

THE PLYMOUTH MAIL

Vol. 55, No. 50 Plymouth, Michigan, Friday, August 20, 1943 \$2.00 Per Year in Advance

School Program Of Recreation To Be Enlarged

Numerous Activities For Adults Also Planned

The Plymouth public schools this winter will offer an extensive recreation program, encompassing every subject or topic in which the public is interested.

Announcement was made this week by Superintendent George A. Smith, following the collapse of a projected recreation program to be sponsored by the city under the direction of a full time director.

Mr. Smith made it specific that the school program is not a substitute for the city program, but rather is a continuation and extension of the program which has been in operation in the schools for several years.

Under the program as announced by Mr. Smith, what is offered will depend upon what the public wants.

No specific courses are being created unless there is a demand for them by the public, but he said that any conceivable topic or program in which the public is interested, and for which a teacher or supervisor is available, will be available.

At the same time, Mr. Smith said that the high school gymnasium will be in use every night in the week; the Central Grade school gymnasium at least four nights a week and the Starkweather gymnasium at least two nights a week. The Central and Starkweather gymnasiums will be available for further use as the need increases.

The tentative schedule for use of the high school gymnasium calls for badminton play on Monday and Tuesday evenings; interclass games on Wednesday evenings and school dances or plays on Friday evenings, at which time the gymnasium will be used by the school for decorating for dances and rehearsal for plays.

Central Grade school will be used on Monday and Wednesday evenings by the Boy Scouts, Tuesdays by the P.T.A., and similar organizations, Thursday evenings by the girl's club and Fridays by the cub scouts and other organizations.

Starkweather will be used on Monday by the Boy Scouts, Tuesday by the Girl Scouts and Wednesday by the P.T.A.

The high school orchestra, which is being developed this summer by Clarence Luchtman, supervisor of music, will be used for the school dances, at which time an admission fee of 25 cents will be charged. The dances may be attended by any high school student or their escort. Outside couples are not permitted.

Plans also are underway for junior high school dances, to be held as often as practicable.

It has not been determined whether or not there will be any old time dances, but it was pointed out by Mr. Luchtman that an old time orchestra is available, and like everything else if there is sufficient demand for the old time dancing, it will be inaugurated.

For adults, there will be every possible type of recreation for which there is a demand. And the marvel is that it can be offered at the price.

Mr. Smith said that any group of ten to 15 persons may make a request for a ten weeks course on every possible topic. The fee for the ten weeks, with two hours a week of instruction, will be \$3, or about fifteen cents for each hour.

The machine shop, carpenter shop and all other facilities of the school will be available. Already there are photography clubs, drama clubs, stamp clubs, sewing classes, tailoring classes and dozens of other such organizations among the students of the school. These may be extended to adults if the demand is sufficient.

In other words, if ten or more persons wish to form a little theatre group, it may be done through the facilities of the school with the drama instructor ready to give the benefit of her ability.

Thus Plymouth is assured of a recreation program this coming winter which definitely will fit the desires of the people who participate.

Back, Both Wrists Broken in a Fall

Plymouth friends of Mrs. T. E. Hegge of the Wayne County Training school, will regret to learn that she is suffering from severe injuries received in a fall that will confine her to the Hegge home for many months.

She has been returned from the University of Michigan hospital where she received treatment for a broken back and both wrists, received in a fall from the top steps of the basement stairs way to the floor. Mrs. Hegge was hurried to Ann Arbor and after treatment was returned to her home at the Training school.

Richard Dunlop Sent by Army to University of North Dakota

Cadet Richard Dunlop, son of Mr. and Mrs. G. E. Dunlop of Rosedale Gardens and a graduate of Plymouth high school with the class of 1940, has been sent by the U.S. armed forces to the University of North Dakota where he is taking a specialist training in the engineering department.

During the past three years and before entering the army, he has been a student at the University of Michigan.

He has already been appointed drum major of the engineering band at the North Dakota university. During his high school days in Plymouth, he was a member of the high school band.

Lieut. Governor Northville Fair Guest Tonight

Will Represent State At Friday Eve's Interesting Program

Lieutenant Governor Eugene Keyes will this (Friday) evening serve as the official representative of the state of Michigan at the Northville-Wayne county fair. He will be a guest at the famed rodeo show, witness the O.C.D. demonstration and extend a few words of commendation to the Northville-Wayne county fair association for its efforts to inspire greater food production at a time when excessive factory payrolls are bleeding the farms white of all their labor.

Dr. Lynwood Snow, president of the fair association, stated yesterday that he had several times made an effort to secure an answer from Governor Kelly pertaining to the invitation he had extended to him to come to the fair on "Governor's Day", but that for some reason the invitation had been either overlooked or ignored.

Following a telephone conversation with the Governor's office, Dr. Snow extended an invitation to Lieutenant Governor Eugene Keyes, who responded that he would make it a point to officially represent the state at the Northville fair, this (Friday) evening.

In spite of drastic regulations and other difficult problems faced by the fair organization, a very presentable exhibition has been arranged for the people of this part of Wayne county. While there are not as many attractions along the midway as usual, there is plenty to attract the interests of the visitors.

There are two big days left for the fair after today. It is expected that the Saturday and Sunday attendance will be the largest of the week.

The rodeo is one of the big features of the fair and has attracted more than usual interest. Exhibits are more numerous than had been expected in view of the difficulty of motor transportation. The poultry show is outstanding, as it always has been.

Here's Rush Work For Red Cross!

Trigger Mitts Needed For Army

Red Cross workers! Here's an immediate emergency order for you!

It is one of those "must" orders that must be done and must be completed before September 7.

Mrs. John Blickenstaff has just received a sufficient amount of yarn to make 40 pair of trigger mitts for American fighting boys who face a severe winter of fighting on battlefronts the world over.

These must be made and shipped by September 7. Red Cross workers are requested to call at the home of Mrs. Blickenstaff, 988 Penman avenue and secure the yarn immediately so that trigger mitts can be finished and shipped before September 7.

Change Date For "Bataan" Picture Will Come To Penn Theatre Later

Harry Lush, manager of the Penn and Penman-Allen theatres announced this week that picture distributors in Detroit had withdrawn the picture "Bataan" which had been scheduled for the Penn theatre the first four days of next week. No explanation was offered.

Mr. Lush said the picture would be shown at a later date. In place of "Bataan" the Penn theatre will show "Henry Aldridge Swings It" along with other outstanding short subjects.

Letter Comes Back Home As A Paper Bomb

Mrs. Fred Jackson Gets Biggest Surprise of Her Life

When war rages strange and unusual incidents are numerous—but probably one of the most unusual "war" incidents happened right here in Plymouth last week.

It is an interesting story, a true story—fact, it is so unusual that it is fascinating. Two years ago, Mrs. Fred Jackson, 160 Union street, lived out in the country seven miles west of Plymouth on Joy road. The ladies in her neighborhood had organized a little group known as the "Sunshine club."

Anxious to do something towards national defense, she wrote a letter to Mayor LaGuardia, of New York City, who then headed up the civilian defense corps of the nation, asking him what a group of ladies living in the country could do to help in defending our country from its enemies overseas.

Remember last Tuesday night when Plymouth was "bombed" from the clouds above and the air was filled with little paper booklets that had been cut from excess printed material used by various government war groups? After the "bombs" had fallen over the city, Mr. Jackson walked out on the school lawn where he is employed and picked up one or two of the little paper booklets. He took one home to Mrs. Jackson.

Imagine her surprise as she turned over its pages to find a reproduction printed on the inside of the back cover page of the letter she had written to Mayor LaGuardia of New York some two years ago, asking how and what the "Sunshine club" could do to help in the national defense effort.

It is needless to say that not only was she amazed at her discovery, but she is keeping the little paper booklet in which her letter had been reproduced and used as a "bomb," as a priceless keepsake of the present World War.

Col. Wm. Moore Retired By Army

Veteran Officer Returns Home

One of Plymouth's soldiers, Col. William K. Moore, returned home Sunday and will be released from active duty by the war department about October 1. Colonel Moore lives at 253 Irvin street.

He was called from retirement in the early phases of the war for certain important duties by the Commanding General, Sixth Service Command, Chicago, Illinois.

Colonel Moore has been in the army since 1898 when he took part in the Spanish American war. His duties in the army as an officer have taken him to many parts of the world, both in peace and war, this being his fourth war. He came to Michigan in 1930 as an army instructor for the Michigan National Guard and served in that capacity for a number of years and as a result has a large list of acquaintances throughout the state.

The Colonel's son, Richard H., now a lieutenant colonel of Field Artillery also lives in Plymouth, owning his home at South Holbrook street. He, in peace time, is a Ford executive but now commands Michigan's 182nd Battalion Field Artillery, U.S. army which until recently was in training at Fort Leonard Wood, Missouri. This is one of Michigan's National Guard organizations of Detroit.

Colonel Moore's family has been living in their home on Irvin street while he was away in service. They will continue to make this their permanent home where the Colonel hopes to enjoy a well-earned vacation after a varied and strenuous army career of considerably over 40 years of active service in peace and war.

It is the War Department's newly announced plan of returning to an inactive status all officers who have passed the statutory retirement age of 60 which brings about the Colonel's return to his retired status at this time. These older officers were called in by the army "to assume positions of extended responsibility," as a War Department statement puts it—in the early phases of the army expansion program. At that time there was a great shortage of trained officers with the necessary experience. This condition has now been overcome in a measure by training young officers thereby permitting the return of these older officers to their homes.

Miss Genevieve Spaulding of this city has returned from her vacation, having spent the last two weeks in Remus at the home of her friend, Ted May and his parents.

Even Cucumbers Grow "V for Victory" Signs Around Here

Even the cucumbers around here are growing the "V for Victory" signs!

The other day when Steve Muska, Sheldon road farmer, went out in his cucumber patch to pick a few bushels for the market, he came across a cucumber that had grown in the perfect shape of a "V for victory."

The cucumber, if it had been straightened out, would have been more than a foot and a half in length.

Mr. Muska sent it to The Plymouth Mail office where it has been on display in the office window for several days.

Scarcity Hits Clothing Market For Ladies

John Blyton Reveals Serious Situation Developing

The information contained in this article is of vital interest to the ladies. It is important. It will not be good reading, but it is true.

The information comes from John Blyton of the Taylor and Blyton store, one of the best informed men in the department store business.

His information comes from the very best sources in the dry goods and ready-to-wear business in all of the large centers. It may be accepted as entirely authentic.

Here it is. Hold your breath. Grab on to your chairs, and take it like the thoroughbreds you are.

There will be some clothes this winter, but not in the quantity you have been accustomed to. There will not be the variety you may like. But what there is will be a pretty good product. It will be made mostly of rayon, but there will be some wool, although all-wool dresses are practically unobtainable. There are few if any cotton dresses available.

For those who sew and make their own gowns, there will not be more than 25 percent of the usual amount of material available. There is no cotton dress material on the market, and none is expected. But worse, from the standpoint of the seamstresses, not over ten percent of the standard notions will be available this winter.

Ninety percent of all the standard notions are off the market entirely. When the present supply is exhausted there will be no more. These include needles, pins, buttons, zippers, thread, etc.

Here's the worst news of all: There will be no ladies' underwear of any kind for sale. One of the largest manufacturers of such materials says that a ten percent supply of slips will be available, but that the company is no longer manufacturing night gowns, panties or pajamas.

Mr. Blyton said he did not believe it was possible to buy anywhere these articles, and that the prospects of buying them this winter are remote, either for ladies or children.

Bleached muslin is almost impossible to obtain because the government has requisitioned all of the chlorine used to bleach the muslin. Unbleached muslin can be had.

Mr. Blyton said he had just returned from St. Louis and Chicago, and that both he and three other members of his staff are making constant personal efforts to obtain all of the material possible, but that it just isn't in the hands of the wholesalers.

He said that most of the wholesalers are alloting what products they have to their regular customers, and that Plymouth may expect to get its share, but no more.

Plymouth Rationing Board Needs Help to Get Out Rationing Books

Wanted—Help—and it is wanted badly! No—there is no big pay with the job. In fact, you'll not get your board or a cent of money.

But you who are patriotic, you who are willing to serve your country without a cent of pay—you who have boys in the service—you will be interested in this appeal for help!

The Plymouth rationing board needs volunteers to help make copies of the fuel oil and gas rationing books. The work is not at all difficult. It is not complicated. It is easy to do—but there is no money to pay any one for their time.

If you will go up to the rationing board at the city hall and work just a few hours each day, you will help some worker get his gas rationing book so he can go back and forth to work and you will help the home owner who is right now worrying about his winter fuel oil supply.

And you will help your boys in the service and your country at the same time.

Consult with Raymond Bachelder or Mrs. Cushman at the rationing board headquarters on the second floor of the city hall, if you can donate a few hours each week to your country.

Gas Business Takes a Slump

Last Saturday's Rush Filled Tanks

Plymouth gasoline filling stations did a thriving business last Friday and Saturday as motorists rushed to fill up their tanks while ration stamps were still worth four gallons each.

They paid for the rushing business the early part of this week when sales fell off to almost nothing. One filling station which normally sells between 200 and 300 gallons of gasoline daily, reported a sale of only 76 gallons on Monday.

Most of the filling stations reported that there is no way of determining whether there has been an actual decline in the amount of gasoline which will be sold because of the new rationing regulations, although they were inclined to believe there would be a small drop.

One filling station reported that several of his customers already had used up all of their "A" stamps and that they will be unable to buy more gasoline until September 22.

Another station reported, however, that his customers say they will go ahead using their stamps on their reduced value, and if they run out of stamps will apply for more.

The filling stations report that they have had no trouble in getting gasoline from the wholesalers in the area.

Mail Christmas Presents Now

Boys Overseas Long Ways Off

It must have been cold weather which brought it to mind, but the postoffice reported this week that now is the time for all persons to begin thinking about mailing Christmas packages overseas.

The postoffice will not guarantee delivery at any time, what with the U-boats and the Japs and the airplanes and such, but the postoffice will undertake to deliver all Christmas packages for the men in service overseas, if they are mailed before October 15.

"And the earlier the better," the postoffice reported. Packages must be kept within certain definitely defined limits. They must not weigh over five pounds. And they must not have a combined girth and length of more than 36 inches. To reach this measurement, measure the circumference of the smaller way around the package. Add to this figure the total length. And in any event, the package may not be more than 15 inches long.

The postoffice cautions about what is inside the package. No perishables may be mailed. Any candy or sweets which are sent, should be of the hard, unperishable variety, and all food should be packed in glass or other containers. Rats on board ship get into all unenclosed food. Most important of all, however, is to MAIL IT EARLY.

Woolen Patches Badly Needed by Navy Mothers Club

Ladies of Plymouth! Have you any woolen cloth about your home that is suitable for making patches for lap robes that can be used in naval hospitals?

The Navy Mothers club of Plymouth is anxious to send many more of these useful and warm robes so badly needed at many of the naval hospitals located in various parts of the world where wounded and sick boys of the navy are being cared for.

The members have already sent 24 beautifully hand-made lap robes and they are anxious to send four times that number, but right now they haven't enough woolen patches to finish up the work under way.

If you have any goods of this kind that can be used, just call Mrs. A. E. West, whose telephone number is 1455. Better still, you can drive by her home and leave your contribution there at any time.

New Pastor To Preach Sunday

Rev. Walch To Fill Methodist Pulpit

Rev. Henry Walch, the new minister of Plymouth's Presbyterian church, moved with his family to this city Wednesday and is now occupying the manse on Church street.

His first sermon to this city will be given Sunday morning at the Methodist church. This is due to the fact that the next regular summer union service of two of Plymouth's prominent churches is scheduled for the Methodist church.

Rev. Walch comes to this city from Detroit, to fill the pulpit made vacant by the resignation of Rev. Walter Nichol, who was forced to give up the ministry because of ill health. Rev. Nichol had served for more than 17 years. Plymouth's Presbyterian organization recently erected one of the most beautiful church edifices in Michigan.

New Bus Stop For In-Coming Buses

One Down-Town Stop To Be Made

The city commission at its meeting Monday night rescinded its action of two weeks ago at which it established in-coming bus stops in front of the Conner Hardware company, at Main and Penman, and at the Mayflower hotel. Complaints had been received against the use of these corners. Out-going stops will be made at the same places as in the past.

In place of these two in-coming stops, the city commission ordered that a bus stop be made in front of the old comfort station in the center of the block on Main street between Penman and Ann Arbor Trail.

Parking space for one automobile will be eliminated to provide discharge facilities for the unloading bus.

Wedded 57 Years, No Celebration

Robinsons Observe Two Anniversaries

Monday was more than a "red letter day" for Mr. and Mrs. Harry C. Robinson.

It was the anniversary of their fifty-seventh wedding anniversary and it was Mrs. Robinson's seventy-eighth birthday.

But would you believe it! The Robinsons didn't celebrate or observe the day in any way. Harry was up and at work at 4:30 in the morning, just as busy as he was the day before his wedding more than half a century ago.

Both are in excellent health and both received the congratulations of their many friends who knew of the anniversary date.

Joe Merritt Is Well, Uninjured

Japs Advise

Card Received From Prisoner Held In The Philippines

From out of a Japanese prison camp somewhere on the Philippine Islands Monday came a highly censored postcard from Joe D. Merritt, to his mother, Mrs. Nina M. Merritt of 8959 Lilley road.

It was the first direct word she has received from Joe since he landed in Manila a few months before the capture of Bataan, when Joe fell a prisoner to the Japs. But there was no date on the card, nothing to indicate when it was mailed from the Philippines or when it was received by the United States postal service.

The card indicated that Joe was well and that he was uninjured. That was all.

The card contained certain printed information that the Japs allow to be sent to relatives of prisoners. By the use of a typewriter, certain words are struck out, and others inserted. Joe was not allowed to write anything on the card.

Following in full is all the information contained on the card: Imperial Japanese Army. 1—I am interned at Headquarters, Military Prison Camps No. 11, Philippine Islands. 2—My health is—Excellent. 3—I am—uninjured. 4—I am—well. 5—Please see that yours and Dad's health is taken care of. 6—Give my love to Margie and Aunt Maude. 7—Please give my best regards to Raymons, Jacksons, Mackeys, all.

From Joe D. Merritt, Nationality—American. Rank—Private. To Mrs. Nina M. Merritt, 8959 Lilley road, Plymouth, Michigan, U.S.A.

There were numerous Japanese characters printed on the card, but it is apparent that the matter pertained only to Japanese postal regulations.

The card gives a pretty good idea of the alertness of the Japanese to possibilities of information getting out of that country they do not desire their enemies to know about.

There was not the slightest opportunity for the prisoner to give any data of any kind except that which the Japs themselves prepared.

It was a little over a month ago when Mr. and Mrs. Merritt were first advised that Joe was a prisoner of war. He had been reported missing in action when Bataan peninsula fell to the Japs and for over a year many believed that Joe had been sacrificed for his country. His mother, however, believed firmly that her son was alive and well—and time has proved her belief to be correct.

Joe was one of the first Plymouth lads to enlist for services after the fall of Pearl Harbor.

Jack Gordon, another Plymouth lad, is also a prisoner of the Japs, having been captured at the same time Joe was taken. His parents were advised several months ago that he is held in a Japanese prison somewhere on the Philippines.

2,763 Children In School District

Census Shows Big Increase

On May 31, there were 2,763 children of all ages up to and including 19 years of age in the Plymouth school district, it was announced this week by Superintendent of Schools George A. Smith in making a report of the recent census.

There were 1,930 children of the school age, which is tabulated at from five years to 19 years, inclusive. Mr. Smith said that approximately 1,730 of those children enumerated in the census, are attending the Plymouth schools.

The census revealed that there are two deaf children in the school district, one of which is already enrolled in the state school for the deaf at Flint. No blind children were listed. The census shows a big increase over last year.

Tax Payments Reach High Point

City Treasurer C. H. Garlett reported to the city commission last Monday night that 95 percent of the total city taxes for this year have been collected. At this time last year, 92.5 percent of the taxes had been collected. The total amount collected to date is \$76,200.32.

Dorothy Fisher Awarded Scholarship

Dorothy Fisher, daughter of Clyde C. Fisher has been granted a one-year scholarship to Wayne University, it was announced this week. She will enter in September.

The scholarship was granted for her four-year scholarship. Miss Fisher, who has been employed as society reporter for The Plymouth Mail this summer, will take a special course in education.

Billy Corwin, son of Mr. and Mrs. Lester Corwin, is in the University of Michigan hospital at Ann Arbor recovering from an appendix operation. Billy says he would like to have some cards from his many Plymouth friends.

Why don't you learn how? Yours, FATHER PLYMOUTH.

Ordinance No. 9

An Ordinance authorizing the refunding of outstanding water supply system revenue bonds and the construction of extensions and improvements to the water supply system of the township of Livonia, authorizing and providing for the issuance of self-liquidating refunding and extension revenue bonds for the purpose of defraying the cost of such extensions and improvements to the said water supply system under the provisions of Act No. 94, Public Acts of Michigan, 1933, as amended; prescribing the details of said bonds; providing for the fixing, collection, segregation and disposition of the revenues of said water supply system of the said township of Livonia; and providing for a statutory lien in favor of the holder or holders of such bonds, upon the whole of such revenues.

Section 1. It is hereby determined and declared to be necessary and conducive to the public health and welfare of the township of Livonia to construct, and it is hereby determined to construct certain extensions and improvements to the Water Supply System of the Township, in accordance with the maps, plans and specifications prepared by Herald F. Hamill, Engineer, which are now in file with the Township Clerk; such extensions and improvements to be located as follows:

WATER MAINS IN THE FOLLOWING STREETS

- Westmore street from Seven Mile to North, 2000 ft.
Sundland street from Stark to Farmington.
Kleindan street from Joy to North, 1320 ft.
Alexander street from Seven Mile to Curtis.
Lathers street from Seven Mile to North, 1400 ft.
Brentwood street from Seven Mile to North, 2000 ft.
Merriman Court from Seven Mile to North, 2840 ft.
Sunnyside street from Middle Belt to East, 1677 ft.
Broadmore street from Middle Belt to East, 2714 ft.
St. Francis street from Long to St. Martins.
Antago from Fargo to Pembroke.
Deering street from Norfolk to Pembroke.
Floral street from Fargo to Pembroke.
Santa Anita street from Five Mile to Jamison.
Thomas street from Five Mile to Oakley.
Harrison street from Five Mile to Oakley.
Stark road from Existing Main to South, 200 ft.
Greenland street from Middle Belt to West, 1265 ft.
Antago street from Long to Fargo.
Norfolk street from Long to Norfolk.

PROVIDED, that no main shall be constructed until the Township shall have service contracts with the owners or occupants of properties for connection therewith to the number of fifty (50) or more to each mile of main; and if such number of contracts shall not be obtained for any main above described within three months from the date of the Ordinance, the Township Board may in its discretion, substitute other mains for which such number of contracts may be secured.

Section 2. It is hereby determined to be necessary to issue self-liquidating revenue bonds, payable from and secured by lien on the revenues of the Water Supply System of the Township, to retire the outstanding Water Supply System Revenue Bonds to the amount of \$193,000, being part of the issue of \$200,000.00 dated July 1, 1940, and to construct the necessary extensions and improvements to the water supply system.

Section 3. The Township Board has caused an estimate of the cost of constructing said extensions and improvements to be made by the said Herald F. Hamill, Engineer, and does hereby determine that the total estimated cost of such extensions and improvements, including incidental expenses and a part of the interest on revenue bonds for the first three years is the sum of \$707,000.00; and the estimated period of usefulness of said extensions and improvements is hereby estimated to be thirty (30) years.

Section 4. To refund \$193,000.00 Water Supply System Revenue Bonds dated July 1, 1940, being the amount now outstanding and to pay the cost of constructing such extensions and improvements, it will be necessary for the Township of Livonia to borrow the sum of \$300,000.00 and to issue and sell bonds of the Township therefor; and it is hereby determined that the said Township shall borrow the sum aforesaid for the purposes aforesaid and issue its bonds therefor pursuant to the provisions of Act No. 94, Public Acts of Michigan, 1933, as amended; said bonds to be not general obligations of the Township of Livonia, but revenue bonds payable out of the net revenues of the Water Supply System of the Township after provision has been made for the payment of operating expenses, consisting of 300 bonds of \$1,000 each, numbered 1 to 300, inclusive, dated August 1, 1943, and payable:

\$ 8,000 August 1st of each year from 1946 to 1948, inclusive, 9,000 August 1st of each year from 1949 to 1951, inclusive, 10,000 August 1st of each of the years 1952, 1953 and 1954

11,000 August 1st of each of the years 1955, 1956 and 1957, 12,000 August 1st of each of the years 1958 and 1959, 13,000 August 1st of each of the years 1960 and 1961, 14,000 August 1st of each of the years 1962 and 1963, 15,000 August 1st of each year from 1964 to 1967, inclusive, 16,000 August 1st of each of the years 1968, 1969 and 1970; bearing interest at a rate not exceeding four percent (4%) per annum, payable semi-annually on the first day of February and August of each year, both principal and interest to be payable in lawful money of the United States of America at Detroit, Michigan.

Bonds maturing in the years 1968, 1969 and 1970 shall be redeemable at par and accrued interest, but only from surplus earnings, exclusive of bond and interest reserve funds, in inverse numerical order, on any one or more interest payment dates on or after the following:

Bond Nos. (Inclusive) 285 to 300; amount \$16,000; date of maturity, August 1, 1970; first call date, August 1, 1948.
Bond Nos. (Inclusive) 269 to 284; amount, \$16,000; date of maturity, August 1, 1969; first call date, August 1, 1950.
Bond Nos. (Inclusive) 253 to 268; amount, \$16,000; date of maturity, August 1, 1968; first call date, August 1, 1952

on thirty days' notice by publication in a paper circulated in the City of Detroit and State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds; and in case of registered bonds, thirty days' notice shall also be given by mail to the registered holders at the registered address.

All bonds redeemed prior to maturity are to be cancelled immediately upon payment. Said bonds may be registered in the manner and with the effect set forth on the face thereof, as hereinafter provided. Said bonds shall be signed by the Supervisor and countersigned by the Clerk and shall have interest coupons attached bearing the facsimile signatures of said Supervisor and said Clerk, which officials, by the execution of said bonds, shall adopt as and for their own proper signatures their respective facsimile signatures on the said coupons.

Section 5. Said bonds shall not be a general obligation or indebtedness of the Township of Livonia, but shall be payable solely from the revenues derived from the operation of the Water Supply System of said Township of Livonia, including all appurtenances and extensions thereto; and to secure such payment there is hereby created a first lien upon the revenues of said Water Supply System of said Township, including all appurtenances and extensions thereto, said lien to continue until the payment in full of the principal and interest on said bonds.

Section 6. The holder or holders of said bonds or coupons representing in the aggregate not less than twenty per cent (20%) of the entire issue then outstanding may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce the statutory lien upon the revenues of said Water Supply System, including appurtenances and extensions thereto, and may by suit, action, mandamus or other proceeding enforce and compel performance of all duties of the officers of the Township of Livonia, including the fixing of sufficient rates, the collection of revenues, the proper segregation of the revenues of the System, including appurtenances and extensions thereto, and the proper application thereof. PROVIDED, HOWEVER, that said statutory lien upon said revenues shall not be construed to give such holder or holders of any bonds or coupons authority to compel the sale of said System.

If there be any default in the payment of the principal or of interest upon any of said bonds, and upon application of any holder of said bonds or coupons, any court having jurisdiction in any proper action may appoint a receiver to administer and operate said System, including appurtenances and extensions thereto, on behalf of the Township of Livonia, and under the direction of such court, and by and with the approval of such court, to perform all of the duties of the officials of the Township of Livonia more particularly set forth herein, and the collection of the service rates as it shall deem necessary, and for the management and protection of the said Water Supply System. Such rules, regulations and by-laws shall have the same force and effect as ordinances.

Section 11. The said Water Supply System shall be operated on the basis of a fiscal year commencing on March 1 and ending on February 28. Section 12. The gross revenues of the said Water Supply System, including all appurtenances and extensions thereto, are hereby pledged and ordered to be set aside and distributed monthly or oftener into separate funds, as follows:

A) OPERATION AND MAINTENANCE FUND. There shall first be set aside out of the gross revenues, amounts sufficient for the payment of the current reasonable and necessary expenses of operation, administration and maintenance of said Water Supply System. B) BOND AND INTEREST REDEMPTION FUND. There shall next be established and maintained a Bond and Interest Redemption Fund, which shall be solely and only for the purpose of paying the principal of and interest on the Water Supply System Refunding and Extension Revenue Bonds

Table with 3 columns: Meter Size, Service Charge, and Amount. Rows include sizes from 5/8" to 8" and corresponding charges from \$0.50 to \$11.60.

From 100,000 Upward—60 cents per 1,000 cu. ft. B. MONTHLY SERVICE CHARGE.

Minimum Charge: \$2.32 per quarter on lines existing on July 1, 1940. \$4.32 per quarter on lines constructed after July 1, 1940.

C. PENALTY FOR LATE PAYMENT. Bills not paid on or before the last payment date as indicated on the face of the bill are subject to a ten percent (10%) penalty charge, which must be paid.

D. SERVICE CONNECTION CHARGES. Charges for meters and service connections shall be payable in advance and at the time that the application for the same is made. If any error in such application shall cause the installation of a service connection that is improper, either in size or location, the cost of all changes required shall be borne by the applicant.

Size of service: 3/4". Width of Street: 0-70', \$55.00; 71-90', \$65.00; 91-120', \$75.00; 120-204', \$105.00. (Prices on other sizes will be designated at the time of application.)

All service connection charges have been so fixed as to produce an estimated average charge to all lots of not less than 120 per cent of the labor and material costs of connection to such lots, and shall be maintained on that basis or higher.

E. FIRE HYDRANTS. To be paid for by the Township at the rate of \$25.00 per year for each hydrant, out of its general funds.

And the TOWNSHIP HEREBY AGREES to levy and collect taxes for this specific purpose if sufficient money for the payment is not available in its general funds.

Charges shall be collected in four quarterly periods, and bills shall be sent to each customer within thirty (30) days after the end of each quarter and shall be due and payable at the office of the Treasurer of the Board of Water Commissioners within forty (40) days after the end of the quarter. The payment of charges for service and for water supplied may be enforced by shutting off the user's water supply if bills are not paid within forty days after the end of the quarter.

The Township shall pay, out of its appropriate general fund, the reasonable cost and value of any services rendered to the Township and of water supplied to the Township by such Water Supply System on the foregoing basis of rates and amounts of water used.

Charges shall constitute a lien on the property served by such connections, and if not paid within ninety (90) days shall be placed on the next general tax roll and collected as a part of the general Township taxes.

Section 9. The rates hereby fixed are estimated to be sufficient to provide for the payment of interest on and the principal of all bonds to be issued hereunder, as and when the same become due and payable, to create a bond and interest redemption fund for said bonds, to provide for the payment of expenses of administration and operation and such expenses for maintenance of said Water Supply System as are necessary to preserve the same in good repair and working order, to build up a reasonable reserve for depreciation, and to build up a reserve for reasonable and proper improvements and extensions thereto other than those necessary to maintain the same in good repair and working order. Such rates shall be fixed and revised from time to time as may be necessary to produce these amounts; and it is hereby covenanted and agreed at all times to fix and maintain such rates for service furnished by said Water Supply System as shall be sufficient to provide for the foregoing.

Section 10. The Board of Water Commissioners may make such rules, regulations and by-laws governing the operation of said Water Supply System and the collection of the service rates as it shall deem necessary, and for the management and protection of the said Water Supply System. Such rules, regulations and by-laws shall have the same force and effect as ordinances.

Section 11. The said Water Supply System shall be operated on the basis of a fiscal year commencing on March 1 and ending on February 28.

Section 12. The gross revenues of the said Water Supply System, including all appurtenances and extensions thereto, are hereby pledged and ordered to be set aside and distributed monthly or oftener into separate funds, as follows:

A) OPERATION AND MAINTENANCE FUND. There shall first be set aside out of the gross revenues, amounts sufficient for the payment of the current reasonable and necessary expenses of operation, administration and maintenance of said Water Supply System. B) BOND AND INTEREST REDEMPTION FUND. There shall next be established and maintained a Bond and Interest Redemption Fund, which shall be solely and only for the purpose of paying the principal of and interest on the Water Supply System Refunding and Extension Revenue Bonds

hereby authorized. During each month, out of the gross revenues after providing for the Operation and Maintenance Fund, there shall be set apart and paid into the Bond and Interest Redemption Fund a sum equal to one-twelfth of the total amount of interest and principal falling due during the next twelve months, but not less than Twenty Thousand (\$20,000.00) Dollars during each of the years from August 1, 1943, to August 1, 1944, and from August 1, 1944, to August 1, 1945. There shall also be set aside and paid into the Bond and Interest Redemption Fund an amount equal to twenty per cent (20%) of the regular monthly payment until a reserve is accumulated equal to the interest and principal requirements of said bonds for the next twenty-four months. Such reserve shall be held in the Bond and Interest Redemption Fund and used solely for the payment of principal and interest on said bonds if current revenues shall be insufficient. PROVIDED, HOWEVER, that no further payments need be made into said Bond and Interest Redemption Fund after enough of the bonds have been retired so that the amount then held in said Bond and Interest Redemption Fund (including such reserve) is equal to the entire amount of interest and principal which will be payable at the time the maturity of all of the bonds then remaining outstanding. If, in any fiscal year, the Township shall fail to pay into the Bond and Interest Redemption Fund the full amount hereinafore stipulated, then an amount equivalent to such deficiency shall be set apart and paid into the Bond and Interest Redemption Fund from the first available revenues of the following fiscal year or years.

C) DEPRECIATION FUND. Out of the remaining gross revenues there shall be set aside sums sufficient, according to recognized standards, to build up a reasonable reserve for depreciation of the Water Supply System.

D) CONTINGENT FUND. Out of the remaining gross revenues there shall be set aside such sums as the Township Board may deem sufficient to build up a reserve for reasonable and proper improvements and extensions to the Water Supply System, but no money in this fund shall be used for improvement or extensions unless such funds are transferred from the Operation and Maintenance Fund, the Bond and Interest Redemption Fund, and the Depreciation Fund as described in this Ordinance have been fully satisfied as to their respective requirements.

Any surplus revenues remaining at the end of any fiscal year shall be disposed of as follows: If the reserve in the Bond and Interest Redemption Fund is less than the principal and interest requirements for the next twenty-four (24) months, the amount of such deficiency shall be paid into said fund.

The Township may, in its discretion, redeem any outstanding callable bonds, or if there be no outstanding callable bonds, may purchase in the open market, but no bonds shall be deemed or purchased at a premium greater than five per cent (5%).

The Township may place any of such surplus revenues in any of the funds above provided.

Section 13. All money now held in the Bond and Interest Redemption Fund under Ordinance No. 2 shall be used, first, for payment of premium, if any, on the redemption of outstanding bonds, and the balance shall be placed in the Bond and Interest Redemption Fund hereby provided. All money now held in any other fund under Ordinance No. 2 shall be placed in the like fund created by this Ordinance.

Section 14. The Township reserves the right to issue additional bonds of equal standing and security with the bonds of this issue. PROVIDED, that no such bonds shall be issued unless there shall be the right at all reasonable times to inspect said Water Supply System and all records, accounts and data of the Township of Livonia relating thereto.

Section 17. Said bonds shall be sold and the proceeds used, first, for the retirement of the outstanding Water Supply System Revenue Bonds dated July 1, 1940, and the balance applied in accordance with the provisions of Act No. 94, Public Acts of Michigan, 1933, as amended. Any premium or accrued interest received from the sale of said bonds shall be deposited in the Bond and Interest Redemption Fund and applied toward the payment of interest next maturing after delivery of said bonds.

Section 18. The outstanding bonds not being callable, the holders thereof shall be requested to consent to their redemption. No bonds authorized by this Ordinance shall be delivered until all of the now outstanding and non-callable bonds shall have been deposited for redemption and retirement.

Section 19. The proceeds of sale of said bonds and the gross revenues derived from the operation of the Water Supply System shall be deposited in Detroit Trust Company or in a Federal Reserve System member bank duly qualified and doing business in the State of Michigan, to be designated by the Township Board. All money shall be kept in separate and special accounts for the several purposes hereinabove described which the Township specifically pledges will be established and maintained, and each of said designated funds so held shall be impressed with a trust for the benefit of those entitled thereto. Monies held in any of the reserves herein provided for may, in the discretion of the Township Board, be invested in bonds legally issued by the United States of America, the State of Michigan or the County of Wayne, Michigan, maturing not later than twelve years from the date of purchase, and not later than the final maturity of the bonds authorized by this Ordinance. All such investments shall be deposited with Detroit Trust Company in trust for the security of the bondholders but subject to redemption, in the discretion of the Township Board into cash, which shall remain a part of such funds subject to requirements of this Ordinance.

Section 20. The bonds authorized shall be in substantially the following form:

supply other than water from the City of Detroit, directly or indirectly, and to segregate the earnings of such systems, which shall not be subject to the lien in favor of the City of Detroit. The revenues of Water District No. 2, heretofore established as an independent system, shall not be subject to said lien. The Township hereby covenants and agrees that it will maintain an exact and complete segregation of all income, expenses, moneys, bank accounts, debts, credits, assets and insurance and all other matters relating to District No. 2 (and all other separate districts that may be created) from and away from the bonds authorized by the Ordinance here provided, and that none of the gross revenues, assets or materials of the Water Supply System established in pursuance of Ordinance No. 2, adopted June 3, 1940, with the extensions and improvements hereby authorized, shall be advanced to or used by Water District No. 2 or any other district that may be created.

Section 16. The Township of Livonia hereby covenants and agrees with the holder or holders of the bonds herein proposed to be issued, or any of them, that it will punctually perform all duties with reference to the said Water Supply System required by the laws of the State of Michigan, including the making and collecting a sufficient rates and segregating the revenues of said System and the application of the respective funds created by this Ordinance; and the Township hereby covenants and agrees not to sell, lease, mortgage or in any manner dispose of said Water Supply System, including all appurtenances and extensions thereto, until all of the said bonds herein authorized to be issued shall have been paid in full, both principal and interest, or unless and until provision shall have been made for the payment of all bonds and interest thereon in full; and the Township of Livonia further covenants and agrees with the holder or holders of said bonds to maintain the said Water Supply System in good condition and to operate the same in an efficient manner and at a reasonable cost; and so long as any of the said bonds are outstanding, to maintain insurance for the benefit of the bondholders on said Water Supply System, of a kind and in an amount which usually would be carried by private companies engaged in a similar type of business; to keep proper books of record and account (separate from all other records and accounts) in which correct entries shall be made of all transactions relating to the said Water Supply System, and to furnish, upon written request, to any holder of the bonds, not more than thirty (30) days after the close of each six-month fiscal period, complete operating and income statements of the Water Supply System in reasonable detail covering such six-month period, and not more than sixty (60) days after the close of each fiscal year, complete financial statements of said Water Supply System covering such fiscal year, certified by independent auditors; and the Township of Livonia covenants and agrees that any purchaser of twenty per cent (20%) in aggregate principal amount of said bonds at the time then outstanding or any holder or holders of said amount of outstanding bonds shall have the right at all reasonable times to inspect said Water Supply System and all records, accounts and data of the Township of Livonia relating thereto.

Section 17. Said bonds shall be sold and the proceeds used, first, for the retirement of the outstanding Water Supply System Revenue Bonds dated July 1, 1940, and the balance applied in accordance with the provisions of Act No. 94, Public Acts of Michigan, 1933, as amended. Any premium or accrued interest received from the sale of said bonds shall be deposited in the Bond and Interest Redemption Fund and applied toward the payment of interest next maturing after delivery of said bonds.

Section 18. The outstanding bonds not being callable, the holders thereof shall be requested to consent to their redemption. No bonds authorized by this Ordinance shall be delivered until all of the now outstanding and non-callable bonds shall have been deposited for redemption and retirement.

Section 19. The proceeds of sale of said bonds and the gross revenues derived from the operation of the Water Supply System shall be deposited in Detroit Trust Company or in a Federal Reserve System member bank duly qualified and doing business in the State of Michigan, to be designated by the Township Board. All money shall be kept in separate and special accounts for the several purposes hereinabove described which the Township specifically pledges will be established and maintained, and each of said designated funds so held shall be impressed with a trust for the benefit of those entitled thereto. Monies held in any of the reserves herein provided for may, in the discretion of the Township Board, be invested in bonds legally issued by the United States of America, the State of Michigan or the County of Wayne, Michigan, maturing not later than twelve years from the date of purchase, and not later than the final maturity of the bonds authorized by this Ordinance. All such investments shall be deposited with Detroit Trust Company in trust for the security of the bondholders but subject to redemption, in the discretion of the Township Board into cash, which shall remain a part of such funds subject to requirements of this Ordinance.

Section 20. The bonds authorized shall be in substantially the following form:

Section 21. The provisions of this Ordinance shall constitute an irrevocable contract between the Township of Livonia and the holder or holders of the bonds and interest coupons hereby authorized, if any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

Section 22. Ordinance No. 5, adopted April 15, 1942, and all other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance are to the extent of such conflict hereby repealed.

Section 23. This Ordinance shall be published within ten days after its passage in The Plymouth Mail, a newspaper published in the Township, and shall take effect on such publication. The Clerk shall record this Ordinance and the publication thereof in accordance with law.

Section 24. The provisions of this Ordinance shall constitute an irrevocable contract between the Township of Livonia and the holder or holders of the bonds and interest coupons hereby authorized, if any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

Section 25. The provisions of this Ordinance shall constitute an irrevocable contract between the Township of Livonia and the holder or holders of the bonds and interest coupons hereby authorized, if any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

Section 26. The bonds authorized shall be in substantially the following form:

UNITED STATES OF AMERICA STATE OF MICHIGAN COUNTY OF WAYNE TOWNSHIP OF LIVONIA WATER SUPPLY SYSTEM REFUNDING AND EXTENSION REVENUE BOND

No. 19. \$1,000.00 KNOW ALL MEN BY THESE PRESENTS, that the TOWNSHIP OF LIVONIA Wayne County, Michigan, for value received hereby promises to pay to bearer, or if registered, to the registered holder hereof but only out of the revenues of its Water Supply System, including all appurtenances and extensions thereto, the sum of ONE THOUSAND DOLLARS on the first day of August, A.D. 19—, with interest thereon from the date hereof until paid at the rate of per cent per annum, payable semi-annually on the first day of February and August of each year, on presentation and surrender of the annexed interest coupons as they severally become due. Both principal of and interest on this bond are payable in lawful money of the United States of America at DETROIT TRUST COMPANY in the City of Detroit, Michigan, and for the prompt payment thereof, the gross revenues of the Water Supply System of the Township of Livonia, including all appurtenances and extensions thereto, after provision has been made for reasonable and necessary expenses of operation, administration and maintenance, are hereby irrevocably pledged, and a statutory lien thereon is hereby created.

This bond is one of a series of three hundred bonds of like date and tenor (except as to date of maturity, aggregating the sum of \$300,000.00) issued pursuant to the authority of Act No. 94, Public Acts of Michigan, 1933, as amended (which bonds do not constitute an indebtedness of the Township of Livonia within any State constitutional provision or statutory limitation), and of an Ordinance of said Township of Livonia being Ordinance No. 9 adopted by the Township Board of said Township on August 12, 1943, for the purpose of refunding \$193,000.00 of outstanding issue of Water Supply System Revenue Bonds dated July 1, 1940, and constructing extensions and improvements to the Water Supply System of the Township.

REDEMPTION CLAUSE ON BONDS NOS. 253 TO 300, INCLUSIVE, ONLY. The right is reserved of redeeming this bond, but only from surplus earnings, exclusive of bond interest reserve funds, at par plus accrued interest on any interest-payment date on or after August 1, 1952.

(Bonds Nos. 269 to 284, inclusive; August 1, 1950). (Bond Nos. 285 to 300, inclusive; August 1, 1948) on thirty days' notice by publication in a paper circulated in the City of Detroit and State of Michigan which carries, as part of its regular service, notices of the sale of municipal bonds, and if this bond be registered on thirty days' notice by mail to the registered holder at his registered address.

The Township reserves the right to issue additional bonds of equal standing and security with the bonds of this issue. PROVIDED, that no such bonds shall be issued unless there shall be the right at all reasonable times to inspect said Water Supply System and all records, accounts and data of the Township of Livonia relating thereto.

Section 17. Said bonds shall be sold and the proceeds used, first, for the retirement of the outstanding Water Supply System Revenue Bonds dated July 1, 1940, and the balance applied in accordance with the provisions of Act No. 94, Public Acts of Michigan, 1933, as amended. Any premium or accrued interest received from the sale of said bonds shall be deposited in the Bond and Interest Redemption Fund and applied toward the payment of interest next maturing after delivery of said bonds.

Section 18. The outstanding bonds not being callable, the holders thereof shall be requested to consent to their redemption. No bonds authorized by this Ordinance shall be delivered until all of the now outstanding and non-callable bonds shall have been deposited for redemption and retirement.

Section 19. The proceeds of sale of said bonds and the gross revenues derived from the operation of the Water Supply System shall be deposited in Detroit Trust Company or in a Federal Reserve System member bank duly qualified and doing business in the State of Michigan, to be designated by the Township Board. All money shall be kept in separate and special accounts for the several purposes hereinabove described which the Township specifically pledges will be established and maintained, and each of said designated funds so held shall be impressed with a trust for the benefit of those entitled thereto. Monies held in any of the reserves herein provided for may, in the discretion of the Township Board, be invested in bonds legally issued by the United States of America, the State of Michigan or the County of Wayne, Michigan, maturing not later than twelve years from the date of purchase, and not later than the final maturity of the bonds authorized by this Ordinance. All such investments shall be deposited with Detroit Trust Company in trust for the security of the bondholders but subject to redemption, in the discretion of the Township Board into cash, which shall remain a part of such funds subject to requirements of this Ordinance.

Section 20. The bonds authorized shall be in substantially the following form:

Section 21. The provisions of this Ordinance shall constitute an irrevocable contract between the Township of Livonia and the holder or holders of the bonds and interest coupons hereby authorized, if any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

Section 22. Ordinance No. 5, adopted April 15, 1942, and all other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance are to the extent of such conflict hereby repealed.

Section 23. This Ordinance shall be published within ten days after its passage in The Plymouth Mail, a newspaper published in the Township, and shall take effect on such publication. The Clerk shall record this Ordinance and the publication thereof in accordance with law.

registration to bearer. Such registration shall not affect the negotiability of the interest coupons. It is hereby certified and recorded that all acts, conditions and things required by law precedent to and in the issuance of this bond have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF the Township Board of the Township of Livonia, Wayne County Michigan has caused this bond to be signed in the name of the Township by its Supervisor and countersigned by its Clerk and the coupons hereto attached to be signed with the facsimile signatures of said Supervisor and Township Clerk which officials, by the execution of this bond, do adopt as and for their own signatures their respective facsimile signatures appearing on said coupons as of the first day of August, A.D. 1943.

TOWNSHIP OF LIVONIA By Supervisor. Countersigned: Township Clerk.

(FORM OF COUPON) No. 19. \$1,000.00 THE TOWNSHIP OF LIVONIA, Wayne County, Michigan, will pay to the bearer hereof, but only out of the revenues of the Water Supply System of the Township, including all appurtenances and extensions thereto, the sum of ONE THOUSAND DOLLARS in lawful money of the United States of America, on the first day of August, A.D. 19—, with interest thereon from the date hereof until paid at the rate of per cent per annum, payable semi-annually on the first day of February and August of each year, on presentation and surrender of the annexed interest coupons as they severally become due. Both principal of and interest on this bond are payable in lawful money of the United States of America at DETROIT TRUST COMPANY in the City of Detroit, Michigan, and for the prompt payment thereof, the gross revenues of the Water Supply System of the Township of Livonia, including all appurtenances and extensions thereto, after provision has been made for reasonable and necessary expenses of operation, administration and maintenance, are hereby irrevocably pledged, and a statutory lien thereon is hereby created.

This bond is one of a series of three hundred bonds of like date and tenor (except as to date of maturity, aggregating the sum of \$300,000.00) issued pursuant to the authority of Act No. 94, Public Acts of Michigan, 1933, as amended (which bonds do not constitute an indebtedness of the Township of Livonia within any State constitutional provision or statutory limitation), and of an Ordinance of said Township of Livonia being Ordinance No. 9 adopted by the Township Board of said Township on August 12, 1943, for the purpose of refunding \$193,000.00 of outstanding issue of Water Supply System Revenue Bonds dated July 1, 1940, and constructing extensions and improvements to the Water Supply System of the Township.

REDEMPTION CLAUSE ON BONDS NOS. 253 TO 300, INCLUSIVE, ONLY. The right is reserved of redeeming this bond, but only from surplus earnings, exclusive of bond interest reserve funds, at par plus accrued interest on any interest-payment date on or after August 1, 1952.

(Bonds Nos. 269 to 284, inclusive; August 1, 1950). (Bond Nos. 285 to 300, inclusive; August 1, 1948) on thirty days' notice by publication in a paper circulated in the City of Detroit and State of Michigan which carries, as part of its regular service, notices of the sale of municipal bonds, and if this bond be registered on thirty days' notice by mail to the registered holder at his registered address.

The Township reserves the right to issue additional bonds of equal standing and security with the bonds of this issue. PROVIDED, that no such bonds shall be issued unless there shall be the right at all reasonable times to inspect said Water Supply System and all records, accounts and data of the Township of Livonia relating thereto.

Section 17. Said bonds shall be sold and the proceeds used, first, for the retirement of the outstanding Water Supply System Revenue Bonds dated July 1, 1940, and the balance applied in accordance with the provisions of Act No. 94, Public Acts of Michigan, 1933, as amended. Any premium or accrued interest received from the sale of said bonds shall be deposited in the Bond and Interest Redemption Fund and applied toward the payment of interest next maturing after delivery of said bonds.

Section 18. The outstanding bonds not being callable, the holders thereof shall be requested to consent to their redemption. No bonds authorized by this Ordinance shall be delivered until all of the now outstanding and non-callable bonds shall have been deposited for redemption and retirement.

Section 19. The proceeds of sale of said bonds and the gross revenues derived from the operation of the Water Supply System shall be deposited in Detroit Trust Company or in a Federal Reserve System member bank duly qualified and doing business in the State of Michigan, to be designated by the Township Board. All money shall be kept in separate and special accounts for the several purposes hereinabove described which the Township specifically pledges will be established and maintained, and each of said designated funds so held shall be impressed with a trust for the benefit of those entitled thereto. Monies held in any of the reserves herein provided for may, in the discretion of the Township Board, be invested in bonds legally issued by the United States of America, the State of Michigan or the County of Wayne, Michigan, maturing not later than twelve years from the date of purchase, and not later than the final maturity of the bonds authorized by this Ordinance. All such investments shall be deposited with Detroit Trust Company in trust for the security of the bondholders but subject to redemption, in the discretion of the Township Board into cash, which shall remain a part of such funds subject to requirements of this Ordinance.

Section 20. The bonds authorized shall be in substantially the following form:

Section 21. The provisions of this Ordinance shall constitute an irrevocable contract between the Township of Livonia and the holder or holders of the bonds and interest coupons hereby authorized, if any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

Section 22. Ordinance No. 5, adopted April 15, 1942, and all other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance are to the extent of such conflict hereby repealed.

Section 23. This Ordinance shall be published within ten days after its passage in The Plymouth Mail, a newspaper published in the Township, and shall take effect on such publication. The Clerk shall record this Ordinance and the publication thereof in accordance with law.

Church News

Hours of services and notices of church organization meetings.

FIRST METHODIST and PRESBYTERIAN church. T. Leonard Sanders and Henry Walch, ministers. Sunday, August 22: 10:00 church school in each church with classes for all. 11 o'clock, union service of worship in the Methodist church. Rev. Henry Walch, newly appointed minister to the Presbyterian church, will preach. Plan to be present. The Presbyterian choir under the leadership of Mrs. Blankenhagen will sing the Latvian spiritual "My God and I." Please note: There will be nursery care for small children for the 11:00 o'clock service.

CALVARY BAPTIST CHURCH. Ann Arbor Trail and Elizabeth street, Lynn B. Stout, pastor. "Justified by his blood saved from wrath through Him."

By the blood of heroic soldiers and sailors our country came into its freedom. It is by the death of Christ, even His death on the cross, that we have redemption, and can be saved from eternal wrath. There is no other way to eternal life than by the death of the eternal Son of God. The Sunday School Times. "How shall we escape, if we neglect so great a salvation." He. 2:3. This Sunday "The Gospel Team" from Bob Jones college will occupy the pulpit of Calvary Baptist church in the absence of our pastor. Come and enjoy the testimony given out by these young men. Sunday, August 29, Rev. William Swihart of North Adams, Michigan, will be the guest speaker. Prayer meeting, Wednesday evening. Make it a daily habit to read your Bible and pray.

FIRST BAPTIST CHURCH. George W. Rothery, pastor. Telephone 1043. The services for this Lord's Day are morning worship, 10:00 a.m.; Sunday school, 11:15 a.m.; evening service, 7:30 p.m. We extend a cordial welcome to fellowship with us should you have no church home. Prayer meeting Wednesday evening at 7:30 p.m.

NEWBURG METHODIST church. Verle J. Carson, minister, 9614 Newburg road, Plymouth 860W4. Sunday morning worship at 10:00 a.m. The message will be "A Share in God's Kingdom." The Sunday school will meet at 11:00 a.m. under the leadership of Mrs. Donald Ryder, superintendent. Classes for all age groups. You will be welcomed.

BEREA CHAPEL ASSEMBLIES of God. Ann Arbor Trail and Mill street, Rev. Sanford E. Cook, pastor. John Walasky, assistant pastor. Services: Sunday: Sunday school, 10 a.m.; morning worship, 11 a.m.; evangelistic service, 7:45 p.m. Thursday: mid-week worship, 7:45 p.m. A hearty welcome awaits you.

S A L E M CONGREGATIONAL church. Lucia M. Stroh, minister. Divine worship, 10:30 a.m. The pastor will bring the sermon. A beautiful memorial service was held for Clyde Sweet last Sunday in the church. His mother and family were present. Harry Richards sang a hymn. Sunday

school, 11:45. Prayer meeting Wednesday evening in the home of Mr. and Mrs. R. W. Kehrl on Seven Mile road. Mrs. E. E. Curtis of Plymouth will be hostess to our ladies' aid on September 9 for supper. All are asked to come in the afternoon and bring a special dish or two to pass for potluck. Everybody is invited.

ST. JOHN'S EPISCOPAL church. Maple and Harvey streets. Sunday morning service: Morning prayer with sermon at 11 a.m. Rev. Francis Tetu, vicar.

CHURCH OF THE NAZARENE. Holbrook at Pearl, Robert A. North, pastor. Phone 749-W. Bible school, 10:00 a.m.; morning worship, 11:15; evening worship, 7:45. Radio broadcast station WEXL Sunday afternoon 5:00 to 5:30. A welcome to all to worship with us.

OUR LADY OF GOOD COUNSEL church. Rev. William P. Mooney, pastor. Masses, 8:00, 10:00 and 12:00.

SALEM FEDERATED CHURCH. C. M. Pennell, pastor. Sunday morning worship, 10:30 o'clock. Sermon theme: "Ye Are My Witnesses." Bible school, 11:45 a.m. Prayer meeting Wednesday evening, 7:30 o'clock.

FIRST CHURCH OF CHRIST Scientist. Sunday morning service, 10:30. Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service 8:00.

"Mind" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, August 22. The Golden Text (Psalms 147:5) is: "Great is our Lord, and of great power: his understanding is infinite." Among the Bible citations in this passage (Romans 11: 33,36): "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out! For of him, and through him, and to him, are all things: to whom be glory for ever. Amen." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the follow-

ing (p. 270): "Few deny the hypothesis that intelligence, apart from man and matter, governs the universe; and it is generally admitted that this intelligence is the eternal Mind or divine Principle, Love."

Local News

Melvin Hopper is a patient in Sessions hospital in Northville.

Dorothy Fisher spent the week-end with her aunt, Mrs. Robert Barringer, in Detroit.

Under the impetus of war, medical science is making discoveries of tremendous importance . . . new drugs . . . new methods of treatment . . . that will mean freedom from many of the ills and afflictions that scourge humanity today. For example, American military deaths resulting from wounds are the lowest for any war, anywhere, any time. Applied to civilian practice, this knowledge will reduce still further the dangers of attending operations. Your physician may count upon us for adequate supplies of the new drugs as they become available.

MISCELLANEOUS

CARD OF THANKS
We wish to express our sincere thanks to all of our neighbors, friends and others who were so appreciative and helpful during our recent great sorrow. Especially do we wish to thank Rev. Nevins for his comforting words, Mr. Schrader for his thoughtful gifts, and Mrs. O'Connor and Mrs. Dix for their music.
Mrs. Milo Corwin
Melvin Corwin
Mr. and Mrs. Lester Corwin and family
Mr. and Mrs. Walter Ash
Mr. and Mrs. Fred Aldrich and family.

CARD OF THANKS
We wish to thank all of the friends and neighbors of Mrs. Mary Robson for all of their many kindnesses and for their lovely flowers. Especially do we wish to thank the Eastern Star, the Rebekahs, the Plymouth firemen and Rev. Sanders.
Mr. and Mrs. Wm. C. Michaels
Mr. and Mrs. Melvin Michaels
Thelma and Raymond.

IN MEMORIAM
In loving memory of our dear brother, Walter Minehart, who passed away five years ago, August 19, 1938.
In our heart your memory lingers sweetly tender, fond and true. There is not a day, dear brother that we do not think of you. Sadly missed by his sister and brothers. 11-p

The Plymouth Mail desires to be of as much service to its want ad customers as possible, but we find recently that many who charge want ads do not send remittance promptly. Our rate is so low that it makes it expensive to send out statements for such small amounts. We do not desire to put the want ad column on a cash basis, but unless remittances are made promptly, it will be necessary to do so. It will be appreciated if want ad payments are made more promptly.

Approximately 122,000,000 copies of War Ration Book Three had been mailed by the first of last week. OPA announced that: (1) Anyone who does not receive his war ration book three should apply at his local board between August 1 and 10 (2) a plan is now being set up to distribute War Ration Book Three to members of the armed services who are eligible for ration books; (3) persons receiving War Ration Book Three should sign their names and addresses in the spaces reserved for that purpose on the cover.

No woman feels quite well dressed if her clothes make her feel too comfortable.

It matters not what you are thought to be, but what you are. —Publius Syrus.

You get \$4 back for every \$3 you invest in war bonds.

AT ROBINSON'S

Local News

Mrs. Clyde Thorpe and small daughter, Barbara Sue, have returned from a two weeks' visit with her parents in Tennessee.

Edna C. Sockow and Mrs. Levi Sockow leave today for Milwaukee where they will visit Mrs. Sockow's son, Douglas, who has been transferred from an army camp to a hospital in Milwaukee. He has been critically ill.

Mr. and Mrs. Fred Sabom of Minneapolis were Plymouth visitors Monday. Mr. Sabom was former owner and manager of the Mobas Window Shade company, former owners of the plant where the Wall Wire Company is now located.

Mr. and Mrs. Earl Russell have gone to Southampton, Ontario for a two week visit at the home of Mrs. Russell's parents, Mr. and Mrs. James Macaulay.

Obituaries

MRS. CHARLES TAMAROGGIO Plymouth friends of Mrs. Charles Tamaroglio were grieved a few days ago when they learned of her untimely death on August 9 in Blodgett Memorial hospital in Grand Rapids, where she had gone for a serious sinus operation.

Peaches Both High and Scarce

Growers Going to Suffer Big Loss

This is one year when peaches ARE PEACHES! Frequently in past years growers in and around Plymouth have sold peaches at such a low price that they have barely been able to pay for the costs of their spraying.

Some winter day make your neighbors feel jealous by saying that you had some canned peaches for dinner!

Gospel Team Will Visit Plymouth

Sunday evening at 6 o'clock, "The Gospel Team" from the Bob Jones college of Cleveland, Tennessee, will conduct a young people's rally at the Calvary Baptist church.

12:30 P.M.

Courses of Study

- 1. ACADEMIC 2. GENERAL 3. COMMERCIAL 4. HOME ECONOMICS 5. MACHINE SHOP 6. APPRENTICE TRAINING 7. PRE-INDUCTION TRAINING

The Superintendent's office will be open from 9 to 12 and 1 to 4 P.M., each school day.

The Principal's office will be open for classifying pupils who have not attended Plymouth High School, from 1 to 4:30 P.M., Wednesday, September 1st to Friday, September 3.

Private Blain Ingram who has been home on a brief furlough visiting his father, Robert Ingram, has returned to Fort Wolters, Texas. The young soldier expects to be transferred to the aviation corps, having already successfully passed his examinations.

Mrs. Ralph West has been advised that their son, James, who has been with the armed forces in the South Pacific has been moved to Harmon General Hospital at Longview, Texas.

Cadet William McAllister, who has completed his primary and basic training in the flying services of the nation at Glenview, Illinois, is at the home of his parents, Mr. and Mrs. W. F. McAllister on Northville road on a brief leave of absence.

Master Sergeant Forbes Smith who has been home on a ten-day furlough visiting his parents, Mr. and Mrs. W. C. Smith, has returned to the Atlantic seaboard. He just recently returned from a long trip with the army flying command, but his destination is one of those "unknown" things associated with army work.

Society Events

Marileta Martin, Jean Crandell, Signe Hegge, Virginia Moss, and Ann and Rosemary Ray spent Sunday afternoon at Lower Straits lake.

Mr. and Mrs. Lewis Goddard attended the Hansel and Grettel opera in Ann Arbor last Saturday evening.

Thirty-five friends of Ernest Wickstrom surprised him at his home at 127 Amelia street last Saturday night on the event of his fiftieth birthday.

Mrs. Otto Beyer entertained 25 relatives at her home last Friday evening, honoring her son-in-law, Floyd Burgett who left Saturday for Camp Custer.

Mr. and Mrs. Glen Perkins, of Pontiac, formerly of Plymouth, celebrated their golden wedding anniversary, Sunday, August 8, in the home of their son-in-law and daughter, Mr. and Mrs. E.J. Glass, in Ann Arbor.

Mayor and Mrs. Carl Shear were hosts to the members of the Stitch and Chatter club and their husbands at a Sunday outing at the Shear cottage at Base lake.

FRANK MILLARD. Following a brief illness, Frank Millard, well known former resident of Plymouth and one of the best known band instrument instructors in the country, died Sunday night at the home of his daughter, Mrs. Frances Piaski in Detroit.

Mr. Millard will be well remembered in Plymouth as the organizer and manager of a band instrument factory that was operated over a period of years in this city.

He was born in Palo, Michigan, 83 years ago and because of the reputation he had won in band music circles, he was urged to move to Detroit where he became one of the leaders in musical circles.

During the Spanish-American war he was the chief musician of the 32nd Michigan regiment. It was in 1917 when he came to Plymouth and started the band music factory.

Surviving are one daughter, Mrs. Piaski of Detroit, and three sons, Fred Millard of Plymouth and Frank and Philip of Detroit. The funeral was held Wednesday from the Wood Undertaking parlors in Detroit with former members of Mr. Millard's famed Plymouth band acting as pallbearers.

MRS. LYDIA L. STREBBING.

Mrs. Lydia Louisa Strebbling who resided at 14835 Eckles road, Plymouth township, passed away suddenly Saturday morning, August 14 at the age of 58 years. Surviving are her husband, Charles J. Strebbling, her daughter and son, Mrs. Doris Butler and Howard Strebbling, both of Plymouth; one brother, Robert Stender of Flint, a host of other relatives and friends.

MRS. SARAH M. WOLFROM.

Funeral services were held Monday, August 16 at 2 p.m. at the Schrader Funeral home for Mrs. Sarah May Wolfrom who resided at 18621 Filmore street, Livonia township, and who passed away Friday evening, August 13 at the age of 57 years. Surviving are her husband, Charles S. Wolfrom, her daughter, Mrs. Grace Gardner of South Lyon, three grandchildren, Jeremiah, Edward and Thomas Gardner; her father, William Henry of Plymouth; her brother, George Henry of South Lyon, and a host of other relatives and friends.

MOM'S CLUB NEWS

All Moms with sons having birthdays in the near future please notify Dorothy Olds (9147) of their present address.

The next regular meeting of the Mom's Club will be held Monday evening, August 23 at 7:30 p.m. in the high school building.

"Moms" don't forget to bring your son's or daughter's favorite recipe to the next meeting.

Special Gas Ration Rules

Regulations To Be Made Known Monday

All of the regulations for renewal of special gasoline rations will not be made public until next Monday, it was learned this week, but from unofficial sources, it was learned that smaller amounts of gasoline will be available for many persons in this area.

It is a definite rule that amendment 45 of the current rules and regulations has been eliminated. This was the amendment on which gasoline rations were allotted to many salesmen to give them up to 720 miles a month of driving.

Elimination of the rule reverts them to a total of 480 miles, it was learned authoritatively. This will apply to all salesmen, life insurance, meat, groceries, candy and anything else.

Only excuse it is believed for granting more gas mileage to salesmen will be that they also serve as technicians.

One of the reasons for this move on the part of the gasoline board is to force many of these "unessential" salesmen into war work.

Also, it was pointed out in authoritative but unofficial circles local gasoline ration boards will be required to "crack down" on chiselers who have been obtaining too much gasoline through the share the ride program. Under this program, it has been learned that many persons who report that they are "sharing" the ride, and obtain gasoline accordingly, actually are "buying" their rides in one car and using their gasoline allotments for pleasure driving.

All old type gasoline rations must be exchanged with the local board for the new type by September first, it was announced officially. This action was made necessary because of the large volume of stolen coupons.

End Danger Of Contamination

New Water Pipes Believed Source

City Manager Clarence Elliott said that the city has introduced a small portion of chlorine into the city water supply to eliminate a minor contamination which was discovered through the facilities of the Ford Motor company, and confirmed by analysis of the water by state chemists.

The chlorine is being introduced into the water supply through the facilities of a portable chlorinator, which was loaned to the city by the Ford Motor company. The contamination was discovered first in water analysis conducted by Ford chemists. The contamination was not found by the state chemists until last Friday when the first introduction of chlorine was started.

Mr. Elliott said that five-tenths grains of chlorine to a million parts of water is being introduced to kill the bacteria in the water. He said that there was not sufficient chlorine to taste in the water, but that a slight discoloration might be noted. The discoloration will be about what might be expected from slightly rusty water.

Source of the contamination is not known, but it is believed to be in the new pipes and equipment which were installed in the new well. Tests of the water in the well itself showed no such contamination.

Oakum, which is used to caulk the seams and joints of the new water pipes, contain bacteria which might contaminate the water.

Mr. Elliott pointed out that the contamination may come from new pipes which were installed in a part of the city entirely separate from that in which the new well is located. He said that the contamination might be cleared up within a month, or that it might exist for as long as six months, but that the chlorine eventually would eliminate the source as well as the water contamination itself. He said there is no danger under the chlorination system.

More Homes To Be Erected Here

Houses To Be Built On Sunset, Auburn

The Dawson Construction company which already has started construction on a group of defense houses in the area, has notified the city of its intention to construct ten more houses on Sunset street and Auburn avenue.

This procedure is necessary for the city to obtain priorities for installation of sewers and water facilities in the area. When the city has complied with these regulations then the company will take out building permits for the construction of the new homes.

Twenty-one homes are under construction now. Building permits have been issued for the construction of 55 homes, and permits for fourteen others in the south section of the city have been issued, but have not been taken up by the company which applied for them.

We can get along without gasoline but not without laundry service.

Liquor Store To Open Thursday

How You Can Get Your "Bottle"

The liquor store in the Mayflower hotel will be opened beginning Thursday, it was announced this week by the manager of the store.

Everyone who purchases liquor must present his card in person, it was stated. Under that rule, a man may not bring his wife's card with him and obtain a supply.

The rules provide that not more than one quart of liquor or its equivalent will be sold in any one month, and it must be signed for at the time of purchase.

It was erroneously reported last week that the liquor cards would be held at the liquor store until August 26. Actually, all of the cards which have not been picked up, have already been returned to the state.

It was stated that there is no provision announced for liquor card holders obtaining their permits from the state. It is expected that those regulations will be announced later.

Bait And Fly Casting Contest

Members of the Western Wayne County Conservation club will hold their annual bait and fly casting contest Sunday afternoon at the Jack Taylor cottage at Base lake.

Not only will the members display their talents with their casting lines, but they are going to enjoy one of those fine stag dinners that the club has become famous for serving. All expecting to attend are requested to bring one dish of "something good" to eat, as it is going to be a potluck affair.

Those expecting to attend are requested to meet in front of the Mayflower hotel at 1 o'clock, and go from there in a group to Base lake.

President Brick Champe says the affair promises to be one of the big events of the year.

Industrial League Soft Ball News

Play-off games start next Monday, August 23 at 7:00 p.m. sharp with Parkside vs. Wall Wire. All games will be played in rear of high school.

Last week's results: Monday, Parkside 6, Kelsey-Hayes 0; Tuesday, no game; Wednesday, Parkside 11, Ford 3; Thursday, Hi-Speed 9, Gulf 8 (8 innings); Friday, Wall Wire 13, Gulf 8.

Standings of August 13

Parkside	13	0	1,000
Kelsey - Hayes	4	3	571
Ford	6	7	462
Wall Wire	5	6	455
Hi-Speed	3	7	300
Gulf	2	8	200

Next Week's Schedule

Monday, August 23, Parkside vs. Wall Wire; Tuesday, August 24, Ford vs. Kelsey; Wednesday, August 25, Loser of Monday vs. loser of Tuesday;

Thursday, August 26, Winner of Monday vs. winner of Tuesday; Friday, August 27, Winner of Wednesday vs. loser of Thursday; Monday, August 30, winner of Thursday vs. winner of Friday; Tuesday, August 31, same as Monday (if necessary).

Concrete 'Sub' Type Cargo Carrier Planned

A submarine type cargo and troop carrier shaped like a torpedo and made of concrete is the dream of Hal B. Hayes, Hollywood contractor, and Hal Williams, motion picture producer. They claim that their craft would operate almost completely submerged and thus would present a poor target in submarine warfare. It would be cheap and light, they said, by utilizing concrete instead of steel. A model for the new type vessel is pictured above at Richmond, Calif. Inset: Hayes inspects the motors inside the new craft.

Knox Of Wayne New Commander

Lawrence G. Knox, chief of police at Wayne, and well known in Plymouth, is the newly-elected commander of the Michigan department of the American Legion.

Knox succeeds Robert R. Wright of Ironwood.

The five vice commanders elected by the 2,500 Legionnaires at the close of their convention were:

S. W. Curtiss, of Detroit; Harrison A. Hutchins, Saugatuck; E. F. McNally, Saginaw; George F. Metcalf, Midland, and Robert R. Matson, Hancock.

The other officers are:

Lisle H. Alexander, Plymouth, adjutant; Earl F. Schudardt, Grand Rapids, finance officer; the Rev. Fr. Joseph S. Kiminski, Bay City, chaplain; William Tenter, Benton Harbor, sergeant at arms; W. Bea Waldrip, Detroit, national executive committee man, and Herman F. Luhrs, Flint, alternate committee man.

The new president of the American Legion Auxiliary is Mrs. Walter H. Lee of Flint.

Knox, who has been police chief in Wayne for 19 years, founded Post 111 there and was district commander for two terms.

A former sailor who made 15 crossings of the Atlantic during the last war, Knox was vice commander of the Michigan department, two years ago.

Smaller quotas of new passenger car tires for August and larger quotas of used and recapped tires have been announced by OPA, based on rationing allotments assigned for the month by the Office of Rubber Director.

The August quota of Grade I tires is the lowest since last April. OPA officials warned that drivers who are eligible for new tires may have to accept used or recapped types as long as the quota of new tires is low.

Mr. Besse also announced that the paving of Fralick and Farm-er streets should start sometime within the next week.

Will Clean All Streets In The City

Despite the fact that there is still a shortage of help, city workmen have begun to clean all of the paved streets and the unpaved streets which have curbs and gutters to prevent the clogging of sewers. This is a customary procedure at this time of year, according to Stanford Besse, city engineer.

McClain Family Serves Country

Boys In Uniform—Mother May Join

James McClain, son of Mr. and Mrs. William W. McClain, 154 Rose street, has just won promotion to first lieutenant in Uncle Sam's flying forces. He was some time ago commissioned a second lieutenant and assigned to the flying camp at Greenwood, Mississippi as an instructor.

But this is not all the good war news in the McClain family. The parents have also been advised that their son Roger who has been confined to an army hospital somewhere on Guadalcanal in the south Pacific has now entirely recovered from a severe attack of jungle fever and has been able to return to his unit after more than ten weeks in the hospital.

Saturday they extended God-speed to their youngest and last son at home, John, who left for Great Lakes, where he begins his training for services in the country's navy.

And would you believe it! Mrs. McClain is now thinking of trying to join the WACS in view of the fact that all of her sons have left home.

But this would not be a new experience for her, if she should decide to try for appointment. During the last world war she served in the British Auxiliary

Army Corps, an organization similar to the American WACS. It was while she was serving her country in its military forces that she met her husband, William, who was an American heavy artilleryman fighting for the United States in France. They were married "over there" and when the war was over she came to America with her husband where they have made their home since.

Both Mr. and Mrs. McClain have been active in all patriotic organizations of the city—and they have now given to their country their three sons.

Don Vreeland of Robinson subdivision who has been employed at the Diesel engine plant on Plymouth road, has been given a navy appointment and sent to Hollywood, Florida for naval instruction. Mrs. Vreeland will remain in Plymouth for the present, but hopes to join her husband in Florida in the near future.

Better Streets And Sidewalks Is Mayor's Aim

Social Reforms Taboo For The Present At Least

Tangible improvements to the city rather than social reforms will guide the City Commission in the future.

While declaring that he is only one commissioner and that he does not speak for all of the commission, Mayor Carl Shear said that his personal conversations with Plymouth citizens and with other members of the City Commission had convinced him that the people of the community want something they can see, and feel and touch.

"I have talked with a lot of people in the five months I have been on the commission," said the mayor, "and almost everyone of them have told me that they want better streets and better sidewalks. And they want sidewalks where there are no sidewalks. And they want paved streets where there are now only gravel streets.

"These are things which the people can see and touch."

Mayor Shear went on to say that several people had come to him and pointed out that taxes in this country are still somewhat under those in England, and that they will not object to increases in city taxes as long as there are improvements—but no social reforms.

"Despite that plea," said the Mayor, "I am still in favor of low taxes. But I'm also in favor of improvements—but no social reforms. We had a scare here a few months ago about juvenile delinquency, and now we find out

that it isn't delinquency at all, but just some boy devilment.

"I'd like to have more sidewalks and more streets, but there are difficulties. In the first place, labor is scarce. It is almost impossible to get help as long as the war is going on. That means we won't be able to make all of the improvements we'd like to make. Furthermore, there are some improvements which require federal priorities, and some of these we haven't been able to get through.

"So we'll have to wait until after the war for a lot of these things. But I am in favor of planning down for that period after the war. I want to have the most beautiful small city in America.

"I think we have the makings of it here. It is up to all of us to get together and make it what we want it to be.

"But the one thing we don't want is for the city or the state or the federal government either to tell any of the citizens what we can do every minute in the day.

"I'm against that, and I think the whole commission is against it too.

"A recreation program is a step in that direction. I think if we direct our children too much, we take something out of them so that when they grow up to be men and women, they still will require some sort of direction from a few.

"I think the commission is convinced that what the people of Plymouth want is something they can see, something tangible for their money."

Seek Milk Supply For School Use

The board of education at its regular meeting last Monday night ordered advertising for bids for the school milk supply during the coming year. The bids are to be sealed and returned to the board of education for opening at the September meeting.

Salem Events

Mr. and Mrs. C. L. Wheeler and Mr. and Mrs. S. C. Wheeler of Ypsilanti spent last week Thursday evening with Mr. and Mrs. A. C. Wheeler.

Mrs. Clarence Sherwood of Town Line road and Mrs. George Quackenbush of Ypsilanti were last Friday callers at the Wheeler home.

Mr. and Mrs. Acolph Trapp have received word that their son, Marvin, is stationed at Camp Lee, Virginia, in quarter-masters Corps.

The Trapps attended an old-fashioned basket picnic with friends from Plymouth and Detroit, Sunday.

Any one wishing to apply for operator's or chauffeur's licenses

may do so August 25, Wednesday, at Salem town hall.

Sea Scout Harold Todd Back From Cruise

To Harold Todd, son of Dr. and Mrs. J. H. Todd, recently came the joys of a lake voyage that now and then falls to the lot of a "Sea Scout." Harold is one of the original and most active members of the Plymouth Sea Scout group. A few days ago he returned from a brief trip on the Great Lakes in the schooner Malabar VII, one of the well-known crafts that sail now and then from the harbor of Detroit.

There were 18 Sea Scouts and officers on the trip that was enjoyed by Harold. Edward Sinta is mate of the Plymouth Sea Scout group, which now has nine active members.

NOTICE

Proceedings To Vacate Portion of Street

The following resolution was submitted and unanimously adopted at the regular meeting of the City Commission held Monday, August 2, 1943:

Resolved: That Whereas the City Commission deems it advisable to vacate that portion of Blanche Street which lies between the westerly line of Amelia Street and the Pere Marquette Railway right-of-way in the City of Plymouth, and therefore sets the date when said Commission will meet and hear objections to the said vacating proceedings to Tuesday the Seventh day of September A. D., 1943 at 7:30 p.m. Eastern War Time, at the Commission chambers in the City Hall, City of Plymouth. Any person desiring to object to said proceedings may file his written objections thereto before said date in such manner as is prescribed by the City Charter for the City of Plymouth and that the City Clerk have a copy of this resolution published for four (4) successive weeks in a newspaper published in the City of Plymouth, namely The Plymouth Mail.

C. H. ELLIOTT, City Clerk.

Food Book Lost? Tell The Police

Workers at the Plymouth office of the War Price and Rationing board said that they have been swamped by applications for replacement of lost ration books.

Reports from the Cleveland district office of the OPA indicate that many of these applications are from chiselers who actually have not lost their ration books, but are attempting to get a supplementary one.

It takes about ten days to issue a new book, but many of these new applications can be held in abeyance for a period of 60 days.

Actually, when a ration book is lost, the loss should be reported to the police, which places the ration book holder in the position of having made a false report to the police in event they are trying to chisel.

A false report to the police is a misdemeanor, punishable by a fine.

Consumers Name New Gas Distribution Official For District

JOHN D. WILLIAMS

Appointment of John D. Williams, of Jackson, as gas distribution superintendent for 26 years preceding his appointment as division manager last June.

Mr. Williams will succeed Mr. Brown himself, who was gas distribution superintendent of the Jackson Gas plant, later becoming superintendent of the Pontiac Division is the company's largest, embracing Oakland, Macomb and part of Wayne county and including more than 60,000 gas customers.

Mr. Williams is a veteran Consumers man. He joined the company in 1918 as assistant superintendent of the Jackson Gas plant, later becoming superintendent. In 1924 he went to Flint as gas plant superintendent and remained in that post until 1930, when he was recalled to Jackson as general superintendent of gas manufacturing and distribution, with supervision over all gas manufacturing plants. Since then, natural gas has replaced manufactured gas in most of the communities served by Consumers.

Mr. Williams will take up his duties on August 16, with his office located at the division headquarters, Pontiac, Michigan.

Legals

Earl J. Demel, Attorney
Penniman Building,
Plymouth, Michigan

STATE OF MICHIGAN
The Probate Court for the County of Wayne

No. 310,126

In the Matter of the Estate of HILMA E. CUMIN, Deceased.

Notice is hereby given that all creditors of said deceased are required to present their claims, in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon EARL J. DEMEL, administrator at 1045 Ford Bldg., Detroit, Michigan on or before the 5th day of October, A.D. 1943, and that such claims will be heard by said court before Judge PATRICK H. O'BRIEN, in Court Room No. 306, Wayne County Building in the City of Detroit, in said County, on the 5th day of October, A.D. 1943, at two o'clock in the afternoon.

Dated July 26th, A.D. 1943.
PATRICK H. O'BRIEN,
Judge of Probate.

August 6, 13, 20, '43.

Earl J. Demel, Attorney
Penniman Building,
Plymouth, Michigan

STATE OF MICHIGAN,
County of Wayne, ss.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-third day of July, in the year one thousand nine hundred and forty-three.

Present Joseph A. Murphy, Judge of Probate.

In the Matter of the Estate of MARGIE COHN, also known as MARGIE WELLEN COHN, Deceased.

Earl J. Demel, a Public Administrator, Special and General Administrator of said estate, having rendered to said Court his combined first and final account in said matter and filed therewith his petitions praying that he be allowed additional compensation for extraordinary services rendered in the administration of said estate and that the residue of said estate be assigned to the persons entitled thereto:

It is ordered, That the twenty-third day of August, next, at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petitions.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in The Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

JOSEPH A. MURPHY,
Judge of Probate.

Newburg

(Omitted from last issue)

Rev. Lawrence Taylor continued in his sermon on Prayer, Sunday which all enjoyed. Rev. Verl Carson will be back next Sunday. 81 were present in Sunday school.

The W. S. C. S. met last Wednesday in the church house with 14 members present. Mrs. Robert McIntyre presided and paid a fine tribute to our departed member, Mrs. Lydia McNabb. The society is sponsoring the Girl Scouts. A committee consisting of Mrs. Clyde Smith, Mrs. Donald Ryder, and Mrs. Melvin Gutherie was appointed. The next meeting will be held in the park if the weather permits. The Society wishes to congratulate their president, Mrs. Edward Ayres, on the birth of a son, Harry Charles.

Mr. and Mrs. Donald Ryder and daughter, Doris, and son, Charles, enjoyed a boat trip to Cedar Point, Sunday.

Little Gilbert Kordon of Detroit spent four days with his grandparents, Mr. and Mrs. Harry Gilbert, last week.

Mrs. J. R. Kerr and daughter, Evangeline, visited their son and brother, Ralph, at Fort Custer last Sunday.

Mrs. A. Bohl and daughters, Dorothy and Evelyn, have recently returned from a trip to Ralph Bohl's farm on Londo-Lake near Tawas.

Miss Mary Margaret McCullough left Monday for Texas to visit her fiancé, Albert Jones.

Mr. and Mrs. Melvin Gutherie entertained 22 guests at dinner Sunday. Among the guests was their nephew, Lieut. Herbert Cohlhepp of the Tank Destroyer School of Camp Hood, Texas. Also present was Air Cadet James Gunnell of Macon Field, Georgia.

Sam Gutherie and son, Sammy, and P. A. Cohlhepp of Greensboro, Georgia are visiting Mr. and Mrs. Melvin Gutherie.

Mrs. Couley of Detroit, and son, Gutherie, of Greensboro, Georgia, called on Mrs. Eva Smith Sunday morning.

Mr. and Mrs. J. M. McCullough, Mr. and Mrs. Allen McCullough, Mr. and Mrs. J. Sitaz,

Freshen Lima Beans

There's a trick worth knowing in restoring lima beans to their original freshness. After soaking them four to five hours in cold water, cook the beans in the same water. Cook about 20 minutes, add salt and cook 20 to 30 minutes longer till the beans are tender.

Contour Plowing Old

Contour plowing was practiced by George Washington and Thomas Jefferson. In fact, a son-in-law of Jefferson invented a hillside plow for facilitating this method of plowing which many people consider as a new phase of farming.

Find Indian Ruins

Rich new archeological finds, including a pyramid, a fortress and parts of a statue, all dating from the mysterious Toltec era of the seventh and 11th centuries, was recently announced from Mexico.

Quinine in Peru

The cinchona tree, source of quinine, was discovered in Peru 300 years ago. But, like rubber, it was transported to the Far East to become the basis of plantation industries dominating the world markets.

Plymouth's Rationing Table

Processed Foods
Blue stamps R, S and T valid through September 20.
Meats, Cheese, Butter, Fats, Canned Fish, Canned Milk
Red stamps T, U and V good now; W August 15; all expire August 31.

Sugar
Stamp 14 good for 5 pounds August 16 through November 1. Stamps 15 and 16 good for five pounds of canning sugar each; apply at board for additional as needed.

Shoes
Stamp 18 good for one pair through October 31.

Gasoline
No. A-7 good for 3 gallons through September 21. B and C stamps good until used.

Tires
Next inspections due: A book vehicles by September 30; B's by October 31; C's by August 31; commercial vehicles every six months or every 5,000 miles, whichever is first.

Fuel Oil
Period 5 coupon good for 11 gallons. Period 1 coupon for new season good now for 10 gallons each unit and should be used with definite value coupons for filling tanks.

Communication

To The Plymouth Mail:

The recent air raid practice has demonstrated to my mind one thing and only one thing of any importance and that is that the present air raid system is incomplete or lacking in some ways, and that Mr. or Mrs. John Q. Public has not been properly instructed, and in the event of an actual raid there could only be utter confusion.

In my block, the Block Warden was away on Tuesday night and no one seemed to know who should be notified of so-called "bombs" dropped in the vicinity. Of course, this is a duty of the Block Warden who in turn notifies the Post Warden, as I have since been informed. The "bombs" were picked up by the children in the neighborhood and nothing done about notifying anyone.

Has anyone suggested women block wardens with an alternative, known to all in the block, people who will see that everyone in the block really knows what to do in an air raid similar to Tuesday's. Just patrolling the block and then, when absent, leaving each to wonder who is to be notified of "incidents" defeats the purpose of the raids.

Can't this block instruction be more fully carried out in the future? In the eventuality of a

surprise raid, which I think would be of more value than one such as Tuesday night's, each block would be more certain to be warned before the "red" signal, and proper persons notified of "incidents." Incidentally, I believe that the "red" signal is obeyed to the letter by everyone. No uncertainty there.

Civilian Defense Worker

It's exciting to get gossip in tiny fragments and put the bits together like parts of a jigsaw puzzle.

To increase the supply of children's and infants' shoes, and men's work shoes, WPB recently amended order M-217 (footwear) to permit a 25 percent increase in the output of shoes for boys, misses, children, and infants. Production of men's work shoes may be increased by 15 percent and men's safety shoes by 25 percent. The order also will permit increased production of shoes at price levels where there is greater consumer demand.

No Slackening Of Sugar Rules

Maybe Plentiful But Its Hard To Get

Listen, ladies: When you go to the ration board and ask for sugar, you'd better have all of the answers right at your fingertips, and ladies, they'd better be perfectly logical.

Otherwise, you can just expect that you'll have to have your sugar problems go before the food panel of the ration board itself.

Oh, there's plenty of sugar. As a matter of fact there is some talk in Washington of cutting out the rationing of sugar all together. But for the present, at least, the sugar ration business sticks, and if you try to get more sugar than you are entitled to on the grounds that you are canning no end of fruit, you'd better check up before you go. If you don't you'll just be wasting your time.

The facts are these: The Office of Price Administration says that stamps 15 and 16 in your first ration book are good for ten pounds of sugar. That ten pounds of sugar is intended for canning fruit. In addition, each ration book holder is entitled to five pounds of sugar for the making of jams and jellies. That makes a total of twenty-five pounds of sugar allotted to each person for the purpose of canning fruit.

Now, an additional allotment is obtainable if you can show that the original twenty pounds has been used properly. Now, let's consider what is a proper use. Let us use for example a family of four persons. Each person has a ration book, and in this ration book are stamps 15 and 16, each of which is good for ten pounds of sugar. That makes a total of 80 pounds of sugar to be used for canning. If you want the other five pounds of sugar for jams and jellies, you can get that by asking for it at the ration board.

But if you want more sugar for canning peaches, cherries, and the like, you've got to show that you've already used your original allotment on the basis of four cans of fruit for each pound of sugar. That means that with your eighty pounds of sugar, you must have canned 320 quarts of fruit. And ladies, except in rare instances, there just wasn't and isn't that much fruit available.

Some of the women who have asked for more sugar have admitted to the ration board that they used the canning allotment of sugar for pies, cakes and table use. They haven't a chance to get more sugar.

So, as mentioned previously, ladies, you'd better have all the answers—and they'd better be good.

Machine Recruits for the Army

Tanks, jeeps and other types of military motor conveyances are shown lined up as far as the eye can see in the war department's Richmond, Calif., tank depot. War equipment is assembled at the Ford Motor company's Richmond plant to which it is sent from eastern plants by rail for a final check before being sent into battle.

Tuition Pupils To Starkweather

Due To Crowded Condition At Central

All of the grade school students outside of the Plymouth school district who attend the Plymouth schools this year, will go to the Starkweather school, it was decided at the meeting of the board of education last Monday night.

Decision to send the out-district students to Starkweather was prompted by the crowded condition of the Central Grade school.

A comparatively few out-district students will be accepted this year. There will be not to exceed 20 students from the Coopers Corners district, and a few who will be sent into Plymouth by private families who are not otherwise satisfied with their own school districts.

However, the school board decided that except for the Coopers

Corners district, no new students will be accepted this year. All students which previously have attended the Plymouth grade schools will be permitted to continue, however.

The school board set the following tuition schedule for out-district students who attend the Plymouth schools this year:

Grades 1 to 6 inclusive, \$61.50; grades 7 and 8, \$81.50; high school, \$20, plus the state allowance of \$106.50.

Representatives of the Coopers Corners district said that no plans are underway for holding a vote to determine whether that district should be incorporated into the Plymouth school district. Such a plan was projected last winter when the question of whether or not students from that district would be admitted here.

Cooper Corners has a school building, but the census has been so small that it did not pay to operate it.

When a good and generous host gets way out in front at his own party, we often get the idiotic notion that we ought to be out there with him, as a gesture of respect.

Juvenile Cases To Be Heard Here

Official To Visit Plymouth Each Week

City Manager Clarence Elliott announced this week that the Wayne county juvenile court had agreed to send to Plymouth on stated occasions a referee who will act on juvenile cases which otherwise would have to be taken to Detroit.

The date on which the juvenile referee will start his trips to Plymouth has not been decided upon, but it was stated that he will come regularly on certain days and at a certain time.

The juvenile matters which have piled up in the interim of his visits will then be called to his attention. The referee will talk to the juveniles who are brought before him; in most cases will talk to the parents of the miscreants and when necessary the matter will be continued to the court in Detroit.

Just how much business will be brought to the attention of the referee is a matter of doubt. It has been contended that there is considerable juvenile delinquency in Plymouth, but whether the delinquency is of such a nature as to be considered serious, or whether it is just "devilment" is open to question.

We never see anything at the bathing beaches remotely resembling the newspaper bathing beauties.

Frank McGarry in Topeka Hospital

Frank McGarry, one of the many Plymouth lads who has won distinction in action with Uncle Sam's fighting forces on Guadalcanal, is at present confined to the Winter General hospital in Topeka, Kansas. He was being sent by the army from the Pacific island where he has been stationed for many months, to the new government hospital in Battle Creek.

When the train reached Topeka, his condition became so serious from a recurring attack of malaria fever that it was necessary to remove him to a hospital. This is the fourth time he has been hospitalized as the result of malaria.

His mother, Mrs. Clara McGarry and her daughter-in-law, Mrs. M. McGarry, have gone to be with him for a few days. Letters sent to the Winter General hospital in Topeka will reach him.

Every man and woman should be today a law to himself, her- self—a law of loyalty to Jesus' Sermon on the Mount.—Mary Baker Eddy. All the distinctive features and superiority of our republican institutions are derived from the teachings of the Scriptures.—Everett.

The Dreams That Stuff Is Made Of

THE cleaning woman has gathered up her mops and pail. He's alone again to peer, if he can, through the world's black clouds.

Gosh! 1:30! Better call it a night.

But he stays an hour longer. And over his cluttered desk he sees a day when millions of people will benefit from what he's dreaming and devising—for tomorrow.

★ ★ ★

You'll be hearing a lot about post-war planning. And the more you hear of it, the more you will realize that it isn't just a job for a few master minds.

If the future is to be made better than the past, it will be because thousands of men and women apply themselves to particular problems of their country, their communities and their businesses.

Through their work our world will change. Not in an overnight miracle, but by a host of individual accomplishments. That's the way America has been built. That's the way America wants to go on building. Up from the bottom, not down from the top.

★ ★ ★

Housing, transportation, education, medicine, communications, individual and national security, entertainment are only a few of the subjects slated for attention, destined for improvement.

And it all can be accomplished in the American way. Let us beware of those who plan otherwise, those who would "improve" our freedom as a means of improving our future. You, we—the vast majority of Americans—want the same America we know. Better, but the same. And we can have it by tugging on our own boot straps—without polishing any boots for bureaucracy.

And in this not-so-distant future that Americans look forward to, you'll find your railroads keeping pace. In peace, as in war, it will be the job of the roads of steel to bind the nation together—make possible the delivery of industrial production and the movement of essential materials and equipment.

Passengers will expect to travel in new luxury—and will. Trains and roadways will be built for great speed. Accommodations will be far superior. Freight will move at an accelerated pace. And railroad safety will be even more assured.

★ ★ ★

These things are dreams, but not mere dreams. They are dreams of men with their eyes wide open—dreams that can make a still finer America.

THE OLD JUDGE SAYS...

"Makes me feel extra good hearin' you talk that way, Judge... never realized I was contributin' to the war effort in the way you mention."

"You certainly are, Hank. Part of the grain you farmers grow is used by the beverage distilling industry to make alcohol for war purposes. Hundreds of millions of gallons are required every year for smokeless powder, medical supplies, chemical warfare materials, shatterproof glass, lacquer for camouflaging equipment, fuel to propel torpedoes and in the making of critically needed synthetic rubber. But, Hank, the grain used in distilling this alcohol is not thrown away. It is processed and comes back to the farm again in the form of distillers' dried grains or dried solubles which you use for dairy feedings, hog supplements and poultry mash. This year alone it is estimated 388,000 tons of these much needed feed stuffs will be produced by the distillers."

"I can see now, Judge, why you say it's a mighty good thing we have a legal distilling industry in times like these."

FINDS OLD PLYMOUTH FRIEND IS ONE OF HIS INSTRUCTORS.

From "Ted" Smith, who is in the United States Maritime service came a letter the other day in which he says he was already read the last issue of The Plymouth Mail through twice.

"It seems good to get the hometown paper and read all about what the people back home are doing."

According to his letter, this is pretty small world after all. "I've met two other Plymouth boys here at Spaulding Bay. They are Kenny Jewell and Herbert Murphy."

"Herbie is an instructor in life boat equipment. I really was surprised one day when I walked into class and there was Herbie. I was even more surprised when he told me he was to be my instructor. Well, he did a swell job of teaching me, because I passed my examination a hundred percent."

"We've had to learn how to swim in very rough seas and through burning oil, also how to preserve our strength while in the water waiting to be picked up if we should run into trouble."

"The food is good and I thoroughly enjoy it here. Although it is not quite as tough as the Marine corps, we are held to a very strict military standard. Thanks again for sending The Mail."

HAROLD DAVIS TELLS OF MARRIAGE TO GIRL UP IN MAINE.

The many friends of Staff Sergeant Harold Davis, who is now at a gunnery school at Westhampton Beach, Long Island, New York, will be interested in his letter to "Our Boys" page, because it tells of his marriage to a "girl up in Maine."

His letter follows:

"Well, I guess it is about time that I drop The Mail a line and

land for sometime. He enclosed a clipping from an English newspaper about the amazing plane tests made by Col. Hough. "I know Plymouth people will be interested in what I say," he wrote.

"I have just received the June 18 issue of The Plymouth Mail today and finished reading the names of the boys in service who have their names on the monument in Kelleys park. I didn't know there were so many in service from Plymouth. I have been overseas about 18 months. It doesn't seem that long. It must be because I have been so busy the biggest part of the time. Must close, but give my regards to all my Plymouth friends."

LIKES HIS WORK AT TRAINING FIELD.

William M. Aluia, who is undergoing training at Maxwell Field, Alabama, sent a note to "Our Boys" column the other day in which he stated that it was great to get The Mail every week, and that he was making good progress in his work.

"The food is swell here. The training we receive helps us both physically, and mentally," he added.

HE LANDS SAFELY "SOMEWHERE IN ENGLAND."

Frank Luoms is now somewhere in England. An interesting letter from him follows:

"Hello to you all at The Plymouth Mail, from somewhere in England. It has been quite some time since I have written you. "I am located here in England for the present, we all had a real fine trip across the Atlantic, having landed here some time ago. We have a real good camp here at our present location, have real cats, and we all seem to like it here quite well. The weather is quite a bit different than that at home, and the days are quite long, and always real cool. We all had quite a time in getting

JOHN BLACKMORE SENDS CLIPPING FROM ENGLAND ABOUT HOUGH.

FINDS THERE'S NOT MUCH TIME FOR SLEEP.

From Lieutenant Edwin Schrader of Uncle Sam's navy came a letter the other day in which he says he doesn't have much time to sleep these days.

"You know how I love my sleep, but since getting the ship, I have existed on an average of three to four hours each night. In one instance I went 36 hours without sleep, and the night previous to that I had had only two hours sleep. But I'm able to keep going because everything is so new and the responsibility of try-

BERT N. HURSTON AT WHEATON COLLEGE

Bert N. Hurston, of 11411 Arden, has recently reported to Wheaton college at Wheaton, Illinois, for training under the Army Specialized Training program. He is enrolled in a basic engineering course, which will keep him busy for about nine months.

CADET LYNTON BALL PRAISES THE "M.P."

Here's one soldier who is not afraid to rise up and say a good word for the military police forces of Uncle Sam's army.

RAIN AND MOSQUITOES GREET U.S. SOLDIERS.

"We have plenty of rain and awfully big mosquitoes here where I am now," writes LeRoy Cripe from somewhere in the Pacific southwest.

"I have just received my May 28th issue of The Mail and it sure

FROM LYNTON L. BALL, NOW A U.S. ENGINEERS CADET AT LAFAYETTE COLLEGE AT EASTON, PENNSYLVANIA,

came a letter a few days ago to "Our Boys" page in which he had nothing but praise for the M.P.'s of the army.

But there's a good reason for it—he received his basic training at Camp Maxey, Texas, in a military police battalion.

"Each week when I receive The Plymouth Mail, it seems like the big event of the week. I do not believe people back home realize how much it means to us—and I can say that The Mail stacks up with the best of them that we see in the army camps," he wrote.

"It is swell to be back north again after spending four months in Texas. The training here at Lafayette is very intensive, but well worth the hard work. Thanks again for The Mail and be sure and express my regards to all my Plymouth friends," he concluded.

CORPORAL ROBERT KENYON IS NOW ON HAWAIIAN ISLANDS

In a letter asking for a change of address to his paper, Corporal Robert J. Kenyon states that he would like to have the address of his paper changed, because, "after leaving Fort Lewis we spent three months on desert maneuvers on the Mojave desert and now we are on the Hawaiian Islands. It is about as any one would picture it, except there are no grass skirts or jungles. We have all the coconuts and pineapples we want and can buy anything we want without ration.

Would like to know the address of any other Plymouth boys on the island."

The provision permitting retailers to make emergency reductions in the point values of rationed meats, fats and dairy products in imminent danger of spoiling, which was to expire July 31, has been extended indefinitely. OPA has announced.

Hot Weather Bog Down Your Appetite?

MILK

Will Perk It Up

Know why? Because milk is rich in Vitamin B1—which help digestion, appetite, and nerves. That's why milk is such a precious nutrition food. Just four glasses — one quart—contains 28% of all the Vitamin B1 you need all day! Use milk wisely to benefit from it fully—but buy only what you need, so that there will be enough for all.

Try This MILK Temptation

Fresh MILK At Every Delivery

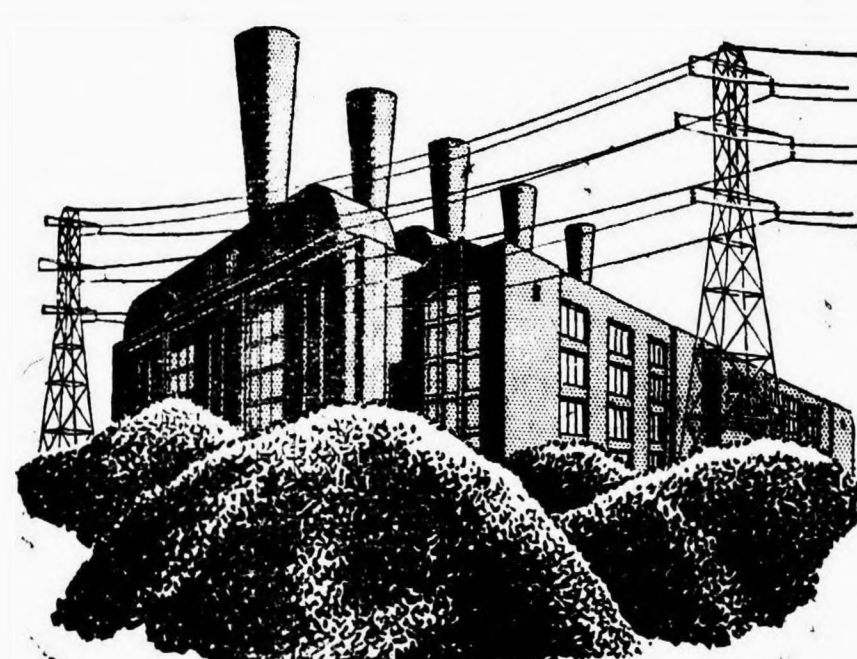

VEGETABLE SOUFFLE: Brown 2 cups cut-up vegetables in fat, cover with 2 cups milk; heat. When hot add 1 cup rolled oats, 1 tsp. salt, pepper to taste. Cook in double boiler 20 min. Remove from heat. Beat egg yolks and stir into mixture. Beat egg whites stiff and fold in lightly. Turn into buttered baking dish, bake in moderate oven 30 minutes.

KEEP IT COVERED: KEEP IT COLD, TO KEEP IT FRESH FOR DAYS!

ELECTRICITY

is a war material, too—

use it carefully!

If you have ever seen a big Detroit Edison power plant, you have probably noticed the large piles of coal heaped outside. Thousands of tons of fuel are required every day to produce the electricity sent out over a network of transmission lines to factories and stores and offices and homes. That is one reason why electricity is a war material. When you save electricity you save coal, and transportation, and manpower needed for war production.

There is no shortage of generating machinery in this area, and electricity is not rationed. But—use it carefully as you would any other vital war material. Prudent, economical use of electricity is a patriotic obligation today. Help conserve electricity by reducing your use. The Detroit Edison Company.

LOVETT IS RIGHT, A GRAND JURY INQUIRY NEEDED.

Members of the Detroit Civic League the other day presented a petition to Attorney General Rushton asking for a grand jury investigation of rumors that members of the Michigan legislature had been paid for certain votes.

The Attorney General has told newspapers that he will not ask for a grand jury upon statements based to a very great extent upon what he terms as "rumors."

We know nothing about the kind of evidence Mr. Lovett of the Civic League possesses, but we do not agree with the position of the Attorney General.

To accuse members of the legislature of accepting money for their vote is a mighty serious offense in itself. In fact, unless one can prove his statements of bribery, he is guilty of a crime and can be punished for it.

It would seem, therefore, that a grand jury could serve two purposes. If there is any basis for the claims made by Mr. Lovett that legislators had been paid for their votes in connection with a banking bill before the legislature last winter, a grand jury can quickly produce the facts. And if a legislator has betrayed the people of Michigan by selling his vote, he should be severely punished.

If, on the other hand, there is no basis for the charge of graft hurled at members of the legislature, then those circulating such rumors should be dealt with quickly and severely.

The only thing a man possesses that is worthwhile is his reputation.

To say that "certain members" of the legislature are accused of having accepted graft money is a charge, if left to stand in those words, which reflects upon every member of the present legislature.

The Attorney General is treating members of the legislature unfairly by not taking immediate steps to find out through a grand jury what the facts are. If members of the legislature have been smeared by unfounded rumors of graft, then punish those who have made untruthful charges, and punish them quickly. A grand jury is the only way to get at the facts.

As the matter now stands every member of the present legislature has been left under a cloud by the decision of the Attorney General not to call a grand jury.

NEW DEAL PATRIOTISM.

From a clip-sheet issued by the Republican National Committee, it was learned that a fellow named Dozey A. Wilkinson, former associate "professor" of Howard University, recently resigned his position as an "education specialist" with the Office of Price Administration in Washington, to become a Communist party organizer in the cities of Washington and Baltimore.

This "New Deal Patriot" who was within the draft age, kept his job with the government until he was 38 years of age, thereby evading army service through draft deferments that have been granted to government employees.

After reaching the age of 38 and beyond the point of military service, he resigned his protective government job and is now an active organizer for a political mob that seeks to overthrow the American form of government—the government for which our boys are fighting and dying on all the continents of the earth.

Such is the type of "New Deal patriotism" that flows from our beloved city of Washington.

AMEN!

The Detroit News now and then hits the editorial nail pretty squarely on the head. The other day it concluded one of its editorial expressions with the assertion:

"In justice to ourselves and humanity, the war on Japan cannot end until the troops of the United Nations are patrolling the streets of Tokyo."

We agree with The News one hundred percent! Japan is the vicious, sneaking enemy of America that should be and WILL BE crushed to earth before this war is over.

And when victory is ours Japan should be deprived of every opportunity to associate with other nations of the world—it should be ISOLATED so securely that no Jap will ever again be able to leave his native soil.

Babson Says -- Land Values Should Be Selling Price

Babson Park, Mass., August 20 — Letters continually come to me asking my idea as to what changes in the social and economic structure are ahead. These letters have increased since Vice President Wallace made his recent Detroit address. As this is a nice cool day, I am making a guess as to what developments may take place or at least the route that such developments may follow. These comments, however, are merely forecasts and I am not arguing for them. Instead of Socialism, Fascism, Communism or even Capitalism succeeding, I expect that all of these — as now set up — will change. The "Single Tax" theory of Henry George or the "Eliminate Poverty" theory of Mrs. John Martin of Winter Park, Florida, comes nearer the desired goal. In selecting this goal, I make two assumptions as follows:

1. That soil, babies, education and religion are the four foundation stones of any permanent economic and social system.

2. That the coming economic system will be half-way between Capitalism and Communism. The free enterprise feature of Capitalism must be conserved; while a monopoly of the soil must be protected.

These four fundamentals—soil, babies, education and religion—must be met one at a time in order that we do not "bite off more than we can chew." My forecast, therefore, is that the first problem to be tackled will be the soil problem. By soil I include farms, home gardens, natural resources and improvements, all of which go to make up real estate. Due to high taxes farmers now have not the money to build up their soil and prevent its loss by erosion. As a result the nation is losing every day the soil equivalent of 200 Forty-Acre farms.

Real estate values and real estate owners—as well as the public—should be protected by fair and equal tax assessment. This can be accomplished only by legislation whereby the taxable body—town, city, county or state—must, upon request of the owner, take over said property and be assessed value any time on proper notice. This is the only way to prevent unfair assessments although said assessments can be readjusted each year. Why more ambitious politicians have not tackled the problem of present ruinous assessments is beyond my understanding.

Fair assessments by themselves, however, may not be enough to equalize opportunities and protect those who are diligently using property to raise families or crops. I, therefore, forecast that the time

may come when real estate can be purchased or sold only at the assessed value. This would prevent both unfair foreclosures by banks and greedy lenders, and it would enable young people to buy farms and other property at fair prices. Banks may at first object to this, but in the end it would protect their mortgages and enable buyers of property to more easily secure mortgage money.

We hear much discussion regarding what is going to be put "behind the dollar" after the War. Some economists are urging a Commodity Dollar, the value to move up and down according to the cost of living; others recommend a Production Dollar based more upon the nation's improvements; while others present still different plans. I hope that the world will return to a reasonable gold standard—at least until we straighten out present economic problems.

Without advocating any special money theory, my guess is that the ultimate dollar will be based upon the soil. This does not mean based upon the number of acres which a nation has, but rather that it correlate with the productivity of these acres. This in turn will depend on the quality of the soil, natural resources, and upon the number of children, including their education and religion. This "Land Value Dollar" is probably a long way off; but my guess is that all countries must finally come to it.

The first step toward a "Land Value Dollar" must be fair assessments and the willingness of the government to redeem its dollars in land values or issue dollars for land value. In other words, to make the dollar good and assure equal opportunities to young people, it may become necessary for everyone to be able to get land for their dollars or dollars for their land at a fair assessed value. This may be fifty or more years hence. Certainly, I am not arguing for it at the present time; but to statisticians it seems inevitable some day. Some accompanying restrictions must then be provided to avoid bootlegging in land. Perhaps only a return to religion will do this.

People will not always stand for Capitalism as it now relates to land holdings. On the other hand, the Russian system where all land and improvements are owned by the State crushes private initiative. Fascism is an attempt at a happy medium whereby the land is owned privately

but the government tells its people what to do with it, how to use it, when to sell it, etc. This fantastic Russian system will not work in the long run.

I have already too much correspondence from readers, but I am now curious to know how readers feel regarding the assessments on their property. As this column will appear in some 350 papers scattered throughout the forty-eight States, I am this week asking readers to answer this question: "Would you prefer to sell your property now at the assessed value or buy more property in your community at the assessed value?" Just write me a postal card either "I would like to sell," or "I would like to buy."

25 Years Ago

News items of a quarter of a century ago taken from the files of The Plymouth Mail.

Mrs. H. S. Boerr had the misfortune to fall at her home on West Ann Arbor Street, a few days ago, and has since been suffering with a broken rib.

During the five-day period beginning August 25, Michigan draft boards will send 5,275 men to Camp Custer. Only white men physically qualified for general military service are to be inducted under this call, and the quotas must be filled from men within Class 1, Division No. 4, Wayne county, of which Plymouth is a part is called upon for 58 men.

In a recent letter to his parents, Alton J. Richwine, Chief Yeoman, United States Navy, states that he has received an increase in salary, and has been recommended by his captain for a commission. He expects to go to the United States Naval academy at Annapolis some time in September for two months' training. If he succeeds in passing the examination he will receive a commission as assistant paymaster, which pays a salary of \$180 per month on shore and \$200 at sea.

Eighteen members of the Plymouth fire department enjoyed a picnic at Silver Lake, near South Lyon, last Sunday. Private Archie Collins came home Monday on a few days' furlough from Camp Wheeler, Georgia. Archie has been in the hospital and is recovering from an operation which he underwent several weeks ago. He is in

the artillery branch of the service.

Last Sunday afternoon about four o'clock, during the severe electrical storm, a barn on the farm of William Reddeman Sr., a few miles south of town, was struck by lightning and burned to the ground. Some tools, a quantity of grain and hay were lost, and one horse was seriously burned, but it is thought it will recover.

Miss Regina Polley has taken a position as car tracer in the P.M. depot in Detroit.

William Wood, who is a member of the Canadian Royal Flying Corps, and who is now stationed at Camp Borden, Canada, was an over Sunday guest at the E. C. Leach home.

Bert Crumie and family were called to Selfridge Field, Tuesday evening to see their son, Merritt, who has received orders to be in readiness to leave there at any time.

Miss Madeline Bennett pleasantly entertained a company of young lady friends at her home on Main street, Tuesday evening. Many of the farmers of West Plymouth vicinity are conserving coal by hiring their threshing done by the Harry Macomber outfit, which is run by a gas en-
