

City Receives First Aid Supplies

Completes Equipment of Casualty Stations

Plymouth received delivery this week of about \$350 worth of first aid equipment to supply the city's casualty stations for civilian defense. The purchase of this equipment was made possible through the gift of \$300 from the local chapter of the Red Cross.

The shipment includes splints, rubber sheets, surgeon's gloves, hand towels, spot lights, tourniquets, bandages, gauze, hypodermic syringes, a supply of various drugs and medical instru-

ments for emergency use at defense posts.

Medical defense services, organized under Dr. Luther Peck, include two ambulances offered for emergency calls by the Schrader Funeral home and medical squads with staffs of physicians and registered and practical nurses.

Church to Present Movie of China's War

"Life and Progress," a motion picture filmed during the continued undeclared war in China, will be presented by Roland Shang-Yong Lawler at the First Methodist church in Plymouth next Wednesday evening, April 22 at 7:30 o'clock.

Mr. Lawler, native Chinese missionary, recently arrived in the United States in the interest of China's Christian missions and relief for war-distressed. He personally filmed 1600 feet of pictures in Free China and the invaded areas including Chungking under actual bombing, Omei the Holy Mountain, and scenes of destruction of life, homes, schools, churches and hospitals. A free will offering will be taken for China relief.

FIRST CHURCH OF CHRIST Scientist. Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service 8:00.

"Doctrine of Atonement" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, April 19. The Golden Text (Hebrews 9: 24) is: "Christ is not entered into the holy places made with hands, which are figures of the true; but into heaven itself, now to appear in the presence of God for us." Among the Bible citations is this passage (Romans 5: 8-11): "God commended his love toward us, in that, while we were yet sinners, Christ died for us. Much more then, being now justified by his blood, we shall be saved from wrath through him. For if, when we were enemies, we were reconciled to God by the death of his Son, much more, being reconciled, we shall be saved by his life. And not only so, but we also joy in God through our Lord Jesus Christ, by whom we have now received the atonement." Correlative passages to be read from the Christian Science text-book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 23): "The atonement is a hard problem in theology, but its scientific explanation is, that suffering is an error of sinful sense which Truth destroys, and that eventually both sin and suffering will fall at the feet of everlasting Love."

FIRST METHODIST. Stanford S. Closson, minister. "A mighty fortress is our God, A bulwark never failing, Our helper He, amid the flood of mortal ills, prevailing." In these majestic words, Martin Luther pictures God as man's first line of defense. Come to church and fortify your soul. 10 a.m., Sunday school; 11 a.m., church service. The pastor will continue his sermon series on "The Divinity of Jesus." This week's theme will be "His Love." The object-sermon for children will be two more lessons from "A Straight Pin." This is a family hour with nursery, primary church and junior church for the children. The Youth Fellowship will not hold a regular meeting Sunday evening but will attend the District Drama Festival at the First Methodist church in Ann Arbor. Three religious plays will be given in the afternoon and three in the evening. Wednesday, 7:30, moving pictures of China will be presented by Mr. Lawler, a native Chinese. These pictures will be of the war in China and of Christian work being carried on. An offering will be taken and everyone is invited to attend. Wednesday, 7:30, Boy Scouts—Troop P-1. Thursday, 7:30, Choir Rehearsal.

Methodist Church Has Annual Meeting

Reports submitted at the annual meeting of the Methodist church Monday evening shows that there are now 552 members of the church in this city. This is an increase of 72 during the past year.

Dr. W. E. Harrison, district superintendent, who was present, highly complimented Rev. Closson and the church upon the excellent work that is being done in this city. The Woman's Society of Christian Service now has a membership of 256, being the largest group of its kind in this district.

The church is now entirely free of debt and is hereby able to extend its financial aid to various church activities.

Good Service Costs No More

You may believe, as some do, that the perfection of our service has raised the cost of funerals to our clients. This is definitely not the case.

We provide sympathetic, expertly directed funeral services at fees as low as those charged by any mortician in the community. Our superior facilities and modern equipment only add to the efficiency with which we serve you; they do not increase our prices.

Truck Overtakes Near Park Bridge

15-Year-Old Driver Upsets Gravel Load

A gravel truck, driven by a 15-year-old boy without a chauffeur's license, overturned on Northville road near Edward Hines drive Monday morning. The young driver escaped injury but traffic was impeded for three

hours on the bridge when the truck load of six tons of gravel was upset. The truck went over the curb and overturned when the young driver attempted to avert hitting a car which swerved ahead of him. State police issued a ticket to Roger Minch of Garden City, owner of the truck, for allowing a minor to operate a motor vehicle.

A man of grumbling spirit may eat a very poor dinner from a silver plate, while one with a grateful heart may feast upon a crust.—E. P. Brown.

Society News

Starks Return from Winter Vacation

Mr. and Mrs. Howard Stark and family have returned from a winter vacation spent in Texas and other southwestern states. He has been entirely restored to health and immediately upon his return home, discarded his automobile and took a bicycle for transportation. The vacation was one of the most enjoyable the family has spent in years, he stated.

Plan to Aid Farmers Get Help

Farm Group to Recruit Workers

The work of recruiting and placing farm labor in Wayne county will be handled primarily through the offices of the local Farm Placement Representatives of the United States Employment

Service, according to Fred C. Ernest, chairman of the Wayne County USDA War Board.

The Farm Placement representatives for Wayne county are Alfred Morton, whose office is located at 22199 Michigan avenue, Dearborn, Michigan, phone 1900, and James Kacena whose office is located at 31 Chestnut street, Wyandotte, Michigan, phone 1880.

Farmers who are looking for hired help are advised to contact the offices of the Farm Placement representatives or Fred Ernest, chairman of Wayne County USDA War Board whose office is in the AAA office. Anyone looking for work on a farm is advised to follow the same procedure.

A Farm Help Clearance service will be established at the county War Board office, 3901 Newberry street, Wayne, Michigan.

This service is available for a two-hour period, 7:00 to 9:00 p.m. each Tuesday evening. It will provide a meeting place for the farmer and the prospective farm worker so that the farm job can be matched with the farm workers.

U. S. Needs Skilled Mechanics in Panama

Skilled men are wanted immediately to help bolster the defenses of the Panama Canal, according to an announcement today by the United States Civil Service commission. Wages to be paid qualified craftsmen are unusually high and transportation to the canal zone will be furnished by the government. Applications are being received by Warren S. Perkins, a civil service commission secretary at the Plymouth postoffice.

The list of workers needed includes machinists, instrument repair men, armature winders, wiremen, toolmakers, mechanical engineers and draftsmen, blacksmiths, marine boilermakers, and coppersmiths, pattern makers, mill hands, boat builders, sailmakers, riggers, shipfitters, shipwrights, and engineering draftsmen.

20-Year-Old Joins the Army

Robert Kenyon Enlists "to Help Brother"

Robert Kenyon, son of Mr. and Mrs. Earl Kenyon of Ann Arbor Trail, is the first Plymouth volunteer among the group of 20-year-old registrants from February 16 to enter military service. The local enlistee was inducted into the army with a group of selectees Friday morning (today).

Robert, a graduate of Plymouth high school, a former student at the Edison Institute of Technology at Greenfield Village, and Michigan State college, East Lansing, enlisted to help his brother, George, 22 years of age, who is stationed with the balloon barrage fleet on the west coast. George, who is now a corporal, has been in the armed services for the last year and is on active patrol duty. A picture of the balloon on which he is stationed was featured on the cover of a recent issue of Life magazine.

The Kenyons have two other sons, Jack, 16, who is a junior at Plymouth high school, and Gale, 30, an engineer at the Vultee Aircraft plant in California.

Library Receives Many New Books

Story Hour Group Meets Saturday

The Plymouth branch of the Wayne county library received a large selection of new adult fiction and non-fiction and juvenile books this week.

The children's story hour will take place at the local library Saturday morning at 11 o'clock and Mrs. Agnes Pauline, assistant librarian, will recite two stories, "Mr. and Mrs. Vinograd," and "The Fish and the Ring," from a collection of English fairy tales by Steel.

New books in the adult fiction group include "Storm," by George R. Stewart; "The Moon Is Down," by John Steinbeck; "Secret Son," by Sheila Kaye-Smith; "Murdered One by One," by Francis Beedings; "Unconscious Witness," by R. Austen Freeman; "Message of the Mute Dog," by Charlotte Russell; "Full Crash Dive," by Allan Bosworth; "Border Line," by Jackson Gregory and "Murder Chop Chop," by James Norman.

In the new adult non-fiction collection are "Inside Latin America," by John Gunther; "Promised Land," by Mary Austin; "The Best One-Act Plays of 1941," by Margaret Mayo; "Button Classics," by Couss and Manie; "The Pageant of South American History," by Anne Peck; "High Conquest," by James Ullman; "Diesel Engines and Fuels," by the War Department; "Air Raid Safety Manual," by Captain Teyson; "Wright Brothers, Fathers of Flight," by John McMahon; "Metal Processing," by Orlan Beston; "How to Increase Reading Ability," by Albert Harris and "Bridges and Their Builders," by David Steinman and Sam Watson.

The list of new juvenile books includes "Mr. Pink and the House on the Roof," by Edith Heal; "Sarah Deborah's Day," by Charlotte Jackson; "Helpers," by John Waddell and "Everyday Classics, First Reader," by Franklin T. Baker.

Chairman Appeals for Defense Gardens

"Do you have a garden planned? Arrange soon to have it ploughed," advises Mrs. Horace Thatcher, chairman of Plymouth's victory garden program. "Do your planning wisely so that valuable seed is not wasted. Plans for small and large gardens and how to plant them may be found in the local library.

"If you will spend some time and thought on your defense garden, with the help of the pamphlets in the library, you may save cash, effort and time," says the chairman.

V. I. Besemer, county agricultural agent and authority on gardening, will instruct a class for beginners at the Newburg school April 28 at 1 o'clock. Choice lots may be obtained for garden plots by phoning Mrs. Thatcher at 498-J.

Earl Russell Jr. of R.A.F. Home on Leave

L. A. C. Earl Lester Russell Jr. is at home on leave from the Royal Air Force after completing his primary flying course at Regina, Saskatchewan, Canada. L. A. C. Russell will report to an advanced school on April 25 where he will undergo 12 weeks' flight training in twin-engine aircraft.

Upon completion of this course, he will receive his wings and be posted to an active squadron overseas.

Has Praise for Australians

Robert Martin Is Seeing the World

From somewhere out in the vast Pacific ocean part of the world has come a letter to Mr. and Mrs. Olin P. Martin of this city from their son, Robert, who is now in the United States military forces, telling his parents that all is fine and that he never dreamed he was going to see so much of the world as he now has the opportunity to visit.

"The people in Australia are very friendly. Things are cheap here, and we are having a nice time. Have had no mail. The weather is hot and the flies bad," he wrote, in part.

In one of the letters that came to Mr. and Mrs. Martin, one entire sentence had been taken out by the censor and the part of another sentence had been eliminated. One of the letters came from "way down under" the globe in less than three weeks, which shows that mail service to Australia is prompt.

No disease is surrounded with so many fallacies and misconceptions as is cancer. It is quite commonly believed that cancer is catching, that there is a social disgrace associated with it, that it is incurable from the beginning, that it is often hereditary and that treatment makes it spread. All of these are false.

Ford Men Ride Bikes to Conserve Tires

Employees of the local Ford plants are not only working at top speed to produce tool parts for war production, but some of the men at the Plymouth and Newburg plants are now riding bicycles to work to conserve on tires during the war emergency.

The group of bike riders includes Willard Jackson, William McAllister, George Court, Leslie Evans and Dan Wright of the Plymouth plant and William Baka of the Newburg factory.

Superintendent James Gallegos joined the clan last week when he borrowed one of the men's bicycles to peddle from the Plymouth to the Newburg plant.

The men travel from distances of about two miles from their homes to work and return each day and carry their lunch pails with them on the bicycles. It's good exercise, they recommend, and a big saving on automobile tires.

Started by employees of the Ford plants, the practice promises to become more widespread among the factory workers as the tire and automobile situation becomes more acute.

General opinion exists that Smith's Hudson Motors are certainly going to finish in the top spot; no team seems to have any success in stopping them. They really have just what it takes to win: Thursday night, April 9, they again took four points, this time from Plymouth Hardware which really scented them firmly on top as Refrigerated Lockers lost four to Mayflower Taps. Wilson Plumbers crowded a little closer to second place by a four-point win from Plymouth Country Club and J.C.C. No. 1 took three from Maplelawn Dairy to close in a little also. Hi-Speed won three from Todd's Market and Wall Wire won four from Super Shell No. 2 to place those two in a tie for fifth place, but definitely out of running for the top position. Perfection Laundry again won four, this time from Oldsmobile, and Walter Harms Insurance took three from City of Plymouth. With only three weeks left in this league and only 12 points left for each team to win or lose, Hudsons are sure to hold first place, but the other spots still may change occupants.

Thursday's high three-game series were rolled by Lon Brocklehurst with 625 total, crowded close by Herb Burley with 613, Abe Cline with 612, Vern Wilson 604 and Lon Salow, 601. Other high series included Burden 591, George Ball 588, Tom Levy 582, Elmer Passage 580, Warren Todd 575, Ed Devine 575, Leo Bower 574, Jack Ross 571, Earl Lyke 564, Matt McLellan 560, Art Merryfield 557, Arnold Jaska 557, Byrl Smith 554 and Ed Kinske 551.

Beverly brought pretty flowers. We have a new girl in our room. Her name is Gail. Some girls and boys are ill. We made some health houses.

If we are neat and clean we may open our doors. The first graders have new chairs and tables.

We made a garden. It is growing. The corn is up. The beans are up. The flowers are up. We have new library books. We will have a music festival. We will sing and dance.

Last week Thursday was our 4-H club achievement night at the Wayne County Training school. Seventy-six persons from our district, including leaders, 4-H members and their families attended.

We were proud to have all of our 4-H club members take part in a citizenship ceremony.

Lois Bryan, Jean Sheppo, Dolores Schultz, and Joanne Boyce were included in the honor group for sewing and style; Bruce Kidston won honorable mention for handicraft and William Wood, who has done outstanding work in gardening and judging, was chosen to be a delegate to club week at Lansing next summer.

Mrs. Watson received a silver bowl in appreciation for 15 years leadership in 4-H club work.

Alan Kidston, our school spelling champion, is eagerly awaiting the district bee. Lois Bryan, the alternate, is studying the list, too.

Writer Describes Possible Air Attack Bombing of Detroit

"The Fire Front," an article by C. Lester Walker in the March issue of Harper's Magazine, brings the war directly to the home front. The writer reveals that an official map, showing a "zone of expectancy" including inland cities such as Chicago, Cleveland and Detroit as "vulnerable to air attack" has

been prepared by the Office of Civilian Defense.

"Designated as logical air-attack objectives because of their war industries, these towns have shrugged their shoulders for months at the idea of war or bombings. They are comparatively unprepared. Yet enemy pilots could easily reach them by night, dump their fire bombs, bail out and on landing surrender themselves for internment as prisoners of war," declares the writer who witnessed London's worst bomb sieges.

"Somewhere on the coast of occupied France the German bomber command is laying its plans. The command knows its business. It knows that Detroit is a war-industry town. It knows that it is not a city of brick and stone, but a city of combustible wooden-frame houses with shingled roofs. The Nazi command knows too, foot by foot, just what sections of Detroit are most fire-vulnerable for the command or lived in Detroit several years ago just to prepare for this job. Fifteen or 20 bombers are enough, nestled in each, 2,000 Electron bombs. When a magnesium Electron bomb strikes a roof it goes right on through. When the

bombs hit the roof-tops they are moving at better than four miles a minute. In three miles, a bomber drops a thousand, twenty at a time, a second apart setting fires below every sixty yards.

Out of every thousand bombs 133 will hit a building; of these 73 will start what are termed working fires.

The personnel and organization of the Detroit fire department are tons, the writer explains, but no American city is equipped to handle 100 fires at a time. Only New York can handle as many as fifty.

"When war hit England, London increased its fire-fighting personnel tenfold, its amount of apparatus thirty-six fold. When it came to Detroit we just have not enough if fire bombings begin," the writer concludes in his appeal for more and more trained auxiliary firemen and improved coordination and cooperation between fire fighting forces.

Police Apprehend Trio in Advertising Scheme

Through the efforts of Police Chief Charles J. Thumme and the Plymouth Chamber of Commerce, two young women and a young man were apprehended last week for misrepresenting advertising solicitations. Police recovered and returned \$32 to local business men who believed they were donating to a "worthy cause."

According to the police report, the solicitors misrepresented their business to the pastor of a local church for whom they claimed to sell advertising for church song books. The case brought a warning from the police department that all solicitors should be investigated and reported to police.

Expert Conducts Traffic Survey

Commission Receives Recommendation

A traffic survey of Plymouth streets was completed last Friday and Saturday under the supervision of W. L. Potts, traffic engineer of the safety and traffic division of the Automobile Club of Michigan. Mr. Potts was formerly an inspector in charge of police signal and traffic engineering for the Detroit police department for 27 years and was the originator of the traffic signal system.

Recommendations on the basis of the survey study will be presented by Mr. Potts to the city commission at its next regular meeting, Monday, April 20.

The purpose of the survey, conducted with the help of the Plymouth police department, is to help the city to cut down accidents and facilitate the movement of traffic to assist war materials' production.

The inspector studied accident reports in the files of the local police department and inspected several traffic hazards and frequent accident scenes. Other matters under study for future recommendations include prohibition of angle parking as a safety measure; possible widening of main arteries and re-routing of truck traffic to relieve congestion on main streets.

"It is essential that we save manpower by reducing needless death from traffic accidents, and it is also necessary to reduce property damage suffered in accidents," declared Chief C. J. Thumpe. "For wrecked cars are an irreplaceable loss today."

Church Dedicates New Parsonage

Plans Two Special Services April 19

In two special services St. Paul's Evangelical Lutheran church at the corner of Farmington and Five Mile roads will dedicate its new parsonage on Sunday, April 19. Pastor Theodore Sauer will preach the sermon in the morning service at 10:30 o'clock, while Pastor Kenneth Vertz of Detroit will be the guest speaker in the afternoon service beginning at 2:30 o'clock.

The dedication of this new dwelling marks an important day in the history of the congregation. In former years when the church was served by a pastor from Wayne, there was no need for a parsonage. However, when Pastor Sauer was called early in 1941 it soon became apparent that it would be advisable to build a home for the pastor near the church. Plans were drawn up and construction was begun last summer.

Wishing to obtain the best house possible with a given amount of money, the members decided to do most of the work themselves, hiring labor only for those things which they could not do themselves. The plan worked well. Practically every member helped in some way, making it possible to build a house with a value far above the amount actually spent.

The house presents a pleasing appearance with its dark red brick exterior and white trim. The interior is well planned with seven large rooms and bath. The parsonage will be open for inspection between the morning and afternoon services.

Gratitude is much more than a verbal expression of thanks. Action expresses more gratitude than speech.—Mary Baker Eddy.

Motor Corps to Start April 24

Red Cross Organizes Mechanics' Course

The first class of a seven-weeks course in motor mechanics for Livonia township residents will be held Friday evening, April 24 at 7:30 o'clock in the Livonia Service station, Six Mile and Middle Belt roads.

"The course is not designed to teach persons how to make major repairs on motors, but it does enable one to keep cars going during disasters when telephone calls for aid cannot be made," explains Mrs. Milton Stover, educational chairman of the local Red Cross chapter.

Mrs. G. Faulkner of Detroit will be the instructor of the motor corps' class which is open to men and women between the ages of 18 and 50 years who can pass a physical examination, are licensed drivers and who are willing to become members of either the active or reserve motor corps.

The members of the active motor corps are required to give 20 hours monthly to Red Cross work with their own or a friend's car. Those of the reserve corps will function only during a disaster and will not require the use of cars until that time. Neither are open to critics, workers, air raid wardens or auxiliary fire and police as these groups will be occupied with their own duties during an emergency.

Dr. L. M. Hotchkiss, in charge of medical services, will make all physical examinations free of charge providing applicants make appointments at the Red Cross office, Livonia 6-1761. Dr. Hotchkiss urges all graduate nurses in the township to take this course as it will facilitate transportation to casualty stations when needed.

The course includes a general knowledge of the working parts of a car, changing of tires, cleaning spark plugs, checking gas lines and emergency repairs. Trainees are asked to wear coveralls and slacks to classes.

O.E.S. Plans Dinner, Initiation April 21

The Plymouth chapter of the Order of Eastern Star will sponsor a cover-dish dinner at the Masonic Temple Tuesday evening, April 21 at 6:30 o'clock, to be followed by the initiation of new candidates at 8 o'clock. All members are urged to come and have their pictures taken.

Club Completes Transit Survey

Rosedale Civic Group Plans Open House

A cooperative transportation system for residents of Rosedale Gardens has been completed by a committee of the Rosedale Civic association under the direction of Fred VanDevender. At the regular monthly meeting of the association held at the Rosedale community clubhouse Friday evening, details of the census survey for transportation were reported by the committee.

The census survey of the subdivision which includes 400 cards reveals that there are 200 residents in the community willing to offer or trade rides in their automobiles. Anyone interested in obtaining cooperative transportation is asked to call Chairman VanDevender.

The Civic association reports 11 new members for a total membership of 222 at present. The club also discussed plans to sponsor a young people's group for those of junior and senior high school age.

The club will sponsor an open house program at the clubhouse next Saturday, April 25 at 8:30 o'clock. Mr. and Mrs. V. H. Smale are in charge of the program which will feature old-time square and round dances.

About 50 couples attended a dance at the clubhouse last Saturday evening. The committee members included Mr. and Mrs. Ralph Randall, Mr. and Mrs. Edwin Conway and Mr. and Mrs. J. C. McKernan.

Auxiliary Police to Meet April 19

Training Class Will Feature Mock Trials

Organization of Livonia's civilian defense program is progressing rapidly. The second class in auxiliary police training was held at the township hall Sunday evening with William Flanagan of the Wayne County Prosecutor's office as instructor.

The next class on Sunday, April 19 at 7 o'clock in the township hall will feature two mock trials, with the Hon. Leo Nye, justice of the peace, presiding, and two prominent Detroit attorneys, Howard L. Philpott and David Laughery presenting the cases. Members of the police class will act as defendants and witnesses.

THEY KNOW EMERGENCIES

The men and women of this company are accustomed to emergencies. For storm, flood and fire are foes that strike without warning. Of necessity, our people always are organized on an emergency basis.

Whatever war may bring, the experience gained in such emergencies by this telephone army will prove invaluable in maintaining the country's communication network.

Material shortages and war conservation orders make it impossible in some instances to supply telephone service as in the past. While every possible effort will be made to satisfy public requests, war demands come first.
