FBI Hints Prosecution of Draft Board Vilifier

Following weeks of investigation on the part of the FBI and officials of the Michigan Selective Service System, the source of numerous rumors and false stories pertaining to the activities of the Plymouth selective board have been traced down and the person responsible has been located.

If warnings are not heeded, prosecution will follow, it is stated in information given to The Plymouth Mail by government officials.

Lieut. Colonel Paul V. Engstrom, assistant state director, in a letter to The Mail yesterday said in part:

"It has come to the attention of Michigan State Headquarters for Selective Service that the members of Wayne County Local Board No. 61, located in Plymouth, have been made objects of attack by certain self-serving or malicious sources. Charges have been made that certain or all board members are under investigation, that they have been suspended, that they have been indicted for this or that, and other derogatory circumstances have been rumored.

"These charges have been investigated by the Detroit office of the Federal Bureau of Investigation and Mr. John S. Bugas, Special Agent in charge, has authorized me to say that such charges and rumors are unfounded and that there is no evidence on hand of any irregularity in the Plymouth draft board.

"Mr. Bugas further indicates that the source of such charges and rumors is known and that, if necessary, action will be taken by Federal authorities. I may add that I, too, know the person or persons responsible and that such aspersions may best be judged by the community reputation of such person or persons."

For many months past at various times certain vicious rumors have been circulated about the local board. In fact, they became so numerous that

informed citizens about the city were constantly making denials of the rumors.

About a month ago one exceedingly ugly story was placed in circulation. It gained such widespread attention that some were repeating it as a truth. It was this story that caused several Plymouth citizens to demand an investigation as to the source of these rumors.

To the credit of the F.B.I., no time was lost in starting the inquiry. Their investigation led directly to one source.

Whether prosecution of the person who started all of the vicious rumors pertaining to the members of the draft board, will take place in the immediate future, The Plymouth Mail has not been definitely advised, but it is stated that agents of the F.B.I. have collected sufficient information for prosecution if they desire to act.

Responsible Plymouth citizens have had the utmost faith in the members of the selective service board of this district and the findings of the F.B.I. is most pleasing news to the loyal American citizens who are delighted to know of the facts.

Selective service board members serve without compensation or without expense allowance of any kind. The work of these boards requires a good portion of the time of the members each week. Their task is one of the most important responsibilities imposed upon any group in connection with the war program. These officials are entitled to the praise of every resident of the community—and it is quite clear from information provided to The Plymouth Mail that those who hurl brick-bats instead of praise are in for plenty of trouble if these ugly rumors are not stopped.

Members of the Plymouth board who have been doing such splendid service, but who have been so viciously falsified about are Walter Harms, chairman, of Plymouth; George Bentley, Livonia township and Charles Murphy, of Northville.

Victory Notes

An advanced First Aid class will start the last of this month. It must be on Monday night and will last only 5 weeks. The teacher will be Mr. Wallace W. Laury who has taught three First Aid classes in Plymouth very successfully. Mr. Laury is a swimming instructor at Northwestern High school, Detroit and lives on Ann Arbor trail. To be eligible for advanced First Aid, one must have his certificate in the first cause. All who want advanced First Aid should register at once with Mrs. Winston Cooper (3877), Red Cross educational chairman.

The Plymouth Defense Council will meet Tuesday, October 1 at 9:30 o'clock at the City Hall.

Red Cross sewers are still needed badly! If you can and will sew, please report at the Red Cross room from 1 to 4 every afternoon except Saturday and Sunday, or call Mrs. John McLaren (tel. 235). Red Cross sewing chairman.

The 15 members of the Plymouth Motor corps have ordered uniforms, according to Mrs. Helen Burgett. The second class in Motor Mechanics is meeting in Wiedman's garage every Wednesday evening under the instruction of Mr. Floyd Tibbets.

October is Clean-up month for Red Cross matters. Turn in your unused yarn to the Red Cross room.

Robert Joliffe, chairman of the War Transportation Conservation committee went to Lansing Wednesday to attend a meeting on war transportation called by Max Halsey, state transportation chairman.

Dr. Luther Peck, medical director and Mrs. Helen Burgett, motor corps director, are planning a joint practice of their respective divisions this month.

Over 400 tons of tin were collected in Wayne county August 29. The October 10 collection must be 1,000 tons or 2½ times the August amount. Remember! Tin cans contain 98% scrap and 2 per cent tin vitally needed for armament.

Out with the tin cans October 10.

The local branch of the American Red Cross, makes an appeal for the use of civilian automobiles for use in cases of emergency. It desires to obtain registrations of these cars as soon as possible and to those citizens who can provide this needed transportation will please call Mrs. Helen Burgett, telephone Plymouth 633.

Sheriff Beard Will Be Speaker Coming to Plymouth Next Thursday Eve

Chief of Police Thumme has called a special meeting of all of the auxiliary police force members to attend a meeting to be held at the city hall next Thursday evening at 7:30 o'clock.

He has arranged for Sheriff Andrew Beard to come to Plymouth to address the emergency policemen and it is because of this fact that the Chief is anxious to have a good representation at the meeting, to be held at the city hall.

Others who might be interested in the subject are also invited to be present.

Upton Selected Band President

WILLIAM UPTON

William Upton has been voted president of the P.H.S. band. He was vice-president last year, is in the school orchestra and Mike's orchestra, and had the lead in the junior play last year.

Glen Frederick is the vice-president. He also is in the school orchestra and Mike's Orchestra, and is the school's electrician, doing the lighting for the Prom, J-Hop, and the plays and dances.

The other officers are Valerie Kolin, secretary-treasurer; Dorothy Jean Woodbury, Geraldine Hix, attendance secretary; Sanford Berry, uniform attendant; Valerie Kolin, Betty Holness, Malcolm MacGregor, Dick Daniel, and Mike Kleinschmidt, maneuver committee; Dorothy Jean Woodbury, Harold Young, recruiting committee.

This is the second year the band has elected officers and student government within itself, a plan that is working out very well. It is expected that there will be a very good band with the large personnel available and the fine cooperation of the officers and student council.

Rationing Board Increased To Twelve Members

Additional Work Compelled Action Says Chairman Wood

Because of the tremendous increase in work, the Plymouth war price and rationing board has been increased to 12 members, according to a statement just made public by Chairman William Wood.

The order increasing the membership from three to 12 was effective October 1 and all of the new members have been sworn in and have taken their oath of office.

The new members added are Mrs. Nellie T. Curry, Stephen J. Schomburg, Carl G. Shear, of Plymouth; William H. Cansfield of Northville; Forest Dorr of Northville; Carson W. Johnston of Rosedale Gardens; Thomas D. Kearney of Redford township; D. H. Van Hoye of Northville and (Continued on page 8)

Two Are Held On Serious Charge

Fourteen-Year-Old Girl Involved

Two recent arrivals in Plymouth from Tennessee are in jail charged with a criminal assault on a 14-year-old girl. Both prisoners are married, and according to Chief of Police Charles Thumme, have admitted the charge upon which they were arrested.

The crime is made doubly serious by the fact that they caused the young girl to become intoxicated. Local police have been somewhat alarmed at the number of alleged assault, or attempted assault cases that have been reported in recent months.

Transportation Conservation

Through the irony of fate brought about by the predominance of Hitlerism and paganism we are faced with the bare and startling facts of the automobile tire and transportation situation. Knowing full well that there will positively be no more tires available for private cars before 1945, you must appreciate the fact that the tires on your car now must serve for two years and three months—if you get the gasoline to run them.

Drivers are actually wasting one billion miles of tires every 24 hours and yet they are one of the most precious chattels that we possess. Do you realize that if you should blow out one or two of your tires that the old car will be laid up for the duration? A very small percentage of the people who are using their cars today are included in the preferred list of those eligible for recaps or new tires.

You are not contributing to the winning of the war by getting out the old bus and driving around the block just to go and purchase a loaf of bread. Every unnecessary mile you drive is taking away that much from our mechanized forces. If you must drive, then drive slowly. Keep it strictly under thirty-five miles per hour. Have your tires properly inflated, keep wheels properly balanced and aligned and keep out of ruts and away from curbs. Failing to do these things, you are helping the enemy. Let's all drive less and drive longer.

Plymouth Lad, Hit By Hitler Sub, Home From Navy

Clark Norris Is Discharged, But Wants To Get Back In

Clark M. Norris, son of Mr. and Mrs. Edwin Norris of Newburg, who has been a member of Uncle Sam's naval forces, called at The Plymouth Mail office yesterday to express his thanks for having received The Plymouth Mail during the time he has been in the services of the country. But that isn't all! The young man is "sore all over."

He has been discharged from the navy—and he doesn't like it one bit—discharged for physical reasons.

It seems that the ship he was on was blown up last June by a German submarine torpedo somewhere off Havana, Cuba.

When the crash came, Clark received three fractures of the skull and was otherwise seriously injured.

Picked up by some of the other survivors, he was pulled aboard a life raft and floated for some two days in the ocean before being rescued.

Then he was taken to a naval hospital in Pensacola, Florida, where he has been a patient until the other day.

Doctors finally decided that because of the nature of his injuries (Continued on Page 6)

Seventeen Boys Enlist For War

Plymouth Lads Quick To "Join Up"

Seventeen Plymouth young men enlisted for services in Uncle Sam's army or navy during the last half of September according to returns made by various recruiting offices to the Plymouth Selective board headquarters.

Following are the names of the volunteers: Robert C. Bowden, 229 Ann St., USN; Richard E. Dunlop, Rosedale Gardens, USA; Robert H. O'Connor, 324 Auburn, AFNR; Louis L. Kolin, 15119 Northville road, AFNR; Allen Peck, 280 S. Main USN; Paul Freeman, 1308 S. Main, AFNR; Jack P. Crisp, Rosedale Gardens, AFNR; Franklin Coward, 475 Jener Pl., AFNR; Kenneth Kelly, 713 Blunk, AFNR; G. Nelson Bentley, Route 4, USA; Raymond Farrant, 316 Holbrook, CG; Charles Harrell, 12132 Kinlock, USN; Nicholas Kramer, 9229 S. Main, Marnes; Harold E. Wilson, 4230 S. Main, AFNR; Paul E. Hansen, 42303 Schoolcraft, AFNR; Fredrick Hackett, Rosedale Gardens, AAF; James Birchall, 599 Blunk, USNR.

Children Plan Scrap Parade

As part of the big scrap drive event in Plymouth Saturday, the juvenile division plans to jump the gun on their elders and after all the work has been finished Saturday afternoon, they are going to celebrate.

Starting at 6:30 o'clock the Scouts, Cubs, Commandos and all of the school children who helped in any way to gather scrap, will meet at the corner of Liberty and Starkweather, where a parade will form, headed by the school band.

From there they will march to Kellogg park, with several truck loads of junk in the parade that the children have collected.

In the park the band will give a concert and James Latture will conduct a brief patriotic program arranged by members of his civics class.

All children are urged to take part in the scrap demonstration.

Mr. and Mrs. Jack Moffit, of Northville, announce the birth of a son, Jeffrey Lynn, on Monday, October 5, in the Sessions hospital in Northville. Weight nine pounds. Mrs. Moffit was Betty Jane Housley, of Plymouth.

Plymouth Residents Ready For Their Mighty Scrap Drive

WHERE SCRAP PILE WILL BE LOCATED. Through the courtesy of Edward C. Hough, the two-acre piece of ground located on the east side of North Main street just south of the Pere Marquette tracks, will become the location of the official scrap pile, along with the lot that has already been donated by Jack Miller, at the corner of Starkweather and Pearl. Let's make these lots look like mountains of scrap by Saturday night!

THE OFFICIAL SLOGAN! "Plymouth scrap is rolling, flying, fighting." That's the snappy slogan of the Plymouth Salvage committee adopted for Saturday's all-out drive to aid our boys at the front. Who wrote it? That's easy—Robert Wesley, who makes his living by creating catchy phrases.

SCRAPS WORLD WAR KEEPSAKE. Into the scrap pile will go a highly prized trophy of the last world war owned by Wilfrid Robinson of 364 Adams street. It is a solid brass timer, removed from a shrapnel shell used in World War I. The Robinson family regrets to see the prize go, but when they presented it to Chairman Mildred Barnes, they declared that it would do fighting Plymouth boys more good than to permit it to remain as a decoration over the fireplace. So into the scrap pile goes a highly prized trophy of the last world war.

CALLS FOR VOLUNTEERS. Mrs. Russell Powell is badly in need of volunteers to ride the trucks Saturday and help load scrap in Plymouth township. Just phone her at No. 50 or 506. Good, strong high school boys can do the job if they are free for the day. Trucks will leave the Powell garage, corner Lilley and Ann Arbor roads, at 8 o'clock Saturday morning.

"Plymouth scrap is rolling, flying, fighting."

WARNING TO THIEVES! Don't try to get away with any of this scrap, as you did during the recent "buy a tank" scrap drive in Plymouth. The big scrap pile on the Hough lot on North Main street is well lighted at night time. Not only is it lighted, but the night watchman at the Daisy plant is going to be on the job. He has already been assigned to make the rounds at the scrap pile.

"Plymouth scrap is rolling, flying, fighting."

SCRAP SIGNS DONATED. Through the generosity of the sign committee, all of the scrap signs about the city and township have been donated. Robert Wesley provided the slogan, Carlton Lewis is doing the carpenter work necessary for the frames and Harry Nelson, Plymouth's well-known sign painter, is painting the signs.

"Plymouth scrap is rolling, flying, fighting."

SCHOOL CHILDREN TO BE A BIG HELP. Plymouth's several hundred school children will be out in full force Saturday helping to round up every bit of old metal they can find. The schools will today (Friday) have their own scrap piles, but Saturday they will be moved to the regular scrap lots. Every boy and girl, it seems, plans to bring bits of metal to school with them this morning to help make the school scrap piles look like mountains of iron. But their good work is not going to end today. The boys and girls are going to do their part Saturday, too, in helping to round up scrap for guns and bullets for Plymouth boys at the front.

"Plymouth scrap is rolling, flying, fighting."

ALL TRUCKS TO HAVE SIGNS. Every truck to be used in collecting scrap Saturday will be marked with cards with the following words:

Official Truck—Salvage Committee Plymouth, Michigan. The Plymouth Mail plans to use type with which to print the signs that cannot be duplicated in any other plant, so there will be no chance of any error in permitting unauthorized scrap drivers to get their hands on any of the scrap.

"Plymouth scrap is rolling, flying, fighting."

NOT BAD, AT ALL For a recent "Buy a tank drive," Plymouth residents dug up 12 tons of junk for which City Manager Elliott sent \$120 to the Detroit "buy a tank" committee. Pretty good! But watch and see what Plymouth does in its own big drive Saturday.

Ball Studio Again Enlarged

Growth of Business Causes Expansion

Ever increasing demands for the services of the L. L. Ball photographic studio has necessitated the enlargement of the building which they now occupy. A new dark room has been added as well as a re-touching, coloring and proof making room. These two new additions make the studio one of the most complete in Michigan.

Mr. and Mrs. Ball, the studio proprietors, displayed several of their photographs last week-end at the state photographers' convention held at the Barth studios in Ferndale and were given awards of merit on their several entries. For several years Mr. Ball's photographs have been honored in state competition.

Friends are invited to visit the enlarged studio to see the improved working conditions which the new addition has afforded.

If this rule is strictly followed, there will be no misuse of the emergency letters, he states.

Special Event For Old Cannon

Because of delay in the receipt of letters from Plymouth's two patriotic organizations releasing the old cannon in the park, the removal of this relic of the last world war for re-making into a new gun for the present war, will be made an event of special ceremonies at a later date. The time and the circumstances will be announced soon, but it will probably take place late in October.

A daughter was born to Mr. and Mrs. William Armstrong, of Wayne, on Wednesday, October 7, in the Wayne hospital. Mrs. Armstrong was Dorothy Hammond, of this city, before her marriage.

War Bond Sales In City Soar Upward

September Total Increases Due To Theatre Campaign

Plymouth's war bond sales took a good climb during September, exceeding by nearly \$10,000 the August sales. Total war bond and stamp sales during September reached \$63,014.30.

This amount was materially aided by the drive put on by the Plymouth theatres under the management of Harry Lush, who cooperated with a nation-wide campaign on the part of theatres to help increase war bond sales throughout the country.

Sales directly traceable to the efforts of the Plymouth theatres totaled \$19,935. It can readily be seen from these figures that the theatre campaign not only boosted the September total but kept it from possibly slipping under the August total.

It is anticipated that there will be a steady climb for the remainder of the year.

Under the direction of Supt. George A. Smith, another stamp sale campaign for the new school year is being organized among school children. Complete details of this organization will be published in The Mail next week.

City Manager Made Custodian

Government Names Him As Its Agent

City Manager Clarence Elliott has been designated by the government as the custodian for all supplies and materials that will be supplied to this city for various war emergency uses in the future.

Just what this equipment will consist of is not known, but a bond exceeding \$5,000 is required of the city manager.

There are various articles that will be required by the units of the Plymouth defense council. It is planned to have proper equipment on hand in case of necessity.

Mayflower Crystal Dining Hall May Be Converted Into Sleeping Dorm.

So critical has become the rooming situation in Plymouth that the directors of the Mayflower hotel have under consideration the question of closing the Crystal dining room and making it into a sleeping dormitory.

Manager Ralph Lorenz has already converted the popular President's room into sleeping quarters and at the board of directors meeting Tuesday noon he asked the directors to give consideration to the possibility of conversion of the Crystal room into sleeping quarters.

"We turn away every night from a half dozen to 25 or more people who come here seeking a place to sleep. There have been times when we have permitted people to remain in the lobby overnight. No one outside of the hotel business knows just how serious the situation in Plymouth" stated Manager Lorenz yesterday.

"We have any number of army men stationed near here who cannot find sleeping quarters. Men who come here for the government in connection with affairs at the Kelsey-Hayes or at some of the Ford plants, just cannot find places to sleep," he stated.

"The situation is so serious that we must do something about it in the near future and that is why I have suggested that our big dining room be turned into sleeping quarters."

The board will probably make a decision on the matter within the next week or so.

Newburg Plant Workers Win High Bond Honors

First Ford Unit To Win Bull's Eye Flag For Aid to U. S.

The employees of Ford Motor company, Newburg plant and members of Local Union 899 U.A.W.-C.I.O., have attained a goal of which they are very proud, that of being the first branch of Ford Motor in this section to be privileged to fly the Bull's Eye flag of the United States Treasury department for their support of the war savings bond drive.

The plant, located at Plymouth and Newburg roads, employs 65 men, all of them investing 10 percent or more of their pay in war bonds every pay day.

It is a splendid record and has been voluntarily subscribed without an official sales drive.

About a month ago the records of the sale of bonds was checked by the time office at the Rouge plant and it was found that the Newburg plant was entitled to have this highly prized honor flag.

It was also brought to the attention of the officials of the company and representatives of the State Chairman Frank Isbey's war bond campaign office which is now conducting a campaign in the other Ford plants. It is expected, the employees will all back this drive 100 percent.

Hour. Subject: "My Personal Preparation for Taking Others Along." 7:30, Youth Social Hour. Tuesday, October 13. The church board of education will meet at the church at 8:00. Every member is urged to be present. Our church through the Youth Fellowship is asked to give canned fruits and vegetables for our Old People's Home at Chelsea. In order to make this a satisfaction and blessing we are asking our people to bring to church next Sunday, October 11 or Sunday, October 18 one or more cans of fruit or vegetables. We trust you will be as generous as ever.

ST. MICHAEL'S CATHOLIC church, Father Contway, pastor, Rosedale Gardens. Masses at 8 a.m., 10 a.m. and 12 noon.

CHURCH OF CHRIST—188 Liberty street. Eugene Holloway, minister. Bible study, 10:15; communion services, 11:00; song services and preaching, 8 o'clock p.m. Everyone cordially invited to all services.

CHURCH OF GOD.—333 North Main street. Sunday services: Morning worship and Sunday school (a combined service), 9:45; young people's service, 6:30; evening service, 7:30. Week night services: Tuesday evening, young people's meeting, 7:30. Thursday evening, divine healing service, 7:30. Young and old are invited to attend these meetings. FIRST PRESBYTERIAN church. Walter Nichol, pastor. 10 a.m., Sunday school; 11 a.m., church worship; 6:30 p.m., young people. Division 4 of the Woman's Auxiliary will meet in the church parlors Monday at 7:30 p.m. Mrs. Frances P. Rollins is in charge of this meeting. Invite some other young woman to come with you. The regular monthly meeting of the Woman's Auxiliary will be held in the parlors Wednesday at 2 p.m. The annual bazaar will be a subject of business at the meeting. Harry Reeves will give a map talk on Latin America. This will be most interesting. All the members of the family together at church is the aim for Christian Home Sunday, October 18. And the larger the family, the better. The service will be built around the "Christian Home." The Annual School of Religion will be held four Monday evenings beginning November 2. Each night there will be a speaker on a subject of vital interest to everyone. On the opening night, supper will be served by the women of the Presbyterian church. All sessions are to be at the Plymouth Presbyterian church. Plan to be present each night. You are wondering about the annual bazaar! Well, the date is Thursday, November 19. At the young people's meeting Sunday at 6:30 p.m., there will be the story of some of our songs with a program of music, instrumental and vocal.

Parking Problem Discussed By City Planners

Makes Excellent Report to Officials Of The City

In a carefully prepared report, the City Planning commission has recommended to city officials parallel parking for Penniman avenue between Main and Harvey streets and has suggested to the city officials that at some time in the future, consideration be given to lowering the sidewalk and curbing in certain downtown sections.

The report complies with general public sentiment on these matters, and again calls attention to the congested parking situation in the downtown area.

While the new civic parking area back of the business blocks has somewhat relieved the situation temporarily, the city planning officials say that the matter cannot go for long without additional consideration.

In part the excellent report pertaining to the downtown parking problem follows:

"A most serious traffic hazard now exists because of angle parking on the south side of Penniman avenue from the Penniman-Alton theatre to Ann Arbor Trail and on the north side of Ann Arbor Trail from Penniman avenue to Main street. Many accidents have occurred because of someone backing out of an angle parking position. This also greatly restricts the lanes of travel causing undue traffic congestion.

"The width of pavement between curbs on Penniman avenue, between Main street and Harvey street, is 40 feet, with the exception of about 80 feet from Main street to the rear of Conner's hardware, which is 42 and a half feet between curbs. About six and a half feet is used for parallel parking on the north side and 14 and a half feet for angle parking on the south side. When cars are parked on both sides of the street, as they are throughout the day and until late in the evening, more than half the pavement, or 21 feet, is actually used for parking. This leaves only 19 feet for two-way traffic and for backing out of angle parking positions.

"In backing out of an angle parking position, one car will use more than half the pavement width, or it is backed well over the centerline of the pavement, at least three or four feet, in order to straighten out in the regular traffic lane. This stops all traffic on the opposite side of the pavement as well as on the side of angle parking. This occurred in almost every instance during the several observations made while studying this traffic problem. Actual measurements were made of parked cars and of space required for backing out of angle parking positions. There was little or no difference in the amount of space used by different makes or models of cars.

"With all angle parking spaces filled on the south side of Penniman avenue from Main street to the Penniman-Alton theatre, a distance of about 255 feet, 17 cars were accommodated, which amounts to about 15 feet per car. In 225 feet of parallel parking on the opposite side of Penniman avenue at the same location, 11 cars were accommodated, which is about 20 feet per car. Actual conditions, therefore, show that only four fewer cars would be parked in this distance of 255 feet if it were restricted to parallel parking. In addition to this, only 13 feet of the 40-foot pavement would be used for parking if both sides were restricted to parallel parking. This would leave 27 feet for traffic in the center, instead of 19 feet as now exists.

"This would eliminate practically all traffic congestion because cars moving out from a parallel parked position are not backed out as they are from an angle parking position, and while they are backed in, they are proceeding out of the traffic lanes and not into them. The value of parallel parking over angle parking along this section of Penniman avenue in safety alone to pedestrians as well as automobile drivers appears to far overbalance the loss of parking facilities for but four cars.

"The difficulty of the high sidewalk at this location need not be a barrier to parallel parking. At

The Plymouth Artificial Ice and Cold Storage company have their machinery all installed and the plant began operations last Saturday, and Monday their patrons were supplied with pure artificial ice made in Plymouth. With the pure spring water with which Plymouth is blessed, it is possible to produce the highest quality of ice. The plant, which is equipped with the latest and best ice making machinery has a capacity of ten tons of ice per twenty-four hours. The plant is located in the large building at the rear of the Plymouth Hotel on East Ann Arbor street, which has been remodeled to meet the needs of the company. The ice making machinery is located on the first floor while the second floor is given over to the cold storage department. For some time, Plymouth has felt the need of a plant of this kind and there is no doubt that it will be successful, and that the company will find a ready sale for their product. The officers of the company are Frank Rambo, president; Ed Lorenz, sec'y-treas.; Arlo A. Soth, manager. Through the courtesy of Manager Soth, we are able to give our readers a little idea of what an ice plant is like.

SUNLIGHT

The morning sun smiles down upon
Our little home, at peep of dawn,
In radiance fair and bright,
And paints the house with golden cheer,
As dusky shadows disappear
Before its beaming light!

And oh, I hope while I am there,
I, too, may do my humble share
To make our home a place
Where song and laughter sweetly blend!
While I am there I hope to lend
Some little touch of grace.

present, there is a four-inch curb next to the pavement, a step, or tread, one foot wide, a 10-inch curb from this step, and 11 and a half feet of usable sidewalk. The widest cars door, various tu-door models were measured, is about four feet. Parked parallel with the curb and allowing space for fenders and tires, the door would require a space of about three and a half feet in which to open and discharge passengers safely. This means that the usable walk width of 11 and a half feet would need to be reduced to nine feet which according to observations made of pedestrians at the peak traffic from the Penniman-Alton theatre, would seem to be adequate.

"The bottom of the lowest car door measured would clear a one-foot curb, but estimating the slope in the pavement which could tilt the door downward when opened, a maximum six-inch curb only could be used. By raising the four-inch curb to six inches, widening the step to three and a half feet with a one-inch batter, and sloping the sidewalk one inch to the curb, making the riser eight inches, the difficulty of the high sidewalk would be overcome at no inconvenience to cars parked in a parallel position, or to pedestrians.

"In view of the great improvement to present serious safety conditions, the relief of traffic congestion, and the added convenience to motorists, the Planning Commission recommends that angle parking on the south side of Penniman avenue from the Penniman-Alton theatre to Main street be changed to parallel parking and the necessary changes in the sidewalk made to conform with such parking.

The situation is about the same except for the sidewalk on the south side of Penniman avenue from Main street to Ann

men of Plymouth assist in the theatre campaign, but Mrs. Russell Powell's township district lying outside the city of Plymouth did its share to help the sales along. Mrs. Miller Ross and Mrs. Lida Merriam's sections contributed the most pledges in the township. These two committee members gave much of their time and effort to the drive and to them goes much credit for the sale of over \$600 in war bonds and stamps in the township during September.

Mayor Whipple Hits County Reform Idea

Mayor Ruth Whipple spoke over WJR Sunday against the so-called Home Rule amendment, Proposal No. 2 on the ballot for November 3. She also spoke against it at the Wyandotte Kiwanis club Tuesday on invitation of Laurence La Course, Wyandotte city clerk. Monday, she attended a meeting in Lansing to help plan the state campaign against this unrepresentative and dangerous amendment.

Mrs. Whipple debated against Proposal No. 2 with Dr. Lent D. Upson of the Detroit Bureau of Governmental Research giving the affirmative. This debate was held at the Federation of Women's club club-house in Detroit at the invitation of Mrs. Bruce Scott, legislative chairman of the Detroit Federation of Women's clubs.

The Woman's club of Rosedale Gardens will have "Open Night" on October 15, in the clubhouse. There will be some work in arts and craft and Red Cross sewing.

What You Buy With WAR BONDS

A Flying Fortress is to America's air fleet what heavy artillery is to the Army. This gigantic four-motored bomber, equipped with heavy cannon, carries about three tons of bombs and reaches a speed of about 300 miles an hour.

These ships carry a crew of seven to nine men, weigh about 22 1/2 tons, have a wing spread of 105 feet and each motor develops 1,000 horsepower. We need more of these "Flying Fortresses" to compete with the Nazi air force. You can help by investing at least ten percent of your income in War Bonds every payday. ROE-SACKETT

In the First Presbyterian church of Plymouth, at 4 o'clock, Saturday, October 3, Norma Jean Roe, daughter of Mr. and Mrs. Russell A. Roe, Ann Arbor Trail, was given in marriage by her father, to Marvin Leigh Sackett, son of Mrs. Mary Sackett, of this city. The marriage was solemnized by the Rev. Walter Niemi, before an altar banked with palms and baskets of white chrysanthemums, flanked by tapers in cathedral candelabra. Organ selections were played by Miss Hanna Strasen.

The lovely bridal gown was fashioned of ivory chiffon velvet with a round yoke of lace and long tight sleeves which ended in points over the hand. The moulded bodice was trimmed down the back with tiny self-covered buttons and the full gathered skirt fell in soft folds extending into a long train. The bride's veil of illusion was held in place by a Dutch cap embroidered in seed pearls and rhinestones. She carried a white Bible and orchid.

Mrs. Geroge Kenyon, a bride of two months, who attended her sister as matron-of-honor, wore a gown of gold crepe fashioned on similar lines to that of the bride. She carried a colonial bouquet of bronze bebe mums and tea roses.

Phyllis Roe, of Ypsilanti, cousin of the bride, and Elnora Sackett, sister of the bridegroom, wore rust crepe gowns identical with Mrs. Kenyon's, and carried bouquets of yellow bebe mums and talisman roses.

Arden Sackett served as his brother's best man and the guests were seated by Lloyd Gates and Harry Mumby.

Following the ceremony a reception was held in the church where the Misses Marion Gorton and Barbara Pattinson poured. Mrs. Roe, mother of the bride, received the guests in a gown of black crepe with velvet trim. Her corsage was of American Beauty roses. Mrs. Sackett, mother of the bridegroom, also chose black crepe with satin trim, wearing a corsage of yellow roses.

The young couple left on a honeymoon trip in the north. For going away the bride chose a brown mixed tweed suit with brown accessories and carried a silver-toned muskrat coat. Mr. and Mrs. Sackett will be at home to their friends after October 15 at 4134 Wilcox road.

Out-of-town guests attending the wedding included the bride's grandparents, Mr. and Mrs. S. G. Roe of Parma. Others were from Dexter, Detroit, Manistee, Battle Creek, Mt. Pleasant, Ypsilanti, Ann Arbor, Belleville, Windsor and Kingsville, Ontario.

SEGNITZ-SARJENT

The wedding of Miss Ramona Segnitz, daughter of Mr. and Mrs. H. C. Segnitz, of Rosedale Gardens, and Ashur Banks Sarjent, of Antwerp, Ohio, will be an event of Saturday, October 10, when at 8 o'clock in the evening, the Rev. John B. Forsyth, of the Rosedale Gardens Presbyterian church will read the service in the bride's home on Ingram avenue. Preceding the service Austin Whipple, of Plymouth, will sing, "Because," accompanied by Mrs. Corwin Walbridge, of Rosedale Gardens.

Mrs. Irene Rossman Belcher, who will act as matron-of-honor, will wear brown and gold with gardenia corsage.

The bridegroom will be attended by LeRoy T. Segnitz, brother of the bride.

Mrs. Segnitz has chosen a gown of wine crepe for her daughter's wedding and Mrs. Carr, mother of the bridegroom, will be gowned in blue crepe. Both will wear a gardenia corsage.

A reception will follow with guests being present from Plymouth, Northville, Walled Lake, Pontiac, Royal Oak, Birmingham, Detroit and Antwerp, Ohio. The bridal couple will leave on a wedding trip to Seattle and Tacoma, Washington, Portland, Oregon and plan to return from Portland on the City of Portland. They will reside on Ingram avenue in Rosedale Gardens.

BAILEY-BARBER

Mr. and Mrs. Joseph Bailey announce the marriage of their daughter, Joan to Robert Barber, son of Mr. and Mrs. Earl Barber of Plymouth. The ceremony took place at the home of Judge Rustling Cutler on Sunday, September 27. Only immediate relatives attended the ceremony. The bride wore a forest green dress with brown accessories for the ceremony. Gwin Barber, sister of the bridegroom attended the bride.

A wedding breakfast was given at Reed's restaurant and the young couple left immediately afterward for a brief honeymoon. They will reside in their new apartment at Novi.

Mrs. Ruth Morris of New York City, an aunt of the bride, was an out-of-town guest at the ceremony.

Mr. Barber expects to enter the service in the near future.

Because of the fact that so many items are now being rationed and with the early rationing of fuel oil and gasoline in prospect, it was deemed necessary to increase the board to the twelve members, not only to relieve the original three members of the increased work and responsibilities, but to better serve the people in this board area.

Hereafter there will be four panels within the board, consisting of three members on each panel, who will consider and ration the various things assigned to their particular panel. These four panels have been arranged as follows: Tires, tubes, recaps, rubber work boots and rubber work shoes.

Automobiles, bicycles, typewriters, farm machinery and fuel oil.

Sugar and other commodities. The members of the board are representatives of industry, labor and business, and also include people who live in the various townships and municipalities in the rationing board area, which consists of the city of Plymouth, village of Northville, townships of Plymouth, Northville, Canton, Livonia and Redford. It is estimated that the population of the board area is approximately 45,000.

Scrap Drive (Continued from page 1)

JACK MILLER'S COMMANDOS IN ACTION.

Maybe the grown folks think they know something about collecting scrap. Maybe they do—but wait until you see Jack Miller's youthful Commandos in action! Do they go to town! These young Commandos hunt scrap just like the fighting Plymouth lads hunt down the Huns and Japs! No, they do not smell it, they just seem to have a sixth-sense that tells them where scrap can be found. Hats off to these youngsters! They're going to do things Saturday in a big way.

"Plymouth scrap is rolling, flying, fighting."

DON'T FORGET, TIN CANS, TOO!

Collectors Saturday will collect tin cans and rubber as well as scrap iron. Don't forget to get your tin cans in proper shape for handling. The Mail has previously published directions as to ways tin cans should be prepared for the collection.

"Plymouth scrap is rolling, flying, fighting."

HUNT HOUGH WOODS FOR SCRAP.

For years and years and years if any one in Plymouth had any old metal they didn't know what to do with, they loaded it on the wagon or truck and took it out to the Hough woods on Sheldon road. How many hundreds of tons of old metal lie hidden about the grass, weeds and brush, no one knows, but Plymouth's Commandos, Scouts and Scout hunters will know before the week is over. Instead of

rusting and going to waste, this scrap is going to be collected and turned into guns for Plymouth boys to use in fighting the enemies of America.

"Plymouth scrap is rolling, flying, fighting."

PLYMOUTH TOWNSHIP THOROUGHLY ORGANIZED.

If any one has an idea that Mrs. Russell Powell has not thoroughly organized Plymouth township for Saturday's big scrap drive, just look over this list of workers she has enlisted for the "scrap to beat the Japs and Huns!"

Osteopaths Celebrate Anniversary

Observance of 50 years of osteopathic education took place last Saturday, October 3, with celebrations all over the United States and Canada by public officials, educators, and the public to the contributions to the public health of osteopathic colleges, hospitals, clinics, physicians and surgeons. Dr. William Baker, Detroit, president of the Wayne county Osteopathic Association, stated yesterday.

"October 3rd," he said, "marks the fiftieth anniversary of the opening of the first college of osteopathic medicine and surgery by Dr. Andrew Taylor Still in Kirksville, Mo., in 1892. The small handful of students enrolled in that first class has grown in five decades to a total of 2000 entering the six approved osteopathic colleges every year at the present time."

Dr. Still, a doctor of medicine and student of anatomy, first announced the principles of Osteopathy in 1874 after years of research in his laboratory. During the next 18 years he developed the manipulative methods of diagnosis and treatment which distinguish the osteopathic school of practice. October 3, 1892, he opened what has become the Kirksville College of Osteopathy and Surgery. The purpose, as expressed in the charter granted to this new medical college by the State of Missouri was, "To improve the method of Surgery, and Midwifery."

An Army surgeon of the Civil War, the son of a medical missionary, the brother of three physicians, and the nephew of four, Dr. Still was a prominent figure in the history of the early mid-west where he was also a founder of Baker University at Baldwin, Kansas. He died in Kirksville in 1917, but had lived to see Osteopathy licensed and osteopathic physicians licensed to practice under the laws of every state in the Union.

Today the osteopathic profession includes more than 10,000 physicians, surgeons and specialists, some 130 hospitals and more than 100 clinics. All six approved colleges are listed by the U. S. Office of Education as institutions of higher learning. They require two years of pre-medical college work for entrance, and the professional course covers four standard years of instruction and training, making six years in all.

Discussing war time contributions of the osteopathic profession and its colleges, Dr. Baker said, "All of our colleges have revised their schedules to eliminate summer vacations and enable students to complete their four standard years of training in three calendar years. In this manner osteopathic colleges are cooperating with the government in helping alleviate the increasing war time shortage of doctors."

"Osteopathic colleges are engaged in various war time activities including the organization of medical and first-aid units, the establishment of first-aid courses and blood-typing programs in preparation for emergencies. Throughout the country osteopathic physicians are serving on Selective Service boards, in civilian defense organizations, as Red Cross first aid instructors and in many other capacities where their training qualifies them for aiding in the war effort.

In recognition of these contributions and the advances which osteopathic education has made in the field of medical science Governor Murray D. Van Wageningen sent his congratulations and best wishes for a successful 50th anniversary celebration to the profession in Michigan.

WAR may say "NO"

... when you ask for a telephone

If you move, you may not be able to get a telephone, or the kind of service you want, in your new location. Therefore, we suggest that you check with the Telephone Company before making definite plans.

Copper, steel, rubber and other materials are more vitally needed for fighting equipment than for new telephones. To conserve such materials, the War Production Board has placed restrictions on telephone installations.

1. Telephone service cannot be provided at some locations.
2. Party-line service, only, can be furnished in many cases.
3. Extension telephones cannot be installed in residences.
4. Additional apparatus may be installed only on a limited basis.

In so far as material and war restrictions permit, we shall continue to provide the best service possible. And we look forward to the day when we again can give the kind of service wanted, "when and where wanted." But now, and for the duration, war needs come first.

Tells Objects of Central PTA Organization Starts Membership Drive

(Contributed)

The parents, with the welfare of their children at heart should know the objects of the Parent-Teacher Association of the Central Grade School.

Here they are: First—To promote the welfare of children and youth in home, school, church and community.

Second—To raise the standards of home life.

Third—To secure adequate laws for the care and protection of children and youth.

Fourth—To bring into closer relation the home and the school that parents and teachers may cooperate intelligently in the training of the child.

Fifth—To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social and spiritual education.

With these objects in view the program chairman, Mrs. Edward Dobbs held a meeting at her home Monday afternoon and with the assistance of the president, Mrs. William Arscott appointed the following on the program committee: their duties being to take charge of one meeting for the month: Mrs. T. Phillips, Mrs. J. Henderson, Mrs. C. Brake, Mrs. A. Lloyd, Mrs. B. Champion, Mrs. E. Dobbs.

The teachers of the school will have charge of the Christmas meeting held in the month of December. The first meeting of the school year will be held in the afternoon of October 27 at 3:30 in the Central Grade Auditorium. Keep this date open and watch for further details on this interesting affair. The membership drive started Tuesday with forms sent home from the school with the children. This drive will continue until Wednesday night of October 21.

Boy Drowns In Pool Beside Home

Tragedy visited the home of Mr. and Mrs. Arthur Badder last Wednesday when they found their 19-month-old son, Richard, dead, the result of drowning in a pool of water not far from their home.

The Badders reside on Fairfield street just north of Five Mile road and although the child had played frequently in the vicinity of the pool he apparently lost his balance and was unable to get out of the water.

The funeral was held from the Spencer Heeneey Funeral home in Farmington on Friday. Richard is survived by his mother and father and an older brother Arthur Jr.

Women Club Members To Meet October 16

The Woman's Club meeting for October 16 promises to be a most interesting one for its members. Mrs. L. L. Fowler who is blind, demonstrates her "seeing-eye" dog. She is connected with the Path Finder Foundation in Detroit, which is a non-profit organization for purpose of training and distributing "seeing-eye" dogs. Having been blinded through illness in adult life, Mrs. Fowler showed great fortitude in immediately enrolling at the Lansing School for the Blind where she was an outstanding student. All who hear her are enthusiastic in their praise of her work.

Members are reminded that the meeting is to be at 2:30 at the Central grade school gym. Program books will be distributed to those who did not receive them at the last meeting.

The committee for the day is as follows: Mrs. Walter Nichol, chairman; Mrs. Harvey Springer; Mrs. George Burr; Mrs. Paul Christensen; Mrs. Miller Ross; Mrs. George Rothery; Mrs. Ward Jones; Mrs. J. R. Witwer; Mrs. Jack Taylor; Mrs. Clifford Tait; Mrs. Edson Huston.

Kiwanians Hear of War Time Fire Dangers

Chairman Paul Ramsdell presented Vern Hiney of the Michigan department of conservation at the Kiwanis club meeting last Tuesday night. His lecture and motion pictures on "Rural Fires" stressed the duty of everyone to avoid all possible fires and to assist in educating the general public against fire dangers. Last year's fire damage in war ravaged England amounted to 400 million dollars while in this country, as yet untouched by war, the cost of damage by fires was 600 million dollars.

Elaborate plans are being carried out for Kiwanis Knight Klub on October 29. Ernest Henry, general chairman, promises an evening packed full of fun and frolic plus a grand dinner.

Proceeds are to be shared with the Canteen club and the Red Cross.

Coventry Gets Mail Delivery

Through efforts of Postmaster Harry Irwin of Plymouth and the Coventry Gardens Civic Association door to door mail delivery will start in that area on October 16th.

At the present time Coventry Gardens mail boxes are all on Five Mile road and the new delivery service will necessitate the moving them back in the Gardens directly in front of the homes where they belong.

The new service will also apply to the homes on Ravine Drive where the house delivery will start on the same date. This is another step forward for township residents who for some time have done everything within their power to improve their mail service.

He gave more than

10%

—what about YOU?

...and you're not even being asked to give, but to invest in your own future and make a handsome profit besides!

THE STORY OF SCARSDALE JACK of the Flying Tigers

He had a lot to live for! Ask his father. Or ask the kids who knew him—his Scout troop—or his classmates at Rensselaer Polytechnic.

Ask his widow: Scarsdale Jack, Squadron Leader John V. Newkirk on the Flying Tigers' roster, blasted 28 Japs out of the sky before they got him.

He gave all a man can give of courage, guts, gallantry, the will to fight... and keep on fighting. Not 10%... but everything! His life.

You're being asked only to pledge 10% of your income, a dime of each dollar for War

Bonds to give all the Scarsdale Jacks in Navy blue and Army O. D. and Marine forest green the planes, machine guns, bombs, bullets, torpedoes, tanks, and ships and every other weapon they need to give the *Herrenvolk*, the "sons of heaven," and the road-company Romans the bellyful of steel they asked for.

These men who are fighting for your homes, your children, your future, your freedom aren't stopping at 10%.

That's all you're asked for—but why stop at 10%—if you can do better?

BUY WAR BONDS—everybody at least 10% every pay day

This space is a contribution to America's all-out war effort by

THE PLYMOUTH MAIL

Now look at the selfish reasons for buying your share of WAR BONDS

War Bonds, first of all, are for winning the war. Without that what future will any of us have?

But beyond that there are many advantages that make a 10% pledge add up to solid business sense.

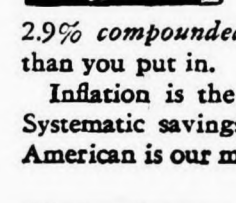

You get back in ten years \$25 for every \$18.75 you put in.

They are the direct obligation of the United States Government.

You can get back every cent you put in after sixty days if you suddenly need money.

You get a handsome interest, 2.9% compounded—1/3 more money back at maturity than you put in.

Inflation is the dreaded threat of every American. Systematic savings in War Bonds by each and every American is our major protection against inflation.

Think ahead to that day your bonds mature. It will be wonderful to have that money then, instead of frittering it away now.

When you think of what you have at stake, 10% seems almost a little. So make it more—if you can!

Compose Library Staff

Miss Gravelle, the librarian, states that 150 new books and nine magazines have been added to the library. Also a staff of 15 has been selected: Margery Livingston, Sally Haas, Faith Brandt, Elaine DePlancie, Doris Williams, Barbara Butt, Mary Brandt, Joyce Tarnutzer, Bill Baker, Wilma Lounsbury, Kathryn James, Shirley Jacobson, Don Behler and Annabel Heller. These students have many duties among which are mending and filing books, checking and filing magazines, and keeping general order about the library.

Social News

Rosemary Kinsler, class of '42, Jack Owens, class of '42; Wanda Hepler, class of '42; and Tom Roberts went to Greenfield Village, had dinner at Shores, then attended the Northwest last Sunday. After all this they went to Rosemary's for a lunch.

It seems the boys are on the loose. Bob Thams, Bill Bennett, Bob Scheppelle, and Bill Baker had dinner in a Chinese restaurant Saturday.

Marion Goodman visited Marie Ann Miller at Michigan State college Sunday.

Shirley Hitt, Monte Hines, Jack Nelson of Muskegon, and Jean Minehart visited friends in Northville Sunday.

Rocks Barely Conquer Braves

Under the arcs at Ypsilanti, Plymouth vanquished the Braves with only one point to spare. After Sheppard had passed to Donahue in the first quarter, to score Plymouth's only touchdown, Kearney ran the extra point that won the game. This is the only extra point Plymouth has made this year.

Ypsi Made their Touchdown in the Third Quarter but their Try for the Point was Blocked. During the rest of the game the Rocks kept a definite advantage and as the final whistle blew, the Plymouth team was camped on the Ypsi one-yard line.

This was the first League victory and the third win for the local team.

Mr. Matulis stated that the team had improved but the line play was not as good as could be expected. For Plymouth was within scoring territory four times but followed through only once.

Plymouth First team: Naeel Scheppelle, Gdanice, Thams, Sasul, Rutember, Donahue, Wellman, Kearney, Ebersole, Sheppard, A. Substitutes: Behler, Ribblet, Wisely, Hershlieb.

Ypsilanti First team: Wyman, Hayes, Wilson, Boyd, Walters, Moffet, Moyers, Robinson, O'Hara, Woolsey, Robertson.

Drive For Keys By Junior Red Cross

A drive for keys is to be held throughout the school on October 9 and 10 under the supervision of Miss Florence Gravelle, librarian. Boxes for the keys will be placed on floors for collection on or around the October 6. These will also be placed in a few stores located both in the northern and southern sections.

Lying around in most households are keys whose uses have long since been forgotten. All keys are made of extra line metal which is most valuable in the defense program. It will take only a minute to drop that first catch in one of the collection boxes, so see if you can't do it.

Girl Reserves Gave Tea

A "welcome" tea for women teachers and the Senior Girl Reserve mothers was given on Thursday, October 8, in the music room of the high school. Dorothy Fisher, president, appointed the following chairmen of committees: Janice Downing, general chairman; entertainment, Joyce Tarnutzer; invitations and table decorations, Margaret Jean Nichol.

Joan Gilles Chosen Leader Jr. G.R.

Joan Gilles of the sophomore class was made the president of Junior Girl Reserves September 23. She has been a member of the club four years and was vice president of it last year.

The members of her cabinet are: Rosemary Miller, vice-president; Anna Biesing, secretary; Edith Nolte, treasurer; Margaret Brown, inter club counsellor representative; and Dira Gruenber, program chairman.

Frosh Policies Should Be Revised

A change of policy in regard to next year's ninth grade election and class caucus would seem advisable, but this cannot be carried out without the help of the eighth grade officers and the influence and agreement of the upper classes. While talking with several people the writer discovered that they did not know who their president was or what he looked like, so that when they voted they checked the strangest name, the most familiar name, or one for some such silly reason; and it usually resulted in someone not as well fitted for the office as their opponent getting the job.

It is believed that the freshman class caucus could be held after the first marking period when the classmates would know each other better.

If you can recall when you were a freshman and these facts hold true, you can understand; however students from Plymouth will comprehend more readily if they know that at least one-half of the students in the ninth grade are from outside the city. They don't know you, and you haven't the slightest idea who they are.

But by the end of the first marking period most students should be rather well acquainted.

If you like this suggestion, contact your teachers, talk to your student council representatives and to your fellow classmates.

Such postponement will help the bewildered freshman who is ushered into the gym to vote for people who are utter strangers, and it will do away with electing someone who might be incompetent.

The beautiful is the most useful in art; but the sublime is the most helpful to morals, for it elevates the mind.

Here and There

A new kind of emery has been discovered in Mr. Stadtmiller's geography class which was reciting on the mineral resources of Turkey. One boy mentioned emery. The teacher asked what emery was. A voice piped up, "I have a cousin by that name!"

It seems as though a human statue has been added to the sundial. Daily we see Ronald Brink perched there.

The students who have a fourth hour lunch period dine to the music of Peter Huebler who plays the piano in the music room.

Why not ask a prominent junior girl on which continent she lives? She isn't quite sure. While you are at it, show her where Michigan is in the United States. She doesn't know.

Did you know that the eighteenth amendment made our country dry but when the twenty-first repealed the eighteenth, it made us all wet again?

It seems that Mr. Latture spent four years in Latin classes. Funny he received only two credits.

There are 435 members in the house of representatives says Jim. When asked why, he said, "There are two from every state." My! My!

It seems when Miss Allen asked in twelfth grade English class if anyone had ever seen a chimney sweep, Doris Strauss said, "Sure, I was brought up on them." Boy, what a bringing up!

Speaking about people that don't know much about the United States, one senior miss didn't know where Washington, D. C. was. She finally decided it was in the state of Washington and that state was in the East!

Mr. Evans must have thought something new had been added when a student told him she had some hydraulic acid.

Mr. Latture asked why senators are elected every two years for a six-year term. One gal piped up with, "So they won't get fresh new senators and two-thirds of them will be experienced."

Class News

A string recital was held at Starkweather school Monday morning with Art Robinson, Ardis Curtis, Mike Kleinschmidt, Evelyn Elliott, and Dorothy Campbell from the high school taking part in the program.

Miss Rathburn's class made up of 9-A pupils this week is studying the different branches of the military forces. To collect more information they are bringing in pictures, articles, or any information that will help the class.

The members of the Junior Red Cross will soon be having their weekly meetings. As the plans are now, the group will meet every Thursday during the fourth period. Everyone is welcome and if you would like to join, speak to Miss Florence Gravelle, librarian.

Mr. Stadtmiller's eighth grade history class is devoting one day a week to studying the war. His two geography classes are studying the Near-East.

In all the geography classes the teachers are trying to introduce aviation, for which they have new textbooks for the purpose.

The junior chorus is studying songs of the mid-west and later will study songs of colleges in other parts of the country.

The Senior Home Economics classes under the supervision of Mrs. Soule are studying the preparation of breakfasts and lunches. The pupils prepared and served a breakfast.

"Ever Since Eve" The Junior Play

"Ever Since Eve", written by Florence Ryerson and Colir Clements, was selected for the Junior play by Jack Anderson, Annabel Heller, and Dorothy Rowland. The tryouts were held Monday afternoon and practice was started immediately. The play is light-hearted and buoyant with the bubbling effervescence of youth and is typically modern.

Dear Readers

We see we have some competition in "Snooping Around P.H.S." Gosh, do boys wear skirts? This rubber situation is getting us down! Have you noticed the scribbly papers around school? The kids must be saving erasers! Patriotic, aren't they? We gave a shout of joy when we heard that there were no more QUIET rubber soles to be had, but the teachers seem to have found some. We still can't tell when they're coming!

Some of these freshmen don't need zoot-suits or ree-pleats to be right in the groove (Noticed at the Freshman reception)

Gee—those new outfits of Mike's Band really are the tops. Bicycles seem to be popular, or is it necessity? Ask any boy or girl who lives out of town, they'll tell you! This gas rationing has the girls worried for some reason. Remember, boys, you can always walk!

What's this we hear! A certain young fellow in physics absent-mindedly poured salt solution into the bottle of kerosene. Don't tell Mr. Evans but in case your experiment with kerosene doesn't work, you can explain.

This week is Plymouth's scrap drive. Show your patriotism and "get in the scrap."

Sincerely,
Us Morons.

Animal Kingdom Here October 15

Snakes, monkeys, alligators, skunks and other trained animals will invade Plymouth High school on October 15 to make up a show given before the student body by Bob Taber, naturalist, who has spent the last 20 years performing before high schools throughout the country.

A Message To The Pupils of America

"What is costly, but freedom is priceless. To deserve freedom, we must fight to keep it. Freedom is a thousand times worth all the money, all the effort, all the sacrifices that we must put into the struggle to win it. I know that the United States can count on its 30,000,000 young Americans, to whom an unshackled future is particularly important, to enlist 100 per cent in our fight for freedom—by buying War Savings stamps and bonds whenever they can and by doing every other thing that a boy or girl can do to speed the day of Victory. By participating fully in this Schools At War program, they can tell the world: We are ready—ready for war, ready for victory and ready for peace!"

Henry Morgenthau Jr., Secretary of the Treasury.

New Teachers

Miss Ingrid Joukainen, a new member of the faculty, teaches commercial subjects. She received her B.S. degree at Northern Michigan College of Education in Marquette and taught last year at Eaton Rapids, Michigan.

After attending the Port Huron junior college for two years Walter Goodwin entered the Michigan State Normal college and was graduated with a B.A. degree. He majored in mathematics which he is teaching in Plymouth high school.

After graduating from Michigan State Normal college at Ypsilanti with a B.S. degree in 1935, Colvin Cooley taught shop for six years at Greensboro, North Carolina. The year before coming to Plymouth Mr. Cooley taught at Wadesboro, North Carolina. Mr. Cooley at present resides with his wife on West Ann Arbor Trail.

One of Plymouth high school's many shop teachers and an assistant football coach, John Tomshack graduated in 1930 from Michigan State Normal college in Ypsilanti with an A.B. degree. Upon graduation, Mr. Tomshack taught in a rural Michigan school for a year. He then taught for four years in Ann Arbor and five years in Parma high school.

Mr. Tomshack is married and has two children. At present, he resides in Ypsilanti.

Defense Stamps on Sale in First Class

Defense stamps will be on sale in every first hour class on Tuesdays. Students will give their orders to the teacher in charge and pay them. All orders will be sent to Mr. Latture's room and stamps will be given to students Wednesday first hour.

Buy War Stamps!!! It doesn't matter where you buy them as long as you do.

Norma Jean Strautz, Fern Dipboye, and Pat Hudson will take care of the stamps in Mr. Latture's room.

Junior High Dance

The first matinee dance, sponsored by eighth grade, was held Thursday afternoon, October 1, from 3:30 to 5:00. Admission was eleven cents and the music was furnished by Mike Kleinschmidt's orchestra.

HAROLD DAVIS MEETS DOROTHY LAMOUR

Well, what do you know about this! Here's sedate Corporal Harold Davis, son of Mr. and Mrs. Samuel Davis, 34080 Orangelawn, Rosedale Gardens, smiling that same kind of a smile that has made Dorothy Lamour famous. Yes, sir, this Plymouth young man, who is an aero photographer in Uncle Sam's flying forces, is having his own picture taken with Dorothy Lamour. The occasion was a recent visit by this famous motion picture actress to Dow Field, located near Bangor, Maine, when she was touring the East in behalf of war bond sales. It appears that Corporal Davis wasn't quite overcome by the bewitching smile of his famed companion in the picture, but almost! Corporal Davis is a graduate of the Plymouth high school with the class of 1940. He is well known among all the young people of the city and vicinity. He enlisted for service some time ago and his hobby as an amateur photographer led to his present assignment as an aero photographer in Uncle Sam's army.

Dorothy Lamour—Harold Davis

NO STRIKES IN ENGLAND!

"I was invited the other night to an RAF birthday dinner. I happened to have been seated next to a highly educated and cultured woman, probably nearing 45 years of age. She was the wife of a wing commander and apparently occupied a very high social position in England. But her hands had the appearance of one who had greased automobiles over a period of years," wrote Major Cass S. Hough from England to The Plymouth Mail editor the other day. "It was apparent that she observed that I had looked at her hands. With a smile of pride she told me that she worked 10 hours each day in a munitions factory for which she received 10 shillings. That's about \$2.10 in our money.

Another prominent lady at the same party scrubs the floor of the mess hall at an RAF fighter station three times a day. She is a WAAF, a private, and is paid about \$4.50 a week, plus her board. "But they don't grumble and they're not striking for more of the taxpayers' money either, which is a pleasant relief from the attitude one reads about back in our own country," continued the letter. "Their country's existence is definitely at stake, and that's that with them.

"I have just finished reading The Plymouth Mail that came today. I would like to have been there to 'ferry you around' in your campaign. But it seems that it doesn't make much difference to which political party you belong. The results are about the same.

"It is difficult to explain to you how much I enjoy The Mail. One never appreciates a thing until they are taken away, and the home town paper is certainly no exception to the rule. "This is a most confused and messy part of the world. What these people have done is nothing short of miraculous to my way of thinking. For a people ordinarily rather slow, and with comparatively little 'get up and go,' they've transformed themselves practically overnight into a nation bent on one thing only—the complete destruction of Nazism, even if it takes generations to do it. Every bit of their energy is directed towards that end.

"Of course one could say that it is self-preservation that dictates this. Suppose it is—the fact still remains that they have accomplished wonders in a very short time and my hat is off to them. No one is too big to contribute his bit.

This intensely interesting letter to The Mail apparently was written after the communication Major Hough sent to his parents in which he told them of his first aerial engagement with enemy planes. His tribute to the English people confirms the statements of others who have been in England and know something of the sacrifices being made by the people of that country.

HE'S DOWN IN TEXAS.

Marvin Criger, well known Plymouth young man who joined a flying unit of the army about a year ago and has been located in California, writes The Plymouth Mail that he is now located at an army camp near Houston, Texas.

"The Houston USO is tops and it is really being used. You would know, Sterling, that your time and effort in behalf of the USO campaign was not wasted if you were sitting here with me now. Keep it up—and give my regards to all my old friends in Plymouth," writes Marvin.

FRANKLIN S. COWARD JOINS ARMY.

The Plymouth Mail has been advised by the Aviation Cadet Examining Board in Detroit that Franklin H. Coward, employed as one of the tellers in the First National bank of Plymouth, has been accepted for aviation cadet training. He will probably enter the service early in the winter. The young cadet is a son of Mr. and Mrs. Frank Coward, former residents of this city. Mr. Coward is now cashier of the Lapeer Savings bank at Lapeer. For years the senior Mr. Coward was an examiner for the Michigan State Banking department.

FROM OUR "MAKE-UP" COMPOSITOR.

August 6, 1942.

Dear Editor: Dropping you a few lines to let you know that I'm well and getting along fine, and hoping this letter finds you the same. Sorry for not writing sooner. But I have been pretty busy. But will try to do a little better in the near future. I have arrived safely at my new station and a letter will reach me at the following address: (ask The Plymouth Mail).

Mr. Eaton, would you please tell Sterling, Ray, and some of the others to drop me a few lines? I would appreciate it very much and I will try to do the same. Will close with kindest personal regards and best wishes.

Sincerely,
Pvt. Walter Jendrycka.

PLYMOUTH BOY ENLISTS.

Harold Fallot, son of Mr. and Mrs. Peter Fallot, North Territorial road, enlisted in the air-force division of the Army and left Detroit for Fort Custer last Wednesday, September 30. He was a graduate in the class of 1941 at Plymouth. Studied at Tri-State College, Angola, Indiana summer school and spent last winter in Los Angeles, California. Enrolled with the Curtis Wright Aircraft company, graduating from there in April. He was married May 16 to Norma Waldecker of South Lyon and has been employed by the Ford Motor company until he enlisted last week.

ATTENDING RADIO SCHOOL.

Private A. J. Weir, better known as "Jack Weir" to his many friends in Detroit, is now attending an army radio school at Scott Field, Illinois. He is a son of Mr. Eric Weir of this city. Jack entered the army through a Detroit station and will graduate in October from the radio school. Mrs. Weir recently visited her soldier-son and while down in Illinois, enjoyed a trip on "The Show Boat" down the Mississippi river. They also saw a baseball game in St. Louis when the Tigers were playing the Cardinals.

PLYMOUTH BOY WRITES FROM TENNESSEE.

Dear Editor: Just a few lines to let you know that I appreciate more than I can say the fact that I receive my home town paper every week, as it seems that I have a constant watch on the happenings of our big little city.

Although several Plymouth boys came here to Camp Forrest with me, I don't get to see them very often as we are kept pretty busy during the day and are tired at night, and I was the only one put in this regiment of the infantry.

This is my seventh week of training at this camp and I must say that I don't mind it so badly and I think that the hardest part is over.

Well, I will close thanking you again for the paper. I remain, a Plymouth boy.
Camp Forrest, Tenn. Pvt. P. P. Patrick.

MAIL SOLDIERS' XMAS GIFTS BEFORE NOVEMBER 1.

READ THE RULES—The following rules, issued by the Postoffice Department in cooperation with the Army Postal Service of the War Department, apply to the mailing of Christmas parcels for members of our Armed Forces serving outside the continental limits of the United States.

TIME OF MAILING—Christmas parcels and greeting cards should be mailed during the period beginning October 1 and ending November 1, 1942, the earlier the better. Each package should be endorsed "Christmas Parcel." Special effort will be made for delivery in time for Christmas.

SIZE AND WEIGHT—Christmas parcels shall not exceed 11 pounds in weight, or 18 inches in length or 42 inches in length and girth combined. However, the public has been urged to cooperate by voluntarily restricting parcels to the size of an ordinary shoe box and the weight to six pounds.

USE CARE IN PREPARATION—Remembering the great distance this mail will be transported and the necessary storage and frequent handling, it is absolutely necessary that articles be packed in substantial boxes or containers and be covered with wrappers of sufficient strength to resist pressure of other mail. Each parcel is subject to censorship and delay may be minimized by securing covering to permit ready inspection of contents.

PROHIBITED MATTER—Intoxicants, inflammable materials, poisons or compositions likely to damage mails are unmailable. No perishable matter should be included in parcels.

HOW TO ADDRESS PARCELS—Addresses must be legible. Parcels addressed to overseas Army personnel should show in addition to the full name and address of the sender, the name rank, Army serial number, branch of service, organization, A.P.O. number of the addressee and the postoffice through which parcels are to be routed. Units located within the continental United States may be addressed direct using name, rank, organization and location.

POSTAGE MUST BE FULLY PREPAID—The rate on parcels of fourth-class matter (exceeding eight ounces) being the zone rate applicable from the postoffice where mailed to the postoffice in the care of which parcels are addressed.

GREETING MESSAGES PERMISSIBLE—Inscriptions such as "Merry Christmas," "Don't open until Christmas" and the like may be placed on the covering of the parcel if it does not interfere with the address. Cards may be enclosed and books may bear a simple dedicatory inscription.

INSURANCE AND REGISTRY—Gifts of value should be insured. Articles of small size and considerable value should be sealed and sent as first-class registered mail.

MONEY ORDERS—The Army Postal Service recommends use of postal money orders to transmit gifts of money to members of Armed Forces outside the United States. Those cashed at A.P.O. in local foreign currency at rate of exchange on date of presentation.

HIGH SCHOOL BALL PLAYER ENLISTS.

Robert H. O'Conner, son of Mrs. Florence O'Conner Giles, of Plymouth, has enlisted for service with the aviation training. Robert graduated from the Plymouth high school with the class of 1941. He was one of the star baseball players on the high school team during all of the years he was in high school.

JACK CRISP TO BECOME FLYER.

Another graduate of Plymouth high school, Jack Perry Crisp of 9917 Cranston avenue, Rosedale Gardens, has enlisted for a course in aviation cadet training with Uncle Sam. Robert, after graduating from the Plymouth high school, entered the University of Detroit and was a student there when he offered his service to our country.

Woman's Club Told of Mirrors

First Meeting Interesting One

The first meeting of the season for the Woman's Club of Plymouth was a luncheon held Friday in the dining room of the First Presbyterian church with Mrs. John Blossom as chairman. The tables were gaily decorated with low bowls of marigolds in the autumn colors.

Reports of the annual meeting, held in April, were given and other business of interest transacted.

Mrs. John Henderson, program chairman for the day, introduced

the guest speaker, Miss Mary Lynn, of the Pittsburgh Plate Glass company, whose subject was "Mirrors." She brought out many points of interest in glass making from early days, as far back as 1700 B.C. until the present day. Miss Lynn told of the large clay pots used for heating the glass, which weighed 3000 pounds apiece and took three years to make.

She also said that about 15 percent of the whole is left, other parts being lost through evaporation, breakage, etc., causing the high price of plate glass. The molten glass is poured on a long iron table, after cooling for five hours, then heavy rollers flatten it and buffers polish the glass.

Keep 'em rolling! We mean dollars! Buy U. S. Savings Bonds and Stamps.

Roger Babson Says . . .

There Are Many Good Investments To Be Made

NEW YORK CITY, October 9. With all this talk about INFLATION there are yet too many investors who do not know what to do. A recent trip to Wall Street convinces me that investors are not fearful of losing the war, but are afraid of losing the peace. In short, they are worrying about what will happen to their money after the war but are doing nothing about it. This explains why stockbrokers are starving and banks are bulging with money.

People who hide are free from debt and yet they have their money in the bank are like the proverbial ostrich which hides his head in the sand. Both are trying to meet impending changes by inaction and refusing to think. Readers should consider their children and grandchildren. The possession of money is a trust and this trust cannot be avoided by letting the purchasing power of one's money melt away by lying idle in the banks.

This does not mean that your bank will be unable to pay you after the war. Banks are stronger today than ever before. Every dollar you have in the bank will be paid back to you when you need it. But the purchasing power of these dollars is "melting" away every month. The dollars which you have in the bank now will not buy, after the war, what they will buy today.

"Then what shall I do with my money?" you ask. The usual answer to this question is to invest: first, in a good home with enough land for a vegetable garden; second, in other properly located revenue-producing real estate; and third, in good stocks. When asked what "good" means, I reply "stocks of companies without debt, and which hold large reserves of raw materials and natural resources such as oil, timber, metal, ore, natural gas, coal, chemicals, etc." My favorite of all natural resources is an honestly acquired good water power.

Even such good companies have one worry, namely taxes. They are subject not only to income taxes, excess profits taxes, and all the other kinds of taxes to which every corporation is subject, but they will have big real estate taxes to pay in addition. These real estate taxes will go up as the value of the dollar goes down.

My own policy is a half-way

addition to the \$17,000,000,000 which we are already paying in Federal taxes. Even this makes a total of only \$25,500,000,000 or about one third the 1943 annual cost of World War II to the United States. Surely inflation is inevitable.

Best equipped optometric service in Michigan. Dr. John A. Ross, Plymouth.—Adv.

This shows how the English investors are more forehanded than we in preparing for this inevitable coming inflation era.

The Industrial Average for leading stocks listed on the London Stock Exchange now stands at about 85 which is the highest figure since March 16, 1929. The lowest was 49.9 on June 26, 1940. The Industrial Average of the New York Stock Exchange is now about 109 which is 38 points lower than the March 16, 1939 figure.

Each week we will present our Bond Sales for the week and the grand total so that you may know the extent to which we are co-operating in the War Bond Sale. Come here for your bonds — We carry an abundant supply. Come often — you'll be welcome.

WARTIME HINTS for a lady who wants to

SAVE electricity and appliances!

SAVING ELECTRICITY A cardinal rule today is this: "Use as much electricity as you need, but don't waste it." There are many practical ways of saving electricity in your home—in your cooking, lighting, the use of appliances. And not one of them involves any sacrifices in the use of your helpful electrical servants. It simply means knowing the most economical way to use them, with greatest efficiency. A few of these suggestions are listed below.

YOUR REFRIGERATOR Don't overcrowd your refrigerator. Unless the motor is hermetically sealed, have it oiled and inspected regularly. Be sure there is adequate air circulation all around the refrigerator. Defrost regularly. (Never use a knife or sharp tool for defrosting.) Clean inside of refrigerator with lukewarm water and mild soap.

YOUR HOME LIGHTING Dust steals light—robbing you of as much as one-fourth the light you pay for. This is pure waste. Keep lamps and fixtures clean. Wipe bulbs and reflector bowls frequently. Dust shades inside and out. Use the right-size bulbs in your lamps and fixtures, and select shades with a white lining.

ELECTRIC COOKING Use the thrift cooker of your electric range often. Plan complete meals that can be cooked in the oven at one time. Finish surface cooking on "low" or stored heat whenever possible. Use flat-bottomed utensils to cover heating on rolls when not in use, and dry unit. Cook with little water, and wringer thoroughly. Don't overload cover utensils with a tight lid.

YOUR ELECTRIC WASHER Drain washer and rinse tub thoroughly after each washing. Remove agitator or suction cups and rinse. Wipe dry with a soft cloth. Don't force thick, bulky objects through your wringer—or hard objects like belt buckles, etc. Release pressure on rolls when not in use, and wringer thoroughly. Don't overload your washer.

SMALL APPLIANCES Don't jerk cord from socket when finished using. Disconnect by grasping plug. Don't clean wires of heating element (toaster, grill, etc.) with fork or sharp tool. Never dip appliances in water. Let appliances cool before storing away. Always clean grids on waffle iron after using. Don't let electric iron overheat.
