

Local Banks Re-Elect Officers And Directors

Banks Issue Year's Reports at Annual Meetings Tuesday

Officers and directors of the First National and Plymouth United Savings banks were re-elected at their annual meetings Tuesday afternoon.

Re-elected officers of the First National bank are Floyd Kehrl, president; Russell Roe, vice-president; Jack Taylor, cashier and Miss Margaret Dunning, assistant cashier. The board of directors includes Mr. Kehrl, Mr. Roe, Mr. Taylor, Dr. John Olsaves, C. L. Finlan and George Robinson.

The officers of the Plymouth United Savings bank are C. H. Bennett, president; Russell Daane, vice-president and cashier; Edson Huston, vice-president; and Lisle Alexander, assistant cashier. The board members are Mr. Bennett, Mr. Daane, Floyd Eckles, Cass Hough, Edson Huston, Dr. Luther Peck, C. H. Rathburn, Jr., Ernest Roe and Paul W. Voorhies.

The First National bank reports an increase in deposits of \$361,263.33, an increase of 22 percent over 1940; an amount of \$689,941.73 in loans, discounts and mortgages at the end of the year, which represents an increase of \$99,117.92; investments of \$340,972.28 in government bonds, an increase of \$72,240.28 and \$4,794.36 in other bonds, an increase of \$1,197.60. The bank's gross income increase amounts to \$18,227.40 and an increase in interest paid of \$1,936.80. FHA mortgage loans for home building totaled \$236,100 during the year.

President Floyd Kehrl reports the greatest net profits in the history of the bank on the invested capital of \$50,000. These profits were placed in the capital account to strengthen the depositors' security, the president explains.

"It is our policy first to invest the depositors' money conservatively and also to give a maximum amount of banking service at the smallest cost to the depositors and still allow a reasonable profit for shareholders," declared President Floyd Kehrl in his annual report.

The year of 1941 reflects an increase in deposits of \$386,000 compared with an increase during 1940 of \$230,000," declared C. H. Bennett, president, in his report of the Plymouth United Savings bank. "This increase in deposits is shown in a similar increase in cash and due from banks, which has increased \$148,000, government bonds having increased \$130,000; municipal bonds, \$111,000; mortgages, \$47,000 while other loans have decreased \$28,000 and other bonds have decreased \$21,000," continues the report of the Plymouth United Savings bank.

From an earning point of view, the bank's gross income is increased \$4,910.91, while interest paid increased \$1,334.51. Net profit before dividends amount to 3.54 percent on the invested capital of \$144,000. During the past year, dividends have been paid by the Plymouth United bank to common stockholders for the first time since the re-organization of the bank.

Commenting that there will be very few auto loans as a result of the stoppage of the manufacture and sale of new cars and a similar curtailment of building loans during the new year, President Bennett declared that banking like every other business will experience new limitations and restrictions but that the Plymouth United Savings bank can find new ways to widen the scope of their usefulness to the community and uncover new sources of income.

'M' Club Plans Dance Feb. 20

Annual All-College Party to Aid Students

At a meeting of the University of Michigan club held last Friday night, President Stuart Dube announced plans for an all-college program and dance to be held Friday evening, February 20 at the Masonic Temple. Proceeds of the evening will benefit the club's Student Aid fund for scholarship loans to young people attending the University of Michigan. Other entertainment will be provided those who do not care to dance.

Anyone who has attended or graduated from any college or university is invited to attend the dance. A roll-call of colleges will be taken, beginning with those from Michigan colleges, the Big Ten universities, and other schools throughout the United States and Europe. This roll-call feature provided considerable interest at the all-college banquet sponsored by the U. of M. club last year. U. of M. clubs from nearby communities will also be invited to attend.

Plymouth Citizens Buy Over 200 Machine Guns for Army During 1941

Plymouth, a city made up chiefly of working people and citizens who own small business places, has made one of the most outstanding records of any city of its size in the country in the purchase of defense bonds and stamps, according to records of the Plymouth postoffice.

There has been purchased by Plymouth citizens during the eight months of 1941 that the bonds were on sale, a total of nearly \$150,000 in defense bonds and a total of \$7,531 in defense stamps.

Since the first of the year sales have mounted at a far greater pace than during the eight months of last year.

This means that with the bonds purchased by Plymouth residents, the government can purchase over 200 of the crack machine guns being manufactured by the patriotic employes at the Kelsey-Hayes plant in Plymouth.

While Plymouth made possible the purchase of 200 machine guns with their bond purchases last year, let's make it 2,000 machine guns for Uncle Sam's army and navy during 1942!

School Board Grants \$9,600 Salary Raises

80 School Employees To Receive 10 Percent Addition on \$1200 Pay

Salary increases amounting to \$9,600 were granted to the 80 employes of the Plymouth school system by the board of education at its meeting Monday night. The following resolution was unanimously passed by the board:

"Resolved, That Plymouth school district No. 1 fractional grant to all employes of the board of education (excluding the superintendent of schools, at his request) a ten per cent cost of living addition to the salary of \$1,200 of their salaries. This cost of living addition is separate and apart from the regular salary schedule and does not become a part of it."

Cumulated monthly portions will be paid with the January salary, and the remaining portion in equal monthly installments during the next five months. Service employes receive a salary of approximately \$100 a month for 12 months and teachers receive a starting salary of \$120 a month for ten months.

The salary increases for all teachers, maintenance workers and clerical staff, granted because of the rising cost of living, are possible at this time because of an increase in the amount of state funds to Plymouth school district. The school district will receive \$48,000 in state aid after January 1 and \$41,110 from state tuition, or a total of \$89,110 in state funds.

License Bureau Effects New Rules

State Changes Fees And Other Orders

Several new rules passed by the 1941 legislature became effective this week at the auto license bureau office of the secretary of state, which are of interest to Plymouth truck and auto owners.

Affidavits must accompany assigned titles on every sale of used automobiles that are exempt from sales tax as a private sale, according to a new ruling received by Frank Rambo, manager of the local license bureau. The affidavit from the seller must verify that he is not a dealer and is not engaged in the business of making repeated transactions.

A weight receipt is not necessary to obtain commercial or trailer license plates when the previous year's registration receipt is presented and the certification of weight on the reverse side of the commercial or trailer application is completed, explains Manager Rambo.

Another new act reduces the farm commercial license fee from 50 cents per hundred weight to 35 cents per hundred weight. Trailers owned by a farmer and used by him exclusively in farming operations and not used for hire are to be registered at the following fees: Up to 2,500 pounds, 35 cents per hundred weight; above 2,500 pounds, 50 cents per hundred weight.

The farm wagon when drawn by a motor vehicle is to be registered at a flat fee of \$1 regardless of weight. Regular trailer licenses will be issued for farm wagons. Trailers are to be registered at the following schedule of fees: Up to 500 pounds, 35 cents per hundred weight; 500 to 1,000 pounds, 50 cents per hundred weight and above 1,000 pounds, \$1 per hundred weight.

The new sales tax law provides that used cars shall be liable for the privilege tax based on the resale price, less the credit allowed on account of any trade-in of tangible personal property, such liability to attach at the time of the resale of the property and the resale shall be considered a sale at retail under provisions of the act.

The Ladies' Auxiliary of the Ex-Service Men's club will hold their monthly dinner party at the home of Mrs. Jack Miller, 403 East Ann Arbor, Trail on Friday, January 23 at 12:30 p.m.

Auto Use Tax Stamps Go On Sale January 26

Stamps for the new federal auto use tax will go on sale at the Plymouth postoffice Monday, January 26 and continue for one week only until January 31. The federal tax is imposed on all motor vehicles, including passenger trucks, and stamps must be displayed on the windshield or some conspicuous place on the car.

Half-year stamps will be issued at this time for \$2.09. These stamps will expire on July 1, the start of the government's fiscal year. Full-year stamps will be placed on sale July 1 for \$5.00.

The local postoffice officials expect that more than 8,000 "use tax" stamps will be sold in Plymouth for all types of motor vehicles. A special window will be open at the postoffice for the sale of the stamps. There will be no applications to fill out. Applicants will receive a card with their stamp which is to be returned to the Internal Revenue department by mail. A severe federal penalty will be imposed for failure to purchase "use" stamps.

Postoffice Will Sell Federal Tax Stamps For All Motor Vehicles

Patrolman Fisher will replace Officer Ira Hauk who resigned this week to accept a position as police watchman for the Detroit, Toledo and Arlington railroad. (Continued on page 2)

Captain Thumme joined the Plymouth police department in 1927 as a patrolman and was promoted to the rank of captain six years ago. He previously served as an officer in the Southern Michigan Prison at Jackson for four years, deputy sheriff in Plymouth and conductor on the Detroit, Jackson and Chicago interurban line for 16 years. He was graduated from the Michigan State Police school at East Lansing in 1932 and received a certificate upon the completion of a Municipal Police Administration course, sponsored by the International City Managers' association of Chicago.

Known affectionately as "Charley" to all of the school children of Plymouth for his faithful protection guiding them across traffic intersections near the school each morning and afternoon, the new acting chief received the Rotary plaque in 1940 for outstanding service to the community. He is a member of the board of directors of the Michigan Scientific Identification association, a member of the International Association of Identification, Scoutmaster of Troop 2 of Plymouth, a member of F. & A. M., Ex-Service Men's club and the Plymouth Old Newsboys' and Goodfellows' association of Plymouth.

Warn Drivers To Lock Autos

Police Apprehend Two Auto Thieves

The theft of an automobile in Plymouth and the apprehension of two youths who confessed the theft early this week brought a warning from police for all drivers to lock their cars and remove the keys to prevent theft of auto tires, parts and accessories.

Two youths from Detroit admitted sealing a parked car on Union street late Monday night. It was the property of Allan & Locke Motors, Inc. of Northville. One of the youths, driving his own car, skidded into a ditch on North Territorial road west of Plymouth, and the other youth, following him in the stolen car, abandoned the auto at the scene of the accident. The two boys came to the Plymouth police station seeking lodging for the night. When questioned, they confessed the theft, which had previously been reported to local police. One of the boys is detained at the Detroit police headquarters and the other at the Juvenile Detention home in Detroit.

John Blyton Attends Market

Buys Curtains and Drapery Merchandise

John Blyton returned last week from a buyer's trip for the Taylor and Blyton department store at the semi-annual market of the Chicago Merchandise mart. The market featured a curtain and drapery show in connection with the furniture mart.

Mr. Blyton reports a scarcity of variety in styles from which to select merchandise and a slight advance in prices as a result of a reduction in manufacturing lines. He has also secured distribution for the local store of the nationally-known Port-Edge curtains and purchased several thousand dollars worth of curtain and drapery merchandise. Mrs. Blyton accompanied the local merchant on his week's trip to Chicago.

Did You Know That

At the meeting of the Townsend club to be held Monday evening, President Charles McConnell states there will be a general discussion on plan to circulate nationally petitions providing for the submission of the Townsend plan to the voters for their consideration. President McConnell urges a good attendance.

Helen Strautz has returned from Macon, Georgia, where she visited Ed Laning.

Charles Thumme Named Acting Chief of Police

Promote Lee Sackett To Acting Captain and Hire New Policeman

The appointment of Officer Lee Sackett as acting captain of the Plymouth police department and of a new police officer was also announced this week by the city manager, Kenneth Fisher passed a competitive examination for his appointment as patrolman on night duty. Officer Fisher, 23-year-old son of Clyde Fisher of Plymouth and a graduate of Plymouth high school, will take his oath of office Monday. Acting Chief Thumme and Acting Captain Sackett will be sworn in Saturday.

Patrolman Fisher will replace Officer Ira Hauk who resigned this week to accept a position as police watchman for the Detroit, Toledo and Arlington railroad. (Continued on page 2)

Red Cross Unit Starts Activities

First Aid Classes Opened Thursday

The workroom of the Plymouth chapter of the American Red Cross opened in room 208-210 of the Penniman-Allen theatre building last week and much interest was displayed by the women in sewing and knitting for civilian relief. The response for Red Cross volunteers was excellent, the workroom having been filled each day. It will remain open five days a week from 10 a. m. to 4 p. m.

Two classes, one in the afternoon and one in the evening, began in first aid instruction on Thursday, with Mrs. Clara Wolf of Detroit as instructor. The classes are limited to 30 persons each. Those who are registered for first aid work in the civilian defense program at the city hall will be taken first in order registered as soon as instructors can be obtained, according to Miss Pauline Peck, director of the local chapter. The Red Cross is notifying civilian defense registrants to re-report for classes.

The following committee appointments for the local Red Cross program were announced by Miss Peck:

Mrs. J. M. Blickenstaff is general chairman of the knitting group, and the chairmen for each day of the week are Mrs. Alma Lowell, Monday; Miss Edith Millward, Tuesday; Mrs. Halvar Blomberg, Wednesday; Mrs. Earl Houghton, Thursday; and Mrs. George Howell, Friday.

Mrs. J. J. McLaren is general chairman of the sewing group, and the chairmen for the days include Mrs. F. R. Hough, Monday; Mrs. Cass S. Hough, Tuesday; Mrs. M. A. Arnold, Wednesday; Mrs. J. R. Witwer, Thursday; and Mrs. Emil Schilling, Friday.

The office staff chairmen include Miss Evelyn Schrader, Monday; Mrs. Clarence E. Elliott, Tuesday; Mrs. Frank Burrows, Wednesday; Mrs. Harold J. Brisbois, Thursday; and Mrs. Andrew Dunn, Friday. Mrs. Floyd Burgett is chairman of first aid and motor corps. Mrs. H. J. Brisbois is chairman of the surgical dressings division. Surgical dressing work will be started as soon as there is a need for more workrooms. Anyone interested may call Mrs. Brisbois at the Red Cross rooms, phone 9155, on Thursdays. Chairmen of the home service division of Red Cross are Mrs. Lawrence Lyons and Mrs. George Burr.

Soldier Boys Ask for Books

Library Opens Drive For Collection

A Victory Book campaign opened this week to collect books for Uncle Sam's boys. Everyone in Plymouth is asked to give a book or two, or a dollar or two, to provide books for the men in the army camps, recreation reading rooms and marine bases. The local library branches will act as collection centers and contributions may be delivered to Mrs. Ada Murray at the Plymouth library.

Books worth reading today are the kind wanted, whether they are fiction, technical books, biography, or travel. Unbound magazines are not being asked for in this drive. Money, as well as books, will be acceptable. Books should be made out to the Victory Book campaign.

Books collected will be distributed to reading rooms of the USO clubs, army camp libraries of the continental United States and outlying islands, ship's libraries, marine posts and to the merchant marine.

Fire Destroys Trailer And Load of Supplies

A cartage trailer, owned by the Hare Cartage company of Detroit, was destroyed by fire Wednesday evening. The trailer, parked at Mill and Plymouth roads, was loaded with batteries, tires, radiators, oil drums and other supplies. Fire broke out in the rear of the trailer while the driver, Edward Wasieleski, was in a lunchroom. The contents and body of the trailer were a total loss. The damage was estimated at \$2500.

Draft Board To Register Men 20-44 On Feb. 16

In accordance with the proclamation of the President, Michigan will hold its third registration under the Selective Training and Service act on Monday, February 16 for all men in the age group of 20 to 44, both inclusive, who have not heretofore registered.

This registration will include all men who have attained their twentieth birthday on or before December 31, 1941 and have not attained their forty-fifth birthday on February 16, 1942, excepting only those in this age group who are already registered.

Places for registration will be announced later. Volunteers to assist in the registration are asked to call the local board office, phone 1290.

Plymouth to Take Part in Diamond Jubilee Birthday Event

Harry Lush, owner of the Penn theatre and manager of the Penniman-Allen theatres in Plymouth and Northville, has been named chairman of the motion picture committee for this part of Wayne county in a "March of Dimes" campaign to raise funds for our President's Diamond Jubilee Birthday.

Every penny raised goes for infantile paralysis charities, one-half to the national foundation fund and the other half being returned to local infantile paralysis charities.

Chairman Lush states that the campaign will open in Plymouth on Thursday, January 22 and continue until January 28. He has asked the cooperation of both Rotary and Kiwanis clubs and also of the public schools.

There will be placed in the lobby of all three theatres under the control of Mr. Lush, a number of contribution boxes where people in entering or leaving the theatre can drop their dimes for this outstanding charitable work. A number of high school girls will be stationed in the lobby, wearing "March of Dimes" sashes.

"It is wonderful how much good can come out of the money that has been raised in past years for this humane endeavor. Plymouth has always done its part in these matters and I am sure that it will go over big this year. All three of the theatres are glad to donate their services to this great cause," stated Mr. Lush.

Boxes for the contributions will be placed at convenient points in all theatre lobbies.

C. of C. Elects Board Members

Annual Banquet Will Be Monday Evening

The Chamber of Commerce, which now includes a membership of 176 Plymouth business, professional and industrial leaders, will hold its annual banquet meeting next Monday evening, January 19, at 6:30 o'clock in the Hotel Mayflower.

Highlight of the meeting will be the election of four new members to the board of directors. A nominating committee which met Monday evening named a slate of eight candidates for the election. The nominating committee includes Paul Wideman, Fred Schrader, Mrs. Florence Farrott, Floyd Eckles and James Gallimore.

Announce Stock Reduction Sale

Ten-Day Clearance At Sam and Son Store

A ten-day stock reduction sale will begin at Sam and Son's department store on Penniman avenue this week-end. Manager Joe Lippon states that the store is selling out all winter merchandise at sacrificed prices regardless of advancing markets to make room for new spring goods and the addition of new departments.

Civic Committee Plans Election Monday

The Plymouth Civic committee will meet Monday evening, January 19 at 7:30 o'clock in the city hall for its annual election of officers. Every member organization of the Civic committee is urged to send a representative to the annual meeting.

Students 'In High' On Bond Sales

Plymouth high school students are "going to town" in a big way in the defense bond and stamp sales campaign.

By their energetic work, the students have almost doubled the sales during the second week in January over the first week in January. The grand total sold is now \$3234.90, passing last week's \$1889.10 by \$1344.80.

Mr. Westcott's class continues to hold first place, with each student averaging \$29.81 worth of bonds or a sum of \$507.30. Holding second place in Mr. Latture's group with each person averaging \$28.03, bringing the total amount to \$667.15. Even though Miss Delafore's group advanced \$409, bringing the amount sold by them to \$566.25, or an average of \$14.98 per person, it remained in third place.

Deadline For Filing Election Petitions Jan. 31

Three Vacancies On City Commission To Be Filled in April

The deadline for filing petitions as candidates in the spring election is Saturday, January 31. There are three vacancies on the commission to be filled in the April 6 election this year.

The short term of L. E. Wilson, who was appointed for one year following the disqualification of Dunbar Davis in the last city election, and the two-year terms of Mayor Ruth Huston, Whipple and Henry Hondorp expire this spring.

No candidates have filed as yet for the one-year short term on the commission, but Mrs. Whipple and Commissioner Hondorp, incumbents for the regular two-year terms, have both filed petitions for re-election. Mrs. Whipple has served four elective terms and one year by appointment and will be seeking her fifth elective term and Commissioner Hondorp will be seeking his fourth term.

If there are more than four candidates for the two-year terms of office or more than two candidates for the short-term, there will be a primary election before April 6.

Would Organize Gorilla Fighters

Harry S. Lee Has an Idea for Sportsmen

Here's an idea—and it is a pretty good one, think most of the hunt hunters about this part of Michigan.

Harry S. Lee would recruit an army of deer hunters to act as minute men and gorilla fighters, if the war this country is in, makes necessary such an organization.

Says Mr. Lee in an open letter to the sportsmen of the state: "Our country is at war. Anything we can do to win this war is our sacred obligation. The sportsmen of the field and the woods (and this refers to the men beyond the draft age limit)—men who understand the handling of firearms, experienced in the deer camps and capable of taking care of themselves, should unite in one body to constitute a unit which might be valuable in the event this country is ever invaded."

"As Minute-men or gorilla fighters, I am sure they would prove valuable. We are equipped with firearms, we do not need uniforms, therefore we would not be of any expense to our country at this time when every dollar is needed for the boys who are actually on the fighting line.

"There is no question but what an organization of hunters might prove valuable to our country, therefore I am attempting to organize the sportsmen of Michigan and if I receive sufficient response, a meeting will be held at some place which will be designated later, where we can all get together and complete the plans for organizing.

"So all of you who are eligible—meaning American citizens beyond the draft age limit, equipped with the old trusty deer rifle, drop me a line addressing same to Box 317, Plymouth, Michigan."

Decide That New Church and Pipe Organ Can Wait

All of Savings Fund Of \$3,000 to Be Used In Purchase of Bonds

Believing that the preservation of our form of government is essential to the preservation of our right to freedom of worship, members of the church board and the entire congregation of Plymouth's Evangelical Lutheran church Tuesday evening by unanimous vote decided to use a \$3,000 building and pipe organ savings fund for the purchase of United States Defense bonds.

By this action, the Lutheran church of Plymouth becomes one of the first church organizations in America to turn its funds over to the government for the purpose of helping to save the government.

This savings fund was created by the diligent work of the ladies of the church over a period of years. It has not been earned in the "easy" way, and its expenditure for Defense bonds delays for several years to come a hope of the church to build a new pipe organ and a new house of worship.

Rev. Edgar Hoenecke, speaking in behalf of his congregation, which attended Tuesday night's meeting in a larger number than in many years, made clear the ideal, the religious and the patriotic purposes of his church, when he said:

"Our country is in peril from the enemies of the things we hold inestimably precious, our freedom under a constituted form of representative government, and above all, our freedom to worship our God as we believe—these are endangered."

"Nothing but deep gratitude for the blessings under our flag, and a calm confidence that we can prevail in this struggle only if every citizen intelligently, and unstintingly does his part, and last but not least, our firm determination to stake everything on the survival and future of our free form of government—these are the simple, self-evident reasons that impelled us to place our funds into the hands of our United States government as the very best investment and use we could possibly make of them."

"The action was taken very deliberately and sensibly. We wanted to buy an organ and a new church to put it in. Organize a lot of precious metals, including tin which our government needs very sorely for defense. We would not think of putting a more serious strain on our country's resources."

The congregation also voted to purchase more bonds in the future, and to invest all available funds, and above the bare necessities, in defense bonds. Members of the congregation were urged individually to purchase all the bonds their means permitted. Most of the members of the church are now bond owners.

The following officers were elected for the ensuing year: Albert Rohde, president; Edson Huston, vice president; Walter Schulz, secretary; William Bartel, Jr., treasurer; and trustee, also chairman of the board of trustees; Paul Groth, financial secretary and trustee; Jacob Brinks, trustee; Carl Rohde, chairman of the board of deacons; Roy Fisher, deacon; Max Trucks, deacon.

The formal induction of officers will take place in the service Sunday morning at 10:30.

OFFICER WILBURN LEGREE

The Calvary Baptist church, Holbrook and Hardinberg streets, will present Officer Wilburn Legree, Flint's "singing cop," in a sacred concert Sunday evening at 7:30 o'clock. Officer Legree has received wide recognition for his work in safety education among the children in Flint schools. The baritone soloist appeared on the radio program, "We, the People," some time ago and has been invited to sing at the Founders' Week conference of the Moody Bible Institute next month. Everyone is cordially invited to attend the program.

Writes That Roads To Florida Are Icy

"Slippery and icy roads all the way from Atlanta, Georgia, and cold weather to within just a few miles this side of the Florida state line," wrote Otis Roe to his brother, Asa Roe, of this city, Monday. Mr. and Mrs. Otis Roe, accompanied by the 90-year-old mother, Mrs. Emma Roe, have gone to Florida to spend the winter. Mr. Roe writes that his aged mother is not only standing the trip well, but thoroughly enjoying it, even though the highways have been icy most of the way.

REWARD I've Lost My Doggie! Oh where, oh where is my little Spike gone? Oh where do you think he can be? For his tail is cut short and his ears are not very long. And he has a brown spot where his tail and body join (when he sits down). Around both eyelids you can also see small black spots. About the size of a pea. His coat is all white, except for his black nose. And he'll weigh about 15 pounds if he is not frozen. He is very friendly, even if his mother and father were both Bull and Fox Terrier. So, if any one who was so kind to take him in out of the cold. Will just open the door. And spank his behind. I'm sure he won't mind. And he'll be glad to get back to his home. Write Box P. F. in care of The Plymouth Mail. 1tp

Annabell Brown and Robert L. Gotts Wed Saturday Evening

The First Methodist church of Plymouth was the scene Saturday evening of the wedding of Annabell Brown, daughter of Mr. and Mrs. Harry Brown, and Robert L. Gotts, son of Mr. and Mrs. Arthur J. Gotts of Waterford. Dr. Frederick Lendrum of Saline read the service at 8 o'clock in the presence of 175 relatives and friends. He was assisted by Rev. Stanford Closson of this city.

The altar was beautifully decorated, having a background of palms with clusters of candles, tall baskets and vases of gladioli, snapdragons and bebes mums very attractively arranged in the foreground.

"I Love You Truly" and the "Wedding Hymn" were sung by Austin Whipple accompanied by Mrs. M. J. O'Conner at the organ.

The bride, given in marriage by her father, wore a wedding gown of white brocaded satin with high neckline, bracelet length sleeves and long full skirt with a short train. Her fingertip veil of tulle, trimmed in lace, was caught to a coronet of orange blossoms and she carried a sheaf of calla lilies.

Miss Betty Brown, sister of the bride, was the maid of honor, and wore a gown of Spanish russia taffeta made with V neckline, bracelet length sleeves and full skirt. Her headress was of matching tulle with shoulder length veil and she carried a maline muff with bouquet of white carnations attached.

The bride's other attendants were Miss Mary Gotts, sister of the bridegroom, and Miss Mary Alene Brown, cousins of the bride, each wearing peacock blue taffeta with matching headress and muffs with pink carnations. All wore necklace of pearls.

The bridegroom was attended by Howard Ebersole as best man, and Douglas Eckles and Warren Hoffman as ushers.

Mrs. Brown wore a gown of

tuschia velvet and a black turban with rose plume. Mrs. Gotts was dressed in moss green velvet with matching hat trimmed in gold. Both wore an orchid corsage.

A reception followed in the Hotel Mayflower when the same kind of flowers as in the church were used in the decorations. The young couple left that evening on a honeymoon trip to Florida, planning to be away two weeks. For traveling Mrs. Gotts wore a light green dress with black accessories. They will reside on Haggerty highway.

First 1942 Twins Arrive in Plymouth

First twins born in Plymouth in 1942, arrived at the home of Mr. and Mrs. Denver Barker of Pearl street on Wednesday, January 14. One was a boy and the other a girl, each weighing six pounds. Dr. Peck, the attending physician, states that the babes and their mother are doing nicely. Mrs. Lulu Tanager, the attending nurse, states that these babes make over 2,000 youngsters that she has assisted in bringing into the world during more than half a century of service as a practical nurse.

Clifford H. Manwaring of Auburn street, was recently called into U. S. service, as first lieutenant in the officers reserve, at Aberdeen, Maryland. He is attending an ordnance school and expects later to be stationed at Fort Custer. Mrs. Manwaring, formerly Dortha Thornbury, is residing here for the present with her mother.

Unless a man is lazy, there is no reason why he shouldn't be an expert at his job, from a safety and a production standpoint. If he will study his job, step by step, he'll find there isn't a single phase of it he couldn't do well.

Defense Council Meets Thursday

Maps Program for Civilian Training

Organization of Plymouth's Civilian Defense Council recently appointed by Mayor Ruth Huston Whipple was completed at a meeting of the new 15-member board at the city hall Thursday afternoon.

The civilian defense program began in Plymouth with the registration of volunteers on November 12, 13 and 14 and has continued daily at the city hall headquarters. During the first two months of registration, 1400 civilians signed up for training courses and volunteer duty in case of emergency. The drive for civilian defense registration was spurred by the attack upon Pearl Harbor and the country's declaration of war.

The American Red Cross, working in cooperation with the civilian defense program, opened a workshop last week. First aid classes also began Thursday afternoon and will continue each Thursday afternoon and evening to train volunteers.

Training courses for auxiliary firemen and policemen have been

organized and classes met for the first time Thursday evening at the city hall. Plymouth schools have aided in the program for waste paper collection and the city has provided receptacles for deposits of scrap metals.

Blackout lighting problems were discussed at Thursday's meeting of the local defense council from information provided by the Detroit Edison company. The group also discussed plans for the community's third line of defense—health.

Members of the local civilian defense committee include Mayor Ruth Huston Whipple, honorary chairman; Clarence H. Elliott, coordinator; Stanford L. Besse, Dr. Luther Peck, Vaughan R. Smith, Fred Wagenschutz, Rolfe Smith, John Jacobs, Arno Thompson, George A. Smith, Elton R. Eaton, Sidney D. Strong, Miss Pauline Peck, Mrs. Beatrice Schultz and Charles Cushman.

Volunteer workers who have assisted in the registration for civilian defense include Miss Verne Rowley and Mrs. Ford Flaherty, both of whom have worked continuously; Mrs. Hugh Means, Mrs. Arthur Mills, Mrs. Harry Mumby, Mrs. John Jacobs, Mrs. William Vanderventer, Mrs. Harry Terry, Mrs. J. R. Witter, Mrs. Charles Cushman, Mrs. Ruth West, Mrs. John MacLachlan, Miss Mabel Spicer;

Mrs. Arthur Todd, Mrs. William Keefer, Mrs. John Goodman, Mrs. Charles Humphries, Mrs. William Erdelyi, Mrs. George Ridley, Mrs. Paul Nash, Mrs. Harold Anderson, Mrs. William Schoof, Mrs. Edward Dobbs, Mrs. Douglas Elliott, Mrs. Victor Riblet, Mrs. Ethel Holton, Mrs. Chauncey Evans, Mrs. J. T. Chapman, Mrs. Anna Young, Mrs. Herbert, Mrs. Frederick Thomas, Mrs. Roy Lawson, Mrs. Floyd Eckles, Mrs. William Squires;

Floyd Eckles, Warren Worth, Fred Hearn, Harry Hunter and George Burr.

Grace Highfield and Nicholas Campbell Wed

Grace Alberta Highfield, daughter of Mr. and Mrs. Fred Highfield, and Nicholas Campbell spoke their marriage vows, Saturday evening, in a ceremony performed in the bride's home on Amelia street, the Rev. Bartlett, of Wayne, reading the service by candlelight. The wedding party stood in front of an arrangement of palms, gladioli and candelabra.

The bride, who was given in marriage by her father, wore a bridal gown of white with train. Her full length veil of tulle was fastened to a coronet trimmed in seed pearls. She carried white roses.

Ruth Ann and Elma Highfield, sisters of the bride, attended her as maid-of-honor and bridesmaid, wearing rose and blue taffeta. Ruth Ann's dress was trimmed in blue chiffon streamers with matching shoulder length veil of tulle. Elma wore blue taffeta with pink ribbon trim. Both carried pink roses.

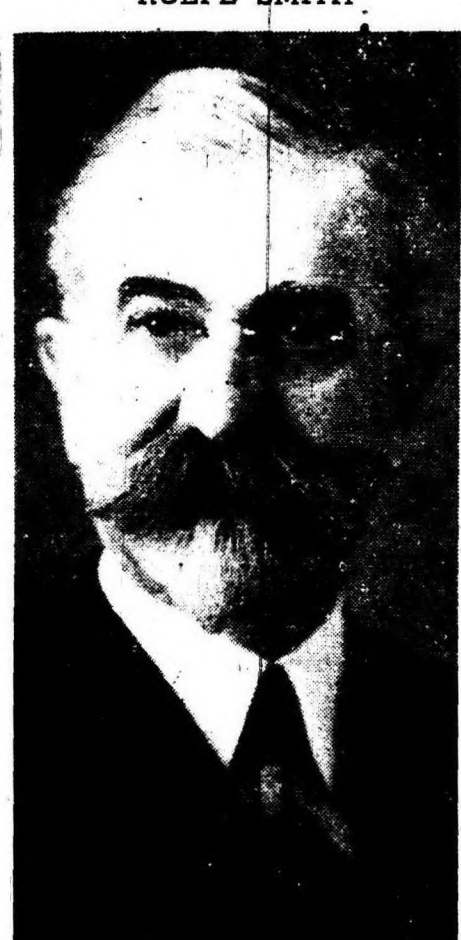

Nancy Lock, the little flower girl, was gowned in yellow taffeta and carried yellow and orchid sweat peas. The ring bearer was Peter Spitz, Jr., who wore a double breasted suit of blue with long trousers.

The bridegroom was attended by Anthony Kolodyjezak as best man and George Smith, an assistant.

Mr. and Mrs. Campbell took a brief honeymoon and are now residing on Amelia street. Her going away dress was of gold alpaca with which she wore brown accessories.

Garden Club Holds Election

Mrs. C. E. Elliott Is Re-Elected President

About 45 members attended an election meeting and tea of the Plymouth branch of the Woman's National Farm and Garden association at the Crystal room of the Hotel Mayflower Monday afternoon. The tea table was decorated with a centerpiece of pink carnations and gladioli and white cyclamen, flanked by pink and white tapers. Mrs. Harvey Whipple and Mrs. Douglas Elliott presided.

The following officers were elected for the ensuing year: Mrs. C. E. Elliott, president; Mrs. R. R. Lindsay, first vice president; Mrs. Hargid J. Brisbois, second vice president; Mrs. Ernest Thrall, recording secretary; Mrs. Winston Cooper, corresponding secretary and Mrs. M. A. Arnold, treasurer. The February meeting will be held with Mrs. Winston Cooper on the tenth.

LEAD AND TIN, reclaimed from old cable sheathing, are melted and poured into molds for use as solder.

Vital Metals from the Telephone Junk-pile

- Worn-out, broken and outmoded telephone apparatus—even odds and ends of copper wire and lead-covered cable—are not wasted in the Bell System. Instead, at the smelting and refining plant of Bell System's Western Electric, all basic metals in the telephone junk-pile are refined for use over and over again.
- That is why old telephones and other equipment may appear once more in useful form... perhaps in gun parts, big shells, fighter planes, bombers... or be used in completely new form in the telephone system of a battle cruiser or naval arsenal.
- But that's not all. Bell System research enables us to save vital metals for war needs by using alternate materials in some parts of telephone equipment. That research assists us, too, in the increasingly difficult problem of providing service when and where needed.

in charge. The speaker was a psychologist from the Wayne county clinic for child study and her subject was "Parental Aptitude." Mrs. E. O. Whittington was in charge of the program, Wednesday evening, when the Women's Auxiliary of the Presbyterian church held its monthly meeting. On Tuesday, January 20, the auxiliary will sponsor a bridge tea in the community house. Mrs. Stafford Francis is chairman. Mrs. Fred Weimer, Mrs. Paul Harsha, Mrs. Robert Burns and Mrs. Roger Cooper honored Mrs. Van Devender, Mrs. Odgers, Mrs. Mepians and Mrs. Pettibone with a luncheon, Friday last week in the former's home for their fine cooperation with the Christmas Vesper services held in the Presbyterian church. At the annual meeting of the Rosedale branch of the Woman's National Farm and Garden association held Tuesday afternoon, the following officers were elected for the ensuing year: President, Mrs. William King; first vice president, Mrs. Lyman Hedden; second vice president, Mrs. Kenneth Gibson; recording secretary, Mrs. Ernest Bentley; corresponding secretary, Mrs. Harold M. Pace; treasurer, Mrs. Clarence Bucknell.

Plans Dance for Gardens Residents The Rosedale Gardens club-house will be the scene of the first community dance sponsored by the Civic association Saturday evening, January 17. All residents of the Gardens are invited. Dancing will be from 10:00 to 1:00 o'clock. "Come to the dance and enjoy an evening with your neighbors and friends," say members of the association. Mr. and Mrs. G. Mier are chairmen of the committee in charge of arrangements. Friday evening the Civic association called its first meeting of 1942 and recently elected officers were initiated into their new positions. Reports of last year's activities were submitted and members discussed the current topics of Red Cross and Civilian Defense. Acknowledgments of gifts to the boys in service were read. Recently 12 servicemen were sent fountain pens as gifts from the association. Periodically in the future other tokens of appreciation will be given the boys. Within the next few weeks the association plans to launch an extensive membership drive in order that every resident of Rosedale Gardens will be given a chance to join the group. Von D. Polhemus, association president declared, "It is the duty of every resident of Rosedale Gardens to join the association in order to make the community a better place in which to live and play. Following is a list of members who will call at homes in the Gardens to solicit memberships in the association this week: Arden, Mrs. R. W. Mason, Mrs. E. O. History Professor Is Guest Speaker

Members of the Plymouth Kiwanis club heard an interesting discussion of the Far East by Dr. Hanna, professor of history at the State Normal college in Ypsilanti, at the club meeting Tuesday evening. Dr. Hanna, who has lived in China, Borneo, Malaya, Burma and Thailand in the Far East, discussed the situation in those strategic countries and praised China for its efficient evacuation of universities and leading industrial plants from Japanese-occupied territory. China's well-equipped individually but lacks big guns and air strength, the speaker reports, but there is no possibility of Japan winning this war. Ernest J. Allison was program chairman of the meeting.

Newburg School News

Newburg school is now very busy on Defense. We are employed at the work of making good citizens. Much building up, filling in, weighing and measuring, and adding to ourselves, is being done each day. We are saving every scrap of waste paper for the Red Cross. Last week Thursday noon our school had a bunco party, in our auditorium, at which each person paid ten cents. All money was donated to the Junior Red Cross. Jack Miller and his family started on a trip to Oklahoma, on Friday evening, but the weather was so bad and the snow so deep that they returned home after going as far as Nashville, Tennessee. The sixth, seventh and eighth grades have 17 pupils on the dental honor roll. The 4-H club boys and girls and their leaders are planning a skating party on January 30 at which Mr. Anderson, the 4-H leader in Wayne county, will be our guest and will show movies. Beginners, First and Second Grades We are glad to be back at school. We made a new health train. We drew some pictures of snow men. We made a calendar for the month of January. We have a new clock. It is red. We like it. We brought money for the Red Cross. We are making a picture chart. We march and skip and sing. We have fun. Third, Fourth, Fifth Grades We have a new pupil in our room, Mrs. Thomas Engel. He is in the fourth grade. We are learning a new song. The name of it is "Shadows." Our room is studying Transportation. The third grade is studying about food transportation, the fourth grade, transportation in cold countries, and the fifth grade, the development of waterways of the United States.

The eighty-first birthday of Mrs. M. Eva Smith was celebrated Sunday afternoon from 2 until 4 o'clock, with a reception and tea in her home, the Women's Society of Christian Service sponsoring same. Mrs. Smith received several lovely bouquets, many cards and other gifts. Mrs. Donald Ryder and Mrs. Clyde Smith presided at the tea table. Mr. and Mrs. Henry Mielbeck and family were supper guests, Sunday evening, of Mr. and Mrs. Clyde Smith. This (Friday) evening the monthly joint potluck supper of the American Legion and Auxiliary will be held in the Legion hall and will be followed by their regular meetings. Mr. and Mrs. James McNabb and daughter, Mrs. R. D. Brewer, attended the wedding of Alice Callahan and William Clements, of Detroit, in the St. Theresa church in Detroit, Saturday morning. The offering in the Sunday school of the Methodist church this coming Sunday, will be given to the Red Cross. A most interesting meeting of the Women's Society of Christian Service was held in the home of Mrs. Sitars, Wednesday of last week with 23 ladies present. Mrs. Hazel Grimm, the new president presided. Mrs. Claud Green read a paper on "Church Finances." Mrs. Jack McCullough will be the February hostess. The Book club met Thursday afternoon of last week with Mrs. Henry Grimm, Sr. Mrs. Helen Emanuel gave a review on American Japanese Boy. Mrs. Harry Gilbert will review a story of the Jews at the next meeting. Mrs. Donald Bovee was the luncheon guest Monday of her sister, Mrs. Raymond Whitney, in Detroit. Mr. and Mrs. Donald Ryder and daughter, Doris, called on Mr. and Mrs. Harold Stevens and little daughter, at their new home on Hathaway road, Friday evening of last week. Dale Liscom received word, Sunday evening, of the death of his grandfather in Boyne City. Mrs. Melvin Gutherie and Mrs. Clyde Smith attended a luncheon party, Thursday of last week, given by Mrs. John Humphries, at her home in Grosse Pointe. On Thursday afternoon, January 22, the Women's Society of Christian Service will have a silver tea in the parsonage with Mrs. Verle Carson as hostess. The speaker will be a missionary from Africa. The Fidelis class is planning a father and son banquet for February 6.

Vaughan R. Smith Receives F.B.I. Appointment

**Chief of Police Goes
To Washington for
Duty as Special Agent**

Vaughan R. Smith, Chief of Police, has been offered an appointment as special agent for the Federal Bureau of Investigation for the duration of the emergency by J. Edgar Hoover, FBI director.

Chief Smith will leave Plymouth Saturday (tomorrow) to report to the FBI headquarters in Washington, D. C. Monday morning. Following a four-weeks' training period at either Washington, D. C. or Quantico, Virginia, he will be placed on active duty. The chief will then be eligible for assignment in any one of the 56 field divisions of the FBI in the United States and territories. The city commission

has granted him a year's leave of absence to accept the appointment.

The local police chief was born in Wixom, the son of Mr. and Mrs. Harmon A. Smith. His grandfather was a pioneer of the Plymouth district, taking up land from the government three miles from Plymouth in 1824. Chief Smith is a graduate of Farmington high school and the National Police Academy sponsored by the FBI at Washington in 1937. He was the second man from Michigan to attend the FBI training school and has attended three re-training courses there in preparation for FBI duty. He has been chief of police in Plymouth for nearly 11 years; before that time, he served as superintendent of the block factory at the Detroit House of Correction near Plymouth for six years. Chief Smith is a member of the Plymouth Rotary club and a past president of the Southeastern Michigan Chief of Police association.

Something New Every Day!

**Famed Photographer
A Plymouth Resident**

Do you remember the picture that appeared on the sports pages of The Detroit News several years ago of "Schoolboy" Rowe, just at dusk, as he walked off the pitcher's mound in civilian clothes leaving Briggs stadium and the major leagues? That photograph was taken by Rolland Ransom, staff photographer for The Detroit News in 1938, just before the "Schoolboy" returned to Beaumont and the minor leagues.

The interesting part to Plymouth residents about this picture is the fact that the photographer who made it is a resident of this city. While many Plymouth people know him personally, few know of his outstanding ability as a photographer of news events.

Not only that, but according to a recent article in The Detroit News, the most unusual contribution to the Detroit Red Cross campaign was made by Mr. Ransom. A fellow photographer made a bet of \$10 with Ransom that if Manila fell the American forces would surrender. The gallant resistance of the Americans and Filipinos in Luzon won Ransom his bet. He took the \$10 and the \$10 he put against it, and sent it to the Red Cross with the explanation.

The Rowe picture was packed full of "drama." Rowe was the most idolized baseball player of Detroit since "Ty" Cobb but in 1938, after his disappointing performance of that season, he was being shipped back to the bush leagues. The photograph clicked with fans everywhere and it was picked up by the Associated Press and later appeared in papers throughout the country. The photograph, which Lefty Grove called the "greatest sports picture" ever taken, was awarded first prize by the Inland Press association at its annual meeting in Chicago in 1938. The picture also received honorable mention in Editor and Publisher's annual photography awards.

Last spring, Ransom, who has a preference for sports photography, traveled south with the Tigers to take all spring training pictures of the team at Lakeland, Florida. Ransom covered the sit-down strikes in Flint and Detroit, the Olympic games of 1932 at Los Angeles and has photographed two presidents, Herbert Hoover and Franklin Roosevelt, and the King and Queen of England on their recent trip to this country.

Ransom, who received his photography training in the technical school of the army air corps and enjoys flying assignments, took aerial shots of the sinking of the tug, "America," in the Detroit river this fall. He has been a staff photographer for The Detroit News for the last eight years after working for the San Antonio Express, Oklahoma Times, Chicago Herald-Examiner and The Chicago Tribune. Mr. and Mrs. Ransom and three-year-old son, Michael Ward, live on Schoolcraft road near Plymouth.

Telegraph Employees To Purchase Bonds

As a means of aiding national defense, the Western Union Telegraph company has inaugurated a convenient plan for its 52,000 employees to purchase United States Defense Savings bonds. The announcement was received by William Hester, manager of the local Western Union, from the company's Chicago office.

The amount specified by each employee will be deducted from his monthly earnings weekly and deposited in a special bank account. When the required amount has been accumulated the company will purchase and deliver a defense savings bond, registered in accordance with the directions of the employee. Defense stamps will be placed on sale to the public at Western Union offices shortly.

**The Importance of
Correct Cooking to Health**

Today as never before we should realize the importance of food to health. A healthy America is a strong America.

Equally important is the method by which those foods are cooked. So often in cooking, foods are robbed of their health giving properties. In the case of vegetables, many valuable vitamins and minerals are poured down the sink when the vegetables are drained after cooking. Other health-giving properties are sometimes destroyed by over-heating and excessive contact with air.

Have you been using your gas range to the fullest advantage? You can be sure that the meals you cook will build strong young bodies and promote good health by observing the simple rules at the right.

**WHAT EVERY WOMAN SHOULD
KNOW ABOUT VITAMIN SAVING**

1. Use little water in cooking.
2. Cook vegetables for the shortest possible time.
3. Cover utensils to keep air out.
4. Avoid unnecessary stirring of vegetables.
5. Don't put in baking soda to brighten food colors.
6. Start vegetables in boiling water.
7. Don't throw away vegetable liquids—use them in soups or cream sauces.
8. Keep foods as fresh as possible—use dependable automatic refrigeration.
9. Serve plenty of green vegetables.
10. Serve foods soon after cooking.
11. Broiling is preferable to frying to retain vitamins.
12. Low temperature roasting saves vitamins, minerals.

Class News

Mrs. Soule's eighth grade clothing classes are studying the furnishings of bedrooms. Before they are finished almost every phase of the subject will be reached from color schemes and arrangement of furniture to how to keep the room neat and clean.

How to budget time and money is the subject of Mrs. Soule's Home-making I classes this week.

All of Mrs. Hecox's homemaking classes, which include the seventh, eighth and ninth grades, are engrossed in the study of various subjects, among which are the care and arrangement of room furniture, the prevention of accidents and sickness and home making.

Studying the manufacturing centers of Great Britain, Mr. Reeve's world geography class is deep in the subject of shipbuilding in Glasgow and woolen manufactures in Leeds and Sheffield.

Also they are learning of the growth of Manchester when it was linked by canals to the sea.

Miss Killham's tenth grade English classes have begun a unit on letter writing.

Miss Lundin's high school homemaking classes are working on home projects this week. The home projects are experiences worked out at home, such as cleaning, planning a room, etc. Each girl must give her report orally as well as written, and the main purpose of the lesson is to report what she learns and how much she improves.

A movie shown in chemistry classes last week "Carbon-Oxygen Cycle" explained the cycle necessary for living and producing energy. It showed how green plants take in carbon dioxide and give off oxygen and how human beings reverse the process, thus renewing the supply. Movies on fishing and the National Music Camp at Interlochen were presented during lunch hours.

Eleventh grade English classes examined the sentence structure of Winston Churchill's speech before Congress. One device he uses is periodic sentences with parallel clauses. Many of his paragraph sentences were long, containing 40 words.

To practice for the coming elimination debates, the Rocks met Jackson in two non-decision contests here on January 8. Plymouth will enter the state eliminations on Saturday, January 31. As yet, the entering teams have not been chosen.

FROSH DANCE JANUARY 16

Mike Kleinschmidt's orchestra will play at a freshman sponsored Junior high dance Friday, January 16 from 7:30 to 10 o'clock.

Eighty Separate Items

MORE THAN EIGHTY separate tasks must be performed by a funeral director when he arranges a service. Each of these requires time and professional skill; many of them pass unnoticed by clients, yet they are essential if the service is to be a fitting tribute to the departed.

We are proud of the fact that not one of these countless items is neglected when we serve a client, regardless of the cost involved. And it is a particular merit of this organization that we maintain the same high standards regardless of the financial status of those we serve.

High School Offers Four New Courses

With the start of next semester four new classes will be offered to the student body. Two of them, World and American history are new only in the sense that from now on they will be given in semester courses so that any pupil who wishes to begin either at the beginning of next term may take the first half of the course and finish it next year. Miss Saffel will instruct the World history class, and Miss Hale will teach American history.

Trigonometry, a subject wholly new to Plymouth high, will be offered in a half year course beginning next semester. It will be given every other term with Mr. Blunk as its instructor. Miss Allen, the adviser for the Pilgrim Prints school paper, will head a class in journalism, a one semester course taught to a different group of students each term, earning a half credit.

Gettin' Around

If Yours Truly tried to tell ya who was among the kids flocked on the ice over the week-end, this column would be longer than an income tax return, but it can be said that it certainly looked as if everyone was having the time of his life.

Signe Hegge and Virginia Moss had Joyce Tarnutzer, Janet Strachen, Margaret Nichol, Betty Jones, Bill Keefe, Dick Neale, Lincoln Hale, George Chute, Victor Ribblet, Jack Baker, Bob Bachelder, and Larry Arnold to Virginia's home Saturday night for a bit of rug-cutting after a session on ice skating.

Joe Measel was the host at a skating party Friday night. The crowd that went to Joe's house after flitting around Newburg lake included Doris Langendam, Ruth Drews, Gordon Ross, Lenore Kennedy, Louis Kolin, Dorothy Petschulat, Jim Measel, Allene Parmalee, George Chute, Signe Hegge, Jim Sexton, Jean Crandell, Bill Upton, Janet Strachen, Harold Todd, Barbara Stover, Bob Thams, Marion Goodman, Jack Anderson, Marie Ann Miller and Bob Kirkpatrick.

Bob Wolf and Donald Brown of Garden City went to the show in that town Sunday night.

Gerry Gienap and Wes Hoffman of the class of '41 went stepping at the Grande ballroom in Detroit Saturday night.

The Ice Follies at the Olympia in Detroit which features the flashing blades of Sonja Henie was the reason a lot of Plymouth kids used up some precious tire rubber. Among the throngs were Elaine DePlanche, Sheik Erdelyi, De Rue De Planche of the class of '41, Eldon Martin, and Buddy De Planche Friday night; Sally Haas and Jack Kiof of the class of '41 Saturday night; and Phyllis Nichols and Owen Gorton Tuesday p.m.

Seen at the Northville Jig Friday evening were Joyce Tarnutzer, Larry Arnold, Virginia Moss, Jack Baker, Janice Downing, Bob Vogtlin, Dick Virgo, Dick Bachelder, and a lot of other "Get Arounders."

Milton Humphries enjoyed the Ford Sunday Evening Hour at the Masonic Temple in Detroit.

Edith Nolte was another gal who had a skating party. Her guests were Joan Gilles, Kay Fisher, Betty Arnold, and Juanita Pettit. They all enjoyed a hearty dinner after skating Saturday afternoon in the wide open spaces.

The Hi-Y and Girl Reserves had a skating party Monday night.

Appoint J-Hop Committees

The chairmen and members of the J-Hop committees appointed by Ione Stuart, class president, were approved during an executive board meeting January 6. Dorothy Fisher is the general chairman with Marion Goodman as the general chairman of the decorations. The head of the construction is Jack Kenyon; decorations, Beth Ann Hoheisel; lighting, Glenn Fredrick; ceiling, Lincoln Hale; floor, Pat Hudson; music, Gordon Vetal; check rooms, Jim McAllister; invitations, Louise Powell; chaperones, Signe Hegge; programs, Doris Rowland; publicity, Fern Dipboye; and refreshments, Mary Louise Geary.

When a petition by members of the junior class was presented in the January 6 meeting asking a reconsideration of the theme it was recognized by the executive board. A special meeting was called for January 8 to consider new material. It was finally voted to change the theme from that of a Pan-American scheme to a Fiesta. The gym will be decorated in the gay and bold colors of the South and Central American mood.

Eighth Grade News

Mrs. Carey's 8-B I history class is writing songs about the Gold Rush of 1849 to the tune of "Oh Susanna." The 8 A's have started to study Michigan Government. Also they have started their review in arithmetic. Examinations are coming!

Both the 8A's and 8B's have been hinting around for a school dance. Here's hoping they get what they want.

The Sports' club for 7, 8 and 9 grades went ice skating Thursday, January 13. They met at Wilcox pond immediately after school. We hear that the Sports' club is starting on Red Cross of 40 cents for the Intermediate Girl Reserves.

If you don't know your color combinations ask the 8B girls. They are studying them in Mrs. Soule's Home Economics class.

The sudden trend of wearing jodhpurs to school is just about gone (with the cold weather, I guess) girls think it should be continued. "Why do girls have to be so feminine?" remarked one.

Senior Sketches

"People who laugh at my ambition" is the pet peeve of Bruce McAllister, who is the son of Mr. and Mrs. William McAllister of 14784 Northville road. To be a mortician is Bruce's aim. He likes to build models of a mechanical nature and is interested in dramatics. Among his accomplishments are being Club Junior play, assistant director for the class of '43 junior play, one-act plays, stunt nights, junior chorus and J-Hop and Prom committees. Bruce was born in Clare, Michigan.

Rainy days are the pet peeve of Patricia Jeanne Mason, blond daughter of Mr. and Mrs. R. W. Mason of 11304 Arden avenue, Rosedale Gardens. "Pat" was born in Detroit, Michigan. To own a western dude ranch is her main aim in life, while her extracurricular activities in school are junior play, two years of drama club, all girls sports, Prom committee, stunt nights, and 1000-point junior letter.

Besides living in Pennsylvania where she was born, Leona Niedospal, daughter of Mr. and Mrs. Andrew Niedospal, has resided in Detroit and now Plymouth. Her present address is 695 South Main street. Ranking high in Leona's hobbies are skating, dancing and sports. Being in Leaders' Club ever since the seventh grade and competing in girls' athletics has furthered this last interest. However, her activities are not confined to sports, for she has participated in the glee club for two years and was on the Prom committee. One shouldn't be stuck-up or a braggart if he or she wants to be Leona's friend, for this type of person is her pet peeve. To be a hygienist, a dental assistant, is her aim in life.

Driving a car is the hobby of Ivahlynn Matts, 1071 Beech street, daughter of Mr. and Mrs. Oscar Matts. To become a nurse is her main ambition. Her extracurricular activities include glee club and working in the cafeteria for a year and a half. Teachers who call fat people lazy are her pet peeve.

Home Ec Girls Serve Local Defense Council

At the request of George Smith, superintendent of Plymouth high school, Miss Luncin chose four homemaking girls to prepare and serve dinner for the local advisory defense council January 8, in the local school dining room. Hazel Pankow was chairman, with Doris Hockenberry, Yvonne Sawyer and Marian Oldenberg as her assistants. The council commended the girls on their excellent cooking and service.

Kilty Trumpeters Here January 29

The Kilty Trumpeters, a ladies brass quartette, will perform for the junior high January 29. This talented and attractive group of girls dressed in kilted costumes of the Scotch Highlands, will present a pleasing program of spirited marches, comedy and novelty numbers, present day compositions, brass choir melodies, and classical selections.

Dorothy Flaughter, the manager of trumpeters, will play the first trumpet; Marion Stone, the Mary Jeanne Kirby will play the first trombone and Ester Severs the second trombone. Their program was arranged and coached by Herbert Petrie, director of the Petrie Summer Band Camp of Winona Lake, Indiana, president of the International Lyceum association and famous Petrie White Hussars and the Petrie Symphonic Octette.

Wanted—Wastepaper

Have you been planning to burn that pile of papers thrust away in some corner? Don't burn it! Give it to the Red Cross.

Paper is needed badly for national defense. Airplane parts, guns, all small articles are shipped in huge quantities to the far corners of the land in pasteboard cartons. If you can aid national defense, why not do it? The schools in Plymouth have launched a campaign for this purpose.

The school children, both grades and high school, bring paper from home to Starkweather and Central where, every Tuesday and Friday, the city truck picks it up and deposits it at the brick garage behind Central. Mr. Rowe gives his time on these days to bailing and tying newspapers and magazines. These are sold normally at 40 cents per 100 pounds and magazines at 55 cents per 100 pounds. The proceeds are donated to the Red Cross.

Students themselves are urged to conserve by using both sides of the paper and if only half a sheet is used, save the rest.

G. R. Doings

A Recognition service for the Senior Girl Reserves was held Thursday, January 15, bringing Carolyn Kirk, Rosemary Ray, Louise Powell, and Betty Jones into the club.

At the meeting, Thursday, January 8, the girls decided to send the president and the program chairman to the Midwinter conference to be held in Jackson, February 13-15. The girls would like to learn to knit and decided to devote future meetings to Red Cross work. Those who have their lunch fifth hour are in the club although they cannot attend regular meetings. They will be able to come to evening meetings and will be called associate members.

All ninth and tenth grade girls wishing to become Junior Girl Reserves should see Miss Lickly in Room 22 before the end of the semester.

The Intermediate Girl Reserves are learning to knit so they can do their bit for the Red Cross. Also a skating party was enjoyed Tuesday after school.

The Senior Girl Reserves have had several interesting letters from their adopted soldier in Fort Custer who is to go abroad soon. Virginia Garrison received his name from one of the Detroit papers and the club sent him a Christmas box. Judging from his letters, he seems to have quite a sense of humor and some of the girls are writing to him before he leaves.

Music Class Enjoys Movies

Music class enjoyed seeing moving pictures of the National Music camp at Interlochen, near Traverse City, Michigan.

Behind Scenes

Bearing in mind this national emergency and the fact that defense industries in this area are dependent upon vast amounts of electricity, we make this suggestion to the faculty: Why not give the students less homework, thereby eliminating the wasted watts used by the lamp of the student as he studies into the wee hours of the morning?

Examinations

For the first time, the mid-semester examinations will be held on Wednesday and Thursday, January 21-22, in regular class periods. This means that half the exams will be given one day and the other half on the next. Because of the cold weather and the difficulty for out-of-town students in getting to school, this change has been made.

License Bureau Collects Plates

Police Authorize Plan For Salvage of Metal

Local police have authorized a plan suggested by the Secretary of State's office for the collection of old license plates for salvage to conserve metals. Permission will be granted to the motorists to detach their 1941 license plates at home or neighborhood garages or gas stations and to place one of the old plates in the window of the car as they drive to the branch license bureau to obtain new plates. The motorists will then place one of the new plates in the window of their cars to return home or to the garage in order to affix the new plates. The suggestion is offered to make it more convenient for the motorist to comply with the plan of collecting these used plates and salvaging them without necessitating two trips to the license bureau. Receipts will be placed in each of the branch offices for the collection of old plates. All plates collected will be turned over to the Prison Industries of the State for salvage.

Grade School Children Buy Defense Stamps

Plymouth school children are doing their bit by investing in the future of America. Each week, the children of Central and Starkweather grade schools take their dimes and quarters to school for the purchase of U. S. defense savings stamps.

Both local grade schools reported a splendid sale of defense stamps last week. Starkweather school sold 113 ten-cent stamps and 18 twenty-five-cent stamps last Thursday for a total of \$15.80. Central grade school reported the sale of \$99 worth of defense stamps by the children last Wednesday.

In addition to investing money for defense, the children of both schools are helping in the collection of waste papers. Each Tuesday and Friday, they bring old magazines and newspapers to school, which are baled and sold to raise funds for the local Red Cross.

Playing in the snow is fun. You ought to know. You pack a snowball. And get ready to throw—And then—You let it go.

—By Robert Campbell.
Last week several of the children were examined by Dr. Metzger and Miss Reid. Our health records are quite complete now. The children had questions ready to ask Dr. Metzger and they carried on an interesting discussion. Our attendance has not been very good lately due to whooping cough and colds. Those who have whooping cough are Eunice Waterman, Marion McLean, Jackie Parker, Denny Winkler, and Margaret Jean Campbell.

Last week we collected money for the Red Cross.

Those who had "A" in spelling, Friday, were Clyde Parker, Lynn Hazlett, Betty Jane Layaz, Patty Clark, Nancy Parker, Robert Grace and Judy Sechlin.

Monday afternoon some of the children composed short poems. Some of the best follow:

Draft Board Has New System

Effects Simplified Clinic Physical Exams

A new simplified system of physical examinations has been put in effect at Local Draft Board No. 61 according to an announcement by Dr. H. J. Brisbois, chairman of the medical examining staff for the local board.

State headquarters of the selective service has issued two lists of general defects for which medical examiners will check each registrant instead of giving complete medical examinations.

Physical check-ups will be given at the army induction station by U. S. Army medical examiners. The local examiners will check only non-remediable defect to expedite the examination system.

It will be the duty of the local physicians to determine only those physical or mental defects which manifestly disqualify the registrant for military service. It is estimated that the new system will double the number of men who may be given physical examinations at the local board headquarters.

The board has also resumed the clinical type of group examinations by staff of three doctors to accommodate the increasing number of eligible draftees resulting from the reopening and reclassification of former cases.

Dr. Fishbein to Speak in Detroit

Dr. Morris Fishbein, noted physician, editor of the American Medical Association's Journal, and popular speaker and writer on health problems, will be the Detroit Town Hall speaker in the Fisher theatre Wednesday, January 21, at 11 a. m.

In his subject, "Medicine and the War," Dr. Fishbein will discuss recent advances in medical science, new technique used by warring armies in the prevention of disease and in the handling of wounds, and the mobilization of American medicine to aid American troops at war and public health at home.

Besides editing the A.M.A.'s "Journal" and "Hygiea," he manages nine A.M.A. special journals, syndicates a health column in 230 newspapers reaching approximately 6,000,000 readers, writes numerous books and magazine articles, and lectures on health and medical issues from coast to coast. His books include "Frontiers of Medicine," "Medical Follies," "Fads and Quackery in Healing," "Your Diet and Your Health" and "Do You Want to Become a Doctor?"

Factory Employes Befriend Newsboy

Andrew J. Kirby, newsboy at the Kelsey-Hayes munitions plant near Plymouth, has many friends in that large factory. Last September, the employes of the plant outfitted "Andy" with a complete set of clothes for the winter weather and made him a cash gift.

The boys remembered the faithful "newsy" at the gate of the factory on Christmas too, making him the present of \$100. The newsboy reports his sales have increased considerably, too. He now sells an average of 325 newspapers daily.

A.A.A. Warns of Tire Looting

Tire Thieves Operate in City Parking Lots

The greatest stock of new tires in Plymouth is made up of the spare tires stored in the rear compartments of passenger cars. Thieves know this. They also know that the average motorist rolls into a parking lot and leaves his car with the rear compartment key on the same ring with the ignition key, which is left in the ignition lock.

If the parking lot attendant is engaged elsewhere—or, as sometimes happens, is cooperating with the thief—the thief uses the car owner's own key to unlock the rear compartment and take the spare tire. He then carefully closes the rear compartment and returns the keys to the ignition lock.

The owner returns to get his car, drives out of the lot—and it may be weeks, or even months, before he learns that his spare has been taken. He has no way of knowing where the tire was taken, or when. He's just out a spare tire, and these days can't get another to take its place.

"Keep the key to the rear compartment in your pocket, then you won't be inviting a thief to help himself," counsels L. B. Rice, manager Plymouth division, Automobile Club of Michigan.

"Where one key locks both ignition and rear compartment, find a lot where you can lock your car and take the key with you. Or you might store your new spare tire and substitute therefor a used tire, still available in most tire shops."

The next regular joint meeting of the Myron H. Beals Post, American Legion and Auxiliary will be held Friday, January 16 at Newburg hall. Dinner will be served at 6:30 with Mrs. Melvin Gutherie as chairman assisted by Mrs. William Erdelyi and Mrs. Victor Riblett.

Need Inspectors For Defense Work

Civil Service Offers Exams for Applicants

The latest examination announcement to come from the U. S. Civil Service commission is for inspector positions in the Defense Production Protective Service of the War department. Salaries range from \$2,600 to \$5,600. Applications will be rated as soon as possible after receipt at the U. S. Civil Service commission in Washington, D. C.

The title, "Inspector, Defense Production Protective Service," implies the urgency of this examination. These inspectors will be responsible for making recommendations to prevent interruptions or delays in the production and delivery of all types of defense material when these interruptions may be caused by major accidents, explosion or other hazards inherent in manufacturing plants. No written test will be given. General experience is required in performing inspectional and professional engineering advisory services for manufacturers, or as inspector in a property insurance rating bureau, as plant protection supervisor or master mechanic in a large industrial establishment.

Applications for these inspectional positions, as well as many other civil service positions, may be obtained from Mrs. Beatrice Schultz at the local postoffice.

THERE IS A WAY!

Editor George Averill of The Birmingham Eclectic says that "Mankind fails to find means to prevent the next war." In his editorial discussion of the subject, he indicates that the world's faulty distribution of goods seemingly lies at the bottom of the upset that is now forcing all of the nations into war.

We cannot quite agree with Editor Averill's theory in this matter, although the trend of his thought is parallel to that of many keen and able economic students.

There is but one cause of this war and there is but one way to end similar threatened conflicts for generations to come.

This war was inflicted upon mankind because war-mongering dictators and war lords led their warlike people into war. Various groups within Europe have down through the centuries forced wars upon other nations of Europe. Their greatest happiness seemingly comes from the rattle of the saber and the roar of the cannon.

The people of Germany who did not approve of this war-making came to peaceful America, because they wanted to live peacefully with their neighbors.

How many times have you heard some good friend or neighbor say that their father or their grandfather left the old country so they would not be forced to enter into needless military service for a period of years? Many times, of course.

Hitler says it was the unfair distribution of world goods and national possessions set up in the Versailles treaty that caused him to start war.

That is just as good an alibi as any other he might have concocted for turning the world into one vast, bloody battlefield.

What about Japan?
The war lords of Japan wanted war—and now they have it. Any old reason was good enough for these yellow pygmies.

No, Mr. Averill, it is not the faulty distribution of the products of the world that caused this war.

The Dictators and the war lords WANTED war. You say, Mr. Averill, that "mankind fails to find means to prevent the next war." Neither do we agree with this statement entirely.

There is a way, but only ONE WAY to end wars. Forever and forever deprive the two war-making nations of the world with the goods with which to make war!

That is too harsh, you say?
The solution must be by the hard but humane way.

War making nations MUST be reduced to nations that shall live and thrive ONLY on the things that grow out of the ground. Their manufactured products must be the product of the hands, not machines.

They can never again be trusted with goods and factories that can produce the things that are necessary to make war.

Just as sure as night follows days, if we permit Germany and Japan, when this war is ended, to have metal with which they can again make guns and tanks and warships and airships, we will be forced to fight one or both of these nations within another 25 or 30 years.

Do not blame the people. Blame their false leaders who have forced them into this thing. It will not be the people who will desire to make war again. It will be the war dictators, just as it has been in this conflict. It is because they (the people) are helpless against their dictators that we must protect the future.

When the last world war ended we thought these nations could be trusted. So we sold them scrap iron. We sold Germany scrap iron and other war materials, right up to two or three years ago.

We sold Japan everything it needed to make war against us right up to just a few weeks before it sneakily stabbed America in the back, as it talked peace. We KNEW at the time it was talking peace that it was waiting for the opportunity to do its dirty work.

We—the people of America—Editor Averill, are to blame. We permitted a lot of asinine, thoughtless officials in high places to lull us to sleep as they watched the killers load their guns for the slaughter of America.

They thought their palaver words were sweet music in our ears, that it would be easier to get votes by making us believe that those who advocated the building of a powerful army, navy and air fleet were only war mongers, citizens who were looking for trouble and not peace. If they knew anything at all, they knew there was not the slightest chance of peace in this world. To be frank and sincere, they figure, is not good for the office holder, even though brutal frankness on their part some years ago would have found us in a far better position than we are today.

We have first a war to win, Mr. Averill. Because of our own fault, the task is going to be more difficult than it might have been—but WIN WE WILL.

Then when it is all over, we must take from Germany every device it has with which it can make war upon other nations. Deprive it of EVERYTHING that can in any way be turned into munitions of war. It may seem drastic, but it is humane, and it provides security for others.

What of Japan?
The same rule must apply. Let it thrive upon its rice and its vegetables and its silk worms. But no machines, no ocean going boats—NOTHING that can in any way be utilized in making another war upon anybody!

That is the ONLY way these warlike people can be saved from being led into future wars by war lords and dictators.

It is the HARD way, but the safe way if civilization is not to be destroyed.

A DANGEROUS POLICY

The Michigan crop report for December, just issued, says that the total acreage of wheat planted last fall is only 685,000. This is the smallest amount of wheat planted in Michigan says the state department of agriculture in over 77 years. That takes us back to the year that the Civil War ended and when the population of Michigan was only a trifle more than a million people, about a fifth of what it is today. The department further says that this startling reduction in the wheat crop of Michigan this year is in "response to the Government's program of lessening wheat acreage in order that burdensome surpluses might be eliminated."

When the bureaucrats last summer were forcing farm-

"Full Speed Ahead!"

25 YEARS AGO

And 50 years ago news taken from the files of The Plymouth Mail.

Mrs. I. W. Hummel was hostess to the Busy Women's Bible class at her pleasant country home on the Ann Arbor road, Tuesday afternoon at 1:30 o'clock. The ladies met at the interurban station and were conveyed to the Hummel home. The president being absent, Mrs. William Tillotson, vice-president, took charge of the meeting. Mrs. B. F. Farber will entertain the class Tuesday, February 13.

The Plymouth band will give a dancing party in Penniman hall, Thursday evening, January 25. Fischer's orchestra of Ann Arbor has been engaged to furnish music.

Honey Ray has his new house on Adams street well under way. R. D. Castle and family have moved into their new home recently purchased of William Blunk, at the corner of Williams and Blunk avenues. Mr. Blunk has moved into his tenant house on Blunk avenue recently vacated by W. A. Johnston.

The members of the official board of the Methodist church and their wives were delightfully entertained at the home of Mr. and Mrs. William Sutherland Tuesday evening. Twenty-five people were present, enjoying the sleigh-ride and the merry house party. The evening was spent in games and in a game of indoor baseball the men defeated the women by a score of 33 to 14. "Bob" Jolliffe, as umpire, had some harrowing experiences with the ladies.

Another pleasant event, which we are glad to report, occurred at the home of Mr. and Mrs. Lemuel Truesdall in north village, Monday evening, when their daughter, Amy, was united in marriage to Glenn Northrup. Rev. A. L. Bell performed the ceremony in the presence of the immediate relatives. Mr. and Mrs. Northrup left Tuesday morning to visit friends at Somerset Center, Hillsdale county, and will return the last of this week. They expect to make their home in north village as Mr. Northrup is employed by A. J. Lapham.

Evelyn Bennett, daughter of Mr. and Mrs. Arthur Bennett, was taken to Ann Arbor hospital

Tuesday to have her tonsils and adenoids removed.

The Epworth League will give a poverty social and sell snowdrops at the hall Saturday evening, January 27.

Albert Bakewell, of Detroit, formerly of East Plymouth, is the proud father of a fine baby daughter.

William Cort has sold his farm and has purchased the Alva Peck place. He will take possession of his new home about March 1.

Mr. and Mrs. F. L. Becker are very proud to be grandparents to the fine little girl that has come to gladden the home of Mr. and Mrs. Ben Blunk.

Clarence Whipple of Los Angeles, California, visited his cousin, Mrs. Norman Miller, a few days last week.

The pretty home of Mrs. Arthur White was well filled for the tea meeting given by the Woman's Christian Temperance Union on the afternoon of January 11, about 60 being present.

Cloello Hamilton has purchased a new eight-cylinder, seven-passenger Cole automobile.

C. F. Lefever has purchased a new Maxwell touring car of A. D. Macham, local agent for the Maxwell cars.

A bowling club was organized among the business men last Tuesday evening. W. R. Shaw was elected secretary-treasurer. The club will bowl every Tuesday evening from 7 until 9.

Mrs. F. A. Dibble entertained a company of ladies at a bridge luncheon last Saturday in honor of Mrs. Milton Lipman of Salt Lake City.

Mrs. Alice Eberts pleasantly entertained 12 of the girls from the Markham factory at the home of Mrs. Stephen Jewell last Monday evening. A delicious six o'clock dinner was served and later in the evening a sleigh ride was enjoyed.

Miss Vera Perkins, daughter of Mr. and Mrs. Glenn Perkins of this place, and Clyde Eckles, son of Mr. and Mrs. Frank Eckles of Livonia, were quietly married at the Baptist parsonage at Northville last Monday morning. Monday afternoon they left for a few days' visit with friends at Flint, and on their return will reside in Plymouth, where the bridegroom is in the employ of the Daisy factory.

C. E. Foster, who operates a copper and brass smelting establishment in Detroit, has purchased the old Robert Greenlaw

ers to reduce their crop acreages there was even at that time a world threat of food rationing due to the war. Now comes positive assertions from Washington that there soon will be rationing in our own country of some food supplies.

Wheat is the basis of all substantial human food. It is a food that can be used for livestock and poultry as well as for man.

Now our country is involved—as everyone fearfully knew it would be—in the "total" war inflicted upon the peaceful nations of the world by brutal, ruthless and stealing German, Italian and Japanese dictators.

In propaganda coming from one set of bureaucrats, farmers are being urged to grow as much food materials as their lands will produce because of the emergency the nation faces in the years to come.

Another set of bureaucrats have forced farmers into planting the smallest wheat crop ever grown in Michigan! It is such conflicting policies as these which can to a very large extent be held responsible for much of the plight we are in.

It is time for both Republican and Democrat office holders to snap out of it and get down to earth. We are in a tight spot—and to win, it is going to take every ounce of our energy, every ounce of the food we can produce, and practically all of the wealth the nation possesses.

Dump the bureaucrats into the Potomac. Tell the farmers to grow all they can. Let them plant some spring wheat to make up for the deficiency in the fall planting. It has been grown around here and farmers say it does well. We'll need it, there is no question about that.

Scientists Speed War Relief Work

Christian Science Group Meets Daily

It has just been announced from Boston that the relief work carried on by the Christian Science War Relief committee is to continue for people abroad regardless of the entry of the United States into the war, and the committee is prepared to extend its work to provide immediately for any possible need in this country or its possessions.

In accordance with the above announcement the local group is increasing its efforts to supply knitted garments and other articles. The need in Britain is increasingly great because clothes, especially for growing children, wear out, and also because the clothing with which many persons started the war must now be replaced.

Our own service men which were sent to Iceland were outfitted before they left the United States with 43 sweaters, 20 scarfs, 77 helmets, 180 pairs of socks, and 100 pairs of gloves. Other army groups have been supplied with similar articles where needed.

The local Christian Science War Relief committee meets daily from 10 a.m. to 4 p.m. at the basement of the Penniman-Allen building and is in charge of Mrs. Wallace Osgood, chairman. Those interested in helping in this activity are invited to meet with the group or to call the chairman, Mrs. Wallace Osgood, phone 745-W for information.

Business Women Hold Dinner Meeting Jan. 5

Members of the Business and Professional Women's club of Plymouth attended a dinner meeting at the Hotel Mayflower last week Monday. Miss Ruth Eriksson, sixth grade teacher at Central school, presented a dramatic reading, and the club members participated in a discussion of "Defense in the Local Community." The committee in charge of the program included Miss Vaun Campbell, Miss Ingeborg Lundin and Miss Florence Stader with him from the city.

Electricity

is one thing that HASN'T GONE UP"

Today when most living costs are rising, and nearly every household budget must be revised upward, it is a welcome relief to find one price that HAS NOT advanced. Electricity costs less today than it did a year ago, two years ago, five years ago. And it costs a good deal less than ten or twenty years ago.

Your residence rates have been reduced five times in the last twenty years. The average price per kilowatt-hour paid by our residence customers today is 46 per cent less than in 1921. Electricity is one of the smallest items in the family budget—way down at the bottom of the list.

Average Budget Dollar

Food	33.8c
Housing	21.0c
Clothing	11.4c
Miscellaneous	23.8c
Fuel, Ice, Gas	6.1c
Household Equipment	2.2c
Electricity	1.7c
(at Detroit Edison residence rates)	
TOTAL	\$1.00

(All figures except electricity U.S. Department of Labor statistics)

Small as it is, this 1.7c for electricity does a BIG job—lighting, refrigeration, cooking, washing, ironing, vacuum cleaning, the radio. It operates electric percolators, toasters, clocks, shavers and many other household appliances. In today's way of living, electricity plays an increasingly important part.

How is it possible to furnish an ever-improved electric service at lower and lower rates? Only by making continual improvements, by thinking up new and better ways of doing things at lower cost, by passing the savings on to our customers so that they can buy more electricity for less money. That is the way of progress. The Detroit Edison Company.
