City Appeals for Volunteers to

Civilians to Enlist Services for Defense At City Hall Friday

Register Today

Friday is the last day for the official registration of volunteers for civilian defense duties at the city hall from 2 to 8 o'clock. After postponing the civilian defense registration last week, the Wayne County council ordered county-wide registration on Wednesday, Thursday and Friday of this week as originally scheduled.

Through the cooperation of the senior class executive board of Plymouth high school, members of the senior and junior classes have distributed pamphlets from house to house throughout the city explaining the civilian defense program and calling for volunteers to register at the city hall.

Volunteers may list their capabilities and preferences for a variety of services needed in civilian defense. The territory as-signed by the United States Office of Civilian Defense for general registration of volunteers includes the city of Plymouth and the townships of Plymouth,

Canton and Livonia.

The classifications for defense service include artistic work, child care, computing work, cooks, crafts, entertainment work, farming, fishery work, forestry work, general clerical work, heavy and light physical work, literary work, machine trades, managerial work, musical work, personal service, public contact work, public service work and technical work. The civilian defense program includes work in the fields of health, recreation, nutrition, child welfare, education, information services to men in uniform and defense industry workers, USO programs, salvage programs, promotion of the sale of defense savings bonds and coffee shop and dining room. stamps, adult education, parallies and programs in cooperation with war-relief or-

The ability of this country to defend itself depends as much forces and their equipment. Therefore, it behooves each com-(Continued on page 4

Under the direction of Dr. W. B. Cooksey, appointed by the National Research Council and Mrs. Otway Conard, appointed by the American Red Cross, the Detroit chapter has sent out a call for 100,000 donors and residents of all communities in the Detroit area, including Plymouth, are asked to volunteer for the national defense blood donor servmake an appointment.

Not Afraid!

FLOYD MILLER

In these days of tribulations and political retaliations if one does not goose-step to the whims of the puppet job hold-ers of the administration, it is not often that one finds a citizen willing to speak his mind.
It takes courage, real courage, for one to rise up and frankly tell the world what it is all about. The other day Editor Floyd Miller of The Royal Oak Tribune did just that. There is so much merit in his editorial entitled "Washington Deceit" that The Plymouth Mail is pub-lishing it in full in our own editorial columns. It will be worth your time to read it.

Award Plaques Of Patriotism to Livonia Schools

Impressive Armistice Day Ceremonies Mark Presentation

Bronze plaques, symbolizing "The Spirit of America," were presented to seven schools of Livonia township at appropriate dedicatory ceremonies in the auditorium of the Wayne County Training school Tuesday morning. The auditorium, filled with teachers, school officials and chil-dren of the Livonia school dis-tricts, was bedecked with flags and patriotic insignia for the Armistice Day assembly.

The plaques, presented to the Briggs, Livonia Center, Newburg, Pierson, Rosedale Gardens, Stark and Wilcox schools, were the gift of Mr. and Mrs. Leo Stone of the

Pierson school district. The plaques bore the inscription of "The American's Creed," written in 1918 by William Tyler Page. The words of the creed are "I believe in the United States of America as a government of the "when you consider that Dodge is powered with a new 105 horse-power engine. That's a lot of power and a lot of mileage to come from so little gasoline."

Back of Mr. Mostick, "Mastick, "and stick, "when you consider that Dodge is powered with a new 105 horse-power engine. That's a lot of the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states. Back of Mr. Mastick's terse statement lies a story appealing impartially to the all-important cause of gasoline conservation and the states of and to the motorist's personal and patriots sacrificed their lives and individual pocketbook. The story, fortunes. I therefore believe it is

Plymouth's Fire Alarm Signal Out of Girls Frightened, Commission, But No Damage Results

There was a fire call the other night—and try as hard as possible, the telephone operator could not make the fire alarm "hoot." Time and time again she pushed the fire alarm signal—but there was not even a little bit of a "hoot" from the alarm located on top

Firemen were called direct by telephone, and when they had extinguished the blaze, Chief Fred Wagenschutz decided to find out what the trouble might be with the fire signal. He climbed up to the top of the high standard to the place where the fire signal is located.

No wonder there was no "hoot" when the fire signal was connected in the telephone office—a big "hoot" owl had taken roost in the signal and apparently it had been killed by the first whirl of the signal fan when the operator pushed the button to sound the alarm. It had become firmly lodged in the signal so that it could not be operated.

The hoot owl was removed and the fire alarm was tried againand it hooted to the satisfaction of all the firemen of Plymouth's splendid fire department. Fortunately there was no serious damage by fire or to the signal as the result of this unusual accident.

COAL FACTS

"Coal black" varies from light gray to blueblack, depending upon the variety of coal.

Whatever its color, good coal does its job at less cost to you than any commercial fuel. It not only gives lowest-cost heat, but safe heat - natural, healthy, steady heat, free from shocking "quick changes" in temperature that sometimes result in illness

Good Coal Costs Less to Burn

Look into the Last Mile_

MAYBE it's a little hard to picture this trim Buick as it will look on that unknown day when you come to turn it in.

There may be scars in its fenders, and use-stains on its upholsterybut the thing that matters is it'll still be going great guns. You can count on that husky valve-

in-head straight-eight to be ticking

off the miles with the satisfying efficiency it now boasts. You can rely on Compound Carburetion to hold your gas-costs down, squeezing every last power-

packed mile out of the fuel you burn.

There won't be any loss of easy comfort in those all-coil springs, or any need for care to keep them gentle.

rods and bearings-Buick rods are extra strong, while tests show that our oil-cushioned bearings last twice as long as others under the same load and service. So go right ahead! Buy Buick on

As for such things as connecting

If you can get one now, you'll be smart to grab it!

its last mile instead of its first.

To build the huge Consolidated B-24, so greatly needed for America's defense, the Ford Willow Run Bomber Plant is being constructed in remarkably fast time. Including an airport, this giant plant will cover 975 acres, with a floor area of 3,700,000 square feet. From it will come completed bombers and sub-assemblies in unprecedented numbers!

Latest challenge to Ford mass production methods is America's urgent need for monster 30 and 60-ton tanks. Recent announcement that Ford is to handle the nation's biggest order for these giant tanks is evidence of faith in the ability of the Ford Motor Company to do the job both fast and well.

470 S. Main St.

Big and mighty are the 2000 horsepower Pratt and Whitney engines rolling off the assembly line at the new Ford Airplane Engine Plant at Dearborn, Michigan. The Ford Motor

Company smashed all modern records in rushing its huge airplane engine plant to completion and into full production. Its production now will play a most impor-tant part in America's defense efforts.

BIGGEST OF LEADING LOW PRICE CARS IN PASSENGER ROOM Where size really counts

> TAKE THE WHEEL of the '42 Ford for more of the things you want. You'll find room to stretch out in that can't be matched at the price . . . riding comfort that challenges cars of higher price . . . performance that stands out—with a choice of 6 or 8 cylinder power that only Ford in its field offers. Real quality never counted so much as this year-and your dollars never bought so much before. Come in and see how Ford outmeasures the others in the things you want.

> Inside Longth-from windshield to rear window, Ford is the longest of leading low price cars! Inside Height-from floor to ceiling. Ford is roomiest. Seating Width—in total width across the seats, Ford is first again this year! Doors-Ford doors, front and rear together, are the widest. Windows-the Ford windshield is biggest-total glass area far the greatest?

Buy now on convenient payment plans. 15 down and 18 months to pay the balance. No cash required if your present car equals the down payment.

Thanksgiving Greetings to all

... and our way of thanking you for your loyal patronage in the past 14 years is, we believe, the biggest and most extensive merchandising system ever undertaken by a quality market in this community.

The Purity Market is now a fullfledged member of the gigantic organization of the ABC Quality Food Markets, with a buying power that enables us to offer you for this week-end OVER 50 OUT-STANDING SPECIALS; every item is priced so low that it will make your visit or telephone call to the Purity Market a real money-saving event. With Thanksgiving coming next week, it will surely pay you to stock up with these quality foods now and save the difference. Our window posters are the message we are trying to deliver to you on the start of our 15th year in Plymouth; our price tags will assure you of our sincerity when we say that the ABC means dollars and cents to

It is not too late to get in on the ABC TREASURE HUNT, with a Chevrolet master deluxe sedan to be given away as first prize. 278 prizes in all. Two winners will be selected from this market from purchases made here this week-end. See us for details. This is not a contest, and no extra cost to you.

THANKSGIVING POULTRY is the most important item on your holiday menu. Let us prove to you that our poultry will be FRESH HOME DRESSED. raised within 10 miles of our market and, as always, Purity low prices will prevail. Name and address of our source of supply of poultry will be gladly furnished upon request. Order yours now.

Interesting

Sweeter than the balm of Gilead, richer than the diamonds of Golconda, dear as the friendship -Mary Baker Eddy.

This !period is not essentially one of conscience; few feel and live now as when this nation began, and our forefathers' prayers winds of their forest home.— Mary Baker Eddy.

The men who succeed best in public life are those who take the risk of standing by their own convictions.-James A. Garfield.

Cowardice asks, Is it safe? Exof those we love, are justice, pediency asks, Is it politic? Vanfraternity and Christian charity. ity asks, Is it p ular? but Conscience asks, Is it right? - Pun-

Charity is never lost; it may meet with ingratitude, or be of no service to those on whom it blended with the murmuring was bestowed, yet it ever does a work of beauty and grace upon the heart of the giver.

Give your husband a head-start

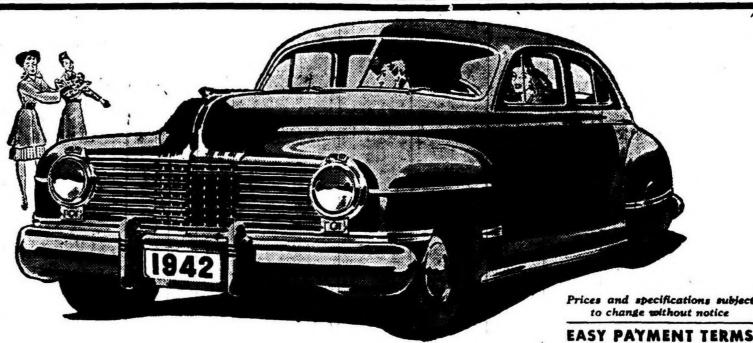

Start your husband off with a He-Man Breakfast and he'll go through the day at full speed ... Try a healthy slice of ham with eggs or delicious pure pork sausage. They're easy and quick to prepare when you cook with GAS!

Have you seen the new modern gas ranges lately? Have you heard how much easier it is to cook with Automatic Heat Control, High Speed Smokeless Broilers, the Giant Size Burners? These are just a few of the many advantages you'll see in today's modern Gas Ranges ... that make cooking easier, quicker, and more economical than you've ever dreamed of! Come in and look at them today.

Consumers Power Co.

WITH GREATER POWER-SMOOTHNESS-BEAUTY

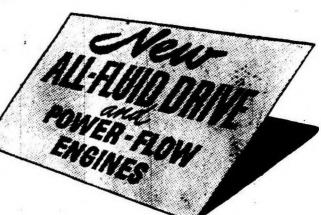

THE DISTINCTLY DIFFERENT and strongly superior performance qualities of the new Dodge are the more welcome when you consider that they cost you less in maintenance and less in fuel and oil consumption.

AFTER A FULL YEAR of astonishing success, in which two hundred thousand All-Fluid Drive Dodges were sold-Dodge engineers took the next step and designed the great POWER-FLOW Engine to exactly go with All-Fluid Drive as only Dodge supplies it.

RESULTING QUALITIES are greater power, greater smooth-

ness, greater quiet, and much greater economy. This greater economy can be easily proved. It is being experienced, right now, by new thousands of new Dodge owners.

THAT'S WHAT WE MEAN by the big pay-off being Dodge economy. You do get the finest Dodge ever built, with All-Fluid Drive and Power-Flow Engine. And you do get gas and oil consumption at their minimum. Ask your dealer to prove these things; then make an investment for the years, with the new Dodge Economy your high interest rate on that long-time investment.

Tune in Major Bowes, C.B.S., Every Thursday, 9:00 to 10:00 P.M., E.S.T.

What Is Your Money Worth For This Year's Christmas Buying?

Once again, despite the unusual conditions of the times, we are able to bring you a varied and comprehensive collection of gift items. We are prepared now to offer you our greatest stocks of gift merchandise, but due to present market conditions and to the national defense program, certain lines of merchandise will be impossible to replace and all merchandise will be higher in price at a later date. Prices are low at Taylor & Blyton's . . . It is true that some, here and there, have advanced during the last few months, but, by and large, Taylor & Blyton's prices remain low. Careful buying over a period of many months is the reason we are able to keep prices so low.

For better selections and lower prices buy now for Christmas.

Culbertson in Detroit Nov. 19

To Appear on Town Hall Program

Eli Culbertson, bridge expert philosopher, author of "The Strange Lives of One Man," will speak to the Detroit Town Hall audience in the Fisher theatre, Wednesday, November 19, at 11 a.m. His subject will be "The Mysteries of the Mass Mind." Had he never evolved the Culbertson system nor written a nationally syndicated column, Culbertson would still emerge as one of the intriguing figures of our time. Half-Russian, the son of an American mining engineer who married the daughter of a Cossack General, he was brought up a half-wild "Americanetz" in the Caucasus where his father was making a great fortune in In his autobiography which

Burton Rascoe hailed as "the most astoundingly frank and nonest confession ever published, with the exception of Boswell's Journals," Culbertson revealed a life more surprising than any of the fantastic rumors that have attended him-a life lived to the full on two continents, as student, gambler, revolutionist, super - sophisticate, idealist, master of languages, cynic, God-seeker and Don Juan. In his talk, the man who pyramided a stack of cards into a fortune will explore the psychol-

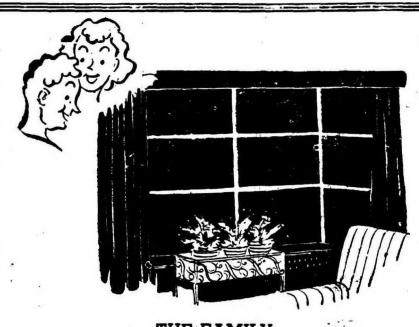

ogy of the crowd, and will show how he became "Pasteboard Em-

peror" through a scientific study

of the mass mind.

Red Cross Sponsors Baby Clinic Nov. 19

next Wednesday morning, Nov-ember 19, from 19 to 12 o'clock. Dr. Milo Brady of Detroit will be the attending doctor for the Mrs. Mary Strasen, school class, which is sponsored by the nurse, announces that a baby local chapter of the American clinic will be held in the health Red Cross. All mothers who room at the Plymouth high school have small children are welcome

THE FAMILY Isn't "In the Dark'

When Mary read that new homes have lots of windows, she showed the article to Mom. Mom got the idea at a glance and sold it to Pop. Now the family enjoys the almost unbelievable extra comfort and atmosphere of comfort of a "daylight" home. - A few extra windows would probably make your home more attractive and enjoyable. Installation is easy, and the average cost is very low.

Library Lists

Leading Books

Local Readers Prefer Current Events Books

A. J. Cronin's latest novel. 'Keys of the Kingdom," is lead-

ing the list of current best-sellers

in popularity among Plymouth readers, according to Mrs. Ada Murray of the local library, but Herr Hitler's "Mein Kampf" con-

tinues to lead the reader-requests

New rental books which are in constant demand include "The Sun Is My Undoing," by Steen; "Country School Ma'am," by Lutes; "Wakefield's Course," by De La Roche and Valtin's "Out the Night"

Plymouth people show a preference for books on current events, indicating interest in

world affaiirs and study groups. Several of these books, released

some time ago, are John Gunther's "Inside Europe" and "Inside Asia"; "My Sister and I," the diary of a little Dutch boy

refugee; "The Miracle of England," by Andre Maurois, and "Days of Our Years," by Pierre Van Passen. The librarian re-

ports that many persons still request "Gone With the Wind," and

that three previous copies of Margaret Mitchell's classic have

been worn out.

Books recently received at the library include "Twittering Bird Mystery." by Bailey: "Cap of Youth." by Jacob; "Hangman's Whip," by Eberhart; "Ladies' Day," by Smith; "McGillycuddy Agent," by Mrs. McGillycuddy; "Midway to Murder," by Yates; "The Side Rule," by Blaine; "War of the Worlds," by H. G. Wells; "Wild Geese Calling," by White, and "Encyclopedia of Bridge," edited by Ely Culbertson.

Mr. and Mrs. John Loree, Mr. and Mrs. Roy French, of Detroit, and Mr. and Mrs. E. J. Allison,

of Plymouth, were guests Saturday evening of Mr. and Mrs. Arthur White. Bridge and a mid-

night luncheon made the evening

pass most pleasantly.

Fund Receives **Central Location** First Dress Gift

Six Dresses for Fund

club voted at its meeting last pleting his junior year in medical Friday afternoon to donate \$6 college at Creighton University. for the purchase of six dresses for gifts on Christmas to little

year, 120 dresses were contributed to the Goodfellow dress fund for distribution to needy little girls at Christmas ime, and it is hoped that other organizations and individuals will rally to the campaign so that no child will go without a happy Christmas and warm clo-

thing this year. Contributions are solicited from every church, fraternal, civic and social organization as well as from individual residents of the on your Christmas shopping list oday so that the committee may start sorting sizes and wrapping

The Goodfellow dress fund is a part of the annual campaign of the Goodfellow committee which distributes food, toys and clothing to needy families in the community each Christmas. For he last three years, the Old Newsboys' association of Plymouth has sponsored the sale of Geocfellow newspapers, which are special Christmas editions of The Plymouth Mail, on city streets to raise funds for Christ-

mas welfare work.

A total of 101 families, comprising 306 individuals, were cared for by the Goodfellows last year. Seventy families or 253 individuals were given clothing. The clothing boxes contained an average of three articles per person. Supplementing the dress fund for litle girls, the Goodfellow committee purchases articles of warm clothing for boys from the proceeds of the newspaper sale. A Goodfellow toy committee works throughout the year repairing toys for Christ-mas distribution. Discarded toys may be donated to the Goodfellows at the city hall where they will be re-conditioned in the repair shop. Boxes of toys were distributed to 35 families and 175 children received three toys each last year. Half of these toys were repaired by the toy committee and the others were either do-

the committee. The food committee spent \$165 of the fund last year to furnish Christmas dinners and food supplies to needy families. Sixty-five families received complete food baskets, coal was given for emergency relief and plants were dis-tributed to elderly persons and hospital invalids.

nated by clubs or purchased by

You will have an opportunity to aid the Goodfellow general campaign when the old newsboys sell special Goodfellow papers on the streets just before Christmas, but you may do your share now toward making a little girl's Christmas happy by sending a dress, any size from 4 to 6, to the city hall now!

Plymouth, Dearborn, Birmingham in Three-Way Tie in Twin Valley Assn.

Rocks Down Opponents 22-9 on Home Field

The victory for the Rocks ties them with Dearborn and Birmingham for first place in the Twin Valley League. This is the first time in the last three years, since we tied in 1938, Plymouth has been anywhere near a championship. All morning it had snowed and rained, making the field muddy and slippery, and with the cold wind blowing the many spectators were cold and miserable. Both sides of the field were lined with people from Pirmingham as well as Plymouth. Among the three able referees of this game, the All-American center of '21 from Michigan, who how referees all the important football games, was Ernie Vick.

The Rocks kicked off deep into Firmingham's territory. Most of came up the opposite side of the ple, chairman. field as the original ball carrier, for a 90-yard run to score the first touchdown of the game on the kick-off. The Plymouth fans were downhearted at this, but when the Rocks took the ball on Birmingham's kick-off and started to gain ground they felt a little better. Sequin, after the second first down, carried the onds later kicked the extra point

In the second quarter both teams battled with neither team threatening until almost at the half, Birmingham slowly edged up the field. On their fourth down with about five yards to go, Paul Keller kicked a field goal. A minute later the horn blew for the half leaving Birmingham

After the half, Plymouth came back with a bang. They slowly edged their way up the field. Sequin carried the ball 20 yards for a touchdown. At the end of the quarter, Nick Martin, Birmankle, having to be helped off

In the first of the third quarter Sequin carried the ball 20 yards to their 10-yard line, but they only gained five of the needd 10 yards for a touchdown. Birmingham's ball on her own 5yard line and Kellar, fumbling the ball when recovering, was smothered by four Plymouth players over the goal line for a safety. On the kick-off Harold Watts tackled Hunter so hard he had to be removed. After Birmingham had taken the ball on downs. Baker intercepted a pass and gained 30 yards. Secuin then carried the ball 45 yards to Birmingham's 1-yard line. Baker made two line plunges, succeeding on the second, to score a acuchdown. Segum then kicked the extra point. Near the end of the game, Sequin carried the ball 30 vary's to Birmingham's 30ward line, but before the Rocks thad a chance to score the game

The Birmingham starting line-tup was as follows: L.E., Dahl-ruist: L.T., Jones; L.G., Hansen: ed how to pre-C., Watts; R.G., Ballard; R.T. Perter: R.E., Martin: Q.B., Sollling LH.B., Speigel; R.H.B., Keller; F.B., Wells,

Committee Rests While Class Works

This marking period, a new plan of study in current events is being tried in Miss Fiegel's American history class. Numbered papers were drawn to select groups, a chairman was chosen, and until this week the committee and chairmen slaved to get in front of the class and present an interesting program. The first and second weeks' reports were ions, and questions were answered-all by the committee.

The third week, a very interesting news broadcast was given by the group; the class sat back and took life easy as usual. Then something happened with

bang! A chairman was chosen in the person of Ray Kearney; you all know Ray. He was among those students who sat back while other committees worked, but, he turned the table. Ray and his committee, all boys, are making the class work. The assignment reads as follows: Test on the March of Events, pages 4 5, and 6; A Year in the Army, pages 12 and 13; Standard in Lisbon, page 8. Well, you get the general idea, virtually the whole "Scholastic." Of course he added, Reports will also be given by the members of the committee. but will there be time with that enormous test?

Now you understand, but isn't this being just a bit hard heart-

Frances Weed **Directs Prom**

Frances Weed has been chosen by the executive board of the senior class as general chairman of the Senior Prom to be held December 5. Frances immediately appointed sub-committee heads who are Louis Kolin, music: Jean Judd, decorations; Gordon Ross, construction; Joe Meagiven, there were panel discuss- sel. lighting: Virginia Dunham, invitations; Nancy McLaren, floors; Hazel Pankow, refreshments.. Phyllis Nichols, publicity: Marie Ann Miller, programs; Douglas Lorenz, clean-up and

Allene Parmalee, chaperones.

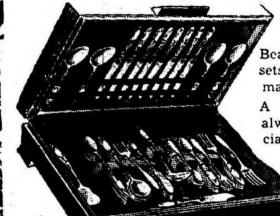

Miss Fiegel, Miss Taylor, Miss
Rathburn, Mr. LaBounty and Mr. Evans are the advisers. The theme of this year's prom will be a modernistic Christmas.

Building costs, including materials and labor, are about 12 percent above a year ago. Before building a new house today prospective home-owners should perhaps consider the purchase of foreclosed property from banks and insurance companies. Much of this property is available and has been put into good shape. Such property may be financed on a modest down payment and easy monthly installments. Thus the total cost of owning a house today may be even less than in the past if people will take time to shop around.

The rise to date in the over-all cest of living is fully compensated for by the fact that there has

been a continual increase in the number of people employed This monthly increase is now running at the rate of about 450 .-000 persons. As some one member of a family, heretofore unemployed, gets employment, this raises the total family income and compensates for any increase in the cost-of-living.

Some 80 percent of our workers are engaged in non-defense industries which cannot possibly pay increased wages. Civil service and other government employes are in the same boat. They will feel rising living costs more than any other group. The five percent minority group can readily adjust themselves to meet higher prices. Most of those, however, who are not in the defense industries must change their purchasing habits.

This 80 percent of our people will surely have to be content with wasting less and spending less on their car. They can do much, however, to combat rising merchandise. For example, a pair costs by shifting their purchases of men's good shoes can be from items that have gone up to items that have not gone up. This can be done We can all also remember the old New England proverb,—"Eat it up—Wear it out—and Make it do"!

HYDRA-MATIC*ELIMINATES CLUTCH PEDAL, CONVENTIONAL CLUTCH MECHANISM AND ALL GEAR SHIFTING.. SAVES 10 TO 15% ON GAS

WHEN you consider the new "drives," consider these facts. Hydra-Matic is the only "drive" that is built and backed by General Motors. Hydra-Matic is now in its third great year and has proved its advantages through hundreds of millions of miles in the hands of 130,000 Oldsmobile owners. Hydra-Matic is still the only "drive" that offers completely automatic shifting through four forward speeds. Although Oldsmobile will produce the new B-44 in limited quantities, in order to release vital materials for defense, all models will be available with Hydra-Matic Drive. Come, take a look at the B-44. It's styled and engineered for the future and quality-built to last! *Optional at Extra Cost

DEFENSE COMES FIRST WITH OLDSMOBILE! The major part of Oldsmobile's

huge resources are marshaled for defense. Artillery shell and airplane cannon are now in mass production. With its remaining facilities, Oldsmobile will continue, to build a limited number of quality motor cars.

LDSMOB] IT'S QUALITY-BUILT TO LAST!

City Manager Elliott Speaks at Rotary Club

"We have the germs present in the city of Plymouth which threaten to develop into major problems of juvenile delinquency and in the period of the last year, delinquency problems have increased considerably," declared Clarence H. Elliott, city manager, in a talk before the Rotary club of Plymouth last Friday.

The speaker listed as the dominant "germs of delinquency" already existing in the city, broken homes, poor housing concitions, particularly from overcrowding, inadequate recrea-tional programs and social prob-lems arising out of the migration of people moving into Plymouth from other states.

Outlining possible deterrents for delinquency, City Manager C. H. Elliott emphasized the need for re-vamping the city recrea-

Deceit in Washington

une the other day, under the is a completely different one. above heading. It was written by Editor Floyd Miller, one of the progressive editors of the state who has never been regarded as a "political party" man and therefore his bitter condemnation of the chicanery of the present administration is the reflection of one who has only the interests of our country first in mind.

The editorial is so worthwhile that The Plymouth Mail is publishing it in full, as fol- rected by important changes

There is a lot of dirty pool going on in Washington.

Perhaps that is no startling statement, as skulduggery of one kind or another is generally occurring in the nation's capital. Only in the present case it seems more dishonest than usual.

The longer our war effort goes on, the more it becomes apparent that the most wildeyed dreamers in the New Deal are doing more than ever before to change our form of government.

"There is much concern in this country as to the future of private enterprise and free democracy."

That is the way it was put the other day by Raymond Clapper, noted columnist, who nevertheless is pretty much in accord with the administration's defense policy.

gram into effect.

who voted for the New Deal and for its general principles going. have a tremendous responsibility upon their shoulders. That responsibility does not exist just because they voted for the return of the Roosevelt administration to office. It arises from the fact that the ardent reformers are trying to go ahead and do all kinds of things that the voter never passed on.

It will be bad enough for cover that the basic principles of American government have been changed. But it will be

What the ultra-New Dealers have always had in mind, and still want, is a "planned economy." They want the government to boss everything. They want a form of state socialism.

The ordinary variety of New Dealer doesn't want this at all. He wishes especially to avoid the errors that threw our system into the tailspin of 1929. Many of those have been corin our economic set-up. Most proposals have been openly made and freely debated. Things like social security, old age pensions, restrictions on Wall Street trickery have been understood.

Free and open discussion has pointed out many errors in these plans and has resulted in considerable overhauling of the original suggestions. The net results have been good, in spite of the many unfair provisions that still exist.

The radical reformers believe that practically everything could be run better if

"The most important part of the dinner"...

TURKEY—done to a golden brown

Every year more and more Plymouth families have us roast their holiday fowls . . . For mother this is a special treat because it takes all the worry and work right off her hands. Our big ovens do a beautiful job . . . Why not call us today and make your plans right now? The cost is very small.
