Black-Out Proves a Dim-Out

Air Raid Wardens Do Real Job in Getting Lights Turned Out About City

Plymouth experienced what was to have been its third black-out trial Wednesday night. Unfortunately it proved to be only a fairly good dim-out during the early minutes of the trial, with the display window lights of one downtown store blazing as a beacon during the entire black-out period.

The trial did establish three important facts.

First—Plymouth's air raid wardens are alert and on the job. If it had not been for their quick and energetic work, the black-out would not have proved even a good dim-out.

Second—It established the fact that Plymouth must give immediate attention to a better warning signal. It is apparent that many of the lights left on during the early part of the raid were burning because of the fact that people did not hear the warning signal.

Third—Very large numbers of Plymouth residents pay little or no attention to publication of information in Detroit papers about matters of this nature. Official notice of the black-out test did not reach Plymouth until Monday, too late for publication in The Plymouth Mail.

In the previous tests, which proved much more successful than the one Wednesday evening, there was considerable previous notice of the black-out tests published in The Plymouth Mail.

Air Raid Warden Floyd Eckles stated yesterday that the test did do one good thing—it is evident that Plymouth residents have been depending too much upon previous notices published in The Mail about the black-outs.

"People must realize that in case of a real air raid, there would be no previous notice of any kind, except that of the siren. But our siren is not loud enough and that is something that must be given immediate attention," he stated.

For the first time Kelsey-Hayes and other munition factories about here were completely blacked out. The big Kelsey-Hayes plant was as black as night.

Service Men's Benefit Success

Ford Locals Highly Pleased With Outcome

The games party, sponsored by Ford Locals 894 (Phoenix) and Ford Local 899 (Plymouth, Newburg and Waterford) for the benefit of members of these Locals now in the armed forces, was a big success, according to reports of the committee in charge. U.S. Savings bonds and stamps totaling \$168.25 composed the prizes. The following men will share equally from the net proceeds of \$30.63.

Roy Williams, William McAllister and Dan Wright of the Plymouth plant; Robert Johnson, Allen Gotro, Jayson Lyke, Jack Schroeder and Robert Neel of Newburg plant; John Munro, Albert Drake, Robert Hagan, Robert Unger and George Houghton of Phoenix plant.

William Epps, Donald Lanning, Gene Lillibridge, John Skerrett, James Honey, Wilton Ward, John Maxey, Don VanAtta, Lester Cook, Frank Konazski, Herbert Burley and William Ray of the Waterford plant.

The committee in charge of the party and all the members of Ford Locals 894 and 899, U.A.W.-C.I.O. take this opportunity to thank all those who helped make their efforts to cheer our fighting men a success.

Back From Visit To Her Soldier Son

Mrs. Lydia Drews returned last Sunday from the Pacific coast where she visited her son, Carl, now a first class private in Uncle Sam's fighting forces. He is at present stationed at Fort Lawton, Washington.

For sometime past he has been in transport service to the Aleutian islands and has already experienced his first "baptism of fire."

Following the visit to her son in Washington, Mrs. Drews visited at the home of Mrs. Brena Morris, a former resident of Ann Arbor now residing on the Pacific coast. Mrs. Drews returned via San Francisco and Los Angeles.

CHRISTMAS SEALS

Protect Your Home from Tuberculosis

Christmas Seal Drive To Start On November 30

Mrs. John J. Scheel Named General Chairman for 1942

Plymouth and vicinity, always liberal givers to the Christmas seal campaign, will join in the state-wide effort to make this the outstanding year of all in Michigan's fight against tuberculosis.

Mrs. John J. Scheel, who has been appointed general chairman of the committee to conduct the campaign for Plymouth and this part of Wayne county, states that the drive will start on Monday, November 30, and continue during the early part of December.

To assist her in this important work, she has selected Mrs. Edwin Campbell, who will have direct charge of the campaign in the city of Plymouth, and Mrs. Harold Briscoe and Mrs. Perry Richwine, who will have charge of the stamp sales to be conducted through the various school districts. These leaders will call upon others to assist in this important work.

The colors of the new Christmas seal form a patriotic motif, red, white and blue being used.

But although its design is gay, its purpose is as grim as war itself. War conditions aid the spread of tuberculosis germs. England has seen tiny children stricken with tuberculosis meningitis. Where two children died (Continued on page 8)

Final Session of Religion School

Kalamazoo Pastor Will Be Speaker

The fourth and final session of the Community School of Religion will be held in the Plymouth Presbyterian church, Monday, November 23, 7:30 to 9:30 p.m. Four discussion groups assemble at 7:30. There will be a brief period of outdoor games and at 8:40 there will be an assembly meeting in the nave of the church.

The speaker for the evening will be Rev. Paul Silas Heath, D.D., pastor of First Presbyterian church, Kalamazoo. Dr. Heath was formerly president of Auburn Seminary. He is now in the great First Presbyterian church of one of Michigan's busy cities. He is an excellent speaker. His subject will be "The World of the Future." Having made a special study of this subject in which thinking people are so much interested, Dr. Heath is much in demand. The people of Plymouth and of this community should not fail to hear him. The meeting at 8:40 is open to all.

Last Monday, the speaker was Mrs. J. O. Walker of Detroit who gave an interesting and challenging address on Latin America.

Mother of Earl Fluelling Is Dead

Earl Fluelling was called to Springfield, Ontario Sunday by the death of his mother, Mrs. Isabelle Fluelling, a well-known resident of that Canadian city. She had been ill for sometime. Mr. Fluelling had just a few days previous returned from a visit to her bedside. She had often visited in Plymouth and was well known here. The funeral was held Wednesday.

Plymouth Residents No Longer Able To Buy Smoked Hams and Bacon

If any one has an idea that war shortages have not already hit Plymouth, just go over to your favorite meat market and try to purchase some bacon or smoked hams.

Maybe if by chance you should be right there when a slab or two of bacon comes in, you might get a pound or two, but there has been practically no ham or bacon on the market for several weeks. Local dealers state that they do not expect to be able to supply their customers with ham and bacon for sometime—and maybe not for the duration.

"We know that practically all of it is going to the army and navy and what little of it is left is going to public eating places. Now and then there may be a little left over for civilian use, but not much," said one Plymouth dealer yesterday.

Now and then there have been shortages of beefsteaks, but this has been only for a brief while.

Coffee will be back on the market soon in small amounts for consumers, but there will be no opportunity for any one to get more than just the necessary requirements.

Hunters Allowed To Keep Venison Expect Little To Be Given Away

Deer hunters who are having good luck up north are pleased to know that the conservation department will permit the keeping of venison for eight months, under permit, after the closing of the deer hunting season.

Generally, Plymouth deer hunters have given away a good portion of their venison because of the law which prohibited the keeping of deer meat for only a short period after the season closed.

Under the new regulation they will be able to keep the venison for their own use during the entire winter and spring months so Plymouth non-hunting venison lovers will probably go without any this year, unless they decide to go up north and try and get their own deer.

Early Copy! Please!

In view of the fact that The Plymouth Mail must go into the postoffice before Thanksgiving next week, it is requested that news articles, notices and advertising be sent in early. It is hoped that patrons will make it a point to have all of their copy in by Monday, as it will help greatly in our effort to meet postal requirements if the paper is to reach our patrons before Thanksgiving. You may know that your cooperation will be greatly appreciated.

Christmas Club Payments To Be Made In Few Days

Thousands of Dollars Flowing Into Pockets Of Plymouthites

More than \$75,000 will go into the pockets of Plymouth residents within the next few days when they receive their Christmas Savings club checks from the two local banks. The checks are now being made ready for mailing to the several hundreds of citizens who have been saving nickels, dimes and quarters since last holiday time.

As in past years, Plymouth merchants will immediately feel a direct benefit of these savings, but it will not mean quite so much this year as in past years because of the unusual employment condition prevailing in this vicinity.

Reports show that throughout the country more than four hundred and ten million dollars will be distributed to more than eight million Christmas club members by approximately five thousand banking and savings institutions and other organizations during National Prosperity Week starting Monday, November 30, according to an estimate given out yesterday by Herbert F. Rawll, founder and president of Christmas club, a corporation, sponsors of National Prosperity Week. The total distribution for 1942 is about two percent in excess of 1941. The average distribution per member amounts to \$49.00—slightly more than in 1941. Pearl Harbor is responsible for the very small increase over last year. On December 7, 1941, millions of people (Continued on page 8)

Union Services For Thanksgiving

Plymouth's annual union Thanksgiving services will be held this year at the First Methodist church on Thanksgiving morning from 10 to 11 o'clock.

Rev. George Rothery of the Baptist church will deliver a sermon on the subject "Renewed Thanksgiving."

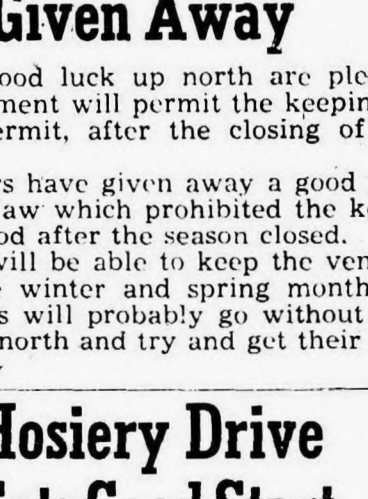

Rev. Tetu will read the Scripture and Rev. Nichol will offer the prayer of Thanksgiving. The Methodist Junior choir will sing and Mrs. Sessions will be the soloist. The offering to be received will be given to the Canteen fund and the Red Cross.

Famed Church Singer Coming to Plymouth

Rev. Kenney Igney, prominent church singer of Anderson, Indiana, will sing at services to be held by the Church of God on Tuesday evening, November 24. Rev. Wright, pastor of the church, extends a general invitation to the public to be present and hear this inspirational singer.

Mrs. Blanche Daniels entertained her sister, Mrs. Detwiller of Owosso, Saturday and Sunday.

Has High Praise For Plymouth Rotary

ALEX MOORE, District Governor

Plymouth Rotarians were hosts last Friday to District Governor Alex Moore. It was his official visit to the club. He was high in his praise of the efficient work of the organization and of its various public activities. President Blake Gillies and the members were highly pleased as the result of the District Governor's statements, made following a careful check of the club's work.

City Donates Coat Hangers For Inducted Boys

Board Secures Plenty For Next Few Weeks

So well have Plymouth residents responded to the appeal for coat hangers to be given to boys who have been inducted into military service that officials of the Plymouth selective service board believe they have enough to last for two or three months.

Hundreds were sent to The Plymouth Mail office, many were turned over directly to Walter Harms, chairman of the board, and many were delivered directly to the induction center. Now that it is winter time, and most boys will leave wearing overcoats, they will need two coat hangers instead of one. So Chairman Harms states that each boy will be given two hangers so that when they reach Fort Custer they will have one for their overcoats as well as their coats and vests.

"It is mighty fine for readers of The Plymouth Mail to respond so quickly and generously as they did. We had coat hangers for the first group of boys who left last Thursday. We have enough on hand to last for several weeks, but in view of the fact that there will be many hundreds more going from this district, if there are some who have any extra hangers, I know we will be able to use them before the winter is over," stated Mr. Harms yesterday.

Plymouth is called upon to do a bit more than its share in some of these matters because of the fact that the board is located here and this is the departing point for a good portion of rural Wayne county, but local residents seem delighted to assume the extra burdens made necessary by these facts. There is no way of reaching many of the residents located in distant portions of this induction district.

Kiwanians Elect Ernest Henry

He Will Be Club President in January

As the result of the recent election held by members of the Plymouth Kiwanis club, Ernest Henry will become the new president of the organization, assuming office the first week in January.

Paul Ramsdell is the new vice-president and Roy Fisher, treasurer.

The directors are Mowry Arnold, Raymond Bachelder, William Hartmann, Claude Dykhouse and Clarence Moore.

Under the splendid leadership of Edwin Schrader, who has had charge of the war bond sales for the club, Kiwanians of Plymouth have since last December 16 purchased a total of \$10,525 worth of war bonds and stamps. The highest total for any one week was \$3850.00, states James Sessions, chairman of the publicity committee.

The program next week will be under the direction of Herman Bakhaus and on December 1, Claude Dykhouse will have charge of the meeting.

Notice To Enlistees!

If you have enlisted in any branch of the military service, you will please notify either Mrs. John Blyton, phone 44, or Miss Hanna Strasen, phone 254. The canteen club is eager to supply every enlistee with a service box. Anyone knowing of a person who has just enlisted, please notify either of the above women before the enlistee leaves for camp.

Saturday Set For Tin Drive

Women Seek To Place Plymouth in Top Place in Tin Collection

Everything is in readiness for Plymouth's next big tin collection, which will take place this week Saturday, according to Mrs. Robert Willoughby, general chairman of the tin collection committee.

City trucks will make the collection as in the past. It is requested that all tins be placed in the usual collecting places in clean containers so that the city workers will not find it difficult to pick them up.

In one of the recent collections tin cans were found in one place to be spread over nearly a square rod of ground. Contributors can help not only by properly preparing the tin cans, but by seeing to it that they are made convenient for the collectors.

Mrs. Willoughby states that the tins should not be put out on the street curbing or the usual place for city collecting until Saturday forenoon. If it should be raining Saturday, it is advisable not to put them out until shortly before noon.

The city trucks will begin the collection at 1 o'clock Saturday, and every street in the city will be covered before darkness. See to it that the tins are properly prepared and that they are protected as much as possible from wet weather.

In the township, Mrs. Russell Powell and her efficient committee of workers will spend all day Saturday in making the tin collection. Tins collected in the township will be delivered to the city tin storage place, where they will be kept until a carload has been collected in the city and township. The committee work (Continued on page 8)

"Moms" Prepare Sewing Kits

Girl Reserves Also Help In Work

This week the "Moms" club and the Senior Girl Reserves are in action on the "Home Front."

The "Moms" club is making the sewing kits that are a part of each canteen kit given to the inductees and enlisted boys who leave from Plymouth.

The Senior Girl Reserves are making a canvass of Plymouth homes for buttons, pins, needles and safety pins to go into the sewing kits the Moms are making. And take it from Dorothy Fisher, President of the Girl Reserves, no Plymouth boy is going to get "K.P. duty" for lack of a button on his uniform.

The Canteen club bought these sewing kits previously, but cannot secure them any more, so the Moms and the Girl Reserves have come to the rescue.

The War Service committee of the Business and Professional Women's club is doing fine work in finding the boys who enlist in the army or navy and reporting their addresses to the Salvation Army which is the packing and delivery agent for the club. The Red Cross Motor Corps has been doing splendid work assisting Captain Arnold in the delivery of these kits.

As more and more boys are expected to be called to the colors in the next two months, the demand for canteen kits will be heavier.

Any organization, bridge club, store or factory can enlist in the Canteen club. Ten pledge envelopes, each pledged to contribute 25 cents a month, constitutes a club unit.

Any individual who may wish to contribute a pledge of 25 cents a month may get in touch with any club unit listed, or secure the envelope at the city hall day or night.

Young Woman Hunter Gets "Her Deer" Miss Opal Stanley, who resides at the Powers home on Joy road, returned Tuesday with an eight-point buck that she shot near Houghton Lake on the opening day of the deer season. The deer, when dressed, weighed over 200 pounds. The successful hunter reported that while there were large numbers of hunters in the woods, there was few deer to be seen. She is employed at the Ford Bomber plant.

She's After Those "Hoarded" Tin Cans

MRS. ROBERT WILLOUGHBY As chairman of the tin collection committee of Plymouth's Salvage organization, Mrs. Willoughby hopes that the Saturday results are far better than previous tin drives conducted in this city. Mrs. Russell Powell will direct the work in the township Saturday. Plymouth housewives are requested to cooperate 100 percent.

Hope To Open Nursery School By December 7

Salvation Army Plans Important Community Service

Efforts are being made by members of the Plymouth Salvation Army to have their day nursery school open for service to the public by Monday, December 7. The location, 188 North Mill street, is being prepared and applications are now being received for the enrollment of children.

Supr. Blake Gillies of the Detroit House of Correction is seeing to it that the Army is provided with specially made chairs for little children.

But one of the pressing needs right now is toys and books for children—boys that are in good condition and that a little paint will help to make look like new. If any one has books or toys that they care to donate to the Salvation Army day nursery, they can leave them at 802 Fairground, or at 188 North Mill street.

Dolls, blocks, small play cars, doll carriages, play dishes, tables, chairs, doll beds, tinker toys, balls or any other toy suitable for small boys and girls will be most acceptable.

There is also need of several large serving bowls and teaspoons to be used in serving lunches to the children.

Children between the ages of three and five will be enrolled and cared for during the day hours. If it is not convenient for you to call at either of the street numbers given, call telephone 575-J for such additional information as you may need.

Members of the Salvation Army are exceedingly anxious to make the day nursery school an outstanding success and they are asking the cooperation of the entire community.

This project of the Salvation Army has the approval of the Plymouth Defense Council.

Anniversary To Be Observed

Presbyterians To Celebrate Sunday

The fifth anniversary of the opening of the new Presbyterian church will be celebrated Sunday next, with appropriate services. The preacher for the anniversary is Dr. Paul H. Buchholz, executive secretary of the Presbytery of Detroit.

His subject for the morning service will be "Building His Church."

Dr. Buchholz, a former president of the University of Dubuque, Iowa, is filling a very important place in the church and religious life of Detroit and Michigan. He is a fine preacher and Plymouth is fortunate to have him as a guest for Sunday.

Five years ago Nov. 21st the doors of the present church building were first opened to receive a congregation of worshippers. On that day the Presbyterians met at the Masonic Temple and together walked to the new church.

Each week since the opening, groups and congregations have used the building for religious purposes. Many and varied associations have gathered about this house of worship. The public is invited to share in the special anniversary service.

Want Gas? Register Right Now

This, Friday Evening, Last Chance to Get Gas Card Before December 2nd

If you have not registered for gas for your car, do so before 9 o'clock this (Friday) evening or wait until after December 2 before you can get your rationing card. Chairman William Wood urges everyone to act quickly, if they have not already done so.

So perfectly were details worked out by Chairman Wood and his associates for the registering of the thousands of motor car users in this vicinity that there has been practically no waiting on the part of the applicants.

The volunteer workers have not only been most efficient, but they have been courteous in the extreme.

From the attitude of the applicants it is apparent that the public does not like gas rationing a bit, but that they are submitting to it, if they believe it will do any good.

A very large number of applicants for gas cards are asking for supplemental blanks, believing that they are entitled to more than four gallons a week.

Mr. Wood says that Mrs. Kate Henderson, chairman of the volunteer workers for checking the supplemental requests for gas has an organization of some 80 or more set up to go to work immediately upon these requests. He has high praise for the work done by the school teachers and the others who assisted in registering the public for gas rationing.

Requests for supplemental supplies of gas are to be filed with the regular rationing board at the city hall at any time.

Mr. Wood warns that owners of all trucks, if they have not done so, should immediately make application to the Office of Defense Transportation in the Boulevard building, northwest corner of Woodward and Grand Boulevard in Detroit, for certificates of war necessity. As soon as secured, these are to be presented to the local rationing board so that T gas books may be issued.

If this request is not complied with, a commercial truck will not be permitted on the highways after December 1.

D.A.R. Aids Blood Donor Campaign

Sees Necessity For Greater Co-operation

Members of Sarah Ann Cochran chapter, Daughters of the American Revolution met at the home of Mrs. Lawrence Lyons on Monday afternoon, the 16th. Mrs. John Z. Gault, state chairman of press relations, was the speaker who gave an outline of the blood plasma program of the chapter.

"Funds for the establishment of two permanent blood donor centers for the American Red Cross will be provided by the patriotic society. It will also purchase at least 10 mobile blood plasma units for the collection of blood donated by the Red Cross," stated the speaker.

"There is vital need for the expansion of the plasma program in order to keep pace with the great war effort which will mean the saving of a countless number of lives. It is expected," continued Mrs. Gault, "that well over \$100,000 will be raised at once by the Daughters of the American Revolution for the blood plasma program. All contributions come as voluntary gifts from the members."

The chapter was also fortunate to have with them Miss Myrtle Babcock, C.A.R. chairman of Indian Conservation in Michigan, who gave a very interesting talk on the Indians of Michigan.

Dr. Bentley Now On Road To Recovery

Dr. Frederick Bentley who has been critically ill in Harper hospital from an attack of pneumonia, is reported today as somewhat improved. His attending physician believes that he is on the road to recovery. His illness is believed to have been due to over-work as the result of constant night and day at work.

Local Churches

ST. JOHN'S EPISCOPAL church. Harvey and Maple streets. Sunday morning services: Morning prayer with sermon at 10 o'clock. Sermon subject: We believe in God the Father Almighty. Church school at 11:15. Beginning with Sunday, December 6 the schedule of services will be as follows: Church school at 9:45; morning service and sermon at 11 o'clock. On December 6 there will be a celebration of holy communion at 8 a.m. Rev. Francis Tetu, Vicar.

FIRST BAPTIST CHURCH.—George W. Rothery, pastor. Sunday services: Morning worship, 10:00 a.m.; Sunday school, 11:15 a.m.; B.Y.P.U., 6:30 p.m.; Youth Hour, 8:30 p.m.

FIRST CHURCH OF CHRIST Scientist. Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service 8:00. "Soul and Body" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, November 22. The Golden Text (I Cor. 3:16) is: "Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?" Among the Bible citations is this passage (Matthew

6: 22, 23): "The light of the body is the eye: if therefore thine eye be single, thy whole body shall be full of light. But if thine eye be evil, thy whole body shall be full of darkness. If therefore the light that is in thee be darkness, how great is that darkness!" Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 215): "Spiritual vision is not subordinate to geometric altitudes. Whatever is governed by God, is never for an instant deprived of the light and might of intelligence and Life."

CHURCH OF THE NAZARENE. Holbrook and Pearl streets. Rev. A. North, pastor. Everybody will be made welcome at our Sunday Evening Song Fest to be conducted next Sunday from 9 to 10 o'clock after our regular evening service. Norman Kickett, our music director, will be in charge. The entire program will be singing and music. On Tuesday, November 24, the Nesseth-Hopson Evangelistic party will be with us for the opening service of their campaign. They are outstanding musicians and play many instruments. They have their own piano with a Solovox attached. They also play the Piano Accordion, Vibra-Harp, Electric Spanish guitar and electric Hawaiian guitar. These services promise to be the very best that we have ever had. We want our friends to come and enjoy these good things with us. Services for Sunday will be as follows: Bible school, 10:00; morning worship, 11:00; young people, 6:30; evening worship, 7:30; song fest 9:00 to 10:00 p.m.

CHURCH OF GOD. Salvation is the greatest thing in all the world. And it can be obtained only by a full knowledge of God's Word. We invite you to worship at the Church of God, 333 North Main street, Rev. L. D. Wright, pastor. Worship, 9:45 a.m.; church school, 10:45; Y.P., 6:30 p.m.; Evangelistic, 7:30 p.m. Coming Tuesday, November 24, Rev. Kenney Inney, noted singer, of Anderson, Indiana. Do not fail to hear this man. Mrs. Inney will accompany the Reverend on the piano.

NEWBURG METHODIST church.—Verle J. Carson, minister, 9614 Newburg road, Plymouth 860W4. Sunday morning worship at 10:00 a.m. Message—"To Whom Shall We Turn?" Sunday school at 11:00 a.m. Mrs. Don Ryder, superintendent. Classes for everyone. You are welcome. Intermediate League meets at 6:30 p.m. Monday, November 16—Third session of the Plymouth-Northville School of Religion at the Plymouth Presbyterian church. Classes begin at 7:30 p.m. The speaker will be Mrs. J. O. Walker, newly elected president of the Detroit Conference W.S.C.S. of the Meth-

odist church. Tuesday, Boy Scouts meet at the church at 7:00 p.m.

FIRST BAPTIST CHURCH.—George W. Rothery, minister. We rejoice in an increased church attendance this past Sunday. Nothing ever happens in any community as important to the life of the community as the regular Sunday morning church services. Every community ought to love its churches; and, at this appointed time turn out en masse, to honor Him in whose name the church exists. The sermon-topic of the Morning Worship will be, "The Cross of Christ," come to this morning service of worship. The Sunday school meets following the morning worship. The B.Y.P.U. will meet at 6:30 p.m. for an inspirational meeting. The Youth Hour this week will meet at the parsonage following the evening service for a season of inspiration and fellowship. The subject of the evening message will be "A Solemn Warning." Everyone is cordially invited to attend the evening service. The Union Thanksgiving Service will be held at the Methodist church this year and everyone is cordially invited to attend. We have a Service of Prayer on Wednesday evening and we are sure you will enjoy this fellowship of prayer and Bible study if you attend. Come to Prayer meeting this Wednesday! Remember, you are never a stranger at the First Baptist church.

FIRST METHODIST CHURCH. T. Leonard Sanders, minister. Mrs. M. J. O'Conner, director of music. Sunday, November 22, 10:00, church school with classes for all. Wesley Kaiser, supt., 11:00, morning worship. This is to be the thank offering service of the W.S.C.S. The minister will speak on the theme "Has Christ a Message for Our Day." The Chorus Choir will sing "The Ninety and Nine" by Protheroe. Mrs. Frank Dicks and Mrs. Alfred Wileiden will sing "O Lord How Manifold." 6:30, Methodist Youth Fellowship Hour. Potluck supper and Thanksgiving service around the table. Monday, Unit No. 1 of the W.S.C.S. will meet with Mrs. Marjorie C. Now, 899 Ross at 8 o'clock. Unit No. 2 will meet with Mrs. Nancy Richards, 1227 South Main street at 8 o'clock. Mrs. Juanita Sutherland will give a book review "Get Thee Behind Me." Wednesday, Unit No. 3 meets with Mrs. Wilbur Gould, 432 West Ann Arbor Trail at 2:00. Unit No. 5 will meet with Mrs. Charles Reinas, 355 West Ann Arbor Trail at 2:00. Thursday at 10 o'clock the Union Thanksgiving service. Rev. George Rothery will preach. Will the Booster class keep in mind their class meeting this Friday, November 19, at the home of Mr. and Mrs. Allen Reed at 312 Arthur?

FIRST PRESBYTERIAN church. Walter Nichol, pastor. 10 a.m., Sunday school; 11 a.m., church worship; 6:30 p.m., young people. Next Sunday this church will celebrate the fifth anniversary of the opening of the present building. The preacher for the day is Rev. Paul H. Buchholz, D.D., executive secretary of the Presbytery of Detroit. The choir has special music suitable for the occasion. Everyone is invited to attend. Sunday evening the Young People will have a meeting with a program built around the idea of the anniversary. James Measel is the leader of the meeting. Moving pictures taken the day of the opening of the church will be shown by J.J.S. Gallimore. All young people of high school are urged to share in this meeting. The Mission Study class will have its monthly supper and meeting at the church Tuesday, November 24 at 6:30 p.m. The committee in charge is Mrs. Oren Blackmore, Mrs. Paul Simons, Mrs. Jack Miller and Mrs. Harvey Brown. There will be a Union Thanksgiving service at the Methodist church in Plymouth Thanksgiving day, Thursday, November 26 at 10 a.m. Rev. George Rothery of First Baptist church will be the speaker. The minister of the Methodist church will preside and the Methodist choir will lead the service of praise. The Presbyterian church will join in this service. An offering will be taken and the proceeds divided between the American Red Cross and the local Canteen club.

CALVARY BAPTIST CHURCH. Holbrook and Hardinberg. Lynn B. Stout, pastor. "For with the heart (not the head) man believeth unto righteousness; and with the mouth confession is made unto salvation. Rom. 10: 10. Question—Where has the "amen corner" or rather the "amens" from the corner gone? Answer—They (the amens) left when a head religion was substituted for a heart

Over the Top by New Year's Is the Plea of Secretary Morgenthau
November 13, 1942
As of today twenty-one million American workers are investing eight per cent of their salary—every pay day—in United States War Savings Bonds. This is a very remarkable tribute to our armed forces who are fighting this war. But this job is only two-thirds accomplished. There are nine million additional American workers who are not investing in War Bonds every pay day. This appeal is directed to two groups of Americans: First—the twenty-one million people who are investing eight per cent of their wages. We ask them to increase their investment to ten per cent or more. Second—the other nine million whom we ask to join the Payroll Savings Plan and to invest ten per cent or more of their earnings. It is our earnest hope here at the Treasury Department that by New Year's Day thirty million Americans will be investing ten per cent or more of their wages in War Bonds through the Payroll Savings Plan.
Harry Morgenthau Jr.
SECRETARY OF THE TREASURY

experience, thanks to modernism. Calvary church believes in a heart religion that changes the life and brings satisfaction to the soul. Worship with us on the coming Lord's Day. Morning worship at 10 o'clock. Bible school, 11:30 a.m. Young people's prayer meeting, 6:30 p.m. Rev. Fred Kendall of Detroit's Hebrew Christian Mission will speak at 7:30 p.m. You should not miss the Wednesday night prayer meetings.

BEREA GOSPEL CHAPEL. Assembly of God, John Walasky, pastor. Corner Ann Arbor Trail and Mill street. Sunday school, 10:00 a.m. Morning worship at 11:00. Evening service at 7:30 p.m. Tuesday evening Bible study at 8:00 p.m. at 1101 Hagerty highway. Thursday evening, mid-week service, 7:45 p.m. Children are asked to be out this Sunday to receive their Christmas memory verses and rhymes. "Remember now thy Creator in the days of thy youth, while the evil days come not, nor the years draw nigh, when thou shalt say, I have no pleasure in them." Ecclesiastes 12:1.

SEVENTH DAY ADVENTIST church. Sabbath school Saturday, 9:30 a.m. Preaching service following. Place, Jewell-Blaich hall on Ann Arbor Trail. Prayer meeting Wednesday evening, held at various homes. M. V. meetings Friday evening, 8 p.m. at the home of John Peck, 5775 Lilley road. All are invited.

ST. MICHAEL'S CATHOLIC church. Father Contway, pastor. Rosedale Gardens. Masses at 8 a.m., 10 a.m. and 12 noon.

SALEM FEDERATED CHURCH. C. M. Pennell, pastor. Sunday morning worship, 10:30 o'clock. Sermon subject: "The Door of Hope." Bible school, 11:45 a.m. Sunday evening hymn-sing, 7:30 o'clock. Robert Whittaker, leader.

SALVATION ARMY. Captain, Helen Arnold; lieutenant, Marie House. Sunday services: Sunday school, 10 a.m.; Holiness meeting at 11 a.m. Evening service, 7:30.

S A L E M CONGREGATIONAL church. Next Sunday we shall observe our annual Rally Day and Thanksgiving service. There will be several fine features of singing, recitations, personal testimonies and our special Thank offering to go toward missions. All our friends in the community are cordially invited. Service begins at 10:30 a.m. This service combined with Sunday school; prayer meeting Wednesday evening in the church at 8 o'clock; choir practice Tuesday evening in the home of Mr. and Mrs. Searfoss.

ROSEDALE GARDENS PRESBYTERIAN church. John B. Forsyth, minister. The church school staff will meet in the church basement tonight (Wednesday) at 8 o'clock. Fathers and Sons will gather in the church basement

Some wonderful buys at: 215 acres, good buildings, woods. \$6800.00.

69 acres with stock and tools for \$6000.00.

Others just as good to choose from.

Bullets for Offense and Defense

U. S. Flying Fortresses not only spell death in the form of heavy bombs. Their excellent armor plating provides a good defense against enemy fighter attacks, and the many guns with which the Fortresses are equipped make them deadly to the would-be-attacker. Somewhere in Great Britain a Flying Fortress prepares for a raid over Hitler's Europe. Picture shows its cartridge belts that feed the machine guns being checked.

FOR SALE—Cement gravel, \$1.25 a yard; road gravel, \$4.00 for 4-yard load; fill dirt, \$3.00 for 4-yard load, in Plymouth, K. Sorenson, phone 864-W1. 2-11-c

"The Mission Had Been Accomplished" A running fight between the bomber and the 18 Japanese pursuit planes continued for 75 miles... continued until the remaining pursuit ships exhausted their ammunition and turned back. With two engines gone and the plane practically out of control, the American bomber returned to its base after dark and made an emergency landing. THE MISSION HAD BEEN ACCOMPLISHED. -President Roosevelt, in his Fireside Chat, April 28, 1942

Ford To Make Big Gliders For Army

Paul Wiedman Tells Of New Army Aid

According to information received by Paul Wiedman of the Plymouth Motor Sales company, the Ford Motor company of Dearborn will add transport gliders, of sufficient size to carry 15 invasion-equipped soldiers, to its production of war materials for the government.

The glider-building program was launched following a recent test of the first Ford glider by Col. Frederick R. Dent, Jr., director of the Army glider development program, and co-pilot Major Bruce B. Price, director of the glider unit at Wright Field, Ohio. Cut loose from a two-motored Army transport at 8,500 feet, the broad-winged ship floated high over Ford Airport for 15 minutes, then glided to a gentle landing.

Nearly as large as a medium-sized bomber, the engineless air transport has a fuselage 82 feet long and a wing-spread of 24 feet. It weighs approximately 3,000 pounds.

The fuselage is built around a framework of tubular steel. The plane's wings are constructed of airplane spruce and mahogany wood. The skin, or outer surface, is coated with close-weave, long fiber cotton fabric.

One of the innovations intro-

duced by Ford in the construction of gliders, is a method of quick-drying glue joints through simultaneous application of heat and pressure. To reduce the drying time from eight hours to five minutes, engineers have devised a network of rubber tubing for attachment to the jigs in which the wings are assembled. Contacting the wing structure at those points where glue has been applied, the rubber tubing is swollen by steam, drying the joints by heat and pressure.

Another production aid is a fixture for quick gluing of the rib members to the spar by combining a pressure clamp with an electrically heated platen.

For contour molding of the plywood wing surfaces, a heavy, easily-made concrete die was designed. Lined with steel piping for the passage of steam, the dies serve as well as steel ones they replace.

In order to put the motorless ship into production, Ford engineers supervised the designing of more than 4,000 tools, a number of them giant fixtures.

Manufacture of the tools was divided between the Ford Rouge plant toolroom and 30 toolmaking concerns. To avoid costly delay, toolmakers were first invited to inspect blueprints before they accepted orders. Following examination of the plans, the manufacturers selected those tools they were best equipped to turn out with a minimum of delay.

Approximately four months after blueprints of the Waco-designed ship were handed to the Ford Motor company, the first Ford-made glider was ready.

Beginning in May, Ford engineers laid out loft boards, on which were made detailed full-scale drawings of the glider. Working from this, Ford men redesigned various parts and assemblies, and adapted the ship to au-

tomotive type of line production. The glider's basic design remained unchanged.

Once construction was launched the company assigned its skilled model makers, artisans who have been making auto patterns for years, to fashion thousands of wooden parts.

While these parts were being assembled on temporary fixtures at the Ford Airport plant, permanent fixtures were being designed and constructed. Completed and approved, they were shipped to a huge Ford wood-working plant, where production of the gliders is getting underway.

Initial test of the first Ford glider was made with Henry and Edsel Ford in attendance. Hundreds of glider plant employees were released from their jobs so they could view the first performance of the ship they had built.

Alice Postift To Organize Bible Classes For Plymouth Children

Calvary Baptist church has engaged Miss Alice Postift, a recent graduate of the Moody Bible Institute of Chicago, to organize Bible classes in various neighborhoods of Plymouth. These clubs, designed especially to reach the children, are inter-denominational and non-sectarian in character, states Rev. L. B. Stout, pastor of the Calvary Baptist church.

No child will be influenced to leave the Sunday school now being attended. Parents are welcome to attend these Bible classes at any time.

It is stated that the church is taking these steps to head off as far as possible the threat of child delinquency in America. During the early months of the war in England, child delinquency increased more than 41 percent. It is believed that the organization of child Bible classes will help to lessen this danger in America.

Rev. Stout points out that in some cities in America the curfew is already being imposed and recreational places as well as other gathering places for young people are being closed at early hours in the evening. Parents are asked to cooperate with the church in sending their children to these Bible classes.

Alice Postift

New South Pacific Navy Chief and CINPAC

Vice Admiral William F. Halsey Jr., famed task force commander who carried out the smashing attacks on the Jap-held Gilbert and Marshall Islands, is shown (left) with his chief, Admiral Chester W. Nimitz, commander-in-chief of the U. S. Pacific fleet (CINPAC). The navy appointed Admiral Halsey as successor to Vice Admiral Robert L. Ghormley as commander of U. S. naval forces in the South Pacific. Admiral Ghormley, who has been in command of the U. S. forces during the present Solomons campaign, was relieved of his command.

Weddings

DICKIE-WATERS

On the evening of November 17, the Presbyterian church of Rosedale Gardens was the scene of the wedding of Miss Dorothy Gail Waters, daughter of Mr. and Mrs. Frederick B. Waters of Rosedale Gardens, and Howard B. Dickie, son of Mr. and Mrs. A. L. Dickie of Grand Rapids.

The ceremony was performed in candlelight by the Rev. John B. Forsyth before an altar decorated with white cascade chrysanthemums and palms.

The bride, who was given in marriage by her father, wore a gown of white slipper satin and net and a fingertip length veil. She carried a bouquet of gardenias and roses.

Miss Waters was attended by her sister, Nancy, who wore a maroon color gown with a full taffeta skirt and a velvet bodice. Her headress was maroon net and flowers and her bouquet was of talisman roses.

Robert Boyer, cousin of the bridegroom was best man; George Waters, brother of the bride, and Douglas Hackett were the ushers.

Mrs. Waters, mother of the bride, wore a brown crepe dress with matching accessories and a corsage of talisman roses.

Mrs. Dickie chose a deift blue dress and wore a corsage of red roses.

A reception was held at the Rosedale Gardens club house. After a brief honeymoon Mr. and Mrs. Dickie will reside in Plymouth.

Among them were Arthur Guldner, Earl Wilson, Edward Bassett, William Darnell, Roy Mercer, Gerald Krumm and Sonny Bridge.

Dr. and Mrs. J. M. Robison, Penniman avenue, are the proud parents of a baby boy, born Monday morning, November 16 in Providence hospital, Detroit. He weighed 6 pounds and 11 ounces and has been named John Raymond. The name Raymond is in honor of a brother of Dr. Robison who is a major in the U. S. army in Africa. Mother and babe are progressing nicely.

Private Gerald S. Greer, son of Mr. and Mrs. William Greer, of South Main street, who is stationed at Aberdeen, Maryland, was married November 9 to Miss Doris Rowland, at the home of the bridegroom's uncle and aunt, Mr. and Mrs. Stanley Simmons, in Baltimore. The bride is the daughter of Mr. and Mrs. Estel Rowland, of North Territorial road, Plymouth.

Krump, anchor man for Dr. Ross, had a nice chance for a perfect game but a sticky seven pin stopped him in the tenth. It was a good hit too. While he missed his perfect game, he bowled a complete game throwing only 13 balls which is par for the course.

Mr. and Mrs. S. G. Davis of Orangetown road announced the marriage of their son, Sergeant Harold Davis to Miss Helen Cameron of Bangor, Maine. Sergeant Davis is an aerial photographer at Dow Field, Bangor, Maine.

Mrs. Irene Shaw has returned to her home on Harvey street from St. Joseph's hospital, Ann Arbor where she has been confined the last three weeks. She is slowly improving.

Pfc. Emerson Robinson of McChord Field, Tacoma, Washington, arrived Wednesday for a visit with his parents, Mr. and Mrs. Charles Robinson of Forest street. He is here on a 15-day furlough.

Mrs. George Curtis Sr., of Irvin street, has returned home after a three months' visit with her son, Neal, who is stationed at San Diego, California, and is a member of the Marine concert band. She was accompanied on her trip by Mrs. Gerald Krumm. While in San Diego they were fortunate in meeting several Plymouth boys.

Rains Delay Fall Crop Harvest

Labor Shortage Also Plagues Farmers

Temperatures were about normal during October but precipitation was above normal in most areas of the State. Heavy rains occurred around the middle and again at the end of the month. Harvesting of all fall crops is behind schedule, particularly sugar beets, because of the labor shortage. Frequent rains reduced the number of working days before the ground freezes, making a critical situation more critical. High school and college students, as well as many civic organizations, are rendering invaluable aid during this period of emergency.

The indicated average yield for this year's corn crop of 42.5 bushels per acre is the highest on record. The total estimated production for the State of 66,980,000 bushels is also the largest on record. A considerable acreage of late planted corn was nipped by freezing weather late in September. Much of this soft corn will be difficult to keep and is of inferior feeding quality. Silages were filled from fewer acres than usual this year. Buckwheat production of 438,000 bushels represents an increase of 68 percent over the 1941 crop.

Michigan's farmers report a decrease of 14 percent in hired help from a year ago and 28 percent less hired hands than the 10-year average.

Michigan's farmers report a decrease of 14 percent in hired help from a year ago and 28 percent less hired hands than the 10-year average.

Obituaries

FONNIE B. DYER.

Fonnie B. Dyer who resided at 935 York street, passed away Friday morning, November 13, at the age of 47 years. He is survived by his widow, Mrs. Ora B. Dyer, two sons and two daughters, Mrs. Dorothy St. Louis, Beatrice, Auburn and Lawrence Dyer all of Plymouth; his father, William K. Dyer, two sisters, Mrs. Cloyce Scott and Mrs. Knoxie Nipp, three brothers, Theron and W. K. Dyer, all of Troy, Tennessee and Rufus Dyer of Hickman, Kentucky. The body was taken to the Schrader Funeral Home, Plymouth, and later sent to Troy, Tennessee where funeral services were held Monday, November 16. Interment was made on the family lot in Ebenezer cemetery, Troy, Tennessee.

Local News

Mr. and Mrs. John McLaren accompanied their daughter, Nancy to Granville, Ohio, Sunday where she will resume her studies at Denison University, following a few weeks' absence on account of illness.

Mrs. Mamie Kingsley of Berkeley was the guest of friends here and around Plymouth last week. She also attended the bazaar and homecoming in Newburg where she renewed old acquaintances of former years.

Mrs. John Randall and son, David Lawrence, who have been spending the past few months with her parents, Rev. and Mrs. Walter Nichol, have joined Lieutenant Randall in Detroit. He was recently transferred from Washington, D. C.

The Briggs group of the Extension Service club was entertained Monday evening at the home of Mrs. John Schroder on Six Mile road. The subject for discussion was "Flower Arrangements." Members present were Mrs. Levi Pankow, Mrs. Ray Owens, Mrs. Walter Mielbeck, Mrs. Carl Wagonschultz, Mrs. Harvey Wagonschultz, Mrs. Edward Sallow and Mrs. John Pardy.

Retired machinist back in harness puts 20% in War Bonds

Oscar used to be a first-class machinist. Five years ago he retired to live out the rest of his life on a pension.

The other morning he showed up again at his old plant, which now makes war equipment, and asked for his old job back. When payday came, he signed up with the Payroll Savings Plan to put 20% of his pay in War Bonds.

Seems Oscar's boy was on Bataan.

The Most You Can Save Is the Least You Can

With people like Oscar making real sacrifices to help win the war, is it too much for you to put aside as little as 10% of your pay for War Bonds? Sign up for at least 10% at your place of business today!

The Pilgrims came to establish a nation in true freedom, in the rights of conscience.—Mary Baker Eddy.

For Thirst... BUY Schmidt's

BUT FIRST BUY BONDS!

Wartime economy calls for America to BUY BONDS FIRST... and during "after hours" relaxation... enjoy your favorite beverage of moderation... thirst-quenching Schmidt's Beer... the delicious, low-calorie beer. Enjoy it to your heart's content... for Schmidt's too have entered into the spirit of wartime economy by bringing you The Natural Brew in the big quart size bottles that serve five and save caps. Schmidt's is still available in regular 12 ounce bottles and on tap... at all better places.

'UNCLE SAM' WANTS YOUR GAS REFRIGERATOR TO LAST!

It's vital to victory to make what you have last! Your silent Gas refrigerator will preserve food better and give even longer service if you follow these simple instructions.

Defrosting Suggestions

1. Frost should be removed periodically to keep refrigerator operating at peak efficiency.
2. Frequent defrosting will make it easier to remove ice trays and prolong the life of trays by preventing the damage that often results when trays are forcibly dislodged with tools.
3. Your gas refrigerator has less work to do at night. Take advantage of this by defrosting in the late afternoon or early evening, so that refrigeration can be started before you go to bed.
4. Do not cover grill at back of refrigerator.
5. Put food in as small containers as possible.
6. Never forget to reset your temperature control to normal after you have done quick freezing.

Cleaning Suggestion

1. The outside finish may be cleaned with a damp cloth. Occasionally it may be necessary to use a small amount of mild, smooth white soap and warm water.
2. Clean off any grease or oil which gets on the outside finish or on the rubber door gasket. (Grease or oil destroys rubber).
3. To clean the interior of the refrigerator, remove the shelves, and wash the shelves, and wash the porcelain finish with a cloth wet in lukewarm soda solution. (1 teaspoon of baking soda to 1 quart of water).

Correct Use Of Refrigerator

1. Don't overcrowd.
2. Place the food on the shelves so that there is room for air to circulate around it.
3. Do not cover refrigerator shelves with paper or oilcloth.

MAKE WHAT YOU HAVE LAST—IT'S A PATRIOTIC DUTY

CONSUMERS POWER

Saturday Set For Tin Drive

(Continued from page 1) ers hope to have a carload as the result of Saturday's collection. Plymouth's contribution of tin this month should reach a total of over five tons. It is estimated that one ton of tin should be continued each month by every 1000 population. Upon that basis Plymouth has been way under in its tin collection.

The last collection amounted to about three tons. Mrs. Willoughby states that she plans to put forth every effort to see to it that Plymouth reaches its quota every month, beginning with the collection which will be made Saturday.

She points out that tin is an important metal in industry, and principal sources of it are completely cut off by war. Nearly 90 percent of the nation's tin formerly came from Malaya. Of the 100,000 tons of tin used in the United States last year, only 44 tons of tin ore were produced in this country. It will take time to build up South American tin production and TIME IS SHORT!

Tin is used in many war industries, such as bushings for airplane motors, having 10 percent tin content; also heavy bushings

for machine-gun mounts. Tin is an important part of Babbitt metal, which is used in all sorts of machines. Tin is used for plating the canisters of gas masks and for many other sheet metal products. Tin is required for the millions of food cans needed to feed our troops in the field or our crews at sea.

Tin cans have never been salvaged commercially to any large extent. Therefore, patriotic volunteer effort is necessary. Cooperate with your salvage committee, defense council, and municipal authorities—and thus help make salvage of tin cans a big success in your community.

Remember that all properly prepared tin cans contributed by you will go directly to detinning plants where the tin coating will be separated from the steel body of the can. One hundred percent of the metal content is recovered as tin or steel in form for immediate use for war production.

If everyone does his or her share to help, the salvage value of "prepared tin cans" should pay for the full cost of city-wide collections and shipment to detinning plants. It is directly up to you. Follow the official instructions carefully. START SAVING NOW!

All paint, oil, varnish, floor polish, or cone-shaped cans are not wanted for salvage. Evaporated or condensed milk cans are not worth saving. Put these with your trash.

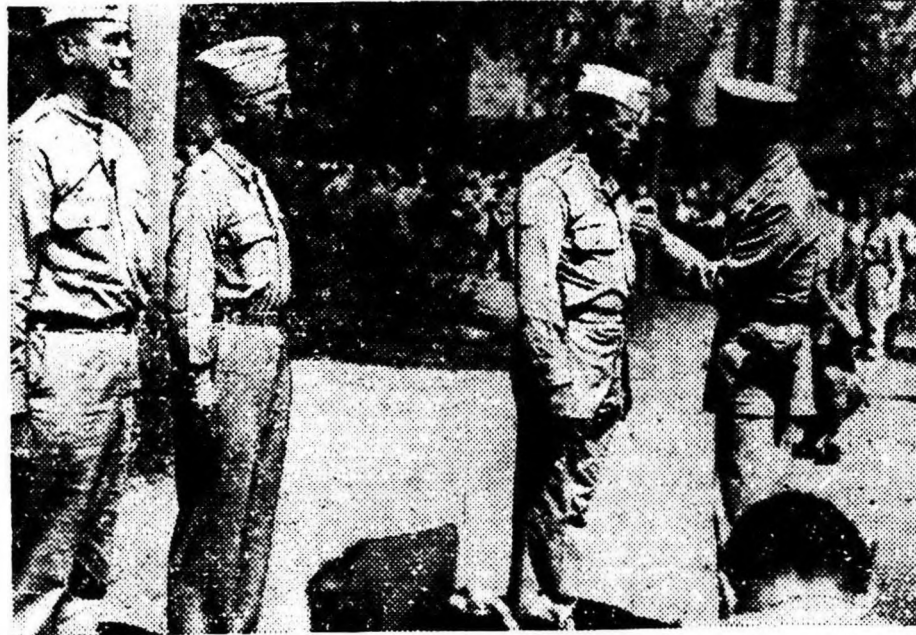

Coffee cans and others with painted-on-can labels are wanted. It is not necessary to wash off the small amount of glue which holds labels.

Washing prevents deterioration of tin coating—assures sanitary condition—and prevents contamination of detinning fluid.

Removing top and bottom permits the free flow of detinning fluid over all surfaces of the can. Flattened cans occupy less space in collection, shipment, and detinning operations—thereby decreasing handling costs and increasing plant capacity for detinning.

Properly "prepared cans" are clean and fit solidly into a basket or other container.

British Awards for U. S. Instructors

Gen. Sir Harold Alexander is shown giving British decorations to three U. S. officers in recognition of their services as tank instructors with British forces in the Middle East on the first anniversary of American participation in Middle East fighting. Left to right: Col. William Cornog, Augusta, Ga.; Capt. J. W. Smothers, Princeton, Ind.; and Lieut. Kindie Watson.

Christmas Seal Drive To Start On November 30

(Continued from page 1) before the war, now three die. The Christmas seal is the voluntary guard, dedicated to "Protect Your Home from Tuberculosis."

Theo. J. Werle, executive secretary of the Michigan Tuberculosis association, says Michigan faces a greater public health problem than in World War I. Yet between 1914 and 1918, Michigan's tuberculosis deaths increased 29 percent.

"If we suffer such a rise here next year it will mean 10 more persons in Michigan die of tuberculosis every week of the entire year," he points out. "This would be in addition to the 33 who at present die each week."

"It would mean robbing children of their mothers, cheating young men of the maturity of which they had dreamed, murdering tiny children, taking workers from our war industries," he warns.

The Christmas seal program for 1942 will consist of (1) searching for unknown cases of tuberculosis, through tuberculin tests and chest X-rays, (2) educating children and adults to prevent tuberculosis, (3) aiding tuberculosis research, (4) helping the expectant to a suitable job.

Christian Science Thanksgiving Service

As is customary in all Christian Science churches, a special Thanksgiving service will be held on Thanksgiving day in First Church of Christ, Scientist, corner of Union and Dodge streets.

Following the usual order of service there will be a brief period in which members of the congregation may express their gratitude for healings and other help which they have received during the past year.

The Golden Text from Psalms (69:30), will be very appropriate for the occasion and reads: "I will praise the name of God with a song, and will magnify him with thanksgiving."

Buy WAR BONDS TOP THAT 10% BY NEW YEAR'S

Thousand Dollar Turkey Is "Good"

Buyer Says He Never Ate Better One

Mr. and Mrs. E. B. Woodard, 233 South Main street, have been "enjoying" the \$1,000 turkey that Mr. Woodard purchased at the war bond auction held on October 31st.

"Never ate a more tender turkey than that one. They said it was a 25 pounder, but I bet it was nearer 30 pounds than 25. We have had two Thanksgiving dinners off the turkey already and are saving more of it for our big Thanksgiving dinner on November 26," said Mr. Woodard yesterday.

"I hated to kill that turkey—it was such a friendly fellow, but, of course, turkeys are turkeys and we grow 'em for just one purpose—and that's the roasting pan along about Thanksgiving time. But the farmer who raised that turkey certainly knows how to do it," he added.

Well, any thousand dollar turkey ought to taste pretty good. This big bird happened to come from the farm of A. B. Hersh on Joy road—and all of his turkeys are just like pets. They even try to pick the buttons off Mr. Hersh's coat when he goes out to feed them.

Mrs. Hartmann Worthy Matron

Eastern Star Installs Officials of Order

Tuesday evening, November 17, marked the forty-ninth installation of officers for Plymouth chapter No. 115, Order of the Eastern Star. Before an audience of some 250 persons, the incoming worthy matron, Lillian H. Hartmann, took her oath of office.

Under the supervision of the outgoing worthy matron, Pearl Lundquist, the chapter room in the Masonic temple was decorated with giant white mums in large baskets and candelabra, which presented an appropriate setting for the ceremonies.

The address of welcome was given by Mrs. Maude Schrader, a past matron. Mrs. Francis Glover, worthy grand matron, of the state Order of the Eastern Star, officiated as installing matron. Members of the installing staff were Mrs. Ann Carley, acting grand chaplain; Mrs. Isabelle Schumacher, acting grand marshal; Mrs. Eva Gray, acting grand organist; Mrs. Helen Rowe, past matron of Dearborn, floral degree; Wallace Schonschack, well-known baritone soloist, who formerly sang over CKLW, and is a cousin of the incoming worthy matron, sang several appropriate selections. He was accompanied at the piano by Mrs. Schonschack.

The newly installed officers are as follows: worthy patron, Dunbar Davis; associate matron, Alice Rathbun; associate patron, Harry Brown; secretary, Catherine Henderson; treasurer, Carol Birch; conductress, Julia Innis; associate conductress, Myrtle Brown; chaplain, Lillian Birchall; marshal, Clara Mumbly; organist, Alta Woodworth; Adah, Marjorie Monteth; Ruth, Isabelle Lubeke; Esther, Barbara Karatz; Martha, Aleda Riley; Electa, Clara Todd; warder, Burlie Tremaine; sentinel, Nellie Birch; color bearers: American flag, Wilhelmine Shirey; Christian flag, Martha Davis; Eastern Star flag, Mena Williams.

The new matron was the recipient of a dozen large chrysanthemums and many gifts from relatives and friends, among them being a beautiful rosewood gavel suitably engraved from Catherine Henderson, a past matron. The colorfulness of the event was greatly accented when each old and new officer was given an orchid by Reinhold Ruehr, florist and former worthy patron of the order.

After the installation proper, every one retired to the dining room where refreshments were served. Gifts were opened, and felicitations exchanged.

Christmas Club Payments To Be Made In Few Days

(Continued from page 1) throughout the country stopped doing many things until December 20. This period is the peak time for enrollment and many thousands that were members in 1941 failed to join for 1942.

Based upon reports from individual Christmas Club members received in January of this year as to the use of funds last December, and applying these reports to the entire distribution for 1942, the estimated fund of \$410,000,000 will be used by the recipients approximately as follows:

- Christmas purchases 30%
- Permanent savings 22%
- Taxes 13%
- War bonds 12%
- Insurance Premiums 11%
- Year End Bills 8%
- Education and charity 3%
- Unclassified 1%

100%

Plans for distribution indicate that a larger percentage of the total fund will be voluntarily used this December in the purchase of War Savings Bonds. A total of \$75,000,000 is anticipated. To encourage a better understanding of the need for every form of savings during the war, Mr. Rawlin's stated that Christmas Club is announcing a Victory Through Thrift Slogan Contest for the 8,000,000 members enrolling for 1943. Slogans are to be submitted that best express an incentive for people to save more in Permanent Savings for Post-War Security, save more in War Savings Bonds and to save more in Tax Savings Notes, all from current income in the banks and savings and loan associations of the country. The contest provides awards totaling \$5,000.00 all in War Bonds and Stamps at purchase value.

In the distribution of Christmas Club funds this year, New York State leads the other states with about \$11,000,000; the estimates for Pennsylvania are \$43,000,000; for Massachusetts \$38,000,000; for New Jersey \$29,000,000. New York's Metropolitan district will receive about \$68,000,000. The Bank of America N. T. and S.A. in California will distribute \$18,000,000 to 400,000 members. The Bank of the Manhattan company has \$5,000,000 for 100,000 members enrolled at 49 offices in greater New York. The Seaman's Bank for Savings in New York City has an approximate total of \$2,500,000; The Dime Savings Bank of Brooklyn \$1,500,000. The Howard Savings Institution of Newark, N.J., the Trust Company of New Jersey, the Hudson County National Bank and the Commercial Trust company, all in Jersey City, each have a sum in excess of \$1,000,000 for a combined total of 90,000 members.

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

7A Gives Hobby Show

The seventh grade held a very interesting hobby show November 3 in which all manner of hobbies were presented. One of the most interesting was Ray Nowry's. He had some beautiful embroidery work and also displayed bullets which his father had obtained in World War I.

Other interesting hobbies were Virginia Olson's who brought white cake, and told how to make it; Jack Campbell's, who had nut bread he had made; and Wayne Glass' vegetable he had grown and his mother had canned. Tom Gray and Teddy Bailey displayed pet pigeons and described how to care for them. Vito Sambrope had a bantam rooster and told how to care for it. Betty Rea Norgrove, a young lady who likes ice-skating very much, brought her figure skates and showed how to lace and tighten them. Art Bartle showed some Indian Corn and gave a talk about wild animals. Harry Gottschalk has a hobby; in one and one-half years he has saved seventy magazines.

After the show, the students, along with their guest, Mr. Reeves had a party, eating the cake and some marshmallows. In the words of one student, "Did we have fun!"

Stress Patriotism At Assembly

Stressing Americanism was the main objective in the Armistice Day assembly last Wednesday, November 11, with a program by the speech group which is doing this type of work instead of debating.

The program consisted of three parts: the first was a choral reading with groups of Americans of today, yesterday and tomorrow; the second part consisted of the girls double quartet singing patriotic songs with Louise Powell as reader; and the third was a skit entitled "A Direct Hit," presented by the Drama Club. The moral of the story was aimed at the slackers and showed what life would be like if the conditions in Germany existed here.

Youngsters Trying To Grow Mustaches

Three stalwart members of the junior class are trying to become men by joining the ranks of that select group of boys who try the many art of growing mustaches. Already traces of fuzz can be seen on two of the fuzz-growers, Joe Brisbois, and "Burt" Mason, but the remaining fellow of the trio, Bob Thams, isn't doing so well. All of his attempts so far have been in vain, except for a few goffer feathers around the corners of his mouth as a result of faithfully massaging his face nightly. Mason and Brisbois, despite all attempts, will not divulge any information about their success in mustache growing. It is doubtful if the boys will have a full grown mustache in time to impress the girls at the Senior Prom.

Ten per cent of your income in War Bonds will help to build the planes and tanks that will insure defeat of Hitler and his Axis partners.

Plymouth Pilgrim Prints

Student Publication Friday, November 20, 1942 With Faculty Supervision

Class News

It has been estimated that each week an average of fifty books are out over due. The rule of the library as every student knows is the charging of a fine of two cents each day the book is overdue. As a book can be redrawn there is no need for many overdue books.

Mr. Latture's government classes will hold a national election in the near future. All pupils will decide to which party they wish to belong. Questions to be discussed by the two parties are the second front, central control of armed forces, the length of the labor week, taxes, and gas rationing in Michigan.

Most seniors will remember the charts they had to make for Miss Fiegel. She still has the same idea but a little stronger than last year.

Miss Lovewells' English classes are beginning a program and discussion entitled "Good Citizenship in Wartime." The pupils are writing essays, telling stories, and making up dialogs. Some topics of the program are "Education in Wartime," "Free Speech," "Children in Wartime," "The Peace," and "Citizenship and Patriotism."

Harold Braidwood, shop student, is recovering the six and one-half foot wing of his gasoline model airplane which has made flights lasting as long as twenty-two minutes.

Having finished his own roller skating wheels, John Petrazewsky has started a lamp, using a cow's horn as a base for the socket.

Miss Waldorf's English classes are collecting worthwhile books to send to service men.

The Girl Scouts are also conducting a drive for books for our fighting men. For pickups, call 1171-J.

The French I and French II classes have handled in notebooks, containing articles about France which they have found in newspapers. The French I class is learning Christmas Carols.

The TB geography class has been studying the forest regions of the United States.

Miss Wilson's general science classes are studying the types of materials found in the earth's surfaces.

Mrs. Bixler's biology classes have finished studying the animal phylums and are beginning to study the different organs of animals.

Mrs. Paul's homemaking class visited the Pettinall store in order to discover what the shortages are in foodstuffs and to see the type of containers that will be used during wartime.

Mr. Hedrick's classes are studying plant structures and their life processes.

Mrs. Gilder's seventh grade English class is busy studying quotation marks while the eighth are struggling through the agreement of the verb and subject.

Under the direction of Mr. Luchman, the instrumental and vocal departments are combining to present a Christmas concert.

Senior Sketches Calling All Jive Fans

Dick Neale, ace photographer and aviation enthusiast, has as his life's ambition, a press card stuck in his hat showing that he is a press photographer. Dick's accomplishments include being a member of the football squad, Hi-Y, and the Camera Club. He has been on the committees for the J-Hop Junior play, and the Senior prom Richard's pet peeve is the wearing of neckties.

Son of John and Edres Neale, Dick lives at 242 Auburn Avenue.

Kenneth Hannah, son of Mr. and Mrs. H. Hannah, lives at 44757 Ann Arbor road. During his years in Plymouth High he has had many accomplishments.

Member of both the school band and orchestra for two years, and appointed on the sophomore dance, Senior prom and J-Hop committees. With the help of his accordion he has built up a reputation for his work at school plays and dances. Most of his traveling has been done through the south where he once lived, but he has also made trips through Canada and Michigan.

Kenneth agrees with most boys on his pet peeve, which is women drivers; while his hobbies are, as one may guess, his accordion and drums.

William R. Upton, a well known character around P.H.S., is the son of Mr. and Mrs. Clyde R. Upton, 14440 Haggerty highway. His avocation of being an important part of "Mike's" Orchestra ties in with some of his accomplishments in school such as four years and vice-president and president of the band. His non-musical accomplishments include vice-president of his junior and senior class, president of the Y this year, two one-act plays, and the junior play. His pet peeve (a common one among the fellows) is girls that are never ready for a date on time.

"Having people spell my name with an h when it's Ester" is the pet peeve of Ester Maynard, daughter of Harry Maynard of 615 Fairground Avenue. Her accomplishments in school are many, some of them being Glee club, Senior year book, stunt night, and senior prom committees.

In connection with the Glee club she has been to the Twin Valley concert in Ypsi and in the Christmas concert. She has traveled quite a little in Illinois, in Indiana and in Wisconsin. Her hobbies are a little out of the ordinary—collecting jewelry and phonograph records. Her main aim in life is to be a nurse, the aim of most girls now.

Ruth Granger, daughter of Mr. and Mrs. Don M. Granger of 8641 Canton Center, Plymouth, has accomplished many things while in high school: president of the Home Ec. club, Leaders' club, three years Red Cross one year J-Hop committee; treasurer of the sophomore class drum majorette, one year; Library club one year; Glee club one year; and a 1,000 point letter for her sport activities. She has traveled through Indiana, Illinois, and Michigan. Her hobbies are snapshots and spending money. For a pet peeve Ruth dislikes people who don't have minds of their own.

Bob Lindberg, of 297 West Liberty street, son of Mr. and Mrs. Ben Lindberg, seems like an even tempered young man since his only pet peeve is people hanging around the machine shop door. He is a school machine shop foreman now and plans to be a mechanical engineer later. His hobbies are sports and making model airplanes. He has traveled in upper Michigan and in Wisconsin.

Elaine DePlanche, daughter of Mr. and Mrs. E. S. DePlanche, resides at 10123 Tecumseh Avenue in New Detroit. Elaine has done many things while in school, some of which are Junior Red Cross of which she was chairman for two years; drum majorette, two years; J-Hop committee; junior play committee; sports, 1,000 point letter; library club, 1 year; annual editorial staff; general chairman of Senior prom. Her favorite hobby is swimming. Her aim in life is to be a social or welfare worker. Don't talk about the war in front of her because that is her pet peeve. Elaine has traveled all through New ork, parts of Canada, and to Chicago.

Girl Reserve News

Miss Huff, secretary of the Y.W.C.A. in Highland Park, visited the Senior Girl Reserve group last Wednesday. She talked to the girls about child care during wartime. She suggested that the girls begin a nursery class in which they could learn about children and how to care and entertain them.

Miss Seeley talked to junior Girl Reserves about World Fellowship and Prayer week, which was November 8 through 14.

Senior Prom Tonight

The annual Senior Prom will be held this evening at 9 p.m. in the high school gym. The occasion will be as bright and gay as ever. The theme of the dance will be "Winter Wonderland."

Norm Archer and his band will furnish excellent dance music. Persons out of school will be admitted by invitation only.

Calendar

- Nov. 20—Senior Prom—9:00.
- Nov. 24—Order Defense Stamps.
- Nov. 26-27—Thanksgiving vacation.
- Dec. 1—Order Defense Stamps.
- Dec. 3—Junior play, 8:00.
- Dec. 4—Junior play, 8:00.

Better Give Gifts that will do Double Duty This Year!

Why not a pair of good serviceable shoes for every member of the family - and there isn't anyone who wouldn't appreciate a pair of comfortable warm slippers.

Christmas will soon be here. Make your selection while our stock is complete.

The Sparkies At Work

An anonymous group of boys in Mr. Evan's seventh hour chemistry class who call themselves "sparkies," have been forming a human electrical chain by holding hands together and then shocking persons as they pass by the chemistry room. The first sparkie of the human chain holds a pair of pliers a quarter of an inch from a Tesla coil which emits a spark that leaps to the pliers and thereby travels harmlessly through the boys to the last "sparkie" who touches a passerby, preferably on the hair. Although the shocked person feels as if a thousand needles have been jabbed into him, the slight electrical shock is entirely harmless.

"Whispers"

It seems the members of P.H.S. have their triangle just as much as Hollywood. Our mayor seems to have a "dill." Better be careful Gordie; they say redheads have pretty bad tempers, but then the other one is working at the bank.

Keeping Up With Plymouth

"Yours truly" interviewed Mr. Latture "other day and learned that a Miss in the fifth hour public speaking class has turned director-producer. It seems she is directing a play the "Man Without a Country." Well its suits Faith cause she "drives them out" anyway.

Odds and Ends

If you see a girl student walking around the school halls barefooted, it is the fault of "Burt" Mason, who was seen taking shoes to the shoe store.

Miss Allen, English teacher, says that the parentage of her cat "Puff" was black Angora and "Ash Can-San."

Mr. Evans and Bob Thams have been refilling the bottles of chemicals on the shelves in the chemistry laboratory.

Two nameless girls are going deer hunting this Saturday.

We thought the football season was over but after seeing Malcolm MacGregor and George Ganey we have our doubts.

The casts of the Junior play have been seen eating hamburgers at play practice due to the fact that it was super time.

Miss Waldorf, English teacher, has devised a new "formula" for rubber to ease the rubber shortage. Her idea consists of having all the gum chewing fiends of Plymouth high school deposit their masticated gum in a box conveniently located. After collecting a fairly sized deposit Miss Waldorf would then mold it into a set of tires.

P.S. This doesn't mean Miss Waldorf will permit gum chewing in her classes.

Maybe it's because the Senior Prom is coming soon, but we should like to know the real reason why so many boys are taking from the library the book "The Questions Girls Ask."

A pupil in Mrs. Carey's 8A-1, third hour history class pointed out on a map that the Philippine Islands are now in lower California.

Bob Wolf and two of his buddies were nonchalantly climbing the stairs the other day and harmonizing on "Won't you call me sweetheart, I'm in love with you."

Here and There

Saturday evening, Virginia Landau, John Reich of Detroit, Mildred Shingler, C. B. Post of the U.S.N., Norma Bauman and Hughie McUree of Detroit, enjoyed an evening of dancing at Clark's.

"Virgie" Shettleroe had a group of kinds in after the dance on Friday night. Her guests were Morie McConnell, Sally Jean Haas, Bob Birt, class of '42; Mazie Bakewell, Jack Stout, Elaine de Planche, "Shiek" Erdelyi, class of '41; Lorraine Nichols and Bob Erdelyi.

Betty Jean Duff had a little party Saturday evening. Those there were Bud Virgo, Jerrie Dahmer and Bill Slater of Northville. The kids danced and drank "coke."

Dina Brunner, Les Bootright Marion Bakewell, and Eugene Melbourne went to the Beverly Theatre Saturday night.

Margaret Jackson and Bob Williams of Detroit went to the United Artist Wednesday evening and saw "Panama Hattie." Afterwards they went to Margaret's.

Bea Radke attended the Walled Lake Prom with Bob McCall of Detroit.

Wilma Lounsberry spent the week end with "Conie" Daily in Dearborn.

The monthly social meeting of the Home Ec. club was held at Pat Martin's. Games were played and refreshments were served.

Dot Fisher, Bob Fisher, class of '42; Janice Downing and Boi Vogtin of Northville saw "Sever Day Leave" at the State in Ann Arbor Sunday.

Rosie Ray, Carolyn Kirk, Ann Ray, and Beatrice Eberer saw "Orchestra Wives" at the Fox Saturday night.

Claire Ebersole and Sally Jean Haas saw "Footlight Serenade" in Dearborn Saturday.

Pat Hudson entertained Larry Arnold, class of '41, Signe Hegg and Jack Christenson, class of '41 after the dance Friday night.

Last Wednesday night an Ope House farewell was given by Mazie Bakewell for Jack Stout who left Friday for Navy with Lowell Sweeney. Those present were Berle Litzengerger, Wally Koker, Sally Haas, Bob Birt, Virgie Shettleroe, Morrie McConnell, Ruth Granger, Tom Laey, Elaine De Planche, Shiek Erdelyi, Roma Wilson, Shirley Freeland, Chuck Flarethy, Wilma Lounsberry, Betty Duff, Gerry Geinap, Betty Myers, Dorothy Smith, Mary Stout, Wenona Dahmer, Corrine Schiffe, Betty Wagnerschutz, Pat Craig, John Schooley, Allen Owens, Joe Scarpula, Harvey Shaw, Bob Harman, Fred Korte, Clare Ebersole, Ray Kearney, Jake Shoemaker, Milton Humphries, Dick Virgo, Dick Reamer, Johnny Doughty, L. Sweeney, Lois Loyd from Northville, Mary Bergess from Northville, Edith Hillard from Walled Lake, Zekie Blake, Don Kregler from Northville.

Virginia Woolsey gave a woenic roast Saturday evening at Riverside park. Among those invited were Bob Thams, Nancy Baker, Gordon Vetal, Dorothea Fettschulat, Pat Hoffman, Barbara Butt, Hugh Harsha, Mary Brandt, Joe Brisbois, Bernice Wyatt, Joe Martin, Annabel Heller, Bill Bartel, Norma Robinson, Bud Mason, "Jeep" Hart, Downing Jewell, Dorothy Rowland, Dick Neale, Rita Daggett, Malcolm MacGregor, Janet Strachan, Harold Todd, Irene Niedospal, and Jim Baker.

Sportsmen who fish for garfish simply to remove them from their favorite fishing waters are advised by the conservation department's institute for fisheries research that the eggs of gars are poisonous, and that care should be taken not to feed them to chickens or other animals.

National Defense Nutrition Figures

Home Making III students have made exhibits and wrote some papers on different phases of Nutrition.

"Why Nutrition Is A Part of The Defense Program." (By Julia Butler)

The defense of America needs strong and healthy people, now that this is a time of war. Foods play a large part in determining the health, strength, and reserve of energy of every man, woman and child. So it becomes the patriotic duty of every citizen to eat the right food in the right quantity.

There is no reason, whatever, why anyone in this country should not be properly nourished, insofar as production goes. We are probably the only country in the world, today, that is producing sufficient quantities of the food people need. We have the arms; the processing plants; we have the distribution system; we have storage plants in our communities, in our stores and in our homes.

Recent studies made by the United States Department of Agriculture show that one-third of our nation is inadequately fed to maintain really good health. They are not getting a "good diet" measured by a standard, high enough to insure good buoyant health. These people may be said to be suffering from what is called hidden hunger although they do not show the marked symptoms of rickets or scurvy, they are "undernourished" and many of them show it in such ailments as night blindness, indigestion, poor teeth and emotional instability. Such ailments are visited upon the rich as well as the poor.

Some of the causes underlying this state of malnutrition in this land of plenty are:

First, insufficient income. The depression years have left their mark which increase in employment is only gradually and partially erasing. The U.S. government has devised some economic aids by which it is relieving the farmer of his surplus to provide families on relief with more nutritious food. Among the most far-reaching projects are:

The school lunch program in which the foods the farmer cannot sell in the market are bought by the government to be used to provide school children with at least one square meal a day. More malnutrition results from ignorance and indifference than from any other cause.

Too many people don't know what foods are good for them and among those who know, too few put their knowledge into practice. The children of dairy farmers frequently don't get as much milk as city children. One of the British ministry said "The trouble is you raise your children not for profit but for love, and so you don't care about them. Suppose you raised them like little gods, then you would build a marvelous human race." There are still big plantations in the South where cotton growing to the share-croppers' door doesn't leave a square foot of land for a vegetable garden... and people can't get nourished on cotton.

The U.S. Army is the best fed of any army in history. Better fed than 60 percent of our civilian population. During the first six months of training the soldiers put on an average of eight to 16 pounds. Many men are better fed than they ever were before. All officers responsible for the operation of the Army messes are required to be familiar with the fundamentals of nutrition and the nutritive value of food.

The simple rules of good nutrition are:

Try to include in your meals every day—Milk, adults, two or more glasses daily; children, three or four or more glasses daily; vegetables, two or more servings daily; besides potato, one raw, green and yellow often; fruits, two or more servings daily; eggs, three to five a week; meat, cheese, fish or legumes, one or more servings daily; cereal or bread, most of it grain or "enriched"; butter, two or more tablespoons daily.

Two More Fishing Places For Public

State Buys Rights For Fishermen

Two more fishing spots were earmarked for public use formerly when the state conservation commission approved purchase of 560 feet frontage on the Muskegon river in Mecosta county and 600 feet frontage on Brandywine lake, Van Buren county. The purchases are being made with fishing license money, made possible for this purpose by an amendment added to the conservation department appropriation bill by former State Representative Elton R. Eaton of Plymouth five years ago.

Since the enactment of his provision, the state has purchased more than 75 public fishing places, which can never be closed against fishermen.

Game land purchases at the commission's November meeting were the least in many months, affecting only three southern Michigan state game areas financed in part by federal Pittman-Robertson funds. One hundred acres was added to the Flat River project, 185 to the Gourdneck project, and 345 to the Barry County project.

An exchange with the federal fish and wildlife service added 560 acres to Seney federal wild-fowl refuge.

Society News

William Ray was home from Fort Custer over the week end. Mrs. Forest Smith entertained the Liberty bridge club on Tuesday. Mr. and Mrs. Lawrence Zielasko and sons spent the week end in Chicago. Mr. and Mrs. Will Franks of Detroit were Wednesday visitors at E. C. Vealey's. Mr. and Mrs. Lewis Frederick will be hosts to their 500 group at a pot luck dinner Tuesday evening. Mrs. B. E. Giles will entertain the Mayflower bridge club on Tuesday in her home on Blunk avenue. Miss Rose Hawthorne attended the funeral of her sister, Mrs. Lucy C. Monnier of Redford on Friday. Burial took place in Grand Lawn cemetery. Mr. and Mrs. Oscar Freiheit and Mr. and Mrs. Gust Eschels and Beverly spent Saturday evening at the home of Mr. and Mrs. William Ash. The Plymouth Book club will meet on Tuesday, November 24, with Mrs. Earnest Berridge, 592 South Harvey street. Mrs. Ber-

ridge will give a book review. There will be reports on "Housing" and "Nutrition" and there will be on display pamphlets of consumers' interest. A good attendance is desired. A potluck dinner will be held by the Saturday evening bridge club, in the home of Mr. and Mrs. Thomas W. Moss on the evening of November 21. Mr. and Mrs. Harry Martin announce the birth of Frederick Thomas, on Tuesday, November 10, in Plymouth hospital. Weight six pounds and seven ounces. Mrs. Kenneth Harrison entertained members of the Junior contract bridge club, Thursday evening in her home on Penniman avenue. Mr. and Mrs. August Erdmann of Brainerd, Minnesota, are expected to arrive Saturday for the wedding of their son Roy, and Madeline Salow on Monday. Mr. and Mrs. Floyd Burgett, Mr. and Mrs. William Michaels and Mr. and Mrs. Melvin Michaels spent from Saturday until Tuesday evening deer hunting near Mio. Mrs. Alice Towne and daughter, Joan, visited over the week-end in Blenheim, Ontario, as the guests of her sister, Mrs. George Broadwood and Mrs. John Fleming. Mr. and Mrs. William Bredin attended the wedding of their grand niece, Elizabeth Sue Brodie and Richard Stewart Corrie, of Detroit, Friday evening in the home of the bride's parents, Mr. and Mrs. Warren L. Brodie. The Dinner bridge club will have as their hosts, Tuesday evening, Mr. and Mrs. Maxwell Moon. The same group will enjoy a breakfast party, Sunday morning, at the home of Mr. and Mrs. E. V. Jolliffe. Mr. and Mrs. Arthur Johnson, Mrs. Albert Springborn of Detroit and Mr. and Mrs. Gust Eschels Jr. of Coventry Gardens, were dinner guests Sunday, in the home of Mr. and Mrs. Gust Eschels Sr. on Godfredson road. Mr. and Mrs. Bert Kaarl, Mr. and Mrs. Robert Minock and son, Bobby, and Mr. and Mrs. Gust Eschels and daughter, Beverly, were entertained Thursday evening at the home of Mr. and Mrs. John Murdock. Mrs. Edwin Campbell entertained her contract group, Thursday evening which includes Mrs. George Farwell, Mrs. Harold Finlan, Mrs. Francis Beals, Mrs. Arthur Minthorne, Mrs. Clifford Tait, Miss Marion Beyer and Miss Alta Reynolds. Dr. and Mrs. John Olsaver, Mrs. Maxwell Moon and son, Billy, were in Granville, Ohio, for the week-end to attend Father's Day celebration at Denison University, where Mary Jane Olsaver and Mary Catherine Moon are students. Mrs. Alice Girdwood of Owosso, Mrs. John Schroeder, Mrs. A. B. Schroeder, Mrs. Fred Melow and mother, Mrs. Emma Johnson, were entertained at tea Saturday afternoon in the home of Mrs. Owen Curtis, a recent bride, in South Lyon. Mrs. Josephine Fish was the guest of honor at a party given Monday evening in the home of her daughter, Mrs. Edwin Campbell, by members of the latter's birthday club. Bridge was played throughout the evening with refreshments afterward. The guests other than Mrs. Fish were Mrs. Eugene Benson, Mrs. Hugh Law-

Record War Bond Sales Is Goal Of Women At War Week Nov. 22

WASHINGTON, D. C.—America's women in the cities and on the farms—in war factories and in their homes—are determined to make Women At War Week the greatest War Bond selling effort since Pearl Harbor. Mrs. Franklin D. Roosevelt sounded the keynote for the Treasury Department's Women At War Week, Nov. 22 to 28, with an appeal to women to save on "little things" to provide money for War Bonds. "We women want to work hard, we want to be a part of this strenuous period because unless we are, we will not be able to face the men when they return and claim our share of the future responsibility for building a peaceful world," the First Lady declared. The overall direction of Women At War Week rests with the Women's Section of the War Savings Staff under the leadership of Miss Harriet Elliott, Associate Field Director, and Mrs. Henry Morgenthau, Jr., Chief of the Special Activities Unit. From coast to coast women in every community have made plans for torchlight parades, fashion shows, teas, rallies, store window displays, stamp and bond booths, pageants, civic sings, balls and mardi gras. In each locality administration of the one week drive rests with the local War Savings Committee which has worked out activities adapted to their areas. Mrs. Morgenthau, in a special message for Women At War Week, declared that the spirit of America's pioneer women lives today more strongly than ever. "The average American woman began to rise to new heights on Sunday, Dec. 7, 1941," Mrs. Morgenthau said. "This winter the average American woman will be spending less in order to save more to invest in War Bonds and Stamps. She will not, please God, ever have to fire a gun or fly a bomber. But she will, please God, always do everything she can to help buy anything—and the best of everything—that fires or flies or floats in this terrible war."

During Women At War Week volunteer War Bond saleswomen will wear an armband similar to the one being attached to the sleeve of Mrs. Henry Morgenthau, Jr., by Miss Harriet Elliott.

WOMEN AT WAR—Overalls, wrenches and drills replace fineries as these war workers in an Army Arsenal march to tank repair shops. Note the determination on their faces. These women are typical of hundreds of thousands who are working in war factories and investing part of their earnings in War Bonds.

WOMEN AT WAR—Overalls, wrenches and drills replace fineries as these war workers in an Army Arsenal march to tank repair shops. Note the determination on their faces. These women are typical of hundreds of thousands who are working in war factories and investing part of their earnings in War Bonds.

Mrs. Roosevelt (left) says women help men at front by buying War Bonds. At right is the lapel tag which volunteers will wear during Women At War Week, Nov. 22 to 28.

Mrs. L. B. Rice, her mother-in-law, Mrs. Rice, and sister, Mrs. Huber, of Ann Arbor, and Ann Donnelly. Mrs. S. E. Cranson spoke before the Women's club of Saline Tuesday afternoon of which Mrs. Francis Lockwood, formerly of Plymouth, is president. Mrs. Cranson told of some interesting facts about the Detroit House of Correction where she is employed. Mrs. William Pottingill and Mrs. Harry Lush accompanied her to the meeting. Mr. and Mrs. G. A. Bakewell entertained at dinner Tuesday evening of last week, honoring their house guest, Miss Vera Johnson, of New York City. Covers were laid for Miss Johnson, Mr. and Mrs. William Highfield, Mrs. Robert Hudson and the

Bakewell family. On Wednesday evening Miss Johnson was again honored with a dinner when Mrs. Jennie Ashton, of Detroit, was hostess. Mrs. Eva Miller and Miss Jean Youngs of Metamora and Mrs. Ethel Crawford of Oxford were luncheon guests on Tuesday of the latter's sister, Mrs. E. C. Vealey of South Harvey street. Dr. and Mrs. S. N. Thams were hosts at a dinner party, Tuesday evening, in celebration of their son Paul's twenty-first birthday. Covers were laid for Mr. and Mrs. Thams, of Ann Arbor, Dr. F. D. Cerverny of Cleveland, Ohio; Mr. and Mrs. Herbert Brown of Los Angeles, California; Robert Thams and the hosts. On Thursday evening Miss Marjorie Teague was honored at a bridal shower when 12 guests gathered in the home of Mrs. Paul Wiedman on Blunk avenue. The young ladies made miscellaneous articles for the bride-to-be to use in her future home. Miss Teague was the recipient of many useful gifts. Refreshments were served. The following guests were entertained at the home of Mrs. Nina Beckett in Robinson subdivision Saturday evening, November 14: Mr. and Mrs. Ebbert Martin and Mr. and Mrs. Fred Martin of Birmingham; Mr. and Mrs. Luke Smuck of Detroit. Cards were played during the evening and light refreshments were served. Mr. and Mrs. Earl Spaulding of Holbrook avenue gave a birthday dinner Sunday for Mrs. Spaulding's father, Charles Mover of Northville. Those invited were: Mr. and Mrs. Charles Mover of Northville, Mr. and Mrs. Clifford Smith of Adrian, Earl Spaulding of the Coast Guards at Port Huron, Iva Jean Gorton, Charles, Vivian, Ruth and Genevieve Spaulding of this city. Mrs. Harold Brown was the guest of honor, Saturday evening, at a party given in the home of Mrs. Ray Dunham, of Belleville, with her daughter, Mrs. Elmer Horvath, of this city, assisting. Games were played throughout the evening and a lunch served with the table decorated in chrysanthemums in autumn colors. Miss Marjorie Teague was the guest of honor Tuesday evening at a dinner party and miscellaneous shower given by Bertha Anderson, Marion Gale, Vaun Campbell and June Jewell in the home of Mrs. Nellie Bird. Thirty guests were present. David Gauntlet, fiance of Miss Teague, is a pilot and the bride-to-be is very air-minded, so the hostesses improvised an airplane of yellow and orchid crepe paper in which the honor guest was seated to receive her gifts. The guests from out-of-town were Mrs. Ralph Teague, mother of Miss Teague, and Mrs. Walter Faber, daughter of Mrs. Bird, of Davison; Mrs. Gauntlet and Mrs. Ehle, mother and sister of the bridegroom-to-be, of Ypsilanti. A miscellaneous shower was given Friday evening by Mrs. Ernest Reddeman and Mrs. Henry Reddeman in the latter's home on Blunk avenue, complimenting Miss Lillian Heintz, daughter of Mr. and Mrs. Edward Heintz of this city, who will become the bride of William Duguid Jr., of Northville, on December 12. Games and refreshments were enjoyed. Those from out-of-town came from Detroit, Port

Huron, Ann Arbor and Northville. This (Friday) evening Miss Heintz, her mother, Mrs. Edward Heintz and sisters, Margaret and Virginia, will attend a kitchen shower in the home of Mrs. William Duguid Sr., in Northville. Her daughter, Catherine, will assist her as hostess. On Thursday evening Virginia Behler entertained a large group of ladies at a miscellaneous shower in the home of her aunt, Mrs. James Honey, in honor of Laura Jean Litsenberger, of Northville, who will become the bride of James Honey, Jr., on November 28. The guest list included Miss Litsenberger, Mrs. Arthur Litsenberger, Mrs. Charles Strautz of Northville, Mrs. William Holsworth of Royal Oak, Mrs. Guy Honey, Mrs. Joseph Abbey, Mrs. George Couch, Mrs. De Roy Couch of Detroit, Mrs. Frank De Grandchamp, daughters, Muriel and Ellen, of Warren; Mrs. Kenneth Wyers and daughter, Eleanor of Pontiac; Mrs. William Wyers of Dearborn; Mrs. Henry J. Fisher, Mrs. Harold Behler, Mrs. Delos Gobel, Mrs. Ivan Cash and Mrs. Earl Lyke of Plymouth. Miss Madeline Salow, who will become the bride of Roy Erdmann, on Tuesday, November 23, has been the honored guest at several parties the past week. On Friday evening Mrs. Howard Sanslow, of Detroit, formerly Ruth Bichy, and Miss Jeanette Bauman gave a miscellaneous shower for Miss Salow, in the latter's home when 20 guests were invited. On Tuesday evening of this week Mrs. Robert

Chappell, Mrs. Harmon Gates and Mrs. Cloyce Murray entertained for the bride-to-be in the home of Mrs. Chappell. Red, white and blue was the color scheme carried out in the decorations. On Wednesday evening in her home on Lakeland Court, Mrs. Elmer Horvath and Mrs. Lloyd Sharland, of Wayne, gave a linen shower for Miss Salow, having 15 ladies present. This (Friday) evening Mrs. Charles

MacDonald, who resides on Middle Belt road, will give a kitchen shower.

NOTICE
 (Rule 5)
 On the first days of June and December of each year, this Bank will pay interest on savings deposits at a rate which shall be set by the Board of Directors on the greatest amount left constantly on deposit for a term of six full months.

Effective December 1, 1942 and until further notice, interest will be paid on savings deposits and certificates of deposit at the rate of 1% as stated in rule 5 above. This was adopted by the Board of Directors at their meeting November 3, 1942.
 Plymouth United Savings Bank
 Plymouth, Michigan

Claude H. Buzzard, Attorney
 1398 Penniman Avenue, Plymouth, Michigan
 STATE OF MICHIGAN, County of Wayne, ss.
 304,369

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the fifth day of November, in the year one thousand nine hundred and forty-two.

Present, Joseph A. Murphy, Judge of Probate.

In the Matter of the Estate of JOHN A. BELL, Deceased.
 On reading and filing the petition of Jenat S. Bell praying that administration of said estate be granted to Frank C. Day or some other suitable person:

It is ordered, That the eighth day of December, next, at ten o'clock in the forenoon at said Court Room be appointed for hearing said petition.

New Anti-Sub Weapon—the Sea Skimmer

Newest weapon to combat the submarine menace is the sea-skimmer sub-chaser, which hops the waves at 50 miles per hour. It is armed with four depth charges, which can be replaced by torpedoes. Except for the engine and propeller, it is built entirely with non-strategic material—plywood plastic—and can be molded out by the thousands in a short time. As it is not driven by a water propeller it cannot be detected by submarines. Top photo shows the two-man crew at the guns. Bottom photo shows the sub-chaser skimming over the water.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in The Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

Old King Stack City Landmark, Is Being Demolished

Removal Recalls Celebration When It Was Finished

If "Billy" Smitherman, pioneer Plymouth resident who loved English ale and Englishmen more than anything, except his America, in the world, and Chris Peterhans, pioneer Plymouth resident, who loved German beer and his native land more than anything else, except his America, were alive and in Plymouth today, they would be weeping together as they celebrated together, just fifty years ago this fall when they finished laying the 1st brick on the 90 foot brick smoke stack of the old King Manufacturing company.

They would be shedding tears over the removal of what, up to that time, was their greatest piece of craftsmanship. They had erected a 90 foot smoke stack with as perfect lines as ever graced any smoke stack built in Plymouth or any other city.

Now it is being taken down, brick by brick.
 Englishman Smitherman and German Peterhans were the closest of friends.
 Not only were they close friends, but they were associated together in masonry construction.

Probably nearly every brick wall erected in Plymouth a half century ago was constructed by Smitherman and Peterhans.
 When the King stack was completed the two pioneer brick layers and their assistants held a "celebration" on the top of the stack.

They placed a platform over the big opening from which smoke belched for so many years thereafter, raised an American flag high above the top of the stack and then drank a toast to their accomplishment, the flag and their AMERICA.

Officials of the Daisy plant sometime ago decided that the King stack had become a safety hazard. It was struck by lightning some years ago and badly cracked at the top. Not being in use and because of the existing hazard, they decided to have it removed and let a contract to a Detroit wrecking concern.
 By the end of another week every brick will have been removed and the stack that has stood for nearly half a century as a landmark of this locality will be a thing of the past.

The bricks from the stack, like the big boilers removed recently from the King plant, are also "going to war." They will be used for the construction of additions to war munition plants and in other building projects in and around Detroit. The old King boilers provided many tons of valuable scrap for the government. The pieces have already been delivered to Detroit blast furnaces.

Plymouth Artist Exhibits Painting
 Ellen Mulry, 1332 Sheridan street, Plymouth, is represented in the Annual Exhibition for Michigan Painters by an oil painting entitled "Cocoanuts and Green Pears." The exhibition will remain at the Detroit Institute of Arts until December 20 and includes 231 works by 161 artists. Prizes totalling \$1575 have been awarded to 14 different artists, the most important of which, the \$200 Detroit Museum of Art Founders Society prize, going to Emil Weddige of Ann Arbor for his painting, "Little Boy."

Business Women Hear of Rationing

Two Public Leaders Are Speakers

The Business and Professional Women's club dinner meeting on November 12 had as their theme for the evening the most timely subject of "Defeat Inflation Through Rationing."

Raymond Bachelder, executive secretary of the local rationing board, gave a brief talk on the origin and necessity of rationing and of the work of the local board. He stressed the part that each one plays in the rationing program and spoke most highly of the cooperation received from Plymouth residents.

Several high school students gave a comic skit which portrayed the idle gossip caused by wagging tongues.
 Superintendent George Smith spoke on "Economics of Rationing." His talk dealt with the causes and cures of inflation and was very instructive and interesting.

Gertrude Fiegel was chairman of the evening program, assisted by Rebecca Obsniuk and Bertha Anderson.

HI-SPEED GAS AND OILS FLUELLING'S

United Service Cover
 Plymouth, Mich.

This man is not dead. He is just sleeping. And sleeping a little more soundly, perhaps, because there are still many Americans who are not putting at least 10% of their pay into War Bonds on a regular Payroll Savings Plan. How about you joining a lot of other fellows in giving the little paperhanger a rude awakening? How about you signing up with a Payroll Savings Plan today . . . to the tune of not 6%, or 7% or 8%, but 10% and more if you can? LET'S TOP THAT 10% BY NEW YEAR'S.

WHAT YOU SHOULD DO:
 If you are . . .

1. Already investing 10% of your pay in War Bonds through the Payroll Savings Plan—boost that 10% if you can.
2. Working in a plant where the Plan is installed, but haven't signed up yet—sign up tomorrow.
3. Working in a plant where the Payroll Savings Plan hasn't been installed, talk to your union head, foreman, or plant manager—and see if it can't be installed right away. The local bank will be glad to help.
4. Unable to get in on the Payroll Savings Plan for any reason, go to your local bank, or wherever Bonds are sold. They will be glad to help you start a Plan of your own.

"TOP THAT 10% BY NEW YEAR'S!"

BUY U. S. WAR BONDS THROUGH THE PAYROLL SAVINGS PLAN

War calls must go through this Thanksgiving

Please do not make social Long Distance calls

War goes right on, despite Thanksgiving. And messages essential to the war effort will crowd the wires as on other days.

War-loaded Long Distance lines cannot carry the usual flood of social calls this Thanksgiving.

Therefore, please make only the most urgent Long Distance calls on Thanksgiving Day, and keep those calls as brief as possible.

★ SAVE WIRES FOR WAR! ★

Deer Hunting Army, Biggest Sudden Rush For Licenses, Surprise

Plymouth, instead of sending to the north woods the smallest number of deer hunters in years, sent its biggest "army" to the northlands, a recheck of the licenses issued since last Tuesday reveal.

It was the decision not to ration gasoline until December 1st which resulted in the sudden demand for deer licenses in Plymouth as well as elsewhere.

A total of 338 were issued in this city, an increase of more than 100 over the previous year.

Following are the additional licenses granted since the last publication of The Mail:

Issued by the Western Auto Supply store the past week, since last Tuesday:

William Feinling, 117 Palmer; Dr. J. Harold Todd, 890 South Main; M. Katherine Todd, 899 South Main; Mahlon Lord, 461 Jener Place; Joseph Mault, 911 Palmer; Russell W. Hosmer, 7755 Pinehurst, C. H. Pinkerton, 827 Forest; Lyle Davis, 936 W. Ann Arbor; Aldrich Bitnar, 47709 Huron River Drive, Belleville; Harold T. Yakley, 685 Forest.

Ernest Durbin, 8040 Ravine Drive; William Irwin, 11680 Boston Post; Donald W. Schmidt, 7639 Lilley road; Leonard Redburn, 26530 Plymouth road; Donald Nickerson, 814 York street; Clifton Tillotson, 607 Blunk; Robert H. Warner, 557 North Mill; Lawrence Parmenter Cambridge, Northville;

Roy McAllister, 1287 South Main; Jim Steel, 1176 South Main; Ernest Smith, 9700 North Territorial; Harold Pearsoll, 13709 Merriman; Fred Wagnersultz, 354 North Main; Victor C. De Wolfe, 29350 Plymouth road; Eric Cock-erill, 11392 Mercedes road; Norman Fulton, 356 North Main; Phillip Southwell, 886 North Mill; Clyde Matthews, 6940 Inkster road, Inkster; John W. Locks, Beck road; Ewart Gladstone, 175 North Mill; Andrew J. Powers, 43065 Joy road; Rupert Hadley, 700 Sunset; Loraine A. Hartell, 13975 Merriman; Roy E. Tucker, 13967 Manor; Detroit; Robert Townsend, 22701 Olmstead, Dearborn;

"TOP THAT 10% BY NEW YEAR'S"

Courtesy Cleveland News

Thursday morning.

The eighth grade had a nine weeks test in arithmetic Thurs-day. They had a Halloween party October 30th. The refreshments were cider, doughnuts, candy and cookies. Mr. Kramer donated the candy. Edna Newton brought a birthday cake and the girls from the room and three of the teach-ers went into Mr. Kramer's office and had a party while the other children were out for recess. In science they had experiments to find out if ingredients contained acid, alkalis or neutrals. In Eng-lish class the children have been receiving answers to their ser-vice letters to the men in ser-vice. Bowls of fruit are being made in art class to decorate the bulletin boards for November.

The Junior Audubon society has been invited to attend the lecture of Mrs. Grace Sharritt, given by the Rosedale Gardens branch of the Woman's National Farm and Garden Association on Nov. 10 at 3:00.

Mrs. Randall gave an interest-ing talk on our responsibilities as members of the Parent Teachers Association at the November meeting held at the school Wed-nesday evening.

Charles Brake To Address PTA Meeting To Be Held Tuesday, Nov. 24

Plymouthites will have an op-portunity of hearing an analysis of the coming problems of peace, discussed at the Central Grades School Auditorium on Tuesday, November 24 at 7:30. This is the regular meeting of the Central Grades Parent-Teacher association.

The speaker will be Charles Brake, deputy superintendent of Wayne county schools. The Brake family has made Plymouth its new home. He is a Rotarian.

This meeting will be "Men's Night" where Dad is expected to come regardless whether Mom comes or not. However, she is a welcome. Nearly 500 parents have joined the association for the 1942-43 program.

The exchange table for over-shoes will be set up and members are asked to bring good used overshoes for exchange.

Rosedale Gardens School News

The Kindergarten Halloween party was very successful. All the children wore costumes, and marched through the school rooms. Games were played. Several mothers were present at the party, who served fruit punch, cookies and pop-corn for refresh-ments. The children have been learning the Thanksgiving story for the past three days.

The first grade are learning a Thanksgiving song, "What the Turkey Said." Group one is read-ing about "The Little Rabbit," and group two is reading about "The Funny Little Pig." They are making stocking caps like the one Sandra brought to school.

The second grade have begun a study of Indians. They have read stories, sung Indian songs, drew Indian pictures, and have an In-dian exhibition on the table. They also drew a picture of the May-flower. They bought \$9.35 worth of defense stamps this week. Sev-eral parents attended the Novem-ber PTA.

The third grade pupils have started a unit on Indians for their reading work in November. They also have made Indian posters during their art period. Daniel Boone and other pioneers are being studied in the 4th grade. Six parents, including a room mother, attended the Parent Teachers As-sociation meeting on Wednesday evening, November 5.

The fifth grade C.J.C. bought a new book entitled "Story of The Great Lakes." Marjorie Jacobs is making a weather map of the sunshine in November in science class. In geography they have finished studying the Great Lakes and are beginning the North-Central states.

In the sixth grade reading class the children are reading about In-dians. Reports were made by Bob Van Devender, Sally Ann Hol-comb, Dolores Davis, Bernice Lon-Bock, Betty Clare Strachle, Frank Cooper and Margaret Chavey. In the seventh grade, the teach-

Human revolutions are of slow growth. Modern democracy is the heir of the ages, of men dead for many centuries. It began in the thoughts of Egyptian, Hebraic, and Grecian philosophers, and burst into open fire in the Magna Carta, when, for the first time, the Rights of Man were boldly proclaimed. It progressed through hundreds of years of darkness, oppression, and misery, sometimes shining brightly, sometimes almost disappearing in the murk of tyranny and despair. It broke into a wide blaze in the American and French Revolutions. But democracy is still in the process of becoming. It may take many hundreds of years longer before it has perfected itself, rid itself of the old grossness and injustice which it inherited from the Dark Ages.

But even in its present imperfections it is still the noblest concept which man has ever dreamed and for which multitudes have heroically died. In each century it must again engage in the ancient struggle against the primordial forces of destruction and reaction. And each time that the battle is won the march of ultimate democracy is hastened.

It is worth fighting for, this ultimate democracy, though we ourselves may never see its perfection. However, by the Grace of God and our own devotion and strength, our children will see it. They shall inherit the treasure for which we have fought and died—if we have faith, if we realize that nothing is too much to sacrifice for this inheritance. Work is not too much. Courage and our lives are not too much. For, if we hold back, in work, in courage, in life, in money, we shall not bequeath democracy to our children. We shall bequeath them only the bitter knowledge that when we were tested we gave "too little, too late," and that they have inherited from us only slavery and fear.

With Plymouth Boys In The Armed Services of Our Country — Fighting for The Preservation of Our America!

"WE'LL LICK THE DIRTY DEVILS," WRITES PVT. ARTHUR LOCKWOOD

In a letter to The Plymouth Mail, Private Arthur Lockwood, well known youngster, who is now located at Camp Forrest, in Tennessee, declares that we do have a tough fight on our hands but we'll win and show those dirty devils that they can't fool with the American people.

Private Lockwood was recently called to Plymouth by the death of his mother. He returned to his training for services in Uncle Sam's fighting forces a few days ago.

"I like the army and am glad to be back in camp. Sorry they wouldn't give that iron fence around the Kate Allen place to the scrap drive. We want victory and the only way we will get it is by everybody pulling and sacrificing together," he writes.

"Was glad to read about Erland Bridge and the Baron boys. Glad to know, too, that they are anxious to get back in service. Those boys represent the same spirit you find everywhere in the army."

"It's mighty good to read all about what is going on in Plymouth and to hear about our friends through The Plymouth Mail. You don't know how much the boys appreciate the paper."

LIKES TO READ ABOUT OTHER PLYMOUTH SOLDIER, SAILOR BOYS

Harold N. Woodworth, with Uncle Sam's army at Camp Rucker, Alabama, says that his greatest pleasure is reading the news about other Plymouth boys who are in the armed services of our country.

"The Plymouth Mail does a good job in keeping me in touch with them. As far as I can find out I am the only Plymouth boy in this camp. I hope the other boys keep writing letters to The Mail. They are just like letters from friends back home," writes Private Woodworth.

"Camp Rucker lies in a triangle formed by the towns of Ozark, Enterprise and Dothan in the southeastern corner of Alabama. It contains a thousand acre lake which is used entirely for the recreation of soldiers. This is one of the newest camps and it's very nice here," he writes.

"Since I have been in the

army, I have been general clerk in different offices. "Congratulations to Bert's Place for its splendid record in the sale of war bonds. That's good news to the soldiers."

PLYMOUTH ADDS THREE BLUEJACKETS TO GREAT LAKES LIST

The name of Plymouth was again prominent at the U. S. Naval Training station last week, when three more of her fighting sons reported for duty to begin recruit training.

Now getting instruction in military drill, seamanship, and naval procedure, these men are also being toughened through participation in the Navy's vigorous physical hardening program. Upon completion of this recruit training period, these men will be given a nine-day leave, at which time they will probably come home.

The new bluejackets from Plymouth are: Jayson F. Lyke, 26, 292 Pacific avenue; Richard L. Larkin, 21, 657 Wing street, and Edward M. Mulry, 20, son of Mr. and Mrs. E. J. Mulry, 1332 Sheridan avenue.

FLOWERS BLOSSOMING OUT IN CALIFORNIA

Private Elvin C. Love writes The Mail asking that the address of his paper be changed. He is now located at Fort Winfield Scott near San Francisco.

"The camp here is a swell place. We are right on the bay and it is a very pretty part of the country. The work is hard, but interesting. But our living conditions and our good eats make up for our hard work."

"Our meals are served in family style. Everything is put right on the table and we help ourselves. I think I got a real break when I was transferred out here," he writes.

"Flowers are in bloom everywhere. Lawns are nice and green. You would never think it was near winter back home."

"I sure like to read the news about my old friends back home. You don't know how much it helps. I suppose Tippy Smith will be packing his rifle up north and back again, and probably get a shot at a tin can instead of a deer. Well, I hope all the boys get a deer. I missed the pheasant season. But my time is coming. I sure gave the rest of the hunters

a break this year. "Thanks again for sending me The Mail. The soldiers will never forget it."

THIS PLYMOUTH FLYER LIKES MOUNTAIN SCENERY FROM "THE AIR"

Dear Editor: I wish to thank you for the copies of The Plymouth Mail that have been so kindly sent to me. A soldier far away from home really appreciates news from home and your paper does that very well.

I was reminded today of writing to you by the fact The Plymouth Mail did not arrive. At Santa Ana where I was stationed up until last Sunday I received your paper always on Tuesday. When it didn't come today I really missed it.

When I left Detroit to join the air force I was sent to Kelly Field, Texas. I spent about three weeks there being classified and waiting for a new class to start. Suddenly quite a few of us pilots were sent to Santa Ana, California for pre-flight school. We arrived there on Friday and started school on Monday. Eight weeks later we finished our schooling and were sent here to Thunderbird Field No. 1 at Glendale, Arizona for our primary training.

We only were here for slightly over one day before we strapped on our parachute and climbed into the rear cockpit of a P.T. 17 or Sterman airplane. What a thrill to fly in this beautiful country. These mountains a few miles off make beautiful scenery, that is if I ever get a good chance to look at them. I'm very busy when I'm in the air and my eyes are used mostly to look for other airplanes. So far I've only gotten glimpses of the country around here.

Until further notice I wish you would send The Plymouth Mail to me here at Thunderbird Field No. 1, Phoenix, Arizona. I wish to thank you again for sending me the paper.

Sincerely,
Av-C Leroy Clark Felton.

ELMER PASSAGE ORDINANCE GRADUATE

PFC Elmer L. Passage, son of Mr. and Mrs. T. U. Passage, 181 Rose street, Plymouth, was graduated from the Fort Crook Ordnance Automotive School, Fort Crook, Nebraska. The course covered maintenance, repair and conveying of government vehicles ranging from the ever popular "jeep" to the large prime-mover.

"BILL" WIDMAIER SAYS HE'S SURE THAT THE JAPS ARE NOW SORRY

The following letter has just been received by The Mail from one of its sailor boys. It follows: Somewhere at Sea, October 24, 1942

Dear Editor: I guess that I owe a thanks to someone who has seen to it that I received the copy of The Plymouth Mail. Yes, I read all the Victory Articles and decided that I would sit here and type a few lines showing my gratitude.

I know that you would like to know a little about what I have done since I joined the Navy December 12. Well, I would like to tell you a couple of stories but we have a very strict censorship regulation which allows me to say very little. We are unable to discuss the weather or any action but you can bet that the Japs wish they hadn't been so hasty.

The last time I saw one of the home town boys was in February back in Norfolk, Virginia. I am always looking for someone from back home. I am looking for some special friends that used to be my school buddies, Sonny Bridge and Don and Dick Baron.

I have received several letters

from my Cousin Jim who joined the navy a few months after I joined but I don't expect to see him.

I know that everyone back home thinks that we meet a lot of very pretty girls. Well, maybe I can change your opinion on that. I have not met any girls that could ever compare with the Plymouth girls. Of course, maybe I haven't been in the right place. I would appreciate it very much if you would print the below paragraph:

Sonny, Don, and Dick, I know just about where you are and I know what ship you are on but I have not got your correct address. I have tried writing you but they don't seem to get to you. How about dropping me a few lines to the following address: U.S.S. NASHVILLE, c/o Fleet Postoffice San Francisco, Calif. Captain's Office.

I will write another letter sometime in the near future and until then you can depend on me looking forward to receiving The Plymouth Mail.

Yours truly,
Bill Widmaier.

25 YEARS AGO . . .

And 50 years ago news taken from the files of The Plymouth Mail

Again the patriotic citizens of Plymouth have come to the front and went "over the top" in front subscribing their quota of \$1500 in the great Y.M.C.A. drive for the army fund.

The annual Thanksgiving union service will be held in the Baptist church Thursday evening, November 29. Rev. Karl P. Miller of the Presbyterian church will preach and the Baptist choir will furnish the music.

Mr. and Mrs. Fred Holloway and Mr. and Mrs. Stanley Chambers were Camp Custer visitors Sunday.

Miss Gertrude Hillmer will be the leader of the Christian Endeavor society of the Presbyterian church Sunday evening.

Mr. and Mrs. Charles Gottschalk were agreeably surprised Tuesday evening when 26 of their relatives came to their home to remind them of their twenty-eighth wedding anniversary and of the fifteenth birthday of their son, LeRoy.

Born, a daughter, to Mr. and Mrs. R. W. Shingleton Saturday, November 17.

Rev. Charles Strasen was in Detroit Thursday to give a lecture before a large gathering of St. Thomas' Lutheran Aid Society members.

Mrs. Phila Harrison and son, Albert, left the first of the week for Dallas, Texas where they will visit the former's brother, Don and family.

Isaac Tillotson has sold his farm on Plymouth road just east of town to George Fisher of Belleville.

Charles McConnell and family have moved into their own home next door to where they have been living on South Harvey street.

Mr. and Mrs. Ben Blunk are busy settling in their new home, District No. 7's old school house will be sold at auction Saturday morning on the school ground. This is also known as the Tiffin school.

Norman Schoof attended a party at Salem, Tuesday evening at the invitation of his friend, Harvard Norgrove.

A new "war job" of the conservation department's institute for fisheries research is a series of tests to determine the dilution necessary to make the wastes from a process of making synthetic rubber harmless to fish life.

Roger Babson Says . . .

We Have Reasons To Be Thankful

Babson Park, Mass., Nov. 20—As we draw near to Thanksgiving Day it seems to me that this year, of all recent seasons, we have much for which to be thankful. I should like to comment specifically upon ten reasons why this is so:

1. First and foremost, we can celebrate this year for the same reason that occasioned the first Thanksgiving of the Pilgrim Colony in 1623, namely A FINE HARVEST. As I recently wrote, crop yields this year surpass all as previous records. There is plenty of wheat, corn, and other farm products. America will not go hungry and we shall have an abundance for our Allies.

2. Without GOOD HEALTH AND STRENGTH none of us can work or think efficiently. Hence, those of us who are in good health, should be particularly thankful. Health is the greatest of all blessings. We should educate those who suffer poor health, that all may have the strength and energy to live vigorously and usefully.

3. Now that the Thanksgiving season finds us in the midst of our greatest War we should be thankful for the CRYSTALLIZATION OF WAR EFFORT ON THE PART OF OUR PEOPLE. Remember that we are a democracy and thus unused to regimentation, to controls over our individual wills, likes and dislikes. But our people have rallied and are cooperating magnificently with the rules and regulations that the Administration has thought necessary to the times.

4. Whether Republicans or Democrats, we should be thankful that we could enjoy an ELECTION this month. Here is tangible evidence of the continued existence of our country as a true democracy. The people have again spoken. The two-party system still lives. Political control is not to lie in the hands of a few but in the hands of many.

5. In view of the intensity of the fighting action in which our armed services have participated throughout the world, we at home should all be grateful and thankful for the MORAL AND PHYSICAL COURAGE that our men and women have shown. Our fighting forces believe, first, that they are engaged in a great moral crusade, and, second, they have the courage to back up their beliefs. This is giving them vic-

tory in all parts of the world. Yes, and we should be thankful that World War II is three years nearer its end.

6. A short time ago we were in the midst of a depression, saddled with all the dire results of low wages and unemployment. While it is, unfortunately, a result of our entry into War the bulk of our people are now thankful for FULL EMPLOYMENT AND FAIR WAGES. No one capable of lifting a finger need be without a job today. As a result, old debts are being settled and, to the joy of the retailer, large sales are being rung up on cash registers.

7. Those who believe in the free enterprise system should be thankful that values have kept up so well. Our rulers at Washington are showing more justice and less prejudice. They are beginning to realize that people should be encouraged to save as well as to spend. The capital gains tax, while not low, is also more attractive to those whom we need to take risks in order that the rest of us may enjoy employment.

8. We should be thankful FOR OUR NEWSPAPERS and the evidence their pages contain of our continued right of free speech; of the privilege that every American has to write his editor and, if worthy, get his letter published. Within the limits of censorship, our papers are doing a wonderful job of reporting. More than the peoples of any other nation, we are being kept informed as to what is going on. The modern newspaper is a remarkable intellectual and mechanical achievement. Editors and publishers stand high on the rolls of integrity.

9. Our EDUCATIONAL INSTITUTIONS represent a part of our national life that has become almost commonplace. Too often they are taken for granted. We should all be grateful to our teachers and those educators who are seeing the light. They are now willing to give our boys and girls at least some degree of practical training to fit them for the hardships and responsibilities of life.

10. Last, but by no means least, we should be thankful FOR OUR CHURCHES. There is today, in accord with our more serious thinking, a deepening of interest in spiritual affairs.

Church attendance may not be increasing much, and I do not want to imply that there is yet any great return to religion, but the desire for a larger participation in church work and personal meditation is evident on the part of millions. Always in times like these there is great need of spiritual comfort. It is heartening to many of us "old timers" to see people again reaching for the more important things in life. Yes, we have much to be thankful for this year!

Give me the liberty to know, to think, to believe, and to utter freely, according to conscience, above all other liberties.—Milton.

Plymouth United Savings Bank

SUGGESTIONS on

AN IMPORTANT BOOKLET entitled "Plant Efficiency," containing ideas and suggestions on how to increase production in war plants, has just been released by the War Production Board. The booklet opens with a two-page section on the importance of good lighting. Here is a partial quotation from this WPB booklet:

"Good Lighting—Better Work
"Good lighting sharpens the worker's most important faculty—sight. It is an effective means of increasing shop efficiency and maintaining production at a high level.

"An adequate and well-designed lighting system brings to the plant: increased production, better workmanship, less eyestrain, reduction in accidents, better morale . . .
"Lights and reflectors should be washed at intervals dictated by shop conditions."

That last piece of advice from the War Production Board is especially important. According to a recent survey of lighting maintenance in war plants, dust and dirt from manufacturing processes, if allowed to collect on lamps and lighting fixtures, will rob them of as much as 38% of their light output.

To get all the light you are paying for and the light you need for efficient production, KEEP YOUR LIGHTING FIXTURES CLEAN. A carefully planned schedule for cleaning lamps and reflectors is an important production tool that must not be overlooked. For help in establishing the most economical lighting maintenance schedule, or for advice on any industrial lighting problem, call any Detroit Edison office. Our Industrial Lighting Engineers are at your service, without charge.

*Copies available on written request to the Office of War Information, Boulevard Building, Detroit.

THE DETROIT EDISON COMPANY

Labor and Material Shortages do not Affect our Breads

Just because all bakers are having trouble today in making the many different kinds of baked goods they previously offered for sale, don't think for a minute that we can't make the same delicious, energizing breads.

We admit that we cannot offer you ten different kinds of pies every day but we still are making each and every kind of pie at least once each week.

Ingredients for cakes and cookies are difficult to secure and we can't offer them as frequently as we would like, but at least we still have a large variety of baked goods fresh from the ovens every day and you can still serve a variety to your family.

Shop in our modern salesroom. Make your bakery selections early and serve a different kind of bread each day.
