District's USO Fund Campaign Exceeds \$2,000

Plymouth Citizens Contribute \$1300 To USO Fund Total

Plymouth citizens responded with an all-out effort to help their sons, brothers and friends in the armed services by donating \$1,300 to the USO fund campaign during the past week's canvass. Mrs. Cass S. Hough, Plymouth chairman, expressed her appreciation for Plymouth's splendid contribution.

Proceeds from the entire district, comprised of Plymouth, Northville and Livonia township, will exceed \$2,000 when all funds are reported from various chairmen, according to Sterling Eaton, district director of the USO campaign. The total money raised in this area will exceed the committee's goal by more than \$500.

Contributions received from the Northville canvass now total \$400 and it is expected that another \$100 will be turned in to the treasury this week, according to Mrs. Nelson C. Schrader, Jr., chairman in that city. Mrs. Myron J. Anderson, Livonia chairman, reports that residents of that township contributed \$300 to the fund and another \$75 is yet to be sent in to the district treasury.

Citizens of Plymouth and neighboring communities with their dollars have expressed their appreciation of what the boys in training camps and battle fronts are doing for those on the home front. Funds contributed to the USO will be used to provide sendoff demonstrations for men leaving for army camps, and to furnish free entertainment, club-rooms and recreation centers for soldiers, sailors and marines in all parts of the world.

August Auto Use Stamps On Sale

Postoffice Issues Federal Tax Stamps

August's issue of auto-use stamps, covering the balance of the fiscal year and costing \$4.59, are now on sale at the Plymouth postoffice. Since the use tax first went into effect early this year no one has been prosecuted for failure to purchase the Federal stamp although in a few instances revenue agents have warned motorists to purchase stamps.

The Plymouth postoffice sold nearly 5,000 of the full-year stamps in July, returning only \$2,085 worth of the \$25,000 supply. Possible penalties are a \$25 fine, a 30-day jail sentence, or both. Patriotic citizens are reminded that the federal tax revenue is to be used for war program expenditures.

War Bond sales must be doubled. Are you budgeting your household money to buy War Savings Stamps every week?

No Dodging In Eaton's Platform

Senate Candidate Demands Action

Action in Washington, quick action, is the demand of Elton R. Eaton, Plymouth newspaper publisher, who is a candidate for the Republican nomination for the United States senate.

Eaton's platform, just given to the public is a challenge to the administration in Washington to get busy, and win the war as quickly as possible and stop squandering tax dollars. When the war has been won, Eaton demands that America write a treaty that will make it impossible for Japan and Germany to ever again throw the world into an arm, filled with good Americanism and action, follows:

Immediate action on the "Washington front" is the nation's greatest need. I am for quick action, constant action, until America has won a TOTAL victory over the brutal, stealing, killing pagan war makers of Japan and Germany.

The proposed asinine squandering of millions of dollars and the wasting of millions of pounds of iron pipe to build a so-called "model city" somewhere near the new Ford bomber plant is a war-time folly that should be killed before another session of congress. If it is not, I will fight this expenditure to a finish, as well as oppose all other forms of government waste.

Equal sacrifice and equal responsibility should be shared by every citizen in our war effort. There should be no special favors or hand-outs to any pressure group.

Plymouth Homes To Use Texas Gas In Immediate Future

Ladies of the culinary art! Here's important news for you! Within another two weeks, you will be boiling potatoes and making angel food cakes with Texas gas! Officials of the Consumers Power company stated yesterday that the pipe line that will connect Plymouth with both the Texas and Michigan gas fields will be completed within the next two weeks and that just as soon as the last mains are laid near Pontiac, natural gas will be used in Plymouth, Northville, Wayne and elsewhere instead of manufactured gas that now comes from Pontiac and Royal Oak.

This important step is going to save the government hundreds of thousands of tons of coal so badly needed by various industries. Not only is it going to save coal, but the opening of these two important gas fields to commercial use in this part of the state will be of tremendous benefit to large commercial users of gas.

While all information as to the use of natural gas for this vicinity is not yet available, it is known that without doubt natural gas will take the place of manufactured gas in Plymouth within the next two weeks.

Defense Worker Electrocutted At Kelsey-Hayes

Samuel Henry Falls From Overhead Crane On High-Power Lines

Samuel G. Henry, 34 years old, who recently came here from Minnesota, was electrocuted when he fell from an overhead crane across three high-power electrical bars at the Plymouth Kelsey-Hayes plant last Friday night. The tragedy was the company's first serious accident since 1930 and is the only fatality at the new Plymouth plant.

Henry, who started work at the local munitions factory on July 10 as a material handler, was tagging machinery for the government on the overhead crane. The "bus bars," each carrying 440 volts of electricity, furnish power for the traveling crane. According to witnesses, the workman apparently lost his balance and slipped from the crane rails across the power lines. He was killed instantly, suffering burns on his face, arms and legs.

The man had received his first full paycheck, which remained in his pocket uncashied at the time of the accident. He is survived by a wife and family of four children.

C. A. De Munge, safety engineer for the Kelsey-Hayes company, states that every possible protective measure has been taken at the plant and no safety device is possible to guard the power bars which remain exposed between the rails of the crane.

The place is well-posted with warning signs of the danger at 15-foot intervals. The defense worker roomed at 1251 Ann Arbor Trail in Plymouth. The body was taken to the family home in Minnesota for burial.

Mrs. Sophia Huegel was the guest of honor at a dinner given Saturday night by Mr. and Mrs. Julius Sauer on Powell road in commemoration of her seventy-eighth birthday. Those who participated in the celebration were Mr. and Mrs. Harry Huegel, daughters, Lillian and Dorothy, Mr. and Mrs. Frank Motto of Detroit and Albert Huegel of Plymouth.

was an affront to patriotic America. There is no place in Washington or anywhere else for political parasites and exploiters. If nominated and elected, I will be present at every session of the senate to oppose such politically dictated appointments.

Every "war broker" in Washington or anywhere else in America should be eliminated. The administration has said there will be no millionaires made out of this war. In spite of this statement thousands of "war millionaires" are in the making. All types of war profiteering should be stopped.

Free enterprise has made this the most envied nation in the world. I am for free enterprise and the free American way of doing things.

I will favor the enactment of a law which will prevent any labor or other organization interested in legislation from giving money to political candidates, parties or committees without the written consent of every member of that organization. I favor legislation which will force a public accounting once each year of all expenditures of union funds if spent for other than benefit purposes of its members.

I recognize the fact that exploitation of labor in the past by certain employer groups has caused the pendulum to swing too far in one direction. But two wrongs never make a right. I am in favor, therefore, of doing things which will make matters right and result in the adoption of the spirit of good co-operation and team work in the administration of all labor laws.

Open doors and open records are a sure cure for public wrongs. I advocate the elimination of secrecy from all public business not directly associated with military and naval operations.

Every citizen of the United States should have a right to

Women To Register For War Employment

In order to obtain an active file of women available for war production employment, the United States Employment service, in conjunction with the War Production board and the War Manpower commission, plans a registration from August 12 to 21. A registration card will be delivered to each household next week instructing the recipient to fill in the necessary information and return to the U. S. Employment service within 48 hours.

Award Contract For School Job

Plan Alterations In High School Building

At a special meeting of the board of education held last Saturday, the contract for alterations in the Plymouth high school building was awarded to Daniel S. Mills, local contractor and only bidder. The cost of the modernization project will be approximately between \$3,000 and \$4,000.

The work, specified by Architect Thomas W. Moss and suggested recently by the school board members, includes alterations of washrooms, locker and shower rooms and will be immediately unless it is found that the school does not have the necessary priority qualifications. Bids on the installation of fluorescent lighting in the high school building will be considered at the next regular meeting of the board, Monday evening, August 10.

The present high school building was constructed in 1916 and arranged to accommodate all the pupils in the town at that time. Since then, the first six grades have been housed in the two grade school buildings, Central and Starkweather, and the high school students use the high school building and adjacent annex. With the remarkable growth of high school enrollment, arrangement and equipment in the locker and shower rooms and washrooms have proved inadequate.

vote without being forced to pay a state poll tax in order to do so. I will put forth every effort to attempt to remedy this unjust practice.

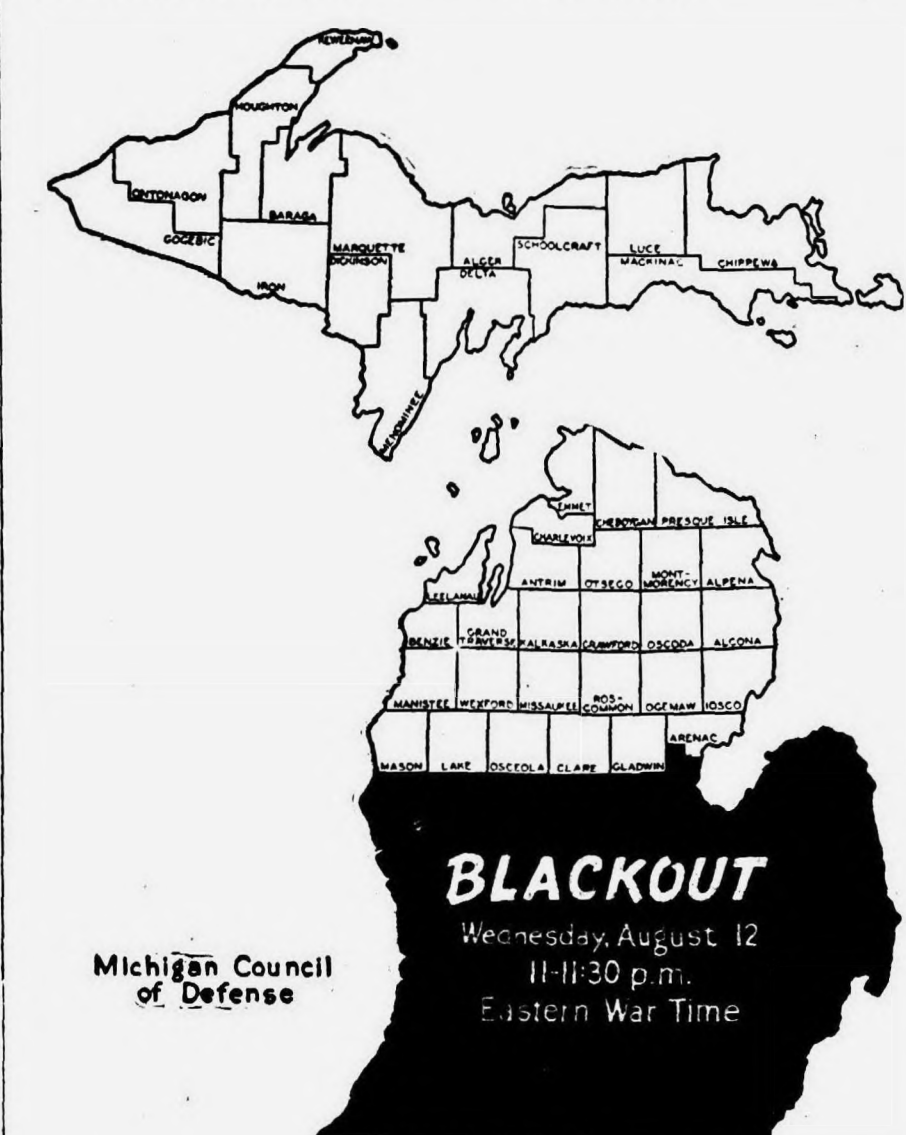

Old age pensions will, when the war ends, be one of the nation's major problems. Present conditions will necessitate help for millions not protected by the present social security act. The next congress should work out a plan which will take the welfare sting out of old age pension payments as well as provide for the increased burden that is sure to come.

I am opposed to all national socialistic reforms and schemes. Complete denial to Japan for all time of any form of navigation on the sea or in the air will be written into the world peace treaty if my way prevails. Japan has proved during the centuries that she is a vicious killer at heart, a gluttonous thief and no respecter of the rights of other people. Therefore, she should be denied a right to associate with other nations. All Japanese should be returned to their mainland and deprived of every method whereby they can again slaughter citizens of other lands and steal their property.

For Germany, I favor a mandated control that will continue over that country until such time as the world can be sure that no crazed, military wizard can again arouse his people to a war against peaceful, weak, unsuspecting and friendly neighbors. At no time, however, should Germany again be permitted to become a military power.

Peace terms to be written following our victory in the war, will be an American dictated peace treaty, if my will and way prevails. An American peace treaty, representing, too, the viewpoints of our womanhood, will mean a peace that will truly be everlasting. American justice will be supreme in the world.

Plymouth Civilian Defense Volunteers To Enforce Test

Months of preparation and training in civilian defense will be translated into action at 11 o'clock next Wednesday night, August 12 when Plymouth will join all communities of southern Michigan in the biggest blackout test since the war began. Participating in the regional test with 41 counties of southern Michigan will be portions of Illinois and Wisconsin which comprise the Sixth Civilian Defense region.

Plymouth, in cooperation with Wayne, Oakland and Macomb counties, has had three previous blackout tests and now has a trained civilian defense personnel of 380 volunteers. All street and traffic lights will be out in Plymouth for 30 minutes for the test. The only exceptions to the blackout regulations will be railroad warning signals, not to congregate on the streets during the blackout.

All chiefs of the civilian defense protective services who are to be at the control center in the city hall will be called according to instructions, and all civilian defense volunteers are to report immediately to their assigned posts either when notified by telephone or when the warning siren sounds at 11 p.m. "This is a big assignment, but I have no doubt that we can handle it without difficulty," commented Lt. Col. Harold A. Furlong, administrator of the Michigan Council of Defense. Expressing the same confidence was Captain Donald S. Leonard, state commander of the citizens' defense corps, who points out that to date Michigan has staged 186 blackouts successfully. Plymouth defense officials urge the patriotic cooperation of all citizens to assure Plymouth's success and wholehearted support for the blackout.

Victory Notes

The Plymouth Canteen Corps had complete charge of all the canteen work at the War Show at the University of Detroit stadium Friday, July 31. Plymouth women furnished 130 cases of coca cola for the soldiers, according to canteen director, Mrs. M. A. Arnold. They worked in two shifts from 8 a.m. until midnight, serving 70 gallons of coffee, 130 cases of coca cola and vast quantities of gingerale. The Plymouth Canteen gained valuable experience as well as high praise from the Detroit canteen leader for the type of work they did.

The Plymouth Defense council met Tuesday afternoon, August 4 at the city hall.

The United China Relief fund for Plymouth now totals \$909.95, according to Co-Treasurer of the Fund, Margaret Dunning. Additional gifts are still coming in daily.

There are 63 blood donors registered to date, according to the chairman, Mrs. Penhale, an increase of 33 more than we had a week ago. However, there must be at least 100 registrations before the Red Cross Mobile unit will come to Plymouth. Plymouth has done more than its quota in all other parts of the war effort; let's go over the top on this humane enterprise. Register now at Beyer's Pharmacy, the city hall, the Red Cross room in the postoffice building, or with Mrs. H. R. Penhale, telephone 252-W, 659 Burroughs street.

The U. S. Navy is asking for all binoculars either as a gift or a loan from civilians. If you have binoculars to lend or give our armed forces, please report to Arno Thompson, secretary of the Defense Council, at the city hall.

Save your keys! The Junior Red Cross has been asked to collect old keys for war salvage and will begin doing so this month in Plymouth, according to Mrs. Henry E. Baker, local Junior Red Cross chairman.

Churches Continue Union Services Aug. 9

The Rev. T. Leonard Sanders, recently appointed minister of the First Methodist church of Plymouth, will have charge of the union worship services of the Methodist and Presbyterian churches for the next five weeks, beginning Sunday morning, August 9, at 11 o'clock at the Presbyterian church. "Life At Its Best" will be the sermon topic for the first union worship service Sunday. The choir of the

Ironing Boards Raise Blazes

Two Fires, One Call At Same Minute

The city fire department was called to the home of George Wathett at 8858 Northern avenue in Plymouth township Saturday evening when an ironing board caught fire from an overhead electric iron.

Almost at the same moment Mrs. C. E. Kincaid of Evergreen called that her flatiron had set the ironing board on fire in her home. She heard the fire whistle and thought some one had turned in the alarm from her neighborhood. While waiting for the fire department to arrive, she acted as her own fireman and extinguished the blazing ironing board.

It was not for an hour or so afterwards before she discovered that the firemen had not been called to put out the blazing ironing board in her home but that they had been called to extinguish the flames of another ironing board just outside the city.

Salem Is Given Rationing Center

Mrs. G. L. Henning Can Make Registrations

Mrs. George L. Henning of 6485 Seven Mile road has set up a sugar rationing center in her home for all residents of Salem township who find it impossible to go to Ann Arbor to register for rationing sugar. Hours for registering are Wednesday from 2 to 5 o'clock, Thursday and Friday from 2 to 9 p.m. until further notice.

All who wish to obtain rationing certificates must bring their ration books for the family and if you have had a certificate for part of sugar needed for canning, duplicate certificate must be presented when making application for more sugar. It is important that those who have sugar on hand and have not registered, do so soon because of a possibility of rationing of other commodities.

Mrs. Nancy Holliday will entertain at dinner at Rotunda Inn, Britain lake, Saturday evening, honoring Mrs. Beatrice Schultz and her house guest, Mrs. Grace Todd, of Pasadena, California. Other guests will be Mrs. Catherine Seldomridge and Bill Schultz.

Methodist church will furnish the music, Sunday school will be held in each church at 10 a.m. Sunday.

Plymouth Bond Quota For July Not Quite Reached—Push August Sales

For the first time in over a year, Plymouth failed to make its quota in war bond and stamp sales during the month of July. But even though the quota was not reached, Plymouth did run a trifle better than the average throughout Michigan, according to such figures as are available.

The total bond and stamp purchases during July was \$59,537.33, and the Plymouth allotment for July was \$83,700.

Undoubtedly if bond purchases made by Plymouth residents who are working in Ford plants, the Kelsey-Hayes and other war industries could be credited to the Plymouth total, the July allotment would have far exceeded. But it is the practice of concerns making payroll deduction purchases of war bonds to buy their bonds in Detroit and then send them to war workers in Plymouth by registered mail. There is no way of checking these totals. There are anywhere from 50 to 100 registered bond letters coming to this city every day, which gives some idea as to the big amount being purchased by Plymouth residents.

But near-enough is not well enough. It's a case of taking off our coats and making the Plymouth total what it should be outside of the bonds being purchased by payroll deductions. Let's make it \$100,000 for August, and off-set the slight slump experienced in July.

Commission Approves Fralick Street Paving

The city commission gave final approval for the paving of Fralick avenue following a public hearing at the city hall Monday evening. The approved project provides for a 40-foot pavement on Fralick with five-foot sidewalks, curb and gutter installation and a three-foot set-back line. Paving will be started as soon as possible if materials are available.

Rooming House Landlords To File Rates By Aug. 31

Second Registration Includes Tourist Homes And Hotels

Rent registration forms for landlords of rooming houses are now obtainable at the Plymouth city hall and are to be filed with the Rent Control office, 764 Penobscot building, Detroit, by August 31.

This second rent registration includes hotels, rooming houses, boarding houses, dormitories, auto camps, residence clubs, tourist homes, tourist cabins and trailer camps. The term "rooming house" means a building other than a hotel in which furnished rooms not constituting an apartment are rented on a short-term basis of daily, weekly or monthly occupancy to more than two paying tenants, not members of the landlord's immediate family. Maximum rents are established as of the rent on April 1, 1941.

Every landlord must conspicuously display in each room rented or offered for rent a card or sign stating the maximum legal rent for all terms of occupancy and for all numbers of occupants. No tenant may be required to change his term of occupancy if that will result in the payment of a higher amount per day than the maximum legal rent for his present term of occupancy. Henceforth every landlord who provides meals with rooms shall make separate charges for the two.

Landlords of private residences, apartments or rooms in private homes (not more than two for rental purposes), who are offering new or changed dwellings for rent should now obtain a petition form at the city hall to fix the maximum legal rent for that dwelling. Forms are also available for landlords who wish to petition for an adjustment of rents due to major capital improvements, increase in services or equipment offered or circumstances which required a rent substantially lower than the rent generally prevailing in the defense rental area on the date determining the maximum rent. Painting and decorating and ordinary repairs are considered general maintenance and do not constitute major improvements.

It's Cold Up North Says Fisherman Norman

Mr. and Mrs. J. H. Norman, just back from a fishing trip to the northern part of the state, declare that fall has already arrived up in the tip of the "mittens."

"Yes, sir, we had to get up and build a fire in the cottage to keep warm. Nearly froze to death. In the morning I went out to see if any snow had fallen during the night—it was just that cold, you can believe it or not," said Mr. Norman Tuesday as he stood warming himself in the sunlight in front of The Plymouth Mail office.

"Had mighty good luck fishing. Caught some of the biggest bluegills and bass I ever saw. In fact, on most of the bass, we had to use a landing net. The fishing was the best we have ever enjoyed," he added.

Mrs. William Hartmann and son, William, have returned from a ten days' visit with friends at Benton Harbor, and her daughter, Beatrice, returned the same time from Pottawatomie camp near Gull lake. On Monday Mr. and Mrs. Hartmann and family plan to leave on a week's vacation at Bass lake.

Plymouth Stages Rousing Send-Off For New Recruits

500 At Railroad Depot: Next Group To Leave Thursday, August 13

Plymouth staged a real farewell demonstration Monday afternoon for the soldiers who left on the Pere Marquette train for the Fort Custer training reception center. A delegation of more than 500 people turned out to bid farewell to the recruits.

Led by a Boy Scout color guard, comprising Donald Coon, Charles Hoehsel, flag bearer, and Dan Hines, eight majorette baton twirlers and the summer session band of Plymouth (high school marching band) the draft headquarters where the soldiers were assembled for roll call. The majorettes included Mary Jane Christensen, Barbara Stitt, Maxine Minthorn, Lois Mills, Jane Burr, Marilyn Vershure and Marion Bakewell. The band was under the direction of Louise Carter.

Following the roll call, the service men fell in line behind the band for the parade to the railroad depot. Business men in the parade and lined the sidewalks along Starkweather avenue to the depot where a large delegation was on hand to join in the farewell demonstration. The soldier recruits boarded the train as the band played "The Star Spangled Banner" and their friends shouted "Good Luck" wishes.

Those who answered roll call for army duty Monday were John Simon, Clyde Wheaton, Elvin C. Love, Thomas R. Wilson, Howard Carson, Alfred Carson, Eugene DeMara, William Mesheky, Phares Patrick, William J. Smithers, Wilbur Chapman, Charles F. Smith, Robert Oppenheim, Max Radke, Robert H. Miller, Heon Ziegler, Frank Bialek, Gordon Smith, Joseph Shaly, Charles Loeser, George Fisk, Daniel Luka, Marshall McCelvey, Milton Pease, Leo Misselitz, Ernest Bailey and William Hoskins. Others who left Tuesday were Stanley Lentovich, Farmington, and James H. Murray, J. D. Davis and Donald W. Hayes, of Detroit.

The Junior Chamber of Commerce distributed cigarettes, candy and ice cold coca-cola to the service men at the draft office. These gifts were made possible through the Plymouth Rotary club, Smitty's restaurant, Sam & Son's store, McLaren's Plymouth Elevator and the local USO unit. Utility kits were provided for the Plymouth men by the local Canteen club.

Another group will leave Plymouth next Thursday afternoon, August 13 with assembly at draft headquarters at 2:45 and train departure at 3:23 o'clock. Those who were accepted after physical examinations at the Detroit induction station last Friday and will leave next week are Byron C. Laskey, Elmer W. Barlow Jr., Charles S. Lawry, Benjamin H. Starkey, Raymond Jones, Harold E. Soper, Russell H. Everson, DeWitt C. Chism and John F. Siebert of Plymouth; David J. Cation, and Edward F. Angove of Northville; Arthur L. Aho and Theodore Gehring of Farmington; Harold R. Coon of Dearborn, and Charles E. Herrington, Kenneth G. Cassie and Robert E. Pichler of Detroit.

Dogs Bite Three Young Children

Victims Receive Rabies Treatment

Three Plymouth children have been bitten by dogs during the past week and have been given treatments as a preventive against rabies. Four-year-old James Jones of 1083 North Holbrook street was bitten on the face and doctors gave treatments immediately. The dog was killed and sent to the Pasteur Institute of the University of Michigan where laboratory investigation proved the dog was not infected with rabies.

Little Madeline Grissom, seven years old, of 648 Maple avenue, was attacked by a dog which bit her lip last Thursday. She was given treatment and the dog is being kept in confinement for observation of rabies' development.

Timothy Yoe, year-and-a-half-old son of Mr. and Mrs. Claude Yoe of North Holbrook avenue, was bitten on the face by a dog Sunday night. The child is receiving treatments and the dog is being confined for a 10-day test period.

In Livonia township, near Stark and Plymouth roads, a vicious dog, bit 16 persons a week ago. Tests at the U. of M. laboratory proved that the dog was infected with rabies, and all of the victims were given treatments at Eloise hospital. Persons are warned to report vicious dogs to the police department and if bitten by a dog, to obtain preventive treatment against rabies immediately.

Arthur White, Retired Postal Employee, Dies

Mail Carrier Served 34 Years On Plymouth Delivery Routes

On the eve of leaving for a ten-day vacation trip to Drummond Island in the Upper Peninsula, Arthur White, 63-year-old, retired postal employee in Plymouth, died suddenly late Tuesday afternoon following a heart attack. Mr. and Mrs. White planned the trip with Mr. and Mrs. Charles H. Rathburn. Failing health forced the retirement of the veteran mail carrier in February, 1941 after 34 years in the postal service. He was believed to have gained strength during his past year and a half of retirement until his death came as a great surprise.

Born on a farm three miles south of Plymouth on October 29, 1878, he was the son of George and Sarah White who came from England to settle in Canton Center. He attended the Bartlett school and Plymouth high school. Before entering the postal service, Mr. White was employed for six years at the old Markham Rifle factory and at the Huson hardware store. On June 29, 1904, he married the former Hattie Larsen of Redford.

Mr. White passed the postal examination at the age of 28 years and started delivering mail in a horse and buggy on Route 6 which included 19 miles of territory south and east of Plymouth through Newburg, where farms were frequently located a mile or more apart. He later delivered mail on the Plymouth road, then a plank roadway. His last 10 years in the postal service were on Route 3 which includes Livonia Center and Coventry Gardens. At the time of his retirement, when he received a letter of recognition for his long record of service from Frank C. Walker, Postmaster General of the United States, Mr. White stated that his greatest compensation was the friendships made with the patrons on his various routes. A faithful public servant, he was highly regarded by his associates in the postoffice department and by the citizens whom he served.

Since his retirement he had devoted his leisure time to working in the garden of his home on Canton Center road where he raised peacocks, wild geese, ducks, chickens, swans, fancy birds and bees. In the midst of a beautiful garden are the swan pools, lily pools and rock gardens.

Funeral services will be held from the Schrader Funeral home at 2 o'clock Friday afternoon (today) with Rev. Walter Nichol of the First Presbyterian church officiating. Austin Whipple will sing, accompanied at the organ by Mrs. M. J. O'Connor. Survivors include his widow, Hattie; a son, Lawrence of Ypsilanti; two brothers, Richard and George of Plymouth; two sisters, Mrs. Cora Blunk and Mrs. Fred Wagenson of Plymouth and five grandchildren. Pallbearers will be former associates in the postal department, B. E. Giles, Ezra Rot-nour, William McCullough, Roswell Tanager, Walter Nisley and Forrest Gorton. Burial will be in Riverside cemetery.

Pythians Over Top In War Bond Drive

Every Member Of Lodge Bond Owner

Announcement is made by Chancellor Commander Roy B. Larkins that the local lodge of Knights of Pythias have reached a point of 100 percent in membership in the purchase of war savings stamps and bonds which are on sale in the lodge room at every meeting.

This is a program recently started by Plymouth lodge and adopted throughout the Grand Domain of Michigan. The local lodge No. 238 is the first in the state to reach this goal.

It's just common sense to save with—

Low Brothers HIGH STANDARD HOUSE PAINT

LOTS OF PEOPLE make a big mistake in figuring the cost of house paint. They look at its price per gallon. But that's all wrong. What they really pay for is coverage per gallon. That's why I figure it's just common sense to use Low Brothers High Standard House Paint. It's definitely a quality paint and it covers solidly more square feet of surface, so it spreads evenly and easily, cuts down the labor and cost, lengthens the time between repainting. It just naturally goes farther and lasts longer to save money all the way.

(Get your free copy of "Color Keys to Sunlit Homes," Low Brothers big illustrated book, containing over 100 full-color recommendations for paint-styling your home, both inside and out.)

JUNK needed for War

"What's it good for?"
"Guns, tanks, and maybe part of a plane!"

In the attics and cellars of homes, in garages, tool sheds, and on farms, is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example. Old radiators, lengths of pipe, refrigerators, garbage pails, broken garden tools...

It may be rusty, old "scrap" to you, but it is actually refined steel, with most impurities removed—and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines.

Even in peacetime our Nation relied on scrap to provide about 50% of the raw material for steel. Now production of steel has gone up, UP, UP, until today America is turning out as much steel as all the rest of the world combined.

But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full rate of production cannot be attained or increased; the necessary tanks, guns, and ships cannot be produced.

The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead, and tin.

America needs your active assistance in rounding up these materials. The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

Will you help?
First—collect all your waste material and pile it up.
Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee.

If you live on a farm, consult your County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

JUNK MAKES FIGHTING WEAPONS

One old radiator will provide scrap steel needed for seventeen .30 calibre rifles.

One old lawn mower will help make six 3-inch shells.

One useless old tire will provide as much rubber as is used in 12 gas masks.

One old shovel will help make 4 hand grenades.

MATERIALS NEEDED
Scrap iron and steel.
Other metals of all kinds.
Old rubber.
Rags, Manila rope, burlap bags.
Waste Cooking Fats—Strain into a large tin can and when you get a pound or more, sell to your meat dealer.
NEEDED ONLY IN CERTAIN LOCALITIES: Waste paper and tin cans, as announced locally.
NOT NEEDED at this time: Razor blades—glass.

Obituaries

MRS. ELIZABETH DOUGLAS
Funeral services will be held this Friday, August 7 at 4 p.m. at the Schrader Funeral home for Mrs. Elizabeth Douglas, who resided at 51000 West Ann Arbor road, Plymouth. She passed away suddenly Tuesday, August 4 at the age of 73 years at the home of her daughter, Mrs. Wendell Mercer at Bay City. Mrs. Douglas was the widow of the late Robert Douglas. She is survived by two sons and two daughters, Mrs. Wendell Mercer, of Bay City; Mrs. William Grammel and Harold Douglas, of Plymouth; Robert Douglas, of Dearborn; and grandmother of Betty Grammel, Beth, Harold Jr. and Robert Douglas Jr.; also surviving are three sisters and one brother, Mrs. John Harwood of Plymouth; Thomas Jackson of Lake Orion; Mrs. Beatrice Becker of Detroit; and Mrs. George Wright of Plymouth. Two beautiful hymns will be rendered by Mrs. J. T. Chapman, accompanied at the organ by Mrs. M. J. O'Connor. Rev. Walter Nichol will officiate. The pallbearers will be Messrs. Spencer Grammel, Alfred Honke, Warren and Thomas Gardner, Orval and Roland Wright. Interment will be made on the family lot in Riverside cemetery.

Society News

Miss Lois Rialley left Monday for Washington and Pine Point, Maryland where she will spend the month visiting with her brother and friends.
Caroline Castle has entertained the past week her friend, Elaine Froon, of Sturgis. Miss Froon will return home today (Friday) and will be accompanied by Miss Castle and Mary Ellen Dahmer.
Mrs. William Farley and daughter, Vaua Campbell, and Mrs. Mildred Barnes will leave Monday on a week's vacation visit with Miss Ingeborg Lundin, at her home in Baraga, in the Upper Peninsula. They will be accompanied from Cadillac by Miss Mabel Smith, who will also visit Miss Lundin.
Mrs. John K. Nelson who resides on Starkweather avenue and the pleasant experience last Sunday of receiving a long distance telephone call from her sister, Mrs. Margaret Molchak of Los Angeles, California. The occasion was Mrs. Nelson's birthday. It seemed, said Mrs. Nelson, that her sister was talking to her from just a block or so away, so clear was the telephone line.
Health is the major asset of all of us today, worth more than all our property.

"Smitty" Is Back From Vacation Says He May Soon Return To The Woods

Mr. and Mrs. Glenn Smith returned to Plymouth Sunday night after spending a few days at their cabin up near Baldwin. Bright and early Monday morning Glenn went back to work in his enlarged "Smitty's place" on Main street, serving the hungry with coffee, donuts and the like.

"Want sugar in your coffee?" he asked a New Customer. "Sure, give me plenty. My mother brought me up on three spoonfuls of sugar for every cup," said the New Customer. "Sorry, can't do it. You know we have to save some sugar for the other fellows," retorted the returned vacationer.

New Customer got a half spoonful as the result of his demand. "Say, Smitty, can't you put another slice of ham in this sandwich? They were thicker than that while you were gone," said one of his "steadys."

"That's why I came home—but if this keeps up another day, you'll find me beating it back to the woods," declared the pioneer hot-dog maker of Plymouth.

The Larro Feeding System will help you:

SAVE FEED — AVOID WASTE

USE YOUR ROUGHAGE TO BETTER ADVANTAGE

PROTECT THE HEALTH OF YOUR COWS

GET MAXIMUM MILK PRODUCTION

The Larro Feeding System is based on these simple facts:

- 1—A cow must eat a certain quantity of food in order to live, or maintain herself. This is what we call the "maintenance requirement," and it varies according to the size of the animal.
- 2—A cow will normally eat MORE than enough hay or other roughage to maintain herself.
- 3—The EXTRA hay or other roughage consumed beyond the "maintenance requirement" can be used for making milk.
- 4—The quantity of milk produced from the extra hay or other roughage varies according to the butterfat content of the milk.
- 5—Any milk produced over and above the amount made from the roughage must come from grain, or it will be made at the expense of the cow's body.
- 6—The cow needs feed to build her body after calving and later to develop the unborn calf.

CHURCH OF CHRIST—188 Liberty street. Eugene Holloway, minister. Bible study, 10:15; communion services, 11:00; song services and preaching, 8 o'clock p.m. Everyone cordially invited to all services.

SEVENTH DAY ADVENTIST church. Our Sabbath school services begin at 2:00 p.m. every Saturday afternoon. They are held in the Jewell-Blanch building on the Ann Arbor Trail with preaching service following at 3:15 p.m.

ST. PETER'S EV. LUTHERAN church. Edgar Hocnecke, pastor. Sunday Services 10:30 a.m. Sunday School 9:30 a.m.

FIRST CHURCH OF CHRIST Scientist. Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service 8:00. "Spirit" as the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, August 9. The Golden Text (II Cor. 3:17) is: "Where the Spirit of the Lord is, there is liberty." Among the Bible citations is this passage (I Cor. 2:9-10): "But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by his Spirit; for the Spirit searcheth all things, yea, the deep things of God." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 512): "Spirit blesses the multiplication of its own pure and perfect ideas. From the infinite elements of the one Mind emanate all form, color, quality, and quantity, and these are mental, both primarily and secondarily. Their spiritual nature is discerned only through the spiritual senses."

METHODIST AND PRESBYTERIAN churches. Rev. T. Leonard Sanders, recently appointed minister of the Methodist church of Plymouth will have charge of the union worship services of these two churches for the next five Sundays. The meeting place will be the Presbyterian church, and the hour of meeting is 11 a.m. Next Sunday morning, Mr. Sanders will have as the subject of his sermon "Life At Its Best." Many will want to welcome this new voice to a Plymouth pulpit. Mr. Sanders will be assisted by the organist and choir of the Methodist church. All are invited to share in the fellowship of this service of praise and meditation. Sunday school will be held in each church at 10 a.m. Sunday.

CALVARY BAPTIST CHURCH. Lynn B. Stout, pastor. We have also a more sure word of prophecy: whosoever do well that ye take heed, as unto a light that shineth in a dark place until the day dawn, and the day star arise in your hearts. 2. Pet. 1:19. There is one thing that is sure, and that is the "sure word of prophecy." Every prediction of man as to the future is at its best only a guess, but God's predictions are "sure." To whom are you "taking heed"? The services at Calvary church for the coming Lord's day are: Preaching, 10 a.m.; Bible school, 11:30 a.m.; young people, 8:30 p.m.; preaching, 7:30 p.m. Prayer and praise service every Wednesday at 7:45 p.m. You can't afford to miss prayer meet-

FIRST BAPTIST CHURCH. George W. Rothery, minister. The sermon topic of the Sunday morning worship service will be "The Burning Bush." This being the first Sunday of this coming month we will fellowship together at the Lord's table following this morning worship service. The subject of the evening message will be "The Wages of Sin." We trust that everyone will endeavor to attend each service Sunday. Do not forget the great Sunday school hour at 11:15 a.m. and the mid-week service at 7:45 p.m. Wednesday evening. Go to some church somewhere Sunday. Remember you are never a stranger at the First Baptist church!

ST. JOHN'S EPISCOPAL church—Corner Harvey and Maple streets. Guest preacher will be the Rev. Francis Tetu of Indianapolis who will conduct the communion service at 10 o'clock, Sunday, August 9. Reverend Tetu, a graduate of the Philadelphia Theological seminary, has been in Indianapolis for the past nine years, and comes to Plymouth as a prospective candidate to fill the local pulpit. The church membership extends a hearty welcome to Reverend Tetu and hopes that he may remain as rector.

With Plymouth Boys Defending The Flag

Private John N. Pott, 22-year-old son of Mr. and Mrs. Nicholas Pott of Sheldon road, Plymouth, was graduated recently from an intensive course in aviation mechanics at Sheppard Field, Texas. Sheppard Field, near Wichita Falls, Texas, is one of the many Army Air Force's technical training command schools which trains the ground crews to "keep 'em flying."

Not "Hi, Neighbor!" but "Hi, Mac!"—that's the way two Plymouth men who just reported to the U. S. Naval Training station at Great Lakes are now saluting each other. They are picking up bits of Navy slang along with the training given the new recruits.

Jack Ross, Golf Champ Enters Army Service

Jack Ross, district junior match-play champion, became the district's first golf champion to enter military service. This week when he enlisted in the parachute troops, Ross, who was not called upon to defend his title this year, is the son of Hugh Ross, owner of the Middle Belt golf course on Five Mile road.

Now is the time when the old-fashioned family man can turn his throaty speeches into patriotic lectures.

The new Plymouth Bluejackets are Elmer A. Bennett, 18, son of Mr. and Mrs. Albert Bennett of Ford road, and Worthy H. Westphall, 17, son of Mr. and Mrs. Edgar G. Westphall of Orangelawn avenue.

Gordon A. Moe of 304 West Liberty street, Plymouth, who recently returned to the Army flying school at Merced, California, has been promoted from Corporal to the rank of Sergeant.

DRIVING WEST? SAVE YOUR TIRES!

TAKE THE "WATERBRIDGE" ACROSS LAKE MICHIGAN!

Go straight... across Lake Michigan aboard a modern PERE MARQUETTE AUTO FERRY. Save your tires, gas, oil and avoid the long traffic-bound detour around the lower end of the lake!

Pere Marquette's fast, steel steamers sail between LUDINGTON, Mich. and MILWAUKEE, MANITOWOC, and KEWAUNEE, Wis., on regular schedules. EIGHT sailings each day, in each direction, offering motorists the most frequent service... easily keyed with your motor trip. And there's no red tape when you sail. Gasoline need not be drained. Just turn your car over to an attendant and go topside to enjoy a refreshing Lake Cruise... in place of highway traffic and driving strain!

See Your Local Pere Marquette Railway Agent for Complete Information... **AAA**

PERE MARQUETTE RAILWAY AUTO FERRIES

How to make your car last a lot longer

Five neighbors, with only 6,000 miles left on their tires, can, by taking turns driving, each ride 30,000 miles before any re-treading is necessary. Start or join a driving club today and save precious tires.

Don't bump into or scrape curbs. Check pressure weekly. Thirty per cent under-inflation reduces tire mileage 50 per cent. Drive "40 or less." Avoid "squeaking" on turns... many extra tire miles will result.

Visit a Pontiac dealer at least once a month for a wheel alignment check. A wheel one-half inch out of line will drag a tire sideways 87 feet in every mile. Have him switch tires every 4,000 miles, too.

Pontiac's FREE "Motor Doctor" inspection prevents little troubles from becoming costly repairs. Regular inspection by your Pontiac dealer is the cheapest way to preserve something you can't replace until the war is won.

Pontiac PRESCRIBED SERVICE

BETTER IN 6 IMPORTANT WAYS:

- 1 Saves money
- 2 Assures prompt, cooperative attention
- 3 Includes special free examination by a trained motor doctor
- 4 He prescribes only necessary operations
- 5 You pay only for what you need when you need it
- 6 Lengthening car life at minimum cost

"Hold it!"

War calls must go through!

Every American is glad to give the right of way to our fighting forces in these days of war.

Remember that telephone lines are highways too—highways of speech over which thousands of vital military and war production messages must travel each day. And Long Distance lines between Michigan points and other war centers are now carrying an extra heavy load of war calls.

Because of material shortages we can't add enough new lines to handle the increased traffic. So it's up to all of us to make the most efficient use of the facilities we now have.

HERE'S HOW YOU CAN HELP

1. Make only the most essential Long Distance calls.
2. Keep your conversations as brief as you can.
3. When possible, give the number of the distant telephone you are calling.

Local service can be improved in the same way. Try to keep all calls as short as possible. Show your children how they, too, can aid the nation's effort by keeping their calls brief. And please don't call information for a number when it's listed in the directory. The telephone calls you save can speed delivery of a plane or tank!

Radio Broadcast Recalls Memories Of Former Associates

The names of two men who figured prominently in the news last week recalled memories of old associations to George M. Bentley, resident of Livonia township and member of local draft board No. 61 in Plymouth. On at least last week, Commentator Lowell Thomas reported that he had consulted Professor Edwin C. Corwin of Princeton University regarding the conduct of the Nazi spy trial in Washington. Mr. Bentley and Prof. Corwin are old time schoolmates.

Prof. Corwin, a leading authority on jurisprudence who holds the law chair formerly oc-

cupied by President Woodrow Wilson at Princeton, graduated from Plymouth high school and the University of Michigan with George Bentley and the two were roommates at Ann Arbor. Later, when Mr. Bentley was superintendent of schools at Cripple Creek, Colorado, Lowell Thomas was a student in his high school. Mr. Bentley was pleased to hear of his old acquaintances via the air waves and there are many in Plymouth who will recall "Ed" Corwin.

The 29 pounds of pig iron which go into the manufacture of an electrically driven domestic sewing machine would make enough steel for a .30 cal. machine gun while two such sewing machines would yield enough bakelite to make the instrument panel for an army fighting plane. FLOWERS

SINCE EARLY TIMES, when man first learned to honor his departed friends and relatives, flowers have been the symbol of honor and affectionate respect. They remain the most perfect way to express sympathy to bereaved friends.

Our funeral home is equipped to keep floral tributes fresh and lovely for considerable periods. Thus flowers placed in our keeping have lost none of their beauty when they are finally displayed at the funeral service.

THIS WAR MUST BE FOUGHT ON FRONTS ...

We are in this war, side by side with troops and workers.

There are two war fronts today. For many years, you've seen our men busy from one end of town to the other. They've been about your business—building and maintaining the electric and gas services of shop and factory. The people called for these services—we supplied them.

Those were the daily pursuits of a nation at peace. But this is WAR! The demands of war production must be met. Industry goes to longer hours, more shifts, more days, new kinds of production. And, side by side with industry and our armed forces, we are enlisted in the defense of home and country. Our plants and lines are geared to war work. Twenty-four hours a day, 7 days a week, is "mipe run" work to us—we've been at it for years. And because our organization of your fellow citizens that you've seen at work for years, were on the job, we were ready.

This war must be fought on two fronts: Against the enemy, and back of the lines, on the home front of war production. We are in the battle—night and day—to help win on both fronts.

PUBLIC SERVICE

One hears a lot these days about public service. Generally it is associated with public positions and the work of officials serving the public. In a way it is unfortunate that this is true, because there are thousands of other people who render public service of outstanding merit who are in no way associated with a public office or hold a public position.

As an example of what we mean, the writer some time ago was invited to the opening of "The Canteen" over in Dearborn. The president of the "440 Club," Heinie Bohl, who sponsored the idea, devotes every hour he is not otherwise engaged, to managing the Canteen, and seeing to it that everything is in ship-shape and all is going well.

What is the "Canteen"? It is one of the busiest places on Michigan avenue, where soldier boys and sailors, home from training camps for a few days or awaiting calls to service, can go forenoons, afternoons and evenings and enjoy their idle hours.

There is music, entertainment—and would you believe it—free coffee, doughnuts, sandwiches, pie and cake and a lot of other good things for the soldier boys to eat. Yes, they are even provided stationery.

All of the labor is donated. Wives of Ex-service men, girls from the best homes in Dearborn and soldiers of the last World War, come in at stated hours to do all of the necessary work. And how they do wait on the lads in uniform!

That is what we call real public service—a service that helps humanity as well as the community. No one gets any pay out of it. No one is "glorified" for doing it and no one gets his name in newspaper headlines for giving his time and attention to these matters.

That's why we think Heinie Bohl, who has not been out of the hospital many weeks, is doing an outstanding public service. In fact, we don't know many public officials who are serving their city, their state or their nation any better or as well as Heinie and his associates.

Makes Non-Stop Drive To Atlanta

Rolfe Smith Says It Was "Easy Trip"

A desire to see his relatives "way down South" before his tires wear out and gas is dished out by pints instead of gallons caused Rolfe Smith and his family to drive from Plymouth to Atlanta, Georgia, a few days ago on a non-stop trip of 748 miles.

Except for stops to buy gas and eat, no time was taken out for resting or sleeping.

"We didn't drive over 50 miles an hour, and believe it or not, when we reached Atlanta I was just as fresh as a daisy. This slow driving business does take a strain off a person," stated Mr. Smith yesterday.

A number of brothers have joined the colors and he was anxious to see them before traveling to the South is impossible.

"The South, like the North, has been blessed by plentiful rains. I never saw better crops than down there this year. Everybody is concerned about the war. There isn't much talk about anything else," added Mr. Smith.

"Broadcaster" Puts Over A Big Scoop

"Scooped"—what do you know about that!

The Plymouth Mail has been scooped by the Plymouth Rotary Broadcaster.

And it is a good news item, too. Just goes to show what happens when "ye editor" gets into politics.

Well, here's the "scoop." Charles H. Bennett is down in New York hobnobbin' with Mayor LaGuardia, Jim Foley, Al Smith and Tom Dewey. May-be he'll go on down to Washington and see Frank Knox about the navy. Mr. Bennett and the secretary of the Navy are old time friends.

Of course there's one thing about it, the Broadcaster has a total circulation of only 48 while The Plymouth Mail has three thousand two hundred and forty-eight.

So there's three thousand two hundred more people who will read this important bit of news in The Mail instead of in Bill Wood's Rotary Broadcaster.

on taking care of your

ELECTRIC RANGE

"Take good care of the things you have," reads the U. S. Government's Consumer's Pledge—and this applies with special force to many things that are irreplaceable. Your electric range must last for the duration, and to help you use it carefully and wisely, these few suggestions are offered:

(1) Never use a stiff brush or sharp instrument to remove spilled food from heating elements. Food spilled on open surface units should be burned off. (Avoid letting spilled food dry or harden on the range.)

(2) Roasting or broiling meat in the oven deposits grease on the oven walls. When cool, wipe the inside of the oven with a damp cloth. This should be done each time after use.

(3) Wash outside of range with warm soapy water. On most ranges with closed-type surface units, these may be raised up so that the pan underneath can be removed for cleaning. Check manufacturer's directions.

(4) Ventilate your oven after each baking operation by leaving the door ajar.

By following these simple rules, you will be giving your electric range the care it deserves, and your precaution may help to avert a possible breakdown or damage. Conservation of critical metals and repair materials helps the war effort. The Detroit Edison Company.
