**SMITH-WHITE**  
Marjorie Rose Smith, daughter of Mr. and Mrs. Robert L. Smith of Canton Center road, became the bride of Pfc. Norris Clayton White of Detroit at 8 o'clock in the evening Saturday, April 1, at Berea chapel, Detroit.

The service was read by Rev. John Walaskay of Plymouth. Rev. Sanford Cook sang "Because."

The bride wore a California lilac suit with white accessories, and carried an orchid on a white Bible.

Kay Holloway of Ypsilanti, her bridesmaid, wore a yellow suit with purple accessories and carried a corsage of rosebuds.

**Attention Farmers Arc and Acetylene WELDING RADIATOR REPAIRING LINGEMANN PRODUCTS CO. 15169 Northville Road Phone Plymouth 1020**

ried a corsage of rosebuds. Sgt. Arthur Hicks, cousin of the bride, was the groom's best man. After the reception the couple left for Washington, D. C.

The ladies of Berea chapel of this city honored Mrs. Smith with

a miscellaneous shower on Monday, March 27, and her sister, Marvella, invited several friends for a shower at her home.

## City Budget Before Members of Commission for Consideration

### Expect Slight Raise in Tax Rate to Care for Increased Costs

Mayor Carl Shear and City Manager Clarence Elliott presented the annual city budget to the city commission at its meeting Monday night, calling for an increase of \$14,000 over last year's budget, and an increase in the tax rate of \$1.52 per thousand dollars of assessed valuation.

In their message to the commission, the mayor and the city manager pointed out that the tentative budget calls for increased

appropriations for paving construction, and \$5,000 for the purchase of a street sweeper and a new garbage truck.

The remainder of the increases are generally due to necessitated increases in wages, according to wartime scales.

In presenting the budget, it was estimated that the assessed valuation of property in the city will be increased by approximately \$200,000 for the year.

The mayor and the city manager were frank in stating that the current budget, if accepted, will necessitate the increase in

the tax rate, despite the increase in assessed valuation.

On the other hand, to take care of the increases in wages and other capital outlays, definite cuts have been made in other portions of the city government.

The appropriation for payment to the city commissioners is cut \$250 over last year's appropriation, due to the small number of extra commission meetings held this year.

Almost all other officers, however, show increases in salaries. Clerks, stenographers, policemen, engineers and other hourly rated employees are all given a boost in salary in the tentative budget.

For instance, personal services for the upkeep of city parks, is increased from \$1,889.22 this year to \$2,100 next year.

Included with the city budget is a recapitulation of the city's expenditures over a period of years.

The general fund appropriation in 1934 was for \$18,635. It dropped to \$18,070 in 1935, but thereafter there was an almost steady increase through the years to \$24,000 in 1936, \$25,000 in 1937, and \$25,000 in 1938. In 1939 and 1940, the budget dropped back to \$24,000 and \$25,000, but in 1941 it was up to \$28,000. In 1942 it was \$34,000 and last year it was \$33,000. This year it is \$39,000.

The general fund provides all of the management of the city, including the collection of taxes, the health department, the auditing, the attorney, the assessor and board of review, the maintenance of the municipal building, elec-

tions, parks, the municipal court, the comfort station and the parking lot, engineering and recreation and the myriad smaller services rendered by the city.

While the total budget has jumped from \$63,570.45 in 1934, to a proposed \$124,415 this year, the services to the people of Plymouth have increased accordingly through the year. Garbage and rubbish collection, for instance, have been instituted within that time. Many streets have been paved and yet the tax rate for the taxpayer has increased only \$2.72 a thousand in the same length of time.

As one citizen pointed out, it is a question for the people of Plymouth to decide. If they want the services which the city is now rendering, then they must ex-

pect to pay for them.

City Manager Elliott pointed out that a street sweeper has been needed for some time. With the sweeper, the streets can be kept cleaner with less labor than in the past.

The new budget also includes a sizable item for the paving of more streets.

And yet, despite all the increase in services, the city's bonded indebtedness is the lowest it has been for 15 years.

Every bond that can be paid off is now clear of the city, and the general fund owes only \$30,000 in bonded indebtedness. The water department still has \$33,000 outstanding in bonds, but these are being paid off by a separate fund.

In 1934, the bonded indebted-

ness was \$359,000. The last bonds were issued by the city in 1929, but these were paid off some time ago and the present bonds on which the city is paying were issued in 1925.

The commission will work on the budget, and it should be corrected and approved by the middle of May in order that the tax assessments may be spread and the notices mailed at the start of the fiscal year in July.

Most overseas telephone rates vary with distance, but several exceptions still exist because of the difficulty of changing them in wartime. For instance, while the cost of a three-minute daytime call from New York to London, 3,500 airline miles, is \$21, and to Moscow, 4,700 miles, also \$21, a call to Sydney, 10,000 miles, is only \$19.50.

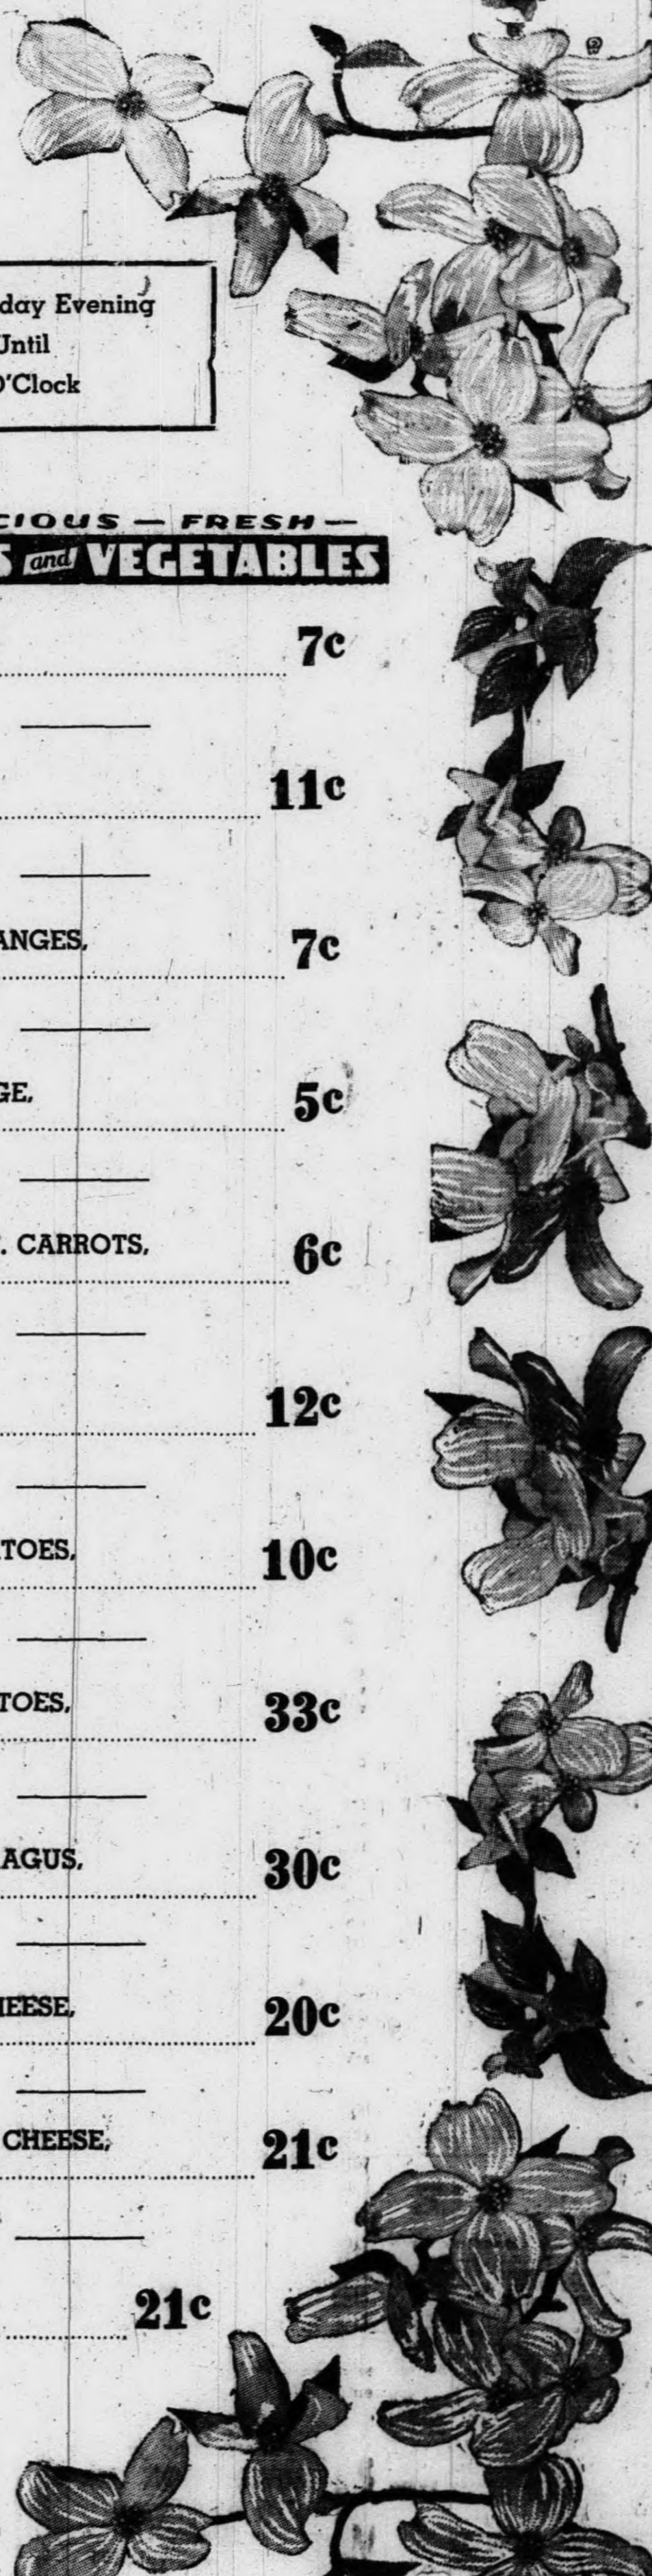

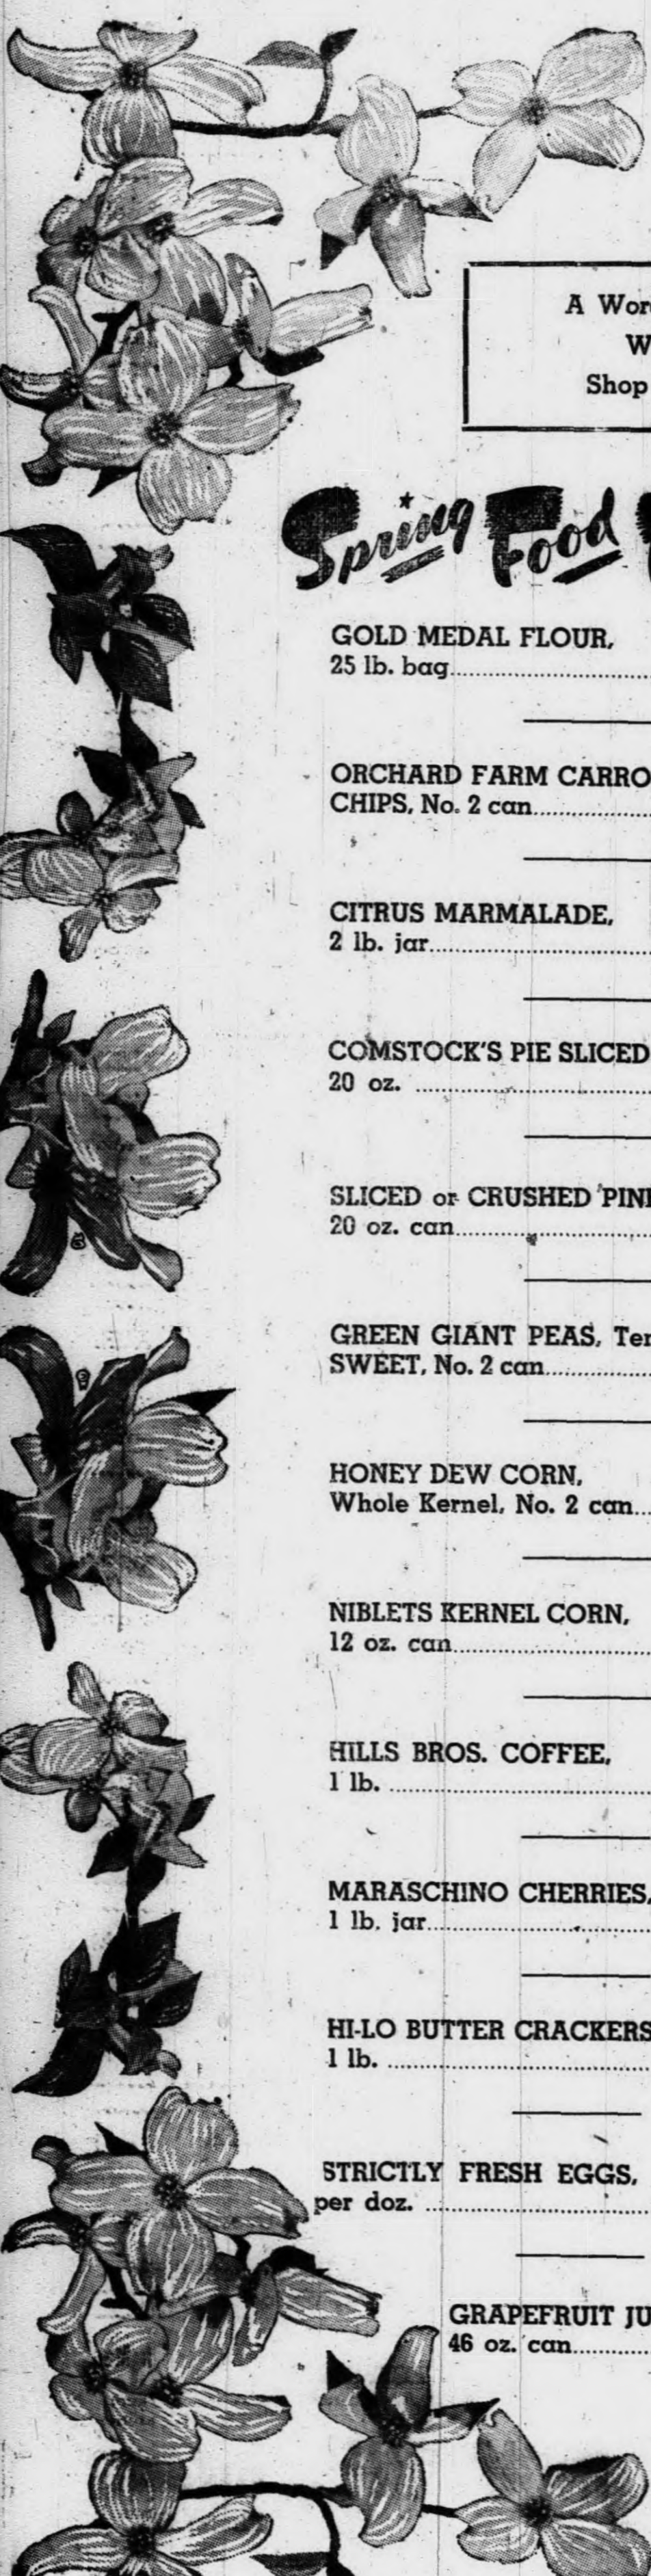

## Finds Family Obeys Quarantine Rules

Investigation of an anonymous complaint that a family on Evergreen street quarantined for scarlet fever had violated the quarantine by Health Officer Luther Peck resulted in a "clean bill of health" for the entire family.

"I found that no one had violated the rules. It is possible that the appearance through error of one of the children's names in a news item might have inspired the complaint, but we found that the members of the family were complying with our orders," stated Dr. Peck.

IN MEMORIAM
In loving memory of our dear son and brother, Harry C. Stuman, who passed away April 5, 1925.

In the hour of pain and anguish, in the hour when death drew near, Jesus suffered not his heart to languish.

Our Lord suffered not his soul to fear.

And when his mortal life was bid him in His arms to rest, till by angelic hands attended He awoke among the blessed.

Sadly missed by his mother, sister and brother.

NOTICE OF HEARING CLAIMS STATE OF MICHIGAN THE PROBATE COURT FOR THE COUNTY OF WAYNE No. 316,253

In the Matter of the Estate of GEORGE W. BRITCHEL, Deceased.

Notice is hereby given that all creditors of said deceased are required to present their claims, in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon GEORGIA A. ROWLAND, Administratrix of said Estate, at Route 3, Plymouth, Michigan, on or before the 12th day of June, A. D. 1944, and that such claims will be heard by said court, before Judge Joseph A. Murphy, in Court Room No. 319, Wayne County Building in the City of Detroit, in said County, on the 12th day of June, A. D. 1944, at two o'clock in the afternoon.

Published in The Plymouth Mail once each week for three weeks successively, within thirty days from the date hereof. Dated April 3rd, A. D. 1944. JOSEPH A. MURPHY, Judge of Probate.

JOHN J. SMITH
Funeral services will be held this Saturday, April 8, from the Schrader funeral home, Plymouth, at 2 p.m., for John J. Smith, who resided at 8518 Gray avenue, Nankin township, and who passed away Wednesday afternoon, April 5, at the age of 75 years. Deceased is survived by his widow, Mrs. Ruth B. Smith; one daughter, Mrs. Neison J. Bennett of Gray avenue; one brother, Jay Smith of California; and two sisters, Mrs. William Slater and Mrs. John Lang, both of Marshall, Mich.; also surviving are several grandchildren, nieces and nephews. Rev. Verle Carson of Newburg will officiate. Two hymns will be rendered by Mrs. J. T. Chapman, accompanied at the organ by Mrs. J. O'Conner. Interment will be in Riverside cemetery.

Smelt Dinner for Wild Lifers

Smelt—that attractive little fish which disappeared almost overnight from the Great Lakes—provided the main dish for the annual fish dinner of the Western Wayne County Conservation club Wednesday evening at the Jewel & Blain hall.

The smelt were imported from New Brunswick, Canada, where they had just been netted out of the St. Lawrence gulf.

"They had been frozen the minute they left the nets," declared John Crandell, chairman of the feast board. "Never saw such nice, fresh smelt in my life."

Attorney Crandell, who presides at the festive board with all the grace and dignity of the most stately of stately dames, served broiled smelt, fried smelt, boiled smelt, baked smelt and smelt tid-bits with all the elegance that such an occasion demands.

Ezra Routner, William Gayde, Ernest Henry, Dr. Brick Champe, Harry Rackham of Northville, Harry Messmore and William Morgan served well and efficiently as the official "tasters" before permitting the food to leave the kitchen for the hungry multitude.

Members from the bomber plant, the Kelsey-Hayes machine gun plant and other Plymouth war plants declared that they had stored up enough vitamin s to keep them going at top speed for a whole week.

Club Fights Use of Live Decoys

Members of the Western Wayne County Conservation club, with over 100 present, voted Wednesday night to let congress know that they are 100 per cent against any scheme to legalize the use again of live decoys for duck hunting.

The matter was brought before the club by President Brick Champe following the annual fish dinner of the organization.

Following a brief discussion in which every member who spoke condemned the proposal, a resolution was passed instructing Secretary Ernest Henry to advise all of the members of congress from Michigan that the Western Wayne County Conservation club stands for just what its name implies—conservation.

Federal and state regulations, in co-operation with Canada and Mexico, have resulted in restoring the rapidly passing wild duck life of the country, and one of the beneficial steps was the elimination of the use of live decoys.

Some Illinois congressmen have introduced in congress a resolution which, if passed, would again permit the use of live decoys.

Run your milk to market for victory

Your Government needs more milk for millions. Most save on milk in the city. Call Feed has helped baby calves across the distance from weeks. A 2 1/2 lb. milk will feed four calves for two weeks at about 1/2 a dollar to feed. Compare this with the price of feeding milk. Come in for a full of new, improved Security today!

Post Office Is in Need of Help

Help! Plymouth's Uncle Sam needs help!

Who is Plymouth's Uncle Sam? Why, it's none other than genial Postmaster Harry Irwin—and he's having a tough time to get all the thousands and thousands of letters delivered.

The postmaster needs help badly.

Right now he has two good jobs open for carriers—one that some elderly person could take and make good pay and work only about six hours a day.

Postmaster Irwin has one rural route open, a short one, where the distance traveled is only 26 miles per day.

Not only does the carrier make \$1,800 per year, plus 15 per cent, but he is allowed 6 cents per mile for the use of his automobile—and he can get extra coupons for gas and tires, too.

The other job is for a younger person. A "mounted" carrier is needed for Rosedale Gardens. No, one does not have to ride horseback, says the postmaster, the term "mounted" is simply used to designate a carrier who must use an automobile in his work.

This, too, is a good, steady job. The army and navy are taking the post office staff and help is badly needed. These postal jobs are good positions, and steady work—with sure pay! You see, good, old Uncle Sam signs the paychecks.

Postmaster Irwin can be found at his office between 7 o'clock in the morning and 6 o'clock in the evening, but if it is more convenient, an applicant should call during the middle of the day.

South Canton

Mr. and Mrs. Sam Porttli moved Saturday to their home at Ford and Telegraph roads. Mr. and Mrs. Sandy MacPherson have purchased the Porttli home.

Mrs. A. W. Huettner and children visited Mrs. Ray Meyer in Ypsilanti Saturday.

Mrs. A. W. Huettner visited last Monday with Mrs. Lawrence Lamphar in Plymouth.

Mr. and Mrs. Fred Runge and family went to Mt. Pleasant Saturday to visit relatives. Mrs. Maude Harrington accompanied them home.

The Boy Scouts of the Sheldon troop went to Belleville last Tuesday to the court of honor, which was held in the Methodist church. Lyle Huettner and Richard Runge were awarded second class badges.

Mr. and Mrs. Bud Hunter visited relatives in Saginaw Saturday.

Mr. and Mrs. William Graham and family visited Saturday with relatives in Dearborn.

Miss Wright invited all of her school friends to a birthday party last Sunday.

Mr. and Mrs. Ray Brooks and family moved from the Wilson farm to a farm near Milan last Thursday.

Seeks Reelection to Congress

George A. Dondero Member of Congress 17th Michigan District

To the People of the 17th Congressional District of Michigan:

This will announce my candidacy on the Republican ticket, for reelection as Representative in Congress for the 17th District of Michigan.

During my service in Congress I have endeavored to express your will, reflect your wishes, serve you faithfully and sincerely in the many phases of Congressional work, and to preserve the Republic of the United States with freedom and justice for all.

To win the war and achieve a just and lasting peace is our first duty and responsibility to the nation.

Sincerely yours, George A. Dondero

Member of Congress 17th Michigan District

**Plymouth Churches**

(Continued from Page 1)  
 "Easter is the celebration of the resurrection of Christ and nothing else. The message of Easter extends a hope beyond the allacies of this life."  
 Next Sunday happens to be Easter because of the moon. In the early days of Christianity,

the feast of Easter was more or less a continuation of the Jewish feast of the Passover, which comes at this time of year. As a matter of fact, the Easter holiday takes its name from some Christian churches in some Hebrew word "Pesach," which means passover. In the Anglo-Saxon world, the name of "Easter" comes from "Eostre," an Anglo-Saxon goddess of light or spring. And in the early Christian church there was a long argu-

ment over when Easter should be celebrated. The Christians of the east maintained that it should be held on the same day as the Jewish passover, but the majority of the church celebrated it on the following Sunday. After the long argument, the council of Nice, in 325 A.D., decided that it should be held on the first Sunday after the first full moon after March 21 or the vernal equinox. The first full moon after last March 21 will

be tomorrow. Therefore, Easter comes on the following Sunday. Easter is, strictly speaking, a religious holiday, but in recent years it has also been by common consent the definite and positive revelation of spring. It is a day when ladies blossom forth in new clothes, but the Rev. L. B. Stout declared that "Easter to the Christian is not only a celebration of the personal, bodily resurrection of Christ from among the dead, but a guarantee that they, too, shall have that same experience."

But it is also a day of rejoicing among ourselves. The Rev. Father William P. Mooney, pastor of Our Lady of Good Council Catholic church, explained that "This is the day the Lord has made. Let us rejoice and be glad therein."  
 And the Rev. Henry J. Walsh, pastor of the First Presbyterian church, went even further. He said that "Easter is affirmation of the value of life itself, beyond time and through eternity."

And having something of the same thought in mind as it applies to soldiers at war, the Rev. T. Leonard Sanders, pastor of the Methodist church, said that "Easter this year means more than ever before, for it speaks to our hearts of immortality that Jesus brought to light."  
 The Rev. Francis Tetu of St. John's Episcopal church echoed this sentiment when he declared that "Easter inspires great things for a distracted world, because of its message of immortality."

The Rev. George W. Rothery of the First Baptist church declared that "Easter is remembering the resurrection of Christ that he might be glorified through us and it's up to the Christians to prove it."  
 Church announcements in this issue give in detail the celebration plans of all the churches of Plymouth.

ence, government, commercial and vocational departments. The courses at the present time have not been completely organized, but it is hoped to have them ready at the beginning of the term in September.

In addition to the effort which the high school principal and teachers are making in developing the above courses there will also be available for credit courses from correspondence schools such as the International Correspondence school of Scranton, Pa., and college credits will be possible through the extension department of the University of Michigan. The extent and hours to which vocations such as machine shop, etc., will be open will depend upon the amount of money available and the possibility of getting instructors for the courses.

Everyone can feel assured that the Plymouth board of education will offer every opportunity possible to service men and other adults upon the close of the war.

**Farm Labor**

(Continued from Page 1)  
 mittee recruiting the city workers for the farmers. He explained that because of the predominantly urban character of Wayne county there is no intention at the present time of requesting that business houses close to permit the urban dwellers to adjourn to the farm for a day at a time.

Rather, the present design is to recruit every person in the city, with any type of farm experience, to work for a few hours in the evening in order to make the greatest use of the available farm machinery. Governmental reports show the farmers are already two weeks behind because of the cold March weather, and that it will take at least a week of warm weather to rid the ground of frost before the farmers can begin their spring plowing.

And at the moment, it is this plowing which is urgent. Mr. Rossman pointed out that any person in the city who can run a tractor, and can plow, will be welcome by the larger farmers. If the city man can go to the farm in the evening, and take over the operation of the tractor any time from 5:30 to 7 o'clock, in order that the farmer may go ahead with his regular chores, then there will be two to three hours more each evening when the tractor will be in use. The same situation will apply to all

planting. There will be need for city help in the harvesting of tomatoes, and many high school youngsters will be recruited for that work, especially the girls, and last year the tomato farmers used grade school children in the harvest. For the most part, farmers say

they do not like high school youngsters in their orchards, for that reason if there is a large fruit crop this year there will be need for city adults to help with that harvest. Anyone with farm experience of any kind is requested to mail his name and address, together

with information on when he or she may be available, and for what type of work, to the County Agent, 3914 Monroe, Wayne, Mich. Farmers also are asked to advise the county agent of their needs. The need and the offer will there be correlated, and all persons notified.

**Woman's Club to Hear Famed Sculptor**

PROF. AVARD FAIRBANKS

Members of the Plymouth Woman's Club have scheduled Avard Fairbanks, MFA, Ph.D., professor of sculpture, Institute of Fine Arts of the University of Michigan, to address that organization at its next meeting on April 14. He will also demonstrate the theory and technique of his work. He stands high in professional circles and much of his work has won outstanding praise.

Mrs. Cass S. Hough is program chairman, and her committee consists of Miss Edna Allen, Mesdames Byron Champion, Blanche Daniels, Grayson Jones, Warren Lombard, Murray O'Neil, William Rose, Clifford Tait and Earl Wellman. It will be guest day.

**Fat Collection Is Largest**

More than a ton of fat—to be exact, 2,190 pounds—was collected in Plymouth during the month of March to be turned over to the government for the making of war munitions.

Mrs. R. D. Merriam, general chairman of the collection committee, was highly elated over the success of the March collection.

"But we hope to make the April collection even better than it was in March," stated Mrs. Merriam, yesterday.

**Names of Three Energetic Workers Omitted From List**

It doesn't make much difference whether it was due to manpower shortage, paper shortage or type shortage, a paragraph omitted from the final Red Cross report published in the last issue of The Plymouth Mail unfortunately carried with it the omission of names of three good Red Cross workers.

They were Mrs. John Henderson, Mrs. Winston Cooper and Mrs. Pauline Peck. The omission, too, resulted in failure to give Plymouth employees of the Ford Motor company proper credit for their splendid co-operation with Plymouth. Not only did the Ford workers, through Mrs. Henderson, make a very substantial contribution to the Plymouth Red Cross fund, but they contributed to the Ford Red Cross drive as well.

Plymouth's Red Cross drive for 1944 was an outstanding success.

**Tells of Great Snow Storm Here**

Don't like the weather? Let's go back to 1886 with William Roe and see what happened in Plymouth and this part of the state on April 6 of that year.

"I was just a youngster around here then. But we woke up one morning to find that we had 24 inches of snow on the level. There were days when there wasn't any travel anywhere. Roads were blocked so badly that farmers couldn't get their teams to town. Even the railroads were tied up. I've never seen anything like it since," stated Mr. Roe yesterday.

**Evangelistic Party Returns to Plymouth**

The Nesseth-Hopkins evangelistic party of Detroit is returning to the Plymouth Nazarene church for its second engagement. The services are to begin next Tuesday, April 11, and will continue for two weeks each night at 7:45.

They are outstanding musicians and play many instruments, among them the solo-vox, electric vibra-harp, electric Spanish and Hawaiian guitars and the piano accordion. Each service will be featured by a half hour musical program.

The Plymouth Mail Want Ads bring results.

**Benefit Dessert Bridge Is Planned**

The annual benefit dessert bridge for crippled children, under the auspices of the Plymouth Woman's club, will take place on

Wednesday, April 19, at 1 p.m., at St. John's parish house, announced Mrs. Gustaf Lundquist, chairman, yesterday. Members of the committee are exceedingly anxious for a good attendance and have requested that emphasis be placed

upon the fact that attendance is open to the general public. Tickets can be secured from members of the committee.

## Do It Now! Search That Closet and Dig Out Old Clothing for Wounded Boys

Yes—we know you are busy. Yes—we know that you are doing a lot for the war effort. Yes—we know that there is MORE all can do! Some of you did send some of your old, discarded clothing to Mrs. Alfred West last week, clothing that will be converted into robes for the use of sick and wounded soldier and sailor boys in the armed forces of our nation. The need for these articles the Navy Mothers of Plymouth are making for OUR BOYS is tremendous. The need will continue to increase. Search your closets, dig out that discarded suit of clothing, that old overcoat, that old woolen dress, the shawl—anything of woolen make. Then call Mrs. Alfred West of the Navy Mothers at phone (Plymouth 1465) and she will see to it that someone picks up your contribution. The busy Navy Mothers will wash, clean and press your old clothing, and will quickly convert it into robes that will go forward to American hospitals throughout the world. Yes, last week a number of patriotic Plymouth residents contributed some clothing, but more is needed. In the collection was a policeman's uniform, an evening dress suit, a mailman's suit and numerous other articles. Right now is the right time to collect your old clothing and turn the bundle over to Mrs. West, one of the busiest of busy Navy Mothers in Plymouth. The Navy Mothers are doing their part—now let's do ours!

### County PTA Will Meet Here April 11

The Wayne county council of the Parent-Teacher association will hold its regular monthly meeting Tuesday, April 11, at the Starkweather school. Preceding the meeting the Baptist Ladies Aid will serve dinner in the church dining room.

The program chairman for the evening will be Miss Georgia Reid; the speaker, Dr. David Littlejohn, director of health of Wayne county. His subject will be, "The Pre-School Child Comes to School." The high school group, under the direction of C. A. Luchman, will present musical and vocal numbers.

The Starkweather PTA is a member of the Wayne county council.

### Army Chaplain to Address Women Here

Chaplain Elliott V. Fleckless of the army air force, stationed at Willow Run, will speak to the women of the Presbyterian Women's auxiliary on Wednesday afternoon, April 12, at 2 o'clock in the parlors of the church. The theme of the talk will be the nature of the work of chaplains among the men of the armed forces. Chaplain Fleckless served in the chaplaincy in the first world war, as well as this war. His knowledge comes from a background of years of experience, and should prove interesting and reassuring to many women who

have sons or husbands in the service of this country. This meeting will be open to any women of the community who would like to attend.

Apr. 7-Spring vacation begins. Apr. 11-School resumes. Apr. 14-Bunny Hop, Girl Reserve dance.

Plymouth Mail Want Ads Bring Results.

Class News

Mrs. Bixler's Drama club is presenting two one-act plays for the ex-Servicemen's club at the Grange hall, April 11.

The Spanish class is beginning to learn the popular Mexican folk dances. In preparation now is a Spanish program consisting of songs, dances and plays all in the Spanish mood.

Mr. Stadtmiller's seventh grade geography classes are working on the importance of the Great Lakes in connection with the automobile industry.

Miss Niles' history classes wrote themes on "Causes of Crime."

The biology classes extracted the nicotine from a cigaret and gave it to a frog. The frog became sick and didn't revive for four hours.

Mr. Hedrick's biology classes have had three guinea pigs under observation for some time. The biology classes extracted the nicotine from a cigaret and gave it to a frog.

Some of Mrs. Lickfeldt's students have contributed to her collection of plants by adding some flowering beans which are doing nicely.

The chemistry classes have completed an experiment on silicon and boron, in which they prepared boric acid and made tests for borax.

Mrs. Soule's homemaking girls have reported their sewing accomplishments in their homes.

Mrs. Dentil's vacation students brought their grade school report cards to class. By analyzing them they found that the marks they received in the grades corresponded to the marks that they are receiving now.

Chicken Dinner on May 10

"The Good Green Earth" is the title of Miss Marjorie Bingham's topic for the annual Mother and Daughter banquet to be held in the high school auditorium May 10 at 6:30.

Students of Plymouth high school turned in 32 books and 375 magazines during the book and magazine drive in the month of March.

Girl Reserves have mailed 527 Easter cards to men and women in the service who attended Plymouth high school.

Irene Neidospal and her committee have cooked up something different for the Bunny Hop of April 14.

Orchestra to Give Spring Concert

The orchestra is preparing to present to the public its free annual spring concert on April 27. In connection with the concert, a committee of three teachers will act as judges of musical composition for piano, cornet or any other instrument that students contribute to the music department.

college. Many of the students were interested in their intelligence quotients.

The students in home economics III are devoting a portion of the semester's work to the Red Cross. At the present time they are making hospital jackets.

The home economics II foods class is working on casserole vegetable combination dishes, and studying the food values of these, learning how to plan a healthful meal around one main dish.

Mr. Hedrick has said that freshman baseball will get under way as soon as the weather becomes fair enough to allow outdoor practice.

Last week the double quartet and boys' chorus sang at a special Lenten service held at the Redeemer Lutheran church in Detroit.

The double quartet and boys' chorus are going to sing at the Wayne county PTA convention April 11, which will be at Starkweather school.

The Navy Mothers will be entertained at the Presbyterian church April 13 by the double quartet and string ensemble. The program is scheduled for 8 p.m.

English Classes Study China

Miss Lovewell's English classes have been making a study of one of the most democratic of all nations, China, the country we generally pity and consider very backward. Nevertheless, very early in Chinese history three important measures were taken to create a more democratic way of life.

The first of these was the abolition of primogeniture, which changed the practice of leaving the entire estate to the first born son and which forced dividing the estate equally.

The second step permitted people to hold public offices regardless of wealth, religion or social prestige. They were elected entirely on the basis of their knowledge and ability.

The third important measure gave freedom of speech and criticism to the Chinese people.

Recently the Chinese have proposed a constitution which when completed should prove to express the intelligence of the Chinese.

Senior Sektches

The future plan of Bruce Stewart, son of Mr. and Mrs. John Stewart of 11401 Auburndale, Rosedale, is to become an engineer. During his high school attendance he has been on the track team twice. Playing pool and pinocle are his favorite hobbies.

Robert, son of Mr. and Mrs. Thomas M. Stuart of 208 Ann street, is following a college preparatory course. He was a member of the football team and boys' chorus. His hobbies are hunting and fishing, while his pet peeve is 'flashy socks. He plans to join the army after graduation.

Elizabeth Karns, daughter of Mr. and Mrs. Dale Karns, 29201 Sunnydale, Detroit, lists concited people as her pet peeve. She is following a commercial course and plans to be a secretary. Elizabeth is in the Junior Red Cross, has been on J-Hop, senior prom and junior-senior play committees, has worked on senior Annual and has been in band three years. Her hobbies are bowling and playing the drum.

Robert Bingley is the son of Mr. and Mrs. Russell W. Bingley of 280 South Main street. He is taking an apprentice course and works as well as going to school. He collects stamps and trinkets. His pet peeve is girls who wear pancake makeup and leg makeup. After graduation he plans to enter the service of his country in the naval air corps.

Myrtle Ione Schrader, better known as "Myrt", is the daughter of Owen Schrader of 1859 Canton Center road. Despite the fact she has taken a commercial course, she anticipates attending a girls' school in Virginia next year. Myrtle has worked on a committee of the J-Hop and is a member of both the Girl Reserves and the school bowling league. Dancing and sports are her hobbies.

Robert Scheppele has quite a list of accomplishments: three years of football, two years of track, Varsity club, mayor of the school for one term, best boy citizen, best American history student. He is the son of Roy and Enid Scheppele of 45480 Phoenix road. His pet peeve is unstudious pupils; his hobby is sports. He is taking a college preparatory course and plans to be a chemical engineer.

Recognition

The importance of modern funeral service in public health and sanitation services has received official recognition by the War Manpower Commission.

Despite the needs of war and war industries, embalmers have been placed in the "essential" list. They are needed for your protection.

**News of Our Boys**  
 In Uncle Sam's Fighting Forces  
 Defending Our Homeland and  
 Our Liberties.  
 \*\*\*\*\*

**THE MAIL IS A  
 JUMBO LETTER DIRECT  
 FROM HOME**

It takes the boys who are out in the training camps and on the battle fronts to find the right expression for things. Pvt. Roy N. Williams, who belongs to one of the "light divisions" of Uncle Sam's army, in a letter to The Mail from Camp Roberts in California, says "The Plymouth Mail is as big jumbo letter direct from home every week."

Roy states that he is not much on letter writing, but that during the 18 months he has been in service, he has given much of the country and many of its big cities. "But I will still take good old Plymouth in preference to anything I have seen," he adds.

"I was in Camp Carson in Colorado for over a year. Then we were moved to Louisiana and now we are out here in the coast range mountains of California. This sure is a rugged life, this living in the field that we are doing."

"It sure was wet and cold in Louisiana and it seemed that the bad weather followed us right out here to California. We not only had rain but plenty of hailstorms. But the weather has changed now and the days are nice and warm, although the nights are cold."

"I hope our next move will be a long, long boat ride. We are sometimes referred to as the walking division. And we are about as rugged as the country we are now in. Thanks again for The Plymouth Mail," concluded Roy.

**WEATHER IS MOST  
 CHANGEABLE IN TEXAS**

Harvey Shaw, son of Mrs. Irene Shaw of South Harvey street, has arrived home from Camp Howze, Texas, for a two weeks furlough. "Glad to be back to Michigan to enjoy some good weather," declared Harvey. "It's most changeable down there, and when it gets cold, it's cold," he declared.

"I like army life much better than I thought I would. The food is good and we get everything we need. I am in the same outfit as Don Leichweiss, who used to work on The Mail. He is looking good, but would like to get back to Plymouth, just like everybody else who ever lived here," stated Harvey.

**PASSES ISLAND WHERE  
 DON HUNTER AND  
 KEITH LAWSON ARE BURIED**

In another letter received a few days ago from Ensign Kenneth Gust, who is somewhere far out in the Pacific, he wrote the following interesting paragraph:

"I was disappointed at one place where we stopped off for a day at one of the islands. I was so busy I did not get a chance to go to shore. I was quite disappointed, as I wanted to visit the graves of Don Hunter and Keith Lawson. I inquired about them, though, and as near as I could find out the men who were killed were given as good a burial as possible. On some of the other islands where I have been, the U. S. cemeteries are very nice and kept up well. So I imagine that the same is true where the two Plymouth boys are buried."

**SENDS HIS BEST  
 TO BOYS OVERSEAS  
 THROUGH PLYMOUTH MAIL**

Sgt. Robert H. White, who is at present stationed at the Rapid City air base at Rapid City, S. D., sends his regards to "the Herter boys, Hip Williams, Roger Vanderveen, Mike K. and a lot more" who are now overseas.

"The only way I can do it is through The Plymouth Mail. When they get it, I know they will know how I feel," he writes.

"Rapid City, where I am located now, is a pretty town and the people are just wonderful to us."

"I have been serving as a tail gunner and got my wings and stripes. I have been transferred up here as a mechanic. I love to fly and hope to do more of it."

"Every time I get The Plymouth Mail, it makes me feel right at home. Give my regards to all the folks back home as well as the boys overseas," he concluded.

**BOYS FROM EVERYWHERE  
 READ THE MAIL**

Pvt. Nelson Parmenter, writing from somewhere "over there," says that one of his greatest joys at the present time is in reading The Plymouth Mail. "It is never thrown away until the new copy arrives. Everybody in my outfit reads it and thinks it a fine paper," he added.

**THEY WRITE NEWS  
 FOR THE PLYMOUTH MAIL  
 OVER IN ENGLAND**

From the public relations division of the headquarters air service command somewhere in England, came an interesting "local" story to The Plymouth Mail the other day. The news from across the Atlantic pertained entirely to Sgt. Richard C. Innis and other members of the Innis family.

It is printed in full, as follows:

An Air Service Command Station, England.—To Sgt. Richard C. Innis the war is something more than personal; it is a family affair.

The sergeant works on one end of an "assembly line," which includes his father and mother, Mr. and Mrs. Alfred L. Innis of 41943 East Ann Arbor trail, Plymouth.

Both parents are employed at the Willow Run bomber plant, where they are helping to produce the materiel, which their son is "dishing out" to the men on the firing line, and those who fly the daily "milk runs" over Europe's battered fortress.

Also representing the Innis clan, in a total effort to bring victory, is Sergeant Innis' wife, Alberta, who enlisted in the WAVES shortly after her husband entered overseas service. She is now a seaman second class, with the U. S. naval station at Jacksonville, Fla.

Spreading out, within the family, are other relatives from Plymouth serving with the U. S. forces. Among these is Sergeant Innis' uncle, Tech. Sgt. Joseph Schomberger, also in the European theater of operations, with the army air forces. As yet, the two men

have no met.

Tech. Sgt. Schomberger's wife, Helen, at last reports was a private in the WAC at Ft. Oglethorpe, Ga. (now in Louisiana).

Another uncle, Kenneth Davis, is seeing action with the U. S. navy as seaman second class, in the seabees, while a cousin, William Widmaier, is assigned also to the seabee unit in the South Pacific.

William's brother, Robert, is "somewhere on the high seas" of the Pacific with the navy.

Sergeant Innis has seen foreign service before, during his previous army "hitch," between 1938 and 1941, when he visited Panama, Guatemala and Mexico. He reenlisted in October, 1942.

Before joining the army, Sergeant Innis attended Plymouth high school, from where he graduated in 1938, and was employed as a gunsmith by the Kelsey-Hayes Wheel company, Plymouth.

In the same mail that brought the above interesting story was a

letter direct from Sergeant Innis in which he rightly "beefed" because his Plymouth Mail is not coming as regularly as it should.

Don't know what the trouble is, but "Our Boys" in England have more trouble in getting their copies of The Plymouth Mail than do "Our Boys" in New Guinea, the Aleutians, Africa or India. At any rate we get more justified "kicks" from "Jolly Okie England" than any place in the world.

Dick concluded his letter with the following sentence, "I'm glad I am not in Italy with Roger Vanderveen."

**ENSIGN JACK WILCOX  
 NOW IN PHILADELPHIA**

In a note from Ensign Jack Wilcox, he advises that he has been given another transfer and is now in Philadelphia.

"The day I arrived here I ran into Hugh Raeder, another Plymouth ensign. He has been here since leaving the naval air station at Quonset Point, R. I.," stated Ensign Wilcox. "Am hop-

ing I will be transferred soon to some contractor's plant in Michigan."

**MOSQUITOES BIG  
 AS HORSEFLIES**

"No fooling, mom, the mosquitoes are as big as horseflies," writes Wilbur March to his mother, Mrs. Calbe March, 38720 Belliveau road, from his present location somewhere down in the New Caledonia islands in the South Pacific.

"The island is covered with flowers and fruit, but it gets plenty warm here at times," he added.

"We all sleep under nets at night time. Certainly appreciate getting The Plymouth Mail and reading about the folks at home and what they are doing to help the war cause on the home front."

**CAMP IN GEORGIA  
 TRANSFERRED TO**

Corp. Ray Creith advises that he has just been transferred from Fort Eustis, Virginia, to Camp

Stewart in Georgia. He arrived at his new post on April 1, but does not report as to how he likes the part of the country in which he is now located.

**WOULD LIKE TO BE  
 FISHING THROUGH ICE**

From somewhere over in the British Isles, William Rose the other day received a letter from Staff Sgt. Frank Loomis, well-known Plymouth soldier, who

(Continued from Page 11)

says there's nothing he'd like better than to be with Bill up on Fonda lake fishing through the ice.

"Haven't seen anyone from home yet, although I have been all over England and the most of Scotland and Wales since coming overseas. I sure wish I could tell you about the place we are in now," wrote Sergeant Loomis to his old Plymouth hardware friend.

"I see, Bill, by the Plymouth Mail, that the good old town really came through in the bond drive. Boy, there's a grand bunch of people there in Plymouth. And one doesn't know just how important that little old town is, until you can't get there. But the good old Plymouth Mail keeps us posted on the doings at home.

"I suppose the ice fishing has been good this winter. Have the boys been up to Fonda lake much? I sure wish I was back there so we could go up and try our luck.

"Be sure and say hello to Bob and Grant and all the other folks around the old corner for me. I would like to write them all, but it seems that I have a job that keeps me busy every minute I am awake. As they say here in England, 'Cheerio and all the best.'

**HE'S SERGEANT GILBERT WILLIAMS!**

Mr. and Mrs. John Williams have received information that their son, Gilbert, has been promoted to a sergeant of the military police force stationed at Miami Beach, Fla. His force is at present in charge of four army hospitals. When Mrs. Roosevelt was on her recent political tour, she visited these hospitals, and Sergeant Williams was one of two soldiers who had the honor of escorting her on the trip through the hospitals.

**JAMES H. SEXTON NOW NAVAL ENSIGN**

James H. Sexton Jr., 19, son of James H. Sexton of 1043 Penniman, won his navy "Wings of Gold" and was commissioned an ensign in the naval reserves last week following completion of the prescribed flight training course at the naval air training center at Pensacola, Fla., the "Annapolis of the Air." Having been designated a naval aviator, Ensign Sexton will go on active duty at one of the navy's air operational training centers before being assigned to a combat zone.

**BOYS IN NAVY LIKE THE MAIL**

Duane Johnson, who is at present at the U. S. naval training station at Sampson, N. Y., writes a note that he is receiving The Plymouth Mail each week, and that he likes it very much. "In fact, all of my buddies like to read it, too. They say it is a swell little paper. I expect to leave here about the last of March," added Duane in his note.

**BENJAMIN FILER LIBERATOR GRADUATE**

Pvt. Benjamin J. Filer, son of Mrs. Anna G. Filer of this city, who entered the B-24 Liberator bomber mechanics school at Keesler Field, Biloxi, Miss., some four

months ago, has graduated from this unit of the army air forces. He is now awaiting transfer to active line duty servicing the four-engine airplane, to an aerial gunnery school or to a factory school for specialized training in maintenance of big craft.

**HOME TOWN PAPER KEEPS HIS MORALE UP**

It has been much over a year since any word has been received from Donald Peck, who at one time worked in Bob Willoughby's shoe store. But yesterday an interesting letter came through from him. He's been stationed for nearly two years up in the Aleutian islands, just this side of the north pole.

His letter follows: "I thought that I'd better write and inform you that my address has been changed, and also my rank, because one of these days I may be deprived of The Mail due to improper address. So to avoid any unnecessary defogalities this is one of the reasons for me writing.

"My other reason for writing is to inform you that I appreciate your efforts of forwarding me The Mail. I always look forward to it every mail call as I do the rest of my mail. There is nothing like the good old home town news to bolster up my morale.

"Reading what you publish and the efficiency and cooperation of the folks back home, who are doing their part for our country, is a great inspiration to me, especially when I get the well-known blues after hearing of what some of our beloved countrymen are doing by causing trouble with strikes, etc. At least I know that the people of Plymouth aren't participants of such actions and this soldier admires them for it and will do his part to show his appreciation.

"I didn't live in Plymouth very long, but I worked there and met most of them and they were the best, that is why some day I hope to return there. The last time that I was in Plymouth was way back in February of '41, when I and a few of the fellows left for federal service with the 210th coast artillery. The last two years I've spent overseas in the Aleutians. As I have said, it has been a long time and your paper has helped me keep acquainted with Plymouth and its fellows that I knew. One of these days maybe I'll have the opportunity to return and visit my town again, providing it is true that I'll get a furlough after two years in this place.

**PREPARES FOR MEDICAL SERVICE**

In a new class of students which has just entered the school for medical administrative corps officers at the medical replacement training center at Camp Berkeley, Texas, the name of a former Plymouth lad appears. It is that of 2d Lieut. Donald Arthur Burleson, son of Mrs. Edna Burleson, who at present resides at 2405 Chevrolet avenue in Flint. Lieutenant Burleson's former residence was at 870 Penniman avenue in this city.

The largest number of ballots required to nominate a candidate at a Republican national convention was the 36 taken before Garfield was named in Chicago in 1880; the largest number required at a Democratic convention was the 103 taken before Davis was chosen in New York in 1924.

**Winter Kill of Bees in Michigan Is Smallest in Years**

It is estimated that bees have come through the winter in Michigan with the loss of fewer colonies than during the winters of either of the past two years. Heavier winter feeding on honey in hives is apparent, leading to starvation of some colonies which failed to gather sufficient fall honey. Beekeepers are advised to check hives since replacements will be difficult to obtain.

Beekeepers may obtain 10 pounds of sugar per colony for feeding bees, if necessary. Local ration boards can make such sugar available.

Farmers making seedings of legumes should have a fine, well-prepared seed bed. The soil should be well supplied with plant food and should be sweet.

Heavy loams and clay loams should have 300 pounds or more per acre of an O-14-7, 0-20-10, or superphosphate 18 to 20 per cent.

Victory gardeners will soon be glowing or spading their gardens in preparation for the planting of early season crops. The Michigan Garden Guide, extension bulletin No. 258, is available at the county agent's office.

**Missing Red Lights Found by Police in Northville**

At police headquarters there was a jingle of the telephone.

It was the Northville police department.

Said the Northville police department: "Do you have any red warning lanterns missing?"

Said the Plymouth police department:

"We do. They are from a barricade on Starkweather avenue, where a water main is being installed."

Said the Northville police department: "Well, we've found some."

Said the Plymouth police department:

"We'll be right over."

And so, in company of a couple of boys from Northville, the Plymouth police department visited the Northville police department and found the red lanterns on the front porch of Northville Village Commissioner Sidney Frid.

The boys apologized.

The Plymouth police department thanked the Northville police department, and the Plymouth police department returned the lanterns to Plymouth.

Injuries among industrial workers have been found, in one recent survey, to occur to various parts of the body in these relative frequencies: hand 1,000, arm 340, leg 311, head 279, eye 236 and foot 119.

**Proposed Student Hangout Becomes Big "If" Issue**

This is one of those "iffy" stories.

But, if everything goes just right, the youngsters in the high school who are looking for a hangout may get the Rauch house at Church and Adams streets by May 21, and that means that it will be in use for only about a month between now and the next school term . . . even at the best . . . for there is no particular need for the house during the summer months when most of the high schoolers have other interests . . . or should have.

The city commission decided more than a month ago that the youngsters could have the house as a part of a recreation program of their own development. But the house was rented to a war-worker some time ago, and to get possession of the house the city manager was required to go to the office of price administration for a directive permit, which has now been received.

With that directive, the city manager again can give 30 days notice to the present tenants of the house, and if they fail to heed the notice to evacuate, then the city manager must go to court for a new order to evacuate, and if the court agrees with the city request for possession of the house, then after a period of seven days the occupants of the house may, if necessary, be set out on the street.

SHIP AHOY CLUB ROOMS

Private rooms — beautifully decorated club room — kitchen facilities, dance hall, etc.

An Ideal Place To Meet

For Information and Rates Call 174 After 6 P. M.

Small Parties or Large Groups Given Equal Consideration.

Centrally Located

\*\*\*\*\*

It will take some little time to repair and refit the house before it can be used by the youngsters. So, it is quite likely that it cannot be used before the end of the school year, even if the city should win the case in court.

A mind conscious of integrity seems to say more than it means to perform.

**72 NEW BRICK HOMES**  
Price \$5,850.

15 Ready to move into. Low down payments. Two bedrooms, tile shower; space for recreation room. Lots 60x135; sewer and city water; plenty of space for victory garden. Full basement, hot air heat. Open daily from 9 to 9.

## THE FAMILY OF MAN

A PRAYER

**G**OD of all nations and God of all men, open our minds and hearts to the truth which can tell us that the only race on earth is the race of the living; help us to join together in nobility and in respect the peoples of all lands and of all colors in a family of humanity. In this our life on earth help us to make of it a time of work, of peace, of progress. Give us the understanding by which we may know good from evil, and the courage and the strength to fortify the one and to destroy the other. Give us the awareness by which we may learn as one man the dignity and reality of a common faith nursed by knowledge instead of ignorance, by integrity instead of deceit, by hope instead of fear. Give us, O God, the higher intelligence to tell us that the earth we stand on is common ground, and give use the oneness of purpose and vision to build on that ground a home of eternal freedom.

—This prayer was written and delivered before a congregation of all faiths at Norwalk, Conn., by Norman Cousins, editor of *The Saturday Review of Literature*, on the occasion of the observance of a Day of Compassion for victims of Nazi persecution.

**Fire Insurance Rates to Decrease**

Fire insurance rates in Plymouth and throughout the state will be reduced, effective April 15. In Plymouth, the rates on brick veneer or frame dwellings with composition roofs will be dropped from 45 cents a hundred dollars to 40 cents per \$100 for three years of protection. With shingle roofs, they will be dropped from 65 cents to 60 cents.

There will be similar reductions on different types of business property, but there will be

no rebates on insurance now in effect

**Fire Threatens Business Block**

What might have been a serious fire was extinguished Monday night at the Plymouth Recreation on South Main street through the prompt discovery of the fire, and equally prompt action by the fire department.

Damage was estimated at \$75, but it might have been more.

A carelessly tossed cigaret under the floor boards at the rear of the building had started a smouldering fire. It was discovered about 11:50 p.m., just as the bowling alleys were to have been closed for the night.

If it had not been discovered, and it had broken out in flames two or three hours later, there might have been a very serious fire.

The carburetor on the fire truck stuck just as it was pulling out of the fire station, and the truck slithered across Main street into a small tree. The bumper was bent, and the pump was thrown out of line.

A Salvation army regulation requires its men and women officers to marry only a sister or brother officer if they wish to retain their rank, in the belief that a better understanding will exist between them if both are engaged in this work. One who marries an outsider becomes merely a "soldier" again, a rule which applies to Salvation army officers in all countries, including those in Japan, where approximately 98 per cent of them are Japanese.

**Legals**

Petitioner: Earl J. Demel, 1015 Ford Building, Detroit, Michigan.

STATE OF MICHIGAN  
County of Wayne, ss.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the seventeenth day of March, in the year one thousand nine hundred and forty-four.

Present, Joseph A. Murphy, Judge of Probate.

In the Matter of the Estate of JOHN A. TOTH, Deceased.

Earl J. Demel, a Public Administrator, Special and General Administrator of said estate, having rendered to said Court his combined first and final account in said matter and filed therewith his petitions praying that he be allowed additional compensation for extraordinary services rendered in the administration of said estate and that the residue of said estate be assigned to the persons entitled thereto:

It is Ordered, That the third day of May, next, at ten o'clock in the forenoon before Judge Thomas C. Murphy, at said Court Room be appointed for examining and allowing said account and hearing said

petitions.

And it is further Ordered, That a copy of this order be published three successive weeks previous to said time of hearing, in The Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

## Babson Says - -

### Stock Market Worried but Bullish

Babson Park, Mass., April 7.—The stock market is ruled partly by emotion. Recent activity has given investors new life; but most investors continue hesitant or seek special situations. Last summer they were optimistic. They looked for great new developments in housing, electronics and other industries. Then they became worried over taxes, national debt and reconversion. Now they worry about politics and the "invasion."

More than 50,000,000 individuals and corporations own war bonds totaling in value about \$27,000,000,000. The longer the war lasts the more such funds will pile up. By December 31, 1944, this may rise to more than \$40,000,000,000. Money in circulation has increased rapidly for nearly four years. This is now about \$20,000,000,000. It includes all cash not represented by bank deposits. A great deal is hoarded currency.

Bank deposits now total nearly \$49,000,000,000. About 7 per cent or some \$3,400,000,000 belongs to individuals. A large part of this could find its way into the market. Recent talk of providing ex-service men with a bonus of \$3,500 to \$5,000 each is indicative of the cheapness with which money is regarded in some quarters. It seems as if more individuals will decide to exchange their dollars for stock market equities as inflation creeps upon us.

In the past two years, installment purchase obligations, home mortgages, doctors' bills and other personal debts have been nearly cut in half. This means indirect savings of some \$5,000,000,000. U. S. WHITE citizens are becoming systematic savers and are well fortified with liquid capital. While receiving wages, they are satisfied with low yields from government bonds. However, as living costs expand, people must either spend their savings or invest them in higher yielding securities. Hence, an ultimate mass return to the stock market—first, as a source of income and, second, as a means of maintaining capital in the face of a decline in the value of dollars.

High-grade industrial bonds now yield an average of about 2.50 per cent. Most banks, aside from the co-operatives and mutuals, pay only 1 per cent to 2 per cent interest. For income and protection, investors are better off in war bonds. The AVERAGE yield from high-grade stocks will run about 4.75 per cent. In individual instances, yields of 7 to 10 per cent in good companies now may be secured. Investors desiring such returns should act now. They may not be available long.

Typical market action during recent months has been due to uncertainties over the holding of our war prosperity; to fear that the postwar era may not bring the expected demand for consumers' goods; to discussions over the corporate and personal tax situation; and to confusion over domestic or foreign politics. This uncertainty may continue for some time. With corporations maintaining a profit level averaging only that of recent prewar years, security prices may rise substantially. When the present psychological uncertainties are over, good-grade industrial stocks could easily sell 50 per cent higher than they are today! I give five additional reasons therefor:

1. A few "blue chip" stocks are high, but most stocks look cheap to me. For nearly 10 years, everything except stocks and real estate has gone up. We are paying more today for labor, high-grade bonds, insurance, and all sorts of commodities. Similarly, we will pay more for stocks.
  2. The supply of stocks is drying up. Few new issues have come on the market in recent years. Hence, demand may exceed the supply.
  3. We forget the great foreign market that has always existed for American stocks. When present blocked currencies are released, a good many Europeans will scramble for our stocks.
  4. The deferred demand for consumers' goods should keep our productive capacities busy and take up much slack occasioned by the lessening of war business. Domestic markets will be large. We should also enjoy a good export business. European countries, our Latin American neighbors and Africa have plenty of gold reserves. They will provide cash markets for our merchandise. Russia should continue a good customer.
  5. Excess profits taxes will certainly be reduced if not eliminated. Corporate taxes are at their peak. In a few years the tax trend may be reversed. I further believe that business controls from now on will be handled intelligently. Something will also be done to ease the capital gains tax and to eliminate the double taxation of stockholders.
- I do not fear inflation if we can continue industrial produc-

tion on a large scale. I do not look for bank credit liquidation. I see no important decline in commodities. Most of our excess employed, numbering about 6,000,000 people, will go back to their homes, their schools, their farms, or into permanent retirement after the war. Hence, this wage-earning group will be off the pay-rolls. They will leave room for

the regularly employed and for many demobilized service men. Now is the time for business men and investors to quit worrying and to have confidence in the months ahead.  
★  
The Squander Bug will puff with elation and cause inflation, if you don't buy 4th War Loan Bonds.

## 25 Years Ago

News items of a quarter of a century ago taken from the files of The Plymouth Mail.

Mrs. M. Eva Smith instructed the women of the church how to vote last Sunday, after the services. She used a ballot which Mrs. Mackinder had drawn on the blackboard.

Mrs. L. C. Hough has purchased a fine new Hudson coupelet.

Mrs. William Fisher, who fell and injured her hips several weeks ago, is slowly improving.

Mr. and Mrs. George Smith have been spending the week with the latter's parents near Fowlerville.

Mrs. Jack Kenter has returned to her home from Ann Arbor hospital, where she underwent an operation.

Mrs. Ella Chaffee entertained her bridge club at her home on Thursday afternoon.

The existence of local board No. 4, Wayne county, came to an end Monday when the books, blanks and records of the organization were shipped to the provost marshal general at Washington, and board members have nothing to remind them of their wartime work, except the memory of the service.

Robert Todd leaves today for San Antonio, Texas, in the interest of the Lone Star Truck and Tractor association.

Miss Nellie Huger sang for Gatty Sellers, London's greatest organist and composer, at Terre Haute, Ind., the past week. She has been taking singing lessons of Professor Baxter, formerly of Paris, and has been singing in various churches in Terre Haute.

The Plymouth Transportation company, Tracy V. Passage, proprietor, is the name of the new enterprise that began business on Monday. Mr. Passage has purchased an auto bus. The new vehicle is enclosed with glass windows, which can be raised or lowered, making it comfortable in both winter and summer. Mr. Passage intends to make a round trip to Walled Lake every evening and several trips on Sundays.

Alton Peters and Scott Davis have been honorably discharged from the army and returned home this week.

Henry Ford has solved the problem in Dearborn for the building of homes in that city. He proposes to build a six-room house on a quarter acre lot and when ready for occupancy, will sell for \$2,400, with 10 years in which to pay. This means that Dearborn will be able to supply homes for its laborers at a nominal figure and encourage people to go to that city to live.

The most popular radio program in Latin America today is the "College of Love," which is broadcast weekly over the principal stations in seven countries. The program consists of proposals of marriage made to listening sweethearts by men who are too bashful or have not had a chance to propose in person. The caller identifies himself and his beloved by initials and quite often, to be sure that she will be listening in, notifies her through a classified newspaper advertisement.

## VICTORY'S SONS

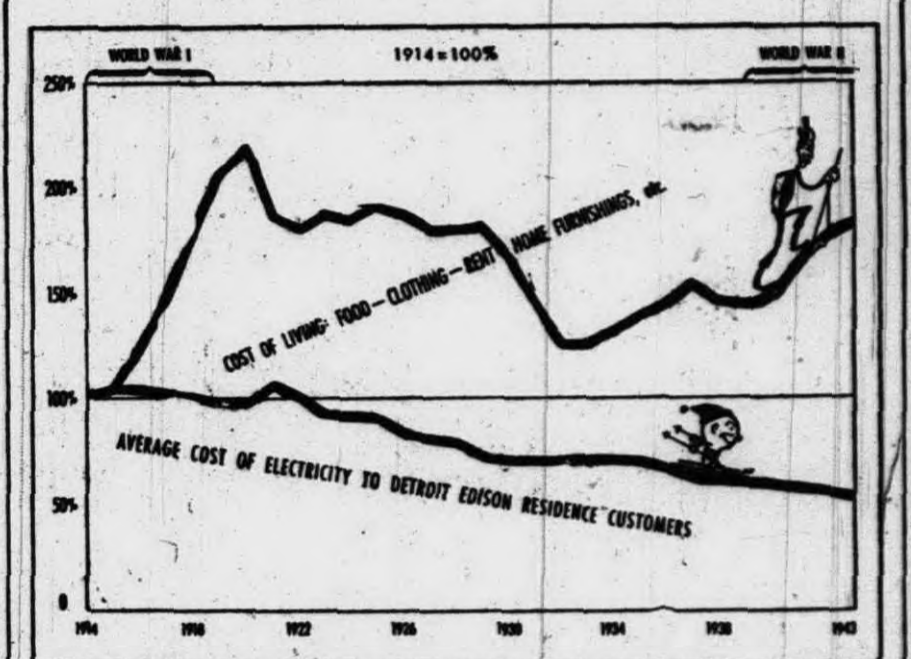

Only 16 years old, but already a veteran and a hero! That's the record of Sergeant Clifford R. Wherley, of Elmwood, Ill. As a gunner on a B-26 Marauder bomber, he is credited with bringing down one enemy plane, and the probable destruction of 15 others in 27 sky battles over Tunisia. "My worst hair-raiser," Sgt. Wherley recounts, "was the time when we were in a terrific fight with the enemy. I was sending a stream of bullets at a plane on our tail, when the pilot shouted that three more planes were coming head-on at us. I kept the fighter on our rear engaged while the three others swept by us. A .50 caliber missile ripped through the turret and missed my head by an inch." Sgt. Wherley is not in the army right now. Officers found out about his age. He's at home now, waiting to reach 18, so he can join the army.

## BLUNK & THATCHER

What important item COSTS LESS TODAY than before the war?

Answer: ELECTRICITY!

Look at the chart above. The upper line represents living costs as far back as 1914—including rent, food, clothing, household furnishings, etc. Notice the mountain peak during the first World War, and the rising slope during the present war. These upward curves mean money out of your pocket. You pay more and more for the things you buy.

Now look at the bottom line of the chart—the one headed steadily downward. That is the average price of your residential electricity since 1914. Thanks to rate reductions and increased use, your average price of electricity is LESS today than before the war. It is lower in price than even during the depression in 1932. And it is only half the price you paid during the last war. Electricity is cheap.

THE DETROIT EDISON COMPANY.
