McKay in Control?

Ike Bloem, well known Detroit politico was in town, Wednesday. He says that Wayne county delegates to Chicago are for Mr. Walker of Muskegon to succeed Frank D. McKay as national committeeman and he thought the Detroiters already had sufficient out-state pledges to name the Muskegon industrialist. He intimated that Mr. Summerfield of Flint, prominently mentioned, was too close to the now groggy precinct organization in the Big Town to get any of this strength and that the others occasionally named are not well enough known for this post.

Murl H. DeFoe, in The Charlotte Republican-Tribune.

Some few weeks ago, we suggested that it would do no good to kick out Frank McKay as Republican national committeeman from this state if we replaced him with some one exceedingly friendly to him. Down through the years it has been clearly established that Mr. McKay has ways of using his friends in his own advantage.

We assume from the above clipping taken from Editor DeFoe's excellent newspaper that he knows what he is talking about. At least he quotes Ike Bloem, a leg-runner for the Michigan Manufacturer's Association, as saying that Mr. Walker of Muskegon will have the votes of the Detroit Republican delegation to the national convention. As far as we know, Mr. Walker of Muskegon is an estimable gentleman, but we do know that he has been exceedingly close to Mr. McKay during a long period of years and that he, Mr. Walker, has the backing of the Michigan Manufacturers' Association for the job.

We have protested long and loud against any group as a group controlling any important political position. We do not think that the C.I.O., the Peanut Vendors Association, the Toad Hollow Debating Society or any manufacturers' association should dominate any important party or political position. We do not mean to say that they should not be interested in good legislation and good government. They should be, as individuals.

But just the minute they appear active as an association or a society of some kind representing a certain class, then they become a pressure group—and any one who knows anything about the troubles in Washington and Lansing knows full well that these tribulations can be laid chiefly on the door-steps of pressure groups.

Now it is proposed to not only put a close personal friend of Frank McKay in as national committeeman to succeed McKay, but to elevate to a high position one who is closely allied with a powerful pressure group.

Maybe we are a bit old fashioned in our political beliefs, but we certainly do not think it is good Republicanism to remove Frank McKay as national committeeman and elect to the position one who is and has been as closely allied to McKay as has Mr. Walker, who is also a representative of a powerful pressure group.

At the time of the over-throw of the anti-McKay movement in the Wayne county convention, we suspected the intent of the scheme—and the statement in Charlotte of Leg-Runner Bloem that the Detroit delegates are for Mr. McKay's friend as national committeeman begins to throw some real light on the intent on the conniving that took place.

We have stated before, and we state again, that there is one prospective candidate for election as national committeeman who is free from all McKay domination, free from all pressure-group control—and free to serve the Republican party as a FREE American citizen. That candidate is Arthur Summerfield of Flint.

We are beginning to wonder, judging from Leg-Runner Bloem's statement, just how far reaching was the victory of Mr. McKay at the Wayne county Republican convention.

What a shame it is to think in this year when a Republican victory is so important to the nation that our so-called "party leaders" must mess up things in the way they apparently are doing.

There is one thing sure—and they had better come to a full realization of it right NOW—the people of this state are THROUGH with McKayism and all that it represents, whether it masquerades under the name of McKay or some other name.

The Hour of Terror Approaches

Slowly but surely the clouds of total war are descending over Europe. Slowly and surely the hour is approaching when a million or more of OUR BOYS, the finest of the land, must face the bullets and bayonets of Hitler's killers.

The price America is going to pay to drive from the face of the earth the hordes that have turned a peace seeking word into one dripping with blood, agony, sorrow and despair is going to be so tremendous that no man, woman or child can escape the grief that will come from it.

Our one hope, our one prayer is that the sacrifice we are going to make will not be so terrible as we fear. But the trend of the war does not lend support to our hope.

We know that England is war weary. We know that the Russians have paid a terrible price in driving the Hitler killers out of their land. We know that henceforth the burden of the war is ours.

We know there is no escape from a responsibility we did not seek. We know that our America will never be the same after victory has been won—that many, many of the lads we know, will never be back with us again.

Oh yes, we realize that the America of tomorrow will be the all-powerful nation, supreme in all the world. It will be a proud America but with a sorrowing heart, an America bowed down in grief because hundreds of thousands of OUR BOYS who made victory possible will not be here to rejoice with us in the redemption of the world.

But the sorrow, the despair and the agony we know that lies ahead, accented as it will be by another Memorial day, must not shake the determination of EVERY man, woman and child to help speed the day of COMPLETE VICTORY!

Talking Through His Hat

Among the many publications we receive and try to read when opportunity offers is the International Teamster, official magazine of one of the big labor unions. We note that it says "Gerald L. K. (KK) Smith has forced the issue. He says the Republican party is his party."

It seems that Editor Tobin is doing a little talking through his hat, so to speak.

Gerald L. K. Smith is not and never was a Republican. It is true that this big, loud-talking political faker did run in a Republican primary for a Republican nomination and got the votes of a lot of people who never were real Republicans.

Proof of our statement is found in the fact that sometime ago this notorious ex-Huey Longer filed with the secretary of state in Lansing, a petition creating a new political party.

The Gerald L. K. Smith party is NOT a Republican party. It is Gerald L. K. Smith's "America First Party," according to documents filed with the secretary of state.

We'd like to tell Mr. Tobin that we are quite willing to accept any good citizen into the Republican party, but we do hesitate to accept alleged reformed New Dealers. The trouble with them is that you never really do know where they stand. And the most of them is "reformed" for no other purpose than to try and get something for themselves out of their "rebirth"—and not because of any sincerity of real desire to help our country out of the mess it is in at present.

No, Editor Tobin, we never admitted that the notorious Gerald L. K. was or is a Republican. He's nothing more than a renegade New Dealer, who is a past master in rattling the collection plate.

NOTICE

Due to mechanical problems The Plymouth Mail this week is required to omit from this issue a considerable amount of news copy and advertising. We regret this omission. Among the news reports not published is the story of the 50th anniversary celebration of the Eastern Star. This will appear in next week's issue, as well as some of the other articles left out.

Valuation Up Quarter Million

The city commission Monday night confirmed the assessment roll after it was reported that very few complaints had been received by the board of review.

The new assessment roll shows an assessed valuation for the city of \$6,313,440, an increase over last year of \$241,000.

City officials said that the increase in valuation was principally due to additional construction in the city during the past year.

Most of this new construction was in residential property which was sponsored by the government to provide housing for war workers.

Several firms built almost 100 new homes, which sold for between five and six thousand dollars each.

City Controls Taxi Business

The city commission at its regular meeting Monday night adopted the new city ordinance providing for the regulation of taxi cabs.

Essentially, the ordinance provides that all cabs operated in the city must be licensed. That gives the city some measure of control over this public utility.

The ordinance also provided that all cab drivers must have not only a chauffeur's license, but also must have a driver's license.

Third, the new ordinance provides that all cabs operating in the city must be covered with adequate insurance to assure protection to the public.

Except for that portion of the ordinance which requires that all cab drivers must have driver's licenses, the ordinance is now being obeyed by the Austin Taxi company, and that present taxi firm has cooperated fully with the commission in putting this ordinance on the city's books.

It is essentially designed to protect the public against fly-by-night organizations which are expected to blossom in the post-war period.

Thompson Dairy Herd Rated High

From Battleboro, Vermont has come the announcement that the DeForest B. Thompson dairy herd in Salem township, has again been inspected and classified by the Holstein-Friesian Association of America. The inspection was conducted by C. I. Miller, Medina, Ohio, one of the seven officials appointed by the Association to do this work in the United States.

Among the animals classified in the Thompson herd, one was designated "excellent"—the highest possible score an animal can receive; one was designated "very good"—the second highest score; and three were designated "good plus"—the third highest score.

This is the third time the Thompson herd has been classified for type. The type classification, combined with a production testing program, is used as a means of producing and locating outstanding blood cow families in an owner's herd.

Many Robberies Cleared Up

Plymouth's police department has just made one of the best clean-ups in many a year—in fact every unsolved robbery of recent months has been solved, most of the stolen property recovered and returned to the owners.

Chief Charles Thumme stated yesterday that four young boys, who some time ago quit school, were arrested and have confessed to the thefts. Three are being held in the juvenile court.

A boat stolen from Harold Shier of Robinson subdivision, has been recovered, various articles taken from the home of Charles Rathburn, supervisor of Plymouth township, have been recovered and returned and numerous other stolen articles have been returned to their rightful owners.

Among the thefts made in recent months was a considerable amount of gasoline taken from farm storage tanks and tractors. These boys also confessed to the burglary of the West Impiment store and of the Cloverdale offices last winter.

County Has Had No Intention to Extend Highway

Blanch Street Never Considered, Says Engineer

After two or more years of arguments and disputes over a reported intent on the part of the county road commission to extend Plymouth along Blanch street across the north end of the city to Sheldon road, it soon developed that the Wayne county road commission at no time has had any intention of making such an extension.

This fact was revealed when Supervisor Carl Shear recently requested the Wayne county board of road commissioners to definitely state what plans they might have in mind pertaining to this proposed project.

Supervisor Shear Monday night read into the city record a letter from LeRoy C. Smith, county highway commissioner, which puts an end to the argument about a new trunk line road through the city of Plymouth, a proposed non-essential project few ever thought the county road commissioners would even consider.

County Highway Engineer Smith stated in his letter:

"In answer to your letter of May 2nd, this board has no plan for building a superhighway and viaduct through the city of Plymouth by way of Blanch street.

"We did, in 1937, at the request of the city manager, have a study made of Blanch street, Ann Arbor Trail, etc., for the city of Plymouth.

"The only superhighway extension which we have in mind in the Plymouth district would be outside of Plymouth, carrying Schoolcraft westward across Northville road, the Parkway, and the Pere Marquette Railroad to join with Territorial road a mile west of Plymouth.

"There is no plan for this, however, other than a line on a map."

Kiwanians Hear About China

Members of the Plymouth Kiwanis club Tuesday evening heard much about China from Wah Ling, a University of Michigan student, who made his escape from the Japanese invaded section of his native land a few years ago.

He declared that China, notwithstanding all of its handicaps, would fight to the finish in order to defeat Japan.

President Paul Ramsdell welcomed eleven Kiwanis visitors from Highland Park to the meeting. Wallace Eckler, at present home on leave from the U. S. navy, was also a guest of the club.

V-Women Make High Record

As the Fifth war bond drive is about to start—the drive for American dollars to back American fighting lads fighting to preserve American homes and American ways—it has just developed that Plymouth's V-Women's workers in the last war bond campaign, made the outstanding record for the entire state of Michigan.

The other day, Mrs. Walter Kellogg Sumner, executive chairman of the Plymouth's Treasury Department Women's Division, while attending a women's war bond conference in Detroit, was advised that the Plymouth V-Women sold more war bonds in the Fourth loan drive than any other group of V-Women in Wayne county or in other parts of the state where V-Women organizations were used.

As a result of the outstanding success of their work in Plymouth, V-Women groups are being organized not only in Michigan, but throughout the nation as well, Mrs. Sumner was advised.

Because of the success of this committee that brought about the sale of more than \$77,000 in war bonds, Mrs. Sumner has again appointed Mrs. Kenneth Gust as chairman of the V-Women and has named the following excellent workers who did so well during the last campaign, to work in the Fifth war loan drive:

Precinct No. 1
Mrs. Mafergy Hoover, chairman; Mrs. Ralph Broman, Mrs. Howard Shipley, Mrs. David Taylor, Mrs. Oral Rathburn, Mrs. Lincoln Lantz, Mrs. Ray Bachelder, Mrs. Roy Rew, Mrs. C. C. Wiltzie, Mrs. William Wood, Mrs. James Latture, Mrs. Dunbar Davis, Mrs. Murray O'Neil, Mrs. William Henry.

Precinct No. 2
Mrs. David Mather, chairman; Mrs. James Bentley, Mrs. Peter Munster, Mrs. Robert Joffile, Mrs. Clifford Cline, Mrs. Harold Joffile, Mrs. Glen Renwick, Mrs. David Polley, Miss Elsie Melow, Mrs. Henry (Continued on Page 2)

Poppy Day!

Poppy day—the day when good American citizens are asked to donate some of their small pocket change in exchange for a Poppy—a poppy that signifies rehabilitation, comfort and happiness for the disabled heroes of American wars, is at hand.

Because of the fact that so many members of the American Legion and the Auxiliary and the Ex-Service Men and its Auxiliary members are busy in various war activities, it has been decided to lengthen the time of the poppy sale.

It will begin this Friday evening, and continue through Saturday, the 20th.

When you wear a poppy to-night and tomorrow, remember it signifies that you have contributed to the care of some one who has suffered through the years so that you might enjoy the freedom of a free country.

Library Busy Place in City

The people in Plymouth like to read biography, travel, drama, technical treatises and light fiction.

They don't care very much about religious books.

This is the essential facts about the Plymouth branch of the Wayne County Library, which at the moment is enjoying a spurt in circulation of its almost 7,000 volumes.

Mrs. Ada Murray, the librarian points out that all of the 2,500 registered users of the library, are not consistent users, but that almost all of them at one time or another take books of one type or another.

One can almost tell the calibre of a community by the books it reads. In addition to biography, drama and essential technical books, the principal choice of the library patrons is for essays. The increase in the circulation of essays, Mrs. Murray says, is directly traceable to the schools, which at the moment are insisting on the reading of these thoughts of the great writers of this and other years.

As a matter of fact, much of the circulation of the library is among the younger people, who are the most consistent users of the library. They are the ones, who most of all use the reference volumes in the library, of which there is a liberal supply.

But they are not the only ones. Many telephone calls are received every day from persons who want pertinent points of information, and Mrs. Murray and her staff is happy that this is true. Not only do they want the library to be the informational center of the city, but by the public-asking innumerable questions of fact, they are able to keep up their fund of information and where to find it in the books available.

Many of the people who come into the library ask the librarian to recommend books to them. The librarians attempt to do this, and frequently after a few attempts the librarian becomes familiar with the type of book the patrons want to read. The result is that after a few trips to the library, the patron usually finds recommendations to fit his immediate reading desires.

It is true that most of the people want light fiction—escape fiction, the librarians call it.

And then with the coming of the war there is an increasing demand among the relatives of men in the service for descriptive literature of those areas of the world where the men are located. One book on Iceland has had a phenomenal circulation. A recent addition to the library has been a large number of back issues of the National Geographic magazine, which contain descriptive material concerning these far-off lands.

And there are constant gifts to the library, which the library welcomes. There are gifts too to the service men of books that the people think the men in the service will enjoy.

In its reference section, the library maintains three of the best encyclopedias. There are innumerable works on history. All of these books are classified and indexed so that the user, or the librarian, may find easily the exact type of information wanted.

But there is a little interest in religion, art or music books, and consequently the supply is smaller.

However, it is well to bear in mind, that books which are not readily available in Plymouth, are available on order. All of the facilities of the entire Wayne County Library, and the Detroit public library are available through the Plymouth branch on order.

Which means that although the service may be a bit slower, Plymouth does have the same facilities as the people in Detroit.

The Library Book Club will meet at the home of Mrs. Louis J. Norman next Tuesday evening. Fred Van Dyke of this city will speak on Russia, having at one time been connected with the Ford Motor company in that country.

Transportation Problem Faced By This Section

Plymouth Represented At Important Detroit Meeting

Paul Weidman, Ford dealer for this section of Wayne county, Walter Harms, chairman of the Plymouth draft board, and Elton R. Eaton returned Monday afternoon from a Detroit meeting called by the newly organized Motor Transportation Emergency Committee, fully convinced that Plymouth and other suburban communities around Detroit will soon face a serious breakdown of both freight and passenger motor transportation.

The meeting was called by all passenger and freight motor operators in the Detroit area to discuss ways to avoid what at present threatens to be a more serious situation.

It was pointed out by many of these transportation operators that inability to service freight trucks and passenger buses when in need of repairs was rapidly taking out of service large numbers of vehicles badly needed to move both freight and passengers.

Government officials present fully realized, they stated, that the lack of manpower was responsible for the condition that is fast developing.

It was urged that as many men as possible be retained in all essential motor transportation, and that discharged soldiers who are qualified for transportation duties be given immediate employment in helping to keep both trucks and passenger buses rolling.

DAR Elects New Officers

Mrs. Harry Deyo opened her home to the Sarah Ann Cochran Chapter of the D.A.R. Monday afternoon for its annual meeting.

Reports of the year's work were given and followed by election of officers for the ensuing year. The new officers are: Mrs. Allen J. Buckley, regent; Mrs. Earl Mastick, first vice regent; Mrs. Kenneth A. Kitchener, second vice regent; Mrs. Edward J. Cutler, chaplain; Mrs. Robert Willoughby, recording secretary; Mrs. Robert Coolman, corresponding secretary; Mrs. Sherwin A. Hill, treasurer; Mrs. S. N. Thams, registrar; Mrs. Harry J. Daniels, historian; Mrs. Henry E. Baker, Mrs. John F. Root, Mrs. Irving Blunk, Mrs. Sidney D. Strong, directors.

At this time awards were given to George Waters of Plymouth and Rose Marie Young of Northville for the highest grade in the history contest. In the flag essay contest Marilyn Van Hoy received first prize and Marie Ann Riley, second prize. The winners in the Good Citizenship Pilgrims were Shirley Luttermoser of Plymouth and Anna Jean Flaherty of Northville.

Mrs. Dwight Randall gave a report of the Continental Congress held in New York City in March.

After the meeting, tea was served with Mrs. Allen Buckley presiding.

Wounded Soldier Given Discharge

Albert Drake, well known Plymouth young man who saw over three years of hard service in Uncle Sam's Marine forces, much of the time in combat during the early days of the fighting in the South Pacific against the dirty Japs, has been granted a medical discharge and is now at his home on North Harvey street with Mr. and Mrs. William Squires.

Early last winter he was transferred from one of the South Pacific islands to an army hospital in Jackson, Mississippi. More recently he has been confined in a hospital at Maxwell Field in Alabama.

Army physicians say that they believe he will eventually recover from the effects of the fever he contracted after having been wounded in one of the jungle fights in which he took part.

Fingerprinting School Children

Six hundred Plymouth school children are at the present time being fingerprinted by Chief of Police Charles Thumme and Wayne county officers.

The practice of fingerprinting children was begun in 1936, and through the courtesy of Robert E. Moore, superintendent of the Wayne county bureau of identification and Sheriff Andrew Baird, two fingerprint experts have been sent to Plymouth to help local officers in the work. They are Joseph Molinare and Alvin Stanalajzo.

OPENS NEW STORE

NORMA CASSADY

After many weeks of preparation, Mrs. Norma Cassady this week opened in the Conner building at the corner of Main and Penniman avenue, one of the most complete and modernistic women's apparel shops in this part of Wayne county. The Norma Cassady store, established during the depression period when business was at its lowest ebb, has grown into one of Plymouth's most successful mercantile establishments.

Norma Cassady Apparel Shop Is In New Location

Historic Business Corner Becomes Attractive Place

This morning, a new store, which is yet an old store, opens its doors. Under ordinary circumstances, the opening of a new store doesn't cause much of a furore, but this opening today is different.

There is a romantic aura about the opening, a sudden transition from the old to the new, the sudden transition from a man's store to a woman's store.

That's what makes this store opening different. It used to be that the Conner Hardware store at the corner of Main street and Penniman avenue, was a gathering place for men; it used to be the meeting point for farmers and politicians (especially Democrats) and the men about town.

Because of long friendships, extending through four generations of the Conner family and that of Mrs. Cassady, she felt it would be appropriate to have something of the Conner corner carried over in the Apparel Shop. So an old broken chair which has seen years and years of service in the Conner store has been carefully restored and will have a position of honor near the Main street entrance, with a beautiful new American flag on a standard beside it. Here men-folk may relax in comfort while waiting for the women shoppers.

The important corner of Main and Penniman takes on an entirely new appearance this morning. It is ultra feminine, with flowers in front of the store.

Where the nails used to be, are now hats. Where a man used to find a screw driver, he finds a handbag; and where there used to be a display of saws, there is now a hosiery bar.

This, ladies and gentlemen, is the new Norma Cassady store for women.

Mrs. Cassady says that the venetian blinds, hangings and some furniture and mirrors have been delayed in arriving, but even so, it is an attractive store.

The Main street front of the store is lined with flower boxes, filled with white flowers and vines. There are new awnings. The entire store has been painted and decorated. Both floors have been newly covered with linoleum. Attractive and harmonious color schemes have been used on both floors.

Then upstairs, there is a new junior shop. This is really one of the big features of the store. Here the young girls can shop to their heart's content. On this floor too, will be found a slack department, cotton shop and corset shop.

A beautiful view of the entire downtown section can be had from the rounded tower on the second floor of the building. Mrs. Cassady has beautified this attractive place and has had erected within the circled tower a bench where one can loiter for a few moments to look over beautiful Kellogg park and the busy surrounding streets.

And thus, comes another chapter in the history of a store, which started eleven years ago in a very modest way.

William S. McAllister is confined to his home on Northville road because of illness.

Masons Burn Temple Mortgage Thursday, May 25

Edgar Guest Will Be Chief Speaker At Ceremonies

Twenty years ago, the Masonic fraternity in Plymouth broke ground for a new Masonic temple.

And on Dec. 29, 1924, the new temple was dedicated.

Today, the temple has been paid for, and on Thursday evening the lodge will duly burn the mortgage.

To celebrate this event, which is important in the archives of the lodge, the Masons have planned a foodless "victory dinner."

Because of the wartime conditions, and the expected large attendance, the banquet will be dispensed with, but there will be a celebration.

Edgar A. Guest of Detroit will be the featured entertainer of the evening. There will be other speakers, and the evening program will be followed by light refreshment.

Admission will be only by ticket, and it has been arranged that members of the lodge will have first chance at the available seats.

The Plymouth Rock lodge is nearly a century-old. It was organized 92 years ago. Harry Robinson enjoys the distinction of having belonged to the lodge longer than any other living man. He has been a member for 57 years. The oldest living Past Master is Daniel Murray, who served in 1909. Fred Erb is the present Master of the lodge.

The members of the Masonic Building association are Fred D. Schrader, president; Oscar E. Alshro, vice president; A. K. Brookhurst, secretary; Fred Erb, treasurer and Fred Hehn, John Blyton and Dunbar Davis, trustees. Henry Hon-dorp was Master of the lodge when the temple was constructed.

Members of the lodge are expected to invite their wives, mothers or sisters as guests.

Program for Memorial Day

Commander C. C. Cushman of the Plymouth American Legion post, announced yesterday that plans are nearly completed for the Memorial day parade and program which takes place on Tuesday, May 30.

Mr. Cushman states that the name of the speaker and details of the parade will be published in full in next week's issue of The Plymouth Mail.

"Because of the present serious condition prevailing throughout the world, Memorial day this year means more than ever before. Our heroes of former wars must not be forgotten, for they too sacrificed and died that America might live. Also our boys and young women who are now serving our country, these must be honored this Memorial day," stated Commander Cushman.

Fred C. Weinert Made President

Fred C. Weinert of Rosedale Gardens, has been elected president of the newly created Livonia township consolidated school district, at the first official meeting of the board held Monday evening in the Livonia township school hall.

George N. Bentley, was named treasurer and George A. Bakewell was elected secretary. The other two trustees of the board are, Harold Gust of Wayne road and Earl Bedell of the Five mile road.

Until the affairs of the district can be thoroughly organized and preliminary details worked out, the new board plans to meet once each week. Oaths of office were administered by Fred C. Fischer, Wayne county superintendent of schools.

Collect Waste Paper May 25

Prepare NOW for the next waste paper pick-up, which takes place on Thursday, May 25!

Mrs. Russell Powell, alvage chairman, urges every resident of the city to place their bundles of papers, magazines and bundled corrugated boxes at the curb line early next Thursday morning.

The city trucks will make a collection Thursday. If by chance the men do not complete the entire collection that day in the city, they will return Friday to pick up the bundled papers that were not collected on Thursday.

Chairman Powell urges that an effort be put forth to make the collection on Thursday, May 25, the largest the city has ever enjoyed. Do your part to help Plymouth's paper collection the biggest of any city of its size in the state!

Flowing Corridor
 The Adriatic sea is significant as a flowing corridor that leads to south-central Europe from the Mediterranean life line of trade and traffic. It is about 500 miles long from its entrance at Otranto strait to Venice, near its northernmost point. At the broad, central stretch of the sea, the Italian shores now held by Allied forces are less than 150 miles from the Yugoslav coast. The narrowest jump, across Otranto strait, is between 45 and 50 miles.

Pygmies
 Pygmies, those persons who have small stature as a racial characteristic, generally are divided into groups—African, or Negritos and Asiatic or Negritos. The African group is found chiefly in a region on the continent of Africa extending about 200 miles either side of the equator. A Negrito group exists also in Dutch New Guinea. The Negritos are found chiefly in the Malay peninsula and in the Philippine and Andaman Islands.

Norma Cassady

I'LL TAKE TENDERAY THE BEEF THAT'S **ALWAYS FRESH AND TENDER!**

... and you take the best, lady! Your first bite tells you that here's beef in a class by itself. Tenderay brims with juices and flavor of fresh beef, yet it's far more tender. No other beef so fresh can be so tender.

Church News

Hours of services and notices of church organization meetings.

FIRST METHODIST—T. Leonard Sanders, minister. Mrs. O'Connor, director of music.

Sunday, May 21, 1944 Church school 10 o'clock with classes for all. Wesley Kaiser, Supt. Morning worship, 11 o'clock. Subject, "Living With Other People." Special music by the choir. Youth Fellowship hour, 6:30. Girl Scouts, Monday 3:30 p.m. Boy Scouts, Monday, 7:30 p.m. Adult choir rehearsal, Thursday, 8 p.m.

FIRST PRESBYTERIAN—Rev. Henry J. Walsh, Pastor. Regular Morning Worship at 11 a.m. Sunday School at 10 a.m. Classes for all. Everyone welcome. Youth Fellowship, Sunday at 1 p.m. The group will spend the day at Youth Island. Boy Scouts meet Monday at 7 p.m. Junior choir meets Tuesday at 3:30 p.m. Mission Study Circle meets Tuesday at 7:30 p.m. at the home of Mrs. Herald Hamill, W. Ann Arbor Trail. Girl Scouts meet Wednesday at 4 p.m. Senior Choir meets Friday at 8 p.m. sharp.

Special service of prayer and meditation at 7:30 p.m. on the day the invasion of Europe by the Allies takes place. Service in conjunction with the Episcopal Church but open to any and all who would pray for their dear ones.

Changes of address of service men and women should be turned in immediately as the May issue of the "Cricket" is now being prepared.

CALVERY BAPTIST—Ann Arbor Trail at Elizabeth street; Lynn H. Stout, Pastor. Judge John Spicer, Associate Justice of the Court of Civil Appeals of Texas says: "I believe that nine-tenths of my earnings, with God's blessing, will do me more good than would ten-tenths without His approval. Christian, are you a tither? If not—why not? Next Lord's day in the pastor's absence, Rev. J. C. Beattie of Detroit will be the speaker both morning and evening. You are urged to come in and hear this man of God who has been in the Christian way over fifty years. He will do your soul good. The Bible school meets at 10:00 a.m. and young people at 6:30 p.m.

CHRISTIAN SCIENCE—"Soul and Body" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, May 21. The Golden Text (Philippians 3:20, 21) is: "For our conversation is in heaven; from whence also we look for the Savior, the Lord Jesus Christ: who shall change our vile body, that it may be fashioned like unto his glorious body, according to the working whereby he is able even to subdue all things unto himself." Among the Bible citations is this message (Psalm:73:26): "My flesh and my heart faileth: but God is the strength of my heart, and my

portion forever." Correlative passages to be read from the Christian Science textbook, "Science and Health" with Key to the Scriptures, by Mary Baker Eddy, include the following (page 302): "The material body and mind are temporal, but the real man is spiritual and eternal."

BEREA GOSPEL CHAPEL (Assemblies of God Church)—Corner of Ann Arbor Trail and Mill street; Rev. Sanford Cook, pastor. Sunday school, 10:00; morning worship, 11:00; junior church, 11:00; evening service, 7:45; mid-week prayer and praise service on Wednesday evening at 7:45. Golden Text, "O love the Lord, all ye his saints." Psalm 31: 23. If we love the Master we shall gladly sacrifice for His sake and count it a privilege to attend every church service.

SALEM FEDERATED—C. M. Pennell, pastor. Sunday morning worship, 10:30 o'clock. Sermon subject: "The Ascension of Our Lord Jesus." Bible school, 11:45 a.m. County Brotherhood meeting, Dexter Methodist church, Sunday, May 21, at 4:30 p.m. and 7:30 p.m.

ST. PAUL'S EVANGELICAL LUTHERAN—Corner Farmington and Five Mile roads; Theodore Sauer, pastor. Divine service, 10:30 a.m.; Sunday school, 9:45 o'clock. You are cordially invited to attend.

ST. JOHN'S EPISCOPAL—Maple and South Harvey streets; Rev. Francis Tetu, rector. Sunday morning services: Church school at 9:45 a.m. Morning prayer with sermon at 11 a.m. Observance of Ascension season.

FREE METHODIST MISSION—1058 South Main street; Fred Highfield in charge. Sunday school, 2:30 p.m.; preaching, 3:30 p.m.; prayer meeting, Tuesday, 7:45 p.m. Welcome to all to worship with us.

ST. PETER'S LUTHERAN—Edgar Hoeneke, pastor. Sunday services, 10:30 a.m.; Sunday school, 9:30 a.m.; mid-week Lenten vespers, Wednesday, 7:30 p.m.

CHURCH OF THE NAZARENE—Robert A. North, pastor, phone 749-W. A hearty welcome is extended to all to attend our services. Bible school, 10 a.m.; morning worship, 11; evening service, 7:45; young people, 6:45; prayer meeting, Wednesday evening, 7:30.

SALVATION ARMY—Sunday services: Sunday school, 10 a.m.; Sunday holiness meeting, 11 a.m.; open air, 7:30 p.m.; inside meeting 8 p.m.; Tuesday, 2 p.m., Home league meeting; Thursday night, Torchbearers, 7:30 p.m.

OUR LADY OF GOOD COUNSEL—Rev. William P. Mooney, pastor. Masses, 6:00, 8:00, 10:00 and 12:00.

ST. MICHAEL'S CATHOLIC—Rosedale Gardens; Father Conway, pastor. Masses at 5:45 a.m., 8 a.m., 10 a.m. and 12 noon.

CHURCH OF CHRIST—188 West Liberty street. Bible school, 10:15 a.m.; worship, 11 a.m.; preaching and song service, 7:30 p.m.

CHURCH OF GOD—333 North Main street; Rev. C. C. Funk, pastor, 173 Union street; phone 142-M. Unified service, 10 a.m.; evangelistic service, 7:30 p.m.; praise and prayer service, Wednesday, 7:30.

FIRST CHURCH OF CHRIST, SCIENTIST—Sunday morning service, 10:30; Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service, 8:00.

Doubles Trouble
Delay between the time of picking apples and the time of storage is known to increase such storage troubles as bitter pit and scald on susceptible varieties.

Chilean Flag Described
The Chilean flag consists of two horizontal bars. The lower half is red and the upper half is white with a blue field and a white star near the mast.

Eighth Church of Christ, Scientist
Detroit
ANNOUNCES A
FREE LECTURE
ON
CHRISTIAN SCIENCE

Entitled "CHRISTIAN SCIENCE: ITS HEALING SALVATION"

By
ANNA E. HERZOG, C.S.B.,
of Columbus, Ohio

Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

Eighth Church Edifice

GRAND RIVER AVE. AT EVERGREEN ROAD
Thursday, May 25

at Eight O'Clock

YOU ARE CORDIALLY INVITED TO ATTEND
Seats will be reserved until 7:45 p.m. for those attending their first Christian Science lecture. Ask for Chief Usher.

Cheap Gains
The cheapest and most economical gains are made by young animals. Because of this, it is essential to give calves a good start and then to keep them growing rapidly and continuously.

Scribner Rule
In selling logs under 12 inches in diameter scaled by the Doyle rule, a farmer "gives away" 30 to 50 per cent of the timber. The Scribner rule is a more accurate measure for small logs.

Aids Soil
Terracing, combined with cover crops and proper crop rotation, can greatly increase yields and improve the value of lands that are now losing more and more of their top soil each year.

Relieve Seam Strain
When driving or sitting and wearing a coat, be sure to unbutton it all the way. This is to relieve strain on the seams and buttons, and to prevent stretching the back.

Convoy Travel
A round trip in convoy to England requires 2 1/2 months—to India seven months. A general average for turn-arounds on war service is four months.

Needs Fertilizer
Soil in many of the important agricultural regions in Africa, particularly South Africa, needs phosphates and nitrogen.

Stored in Body
Vitamin A, plentiful in most green vegetables, can be stored in the body for later use when A-foods may be scarce.

Boulder Dam
Boulder dam on the Colorado river stands 727 feet high and measures 1,282 feet across the top.

Coal Research
The coal industry is announcing a new five-year \$2,500,000 research program.

Eyes, Ears in Dis-ard
The eyes and the ears do not work in unison, it is disclosed by experiments involving simultaneous visual and auditory signals, according to the Better Vision Institute. In these tests the subjects were asked to observe accurately the position of a rapidly revolving hand on a dial at the instant a bell was struck. In relatively few cases did the subjects see and hear correctly the two signals. Most of the persons reported the position of the hand at an earlier or a later point than that at which the bell was rung.

Before the United States turned to the making of arms on a gigantic scale, Brazil sent large quantities of carnauba wax to this country for entirely pacific purposes. It helped make sweet music in phonograph records. It imparted a bright polish to the floors and furniture of innumerable homes. It had a constantly lengthening miscellany of uses in industry, entering into manufacturing processes for products ranging from lubricating oils to soap and sound film. It hardened lipstick.

Ancient Instrument.
The astrolabe is the most ancient of all navigational instruments. Columbus carried one. Few if any living persons could now operate this device; a skilled shipmaster once used it to take observations of many heavenly objects. Movable discs and pointers made it possible to tell time, compute latitude and perform many other problems with the astrolabe. The instrument hung vertically from the finger of the observer while he was taking his sights.

Grows Profusely
The carnauba is one of numerous palm trees which grow by countless millions in the tropical, semi-arid reaches of northeastern Brazil. The graceful, straight-trunked palm grows slowly, attaining an average height of 25 to 35 feet. It has a rough, scaly bark. Fan-shaped leaves spread out to give the crown of the palm a pinwheel appearance.

Hold Vitamin C
If you must peel potatoes ahead of time and keep them soaking before cooking, put them in salt water rather than fresh water and save vitamin C, advise experiment specialists. Though potatoes lose some crispness in salt water, they hold more vitamin C and are excellent both in flavor and texture after cooking.

Warning Gases
Carbon monoxide is colorless and odorless, but fortunately it is often accompanied by other gases from the exhaust that do have odors. Hence, any odor of exhaust gases in the vehicle should call for immediate ventilation. So, also, should a feeling of drowsiness on the part of the driver or his passengers.

Timber Sales
In selling timber, a farmer must compare bids from buyers on the basis of the log-scale used. It pays to take 10 per cent less on sales by International or Scribner rule than by Doyle rule, since the Doyle rule underestimates the timber particularly in small logs.

Rapid Acceleration
Rapid acceleration of your auto on slippery roads should be avoided. When one or both of the driving wheels start to spin, the vehicle is likely to slide over against the curb, against another vehicle, or off the road.

CARD OF APPRECIATION
We wish to thank the many neighbors and friends for the kindness shown us during our recent bereavement.—Mr. and Mrs. J. Bliss and family. Mr. and Mrs. Milo Walker.

CARD OF THANKS
We wish to take this opportunity to thank all of our friends and neighbors for the many kindnesses shown to us during our recent great bereavement. Words do not fully express our heartfelt sentiments.—Mrs. Minnie Bakewell and family.

IN MEMORIAM
In loving remembrance of our dear one, H. A. Hill, who passed away two years ago May 19.—Mrs. H. A. Hill and family.

IN MEMORIAM
In loving memory of our dear husband and father, Edwin O. Place, who passed away three years ago May 19, 1941
To your graveside we often wander,
And picture your face so dear,
In silence we stand in sorrow,
For the one we loved so dear.
What we would give to clasp your hands,
Your happy face to see,
To hear your voice, to see you smile
That meant so much to us,
Sadly missed by his wife and family.

Local News

Miss Olive Osborne of Detroit was the week-end guest of Mrs. Blanche Daniels.

Mr. and Mrs. George Chute were dinner guests Thursday evening in the home of Mr. and Mrs. C. Frank in Pleasant Ridge.

S/c Jerry Nelson is home on a 5 day leave from Great Lakes. He will report to New London, Connecticut when he returns.

Mr. and Mrs. Irvin Tishbein and sons of Detroit were dinner guests Tuesday night at the home of Mr. and Mrs. Walter Benko.

Mr. and Mrs. Melvin Michaels are the parents of an eight-pound son, Richard Allen, born Thursday, May 11, at the Plymouth Hospital.

Mr. and Mrs. Gale Hayner of Dexter and Mr. and Mrs. J. A. Gale of Wayne, were callers at the William Rengert home Wednesday evening.

Mrs. R. R. Lindsay attended the annual meeting of the National Farm and Garden Association held at the Hotel Statler last Wednesday and Thursday, May 10 and 11.

Mr. and Mrs. Kenyon A. Olds have received word from their son Kenyon G. Olds, that he has been classified for pilot training at Santa Ana, California.

Mr. and Mrs. David Zink celebrated their 14th wedding anniversary Wednesday evening, May 10, by attending the play "Connecticut Yankee" at the Cass Theatre.

Mr. and Mrs. Carl Hartwick entertained at a family dinner Sunday in their home on Northville road in honor of Mrs. Otto Beyer, Mrs. Hartwick's mother.

Mrs. Ida Morgan has purchased the Arthur Glass residence at 9268 Marlowe avenue. It will be late summer before the new owner will take possession of her new home.

Mrs. Max Moon who has been a patient in the University of Michigan hospital in Ann Arbor, has returned to her home in this city, recovered from her recent severe illness.

Mr. and Mrs. Charles Robinson of Forest street have received word from their son Gordon, that he has been promoted to Sergeant at Camp Howze, Texas.

Guests in the home of Mr. and Mrs. Paul Groth Sunday for dinner were Mr. and Mrs. Lee Sackett and Mr. and Mrs. Kenneth Groth and son.

Mr. and Mrs. Kenneth Stevens are the proud parents of a baby son born Friday, May 5 in Sesson's hospital, Northville. He weighed 7 pounds and has been named Robert Bruce.

Mr. and Mrs. Lisle Alexander and Mrs. John Conley entertained at dinner Sunday Mr. and Mrs. William Gayde, Sarah Gayde, Miss Clara Wolff, all of Plymouth, Miss Elsa Gayde of Detroit, Mrs. Florence Alexander of Northville, and Delos Phillips of Pontiac.

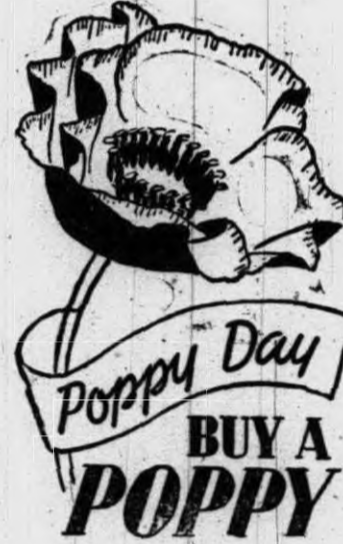

Make This Dress Yourself and Save for War Bond Purchases

Newest fashion news is the sleeveless, backless that is both attractive and versatile. Wear it as is for sports and sunbathing, then add a perky matching belt for street wear. Especially vivid in a tropical green or red, you might make several in various colors, mixing and matching for different occasions. Every garment made at home means more money saved for War Bonds. A suitable pattern may be found in local stores.

Sgt. James E. Nairn has sent word to his parents, Mr. and Mrs. Joseph Nairn, that he has arrived safely in England. His brother-in-law Elc Jack Hovey, who was in North Africa, has now been transferred to Italy.

The many friends of Miss Althea Shoemaker will be interested in knowing that she has purchased the Whipple Hair shop at 841 Penniman avenue and will take possession on June 5. Miss Shoemaker is one of the well known beauty shop operators of this city. Mr. and Mrs. Cal Whipple have purchased a summer home in Bayport, near Petoskey, and expect to leave early in June to spend the summer months in the north.

Mr. and Mrs. Carl Sievert of Holbrook avenue, were pleasantly surprised last Saturday night by a group of friends who gathered to celebrate their double birth dates. A delicious lunch was served at which time they were presented with a lovely gift. Guests were Mr. and Mrs. Ernest Wickstrom, Mr. and Mrs. Charles Vickstrom, Mr. and Mrs. John Carlson, Mr. and Mrs. Guest Johnston, Mr. and Mrs. Charles Anderson, Mr. and Mrs. Knut Gustafson, Mrs. Hil-dur Carlson, Mr. and Mrs. Frank Cook and friend, Edward Bauman, Ivar Peterson and Mr. and Mrs. Norton Zimmerman of Detroit.

NOTICE TO BIDDERS

Sealed proposals will be received by the Board of Education, Plymouth, Michigan, up to 8:00 P.M., Eastern Standard Time, June 5, 1944, at the Board of Education offices, at which time and place bids will be publicly opened and read for the Painting and Decorating of the Interior of the Central High School, Plymouth, Michigan.

Specifications under which work is to be done may be examined and copies obtained at the office of the Superintendent of Schools, Church St., Plymouth, or Thomas W. Moss, architect, 1279 W. Ann Arbor Trail, Plymouth.

Each proposal shall be accompanied by a certified check for five (5%) per cent of the amount of bid submitted, payable to the Board of Education, Plymouth, Michigan, as security for the acceptance of the contract. A Bid Bond similar in form to the United States Government Standard Form of Bid Bond by a Recognized Surety Company drawn in favor of the Board of Education may be furnished in lieu of a certified check.

No bidder may withdraw his bid within 30 days after date set for the opening thereof.

The right is reserved by the Board to reject any and all bids, and to waive irregularities in any bid in the interest of the Board.

HOWARD W. STARK,
Secretary,
Board of Education.

STATEMENT FROM A GERMAN PRISONER OF WAR

WHEN ASKED which side he thought would win the War, a German officer captured at Salerno made the following statement:

"This is one war America will not win, because America is too weak at home. Your people are too far away — their hearts are not in it. They will

tire—they do not have the unshakable determination to conquer that fills every man and woman of the German Reich!"

When you're asked to buy more War Bonds and to keep on buying more War Bonds—remember what that German officer said.

Let's all KEEP BACKING THE ATTACK!

ELTON R. EATON

Makes Over Geography
TVA is making over geography in the seven states of the Tennessee basin. There are 19 dams on the Tennessee's tributaries and nine on the main stream. The 29th dam is located on a nearby branch of the Cumberland river. Highest dam of all is nearly complete Fontana, with a storage reservoir on the Little Tennessee river in western North Carolina. It is 460 feet high.

Feed Wastage
One way to conserve chicken feed, prevent wastage and at the same time see that chickens get all they need is to fill hoppers only about two-thirds full instead of completely full so that the birds will not bill it out on the floor. Also, in many hoppers it is possible to put a "lip" just inside the edge of the hopper in order to make it difficult for the birds to bill out the feed.

Oat Rust Damaging
Crown rust of oats is carried in alternate years by the buckthorn shrub. Common barley is an alternate host for black stem rust of grain, and wild currant and gooseberry are alternate hosts for the white pine blister rust. The new disease of peaches is spread through the orchards from nearby chokecherries.

Organic Matter
Crop residues ordinarily left on the land, such as stalks of corn, cotton, and tobacco, and stubble of small grain and hay crops, are inadequate in overcoming losses in organic matter under the present cropping system, some agronomists say.

Gear Wear
If one of two gears of nearly equal size wears out, usually the other one also needs to be replaced. When the gears are of unequal size, the smaller one usually wears more rapidly than the larger one. Money can be saved by replacing only the smaller one.

Poor Pasture
Only good land should be used in developing permanent pastures. Poor land gives little grazing and the food a cow gets from such a pasture is used up in supplying the energy required to gather it. She has no food left for milk.

Local News

Mr. and Mrs. Elmer Austin and two daughters and Mrs. Austin's parents, Mr. and Mrs. E. J. Brown will be guests next Sunday of Mr. and Mrs. Burke Rynd in Clinton.

S/Sgt. John T. Dana of Utah, M. C. Dana of Marion, Ohio and Martha Dana of Monroe were guests of their sister and daughter Mrs. Ralph G. Lorenz in her home on Ann Arbor Trail last week-end.

Mrs. Roy Alexander of Oakland, California, arrived Tuesday to be a guest in the homes of Mr. and Mrs. Arnold Leach and Mr. and Mrs. Frank Durham. Mrs. Alexander is a sister of Mr. Leach.

Mr. and Mrs. Wm. Martin and daughters, Maxine and Marleta spent the day Sunday with their son Edward and family on Schoolcraft road. They also called on Mr. and Mrs. Jerry Wesley on Cloverlawn, Detroit.

Plymouth was represented at the state meeting of the League of Women Voters in Detroit this week by Mrs. Maud Bennett, Mrs. Jesse Hines, Mrs. Frank Nair, Mrs. Clarence Elliott, Mrs. Homer Burton and Mrs. Harold Schryer.

Mrs. Don Horton of E. Ann Arbor Road returned Monday from a two week visit with their son Don and wife, at Milford, Connecticut. Don, Jr., has accepted a commission as Ensign in the U. S. Navy. Since graduating from the University of Michigan in the school of Mechanical Engineering he has been employed in the Military division of Remington Arms.

Mr. and Mrs. Donald Munro attended a family reunion in Kalama-zoo over last week-end in honor of Mrs. Munro's grandmother, Mrs. R. E. Phillips of Rochester, Minnesota. There were 55 guests present at the gathering which was held in the home of Mrs. A. Wayne Jordan. Mrs. Phillips is now visiting her granddaughter, Mrs. Munroe, on Arthur street.

Mrs. George Chute entertained twelve guests at a luncheon on Wednesday in her home on Garfield. Guests were, Mrs. Henry Hees, Mrs. Harry Deyo, Mrs. Floyd Wilson, Mrs. Vaughn Smith, Mrs. Earl Russell, Mrs. Charles Brake, Mrs. Eugene Benson, Mrs. Robert Willoughby, Mrs. R. R. Lindsay, Mrs. John Henderson, Mrs. W. W. Hammond, and Mrs. Lucille Bennett.

Patricia Ann Motschall, daughter of Mr. and Mrs. James N. Motschall, of Rossiter road, Detroit, was baptized Sunday at the Church of Our Guardian Angel, Detroit. Godparents were two of her great grandparents, Mrs. Bertha Motschall, of Grosse Pointe and Peter A. Miller of Russell street, Plymouth. The ceremony was followed by a reception for relatives at the Motschall home. Attending from Plymouth, in addition to the godfather, were Mrs. Peter A. Miller, the baby's other great grandparent, and Mr. and Mrs. Peter Ralph Miller and son Keith of Ann Arbor trail.

Mrs. Bessie Dunning, her daughter Margaret, Mr. and Mrs. Vaughn Smith, Mr. and Mrs. John Goodman and daughter Marion and Mrs. Anna Mimmack were in South Haven on Sunday, April 30 where they attended

the wedding of Miss Lillian June Merson, daughter of John C. Merson and the late Mrs. Merson of South Haven to Lawrence T. Rattenbury, son of the late Mr. and Mrs. William T. Rattenbury of this city. The ceremony was performed in the home of the bride's uncle and aunt, Dr. and Mrs. J. Clinton Forshoe. The groom is a former well known resident of this city, where he graduated from the Plymouth high school. He has many friends in the city, who extend to the young couple their best wishes.

FIRST PRIZE!

This advertisement presents the prize winning editorial in a nationwide contest among high school and college publications, conducted by the Education Section of the War Finance Division in cooperation with the Columbia Scholastic Press

Association, as part of the Treasury Department's Schools-at-War program. It was written by Barbara Brown, Olney High School, Philadelphia, for the OLNEY HIGHLIGHTS, and was selected from thousands of editorials which were submitted.

Suppose there were no tomorrow—

Suppose there were no tomorrow? ... Think about it for just a minute ... No tomorrow for you, or your kid sister at home—or the brother who left for the Army yesterday. Did you ever think that we, who have had so few yesterdays, may have no tomorrows?

It has happened, you know. To Jack Feldman, and Bob Ernest—and fifteen others who sat in our classes just last term ...

They will have no tomorrow. They died before they ever had a try at living ... so that we might have our chance.

There are millions who were asked to give up more than a double feature at the Earle ... or a spiffy, new pair of pumps for next week's formal. A soda is a pretty insignificant sacrifice, when you think of—

The kids in Russia, who live on a few ounces of cereal a day. They've never seen an ice cream soda.

The Polish boys and girls, who would be in school right now, just as we are ... if there were any schools left.

The French youths who've never had a hamburger on a date—or any other time, for that matter. They are old, very old ... older than you and I will ever be ...

There are millions of them ... in Norway ... Holland ... Denmark ... Belgium ... They would stare in amazement if they could be here to see—

A jalopy painted bright yellow. "The Tin You Love to Touch" printed in big, green letters on the back.

A high school senior, uncomfortable in his first tuxedo ... calling for his date, looking nervous.

Millions of things that we take for granted ...

"Hey, Maestro! Play 'Stardust'!"

... There is such a feeling of permanency in our tight little world. We'll go to school with the gang, today ... and tomorrow ...

But, WHAT IF THERE WERE NO TOMORROW? There's only one way to be sure, you know—

Buy War Bonds ... That's a simple little phrase. It's the American way of saying what we mean in a few direct words. Buy War Bonds.

Yes—you and everybody must buy War Bonds. We've got to buy more and more, and more of 'em. Just get the idea into your head that your \$18.75 might—just might end the war one-fifth of one second sooner. That maybe, in that one-fifth of a second, the boy next door could be on the receiving end of a bullet ... Then you'll know it's worth it!

We've got to keep on plugging, saving, convincing. Giving our pin money ...

Tell everybody—sell everybody! We can't take no for an answer ... tomorrow—and tomorrow—and tomorrow.

Let's All KEEP BACKING THE ATTACK!

ELTON R. EATON

Chairman of Plymouth War Bond Committee

This advertisement prepared under the auspices of the U. S. Treasury Department and the War Advertising Council

City Water Main Break Repaired

For fifty-two years, it laid under the ground; For fifty-two years, not a hole could be found. It had carried the water to the city's brink, So the people of Plymouth could all have a drink. But suddenly it broke, and the water bubbled out, And for awhile it looked like a regular spout. But the men turned to, and dug and dug some more. They found the leak though it was quite a chore. They fixed it up with a twist and a turn, and then There was plenty of water again.

—Rouge River Anthology. According to the reports last Wednesday afternoon, there wasn't a ripple on Northville road.

And then suddenly out of the ground, there was a bubble. The bubble grew into a regular water spout.

Children gathered around the spot. Parents visited the scene and as the crowd gathered about three hundred feet north of the Edward Hines Drive on Northville road, it became obvious that the old water main from the old source of supply up on Six Mile road, had broken.

The city was called The water people, and city engineer. Yes, there it was. A water spout, about a foot or a foot and a half in diameter, was gushing out of the ground to a height of about another foot.

Swiftly, the city notified all of the customers in the area from Five Mile road south to the Edward N. Hines drive, that there would be no water during the evening.

The water was shut off at the Five Mile road, and by 5 o'clock, the men were digging.

They dug straight down through hard clay to a depth of about six feet. But they found not a break in the line. Then the men began tracing the pipe, and finally found the leak about ten feet from where the water had bubbled out of the ground.

Actually it wasn't much of a break. It was about the size of a man's fist. The men fixed it easily and quickly by covering the break with what is called a half sleeve device.

The hole was filled up and the

water turned on again. It was that simple.

But city officials pointed out that if the city did not have the new well at the north edge of the city, which will provide more water than the city needs, the entire city might have had its water supply cut off until the main could be fixed.

Fortunately that was unnecessary.

City Manager Elliot estimated that the water main had been laid 52 years ago. He said it was quite likely that at the time the cast iron pipe was installed, the flaw existed, and that it had taken all of that time for the pressure to finally break through.

Today, more stringent tests are placed on pipe than was possible in those days, with the result that pipe will last even longer than fifty two years.

But the important part of the whole story is that the farsightedness of the city officials in making another water supply available, prevented the city from being without water for all purposes during the twelve hours that it took to repair the main.

What is virtue, simple and sincere is most congenial to man's nature.—Cicero.

Open Church on Invasion Hour

The Rev. Henry Walch, pastor of the First Presbyterian church, and the Rev. Francis Tetu, rector of St. John's Episcopal church, announced this week that when invasion comes the Presbyterian church will be open throughout the day for prayer by the relatives of men participating.

On the evening of the day invasion is announced, the two congregations will join together for a special prayer service.

The pastors of the two churches pointed out that if ever there was a time when the men in the service will need the power of prayer, it is when invasion comes.

They also pointed out that if the church ever can be of service to the relatives at home, then will be the time.

Major Bong's Favorite Interests

Major Richard Bong, leading ace in the South Pacific, is posed here standing beside his favorite plane. On the nose of the fighter ship is another of his favorites—his sweetheart, Marge Vattendahl. Also pictured are 25 of the 27 flags of the Rising Sun brought down by the major, which completes the pictorial trilogy—as banging Japs is Bong's favorite pastime.

Farmers Praise Work of Ford

Resolutions commending Henry Ford and the Ford Motor company for the leadership in the development of new industrial uses for products of the farm, were passed at the last meeting of the South Salem Community Farm bureau held at the home of Mr. and Mrs. Harmon Gale on the Six Mile road, and sent to Mr. Ford and his company.

"We feel that this effort upon your part is of tremendous importance to the well being of all farmers and their families. Therefore, we wish to thank you personally for your interest and leadership in this direction and we hope that other industrialists will follow your splendid example," said the letter that accompanied the resolutions sent to Mr. Ford.

Homer Martin was chairman and Mrs. Coda Savory was secretary of the committee instructed

to sign the resolutions and send them to Mr. Ford.

Prize-Winning Waste Paper Campaign Photo

The above picture won the national grand prize in the news picture contest sponsored by the U. S. victory waste paper campaign. It was entered by John Mendicino of the Chicago Sun. Award was a \$500 war bond plus \$200 war bond for first place in the East North-Central region. Prize winners were announced by Linwood I. Noyes, president of the ANPA.

Students Run the City Today

If you call the city hall today, and want information, and you encounter some little difficulty, blame it on "the new city administration."

For this day only, the duly-elected officials will step out of the picture, and will be superseded by a group of youngsters who will get some practical training on the duties they must assume at some future time.

The city commission will meet Monday night invited the students of James Latture's class in government to take over the city hall for this one day.

The city commission will meet at 1:30 this afternoon, but it has not yet been determined what, if any, principal issues will be discussed and decided.

Last year the recreation program took up most of the commission's time, but it is not believed that will be an issue today.

News for the Farmer-Reader

By **F. BESEMER**
 W. L. Hetzman, 17748 Smith street, Wyandotte, has been appointed emergency ward food production assistant by Michigan State college extension service.
 Mr. Hetzman will have his office at 2631 Woodward avenue, Detroit, with the Wayne county office of civilian defense, which is cooperating in the endeavor to aid victory gardens with their problems.
 Detroit and urban organizations may contact Mr. Hetzman by calling Cadillac 5781.
 Mrs. Ruth Code, emergency war food preservation assistant, is also at the same office for the purpose of assisting groups of housewives with their food preservation problems.
 Farmers are urged to contact their local farm placement committees at the nearest high school for farm help or call the county agent's office in Wayne, telephone 2361.
 Michigan State college extension service opened an emergency farm labor office in room 316, McKerchey building, 2631 Woodward avenue, Detroit, May 15, 1944, according to Ellesworth Gesemer, county agricultural agent.
 Persons wishing to work on farms may call at the above address to register and for an in-

terview, Besemer stated, or phone Cadillac 5781 week days and Cadillac 5790 Saturdays for general information.
 The Detroit office is under the direction of the county agricultural agent and will register all workers for victory farm volunteers, youths 14 years to 18 years old; women's land army, women who work on farms, and crop corps workers, all adults who spend their vacations in farm work or those who work after hours or on "days off" from regular factory or office work.
 Farmers are in need of experienced tractor operators and others who have some knowledge of farm work, said Besemer.
 Results in using a septic system for garbage disposal are reported by W. H. Sheldon, agricultural engineer at Michigan State college. He ran the experiment with the septic system that serves his own household.
 At the end of four years the 550-gallon tank needed cleaning, but that, he decided, was better than to have the problem of buying garbage at frequent intervals.
 From experience, however, he will discontinue putting canning refuse, such as pea pods, grape stems and corn cobs into the septic plant, since these materials were not digested. He has used a garbage inlet for disposing of wastes in slaughtering rabbits and has even interred dead rabbits and dead dogs in the septic system. The bones, however, failed to digest.
 Fertilizer manufacturers indicate farmers are not obtaining as

much nitrogen as is available. Corn and other feed crops will produce extra quantities if fertilizers are used.
 Tests of the U. S. department of agriculture indicate vegetable proteins such as soy bean meal and peanut meal are just as practical as the animal proteins in most scraps, dried skim milk and fish meal for feeding turkeys.

Rail Key Loss Perils Honan Province

Two critical situations face China as Jap drives along the Peiping-Hankow railroad (1) have resulted in the taking of Chengchow (2), both key points on the north-south line. As the map shows, Chengchow is on the northern rim of the Honan province, a great food-raising area. From Chengchow the rail line cuts across Chinese territory (indicated by dark areas).

SPORT SHORT STORY
 Authored by
MCGREGOR
 A SHORT FOR EVERY PURPOSE

A ROUNDER
 the swim length

B RELAXER
 the tennis length

C ACTION SHORT
 the action length

D DESERT SHORT
 the walking length

This boxer short is designed for the slim-hipped athlete. It is action-free, full cut, and with the built-in support, makes the perfect swim trunk.

The slightly longer short for lounging around in comfort. Teams up with a basque shirt and goes well with men of all ages and builds.

This short is made for the athlete who wants a short that looks trim, doesn't flap in the wind, and retains a full measure of athletic lines.

This short is adapted from the dress shorts worn by British Officers in the Tropics. It is cut on the same lithic lines and is coming into greater and greater favor.

Cleanup Day Lasts All Week

Tuesday, May 9, was appointed for the day that the principal clubs of the school were assigned sections they were expected to clean to the best of their ability.

The first floor, with the exception of the gym and girls' locker room, which was assigned to the Leaders club, was assigned to the Lams club. The second floor, with the exception of the home economics rooms, which was assigned to the Hescos, was assigned to the Girl Reserves. The H-Y boys were given the responsibility of the entire third floor.

The accomplishments were amazing! Windows were washed, desks and cases were dusted, books were straightened, walls were washed, equipment was cleaned and light fixtures were dusted. The Hescos washed table and chairs in the lunch room, cleaned the rug in the sewing room, and cleaned the fitting room completely. The Lams, with the help of some nurses' aids, and a supposedly honorary member, Don Hessler, washed and painted the walls of the nurses' room, and Janet Strachan made curtains to be put up there. When Friday came around, they were still painting the second coat.

As a result, some rather unique improvements have been made and for the most part, the school is "spic an' span."

Two Interesting Assemblies Scheduled

Before the school year ends the combined student body and faculty will be entertained by two assemblies. The honor assembly, an annual occasion, is the first to be presented, on May 21, A. D. 1944. Besides honoring all high school students maintaining an "A" and "B" average throughout the year and the acknowledgment of all athletic achievements, the assembly will hear a guest speaker, whose name is being withheld as a surprise by Mr. Dykhouse. Selections by the band and boys' glee club will conclude the program. The last assembly of the year will be on June 1, A. D. 1944. For the senior high school this means seeing the senior class movies that will be shown class night. These movies, a project of the senior class, are being shown in assembly for school students because the seating capacity of the auditorium will not accommodate both students and seniors' parents on class night. Each senior will be given two tickets for his parents or friends for class night. The junior high students in assembly will be entertained by a play to be given by the Senior Drama club.

Ypsi Defeats Local Golfers

Playing the second match of the season, the Plymouth golf team was defeated by Ypsilanti, 7 to 5, on May 10, at Ypsilanti. Members of Plymouth's team are Hank Schultz, Jack D'Haene, Paul Zimmerman and Ed Thorne. The opposing team was Roberts, Cazier, Regetz and Houck.

An outstanding chip shot was made by Roberts from Ypsilanti at the ninth hole. The first game of the season was played with Ypsilanti at the Plymouth Country club. The score of that game was 7½ to 4½ with the winning point made at the 18th hole by Ypsilanti.

Senior Sketches

"Boys in general" are the pet peeve of Naomi Taylor, daughter of Elmer and Isabella Taylor of 29150 Joy road, in Garden City. She has taken a general course in school. Making things for a hope-chest is her hobby. Naomi says she will probably work as a clerk in her father's store for a while after graduation.

Gale Wilson graduated in January and was made a member of Uncle Sam's army before a complete senior sketch could be obtained. Gale, the son of Mr. and Mrs. James Wilson, 10005 Blackburn, Rosedale, was taking a college preparatory course. It has not been possible to find his address in the army.

Now working at Jewell's cleaners, Edward A. Dely, son of Mrs. Anna Dely, 606 Maple avenue, completed a general course in January. During school he participated in two years of basketball. His hobby is skating.

Clifford Wilkin, son of Bryon Wilkin, 48910 Ford road, is taking a general course. His hobbies are hunting and dancing. The war and women drivers are his pet peeves. Clifford plans to work on a farm unless Uncle Sam thinks differently.

MD Banquet Serves 260

The annual Mother-Daughter banquet, held May 10 in the Plymouth high school gymnasium, was served to 260 persons. The speaker, Marjorie Bingham, from Cranbrook, told some of the geologic history of Michigan and showed interesting pictures of Michigan's rare wild flowers.

Mrs. Hoysratt was the oldest grandmother present, while Mrs. Vincent, mother of Mrs. Sidney Strong, had members from four generations present, and Mrs. Lyle had three daughters there. Plants were given as prizes to these. Marion Luttermoser sang two solos, one, "Sometime," and the other, "Lullaby of Bells," accompanied by Shirley Luttermoser on the piano.

Rocks Lose Breaker

The Rocks went down in defeat, 5-2, under the onslaught of the Ypsi Braves, at Riverside park on May 10. Tied 2-2 until the sixth inning, the Braves then came up and collected three runs to put the game on ice, 5-2.

Fry, first man up, lined a double down the left field line just out of the reach of Hessler, Plymouth's left fielder. Olson and Sheridan, the next two men, both singled, scoring Fry. Olson and Sheridan scored on a fly out and an error respectively.

The high light of the game came in the fourth inning when Plymouth worked two very nice squeeze plays, scoring Rock and Schauty. The inning went with Schauty, first man up, striking out. Rök and Swartz singled. Hall got an error. Bird bunted down the third base line, scoring Rock from third, but was out at first. Bartel came up and worked another squeeze play, scoring Swartz, and was safe on first. Shely, Plymouth's new pitcher, did a fine job, pitching three hit ball.

Lams Invite Fifteen Girls

Invitations were sent to 15 girls requesting their presence at the Lams picnic held in Riverside park Thursday, May 18. The picnic, which replaced the annual "rush tea," was a get-acquainted party honoring the new rushers. Mary Jane Christensen, pledge mistress, states that the pledges will have a regular program followed by a formal and an informal initiation before being officially recognized as members of the club.

Class News

Mr. Hedrick's biology classes are studying heredity and the improvement of living things. The old question, "Which is more important — heredity or environment?" seems to have no simple answer the students can find.

Mr. Hedrick's hygiene classes are studying industrial diseases. They are learning that in some industries granite cutters, sandblasters and grinders are two or three times as likely to contract tuberculosis as other workers. Other industrial diseases are caused from poison gases and lead compounds used in manufacturing paints, pottery, enamelware and storage batteries. Because Plymouth is located in an industrial area and many boys will undoubtedly work in these industries, they should know the dangers of these trades.

Fieger's history classes have finished their books and are beginning a supplementary study concerning circumstances and events since the book was published in 1942. After bringing their study up to date, they will begin review for the final examination.

The physics classes, speeded through their five-weeks test to see a movie about electronics, which they have been studying. It is too bad that they could not have seen it just before the test.

Miss Fiegel has been giving quizzes in the form of spell-downs instead of the usual written method. The pupils seem to think it is fun providing they know ALL the answers.

No one in Plymouth high school has an active case of tuberculosis. There are just nine people with primary lesions, according to the report Mrs. Strasen, the school nurse, received from the X-rays that were taken a few weeks ago.

Rocks Lose to Dearborn, 6-0

The Rocks went down in defeat 6-0 Friday, May 12, at Riverside Park, under the steady pressure of the Dearborn ball club. The batteries were Shely and Bartel for Plymouth and Hanson and Sneyferly for Dearborn. Hanson gave up only two hits for no runs. The Dearborn team was a bunch of big six-footers who were really on their toes, getting nine hits and making no errors.

Dearborn started out in the first inning to get two runs on a walk, an error and a hit. In the fourth they made three more runs on three hits and a walk. Also one run in the sixth on a hit and an error, making the final score 6-0. This is the first game in which the Rocks have been shut out.

The only scoring chance came for Plymouth in the sixth inning, when Schulty, relief pitcher for Shely, walked and was sacrificed around to third by Rock and Swartz, but died on third when Groth struck out.

Attention, Seniors!

Because of the numerous questions being asked, Mr. Dykhouse has requested us to list the senior activities occurring before the close of the school season. The junior-senior farewell on June 2 is the first of these activities. This will be a program for both juniors and seniors and will conclude as a dance. Senior exams will be given in the regular class periods on Monday and Tuesday, June 5 and 6. On June 7 there will be a rehearsal of the baccalaureate service and the following day there will be a rehearsal of seniors participating in class night. The senior picnic will be June 9. This year because of difficulty in arranging transportation facilities, the class social will be a supper in Riverside park. Sunday, June 11, the baccalaureate service will be held here in the school auditorium. Class night, at which class movies will be shown for the seniors and their parents, will be June 13. Graduation exercises will be concluded at commencement, on June 15.

In eastern lands they talk in flowers and tell in a garland their loves and cares.—Percival.

Here and There

Last Saturday after cleaning up the gym after the J-Hop George Valrance, Stanley Burden, Ed Strong, Bernard Birt, Ralph Bachelder and his cousin, "Mac," Downing Jewell, Marlin Datcher, Rosamund Busby, Nat Reitzel, Jackie Dalton, Audrey Neale, Anna Marie Cooper and "Jeep" Hart, chaperoned by Mr. and Mrs. Carey, went to the park and cooked "hot dogs."

June Bassett, Chuck Rowe, Gordon Vetal, Jeanne Schuler, Don Vetal, Mary Lou Rowe, Cliff Busha, Julie McGuire, Kenny Hart, Beverly Davis, Lois Vetal and Tom Robinson went to the Bungalow after the J-Hop Friday night.

Rocks Lose Close Game to Rivals

The Rocks lost a thrilling but hard-fought game to the Northville Mustangs, 10-9, at Cass Benton park, Monday, May 15. In the first inning the Rocks made one run and two walks, but the Mustangs came back to get a run on a walk and an error, making the score 1-1. The Mustangs up in their end of the second made a run on two walks. In the third inning the Mustangs got three more runs, making the score 5 to 1.

In the first half of the fourth the Rocks got one run and Northville, none. The Rocks made one more in the fifth, making the score 5-3 for Northville.

The sixth inning was a draw, but in the seventh the Rocks smashed out two hits and two errors for three runs, making the score 6-5 for Plymouth. In the last half of the seventh Northville scored a run on an error, tipping the ball game 6-6.

The Rocks again came up to get three more runs in the eighth on two errors, three hits and a walk, but the Mustangs got four runs in their half of the eighth, winning the game, 10-9.

Three Men Place for State Meet

Three men on the PHS track team placed for the state track meet at East Lansing May 20 in the regionals run May 13 at Ypsilanti.

In the first heat of the half mile "run D. Daniel took a second with the time of 2:12.5. First place was 2:12.

In the second heat W. Horie placed first with a time of 2:13.5. This was the only first Plymouth got at the regionals.

Clearing a height of 5 feet 3 inches, W. Bennett tied for second place in the high jump. First place was 5 feet 5 inches.

When races like the 880 and 440 are run in heats the first two places of each heat are entitled to go to the state meet at East Lansing.

D. Johnson, in the 440, took third place with a time of 56.3. First place time was 55.5.

It Costs No More To Call Us

We do not believe in advertising prices because we do not believe that the care and service we render is dependent on how much is spent. Every funeral in our home is treated with the same reverent care and attention to every minute detail.

May we ask you to remember—"It costs no more to call us."

Hitler, Rommel, Visit 'Atlantic Wall'

Eleventh-hour inspection tours of the vast Axis coastal defenses known as Germany's "Atlantic Wall" are being made by Marshal Rommel, according to news dispatches, which say that Hitler has made personal "pre-invasion visits." Rommel is reported making day-by-day tours of areas shown on the above map, which provides a general picture of the coastal fortress. Broken line indicates territory referred to as "Rommel's defense zone." Swastikas indicate points which have been mentioned as "Rommel's command forts."

Record Crop of Maple Sugar

For the second year in succession, Michigan producers harvested a large crop of maple products. Sirup production exceeded that of a year earlier by 25 per cent and the 10-year (1933-42) average by 53 per cent. The high yield per tree, 2.52 pounds sugar, equivalent compared with 1.99 pounds a year ago, accounted for the increase in production, as fewer trees were tapped this year. Sap started to flow during a warm spell late in February but most producers did not start collecting until the next flow early in the month of March. Thawing and freezing weather continued during March and past the middle of April to make a long season with several good flows.

Although demand was good, the increased supply made it possible for producers to fill their orders for sirup, with some being offered for sale on retail markets; in contrast to last year when many orders were unfilled. The average price of \$3.40 per gallon of sirup was 20 cents above last year and the highest of record. Producers received an average of 50 cents per pound for sugar, also the highest price on record.

The Plymouth Mail Want Ads bring results.

Special Stamps at Post Office

Postmaster Harry Irwin announced this week that he has received five thousand special railroad stamps, commemorating the driving of the last spike on the Union Pacific railroad.

Another special stamp commemorating the 125th anniversary of the Atlantic crossing of the steamship Savannah is expected soon.

Both of the stamps are collectors' items.

A number of Plymouth people have become stamp collectors and most of these special stamps are of interest primarily to the philatelists.

Mr. Irwin said that a number of special stamps are expected soon, and that Plymouth has been allotted 5,000 out of each item.

Meat Business Szymies Galin

Dave Galin of the Plymouth Purity market is pretty much "up in the air," so to speak, as a result of the pork business.

There are no hogs in the stock yards, farmers can't find buyers for their porkers, notwithstanding the scarcity of piggies in the packing house stock yards, and the meat market folks, like Dave Galin, just can't buy such things as pork loins, pork tenderloins and the like for their trade.

One of the big wholesale meat dealers advised Mr. Galin the other day that there wasn't hardly any pork of any kind to be had—and he was allowed only two smoked hams.

"I just can't figure it out. The farmers have more hogs than they ever had before. The buyers say that they can't buy the porkers from the farmers because they are overstocked, and the wholesale meat dealers say they haven't any pork on hand for the trade. So there you are. Figure it out if you can," said Mr. Galin the other day.

Few Changes in Teaching Staff

Superintendent of Schools Geo. A. Smith announced this week that there will not be over three or four changes in the faculty of the Plymouth schools during the coming school year.

Most teacher contracts have been signed and returned, he said. Two of the current teachers have determined to attend school next year, taking what is termed a sabbatical year. One teacher has resigned because of ill health.

Thus it is apparent that the teacher strikes which have plagued Pontiac and Flint schools for the past two weeks will not af-

**ROBERT LORENZ IN
ITALIAN BATTLES—SAW
MT. VESUVIUS ERUPTING**

Robert Lorenz, son of Mr. and Mrs. Ralph J. Lorenz of 1419 Sheridan, has experienced plenty of action in Italy in recent months, lived through the battles of Salerno, Salerno, the siege of the monastery and saw Mt. Vesuvius erupt when it was in eruption a few weeks ago.

Not only did "Bob," as he is best known to friends in Plymouth, go through all of the engagements that have made the Italian invasion so important, but he was in one fight that the censor blotted out from his letter. Apparently the high army command is not yet ready to tell the public about it.

"I was also present before, during and after the Cassino affair—and the monastery received all the hell you have been reading about in the papers. I was lucky enough to visit Pompeii and see all of the ruins of that ancient city destroyed centuries ago by Mt. Vesuvius. I was there when it was in eruption this spring. It was a wonderful sight. Through strong glasses I have actually seen the molten lava being thrown out of the crater. It can be seen for miles and in the daytime the smoke seems to cloud the sky for hundreds of miles. But probably you have read more about it in the papers than I can tell you," wrote Bob in a letter to his parents.

**DONALD LEWIS IS
SELECTED FOR SPECIAL
INVASION TRAINING**

From the European theater of war operations came a news release to The Mail this week telling of the selection of Donald P. Lewis, 34208 Orange Lawn, as one of the soldiers named for training in the latest type of invasion tactics.

These American boys, some of the toughest soldiers in the army's history and including many men who have already seen action in Africa, Sicily and Italy, are being conditioned to march long distances with full packs and equipment and to conserve enough energy to fight all night if necessary. They are learning that to be good at scouting and patrolling is not enough; that they must be as nearly perfect as possible, stepping silently at night, crawling noiselessly, moving as part of the ground, knowing map and compass and how to use each either by day or night.

They realize more each day the importance of their phase of the war, the phase fought by the man on foot walking, crawling, waiting patiently for the kill, running when a minute earlier he did not believe he could pull one foot after another, is the role which will finally determine whether and when the war is won.

**RUSSELL EVERSON TELLS
OF SOLDIER'S LIFE
ON NEW CALEDONIA**

There's plenty of routine and plenty of excitement except what "Our Boys" want down in New Caledonia, according to an interesting letter that has just reached The Plymouth Mail from Russell Everson, who has been down in the South Pacific for many, many months.

His letter follows:
"I was sitting here reading the news in The Plymouth Mail when it occurred to me that the people at home might like to know what we do down here.

"There are no Japs on the island (well—none that can cause any trouble) so life is pretty dull as far as excitement goes. Perhaps if I describe one of my average days it will show the picture more clearly.

"5:30—Time to get up, roll my mosquito bar, fold my blankets and place them at the head of my bed. Yes, we use blankets down here. The sun is hot as blazes, but after it goes down the nights get pretty cool. Now it's time to fill your helmet with cold water and wash for breakfast.

"6:00—Line up with mess kit for chow. We will either have cold 'hot cakes' or cold toast and coffee. You can't count the dehydrated eggs, because nobody eats them.

"6:20—Time to pull out for the convoy that takes us to work. (This is where the censor puts his foot in. I can't tell what kind of work we do.)

"12:00—Line up with mess kits again. No time or place to wash this time. The chow is brought to us on a truck. This time we will probably have spam or corned beef (I don't know which I dislike the most), dehydrated potatoes, beans and some kind of canned fruit. To wash this down we have water that was allowed to set beside a bottle of lemon extract for two hours.

"12:45—Back to work. Not the type of work where you can stop

and talk about the good time you had last night; not the kind of work where you can look across the isle and smile at a pretty girl; not the kind of work you get good wages and overtime for. No, that's the kind of work we are working for, the kind we do now is real work, the back breaking kind. We don't mind, though, because we know how important it is. The thing we mind is that some of the people back home—but what good does it do to talk about it. They know how we feel.

"5:00—Time up for the convoy that takes us home. 'Home!' that's a laugh.

"5:20—This is the real bright spot of the day—'Mail Call!'—Sometimes when a plane or a boat comes in there is a lot of mail, but more often there are only a few letters, and often no mail at all. I can't tell you how it feels to look forward to a letter all day and then not get any. I know if I could describe the disappointment, if you could see it written all over his face, I know you would write to your son, husband or whoever he might be, every day.

"5:30—Line up for chow again. Tonight we had spam, beans, cheese, fruit cocktail and coffee. After eating spam for a year you get tired of it, but you still eat it.

"6:00—Time to fall out for class. Every night except Sunday we have a half hour class of malaria

control, first aid or some other such subject.

6:30—Well, what do you know! I'm done for the day. I mean I'm done officially. If my rifle is clean and my clothes clean and mended I can write letters. If I'm caught up on my letters, (which I never am) I can go to the show. We have three of them a week.

"You should see our theater! You might not like it—it isn't like the ones you are accustomed to, but to us it's the last word in theaters. It's located on the hill right behind the camp. There are no seats. Everybody sits on the ground. The screen is made from a piece of canvas painted white. Not much as screens go, but it serves the purpose.

"Be sure to put on your mosquito repellent or you'll be sorry. Oh, yes, take your raincoat, too. Even if it doesn't rain (which is unlikely) it'll help keep the dust off. What's the picture tonight? It must be a new one, I never heard the name before, 'Birth of a Nation.'

"After the picture you go home (why we call it home is more than I'll ever know) and fix your cot for the night. Be sure to put the lamps out so you don't burn the tent down. Now tuck your mosquito bar in all the way around. Spend the next fifteen minutes with your flashlight hunting out and killing the mosquitoes that got under the net when you did.

"Finally you lie down, close your eyes for a minute, open them and say, 'God! I wish this damn war would end so we could get home again.'

"And so another day is done. "RUSSELL EVERSON."

**PLAYS GOLF AFTER
HELPING TO CHASE JAPS
OUT OF MARSHALLS**

All of the interesting letter from Jerry Shoemaker was not published in The Mail last week. The censor also took out some of it before the letter was permitted to leave the Pacific.

"I still receive the good 'ole' Plymouth Mail. It seems to follow me wherever I go—and how I do look forward to receiving it," writes Jerry.

"I read in The Mail that one of the Plymouth soldiers was also in the Marshalls," and here's where the censor's blackout ink did its busiest, so nobody knows what Jerry wrote about it, except Jerry and the censor.

His letter continues, as follows: "I went out and played a game of golf the other day with a fellow from Muskegon, and I hit in the 70s. The golf course is surely beautiful and I am enjoying a long needed rest.

"I know by now what the Japs are. You can bet they will always look up to the American forces. We are by far better fighting men and have more guts than those savages we are now fighting against. Give my regards to everybody through The Mail."

**QUALIFIES FOR PETTY
OFFICER RATING**

Bluejacket Raymond Danol, husband of Gertrude Agnes Danol, 1052 Roosevelt street, received recognition as eligible to qualify for the petty officer rate of electrician's mate third class, during recent graduation ceremonies at the naval training school (electrical) on the campus of the North Dakota State School of Science, Wahpeton, N. D.

WASTE PAPER salvaged

last year by the Edison Company

People ask us: "What do you do with your waste paper? It isn't collected by local salvage committees or the Boy Scouts. What happens to it?"

Waste paper is gathered from our offices, plants, etc., and baled. To reduce fire hazard, it is not allowed to pile up. Our trucks collect waste paper on a regular schedule. It is then forwarded to the paper company handling our entire year's consignment.

A critical need exists today for cardboard boxes, cartons, and wrappings—due to the enormous quantities of supplies being shipped overseas and due to the shortage of pulpwood for making paper. The grade of waste paper collected in our offices is suitable for box-making, and all of it is used for this purpose. We salvaged 873,000 pounds of waste paper last year, and every scrap is doing an urgent job in winning the war.

Local News

Mr. and Mrs. Charles McConnell have returned from Lake Worth, Fla., where they spent the past few months.

Miss Virginia Moss returned to her studies in East Lansing after spending the week-end at her home.

Mrs. Mary J. Shearer has returned to her home on Sheldon road after spending the past few months in St. Petersburg, Fla.

Mr. and Mrs. Roy Clark were guests Sunday of their daughter and husband Mr. and Mrs. Robert Gildart in Ann Arbor.

Mrs. Raymond Bachelder entertained the Birthday club last Thursday in her home on Main street.

Mr. and Mrs. Howard Smith have sold their residence on Sheridan avenue to Mr. and Mrs. Edward Dicks. The Smiths are now located at 1222 Penniman avenue.

Mr. and Mrs. A. G. Taylor, Mr. and Mrs. Dewar Taylor and son, and Mr. and Mrs. Jack McAllister and son, were entertained at a family dinner in Dearborn Sunday.

Little Mary Margaret Goebel, daughter of Mr. and Mrs. Dejos Goebel, who has been seriously ill, is improving.

Mr. and Mrs. Ransom Lewis of Farmington have sold their home and purchased a residence in Redford township.

Mrs. Harry Paakow of Fair street is slowly improving after a serious operation performed in the Plymouth hospital on Tuesday, May 9.

Private Harold L. Brown has returned to Fort Monmouth, N. J., after spending a brief furlough with his family and friends in this city.

Mrs. Norman Chrysler of Chatham, Ontario is the guest of her sister and family, Mr. and Mrs. Raymond Bachelder, for two weeks.

Ensign William McAllister, son of Mr. and Mrs. William McAllister of Plymouth road, arrived Saturday for an eighteen-day leave from Glenview, Ill.

Mrs. Irene Munroe and two daughters and Mrs. William G. Kern of Lansing were Sunday callers in the home of Mr. and Mrs. Sterling Eatort on Maple street.

Mr. and Mrs. Lyle Prescott and daughter Sally of Dixon, Ill., and Mr. and Mrs. Bert Norton of Rochester were week-end guests in the Schrader home on South Main street.

The Riverside Reading group met Thursday at the home of Miss Martha Britton, 33910 Plymouth road. Mrs. Harry Gilbert gave a book report on "Between Tears and Laughter," written by Lin Yutang.

George Robinson, who has been spending the winter at Lake Worth, Fla., returned home Monday. Mr. Robinson states that he thoroughly enjoyed the winter, but is glad to be home among his old friends.

Mr. and Mrs. V. M. Meeker have returned from their former home in Niles, Michigan, where they have been visiting the past two weeks. Mr. Meeker has been confined in the Niles hospital with an eye infection.

Jake Stremich entertained members of his Hillside bowling team Tuesday evening at dinner in Detroit. Comprising the team are Mrs. Delight McAllister, Mrs. Margaret Stremich, Mrs. Doris Harris, Mrs. Norma McAllister and Mrs. Margaret Gollinger.

Wendell Johnson is enjoying a few days furlough at the home of his parents, Mr. and Mrs. William Johnson, on Holbrook. He has finished his boot training at Great Lakes and upon his return will be assigned to further duties in the navy.

Mrs. J. L. Kemmerling of Monroe was a guest over the week-end of her daughter and family Mr. and Mrs. J. D. McLaren, on Roosevelt street.

Friday evening Mr. and Mrs. Seth Virgo, Mr. and Mrs. A. Lincoln Lantz and Mr. and Mrs. John Bloxson were invited to the home of Mr. and Mrs. O. M. Valliquette to observe their 18th wedding anniversary. Supper was served buffet style.

Mr. and Mrs. C. V. Chambers had as their guests for the day last Sunday, Mr. and Mrs. Emory Holmes of Detroit and Mrs. Dayton Churchman and small son, also of Detroit.

Guy Rorabacher, who has been seriously ill with pernicious anemia, has returned home from St. Joseph's hospital in Ann Arbor, much improved in health. He was given three blood transfusions. His brother and wife came from Grand Rapids to visit him while he was in the hospital.

A surprise shower was given Hanna Strasen by members of the SYG club when they met last Wednesday evening at the home of Mrs. Howard Wood on Simpson street. Assisting the hostess were Mrs. Edwin Gollinger and Miss Hildur Carlson. Miss Strasen was given many nice gifts on the occasion.

Vocational Director Harry Peeves of the Plymouth public schools and William Campbell, shop instructor, this week attended the state conference held in Grand Rapids pertaining to a discussion of future vocational work. Mr. Reeves stated that nearly all of the speakers present emphasized the importance of vocational education.

Goodness is a special kind of truth and beauty. It is truth and beauty in human behavior.

Need Breakfast

A research study of a group of girls who did not eat breakfast revealed that around 11 o'clock their blood sugars were below normal. This helped explain the tired feeling all the girls complained of having. Constipation is very often a complaint of the "no breakfast" or "snack breakfast" people.

Cut T.B. Toll

Veterinarians used to condemn from 40,000 to 50,000 cattle carcasses a year on account of tuberculosis. In recent years less than 2,000 are being condemned on this account. Savings in beef and veal are estimated at about 17,000,000 pounds a year.

Feeding Lambs

By keeping feeder lambs about 20 days longer than usual and feeding them more hay and less grain, farmers can get the same meat production with a saving of about 40 pounds of grain for every 100 pounds of live weight of lambs.

Insurance Against Rats

Concrete foundations and floors in farm buildings are good insurance against rats. Buildings without concrete foundations should be left open and clear beneath, and raised two feet from the ground.

THE OLD JUDGE SAYS . . .

"Guess we're pretty lucky in our town, Judge, that we don't have the youth problem you read about in other places."
"Don't know as you can call it lucky, Harold. . . we saw it coming with the war and we did something about it before it hit us. We gave our teen age youngsters the recreational facilities they needed and really wanted. Those familiar with this wartime problem know that young folks go to places they shouldn't only when the proper places

are not provided for them. Young people always want to be with others of their own age. . . want their own type of entertainment. Town after town has found out that once these simple wants are met, the problem is well on its way to being licked."
"Guess I didn't really know how far-sighted our town really is, Judge. If we hadn't looked ahead we wouldn't have had anybody or anything to blame but ourselves, would we?"

Babson Says - -

Don't Buy Land Unless You Can Pay Cash

Babson Park, Mass., May 19. As I have said before, I expect a few years of good business, after a short readjustment, following the collapse of Germany. About 1950, however,—unless a marked spiritual awakening develops in the meantime—business will be headed for a tailspin. It is impossible now to forecast what will happen during the years following 1950. If Russia is at that time able to give her people a satisfactory standard of living with full employment, America will then surely turn to the left with a vengeance; but if then, Russia has not made good economically, the New Deal will be thrown out the window and America will turn to the right. This is very important for readers, who are contemplating buying any land other than for cash, to keep in mind. If not for cash, be sure you can pay in full before 1950. I certainly would want to be out of debt by 1950 or before, if possible.

As a hedge against inflation, it is well to own free of debt a small place with sufficient good land to feed your own family, provided you have some other job to supply you with cash. A small five or ten acre farm, with good soil and water conditions, should be excellent insurance. Commercial farming, however, will be just as dangerous in the years to come as it was in pre-war days.

Each year it will be more and more difficult for the average commercial farmer to compete with the great mechanized farms which are developing in this country and will develop throughout the world after this war is over. I also fear that even these large mechanized farms may also be headed for trouble due to political interference and regulation. Therefore, as a sound business, commercialized farming does not appeal to me as a postwar investment.

It is true that the price of good farm land is on the up-grade and much of it will sell at even higher prices, but it is as dangerous to speculate in land as to speculate in anything else. This especially applies to those owning commercial citrus groves, fruit orchards, potato acreage and market gardens which have been paying big profits during the war. After the war the prices of such land could drop again to former pre-war prices. Now may be the time to take your wife's advice and sell, leaving the money in the bank and buying the same property back again a few years hence at half the price.

By the way, it has always seemed to me very unfair that husbands can put their families in debt without the approval of the wife. It is true that a man cannot sell land without his wife signing the deed, but he can buy a whole township without her having anything to say about it! The women's clubs should get legislation passed to the effect that no deeds to land can be "recorded" unless—in the case of married persons—the purchase is approved by both husband and wife in the case of both sales and purchases. I am gradually coming to the conclusion that women have a better sense regarding real estate, mortgages, etc., than have most men.

One thing sure, if I were a woman, I should hunt up a man for a husband who lives in one of the ten Community Property States. These are as follows: Arizona, California, Idaho, Louisiana, Nevada, New Mexico, Texas, Washington, Oklahoma and Oregon. These States are fairest to women. In these States a wife is entitled to half of her husband's income. If both are wise, they will make a settlement at the end of each year and have their own safe deposit boxes and bank accounts. Even the states under the Old English common law are better for wives than those states which still treat women unjustly.

Good land, good wives and good children are the best possible investments. But just having them "good" is not enough. When settling down for a home and family, be sure that you select the right State and the proper location within that State. Consider climate, taxes and opportunities. Service Men returning from the war should especially consider these things. Be willing to spend some time and money in locating in the right spot considering your own physical, mental and spiritual characteristics.

P.S. Please do not write me for legal advice. The last time I mentioned "community property," I received several hundred letters I know something about the laws of Massachusetts, but cannot keep posted on the laws of the forty-seven other states.

To cultivate the sense of the beautiful is one of the most effective ways of cultivating an appreciation of the divine goodness.—Bovee.

25 Years Ago

News items of a quarter of a century ago taken from the files of The Plymouth Mail.

Merrill Draper pleasantly entertained several of his schoolmates at his home on Church street, Wednesday evening in honor of his 13th birthday.

Work on the new power dam at Phoenix is progressing nicely. Vernon Goodale of Plymouth who has been overseas, arrived in Boston, Wednesday.

Irving Blunk and Sam LaFave have formed a partnership for doing concrete construction work. All the farmers in this section appreciate the sunshine of the past few days. They are just sowing their oats and getting ready to plant early potatoes.

The Victory Liberty Loan campaign closed Saturday night, and Plymouth "went over the top" in subscribing for its quota of \$155,800.

Miss Alva L. Burnett, daughter of Mr. and Mrs. A. G. Burnett of this place and Theodore Ruthruff, also of Plymouth, were quietly married at the Presbyterian manse last Saturday afternoon.

Special preparations are being made for the Children's Day program at the Presbyterian church, under the leadership of Harry Green who is especially gifted in planning and putting on programs of this character.

A pleasant meeting of the bridge club was held at the home of Mrs. J. L. Gale, last Thursday afternoon. After the guests had assembled, the president of the club, Mrs. Ella Chaffee, was given a shower in remembrance of her birthday.

A letter was received Tuesday from Lee Sackett, who is with the A.E.F. in Russia. In it he stated that the thermometer registered 43 degrees below zero and that the snow was three feet deep, and still snowing. The ice crushers were doing good work and that they expected to leave for home as soon as a boat could be lined up. He said he hoped to be home in time to eat green peas and new potatoes. A note enclosed from Harry Mumby, who is also in Russia, said that he was well and was anxious to get home.

The serene, silent beauty of a holy life is the most powerful influence in the world, next to the might of the spirit of God. —Pascal.

VICTORY'S SONS

ONE REASON why the sea-lanes to Europe have become safer lately is because men like Lieut. Robert Williams, U.S.N.R., are patrolling over the cold waters of the Atlantic. Flying a Grumman torpedo bomber, Lt. Williams and his crew took off daily from the tiny flight deck of a Navy escort carrier and ranged about the convoy they were protecting.

In one four-day period, Lt. Williams and his crew hung up a spectacular record. They sighted three submarines. Each time Lt. Williams swooped low, and at the precisely right instant, his co-pilot released the depth charges. Each time they were successful, and they could prove it, because they circled about and took pictures of the wreckage as it floated to the surface. Then, too, U. S. Naval vessels picked up survivors of the Nazi sub crews.

Six weeks later, Lt. Williams and his boys sighted another submarine. Again they sank it. In all these encounters, Lt. Williams managed to keep clear of enemy fire, and bring his plane back unscathed.

WARTIME HINTS

for a lady who wants to

SAVE

electricity and appliances!

SAVING ELECTRICITY

A cardinal rule today is this: "Use only what electricity you need, and don't waste it." There are many practical ways of saving electricity in your home—in your cooking, lighting, the use of appliances. And not one of them involves any sacrifices in the use of your helpful electrical servants. It simply means knowing the most economical way to use them, with greatest efficiency. A few of these suggestions are listed below.

YOUR HOME LIGHTING

Dust steals light—robbing you of as much as one-fourth the light you pay for. This is pure waste. Keep lamps and fixtures clean. Wipe bulbs and reflector bowls frequently. Dust shades inside and out. Use the right-size bulbs in your lamps and fixtures, and select shades with a white lining.

ELECTRIC COOKING

Use the thrift cooker of your electric range often. Plan complete meals that can be cooked in the oven at one time. Finish surface cooking on "low" or stored heat whenever possible. Use flat-bottomed utensils on rolls when not in use, and dry wringer thoroughly. Don't overload your washer.

SMALL APPLIANCES

Don't jerk cord from socket when finished using. Disconnect by grasping plug. Don't clean wires of heating element (toaster, grill, etc.) with fork or sharp tool. Never dip appliances in water. Let appliance cool before storing away. Always clean grids on waffle iron after using. Don't let electric iron overheat.

YOUR REFRIGERATOR

Don't overwork your refrigerator. Unless the motor is hermetically sealed, have it oiled and inspected regularly. Be sure there is adequate air circulation all around the refrigerator. Defrost regularly. (Never use a knife or sharp tool for defrosting.) Clean inside of refrigerator with lukewarm water and mild soap.

YOUR ELECTRIC WASHER

Drain washer and rinse tub thoroughly after each washing. Remove agitator or suction cups and rinse. Wipe dry with a soft cloth. Don't force thick, bulky objects through your wringer—or hard objects like belt buckles, etc. Release pressure on rolls when not in use, and dry wringer thoroughly. Don't overload your washer.
