NEWS in the WORLD of RELIGION

BY W.W. REID

"No matter what the present breakdown may seem to be in many countries, your work has not been in vain..."

Perhaps Americans are often unaware that Christianity is older in Iceland than it is in many parts of Europe.

proposal is now being considered by the several bodies involved...

The Rev. Thomas Tiplady, famed as a poet and as a chaplain in the first World War...

The Confraternity of Christian Doctrine of the Roman Catholic church in the United States...

American churches are urged to express their ideals of Christian brotherhood in "Joels" as well as in "creeds"...

FIRST PRESBYTERIAN church. Walter Nichol, pastor, 10 a.m., Sunday school; 11 a.m., church worship; 6:30 p.m. Young People.

FIRST METHODIST. Stanford S. Closson, minister. You feed your body, why starve your soul?

Local Churches

ST. PETER'S EV. LUTHERAN church. Rev. Edgar Hoenecke, pastor. Holy Communion will be celebrated in the regular service on Sunday morning at 10:30.

CALVARY BAPTIST CHURCH. Holbrook and Harding, Lynn B. Stovall, pastor. The pastor of Calvary church is delighted to come into each of the homes that read this notice...

NEWBURG METHODIST church. Verle J. Carson, minister. 961 Newburg road, Plymouth 886W4. Friday (tonight) 6:30 a.m. Family Fellowship begins with potluck supper.

ROSDALE GARDENS PRES. byterian church. John B. Forsyth, minister. Sunday, January 25 is Young People's Day.

FIRST CHURCH OF CHRIST Scientist. Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of 29 years.

SEVENTH DAY ADVENTIST church. Our Sabbath school services begin at 2:00 p.m. every Saturday afternoon.

Javanese Against the Japanese

Soldiers of the Netherlands East Indies army, including Javanese natives, aim a modern anti-tank gun which will see service against Japanese attackers in the western Pacific.

Civilian Defense Council Meets

Need Volunteers for Emergency Crews

Reports from departmental directors were presented at a meeting of the Plymouth Civilian Defense council at the city hall last Thursday afternoon.

Registrations of all civilian volunteers have been classified according to skills and services. It is apparent that additional volunteers are needed for work in specific squads, demolition crews to clear buildings during raids and decontamination work.

There are 77 persons registered in the school children for blackouts and raids.

PENTECOSTAL ASSEMBLIES

INDIGESTION BEYER PHARMACY - Adv. WHAT EVERY WOMAN SHOULD KNOW ABOUT VITAMIN SAVING 1. Use little water in cooking. 2. Cook vegetables for the shortest possible time. 3. Cover utensils to keep air out. 4. Avoid unnecessary stirring of vegetables. 5. Don't put in baking soda to brighten food colors. 6. Start vegetables in boiling water. 7. Don't throw away vegetable liquids - use them in soups or cream sauces. 8. Keep foods as fresh as possible - use dependable automatic refrigeration. 9. Serve plenty of green vegetables. 10. Serve foods soon after cooking. 11. Broiling is preferable to frying to retain vitamins. 12. Low-temperature roasting saves vitamins, minerals. The Importance of Correct Cooking to Health Today as never before we should realize the importance of food to health. A healthy America is a strong America. Equally important is the method by which those foods are cooked. So often in cooking, foods are robbed of their health-giving properties. In the case of vegetables, many valuable vitamins and minerals are poured down the sink when the vegetables are drained after cooking. Other health-giving properties are sometimes destroyed by over-cooking and excessive contact with air. Have you been using your gas range to the fullest advantage? You can be sure that the meals you cook will build strong young bodies and promote good health by observing the simple rules at the right. For Greater HOME DEFENSE Cook With A Modern... Health-SAVING, Time-SAVING, Fuel-SAVING GAS RANGE CONSUMERS POWER

### Dearborn Five Defeats Rocks

Defeat was chalked up against Dearborn five when they defeated Plymouth Rocks who gave the Dearborns the short end of the score to 19. Never quite catching up, the quintet was forced to let the score rest at 7 to 14 at the midpoint. The battle for high honor between Ebersole and like ended in a tie with three tied goals for six points each. Red charity snots for a point piece was accredited to Gorton. Completing the score were Hunt with two free throws and Olds with a field goal. Completing the lineup were Baker, Kearney, Ellis and Bennett.

Scouring everywhere across the vast floor, both teams kept the packed gymnasium in an almost constant uproar. Beautifully executed plays under the basket as well as rapidly executed up and down court play as well as for squad. Following in the footsteps of their elders, the second team was downed to 31. Ecorse is in first place in the Twin Valley League with four wins and no defeats. Dearborn and Ypsilanti closely follow with three victory games and one defeat each.

Student Publication Friday, January 23, 1942 With Faculty Supervision

### Figure Skating Class to be Formed

A figure skating class is to be organized with Miss Taylor as the instructor. A meeting will be held in her room for those interested. The instructions will take place at Newburg; as yet the time has not been set.

### Basketball Leads In Popularity

Why is basketball a more popular sport in Plymouth than football? This year only 400 out of 1,120 enrolled students purchased football tickets. Is this because basketball is held in the evening? Many students work after school and therefore are unable to attend football games unless these are night games. This coincides with the motto, "Work Before Play."

Is it because basketball games are held indoors that more people attend? There are many students who have colds and do not feel like standing in the rain or cold for two or three hours but like to see basketball games because these are inside. Maybe basketball games have a larger attendance because they are easier to understand. Girls play basketball and therefore they understand it more thoroughly than they do football.

Basketball is also a faster and shorter game than football. For each quarter in a football game there are twelve minutes and in basketball, eight minutes.

### Leads Selected For Senior Play

Carl Hosier as Henry Aldrich and Rosalind Postill as Barbara Pearson were chosen for the leads of the senior play "What A Life!" There will be only one cast instead of the usual two. "What A Life!" depicts the experience of an average high school student, Henry Aldrich, who gets in and out of trouble as fast as anyone could. This play to be held March 19 and 20 should be put on the "must" list of everyone who enjoys good high school humor.

### Classroom Boners

If certain prominent men of today could have listened in on Miss Fiegel's current events quiz, they would have been surprised to find themselves serving in entirely new capacities, according to some students. For instance, it was stated that Winston Churchill is secretary of the United States Navy. Ernst King is head of the United Mine Workers, and Vice-president Wallace is secretary of state.

Other boners pulled by American history students are: the Burma road carries supplies to Russia; Bengal is in Germany; Singapore is an important base in Japan. It's now the National Defense Mediation Board.

One student thought it would have been a good idea to have second hand slaves. A second year algebra student performed this operation (+2) (-1) = 3.

Another student has formed an organization for Miss Wells' second and hour class. Its title is FAAS (Follow Advanced Algebra Students).

### Teachers Attend Club Re-Elects Frances Weed

The teachers of the homemaking department attended a regional meeting at Welch hall, which is the home economics building of the Michigan State Normal college on Saturday, January 17.

Since the meeting convened for the whole day, Miss Lundin attended the morning session which included a panel discussion on family health in homemaking education, and Mrs. Seale went in the afternoon when a general discussion on nutrition was held.

### Club Re-Elects Frances Weed

Frances Weed was again chosen president of the Senior Girl Reserves in the election of club officers for next semester Thursday, January 15. The other nominations for president were Marie Ann Miller and Allene Parmelee. Nancy McLaren was re-elected secretary, defeating Jacquelyn Opper and Virginia Dunham. Those running for treasurer were Dorothy Ritchie, Hazel Pankow, and Carmel Stitt who was elected. The vice-president nominees were Marion Goodman, Annabelle Becker, and Virginia Garrison. Virginia has been vice-president before and will take that office again next semester. Ruth Drews is still Inter-Club counselor, Dorothy Fisher having been the other candidate.

### Senior Sketches

Fred Millard, a lieutenant of P.H.S.'s police force, has a hobby of saving old coins. This tall blond was born of Fred and Jessie Millard in Detroit, moved to Plymouth shortly and thence to his present home, 11325 Berwick, Rosedale Gardens. Fred wants to be a "first-class mechanic." Like most other seniors, he, too, has a pet peeve: "Gabby women in the back seat."

### Behind Scenes

After this issue about nothing special, we are retiring from the press; not that we want to put the Aspirin people out of business, but we're just tired of finding our unimportant news in and about school, especially when it has just come to our ears after being digested in the mill of public chit-chat for several weeks.

When we glanced through our previous "Scenes," we decided to dwell on their highlights. For instance, last September 18, two weeks after school started, L. K. found out that school started 15 minutes earlier than it used to. During the last week of that month Homer discovered that the shape of kisses were elliptical. And then we related October 17 the experiences with L. N.'s partially knitted hat. Incidentally, N.B. (sophomore) is now sporting a similar nightmare in blue.

And then there was our disertation on the sitting positions of the library inhabitants as of October 24. We understand that they are using the latest modern and contortions now. The following week that pheasant bone made its appearance on bulletin board in Room 33, "reserved for material pertaining to mathematics and the Girl Reserves."

We were caught November 28 with a broken "e" on our typewriter. The next Friday, the day of the Prom, we "hinted" to the girls about being on time for a change. We still get some chilly feminine stares.

About our "Gustapo." It all happened when in our list of "withouts" (November 14) we mentioned "Louis Kolin without his Gestapo." Through a typographical error the last word became "Gustapo." We understand that they are using the latest modern and contortions now. The following week that pheasant bone made its appearance on bulletin board in Room 33, "reserved for material pertaining to mathematics and the Girl Reserves."

Another student has formed an organization for Miss Wells' second and hour class. Its title is FAAS (Follow Advanced Algebra Students).

### Gettin' Around

Old King Winter sorta let the young set out last week-end (and it got warm as toast especially on Sunday, but a awful lot of rug-cutters had another celebrity on their minds anyway. This week's object of a lot of the usage was Glenn Miller at the Michigan theatre in Detroit. Among the throngs Saturday afternoon and evening were Carolyn Kirk, Rosemary and Ann Ray, Beatrice Eber, Janice Downing, Bob Vogtin of Northville, Jean Crandell, Bill Upton, Sally Jean Haas, Milton Humphries, Dick Vago, Virginia Moss, and Jack Baker. Sunday afternoon Dot Fisher and Patty Hudson pushed through the mobs to see him and Monday Elaine DePlanche, Sheik Erdelyi, Elaine Waters and Bob Sessions listened to his smooth music.

Ruth Keefe and Earl Habb of Ann Arbor surely "got a round" 'cause they saw Sonja Honie and Glenn Miller the same week.

Jean Crandell, Bob Bovee, Louise Powell, and Arthur Robinson enjoyed some light opera at the Ford Sunday Evening Hour last week-end.

Russ Downing, C. A. Hoffman, Jack Labbie, Pinkie Folsom and Don Williams weren't the only ones that were awed by the perfection of the famous bowler, Andy Vappapa, when he appeared at the Livonia Recreation on Saturday night.

The only skating party Yours Trunk heard about last week was the one given by Rosemary Millard on Saturday afternoon. Her skating guests were Betty Arnold, John Hopkins, Edith Nolte, Bernard Birt, Kay Fisher, Bill Bauman, Joan Gillis, Ortain Scholle, Juanita Petty, Albert Tobin, Jack Cubber and Fred Hopkins.

Thursday evening to celebrate the completion of exams Janice Downing, Bob Vogtin of Northville, Don Fisher and Bob Fisher went to the show in Ann Arbor. Next week may be the President's birthday but last week was a mighty busy week in the way of birthdays in Plymouth. Elaine Waters was the hostess at her birthday party Saturday night. To help her blow out her candles she had Elaine DeRue DePlanche of the class of '41, Eldon Martin, Pat Gregg, Bob Erdelyi, Betty Jewell, Bill Brose, and Bob Sessions besides out of town guests.

After a few fast games at the bowling alley, Mazie Bakewell, Betty Wagonschutz, Shirley Price of Northville, Marj Stout, Nina Jean Lawson and Gloria Eckles had a pajama party at Gloria's to celebrate the birthdays of two of the guests—Charlotte Flaherty and Dorothy Smith.

Mrs. Chute gave her son, George, a surprise party for his birthday Friday night. The band of conspirators consisted of Allene Parmelee, Ruth Drews, Gordon Ross, Marie Ann Miller, Louise Keen, Jo Ann Steinhurst, Joe Measel, Doris Langsdam, Jim Sexton, Signe Hegge and Bob Bachelder.

Ruth Drews and Gordon Ross saw the senior class play at Redford high school Saturday night before going to Scribe's in Pontiac.

### Sixteen Girls Earn Senior Letters

Pat Evans is the only senior who earned her 400-point letter last semester. Several other seniors are working for theirs. Marie Ann Miller, Nancy McLaren, Jean Crandell, Elaine DePlanche, Leona Niedospal, Shirley Jacobson, Irene Kraech, Faith Brandt and Leona Bakhaus have received their 1000-point letters. These can be earned in four years, while the 400 ones are earned only during the senior year. The cheerleaders Sally Jean Haas, Josephine Armbruster, Nina Jane Lawson, Charlotte Flaherty, Phyllis Nichols, and Wilma Lounsbury were awarded letters for their work.

### U. of M. Instructor Aids Musicians

Mr. Klebsattel from the music department of the University of Michigan has begun instructing students who have taken advantage of the plan offered to further their musical ambitions. Both private and group lessons are given during school and on Saturdays.

Those who have taken advantage of the plan, though no credit is given, are Bernice Miklosky, Marion Miklosky, Allene Parmelee playing the violin; Howard Agosta, Sally Agosta, Jay Dageckie, Harry Krumm studying the cornet; Kathleen Blossom, Don Coon, Jack Olsaver, Richard Wall, Ellen Smith, Barbara Green, Bill Bateman, June Van Meter, Dorothy Woodbury, Malcolm McGregor, Mae Laing, George Muir playing clarinets; Bob Bachelder, Paula Hoencke, Valeri Kohn, the French horn, and Bob Chito, Robert McClelland and Freeman Hover are playing saxophones.

Students from both grade and high school may take these lessons. Many are beginners, while others are trying to improve the quality of their music. Through this plan it is expected that the band and orchestra will improve.

### Inquiring Reporter

This analysis represents a cross section of senior high school students to find what the average boy or girl reads in the newspaper. The returns show that the four features mainly read in the daily news begin with funnies ranking first, the daily news second, sports third, and then radio news.

In the Sunday papers, the rotogravure section is read 100 percent with the funnies and magazine section close in popularity. Financial news, book reviews, and art notes are read the least. Comparing the thoroughness of the reading done by boys and girls, it was found that the girls read the paper better daily than do the boys. Most young people skim through the paper and read the features occasionally.

It is interesting to note that only 3 per cent of the 29 students interviewed, read editorials daily while 93 percent read the funnies. The daily society news is read by 20 percent, art notes by 3 percent, and columnists by 20 percent. The news is read 66 percent and the radio page by 59 percent. From this one can see that students do not care much for serious reading.

**Not to Appeal Damage Verdict**  
**Hamills to Take No Further Action**

No appeal will be made by Mrs. Maurice Woodworth of Plymouth and her father, F. W. Hamill, railroad station agent, on a court decision issuing a judgment against them for \$39,500 damages, awarded to Robert Robinson, 15 years old, of Northville. The decision was rendered by a jury before Judge Thomas J. Murphy in Circuit Court last Thursday.

The suit awarded \$30,000 to the boy and \$9,500 to his father, Frank Robinson, for hospital expenses resulting from an automobile accident which left the boy paralyzed. Mrs. Woodworth was the driver of a car which collided with another in which Robert was a passenger at the intersection of Six Mile and Sheldon roads on January 15, 1941. It was charged that Mrs. Woodworth drove through a stop sign. The boy was thrown from the car in the crash and suffered a severed spinal cord. He is still a patient in Sessions hospital in Northville.

The United States is gradually being freed from tuberculosis. In 30 years the death rate has been cut by 75 per cent. Christmas Seals have helped to finance these victories.

**Keep An Eye on Your Spare Tire**

**Mighty Easy for Extra to Be Stolen**

The greatest stock of new tires in Plymouth is made up of the spare tires stored in the rear compartment of passenger cars. They also know that the average motorist rolls into a parking lot and leaves his car with the rear compartment key on the same ring with the ignition key, which is left in the ignition lock. If the parking lot attendant is engaged elsewhere—or, as sometimes happens, is cooperating with the thief—the thief uses the car owner's key to unlock the rear compartment and take the spare tire. He then carefully closes the rear compartment and returns the keys to the ignition lock. The owner returns to get his car, drives out of the lot—and it may be weeks, or even months, before he learns that his spare has been taken. He has had no way of knowing where the tire was taken, or when. He's just out a spare tire, and these days can't get another to take its place.

"Keep the key to the rear compartment in your pocket, then you won't be inviting a thief to help himself," says L. B. Rice of the auto club. "Where one key locks both ignition and rear compartment, find a lot where you can lock your car and take the key with you. Or you might store your new spare tire and substitute therefor a used tire still available in most tire shops."

Onekama, picturesque resort town on Portage Lake, takes its name from the Indian word meaning "Place of Great Beauty."

**Librarians to Hear Of War Propaganda**

The Metropolitan Library club has engaged Sir Angus Fletcher, retired director of the British Library of Information, as the speaker for the meeting February 3. This will be a joint meeting with the Ann Arbor Library club. It will be held in the new Rackham building, Farnsworth at Woodward at 8:30 o'clock. The subject of the address will be "The War Uses of Propaganda."

How much better is it to get wisdom than gold and to get understanding rather to be chosen than silver!—Proverbs 16: 16.

## AWAKE, AMERICA!

News dispatches from the war fronts continue to tell of fresh yellow Pygmy advances against American forces. They tell of the cries of American commanders and American soldiers for more guns, more planes, more men, more ships, more of everything needed to fight a grim and total war.

No true American likes to read or hear news which indicates that AMERICANS are being pushed around.

It is not good news and it is not the kind of news we had expected to read many weeks after the war effort had started. But nevertheless we must admit that the war has not been going well with our country and that apparently there are many more serious defeats lying ahead for our armed forces.

The time has arrived for America to wake up! What we need is the true American spirit, the spirit that has carried our nation through many critical periods in the past. We must awaken.

We need the WILL TO DO! The FIGHTING SPIRIT—that's what the boys on the football field call it—the FIGHTING SPIRIT!

We do not need to put on a uniform to get into the fighting spirit. All we have to do is to live and breathe the spirit—the WILL TO DO.

If Nelson says he wants us to get along without something, let's say "O.K. Nelson, but let's get going in a big way."

If the President says he wants us to get up earlier in the morning, so as to save electricity, let's do it without grumbling and thank God we can get up in the morning.

We have been dreaming too long. It is time to WAKE UP and get into motion—GET GOING—like America can go! We've got a big job on our hands, let's do it and get it over with!

## IT CAN BE DONE!

Sixty thousand fighting planes in a year? Did some one say it could not be done? Well, it can be done! IT WILL be done if we Americans set our hearts to the task. Not only should we produce 60,000 fighting planes in a year—we should make it a hundred thousand if our President thinks it is necessary. It is going to take work, plenty of hard work, but it will not hurt us much as we have twiddled our thumbs for eight long years and we are thoroughly rested for the Herculean task at hand. All that true Americans ask is that we be told what and how to do—and there is no question as to what the results will be.

## THE SAFEST INVESTMENT

Just how safe is an investment in a Defense bond? Will the buyer get his money back?

There is but one answer to these questions. There is no investment which is safer than an investment in a Defense bond. The buyer will not only get all of his money back, but he will get nearly three percent interest on his investment as well.

The only way one can lose on a defense bond will be to lose the war. If the war is lost, everything is lost. We can help win the war by investing every penny we can spare in Defense bonds.

## WE ARE SORRY

Announcement has been made that the Ford Motor company will, beginning in March, terminate its famed Sunday Evening Hour of concert music. This has been one of the outstanding radio programs of America. Not only has the music been of the highest type, but the brief addresses delivered each Sunday evening by William Cameron have been a chief source of true American inspiration. We hope that Mr. Ford will work out some sort of a plan whereby Mr. Cameron's talks to the country may be continued. In the trying and disappointing days and months to come, his inspiring expressions of faith in America, faith in the future and faith in our own ability to do things, will be sorely needed. It takes the sort of inspiration that Mr. Cameron imparts to cheer us on to the victory we MUST WIN.

## OUR TICKET

"There will be no election in 1942 or 1943," said a citizen of this city to the writer the other day.

He is wrong. There WILL be an election this fall and in 1944 and every two years thereafter.

This is America! It is not a dictatorship!

There will be a "hot" presidential election two years from now.

We will fight the squirming, pink-tinted, double-dealing, Nudal coat-tail riders to a finish.

We want none of them in our government.

Our ticket, the Republican ticket, WILL be Frank Knox for president, Tom Dewey for vice president, if The Plymouth Mail has anything to say about it. They are both products of our own Michigan.

While other Republicans are running around, wringing their hands and asking, "Who are we going to run for president—we haven't anybody." The Plymouth Mail contends that we have a ticket that will sweep the country—Knox and Dewey.

Meanwhile, we have other things to think about. We have a tremendously important job to do—we have given you the names of our candidates—now let's buckle into the real job and thresh the yellow Pygmies, Hitler and Mussolini so badly that they will never again threaten world peace and world progress. We are with President Roosevelt ONE HUNDRED PERCENT in this task. And might we say that he is right now doing a MIGHTY good job.

## J. JOHN POPE

It was with surprised grief that the writer learned a few days ago of the sudden and untimely death of J. John Pope, editor and publisher of the Grandville Star-Alliance. His passing ended a friendship that has continued for much more than a quarter of a century. Editor Pope was one of those outstanding, loyal and devoted citizens a community can ill afford to lose. He was a crusader for all of that which is for the good.

## A Giant Awakens

He was fearless, independent and possessed the ideals that we all respect. To his family we extend our deepest sympathy and to his community our regrets in the loss of such a useful citizen.

## THE "OTHER 21"

Pages of the great metropolitan newspapers have been filled with stories and articles about the unfortunate death of Carole Lombard, motion picture actress, in an aircraft accident while flying over the Rockies. These same newspaper reports said 21 "others" had met a similar unfortunate fate. It is about these "other 21" that we wish to comment. Fourteen of them were soldiers in Uncle Sam's Army, men who had sacrificed all so that our country might live. We regret, too, the death of a motion picture glamour girl, but it is with the deepest regret that we note the death of the "other 21," every one of them an American hero who sacrificed his life for our country. All honor to the victims of the unfortunate aircraft accident who failed to win barely a mention in newspaper dispatches.

## 25 YEARS AGO . . .

And 50 years ago news taken from the files of The Plymouth Mail

Postmaster Howard Brown has received notice from the post-office department that free mail delivery service will be inaugurated in Plymouth May 1, 1917. This will be welcome news to our citizens and especially to those who reside in north village, who are compelled to come a long distance each day for their mail. Several years ago it was expected that free mail delivery would be established here and preparations for its inception were completed with at that time by the village council, in the matter of street signs, the building of cross walks and numbering of houses. Mail will only be delivered on streets on which there is a sidewalk and every resident must provide a suitable receptacle for mail. When the service is installed there will be two regular carriers and one substitute. There will be two deliveries each day, between and afternoon.

A quiet, yet pleasant affair was the marriage of Anne Erickson and Carl Schoumann. Both bride and groom came from their native countries, Sweden and Germany. The marriage ceremony was performed by Rev. Charles Strasen at the home of Mr. and Mrs. S. L. Barnett on Starkweather avenue. The bridegroom has made his home for the last five months. The bride was escorted by Miss Mildred Carlson.

Mrs. F. A. Dibble left Sunday for Venice, Florida, where she expects to remain several weeks with her sister and husband, Dr. and Mrs. Robert Baird.

At a meeting of Plymouth R. I. O. O. F. on January 12, the following officers were installed for the ensuing year: Rate: Baird, N.G.; Eva Knapp, recording secretary; Eva Knapp, V.G.; Mary Galt, financial secretary; Essie Lovell, treasurer; Carrie Jewell, warden; Agnes Masala, conductor; P. S. Wilson, chaplain; Annie Medaugh, inside guard and Edna Murray, outside guard.

At a meeting of Torquish lodge No. 22, I. O. O. F., last Tuesday evening, D. G. M. George Knapp, as installing officer, installed the following officers for the ensuing year: Fred Wagenschutz, P.G.; Arthur D. Wright, N.G.; Fred J. Hietzler, V.G.; Charles G. Curless, R.S.; George E. Humphries, N.S.; George C. Galt, treasurer; L. Dean, R.S. to N.G.; P. S. Wilson, L. S. to N.G.; A. Trinkhaus, warden; A. Groth, conductor; E. King, R.S.S.; J. Pinckney, L.S.S.; Ivan Dougherty, O.G.; A. R. Taylor, I. G.; W. J. Stewart, chaplain; E. Trinkhaus, R.S. to V.G. and J. Mastie, L. S. to V.G.

The Busy Woman's Bible class will hold a mysterious social at the Presbyterian church this Friday evening at 7:30 o'clock. The ladies will serve refreshments for which they will ask a few pennies for each article served. Everybody come and have a good social time and help to solve the mystery.

Dan McKinney has been filling the ice house of the Detroit Creamery company's milk sta-

tions at Elm, Perrinville, Stark and Plymouth, the past week.

The Pythian Sisters held one of their pleasant monthly dining parties at the home of Mrs. E. Wood, Thursday afternoon. About 15 ladies were present and light refreshments were served.

Frank Oldenburg was one of the lucky exhibitors at the Poultry show last week. Oldenburg brought home five ribbons and several cash prizes on five of his White Rock chickens. Frank certainly has some fine birds.

Born, last Tuesday, a daughter to Mr. and Mrs. Wilbur Malt. Saturday, January 20, a son was born to Mr. and Mrs. Arthur Burden.

## ROGER BABSON SAYS . . .

Get Out of Debt and Buy Defense Bonds

Babson Park, Florida, January 16. The recent report of the Committee on Non-essential Expenditures headed by Senator Byrd is a step in the right direction. This committee has recommended slashes in non-defense governmental expenditures which would result in savings totaling \$1,718,965,001 during the coming fiscal year beginning July 1, 1942. In all probability the Committee's suggestions will not be adopted in toto. There is, however, considerable sympathy in official Washington toward many of the suggestions. Unquestionably, substantial savings will be made in Farm Aid, Public Works, W.P.A., C.C.C. and N.Y.A. expenditures as was indicated in the President's Budget Message. Even if a great part of the above-mentioned sum is withdrawn from non-defense measures it will not have much effect upon the national debt. Savings will undoubtedly be transferred to an Armament Program. Here at least, continued expenditures are absolutely necessary and will be of more immediate practical value. In a fighting war, it is essential that national expenditures rise to a maximum for offensive action and that other expenditures be kept to a minimum. Those who have reduced their personal debt need not now be concerned over the national debt

though I expect it to be over \$75 billion by the end of the year. Expenditures for direct and indirect individual Federal aid for the past six months of the current fiscal year alone have reached a total of \$1,080,000,000 compared with \$1,560,000,000 for the six months of the previous year. While there have been a great many complaints yet, in time of dire national stress, this money served a most useful purpose. It took men off the streets who might have become a great social menace and helped many needy farmers.

I do not regret the increase in taxes that my share of our social program has cost. Many persons are too quick to forget the angry cry against unemployment, poor housing, low standards of living, and other defects in our social structure. Mr. Roosevelt did not make these bad conditions, although they were the rising tide which lifted him to the Presidency. Unfortunately, in spite of his magnificent handling of our foreign policy, his very success with our domestic economy may in the end react to his disadvantage and wash him out of office.

I also do not regret the national cost of agricultural aid, of National Youth Administration, or of the building of public works and federal highways. Certainly, however, the condition of the farmer is now temporarily improved. We can well do without public works although I favor highways. Furthermore, the majority of the young men now in C.C. camps and helped by the N.Y.A. as well as the older group working for the W.P.A. will, in the next draft call, be allocated to some form of active army service or to armament production.

I have said before in this column that while national debt has risen, yet the private and public debt of many individuals, corporations, municipalities, and states has declined. This is another reason why I have not become greatly concerned by the increase in the national debt especially in the case of those who have reduced their corporate or personal debt proportionately. Profits have helped many companies to cut their loans. The rise in engineering construction and residential building has increased local tax receipts. Municipalities, as a whole, are in a much sounder financial position than they were a few years ago. The rise in both commercial and savings bank deposits, in the purchase of life insurance and Defense Bonds shows that many individuals are getting out of debt. Are you—my reader—one of these lucky ones?

In this last category, the Government itself is setting a good example in not making these bonds negotiable. Defense Bonds are being paid for in cash which, in effect, is transferring one form of savings account to another form. Their purchase by individuals, trustees, associations, and corporations is certainly not increasing our personal debt. In its tax-anticipatory notes, the Government is also encouraging individual and corporate savings against future expenditures. This is helping you to establish a "pay-as-you-go" program which I beg of you to do.

Debt has probably caused more misery than any other single

factor in our daily individual lives. The high wages and profits of World War I brought about the installment buying system. This undoubtedly proved a great convenience to countless individuals; but in the main it greatly aggravated the post-war depression. There is a vast difference between a government getting into debt and an individual getting into debt.

In the first instance, if pressed too far, the government has means of devaluing its money or printing new money. This, of course, works hardship upon many; but at the same time is quite different from personal bankruptcy or "going on the town" which the individual faces

when he spends beyond his means.

Instalment buying not only mortgages the individual for months ahead; but at the same time tempts him to buy things for which he has no real need. Certainly one is wise to buy nothing more on instalments until he has fully paid all present obligations. In times like these when wages in some lines are high and payrolls are large, "easy money" goes to the head of many individuals. To such I say with Shakespeare, "Never a borrower nor a lender be," and clinch the argument from the Apostle Paul who advised, "Owe no man anything."

Just back from Florida, Charles Hadley suggests one of his old favorites for our Special Saturday . . .

## THE STORY OF ELECTRICITY

Number Two in a series published by The Detroit Edison Company

For more than 2,000 years after Thales' experiments with amber and lodestone, his discoveries lay dormant. No one recognized their great importance and significance, or troubled to follow them further. Not until the year 1600, in the reign of Queen Elizabeth of England, was the thread of electrical knowledge again picked up.

Dr. William Gilbert, Physician in Ordinary to the Queen, was a far from ordinary person. A doctor by profession, he performed and recorded so many experiments with "electrics" that his observations were published in a book, "De Magnete." This monumental work represented 17 years of study and research, and is a magnificent example of inductive philosophy. Written with the "inquiring mind" of a true scientist, Gilbert's book laid the found-

ation of the whole science of magnetism as we know it today. Queen Elizabeth and her Court were so interested in his demonstrations that he was granted a pension of £100 a year to further his studies.

Gilbert took up the study of amber, and showed that its power of attraction was common to many other materials: glass, resin, sulphur, rock crystal, sapphire, diamond. These substances he called "electrics." He also showed that the earth itself is a giant magnet, and that this explained the behaviour of the magnetic compass. He used a sphere of lodestone to demonstrate the earth's magnetism. He also devised the "versorium," a light needle or pointer mounted on a pivot for detecting electric charges. The Great Fire of 1666 destroyed nearly all of Gilbert's instruments.

## GILBERT

and Queen Elizabeth discuss magnetism
