation.

The current project is the second improvement and expansion move of the company here in recent months. Additional central office equipment was installed here recently as a preparedness step by the company to be ready not only for normal growth in telephone demand, but any unexpected rise in this demand.

Approximately 1,657 telephones are served by the Plymouth exchange at the present time, an increase of nearly 125 since the first of the year.

### Marcellus L. Kinyon, City's Oldest Resident, Celebrates 90th Birthday

Marcellus L. Kinyon, believed to be the city's oldest living resident, will celebrate his ninety-third birthday Monday, August 26.

Born on a farm in Superior township west of Plymouth in 1850, "Dad" Kinyon says that his mother's people "most all live into their eighties," but his mother, who died at 76, "didn't live long." Mr. Kinyon has a sister, Mrs. Edith K. West, of Highland Park who at 88 years of age is still a Christian Science practitioner.

The fire of 1856 is a boyhood recollection of Kinyon's. At that time all of Plymouth's business district was in the block between the United Savings bank and the Ann Arbor trail. There were no trees in Kellogg Park at that time, but a fence enclosed the park, where circuses were often held. A history of the city compiled by Mrs. Nettie L. Dibble recounts that Mrs. Ellen Roe Nichols, who lived on the south side of the park, had been to the circus the night the entire block on Main street burned. She tells of the great excitement rampant in getting the animals away from the park. Merchandise from the burning stores was carried into the park.

The morning after the fire, Mr. Kinyon and his father, John, came into town and saw the merchandise from the fire-wrecked stores stacked in the park.

In 1860, his father built the old Plymouth hotel. It was constructed entirely of wood and located on the corner where the D and C street now stands. Behind it, where the artificial ice plant is, were the hotel barns, where transient guests kept their horses while staying at the hotel. The grand opening of the new hotel was September 2, 1864. Invitations to the opening party, which Mr. Kinyon remembers well, were issued to the town residents, and Mr. Kinyon still has one which can scarcely be read.

Another of Mr. Kinyon's recollections of early Plymouth is the toll gate at the corner of Mill street and Plymouth road.

### Arrangements Announced for Flower Show

Club Plans Table Arrangement Class and Picture Exhibit

The three special features arranged by the committee for the third annual flower show of the Plymouth Garden club, to be held in the Crystal room of the Hotel Mayflower September 12, include table arrangements in five classes, garden and flower photographs which is an innovation this year, and door prizes for which all may compete.

The committee which met at the home of Mrs. Austin Whipple, president of the club, Monday afternoon, decided to feature breakfast, luncheon, tea, dinner, and Sunday night supper tables as an added attraction. Several fine garden and flower paintings of club members will be exhibited.

The committee has completed the arrangement classifications, which will include baskets, luncheon table center pieces, flowers in antique containers, house plants, vines, and a miniature class of several divisions. The specimen classes will be announced following a final meeting of the planning committee next Monday, August 26, at the home of Mrs. Whipple.

Entries for the show, which is open to anyone in the community, must be submitted by 11:00 o'clock on the day of the show, Thursday, September 12. Judging will take place from 12 until 2:00 o'clock and the show will be open continuously from 2:00 to 10:00 o'clock at the Hotel Mayflower.

The committee includes Mrs. Mrs. Whipple, Mrs. C. D. Branigan, Mrs. William Wood, Mrs. John Dalton and Mrs. Von Stein.

### Summer Recreation Program Tops All Previous Attendance Records

The summer recreation program topped previous attendance records which have been steadily mounting with its total of 39,332 for 1940. Of this figure 23,944 represents the number of participants, and 15,388 represents the number of spectators interested in following the games and activities of the playground program. Attendance in 1938 was 28,000, and in 1939, 32,000 approximately.

The season was climaxed with games between six teams and teams from the boys' afternoon league at the community picnic, August 14, at Riverside park. The program of activities included two softball leagues, composed of eight teams each, weekly tournaments for tots of hopscotch, horseshoes, shuffle-

### Deadline for Red Cross Contributions August 28

September 1 is the closing date for shipping the summer quota of American Red Cross relief supplies to victims in war-torn Europe. Mrs. J. W. Blickestaff requests any Plymouth workers in the Red Cross program who have yarn out to complete sweaters and socks and send them to her home at 908 Penniman avenue by Wednesday, August 28.

The Plymouth branch of the American Red Cross to date has contributed 34 children's sweaters, 21 men's sweaters, 17 pairs of men's socks, two pair of booties, 27 hospital shirts, and 77 children's dresses.

### William B. Petz, City Assessor, Dies Suddenly

Stricken With Heart Attack at Home; Services Sunday

William Bernhard Petz, city assessor, died suddenly Thursday morning at 8:45 at his home at 540 Adams street, following a heart attack (coronary thrombosis).

Funeral services will be conducted by the Rev. E. Hoenecke at St. Peter's Evangelical Lutheran church at two o'clock Sunday, following which interment will be made at Rogers City on Monday.

City assessor in Plymouth since 1933, Mr. Petz was born July 27, 1878 in Detroit, and he came to Plymouth in October, 1917. He was employed as manager of a plumbing fixture plant located on the site of the present Plymouth Tube Mill. He later went into the real estate and insurance business in Plymouth, and until 1935 owned a gasoline service station at South Main street and Brush street.

Mr. Petz served on the board of supervisors for Wayne county since January, 1935, and as city assessor was automatically a member of the board of review of the city. He was also an active representative of the city at meetings of the Michigan Municipal league, attending the last national convention in Kansas City.

Civic and church leaders alike paid high tribute to his service to the city and as president of St. Peter's Evangelical Lutheran church since 1929.

"It was through his efforts that the scientific assessment system was introduced in Plymouth. This plan of separately evaluating land per square foot and property according to its reproduction value became the foremost assessment system in the state," said C. H. Elliott, city manager.

Appointed to office by the city commission, Mr. Petz always cooperated with the administration. He was an earnest and conscientious worker whose loss deals a hard blow to the city management," declared Elliott.

He is survived by his widow, three children, Wilbert, of Northville; Mrs. Galsterer, of Frankfort; and William Jr., of Northville and three grandchildren.

### Ex-Ring Figure Pays Brief Call

A Michigan boy who showed great promise in the ring and made an auspicious bid in his rapid climb to the heavyweight ranks was an unobtrusive visitor in Plymouth Monday.

James Adamic, the boy whose pugilistic career was suddenly halted by a knockout blow from Roscoe Toles which left him unconscious for 33 days, stopped in town with a friend, George Warner, of Toledo, purchasing agent for Hi-Speed.

That blow was struck in the second round of the Toles-Adamic bout at Olympia stadium, Detroit, two years ago, and Adamic has not returned to the ring since.

Adamic started in the amateur ranks of the Golden Gloves tournament in Detroit in 1933. He was only 18 years old the week before his first amateur fight. After reaching the finals in the state Golden Gloves heavyweight division competition, he turned professional during the following fall of October, 1933. Always considered a good "comer," Adamic continued to defeat successive challengers until he met Harry Thomas in New York. Adamic lays his defeat there to too great a build-up in press and fight circles and insufficient preparation. He suffered a cerebral

### Board Votes Repairs on Tonquish Drain

Commission Receives Property Offer to Open Maple Street

A commission of three appointed by the Probate Court ruled at a public hearing on the case Monday morning that it was necessary that the cleaning, straightening, and building of retentment walls of the Tonquish creek drain from the end of the covering at Harvey street on past Garfield to Sheldon road should be carried out immediately.

The board of determination appointed by Judge Thomas C. Murphy of the probate court ruled at a public hearing on the case Monday morning that it was necessary that the cleaning, straightening, and building of retentment walls of the Tonquish creek drain from the end of the covering at Harvey street on past Garfield to Sheldon road should be carried out immediately.

The board of determination appointed by Judge Thomas C. Murphy of the probate court ruled at a public hearing on the case Monday morning that it was necessary that the cleaning, straightening, and building of retentment walls of the Tonquish creek drain from the end of the covering at Harvey street on past Garfield to Sheldon road should be carried out immediately.

Spokesmen at the hearing contended that the creek was washing into the property of many persons. Following the securing of rights of way by the county drain commissioner and the advertising of bids for the contract, it is expected that the project will be undertaken.

7 DAYS LEFT!  
The total number of voters who had completed re-registration by late Wednesday was 1544, according to City Manager C. H. Elliott. There are only seven days left in which to register for the September 10 primary before the deadline, August 31.

street and a sidewalk on Wing and Forest streets were both approved by the city commission at the meeting Monday night.

The commission also accepted an offer of property from Mr. C. H. Elliott, which would permit the opening of Maple street between Main and Forest. Maple street is expected to be opened between Forest and Harvey streets soon.

A public hearing was announced for Tuesday, September 3, to consider the question of proceeding with a 27-inch storm sewer on Amelia street from Mill to Blanche street.

The commission voted to delay consideration of a sign ordinance until the city manager and city attorney could make a report, but the commission did refer to the second time a request from the General Electric Sign company to erect a 5x10-inch projecting neon sign at 774 Penniman avenue.

### Aliens Must Register

A specific act of congress requires a nation-wide registration of aliens during the official registration period, August 27 to December 26, 1940. This registration of all foreign-born persons who have not become citizens of the United States, including those with first citizenship papers, is compulsory. Alien children under 14 years must be registered by their parents or guardians.

The Registration Act was passed so that the United States could determine exactly how many aliens there are, who they are, and where they are.

"Registration, including fingerprinting, will not be harmful to law-abiding aliens. All records will be kept secret and confidential and will be made available only to such persons as may be designated with the approval of the Attorney General of the United States," assures Earl G. Harrison, director of registration.

Mrs. C. B. O'Connor and Mrs. M. J. O'Connor met for six months prescribed by this law for failure to register, for refusal to be fingerprinted, or for making registration statements known to be false.

Sample specimen forms and instructions for registering may be obtained at the local post office.

## Recreation Program Tops

girls went swimming with their transportation paid. The average transportation cost per child was .089 cents.

Two neighborhood playgrounds, Hamilton and Forest, were conducted during the mornings by high school girl leaders' club members. Attendance at the Hamilton field was 583, and at Forest, 435.

A fine neighborhood spirit was evidenced in the Sunset subdivision through the enthusiasm and work of a group of boys in the vicinity. Two neighborhood playgrounds have been prepared by the boys; the men of the neighborhood play ball with the boys, and the women, girls, and tots of the district attended the games.

The city cut the weeds on the boys' playgrounds on Evergreen and Pacific, after which the boys mowed the lots, laid out full-sized ball diamonds, and purchased materials to erect a backstop. Boys active in this neighborhood center are Ronald, Bob, and Tony Brilla, and Edwin Wall, Ed Kincaid, Bud Becker, Dick Reamer, and Hubert Stuart.

The summer recreation program is sponsored by the board of education and the city recreation commission. C. J. Dykhouse is treasurer, and J. S. Matulis, director. Assistants are Jewell Starkweather and Herbert Saylor, music director. WPA leaders who assisted are: Asa Rowe, director; Lester Daly, LeForest Welch, and Bill Lasky. Girls' leaders who worked for points are Maryann Miller, Ruth Wellman, Beverly Smith, Virginia Dunham, Pat Hudson, Virginia Garrison, Grace Souires, Janice Downing, Sally Haas, Louise Powell, Ione Stuart, Marleta Martin, Carmel Slitt, and Pat Arnold.

The Ex-Service Men's club and Ladies' Auxiliary will hold a picnic at the cottage of Mr. and Mrs. Lee Sackett, Lower Straits lake on Sunday, August 25. Meet at Kellogg park at 9:30 a.m., rain or shine.

The Plymouth Post Office clerks and carriers and their families held a picnic at River-side park, Thursday evening. Miss Rose Hawthorne, Miss Adeleine Thumme and Robert Walker were guests.

Mr. and Mrs. Peter Gayde and family arrived Wednesday from Newport, Rhode Island to attend the wedding of her sister, Virginia Cline, on Saturday, and to visit their parents, Mr. and Mrs. Fred Cline and Mr. and Mrs. William Gayde.

Mr. and Mrs. Edward Drews spent last week at Ludington and on Tuesday of this week left for a visit with Mrs. Leo Eichstaldt in Beecher, Illinois, wife of a former minister in Northville. Miss Ruth Drews visited her cousins in Springfield, Illinois, while her parents were in Ludington, but returned to accompany them to Beecher.

Nancy McLemore visited her parents in Ravenna, Kentucky, last week and her sister, Mrs. Marjorie Perry and baby and Earl Lyke motored down for the week-end and attended the thirty-fourth wedding anniversary of Mr. and Mrs. McLemore on Sunday. Mary Lillian McLemore accompanied them to Plymouth for a visit.

Mrs. E. F. Schokow and daughter, Shirley, and Mrs. Lewis Schroeder and daughter, Barbara Ann, of South Lyon, returned home after a 1400-mile trip through northern Michigan, including Sault Ste. Marie and North Bay and on to Callander, Ontario, where they visited the quintuplets. They returned home through Canada by the way of Niagara Falls.

Mr. and Mrs. A. Ray Gilder returned home Sunday from their vacation at Big Star lake. Mr. and Mrs. P. A. Lacy and son, Tom, and Mr. and Mrs. Vaughan Smith were their guests at the lake from Thursday until Sunday. On Saturday they all visited Mr. and Mrs. Mark J. Chaffee at their summer home at Twin lakes. Mr. and Mrs. Lacy and Tom are spending this week in northern Michigan, also.

Mr. and Mrs. Roy Pursell and Carl, Cordia Mae and Joanne, have returned after a pleasant trip to Niagara Falls, Ontario, where Mrs. Pursell's relatives live. Soldiers seem to be visible on all sides in that district and the Hydro Electric plant at Queenstown is closely guarded, and no visitors allowed through, also the beautiful, spacious Queen Victoria Park is closed to the public, although the Falls themselves can be viewed without difficulty. They returned by way of Buffalo, Erie, Conneaut, and Cleveland, calling on many friends and business customers on the trip home.

## MICHIGAN, MY MICHIGAN

(Continued from Page 1)  
story does not fit in with the facts, the changes all being made by the legislature of 1843, and O'Malley who lived at Mackinac, did not become a member of the legislature until 1846, and of the changes made several were for the most part not desirable ones, but the contrary, Indian names, generally those of chiefs who were connected with the early history of the state, were changed and names of no local significance substituted.

Alcona county was first named Newegwon. The latter was the name of a well known Chippewa Chief who was a firm friend of the Americans in their conflict with the British terminating in the War of 1812. He was a fine type of the race—over six feet high, muscular, courageous, and of strong intellect. He was known also as Wing or Little Wing, the translation of his name. Alcona was undoubtedly a word manufactured according to the Schoolcraft formula in which "al" is the Arabic for "the." "Con" is the root of a word meaning plain or prairie. "Na" is a termination meaning "excellence"; hence the entire word has the meaning "The fine or excellent plain."

The Miller-Geer school on West Ann Arbor road will hold its reunion on Sunday, August 25, on the school grounds with a potluck dinner at noon. All former pupils and friends are invited to attend.

A very lovely personal shower was given Tuesday evening for Jacquelyn Schoof when Mrs. Lionel Coffin, Norma Coffin and Betty Korb entertained a large group of friends for the evening in the home of Mrs. Coffin. The table holding the gifts was decorated in pink and white with a stately and beautiful tall doll bride, standing in the center with an arrangement of pink satin underneath. Four lighted pink tapers were placed on either side of the bride and vases of gladioli were used about the room. Miss Schoof received many beautiful gifts from those present. They were Mrs. Jack McAllister, Mrs. Edward Taylor, Mrs. L. B. Rice, Mrs. Harold Wagensecht, Mrs. William Pitz Jr., of Northville, Betty Knowles, Betty Mastick, Ellen Nyström, Annabell Brown, Shirley Sorenson, Betty Barnes, Mary Catherine Moon, Barbara Olsaver, and Lois Schaufele. Wednesday evening Miss Schoof was again honored as a miscellaneous shower given by Betty Mastick and Lois Sorenson in Betty's home on Ball avenue, when the following friends were present: Barbara Olsaver, Mary Catherine Moon, Betty Barnes, Shirley Sorenson, Jean Hamill, Betty Knowles, Arlene Schuch, Betty Korb, Norma Coffin, Dorothy Rice, Annabell Brown, Carol Campbell and Evelyn Giffers. The hiding places of the gifts for the bride-to-be were cleverly disclosed in rhyme on cards fastened to a lovely corsage presented to the honor guest. She received many beautiful and useful gifts. On Sunday afternoon Mrs. William B. Pitz Jr., of Northville, will be hostess at a tea and miscellaneous shower for Miss Schoof.

Many showers and dinners have been given honoring Virginia Cline by her friends. Among them was a miscellaneous shower by Alice Gottschalk and Jean Dunham on Wednesday evening of last week in the former's home when about 20 guests enjoyed playing games and the luncheon served following which the young lady was presented with her gifts. On Saturday afternoon, Mrs. Fred Fehlig was hostess at a kitchen shower when about 35 were present. Each guest was asked to make a wish for the bride in rhyme and they were given to the bride-to-be. Later refreshments were served. On Tuesday evening at this week Madelyn Welker entertained the following guests at dinner at Hillside: Miss Cline, Jean Dunham, Alice Gottschalk and Phyllis Stewart. ### Medal Tourney at Hills Sunday

"Casey" Partridge, pro-manager at Hilltop Country club, announced this week that the first medal contest of the season will be played Sunday at the course. The tournament will be a 27-hole affair, with players going out in two flights.

Anyone who has an established handicap at the club is eligible to enter the tournament. Players with handicaps less than six will go out with the championship flight. Others will be in the first flight.

So that their net score might be lower, contestants in the first flight will be able to use two-thirds of their handicap as listed with the secretary at the club. Each member of the Plymouth golf league has a handicap.

Saturday and Sunday, September 7 and 8, play for the Plymouth championship will begin. Last year's winner, John Powers, has moved from the city, so there will be no defending champion.

The contest is open to any golfer in the city. Qualifying rounds for handicap may be played any time prior to the event. Four flights will be arranged.

Matches will be played off in four weeks, with finals September 29.

### Advertisement Causes Comments

Widespread and favorable comment was reflected at the editorial tribute to Henry Ford contained in the full-page advertisement of John A. Ross, optometrist, last week on the part of employees in the several Ford power plants in and around Plymouth and of townspeople. The occasion for the tribute was the "Sage of Dearborn's" seventy-eighth birthday.

The copy for the ad was prepared by one of this country's foremost advertising men and copies of the same have been requested throughout the state.

The remainder of the day was spent in reminiscing and renewing old friendships.

### Townsend Club to Hear Candidate Saturday

Candidate George E. Gullen of Detroit who is seeking the Republican nomination for Congress in this district will speak before the Plymouth Townsend club in Kellogg park Saturday night.

### Obituary

**NEAL LEROY SWEGLES**  
Neal Leroy Swegles was born to Mr. and Mrs. James M. Swegles on February 1, 1903 in Nankin township. Later the family moved to Canton township where they have resided for a number of years at 42195 Ford road. Neal resided at home and worked with his father on the farm. On Saturday evening, August 17, he was hit by an automobile in front of his home. He was taken to the University hospital, Ann Arbor, where he passed away the same evening. Besides his mother and father he is survived by four brothers and four sisters. ### Ambrose Pledges to Serve District

"Citizens of the smaller communities in Wayne county need to exercise much greater care in selecting their representatives to the legislature than do either residents of Detroit or outstate localities," points out John B. Ambrose, Republican candidate for state representative in the fifth district.

"Traditionally, Detroit has opposed legislation favoring the rural districts, and they in turn have fought against everything which seems to discriminate in the direction of the 'big city.' Our own position is somewhere between. Many of the measures proposed in Lansing affect us as part of the Metropolitan District in this area, while in others our status as residents of townships, villages, and smaller cities would be directly opposed to that of Detroit itself.

"It is not enough to elect a man who will vote 'for Detroit' or 'with the farmers.' Your representative must have the intelligence to analyze each problem as presented and the ability and initiative to fight for the side which best serves your interests. Your vote is too important to be lightly dismissed, and merits serious study of the qualifications of each candidate."

Mr. Ambrose is an attorney, justice of the peace in Redford township, and, with his family, has been a resident and taxpayer in that community for some years.

**School Census  
Jumps Upward**

An increase of more than 200 school students in the Plymouth district is shown in the school census figures for 1940. This year's census figures of 1825 represents an increase of almost 10 per cent over the 1939 figure of 1618.

The board of education expressed surprise and gratification at the marked increase in the census. Over the last four-year period the change has been nominal with an average of 1589 prevailing. Census figures for 1936 showed 1541; 1937, 1604; 1938, 1596; 1939, 1618, and 1940, 1825.

The record increase this year is concrete evidence of Plymouth's growth and the activity of home building in this community.

Aid to Schools**

Mrs. Hazel Moran, candidate for state representative from the fifth district on the Republican ticket, is actively campaigning throughout this section on a plank of increased state aid to education for local schools and an equitable distribution of the allocation to aid schools.

Former assistant prosecuting attorney of Wayne county from 1923 to 1926, Mrs. Moran served as treasurer of the Wayne county bar in 1937 and 1938, and has practiced law for 17 years. Her practice at present is in Wayne, Michigan.

**Legionnaires  
Attend Conclave**

Mr. and Mrs. Harold Anderson and Mr. and Mrs. Harry Terry of Plymouth have just returned from the state convention of the American Legion in Bay City, to which they were sent as delegates from the Myron H. Beals Post, No. 32, of Plymouth.

Anderson, who served on the convention's rules committee, reported that the keynote of the meeting was the stand taken by Michigan Legionnaires favoring selective military service "as a necessary national defense."

The convention took this action following a speech by National Commander Raymond J. Kelly, of Detroit, in which he called upon the nation to unify its defenses, even to the extent of conscripting its manpower for maximum defensive ability.

Mrs. Anderson was a member of the national defense committee of the women's auxiliary.

Announcement was also made of Everett DeRyke's appointment as the executive secretary of the Michigan National Defense council by former Governor Wilber M. Brucker, chairman of the council. DeRyke, whose home is in Milan, Michigan, will take over the new post the day after he ceases to be commander of the Michigan department of the American Legion.

### Ross Loses Championship

A 14-inch putt—missed—on the thirty-six green decided the state junior gold championship Friday at Tam O'Shanter Country club when Jack Ross, 19, of Middle Belt golf course was defeated by Dick Whiting of Meadowbrook Country club, Detroit.

This was the third consecutive year that Ross has been runner-up for the state title. Had he sunk the 14-inch putt on the last hole of their scheduled match, the game would have gone one more hole or until one of the boys was downed.

Both boys fired spectacular golf in their final foray. Whiting was three up on Ross when they turned into the last round.

Then Ross squared matters, winning the next three holes with pars as Whiting strayed.

Ross claimed the fourteenth and seventeenth holes with pars but lost the eighteenth when he three-putted as he carded a 74 to Whiting's 75.

Whiting squared the match at the twenty-second hole with a par and they stood that way at the twenty-seventh. The last nine was a dog fight. First one won a hole and then the other. Ross took the twenty-eighth, thirtieth, and thirty-second; Whiting the twenty-ninth, thirty-first, and thirty-third, holding a 35-foot putt for a birdie two on the latter.

They were still all even coming to the last hole. Ross outdove Whiting 10 yards but their seconds were almost equidistant from the hole. Whiting's approach putt from the fringe went three feet. When Ross putted up within 14 inches of the hole it looked like a certain halve and another extra-hole battle for the little Meadowbrook scrapper.

But Ross missed the putt. "I guess I jerked," was Ross' only explanation afterwards. It was a tough way to lose after putting up such a fine fight, but he lost to a tough customer. Whiting was eight over par for the 108 holes of match play as he finished the afternoon round with a par 72 to Ross' 74.

"Mind" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, August 25. The Golden Text (Dan. 2: 20, 21) is: "Blessed be the name of God for ever and ever: for wisdom and might are his: he giveth wisdom unto the wise, and knowledge to them that know understanding." Among the Bible citations is this passage (Isa. 40: 13-14): "Who hath directed the Spirit of the Lord, or being his counsellor hath taught him with whom took he counsel, and who instructed him, and taught him in the path of judgment, and taught him knowledge, and showed to him the way of understanding?" Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 469): "Mind is God . . . There can be but one Mind, because there is but one God; and if mortals claimed no other Mind and accepted no other, sin would be unknown."

**EVERY TURN ADDS EXPENSE**  
It is probably conceded by most people that one bad step leads to the next bad step, and that is commonly true in most aspects of social life. At least we believe this is especially true in political life. Ever since the first state constitution was adopted there have been efforts to write into it provisions that are purely legislative and have no place in the constitution.

Our present constitution is a notorious victim of this procedure, having written into it several provisions of legislative character and later by constitutional amendment, among which are such simple and insignificant matters as the salary schedule of state officers, and later the vital tax limitation provision; but the end is not yet. And always these movements are fostered by special, organized pressure groups at the expense of others.

That was the approach of the most recent amendment adopted, the ear-marking of automobile tax revenue for highway purposes, which was presented in a plausible manner so that a large number of unsophisticated electors fell for it, forgetting entirely that, by tying up this highway revenue for only specific parts of highway obligations, the state would be required to levy other taxes to finance those highway obligations that were excluded from the provisions of the amendment, as for instance policing highways for auto traffic violations.

As we said, these bad steps encourage other pressure groups to follow the same course, for at the present time we have three other distinct groups—powerful groups—heading in exactly that direction against which the voters of this state should be awake, unless they are ready to stand for added taxes necessary to cover the sums diverted for ear-marked purposes.

The first group that will have to be met is the so-called "merit system" association (with not so much merit), more properly called state civil service, which proposal will appear on the state ballot this fall. The evils of this proposal are enormous, but just to single one out: a stipulated salary for the commission members and the power of the commission to set salaries of all who are employed under its regulations, which also provides that funds for operating the department shall be one per cent of the state pay roll. If they run short of funds, all they have to do is increase salaries, and we all know there is nothing that state spenders would rather do than spend more money. This matter should be left with the state legislature where anything wrong can be killed without delay and not be put into the state constitution where it cannot be touched without a great deal of difficulty.

Right now there is brewing a demand that 25 per cent of the sales tax revenue be ear-marked for relief purposes. This is another thing that must be left for the legislature to handle. Who knows what the needs are going to be even one year from today? It may not be nearly enough in the future, and again, it may be too much. This drive has not yet reached the stage of proposing it as a constitutional amendment, but it will be there all too soon.

Another is the provision for school aid. That is going to be the most complicated affair one can imagine, but it is just about ripe for a constitutional amendment to ear-mark a certain sum for primary and high school education.

And so the march promises to go on until there will be little state financing left where the people of the state have anything to say about it, but it will be in the hands of bureaucratic commissions and departments that are rapidly reverting to the old English ideas of "taxation without representation." It is time we smash these ideas in the head before these multiplying luxuries tax us to death.—Adrain Van Kovering in The Zeeland Record.

**"I THOUGHT GERMANY WAS DEFEATED"**  
We take off our hats to the daily newspapers. Each day they carry a report from London and another from Berlin. Usually these two reports are as far apart as the two poles. Each claims slight losses among their own forces and each says the other had large losses. You know and I know both reports cannot be true. We hope that everyone knows that neither of the reports can be believed 100 per cent.  
This is propaganda . . . which is another way of saying that it is highly colored news or outright lies for the purpose of making the American people believe what London and Berlin want us to believe.  
We recently talked with a man who had been stationed in a remote spot on the other side of the world. He received only German, Holland, and English broadcasts. Not understanding German or Dutch, he listened to the British programs. From these he gathered that Germany was being badly defeated in the present war.  
Imagine his surprise when he got to where news from the American news service was available. He could hardly believe what he read. Norway, Holland, Belgium, and France had fallen. It amazed him . . . and, incidentally, it made him mad. He then realized the full import of government controlled radio. He suddenly knew what it meant to have a free press in the United States.  
With all the ingenuity and cunning of many years of experience in tricky diplomacy, propaganda is being fed to the American people. Don't be fooled or stampeded. If there was a reason for this country being neutral six months ago, that need still exists. Keep cool. Keep sane. Use your head . . . we mean YOUR OWN head.—Schuyler Marshall in The Clinton County Republican-News.

**Accident at Plymouth and Newburg Roads**  
Edward Shoebright, of North Mill street, Plymouth, was slightly injured Friday night when the car which he was driving collided with one containing Dearborn people near the intersection of Plymouth and Newburg roads. Shoebright suffered chest abrasions and lacerations of the arm, below the elbow, and was taken to Plymouth hospital where he was treated by a physician.  
Mrs. Jessie N. Clements, of Dearborn, was the driver of the second car. She was uninjured. The cars were damaged considerably.  
Both cars were going in the same direction when the accident occurred. Shoebright's car collided with the rear of the Dearborn automobile, shoving it off the road where it crashed into a telephone pole, breaking it off at the base. The Plymouth man's car hit a tree.
