

Old Newsboys to Spread Christmas Cheer to Needy

Goodfellow Members Ready for Annual Paper Sale Saturday

In war and peace, in prosperity and depression, Plymouth's Old Newsboys go on the streets every year to sell papers to fulfill the Goodfellow promise. "No Child Without a Christmas." On Saturday, 125 members of the Old Newsboys' Goodfellow Fund will take their posts on the street corners of Plymouth to raise their annual Christmas fund for needy families and children. The Goodfellows will sell a special edition of The Plymouth Mail which contains a large group picture of the Old Newsboys and a special patriotic message for every citizen.

The Old Newsboys' sale will begin with a parade which will form at the corner of Starkweather and Liberty streets at 8:15 on Saturday morning. These men of "good cheer" will march down Main street, accompanied by the Plymouth high school band, to Kellogg park where they will join in singing "Onward Christian Soldiers."

The Goodfellows hope to exceed their sales record of last year when \$800 was raised to distribute food, clothing and toys to children of poor families who might otherwise have been forgotten. The Old Newsboys have never failed to provide a "Merry Christmas" to all needy families in the community and they hope that the people of Plymouth will not fail them this year.

Give as much as you can. Your contribution will provide food and clothing and, for emergency cases, food or medical services, for some needy family in the community. Many little boys and girls are depending on you to make this Christmas a happy one. Know the joy of making other less fortunate happy by purchasing a Goodfellow paper Saturday.

Many Attend Civic Program

Kellogg Park Filled for Tree-Lighting Event

Plymouth folks filled Kellogg park Friday night for the annual Christmas tree lighting ceremony sponsored by the Civic committee. The youngsters of the community were all there, too, to welcome Santa Claus and receive Christmas candy.

After the brass ensemble of the Plymouth high school band played an opening selection, the sixth grade choruses of Central and Starkweather schools, under the direction of Miss Georgia Zemer, sang "Silent Night." The young carolers were dressed in white surplice vestments.

Two three-year-old tots, Carol Clarke and Sheldon Smith, pulled the switch which illuminated the large Christmas tree and the manager scene erected in the park. Santa Claus was assisted by Boy Scouts of Plymouth Troop 1 in distributing 1,000 candy suckers to the children in the audience. The vice club of the Woman's club, under the direction of Mrs. Gerald Honderop, sang "Star of the East" and the program concluded with community singing of Christmas carols. In the midst of a list of sponsors, the audience sang "The Star Spangled Banner," followed by "Come All Ye Faithful," "Jingle Bells" and "God Bless America."

Adolph Koenig Jackson Manager

Former Plymouth Official Wins Post

Adolph J. Koenig, one time city manager of Plymouth, has been selected as the city manager of Jackson. He will succeed Manager C. P. Ismon, who recently resigned the position.

Mr. Koenig came to Plymouth from Pontiac where he had served a brief while as assistant city manager. While in this city he made an excellent record.

He resigned to become city manager of Fort Atchison, Wisconsin and later became city manager of Wilmette, Illinois. During recent years he has been associated with the Civic Federation of Chicago. He was selected from a list of 25 applicants for the position.

Mr. Koenig will assume his new position on January 1. Previous to entering the city manager field he was employed as a school teacher. He has many friends in Plymouth who will be glad to know of his advancement.

Plymouth Buys 24 Machine Guns for Army and Navy in Just Four Days

The United States army and navy has been able to buy 24 Kelsey-Hayes machine guns as the result of defense bond purchases by Plymouth residents on Saturday, Monday, Tuesday and Wednesday. Think of it—24 of the best made machine guns in the world for Plymouth boys who are in the fighting forces of Uncle Sam—as the result of bond sales during four days!

But that is just the beginning. The average machine gun costs about \$750. Plymouth up to date has turned over enough cash to Uncle Sam so that he has been able to buy about 125 machine guns. The city is determined to buy thousands of them.

One bond purchaser walked into the postoffice the other day and said: "Here is enough cash for four machine guns. Just as soon as I can get some more money, I'll be over and buy another machine gun for the boys."

The total sale at the postoffice and both banks Saturday, Monday, Tuesday and Wednesday, came close to \$3,000. That total does not include the money turned over to the government for defense stamps, which amounted to several hundred dollars, almost enough during the four days, to buy one machine gun.

Employees of the Ford garage were among the first to buy a machine gun through Defense bond purchases. When they made a check Tuesday, they discovered that they had not only bought one machine gun, but had a good start on another.

Here is good news, too—a number of workers from the Kelsey-Hayes plant who have dropped into the office of The Plymouth Mail during the past few days, have declared that in all of their lives they never saw a more patriotic, loyal, determined group of workers than the workers employed in The Kelsey-Hayes plant at Plymouth.

"It just seems that they can't turn out the machine guns fast enough. Why, one fellow working next to me said yesterday, he wished he could make a hundred of them in a day. That's the spirit of everybody out there. Never saw anything like it," he said.

Next week is Christmas week.

Let's make a present to the army and navy of not less than 25 more of the high class machine guns being manufactured right here in Plymouth!

Drop in at the postoffice, or at either one of the banks, preferably right now at the banks because of the Christmas rush at the postoffice and help buy more machine guns.

Plymouth Mobilizes for All-Out Civilian Defense Preparations

All Citizens to Register by Dec. 31

Headquarters Open at City Hall Daily

Plans for the mobilization of volunteers in Plymouth for an all-out defense effort were completed at a meeting of the local Civilian Defense Council at the city hall Saturday morning. The Council appeals for the 100 per cent registration of Plymouth citizens for civilian defense work by December 31. Defense headquarters in the city hall will be open to accept registrations every day including Sunday, with the exception of Christmas day, from 8 a.m. to 8 p.m.

Every man and woman in the community district, which includes Plymouth, Canton and Nankin township, between the ages of 18 and 65 years, is called upon to register for civilian defense duty. A separate youth program will be set up for those under 18 years of age through the National Youth Administration.

The Civilian Defense Council is comprised largely of city officials in charge of vital municipal services and departments to act

Schools Organize Defense Work

Sell Savings Stamps, Collect Waste Paper

Plymouth schools are completely organized for war need, declares Superintendent George A. Smith. Since early last spring, the school has been selling an average of \$45 worth of defense savings stamps a week to the pupils and the record jumped to \$72 worth this week. Since the declaration of war, under a new set-up at the school, it is hoped and expected that this amount will more than double.

Wednesday is the stamp sales day; defense stamps are sold in every room of each school building. There is a feeling among pupils, the superintendent states, that in times of emergency a stamp book is as essential as a school book.

The school is equipped with paper bales for the collection of waste papers. The pupils will bring in newspapers and magazines each Tuesday and Friday to be tied in bales and sold along with other baled waste paper and the proceeds will be turned over to the local chapter of the American Red Cross to aid their work.

There will be a special "raid" on paper Friday, December 26. It is hoped and expected that fine cooperation will come from the homes of Plymouth in sending to the brick garage on the Central school grounds an abundance of papers and magazines to be bundled and sold.

Local Stores to Close at 6 P.M. Christmas Eve

A number of the local stores will close at 6 p.m. on Christmas eve, according to a report of the Plymouth Chamber of Commerce. Several of the merchants have agreed to close early to permit their sales forces to enjoy the evening with their families.

Phone Company Plans \$45,500 Office Addition

Expansion Program Includes Installation of New Equipment

Plans for a \$45,500 expansion program by the Michigan Bell Telephone company at the Plymouth central office were announced yesterday by John R. MacLachlan, manager of the company. They include the building of a two-story addition, 20x39 feet of brick construction, to the office at an estimated cost of \$14,300 and the installation of additional central office equipment approximating \$31,150.

MacLachlan's announcement said that the contract for the building of the addition has been let to Burger & Dobbs, Plymouth contractors. Work will begin immediately and the company hopes to complete the addition in February.

The additional equipment will increase the calling capacity of the central office substantially raising the number of switchboard operating positions from 14 to 19. The additional space, at the rear of the present building, will allow sufficient room for the ultimate expansion to 36 positions.

The expansion is necessary, said Manager MacLachlan, to enable the company to keep pace with the sharp increase in demand for telephone service arising out of the war effort and the present industrial upswing. There are 2120 telephones in service at the local exchange, an increase of 375 this year.

Dr. Rufus Accepts Government Post

Local Physician to Go to Virgin Islands

Dr. H. C. Rufus of Plymouth has accepted a government position with the Division of Territories, Department of Interior, to practice medicine in the Virgin Islands of the West Indies.

The local physician was called to Washington last week to confer with officials of the Department of Interior and accept the government post. The United States government is working on a project to improve health and sanitation conditions in the vital defense zones of the West Indies, the governor of the Virgin Islands explained to Dr. Rufus. His duties will be in civilian general practice and not for the army. Dr. and Mrs. Rufus are awaiting notice of available steamship passage from New York City and expect to leave for the West Indies on or before January 1.

Dr. Rufus has maintained general practice in Plymouth for the last three and a half years. The son of Mr. and Mrs. W. Carl Rufus of Ann Arbor, the local doctor is a graduate of the University of Michigan medical school and a member of the Plymouth Kiwanis club.

All of the Plymouth boys stationed in the Hawaiian islands are safe and sound, according to information received by relatives and friends.

An air mail letter from Albert Miller, to his parents, Mr. and Mrs. John A. Miller of Irving street, states that everything is back to normal.

"Red" has been in the submarine service of the navy for several years. Their home is right on Pearl Harbor, where the Yellowseum pulled their cowardly attack while talking peace in Washington.

Local Citizens Respond to Appeal For Blood Donors

Red Cross Mobile Unit To Make Second Visit On Monday, Dec. 22

Plymouth citizens responded generously to the appeal from the American Red Cross for blood donors last Thursday. Seventy-five pints of blood were donated during the day at the Red Cross mobile station set up in the I.O.O.F. hall on Main street. So many people were willing to donate blood for their country's defense that the Red Cross mobile unit from Detroit announced that a second blood donor day will be held in Plymouth on Monday, December 22 from three to eight o'clock at the Odd Fellow hall to accommodate those who could not be taken last Thursday.

Registrations for the second blood donor day will be taken daily at the city hall and at Meyer's Pharmacy in Plymouth. Twenty-four persons registered for the second visit of the mobile unit at Red Cross headquarters Thursday.

The response to the blood donor program in Plymouth was the finest of any community of similar population thus far visited by the Red Cross mobile unit. The sponsors of the local program, including the local chapter of the American Red Cross, the I.O.O.F. lodge and the Rebekahs, wish to thank the Schrader funeral home, Taylor and Blyton department store and the Plymouth hospital for lending equipment.

Equipment for examining all blood donor volunteers was transported to Plymouth in a mobile truck unit of the American Red Cross from Detroit, of which Mrs. Merriam was in charge. Dr. Kirsman of Detroit was assisted by a staff of Red Cross nurses and assistants from Detroit and the local chapter of Red Cross. Nurses examined each volunteer donor's pulse, temperature and blood pressure before he was placed on a cot for the actual drawing of blood.

Each donor was served a glass of orange juice before giving a pint of blood and a luncheon following the process. The blood donor operations were executed with expert efficiency and care.

Mr. and Mrs. Dewey Taylor are the proud parents of a baby son, John Edsel, born at Sessions hospital in Northville on Monday of this week. The baby weighed seven pounds and 11 ounces and both mother and son are doing nicely.

Here Is Something to Stop!

Stop it!—One of the most dangerous and disquieting problems during troublous times is the spreading of rumors and gossip. Frequently some take advantage of conditions to start stories about individuals because of personal grudges or trouble. This is a vicious thing to do. Others hear something and tell it without giving much thought to the serious consequences. There is but one thing to do, when you hear a rumor, don't repeat it to anyone, except the Chief of Police. If you think the rumor you have heard should be investigated, see the Chief and tell him, NO ONE ELSE. He will see to it that the proper authorities make an immediate investigation.

Defense Bonds Best Investment in World, Says Roger Babson, Financial Authority

"After watching securities for over 40 years, I have finally found an issue I can wholeheartedly recommend! By buying defense bonds you safeguard principal and get a better-than-savings-bank-interest return. In addition, you emphasize your faith in our American system of government. It's still the best on earth!"

Postoffice Adds New Route for Rural Delivery

Inaugurate Service On Route for Patrons in Rosedale Gardens

The Plymouth postoffice has established a new postal route for rural mail delivery to serve patrons in Rosedale Gardens and service has already been inaugurated. The local postoffice now includes five rural routes and four city routes.

Rosedale Gardens has formerly been a part of Rural Route No. 4, which was added two years ago to serve Livonia township and the outlying community districts on Plymouth road. The rapid growth of this district has necessitated the addition of a new route to serve Rosedale Gardens exclusively. Temporarily Lawrence Derrick has been assigned route four and Orval Kerr is delivering mail on the new route five. All rural routes, including the new one for Rosedale Gardens, receive one mail delivery a day.

U.S. Government Needs Inspectors

Civil Service Offers Immediate Placement

Immediate employment is available for three "junior inspectors" for the Detroit Ordnance district of the War Department. It is announced by the U. S. Civil Service commission. Applications for inspection positions will be received by Mrs. Beatrice Schultz, secretary of civil service, at the Plymouth postoffice.

No written examinations are required to fill these vacancies and the opportunity for advancement is excellent. The three junior inspectors, to be placed in this immediate vicinity, must have had at least one year of experience in the inspecting and testing to determine compliance with specifications of raw materials and production of metal bars and sheets or plates, precision machine parts, metal shapes or parts formed with dies or forging or castings of either steel or nonferrous metals.

Local Red Cross Recruits Workers

Establishes Work Room in P-A Theatre Building

Anyone wishing to do Red Cross work must first register for civilian defense duty at the headquarters in the city hall, advises Miss Pauline Peck, director of the local Red Cross chapter. The new headquarters will be opened in the Penniman-Allen building Monday, January 5, and will remain open five days a week from 10 to 4 o'clock.

Red Cross volunteer work will include sewing, knitting, surgical dressings and service of car and driver for delivery. A class in first aid will be started as soon as an instructor can be obtained from Detroit. The local chapter is registered at Detroit headquarters and will be assigned an instructor shortly. Civilian defense volunteers are to indicate their interest in first aid at the time of registration at the city hall.

Workers willing to start before the work room opens on January 5 may obtain yarn for knitting from Mrs. John Blickenstaff or sewing materials from Mrs. J. J. McLaren. Inquiries regarding a motor corps unit should be directed to Mrs. Floyd Burgett.

The local Red Cross unit is now completing plans for its annual membership drive for funds, details of which will be announced next week. Edwin Schrader has been appointed chairman of the membership drive and all persons willing to solicit funds for the campaign are asked to call the Chamber of Commerce office for information.

City to Aid in Old Iron Collection

Acting favorably upon the suggestion of Andrew L. Jeffrey, well known Plymouth garage man, the Plymouth defense committee plans to install a scrap iron box in front of the city hall where people who have old metal can dispose of it, and the proceeds from its sale turned over to the Red Cross.

Mr. Jeffrey at first suggested that the scrap iron box be placed at some convenient point in the parking lot, but the committee thought it would be a more convenient if it was near the city hall where it could be watched and quickly disposed of.

The government is badly in need of all the scrap iron it can get and the Red Cross is in need of funds. So Plymouth citizens can help both by throwing any old pieces of metal they might have in the scrap iron box at the city hall.

TB Seal Sale Sets Record

Plymouth's sale of Christmas Tuberculosis seals set a new high this year with reported proceeds of more than \$700 from the two weeks' campaign. The total sales in Plymouth were about \$200 better than last year, according to Mrs. Bruce Woodbury, chairman of the local committee.

The date of this meeting is to be announced next week. The February meeting will be the annual all-college function which will be in the form of a dance, details of which will also be announced later.

Night," and Robert Fisher will lead the group in prayer. The session will conclude with the recessional, "O Little Town of Bethlehem." Students participating include Shirley Bassett, Gordon Ross, Ed Curmi, Richard Daniel, Jack Kenyon, Joseph Masel, William Upton, Aliene Parmelee, Lincoln Hale, Harold Todd, Martin Meybans, Marvin Meybans, Gladys Davison, Louis Kolin, Marie Ann Miller, James Sexton, Margaret Jean Nichol, Nancy McLaren, Signe Hegge, William Bartel, Ray Kearney, Owen Gorton, Robert Bachelder, Cecilia Hubert, Dorothy Fisher and Virginia Garrison.

Christmas Carols in the Camps Feature American Soldiers' Yule

LUCKY indeed is the soldier who obtains a Christmas furlough and spends a portion of his holiday season at home, but what about those hundreds of thousands of American boys in our Army who will remain on duty in the cantonments and island bases and in the far-flung, distant outposts?

The answer is voiced in a song—a glorious hymn that will be heard from virile young throats singing in praise of Him in whom reposes mankind's steadfast hope in this dark hour of the world's history.

The hymn, a favorite of the American soldier and of his fellows in arms since colonial campfires, "O Come, All Ye Faithful," will be sung in 200 new Army chapels where this year Christmas services will be held for the first time.

In his spiritual life, Army chaplains declare, the citizen soldier finds the closest link military duties with the cherished customs of his home. Especially among young men from the farming communities and the towns and smaller cities the observance of Christmas in the camps will not be unlike the programs in churches throughout the land where friends and neighbors assemble for the Christmas festival. In Army chapels the same midnight services will be held, the youthful worshipper will join in the same inspiring music, he will hear again the same messages of hope, the same fervent prayers for peace and good will.

During Yuletide the singing of familiar carols will enliven the camps, not only in the training areas at home but the same music of cheer and comfort will echo from the cliffs of Iceland and the wastes of Greenland as well as among the tropic shores of Trinidad, Guiana, and the Orient. For the Chief of Chaplains has announced the distribution of the new Army and Navy Hymnal, a book containing the best in sacred music, subdivided for Protestant, Catholic, and Jewish forms of worship. Special visitations will be made to the hospitals. Neither will the inmates of the guardhouse be overlooked.

All will share the spirit of Christmas. At this season the 1,626 chaplains in our Army take stock of their efforts through the year, and the Chief of Chaplains advises the Chief of Staff as well as the home folks that most encouraging progress has been made for the spiritual well-being of the troops. Where 11,640,000 soldiers attended religious services during the last fiscal year with an average of 97.8 persons at each service, it is

pointed out that there is now a much larger participation and a corresponding increase in the ministrations of holy sacraments.

Said a veteran chaplain: "The tradition established by those pioneer soldiers who bowed in prayer on the eve of Bunker Hill and in the storm-swept camps at Valley Forge is still alive in the hearts of America's defenders in arms."

Sold Apples to Civil War Veterans

The rumble of army troops and the sight of soldiers in uniforms has brought vividly back to memory an experience Myron Willett, 75-year-old nightwatcher at the Plymouth Felt Products company, had when a lad 10 years of age.

Back in 1876, about a dozen years after the end of the Civil War, he was selling sweet Bough apples on a Pere Marquette train that was carrying a big delega-

tion of Civil War veterans from Flint to a Centennial celebration in Philadelphia.

The veterans called themselves the "Flint Blues." For many years this organization played an important part in the affairs of the Grand Army of the Republic. Mr. Willett remembers well the fact that he sold out his entire supply of apples while the train was running between the village of Wayne and the city of Detroit.

It is interesting to know that this kind of apple is no longer on the market.

Society News

Mrs. J. J. McLaren and Mrs. J. W. Bickonstaff were in Detroit Sunday afternoon attending a meeting of Red Cross chairmen from Plymouth, Northville, Wayne, Dearborn and other nearby towns, held at the Red Cross headquarters, when A. J. Berres was in charge. Arrangements were made for the national war campaign to be held in the near future.

John Baade and Mrs. Addie Westfall attended the wedding of the latter's nephew, Wesley Proctor, son of Mr. and Mrs. Harvey Proctor, and Miss Virginia Kulenkamp, at the Methodist church in Manchester last week Wednesday at 8 p.m. After the ceremony a reception was held in the dining room of the church. A beautiful decorated wedding cake graced the table. The bridal couple received many lovely presents.

Postal Employees Mark 25 Years of Public Service

Three employees of the Plymouth postoffice department will mark their twenty-fifth Christmas in the postal service next week. Ezra F. Rotnour and Forrest Gorton, city mail carriers, entered the postoffice service on October 1, 1917 and William D. McCullough, chief dispatch clerk at the postoffice, began his service with the postoffice on November 1, 1917.

Postal carriers Rotnour and Gorton were the first mail carriers in the city of Plymouth. The postoffice opened delivery service on October 1, 1917; previous to that time, all postal patrons picked up their mail at the postoffice which, at various times, was located in several buildings on Penniman avenue across from the present Federal building. Postman Forrest Gorton recalls that the delivery of mail in Plymouth has been interrupted on only two occasions since it was established in 1917. In January, 1918, a severe storm prevented the delivery of the mails and on the first Armistice day of this country, November 11, 1917, mail delivery was disrupted.

Clerk McCullough has been chief dispatcher of the mails since November, 1917, when he replaced his wife, the former Bess Rathbun as postal clerk. Previous to that time, Mr. McCullough had several years' civil service experience with the U. S. Fishery and Hatchery department. Clerk McCullough has another distinguished record, no sick leave time lost during the last 24 years. It took a train accident to lay the faithful McCullough up for a couple of days, his only period of absence from the postoffice.

Pythian Knights Attend Initiation

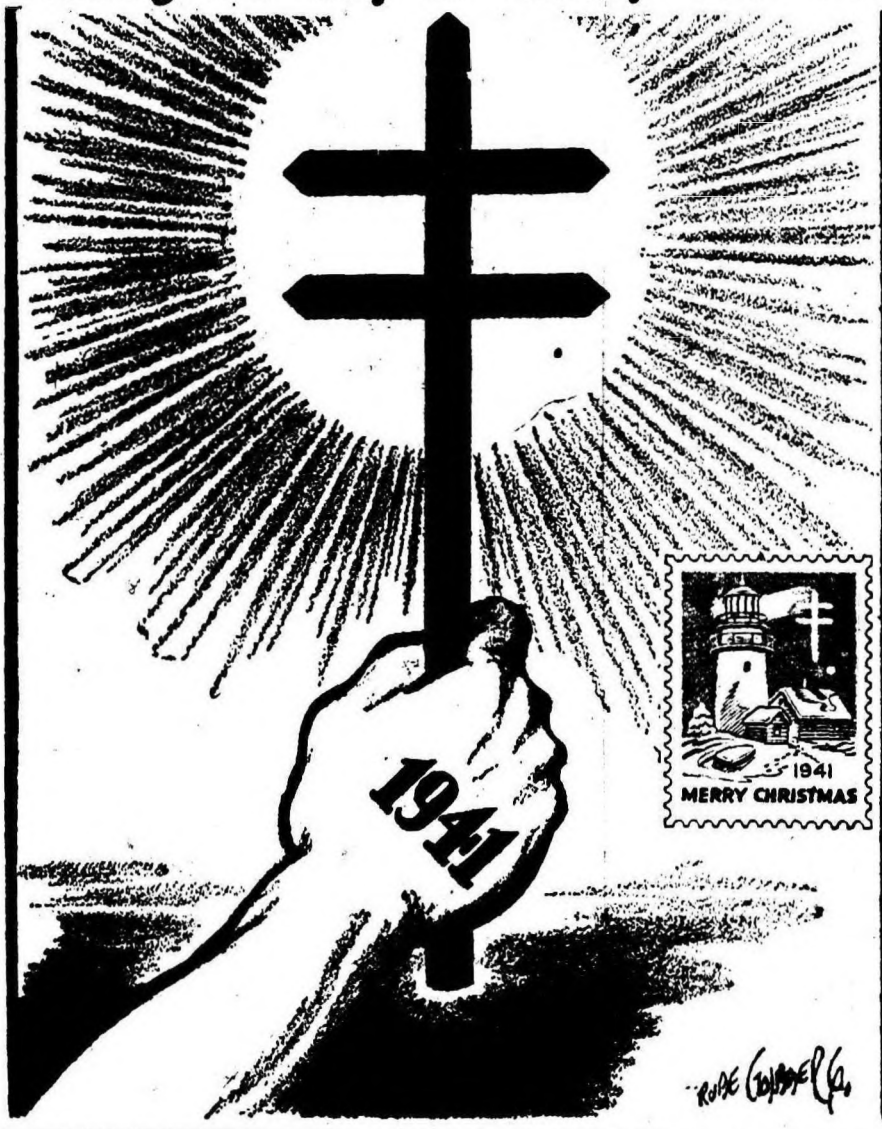

Several members of the Plymouth Knights of Pythias lodge were in Pontiac last Sunday where they took part in the initiation in the Ray H. Burrell class of pages. The first rank was conferred upon about 75 candidates.

The class has been named in honor of Mr. Burrell of Ypsilanti, Grand Chancellor of the Knights of Pythias in Michigan, and included one of his sons, who is joining the order.

Several hundred members of the Knights of Pythias from eastern Michigan attended the ceremonies, which were under the auspices of the Eastern Area Association, and were held in the hall of Pontiac lodge No. 19, The Rathbone Bible, over 10 years old, and the Bible that belonged to Justus H. Rathbone, composer of the Knights of Pythias ritual, were used in conferring the work.

The collection of all waste paper in the city of Plymouth has been assigned to school children in Plymouth schools under the supervision of George A. Smith, superintendent of schools. The waste paper will be sold and the net proceeds turned over to the Red Cross for local work. C. H. Bins for the collection of scrap metal will be placed in front of the city hall and a large repository in the rear of the city hall. In another effort to spur defense preparations, the local council has requested the local postoffice officials to try to keep a window open for the sale of defense bonds and stamps on Saturday afternoons.

No registrations can be accepted over the telephone. Every person in the community is urged to go to the defense headquarters at the city hall to register for work today!

Long Distance lines will be jammed this Christmas... BUT WAR CALLS MUST GO THROUGH

We ask your cooperation in keeping the lines open by:

1. Placing your holiday calls before 9 o'clock Christmas morning.
2. Giving the operator the number of the distant telephone, if possible.
3. Making your calls brief.

Last year, the demand for Christmas long distance calls was as much as eight times normal at some points.

Now our Nation is at war, imposing an additional load on long distance lines... a load that will continue even on Christmas Eve and Day.

All available operators and many new circuits will be pressed into service. They will be able to handle calls between Michigan points with few delays. But many calls to distant points will be delayed, and many may not get through at all.

WE ARE OBLIGED to keep adequate lines for war use, even though it means disappointment for many on their personal calls. We know you would have it that way, and that you will accept the situation in an understanding manner.

Decorate Library For Christmas

Announce List of Periodicals for 1942

The Plymouth branch of the Wayne County library is busily engaged in Christmas activities and plans for the new year. The library is attractively decorated for the holiday season with laurel roping on the interior and a winter scene display in the front windows with snow men, reindeer and miniature Christmas trees. Mrs. Ada Murray and Mrs. Agnes Pauline of the local library staff attended a Christmas party for Wayne county librarians at the Wayne branch Thursday morning.

Other Christmas features at the library include the weekly story hour for children Saturday morning, December 20 at 11 o'clock when the librarian will relate the story, "When the Chimes Rang." The local library will close at five o'clock on both Christmas and New Year's Eve this year, according to Mrs. Murray.

The librarian has a complete list of children's books for Christmas gift suggestions available to any parents interested. Looking ahead to the new year, Mrs. Murray this week announced a list of periodical magazines which will be circulated from the library shelves for 1942. The Plymouth branch library will receive the following magazines for its patrons next year: A. L. A. Booklist, American, American Girl, American Home, American Photography, Atlantic

Monthly, Better Homes and Gardens, Boy's Life, Child Life, Consumer's Union, Current Biography, Current History, Etude, Field and Stream;

In addition to daily and Sunday subscriptions to the New York Times now carried at the library, the following papers and magazines are now being received as gifts: D.A.R. Magazine, Hygiea, Michigan Rotarian and Christian Science Monitor. The only periodical which will be dropped next year is American Boy magazine.

Marvin Hauk Wins Honor On Ypsi Debate Team

Marvin Hauk, son of Mr. and Mrs. Edward Hauk of Plymouth and Norwood Eastman of Cass City, members of the affirmative debate team of Michigan State Normal college, took second place in the mid-west debate tournament held at Toledo, Ohio, December 5 and 6. They won four out of five debates, winning a decision over the University of Akron, Western Michigan, Central Michigan and Capital University. They lost to Bowling Green University. Young Hauk is a graduate of the Plymouth high school and is engaging in his third year on the debating team for Ypsilanti Normal.

"Gyping" Soldier Boys Up in Twin Cities

If Plymouth soldier boys who during the last few days have been transferred to training camps in the northwest, have their way, some of the merchants of Minneapolis will be put in concentration camps for the "duration."

Not that they are disloyal, write the soldiers, but because of the fact that they are taking advantage of the opportunity to bleed the soldiers of every penny

they can get from them. On a card to The Plymouth Mail, Don Peck, now a corporal in the army, writes that some of the money-grabbing merchants of Minneapolis charged the boys 15 cents for a bottle of pop that they buy at home for five cents. For two apples they were forced to pay 45 cents. For 45 cents, they could buy nearly a half bushel of apples in Plymouth. It's rotten business, no matter what the merchants of Minneapolis might call it, that's the way the soldiers feel about it, from the tone of the cards received here.

You may never before have heard of the Farnsworth Radio. That is not surprising in view of the fact that Farnsworth is a quality line—distributed through a selected number of the most reputable dealers. It has not been accorded the wide publicity of other lines—nor is it treated as "mass" merchandise. Named in honor of Philo T. Farnsworth, "The Father of Television," Farnsworth instruments are the choice of discriminating listeners who insist upon quality at the lowest possible cost.

Not How Much But How Little

We never advise anyone as to how much should be spent on a funeral—but we do advise everyone not to spend more than they can afford. The family's position in the community is one thing that helps determine how elaborate the display should be, and that in turn determines the cost.

As far as we are concerned, every funeral gets the same expert attention and is approached with the same spirit of reverence and respect. And in every case our prices are based on honest values.

NEWS IN THE WORLD OF RELIGION

BY W.W. REID

Luzon, the largest of the 7,000 islands comprising the Philippine Archipelago now under attack by Japan, is predominantly Roman Catholic in religion—dating from the Spanish conquest 400 years ago. Protestant missionaries arrived there first at the close of the Spanish-American War, and the Independent Filippino church (the Aglipayan church) has grown rapidly since

1902 when it broke away from the established Catholic hierarchy. The Disciples of Christ, Methodists, United Brethren, Protestant Episcopal, Presbyterian and Seventh Day Adventist churches are the evangelical groups with missionaries on Luzon Island. Evangelical churches enroll a total of 500,000 members; the Independent Filippino church about 2,000,000; the Roman Catholic about 12 millions; while there are large groups of Moslems, Buddhists, and Shintoists.

ago at West Roxbury, Mass., as a social and cooperative experiment by some of New England's leading literary leaders, is now the site of the almost equally noted "Martin Luther Orphans Home." The colony of the intellectuals lasted only seven years; since 1870, when it was purchased and presented to the "Association of the Evangelical Lutheran church for Works of Mercy." Brook Farm has been father and mother to hundreds of orphans. The Rev. Carl T. Olinger is the present superintendent.

"Sixty-three per cent of the population of the United States is outside the membership of the Christian churches," says the Rev. Dr. George A. Wieland, head of the Episcopal church's department of domestic missions. Dr. Wieland says further that thirty million American children have no religious background or instruction. "Is there possibly some relationship between these figures?" he says, "and the fact that our national crime bill is fifteen billions per year,—\$120 for every man, woman and child?"

"In 1820, the American Board of Commissioners for Foreign Missions (Congregational), sent from Boston fourteen missionaries to begin Christian work in Hawaii. The group included two ministers, a physician, two teachers, a printer, an agriculturalist, and their wives. Two years later these missionaries had reduced the Hawaiian language to writing, and printed the first book. In 1839 the entire Bible was printed in this "new" language. Today the Hawaii Evangelical Association, Congregational in organization, is the successor to the American Board's work; while the Protestant Episcopal church, the Roman Catholic church, the Methodist church, and the church Army (Church of England) have churches, schools, and hospitals in the islands. Practically all Hawaiians are now Christians, but there are many thousands of non-Christians from other immigrant Asiatic stocks.

"China's rural life is being 'plowed up' by the war," says Dr. Frank W. Price, rural authority of Nanking Theological Seminary. "The Chinese farmer is the hero at the front and in the rear. What kind of a rural China will emerge after this titanic struggle is one of the many difficult but fascinating questions which thoughtful men and women in China are constantly discussing. Because of the large number of leaders in the rural reconstruction movement who are Christian and because of the increasing attention which Christian institutions and groups are giving to rural needs and opportunities, the Christian movement may make its largest contribution to the new China in this field."

Local Churches

FIRST PRESBYTERIAN church. Walter Nichol, pastor, 10 a.m. Sunday school; 11 a.m., church worship; 7 p.m., young people. Christmas is the central theme of all the services Sunday. The Sunday school has planned a special program in which a brief play will be presented by the Junior department. The school will meet in one assembly for this program, at 10 a.m. At the church service at 11 a.m. the sermon and the music will be in keeping with the day. The young people will meet for a brief service at 7 p.m. and at 7:30 p.m. the choir will present a cantata, "The Infant Holy," by Louise E. Stairs. This should be a day of profound joy among Christian people. In a world torn by hatred and war we are called to celebrate the love of God reaching out to man in a spirit of good will and peace. Let us attend the services of our church. They are open to everyone who cares to come. The cantata and evening service deserves a large attendance. The Beginners and primary departments of the Sunday school are to have their Christmas tree party Saturday afternoon at 3 p.m. The parents and friends are cordially invited to come. There is to be a program interesting to the little folk and Santa Claus is expected to arrive in time to greet all the children. The high school Girl Reserves and Hi-Y are sponsoring a Christmas program to be given in the Presbyterian church Monday at 8 p.m. The public is invited to this meeting. Christmas decorations are being placed in the church by Harry Green. His taste and skill will be apparent in the church Sunday. A Sunday evening service will be held in the Presbyterian church Wednesday, December 31, 10 to midnight. All who are interested are asked to join in this service.

FIRST BAPTIST CHURCH. Rev. G. H. Enss, Th.D., pastor. This is Christmas Sunday for the Sunday school, and the evening service will be a Christmas program by the children directed by the Sunday school staff. Please remember the "White Christmas Gifts" for the occasion. The meeting will be at 7:00 p.m. Morning service at 10 a.m. The pastor will bring a Christmas message on Luke 2: 1-20. Sunday school at 11:15 a.m. Dr. and Mrs. Enss will meet the young people at 5 p.m. A joint service will be held on New Year's eve in the Presbyterian church at 10 p.m.; Rev. Stanford Closson will bring a special message for the occasion. There will be a social hour with refreshments and following will be the service. Because of the fact that Christmas eve falls on Wednesday night when the families meet in their homes for worship and reunion the prayer meeting in the church will be omitted. Let us enter into the Christmas season with much prayer that the grace of God be with us in these days and that our boys might feel the power from on high to be with them in these critical moments.

FIRST CHURCH OF CHRIST Scientist. Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service 8:00.

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, December 21. The Golden Text (Psalms 62: 11) is: "God hath spoken once; twice have I heard this: that power becometh unto God." Among the Bible citations in this passage (Genesis 1: 27, 31): "So God created man in his own image, in the image of God created he him; male and female created he them: and God saw everything that he had made, and behold, it was very good." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 295): "God creates and governs the universe, including man. The universe is filled with spiritual ideas, which He evolves, and they are obedient to the Mind that makes them."

SALEM FEDERATED CHURCH. M. Pennel, minister. Sunday morning worship, 10:30 o'clock. Sermon subject, "Exceeding Great Joy." Bible school, 11:45 a.m. Christmas Sunday hymn sing, 7:30 o'clock. The young women of the Bethany class are giving a Christmas party for their own and our other children in the primary and beginners group on Monday afternoon, December 22 at 2 o'clock. CALVARY BAPTIST CHURCH.—Holbrook and Hardinberg. The Sunday school and young people's choir will present their Christmas program for your pleasure and profit next Sunday night at 7 o'clock. Note the change of time. Are you missing the fellowship around the Word of God on Sunday morning? We invite you to come with us as we study the "First Epistle to the church at Corinth," Bulseye No. 107. "Blackouts" are nothing new. The devil has blacked out church buildings all over America on Sunday nights for several years, and few seem to care.

The largest Gothic cathedral in the world, America's greatest cathedral and ranked by competent authorities as the finest example of religious architecture built within hundreds of years—the Protestant Episcopal Cathedral of St. John the Divine—has been in the course of erection since the beginning of this century, and is still incomplete. Built on Cathedral Parkway, in upper Manhattan, New York City, it is a mecca for sightseers and worshippers from all over America. Last week Bishop William T. Manning was in its great pulpit at the opening of a new unit which revealed the full length of the Cathedral—520 feet from the great west doors to the altar. From the 7,000 pipes of the organ swelled the opening hymn "Now thank we all our God." The edifice is now about two-thirds finished; two towers, transepts, and great arch are still in the plans that may take until 1950 or later to complete.

Board Officials Tour Fort Custer

Report Spirit of Soldiers Excellent

Officials of local draft board No. 61 in Plymouth were guests at a visitors' inspection tour of Fort Custer near Battle Creek last Thursday. Representatives of the local board who attended were Walter A. Harms, chairman of the board, and Evered Jolliffe, clerk. From Plymouth, Fred Cochran, government appeal agent for the board of Northville and Charles Murphy of Northville and George Bentley of Livonia, board members.

A group of more than 100 official visitors from selective service boards throughout the state met in one of the new chapel buildings on the grounds of Fort Custer Thursday morning to hear an address by Colonel Birks, commanding officer of the recruit reception center. The visitors were then taken on an inspection tour of the camp barracks, fire companies, recreation buildings and library.

The highlight of the tour was an inspection of the induction process where visitors witnessed the requisition of clothing and fitting of uniforms and equipment to transfer the soldiers from civilian to army life. The warehouse has an unlimited stock of clothing of all sizes with facilities to accommodate 200 men an hour through the induction center. The complete outfitting of a soldier recruit requires 12 minutes on the average.

"Officers at Fort Custer reported that the spirit of the entire camp and the attitude of the men took a complete turnabout since Sunday's unprovoked attack against this country," stated Chairman Walter Harms. "The boys now see a purpose for their training and are united one hundred per cent in their determination to prepare to defend their country."

The visitors were served luncheon in the cafeteria in "army style." The uniform menu for today's meals at the camp included for breakfast, fresh milk, fresh fruit, French toast, bacon, rolled oats, syrup, butter and coffee. For luncheon the menu was soup, oysterettes, baked ham, mashed potatoes, cream peas, brown gravy, fresh milk, lettuce and pineapple salad, ice cream, cookies, bread and butter and coffee. For the evening meal, the camp was served soup, boiled spareribs, boiled potatoes, lima beans, sauerkraut, brown gravy, fresh milk, cabbage-carrot salad, bread pudding and lemon sauce, bread and butter and coffee.

American Legion Issues Decalogue For Bill of Rights; Citizens' Duties

In commemoration of the 150th anniversary of the enactment of the Bill of Rights, the first ten amendments to the Constitution of the United States Monday, the American Legion of Plymouth issued a statement reminding the citizens of their duties in maintaining those rights.

The following tabulation, reprinted from the American Legion magazine of December, seeks to state those duties of citizenship which arise directly and naturally out of the rights guaranteed by the first ten amendments to the federal constitution:

Article I: Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people to peaceably assemble and to petition the government for a redress of grievances. "In return, the citizen should not interfere with the religion of others, nor should he attempt to bring the religion of others into dispute. The citizen should not use his right to assemble peaceably to meet with others, to advocate the use of violence against other persons or groups, nor against democratic institutions, nor against the government of his nation, state or community. The citizen should use his right of

petition to encourage his representatives in the Government to safeguard the interests of the whole people and of democratic ideals and he should not use this right to promote selfish aims nor to obtain local advantages at the expense of the national interest," declares the American Legion statement in a decalogue of citizenship duties.

Article II: A well regulated militia being necessary to the security of a free state, the right of the people to keep and bear arms, shall not be infringed.

"The right of the citizen to bear arms does not justify the bearing and use of arms for personal reasons, except as permitted by law. This right should be used to defend by arms the laws of the land, the safety of the nation and the ideals of free government, when the citizen is called upon to do so by the proper authority," continues the Legion statement.

Article III: No soldier shall, in time of peace, be quartered in any house, without the consent of the owner, nor in time of war, but in a manner to be prescribed by law.

"The right of the citizen to be free from having soldiers quartered in his house except as authorized by the Constitution, should not obscure the duty of the citizen to contribute to the defense of the nation when called upon to do so, by serving in its armed forces; or by contributing to their support, regardless of the personal or material loss to himself. Finds Southern Civil War Paper

Edward C. Hough Has Rare Publication

There is one thing that always interests Edward C. Hough when business calls him to the big cities of the country—a store where old books and papers are offered for sale.

The other day while in a New York book store that specializes in selling copies of old books and papers, Mr. Hough came across a Civil War issue of the Mobile Register & Advertiser. He was especially interested in the issue because of the fact that Mobile, Alabama is the old home town of Mrs. Hough.

He purchased it and brought the issue back to Plymouth, where members of The Plymouth Mail staff have read it with more than usual interest.

Printed in the finest type and on both sides of one sheet of paper, the paper guardedly hinted of reverses of Confederate troops fighting the Union armies to the north.

The date of the paper was November 27, 1863. One brief paragraph from Atlanta, Georgia, said:

"Trains from the front have come in filled with Yankee pris-

oners. No wounded have come down yet. The Atlanta relief commission has commenced sending supplies and assistance to the front.

"The city is full of rumors but nothing authentic from the army has been received since General Bragg's dispatch of yesterday."

There were numerous articles dealing with the problem arising from the care of prisoners of war.

One slave owner offered in an advertisement a reward of \$50 for the apprehension of "a negro woman named Jane. About 25 years old, about five feet high, well built, good teeth. Has a scar on one arm and a very pleasant smile when talking. She left her master, Mr. J. Kornbeck on Fish river on the 5th."

Confederate bonds, paying 7 and 8 percent, were offered for sale by numerous brokers, according to advertisements in the newspaper.

Another interesting booklet he picked up was a New England Almanac printed in 1857.

It said: "An irritable and passionate man, is a downright drunkard."

When preparing large amounts of green vegetables for canning add a handful of salt to the second pan or tub of water. This will cause sand to sink to the bottom of the container. Another rinsing will leave the vegetables thoroughly clean.

Returning travelers introduced the orange and lemon to Australia, South Africa and the Mediterranean countries.

Our Country!

"Let our one object be our country, our whole country and nothing but our country."—Daniel Webster.

On to Victory!

War is a brutal, strange thing. Today's news from the battlefield may be disappointing. It may even be alarmingly so. Tomorrow the tide of victory may turn the other way, with our troops full masters in the field, on the sea, in the air.

We must steel ourself to disappointments, to defeats, to retreats. We will have many of them before the war is won—as it surely will be.

In these hours of disappointment there is but one thing for us to do, draw our belts a bit tighter, sacrifice more, a whole lot more, and determine to go the limit in our fight FOR VICTORY!

What can we do, you ask? There is so much that it would take hours to tell it. But first of all OUR GOVERNMENT needs money. It is asking you if it can borrow some of the extra dollars you possess.

OUR GOVERNMENT is different than the governments abroad. In the countries fighting us, they simply take the money and possessions belonging to their people away from them.

OUR GOVERNMENT does not do those things. It asks you if it can borrow your money and it offers to pay you interest, GOOD INTEREST, on the money it borrows from you.

If you loan OUR GOVERNMENT \$75 today, ten years from today OUR GOVERNMENT will pay you back \$100. That is almost three percent interest. Try and find a place where you can get any better interest than that.

There is this thing to remember—we cannot win if we do not provide OUR GOVERNMENT with the funds with which to buy the guns, the food, the clothing and other necessities OUR SOLDIERS must have while away fighting.

And who are OUR SOLDIERS? They are the boys from Plymouth, from Northville, from Farmington, from Novi, Wayne, from EVERYWHERE.

You personally know many of them. Maybe one is your son or your brother—or the son of your neighbor. The FIRST IMPORTANT duty of every AMERICAN who remains at home is to scratch up the pennies and the dollars that OUR GOVERNMENT needs to keep our army and navy supplied with guns, ammunition, food and clothing.

Go down to your bank or the postoffice TODAY, and if you haven't got the money to buy a \$100 bond, you can buy some saving stamps, and in just a little while you will have enough savings stamps to your credit so that you can convert these into bonds.

Let's make Plymouth the biggest bond holding city in America—maybe not in the total amount, but in the NUMBER of bonds held by the residents of our community.

Here is one way every one of us can help to defeat the cowardly enemies of America.

Too Much Dingelling

It is about time some of our statesmen in Washington came to a realization of the tremendous responsibilities of their positions. The other day Congressman Dingell of Detroit told the newspapers that he was going to demand an investigation into the reasons why our navy and army suffered such a serious loss at Pearl Harbor. He charged that our high army and navy officers had failed in their duties—without knowing a single

fact as to what actually had happened in Hawaii, except the wild rumors, that were circulated through the country.

Congressman Dingell didn't know and no one else knew at the time just what happened in Hawaii, except that our armed forces had suffered a severe loss.

Of course if there was some serious error made on our part, some one should be held responsible for it.

But no good can come to our army or navy by such blistering attacks as made upon it the other day by the talkative congressman from Detroit. He was accused by some members of his own party of being a publicity seeker. Such assertions as he made are pretty dangerous, no matter for what purpose made. Detroit voters should relegate this fellow back to his sausage business. He is NOT needed in congress.

Simple Little Things

Oh God, when fears strike deep
And hearts are wild,
Pity us, put us to sleep,
To sleep like a child:—

Like a child that wakes to desire
Such simple little things—
A lamp, a song by the fire,
And the voice that sings;

Like a child that wakes to see
Twilight on Christmas Day,
Candles upon a tree,
A world of play;

Like a child whose eyes adore
The scene of an old game,
A doll left on the floor,
A chair that has a name;

Like a child that wakes with love
For a promised toy
And watches the roof above
Tremble with joy . . .

Such simple little things—
How much they are worth!
What will the future bring?—
God save them on earth!

RAMBLING AROUND . . .

With Prominent Michigan Editors
Their Views About Public Problems and Issues

A JOB FOR EVERY ONE.

In time, there will again be Peace.

But it must be an honorable peace and it will not come until the mad-dog nations of the earth are subdued.

Let us, in the meantime, be thinking ahead to the time when there can be a just peace. Let us, even the humblest, be thinking of the day when something can be substituted for the senseless and horrible penalties of war.

It is too late to speculate on the misdeeds that have been made. We have an unsavory job to do—and WE ARE GOING TO DO IT! No quibbling. No hesitating.

Come on Everybody—let's get Schuyler Marshall in the Clinton County (St. Johns) Republican-News.

IT'S EVERYBODY'S WAR!

We are at war. We can best do our part toward winning it by keeping at the work before us, or the tasks to which we are set. We can't win it by debate, by propaganda or by any means other than sending men and machines supplied by steadily expanding production at home. All things which hamper that concerted effort must be dropped.

Mistakes are going to be made. Har, ships and heartaches lie before us. War is dirty business. There will be defeats before complete victory is won. Yet America is unafraid. With our heritage of courage America will emerge victorious. — Nelson Brown in The Ingham County News.

AMERICANS READY!

Blood, toil and tears have come to America. We must steel ourselves to reverses and loss of life.

To many homes of the nation sorrow has already come and more will be afflicted. We must be ready to accept any eventuality of war, at its worst. Mr. Average Man and Woman are ready for the struggle. But we fervently pray that out of this war may come a just and lasting peace—a peace not of politicians but of resolve that not again shall the nation be called upon to bear arms, and send forth her sons to kill and be killed. That is the hope which sustains us throughout the trial we are about to endure.—Robert Rowe in The Milford Times.

OUR ONE DUTY.

For the present our whole duty is support of our Commander-in-Chief and every branch of our government in one grand mass effort to protect America from the Japanese and their Hitler allies. And by this we mean that whether it be growing food, sustaining uninterrupted transportation, or making trucks, tanks, airplanes, guns, bombs or other weapons of war, or making tools for the manufacture of those things, every man and every woman should remain at his or her post and with deaf ears to anyone who would call them out on a strike. To strike now would be as indefensible as for soldiers to refuse to fight, and as treasonable.

In unity there is strength. Let us be strong.—William Berkeley in The Cassopolis Vigilant.

25 YEARS AGO . . .

And 50 years ago news taken from the files of The Plymouth Mail

Although only four shooters took part in the Thanksgiving Day events, there were some good scores at the Plymouth Gun Club. Wheeler and Powell as challengers upheld their contention as to shooting ability in a 12-bird event. R. Wheeler scored 10 out of 12 and Matt Powell, nine. In the 50-bird event, Wheeler scored 45.

A great deal of interest has been manifested in Plymouth's first community Christmas tree, and the plans being perfected by the committees in charge give promise of a most successful launching of this beautiful custom in this community. The tree itself, and of course it must be a large one to serve as everybody's Christmas tree, will be brought from the forest and set in place

TRUE TO THEIR YELLOW COLOR.

That Japan should have attacked American possessions while negotiations for peaceful settlement were in progress, while under a flag of truce as it were, only reveals the treacherous character of the enemy which has no respect for truth and honor in common with other axis powers. Although its surprise attack will give her a temporary lead and advantage in the Pacific war, there can be only one result, considering potential personnel and materials.

Adrian VanKoeveering in The Zealand Record.

OUR COUNTRY MUST WIN!

Every available human resource of the United States must be brought together in the single objective of defeating Japan!

With the devilish cunning for which they are noted, Japan swooped down upon part of the nation's Hawaiian and Philippine possessions, scattering death and destruction from air and sea.

This maneuver was planned for weeks, even though Japan had sent a special envoy to Washington, presumably, to discuss peace plans; we now know that this was merely a part of Japan's dirty and unconscionable international diplomacy.

But by that warring action of last Sunday Japan really did, in a certain way, the American cause a tremendous help; for it created in our hearts and minds a terrific righteous indignation, a terrible national decision to make the Japanese eventually atone for this damnable deed!

It also unified our own citizens as, perhaps, nothing else would do.

The die is cast. Congress has declared war. It's going to be a fight to the finish, to the FINISH OF JAPAN as a world power!

It's going to be a fight for the survival and perpetuity of the American way of life against a totalitarian force that has gone berserk upon this earth.

It may be a long war; it will require many sacrifices; but it is the only thing to be done. May God inspire each and every one of us to perform his or her part in the days and months that lie ahead.—George Averill in The Birmingham Eccentric.

OUR ONE DUTY.

For the present our whole duty is support of our Commander-in-Chief and every branch of our government in one grand mass effort to protect America from the Japanese and their Hitler allies. And by this we mean that whether it be growing food, sustaining uninterrupted transportation, or making trucks, tanks, airplanes, guns, bombs or other weapons of war, or making tools for the manufacture of those things, every man and every woman should remain at his or her post and with deaf ears to anyone who would call them out on a strike. To strike now would be as indefensible as for soldiers to refuse to fight, and as treasonable.

In unity there is strength. Let us be strong.—William Berkeley in The Cassopolis Vigilant.

Oddities and singularities of behavior may attend genius, but when they do, they are its misfortunes and blemishes. — Sir William Temple.

THE FAMILY Is Hair-Conditioned

Mom and Pop were ready for young "Skipper's" arrival, with a grand nursery that he enjoys more than ever now that he's two years old. "We remodeled the old store-room," Pop explains. "You see, we had to be hair-conditioned."

Special nursery wallboard, built-in units and other building tricks can make a dream nursery of an unused room. On our special plan, the cost per month of such a children's haven averages very little.

won a war. A dole is nothing more than dope, like oil of cloves for aching teeth. The worst dole cases, however, are among the poor, but among some of the self-styled upper classes. I refer to the recklessness and wastefulness of young people who live on doles supplied by foolish parents. This spectacle gives more encouragement to communism than to patriotism. It also greatly handicaps law enforcement when criminals see the lawlessness of children of ostensibly best families. This profligacy, according to one analysis, is creating "more economic waste than all the supposed inefficiency of government and all the alleged corruption of politics."

The present generation of young people may be just as sound fundamentally as my own generation; but if so, surely they have worse parents! Today's parents have invented and are arriving to their children most dangerous doles in the form of automobiles, radios, taxis, speedboats, movies, roadhouses, dinner dances, and clothes that would have made Croesus and Midas feel like village school teachers working on part time. This would not be so bad if we increased our training to counterbalance these temptations—but most fathers are too busy making money to spend their time training children.

I don't blame John and Mary so much as I do their "Santa Claus." Perhaps the only reason why, as a young man, I didn't drive my father's horse sixty miles an hour was because he couldn't go that fast even when I stepped on him. But I had attempted such feats. I surely would have been made to throw my work into high gear likewise so as to earn the money to pay the piper. No doles were passed out to us kids in those days. If we were to have a good time, we knew we had to have a good job; and we paid our bills instead of sending them home. My father believed that his most important work was to train us children; then other things followed.

The greatest difficulty confronting young people today is that they have the spending power of giants and the earning power of babies. Their costly whoopees, as mendicants existing on the charity of their families at a time of world-wide calamity, seem outrageous to anyone who knows that World War II can be won only by intelligent budgets and worthwhile work. Anyone who is mature enough to be out all night is mature enough to work all day. We have had wars before; but when the history of World War II is written, economists will record our unexampled wastefulness of money, time, and health among the boys and girls who have not yet been drafted for war service.

The chief crime of families who are now indulging their children's mania for having a good time is not that the world is deprived of their children's services, but that the services of young folks of the jive type are not likely to be especially valuable. The damage they do is in the bad example they set and in the unrest they develop within the great army camps of the United States and Canada. Furthermore, dissipation does not "make jobs for men." Employment—in the long run—cannot be helped by patronizing dance halls or breweries. The need today is not for more fool jobs, but for better men to handle real jobs. The solution of our employment problem awaits the raising—not the lowering—of our character. As the Texas economist observes:

"If the economic leaks could be stopped, economic conditions would brighten up. Every man who had an income at all could afford more juicy steaks and more pairs of shoes. He could afford to contribute more to the worthy causes that seek to advance the welfare of his community. He would not need worry about the cost-of-living or taxes. More people would be employed if less commodities and money were wasted. A luxury-consuming nation, to the detriment of commodity or necessarily consumption, can't last forever."

When young and old alike give their thoughts and energies, not to having a good time but to doing a good job; then, and only then, will we bring the Japanese to their senses and help win World War II.
