

What I Think and Have a Right to Say

By Elton R. Eaton
Don't Fool Yourself
We don't know where it started or how it started, but there seems to be a strong belief on the part of many that Japan is going to be defeated before Germany.

The Salary of Legislative Members

There was a discussion the other noon down around the "family table" at the Mayflower hotel about the small salary paid to a member of the legislature. Some seemed to feel that if the amount was larger it would help safeguard the honesty of legislative members.

We don't think so. When a man becomes a candidate for the legislature, he knows full well that the pay he will receive, if elected, will just about pay his expenses. If he should do any research work, the payment for this will have to come out of his own pocket.

The theory down through the generations has been that men who aspire to serve in the legislature, do so because of the fact that they are in a position to give a portion of their time, efforts and abilities to the development and progress of their state. Never until the money-grabbing newdealers came into existence did men who sought legislative positions associate financial gain with election to the state legislature.

The same rule pertaining to a legislative membership applies in our village and city governments. When a man is elected to the city commission, he knows well that the few dollars paid him will be remittance for a very small part of the time he gives to his position.

It is true that we have had grafters in office long before the advent of the new deal, but never in the history of Michigan or the nation has there been such widespread grafting, cheating and stealing as has taken place during the past 12 years.

Back in the 1937 session, the writer made a determined effort to bring to an end the racket that enabled ALL of the recently indicted newdealers to get their names attached to a county government payroll the minute they were elected to the state legislature. But the system was so strongly entrenched that it was impossible to break it.

No, raising the pay of members of the legislature will not keep them honest. The voters must look more carefully to the type of men they elect to the legislature. We have many good men in the legislature—the same type of men who give their time and efforts to building up the villages and cities of the state and who expect little or no remuneration for what they do. It is fortunate for Michigan that we still have many, many good citizens of unimpeachable integrity, men above personalities and pettiness, men of vision, men above racial, group or class affiliations, who are giving and willing to give of their time to the building of an HONEST and better state government—and a greater state.

Judge Carr should not stop until every rascal in the state government has been cleaned out—then let's keep it clean, but not by buying honesty.

Members of Garden Club Urged to Plant Victory Gardens

A large company of ladies were present at St. John's Episcopal church Monday afternoon when the Rosedale and Plymouth groups of the Woman's National Farm and Garden association held their annual spring meeting. The tables were attractive with tapers and spring flowers, and the ladies of the church served a delicious luncheon. The program opened with the singing of "America," after which the girls' double quartet of the Plymouth high school, under the direction of Mr. Luchtman, rendered several pleasing selections.

Mrs. Ruth Mosher Place, garden editor of the Detroit News, was the speaker of the afternoon. She urged the extensive planting of victory gardens as an aid to our food supply, and demonstrated the planting of seeds in flats not only to get early plants but to get plants that are not obtainable on the market. In closing, she suggested that along with victory gardens, not to entirely overlook the flowers.

The next meeting of the Plymouth group will be held April 10 at the home of Mrs. Paul Wiedman, 346 Blunk avenue.

Capt. Robert Diekman Expected Home Soon

Mrs. Robert J. Diekman yesterday received a phone call from her husband, Captain Diekman of an army bombardier outfit overseas, stating that he had arrived safely on this side of the Atlantic on a brief leave of absence and that he would be in Plymouth in a few days. Mrs. Diekman, the former Jane Burley of this city, stated that her husband has taken part in somewhere near 40 missions over the continent. The two were married in Florida shortly before he left for overseas. His home is in Walled Lake.

Saturday Is Tag Day for Girl Scouts

Saturday will be Girl Scout tag day in Plymouth. The funds raised by the girls will be used to improve the Girl Scout program in the city, including sending one leader to a specialized training school. This leader will then be able to pass this information along to other leaders in the city.

Says Washington "Near Madhouse"

"There was a time when it was a pleasure to visit Washington, but no longer so. It's a job—it's work. And one is liable to get hungry before he can find a place where he can get in and eat. Not only that, but he will have to do a lot of walking to find that place," stated former Postmaster Bert A. Giles yesterday just after his return from Washington with Frazer Carmichael on a business trip.

The two went to the patent office, but found that it was located in Richmond, Virginia, and so they had to go on to that city. The night after they left Richmond, the Jefferson hotel, where they had spent the night, was burned, with several people killed or badly injured.

"Washington is a near madhouse, there isn't much question about it. It is filled to overflowing with people who find it almost impossible to get a place to sleep or eat," he added.

On Thursday afternoon, March 23, at 2:15 p.m. the guild of St. John's Episcopal church will hold a Lenten silver tea at the parish house. Miss Lydia Gredus of Detroit will speak on the subject of the Sunday school correspondence work of the diocese of Michigan for isolated people in Michigan. Miss Gredus worked with St. John's, church years ago.

Home From Three Years' Service in The Pacific

Wesley Bakewell Has Seen Plenty of Action on Ocean

Back from three years of service to his country in the Pacific ocean navy, Wesley Bakewell, son of Mr. and Mrs. G. A. Bakewell, is desperately trying to block from his memory for the present at least all that he has seen and all that he has gone through in these troubled years, which seem to him like a century.

He enlisted in the navy February 27, 1941, months before the Japs blew up Pearl Harbor. Those early months in the navy were happy ones, but it was not long before he was hurled into the Pacific maelstrom and there has been no letup for him until he was recently granted leave to return home for a brief visit.

He was in Sidney harbor when a Jap submarine fleet raided that important Australian seaport. He held his breath more than once as Jap "tin fish" skimmed alongside his boat. He was in the battle of the Coral sea—and he has lived through it all. But this mere lad has no desire to talk or think about it. He simply wants to enjoy to the fullest the brief time he has been given to visit his home.

His brother Elton is now somewhere in the South Pacific. He, too, is in the navy. Another brother, Eugene, is at the Pensacola naval base, and his sister, Olive May, will soon complete her military nursing course at Harper hospital. It is needless to say that Mr. and Mrs. Bakewell are proud parents, but like other parents with most of their children in uniform, they are worried parents.

Northville Ford Local Elects Officers for Another Year

At the annual election of officers of Local 896 of the Northville Ford valve plant, the following officers were re-elected for the ensuing year:

Forest L. Doran, president; Charles H. Wilson, vice president; Vernon Newton, financial secretary; Charles Root, recording secretary; Fred Strautz, sergeant-at-arms; and Grover Peters, three-year trustee. Joe Stanford was elected guide.

Forest Doran and George Sanford were re-elected to their places on the plant bargaining committee. James Warren was elected as the third member.

As has been the practice in previous years, the members of Local 896 have pledged themselves to invest all money in the treasury over and above \$300 in U. S. defense bonds. Through the collection of voluntary contributions this local has given substantial aid to the Salvation army, Red Cross and Good Fellows. Generous checks are mailed each month to members of Local 896 now serving in the armed forces.

Lieut. Matulis Is Plymouth Visitor

Lieut. and Mrs. Anthony Matulis have been spending a few days in Plymouth visiting among their many friends. Lieutenant Matulis, who has been at a navy school in Connecticut, expects to return to the east in the next few days and will, upon his return, be given his permanent assignment.

Lieutenant Matulis states that he has had plenty of work during the past few months, but that he has enjoyed it. Lieutenant and Mrs. Matulis were met in Plymouth by Mrs. Matulis' parents, Mr. and Mrs. Gus Stein of Kalamazoo, and returned to Kalamazoo with them for a brief visit in that city.

Woman's Club to Hear of Life in Iceland

"Life in Iceland" is the timely subject which Mrs. B. F. Softe, who spent many years as a resident of that far northland, will describe to the members of the Plymouth Woman's club when they meet this Friday afternoon. The program chairman for the day is Mrs. Harry Deyo and the committee consists of Mesdames William Arscott, Fred Bentley, Frank Nair, Jess Hines, A. L. Lantz, S. E. Cranson, Horace Thatcher and J. R. He's New President of Meadowbrook Country Club

CONRAD LANGFIELD

Western Wayne county's famous golf course, the Meadowbrook Country club, is now under the direction of Conrad Langfield of Northville, who has just been elected president of the organization. Mr. Langfield, well known in Plymouth, is the owner of the Northville laboratories.

He stated yesterday that steps are being taken for the opening of the club early in the spring. Not only will the golf links be opened for use as soon as conditions permit, but facilities of the club house will be provided the membership. Both the cafeteria and dining room will be maintained at as high a standard as possible.

It will be interesting news to Plymouth residents also to know that William Dundas, who so successfully managed the club for a period of years during its greatest growth and now a resident of Plymouth at 1073 Penniman avenue, this week again assumed management of the club. Mr. Dundas after leaving Meadowbrook went to Illinois, where he managed one of the largest country clubs in that state. During the past year or so he has been associated with one of the banks in Detroit.

Victory Garden Proclamation

Michigan victory gardeners in 1943 produced a half million tons of food valued at \$20,000,000.

Their efforts, combined with the efforts of victory gardeners in the other states of the union, not only provided food directly for millions of families, but permitted the reduction or removal of ration points of many canned vegetables, thus making additional amounts of these foods available to all families.

The demand for food is greater in 1944 than in 1943. There must be more food for our armed forces, more for lend-lease, more to take care of the people of reoccupied countries. There must be more home grown foods if shortage of the civilian supply are to be avoided and ration points are not to increase.

The 1944 victory garden goal is a 10 per cent increase in the number of gardens and a 25 per cent increase in production. This means that in Michigan there must be 792,000 gardens in which will be grown 25,000,000 bushels of food.

Remembering the great contribution made to the 1943 victory garden program by the people of Plymouth, and realizing their common and ardent desire to do all that they can to help win the war, I do now call upon each and every one to observe Victory Garden Week beginning March 19 by making plans and preparations to plant a garden in 1944, to the end that we shall do our part in achieving the state's new goal and prudently guard against a lack of food affecting the war effort on both the battlefield and the homefront.

Given under my hand and seal of the city of Plymouth this 14th day of March, in the year 1944. CARL G. SHEAR, Mayor.

Lidgard Bros. New Store Will Be Opened Today

Business Place Becomes One of Best in Plymouth

Lidgard Bros. opened their new store yesterday in the former branch building of the Plymouth United Savings bank at the corner of Liberty and Starkweather streets, which they purchased some time ago for their new business home. The new market is modern in every detail, with fluorescent lighting, asphalt tile floor, streamlined shelving and other modernistic equipment.

The meat department is enlarged and more modern equipment has also been installed in that part of the store. The old bank vault has been turned into a meat refrigerator and a large addition has been built on the side of the building to be used as a warehouse.

New windows were built on the front of the building and a general modernization has been carried on throughout. The owners plan to carry a wider line of groceries and meats and will add a line of fancy groceries to their already complete stock.

In a special announcement elsewhere in this issue one of the store's features for its opening on Saturday is a free pound of dried onions to every customer who makes a purchase of one dollar or more.

City Faced With Court Action

City Manager Clarence Elliott said this week that if the city-owned property at Church and Adams street is not vacated by March 24, he will have no alternative but to go into court and demand an eviction of the present tenants.

The city commission ordered the city manager to take over the property from the present tenants in order to make it available for a group of teen-age youngsters who wish to use it as a club for leisure hours.

Because of the fact that the occupants of the house, Mr. and Mrs. G. H. Jones and their daughter, are all employed at the Kelsey-Hayes plant, a full-time war production industry, it is stated that the prospects of the city being able to secure the eviction of the family are not at all bright.

It is known that the tenants have put forth an effort to find a place in which to move and have been unsuccessful, like most other people looking for homes in this locality.

There has also been raised a question as to the jurisdiction of a civil court in this matter and prospects are that it will be decided by the rent control division of the OPA.

All Letters Will Soon Require Three-Cent Postage Stamp

Postal rates will go up in Plymouth on and after March 26. Letters sent inside the city of Plymouth, which now are handled with a 2-cent stamp, will require a 3-cent stamp, the same as inter-city letters.

Airmail rates, except to members of the armed services, will go up from 6 to 8 cents per ounce. The raise was ordered in the new tax bill which created such a furore in congress when President Roosevelt vetoed the bill, impugning the motives of congress.

The bill was passed over the president's veto.

The speaker will be Maj. Garnet Burlingame, who was wounded in the fighting and is now back in America recuperating from his injuries.

Wins Commission As Lieutenant In Army

If one has pluck and determination, and plenty of it, they can usually "go places." While "jerking" sodas in John Blickenstaff's community drug store during her high school days, Mary L. Daoust decided to become a nurse.

Not only has Miss Daoust accomplished her aim, but the United States army service command in Detroit this week announced that the youthful Plymouth high school graduate had been appointed to the army nurse corps with the rank of second lieutenant. Col. S. D. Ringsdorf, commanding district No. 1 of the Sixth Army command, states that Lieutenant Daoust will report to Camp McCoy, Wisconsin, March 30, where she will assume the new duties to which she has been appointed.

Lieutenant Daoust is a daughter of Mr. and Mrs. John F. Daoust of 412 Starkweather avenue, and during her school days in Plymouth was active in many of its student affairs. After her graduation from Mercy college in Detroit she entered Mercywood hospital in Ann Arbor to take additional instruction in the care of mental cases. Her father is an employe of the Ford Motor company's plant at Willow Run. One of her brothers, John, is in the army.

Seek Funds for The Crippled

The Wayne out-county chapter of the Michigan Society for Crippled Children and Disabled Adults announces the annual sale of seals to be held March 17 to April 9, inclusive.

With the large increase in population in the out-county area, new demands have been made upon the chapter. The annual report for the 1943 year indicates that 57 children have had physical examinations, 8 have had surgery correction, and 86 were under active supervision during the year.

Mrs. Herma Taylor, secretary and field worker, made 947 calls to homes, clinics, schools. Home tutoring was provided for 13 children unable to leave their homes, and 8 children received their education in special education schools. Summer camp attended was arranged for 4 children.

Since the Michigan Society for Crippled Children has become the Michigan Society for Crippled Children and Disabled Adults, it is anticipated that many services will be rendered to disabled service men and women as they are released from the armed forces. Consequently, it is pointed out by the chapter officers that the funds necessary to carry on the 1944 program must necessarily be greater than the amount available for 1943.

The officers who have served the out-county chapter during the past year in addition to the secretary are: Charles E. Brake, president; Georgina Reid, vice president; Russell Amerman, treasurer, and Robert Willoughby and William Hoffman, members of the executive committee. They are high in their praise of the cooperation from luncheon clubs, schools and individuals who have so loyally supported the program.

Given Honorable Discharge From Navy Because of Wounds

Don M. O'Leary, well known former high school student of Plymouth, because of serious wounds received in action somewhere in the South Pacific, has been honorably discharged from service after navy doctors had declared that he would be physically unable to endure further naval services.

The young Plymouth lad, a graduate of the high school, spent more than five months in naval hospitals for treatment after being returned to the United States on a hospital ship.

At the time of his discharge he had won for himself the rating of seaman first class. Soon after enlisting in the navy, he was married and after being released from the naval hospital he went to Minneapolis, Minnesota, to join his wife, where they will reside for the present. His sister, Dorothy, is employed as a stenographer in Wayne.

No Black Market in Gas Coupons in Plymouth Area

Quick Checkup Here Shows Users Comply With Regulations

Despite the announcement of the Office of Price Administration of the prevalence of a black market in gasoline throughout the United States, there is no evidence of any black market operation in the Plymouth area.

There may be some black market gasoline finding its way into the tanks of the automobiles in this area, but if so, there is no proof of it and the amount is exceedingly small.

Earl Fluelling, a gasoline distributor in Plymouth, said that he has taken in no counterfeit gasoline coupons from any of his dealers. Other dealers make the same report.

The Plymouth banks which handle the gasoline coupons before they eventually are returned to the OPA office, report that they have no record of any counterfeit coupons.

The police department said that last summer there were a number of surplus "A" coupons in this area, and were being sold by boys in the city for as much as 50 cents to a dollar for a three-gallon stamp, but these lads were caught and the practice stopped.

It was learned that some of these stamps were purchased wholesale from a syndicate, and some of them were stolen locally, but in any event that practice was stopped months ago.

Lack of need for a black market in the Plymouth area was credited in part to the smooth operation of the local War Price and Rationing board.

Mr. Fluelling pointed out that the board, which is headed by William Wood, is one of the best operated in the state and has that reputation with state headquarters.

Automobile drivers who actually need gasoline, and can comply under the OPA rules and regulations, invariably get it on a merit basis.

There is no toleration at the board for chiselers, but at the same time no discrepancy is shown to the legitimate user. Consequently, only the chiselers have need for black market gasoline.

Generally, it is not believed that the reduction in the value of basic "A" gasoline rations will seriously disturb the situation locally.

Red Cross Drive Nears Goal

With one more week to go, Plymouth is short \$1,900 in making its Red Cross quota for this year, reported Chairman Evelyn Schrader yesterday.

"But I know with just a little more work, just one more energetic effort, we will be able to make the grade. Our workers are doing a splendid job and we are determined to get the full \$8,900 that Plymouth is supposed to contribute," stated the busy chairman.

One or two of the precincts and Plymouth township have completed their canvass and made their reports. These will be printed with the final report after the completion of the drive on March 25. One more week is left, states Miss Schrader, for Plymouth to make its quota.

New theatre rates will be inaugurated on and after March 26, it was announced this week by Harry Lush.

Under the new rates, adults will be admitted to both the Pennington-Allen and the Penn theatres for 33 cents plus 7 cents tax for a total of 40 cents. Tickets for children will be 17 cents plus 3 cents tax, for a total of 20 cents.

The purpose was to show her appreciation for the co-operation given Mr. Hees, a master in the Cub Scout movement. The den mothers who attended the luncheon were Mesdames Underwood, Gladstone, Jetter, Benson, Whipple, Wilite, Daggett, Keith, Bennett, Fetterly, Gage, Gagneur, Pursell, Kroeger, Crawford, Showers, Rich, Jackson, Stratton, Stark and Renwick.

Dr. Charles J. Westover is in Chicago attending a medical convention. Mrs. Charles Vickers returned Monday night from an extended visit in California. Her daughter and husband, Lieut. and Mrs. Marvin P. Wilson, have left California and are now located in Phoenix, Arizona. Mrs. Dow Swope invited the play group, consisting of Larry Dykhouse, Ellen Cowgill and Roberta Lidgard to her home in honor of the birthday of her son, Dow Jr., which occurred on Wednesday. Probably Pvt. Harry E. Morgan, now somewhere in England, is celebrating the good news which he has doubtless received by this time from Plymouth telling of the arrival of a 7-pound girl, named Cheryl Yvonne, at the Detroit Osteopathic hospital in Detroit on March 3. The mother of the young miss is the former Barbara Sweeney. Private and Mrs. Morgan were both students of the Plymouth high school and were married soon after he entered the armed forces. He was on the way overseas when the babe arrived. Mrs. Morgan and the new arrival are at the home of Mrs. Morgan's mother on South Main street at present.

REBEKAH NEWS About 30 members of Plymouth Rebekah lodge attended the visitation at Garland lodge in Detroit last Thursday evening. Rose Foley, from Washtenaw lodge, attended the meeting here last Friday evening. Also Mrs. Lynn Matts and Mrs. Ivalin Swope from Ypsilanti. Past noble grands met at the home of Mrs. George Collins on Wednesday, March 15, for a pot-luck dinner and their regular meeting.

NEW LINKS in the Chain of MEDICAL MIRACLES War is an instrument of Death—and yet, out of the blood, sweat and tears of conflict have come many LIFE SAVING scientific discoveries. The war is adding new links to the chain of medical miracles. Penicillin, and the Sulpha Drugs are front-page words in the war news. There are others. There will be still more. As soon as these new discoveries are made available to physicians and surgeons for civilian use, we will have them in our Prescription Laboratory. Already, we have many of the Sulpha Drugs in stock awaiting the order of physicians.

CARD OF THANKS

We wish to express our thanks to our many friends and relatives for the many Masses, flowers and cards, and those who have called to express their sympathy, and to Father Contway for his many acts of kindness.—The parents and brother of Cpl. James Leo Schmitt. 1p

Mrs. I. N. Innis and her mother, Mrs. Hunt, wish to express their sincere thanks and appreciation for the many acts of kindness shown during the recent illness of the latter; for the lovely flowers, cards, etc., and the calls and visits from Rev. Walsh and other friends.—Mrs. I. N. Innis, Mrs. Frances Hunt. 1p

IN MEMORIAM

In memory sad, not the saddest is the thought, our dear mother's dead: And the words, "Thy Will Be Done."

From our lips have oft been said. Sad to us the thought of parting With a mother loved so well; And the sorrow felt by brethren Only God and they can tell.

Though we placed a flowery pillow Thus to show our love for thee, Still we bowed in meek submission For we knew that thou were free.

Husband and children also Bound by ties and brotherhood, Silent dropped the tears of memory As we around the casket stood.

Where thou art we too may follow, We may see thy face once more; And in heaven be reunited Safe with Christ for evermore.

Parents of Lost Fliers Seek Aid

Here And There

Virginia Woods, Wendell Johnson, Dorothy Vaughn, Wayne Hohl, Shirley Luttermoser, Bill Schoof, Audrey Morris, Bill Sexton, Janet Strachan, Jack Schoof, Beatrice Radke, George Rathburn, Myrtle Schrader, David Johnson, Donna Day and Norman Salmonson had a progressive party Friday evening. First they stopped at Bill Sexton's for appetizers and at Norman's home they had a chicken dinner. For a short time they contented themselves at the Paul Bunyon dance and topped the evening off with dessert at George Rathburn's home.

Carol Hubbell and Frank Carlin saw "Woody Herman" Friday night at the Michigan. Virginia Woods and Wendell Johnson also enjoyed his music Saturday evening.

Imagine their utter amazement when Pat Schomberger and Jean Mathews entered the home of Maxine Minthorne Friday evening and found a surprise birthday party to greet them. Among others attending were Rosemary Herter, Margorie Stitt and Ann Lou Blessing.

Mary Lou Rowe, June Bassett, Eleanor Hart, Margaret Jackson, Joyce Whitehead, Irene Niedospal, Annie Heller, Norma Robinson, Betty Spicer, Shirley Cramer, Tom Robertson, Chuck Rowe, Don Montgomery, Cliff Busha, Don Vetal and Gordon Vetal gathered at Lois Vetal's after the Paul Bunyon stomp Friday night, March 3, to celebrate Lois' birthday.

Mrs. Moran, Mrs. Soule, Mrs. Hecox and Miss Lundin attended a homemaking dinner meeting last week at McKenney hall in Ypsilanti.

Lydia Rose attended a bowling party in Flint, Michigan, with Duane Chamberlain and friends from Pontiac.

Odds And Ends

The seniors were measured last week for their caps and gowns. Some of them took unusually large head sizes. I wonder why. It was nice of someone to advance the date of the J-Hop to May 5. Maybe some of the girls can hook a man by then—at least they'll have longer to work on him.

Jack Huebler has been having more trouble with his handwriting. It has become so illegible that even Jack can't read it. He had to ask Miss Schlosstein to try to make it out.

Why does Jane Ann L. insist on wearing the initials of a certain soph on the back of her jacket?

Some girls are too bashful. Not one Girl Reserve had the courage to define a "wolf."

Miss Allen dictated the following sentence to her third-hour English class: "At the tables there was merry talk, cheery banter and joyous laughter," which the juniors wrote thus: "At the table were Mary Talk, Cheerie Banter and Joyous Laughter." Oh, this eleventh grade!

P. H. S. Grad Agent For Michigan State

Miss Jeanette Brown, representative from Michigan State college and local graduate, will visit P. H. S. Monday, March 20. Miss Brown is a student at Michigan State and is qualified to answer any questions regarding the college and its facilities. If anyone wishes to talk with Miss Brown, see Miss Feigel, room 43, so that she may notify you when Miss Brown arrives.

For the past seven years she has resided in Tampa, Florida, with her two children and husband because of the latter's illness. While there she taught at the Tampa business college, moving here upon the death of her husband. Her unusual hobby is stenotyping and shorthand.

Concert March 24

Band and Drama Club Give Free Program

The music and drama departments of the local high school are giving a concert Friday evening, March 24, in the high school auditorium. The band will play a 40-minute round of music and the baton twirlers will also participate. Instead of sponsoring one huge concert and combining the band, orchestra and chorus into one program, the music department will sponsor two of three concerts featuring one branch of the music department. The purpose of these events will be to give the public an opportunity of hearing and seeing the band other than when marching and to offer the players a chance for public appearance.

The drama club will present the play, "Wake Up Willie," with George Waters, Elizabeth Neale, John Hopkins, George Simmons, Lorraine Nichol and Betty Jean Duff as the cast.

Class News

Boys of the industrial arts classes are beginning this marking period by changing to new units. The various units include woodwork, electricity, metal work and household mechanics. Mrs. Highfield, instructor, says, "Parents of the boys have been unusually cooperative by allowing them to bring in old lamps, chairs and other things to repair."

The Woman's World furnished Allen McMann with an idea for modernizing an old bridge lamp. Bruce Besse recently experienced success in an especially difficult gluing job.

The boys are making bird shelters and feeding stations, most of which have been for wrens, but Alan Weaver has completed a very attractive bluebird house. Kieth Ebersole, a seventh grade student, is beginning work on an original penguin lamp. His expert work is due to an excellent plan well drawn up and thought through.

In Mrs. Dentil's vocation classes the students are keeping a health chart for a period of 20 days. They are surprised that they do not get eight hours sleep. Most of them found that they don't spend much time at home with their parents.

The drama club is presenting a play at Northville, March 21, in the Presbyterian church. The play is entitled, "Wake Up Willie!" Those taking part in the production are George Waters, Elizabeth Neale, John Hopkins, George Simmons, Lorraine Nichol, Betty Jean Duff. The drama club is also giving a Spanish melodrama, "Deme la Pistola Mama!" The players are George Newton, Raymond Runkel, Lorraine Nichol, George Waters, George Simmons and Connie Moncreiff.

The first year French class is preparing to give book reports concerning French life. If the book is written 'en francais,' the report is to be given 'en francais.'

One of Miss Lovewell's ninth grade English classes has begun the project, "Let's get acquainted with the Allied countries." They are beginning with the study of Czechoslovakian folklore and literature. The pupils will keep a notebook with interesting facts about each of the countries they study. Miss Lovewell hopes to start this project in her other classes very soon.

Jack Schoof is painting a portrait of Jean Murray in art class. Marjorie Elliott is also working on an oil portrait. All the large, fancy posters in the halls are made by the posterman, Bill Sexton. Other of Mrs. Gorton's classes are working on small masks to be used for lapel pins.

In the ping-pong tournament, Eleanor Hart, Merriam Russell, Ladema Johnson and Jeanne Schuler are taking the lead to date. Lois Vetal's team holds first place in the basketball tournament, while Ladema Johnson's and Margery Bassett's teams are tied for second place.

One of Mrs. Moran's eighth grade arithmetic classes has made an interesting chart to record its progress. At the top of the sheet an aircraft carrier is drawn. Under it on the left side are the pupils' names and opposite on the right Japan is drawn. Each pupil is awarded a "C" average in marks. The first pupil who has the most planes on Japan at the end of the contest will win. Another of her classes is studying symmetrical drawings. Some of the best were done by Rod Cassidy, Alan Williams, Elsie Mae Keeping, Bob Simmons and Sydney Davidson.

The children in the grade school had their eyesight tested by the school nurse, Mrs. Strasen. Their hearing will be tested soon, using the audiometer. Any child who wishes toxoid may receive it free of charge. Seventy-five to 100 have received it this year. They will be vaccinated for smallpox later in the spring. A T-B test will be given later to the 10, 11 and 12 grades. Anyone whose test shows positive will be given free X-ray.

Mrs. Soule's homemaking I class looked for patterns, materials and sewing equipment in the dress shops and dry goods stores of Plymouth last week. They also compared their own work with the ready-made clothes in the stores.

Miss Hamill's modern history classes are giving committee presentations of the lives of famous scientists. George Simmons gave an experiment concerning tests for acids and bases. Drawings of the atom were put on the board of the atom.

The ancient history classes are studying the origin of modern states and the beginning of governments in England, France and Germany after the feudal period in the middle ages.

TO THOSE WHO RECEIVE ALLOTMENT PAYMENTS FOR OTHER GOVERNMENT CHECKS)

THE stealing and forging of Government checks has grown to a nation-wide racket. The United States Secret Service, Treasury Department, and the Post Office are trying to stamp it out. Take these precautions, for your protection:

1. MAIL-BOX. Crooks generally steal checks from mail boxes. Be sure yours is strong, lock it securely, mark it plainly with your name. Try to be home when checks are due to arrive. Have the post man signal you when he delivers mail from the government.
2. ENDORSING. Don't endorse until you are at the place where check is to be deposited or cashed. Safeguard checks at all times.
3. CASH IT in the same place each month, so your identity may be established.
4. IF CHECK FAILS TO ARRIVE when due, notify proper Government department. Also inform them, as well as the post office, of change in your address.

We suggest that you open a checking account, for convenience and safety. Your incoming checks can be deposited with us for collection, and your bills can be paid with your own bank checks. Deposits can be made by mail if desired.

Back From Winter Visit to Florida

Angus Heeney and Ven Green, who have been spending the winter at Lake Worth, Florida, returned to their homes in Plymouth just in time to enjoy the few days of really winter weather this part of the country has experienced in some weeks.

"There were lots of people down in Florida this winter. The weather was delightful and we had a good time," stated Mr. Heeney.

"But I don't know what the fruit growers are going to do down there about harvesting their orange and grapefruit crops. There's a big crop. Growers say the people they generally hire to do that work now get such big pay that they will work a day and lay off for two or three weeks. They just won't stay on the job. Things are not at all satisfactory in a business way down there," he added.

"We had no trouble in getting home on the bus."

News of Our Boys

tioned somewhere in the Pacific southwest a Jap rifle that was captured on Tarawa. With it also came a walking cane that had been made out of a coconut tree. There was some Jap money, as well as some of the currency used in New Zealand. Mrs. Guldner's other son, Glenn, is believed to be somewhere on the island of New Guinea.

Locates Old Friend Through Plymouth Mail

The Plymouth Mail is serving many purposes in these distressing war times. Frequently it has brought Plymouth friends together in foreign lands—and just recently in one of the biggest army airfields in Texas, Robert McAnich of Rosedale Gardens was delighted when through The Plymouth Mail he was able to locate his old friend, Franklin Coward, former teller of the First National bank, in the same camp.

In a letter to The Mail, the flying bank cashier tells of the surprise call made upon him by Bob, who has been an instructor at the Dalhart airfield for the past five months.

Cashier Coward says that he is now receiving the finishing touches to his flying training and that he is at present serving as an assistant engineer of his crew.

"I am flying in one of those big flying forts all the time now. May be here until about May. It was in Texas where I began my flying career and I am back here to complete my work," he writes.

"It's difficult to tell you how much the Plymouth boys enjoy The Mail. It is a sort of link between the people of Plymouth and myself and all of the other fellows in service," he added.

He's Now Out on California Desert

"Right now I am hiding behind a little desert bush trying to keep away from the sun and wind," writes Arthur Haar, who has been stationed at Camp Callan in California.

"We are out on the Donegio desert. Ned May and Bob Erdelyi are out here somewhere with the bunch, but I haven't seen them since we hit the desert. I was sent out here to administrative school," he concluded.

Sergeant Richard Innis Is "Seeing England"

Plymouth boys who have gone across are wasting no time in seeing the sights. That's the impression one of the interesting, descriptive letters of Sergt. Richard Innis, son of Mr. and Mrs. A. L. Innis of this city. The young soldier has been stationed in England for some time.

He recently spent some time seeing the sights around the city of Edinburgh, one of the most historic centers in all England.

"Up in the castle we saw some muzzle loading cannons, centuries old. One must have had a bore 18 inches or more. It certainly was a big thing.

"Go up the street a little higher and we come to the smallest chapel in the world. Mary Queen of Scots used to attend services

in it. Next we went to the Scottish war memorial in which they have inscriptions commemorating all the Scotch dead of past wars. It is one of the most beautiful buildings I have ever seen," he wrote.

"It certainly is interesting to be able to see some of the things we used to study about in school. The beauty of St. Giles cathedral is beyond description. I didn't know anything could be built so look like it.

"We went through the living quarters of the king and queen in the Holy Road palace when they came to Edinburgh. There was only part of it we could go through and the first thing was the apartment of Queen Mary of Scots. They had placed a bronze plate in the floor where Queen Mary's Italian secretary's body was left after he had been murdered in Mary's bedroom. It seems that Mary was a gay old girl in her day.

"We went out where the chapel used to be. There are many graves, some that have been there as far back as 1200."

The letter contained many pages of interesting descriptions of early historical places Sergeant Innis had visited.

Richard William Foley Becomes Ensign

Richard William Foley, 1442 Sheridan, of this city, Wednesday graduated from the naval reserve indoctrination school at Tucson, Arizona, and was awarded a commission as ensign in the U. S. naval reserves. Previous to entering naval service he had served as a U. S. immigration inspector at Little Rock, Arkansas. Mrs. Foley is the former Eleanor Parmelee.

Henry Rottgering Wins a Promotion

From the Great Lakes naval training station comes a news report that Henry L. Rottgering, son of Mr. and Mrs. H. C. Rottgering of 199 Arthur street, has won an early promotion as the result of his past civilian training. He has been given the rating of metalsmith third class upon completing his recruit training.

It Puts Starch in Your Arches

In the army or out, the cure for tired and discouraged arches is hot-water. But in the army, you heat your own and you heat it when, how and where you can, so it's natural for G. I. Johnny to do a little postwar day-dreaming of the time when hot-water will actually flow right out of a FAUCET—crystal-clear and hot—gallon after gallon after gallon.

That magical blue flame... GAS... is going to make a lot of dreams come true in Johnny's Home of Tomorrow.

One of its many deluxe conveniences will be a hot-water supply that needs no thought, no attention, no waiting... heated automatically with GAS in a rust-proof tank of long-lived material. It's worth thinking about NOW.

Today... Gas and your automatic Gas water heater manufacture... are tremendously busy with war work. "Where Your Money's Well Spent"

THE OLD JUDGE SAYS...

"Sorry Judge, my shipment of suspenders still hasn't come in. Some articles are mighty scarce these days. I don't get anywhere near as much as I could sell."

"With the war going on, Frank, we've got to expect those things. It's true of luxuries just as it is of necessities. Take whiskey, for example. There's a real shortage in that. It's to be expected when you realize there hasn't been a drop of it distilled in this country since way back in October, 1942."

"The only thing distillers have been making during that time is war-alcohol for the Government. So, I wasn't surprised a bit to read how bootlegging and black markets have sprung up around the country as a result of the dwindling supply. Our 13 years of prohibition proved that if folks can't get legal whiskey, they'll get illicit whiskey. Sure hope the shortage doesn't last too long. I'd hate to see this country turned over to the bootleggers again."

Colored People Should Get to Work, Save

Babson Park, Florida, March 17. —I am writing to the several million colored people in this country. Moreover, I do so as a friend—one who has contributed money and time to help them.

The way you are foolishly spending money today is a shame and disgrace. Not only are most of you now wasting money, but you are almost convincing your friends that you are unworthy to have good wages. You are showing an utter disregard of any knowledge of finances or economics.

Present high wages cannot continue. Many of you will be out of employment after the war. Millions of war workers will be discharged and—although it will be unjust—you will be discharged first. Therefore, you should save up money NOW to help you in these hard days ahead. Most white workers are now doing this!

Some of you foolishly refuse to work if you have a little cash in your pockets. This applies to great strong men and women as well as to your young people. Too many of you seem to have no regard for the needs of the country in this crucial hour. You are citizens as well as the white workers. You claim you are not treated right. I do not agree with this; but if it is true, it is because so many of you are lazy and wasteful.

I am writing this in the south where I have worked with colored people for 20 winters. I have fought for you and got you out of jail when the sheriff unjustly arrested you. I know your good points and weak points; but I never before saw you in the lazy, wasteful and saucy moods that some of you put on today. From letters which I get, I fear you are behaving worse in the north than you are here in the south.

Many of you say, "Aunt Eleanor will take care of me after the war." Perhaps Aunt Eleanor will not be the president's wife after the war! President Roosevelt may not be re-elected. Besides, even Mrs. Roosevelt is getting out of patience with you. She is beginning to wonder if she may not have made a mistake in praising you as she did. It is true that white workers strike when they shouldn't, but they are not lazy nor do they throw away money.

Does it ever occur to you what would happen to our country if all the people—white and colored—acted as so many of you colored people act? We would lose the war and we all, including you, would be slaves of the Germans or Japanese. Your attitude simply does not make sense from any point of view. Therefore, as a friend, I beg of you all to get all the work you can get; work as faithfully as you can, and save, save, save!

Let me prove that colored boys have just as good an opportunity to succeed as white boys. A few years ago Webber college at Babson Park, Florida, employed colored boys in the kitchen. Among them was one named James Paul Goss. The dean noticed that whereas all the others went to the movies or shot craps in the evening, James practiced for hours to learn typing. When the summer vacation came, he begged me to take him north and get him a job in an office. This I did. It was James' first opportunity.

James did so well that I brought him back to Florida in the fall. That winter he typed all my newspaper columns. In March, 1942, he was drafted. One day an officer asked if anyone of the men could type. James held up his hand. Then he was given his second opportunity. He has not held a gun since that day. He gradually worked into administrative duties. He became a corporal, a sergeant, a second, and then a first lieutenant. He now is a captain with savings of \$5,000 in bank and life insurance values. When one of his colored friends was asked why James got on so well he replied: "Well, you know, James does not drink or smoke; he works and saves and reads his Bible every day." Last week James was given his third opportunity at Camp Springs army air field, Washington, D. C.

Basketball is popular in many Southwest Pacific outposts. Some of them have well-lighted outdoor courts where night games are held, often interrupted by air-raid warnings.

"President Roosevelt is not a candidate for a fourth term—he is a candidate for life. If he wins, ration in the presidency will have perished, and an end to the republic George Washington founded. In the election of the next president and the next congress the men and women of this country will choose between the republic and a dictatorship." —Congress-

man John Jennings Jr. of Tennessee. Biotin, the newest member of the B family of vitamins to be synthesized, is the most active growth-promoting substance ever discovered. A dilution of one part in 400,000,000,000 has been found to be potent enough to stimulate growth in an appropriate strain of yeast.

Perry Woodruff left his automobile standing in front of the Penniman-Allen theatre while he attended the movies and on returning to get his car, found it had been stolen. No clue has so far been found of the thieves.

Kinyon school will give an old-fashioned shadow social at the home of Mr. and Mrs. L. H. Root, Ann Arbor road, Friday evening. Proceeds will go for war savings stamps.

Mr. and Mrs. William Bartel celebrated their 25th wedding anniversary last Saturday, when they entertained 40 friends, most of whom were from Detroit. Many nice pieces of silver were given the couple.

The plan of a weekly community night, when the church keeps open house for all who will come and enjoy its hospitality and program of moving pictures, is proving to be a delightful feature which the local Methodist church is trying to render the community.

The Christian Endeavor society of the Presbyterian church will give an entertainment at the church Tuesday evening. Following is the program: Male quartet, Whipple brothers; violin and piano duet, Gladys Schrader and Doniel Patterson; vocal solo, Calvin Whipple; reading, "A Piece of Red Calico," Harry Green.

One celling that isn't likely to be broken is the one promulgated by the war food administration setting a maximum of \$2,400 a year on wages paid farm workers.

VICTORY'S SONS

Lieut. Mitchell Paige

EVERY MAN of his platoon of Marine machine-gunners had been killed or wounded by the Japs, who had pierced the American lines on Guadalcanal, one day in October, 1942. Sergeant (now 1st Lieutenant) Mitchell Paige might well have abandoned the position, and retreated to save himself. But he didn't.

Manning the machine-guns himself, he held off the enemy charge. When one gun jammed, he ran to the other. When that one quit, he dashed to the adjacent unit and borrowed a gun, returning to battle under heavy fire.

Then, when the reinforcements came up, he formed the line and led a bayonet charge that drove the Japs far back.

"Without his outstanding action and courageous action in the face of overwhelming odds," reads the citation accompanying his Congressional Medal of Honor, "the enemy would have succeeded in exploiting their break-through."

"THE RED CROSS IS TOPS!"

—plain talk from the fighting man who knows

Wherever the going is toughest—in desert and jungle and alien land—there you will find the Red Cross, side-by-side with our eleven million fighting men and women.

Coffee and doughnuts and companionship—is this all the Red Cross offers? Let's see—

- if a soldier at camp must be found quickly, perhaps notified of trouble at home, who helps him obtain leave, and advances railroad fare and money if necessary? **THE RED CROSS.**
- if it is humanly possible, who gets your letters in to the boy prisoner of war—and who gets his letters out? **THE RED CROSS.**
- wherever possible, who sends every week through the barbed wire of the prison camp **ELEVEN POUNDS** of American food for your boy—meat, cheese, sugar, chocolate bars—and real American cigarettes? **THE RED CROSS.**
- if a soldier is wounded, who provides him the blood YOU gave, who cares for him in his convalescence, who provides sympathy and comfort and understanding? **THE RED CROSS.**

These are just a few of the services our men and women are grateful for. There are many others. When you dig into your pocket this year for your annual Red Cross contribution, dig deeper than ever before. Can your money be spent for any worthier cause?
