To Make Guns of Wilcox Iron Fence

Horn Tooter Had Better Look Out — The Police Are on His Trail

That young fellow who is running around town late at night blowing one of those musical horns attached to his automobile, had better look out!

Plymouth First To Open Tractor School For Women

A. R. West Announces Plan To Teach Tractor Drivers

Women of this locality are invited to attend a new course of instruction in the operation of tractors at a class opening November 3 in the A. R. West store on South Main street in Plymouth.

The course will be instructed by Mr. West and experts from the International Harvester company. It will cover a period of six weeks and will be given entirely free to those who desire to enter.

Similar classes in other parts of the country have proved very popular and in view of the labor shortage, local farmers are enthusiastic about the class.

Tin Collection On October 10

Second Drive To Raise Tin For Gov't.

The second tin can collection for Plymouth will be Saturday afternoon on October 10. Tin cans must be placed at the curb line or alley line to be collected.

Official instructions issued by the War Production Board on how to prepare the cans for collection are as follows: Wash cans thoroughly after emptying contents. Remove labels from cans (labels usually come off anyway in the flattening process).

Rents Store For A Church — But Finds That It Is Sleeping Quarters

Want to rent your empty store building for a church? You do?

Well, you had better be sure that if you rent it for church purposes that it is not turned into a sleeping apartment about a week after you have rented the store for church purposes.

One Plymouth store owner thought he was renting his building to a religious organization and soon found that it was being used for sleeping quarters.

Plymouth Plans Contributions To Scrap Drive

Street Car Tracks To Be Dug Up in Next Few Weeks

Into the melting pot from which flows the metal that makes guns for American fighting lads, will go the beautiful iron fence that for more than half a century has surrounded one of the show-places of Plymouth, the attractive home of Mrs. George Wilcox on Penniman avenue.

Mrs. Wilcox has notified city officials that she will donate the many tons of iron fence around her home to the government, providing city officials will move it.

"Will we remove it? Indeed, we will. That attractive old fence will be on its way to the gun factories before snow flies, you may rest assured of that," stated City Manager Clarence Elliott yesterday.

Not only will the old iron fence that surrounds the Wilcox home be donated to the scrap drive in this city, but Mayor Ruth Huston Whipple states that the tons of steel girders that at one time provided a bridge over Tonquish creek on Garfield avenue, will be excavated from under the big fill made at that place, and turned in towards guns for the army and navy.

Workmen, too, will soon begin tearing up the street car tracks on Main street and these will go to Uncle Sam before winter.

And from out of The Plymouth Mail office will go a perfectly good iron proof press that served The Mail for more than half a century. Two or three years ago a much larger proof press was installed to take its place and the solid iron proof press that has been patiently waiting for another job, will soon be flying over Germany in the form of hot shrapnel for the killers of civilization.

For the big scrap drive to be made in Plymouth beginning on October 10 under the direction of Mrs. Mildred Barnes, who has been designated by Mayor Whipple as special chairman for the event, people are already hunting about to find what they can turn over to the government.

Legion To Push Scrap Drive

Commander Rose Tells of Plans

Members of the Plymouth American Legion are going to put their shoulders to the wheel and help make this city's scrap drive one of the biggest and most successful in the country, stated Commander William Rose yesterday.

The Legion is going to act independently and we are going to put on our own drive. We ask every one to help in our effort. Just call any member of the Legion or dump your scrap in the rear of Jack Miller's gas station at the corner of Stark-weather and Pearl streets," said Mr. Rose yesterday.

Mr. Rose was before the city commission Monday evening in connection with the Legion project. The city officials while approving of the assistance offered, recommended that the Legion cooperate with the regular salvage committee that has been set up under the Civilian Defense Council, which is a permanent organization.

Teacher Badly Hurt in Trying To Prevent Accident

Mrs. Marybelle Ray And Three Children Are Injured

Mrs. Marybelle Ray, teacher at the Hough school was critically injured in an automobile accident Monday evening while trying to avoid hitting another car.

She was driving her car from a service station and in attempting to turn right and avoid hitting a car ahead of her, she cut out too far in traffic and swerved, hitting the curb and a tree.

Mrs. Ray received a broken jaw and her chest was crushed. She is in Seymour hospital, Eloise.

Mrs. Ray's father, Robert James McArthur, passed away September 19 and Mrs. Ray was to have attended his funeral at Seville, Michigan, the day following the accident.

Three children riding with Mrs. Ray, Janice Jewell, four and a half years old, was bruised and is suffering from shock; Anita Mosher, five and a half years old, bruised on side of face and Geraldine Mosher, three years old, is in Seymour hospital suffering from a fractured leg. Geraldine and Anita are daughters of Mr. and Mrs. Andrew Mosher, 395 W. Ann Arbor Trail.

Theatre Bond Drive A Success

Total Sales in First Month Near \$15,000

While the exact total will not be available for a number of days, a check of bond and stamp sales in connection with the drive made under the direction of Harry Lush of the two Plymouth theatres, will crowd closely to a \$15,000 mark by the end of the present week.

As the result of the activities of Mr. Lush, assisted during the past week by Plymouth's Minutemen, the theatre campaign total will place Plymouth right up among the "tops" for cities of its size throughout the country.

But the theatre campaign for the sale of bonds and stamps does not end with this month. People who desire to do so can purchase bonds and stamps at the penny theatre any time the theatre is open.

Business Women Name Chairmen

First Meeting Of Year Is Held

The Business and Professional Women's club held its first meeting of the coming year Monday evening, September 21. The meeting was preceded by a dinner served in the Presbyterian church. Sixteen members were present. After dinner the business meeting was held in the church parlor before a fire in the spacious fireplace.

Miss Hanna Strasen, president, presided at the meeting. The following committee chairmen were named: Program coordination, Ingeborg Lundin; membership, Van Campbell; legislation, Elizabeth Sutherland; international relations, Ada Murray; health, Jewell Bell; finance, Gertrude Danol; education, Gertrude Fiegel; publications, Lelia Terry; publicity, Hazel Diack; defense, Alice Blyton and public affairs, Grace Eaton.

The club pledged 100 percent cooperation in defense work, both individually and in connection with local defense committees. Every member volunteered to fill one sack for the work being done by the Battle Creek club which provides each boy who leaves Fort Custer with a sack of small items and a magazine. Each sack contains candy, gum, pencil, razor blade, stationery and a magazine.

The club is also contributing monthly to the Plymouth Canteen club which presents each Plymouth boy leaving for the service with a supply kit.

War Activities To Take Place Of School Debating Contest

James Latture Works Out Patriotic Program For Students

So that high school students may have a greater opportunity to do their share in various war activities, James Latture, director of public speaking, has decided that Plymouth's debating schedule will be dropped this year and in its place will be substituted a program of patriotic activities in connection with civilian defense.

Students will be given opportunities to appear on programs devoted to civilian defense, such as presenting patriotic skits, patriotic dramatic readings and other similar program features.

In fact, Mr. Latture plans to work out a complete program for presentation before any local organization which may desire to present a program devoted to war activities.

Blunk & Thatcher Store Tops List In Bond Sales

Leads Main Street Commandos In Last Weeks Sales

Blunk and Thatcher's furniture store topped the list among Plymouth merchants in the sale of war bonds and stamps last week.

A total sale of \$1081.80 worth of war bonds resulted from the sales efforts of the clerks in the store.

But Bert's place, the smallest little business place in Plymouth, while the topper last week, was a close second this week, with a total sale of \$1043.25.

"Can't figure out how that happened," declared Mr. Swadlow when he discovered that his little restaurant had dropped to second place.

"But watch us next week! We are out to keep Bert's place right up there at the top. Of course we are in pretty stiff competition with a store like Blunk and Thatcher's big furniture store, but that doesn't make much difference to us. The bigger the better," he added.

The Blunk and Thatcher store has been right up among the first placers since the beginning of the Main Street Commandos campaign to aid in the sale of war bonds and stamps.

The total sales last week among all the merchants was \$2,734.45. Only 43 out of the 76 retail places in Plymouth reported.

Contribute To War Sufferers

Scientists Send Clothing From Here

Mrs. Katherine Hughes, chairman of the Christian Science War Relief Committee of First Church of Christ Scientist of Plymouth reports that a shipment of clothing, bedding, and other articles, nearly all of them hand made from new materials, was forwarded recently to the general headquarters in Boston, Mass., whence the articles will be sent overseas for the relief of war sufferers abroad. Two hundred cases were shipped from Boston during the past week.

Besides the need for civilian clothing, knitted garments for the men in the services of the United States are being supplied. The Boston office received a request recently for 4,000 pairs of socks, 1,500 sweaters, 1,500 helmets and as many gloves as could be supplied. One of the most useful articles in knitted wear is a pair of mittens with a trigger finger knitted onto one of them.

The most needed clothing in Great Britain includes wool sweaters, undershirts, underpants, overcoats, pajamas, socks, stockings and boys' shorts, for ages from six to sixteen. The need is greater for boys than for girls.

Mrs. Hughes states that the work of the local committee has continued all summer, and now that vacations are over, an effort will be made to increase the number of knitted articles, as well as smaller packages, bus room is at a premium and people are urged to make whatever purchases possible from their local merchants.

Major Cass S. Hough Describes Experience in Baptism of Fire

His First Aerial Combat Is Victory Over Enemies

Parents Receive Intensely Interesting Letter Telling of Air Engagement

Dramatic in the extreme is the description written by Major Cass S. Hough to his parents, Mr. and Mrs. Edward C. Hough of this city, of his first aerial combat experienced somewhere in Europe during one of the recent raids by American aviators over the European continent.

"Soon you find yourself in a cold fury * * * and that's the transition * * * you've knocked an enemy ship down," writes the popular former official of the Daisy Manufacturing company who enlisted some two years ago for services with Uncle Sam's flying forces, in telling of his first fight with enemy forces.

His letter is so intensely interesting that it is published in full as follows:

"By this time we've all gotten over our fright of first combat. It's a hell of a feeling the first time—you start out in an icy sweat, and do an awful job of fumbling.

"Your flying isn't all it ought to be—every bird looks like an enemy fighter, but when you see it's a bird you're glad on one hand, and sorry on the other—sorry, because the hour of combat is again postponed. Then all of a sudden there they are—enemy fighters in real strength, and coming up to meet you. At high speeds it doesn't take long to join battle and then all hell lets loose.

"It's all over in about 5-10 minutes, because your ammunition is gone and your gas running low. But the incidental happenings seem like a dream—bullets splattering on various parts of the ship—airplanes disintegrating in mid-air before your eyes—friendly and enemy both—airplanes chasing each other around in circles like playful pups after their tails.

"All of a sudden you see a ship in a very vulnerable position and you move automatically to get him before he has a chance to get away or get someone else.

"He gets larger and larger in your sights—you begin to estimate range 600 yards—500—400—holding your fire until it will be effective. Then he's in range—you squeeze the 'traps' and pour

Urges Women To Take Early Bus

Officials of the Plymouth Coach company today made an appeal to Plymouth women to avoid riding whenever possible on the late afternoon buses from Detroit. The bus line is taxed to a capacity from 4 until 6 o'clock in the afternoon.

Mr. Sinta warns that with the increased demands being made on the lines by defense workers that it will be almost impossible for local women with packages to even find standing room on the trips out from Detroit.

He suggests that women either leave Plymouth earlier in the morning and return home before 4 p.m., or that they wait in the city and come back after the heavy traffic is over. Since Detroit stores are insisting that shoppers carry most of their smaller packages, bus room is at a premium and people are urged to make whatever purchases possible from their local merchants.

MAJOR CASS S. HOUGH

out 50 Cal. and 20 MM H.E. shells like water out of a hose—you see your shots take effect—bits of airplane start leaving the ship—but before you can get in another burst he's pulled up or down and away—damaged—yes, but still flying.

"Then while you're contemplating the fact you've actually been trying to kill someone—someone pours a stream of lead at you and away you go—chased this time instead of being the chaser—and all because you took a split part of a second to think what had happened.

"Soon you find yourself in a cold fury—nothing personal, just an overwhelming desire for self-preservation I guess.

"And that's the transition—from now on you're a veteran—you've knocked down an enemy ship and have run like hell to get out of the way of a Hun.

"You don't remember the trip home—seems like a vague dream. You land automatically, and it's not until you get out of the ship and look at the bullet holes uncomfortably close to your cockpit that you realize the full significance of what's taken place in the last hour.

"Your knees get a little weak, but a good shot of brandy helps that, and takes away the curse of the damp English cold, which you notice for the first time in an hour or two.

"Forgive the prose—but I got wound up a little bit—anyway—that's the way it is—the baptism of fire—the toughest part is counting noses, and realizing that three families (in this case) are going to be heart broken because they lost a son, and two of them with children at home they'd never seen—born since they came over here. It's a sad commentary on civilization.

Cass, as he is called, is one of his host of friends in Plymouth, left for overseas some seven weeks ago. It is believed he went directly to England at that time, where he has been stationed since.

Opposes Home Rule At Livonia Meeting

Last Wednesday evening Mayor Ruth Whipple debated against the so-called Home Rule amendment (Proposal 2 on the ballot November 3) for the Livonia Taxpayers' association at the Livonia City hall. Dr. Leonard of the Detroit Bureau of Government Research presented the affirmative reasons with the assistance of Dr. Michelmore of the same bureau. Saturday evening Mrs. Whipple also spoke against the amendment at the Pomona garage meeting at the home of Mr. and Mrs. Sam Spicer.

Garbage Can Shortage Hits Plymouth — Wives Fear "The Law"

Shortages are no longer just idle gossip! They are right here in Plymouth in a big way.

A number of householders discovered this week that there isn't a garbage can to be had in this city.

Start Plans For Hallowe'en School Party

Civic Committee Chairman Names Workers For Event

James H. Sexton, chairman of the Plymouth civic activities committee, has announced that there will be a meeting Monday evening at 7:30 at the city hall for the purpose of arranging details for the annual Hallowe'en party given for the school children of the city.

Not only has Mr. Sexton announced the date of the first committee meeting, but he has made known the fact that John Jacobs, who so successfully directed the affairs for the Hallowe'en celebration last year, has accepted the chairmanship for the present year.

Members of the general committee selected for this year's affair who will meet Monday evening with Mr. Jacobs, are Claude Dykhouse, Mrs. Nellie Bird, Mrs. Jewell Bell, Mrs. William Arscott, Mrs. Peter Munster, Chief of Police Charles Thumme, Kenneth Groth, Frank Walsh, Alfred Vincent, Ray Bachelder, Richard Straub, Gordon Vetal, president of the Student Council; Harry Reeves, Lewis Evans, Mrs. Alice Vanderveen, Miss Jean Peterson, Mrs. Alex Lloyd, Mrs. Edward Dobbis, Mrs. George Farwell, Leo Crane, Russell Daane and Wallace Osgood.

It is possible that the committee will be enlarged at the meeting to be held Monday night when preliminary details for the Hallowe'en party will be worked out.

Indian Mission Moving Picture, "Apacheland" in technicolor, at 7:30 p.m. This is the film taken by the pastor last April out in the Apache Indian Mission Field. It includes such rare shots as actual, authentic motion pictures in technicolor of Devil Dances, Medicine Dances, Coming Out Dances, Sun Dances, Tortilla Baking, Wrapping of an Indian Cradle and others. The public is invited. An offering will be raised for our Mission work among the Indians. The goal of our Offering for Missions is \$500. We raised \$465.61 last Mission Festival; with an extra effort on the part of all of us out of gratitude for our increased earnings

we will easily surpass our \$500 quota. The work of conservative, Christian missions is of unusually imperative importance today; men will need the staying, steady influence of the Gospel in the aftermath of adjustment and reconstruction which must necessarily follow the hectic time of disarrangement during warfare on the unprecedented scale of the present world-wide holocaust of slaughter and brutal force. Let us pray fervently for victory of the Four Freedoms for Mankind; but above all, for the Spiritual Victory of Faith given by the Gospel: "Whatsoever is born of God OVERCOMETH THE WORLD; and this is THE VICTORY that overcometh the world, even our FAITH. Who is he that believeth that Jesus is the Son of God?" The First Epistle of John, Chapter 5, Verses 4 and 5.

Junior Choir To Join In Vesper Services

The Methodist Junior choir will join the Senior choir in presenting the season's first Vesper hymn service Sunday evening, September 27 at 5 o'clock in the Methodist church. All denominations are cordially invited to attend. It is hoped that these hymn sings will further cement inter-church friendships.

D.A.R. Members Hold Meeting

National Problems Are Discussed

The Sarah Ann Cochrane chapter of the Daughters of the American Revolution opened the 1942-43 season with a meeting at the home of Mrs. John Goodman, Monday afternoon. Mrs. Henry Baker, regent, opened the meeting with a challenge to the members of the chapter to devote more hours of service to all causes of national defense.

A series of box lunches preceding each meeting was announced. Miss Harriett Simons, national chairman of approved schools, was the guest speaker of the afternoon. The national organization of the D.A.R. supports by way of financial contributions, scholarships and aid in building programs twelve schools and universities and colleges. The Michigan members of the D.A.R. pledged \$1650.00 for the library room at Tamasee, a school in the mountains of South Carolina. This pledge has been met and this year it is our pleasure to furnish the library.

Miss Simons had just returned from visiting several of the mountain schools and brought with her an exhibit of handwork made by the students. The afternoon proved to be very interesting and instructive.

Mrs. Goodman, assisted by Mrs. Irvin Blunk and Mrs. Ralph Taylor, served tea.

Plymouth Folks Talk About The Weather and Arrival of Fall

Gossip About Town — Schrader's Buffalo Perk Up — Smitty Talks

What there was to it—the good old summer time—has departed from Plymouth and vicinity, and it's now really fall, with frost on the pumpkins in low spots.

"Bill" Wood, chairman of the rationing board, said yesterday he thought something was wrong with the weather as well as with a lot of folks who think they can't get that rationing board hasn't got. He had forgotten all about the arrival of fall, but he said he felt it "in the air."

Postmaster Harry Irwin looked over across the street to see if Harry Robinson had any buffalo robes displayed out in front.

"Maybe I'd better get one, if Uncle Sam is going to cut down on the amount of coal we can burn in the postoffice this winter. I can sit in my big private office with a robe over my lap and read the postcards just as well in here as out there, or something to that effect, sayeth not the genial Postmaster."

Fred D. Schrader said the buffalo out at his buffalo ranch peeped up considerably Wednesday morning.

"My buffalo know more about the weather than does the weather bureau. I know exactly the day that spring arrives, and when fall comes. I can tell the day that winter gets here, just by looking at the buffalo. Of course I do have to consult the calendar to make sure that they are right," admitted Mr. Schrader.

"A lot of folks have kidded me about my buffalo. Well, I saw things coming, and I prepared for it. Maybe when blankets get scarce, a lot of folks will be around wanting me to shave off a few buffalo robes from my buffalo. We'll just wait and see what turns up when and if the time comes," added Mr. Schrader.

Glenn Smith said he knew just the minute fall arrived. Bill Baker came in and ordered a double stack of buckwheat cakes. Russ Powell wanted some fried salt pork with his pancakes and Don Lightfoot took not only his bucks with fried salt pork, but a double dose of so-called pure maple syrup.

"It would seem as though when fall arrives we wouldn't have to ask for the kind of things we should eat in the fall. Smitty ought to dish it out without any questions—but no, he's got the

RAMBO Warns Of Auto Fires

Says Care Must Be Used To Save Cars

If no effort were made to conserve existing automobiles from destruction by fire, Fire Prevention Week would fall short of its purpose this year, declares Frank Rambo, secretary of the Plymouth Chamber of Commerce who is interested in seeing to it that Fire Prevention week is a real success in Plymouth.

"The fact that few new private cars and light trucks will be available for the duration and that heavy trucks form a vital link in the transportation of war supplies, plus the tire and gasoline shortage, make it more important than ever that owners and operators understand the danger of fire," he said. "Records show that in normal times more than half a million motor vehicles are involved in fires each year. The number will not be as great this year with fewer cars on the road, but the loss to the individual and to the war effort will be felt none the less."

Mr. Rambo offered the following rules for owners to follow: Keep motor vehicles in good mechanical condition.

Have ignition and lighting wiring and connection checked by your garage man.

Make sure that fuel lines and connections are tight and that there is no leak in the gasoline tank.

Keep the motor clean.

Keep the fire extinguisher in your car or truck recharged and ready for use. Many commercial vehicles are required by law to carry extinguishers.

If you smoke while driving, put out cigarette and cigar stubs in the ash receiver, not on the floor of the car or cab. Do not throw lighted stubs out of the window.

Issues Warning To Duck Hunters

Let hunters take the lifting of the ban on wood duck shooting to be an invitation to kill the legal number allowed, the conservation department's game men are pointing out that the change in the law was made with quite a different intent.

Chief purpose of the change, they say, was to avoid penalizing the novice for an unintentional mistake in identifying duck species, and to prevent waste if the mistake was made. It definitely was not made to encourage wood duck shooting, they declare.

Rigidly protected for many years because it was believed to be in danger of extermination, the beautiful wood duck still is one of the better protected species. Hunters may not have more than one in a day's bag, and though it is lawful to have a two days' bag of other ducks in possession limit on wood ducks remains just one.

Bowling League Standing

Parkview House League

Table with columns: Name, W, L, Pct. Rows include Cloverdale No. 1, Dr. Ross, Conner Hdwe, Jewell's Cleaners, Michigan Bell, J. C. C. No. 2, Plym. Lumber, Kelsey Hayes, Terry's Bakery, U.A.W.-C.I.O., First Nat'l Bank, Post Office, Blunk, Thatcher, Cloverdale No. 2, Super Shell, Berger & Dobbs.

The Monday night house league started its fifth season September 14 with most of the old teams starting off with nearly the same line-ups as last year. Three new teams are entered, Cloverdale No. 2, U.A.W.-C.I.O., and Berger and Dobbs taking the places of Gulf Oil, Consumers Power and Middle Belt.

The first night certainly showed the effects of the summer's lay-off, only two 200 games being bowled. Max Moon started off with a bang getting 220 in his first game and Butch Waldecker shot 209 in his third game. It looks like the boys need lots of practice.

Air Ride: Three lions and three panthers were flown recently from Ostend, Belgium, to London. More Nurseries: Philadelphia has more day nurseries in proportion to population than any city in the country.

Weddings

BAKER-SMITH

At 8 o'clock Monday evening, September 21, Miss Joyce Baker, daughter of Mrs. Pearl Baker of Holbrook avenue, became the bride of George Fred Smith of this city. The ceremony was performed by Rev. Edgar Hoenecke at the Lutheran parsonage.

The bride, who was becomingly dressed in a shell pink marquisette street length dress with a shoulder corsage of carnations. Her hairdress was of tiny white chrysanthemums and shell pink ribbon.

Mrs. Baker, the bride's mother, was matron of honor wearing a black crepe dress trimmed in gold. Her corsage was of bronze colored chrysanthemums. A wedding supper was held at Reed's restaurant after which the young couple left on a honeymoon trip to Niagara Falls. For traveling the bride wore a blue wool challis suit with matching accessories.

On their return home the bridegroom will enter the army leaving for Fort Custer. The bride will continue to live with her parents. She is employed at The Plymouth Mail office.

CHATHAM-CLEVELAND

The wedding uniting Kathleen Chatham, daughter of Mr. and Mrs. Norman Chatham, of Novi, and William Peris Cleveland, son of Mr. and Mrs. Peris Frank Cleveland, of Warren road, was solemnized at 3:30 o'clock, Friday evening, September 18, in the Martha-Mary chapel at Greenfield Village, by the Rev. R. E. Neuman, of Wayne.

Tall baskets of white chrysanthemums, roses and lighted tapers decorated the church altar for the ceremony. The bride wore a gown of white satin made with busque waist and full skirt with train. Her veil of tulle was caught to a crown of satin. She carried a white prayer book from which fell a cascade of narrow satin ribbon with tiny chrysanthemums fastened at intervals. An orchid in a deep blue was placed on top of the book.

Norma Chatham, sister of the bride, was maid-of-honor, and the bridesmaids were Vesta O'Rielly, of Highland Park, Cecil Walters, of Novi, Frances Buttenwieser and Annabell Hupert of Farmington. All wore dresses of light blue lace and taffeta, the busque waists being of lace and the skirts of taffeta. They carried tallismen roses.

Little Marie Thomas, of Novi, was the flower girl, carrying a tiny white basket of chrysanthemums and roses.

The bridegroom chose Vernon Ketchum, of Lutz road, to be his best man, and the ushers were

Bob Currie, Jack Adams, Benjamin Brender and Arthur Jones. Another friend of the bridegroom, Richard Truesdall, was the organist.

Mrs. Cleveland was gowned in plum crepe with black hat and accessories. Mrs. Chatham wore a black ensemble.

The reception for 100 guests was held at Botsford Tavern following the ceremony. Mr. and Mrs. Cleveland left late in the evening on a honeymoon to the Spring Mill hotel, Indiana Dunes State Park on Lake Michigan. They will reside at 15764 Kentucky avenue, in Detroit.

Mr. Cleveland was a member of the first graduating class of the Edison Institute of Technology.

HANCE-CURTIS

The wedding ceremony uniting Miss Dorotha Lorraine Hance, daughter of Mr. and Mrs. George Hance and Dale Leslie Curtis, son of Leslie Curtis of this city took place Friday evening. The service was read by Rev. Cora M. Pinnell in the Salem Federated church at 8 o'clock in the presence of 100 guests. Palms, lighted tapers and white gladioli formed the background where the bridal couple pronounced their vows.

Proceeding the ceremony Lyle Benjamin of Northville, a cousin of the bride, sang "O Promise Me" and "I Love You Truly" accompanied by Betty Karnoss of Northville.

The bride, who was given in marriage by her father, wore a wedding gown of white slipper satin with overskirt of net. The snug fitting waist had a sweetheart neckline and bracelet-length sleeves. Her fingertip veil fell from a tiara of seed pearls and here only ornament was a heart-shaped locket set with sapphires and diamond on mother-of-pearl. White roses and baby mums, tied with white satin ribbon, formed her arm bouquet.

The maid-of-honor was Betty Jane House, of Detroit, a cousin of the bridegroom, who wore rose taffeta and carried red roses. Rosemary Kinisco, Dorothy Ebersole, Wanda Hepler and Mrs. Leo Kubie, of this city, were the bridesmaids, wearing gowns made in hydrangea blue taffeta with dubonnet trim and head-dresses of matching net. They carried yellow roses.

Sally Lee Swales, of Plymouth, a cousin of the bride, was the little flower girl and Ted Masters, of Northville, also a cousin, carried the ring on a white satin pillow.

The bridegroom's attendants were his brothers, Owen Curtis, who acted as best man, and Cleo Curtis, Norman Curtis, Milton Curtis of this city and Ralph Hall, of Pinckney were ushers.

Mrs. Hance wore a dark brown dress with Austrian green accessories and Mrs. Curtis wore navy blue with black.

A reception followed in the church dining room after which the young couple left on a motor trip through northern Michigan. Mrs. Curtis chose a suit of blue and brown mixture with blue accessories for traveling. They will make their home in Plymouth.

Mrs. Fred Zinn was hostess at a dessert luncheon, Tuesday, for members of her auxiliary group. H. T. Valrance has returned home from the Pontiac General hospital. Mr. and Mrs. Clyde L. Metzger of Blackburn avenue announce the engagement of their daughter, Dorothy V. Metzger, to Willard H. Naas, son of Mr. and Mrs. Henry L. Naas, of Detroit. The wedding will take place in November.

Merchant Team In Final Play-Off

Defeats Dearborn In Friday Game

Last Sunday at Riverside park saw the Plymouth Merchants win another game to remain in the play-offs. They beat the Young Electric team of Dearborn by the score of 3 to 2.

This is the third in a row that the local boys have won after losing the opener to Northville. The boys took advantage of the errors that Dearborn made in the first inning to score two (2) runs on two hits and four (4) errors. They scored another in the fourth inning on a hit, a sacrifice, a hit batsman and a fielder's choice.

Dearborn scored its runs in the fourth and seventh innings. Dearborn nearly tied the game in their half of the ninth. After two men were out, the Dearborn short-stop connected with a lousy double to right field. Then came the best play of the game. The Dearborn left fielder connected with what looked to be a sure double or triple, but Jimmy Williams, the Plymouth center fielder, started at the crack of the bat and after a long run finally made a leaping, one-handed catch to end the game.

The pitching and catching were done by father (pitcher) and son (catcher), Ken DeBozy, the pitcher, only allowed five hits, but kept them so scattered that they did no damage. He also had nine strike-outs and only walked three men. His son, Tommy, caught every offering without an error.

The game next Sunday is with the same team and will be the final game in the blue division. The winner will be champion of this division. The game will be played at Mass Benton park at Northville. The game starts at 3 o'clock sharp.

Felician Sisters Prepare Great Institution For War Services

Every Member of Staff Being Trained For War Activities

Quietly and without ostentation of any kind, the beautiful Villa St. Felix, motherhouse of the Felician Sisters, located on Shylockcraft road, just east of Plymouth, is being made ready for hospital services in case war brings about that necessity. Not only are the Sisters being trained for special war services in case the big institution should be converted into war hospital use, but they have been taking courses in first aid training, as air raid wardens and for other special war activities.

Rev. Mother M. Tarcillia, head of this province, which includes the states of Michigan, Ohio and Indiana, and Father A. J. Koprowski, who is assigned to this great educational institution, say that if and when the emergency comes, St. Felix will be ready.

All building activities which had been planned two or three years ago at Villa St. Felix have been abandoned, and chief activities are now confined to war work.

Some months ago a Polish refugee who had escaped from Poland, spent several months at the institution. All of the horrors reported by newspapers as being inflicted upon the people of that country by Hitler, were confirmed by this interesting visitor. She declared that the world will never know how brutal are the conquerors of Poland.

The Felician Sisters of the Order of St. Francis, the largest congregation of the Franciscan Sisters in the United States, began their labors in this country in 1874.

The congregation of the Felician Sisters was established at Warsaw, Poland, in the year 1855. The community of the Third Order of St. Francis of Assisi, which Popes Pius IX and Leo XIII have approved under the name of the Felician Sisters, is so called from its patron saint, St. Felix of Cantalice, the first canonized saint of the Capuchin order.

The community was founded by Mother Mary Angela Truskowska of Kalisz, Poland. Her parents, Joseph and Josephine Truskowski, brought up their child with the greatest care and gave her a liberal education. In a famous boarding school in Warsaw, the future foundress developed many admirable traits of mind and heart, which after completing her studies, she displayed as an auxiliary member of the Society of St. Vincent de Paul and later in various functions as Sister Mary Angela, the first superior of the new community of Felician Sisters.

Led by deep affection toward the poor and abandoned children, Sophia Truskowska rented two rooms where the neglected children were gathered, and taught under her care. The people began to be interested in her pious work, and soon generous offerings poured in which enabled her to rent a larger building for the accommodation of the ever increasing number of children. With other pious noble women who now joined her, she attracted the attention of the Capuchin Fathers of Warsaw, especially the saintly Bishop Francis Benjamin Szymanski, who appointed the Rev. Honorat Kozminski, spiritual director of the newly established institution. He drew a set of rules to govern the life of the young women and invested them with the holy habit of St. Francis of Assisi. From among them Sophia Truskowska, now Sister Mary Angela, was appointed first superior. Material help was extended the newly formed community through the generosity of a group of Polish counts and nobles. The number of members gradually increased and the aim which the community was founded, namely, to render service to humanity through the acts of charity, and to educate the young was faithfully carried on. In 1874, the Rev. Joseph Dom-

"I just dropped in to tell you we boys in the A.E.F. are grateful to the folks back home who are doing everything possible to help war production. Everything that helps war production helps us at the front." By keeping telephone lines clear for war calls, you are making an important contribution to the speeding up of war production. War calls crowd the telephone lines today. And we can't add enough new lines to handle the increased traffic, because materials are more urgently needed to equip our fighters. But all of us can do our part by making the most efficient use of present facilities. HERE'S HOW YOU CAN HELP 1. Make only the most essential Long Distance calls. 2. Keep all your conversations as brief as you can. 3. When possible, give the number of the distant telephone you are calling. And please don't call information for a number when it's listed in the directory. How to AVOID WASTING LIGHT and make your rooms brighter AT NO EXTRA COST. If you could get 25 per cent more light in your rooms without spending ONE CENT more for electricity, would you be interested? In many homes it is possible to do exactly that. And it is due to the fact that dust steals light . . . robbing you of part of the electricity you pay for. One-fourth of your light is far too great a tribute to pay—and you can avoid it by cleaning your lamps and fixtures regularly. It's easy to overlook this important task, because dust collects on bulbs that are hidden under lamp shades or in semi-enclosed lighting fixtures. And these lights lose their brightness little by little, day by day, so that you scarcely notice it. To keep your lighting at top efficiency, wipe all lamp bulbs frequently (also lamp reflector bowls). Dust your lamp shades inside and out. Use the RIGHT SIZE BULBS in your lamps and fixtures—not too large, not too small. Replace dark-colored shades with light shades with white linings, to reflect more light. You'll be amazed at the difference in your rooms—how much brighter and more cheerful they are—if you follow these simple rules, The Detroit Edison Co.

DO YOU WANT TO MAKE-UP TO LET HER KNOW YOU'RE SORRY? Say it with flowers from WE TELLEGRAPH FLOWERS

Newburg School News

We have 39 children in our room. Our room is pretty. We have many pretty flowers. We have pretty pictures. We have a surprise flower. We will watch it grow. We had a fair. We brought pets. We brought toys.

We brought dolls. William brought a big brown bear. We had fun at the fair.

Grades Three, Four and Five
We have 40 pupils in our room. Three children from our room are on the dental honor roll. They are Eugene Burkholder, Roger Kidston and Thomas Osmun. Many children are having dental work done and we hope to have many more names added to our list very soon.

We have elected our Citizenship officers for the year. They are: President, Roger Kidston; vice president, Joan Stannitz; secretary-treasurer, Joy Bennett; girls' health officer, Nancy Schultz; boys' health officer, Charles Ezette.

We were very proud of the school fair our room helped to give last week. We brought exhibits for the following booths: Flowers, vegetables, baked goods, antiques, hobbies, fancy work and pets.

We made the following rules to help us to have a good time at the fair:

1. We will be courteous to our company.
2. We will make our company welcome.
3. We will not handle the exhibits.
4. We will not run in the school.
5. We will mind our committees.

Whether it's a faulty cigarette lighter or a major repair job, you'll find that we offer the same, friendly, dependable service. Drive in.

These children won prizes for their exhibits: First prizes, Mary Vanderhoef, Eudora Rutherford, Joan Stannitz, Frank Linn, Mattie Young, George Gibbs, Irene Hunt, Eugene Burkholder.

Second prizes, Mary Jean Gibson, Joan Stannitz, Eleanor Rutherford, Roger Kidston.

Third prizes, Connie Kibbey, Joan Stannitz and Janet Swain.

Grades Six, Seven and Eight
The sixth, seventh and eighth grades have an enrollment of 43 pupils.

The C. J. club elected its officers on Friday, September 11. They are: President, Robert Macintyre; vice president, Lorraine Merriman; secretary, Dolores Roginski; girls' health officer, Doris Ryder; boys' health officer, Joe Fulton.

Bruce Kidston was elected safety patrol captain with Robert Wood as first lieutenant. The service squad captain is June Hobbins with Juanita Norris as her assistant.

Seven room committees have been voted necessary.

Our room has four on the Dental Honor Roll. They are Doris Ryder, Earnestine Burkholder, Joanne Bovee and Bruce Kidston. Nine others have dental appointments.

On Tuesday, September 15, the entire school met for Assembly. It was in celebration of the twenty-fifth anniversary of the Junior Red Cross. Mrs. Minehart, the sponsor for the Junior Red Cross, told us about many interesting activities which we may work out for war relief. Roswell Fulton read an original poem entitled, "Victory Poem." Joan Stannitz of the fifth grade read an article on drying foods. Juanita Norris, Junior Red Cross chairman from the eighth grade showed favors made by the children and had charge of "Seeds for Russia" and "Keys for Victory" March. The second grade explained a health train.

Newburg School Fair
On Friday, September 11, we began to plan our second "school fair." We elected June Hobbins as fair manager with Edmund Roginski and Robert Wood on the board of directors. We planned the different booths on Thursday.

On Wednesday, all of the pupils registered and received their exhibitors' tickets. Thursday was spent in decorating the booths, and in making tags for the exhibits. We had 2 exhibitors with 12 booths. They were: Side show, Roswell Fulton, Robert Macintyre and Gordon Osmun; vegetable booth, James Ayers, Beatrice Mende, and Leon Christensen; Junior Red Cross, Juanita Norris and Virginia Peretavalle; livestock, Walter Hawkins, David Lockwood, Richard Whitmore and Leo Kline; hobbies, Jack Miller, Earnestine Burkholder, and Keith Bovee; health, Doris Ryder, Joe Fulton and Carol Bray; 4-H club, Bruce Kidston and Richard Simmons; flowers, Joanne Bovee, Wanda Brant Hoover and Garvin Perzyk; baked goods, Dolores Schultz, Rosetta Vanderhoef and Audrey Swain; refreshments, Edmund Roginski and Robert Wood; antiques, Donald Hunt, James Rutherford, William Clement and Rose Peretavalle; defense stamps, Lorraine Merriman and June Hobbins; art director, John Myers.

Our fair was held on Friday, September 1 from 2 to 4 and from 7 to 9 in the evening.

We sold \$22.50 of defense stamps; baked goods, \$7.15; side show, \$2.75; refreshments, \$5.15; flowers and war relief, \$7.36. Total profit, \$22.41. All money taken in will be spent for war relief. We will continue the story of our fair next week.

Plymouth Beat Farmington 18-0

Breaking through Farmington for three touchdowns, Plymouth's 1942 football team opened the season with an 18-0 victory last Friday on the home Gridiron.

Displaying an all-around attack during the whole game, Plymouth smashed across the opposite goal line in the first, second and fourth quarters. Not once could Plymouth kickers make the extra point after the touchdown.

The first score was made after Sheppard passed to Nagel and on the next play to Donahue to put Plymouth on the ten-yard line. From there Kearney crashed through center to go over. Behler outran two Farmington secondaries to carry the ball over in the second quarter. Ebersole broke through in the fourth quarter to bring the score to 18-0.

Coach Matulis stated after the game that the line play was not up to par, and the backfield needs a lot of work on deception. The first team will be good but the reserves are weak, so he took advantage of the score to put in all of the second team. Farmington is new to our schedule as a regular team but we have had several scrimmages, before the opening of the regular season, in previous years.

We really believe that this year's football calendar holds some real gridiron antics, so if you have no Student Council ticket, buy one on the first floor by the stairway and come to the three remaining home games and support your team.

—Plymouth 1st team— Jim Nagel, Bob Scheppele, Dale Wisely, Cameron Lodge, Bob Thams, Ivan Campbell, Bill Donahue, Clare Ebersole, James Sheppard, Ray Kearney and Jim Wellman.

—Farmington 1st team— Norm Stewart, Ralf Auten, Don Kosmenski, Dave Sullivan, Jack Owens, Dick Miller, Bill Tourner, Fred Martindale, Dick Pauling, Leo Hupert and Jim Maloney.

Here and There

Pat Hudson, Orlyn Lewis, class of '41, Signe Hegge, and Jack Christensen, class of '41, had fun dancing at the Grande Saturday night.

Miss Nina Jean Lawson entertained a small group at her home last Saturday night. Those present were "Pinky" Fulson, Myrtle Shrader, Tom Lacy, Joyce Penney, Vic Riblett, Margaret Wilson and Ray Kearney.

Owen Gorton, Lois Hoffman, Bob Birt, and Sally Haas went to the Michigan Theater Saturday night and saw "Holiday Inn." Mrs. W. Eugene Overton left last Friday for the west coast where she is meeting Mr. Overton, who is an Ensign in the United States Navy. Mrs. Overton was formerly arithmetic teacher for the seventh grade. Her place is now being taken by Mrs. Bentley, for the present.

At the Senior meeting Gordon Vetal told the Seniors to throw their ballots in the wastepaper basket; we wonder if he really meant it.

It is advisable that Elaine Mahoney get a larger pair of shoes if her feet hurt her so that she has to take them off in English.

During his report in history on the "Second Front War" Ed Curmi just couldn't locate the Atlantic Ocean on a map of the world.

Eunice Mienzinger is recovering from an appendectomy. She hopes to return to school in four weeks.

Lieutenant John E. Moore, who received his wings on September 6 was a visitor at Plymouth High school September 17 during his eight day furlough. He will be stationed at Perrin Field, Sherman, Texas as an instructor in aviation.

Janet Strachan stayed in Ann Arbor over the week end with Joanne Housel, a friend whom she met in camp this summer.

Maria Ann Miller entertained Annabel Heller and Marion Goodman Saturday night, September 19 before leaving for Michigan State college. She left for M.S.C. Sunday, September 20.

Two girls were in the music room one day playing "Romance" on the piano. They were both playing at the same time and one said to the other, "My 'Romance' isn't the same as yours." The other said, "Well, can't two men's romances be different?"

Drama Club Works On One-Act Plays

The first meeting of Senior Drama club was a great success. Mrs. Winnifred Bixler, school dramatic coach, says this is the best club she has seen in several years. There are about 15 members, mainly sophomores and juniors.

The club is working on two one-act plays at the present time. These will be presented at churches, clubs, etc.

Girls' Glee Club Now Being Chosen

During the first two weeks of the new school year Mr. C. Lutchman, music director of the high school has organized a girls' glee club. At present the chorus numbers 43. There is still time for any girl who may be interested in joining the group to get in touch with Mr. Lutchman.

Throughout the school the girls' triple-trio is very well known. They have been given the privilege of singing for the Service Clubs, civitization, Rotary Clubs over the radio, and for the U.S.O. events. This year the triple-trio consists of Lois Ridley, Lorain Geary, Shirley Bassett, Shirley Luttermoser, Margaret Jean Nichols, Valerie Kolin, Virginia Woods, and Shirley Hoffman. Try-outs are still in progress for singers and a girl to be accompanist for the group. If anyone can play the piano well enough to accompany others or think you can sing, see Mr. Lutchman immediately.

Dear Readers

Remember we told you last year we were coming back. Didn't think we would, did you? How do you like being back in school? Crowded, ain't it? Gives us a chance to bump into some of these newly acquired students (?).

Brains are a wee bit rusty, we've noticed. Guess they weren't used much this summer. For instance, it seems D. Strauss can't read a certain teacher's writing. She thinks Virginia Savage is V. Sausage.

The government classes are right on their toes this year. One day they journeyed back to the time when people thought the world was flat—J. Gorton wanted to know how they kept the water in the ocean from running over the edge. Us Morons sure would like to know how they did it!

According to Mr. Latture, iced tea originated at the Boston tea party. We understand it was quite a cold night. We learn (?) something new every day, don't we?

The school election came off with more publicity and less red tape than the national campaign itself. Mr. Bentley and Mr. Latture are up to the old tricks again, we see. Mr. Latture seemed to have all the luck the other night while fishing, so Mr. Bentley remarked, "The fish must have known Latture was a speech teacher, so they took de-bait!" Sincerely, Us Morons.

'42 Enrollment All-Time High

Enrollment at Plymouth High has set an all-time record with a grand total of 1177 entering this semester as against 1118 at this same time last year.

The ninth grade led with an enrollment of 298 against 267 last year. The senior class showed a gain of 2 pupils by jumping from 147 to 149.

All the rest of the classes showed slight variations except the tenth which dropped from 280 last year to 238 this year.

Girls Needed For Cafeteria Work

There is an urgent need for girls to do cafeteria work first and fifth hours. Girls are given a twenty-five cent lunch for working one hour. If any are interested, see Mrs. Partridge in the cafeteria.

There is a staggered lunch period this year as last. The number of students eating is very well balanced between fourth and fifth hours.

Frosh Reception September 24

The class of '43 welcomed the freshmen yesterday in the high school gym by giving the annual Freshmen Reception.

The class of '46 was received by Marion Goodman, president of the senior class. She told them something about high school life and introduced her cabinet. They are William Upton, vice president; Jean Crandell, treasurer; Janice Downing, secretary; and Lincoln Hale, Ione Stuart, and Joe Martin, Student Council Representatives. Her welcome was accepted by Ruth Campbell, the Frosh President. The other officers are Jack Olsvaver, vice president; Pauline Weedman, secretary; Marjorie Elliott, treasurer; Marilyn Vershure, Barbara Shoemaker, student council.

The Freshmen adviser is Miss Neva Lovewell. The cheer leaders taught the school yells to new students. There was also group singing led by Lois Ridley. There was a grand march into the cafeteria where refreshments were served. After this everyone danced in the gym to the school records. The party was over at five.

The committee chairman were Herriet Mitchell; general chairman; Janice Alconing, program with Glen Fredrick assisting; Rosemary Ray, refreshments with Lincoln Hale assisting; Elaine De Planché, invitations, Bill Upton assisting.

Private Cars Must Convey Teams

There will be no more bus transportation for athletic teams available for the duration! This fact makes it extremely difficult to get transportation to games played away from Plymouth, even though the Student Council and Board of Education is paying five cents a mile for transportation. The drivers will not carry more than four boys, so this will take either six or seven cars.

Faced with this problem the team started the season against Farmington, Friday, September 18. The nine lettermen who reported from last year's varsity included Clair Ebersole, Bill Donahue, Ivan Campbell, Ray Kearney, Jim Nagel, Bob Scheppele, Jim Sheppard, Bob Thams, and Jim Wellman.

This year's schedule is worth following. It includes such schools as Farmington and Trenton who are new names to this school's schedules. Ypsilanti, Ecorse and Birmingham games are played at night. Wayne as usual will be strong but Coach Matulis picks Dearborn as the outstanding game because of the regulars they have on their team for last year.

Plymouth High school football schedule for 1942:
September 18, Farmington, here; September 25, Trenton, here; October 2, Ypsilanti, away (night game); October 9, Ecorse, away (night game); October 16, Dearborn, here; October 23, Birmingham, away (night game); October 30, Wayne, here.
represents league games.
Night games will start at 8:00. Afternoon games will start at 3:30.

Poster Exhibit By General Motors

General Motors has assembled an international war poster exhibition in the block-long main corridor of the General Motors Building. Originally scheduled for two weeks' showing, public interest has so far exceeded their expectations, it has been decided to hold over the exhibition until October 1.

One thousand posters from a score or more countries and from wars dating back to the Spanish American War are on display. There is much of constructive interest in this exhibit, which insofar as we know is the most comprehensive display of its kind on record.

People of various government agencies in and about Detroit and those from Washington who have seen the exhibition have been enthusiastic at the opportunity of being able to view for comparison and analysis, the wealth of current wartime posters of our own country, as well as those of other United Nations. Posters from England, Canada, China, Russia and Latin American countries are shown.

The Museum of Modern Art in Rockefeller Center has loaned the original art of six unusual Russian posters. Many private collectors of posters from other wars have cooperated in making available their collections. One section of the exhibit is devoted to posters which are being used by representative industries for employment purposes in war production plants. Of great interest are three lithograph posters from the Spanish American War. Hundreds of posters from World War I are shown.

There is no admission charge and hours are from 10 a.m. until 10 p.m. each week day and from 2 p.m. until 10 p.m. on Sundays. We would like very much to have you, your family, friends and business associates see this display and we do hope you will find it possible to visit the exhibit soon.

400 Attend "Kick Off" Dance

Through the wonderful spirit of the pupils the first Student Council dance was a great success.

Approximately 400 students attended the dance which is the largest number that has ever attended a dance at Plymouth High. A profit of \$75.00 was made which does not include the Federal Tax. The main attraction was Mike's orchestra and candy and ice cream were sold to whoever wanted to buy it.

Gordon Vetal Elected Mayor

Gordon Vetal was elected mayor of Plymouth high school by the student body, Thursday, September 17. He has been on the student council since his sophomore year and was treasurer of it last year. He was also on the police force last year. Vetal has been in this school since 1939 and is a good school citizen. He went out for baseball in his freshman year and received a gold medal in Deathlon in 1940. He belongs to Hi-Y and is President of it this year.

The senior class president is Marion Goodman. She was vice-president of her class in 1940 and has been in the Girl Reserves for two years. She was on the student council in her ninth and eleventh years in school. She has gone to Plymouth schools all her life. Other officers in the twelfth grade are:

Bill Upton, vice president; Janice Downing, secretary; Jean Crandell, treasurer; Lincoln Hale, Ione Stuart and Joe Martin for the student council.

In the eleventh grade Malcolm MacGregor is president. He was president of his tenth grade class and has also been on the debate team, the tennis team, the camera club, and in the band. He came to this school from Rosedale in 1940. Other officers in the eleventh grade are Lois Vetal, vice-president; Norma Robinson, secretary; Barbara Butt, treasurer. Annabel Heller, Warren Mason and Ester Mettel are on the student council.

In the tenth grade the officers are Clarence Hoffman, president; Arnold Phillips, vice president; Jack Labby, secretary; Ralph Bachelard, treasurer; Kay Fisher and Hugh Harsha on the Student Council.

Band Personnel

Plymouth High school is to have a very good band this year. There is a large personnel and sixteen baton twirlers. Mr. Lutchman is the director and the personnel consists of: Cornet players, Hamilton Woodseth, Karns, and Bill Keefe; Flute players, Beth Hoheisel, solo player; Sanford Burr, Ronald Beck, and Robert Todd; Saxophone players, Glen Frederick solo player; Geraldine Hix, Bob Chute, Freeman Hover, and Ray Gardner. Trombone players, Dick Daniels, solo player; Bill Bartell and Jerald Jarsky. French Horn, Valerie Kolin, solo player; and Ruth Popovich, Basses, Jack Huebler, solo player; and Lincoln Hale, Baritone player, Mike Kleinschmidt, the accordion player, Bob Snyder, Twirlers, Audrey Morris, Barbara Stitt, June Burr, Diana Brunner, Caroline Goodale, Mary Jane Cristensen, Marian Bakewell, Beatrice Hartmann, Maxine Minthorne, Marilyn Vershure, Betty Lou Arnold, Edith Nolte, Muriel Nipper, Shirley Hitt, Lois Mills, and Kathleen Fisher. Drum Major, Harold Young.

Teacher Wed In Home Ceremony

At a quiet wedding Friday evening Miss Evelyn Fry became the bride of Eugene Gorton in a ceremony at the home of the bridegroom's father in Ypsilanti. Miss Walldorf was Miss Fry's attendant while the bridegroom was assisted by a friend.

Following the ceremony a wedding dinner was served. At present Mr. and Mrs. Gorton are making their home in Ypsilanti.

Snooping Around P. H. S.

The writers of this column do exactly as the title implies. They snoop with a capital "S." There are several of us, we are in all your classes and parked in different corners of the walls. We tell everything we see.

On a government quiz in current events the other day, Prof. Latture asked what one of the worst shortages was. You could almost guess the answer by the look on some of the gals' faces. It was men. I guess we boys sure are important.

Did you know that the Latin word 'circus' reminded a belle in the twelfth grade English class of a rectangle? Tch, tch.

I guess government class seems to be the scene of boners this week. Mr. Latture was explaining that back in the fifteenth century everyone believed the earth was flat and infested with sea serpents. "In fact," he said, "Men even drew pictures of the monsters on maps of the ocean, where they were supposed to be."

"In that case what kept the water and serpents from rolling off the edge?" asked an extremely intellectual student.

On glancing around school this first part of the semester we see that the gals' sweaters are getting longer and suits shorter. Girls, what are you going to do when school's out?

Roger Babson Says . . .

Short Investments Are Best Kind To Make Now

Babson Park, Mass., Sept. 25. An interest rate is a money fee paid by those who have less than they need of money, to those who have more than they can use. The rate at which money will be lent during the coming inflation will depend upon the relative status of two elements: (1) the eagerness of those who have insufficient money to have or do things which require money; (2) the eagerness of those who have ample funds to loan money for an interest revenue.

Inflation means that there is plenty of money of a kind. In some cases, inflation takes on the characteristic of an apparent shortage of purchasing power. In Germany in the 20's since the huge increase in the supply of money was placed to the benefit of a small clique, the rest of the nation suffered a severe shortage of money. Prices would go up faster than this flood of money would reach the public and most

businessmen. This advance was caused both by a decreasing desire to hold onto money and by an increasing demand for tangible goods.

If inflation should take the shape of a huge expansion of currency, or a sudden increase in the use of currency, there might be greater assurance that interest rates would go up during inflation. In this country, however, inflation is taking the form of slow bank deposit inflation. So many people use checks to spend their bank deposits that we are not immediately threatened with radical currency inflation.

Inasmuch as the government now controls the Federal Reserve Board, the interest rates which are accompanying the present slow inflation are a matter of government policy. One must not forget that ever since the banking system was invented, the supply of monetary funds, whether as credit or currency,

depended upon government legislation rather than on gold or silver.

Today most of the money lies in the coffers of the banks and big corporations. The willingness with which they have been lending money to the government is because they want to hang onto the privilege of lending. They especially fear competition from the government which has shown its readiness to assure a large supply of lendable funds if banks are not willing to do so.

Recent statements emanating from government quarters indicate that the Comptroller of the Currency, when examining banks, will tend to consider the government bond portfolio of such banks as a non-risk element in the bank's earning assets. On this basis, banks may be permitted to continue the purchase of government bonds regardless of their financial statement. Consequently, banks are engaged in the wholesale purchasing of government bonds.

During the war, we should continue to witness low interest rates. Deposits, however, will so increase that, notwithstanding low rates, banks should be able to earn dividends during the war. If allowed to make higher service charges, they may even accept a lower rate of interest on their government bonds. The deposits of the average bank increase to about 75% of its increase of government bond holdings.

In the post-war period, there will develop a resumption of international trade which should cause a renewed demand for funds for the purpose of rehabilitating devastated regions and inventories. This will come just at the time when individuals and businesses will be subjected to most severe income taxes which they may not have the money to pay. Due to increased wholesale prices much more capital will be required to carry adequate inventories. Hence, many must go to the banks to borrow. Individuals will then want cash in their war savings bonds so that the government may also have to borrow from the banks to get the money to pay them.

This cashing in of government securities held by individuals will not be sufficient to replenish the coffers of such individuals or business firms. It is likely, therefore, that despite the inflation of the post-war period, much of the money supply will be frozen. Banks will experience a rather heavy demand for loans, thus permitting them to charge higher interest rates than can be thought of today. Furthermore, from fear of a decreasing value of money due to inflation, lenders will want a higher interest rate due to the increased risk involved.

When we come to housing loans, it is likely that the present low interest rates may be a permanent feature, but for loans to merchants, we must visualize a situation when the lend-lease policy may have drained our huge surplus of most goods. — not only foods. It is well to remember that the need for commercial loans arises primarily from the creation of goods and crops. When commercial loans shift from productive activity to inventory-holding it is usually about the end of the business boom. Therefore, lend-lease is an instrument which, in the post-war period, might cause a renewed industrial boom at high prices when most firms find their cash resources depleted.

The outlook for banks is probably more hopeful now on such a long-term view than it ever has been since 1926. A small increase in interest rates should greatly add to a bank's profits. Of course, politics enter into the problem. Social reformers always enjoy tinkering with some intriguing thing which they don't quite understand. We, however, have had so much social uplift in the last decade that perhaps voters are getting tired of it. Hence, to bond buyers I say—avoid long term, low yielding corporate bonds but buy bonds maturing within five to ten years when they probably then can be exchanged for a better security-paying a higher rate of interest.

NUTRITIONAL FOOD

Every Day Eat this Way

MILK is out front in the Forward March to Health

Take your cue from the Nutritional Food Rules and follow them to better health, increased vim, and even better looks! Milk—buttermilk—sweet cream—sour cream—evaporated milk, dried milk—cheeses. These are what is meant by milk and milk products—these are the nutritional foods to include in each meal, each day. Find them all fresh daily, on our immaculate refrigerators—and let them inspire you to nutritional cooked dishes and beverages.

U.S. NEEDS US STRONG

EAT NUTRITIONAL FOOD

Every day, eat this way

MILK AND MILK PRODUCTS
at least a pint for everyone—more for children—cheese, evaporated or dried milk.

ORANGES, TOMATOES, BEANS/PINT
or raw cabbage or salad greens at least one of these.

GREENS OR YELLOW VEGETABLES
one big helping or more—some raw, some cooked.

OTHER VEGETABLES, FRUIT
potatoes, other vegetables or fruits in season.

BREAD AND CEREAL
whole grain products or enriched white bread and flour.

MEAT, POULTRY OR FISH
dried beans, peas or nuts occasionally.

EGGS
at least 3 or 4 a week, cooked any way you choose—in "meat" dishes.

BUTTER AND OTHER SPREADS
vitamin-rich fats, spread butter, and similar spreads.

Then eat other foods you also like

The other morning Plymouth's well known Ford dealer walked out of the Conner hardware store not only with a brand new buck-saw, but an axe as well.

This oil rationing business isn't going to bother me one bit," Mr. Weidman told Max Moon, as he paid for the buck-saw and a new axe.

"You see old mother nature helped me a bit. When that last big wind-storm swept over Plymouth it blew down a big tree in my yard. Now that's going to be cut up in some of the nicest stove wood you ever saw," said Mr. Weidman.

"When that tree has been reduced to stove wood, I'm going to get some more trees and cut them up. These fellows who are worrying about oil rationing, maybe had better get a buck-saw and go to work just like I'm doing, then they will not have to fuss and fume the way they are doing."

Last Monday afternoon, while Mr. and Mrs. Howard Brown were away on their wedding trip, several of the neighbors and friends gathered at their new house in Elm Heights, taking with them miscellaneous gifts.

These gifts were placed in a closet in the house and the door locked. Yesterday, when Mr. and Mrs. Brown returned home they were happily surprised to find that they had been so kindly remembered in their absence.

Man comes into this world without his consent and leaves it against his will. During his stay on earth his time is spent in one continual round of contraries and misunderstandings with his fellowman.

In his infancy he is an angel. In his boyhood he is a devil. In his manhood he is everything from a lizard up. In his dotage he is a fool. If he raises a family he is a chump. If he raises a small check he is a thief, and then the law raises hell with him.

When he first comes into this world everybody wants to kiss him. Before he goes out of it they all want to kick him. If he dies young there was a great future before him. If he lives to a ripe age he is in the way and only living to save funeral expenses.

BELIEVE IT OR NOT
The World's Richest Man Found It Didn't Pay
By Robert Ripley

Ashurbanipal of Assyria, the richest man who ever lived, was worth a trillion and a half dollars—75 times as much gold as is held in the United States Treasury.

Neither he nor his son had the sense to use this wealth for the good of their people or for their protection.

And so it was comparatively easy for Nabopolassar and the King of the Medes to invade Assyria and enslave it. And finally, when defeat stared the great King in the face—when it was too late—Ashurbanipal, in terror, had a tremendous platform built of polished wood, in the city of Nineveh, and on top of this he heaped all of his wealth—142,000 tons of gold in 2,500,000 bricks (or ingots), each brick 7 to 26 inches in size, and each brick valued at 50,000 dollars.

This treasure, formed a pyramid of shining gold nearly one-hundred feet high, and in the intervening spaces he placed all of his jewels and personal belongings—his wives on golden beds—his children—even his pet dog.

And then a great quantity of oil was bought from Mosul and poured on top of this golden mass, and when the torch was applied, the King himself walked in and laid himself down among his wives—his family—his pet dog—and everything he valued in life. And so the great Ashurbanipal, the richest man in the world, was consumed in his own wealth—he immolated himself and became part of this great conglomerated melted mass of money—and so ended the Empire of the Assyrians. And it never rose again.

I was in Nineveh a few years ago. Only a few mounds marked the spot that was the glory of Ashurbanipal.

Why? Because Ashurbanipal, who had practically all the money in the world, didn't do anything with it! And he and his country were lost.

Even his conquerors—the Medes and the Persians—made this same mistake—they came, saw, conquered, and confiscated this great golden molten mass of money that was once the king's and the wealth of the great Empire of Assyria—what did they do with it?

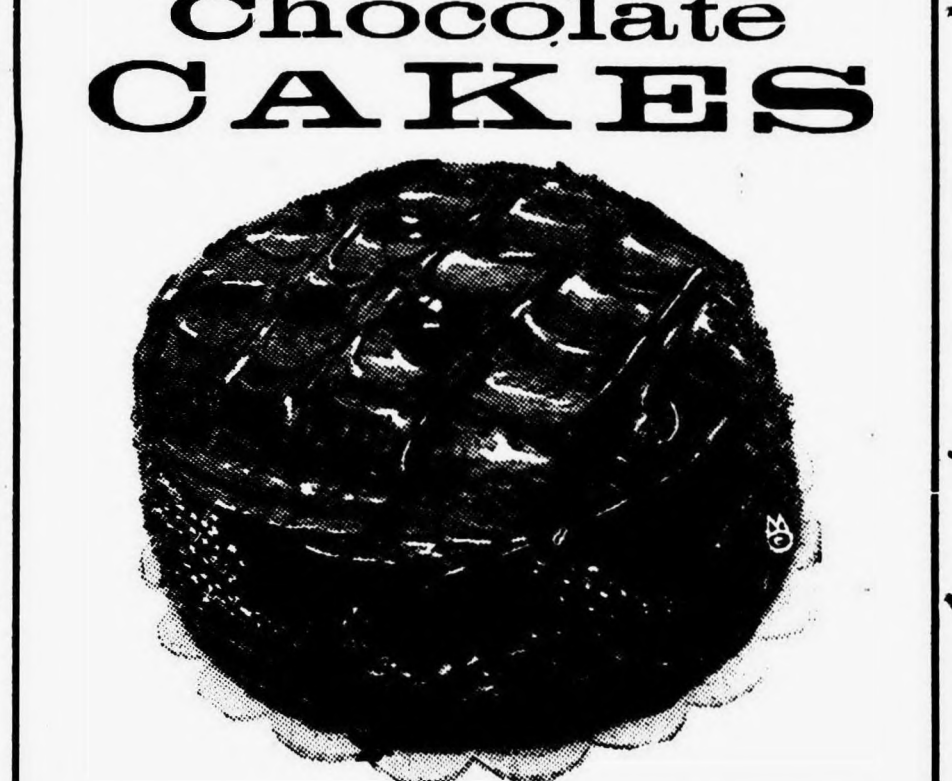

Nothing! They melted it into money again—and melted it—and in generations since it has been remelted a thousand times—until

Believe It or Not, it is a mathematical fact that every golden coin used in the world today contains in it some minute particle of Ashurbanipal himself, the King who had all the money in the world but didn't know what to do with it!

What are we going to do with our money today? Enemies threaten us the same as they threatened Ashurbanipal in 626 B.C. The United States of today, like the Assyria of Ashurbanipal, is the richest nation in the world. What will it avail us?

Nothing? Surely nothing more than it did Ashurbanipal unless we do something with it. And there is only one thing to do—and that is to Buy Bonds and War Stamps and make our money directly available to our country—help our country—otherwise it will become a melted molten mass and we the people will be destroyed as Ashurbanipal was destroyed 2600 years ago.
