

THE PLYMOUTH MAIL

Vol. 54, No. 52

Plymouth, Michigan, Friday, September 4, 1942

\$1.50 Per Year in Advance

School Board Hires 15 New Instructors

Everything Ready For Opening on Tuesday Noon

Contracts have been signed by 15 new teachers hired by the Plymouth board of education and the local school system now includes a staff of 71 teachers and a school nurse for the high school and two grade schools. All is in readiness for the opening of the fall school term at 12:30 o'clock Tuesday, September 8, to be preceded by a teacher's meeting at 8:30 Tuesday morning.

Several changes in the high school teaching staff have been necessitated by men being called into government service. High school teachers lost to the Army and civilian war production posts since last year are Alvin Balden, Paul Goodman, William Lamiman, Raymond LaBounty and John Westcott.

Others leaving Plymouth high school for employment in war industries, other school systems or because of marriage include Louise Sweet, Helen Wells, Leo Wallace, Marjorie Selwin, Louise Lamb and Maria Taylor. Grade school teachers who have resigned are Wanita Disbro, Gwendolyn Swan and Helen Keskey.

All of these positions have been filled ready for the opening of the new school term. New members of the high school teaching staff are Olga Mae Trucks, English; Walter F. Goodwin, mathematics and vocations; Ross Hedrick, science; Orrilla A. Wilson, science; Bernard Stadtmiller, geography and mathematics; Mary J. Schlosstein, commercial; Ingrid Jounkainen, commercial; Ralph C. Richardson, industrial arts; John E. Tomshack, industrial arts and vocations; Colvin C. Cooley, industrial arts, and Florence Gravelle, librarian.

One new teacher has been added at Central grade school; Miss Frances Adams will teach kindergarten and first grade. Other Central grade school replacements include Elizabeth Lucas, first grade; Mary Jane Shields, second grade; and Verle O. Crawford, fifth grade. Copies of the board of education's announcement for 1942-43 including a complete list of the faculty, school year calendar and courses of study for junior and senior high schools may be obtained at the office of the superintendent.

Converts Silver Into War Bonds

H. Gladman Buys Bonds at The Penn

Pennies, dimes and quarters saved during the past two years by Howard Gladman, 14273 Northville road, Tuesday night were converted into war bonds at the Penn theatre.

And what a pile of copper, nickel and silver there was when he dumped all of the cash out on the counting tables in the lobby of the theatre!

In the pile were 52 silver dollars that he had added to his collection of currency in the past 24 months.

"I guess it was just intuition which caused me to begin saving all of the extra coins I collected. Every time I had a dime, quarter, half dollar or dollar in silver I would drop it in a box I had set aside.

"Then when I read in The Mail that Mr. Lush was going to sell bonds at the theatre Tuesday night I made up my mind that I would take every penny I had saved down there and buy

Defense Chief To Speak Here

Owen J. Cleary To Address Rally Sept. 8

Owen J. Cleary of Ypsilanti, chief air raid warden of the Citizens' Defense corps of Michigan, will be in Plymouth Tuesday evening, September 8 at 7:30 o'clock at the Central grade school auditorium to address all local police and auxiliary units, firemen and auxiliary units, the city council, civilian defense council and defense corps. It is expected that 250 members of the community's various defense branches will be present at the meeting.

The speaker, president of Cleary Business college, is brought here through the efforts of Floyd Eckles, Plymouth's chief air raid warden, to address all personnel warden developments and progress of defense preparations elsewhere. Chief Warden Eckles, declaring that it is a privilege and patriotic duty to hear this defense administration leader urges all members of Plymouth's civilian defense organization to attend the rally.

Return To Plymouth From Eastern Visit

Mrs. R. L. Hills and daughter, Shirley have returned home after spending the summer in the east visiting relatives and friends. They were accompanied home by Mr. Hill's mother, Mrs. W. E. Baker, who will remain for an indefinite visit.

While visiting her aunt in Portville, New York, the daughter witnessed the disastrous flood in the river at that place. Much damage resulted, not only there but in many other places in that part of New York from high water due to excessive rains.

Absentee Ballots Now at City Hall

Voters' Registration Closes Saturday

Applications are now being received at the Plymouth city hall for absentee voters' ballots for the September 15 primary election. Parents or relatives of men in the armed services who wish to vote in the primary election may obtain applications and fill them out to be mailed to soldiers for signatures. Service men must return the ballots by mail by September 15, election day.

Absentee voters' applications may be made at the city hall from 8 to 5 o'clock each week day and from 8 to 12 noon Saturdays. The deadline for issuing absentee ballots is September 12. Registrations of new residents in the city will be taken at the city hall until noon Saturday, September 5. More than 100 new residents have already registered for the fall primary, and the city manager urges residents who have moved from one precinct to another within the city also to re-register at their new addresses.

Tin Collection Nets 1500 Pounds

Householders to Save Cans For Salvage

Plymouth's first collection of tin cans for salvage, made last Saturday by city trucks, netted approximately 1,500 pounds, states City Manager C. H. Elliott. While Plymouth's tin collection was adequate in proportion to Michigan's total quota for the salvage drive, it is hoped that larger amounts will be contributed in future pick-ups. William C. Hartmann, chairman of tin and metal salvage in Plymouth, urges householders to save tin cans now for another collection early in October.

For the benefit of those who have not started to save tin cans but wish to help in the salvage drive, the following suggestions are offered by the War Production Board: Cans are to be opened completely, remove both the top and bottom covers; wash thoroughly as foreign matter pollutes the detinning agent; remove paper labels from cans; flatten cans by stepping on them, but don't hammer the sides together; foodcans and tobacco containers are excellent for salvage but don't contribute paint, oil, varnish or conical top beer cans. Not only the tin is reclaimed from the cans, but also steel vitally needed for war production. Cans should be placed for collection at the curb or in the alley, the same place used for the collection of rubbish.

Woman's Club To Open Season Oct. 2

Board Approves Year's Program Plans

The executive board of the Plymouth Woman's club at a meeting last Thursday afternoon approved tentative program plans for the next club year which will begin with the first fall meeting October 2. Following a luncheon meeting, Mrs. Sydney Usher will present a talk on "Honolulu."

Highlights of the year's program will be a Seeing Eye dog demonstration, a discussion of inter-racial problems, book reviews, an eye-witness account of the Oberammergau Passion play, hobbies, a club play, the annual husbands' night program, a government nutrition program, Anniversary Tea and Past Presidents' Day and the spring style show.

The Woman's club includes a membership of 150 and meets twice a month, on the second and fourth Fridays, at 2:30 o'clock except in the event of luncheon meetings.

Marcia Wilkie, who on September 8 enters St. Joseph Academy in Adrian, was given a most pleasant surprise by some of the younger children, Friday at the home of Jack Ridley. A luncheon was enjoyed with games afterward which included a treasure hunt. Those planning the party were Jack, Bob, Patsy and Shirley Sexton and Irene, Mary Jane and Betty Dely.

Plymouth Coach To Operate Four School Busses

War Restrictions On Transportation Offer Problems

Despite war restrictions on public transportation facilities, the Plymouth Coach company will operate four school busses each morning on regular routes operated for school children in the Plymouth school district last year.

Many children from new subdivisions near Plymouth will be included in the bus route, operating south of the city. Transportation to school for children living beyond the present south route limits remains a problem, however, and officials of the coach company and school officials are studying a request to extend the south line from Canton Center road to Ford road and Haggerty road if defense restrictions and time schedules permit.

According to a war transportation restriction, no extensions of present lines are permitted, and the coach company is unable to offer any special bus service for school activities and trips. School children in the Robinson subdivision district also remain without any means of public bus transportation.

The routes which will be offered for this school term will operate from Outer Drive in Plymouth, leaving at 7:45 a.m. and arriving at school at 8:10 a.m.; from Grand River on Plymouth road, leaving at 7:30 a.m. and arriving at school at 8:10 a.m.; from the Plymouth Coach garage to Northville road, Schoolcraft to Bradner road, Five Mile to Middlebelt, Six Mile to Five Mile, Inkster to Plymouth road, leaving the garage at 7:15 a.m., leaving Six Mile and Middlebelt at 7:45 and arriving at school at 8:10 a.m., and from Rosedale Gardens on Plymouth Road to Stark district, to South Main to Joy road, Canton Center road to Ann Arbor road to Main street, leaving Rosedale at 7:30 a.m., leaving Joy road at 8:10 and arriving at school at 8:25 a.m.

The schedule of fares includes 10-cent fare for the Five Mile district; seven-cent fare on Plymouth road to Merriman; nine-cent fare on Plymouth road to Inkster; and a five-cent fare for the south end of Plymouth to Joy and Canton Center. Officials of the coach company state that every effort will be made to offer the best possible service for school children under existing, limited circumstances.

Local Woman To Enter WAVES

Lorraine Corbett To Start Training

According to an announcement from U. S. Naval procurement offices in Chicago, Miss Lorraine Corbett of Plymouth has been accepted for midshipman training in the WAVES, the Women's Auxiliary Voluntary Emergency Service. It is expected that Plymouth's first WAVES candidate will enroll for training October 6 at the country's first feminine Annapolis, the U. S. Naval Training school at Smith College, Northampton, Mass., preparatory to receiving a commission as ensign and lieutenant in the WAVES. The local young woman was sworn in to the service by Lieut. Mary Daily at Chicago on August 22.

The "dry-land sailors" of the WAVES are enrolled as Navy apprentice seamen and are to replace men on shore duty. Dr. Mildred McAfee, former president of Wellesley College, is lieutenant commander of the WAVES, and Miss Elizabeth Reynolds, professor of English at Barnard College, is assistant to the director. Elizabeth B. Crandall, assistant to the dean at Stanford University, will serve as dean of women at the WAVES training school.

Miss Corbett, daughter of S. L. Corbett, Plymouth electrical contractor, was graduated from Plymouth high school, received her A. B. degree in sociology at Michigan State college in 1936, attended Wayne University for a year of social studies leading to a teacher's certificate in 1940 and two summer school sessions at the University of Michigan in educational psychology toward a Master's degree during 1941-42.

The young woman was engaged in family case work for the Wayne county Bureau of Social Welfare for two years, and served as a case worker for the Aid to Dependent Children agency for a year. She taught social studies in the Detroit school system last year. Miss Corbett is affiliated with Zeta Tau Alpha sorority, the University of Michigan club in Plymouth and Our Lady of Good Counsel church.

Mr. and Mrs. Richard Straub and sons are enjoying the week at Lake Leelanau near Traverse City.

Theatre Sells Over \$8,000 Worth Of Bonds on Opening Night of Drive

If Plymouth can maintain the big lead set for it by Harry Lush at the Penn theatre Tuesday night when the opening of the theatre's drive to sell war bonds, it will not only make its quota of \$82,000 set for September, but it will make up the quota deficit in Plymouth for July and August.

When the final check was made at the time of closing the theatre Tuesday night, Mr. Lush counted a total sale of war bonds amounting to \$8,400.75, a much higher total than had been anticipated.

The theatre ceremonies were opened at 9 o'clock when the Plymouth high school band marched to the front of the stage and played two patriotic numbers.

There was a brief announcement by the Plymouth chairman of the war bond committee pertaining to the campaign just started by Mr. Lush in cooperation with thousands of motion picture theatres throughout the country. Many in the audience went out and purchased bonds between the two shows.

The action taken by Mr. Lush will prove of especial benefit to Plymouth residents as heretofore it has not been possible to purchase bonds anywhere in Plymouth during the evening. Now they will be able to buy war bonds during the evening hours when the theatre is open.

Board Exonerates Training School of Cruelty Charges

Committee Praises Administration For Work and Methods

A complete vindication of the administration of the Wayne County Training school was contained in two reports submitted to the board at the institution Friday following an investigation of alleged cruelty charges. The people of Plymouth and other communities close to the Training School did not have to wait for the exoneration presented by the examining committee, however, for they are aware of the progressive purposes and maintenance of the institution. The committee's report serves to confirm the high opinion of the Training school and its employees, 60 of whom are residents of Plymouth, 40 of whom live in Northville and 100 at the school.

Members of the impartial fact-finding committee all of unquestioned veracity and interest in community welfare are Fred Butzel, Detroit attorney and civic leader and one of the founders of the Ford Republic for Boys and the Merrill-Palmer school; William J. Norton, sociologist and head of the Children's Fund of Michigan; M. Hubert O'Brien, attorney and former parole commissioner for Michigan; John Brown, president of the T. B. Ray Co., in Detroit; and Dr. Robert W. medical consultant and member of the staff of Harper hospital in Detroit. Another report, dealing with psychiatric methods, was submitted by Dr. Ransome A. Greene, former president of the American Association on Mental Deficiency and head of the Walter E. Fernald State school at Waverly, Mass.

Both reports approved the school and congratulated the management and the staff for efficiency and exceptionally valuable work. Dr. Robert H. Haskell, superintendent of the school, received special mention and notice was given that he is available at all times to parents and others interested in the children for interviews and advice.

Dr. Greene's summary stated, "The Training School is very forward in its outlook, very progressive in its ideals and in my opinion, it is a pioneer in the institution work along these lines. No corporal punishment is tolerated by the authorities."

"The committee is impressed with the great importance of preserving a unique institution and the public's confidence in it," declared the five-man investigating committee. "It is felt that a further cross-examination by outsiders of children of a susceptible type was contraindicated."

Indicated that charges of cruelty at the institution was grossly "exaggerated," the committee's report also stated, "In some instances, some sharp form of correction is indicated for the welfare of the child. An occasional slap or other form of correction may be in order, but the necessity for reporting it would certainly tend to reduce this to a minimum." The committee (Continued on page 5)

Building During August at Low Ebb

Only One New House Under Construction

Building activity in Plymouth during the month of August hit its lowest ebb in many months with a total valuation of only \$8,062 and only one new house under construction. Only 16 building permits were issued for the month, most of them for new garages, re-roofing, alterations and repairs.

The lone new house under construction is a residence of four rooms and bath, 29x25 feet, at 1022 Ross street, at an estimated cost of \$4,700, by Contractor Daniel S. Mills. With the straight-jacket on new building, shortages in all types of dwellings continue acute in the Plymouth area.

Victory Notes

Saturday, September 5, is Blood Donor day in Plymouth. The Red Cross Mobile unit will be at Plymouth high school, according to Mrs. H. R. Penhale. There is still time to register as a Blood Donor at the City Hall, Beyer Pharmacy, the Red Cross room or with Mrs. Penhale.

The Plymouth Defense Council met Monday afternoon, August 31 with nine members present, Chairman Ruth Whipple, secretary Arno Thompson, Co-ordinator Clarence Elliott, Mrs. John Bickenstaff, Dr. Luther Peck, Chief Charles Thumme, Fire Chief Fred Wagenschultz, Air Warden Floyd Eckles, and Charles Cushman. The agreement signed August 18th by Gov. Van Wagener outlining the duties of the Wayne County Defense Council and its relationship to the State Defense Council was read and made part of the minutes. The subject of fire-watching and their equipment was thoroughly discussed.

The first tin collection of August 29 was participated in by only 5% of Plymouth home owners with the result of 1500 pounds collected. City employees reported that the tin that was salvaged had been put in the proper condition with only the few exceptions where paper labels were left on the cans. The second tin collection will be a month from now.

Mayor Ruth Whipple and Co-ordinator Clarence Elliott attended a meeting of area mayors and co-ordinators called by the Wayne County Defense Council in Wayne high school, Wednesday afternoon, September 2. Some 15 defense problems were discussed and plans made for advanced classes for air wardens, auxiliary fire and police men, nurses (the 7 hours required for their arm bands,) decontamination and fire-watchers.

Police Chief Charles Thumme has arranged a Defense Rally for Thursday evening, September 3, at 7:30 in the Central Grade School auditorium with Col. Hazleton in charge of the speakers.

Chief Air Warden Floyd Eckles has arranged a rally for Plymouth's 250 air wardens, and all other members of the defense corps as well as the general public for the evening of Tuesday, September 8, at 7:30 at the Central Grade School auditorium. Mr. Cleary, state air warden will be the speaker.

Plymouth needs at least sixteen more volunteers for fire watchers. Register with John Elyton or with Arno Thompson at the city hall. Fire Watchers are needed for both the Liberty street and Main and Penniman business sections.

Dr. Luther Peck needs at least 24 men for stretcher-bearers to complete his medical unit organization.

Register now for Canteen First Aid and Home Nursing classes with Mrs. Winston Cooper, 387-J. Register with Mrs. Harold Brisbois (4827) for the Surgical Dressing class which will start in September when there are sixty members. Register with Mrs. Helen Burgett for the Motor Mechanics class to begin about September 15 with Mr. Tibbetts as the instructor.

The members of the Motor Corps are earning their 50 hours of credit by doing necessary city and defense errands with their cars under the direction of Mrs. Helen Burgett.

Plan to Organize New Girls' Bowling League

An eight-team ladies' bowling league is to be organized for Monday night play at the Plymouth Recreation hall on South Main street. Any players or team sponsors interested in joining the league are asked to call Mrs. Jayson Lyke or Manager Butler at the Recreation hall. It is planned to start the league bowling season by September 14 if teams can be organized.

Victory Harvest Flower Show to Be Held Sept. 10

Most of Proceeds to Aid Army and Navy Emergency Relief

The Victory Garden Harvest and Flower show, sponsored by the Plymouth branch of the Women's National Farm and Garden association, will be held Thursday, September 10 from 3 to 10 o'clock in the Crystal room of the Hotel Mayflower. A national committee has suggested that a small admission fee be charged and that 85 per cent of the proceeds be turned over for the benefit of the Army and Navy emergency relief fund. Tickets may be obtained from members of the Garden club.

No entries will be accepted after 11 o'clock next Thursday morning. All adults and children in and around Plymouth are urged to enter displays in any of the following classes: Class No. 1, Arrangement suggesting Victory; any material and container; Class No. 2, Patriotic arrangements; Class No. 3, Arrangements suitable for tables, for living room, dining room or coffee table; Class No. 4, Arrangement of Vegetables suitable for table centerpiece;

Class No. 5, Arrangements with a minimum number of flowers, under eight blooms; Class No. 6, Arrangements in shells, natural and pottery; Class No. 7, Arrangements representing titles of books, with card to accompany arrangement showing title of book; Class No. 8, Arrangements of flowers or vegetables in kitchen utensils;

Class No. 9, Miniature class, three inches or under, three to five inches and five to seven inches; Class No. 10, Arrangement of weeds; Class No. 11, Specimens of annuals and perennials, three blooms only of each variety; Class No. 12, Specimens of vegetables, not more than three of each variety; Class No. 13, Arrangement of vegetables in a hamper, five or more varieties; Class No. 14, Specimens of herbs; Class No. 15, Gourds, in arrangement and specimens; Class No. 16, Canned fruits and vegetables from Victory Gardens; Class No. 17, Arrangements of flowers and vegetables by children under 16; Class No. 18, Specimens of flowers and vegetables grown by children under 16.

It was generally expected that sales for the summer months would fall short of the record for the remainder of the year, but it is hoped that now that persons have returned from summer vacations and returned to business, systematic purchases of bonds and stamps will increase the sales record for September.

Fire Destroys Mill Supply Bin

Blaze Damages Roof of Main Building

Fire destroyed the sawdust bin of the Plymouth Mill Supply building located at the northwest corner of Ann Arbor Trail and Mill street Tuesday night with an estimated damage of \$700.

Spontaneous combustion is believed to have caused the fire in the bin which was filled with wood shavings, according to the fire department. The bin burned to the ground while the fire department worked for an hour to check the flames to prevent damage to the main building, a cement block construction and to the mill supply products. The roof of the main building was damaged also, according to Owner Dewey Smith.

The building destroyed by the fire was not covered by insurance.

Issues Two Tons Of Sugar a Day

Ration Board Serves 150 Applicants Daily

The local ration board which serves Plymouth and surrounding area has issued an average of two tons of sugar for canning purposes every day since August 17 when the fall canning rush started. More than 150 applicants have been served at the ration board office each day. Sugar certificates for canning needs will continue to be issued daily at the board office until the end of the canning season.

Holders of war ration books are advised that coupon No. 8 is valid now for the purchase of five pounds of sugar for each individual in a family. This coupon will be honored until the end of October. The five-pound allotment for a ten week period does not constitute a bonus; it is the regular one half pound ration per person issued for a longer period of time.

The local ration board in Plymouth has issued 150 certificates for re-capped automobile tires during August; 50 for re-capped truck tires; 23 for new automobiles; 80 for grade two tires and 10 for new grade one tires. Local board officials state that it is intended that quotas will be drastically reduced on all re-capped, new and grade two tires in future months.

Plymouth Alloted 125 New Homes By State FHA Director

Kenneth Groth Buys Partner's Interest

Kenneth Groth has bought out the interest of his partner, Orlo Owen, in the business of the Ken and Ork lunch room on Penniman avenue. The Ken and Ork enterprise was started in 1938.

"Ork" will devote his time to other personal affairs and has no plans for entering other business at present. "Ken" will continue to manage Ken and Ork's under the same name and give the same satisfactory service as in the past.

Plymouth Fails To Reach Bond Quota in August

Month's War Bond Stamp Purchases Total \$4,506.70

Plymouth failed to reach its quota for the purchases of war bonds and savings stamps for the second consecutive month during August. The total bond and stamp purchases during August amounted to \$4,506.70. Plymouth fell short of its July allotment also with a total for that month of \$59,537.33.

Stamp sales through the local retail store campaign totaled \$4,253.95 during August. The past week's sales were \$649.60 with only half of the retail business places reporting their sales. The Plymouth post office reports the sales of \$16,650 worth of bonds and \$4,602.75 worth of stamps for the month. The bank's bond sales totaled \$29,000.

It was generally expected that sales for the summer months would fall short of the record for the remainder of the year, but it is hoped that now that persons have returned from summer vacations and returned to business, systematic purchases of bonds and stamps will increase the sales record for September.

Recruits Leave For Army Sept. 10

Public To Attend Send-Off Parade

Plymouth's next send-off demonstration for Army recruits will be held on Thursday afternoon, September 10, at 2:45 o'clock at local draft headquarters on North Main street. The Junior Chamber of Commerce, sponsors of the civic send-off program, urge all citizens to participate. Refreshments, including candy, soft drinks and cigarettes, are distributed to all soldier recruits through the loan unit of the USO, and utility gift kits are given to all local men entering service by the Plymouth Canteen club and Salvation Army.

Men who will leave Plymouth next Thursday are James Schomberger, Stillman Warner, Leslie Fuller, James Edelbrock, Robert Amstutz, Eugene Nipper, Gaylord Kirkpatrick, Elton Williams and Gilbert Williams of Plymouth; Lloyd Spencer, Edgar Prom, Glenn Melow, James Costan, Walter Nafranowicz, Terry Anderson, and Howard Balch of Northville.

Robert Johnson, Harvey Fuerst, Edison Empey, Francis Brandt, of Farmington; Lloyd Oberg of Dearborn, and William Jones, George Wohlar, Cyril Stuart, Harvey Williams, Max Ellison, Harrison Graves, Raymond Cathpole, Colin Campbell, Sam Cox, Donald Bryant, Orin Highfield, Glenn Bragg, Fred Montgomery, Robert Wilkerson, Kenneth Chandler of Detroit and George Elyton of Ypsilanti.

Recent volunteers from the Plymouth area who have enlisted in various branches of the armed services during August include Charles McKinney, Nicholas Campbell, Eugene Wisniewski, Gerald Mallard, Joseph Gates, Jr., James Honey, Arthur Huston, Robert Uhls, James Geraghty, Jack Christenson, Larry Arnold, Gustav Hansen, Benjamin Darnell, William Darnell, Robert Johnston, Allen Grot, William Epps, Gerald Krumm, Aubrey Dyer, William Holloway, Bud Gould, Ernest Archer, James Hall and Ed Newman.

Mrs. William Jennings, who had spent the past two months with a sister in Media, Pennsylvania, returned to Plymouth Tuesday, had lunch with the Charles Spurgeons then left for a visit with friends in London Ontario.

Materials Can Be Released For Homes Says Foley

No Time Announced For Start of Construction Work

According to a statement released a few days ago by Raymond M. Foley, federal housing administration director of Michigan, Plymouth will be permitted to build 125 new houses in the immediate future.

While under the decision of the FHA, such places as Wayne, Inkster, Ypsilanti and Ann Arbor have been allocated a much larger percentage of new houses that can be constructed here for rental or sale purposes, the fact that Plymouth will be permitted to construct even 125 new homes is good news.

This new home construction program is a part of an effort of the government to relieve the housing situation around the Ford bomber plant.

Foley pointed out that the new housing area with a specific quota assigned gives the first real chance the priorities processors have had to set up a completely controlled picture at the beginning. A gradual growth of the priorities system and the changing regulations and rules did not give this opportunity in the general Detroit area when housing quotas were assigned there, he said.

"In the new Willow Run critical housing district," Foley said, "we will be able to control the distribution as between properties for rent and for sale on the 50-50 basis. We will require that in all projects submitted that involving a number of dwelling units at least 50 per cent of the individual projects must be on a rental basis."

"We have also been given at the beginning of the work in the new district a program which breaks down both the rental and the sale properties into price or rental level groups. We have proceeded somewhat further with this than the framework of the NHA area WEP programming and policy set up at least on a tentative basis, a distribution of the quota into the several communities contained in the district. We have endeavored to do this on the basis of such facts as are before us now concerning available locations, utilities, etc."

"It is entirely possible that subsequent developments may make necessary some changes in this beginning set-up and if so the public will be advised."

Foley stated that the approximately 4,200 family units remaining unassigned in the new district quota would be distributed substantially as follows to districts: Nineteen per cent it is expected will be built in the immediate Ypsilanti area, or a total of 798 units. In Wayne and Garden City 45 per cent or 1,885 family units, are expected. Inkster draws 24 (Continued on Page 6)

Tuesday Deadline For Auto Licenses

War Brings Increase In Half-Year Plates

The Plymouth license bureau of the Secretary of State's office reports an unprecedented rush for license plates for the last half of the year before the deadline Tuesday. During the three-day period, including last Saturday, Monday and Tuesday, the bureau sold 1,049 half-year plates, in comparison with only 778 during the same three-day period last August.

The increase in the number of half-year plates sold this year is attributed to the tire shortage, draft and the fear of gas rationing. Many auto-owners evidently did not expect to have cars in operation for the full year.

The total number of half-year passenger plates sold this year is 1,394, as compared with 1,233 for 1941. The bureau sold 297 half-year commercial, farm commercial and trailer licenses for 1942 in comparison with 263 half-year plates for the same period in 1941. This represents an increase of 175 more half-year plates than last year, 161 of which were passenger plates.

Local Churches

FIRST BAPTIST CHURCH.—George W. Rothery, minister. Church at 10:00 a.m. Sunday school at 11:15. Evening services at 7:30. The pastor will preach at all services this Sunday.

ST. MICHAEL'S CATHOLIC church, Father Contway, pastor, Rosedale Gardens. Masses at 8 a.m., 10 a.m. and 12 noon.

FIRST CHURCH OF CHRIST Scientist. Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service 8:00.

"DOC" OLDS Beer - Wine Groceries - Meats Open till 11 Every Night 102 East Ann Arbor Trail Phone 9147

"Man" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on September 6. The Golden Text (Psalms 37:23) is: "The steps of a good man are ordered by the Lord; and he delighted in his way." Among the Bible citations in this passage (Gen. 1:26): "And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.336): "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is coexistent and coeternal with that Mind."

CHURCH OF CHRIST—188 Liberty street. Eugene Holloway, minister. Bible study, 10:15; communion services, 11:00; song services and preaching, 8 o'clock p.m. Everyone cordially invited to all services.

Norman Pearsall, Plymouth's young artist, will draw and speak. Come out to enjoy the services with us.

Millions for Victory The U. S. A. spent more than 131 million a day for war during last April, enough to pay for a battleship, an aircraft carrier, a heavy cruiser, and a submarine and twice what we spent for weapons in the month before we entered the war.

Obituaries

GLORIA JEAN STOOPS Funeral services were held Sunday, August 30th at the Schrader Funeral Home at 2 p. m. for infant daughter of Mr. and Mrs. Edward E. Stoops who resided at 148 Hamilton street. Gloria Jean passed away Friday afternoon, August 28th at the age of one month and six days. Besides her parents, she is survived by two sisters, Rev. T. Leonard Sanders officiated. Interment was made in Riverside Cemetery.

MRS. BESSIE INGRAM Funeral services were held Monday, August 31 at the Schrader Funeral Home at 2 p. m. for Mrs. Bessie Ingram who resided at 624 Sunset avenue, and who passed away Friday, August 28. Mrs. Ingram is survived by her husband, Robert E. Ingram, two sons, Ralph Bryant of Chicago, and Elaine Ingram of Plymouth; four grandchildren, Robert, Delores, Beverly and Ann Bryant; two sisters, Mrs. Martha Farr of Pine Valley, New York and Mrs. Ethel Coleman of Corning, New York; also four brothers, Charles, Homer, Howard and Devillo Bryant, all of Elmira, New York, also several nieces and nephews. Rev. T. Leonard Sanders officiated. Two beautiful hymns were rendered by Mrs. Frank Dicks, accompan-

ied at the organ by Mrs. M. J. O'Connor. The active pallbearers were Messrs. Bryant, Homer and Samuel Wixson, Wesley Eichlolt and Wesley Eichlolt, Jr., and Douglas Stucks. Interment was made in White Chapel Memorial Cemetery, Birmingham, Michigan.

ALFRED HAWMAN Alfred Hawman whose home was on Gilbert street in Robinson subdivision, died at the age of 46 years at 9:30 Thursday morning in University Hospital following a three months illness. An employe of the Wayne county road commission, he lived in Plymouth for many years. He is survived by his widow, Hazel, and a brother, Rudolph, of Grand Rapids. Funeral arrangements are not yet complete. The body is at the Schrader Funeral home and burial will be at Riverside cemetery.

Plymouth Pledges Aid - Scrap Drive

U. S. Needs 17,000,000 Tons of Metal by '43

Plymouth has pledged to get in the scrap by joining the nationwide participation in the Salvage for Victory program in answer to the appeal of Donald M. Nelson, chairman of the War Production board, that every community mobilize in the scrap drive. John R. MacLachlan, chairman of Plymouth's salvage committee, urges the whole-hearted cooperation of all citizens in this program. To meet America's increasing critical shortage of raw materials, every man, woman and child in the community is expected to help collect scrap metals, rubber, hemp, waste cooking fats and other materials, lack of which is already beginning to hamper the war effort. The Conservation division of the WPB has set a goal of 17,000,000 tons of metal scrap alone for collection and routing to the steel mills by January 1, 1943, so that our production machine may continue at top speed. Junk can help win the war. It is an essential raw material, and old worn-out "junk" can be turned

ICE Plymouth Artificial Ice Co. Phone 265

into tanks, bombers, bombs, parachute flares and sandbags. Women can send bullets from the kitchen for their grease in gunpowder.

Low Year, 1931 According to the bureau of the census the mortality rate in America in 1931 was the lowest since the federal government began collecting mortality statistics in 1900.

TAKE CARE OF IT AND MAKE IT DO! Every farmer knows the vital importance of farm machines in the winning of this war. The need for increased food production is urgent. So is the demand for machines to help plant, cultivate, and harvest your crops. But because of the urgent demands of war production, new farm machines are going to be harder to get. This simply means that farmers must take the best of care of the farm machines they have. They must make their present equipment last longer. They must take care of everything until we win the Victory. LET US KEEP YOUR MACHINERY IN REPAIR A. R. West 507 S. Main St. Plymouth Phone 136

Fighting VICTORY DOLLARS MAKE THEM FIGHT FOR YOU! If You Can't Carry a Gun INVEST IN WAR BONDS AND STAMPS Today! This is today's theme... it's the one every true American is following. It points the way to victory, freedom and self respect. Every person, every utility, every industry is affected by it and your utilities are no exception. Before you buy check with us to see if we can furnish you with service. Our war needs for vital metals and materials, many of which are used by our Company to make tanks, planes, guns and shells. Avoid disappointment, help us and help Uncle Sam by checking with us before you build, remodel or buy major equipment requiring our service. CONSUMERS POWER COMPANY

WANTED
GIRLS FOR WORK
VITAL TO THE WAR
EFFORT WITH THE
MICHIGAN BELL
TELEPHONE
COMPANY
THE ARMED FORCES, war industries, and civilian defense units keep telephone wires humming these days. To handle this flood of calls, your telephone company needs more operators, and needs them now! Here is your chance to make a real contribution to the war effort—and at the same time get a job with pleasant working conditions. You will join with an army of selected girls who have dedicated their best efforts to providing swift and accurate service in these critical times.
CAN YOU QUALIFY? Either single or married girls who have good eyesight, hearing, and voice, and who are citizens, may apply. No previous experience necessary.
HOW TO APPLY—If you have wondered "what you can do to help"—if you are interested in this opportunity for useful and agreeable work, simply call Mrs. Kisabeth, 9901. She will be glad to tell you more about this interesting work and arrange an interview.
THE MICHIGAN BELL TELEPHONE CO.

Refugee to Talk At Rotary Club

"How to Win Peace" Will Be Speech Topic "How to Win the Peace" will be the topic of a speech to be given for the Plymouth Rotary club Friday by Lonard Guenther, Ph. D., Jur. D., a German Christian refugee, who came to the United States in 1938 directly from his first papers the first day he landed in America.

Board Exonerates Training School of Cruelty Charges

(Continued from page 1) mittee was impressed by the happiness of children at play and their absorption in their jobs. Included in the report, submitted by Judge Henry S. Hubert, chairman of the school's administrative board and creator of the juvenile court system here, was a recommendation for an affidavit of any form of correction found necessary by an employee. The report concluded with the observation that it is difficult during war time to obtain adequate help in competition with war wages. The reports and recommendations are to be studied at a future meeting of the school board which includes Chairman Hubert, Warren E. Bow, superintendent of schools; Probate Judge D. J. Healy, Milton Alexander, Mrs. Robert Beattie, James Fitzgerald and Fred C. Fischer.

Converts Silver Into War Bonds

(Continued from page 1) bonds," said Mr. Gladman. "You know I have two boys in the service. That's why I want to help out all I can. I am going to begin saving another pile of silver for the government. It was easy, not a bit difficult, to accumulate that \$225 I had. Any one can do it, if they will. Every time one has any extra change in their pockets, just take it out, put it in a box and figure that you haven't got it," said Mr. Gladman. His two boys in the service are M. Darwin Gladman, first class seaman at the Great Lakes Naval Training station near Chicago, and Howard E. who is in the Marines at San Diego. Mr. Gladman is employed by the Wayne county road commission.

Tells How To Make Cars Last

Belief that a plan advocated in the east to reduce gasoline consumption by operating automobiles on only half of the cylinders might prove to be false economy has been expressed by Prof. Walter E. Lay of the University of Michigan's automotive engineering department. Running a car on half the cylinders would produce a certain amount of fuel economy, Professor Lay believes, but the durability of the engine and car would be reduced. Professor Lay also warned against a too drastic adjustment of carburetors to reduce the flow of gasoline since "too lean" a mixture does not use up all of the oxygen and this excess oxygen causes serious corrosion as it passes out through the exhaust valves. Advocates of the plan of using only half of the cylinders in an automobile engine claim gasoline consumption can be reduced as much as 40 per cent.

From the viewpoint of extending the life of automobiles as much as possible, Professor Lay recommends only the simple steps necessary to keep cars running as manufacturers intended they should be operated. He says the motor should be kept well tuned, the chassis and engine should be greased regularly and the brakes adjusted to prevent any "dragging." Some fuel economy can be obtained at the cost of some comfort in riding by inflating the tires slightly above the recommended level, Professor Lay asserts. Misses Rosemary Kinsler and Wanda Hepler entertained with a lovely lawn party and kitchen show in honor of Dorothea Hance, a bride of September, Sunday afternoon at the Kinsler home on Merriam road. Tables were set in a T shape with a spray of garden flowers the full length and a beautiful corsage laid at each place to be worn by the guests. Those present were Misses Betty Hepler, Florence Wesch, Helen Gilbert, Dorothy Ebersole, Betty Clark, Mesdames Archie Howell, Carl Wagonschutz, Roy Owens, Joseph Farmer, John Clark, Milo Dugan, Herrington, McGrath, Joseph Kinsler, Carl Hepler, and George Hance. The guest was presented with many lovely gifts after which a lovely dinner was served.

Wasted money is wasted lives. Don't waste precious lives. Every dollar you can spare should be used to buy War Bonds. Buy your ten percent every pay day.

Local News

Bill Keefer, Jr. and Bill Baker left Monday morning on a trip to Port Huron via bicycle.

With Plymouth Boys Defending The Flag

It's Staff Sergeant Athrian M. Vaughn now! He is the son of Mrs. Mary Vaughn of Centralia avenue, Plymouth township. Promotion of this man at the Army Air Forces gunnery school at Tyndall Field in Panama City, Florida, was announced this week. He will now return to his home field at Savannah, Georgia. The promotion was earned for the Staff Sergeant's successful completion of the intensive five weeks' course given picked men to qualify them as top-notch aerial gunners.
The first to weeks of the special training period are devoted to class room lectures and study. The next two weeks are spent on the range where the target is

Pontiac PRESCRIBED SERVICE
BETTER IN 6 IMPORTANT WAYS:
1. Saves money
2. Assures prompt, co-operative attention
3. Includes special free examination by a trained motor doctor
4. He prescribes only necessary operations
5. You pay only for what you need when you need it
6. Lengthening car life at minimum cost
HERE ARE easy rules to follow to assure keeping your car running much longer: First, reduce mileage. Second, reduce driving speed. Third, take your car to an authorized Pontiac dealer for a FREE check-up at least once a month. We are maintaining complete service facilities, factory-trained mechanics and a stock of high-quality replacement parts to help you keep your car running for the duration. More important, we will examine your car FREE at regular intervals so that minor misadjustments can be found and corrected before they cause serious damage and costly repairs.
GET ACCESSORIES NOW
Pontiac-approved accessories are still available without restrictions. If you want the added comfort, convenience and safety of such accessories as slip covers, radio, tire locks, clock and many others, see us NOW!

per cent or 994 units—Plymouth three per cent or 125 units—and various other communities in the edges of the district one per cent or 55 units.
Of the total, 2,088 units are to be for rent and this classification is broken down into three groups with rental levels of \$37 to \$39 per month \$40 to \$45; and \$45 to \$50. In the two upper brackets 850 family units are assigned to each, with 388 in the lower bracket.
In the "for sale" classification, Foley said, 2,089 units are assigned broken into four price levels as follows: 289 in the level below \$4,000, 500 in the bracket from \$4,000 to \$4,799; and 6500 each in the brackets \$4,800 to \$5,400, and \$5,400 to \$6,000 sale price. Sale prices include the house and land, and rental is on the basis of shelter rent without added services.
"We are able to give this information out at the beginning because the district is a newly created one with fresh quota against rules and programming methods already evolved. We are advising the public and the building industry so that there may be no misunderstanding or disappointment if various classifications of the quota subsequently become exhausted," he said.
Foley stated that applications for priorities in the new district are now being received and from the information at hand he believes the entire quota will be taken up without unreasonable delay.

Youth Returns From Music Camp

William Wooster Takes Advanced Study

William Wooster, 15-year-old son of Mr. and Mrs. Ernest N. Wooster of Rosedale Gardens, has returned from an eight weeks music course at the Ernest Williams' Music Camp at Sauger-ties, N. Y. He has been contin- uing advanced study of cornet and trumpet and playing in the symphony orchestra and concert band under the direction of Dr. Ernest Williams and guest con- ductors.

In addition to playing in the weekly concerts of these organiza- tions, he participated in the operatic performances that were given during the summer, in- cluding Von Flotow's "Martha" and a new Williams' opera based upon the Catskill legend of Washington Irving and appro- priately titled, "Rip Van Winkle." Guest conductors at the camp, which closed its fourteenth an- nual session on August 28, have included such well known musi- cians and conductors as Edwin Franko Goldman, Ferde Grofe, Percy Grainger, Henry Cowell, Morton Gould and others. Young Wooster is a member of the Plymouth high school band and orchestra organizations.

Senate Candidate

CLYDE V. FENNER

Attacks Policy on Liquor Control

Clyde Fenner Urges Control, Not Profits

Clyde V. Fenner, former state senator and a candidate in the primary election, September 15, on the Republican ballot, takes issue with the present incum- bent, Clarence A. Reid, on the matter of state liquor control. The senate candidate from the 18th senatorial district, which includes Plymouth and North- ville, claims that Senator Reed militantly opposed four bills in- troduced or sponsored in the Senate by Senators Earl W. Burhans and C. Jay Town, each of which was designed to give the state better control over the liquor business.

Urging temperance instead of profits, former Senator Fenner contends that the citizens of the 18th district are not convinced that the purpose of state liquor control is to create profits for either saloon-keepers or the state or that it is desirable to increase either the number of liquor out- lets or the volume of liquor sales. Stating that outraged public opinion was responsible for the adoption of the 18th amendment for prohibition, Mr. Fenner con- tends that any man holding pub- lic office fails in his representa- tion when he opposes reasonable restrictions and controls over the liquor business and that antagonism to state control is not helpful to responsible, bet- ter-class liquor dealers who realize that protest against lax control may result in a return to either local or national prohi- bition.

Former Senator Fenner's busi- ness record includes association with the Wm. N. Albee Adver- tising Co., Oakland Motor Car Co., American Oil Corp., radio commentator, manufacturer's agent and real estate broker. His

business and civic associations include the Detroit Real Estate board, Northwestern Realty association, North Rosedale Park civic association, Optometrist, Lions, Exchange, Civic Club, Wayne County Home Rule committee, Detroit War Chest, Northwest War Council and Citizens' Hous- ing and Planning Council.

West Displays Old Surrey Buggy

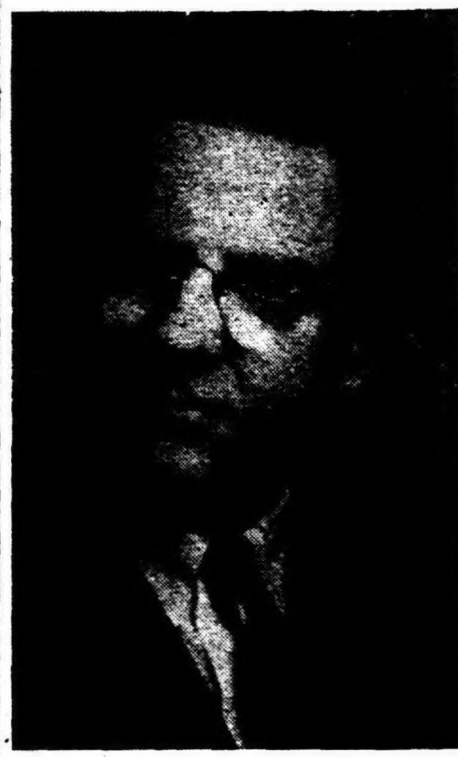

Antique Was Sold In 1906 For \$80.

In the absence of the usual farm machinery equipment, A. R. West has on display this week in the front of his shop on South Main street a relic of another generation. It's a surrey buggy of 1906 vintage and has attract- ed much interest from passers- by. If the owner, Clyde Trues- dell, were willing to part with the family antique, there would probably be many interested buyers in these days of tire and automobile shortages.

The buggy was purchased by Mr. Truesdell's aunt, Mrs. John McClaughry of Belleville in 1906 from the Proudly and Glass com- pany of Wayne. Mrs. McClaughry bought the new buggy for \$80 to move from her farm at the corner of Cherry Hill and Lilley roads to Belleville.

The buggy, in excellent con- dition, is equipped with leather seats, whip socket, wheel wrench and a sheet of canvass, folded in the dash board for use during a storm. A regular one-horse hitch, the buggy has a pole to connect for a two-horse hitch. Its distinguishing feature is that the springs run lengthwise in- stead of across beneath the bug- gy frame.

Becomes Teacher In Detroit Schools

LEO W. WALLACE

Beginning with the opening of the new school year, Leo W. Wallace, who has been an in- structor in the Plymouth public schools during the past four years, will become a member of the staff of Chadsey high school in Detroit. He will become in- structor of vocational electricity. Here he was the teacher of science and industrial art.

Previous to coming to Ply- outh he was an instructor in the schools at Roscommon.

Mr. Wallace is a graduate of the Central Michigan College of Education at Mt. Pleasant and has taken additional instruction at the University of Michigan and Wayne University.

Said Disraeli
In 1849 the great Disraeli said:
"In industry, commerce and agri- culture, there is no hope of a better future for us!"

Phone Company Aids Men In Army

Adds "Telecoach" To Fort Custer Service

Something new has been added by the Michigan Bell Telephone Company to make its service more pleasing and convenient to the men of Fort Custer.

It's a mobile public telephone unit called the "Telecoach", lo- cated in the recruit reception center area. Equipped with three telephone booths, the Telecoach remains open from 4 p.m. to 10 p.m., Mondays through Satur- days, and from 1 to 8 p.m., Sun- days. Three operators from the Telephone Company's office at Battle Creek serve as attend- ants.

The attendants perform a vari- ety of duties helpful to soldiers placing calls. They make it un- necessary for him to fumble for the correct charges at the tele- phone by providing him with change. They also supply infor- mation on long distance rates to various points. Of even more im- portance, they fix it so Johnny Doughboy can get his call put through with a minimum of wait- ing in line when there is a rush for long distance service.

Johnny gives the attendant the number of the distant telephone he is calling. If the call goes through immediately, Johnny is assigned to a booth and starts talking. If, however, the line is busy or there is no answer, the

attendant sends him on his way, notifying him later when the call is put through. The Telecoach is a temporary arrangement, designed to supple- ment the public telephone ser- vice from about 100 telephones scattered about the Fort. Plans are under way for the erection of a special building at the same location to house a battery of ten telephone booths.

The company also has appointed a full-time manager at the Fort— John F. Edwards, formerly with its Grand Rapids office. A sur- vey is being made by the company to determine what steps will be taken to fender the service more pleasing and convenient to sol- diers and sailors at other military and nnaval establishments in its territory.

Learn While Laboring

Candidates for war production jobs can learn while they labor through the system of "in-plant" training. This is a process whereby "lead-men" are trained to "ex- plore" complicated tasks into single operations and direct semi-skilled men to perform these operations. The system is training "job instruc- tors" at the rate of 8,000 a week, each of whom will train probably 10 production workers.

First Cocker Spaniel
According to the records of the American Kennel club the first spaniel came to this country on the May- flower in 1620. Whether it was a cocker spaniel, most popular breed of dog in the country, isn't known, but Freeman Lloyd says a painting by John J. Audubon in 1800 shows a liver-colored spaniel definitely of the cocker type.

Personal troubles excite no- body's sympathy any more.

Dry Skim Milk

A practical way to improve the diet, at low cost, is the use of dry skim milk which has the same food value as fresh milk except that the butter fat has been removed. Dry skim milk contains the protein, calcium and other minerals, the vitamins B and G, and the milk sugar of fresh milk.

Entirely Remove Wax

Before revarnishing or reshellack- ing a floor, wash it thoroughly with strong soap suds, rinse well and dry. If there is any doubt that the wax is entirely removed by the soap and water scrubbing, the floor may be wiped over with turpentine or a turpentine substitute called petrole- um spirits. To make sure that the wax is entirely removed, varnish one floor board and leave it over- night. If the varnish seems sticky the next morning, that is proof that the wax is not thoroughly removed and the floor must be re-cleaned.

"500"
That's Me!

The boss calls me "500" because he says he's saved 500 quarts of milk by raising me on Larro Calf Builder, instead of on whole milk. He likes Larro—and so should you—because it's easy to feed... economical... dependable... and helps heifer calves develop into husky, big framed milkers. Start using it now!

Thousands of Women Register For War Work

The office of the United States Employment Service, located at 10785 Grand River, corner Oakman Boulevard, reports that to date over 50,000 women in the Northwest Section, over 18 years of age, have filled out and returned the card recently delivered by their mail carrier covering voluntary registration of women for war work.

These cards are being rapidly classified and tabulated and indicate a variety of skills in the production and clerical field, also an interest on their part to offer service to the country during the war emergency.

These women who have so willingly responded to this labor inventory are assured that their cooperation is greatly appreciated and that the United States Employment Service will use their skills as soon as possible.

Fill your time with positive service and good. Do not drift. Have definite things on hand to do.—Henry Churchill King.

No Particular Indian Several Indians have been publicized as the original of the Indian-head or "Buffalo" nickel, but James Earle Frazer, who designed it, said the head is an idealized portrait and represents no particular Indian. Several Indians posed for him, at the time he was making preliminary studies, including Chief Two Guns White Calf of the Blackfeet tribe, and Iron Tail, a Sioux chief of the Pine Ridge reservation.

Interesting

Women Get Busy Tired of hearing salvage volunteers complain that transportation was bottle-necking their efforts, two Goldsboro, N. C., women borrowed a neighbor's truck and collected more than two tons of scrap metal in a single day.

Decorative Vases and Lamps Attractive flower vases and lamp stands can be made by painting the inside of clean, well-formed glass jugs and bottles. Pour the enamel into the bottle and rotate until the entire surface is covered, then drain out the remaining paint. If desired, decalcomania transfer patterns can be applied to the outside for decoration.

Cellulose Raw Material Rayon is an artificial silk of which cellulose is the principal raw material. The process by which the artificial silk filaments are prepared is similar, in principle, to the spinning processes of silk worms and spiders, the idea of copying which was suggested by R. A. F. de Reaumur in 1734 and by Robert Hook in 1664. Cellulose is, as is generally known, made from wood or cotton hulls.

Fiber Tax Tokens Colorado is now collecting its state sales tax in red fiber tokens instead of aluminum discs, the federation of tax administrators reported. The tokens are cut, dyed, embossed and packaged at the state penitentiary, and cost approximately \$1.25 a thousand to manufacture, or about \$12,500 for the ten million the state requires.

Substitute Kapok, tropical floss used in life-preservers, pillows, and heat-insulating covers, can have its war losses partly made good by substitution of milkweed down, a similar substance.

New Use for Lead The 70,628 tons of lead which were used last year in autos, golf clubs, toys and refrigerators figures out at about four pounds for each of 35 million American families. This four pounds of lead would provide all the lead needed in making five big shells for 240-mm. howitzers.

Molasses Highway A process for surfacing roads with a molasses preparation has been developed in India. The product combines molasses with a mixture of coal tar and asphalt and is said not to melt in hot weather after being spread on the road.

Irish Luck The luck of the Irish was with Christopher Columbus on his Atlantic voyage in 1492! The Genoese skipper journeyed to Ireland before crossing the Atlantic, to inquire into the report that St. Brendan had once sailed across "the big pond."

White Gloves for Motorists In England the Automobile association has advised drivers to wear white gloves during the season of poor light and fog and particularly at night in order that their hand signals may be seen better by other drivers and collisions avoided.

Aviation Pioneer Dies Ernest C. Bass, one of the earliest pioneers of flying in America and England, died at his home in Wrotham Heath, England. He was 63 years old.

John Quincy Adams John Quincy Adams served as a member of the house of representatives from March 4, 1831, until his death. Andrew Johnson was elected to the United States senate and served from March 4, 1875, until his death on July 31, 1875.

Bridge for War The oldest bridge in Minneapolis—a 70-year-old landmark, is going to war. The city has given it to the U. S. for its salvage value and its 450 tons of wrought iron will be processed into steel for military equipment.

So Do Not Waste The rubber in four pairs of men's overshoes would make a single pair of army galoshes. 60 containers for 75-mm. shells can be made from a pile of 100 old newspapers, and one pound of brass pipe contains enough metal to make 18.30 cal. cartridges.

Who Wants to Ride? The Bolu, Turkey, police have reduced the speed limit of motor vehicles to three miles an hour, and taxis now cruise vainly trying to pick up passengers who are rushing past them on foot.

Women Growing Smaller Dressmaking statistics show that women of England are becoming shorter and slimmer, and cutters are producing 15 per cent more small stock-size garments than a few years ago.

Best equipped optometric service in Michigan. Dr. John A. Ross, Plymouth.—Adv.

Plymouth Soldier Takes Part In London Dance

Private Ernest Basel, local youth who was inducted into the Army on April 18, 1941, was one of a score of Yanks who recently held a jitterbug session on a park walk in London after midnight. The report of the swing class in the moonlight shadows of Buckingham Palace was dispatched by the New York Times Foreign Service this week.

On the lawn in Green Park, a portable phonograph furnished swing music for the Yank jitterbugs and their British girls. "The British girls sure liked our dancing," one of the Yanks told a reporter. Young Basel, who lived at 12930 Mercedes avenue in Livonia township, was formerly employed as a pipe-fitter and welder at the Cadillac Motor company in Detroit.

Firemen Receive New Dress Uniform

Plymouth's fifteen volunteer firemen have been outfitted with their first dress uniforms in fifteen years. The uniforms, to be worn while on duty at the fire station Sundays and on public occasions, include regulation firemen's navy gabardine shirts, black silk ties, brass badges with the hose and ladder insignia and navy wool serge caps.

Driver Injured In Northville Road Crash

Chester Spencer, of South Lyons was injured in an automobile accident on Northville road early Monday morning when his car collided with one driven by Clare B. Reed of N. Mill Street. He received first aid at the Plymouth hospital and was later taken to Eloise hospital. Reed escaped injury, according to the Wayne County sheriff's department.

We know who bosses the men, but who bosses the women?

Miss Janet Jenkins Wins Commission

Miss Janet Jenkins, niece of Mrs. Fred Thomas, who has often visited in this city and has many friends here, has just completed her first officers' training course in the W.A.A.C. forces of the United States army and has been commissioned second lieutenant. Miss Jenkins was formerly secretary to Ty Tyson of radio station WWJ.

Canton Township Plans Defense Work

The civilian defense class for air raid wardens of Canton township will meet Wednesday evening, September 9 at 7:30 o'clock in the Canton Center school on Canton Center road.

On Tuesday September 15 there will be registration at the Canton township hall from 10 o'clock in the morning until 9 o'clock in the evening for various Red Cross classes.

THESE ARE BATTLE STATIONS TOO

War calls must go through!

You probably never thought of central office switchboards as "battle stations." They are vital to the war effort today... and unnecessary Long Distance calls bottleneck the switchboards.

Normally, we'd build enough extra circuits to handle the load. But, today, war production needs the copper, steel, rubber and other materials required for adequate telephone expansion.

Here are a few ways you can help speed the war effort:

1. Make only the most essential Long Distance calls.

2. Keep all your conversations as brief as you can.

3. When possible, give the number of the telephone you are calling on Long Distance.

We can all help to make the most of present telephone facilities. For example: Never ask information for a number that is listed in the directory. It crowds the already busy equipment unnecessarily. Before you pick up the telephone—remember:

WAR CALLS MUST GO THROUGH

MY! EVERYONE SEEMS TO HAVE WORKED ON OUR COMPOSITION— "HOW TO BE A GOOD AMERICAN"

THESE PAPERS ARE ALL VERY INTERESTING— TOMMIE'S COMPOSITION IS SO GOOD— I WANT HIM TO COME UP HERE AND READ IT—

AND TO BE A GOOD AMERICAN WE MUST BUY U.S. WAR STAMPS AND KEEP HEALTHY WITH— **Enriched BREAD!**

Mrs. J. O. Hitt, of this city, and daughter, Mrs. Jayson Day of East Detroit, have been visiting their son and brother, Odene Hitt, and family in Washington, D.C., for a week.

Mr. and Mrs. Roy Watson and Mrs. Harold Hargrave and son, John, of Wayne were Sunday visitors in the home of their mother and grandmother, Mrs. Lavina Cole, on Ann Arbor trail.

Mr. and Mrs. M. A. Arnold and son Larry, returned Monday from a week's vacation in the east visiting her parents in Dun- kirk, New York and other relatives in Utica, New York and Toronto, Canada.

Mrs. George Krausmann and little grandson, John Koelzer, of Wayne spent Wednesday with her daughter, Mrs. George Koelzer, Jr. Mr. and Mrs. Koelzer moved here from Wayne and are residing on Sutherland avenue.

Mrs. Karl Starkweather plans to leave the last of the week for a visit with her mother, Mrs. Emma Feigley of Claypool, Indiana, and her sister in North Manchester, Indiana. On Sunday she will attend a family gathering in South Whitley, Indiana.

The members of the Birthday club were luncheon guests Monday of Mrs. John A. Miller where they celebrated the recent birthday of Mrs. Ernest J. Allison. A lovely bouquet of asters, in pastel shades, was used on the dining table as a centerpiece.

Mr. and Mrs. George Koelzer Jr., accompanied Mr. Koelzer's mother, Mrs. George Koelzer, to her home in Portland, Saturday where a family gathering took place on Sunday in honor of Phillip Koelzer, another son, who left Tuesday for the Great Lakes Training camp in Chicago.

Weak Nerves
Pessimism is only the name that men of weak nerves give to wisdom—Bernard DeVoto

Indian Schools
The enrollment in Canada's Indian schools during 1932 was more than 17,000 and the average attendance exceeded 13,000. There were 80 residential and 270 day schools in operation in 350 Indian centers.

Side by Side
Women will work side by side with men on war production jobs. A recent survey of 21 key industries shows women can do 80 per cent of the jobs and do them well. In all, 1830 occupations are considered suitable or partly suitable for women. They are especially useful in the aircraft, munitions, and ordnance industries. They make good machine cutters, press, lathe and saw operators, amplifier grinders, cable splicers and mechanics helpers.

Planning Board Studies Changes

Discusses Parking And Zoning Policies

Members of the city planning commission discussed a report on AAA recommendations for traffic control and parallel parking on Penniman avenue and several proposed changes in the city zoning ordinance at a meeting Monday evening. A study of these matters will be presented at the next regular meeting of the planning commission for action on September 23.

It is believed that parallel parking will be adopted on Penniman avenue. The planning commission is also studying a change in the zoning ordinance to make it mandatory for apartments and theaters to provide off-street parking space for each ten persons of the building capacity. Changes in the city fire limits to include all local business, commercial, industrial and heavy industrial zones will be submitted at the next meeting also.

Protuberant Compressor
The navy department has built a helium compressor on a special rail road car, which it will use to deflate lighter-than-air craft where located.

Mosquito Trap
A French girl has perfected a simple trap for mosquitoes which destroys them by the millions. It is cheap and portable and electrical.

Britain's Rail Tracks Busiest
Great Britain has the busiest rail way tracks in the world. An average of 51 trains pass over every mile of track in England every day. Belgium has the second most congested railway system, with an average of 43 a day for a mile.

From the Tomb
A dish of green peas in dark blue pods was exhibited at the horticultural show in England. They were grown from seed which had been lying dormant for 4,000 years in Tutankhamen's tomb.

Slow Down for Safety
Many a vehicle, because of worn tires of faulty mechanical condition, cannot be operated safely even at 40 miles an hour, according to the Northwestern University Traffic Institute, Evanston, Ill. From the best data obtainable, 82 per cent of the fatal accidents and 97 per cent of the injury accidents in urban areas, and 54 per cent and 69 per cent, respectively, occurred when cars were operating at speeds of 40 miles an hour or less.

Plymouth Boys Meet In Army

Frank Loomis Tells of Experience

Even Uncle Sam's big, expanding army isn't so big but what soldiers can now and then find some one from their old home town in the service they didn't know had joined up with the fighting forces.

Frank Loomis, well known Plymouth resident, was home from Fort Leonard Wood over the week-end.

Mr. Loomis told of meeting Grandfield Yankey, formerly a member of The Plymouth Mail mechanical force, just a few days before he left for home on his furlough. Grandfield enlisted for military service last January and was sent directly to Camp Leonard Wood.

"I didn't know there was another local boy at Camp Leonard Wood except myself, until I read in The Plymouth Mail about Grandfield Yankey getting hurt. Then I looked him up, and we had a good visit about our old friends back home," stated Mr. Loomis.

He said that the former Mail employe had so far recovered from his injuries that he was now able to walk about and that he would be back into active training soon.

Work is a stimulus to work and loafing a stimulus to laziness.—W. M. Hunt.

War Veteran Attorney 22 years

The amount of milk in a pound of good Hay or a pound of LARRO depends upon the butterfat test . . .

As the butter fat test increases, the amount of milk produced by a given quantity of feed decreases.

For example, a pound of LARRO will produce about 2.88 lbs. of 3% milk — but only about 1.89 pounds of 6% milk.

The figures in the table were calculated from information given in government bulletins and standard text books on feeding. They have been thoroughly checked with the results we have obtained at Larro Research Farm over a period of many years.

To determine how much milk of a certain butterfat percentage should be produced by a given amount of Larro, simply multiply the number of pounds of Larro by the figure in the column across from the proper fat percentage. For example, 5 lbs. of Larro should produce 12.25 lbs. of 4% milk. In the same way, you can find out how much milk should be obtained from hay fed over maintenance requirement.

To calculate the feed requirements of a cow, first figure the amount of milk that should be made by hay in excess of maintenance requirements. Then determine the amount of Larro necessary to produce the rest of the milk.

Full Larder in Australia. Australia as a base for offensive war against Japanese invaders to the north is one to which shipments of most United States food supplies are unnecessary.

Chinese Province Progressive. Kiangsi province of China, with a population of 14,000,000, which was reclaimed from Communist domination at the end of 1934, has in two years built important trunk highway and railway lines across its territory and instituted many social and agricultural reforms.

World's Tallest King. King Christian X, of Denmark, is 62 years of age and is the world's tallest king (6 feet 6 inches). In France King Christian is known as "the biggest king of the smallest kingdom." He is a fine linguist, and has been known to speak five languages in as many minutes.

Snappy Repartee. A newly enlisted soldier the other day stepped into the office of his company commander at Camp Wolters, Texas. Standing before the captain's desk, he snapped smartly to attention, saluted and stood silent. The captain, hoping to refresh the man's memory on military courtesy, asked: "What do you say?" This phrase must have been part of the vernacular to the rookie. "Not much," he answered. "Whadda you say?"

American Petroleum. Earliest mention of American petroleum, which was known to the Indians, was made in a letter dated July 18, 1627, in which Joseph de la Roche D'Allion, Franciscan missionary, described the oil springs near what is now Cuba in western New York state. Petroleum had been known centuries before to the ancient peoples of the East. Prior to the use of petroleum as a lubricant, vegetable and animal oils had been used for that purpose.

Health Guild To Provide Aid

Establish Centers For Medical Supplies. In order to assist in protecting the health of citizens, the Wayne County Health Guild has opened five "Loan Closets" in various sections of the county.

Each closet contains towels, sheets, pillow cases, and other linens, one layette, rubber sheet, hot water bottle, ice collar, ice cap, bed pan, irrigating can, basin, kettle and thermometer.

At present all five closets are located in a private home. Canton township has its closet in the home of Mrs. Paul Simons, 570 Canton Center road, Plymouth, while the northern one is located at the Joseph Blaharski residence at 8427 Hix road, Plymouth.

Anyone may borrow these sickroom supplies in times of need, providing they are referred to the Guild by a doctor, nurse, or other responsible person. The loan must be approved by a Health Guild member. With the articles borrowed goes regulations for the care of same. The Guild has a printed form in each closet to be filled out by the one in charge as the loan is made and the form must be signed by the borrower.

The equipment of a loan closet was part of the exhibit of the Wayne County Extension women.

Towel Left in Patient. A surgeon received a sentence of a year's hard labor from a court in Leningrad, Russia. It was testified that he had left a towel, two feet long, in the body of a man on whom he operated. The patient died in agony within a month.

Harry Robinson Has An Idea or Two About Rationing Needs

"It begins to look as though meat isn't the only thing that is going to be rationed", declared Harry Robinson yesterday morning. "From the demand that I am having for baby bathinets, high chairs and baby beds, I wouldn't be surprised but what Uncle Sam would have to do a little rationing in baby goods. I have been amazed at the number of youthful mothers who have come to the store looking for baby furniture. I have to tell them all that I'm sorry, because I've been all sold out of baby furniture for months, and it just seems impossible to get anything more that they need for the baby" said Mr. Robinson.

LAWRENCE ROTHENBERG, Attorney,
 1801 Dime Bank Building, Detroit, Michigan.
NOTICE OF MORTGAGE SALE
 Default has been made in the conditions of a certain mortgage made by JOHN GRANT, a widower, to THE WAYNE OAKLAND BANK, a Michigan Corporation, dated February 4, 1941 and recorded in the office of the Register of Deeds for the County of Wayne and State of Michigan on February 5, 1941 in Liber 3397 of Mortgages on Page 164.

There is claimed to be due and owing on said mortgage at the date of this notice for principal and interest the sum of Four Thousand Seven Hundred Nine and 25/100ths (\$4,709.25) Dollars. No suit or proceeding at law or in equity has been had or instituted to recover the debt secured by said mortgage or any part thereof. Therefore, by virtue of the power of sale in said mortgage contained, and pursuant to the Statutes of the State of Michigan, in such case made and provided, notice is hereby given on Wednesday, the 4th DAY OF NOVEMBER, 1942, at ten o'clock noon, Eastern Standard Time, that the mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the Southern or Congress Street entrance to the County Building in the City of Detroit, Michigan, (that being the place where the Circuit Court for the County of Wayne is held) of the premises described in said mortgage, or so much thereof as may be necessary to satisfy the amount due on said mortgage, including the costs which may be paid by the undersigned at or before said sale for taxes and/or insurance on said premises and all other sums paid by the undersigned pursuant to law and to the terms of said mortgage, with the interest thereon and all legal costs, charges and expenses thereon, including the attorney fees allowed by law, which said premises are described as follows: The parcel of land situated in Detroit, Michigan, County of Wayne and State of Michigan, described as follows, to-wit:

South 37.5 feet of Lot No. Sixty-eight (68) of Rugby Subdivision of Section 24, Town 1 South, Range 10 East, according to the plat thereof as recorded in Liber 29 of Plats, Page 75, Wayne County Records, together with the hereditaments and appurtenances thereto belonging.
 Dated Detroit, Michigan, July 31, 1942.
 THE WAYNE OAKLAND BANK, Mortgagee.

LAWRENCE ROTHENBERG,
 Attorney for Mortgagee,
 1801 Dime Bank Building
 Detroit, Michigan.

Rosedale Gardens News

Mr. and Mrs. William Morris and family will attend the baptism of their nephew, David Lee Petershans, infant son of Mr. and Mrs. Ted Petershans, of Detroit, on Sunday in St. Leo's church in Detroit. Lois Jean Morris and friend, Donald Kobb of Chicago, will be the godparents.

Margaret Zinn entertained Sunday, Betty Henning of Jackson, Fred Zinn, a brother of Battle Creek, and two R.A.F. soldiers, Fred White, whose home is in Swindonwiltz, England, and Al Dennis of Watford Heights, London, England. They are stationed at Port Albert, Ontario.

Mr. and Mrs. William Morris were entertained at dinner, Thursday, in the home of Mr. and Mrs. William King in Sandwich, Ontario.

Kathleen Wasmund was the guest of Mrs. Helen Matevia, on Middle Belt road, Saturday afternoon and over night.
 Iris Wasmund plans to enter the St. Paul Lutheran school, on September 8.

Mr. and Mrs. Irving Benson recently spent a week-end in Traverse City.
 Mrs. Charles Cook entertained a group of ladies at Rotunda Inn, Thursday, for luncheon.

Mr. and Mrs. W. M. Wasmund and daughters, Kathleen and Iris, attended the celebration honoring the thirty-fifth wedding anniversary of her brother and wife, Mr. and Mrs. Charles Timm, Sunday, in Detroit.

Miss Louise Alfsen, co-ordinator of basic nursing for defense program at Wayne University, in Detroit, is visiting her sister, Mrs. Irving Benson, for a few days.

Mr. and Mrs. Charles L. Cook visited his parents, Mr. and Mrs. William H. Cook, in Flint, Sunday.
 Mr. and Mrs. Willing King and sons of Sandwich, Ontario, were dinner guests Saturday, of Mr. and Mrs. William Morris, and attended the flower and vegetable show sponsored by the Rosedale branch of the Woman's National Farm and Garden association.

They were over-night and Sunday guests of Mr. and Mrs. Stanley Jones at White Lake.
 Mr. and Mrs. Donald Ryder, daughter, Doris, and son Charles, motored to Lansing, Thursday of last week, and remained over night. On Friday they went to St. Johns, where they visited Mr. and Mrs. Lewis Peterson and other relatives for the day.

Floyd Ostrander of Johannesburg visited his sister, and brother-in-law, Mr. and Mrs. Mark Joy, over the week-end.
 Mrs. Agnes Buchanan and Mrs. Elizabeth Derham, of Hamilton, Ontario, and Mr. and Mrs. Robert Buchanan, and family of Detroit, were guests Sunday, for the day, in the home of the former's daughter.

Salem News

Mr. and Mrs. Melvin Guthrie and family attended "Family Night" at Plum Hollow Golf club, Thursday evening.
 Mr. and Mrs. E. M. Cleveland, who has been visiting their daughter, Mrs. Vernon Neiman, left the fore part of the week for Milwaukee, Wisconsin, to visit with another daughter.

Mr. and Mrs. Merritt Crumbe, of Plymouth, were callers Friday in the home of Mrs. Emma Ryder.
 Charles Ryder returned, Tuesday of last week, from a visit with his uncle, Raymond Ryder, and family in LaGrange, Illinois. He resumed his work at the Maybury sanitarium this week.

The first "Family Night" of the Newburg Methodist church will be held September 11, when a pot-luck supper will be enjoyed at 6:30 o'clock. Dr. and Mrs. N. Leslie Sarah, of the Belgium Congo, will be guests that evening and show moving pictures and tell about same. A very interesting evening has been planned and every one is welcome.
 Virginia Grimm spent last week in Cleveland, Ohio, visiting in the home of Mr. and Mrs. Albert Gerst.

Of interest to a large circle of friends, was the announcement of the engagement of Miss Eleanor E. Strachle, daughter of the Gilbert Thomas Strachle's of Rosedale Gardens, and Edward J. Breitmeyer, son of the Martin Breitmeyer's of Farmington. The wedding will take place October 31st at the Evangelical Lutheran church, of the Nativity, in Detroit.

Saturday evening, August 29 brought to a close the fourth annual Rosedale Gardens Floral show, held at the Community house. There were many entries and a very gratifying attendance. Dr. Hilda Whitright reports a total of 86 entries, mostly in the vegetables and canned fruits division. The flower girls, Judith McWethy and Mary Rolfe were very successful in their sale of boutonnières for the U.S.O.

The flower show committee are very grateful for the help from the members.
Oils for Artists' Paints
 In recent tests it has been found that 34 different vegetable oils can be used in the preparation of artists' paints. After a one-year period no cracking or checking was observed in paints made from linseed and perilla oils, nor in those made with mixtures of cedar oil, walnut oil and sunflower-seed oil with linseed or perilla oil. All other oils or combinations of oils gave either slight cracking or cracking upon aging.

Mines Worked Since 1515
 Mexico's silver and gold mines, many of which are still being worked, were old when Cortez arrived in the country in 1519.

Rosedale Has New Mail Service

Postal Sub-Station To Open in Two Weeks

House to house mail delivery was started in Rosedale Gardens Tuesday morning and the postal sub-station will be established within the next two weeks at the Kingsley Hardware store on Plymouth road. Claude A. Hearn, manager of the hardware store, will be in charge of the sub-stations where patrons may apply for all money orders, stamps and parcel post service.

Martin Jones, substitute mail carrier, will serve on the new city route number 5 in Rosedale Gardens delivering mail once daily direct to the house. The carrier started with the postal service in September, 1941 as a temporary substitute and became a classified civil service substitute carrier in July, 1942.

Postmaster Harry Irwin also announces the appointment this week of George Wilson as a regular clerk in the Plymouth post-office. He started as a substitute clerk on April 16, 1941 and assists in the dispatch and distribution of mail at the postoffice. A graduate of Plymouth High school in 1934, Wilson lives on North Holbrook avenue.

Waterford News

Mr. and Mrs. Tony Belanger were hosts at a corn and venie roast given in honor of Thelma Grover's birthday. Their guests were Mr. and Mrs. William Rorick, Mr. and Mrs. M. C. Meyer, Mr. and Mrs. Bud Ratray and daughter, Judy, Mr. and Mrs. H. C. Meyer, Jr. and family, Mr. and Mrs. Ray Griessel and Bill and Jean of Detroit; and Patsy and Terry Calkins and Thelma Grover, the honoree, of Waterford.

Miss Betty Jane Layaz is spending a week with her grandmother, Mrs. Amelia Reigler in Farmington.
 Miss Gail Stebbins and Daniel Carmichael of Detroit were Sunday guests of Mr. and Mrs. Elton West of Flint.

Mrs. Fred Ryder spent from Monday to Thursday with her son-in-law and daughter, Mr. and Mrs. Oswald Bingle of Wayne.
 Sunday dinner guests of Mr. and Mrs. Knowles Buers were Mr. and Mrs. Neil Allen and son of Ypsilanti.

Mrs. Mary Grath spent a few days last week with Mr. and Mrs. Albert Grath of Plymouth.
 Mrs. Oscar Sulkowski entertained her mother, Mrs. John Kuhne and sister, Mrs. Roscoe Cramb of Plymouth Monday. Keith Edson and Evelyn Forest were Thursday evening callers.

Mr. and Mrs. Andrew Camp were supper guests at the Henry Whitaker home Saturday night.
 Mr. and Mrs. H. Shipley of Plymouth were Sunday guests of Mr. and Mrs. George Bennett.

Mr. Raymor, who was taken to Session's hospital at Northville one day last week for medical treatment is slightly improved.
 Mr. and Mrs. Calvin Wheeler and Mr. and Mrs. Sam Wheeler of Ypsilanti and Dr. and Mrs. F. J. Sober of Detroit were Sunday visitors at the A. C. Wheeler home.

Mr. and Mrs. Orrin Cook of Battle Creek and Miss Gladys Cook of Howell were calling on Salem friends last Thursday evening.
 The Salem Farmers Club met at the Myron Atchison home Wednesday evening.

Notice to Property Owners

Notice is hereby given that a public hearing will be held at the City Hall in the Commission Chamber Tuesday evening, September 8, 1942, at 7:30 p. m. for the purpose of determining whether or not to construct curb and gutter on Auburn Street between Penniman and Blanche.

All property owners whose property abuts the improvement will be given ample opportunity to participate in such hearings.
C. H. Elliott
 City Clerk

day guests of Mr. and Mrs. George Tegge.
 Sunday evening Mr. and Mrs. Dewey Bivens and son, Garry, of Detroit were guests of Mr. and Mrs. Percy Hazlett.

Monday, Mr. and Mrs. Tony Belanger and Thelma, and Patsy and Terry Calkins went to see the Ringling Bros. circus in Detroit.
 Mrs. Elmer Perkins is spending a week with her daughter, Mrs. James Wilson, in Farmington.

Brothers Wed Sisters
 At a triple wedding in France three brothers of the Stinteff family married three sisters of the Adam family. A fourth brother is to marry a fourth sister. A fifth brother has entered a monastery at Romelung, near Metz. There is no fifth sister.

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten percent every pay day.

For a Gas Mask
 No amount of rubber is too little to salvage. It takes only 1 1/2 pounds to supply the rubber for one more gas mask. And no doubt you've heard that the Japs are using gas.

PLYMOUTH, MICHIGAN

ALTON R. EATON
STERLING EATON

Editor and Publisher
Business Manager

AN INDEPENDENT NEWSPAPER

Entered as Second Class Matter in the U. S. Postoffice at Plymouth, Michigan

Member National Editorial Association, The Michigan Press Association, University of Michigan Press Club and The Metropolitan Group of Newspapers.

WHAT DO YOU THINK?
Some newspapers a day or so ago reported that Judge Homer Ferguson had been somewhat severe in his criticism of Senator Brown because the Senator had missed quite a number of sessions of the senate.

I agree that the Senator should be censured for not being on the job.

In view of the fact that Judge Ferguson has opened this subject, it makes permissible a few questions concerning his own absence from the circuit bench of Wayne county.

I am sure the taxpayers of Michigan would be interested in knowing who it was that gave Judge Ferguson permission to be absent from his duties for the entire summer in order to enjoy a vacation and spend the rest of the time campaigning for some other public office without resigning the office he now holds.

They would like to know if his work as circuit judge is being neglected.

If it is not being neglected, they would like to know if it is not possible to abolish one or two of the circuit judgeships because of lack of work and thereby save the taxpayers a considerable sum of money.

They would like to know, too, by what right a circuit judge can leave the bench for a good portion of a year to seek other political honors.

Not only would the voters like to have these questions answered, but they would like to know in advance of the primary election the names of every person providing his campaign with financial support. This is an important question in these times when Uncle Sam needs every dollar of our money he can get in exchange for war bonds.

I have asked the other candidate to name his financial backers, and there is no reason why the absentee circuit judge should not answer. Information about these financial donations will provide the voters with some indication of the interests supporting my opponents.

I have refused to accept one cent of aid from any source. My few campaign expenses are being paid out of my own pocket.

The constitution of the state of Michigan contains the oath of office that a circuit judge must take. That oath requires him to swear that he will support the constitution of the state of Michigan as well as the constitution of the United States.

The Michigan constitution says that a circuit judge shall not become a candidate for any other public office while serving as circuit judge, or for one year thereafter.

Irrespective of any ruling that the attorney general's office or any one else interested in the candidacy of my opponent might make, it is the intent of the constitution that circuit judges shall not run for any other public office other than that of the judiciary while serving as judge.

I am sure that the voters will be interested in knowing whether he will regard as flippantly the oath of office of a United States senator as he does the oath of office of a Michigan circuit judge. This is a highly important question all of the people of Michigan would like answered.

They would like to know, too, why Judge Ferguson accepted election as a circuit judge on a non-partisan ballot if he intended to become an active partisan while holding a non-partisan office.

Roger Babson Says . . .

Everyone Must Work Or Do Real Fighting

Babson Park, Mass., September 4.—We approach the celebration of Labor Day. There will be a lot of well-deserved Efficiency Awards. But there is still too much dissension in labor's ranks to get optimistic. In at least one instance workers have already refused to participate in an Efficiency Award ceremony. Why? Because management happened to be cited. Certainly, I hope that this year Labor Day may mean something more to all workers and to management than a day off or more overtime. These are strenuous days. Of necessity, there can be but little rest from our labors.

On the whole the average worker and union member wants to do his full share in winning the war. However, in spite of pledges given by labor leaders immediately after Pearl Harbor, it is discouraging to read of more wage disputes and to see strikes continue. For the last month of record these numbered 160. They are down substantially compared with the same period of a year ago; but the point is that there should not be even a single strike to record. Wages for all classes of workers are at peak levels and all should be content.

Unless the war effort is to be seriously curtailed, Washington must adopt a tougher attitude toward both the demands of labor and the activities of the farm bloc. One thing is certain, namely, some day the New Deal Crowd will be thrown out. The voters will be tired and sick of rationing, price fixing, etc.—even though they are now necessary. Then we will continue to have a War Labor Board but—unless labor leaders now behave—the Board will crack down on labor as it is now persecuting employers. The law of action and reaction continues to rule.

Let me say that in normal times I believe that labor leaders are both useful and necessary. In these critical wartimes, however, labor leaders should show a more cooperative spirit. They should remember the millions of our boys in the armed services who are working for \$50 a month under great hardships and at the risk of being killed or wounded. This is no time for selfishness by any group.

Washington has favored labor since the beginning of the New Deal. Workers should realize, however, that there is a limit even to the Administration's patience. Already the President has ordered the department heads to stop b-

ring and devote their time and energy to fighting the enemy. The day may not be far distant when he will crack down on labor leaders. Labor controversies that plague the war effort are certainly against the public interest.

In and out of session, Congressmen are customarily fair game for criticism. On the whole their lot is not an easy one and I sympathize with them. Their personal expenses in Washington are high. They have a certain position to maintain and probably feel the effects of rising living costs as much as, if not more than, any other group. Like everything else, they want to hang on to their jobs. Being friendly toward labor has, in the past, been one way of keeping these jobs. How long this will continue is a question. If pensions for Congressmen were available we might well see members develop a more independent spirit and act differently on many im-

LIBERTY LIMERICKS

A furniture mover from Worcester, Said—"I have become a big booster Of Bonds to help lick Those Axis guys—quick! (An' I'm savin' much more than I uster!)"

It's going to take a lot of money to win the War. Do your part by putting 10% of your income into War Bonds every month.

portant matters. I trust after the November elections that Congress will pass some real legislation dealing with wartime strikes and boycotts. The President should not stand for any group of workers or employers challenging the War Labor Board's ruling that wage increases should cover only the 15% rise in the cost-of-living from January, 1941 to the inauguration of price ceilings last May. Firm adherence to this policy would do much to narrow the vicious inflation circle. Congress should insist that this W. L. B.'s stabilization formula be accepted; also that the cost-of-living figures provide for substitutes and cut out waste.

Considering the importance to the men in the army of the materials which workers are producing, it is necessary that individuals, and in groups, they set a good example. It matters not whether the issues involved pertain to fellow workers or to management. Unless labor and management, in cooperation with mediation boards, can amicably settle their differences the national economy and the whole future of labor relations may be seriously affected.

The National War Service Bill which the McNutt War Manpower Commission is drafting may ultimately kill labor's golden goose. It provides that workers who strike may be drafted into the armed services. Those now in non-essential industries may be forced into armament employment. All of us able-bodied men and many women may find ourselves forced directly to contribute to our coming offensive drives. There may be no such thing as either an indispensable or a free worker. Wake up workers, so that next year we may celebrate another Labor Day under better circumstances than we observe September 7, 1942!

Old Contract Revives Memories of Days Long Gone By

The other day when John Baird, who lives on Five Mile road, near Bradner road, was going through some old papers, he came across a school teacher's contract that had been signed by his father who was director of a school district in the country west of Flint, and A. C. Carton, a school teacher of half a century ago. Mr. Carton is now associated with the Michigan state department of agriculture in Lansing.

Mr. Baird thought the contract, signed 52 years ago, would prove of interest to Mr. Carton, so he mailed it to him.

Yesterday Mr. Baird received a long, appreciative letter from Michigan's well known official, in which he recalled the early days of his career as a school teacher over in Genesee county. "I was just a little older than Mr. Carton and I had finished school before he came to our district to teach," said Mr. Baird. "But I will say this for him, everybody in the district thought he was one of the best teachers in the county. They liked him and tried to get him to stay there much longer than he did," said Mr. Baird.

Paint to Protect Cement
Although decoration is generally the motivating reason for painting a house, the prevention of moisture absorption by porous surfaces such as brick, stucco and other cement mix materials is equally important. Frequent saturation is conducive to surface dusting and unsightly stains. Upon freezing the moisture expansion may result in serious crumbling. Correctly formulated paint will seal the surface and thus eliminate the cause for disintegration and staining.

Not To Close Deer Hunting Season

Rumors Untrue Says Hoffmaster

Persistent rumors that Michigan will forego a deer hunting season this year because of the war have no basis of fact. P. J. Hoffmaster, conservation department director, in answering queries concerning the possibilities of a closed season, stated that, except for transportation difficulties, Michigan deer hunters will continue their sport "as usual" this fall.

"The economic value of the venison harvested would in itself justify an open hunting season," Hoffmaster said.

"Inasmuch as we have been hearing considerably of late as to the possibilities or even probabilities of fresh meat rationing, I think it is well to consider the millions of pounds of fresh venison that are harvested during each November's deer hunting season. According to hunters' reports, 75,692 deer were taken during the last season. This represents approximately 10,975,000 pounds of fresh meat. That is a rather startling figure, especially in these times when it is necessary that we release as much fresh meat to our armed forces and our allies as we can spare."

To the criticism that hunters use shells that might better be turned over to the army, Hoffmaster said that most Michigan deer hunters already have their shells and that the shells used in deer rifles cannot be used as army ammunition.

Hoffmaster pointed to the recreational value of hunting and to the need for "controlling" the deer herd from a biological point of view.

"We some day may appreciate more than now and need the training and experience obtained by more than 150,000 men armed with rifles who spend a couple of weeks in our north woods every fall, he said.

Porches Into Nurseries
This year when the birth rate is rapidly increasing and a housing shortage exists in key areas, many families are converting porches into nurseries. Attractive pastel-colored rooms can be quickly and inexpensively built with insulating panels. These panels are especially adapted to a baby's room, because they possess acoustical qualities which will deaden noise from the street and other rooms in the house.

Stronger
A boat deck cleat has been designed of glue-laminated wood, replacing iron which is needed for war production. The laminated cleat is stronger by weight and less expensive than the iron cleat.

Farmington To Hold Harvest Show Sept. 12

Many Plymouth gardeners and lovers of flowers will be interested in the Victory Harvest show to be held at the Farmington town hall on Saturday, September 12 from 2 until 9:30. The show is being sponsored by the Farmington branch of the Woman's National Farm and Garden association, and receipts from ticket sales will go for the Army and Navy Emergency Relief Fund.

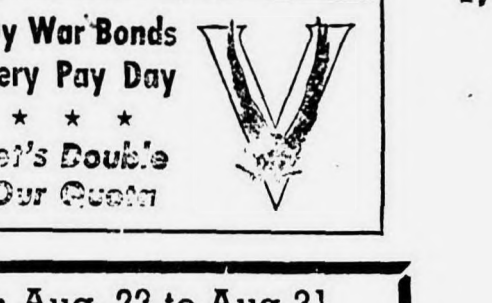

Exhibits for adults will include vegetables, flowers and fruits from home gardens. There will be a junior exhibit where children will have an opportunity to show what they have raised in their gardens. A "pantry shelf" exhibit will include canned fruits, jams, jellies. Everyone is invited to make entries in the exhibit.

Industry hath annexed thereto the fairest fruits and the richest rewards.—Barrow.

Captain Dalton Home For Brief Visit

Captain John Dalton, better known to his host of Plymouth friends as Jack Dalton, was home for a brief visit early this week, before going to a new training camp located down in the New England states. He has been located for some weeks past in Maryland. Captain Dalton has had long experience in chemical warfare and he is now associated with that division of the army.

DO RIGHT BY YOUR refrigerator

...it must "keep things cool" until Victory!

YOUR REFRIGERATOR will last longer if you take reasonable care of it, and that's doubly important today when no more refrigerators are being made. Remember that the one you now have must keep cool for the duration. Treat it accordingly!

- (1) Defrost regularly according to manufacturer's instructions, and empty drip water immediately. Heavy frost on the coils makes your refrigerator work overtime, and increases operating cost. Never use a knife or sharp tool for defrosting.
- (2) After defrosting, wash the entire interior of refrigerator (coils, shelves, trays, etc.). Use lukewarm water and mild soap, followed by fresh water with a little baking soda. This banishes ice-box odor and leaves your refrigerator clean and fresh.
- (3) Wipe up fruit and vegetable juices as soon as they are spilled. (They harm the finish.) Wash the outside surface of your refrigerator with warm water and soap, and dry with a soft cloth.
- (4) Don't overcrowd your refrigerator. Place left-overs in small containers to save space. Always let hot foods cool before placing in refrigerator.
- (5) Unless the motor of your refrigerator is hermetically sealed, have it oiled and inspected regularly.
- (6) Be sure there is adequate air circulation all around your refrigerator. Move it an inch or two out from the wall if necessary. The Detroit Edison Company.
