THOUGHT FOR FOOD

CONSUMING QUANTITIES of fresh fruit is our favorite way of falling into line with the National Nutrition Program just now. A bowl of frothy cold fruit, or a fresh fruit salad is first aid to even the most stubborn case of vanishing appetite these hot summer days.

Cantaloupe Cocktail Rings

On individual serving plates place inch-wide circles of chilled, peeled cantaloupe. In each ring place 6 or 8 melon balls—honey dew, cantaloupe and watermelon. These may be cut with melon ball cutter or round measuring spoon. Sprinkle each serving with 2 teaspoons lemon or lime juice, 1 teaspoon powdered sugar and 1/4 teaspoon salt. California sweet cherries, red or black raspberries or strawberries may be mixed with melon balls. Garnish with sprigs of fresh mint.

PICKING GOOD ONES As a rule, look for a cantaloupe with a thick network of rounded veins like heavy lace, although all varieties do not have this feature. A pink fleshed melon will have a tinge of yellow in the skin under the veins when thoroughly ripe, and all should be firm to the touch and have rounded ends. Also, there is a musky perfume and slightly softened feel to the blossom ends of ripe melons.

When buying ahead, tell the clerk when you plan to use melons so that he can pick them out accordingly.

BLUEBERRY MUFFINS 2 cups sifted pastry flour 2 teaspoons baking powder 1/2 teaspoon salt 1/4 cup sugar 1 cup milk, fresh or diluted evaporated 1 egg, slightly beaten 3 tablespoons melted shortening, part butter 1 cup blueberries, washed and cleaned

Grease muffin tins and set aside. Preheat oven (425° F.). Mix and sift together flour, baking powder, salt and sugar. Add milk and egg mixed together. Stir just enough to moisten dry ingredients and add melted shortening. Lastly, add blueberries. Fill muffin tins two-thirds full and bake about 25 minutes or until firm and golden colored. Serve piping hot. Yield: 1 dozen medium size muffins.
