BUY MACHINE GUNS

New Year's day was a strange day in Plymouth—it was a day that made one think of what might actually happen here in the months to come.

All day long throughout the city rang the constant clatter of machine guns—actual machine guns—the kind that our army and our navy so badly need at the present time.

The day was rather warm, foggy and dreary. It was the kind of a day when certain atmospheric conditions carry sound waves through the air for miles and miles. Residents throughout the city of Plymouth heard the tests of the machine guns as clearly as though they had stood beside them when being fired.

Did you stop to think what it all meant when you heard that constant clatter? When test bullets were being fired out at the Kelsey-Hayes plant?

Did you give thought to the idea that if our soldiers in the Philippines had all of the machine guns they needed when attacked that we might have been able to claim victory for our army instead of admitting defeat?

Did you stop to think that we have boys from Plymouth who are fighting this very day for their lives and our lives in the Philippines—that they are fighting to stave off the hordes of yellow pygmies who for more than a generation have looked with covetous eyes upon our entire Pacific coast? Do you know that Japan not only seeks the control of all of the islands of the Pacific, but that Japan has planned for years to control all of our country lying west of the Rocky Mountains?

The rattle of those machine guns on New Year's day was music to the ears of Plymouth people who realize what the war is all about, who realize the dangers we are confronted with.

But those machine guns are no good to any one unless they are in the possession of our army and navy—unless we have trained men who know how to use them.

The average price of one of these guns is about \$750. The purchase of one \$1000 Defense bond will permit Uncle Sam to buy one of those machine guns for Plymouth boys who are fighting for us thousands of miles away. A thousand dollar bond costs you but \$750.

How many machine guns are we going to buy during January for our boys now fighting the sneaking yellow pygmies?

HOW CAN WE HELP?

President Roosevelt in his message to congress, Monday—probably one of the outstanding historical documents of all time—said in part:

"The superiority of the United States in munitions and ships must be overwhelming, so overwhelming that the Axis nations can never hope to catch up with it. In order to attain this overwhelming superiority, the United States must build planes, tanks, guns and ships to the utmost capacity to produce arms, not only for our own forces, but also for the armies, navies and air forces fighting on our side."

How can the men and women of Plymouth, of Wayne county, of Michigan, help our country to do this?

Simply go over to the postoffice, The First National bank or the Plymouth United Savings bank and purchase defense bonds and stamps.

The government will immediately use this cash to manufacture machine guns, planes, tanks and warships. That is ONE easy way every one can help.

THE THING TO DO

Prosecuting Attorney Dowling has announced that he plans to charge any one caught stealing automobile tires under a state law which provides a punishment of five years for the person found guilty of such a crime. That's using common sense.

BEGIN NOW!

America's first big job is to win the war. We must let nothing interfere with this great task. Our next big job is to rid America of every yellow pygmy who has in the slightest degree manifested an un-American attitude. If and when we do that, there will be plenty of opportunities for American workers and American business men on the Pacific coast. The yellow pygmies now fill thousands and thousands of jobs Americans should have. They own and operate a very large percent of all business in our Pacific coast states. The job started back in Teddy Roosevelt's day could very well be finished in Franklin Roosevelt's day.

Federal Savings And Loan Pay Biggest Dividend

Annual Report Indicates Past Year As the Best Ever

According to an announcement made by officials of the Plymouth Federal Savings and Loan association, it has just paid to its stockholders the largest dividend in its history.

It is apparent that during the year 1941 the people of Plymouth have exceeded any other year in their ability to save. Both of the local banks and the local Federal Savings and Loan association have experienced increases in their savings accounts. These banking organizations urge their investors to buy Defense bonds.

The savings of Plymouth people during 1941 which have been used to purchase Defense Bonds have exceeded \$100,000.00, and still these local savings organizations have all experienced increases in their savings accounts. These facts speak well of the thrift of the members of this community.

The local Federal Savings and Loan association has been operating continuously in this community since 1919. Its investors as well as investors in both local banks are now insured by Federal Insurance agencies.

Blunk & Thatcher Buy Furnishings At Chicago Mart

Select New Lines For 1942 Business; Many Changes

Horace W. Thatcher of Blunk and Thatcher's furniture store in Chicago where he is attending the annual American Furniture Mart, the largest display of household furniture made in the world.

While at this famed furniture display, Mr. Thatcher will select the new lines for Plymouth's big Blunk & Thatcher furniture store for 1942.

"Because the national defense program has taken over some of the materials used in the manufacture of home furnishings, I expect to see new changes reflecting the ingenuity of the designer and manufacturer to meet the need."

Methodists Plan Mission School

Series of Meetings Start January 15

A "School of Missions," a series of four weekly meetings to be sponsored by the First Methodist church, will begin Thursday evening, January 15 with a pot-luck supper at the church at 6:30 o'clock. Everyone is invited to attend the meetings of fellowship and missionary education.

Rev. Victor Longfield of Lincoln Park, missionary secretary of the Ann Arbor district of the Methodist conference and a former missionary in Africa, will be the guest speaker at the first meeting.

The remaining meetings of the series will feature Rev. Oscar Starrett, former missionary in China, on January 22; "Methodist Meeting House," a study book relating the history of Methodism in America, on January 29; and a visual education program of motion pictures on missionary work, on February 5.

Plymouth's First New Year's Babe Is a Girl

Gwendolyn Berini!

This little babe, weighing six pounds and nine ounces, is Plymouth's Miss 1942!

She is the first babe born to Plymouth parents—she is also the first babe born in the New Year in Harper hospital in Detroit.

The exact hour of birth is 1:30 a.m., January 1, 1942.

Miss 1942 has another distinction; she is the first child born to Mr. and Mrs. Robert Berini, who reside at 1361 Sheridan avenue. Her father is the owner and manager of the Plymouth Gauge & Tool company, located on Amelia street.

Both little Miss Gwendolyn (that is the name that was already waiting for her) and her mother are doing nicely.

Draft Board to Register All Men 20-44 on Feb. 16

Officials Estimate New Registration to Provide 1500 Men Here

Officials of Local Board No. 61 in Plymouth estimate that an additional 1500 men will be available for combat duty by February 16 when all men between the ages of 20 and 44 years must register for selective service.

The new Selective Service Act provides for the registration of all men who have reached their twentieth birthday on December 31 or prior through those who have reached their forty-fourth birthday on December 31 and prior.

On February 16 registration, proclaimed this week by the President, will affect only those who are in the new age group and who are not already registered on Selective Service rolls.

It is expected, according to Walter A. Harms, chairman of the local board for Plymouth district, that registration places will be provided in each of the townships in addition to the local draft board headquarters. Details of the registration, which will take place from 7 a.m. to 9 p.m., will be announced later.

The local draft board has been assigned a quota of only one man for induction on January 23 which it is expected will be filled from a list of available and eligible volunteers. Between January 10 and February 1, all reservists, including discharged selectees over 28 years of age, will be called to return to the armed services.

City Commission Reappoints Two Board Members

Dr. John Olsaver And William Bake on Board of Appeals

Two members of the board of appeals, Dr. John Olsaver and William Bake, were reappointed for three-year terms by the city commission at its meeting Monday evening. Both have served on the board of appeals since it was established in January, 1931, following the enactment of the city zoning ordinance in the fall of 1931.

Other members of the board include Lisle Alexander, chairman; Mrs. Ada Murray and Mrs. Nell Curry. The board was established in accordance with the Michigan Zoning Enabling Act of 1921 which permits the establishment of zoning acts and boards to administer the act. Thirteen cases have been received since its organization, nine of which have been heard during 1941. The members, who serve without salary and must meet at least once a month, have held a total of 33 meetings.

The board of appeal hearings have included three cases of insufficient backyard clearance, one case of insufficient clearance between buildings, five cases of proposed violations of the city's zoning classifications, two cases of proposed setbacks and two cases of insufficient side-line clearance.

Six of the board's decisions have been rendered against the appellants and upholding the rulings of the city building inspector, four in favor of the appellants and three cases were dissolved by the withdrawal of the appellants' cases. The board has made two rulings changing the existing zoning ordinance within its jurisdiction. In one case, the board re-zoned property from Class A residential to commercial and approved the appeal, and in the other, the board extended a Class B district 35 feet into a Class A zone to permit the building of an apartment as requested by the appellant.

Mayor Appoints Six New Members To Defense Board

15-Member Council To Direct Program Of Civilian Defense

Six additional members were appointed to the Plymouth Civilian Defense council by Mayor Ruth Huston Whipple Monday evening. The new appointees, confirmed by the city commission, include George A. Smith, Elton R. Eaton, Sidney D. Strong, Miss Pauline Peck, Mrs. Beatrice Schultz and Charles Cushman.

The purpose of the additional appointments is to make the civilian defense council, now a 15-member board, inclusive of defense activities and to broaden the representation of the committee.

Other officials on the defense council include Mayor Whipple, chairman; Clarence H. Elliott, Stanfork L. Besse, Dr. Luther Peck, Vaughn R. Smith, Fred Wagenschutz, Rolfe Smith, John Jacobs and Arno Thompson.

These officials act as "key men" to direct the various activities of the civilian defense program in which approximately 1,200 residents of the Plymouth area are now registered for volunteer training and duty during the present war emergency.

C. of C. Plans Banquet Jan. 19

Members to Elect Board of Directors

At the monthly meeting of the board of directors of the Plymouth Chamber of Commerce held Tuesday evening, the date of the annual banquet was set for Monday, January 19.

Four board members are to be elected at this meeting to replace those whose terms have expired. Officers to have completed two-year terms on the board include Lester DeWitt, Frank Rambo, John Blyton and Chauncey Rauch.

The nominating committee for the board election includes Paul Wiedman, chairman; Mrs. Florence Parrott, Fred Schrader, Floyd Eckles and James Gallimore. The alternates are Mrs. Nell Curry and John Blickensopff.

The meeting will feature reports from all Chamber of Commerce committees including the treasurer's report and one from the secretary giving a detailed account of all work for the year. Tickets will be placed on sale next week at the Hotel Mayflower and the Chamber of Commerce office.

Help! Your Old Iron Is Needed!

Place It in Barrel At City Hall

Wanted! Scrap iron—old metal of any kind!

Have you read in the newspapers about the closing of furnaces in some of the big plants making war supplies because of lack of old metal?

Every hour that these furnaces are down, every minute production is lost, makes the duration of the war just that much longer. Down in front of the city hall on Main street is a container, painted red, white and blue.

It has been placed there for your convenience—so you can deposit in this metallic barrel any old scrap iron you may possess.

Look around in your garage, your basement, your sheds—see if there is not some pieces of old iron you can donate to Uncle Sam. It is just one of the little ways you can help.

When Andrew L. Jeffrey of Robinson subdivision suggested to the city that he thought it would be a good idea to have some central place where people could leave their old metal, the city officials did not lose a minute in complying with the request.

Now it is up to residents of the city to do their part.

Says It Is Cold Down in Mexico

James J. Wickens of the Specialty Feed Products company of Plymouth, has just returned from a business trip to the western coast of Mexico. Some of the supplies purchased by his company come from Guaymas, a city located some 210 miles south of the boundary line.

"Maybe people think it is cold here, but it was cold down in Mexico, too. They even had a slight snowfall in Los Angeles while I was in the West," stated Mr. Wickens when he returned home this week.

"The Japs? Well, you can give the Mexicans credit for one thing, they are taking good care to see to it that the Japs are being put where they can do no damage. The people of that country feel just as we do up here. They are all for cleaning out the Japs," he declared.

Mr. and Mrs. George Burrett of Port Huron, visited their children over New Years.

Saturday Is Deadline For Payment of Taxes

Saturday is the deadline for the payment of 1941 winter county and school taxes at the office of the city treasurer without payment of penalty. A four percent penalty is assessed for late payment of tax bills after that date.

Canton and Nankin Fix January 20 For Civilian Defense Registration

Tuesday, January 20 has been set as the date for the registration of civilian defense volunteers in Nankin and Canton townships and the villages of Wayne and Garden City.

The following places of registration will open that date from 9 a.m. to 9 p.m.: Nankin township and the village of Wayne, voting booths No. 6 and 1, located at 1106 Washington avenue and at 34843 Michigan avenue in Wayne; Garden City, Ford road and Middlebelt road; Canton township, Canton township hall at Canton Center and Cherry Hill roads.

Anyone residing in Nankin township may register for civilian defense work at either Garden City or Wayne.

1941 Marks Peak Year for Building Activity in City

Plymouth Sets Record Development at Total Of \$333,700 Valuation

Plymouth reached the greatest peak in building development of its history during 1941, setting a record in building expansion which exceeds even the pre-depression years of real estate prosperity. The total valuation of the year's building program amounts to \$333,741.94 for a total of 243 building permits, according to an annual report compiled by Stanford L. Besse, city building inspector. This is nearly three times the amount of last year's activity and far ahead of all previous building records.

There were 57 new residences built in Plymouth during the year at a total valuation in home-building of \$244,020. There were five new commercial buildings erected at a valuation of \$31,294.94. The report substantiates the claim that Plymouth is the "City of Homes," and that the city offers attractive advantages to prospective homeowners.

The influx of home-owners into Plymouth is not only a result of the natural development of Plymouth as a community of fine residences but is also an incentive.

50 New Autos In Stock Here

Dealers Wholehearted In Support of Ban

Plymouth automobile dealers had 50 new cars in stock when the government imposed the ban "freezing" all sales of new cars and trucks last Friday. This represents more than \$60,000 investment by local dealers in retail car valuations.

One local dealer, J. T. Chapman, Plymouth and DeSoto dealer, has suspended operations temporarily and the others announce plans to "sit tight," awaiting developments.

Local dealers were unanimous in their attitude of all-out support and cooperation with the government's latest action to expedite the war effort. "The war comes first, of course," said Ernest J. Allison, Chevrolet dealer, who has a large stock of new cars. "This is the least thing we can do," said Paul Wiedman, local Ford-Mercury dealer, "and we stand ready, willing to sacrifice anything we have, including our buildings and equipment for the government if necessary. Carl Shear, Buick sales dealer, declared, "It's perfectly all right with us to pull in the belt, and we would like to see some of the politicians pull in their belts on putting the tax spending."

All of the local agencies have reduced their sales personnel to a minimum and several auto salesmen have already been laid off.

The method by which the new ban will be enforced, for the present at least in Michigan, was revealed Friday when Secretary of State Harry F. Kelly issued an order to all state license branches, including Plymouth, stopping the issuing of automobile titles on new cars, without which no automobile sales can be completed.

Plymouth dealers said that the ban was expected, "but not so soon, and added that they would support it wholeheartedly. Two local dealers, Clyde Smith, Hudson dealer, and Elmer Austin, Studebaker agent, announced the sale of their last remaining cars last week just prior to the "freeze" ban.

Night School to Start New Term

Registration for Classes on Jan. 12

The second term of night school classes at Plymouth high school will begin next Monday evening, January 12 with registration for all classes at 7 o'clock.

The second term of night study will include 10 weeks, according to Claude J. Dykhouse, director of night school.

Whipple; Spanish on Monday from 7 to 9 o'clock, Mrs. Bidler; badminton on Monday and Tuesday from 7 to 9 o'clock, Michael J. Huber; English, history and government for high school credit, Monday and Tuesday evenings from 7 to 9 o'clock, James Lature.

Betty Donet Injured In Head-On Collision

Miss Betty Lou Donet, 15 years old, who lives west of Plymouth, was injured in a head-on auto collision at Plymouth and Ann Arbor roads early New Year's morning. The girl, who was riding with Noel Donet, her stepfather, suffered a fractured leg. First aid was administered at Plymouth hospital by local physicians and Miss Donet was taken to University hospital in Ann Arbor by ambulance. The driver of the other car was Denver Cockrum of Joy road.

Did You Know That

You are invited to attend a pot-luck supper Monday, January 12, beginning at 6:30 p.m. in the Grange hall, in honor of Dr. Francis E. Townsend's seventy-fifth birthday anniversary, and that George E. Gullen of Detroit will deliver an address of great interest to all and Mrs. Gullen will lead the group in singing. Also that all members are requested to bring one passing dish, sandwiches and their own dishes and silverware.

Plymouth Named As One of Tire Centers

Plymouth has been designated as one of the nine cities in Wayne county including Detroit where applications can be made for automobile tires. It was stated yesterday by Mayor Ruth Huston Whipple following a meeting of the mayors of Wayne county in Detroit with County Clerk Lingeman, chief tire administrator for Wayne county. Contrary to previous reports local tire allocation boards will not be disbanded.

Applications for tires can be made in Plymouth at the city hall with Secretary Clarence Elliott of the Plymouth commodities committee. There are only 1542 tires for Wayne county distribution during January. Last week, states Mayor Whipple, as to who will get tires rests with County Clerk Lingeman, Arthur E. Elder and Otto G. Wismer, the county board.

Mayor Announces Auto Tire Rationing Board

Five-Man Committee To Rule Distribution Of Tires

Mayor Ruth Huston Whipple has appointed a five-man board, the Plymouth Commodities' Distribution Committee, in accordance with the suggestions of Col. Harold Furlong, director of the state council of defense.

The members appointed to the commodities board are: William Wood, chairman; Clarence H. Elliott, Raymond Carley, Ralph J. Lorenz and Ernest J. Allison.

The duties of the local committee, which held its first meeting at the city hall Monday afternoon, are to receive applications for permits to purchase tires, to determine the validity of such claims, to assign priority numbers in accordance with federal regulations and to issue certifications entitling the approved applicants to purchase tires, if available.

The mayor attended a county tire-rationing committee meeting in the office of the county clerk, Casper Lingeman, Wednesday afternoon. Although the news papers have said that the number of the committee is to be reduced to three members, Mayor Whipple explains that she has received no official notice of such a change so the Plymouth committee is still operating under the orders of December 24. In the event that the committee is reduced to three members, it is understood that the committee will consist of Chairman William Wood, C. H. Elliott and Raymond Carley.

Offer Courses For Emergency Police, Firemen

City Prepares for War Dangers That Lie Ahead

Training courses for auxiliary firemen and policemen in Plymouth's civilian defense organization will be started at the city hall next Thursday evening, January 15; it was announced this week by Clarence H. Elliott, local coordinator of defense.

Sufficient auxiliary forces will require about 36 men each for basic training in fire and police work for emergency service. The size of the first training classes will be restricted and civilian defense registrants who indicated interest in this program will be notified by civilian defense headquarters when to report for training. All enrollees in these training courses will be fingerprinted for identification purposes at the first class meeting.

In addition to an introduction to the firemen's tools, Fire Chief Fred Wagenschutz will give instructions in motor apparatus use of hose and ladders, rescue, first aid and salvage work, alarm signals and accident prevention.

Police Chief Vaughn R. Smith will direct classes for training auxiliary policemen. The police course of instruction will include air raid precautions, air raid work, information on incendiary bombs and blackout enforcement. First aid courses will be given in supplement to the conclusion of the basic training period to both auxiliary firemen and policemen.

Red Cross Fund Reaches \$3,500 as Drive Continues

Plymouth Chapter Hopes to Reach Goal Of \$5,000 Next Week

Contributions to the Red Cross emergency war relief fund reached a total of \$3,500 this week as the drive continues toward Plymouth's \$5,000 goal, reports Edwin Schrader, general chairman of the campaign.

The Red Cross drive opened with a house-to-house canvass of the city and township which raised \$1500. An additional \$2,000 has been received this week from the Red Cross booths in the local banks and Byer's drug store. The Red Cross headquarters of some of Plymouth's industrial plants.

"We hope to reach our quota of \$5,000 if every citizen will make his contribution during the next week," declares Chairman Edwin Schrader. Several of Plymouth's large industries are expected to be heard from and additional proceeds are expected from the sale of waste paper collection next in progress.

Our boys in uniform are sacrificing their lives for our defense. The men in the armed forces and the civilians in the Pacific outposts need our dollars through the American Red Cross. Do your part today by sending your contributions to Chairman Schrader or the local Red Cross headquarters in the Punnaman-Allen theater building.

Ex-Service Club Installs Officers

Will Arrange Plans for Father-Son Banquet

The Ex-Service Men's club of Plymouth will hold its installation of new officers next Tuesday evening at 8 o'clock at the Grange hall, to be preceded by a dinner served by the ladies of the Ex-Service auxiliary at 6:30 o'clock.

Melvin Alguire will preside as installing officer. The newly-elected officers include Lee Sackett, Commander; Carl Blaich, vice-commander; Arno Thompson, secretary; Harry Mumby, treasurer and Thomas Campbell, officer of the day. The club chairman and historian will be appointed along with committee chairmen for the ensuing year.

Following the installation, club members will plan for the forthcoming annual father and son banquet for Boy Scouts of Plymouth district. This annual event is sponsored jointly by the Ex-Service Men's club and Troop P-2 of Plymouth for all Boy Scouts and their fathers.

JayCeos to Collect Waste Paper Jan. 17

The Junior Chamber of Commerce will launch a drive for the collection of waste paper on Saturday, January 17, to aid the Red Cross. The members will conduct a house-to-house canvass for waste papers from 8 a.m. to 6 p.m. on the next two Saturdays, January 17 and 24. Anyone having a large bale of paper may phone James Hauk at 456 to call for a pick-up truck. Through the courtesy of Herman Bakhaus, a Cloverdale Dairy truck will collect all paper contributions which will be deposited in the garage at Central grade school. Proceeds from the sale will be turned over to the local Red Cross chapter.

Tells Way to Help Stop Dangers Of Inflation

Supt. George A. Smith Gives Rotarians Real Information

Plymouth Rotarians, last Friday noon heard plenty of reasons why every extra penny a person can dig up should be invested in the purchase of defense bonds.

They heard arguments much different than usually presented and they were most forceful arguments.

The speaker was Supt. George A. Smith of the Plymouth public schools.

His most interesting talk follows in part:

"There are three distinct reasons why bonds should be purchased in abundance at this time. The first and foremost, of course, is to supply funds for munitions and equipment for the boys who are giving their all to protect the American way of life. This, in itself, is adequate and sufficient reason why everyone, proud of

Kiwanis Club Installs Officers

Edwin Schrader Acts As Inducting Officer

Newly-elected officers of the Plymouth Kiwanis club were installed at the regular meeting Tuesday evening with Edwin Schrader, past lieutenant governor of the district, as installing officer.

The new officials are: Kenneth Corey, president; Ernest Henry, first vice-president; Paul Ramsdell, second vice-president; Robert Jolliffe, secretary; Roy Fisher, treasurer and Frank Terry, sergeant-at-arms. New members of the board of directors include Ernest J. Allison, Carvel Bentley and Lyle Worden. The other board members are James Gallimore, Claude Dunbar Davis, Dr. Charles Westover was taken into the club as a new member at Tuesday's meeting.

Ernest Allison is program chairman of next Tuesday's meeting. A speaker from Ypsilanti will discuss "The Situation in Singapore."

To Show Colored Pictures of Galilee

STEPHEN A. HABOUSH

On next week Sunday evening, January 18, the Bible Land Musical Travelogue, "On Sacred Soil," picturing the wonders of Jerusalem, Bethlehem and Galilee in natural colors, will be presented at St. Peter's evangelist Lutheran church by Stephen A. Haboush, his wife, natives of the Galilean country, and two young assistants.

The musical portion of the program is under the direction of Mrs. Haboush.

Rev. Edgar Hoenecke, pastor of the church, states that the true story of Galilee and Palestine being brought to Plymouth will be of exceptional interest to every one. All seats will be free and the program will start at eight o'clock.

D.A.R. to Observe 15th Birthday

Plans Anniversary Luncheon on Jan. 19

The Sarah Ann Cochrane chapter of the D.A.R. will celebrate its fifteenth anniversary at a birthday luncheon in the Women's League building at Ann Arbor on Monday, January 19, at 12:30 o'clock. Regents of surrounding D. A. R. chapters have been invited to attend the luncheon meeting.

The afternoon's program will consist of a quartet composed of Mrs. Max Moon, Mrs. Ralph Taylor, Mrs. Robert Willoughby and Mrs. Kenneth Watkins. They will sing a group of early American songs, and Mrs. Frederick G. Ray, housemother at Stockwell Hall on the campus of the University of Michigan, will be the guest speaker.

The committee in charge of arrangements for the anniversary meeting includes Mrs. Henry Baker, Mrs. Allan Buckley of Northville and Mrs. Earl Mastick. Reservations for the luncheon should be made with Mrs. Mastick by Friday, January 16.

Club Honors Past Presidents

Speaker Discusses Home Decorations

Members of the Plymouth Woman's club enjoyed an interesting program on the occasion of Past Presidents' Day last Friday afternoon, January 2. Miss Mary Lynn of the Pittsburgh Plate Glass company presented an excellent talk on "Home Decorations," and displayed drapery and carpet samples and wall coverings from a decoration scheme completed in the restoration of homes in Williamsburg, Va.

Corsages were presented to past presidents of the club who were special guests at the meeting, including Mrs. Nettie Dibble, Mrs. Ada Murray, Mrs. Charles Humphries, Mrs. E. E. Gilbert and Mrs. George Burr. Bouquets were sent to Mrs. Ella Chaffee, the club's oldest living past president, and to Mrs. Carmen Root, honorary member for the day. Margaret Jean Nichol played two piano solos for the afternoon program.

Club Plans Annual 'Husbands' Night'

Speaker to Discuss Far Eastern Policy

The annual 'Husbands' Night' program of the Plymouth Woman's club will be held next Friday evening, January 16, at the First Presbyterian church. The meeting, open to members, their husbands and friends, will begin with a dinner at 6:30 o'clock.

Guest speaker will be Prof. Howard Ehrman, associate professor of history at the University of Michigan, who will discuss "The American Policy in the Far East With Japan." Professor Ehrman has appeared in Plymouth on previous occasions, and it is expected that many club members and guests will attend Friday evening's meeting because of interest in the speaker's timely topic on the Far Eastern situation.

The glee club of the Woman's club will furnish music for the evening. Mrs. Lewis Evans is program chairman for the meeting. Members are asked to make reservations for the dinner meeting with their committee chairmen by Monday, January 12.

1941 Marks Peak

(Continued from page 1)

Indication of Plymouth's rapid industrial growth and expansion. The increased opportunities for successful business development in the city's trade area are reflected in the report of commercial building activity. The construction of new stores, offices and factories in the Plymouth area has maintained pace with new home-building during the year.

December's report of building activity for the concluding period of the year totaled 15 permits at a total valuation of \$11,761. The month's volume of building is above the seasonal average and in excess of November's report of \$6,860 valuation for only nine new building projects.

Construction of two new homes was started in December. A five-room house of brick veneer, is being built on Irvin street for Arthur Donnelly. The house, contracted to J. Judson of Detroit, is valued at a cost of \$5500. Another new home was recently started on Burroughs street for Dumbard Davis, Fred A. Hubbard and company has the contract, estimated at a cost of \$4500.

The peak month of the building year.

Cancer Clinic May Open Here

Wayne, Oakland and Macomb county officers of the Woman's Field Army Cancer Control met in Detroit Monday to formulate plans for more effective work during the new year. Plymouth was represented at the meeting by its chairman, Mrs. Cass S. Hough, and her assistant, Mrs. Harold Brisbois.

Members of the field army were asked to remember that even in times of war cancer still rated the second largest killer of all diseases and that last year 160,000 people died from cancer. Doctors pointed out that of this number, one-half or a city the size of Lansing could have been saved had early diagnosis been made and proper medicine given. It was also stated at the meeting that cancer had claimed more victims under 15 years of age than has infantile paralysis.

A cancer research has been opened at Wayne University, and an endowment fund is now being set up in this area to provide funds for women to use for diagnostic purposes.

Sometime early this spring the local branch of the field army expects to open examination clinics in conjunction with Plymouth physicians to further their work in this area.

Rebekah News

Nine new members were taken into the Plymouth Rebekah lodge at their last meeting.

On Wednesday, January 7, the Degree Staff club of Plymouth Rebekah lodge met at the I.O.O.F. hall for their monthly meeting. Despite the cold weather, there were 17 present. A delicious potluck dinner was served at noon.

On Thursday, January 15, the Past Noble Grand club will meet at the home of Mrs. Fred Cline on Burroughs avenue. A potluck dinner will be served at noon.

On Friday, January 23, installation of new officers for the year will take place.

Mrs. Bert Gill fell on the ice a week ago sustaining a broken leg at the hip. She was taken to University hospital, where she is getting along as well as possible. She will be there for several weeks.

The American Legion auxiliary will hold a get-together party Saturday, January 10th at the legion hall in Newburg. Members are asked to bring their own soup bowl and cup. All post members are invited to attend. Hostesses will be Mrs. John Moyer and Mrs. Edwin Brown.

No picnic tables or stoves are provided at public fishing sites now being acquired by the conservation department with fishing license funds. Improvements at the sites are limited to a few essentials like access roads, parking areas, boat launching places, and where the expenditure is justified, wells and toilets.

practice at the parsonage. On Sunday, January 18, the entire offering of the Sunday school will be given to the Red Cross.

SALVATION ARMY.—Tuesday, 7:15, service at prison farm; 8:30 band practice, Wednesday, 7:30, prayer meeting; 8:30, preparation class, Thursday, 2:00 p.m. Women's Home League; 7:15, Girl Guards, Sunday, 10:00 a.m., Sunday school; 11:00 a.m., Holy Spirit meeting; 6:15 p.m., young people's legion; 7:30 open air 8:00, public salvation meeting. We cordially invite the public to attend these services. Officers in charge, Captain Elizabeth Cadet Lovila Bonser.

FIRST PRESBYTERIAN church. Walter Nichol, pastor, 10 a.m., Sunday school; 11 a.m., church worship; 6:30 p.m., young people. "Christians and the Emergency" is the subject of the pastor's discourse Sunday morning. What is to be our attitude in these trying times? There is a hearty welcome awaiting all who wish to come to the services in this church. The Young People will meet at 6:30 p.m. Sunday. After a devotional service, the Social Committee will take charge. Games and movies with interesting local color will feature the evening. All young people are invited to be present. Division 4 of the Auxiliary will meet Monday at 7:30 p.m. Mrs. Richard Straub is the leader for the meeting. The members of this active group are assured of an interesting evening. Mrs. R. Kistner and Herman School continue their good work with Scout Troop P-4 meeting each Monday at 7:30 p.m. The Presbytery of Detroit meets in Fort Street Presbyterian church, Detroit on Monday at 7:30 p.m. The committee on Social Education and Action has charge of the program. The Woman's Auxiliary will meet on Wednesday, January 14 at 2 p.m. When the business of the day has been disposed of, Miss Neva Lovewell will be called to lead the meeting in a review of "The Return to Religion" by Link. This is one of the books which is being much read and often quoted. Miss Lovewell's presentation will be of unusual interest. On Wednesday evening, January 14 at 7:30 p.m. the Sunday school teachers of Northville, Rosedale Gardens and Plymouth Presbyterian churches will meet at Plymouth Presbyterian church for a preview of the Sunday school lessons for the current quarter based on the Grader Lessons in use in these schools. There will be a competent leader for each department and all should receive much help for the studies of this quarter! The choirs of the church rehearse Friday evening, the juniors at 7 p.m. and the seniors at 7:30 p.m. Dr. Kephart is working hard to make these organizations as effective as possible. The new choir gowns have arrived and will be worn Sunday morning.

FIRST METHODIST, Stanford S. Clason, minister. A cordial invitation is extended to all to share in the worship and the work of this church. Sunday services are as follows: 10 a.m., Sunday school; 11 a.m., church service. This is Family Hour with nursery care for small children and Primary church and Junior church for other children. 3:30 p.m., Epworth League for youth. Delegates who are to attend the Midyear Institute at Farmington this week-end will report on their experiences. Tuesday, 7:30, the church board of education will meet at the parsonage for the monthly meeting. Wednesday, 12:30, monthly luncheon meeting of the Woman's Society of Christian Service at the church. Installation of new officers will be held Wednesday, 7:30 to 9, Boy Scouts, Troop P-1, William Kirkpatrick.

SALEM FEDERATED CHURCH

See the church bulletin board for details concerning the annual meeting of the Detroit Hebrew Christian Mission. Important services are to be held in the Woodward avenue Baptist church on Sunday at 3 o'clock and on Monday at 3 and 7:30 with the fellowship supper at 6 o'clock. Dr. Saville Harrison of Australia is to be the guest speaker both days.

PENTECOSTAL ASSEMBLIES

of God, Berea Gospel Chapel, Corner Mill street and Ann Arbor Trail. Rev. John Walasky, pastor. Sunday school, 10 a.m.; morning worship, 11:00; evening service, 7:30 p.m. Mid-week service, Thursday evening, 7:45 p.m. Ladies' cottage prayer meeting on Tuesday evening at 7:30 p.m. Next week the Ladies'

prayer meeting will be held in the home of Mrs. John Mastick, 1142 Holbrook avenue. Golden Text—"O my God, I trust in Thee . . . let not mine enemies triumph over me." Psalm 25:2.

FIRST CHURCH OF CHRIST Scientist, Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service 8:00.

"Sacrament" will be the subject of the lesson-sermon in all churches following the world on Sunday, January 11. The Old Testament (1 Cor. 5: 8) is: "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth." Among the Bible citations is this passage (Luke 22: 41, 42): "And he was withdrawn from them about a stone's cast, and knelt down, and prayed; Saying, Father, if thou be willing, remove this cup from me; nevertheless not my will, but thine, be done." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 33): "When the human element in him struggled with the divine, our great Teacher said: 'Not my will, but Thine, be done!' that is, Let not the flesh, but the Spirit, be represented in me."

FIRST BAPTIST CHURCH. Rev. G. H. Enss, Th.D., pastor. Sunday morning worship service at 10 a.m., Sunday school at 11:15 a.m., B.Y.P.U. meeting for both groups at 5:00 p.m., evening service at 7:00 p.m. The meeting of the Palmer Bible class will be on Tuesday night, but the joint meeting of the Men's Study group and the Loyal Daughters which should have been scheduled for Thursday, January 15, was postponed. However, since the later date is not available we may keep the regular date. Last arrangements to be announced on Sunday. The topic for the Sunday night Bible exposition will be "Isaiah's Last Vision." Wednesday prayer meeting at 7:30 p.m.

present problems facing the industry," said Mr. Thatcher. It is anticipated that modern design will maintain its influential course in home furnishings although a trend toward blending traditional and modern has grown steadily within the last year. Sectional pieces and "space-savers" especially well adapted for use in the small home will be one of the leaders of the market.

Our pride is in caring for the small details for those we serve.

Weather Coldest In Three Years
Mercury Falls to Ten Below Zero
Ten below!
That's just how cold it was in Plymouth Wednesday morning and Thursday night.
It was the coldest weather this part of Michigan has experienced in over three years.
Not once last winter did the mercury drop below zero. Coupled with the intense cold was a wind which seemed to make it colder than even the below zero record.
While the mercury dropped to new lows, there has been less snow this winter than for several years past.

Mr. and Mrs. Tracy Passage have just received word from their son, Stanley, who is with the Pacific fleet in Pearl Harbor, stating that he is safe and that there is no need to worry. The young Plymouth lad has been in Pearl Harbor for the past ten months. He enlisted two years ago and according to letters received by his parents, he is enthusiastic about his naval career. Other Plymouth boys express the same views.

Give Scrap Metal, Paper for Defense

City Hall and School Provide Receipts
Every citizen may contribute toward the national defense and war emergency effort by collecting scrap metal and scrap paper. City Hall and School provide receipts for the collection of scrap metal and scrap paper. Citizens are also advised to contribute old utensils and parts containing scrap metal, but nothing that is usable.
City rubbish collectors are sorting all rubbish material for scrap metals. Citizens are advised that the city collectors cannot remove any inflammable materials except as a special service for which a charge is made. Four containers is the maximum limit for any one collection. Persons are also warned not to put water in their ashes as the water freezes making the removal of ashes impossible.

"With a probable 40 percent cut in the manufacture of goods for home consumption due to the shifting of labor to the production of munitions of war, and with labor, industry and owners of raw materials receiving more buying power than in normal times; we are faced with the following choices: With only two-thirds of the goods available for purchase, we can selfishly bid up the prices in order to get 'ours' and let the other fellow go without, and thus lessen the purchasing price of the dollars we receive so that the purchasing power will be only enough to purchase the two-thirds of goods available, or we can accept conditions as they are, and buy less commodities for our consumption during the war and invest the difference in bonds which yield approximately three per cent.
If we do the latter, we will prevent three undesirable situations from arising: unreasonably high prices, unemployment after the close of the present war and a break in the price level which causes depression and economic disaster.

Genevieve M. Bryce Wed in Ann Arbor On New Year's Day

Miss Genevieve M. Bryce, daughter of Mr. and Mrs. John Bryce of Farmington, a teacher in the Plymouth public schools, and Ralph E. Carey, son of Mrs. Victor Van Ootingham of Bay City were united in marriage at 10 o'clock in the morning New Year's day in the chapel of the Michigan League building, Ann Arbor. Rev. Samuel Carey of Detroit, uncle of the bridegroom, read the ceremony in the presence of thirty guests.
The chapel was decorated with white gladiolus and red poinsettias and tall white candles burning on either side of the altar.
The bride wore a brown dress with matching accessories and a corsage of tea roses. She was attended by her sister, Miss Dorothy Bryce of Bay City, who wore a beige dress with matching accessories and a corsage the same as the bride's. Robert Gregg of Ann Arbor acted as best man. Mrs. Bryce, mother of the bride, wore an Eleanor blue dress and Mrs. VanOotingham, mother of the bridegroom, chose a navy blue jacket dress. Each wore a corsage of rubrum lilies.
Immediately after the ceremony a breakfast was served in the League, where decorations were carried out with white gladiolus and red poinsettias.
Both Mr. and Mrs. Carey were graduated from Bay City Junior college. Mr. Carey received his degree in chemistry at the University of Michigan and Mrs. Carey finished her training at Michigan State Normal college. She is a member of Kappa Delta Phi and an American History teacher here.
It is the very essence of love, of nobleness of greatness to be willing to suffer for the good of others.

Stanley High Coming to Detroit

To Tell Why We Are at War

Stanley High, roving editor for Reader's Digest, whose brilliant discussions of national problems have made him one of the most popular commentators on the platform, will speak on "Why We Are at War" before the Detroit Town Hall audience in the Fisher theatre Wednesday, January 14 at 11 a.m.

Writing for the Saturday Evening Post, Reader's Digest and other national publications, Mr. High has frequently attacked subversive influences and ex-

tremist elements in this country. His exposes of Fascist and so-called "patriotic" organizations were subsequently confirmed by the findings of the Dies Committee.

Closely associated with President Roosevelt as one of his family of advisors following the 1936 elections, he later broke with the Administration in a fanfare of publicity. Since that time his roving assignments for national publications have taken him all over the world. Last summer he went to Mexico for Reader's Digest.

Mr. High was born in Nebraska, the son of a Methodist preacher. He was an aviator in the first World War. After the Armistice he joined a Methodist Commission travelling through Europe to study reconstruction problems. This was the start of a series of trips through Europe and the Far East to study youth problems. He received his degree in theology but was never ordained. Instead he joined the staff of the Christian Science Monitor. He edited the "Christian World" for four years, served as contributing editor of "Asia," and wrote a number of books including "China's Place in the Sun," "Looking Ahead with Latin America," "Europe Turns the Corner" and "Roosevelt—and Then?"

Townsend Plan and Workers Are Same

Clarence E. Pankow, publicity director of the Plymouth Townsend club, in a letter to the public, quotes from an editorial published in the Townsend Weekly, as follows:

"Objectives of the Townsend plan and union labor are identical. Each seeks to create a constant market for the products of industry by eliminating unemployment, providing wage earners with greater purchasing power during their employed years and assuring them adequate pensions. The Townsend movement seeks and hopes always to deserve the help of American workers in its fight for general pensions at 60, pensions not limited by the minimum requirements for health and decency, but large enough so that this purchasing power in the hands of the elder tenth of our population will provide a market for the goods of industry and constant jobs for wage earners."

Former Resident Dies in East

Lewis A. Bassett Had Long Business Career

Lewis Albert Bassett, a native and former resident of Plymouth, and prominent industrial and civic leader in Carbondale, Pennsylvania, succumbed to a heart ailment at his home last Friday morning. Mr. Bassett had a long and active career as an industrial executive and was president of the Hendrick Manufacturing company at Carbondale, Pennsylvania.

He was born in Plymouth November 30, 1868, the son of William H. and Louise Hackett Bassett. He started his career in Carbondale in 1878, working as a general utility man with the Hendrick Manufacturing company. In this growing business which he helped develop, he served in various positions until he was made secretary and treasurer of the corporation, then vice president in 1901, and finally president, succeeding the founder, E. E. Hendrick, in 1909. He was also president and director of the Clover Leaf Manufacturing company at Honesdale, Pennsylvania and a director of the Lehigh Metals company at Scranton, Pennsylvania.

Funeral services were held in the Bassett home Monday afternoon, with an interment in the Willow View cemetery at Clifford. He is survived by a son, Donald L., the assistant secretary of the Hendrick Manufacturing company and a grandson, Deane H. Jr., of Boston, Massachusetts.

Wanda, Teddy and Marilyn; Mr. and Mrs. Clifford Lloyd and son Wayne, all of Detroit; and Mrs. Christina McIntyre of Providence Bay, Manitoulin Island.

Miss Amelia Gayde entertained at a family dinner, New Year's Day, having covers laid for Mrs. and Mrs. William Gayde, Mr. and Mrs. Albert Gayde, Mrs. Fred Gentz, Mrs. O. F. Beyer, Marian and Bob, Mr. and Mrs. Carl Hartwick and Mary Lou, Mr. and Mrs. Floyd Burgett and Sarah Gayde.

Mr. and Mrs. Robert Smith announce the engagement of their daughter Marjorie to Norris White, son of Mr. and Mrs. Henry White of Detroit. Miss Smith was graduated from the Plymouth high school, class of 1940. No definite date has been set for the wedding as Mr. White is soon to be inducted into military service.

The Jolly Union "500" club held its first meeting of the new year at the home of Mrs. Reva Mining. A bountiful 6 o'clock dinner was served after which the evening was spent in playing bingo. Many mysterious packages were handed out as prizes and a very jolly evening was spent. The next meeting will be at the home of Mrs. Elsie Bovee, Saturday evening, January 17.

Mr. and Mrs. A. B. Schroder were dinner hosts, Sunday, in their home on Newburg road, the occasion honoring the birthday of Mrs. Louise Rewald. Other guests were John Melow, of Livonia, Mr. and Mrs. William Melow, of Northville, Mr. and Mrs. Fred Melow and daughter, Abbie, of Plymouth, Mrs. Anna Miller and son, Roy, Mrs. Ella Bowman, Marian and Edward, of Salem.

Mrs. Gustav Lundquist and Mrs. Forest Gorton will entertain at a miscellaneous shower and 1:30 o'clock luncheon, Wednesday, January 14, with Virginia Brocklehurst as the guest of honor. The party will be held in the home of Mrs. Lundquist, on Auburn avenue, and about eighteen guests are invited. Miss Brocklehurst will become the bride of Richard Larkins of Northville, on the 16th.

Mr. and Mrs. Carl Pinnow entertained at dinner, New Year's Day in their home in Garden City the following guests: Mr. and Mrs. William Bredin and granddaughter, Jacqueline Burr, of Ontario; Mr. and Mrs. Fred Bredin, Mr. and Mrs. Charles Thumme, Mrs. Mary E. Brown, Mrs. Violet Quackenbush, Charles Bentley, of Plymouth; and Mr. and Mrs. Kenneth Thumme of Elkton.

Happy is not a reward—it is a consequence.—Ingersoll.

Consumers Plans U. S. Bond Sales

Works Out System To Help Employes

Employees of Consumers Power Company soon will be able to purchase United States Defense Savings Bonds through voluntary pay roll allotment. D. E. Karn, vice president and general manager of Consumers, announced today.

Mr. Karn said the plan will become effective as soon as the clerical details can be worked

out and a supply of printed forms obtained. He predicted that it will be in operation early in January.

"This plan is being inaugurated as a service to our employes and to the Government," Mr. Karn said.

"A great many of our employes already have bought Defense Bonds and others have expressed a wish to do so. The Company is attempting to make the purchase of bonds as easy and convenient as possible, believing that if an employe buys a Defense Bond he not only renders his Country a patriotic service but also makes a sound and wise investment for himself."

"Through the payroll allotment plan, purchase of Defense Bonds will become automatic. Participation will be entirely voluntary. An employe who wishes to buy a bond will simply authorize the Company to deduct an appropriate amount from his pay check every month until the bond has been paid for. It thereupon will be registered in his name, or in such manner as he desires, and delivered to him by the Government."

Seeks Bids for Mail Messenger

Postmaster Calls for Bids by January 16

Sealed proposals will be received by Postmaster Harry L. Win at the Plymouth postoffice until next Friday, January 16 for the contracting of a mail messenger service to carry the U. S. mails, including parcel post mails on the messenger route between the postoffice and the Pere Marquette railroad.

Persons bidding must not be under 16 years of age and must be capable of being entrusted with the care and custody of the mails. Bidders must submit price estimates on a yearly basis although the service is of no stated time.

The messenger must furnish equipment suitable to accommodate the mail and protect it from the weather and he must reside within the delivery limits of Plymouth city and rural routes. It will be the duty of the messenger to protect the mails from theft, loss or injury. The messenger will not be a U. S. postal employe.

Former Plymouth Girl Married in Marshall

Betty Snell, daughter of LeRoy Snell, of Olivet, became the bride of Lieut. Arthur Hoyt, of Battle Creek, at a ceremony performed in Marshall, Saturday, January 3. Only the immediate families were present.

Boy Scouts Plan Sled Race Jan. 11

Event Will Feature Relay Demonstration.
Boy Scouts of the Plymouth district will participate in the "Dawson City Sweepstakes," a competitive sled-race featuring Boy Scout crafts, on Sunday, January 11, at 1 o'clock in Cass Benton park, a half mile north of the Six Mile road. If the weather prohibits the event this Sunday, it will be held on the first following Sunday when the snow and weather are suitable.

The boys may enter any type of sled, homemade or otherwise, to be equipped with a harness to accommodate five Scouts to act as dogs. The harness must not be tied to the Scouts. Each patrol in the troop may enter a sled, and each team is to be composed of six boys. All equipment necessary to the relay drills must be carried on the sled and drivers are to alternate at each stop. Ten stations will mark the sled runway and the program at each of the stops will include the following relay competitions: Knots, compass drill, trail signs, first aid demonstration, knife and axe drill, cooking, neckerchief demonstration, judging, scout pace and signaling.

Skies Over Luzon Clouded by Japanese Attacks

Peaceful lives of the natives of Luzon, largest of the Philippines, have been interrupted by Japanese efforts to land troops. Here, under peaceful skies, native fishermen set sail in their native canoes.

Local Attorneys At Ceremonies

See First Woman Made Circuit Judge

Attorney Perry Richwine was among the invited guests who attended the inauguration of Judge Lila M. Neuenfelt into her duties as one of the circuit judges of Wayne county on the last day of the old year. Judge Neuenfelt is the first woman in Michigan to be elected a circuit judge and because of this fact, the administering of the oath of office to the new jurist was made one of the outstanding events in county political circles during the recent holidays.

Mr. Richwine, as well as Attorney Earl J. Demel, had much to do with the successful campaign that landed the popular woman jurist of Dearborn into her present high position. Mr. Demel was also an invited guest at the ceremonies which made Lila Neuenfelt Michigan's first woman circuit judge. Evidence of prehistoric men's efforts at mining have been found in Africa.

Bowling League Standing

Parkview Recreation League
Some fast bowling was done this week, when after an absence of two weeks during the holidays, the Recreation League started its fifteenth week of their schedule. A rest certainly did the Wild & Co. team some good because they walloped the maples for games of 983, 1064, 1055 for a 3107 total which is high for the season but more than that it trounced Goldstein's right out of first place which they held so far this season. The losers bowled games of 966, 918, 861 for 2745 total. C. Levy took away the high individual three-game total from Butler hitting 226, 253, 234, 713 total; Gilder had 554, T. Levy 610, Klinske 612, Nowak 616 for the winners. Mitchell had a 616 series for the losers. Jim Williams with a 608 series helped the Daisy team take two from Stroh's. Daisy having 929, 895, 937, 2761 total. Stroh's 884, 917, 871, 2672 total. Mart Strasen hit 593 for the losers. In spite of Gadioli's 647 series, his team mates, the Farmall Tractors, were able to take only one game from the Simpson team, and Bud Seitz of Cavalcade Inn had the same luck

Society News

because his series of 615 helped the Innners to only one game from the Mayflower hotel. Bill Lomas of the Hotel team hit 555.

The war against tuberculosis demands an army of volunteers enlisted for more than the duration of a single crisis. It calls for supreme and protracted effort. There are no peaks of enthusiasm, no lapses into complacency, and there are no medals for heroes. But the war against tuberculosis is man's greatest victory in the age-old battle against disease.

Uncle Sam to Get All of His Time

"Dancing Baileys" Give Up Classes
"Sorry, but I've got to take my ad out of your paper. I'm so busy working on my job to help Uncle Sam that I am giving up my dancing classes. We've got to lick the Japs and Hitler before we do anything else," said the "Dancing Baileys" of Northville the other day.

Municipal Court Sets Fine Record

Court's Earnings Add \$1,500 to City Revenue

Plymouth's municipal court has made a fine record since its reorganization under charter amendments approved by the voters, it is revealed in a report of the first six months' operation of the court. A total of \$1538.90 in court collections has been paid into the city treasury, increasing the city's revenue and therefore resulting in a saving to the taxpayers. This total revenue is exclusive of collections by the traffic violations bureau for traffic tickets.

Judge Cutler Marries Couple New Year's Eve

If Municipal Judge J. Rusing Cutler does not look out, he'll soon become the "marrying justice" of this fair city. It was on the afternoon of the last day of the old year when Miss Leona Neelore, 18, of Melvin, Michigan and Peter J. Quinlan, age 23 of Plymouth, decided that they would get married in time to celebrate New Year's that night. So they hid over at the home of the Municipal Judge and were joined in Holy wedlock. It was on Christmas eve when Judge Cutler officiated at another wedding at his home. Miss Hazel Morin of Northville, a nurse at Eloise hospital, became the bride of Edward Batke of Wayne.

The six months' report from July 1 to December 31 lists 90 city ordinance cases tried in the municipal court, for which the total collections were \$1309.50. These cases included 55 for reckless driving; 10 for traffic ordinance violations, and 17 for disorderly conduct.

The court has heard 74 civil suits, 66 of which have been completed and eight of which are still pending. The court earnings in the division of civil suits amount to \$142.90. These cases include 44 assumpsit suits; 17 garnishments; six restitutions; two replevin (possession) cases; three trespass cases and two attachment suits.

There have been 39 state and county cases in the municipal court which are violations occurring outside the city limits with arrests made by state police or Wayne County Sheriff's department. For handling these cases, the court has received from the county \$86.50. The docket of state and county cases includes one assault; six violations of motor vehicle laws; 17 violations of traffic laws; six reckless driving cases; four disorderly conduct cases; two for driving after licenses have been revoked; one for reckless use of firearms and two for drunk driving.

In announcing the court's six-month report, Judge Cutler expressed his appreciation of the cooperation of the city officials, police department and others who have aided in the work of the municipal court.

Communications

Fort Buchanan, Puerto Rico Editor, Plymouth Mail:
Having received your paper for quite some time, it seems only proper that I should have written long ago, expressing my thanks to you. It is very nice to be able to sit down each week and read about the friends at home.

Three weeks ago today, I arrived in Puerto Rico from the embarkation base in Fort Slocum, N. Y. Monday of this week. I received a packet of five editions of The Plymouth Mail. They had been forwarded first from Camp Lee, Va. to Slocum, and then to my present camp here. I sat down that evening and had quite an enjoyable time reading of the events which had transpired during the past month and a half in Plymouth. Today I received another paper, the Dec. 5 edition. This, too, had been forwarded from Lee. Evidently my new address is not known to you; so here it is: 45th Q.M. Co. (Sep.) H. M. P.R.G.D. Fort Buchanan, Puerto Rico.

In closing I wish to thank you again, in appreciation of your sending me our home paper. Wishing you all a "Merry Christmas" and the best of everything to all my friends in and about Plymouth.

Appreciatively yours,
Pvt. John E. Williams.

Fort Sill, Oklahoma Editor, Plymouth Mail:
Through your kindness I have been enjoying The Plymouth Mail. I wish to thank you for this deed. I enjoy reading about Plymouth and it helps me keep track of people and friends I once enjoyed.

I am in a special training regiment. This regiment trains motor mechanics, cooks, signalmen, clerks and radio men. I am in the motor mechanics battery. I have had eight weeks of training and I am now waiting to be transferred to a permanent unit. I'd like to take this opportunity to thank Dr. McIntyre for his Christmas gift and to extend my best wishes to all my friends in Plymouth.

Thanks again for The Plymouth Mail.

Sincerely,
Private Gerald A. Cooper.

Self-forgetfulness, purity, and love are treasures untold—constant prayers, prophecies, and anointings.—Mary Baker Eddy

THE FAMILY Gets to Work on Time

"Who gets to use the bathroom first?" was a standard morning argument in the home of Pop decided to shave in peace. He found it fairly simple to install a second bathroom on the first floor. "I've increased the value of our home," he says, "and certainly solved a problem."

Every home needs a second bathroom. Most people say they can't afford it—until they discover the cost of such a room is so low.

Honor Roll

This month the honor roll rose to 134 students, as compared with the 116 of last month. Also showing a small increase, was the number of boys 30 in all. The number of senior honor students remained stationary at 21, with 24 percent of them, boys. As before, the juniors were represented entirely by girls. While 31 percent of the 35 sophomores were male, the freshmen boys took top honors by composing 35 percent of the ninth grade honor roll. Again the tenth graders led the rest by having the largest number of students. Runner-up honors were won by the freshmen. To the seniors went third place, while the eleventh and seventh grades tied at 20, and the eighth grade had 12.

Gettin' Around

It has been reported that everybody had a lovely Christmas and a vacation full of fun. That's good news because from now on everyone will begin to have that settled look in view of the coming exams.

To help the old year stumble out Joe Brisbois entertained Barbara Butt, Annabelle Heller, Bill Neathammer, Barbara Stover, Bob Thams, Norma Robinson, Warren Mason, Louise Powell and Malcolm McGregor at his home late December 31 and early January 1.

Another group that made merry on this important date were the guests at Janice Downing's dinner party. Bob Vogtlin of Northville, Ione Stuart, Mike Kleinschmidt, Joan Crandell, Bill Upton, Beth Ann Hoelsel and Glenn Fredricks had a gay time when they danced later in the evening.

Francis Weed, Leo McVain of Oxford, Marie Ann Miller, Louis Kolin, Nancy McLaren, Bill Wernett of the class of '41, Marion Goodman, Jack Anderson, Francis Morgan of the class of '41, Bob Clark of the class of '41, Allene Parmalee, George Chute, and Gordon Ross led the whistles at 12 o'clock at the home of their hostess, Ruth Drews. Besides dancing they banged off some fast games of ping pong.

One of the group lucky enough to enjoy a bit of traveling during his vacation was Jack Olsaver. He had a four-day visit in Chicago with his sister, Barbara.

Another New Year's eve party! This time Charlotte Flagerty had Fred Korte, Betty Wagenschutz, Ray Kearney, Gloria Eckles, Ivan Campbell, Dorothy Smith, Wilma Lounsbury, Shirley Price of Northville, Jim McAllister, and Ted Ellsworth at her home to make merry.

Over 60 guests trod the light fantastic to the music of Mike Kleinschmidt's orchestra when Warren Mason, Malcolm McGregor, Betty Spicer, George Valrance, Barbara Stover, Barbara Butt, Bob Johnston of Dearborn and Nancy Baker gave a party December 26. The kids that flocked to the Rosedale Gardens club house for the occasion came from Detroit and other towns.

Tuesday Hal Young and Dot Blunk went ice skating at the Coliseum at Ann Arbor and still had enough pep left for New Year's eve when they went to the Swing Bowl and Mercury theatre.

Tom Lacy, formerly of Plymouth and now of New Haven, visited many of his friends here during vacation.

Louise Powell, Ione Stuart, Janice Downing and Patty Hudson were the luncheon guests of Dot Fisher on New Year's eve. Weren't you celebrating a bit early, girls?

Joyce Duncanson of Ann Arbor was the house guest of Ann and Rosemary Ray. New Year's Eve her hostesses and Carolyn Kirk entertained her by taking in a show at the Adams theatre.

Fritz Stahl was unfortunate in having the mumps during the vacation as his friends will be sorry to hear.

Bill Baker basked in Miami's sun when he made a two-week trip to Florida during vacation and the preceding week.

The many friends of Lois Ridley will be glad to hear she has quickly recovered from a recent appendectomy.

"Love one another, as I have loved you." No dejection, no emulation, no esteem, enters into the heart that loves as Jesus loved. It is a false sense of love that, like the summer brook, soon gets dry.—Mary Baker Eddy.

Behind Scenes

We shall have to do a little clarifying. In the last few issues we have mentioned "S.P." These two letters do not represent a person. "It" is a tool—our tool. These things are our tool Pigeons. Try and find out who or what they are; we aren't absolutely certain.

What made us think of this question is that we are announcing the acquisition of a new member to our "Gustapo"—S.P. No. 4. "It" is found in a very vital position. But that's all about our S.P.'s.

We have an appeal to make to the girls: not the kind of appeal that we made in the issue of the Prom. Most likely the girls have been reading about the tire shortage, probably hearing about nothing but tires over the breakfast table. . . . What was that? Oh, it doesn't concern you, Lady. Karns, Elizabeth. Every time your boy friend takes you on a date in the wrong chair, whether to a school dance or to the Fox, he is taking from one to fifty miles of life out of those tires—life that could be put to a better purpose, probably by his father in his work. Money isn't the motive for this economy. All of the gold in this world can't buy anything that isn't. King Midas found that out.

Here 'n' there (nothing else to write about): Attended a hockey game over vacation in a very sober mood . . . counted no less than three pucks on the ice . . . fast game.

Went to the optometrist the other day. . . . Says he can't understand how our eyes could be weakened so suddenly. . . . Christ-mas ties.

Historians claim civilization developed in central Asia and marched westward. . . . Authors of eighth grade history book: West and West. . . . Go west so far and civilization will be east of where it started. . . . People there could use some.

Pride and Joy of '41: Upon learning the words of the Hut-Sut Song, the saddest day of '41: September 2. . . . Headaches of '41: Every week-end when we vote to find inspiration. . . . Victory of '41: Plymouth 22, Birmingham 9 (November 7). . . . Hopes for '42:—

Students Are Chosen For Best Citizenship

Frances Weed has been selected as the best girl citizen of this year's Senior class in the contest annually sponsored by the D.A.R. From the boys in the class, Russell Ash was chosen on the same basis as the girls. Those nominated were Frances Weed, Ruth Drews, Jane Lehman, Bob Fisher, Doug Lorenz, Gordon Ross and George Chute. This selection was based on the following qualities: Dependability, service, leadership, and patriotism. The girl winner from each state receives a free trip to Washington, D.C. where educational tours concerning our government are offered and all expenses are paid.

Former Residents of Plymouth Tell of Eastern Defense Efforts

Dr. E. Huber Family Busy in Civilian Defense Posts

The many Plymouth friends of Dr. and Mrs. Edward Godfrey Huber, of Massachusetts and former Plymouth residents, will be interested to read of their busy and useful defense activities as related in a letter of recent date to Mr. and Mrs. Frank Burrows, of this city.

Dr. Huber was a practicing physician in Plymouth about 35 years ago, and has since spent many years in the medical corps of the U. S. Army. The Hubers now live in Waban, a suburb of Boston, where, after years of roaming to all parts of the coun-

try, they have named their home "Dunroven."

"With concern, true friendship and affection, we greet you today from Dunroven, prepared, alert and ready for war. We have water and sand on all floors and a sprayer for dreaded incendiary bombs. Fire hazards have all been removed from attic and house and Dunroven has passed fire department inspection," writes Mrs. Huber in her letter to the Burrows family.

"Our black-out arrangements are made, for Dunroven will never be guilty of beaconing enemy planes to blow up our neighbors and us. We are skilled in the latest methods of fire aid. We constantly study defense and plan for every possible danger. Our minds and our hearts are at ease and ready to pay whatever it takes to buy freedom for all ways to share with this war-torn world," continues Mrs. Huber.

"Edward (Dr. Huber) does not expect to be called back to active duty. Two years ago, after repeated requests from the Dean of Boston University's medical school, he volunteered to assist there by teaching military science and tactics in addition to his regular work in the Massachusetts Department of Public Health and at Harvard University. He is on the list of retired officers, none of whom will be called to active duty.

In addition to his regular duties which these strenuous times have increased, Edward has worked long and hard on Massachusetts' Committee of Pub-

Like a Shepherd Minding His Flock

lic Safety, a member of its medical executive committee, as chairman of its sub-committee on base hospitals and as medical regional director of Boston's metropolitan area, Region Five, which includes more than half of the state's population. Details are worked out for care of the injured, first aid and report centers, for medical depots and equipment exchanges, for transportation, for hospitals, regular, emergency and base, for black-outs with windows obscured and lights-locks arranged so that surgical work may go on, for decontamination which is highly specialized treatment for gassed individuals not wounded and, of course, for identification and removing fatalities.

"End of June found Lucile (the Hubers' daughter) enrolling for courses in convoy driving, motor mechanics, gas defense, air raid precautions, stretcher drill and advanced first aid. Since September, she's been a uniformed, trained first lieutenant in the Motor Transport division of the Massachusetts Women's Defense corps, which now numbers thousands. Unit A, of which she's a member, has been on the alert for these many months and subject to call through the 24 hours. She has been on duty daily since Boston's first air raid alarm on December 9, when she was called in five minutes and she and the Cadillac rolled off to duty just 12 minutes later than that. She has been assigned to drive for the Army and Navy, which, with her background, is perfect," continues the letter from the East.

"For myself," writes Mrs. Huber, "I've been preaching defense all the year, as a lot of you know. Well, I'm branching out now. Offense is my theme. Defense not being enough, offense is the road we must take for the kind of Victory we've got to have."

Commuter Train To Detroit Urged

Old Proposal Is Again Revived

Transportation between Plymouth and Detroit, threatened as a result of the rubber shortage, has again revived talk of a commuter's train operating between this city and Detroit.

The suggestion was raised in Plymouth a number of years ago before there was a satisfactory bus service to Detroit.

But residents along the Pere Marquette between Flint and Detroit, in places like Holly, Milford, Northville and Plymouth are again suggesting that transportation facilities to the big city might be benefited by commuter service.

The engagement was cleverly announced by presenting each guest with a small folder, the outside page bearing the Eagle and on the inside was an exact drawing of a wedding ring with the names, June and Bob inscribed. No definite date has been set for the wedding.

Powdered Metal Making Its Bow Into Industry

TNT is not the only kind of powder that is useful in the campaign for the defense of democracy.

There is now another that is achieving victories in the preparedness effort and will accomplish even greater ones in the peace time to come. It is powdered metal, which is coming rapidly into extensive use in industry as a material out of which metal objects can be pressed in finished form and in complex shapes, saving a vast amount of work in machining operations.

Apart from its industrial importance, scientists are revealing strange new activities of atoms when metals are reduced to extremely fine powders.

One of the feats of the atoms in tying powdered particles together is known as the "zipper action" in which free surface atomic forces in each of two adjoining metal particles reach out and establish contact across a small gap in space and lock themselves together with the tremendous powers that are inherent in atoms at close range.

In doing so, they pull adjoining atoms on either side into similar close contact so that the atomic powers can become effective, and they, too, become locked. This causes other nearby atoms to lock in a progressive chain reaction like a closing zipper. Powdered-metal technique differs from ordinary metal-working processes.

Shintoism

The Shinto faith belongs to Japan and although it may have been much modified by the teaching of Buddha it remains still the religion of the people.

It is the simplest of faiths. Shinto means God's "Way" and to the founders of the sect, "God's Way" must have been a way of pleasantness and peace. Shintoism possesses neither sacred books nor a code of ethics.

Shintoism is composed mainly of two elements without moral teaching—ancestor worship and the adoration of Nature.

Gladiola blossoms that have a fragrance have been developed.

Methodists to Raise Pensions

Present Fund Is Not Sufficient

Bishop Raymond J. Wade, in charge of the Methodist churches in Michigan today announced a \$300,000 campaign known as the Methodist Ministers' Old Age Retirement Fund of the Detroit conference, to more adequately provide for retired ministers and the widows of deceased ministers.

A committee of eleven has been appointed to carry forward the organization work, preparatory to the opening of the intensive solicitation period on January 15. At that time over 101,000 Methodists in the eastern half of Michigan, including the Upper Peninsula, will be asked to subscribe to the cause through more than 500 churches in the six districts of the area.

Bishop Wade, who is honorary and advance gifts chairman of the campaign, stated: "For several years we have planned to undertake a movement of this kind which would enable us to properly care for our faithful ministers in their declining years. When this \$300,000 is raised, it will enable our Endowed Fund Commission to pay a minister who has served 30 years, a pension of \$660 per year instead of the \$480 yearly pension he is now receiving."

Jumbo Generator

Old Jumbo Generator, in original Edison Pearl Street plant, New York, developed 75 kw. per hour. Plant had eight generators. Pressure on boiler tubes then was about 120 pounds to the square inch; temperature of steam about 345 degrees. One modern turbo-generator, serving same city, produces 160,000 kw., or four times energy needed to light and run New York's World's fair. Higher efficiency of present-day boilers and generators (in part due to new and better steels) delivers a kw. of energy on nine-tenths of a pound of coal; old-timers ate up four pounds to the kw.

Mrs. Hattie Hollaway spent Christmas in Detroit with her children.

With the warning that the tuberculosis death rate in Michigan increased 18 per cent during the last war, the Michigan Tuberculosis association urged that money for Christmas seals be sent in promptly.

Education is still our chief weapon against tuberculosis. Science has not yet found a drug for cure or immunization. Christmas Seal funds pay for health information put in the hands of the people each month.

THE STORY OF ELECTRICITY

Number One in a series published by The Detroit Edison Company

When was electricity first discovered? How did it get its name? More than twenty-five centuries ago, about 600 B. C., the Greek philosopher Thales noted one of the earliest recorded electrical phenomena. He observed that if he rubbed a piece of amber on his woolen gown, it first attracted and then repelled light objects. Through its suggestion of sunlight, the Greeks named the golden amber "ELEKTRON."

Another substance which attracted the early attention of the ancients was a magnetic mineral, lodestone. Sometimes found as an outcropping rock on the surface of the ground, this black stone had the peculiar property of attracting iron. The stone's strange magnetic power was the basis of many legends, but the origin of

the word magnet is a matter of dispute. One tale has it that a shepherd named Magnes suddenly found his iron-tipped staff and the nails in his sandals mysteriously adhering to the mineral... he gave it the name "Magnes stone." Others claim that the word magnet comes from Magnesia, a town in Asia Minor where lodestones were first found.

Some say that the sailors in the northern countries of Europe first discovered its curious property of pointing to the north when suspended like a compass... hence the name lodestone, or "leading stone." Others credit the discovery to the Chinese. Today we know the mineral as the iron ore, magnetite. Noteworthy is the observation of the Greek philosophers, whom remarked—"The stone has a soul since it can move iron."

All Honor to Them!

First casualties of America's all-out effort to defeat the yellow pygmies and the bandit nations associated with them, are American automobile retail dealers. Our government has declared that they can no longer sell new cars, and new car dealers have practically no used cars to sell. So the order really puts them out of business.

and he has made a good record in each one. During the brief time he has been the director of the state sales tax commission, he has demonstrated qualifications that fit him exceptionally well for his new responsibilities. We commend the commission and we congratulate Mr. Nims.

A Note to F.D.R.

Dear President—We have read in the newspapers that you plan to take one-half of our income this year for military purposes. We wouldn't object in the slightest, F.D.R., if you took every penny we possess, if you will but see to it that it produces results. Patriotic Americans will go hungry, if you say it is necessary, but we insist that not one cent be wasted on loud-mouth Nudal blabber-mongers. We don't want any of our money wasted in these trying times for one single useless governmental bureaucratic activity. We don't want any more shameful political squandering such as has aroused the nation during the last half dozen years or so. All that we ask is, that you produce RESULTS! We want our money—every penny of it—to go into the building of the mightiest army and navy the world has ever known. We want this done as quickly as human ingenuity can do it. We want our army and navy so powerful that they can crush from the face of the earth the human beasts who have inflicted this turmoil upon civilization. Take our dollars, F.D.R., take everything we possess, but PRODUCE RESULTS for OFFENSE, not just defense. Remember, too, we are WITH YOU all the way for America!

"If they think this thing is necessary, we are willing to take it without a whimper," said one dealer. "All that we ask is that they end all racketeering, political and labor shake-downs, and all other schemes that have pressed up our defense program to date. They will find that automobile dealers of Michigan are one hundred percent Americans, not the kind of Americans who are Americans for what they can get out of it."

That is the spirit that counts! The retail automobile dealers of Michigan, and all other states, have been a vital force in the upbuilding of our state and our country during the past generation.

Now they are being asked to give up their business, to sacrifice their future ambitions and hopes—and they are doing it like the good soldiers they are! Again we say all honor to the retail automobile dealers!

Act—Stop Talking!

For a dozen years or more The Plymouth Mail has urged that our government take steps to provide for the construction of a major trunk line highway from our southern boundary line down to the Panama canal. We have long believed that such a vital point in our national commerce and defense should have some sort of a land connection with our country. Our state and national highway officials have at various times indicated an interest in the proposed road. The Mexican government has been encouraged in the construction of a major connecting link, but still there are many hundreds of miles yet to be constructed before we can reach the canal by land. If the road has not been an absolute essential in the past, it is NOW. We should lose no time in finishing it because no man knows how soon a land connection to the canal might be necessary in order to save it.

There are some attractive gifts suggested by your stores as printed stationery and tempting food boxes containing crackers, cheese, nuts, hard candy and ever-present and welcome cigarettes, tobacco, tooth paste and razor blades. These are practical gifts for soldiers and don't take up much room, won't spoil and aren't heavy to carry. But personally, if we were in the army and you asked us what would be our choice our vote would go for the hometown newspaper. Maybe we are prejudiced but maybe the soldier in question is too!—E. H. Congdon in The Oxford Leader.

OUR DUTY TO SACRIFICE.

There is no time now to ask what was done with money raised in previous drives for any worthy project. All that has passed, must be forgotten, and get behind the necessary things that will give aid or relief to our Army and Navy. They are the men who will save democracy

and we citizens back home must do our share of aid in any manner or form that we can. We must give until it hurts and hurts some more. Our little help that we might do here is not any comparison of what the armed forces of this free land of ours will endure for the coming months or maybe years. There is no greater sacrifice than that of offering your life for the protection of the free land of America. We who do not get into the battle of life and death must get into the battle of giving and aiding. Sanilac county must not be found wanting in this respect, and it will not.—William Irving in The Sandusky Republican-News.

A FOOL LAW.

Since the legislators pacifying pact to substitute a doe deer for camp use in place of the Conservation Department's demand for the right to permit doe deer killing wherever it was deemed necessary to keep them from starving to death, turned out to be such an unpopular nostrum even with the mass of meat hunters it was intended to please, it surprises one to take note of how different legislators about the state are now vehemently proclaiming themselves the ready-dyed-in-the-wool opponents of any measure meant to wreck our one buck law and also destroy our deer herds throughout northern Michigan. Petitions have been drawn up begging that if a special session of the legislature is called that this matter be taken up and the doe deer law be relegated to the dog house, and those petitions find a ready signer to every person they are presented to, but there will really be no need of petitions of this kind. The governor has heard the rumble from every corner of the state and he will add to his popularity with the masses by bearing down upon this matter and not stop there, but stick to the buck law and eliminate the camp deer, buck or doe, let the camp deer come out of the regular licensed kill.—Al Weber in The Cheboygan Observer.

INDUSTRY ON THE MARCH.

"American lives have been lost in bombings; ships sunk; planes destroyed. These lives will be avenged through uninterrupted production on the factory front. The munitions of war can and will be replaced."

In those words Walter D. Fuller, president, and William P. Withrow, president-elect of the National Association of Manufacturers, pledged America's industrial might to our country's fight for freedom.

"Industry will build two battleships for every one that sinks with a dozen. It will match every bomb with a dozen. It will blacken the skies with planes to replace the ones shot down."

"Industry's production to arm our fighting forces will be limited only by the human endurance of the men who man and manage its facilities."

"We Americans have not always seen eye to eye among ourselves. But, as always, aggression from without fuses our family differences in unity of purpose. The enemies of our democratic way will find us one unbreakable phalanx in which class, creed and petty politics are forgotten."

"With every other patriotic element in the country, industry is on the march! It will produce, produce, and produce to the end that victory shall be swift and sure."—George Neal in The Orion Review.

Give, if thou canst, an alms if not, afford, instead of that, a sweet and gentle word.—Herrick.

25 YEARS AGO

And 50 years ago news taken from the files of The Plymouth Mail

The Methodist Episcopal Sunday school has elected its officers for the ensuing year with the following choices: Evered V. Jolliffe, superintendent; George W. Richwine, assistant superintendent; R. E. Pickett, secretary; treasurer; Miss Ada Daggett and Leonard Larkins, assistants.

A very enthusiastic West Plymouth hunter allowed his excited imagination to convert a waving piece of paper into a squirrel's head at which he blazed away with great accuracy and small results. However, that is better than taking a man for a deer.

Adolph Melow and John Boyer have rented Dewitt Packard's ice ponds. They have secured the contract to fill the Plymouth Creamery company's ice house.

The Plymouth band will give a dance in Pennington hall Thursday evening, January 25.

Alton Richwine left Monday for the Atlantic coast where he has a position in the U. S. naval department. He expects to go on board one of the battleships as yeoman.

Among the 21 members of the second year class at the State Normal college elected to membership in the State society at the close of the fall term, two of the members chosen are well known to the people of this village, the Misses Imogene Smith and Sadie Paulger, members of the 1913 graduating class of Plymouth high school.

Herbert Elliott of Canton visited his uncle, William Bakewell, last Monday. He announced that the stork had left a fine pair of twins at his home that morning.

Mrs. Arthur Tiltson entertained as guests at a six o'clock dinner Sunday evening, Miss Agnes Carpenter and Ray Lancaster of Detroit, Miss Gladys Bell of Plymouth, Orman Casterline of Northville and Miss Eunice Finton and Irving Tiltson of Canton.

Ernie Rucker and Timothy Belleville, an uncle of Mrs. Rucker, suffered an unfortunate accident last Monday. They were putting on the siding of Roy Stanley's new residence when the scaffolding collapsed and both were precipitated to the ground. Mr. Belleville sustained three fractured ribs and other injuries and is in a serious condition, while Mr. Rucker escaped with an injured foot.

Henry Bryan left the first of the week for an extended trip in the East. He will visit various places in New York and will spend some time in Florida before his return in April.

Born a son to Dr. and Mrs. B. E. Champe, Saturday, December 30.

A daughter was born to Mr. and Mrs. Conrad Hammond Sunday, January 7.

It is expected that the new Piquette bridge east of the depot will be completed this week.

The members of the bridge club were pleasantly entertained at the home of Mrs. Albert Gayde last Monday afternoon.

birthday. The following guests were present: Mrs. Archie Herrick of Northville, Mrs. August Miller and daughter, Ruth, of East Plymouth and Mrs. M. M. Willett and son, Chase, of north village.

Miss Helen VanDeCar left Saturday for Bay City, where she has a position as a special instructor of industrial arts in the public schools of that city, commencing her work the first of the week. Miss VanDeCar has eleven schools under her supervision, and her friends here wish her success in her new work.

Last Saturday afternoon while driving in north village and leading a horse, Arthur and Floyd Eckles met with what might have been a serious accident. The horse they were leading became frightened at the cars and, jumping into the wheel of the buggy, overturned it and threw the occupants out. The buggy was quite badly demolished and the boys shaken up, but no further damage was done, except that Mr. Eckles had the misfortune of having one of his crutches broken.

ROGER BABSON SAYS

You Can Save by Using Your Brains

Babson Park, Florida.—There is no kidding ourselves any longer. For the first time for 25 years we are at war. In fact, we now are the leading nation in the greatest war the world has ever witnessed. To those who are complaining because they cannot now buy new automobile tires, let me say, "We ain't seen nothing yet!"

Very few people realize the changes which will occur during 1942.—the most important year in our nation's history. Not only will our sons be drafted into the army and our daughters be called to drive trucks, but all of us will be told what we can do and can buy. Moreover, these 1942 regulations will be far more stringent than anything even discussed during World War I.

Among the first goods to evaporate from the stores will be the non-essential metal and rubber goods. These include automobiles, bicycles, tricycles, carts, ice and roller skates, and most toys containing metal or rubber. In addition, the following articles will be scarcer every month: Radios, electric toasters, broilers, food mixers and waffle irons, metal refrigerators, washing machines, vacuum cleaners, and other household gadgets. Metal and wire baskets, garbage pails, smoking stands, ash trays, vases, etc. are already pretty much gone from the wholesale markets. If you want any of these things, better buy them tomorrow. Metal trunks, metal furniture and kitchen cabinets, metal lamps and standards, paper and cordage may also be banned. Better buy now a two years' supply of over-shoes, rubbers, etc.

There is no statistical evidence for food scarcity. In fact, we have on hand a wheat supply ample for over two years. In most markets chicken and lamb are selling for less than a year ago and beef is only very little higher, but pork is way up in price. Prepare to eat more pot roasts and lamb stews; but cut down on eggs, cheese, cream, etc. which are being sent abroad to the soldiers. Fifteen percent of those chickens will be on the market in 1942.

With the exception of tomato soup, the cheaper brands of canned soup are now higher and many canned goods are now scarce. This, however, should be only temporary as the potential supplies of fruits and vegetables are greater than ever. Tin, however, is getting scarce so that the tin can soon may cost more than the food in it!

The fish catch for 1941 was about 4,500 million pounds. This could readily be stepped up to 6,000 million pounds; but to do so will cost money. Fishing boats are being taken over by the government for mine layers and other purposes; fishermen are frightened of submarines; while these able-bodied men can get in war work ashore paying far more than fishing.

When our soldier boys get to Africa or the Far East, they will want us to send them soap. Hence, wise mothers will now stock up on soap, fats, oils, etc. All these will sell for higher prices if you are able to get them at any price. Bread is now going up one cent a loaf; sugar will be no cheaper; while canned milk, and most package goods will sell at higher prices. This, however, will be due to high labor costs, increased freight rates, and packaging costs—not to a shortage of the food contents.

Housewives should confine purchases to standard goods and experiment with substitutes. I gave my family recent 15-cent oleomargarine instead of 40-cent butter and they could not tell the difference. Quit buying crab meat and other imported products which you don't need. I have cut out tea and coffee and feel better for it. If you need any wall paper or floor coverings better buy them now. No hurry about stocking up on cotton goods.

Every cloud has a silver lining! For instance, a great new industry has developed in Europe—the carrying of messages, packages, etc. by bicycle, and on foot. Much of this is legitimate; but there also is much bootlegging transportation. For instance, notwithstanding the censorship, for one dollar American money anyone can get any letter from Paris to Lisbon and hence to the United States. These "underground" routes carried on by relays of workmen and tourists are giving employment to thousands of people.

The United States offers great

opportunities in devising substitutes and the reconditioning of "worn out" goods. This includes retreading tires, repairing sewing machines, rebuilding vacuum cleaners, radios, and household appliances of all kinds. Small repair shops will open up in every neighborhood. The shoe cobblers will do a big business in 1942 and 1943. The used-automobile market will exceed in activity the stock market. Dealers in second-hand furniture and other products will have a big year in 1942.

There may be some small increase in living costs in the

months ahead; but those who buy only standard goods and do careful shopping should keep costs down to former figures. Remember—If you insist on the same goods and same grades, it will cost us more to live; but by using sane substitutes we can be as healthy and happy and perhaps live cheaper than during 1941.

What then remains? Courage, and patience, and simplicity, and kindness, and, last of all, ideas remain: these are the things to lay hold of and live with.—A. C. Benson.

Start the New Year right . . . Resolve now to give your family more health and energy by serving them our delicious bread.

We invite you to compare our bread with any other that you may use . . . Use it for meals, sandwiches and toast . . . Try it once and you'll always use it.
