Society News

On Friday evening, Mr. and Mrs. George Cramer and Mrs. Nora Bartholomew of Detroit were hosts at a dinner party and miscellaneous shower in the garden of the former on North Harvey street, honoring the approaching marriage of Miss Mollie Bartholomew of Detroit to Martin Hewitt of that city. Mr. Hewitt was formerly of Salem. Other guests were Mr. and Mrs. Peter Golden, Mrs. Bazley, of Ypsilanti; Mr. and Mrs. Charles Cox, of Windsor, Ontario; Mrs. Frank Wolfrom, of Berea, Kentucky; Miss Olga Zander, of Pontiac; Henry Adler, of Burton; Rhoades, of Huntington Woods; Mr. and Mrs. Ray Brodbent, Mr. and Mrs. Alex Bartholomew, Mr. and Mrs. Fred Hills, Mrs. Mary Simmons and son, James, the Misses Jennie and Kate McKinley, Miss Lyda Bartholomew, Mrs. Anna Celiski, Mr. and Mrs. Phil Baker and Mrs. Tillie Anderson, of Detroit.

Dr. and Mrs. E. B. Cavell, Jr., were given a surprise, Saturday evening, when a large group of friends from Northville and Plymouth, joined them at their home on Ann Arbor road, for a potluck dinner which was served on the lawn. Those present were Mr. and Mrs. Pat Wiltsie, Mr. and Mrs. Edwin Schrader, Mr. and Mrs. Robert Weslev, Mr. and Mrs. Orson Atchinson, Mr. and Mrs. Sterling Eaton, of this city; Mr. and Mrs. Nelson Schrader, Mr. and Mrs. Robert Lyke, Mr. and Mrs. Vernon Pilgrim, Mr. and Mrs. Orlow Owen, Mr. and Mrs. Henry Grimshaw and Mr. and Mrs. Waldo Truxell, of Northville; Robert Yerkes, of Ann Arbor; and Dorothy Whittier and Robert Reddeman, of Detroit.

Roots Form Natural Cross

This natural cross was formed by two black birch tree roots, which crossed at right angles and eventually became grafted. Dr. E. Porter Felt, left, and F. A. Bartlett, famed tree scientist, display the cross, which was presented to Mr. Bartlett by Dr. George E. Stone, noted botanist. The cross is about 50 years old, and was found in western Massachusetts following a Connecticut river flood in 1899.

Ivan Baldwin was given a most pleasant surprise, Saturday evening, when several friends gathered in the home of Mr. and Mrs. Harold Huntoon, in Pontiac. Games and dancing combined with a delicious mid-night repast made a most enjoyable evening. Others present were Mr. and Mrs. Earl Smith of Dearborn, Mr. and Mrs. James Brzuchowski and Mr. and Mrs. Harry S. Davis, of this city. Mr. Baldwin was presented with lovely gifts.

Mrs. Ralph Taylor (Jean Strong) was the guest of honor at a shower given Saturday afternoon, July 12 by Mrs. Charles Root, Jr. at Maple Lane Farm on Ann Arbor road. The guests were Mrs. Sidney Strong, Mrs. Albert Curry, Mrs. J. NOW A 5-DAY WEEK FOR A&P EMPLOYEES THROUGHOUT THE NATION

Stores Will Be Open Six Days A Week As Usual But No Employee Will Work More Than Five Days

Two months ago this company tried the experiment in a few eastern states of a five-day work week for our retail store employes. Now we are able to announce that we have adopted the five-day week as our national policy.

- This, we believe, constitutes the first five-day week and the shortest general working hours of any major retail food establishment.
- This shorter work week will be in effect before Labor Day in A&P food stores in thousands of communities throughout the country. It will be extended as far and as fast as possible. Frankly, however, we must recognize that in a few states and a number of cities the introduction of this policy may be delayed or even prevented by state, or local labor regulations or local agreements.
- A&P food store employes affected by this policy will work only five days a week although stores will be open six days a week as usual. Their weekly salaries will not be reduced by their shorter work week. Our policy is to continually improve working conditions and salaries as evidenced by the fact that during the past year alone we have been able to make actual wage increases and to pay added compensation to our employes in an amount totaling more than \$4,000,000.
- Many people are utterly astounded at the new low prices for quality foods in A&P Super Markets. They are getting so much more and better food for the same money, that they wonder how we can do it. Frankly, it is simply because A&P Super Markets represent a new, more efficient, more economical way of distributing food to the public.
- This new, shorter week is still further evidence that the tremendous savings you can now make in buying groceries, meats and fresh fruits and vegetables in the great, new A&P Super Markets are made possible by savings through efficiency and that no part of these savings comes out of the wages of our employes.

FOR many years it has been a source of pride to us that we have been able generally to maintain the highest average wage scale and the shortest general working hours in a field where long hours have been traditional. Since we first cut the work week eight hours in 1916, there has been a long record of further reduction in hours, increases in wages and vacation schedules.

Because our new low prices have resulted in increased patronage, we have been able to further reduce our operating expenses and increase our efficiency and still further improve the working conditions of our employes.

At the same time thousands of families will testify that they buy their foods today at lower average prices in A&P Super Markets than in any group of stores in the highly competitive retail food field. Today, when you spend a dollar in one of our stores, more of that dollar actually purchases food and less of it goes to cover distribution costs and profits than ever before in the history of the food business.

There is no conflict between low prices and good working conditions. We have achieved both by constantly improving methods of bringing food from producer to consumer, cutting

out waste and unnecessary handling operations along the distribution route.

The new A&P Super Markets have made possible savings so astounding that we would not have believed them possible five years ago. This year we are paying the highest wages for the shortest work week in the history of the food business and yet our customers throughout the country will save more than \$50,000,000 on the food they buy as compared to the lowest prices we could charge on the basis of our own operating expense only five years ago.

We are more than ever conscious, in these unusual times, of an obligation to make every possible contribution to the American standard of living. We know that we are making it possible for the average family to buy more good food for the same money, or to buy the same quantity of food for less money.

We are happy to tell you that you can enjoy these savings with the knowledge that the people who serve you in our retail stores are sharing more than ever before in these good things. This means a better standard of living for you and for those who serve you.

This plan will necessitate slight adjustments in store hours which will be announced locally. We respectfully ask our customers for their cooperation and assistance in making this new schedule a success.

Sports Program Ends Third Week

Novice Tennis Play To Start Saturday

During the third week of the summer recreation program on local playgrounds, 112 children enjoyed swimming trips to Rouge pool last Tuesday and Thursday. A group of 12 girls enjoyed a bicycle hike to Walled Lake last week.

The annual novice tennis tournament opens with an elimination series at Central playground tomorrow (Saturday). Competition will be limited to singles matches this year and the local winners will go to Detroit for the final matches. Entrance blanks may be secured from Coach Matulis at the school playground.

In the boys' softball league, the Panthers lost to the Wood team, 20-8 and the Gillis nine defeated Macey's team, 19-5. Oakland Dairy remains in first place with Gillies and Wood in second and third places. The schedule for next week includes Wood vs. Gillies on Monday and Oakland Dairy vs. Macey's on Tuesday. In the only game of the girls' softball league, Carley's defeated Robinson's, 48-36. On Wednesday, Robinson's team will meet Betal and on Thursday, Carley will play Lounsbury.

Ex-Service Auxiliary Gives Luncheon Today

The auxiliary of the Ex-Service Men's club of Plymouth will meet at the home of Mrs. Helen Campbell on Reservoir road for a luncheon meeting on Friday (today) at 12:30 o'clock.

Members of the Ex-Service Men's club and their families will spend Sunday, August 3 at the cottage of Mr. and Mrs. Harry Mumby on Bass lake.

Rev. Hoenecke Declines Call

Receives Bid From Milwaukee Church

The Rev. Edgar Hoenecke, pastor of St. Peter's Evangelical Lutheran church, recently received a call to the pulpit of St. James' church in Milwaukee, Wisconsin, which he declined last week when the congregation of St. Peter's church gave him a unanimous vote of confidence, urging him to remain here.

Rev. Hoenecke expressed his willingness to remain in Plymouth to carry out important projects under way at the local church. Last fall, the Lutheran pastor also declined a call to a large parish at Neenah, Wisconsin.

Electric Shop To Add New Line

Kimbrough Displays Picture Collection

R. L. Kimbrough, manager of the Kimbrough Electric shop, West Ann Arbor Trail, announces the introduction of a new and exclusive line of art pieces along with the expansion of his store to include a furnishings department. The adjacent store building, 20x95 feet, has been added to the Kimbrough shop doubling the store's floor space and accommodating the new furniture store.

Mr. Kimbrough returned Monday from the furniture marts in Grand Rapids and Chicago and brought with him a sample picture collection from the studios of Art Critic Alfred G. Pelikan in Milwaukee. Many of the paintings in the display were on exhibit at the Paris exposition in 1935 when Art Critic Pelikan was sent by the United States government to represent America at the exposition. Mr. Kimbrough has a small collection in the store now and expects to receive additional shipments shortly.

Firemen Save Burning Automobile

The automobile of James L. Gothard, of 1091 Starkweather avenue was discovered afire at about 4:30 Tuesday morning in the front of his home. Damage to the paint and upholstery was estimated at \$200 by Fire Chief Fred Wagenschutz. It is believed that the fire was probably caused by a burning cigarette.

Chain Adopts 5-Day Week

A & P Plan To Extend Idea To All Stores

John A. Hartford, president of the Greater Atlantic and Pacific Tea Company, today announced the adoption of the five-day work week for retail store employees as the company's national policy.

The five-day, 48-hour week, first in the history of the retail food business, was introduced on an experimental basis in A & P stores in a few eastern states two months ago, Hartford said, and will now be extended throughout the entire A & P organization "as far and as fast" as possible.

"Frankly, however, we must recognize," Hartford said, "that in a few states and some cities the introduction of this shorter work week may be delayed or even prevented by state and local labor regulations and local agreements."

In Detroit, John Toolin, president of the Central Western Division, said that the shorter week will be in effect before Labor Day in A & P food stores in hundreds of communities throughout this area. He pointed out that the pay of employees affected by this policy will remain the same as for the six-day week and although employees will work only five days a week, stores will continue to serve customers six days as usual.

"The new schedule is the latest step in the company's traditional policy of creating and maintaining for its employees the highest wages, shortest general hours and best working conditions in the industry," Toolin said. "During the past 25 years A & P has repeatedly broken with the traditional dawn-to-dusk working schedule of the food business, and since 1916 we have been able to reduce our store employees' work week by 34.2 per cent, or a total of 25 hours."

"These improved working conditions have never been achieved at the cost of increased prices to our customers or lower returns to our suppliers. They are the employees' share of the general reduction in operating expenses resulting from the consistently increasing efficiency of our method of distribution."

"The A & P's annual report to stockholders, issued last month, reveals that there is no conflict between low prices and good working conditions. It shows that our customers are currently enjoying the lowest retail prices in relation to our costs in the history of the grocery industry; that during 1940 our growers and shippers received 43 per cent more of the consumer's food dollar than they did in 1937; and that we were still able last year to give our employees actual wage increases and added compensation totaling more than \$4,000,000."

Mr. Toolin pointed out that the new A & P schedule is in sharp contrast with the latest figures for working hours in the food industry, contained in a survey made a year ago by a group of Washington, D. C., labor unions which revealed that the average working hours for retail employees in individual grocery stores in that city were 66 1/2 hours and for food chain store employees 54 hours.

Permit Children To Use Powell Lake

Powell's lake, on the property of Mr. and Mrs. Russell Powell, is open to the children of the community for swimming at all times, but the Powells request parents' cooperation in prohibiting children from bringing rifles to the swimming pool. Children playing with rifles have destroyed birds on the property.

Donkey Ballgame Ends in 2-2 Tie

700 Persons Attend Donkey "Classic"

Amidst much hilarity, local Kiwanians and Rotarians called the donkey baseball game a draw and gave it back to the donkeys Monday night after each team had scored two runs. More than 700 persons attended the annual donkey classic and the local recreation committee netted \$32.87 with which to provide bus transportation for local children wishing to swim at the River Rouge pool during the hot summer days.

Roy Fisher (or Roy Fisher's donkey) scored both of the Kiwanian's teams runs and John MacLachlan and Bob Hudson coaxed their donkeys around the bases to score the two Rotary team runs.

The line-up for the Kiwanian team included Roy Fisher, right field; Earl Mastick, third base; Ernest Henry, left field; Harold Jacobs, short stop; James Sessions, center field; Bud Schrader, first base; Ken Meyers, second base; Herman Bakhaus, catcher and Ray Danol, pitcher. Those on the Rotary team were: Herald Hamill, left field; John MacLachlan, pitcher; Russell Powell, third base; Larry Arnold, center field; Bob Hudson, right field; Jack Christensen, second; Garnet Evans, first; Mike Verry, catcher and Bert McKinney, short stop.

A&P Store Sells Defense Stamps

Raoul LePage, local A. & P. manager, today reaffirmed his support of Uncle Sam's National Defense program and announced Defense savings stamps in 10 and 25-cent denominations are on sale at his store, 882 West Ann Arbor Trail.

Managers of some 350 other A. & P. stores in the state also are participating in the federal government's drive for funds to help defray defense expenses, and their newspaper advertisements and store displays focus attention of consumers on the program, Mr. LePage said.

It was explained all are currently engaged in an intensive A. & P. national campaign to stimulate increased consumption of vitamin-bearing fruits and vegetables in a move to help bolster the federal food defense program for improving national diet and health standards.

Representing the first independent broad-scale activity in line with the federal program, Mr. LePage said the latter undertaking has a dual objective—to promote wider application of modern diet rules during the present national emergency at a time when 45,000,000 citizens are improperly fed, and to help farm producers move their crops rapidly into consumption during periods of peak production.

The state of Michigan, under direction of Frank N. Isbey of Detroit, is pioneering the sale of defense stamps through retail outlets, and plans call for development of a pattern for other states to follow. The U. S. Treasury department has appointed Ed Pulte, Jr., of Grand Rapids, national coordinator for retailers.

Wild Lifers

Brick Champe, ex-president of the association, has turned over to William Rose the responsibility of toasting the "Ancient Order of Rattling Reptile Revelers," just organized by Mr. Powell.

For those who do not care for rattlesnake salads and barbecued "cabrita" there will be plenty of roast beef and ham, say committee members.

The dinner, which is to be served at 6:30 o'clock, will be preceded by a skeet shoot, starting at 2 o'clock in the afternoon. There will be two traps, a "mosquito skeet" for 22 rifles, a skeet shoot and blue rocks and other targets for those who do not care to enter the skeet contests.

There will also be present a professional falconer who will give a demonstration in the use of bows and arrows.

Townsend Club To Meet Monday Evening

Plymouth's Townsend club will meet Monday evening, July 21, at 8 o'clock in the Grand hall. There will be a social program and refreshments, followed by a regular meeting of the club.

Clarney Pankov, publicity director, states that the club has been advised that Senator Downey of California, has been appointed chairman of a senate committee to investigate the operations of the administration's social security program and recommends it may seem advisable.

Ash trays should be as large as tea plates, at least.

Dynamites Rock

(Continued from page 1) and big hunks of rock rolled around within the excavation. He had done a perfect job of dynamiting.

The wall which had been built right up to within a few feet of the rock was not damaged in the slightest.

Later Mr. Peterson admitted that back in Sweden he had been an expert in the use of dynamite, but not until a spectator told him that an amateur could do such a perfect job as he had done. Not only was the top of the rock blown off so that the basement floor can be laid smoothly, but Mr. and Mrs. Peterson have a sufficient amount of pieces of highly colored rock for a beautiful fireplace and still most of the rock lies buried under the basement floor in sand.

Probably no one else ever had to use dynamite in this part of Wayne county to remove a rock for the building of a home—as boulders of that size are especially rare about here.

Farmers Enraged

(Continued from page 1) to do so by the Triple-A committee.

Even though a farmer harvested less than the allotted acreage set up by the committee, if he planted more than what he harvested, he is penalized just the same. Suppose he planted 40 acres of wheat. Suppose 30 acres of this wheat were winter-killed. He therefore harvested but 10 acres. He did not contribute in any way to the wheat "surplus" of the country, but under Triple-A regulations he is just as guilty of raising a surplus as though none of his winter wheat had been killed, and before he can market the product of his ten acres, he must pay a penalty for a portion of his crop before he can sell a bushel of it.

Farmers are even fed their wheat to their stock or poultry under threat of the Triple-A to impose fines or send them to jail. It is stated by some wheat growers who have called at The Mail office.

To say the least, most farmers about here are "sizzling" because of the regulations which have been imposed upon them pertaining to the disposal of their wheat crops and they declare they are going to resist the government limitations to the finish.

House Is Blown Off Foundation

Heavy Rainstorm Causes Much Damage

A new house under construction at Seven Mile and Newburg roads was blown from its foundation last Thursday afternoon during the heaviest wind and rain storm in this vicinity in recent years. The house is owned by the John Bower family, formerly of Maple avenue, Plymouth. Damage was estimated at \$1,000.

The home of the Oran Thayers at 597 Ann street was slightly damaged when a large tree limb fell on the roof above the kitchen. Lightning disabled many of the traffic lights on highways around Plymouth, many of the city streets were inundated and interference from line leakages was reported by the Detroit Edison company and the Michigan Bell Telephone company. The weather bureau reported a wind velocity of 45 miles an hour during the height of the storm.

NOTICE OF SALE

\$27,000 TOWNSHIP OF LIVONIA, COUNTY OF WAYNE, STATE OF MICHIGAN WATER SUPPLY SYSTEM REVENUE BONDS

SEALED PROPOSALS will be received by the Supervisor of Livonia Township at the Township Hall, No. 33110 Five Mile Road, up to 8 o'clock P. M. Eastern Standard Time, on Tuesday, August 5, 1941, at which time they will be opened and considered by the Township Board, for the purchase of \$27,000 Township of Livonia Water Supply System Revenue Bonds.

Said issue of Revenue Bonds shall consist of 33 coupon bonds, being 21 bonds of \$1,000 each and 12 bonds of \$500 each, numbered 1 to 33, inclusive, in order of maturity the \$500 bonds of each maturity being the higher number, dated July 1, 1941, and payable:

\$1,000 July 1st of each year from 1944 to 1950, inclusive, \$1,500 July 1st of each year from 1951 to 1962, inclusive, and \$2,000 July 1, 1963, shall bear interest at the rate of three (3%) per cent per annum, payable semi-annually on January 1st and July 1st, both principal and interest to be payable at Detroit Trust Company, and shall be registerable as to principal only on the books of Detroit Trust Company.

The bonds will be redeemable in numerical order, at par and accrued interest, on any interest date before maturity, on thirty days' notice by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and if registered, by mail to the registered holder.

The proceeds of sale of the bonds will be used for the construction of a Water Supply System for a part of Livonia Township designated Water District No. 2.

The bonds are issued under Act No. 94 of the Public Acts of Michigan for 1933, as amended, and are not a general obligation of indebtedness of the Township. The principal and interest will be paid from revenues derived from the operation of the Water Supply System in Water District No. 2.

The bonds will be awarded to the bidder offering the highest premium at a 3% interest rate. No bid less than par and accrued interest will be considered.

A certified check in the amount of two (2%) per cent of the par value of the bonds, drawn upon an incorporated bank or trust company, payable to the order of the Treasurer of Livonia Township, must accompany each bid as a guarantee of good faith on the part of the bidder. No interest will be allowed on the good faith checks.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, of Detroit, Michigan, approving the legality of the bonds. The cost of the legal opinion and of the printing of the bonds will be paid by the Township. No proposal for less than all of the bonds will be considered.

The right is reserved to reject any and all bids.

Envelopes containing the bids shall be plainly marked: "Proposal for Bonds TOWNSHIP OF LIVONIA By Jesse L. Ziegler, Supervisor."

Dated: July 16, 1941
July 18, 25, 1941.

To the Highway Commissioner of the Township of Livonia, Wayne County, Michigan.

Sir: You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board, held Tuesday, July 8, 1941, decide and determine that the certain sections of road described in the minutes of said Board, should be County Roads under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describing said sections of road are hereby made a part of this notice, and are as follows:

"Minutes of the meeting of the Board of County Road Commissioners of the County of Wayne, held at 3800 Barlum Tower, Detroit, Michigan, at 10:00 A.M., Tuesday, July 8, 1941.

"Present: Commissioners Wilson, O'Brien and Breining.

"It was moved by Commission-

er Breining that the Board assume jurisdiction over the following sections of road in the Township of Livonia:

"Loveland Avenue—60 feet wide, between Clarita Avenue and Curtis Avenue; also Public alley—20 feet wide, extending north from Curtis Avenue, as dedicated to the Board of Wayne County Road Commissioners by quit-claim deed dated March 17, 1941, and shown on Supervisor's Livonia Plat No. 13, of part of the northwest 1/4 of Section 10, Livonia Township, Wayne County, Michigan, as recorded in Liber 654 of Plats, Page 17 of Wayne County Records, being in all 0.321 miles of street and 0.023 miles of alley.

"The motion was supported by Commissioner O'Brien, and carried by the following vote: Ayes, Commissioners Wilson, O'Brien and Breining; Nays, None.

"Whereupon it was ordered that the above described roads in the Township of Livonia be hereafter County roads under the jurisdiction of the Board of County Road Commissioners of the County of Wayne."

THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED.

In testimony whereof, I have hereunto set my hand at Detroit this 11th day of July, A. D. 1941.

CHERRY PIE FOR THE NATION

Year after year, Michigan holds number one place in the production of cherries, far out in front of any other state. In 1939, Michigan's 2,150,000 cherry trees yielded more than 36,000 tons of fruit, and the average value of the crop over the past 15 years has been close to \$2,000,000.

Without the aid of modern transportation and telephone communication, Michigan orchardists could never have developed cherry growing to its present degree of efficiency. Constant care is needed in cultivating the orchards, spraying the trees, guarding against flocks of birds that try to steal the fruit. And when the cherries ripen, an army of pickers must be ready to gather them during the few days when they are at their best. The telephone is vital in keeping the crimson tide of fruit moving to packing-house, cannery and home.
