SALEM FEDERATED CHURCH. C. M. Pennell, minister. Sunday morning worship, 10:30 o'clock.

"The Things that Remain" will be the subject of the sermon. Bible school, 11:45 a.m. Sunday evening hymn-sing, 7:30 o'clock. We are looking forward to a good meeting and invite you to be present.

FIRST BAPTIST CHURCH.—Church service, 10 a.m.; Sunday school, 11:15. Rev. George Rothery of Detroit, a graduate of Moody Bible Institute, who is now attending Williams college in Missouri, was called as our pastor. He will probably come to take charge during the first few weeks in June. Next Sunday we expect the pulpit to be filled by a representative of the Highland Park Baptist church. There will be no evening service. Last Sunday the Loyal Daughters furnished a fine program for Mother's Day, during the Sunday school hour. The men's class will have charge of the program on Father's Day. We were all glad to see Rev. and Mrs. Southland again. The church mourns the death of John Shackleton and extends its sympathy to the family. The Palmer Bible class has postponed its monthly meeting until next month. The members of the Loyal Daughters' class and their friends will meet with Mrs. Clarence Lidgard at 881 Ross street, Tuesday, May 19 for their regular monthly meeting. Bring the children to play games, etc. All members please remember the white elephant table, Sunday, May 17, will be election of officers for the Sunday school during the Sunday school hour.

FIRST METHODIST. Stanford S. Closson, minister, 9:30 a.m. probationers class for juniors, 10 a.m.; Sunday school, 10:20 a.m.; probationers class for intermediates, 11 a.m.; church service, Rev. Bruce Crow, a theological student in Boston, will be guest preacher. His sermon subject will be "Praying Today." Mrs. Crow was formerly Miss Arlene Soth, daughter of Mr. and Mrs. Arlo Soth, 287 Sunset street. Bring the children to church. They will enjoy the nursery, primary church and junior church, 6:30 p.m. Epworth League service for youth, Tuesday, 8 p.m., moving pictures sponsored by the Booster class. "The Pay-Off," a temperance film and others will be shown. The public is cordially invited. No admission charge. Wednesday, 7:30, choir rehearsal; Wednesday, 7:30, Boy Scouts, Troop P-1; Friday, May 22, the Booster class will hold its monthly meeting at the home of Mr. and Mrs. Wilbur Hill, 324 Ann street.

FIRST PRESBYTERIAN church. Walter Nichol, pastor, 10 a.m. Sunday school, 11 a.m., church worship; 6:30 p.m., young people. The Sunday school is looking forward to Children's Day, which comes June 14. Teachers and pupils should be regular in attendance these weeks. The young people will meet at 6:30 p.m. Sunday. Pauline Wiedman will lead the worship period. This will be followed by the reading of "The Green Pastures" by Marc Connelly. This play reflects the religious life of the negroes of the deep South. There will not be a Spring Luncheon as announced last week. The Ready Service class will meet at the church Tuesday, May 19 at 1 p.m. There will be the usual cooperative dinner served at 1 o'clock and the program and business meeting will follow.

BEREA GOSPEL CHAPEL, Assembly of God church, corner of Mill street and Ann Arbor Trail. John Walasky, pastor. Special meetings still going on this week with John P. Brodie. Come and see the beautiful Bible chart, 7x21 feet, with spectacular electrical color effects. Hear the artist and author himself explain the Word of God. This chart is free from personal and private interpretations, being nothing but the Word of God in illustrated form in its respectful scriptural order. Meetings held every night except Saturday at 8 p.m. Sunday school, 10 a.m.; morning worship 11 a.m.; evening service, 7:30 p.m. "If we suffer, we shall also reign with Him; if we deny Him, he also will deny us." 2 Tim. 2:12.

Stewart-Brown Wedding Takes Place Saturday

Phyllis Louise Stewart, daughter of Mr. and Mrs. E. M. Stewart, of this city, and Robert C. Brown, of Detroit, were united in marriage, at 7:30 o'clock, Saturday evening in the First Presbyterian church, the service being read in candlelight by Rev. Walter Nichol.

The bride, who was given away by her father, wore a suit of powder blue with an orchid corsage. She was attended by her sister, who wore a beige suit and corsage of gardenias and rosebuds.

Rodney Mahoney of Detroit was best man and the ushers were Russell Balow and Donald Greer.

The bride's mother, Mrs. Stewart, was gowned in aqua and the bridegroom's mother, Mrs. Brown, in black. Both wore a corsage of white rosebuds.

Following the ceremony a reception for 75 relatives and friends was held in the home of Mr. and Mrs. Howard Fuller, in Detroit, cousins of the bridegroom.

Mr. and Mrs. Brown left that evening on a trip through northern Michigan after which they will be at home at 1646 Grand Boulevard, west, Detroit.

William Rudick Weds Berniece Liles Of Redford

The wedding ceremony which united in marriage Miss Berniece Liles, daughter of Mr. and Mrs. Frank Liles of Redford and William Rudick, son of Mr. and Mrs. William Rudick, Sr., of Simpson street, took place in Our Lady of Good Counsel church, Plymouth on Saturday morning, May 9 at 10 o'clock. The Rev. Victor Renaud officiated.

The bride, who was given away by her father, wore a long white satin dress of princess design, made with a sweetheart neckline. Her veil was held in place with a coronet of pearls and she carried a bouquet of white roses and lilies of the valley.

Miss Jane Liles, a sister of the bride, was maid of honor, wearing a yellow net dress with bodice of yellow taffeta. Her bouquet consisted of pink snapdragons and blue iris. The bridesmaids were Miss Mildred Adams wearing a green net dress, Virginia Salesky in an orchid colored net and Miss Marie Liles, another sister of the bride, in a pink net dress, all three carrying bouquets of pink snapdragons and yellow iris.

Lawrence Rudick was his brother's best man and the ushers were Virgil Lundberg, Ernest Hunter and Robert Rudick, a cousin.

Mrs. Liles wore a light blue silk jersey ensemble with white accessories for her daughter's wedding, while the bridegroom's mother wore a blue flowered handkerchief silk dress with black accessories. Their corsages were of yellow cornflowers, lilies of the valley and white carnations.

Following the ceremony a wedding breakfast and reception for 150 guests were held in Veterans' hall on Lahser road where music and dancing were enjoyed.

After a two weeks' wedding trip the young couple will be at home at 912 Simpson street. For traveling the bride wore a brown silk jersey dress with tan colored accessories.

Many of the guests at the wedding were from Wyandotte, Delray, Wayne, Ypsilanti, Detroit, Redford, Northville, Ann Arbor, Plymouth and Ohio.

Soldier Son Weds Girl Of The West

Mr. and Mrs. Walter Beckwith of Ann street received word Monday from their son, Frank, who is stationed in camp at Barstow, California, that he was married to Miss Ruth Makley of Las Vegas, Nevada, May 9. The marriage took place in Las Vegas, Nevada. Frank is a graduate of Plymouth high school, leaving here about five years ago. He is stationed in the anti-aircraft coast artillery at Barstow.

Police Fingerprint Local School Pupils

The Plymouth police department will fingerprint students in Plymouth high school and Central and Starkweather grade schools next week as part of an educational program in fingerprint identification. The local police department has conducted "Fingerprint Week" in the schools for the past six years.

Chief Charles J. Thumme will visit the high school next Wednesday and Thursday to identify students and the two grade schools next Friday. Parents are urged to sign certificates of permission so children's fingerprints may be placed on file in Lansing and Washington for future identification purposes.

Local News

Miss Maxine Tharp, daughter of Otis Tharp of Mahen road and Thomas Turner of Kentucky were married in Napoleon, Ohio Monday, May 11.

Mrs. Jae Cover (Jean Hadley) underwent a major operation Wednesday morning in a Cleveland hospital. Word has been received that she is progressing nicely.

## Local Son Writes From Australia

Sergeant Arnold Ash Gives Good Report

A letter arrived from Sergeant Arnold L. Ash, one of Plymouth's sons in Australia, this week. The letter, written on March 30, was sent to his sister, Mrs. S. C. LeFever of East Side Drive in Plymouth. The communication direct from the front lines in Australia describes the countryside and weather conditions which will be of interest to readers and parents of other soldiers.

"I am in the best of health. We are taking it quite easy right now but it is only because we don't expect to remain here very long. We have been continually moving since arriving in Australia, never staying in one place

more than a week or ten days. It is just getting winter here now and that means a rainy season. It is the wet part of the year and it only snows three or four times, the rest being rain," reports Sergeant Ash.

"I was promoted to the rank of sergeant last week. I have been telling this to everyone I write to because I don't know if any of the letters get home. I am enclosing it in them all in hopes that one gets there. The country over here is quite rough and you can go in some places for miles without seeing a building. It is a hunter's paradise. You can go out and get 30 or 40 rabbits a day without trying. Kangaroos can be found within 20 miles of where we are now. Each city takes pride in its flowers. Every city of any size has its botanical gardens. I have seen some very beautiful flowers, and roses about six inches across. I was unlucky in not being able to see an orchid as yet as they are not in bloom. For a country that is not supposed to be too

wealthy, they have more pride in flowers, sculpture and the like than a majority of the towns in the U.S.A.

"Since coming to Australia, I have run into some fellows I haven't seen since leaving Aberdeen, Maryland. Al Drake from Plymouth was one and 'Spider' Johnson who used to work at the 'fuzz' plant is another the folks back home might know. I haven't heard from home since January 30 but have made some friends here in Australia with whom I correspond so I am not without letters to read," concludes Sergeant Ash who was formerly employed at the Allen Industries plant in Plymouth.

## John Bloomhuff Is Now Lieutenant

Youth Graduates As Flight Navigator

John E. Bloomhuff, son of Mr. and Mrs. O. W. Bloomhuff, of West Ann Arbor Trail, received his commission as lieutenant on Saturday, May 2 upon his graduation from Kelly Field, Texas, as a navigator.

Three days after graduating from Ypsilanti Normal college on June 23, 1941, the youth enlisted in the service of his country. He was stationed at Gowen Field, Boise, Idaho, until December 14. At this time he was accepted as an aviation cadet and was sent to Ellington Field at Houston, Texas, for basic training as a navigator. He completed the 15-week course there in only three weeks and was sent to Kelly Field in Texas, where he received 15 weeks' training in specialized aerial instruction. He has recently been assigned to MacDill Field in Tampa, Florida, as a navigator on a flying fortress.

Lieut. Bloomhuff explains that navigators are the key men of a plane crew who tell the pilots of America's giant planes how to reach their objective and speed home safely again. Charting flights is the navigator's job, he explains, and the man at the controls of a big ship would rather take off without his tail assembly than leave his navigator at home. War has underscored the navigator's job—surprise attack. Navigators, the men who aim these guns, must synchronize all planes in a mass attack. If one plane arrives ahead of schedule the surprise element is lost and the mission is a failure, he declares.

"It takes teamwork by men on every job, pilots, navigators, bombardiers, engineers and radio-men; it's team work that wins and no one is playing second string in today's war of teamwork in the air," declares Plymouth's son of the air.

## Sends Cablegram From India On Mother's Day

Mrs. Olin Martin received a Mother's Day greeting in the form of a cablegram from her son, Bob, from Karachi, India. He informed his family that he was both well and healthy. Bob was apparently recently transferred from Australia to India where he was previously stationed.

Tonquish lodge No. 32 I.O.O.F. will have a special meeting Friday, May 15, entertaining district No. 21.

The members of the Junior contract bridge club enjoyed dinner at Hillside, Thursday evening, and afterward played bridge in the home of Mrs. Harvey Springer.

## Floyd Campbell Now In Australia

Letters have been received from Private Floyd Campbell, of the United States army, from somewhere in Australia, who left for the overseas early in the winter. A former employe of the Daisy Manufacturing company, Floyd writes that the scenery in Australia is beautiful, "but not quite as nice as that back home," he added.

"We have traveled over 21,500 miles since we left home. We were on the sea 45 days and nights, but we enjoyed it very much.

"We are all fine but hope this thing is over soon, so we can come home. Tell my friends to write to me. A letter from home and old friends is always most welcome.

"My address is, Private Floyd Campbell, Force 6814-2, A.P.O. 502, in care of Postmaster, San Francisco, California."

The letter was mailed from some Australian city where writing paper and envelopes are hard to get.

## What about

# A&P LOW PRICES

now that everybody is talking about

# CEILING PRICES?

• Now, and after May 18th (when ceiling prices become effective), all A&P Super Markets and A&P Food Stores will continue to give you real low prices on fine foods every day, just as they have been doing.

• The new "ceiling price" regulation will not alter in any way A&P's low price policy. This means that every day at A&P you will continue to get the best foods the markets afford at our lowest possible prices.

• And here is another important fact to remember. FOOD PRICES WILL NOT BE IDENTICAL IN ALL FOOD STORES on and after May 18th. Prices will continue to differ in food stores on the same articles—just as they have heretofore.

## OUR CUSTOMERS SAVE MONEY

A&P, during the last eight years, has made big reductions in its operating costs. These savings have been passed along to our customers, so that today they have 9c more of every food dollar to spend than they did in 1933.

It is A&P's policy to continue to conduct its business as economically as possible, thus to give you the utmost for every food dollar you spend at A&P Stores.

### Poppy Day Aids Men In Service

#### Veteran Groups Plan Annual Sale, May 23

The annual Poppy Day sale on Saturday, May 23 in Plymouth will be sponsored jointly this year by the American Legion and auxiliary, and the Ex-Service Men's club and its auxiliary. Chairmen from each of the sponsoring organizations are Don Ryder, Myron H. Beals post of American Legion; Mrs. John Jacobs, Legion auxiliary; Melvin Aiguire and Harry Brown, Ex-Service Men's club and Mrs. Wil-

liam Vanderveen, Ex-Service auxiliary.

"This year, the poppy not only honors and aids the men who defended America 24 years ago and their families, but also those defending America today and their families," declares a spokesman of the veterans' groups. The Ex-Service Men's club plans to use Poppy Day proceeds in special remembrance of the heroes of the Philippines and funds collected by the Legion and auxiliary will be used in work for disabled veterans of both wars and for needy families of men in the service today as well as those of veterans.

"Victims of the present war are naturally turning to the Legion and all service clubs for aid and our local veterans' groups want to give them the benefit of our services. The increased burden calls for increased funds. We hope the public will be generous this year because from the contributions made comes the principal means of support for our work during the entire year ahead."

#### JOHN L. SHACKLETON

John Lovenda Shackleton was born August 22, 1880 at Farmington and passed from this life May 7, 1942. He was the son of John H. and Martha Shackleton. His early life was spent at Saginaw, returning to Plymouth at the age of 13. On November 8, 1905 he was married to Miss Helen A. Lapham. Two years after their marriage they spent at Fayette, Ohio, where he had charge of the Fayette Flour Mills. Upon coming here he was engaged in a general merchandise store with Mr. Lapham, later in real estate and contracting business. During his many years of residence in Plymouth Mr. Shackleton had a most unusual place in the confidence and esteem of the community and his interests were many in the life of the city and in his church. His life held so much of kindness and thought for others.

The Plymouth Defense Council held its regular meeting Tuesday afternoon, May 12, and discussed plans for the blackout Sunday, May 24. The following members were present and reported on their specific activities: Dr. Luther Feck, Arno Thompson, Clarence Elliot, George A. Smith, Elton Eaton, Mrs. Beatrice Schultz, Mrs. John Blickenstaff, Chief Charles Thumme, John MacLachlan, Chief Air Warden Floyd Eckles and Mayor Ruth Whipple.

Your old rubber and scrap metal will be collected Monday, May 18, in Precincts 1 and 2, and Tuesday, May 19, in Precincts 3 and 4.

The labor survey is still being conducted in Plymouth by the members of the American Legion auxiliary and the women who are assisting them.

Fifty men are to leave Plymouth for military service Monday, May 15, between 7 and 8:30 a.m. The Red Cross canteen unit is serving coffee and cookies. Rotary club is giving the cigarettes. Superintendent Smith announced that the school service fund will provide candy bars, and the band will play.

Smith, paper and metal. Service clubs and other civic organizations will also be contacted for their assistance in the program. Chairman MacLachlan will appoint salvage wardens for each block of the city within the next week.

A group of 80 Girl Reserves from Plymouth high school will distribute pamphlets and notices on procedure for salvage collection to every home in Plymouth this Friday and Saturday. Frances Weed, high school senior and who served as "ex-officio" mayor of the city on student government day, is general chairman of the pamphlet distribution.

Metals except tin and old rubber will be collected by the WPA for the War Production board on Monday, May 18 in voting precincts 1 and 2 and on Tuesday, May 19 in voting precincts 3 and 4. It is requested that residents place metals and rubber near the curb for collection. After May 19, block salvage wardens will give instructions to residents on the disposal of metal and rubber.

Boy Scouts of Plymouth will collect newspapers and magazines every Saturday. Persons may bag, bale or pack waste paper in cartons and deliver to the brick garage west of Central grade school in the school parking lot off of Adams street. Instructions will be given in The Plymouth Mail later about the collection of rags, oil, grease and glass.

Do not discard anything that is still useful and that might have to be replaced. Save waste papers, scrap metals and old rubber for collections next week. Save your scraps to beat the Japs!

street with the exception of two were granted to the school district by the state at the time of the scavenger land sale. The school district purchased the remaining two lots in the block.

In addition to voting on this special proposal, school electors will elect two candidates for the board of education for three-year terms in the June 8 election. Candidates for whom petitions are being circulated include George Burr, Howard W. Stark and Dr. H. J. Brisbois. The deadline for filing nominating petitions is Saturday, May 23 at 6 o'clock in the office of the superintendent of schools. Registration of voters will close Friday, May 29.

According to a new law passed by the 1941 legislature, electors of the school district must vote on all compensation to be paid to the members of the board of education in graded districts at the annual school meeting to be held June 8. At present, the secretary of the board of education is the only member who receives compensation in Plymouth. Other matters to be voted upon at the annual meeting include the length of the school year, school officers' salary and free text books.

### Eaton Senator

(Continued from page 1)

ers of a nation that has become involved in the world's most desperate war, a war that if not won will end our existence as a nation.

Eaton's statement follows: "I have decided to become a candidate for the Republican nomination for United States senator because I believe that the most fortunate thing that can happen to Michigan and the nation is the elimination of every hide-bound partisan Democrat in both branches of the Congress during the war period. While Senator Brown has made appeals for non-partisan support, his Washington record has been anything but non-partisan. It has been politics as usual, politics first and politics above everything else.

"My purpose is to put the winning of this war in first place and keep it there until it is won. Our Democratic senator is so enmeshed in politics that he is unable to do otherwise than devote a large part of his time to politics. He has been a member and a defender of Michigan's Democratic highway machine that has even attempted the political contamination of our jury system. He has benefited politically by its shake-down operations.

"He led the fight and defeated in the United States senate the Hatch clean politics bill which if passed would have crushed the Michigan highway political machine.

"This tremendously powerful political organization is as obnoxious and as dangerous to good government as was the Democratic machine created by the notorious, law-defying Huey Long in Louisiana.

"The way to end it is to defeat every candidate who is directly or indirectly associated with it.

"Our Democratic senator has made much ado because he did not happen to agree with the President on the so-called court packing bill and opposed it. It didn't make any difference whether he was for it or against it, because everybody knew that the court was soon going to be packed by retirements and resignation. The court would have been packed, as it was, without legislation.

"Not only should Senator Brown be defeated because of his affiliations with this powerful machine, but he should be relegated to the tall, whispering pines of Michigan because of his vote for a pension for himself at a time when the men and women of this state are sacrificing everything they possess in order to win the war.

"It is essential that the attacks being made in Washington upon the American way of life be stopped if that for which we are fighting in this war is to mean anything to our country.

"We are in a desperate conflict the most vital that we ever confronted our nation. We were deplorably unprepared for it because of politics. I have none of the responsibilities of the so-called isolationists to answer for in this campaign.

"I have always worked to keep the Republican party clean and progressive. We have no place in it for any by-product of the notorious Huey Long Democratic machine that brought everlasting disgrace to the state of Louisiana, sent scores of its high officials to prison, the

**Night School Concludes Year**

**Defense Training Proves Popular**

Night school classes, with the exception of defense training courses, concluded at Plymouth high school this week. Total enrollment for the night school year was 440 persons, including 290 during the first semester and 150 during the second term. This is the largest number of adults ever enrolled in night school training in Plymouth, according to C. J. Dykhouse, school principal and director of night school.

Defense training courses in machine shop, blueprint reading,

micrometer reading and mechanical drawing, proved the most popular with men and women eager to learn skills necessary for employment in war industry and for the prosecution of the war.

A contract has been submitted to the state department of vocational education to provide full day time training in machine shop during the summer months. It is expected that the contract will be approved and the school will remain open five days a week for six-hour training and work days in defense skills.

The defense training program was organized and aided through the efforts of a joint committee of representatives of local labor and industry which meets once each month to make suggestions for changes and new courses of benefit for the program. The committee includes James Gallimore, C. H. Rauch, Clifford Tiltonson and Lloyd Lambert.

★ ★ ★

**BACK IN YOUR HOME TOWN**... there was a bank, no doubt a friendly institution where you went for advice or to deposit your weekly savings. You knew the men in that bank and they knew you and your family. You felt at home when you went in there and thought of it as "your bank."

**A STRANGER IN PLYMOUTH**... you probably have missed the home town bank. Perhaps you have even thought that the stories you heard in the past about bankers were more or less true. You are working to speed the nation's war effort. There is no time to lose if we are to win this war. But regardless of the speed-up and increased activity this bank takes the time to offer a friendly handshake to the newcomer, as well as to those thousands who have been regular customers for 52 years.

**OLDER THAN THE FORD MOTOR COMPANY**... the Plymouth United Savings Bank opened on May 13, 1890 and this week we celebrate our 52nd anniversary. The Ford Motor Co. began in 1903. The Detroit Edison Co. is younger than we are, and the first movie in Detroit was started in 1905. Even the Detroit Tigers were unheard of at the time this bank started and they date back to 1900. With such a long and well established background of service to Plymouth and vicinity, it is not surprising that the Plymouth United Savings Bank has such a host of friends to whom it is and has been a pleasure to render service.

**ONLY AT THIS BANK**... will you find all of the banking facilities to which you are accustomed. Every known banking service is at your disposal here including the popular "Checkmaster" plan for all the people whose checks cost only five cents each.

**ABOUT WAR BONDS AND STAMPS**... Over \$150,000.00 in war bonds have been sold through this Bank. We must all put our shoulders to the wheel and BUY still more bonds! We are proud to give our time and effort to do our part. We carry a large supply of bonds on hand so we will never be out of them and can always deliver bonds immediately as you want them.

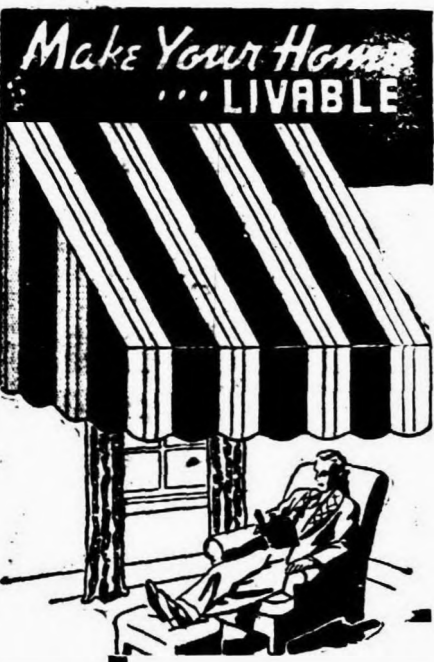

**ABOUT INCOME TAXES**... Save now for your 1942 income tax. We have sold over \$157,000.00 in tax anticipation notes. Should you wish to purchase them in anticipation of your tax requirements we will be pleased to supply you with them.

**COME IN AND GET ACQUAINTED**... We are extending this invitation to each of you who miss the friendliness of the home town bank and want to get acquainted with a friendly bank, fully equipped to serve you well. We believe you will like to do business with a bank like ours.

**Hunter Finds  
"Radiosonde"**

**Instrument Tests  
Weather Conditions**

Edgar Stevens of Hoston road near Plymouth found a strange instrument lying on the ground in Conner's woods while he was hunting on a recent Sunday three miles south of Plymouth near Joy road. Information from the weather bureau office in Detroit reveals that the instrument is a radiosonde sent up from the Wayne county airport on January 1 to test weather and flying conditions.

The radiosonde is attached to a balloon which normally explodes at an altitude of about 12 miles, releasing the instrument on a parachute. It is operated by a small battery, "broadbeams" and registers weather and atmospheric conditions. Mr. Stevens sighted the balloon and parachute in a tree and found the instrument on the ground near by. He delivered the apparatus to the Plymouth postoffice from which it was forwarded to the Detroit weather bureau office.

According to Clarence J. Root, senior meteorologist of the weather station, the radiosonde was forced down by icing when it reached an altitude of 4,000 feet and another balloon had to be sent up. Apparently, the instrument had been grounded for about three months following its sky exploration the first of the year. It is being shipped to the central weather bureau in Washington, D. C.

**Civil Service Seeks  
Women Applicants**

War-time demands upon the nation's manpower are revealed in a U.S. Civil Service commission announcement this week offering open competitive examinations for both men and women in government employment. Opportunities available to both men and women include positions as trainee repairmen, signal corps equipment inspectors for engineering materials, engineering aids, inspectors for chemical warfare materials and maintenance traffic controller for airports and airports.

For the last position, the civil aeronautics administration desires to encourage applications from female competitors according to the announcement. A non-defense post is also open for a zone deputy collector for the department of internal revenue, Detroit office. Application blanks and information may be obtained from the local postoffice.

Even giant turbines need  
**"low gear"**

TO "KEEP 'EM ROLLING"  
at top speed

The speeding wheels of large turbines like the one above are playing a vital part in Detroit's war industries — generating electric power for hundreds of factories, for stores and offices and homes. Yet strangely enough, these high-speed machines have a "low gear" so slow as to barely "turn over". . . a most important piece of equipment!

These small "turning gears"—developed more than a dozen years ago—have played an important part in preventing costly damage to the huge turbo-generators in Detroit Edison power plants. A big turbo-generator weighs many tons, but it is very delicately fitted—with clearances of fifteen one-thousandths of an inch. When a turbine is taken off the line or is temporarily not in use, the stored heat in the turbine gradually raises the temperature at the top of the casing, causing the shaft to distort and "bow" upward. If a turbine were started in this condition, the shaft might be permanently bent—resulting in damage that would cripple the turbine for months, and a repair bill of some \$30,000. Even with a high priority, repair or replacement might take months.

Turbines are too costly to be treated like this—and too hard to replace. So the small "turning gear" does an important job. It keeps the large shaft rotating slowly and continuously during shut-down periods, and prevents warping or bowing. It also permits bringing the turbine up to speed again in half the time formerly required. And because clearances can be set to a few thousandths of an inch, steam is used at a slightly increased efficiency—thereby saving a small part of the coal required to produce electricity. The Detroit Edison Company.

Michigan Bell Telephone Company

Before you decide to move or build, the Telephone Company will be glad to advise you whether war restrictions will permit you to have the telephone service you will need.

Even though telephone service is furnished now in the locality to which you plan to move, it may not be possible to supply you with any service, or exactly the kind of service you want.

Drastic restrictions of telephone installations have been ordered by the War Production Board in the interest of conserving war materials.

- 1. Telephone service cannot be provided at some locations. 2. Party line service, only, can be furnished in many cases. 3. Extension telephones cannot be installed in residences. 4. Additional apparatus may be installed only on a limited basis.

In so far as material and war restrictions permit, we shall provide the best possible service, and we look forward to the day when we again can give the kind of service wanted, "when and where wanted."
