IT IS ABOUT TIME

For the first time in years, the people of Michigan are beginning to realize that it is about time something be done pertaining to the miserly pay income this great commonwealth has forced upon its teaching profession. Not only do we require our public school instructors to spend six or eight years in preparing themselves for their chosen profession, but after they assume their responsibilities, they are forced to accept a community leadership and standard of living that requires additional expenditures above that of the average individual.

While the duties and responsibilities of the teaching profession have increased during the war period, we have treated them in a wretched way when it comes to providing them with due compensation benefits for what they are doing. In our own city the teachers in addition to carrying on their work have taken active leadership in all of our various war activities.

Because of their educational attainments, both the army and navy have made inroads in the teaching profession and now due to the teacher shortage, the public is becoming aware of its neglectful treatment of one of the country's most essential professions. Whether many of the teachers who have entered the armed services will return to the teaching ranks depends upon what the public does meanwhile about the meager pay of public school instructors. As we see it, here is a problem of the PRESENT that does not require any "planning." All that is required is ACTION. Let's do something about it!

Memorial Day Speaker Says War To Be Long

Plymouth citizens paid tribute to the fallen heroes of the nation Tuesday afternoon in Memorial day services in Kellogg park and heard Lt. Schuyler B. Patterson of Detroit warn that any belief of the present world conflict ending in the near future was a hopeless wish.

"There will be several more Memorial days before we can observe another one in peace and quiet," said the speaker. "It behooves every person to redouble their efforts in behalf of the war effort, so that when victory comes it will be a most decisive one for the nations of peace-loving people."

Commander C. C. Cushman briefly told of the meaning and importance of Memorial day observance and then introduced the speaker of the day.

With Lt. Patterson were boys who had served in the South Pacific. They told graphically of their experiences in fighting the Japs and of the difficulty this country faces in winning the Pacific conflict.

Preceding the Kellogg park program was the Memorial day parade participated in by members of the American Legion, the Legion Auxiliary, the Ex - Service Men's club and its auxiliary, the Navy Mothers' club, and many of the various scout groups. The high school band led the parade and high school girls sang a number of songs preceding the speaking program.

Hines and Owens Buy Gas Station

Jake Hines, who Memorial day completed 19 years of continuous service with the J. Austin Oil distributors, in company with Cecil Owens, took control of the Austin Oil station at the corner of Plymouth road and Mill street and will hereafter operate it under the name of the Hines & Owens Gas Station.

Cecil Owens, better known to his many friends as "Cy", has resigned his position in the post-office where he has served in almost every capacity during the past six years. He plans to devote all of his time with Mr. Hines in the business which they have just purchased.

Both the new owners are well known throughout the city and have many friends who wish them well. It is their plan to continue the excellent service the station has always given and to expand the business as rapidly as conditions will permit.

Miss Kathryn McKinney of Rosedale Gardens entertained in honor of Miss Louise Peck, Beech street, who left Tuesday to begin her training for the Women's Air Force Service Pilots. Her guests were the Misses Gwendolyn Dunlop, Kathleen Wasmund, Evelyn Porteous, Betty Stewart, Florence Turbergan, Margaret Bentley, Viola Luttermoser, Iona Kelley, Shirley Cooper, Marion Luttermoser, Willard Neas, Mrs. Herbert Sullivan, Mrs. Don Blackford, and Mrs. Earl Becker. The table was attractively decorated with an airplane centerpiece and flag place cards. A delicious lunch was served after the guests had enjoyed an evening of games. Miss Peck received several lovely gifts and the best wishes of her friends.

War Bond Quota Is \$576,000

Plymouth's war bond quota has been set by the Michigan War Bond Finance Committee at \$576,000 for the June drive which starts June 12. Of this amount there must be sold in Plymouth \$361,800 in E bonds and a total of \$214,200 in all other issues. Not in any of its campaigns has Plymouth fared better. In the Fourth, the Third and the Second war bond drives this city topped the total quota fixed for this community by two and three hundred thousands of dollars! Let's crowd the million mark in the Fifth war loan drive!

Mrs. Witwer To Direct City's Playgrounds

City Manager Clarence Elliott announced this week that Mrs. Chris Witwer of Plymouth will have charge of the neighborhood playgrounds this summer, and also will serve as hostess at the regular Friday night dances for the teenage youngsters.

Clarence Luchtman, director of music in the Plymouth high school, will have charge of the city's recreation music program during the summer, and it is anticipated that John Tomback, high school athletic instructor, will have charge of the evening program and various softball leagues.

The selection of the staff was made by Mr. Elliott and Superintendent of Schools George A. Smith.

Mrs. Witwer will select a staff of eight high school girls who will supervise afternoon play for the youngsters under twelve years of age in the various neighborhood playgrounds.

It is planned to have not only the industrial softball league similar to the one which operated last year, but it also is planned to have a number of softball leagues for both younger boys and girls. Tennis, horseshoes, badminton, shuffle board and other types of sports are being planned.

The music program will be complete. It will provide both for band, orchestra and singing classes. There will be at least four concerts, to be held early in the evening on Friday nights just prior to the school dances.

At least one of the concerts will be held on the lawn of the Starkweather school, and the others will be held in Kellogg park.

Mrs. Witwer has had wide experience in playground work. The entire program will open on June 19 and will run for eight weeks.

War Workers Collect Pop Bottles—Use Money to Buy Wheel Chairs

One hears a lot of chatter now and then about the workers at the Kelsey-Hayes plant not producing to their limit for the war effort.

Well, if you ever hear it again—just say that's prattle!

Opposition To Budget May Cause Tax Penalty

Unless the city budget is passed by the city commission Monday night, there is a grave possibility that a financial penalty of two per cent will be levied against every property owner in the city, on both real estate and personal property.

This situation was brought to the front this week after it was determined that the two objecting city commissioners are still adamant in their stand not to abide by the will of the majority of the commission to pay the city attorney \$600 a year.

At the same time, there is some talk of letting the residents of the city vote on a charter amendment which would eliminate the provision which makes possible rule by a minority. That provision now requires that the budget must be approved by four of the five members of the commission.

The financial penalty on the taxpayers is based on the question of time. Unless the city budget is passed immediately so that the tax roll can be figured and the bills sent to the taxpayers, they will be unable to pay their taxes, and the law provides that two percent shall be levied against all unpaid taxes. There is no way for the city to eliminate this penalty against the taxpayer, even though the taxpayer is not responsible for the non-payment of the taxes.

On September 10 the penalty is increased to three percent and upon the expiration of this time limit, then the uncollected tax roll is turned over to the county, with another and much heavier penalty added.

It also was pointed out that a tax cloud will hang over every piece of property in the city, preventing completion of sales in many cases.

Here are the mechanics of the situation: After the budget is passed, and the tax rate set, it is necessary to figure the taxes by multiplying the valuation of the property by the tax rate.

These figures are then conveyed to the county taxing authorities, who make out the bills with billing machines. The county officials have agreed to cooperate with the city in rushing through the tax bills, despite the fact that they should have been in Detroit several weeks ago. But at the same time, it takes considerable time to make out these bills. They should be in the mail by July 1.

There are some 3000 separate tax bills to be made out and mailed to 2,900 taxpayers.

City Manager Clarence Elliott said that he has talked with both sides in the controversy and that there is no indication that a compromise is underway.

Mrs. Whipple, one of the objectors, contends that she is willing to go ahead and pass the budget with a salary of \$300 included for the city attorney, and an additional \$300 placed in the contingent fund. She argues that when that is done then the attorney can be paid out of that contingent fund.

However, the majority of the commission, composed of Mayor Corbett and Commissioners Shear and Hondorp, contends that if that is done, then the minority of the commission can still block the payment of the attorney.

The need for the attorney has been apparent during the past two years when one was not on the city payroll. The increased size of the city, the need for legal advice by the city officials on frequent occasions all have made it more or less mandatory that an attorney be employed. It is also a mandatory provision of the charter that the mayor appoint a city attorney.

The only reason given by Mrs. Whipple and Mr. Lewis for refusal to abide by the will of the majority, is that they do not think an attorney is worth \$600. And yet for a number of years, other part time city officials have been paid the same financial basis.

The Michigan Municipal League has provided City Manager Clarence Elliott with information pertaining to yearly retainer fees paid city attorneys by a number of cities about equal size to Plymouth. Sturgis pays \$900 per year, Cheboygan \$400, Hancock \$500, Greenville \$500, Negaunee \$500, Kingsford \$600, Coldwater \$600, Ionia \$600, Dowagiac \$900 and Petoskey \$1200.

Rabies Vaccine Supply Out—Dogs Quarantined

There have been so many cases of rabies in Canton, Salem and Northville townships that all of the rabies vaccine has been used up from the supply in the City of Plymouth.

City Manager Clarence Elliott said that no more vaccine can be obtained from the state for at least a week.

There is a small supply in the hands of physicians in the city, he said, and presumably more is available in Ann Arbor.

Because of the outbreak of rabies in this area, State Agriculture Commissioner Charles Figg has declared a quarantine on all dogs in 13 counties in southeastern Michigan.

Under the quarantine, no dogs are permitted to run free at any time. Heavy penalties are provided for failure to abide by the quarantine.

There is apparently no explanation of the dread disease. When it was announced that eight members of the family were bitten by the mad dog, and must go to Ann Arbor to take the Pasteur treatments.

Dr. Luther Peck, the city health commissioner, reported last Wednesday that there is enough vaccine in the city's supply for one patient if the scratch is below the neck. If the scratch is on the face that supply would not be sufficient.

Most of the cases reported are outside of the city, but strong warnings were made to watch all dogs in the city.

Eckles Coal Business Sold

One of the most important business changes made in Plymouth in many years was reported this week when it was announced that Arthur J. Eckles and Floyd G. Eckles had sold their coal and feed business to Mr. and Mrs. William A. Otwell, well known residents of this city. The business was started by Arthur Eckles in 1922.

The sale of this well known business was due to the continued illness of both of the former owners. Early last fall it was necessary for Floyd Eckles to enter a hospital in Tucson, Arizona as a result of World War I disabilities. He recently returned home from the west, but physicians advised him that he must not resume work for a year or more. Although his uncle Arthur Eckles was ill most of the winter, he managed to carry on the big coal business with the aid of the office force. Both plan retirement from all business activities for some time to come.

Floyd before becoming seriously ill more than a year ago was also active in community affairs. He has served as president of the Rotary club, was active in American Legion as well as Chamber of Commerce work. He entered the coal firm in 1929, having resigned a position in the city engineering department of Detroit.

Arthur Eckles, until recent years, was active for years in Chamber of Commerce work. The Otwells are well known residents of this city and it is their plan to carry on the business under its present name. They have engaged J. G. Clemmons of Ann Arbor, who has had long experience in the coal business, to become active manager.

Mr. Clemmons was born and raised on a farm in the Corn Belt of Southern Illinois, receiving his basic training at the University of Illinois, after which he spent a number of years in the feed, grain and coal business which brings him to his present position well equipped and quite capable of handling the diversified lines of the Eckles Company.

At this time Mr. Clemmons wishes to take this opportunity of expressing his desire to continue the same courteous service which has been the policy of the Eckles Coal & Supply Co., in the past.

War Bond Drive to Start With Parade, June 10

Plymouth citizens this week determined that "we will not stop buying war bonds until our boys stop dying on the battlefields" and prepared to put the Fifth war loan drive over with a bang. The quota has been fixed, the U. S. Treasury Women's committee under the direction of Mrs. W. K. Summer, has already started work and the Plymouth Junior Chamber of Commerce is setting to start the war bond, ball rolling with a big parade and all day street sale on Saturday, June 10. But the Junior Chamber of Commerce is not going to end its activities with just the one day drive as it did during the Second and Third war loan drives. It is going to carry on through to the very last hour of the drive, announces Wendell Lent, the Jaycee chairman.

Edward Sinta, chairman of the parade committee for the Jaycees, states that he may have some surprises in store for the launching of the big bond drive on Saturday, June 10.

Mrs. Summer is again appealing for volunteers to assist in the woman's drive for bond sales. Just

Hundreds See Masonic Temple Mortgage Burn

"You have paid off your mortgage. Don't let that be the end of it. Find something else to do in this old world. Plan a new venture and then work to attain it. The hard way is the one way up" wisely counseled Edgar A. Guest, famed poet of The Detroit Free Press who came to Plymouth Thursday evening to help 450 Plymouth Masons and their friends burn the mortgage which has troubled the lodge for nearly a quarter of a century.

The mortgage burning ceremony proved to be quite the outstanding event of recent years in Plymouth Masonry. It brought to the city many dignitaries of the fraternity. Former Grand Master Hugh McPherson and Mrs. McPherson of Pontiac, Michigan, Burch, newly elected grand junior deacon of Michigan, who came to represent the Grand Master, and numerous others were present to take part in the celebration. Mr. Burch, a prominent resident of Benton Harbor and active in Rotary club affairs as well as in Masonic work, asserted that Plymouth residents should be proud of their city, as "it is one of the most beautiful little communities I have visited in many years."

Paul H. Vorheis of Detroit, brought greetings to the lodge which he has been a member for more than 40 years.

"Naturally I rejoice with each one of you in the splendid accomplishment celebrated here tonight," stated Mr. Vorheis.

It was the wisdom, the humor and the encouragement that was imparted by Mr. Guest that impressed and delighted the audience that packed the Masonic auditorium.

Frederick H. Erb, energetic Master of Plymouth Rock lodge, opened the ceremonies and introduced George A. Smith as the evening's master of ceremonies. Several musical numbers by a group of high school girls and a number of juvenile vaudeville acts preceded the event of the evening.

Members of the lodge went back to early Plymouth pioneer days to bring forth a receptacle in which to burn the mortgage. When the grandparents of Ezra Routner came to this part of Wayne County more than a century ago they brought with them one of the popular iron kettles used in days gone by for most of the family cooking. As it was placed on the stage, Master Erb divided the mortgage into six parts.

To Dan Murray, oldest living past master of the lodge he gave one part of the mortgage. To Harry Robinson, who has been a member of the lodge longer than any other person, he gave another bit of the mortgage. The rest of the legal document was divided between Mrs. Robert Mimmack, Fred D. Schrader, Mrs. Alice Rathburn, and the master of the lodge. It will be recalled that Mr. Mimmack, who died a number of years ago, was the first president of the Temple association. To his widow went the honor of having a part in the mortgage burning. Mr. Schrader has been president of the Temple Association in recent years. Mrs. Rathburn had the honor of representing the Eastern Star chapter.

It required but a few seconds for flames to destroy the last bit of evidence of the debt that Mr. and Mrs. William Salcriska on Warren road. It will be a pot luck dinner.

School Election Monday, June 12 Important One

The urgency of voting at the school district election to be held on June 12 was explained this week by two members of the board who are not candidates for re-election at this time, Howard Stark, secretary of the board, and Mrs. Sidney Strong.

Two members of the board are to be elected. Although petitions have not been filed for the regular election, it is anticipated that there will be only two candidates.

Petitions for the short term to complete the regular term of the late George Fisher, have been filed by Sterling Eaton, who was appointed to serve on the board until the election. No other candidates have filed for the short term.

Two other candidates are seeking election to the full term. Michael Huber, president of the board, is up for re-election. Don Sutherland has also filed for this term.

Registration of voters may be made with Howard Stark, secretary of the board of education, or at either of the two school offices. Mr. Stark said that there are actually only about 350 qualified voters registered out of 1800 in the school district.

Just before the last school board election, the school board set up a new system of registration. Voters were required to re-register at that time or since.

Registration close on June 3 at 8 o'clock. All voters who do not register by that time, who have not been registered since the last election, or were not registered at the time of the last election, will not be qualified.

Both have pointed out that there never has been a time when it is so urgent that voters choose their officials, especially in the school system.

And in doing so, Mrs. Strong urged that all voters in the school district register at once.

Persons entitled to vote are those living in the Plymouth school district who either are property owners or have children in school.

City Gets Expert Service Without A Charge of Any Kind

It appears that the city of Plymouth got a pretty good bargain when the commission elected Stanley Corbett as mayor recently. The members didn't take into consideration that they might get the knowledge and services of one of the best known electrical workers in this entire locality, plus his good business ability and common sense.

Ever since the new pumps were installed at the wells on the north side, a year ago, the city has been having difficulty with the shut-off switch.

So bright and early Memorial day morning, Mayor Corbett and Commissioner Henry Hondorp, who knows his P's, D's, and Q's about machinery and electrical matters too, donned their working clothes, went to the pumping house, worked most of the day and when they finished the job, it is believed they had mastered the troubles of the shut-off switch.

What was the charge against the taxpayers? Nothing.

32 Leave Monday To Enter Army

There will be 32 young men leaving the Plymouth induction center to enter military services on Monday, June 12. Most of the inductees are from the vicinity around Plymouth, there being only five in the immediate vicinity.

This group will go directly to Fort Sheridan and from that point they will be classified and sent to various training camps throughout the country.

Bread Shortage Hits Plymouth

Hundreds of women in Plymouth have learned during the past week that they can bake bread—and hundreds of families have learned how good such bread tastes.

The baking followed the strike of the teamsters union members of the bakery drivers local in Detroit, which prevented delivery of the normal supply of bread to retail stores and restaurants.

Here are a few facts in connection with the bread situation.

All the yeast in Plymouth was gone last Friday, and none was delivered until Wednesday morning.

Several hotels, restaurants and other eating places were devoid of bread, and served crackers with meals in many cases.

About the only bread in town was supplied by Terry's bakery, which baked double the normal supply, but that wasn't enough to go around. Frank Terry said that he was doing the best he could, but that he couldn't get an extra crew to work for a few days.

The A. & P. store brought in almost three times the normal amount of bread and limited the supply to one loaf to a customer. The C. F. Smith stores and the Kroger stores had their normal supply of bread delivered by their own trucks.

One baking firm maintained its door-to-door delivery of bread, but there was a "goon" squad reported traveling behind each of these trucks to make certain that no bread was sold to retail stores or restaurants. Solution of the situation is expected before the weekend.

DONALD WILES NOW IN NEW GUINEA

Mrs. Nora Wiles of Cherry Hill road, has just received letter from her son, Corporal Donald Wiles, stating that he is now located somewhere in New Guinea, and in spite of it all, is in the best of health. Donald would like to hear from some of his old Plymouth friends he knows are located near him on that far away island. His wife, the former Eleanor Aspenwall, is for the present with her mother who resides on Palmer road near Wayne. Mrs. Wiles also has another son, John, who is in the army, at present being at a training camp in Virginia. Mrs. Wiles, the former Ruth Franz of Detroit, is with her husband in the south.

YPSI BRAVES TAKE ROCKS FOR A RIDE

The high school Rocks traveled to Ypsilanti, Friday, May 26, to give the Ypsi Braves a very close ball game, losing 3-1. After the game the Braves gave the Plymouth boys their dinner at Charles McKenny Hall on the college campus.

The Rocks played one of their best games of the year. Although beaten they were able to get three hits and worked many clean plays. This shows the hours of work Coach Tomshack has put into the club, since last Tuesday, May 18, when the boys were beaten 14-2. The hits were gotten by Rock, Keehl and Bird. The pitcher, Don Shely, threw a fine game, striking out seven and walking only three.

Church News

Hours of services and notices of church organization meetings.

First Methodist Church — J. Leonard Sander, Minister. Mrs. O'Connor, Director of Music. You are cordially invited to attend any or all our services.

Sunday, June 4, 1944. 10 o'clock Church School with classes for all. Wesley Kaiser, superintendent. 11 o'clock, Morning Worship. Subject "Choose Your Memories." The Plymouth Fire Department will attend this service in a body.

6:00. The Youth Fellowship will meet at church to go to the park for our final meeting until fall.

Monday, 3:30, Girls Scouts; 7:30 Boy Scouts. Wednesday, June 7, the Woman's Society of Christian Service will hold its annual picnic at the park (near wading pool) at 12:30. In case of rain picnic at church dining room. Thursday, June 8, 8 o'clock, adult choir rehearsal. Keep in mind that Sunday, June 11 is Children's Day, with program at 10 o'clock and baptism at 11 o'clock. Will parents having children for baptism kindly see or call pastor (743). Sunday, June 18 is Father's Day.

First Presbyterian Church — Rev. Henry J. Walsh, Pastor. Church School at ten o'clock with classes for all. Morning worship at eleven, with the Sacrament of the Lord's Supper. The choir will sing Gaul's "List, the Cherubic Host!" from "The Holy City." Mr. Earl Reh will sing MacDermid's "In My Father's House Are Many Mansions," as a tenor solo, and Miss Petrosky will play Caesar Franck's "Trois Chorales" on the organ. The pastor will bring the communion meditation. The Youth Fellowship will act as hosts for District seven of the Presbyterian Church, which includes Garden City, Northville, Ypsilanti, Ann Arbor, Milan, Rosedale Gardens and Plymouth. The group will meet in the church at five o'clock. Barbara Daniels, Kathleen Bloom, Ann Cadot, Barbara Weed, and Betty Dely will be in charge of the program. The Trustees will meet on Wednesday evening, June 7th, at 7:30 o'clock in the parlors. We shall celebrate Children's Day on Sunday morning, June 11th, at ten-thirty o'clock, with a combined church and church school service.

St. John's Episcopal Church, Maple and South Harvey Sts. Rev. Francis Teju, pastor. Sunday morning services: Church School at 9:45 a.m. Holy Communion with sermon at 11 a.m. Trinity Sunday observance; On Trinity Sunday, we are reminded of the doctrine of the Trinity, which sums up the teaching regarding the relationship of God the Father, God the Son, and God the Holy Ghost. God, the father is revealed in creation as the maker of all things invisible; God the Son is revealed in redemption as the Saviour of mankind; God the Spirit is revealed in regeneration. Yet all three are one and the same God.

Berea Gospel Chapel—Assemblies of God Church, corner of Ann Arbor Trail at Mill street. Rev. Sanford Cook, pastor. Sunday School 10:00 a.m. Morning Worship 11:00 a.m. Junior Church 11:00 a.m. Evening service 7:45 p.m. Come to the Daily Vacation Bible School starting June 19th to June 30th.

Rosedale Gardens Presbyterian Church, John B. Forsyth, Minister — Our 1944 graduates are invited to be special guests at the service next Sunday morning, June 4th, at 11 o'clock and students of the elementary schools of our parish as well as our representatives in Plymouth high school are urged to attend. The Christian Youth League will meet with other Presbyterian Groups of this region at Plymouth at 6:30 to set up the new district organization of the Youth of Detroit Presbytery. The planning committee of the Men's Round Table will meet Tuesday evening, June 6th, in the church basement to outline a program for 1944-45.

Newburg Methodist Church, minister, Verle J. Carson, 9614 Newburg Rd., Plymouth 860W4. Friday, the main of the church will meet at the hall to weatherproof the walls of that building. Bring brushes if possible. Sunday morning worship at 10:00 a. m. During this Sunday service we shall dedicate a Christian flag and an American flag. These flags will be dedicated to the memory of the three women who gave loyal and devoted service to the Newburg Church during their lifetime. They are Mrs. Mettie Gunsolly, Mrs. Lydia McNabb and Mrs. Emma Ryder. The Church School will meet at 11:00 a. m. under the direction of our new superintendent, Mr. Roy Wheeler. A fine staff of loyal teachers make this Sunday School a place of learning and a home of fellowship. The Youth meet at 8:30 p. m. They are to go to the park for a weiner roast and their devotional service. Wednesday; The Woman's Society meets at the hall at 12:30 p. m. for a potluck luncheon. The program and the business meeting will follow.

Watch for the Reports of
W. L. WHITE

IN THE DETROIT NEWS
Now in the European Theater of Operations, W. L. White, son of the famous Kansas editor, is on the ground and ready to report in his inimitable style, the dramatic happenings of the greatest invasion in world's history.
Well known for his vivid and tensely dramatic accounts on many of the world's fronts, W. L. White is also author of the present war's best sellers such as "Queens Die Proudly," "They Were Expendable," and others.
Don't fail to watch for his eye-witness stories of the attack on Hitler's Fortress Europe.

IN MEMORIAM

In memory of our dear beloved mother who passed away four years ago June 1. Deep in our hearts lies a memory of a loved one laid to rest. In memories frame we shall keep it, because she was one of the best. She had a nature you couldn't help loving, a heart that was purer than gold and to those that knew her and loved her, her memory will never grow cold. Sadly missed by her son and daughters.

T. Leonard Sanders officiated. The active pallbearers were Messrs. Alfred and Robert Wilson, Lee Sowles, George Cronkite, Floyd Stanley and Flagg McCarty. Interment was in Riverside Cemetery.

Huber Asks All To Register

Michael J. Huber, president of the school board, yesterday stated that he hopes more voters of the school district will register for the forthcoming election.

Registrations will be taken at the Plymouth high school this Saturday afternoon from 3 o'clock in the afternoon until 8 o'clock in the evening, stated President Huber.

"In the last three years the tuition for the Plymouth High School out of district students has been raised to a rate which meets the total cost of operation, maintenance and bond indebtedness. During this period, the operating costs for the entire school have increased greatly, and several major improvements have been made, such as, completely remodeling the high school rest rooms, placing a fluorescent lighting system in the high school, etc. The cash surplus in the general fund has been increased from less than \$25,000 to more than \$75,000 without raising the tax rates," said Mr. Huber.

"The District will soon need a new grade school if the child population continues to increase at the rate it has for the past three years. Fifty thousand dollars of the general fund money could be used for a new grade school, and the district can remain on a pay as you go basis without an additional tax rate increase.

"I shall continue to make every effort to prevent overcrowded conditions in the school, so that each student will be given a reasonable amount of personal attention, and that discipline can better be maintained.

"It is my belief that the district should be on a pay as you go basis, that a continuous building improvement and maintenance program is necessary, that it is not economical to build new buildings to take in tuition students, that classes should remain on full day sessions for high school and grade school students, that we should continue our recreation program, that we should continue our adult education classes, and provide more facilities for adult education in the post war period; also, that the teachers shall be paid an equitable salary.

"My residence has been Plymouth for 15 years. I am a home owner and will have two children in school this year. Graduated from P. of M. as Civil Engineer, and am employ in that capacity by Wayne County Road Commission."

A crowd is not company, and faces are but a gallery of pictures. —Francis Bacon.

er, that the only superhighway extension which the Road Commission has in mind in the Plymouth district, would be outside of Plymouth, carrying Schoolcraft westerly across Northville Road, the Parkway, and the Pere Marquette Railroad to join with Territorial Road a mile west of Plymouth.

Weddings

Dunham-Stephens
Friday evening, May 26, a quiet wedding took place in the Methodist church of this city when Miss Virginia Dunham, daughter of Carter R. Dunham of Sheldon road was united in marriage to Clay Stephens of Ypsilanti. The double ring service was read by Rev. Leonard Sanders before the candle lighted altar. Miss Sunney Kinney of Ann Arbor was maid of honor and Clinton Davenport of Belleville was best man. The couple will make their home in Ypsilanti.

Fisher-Fisher
The marriage ceremony uniting Miss Dorothy Fisher, daughter of Clyde C. Fisher and the late Mrs. Fisher, to Robert W. Fisher, son of Mr. and Mrs. Blake W. Fisher, was read by candlelight Saturday evening in the First Presbyterian church of this city. The service was read by Rev. Henry J. Walsh before the altar which was banked by palms, candelabra and white beauty baskets. Preceding the ceremony, Mrs. Marvin Kleinschmidt sang "I Love Thee" and "Oh Perfect Love."

The bride's gown was made with a fitted ivory satin bodice fashioned with a yoke of marquisette. The full skirt was of marquisette which swept into a train. Her veil fell in cascades from a lace Juliet cap and she carried a white bible with a white orchid.

Miss Kay Fisher, sister of the bridegroom, was maid of honor wearing an aqua color gown with a fitted taffeta basque and full net skirt. Her headdress was of matching net and she carried a colonial bouquet of yellow daisies.

Misses Marion Gorton, Ione Stuart and Janice Downing were bridesmaids, wearing dresses similar to the maid of honor's but were in yellow net and taffeta and their colonial bouquets were of white daisies.

Private Kenneth Fisher, brother of the bride was best man and ushers were Donald Blackford, Gordon Vetal and Robert Vogtlin.

For her niece's wedding, Mrs. William Kaiser wore a dress of light blue crepe with dark blue and white accessories and a corsage of pink carnations.

Mrs. Fisher wore a grey dress with dusty pink accessories and her flowers were pink carnations.

A reception was held in the church after the ceremony with Mrs. Maude Newell, grandmother of the bridegroom, Miss Betty Hines and Miss Patty Hudson assisting.

The young couple left by boat for a honeymoon. On their return they will continue to reside in Plymouth. Mrs. Fisher is employed in the offices of the Kelsey-Hayes plant and Mr. Fisher is employed in his father's shoe store.

Did you ever think about this?

Frankly we never did until some of our customers started to mention it to us in the last few weeks . . . and that little thing we are talking about is the cleanliness of our market . . . not only in the salesroom but in the back where we handle and cut up your meats . . . many times since we re-modeled has this been called to our attention and we just thought that since others were thinking about it you might like to know, too, that meats from our store come to our customers clean and as sanitary as possible . . . We invite you to come in and see for yourself.

Interesting Girl Scout News

All girl scouts interested in attending the established Girl Scout camp in July should get in touch with Mrs. Henry Baker, telephone 647, by June 3rd.

Troop number five of the girl scouts, entertained their parents and their sponsors, the Woman's club, at the Methodist church, Saturday evening, in honor of the third birthday anniversary of their group.

The twenty-four members of the troop gave an original planned program for their guests, after which the court of awards was held. Gold membership stars were given, and badges for proficiency in the following crafts were awarded,— hostess badges, metalcraft, cook badges, needlecraft, glass, colorcraft, design, interior decorating, and weaving.

After the awards had been presented, the group participated in the candle ceremony. The leader, Mrs. J. R. Witwer, held a lighted candle, from which each of the girls in turn, lighted the birthday candle, which she carried, making a wish for the troop as she did so. The girls then took their candles to the table which was centered by a large white birthday cake bearing three white girl scout candles in green trefoil holders. Encircling the cake, which was a gift from the Woman's club, were leather book markers for each member, from their leader, Mrs. Witwer. The girls gave their parents book markers which they had made. The Woman's club presented the troop with a new American flag, which had been placed in the dining room prior to the ceremony.

On this occasion Mrs. Witwer wore a corsage of talisman roses, which the members had sent her. Ice cream and a birthday cake were served to between fifty and sixty persons. Before leaving, the guests inspected the scrap book which the scouts had made, and signed the guest register.

We are more sociable, and get on better with people by the heart than the intellect.—Bruyere.

GAS IS ON THE FRONT PRODUCTION LINE

★ Powerful weapons, toughened by GAS
★ Wholesome food, cooked with GAS

You see, GAS is doubly essential these days. In your home, gas is as much needed now as ever. And it's a "must" fuel in Michigan's rushed war plants. Wherever controlled, efficient heat is needed, there the clean, hot, blue flame of gas does its job . . . quietly, efficiently, economically. That is why war plants in this area are using GAS by the millions of cubic feet in the preparation of metals and materials of war.

The MAGIC FLAME will COOL and HEAT Your Home of TOMORROW

Ideal indoor atmosphere by means of a gas year-round air conditioner awaits the home-owner after the war. This new unit will be on the market when production of gas equipment for the home can be resumed.

The entire operation of the unit from summer to winter and from winter to summer can be controlled from a wall-mounted thermostat with three toggle switches, which allow the user to choose HEATING, COOLING, or VENTILATION as he wishes.

Senior Sketches

Baseball, swimming, and photography are the hobbies of Bill Saxton, son of Dean and Margaret Saxton, 585 West Ann Arbor Trail. He has no pet peeve because he says no one would change any way. Bill has taken a college preparatory course and expects to be called for training in Naval Aviation after the graduates.

Having graduated this last January, Ed Young is now employed at the Telegraph Tool and Machine Company where he operates a mill. While in high school Ed's course was machine shop. He also worked at the Precision Products on Mill street. His pet peeve (which is quite original in senior sketches) is bosses who are unfair and domineering. Ed has two hobbies: collecting stamps and working around cars. Ed says that after the war he wants to travel and then go into business but as yet he has no definite type chosen. He is the son of George and Theresa Young and lives at 15110 Bainbridge.

Marvin Livrance, the son of Mr. and Mrs. Henry Livrance lives at 16905 Oporoto in Farmington. He is finishing a machine shop course and has no definite plans as to what he will do after school. Marvin has traveled throughout Michigan. His hobbies are chiefly horseback riding and stamp collecting.

ROCKS DOWN REDFORD 55-49

The Rocks won their second track meet from Redford Union 55 to 49, at Redford, May 23, with Plymouth taking six first places. Horie took first in the half mile and tied for first in the hi-jump with Bennett, making a total of 9 1/2 points for high individual scoring. The finals of the meet show that all the Plymouth boys were out collecting points; the summary is as follows: Hihurdles, Hobbs (R) 1st, Robertson 2nd, 100yds, Kent (R) 1st, Wisley 2nd, Mile, May 1st, Sexton 2nd, 440 yd, Johnson 1st, Ebsol 2nd, 200 low hurdles, Hobbs (R) 1st, Lawson (R) 2nd, 220 yd, Kent (R) 1st, Wisley 2nd, 880 yd, Horie 1st, Wood (R) 2nd, Relay, Redford Union, Time 1:46.8. Hi jump, Bennett, Horie tied. Bd. jump, Harsha 1st, Wood (R) 2nd. Shot put, Sheppelle 1st, Todd 2nd. Pole vault, Bishop (R) and Hobbs (R) tied.

THREE SENIOR LETTERS EARNED

Barbara Stover, Irene Niedospal, and Lois Vetal have won their senior letters this year. To receive a senior letter one must get a 1,000 point letter during the 9, 10, and 11 grades, 400 points in the senior year.

Six people received letters as cheer leaders: Lois Vetal, Phyllis Thompson, Peggy Hart, William Sexton, Ralph McDowell, and Merle Parsons.

There are twelve 1,000 point letters being given out to the following people: Mary Brandt, Kathryn Trinka, Helen Bowden, Shirley Luttermoser, Phyllis Thompson, Margaret Jackson, Elaine Mahoney, Oceana Ballen, Mary Jane Christenson, Eleanor Hart, Delphine Bogenschutz, and Audrey Morris. These girls won their letters by participating in the high school sports program.

ELAINE KUNKEL TO ATTEND CONFERENCE

Elaine Kunkel, the new Girl Reserve president, was chosen to attend the Girl Reserve Summer Conference June 17 to 24 at Camp Tyrone on Hoisington Lake near Fenton, Michigan. Discussions on relationships, public affairs, vocations, and service will be held and also information on program material, ways of presenting it and how to plan club programs will be given.

Freshman Baseball Recruits Nineteen

Nineteen freshman boys turned out for baseball this semester: Anthony Epling, De Wayne Rutenbar, Ray Nowry, Pat Kearney, Bob Schwarz, Avery Penny, Bill Stout, Bob Wood, Louis Mettetal, James Green, Bill Stroutz, Bob Wagen-schutz, Dee Spears, Don Schaufele, Terrance Hitt, Jack Dobbs, Tom Brunner, Ed Sawyer, and Ralph Diedrick. They have been playing practice games with the eighth grade and May 24 Bob Wood pitched a one-hit game. June 2 is their first outside game, one with Garden City.

Robert Chute New Hi-Y President

Robert Chute was elected president of the Hi-Y Club for the first semester of '44 and '45 at the May 24 meeting. He has been a member for one year. The new vice-president is Charles Burden; the secretary, Ed Strong, and the treasurer, Carl Groth.

Junior-Senior Farewell June 2

The Junior - Senior farewell planned for the juniors for the seniors will be June 2, from 8 till 12. Natalie Reitzel is the general chairman and George Valrance is the master of ceremonies. The program, decorations and refreshment committees have completed all arrangements which are to be a surprise. Tom Houghton's orchestra will provide the music for dancing.

AIR-MINDED BOYS BUILD MODEL PLANES

After completing the required physics work, the boys of Mrs. Highfield's industrial arts classes are constructing a number of model planes. These range in size from a solid with a two inch wing span to a radio controlled Stinson Reliant with a seven and a half foot wing span. A tiny Culver Cadet with only an inch and a half fuselage, and a Curtiss P-6E with a hundred and nine wing ribs are examples of planes now being constructed. Whip-power controlled gliders as well as flying and solid models are being built. These boys are being encouraged by their instructor who believes this work will teach them to be patient, persevering, tolerant, and respectful of other's efforts. Mrs. Highfield has high praise for most of the fellows and says they have undertaken this project with a zeal displayed only by young air-minded Americans.

MUSTANGS SMASH ROCKS 14-2

The Northville Mustangs beat the Plymouth pitching staff 14-2 in a one-sided game at Riverside Park Tuesday, May 23, collecting 7 hits and 17 walks. The Plymouth batters made four hits but were not able to bunch them together with the seven walks, given by Bill Tigh, the Mustang pitcher. The hitter of the game was Schaufele with two, Huebler and Shely each with one. There were four errors chalked up against the Rocks, but this was over-shadowed by the six against Northville. The big inning of the game was the sixth when five walks were given and one hit issued for six runs, putting the game on the ice for Northville.

BENNETT PLACES AT LANSING STATE MEET

Bill Bennett tied for fourth in the high jump at the state track meet, held at Lansing, Saturday, May 20, with fourteen others. Although there were four boys from Plymouth who qualified at the regionals, only three went, for David Johnson was not notified by Ypsilanti officials, where he qualified, until too late. Horie and Daniels, captain of this year's track, went to the half milers but were unable to place. The next big meet is the one at Cranbrook, Saturday, May 27.

EXAM SCHEDULE

The seniors will take their final exams Monday and Tuesday, June 5 and 6 during their regular class periods. The other grades will take their exams Friday afternoon, June 9, all day Monday, June 12, and the forenoon of Tuesday, June 13, also during their regular class periods.

Thirty-seven of the forty girls in the Girl Reserves attended the annual May Breakfast in Riverside Park last Wednesday morning at six o'clock. Mrs. Arscott, Miss Allen, Miss Fiegel of the Girl Reserve Council, Miss Lickly, Mr. and Mrs. Lickfeldt, and Mr. Hubbell were also present. The breakfast consisted of tomato juice, pancakes and maple syrup, sausages, breakfast rolls, and cocoa. Devotions following the breakfast were led by Edith Nolte.

Nature pleases, attracts, delights, merely because of its nature. We recognize in it an infinite power.—W. Humboldt

Honor Roll Third Period

Again and again the girls of P.H.S. take the honors for the greater percentage of pupils on the honor roll. Tripling the number of boys, the girls made up 75.9 per cent of the honor roll, for the period just completed. 16.3 per cent of the seniors have an A or B average.

Senior Farewell For G. R.'s June 12

Eleanor McDonald is general chairman for the Girl Reserve Senior Farewell to be held in Riverside Park June 12 at 7:30 p.m. The program will be in the form of a farewell for the senior girls and Mrs. Lickfeldt who is also leaving, and a welcome for the new adviser. A pot-luck supper will be served by the junior girls and the Girl Reserve Adult Council.

Plymouth Downed By Sixty Strokes

The Rock par Club journey to the hilly city of Ann Arbor to be beaten by 60 strokes, at the Municipal Golf Course Tuesday, May 23, in a very one-sided meet against the Pioneers' second team. Mr. Stadtmiller, the Plymouth coach, played a round with Rodger Kessler, captain of the Ann Arbor High School team, and the Ann Arbor coach, but was happy for he golfed a very good game.

CAN GET ONLY PART OF CANNING SUGAR

Only half of the annual allotment of twenty pounds of canning sugar per person will be granted through July. This announcement was made this week by the Plymouth War Price and Rationing board on the basis of new instructions issued by the Office of Price Administration. It was pointed out that many persons who receive their entire allotment of twenty pounds at one time will use that up, and then want more. But there is no more. That's all the sugar there will be this year, no matter how many fruit trees or anything else a person may have. Twenty pounds per person. And so, the benevolent government is taking care of how a person uses his sugar, and incidentally of course requiring an extra trip to the ration board. AF-

ter the ten pounds have been issued for use during May, June and July, a person may get an additional ten pounds beginning August first.

APPLYING NOW FOR WINTER FUEL OIL

There is no question about the rationing of oil during the coming winter for heating purposes. Application forms already have been ordered by the Plymouth War Price and Rationing Board. These forms have not yet been received, but in a matter of a few weeks, all should be in readiness for the oil rationing work. There are no reports as to whether more oil will be available during the coming winter, but it is unlikely.

Defending Our Homeland and
Our Liberties.

"TOO MUCH EXCITEMENT ON SOME MISSIONS"

One can read much between the lines of letters from "Our Boys" who are in the thickest of the conflicts overseas. From Frank Konzenski came a letter to The Mail the other day in which the censor had deleted a few words, but left enough to let it be known that Frank had seen plenty of action.

"Our missions take us many miles and we find lots of excitement, even too much at times. I would like to give you the details of - - - day and mission. But it is impossible. I regret very much losing a good buddy. We were operating together, yet he was with another outfit," wrote Frank.

"Spring has arrived in Italy and the country is covered with flowers. Peasants go on with their plowing as if there was no war at all" wrote Frank.

"We are now very busy and all hope that we can soon knock the h - - - out of them."

"Will you say hello through The Mail to all the folks in Plymouth and tell them to keep the wheels rolling. Haven't much to say but we all pray that God will see that we soon meet again."

He adds a note that he has "covered Roumania, Austria, north Italy and vicinity."

RAY HARRISON SENT TO KEESLER FIELD

As a reward for his excellent marks on army aptitude tests, Ray Harrison of 42444 Hamill avenue, has been enrolled in Keesler's Field's B-24 Liberator bomber mechanics school. At this place, Private Harrison will undergo a rigid 17 weeks course and upon its completion will be ready for active duty. He has been in Florida for a considerable period. Keesler Field is near Biloxi, Mississippi.

HE'S NOW LIEUTENANT COLONEL IN ENGINEERS

Frank Reafsynder, who keeps the newspaper press in the office of The Plymouth Mail going round and round, has just received word that his son who is with an army engineer combat outfit somewhere overseas, has just been promoted from major to Lieutenant Colonel Reafsynder. The young man has been overseas for sometime, but just where Lieut. Col. Reafsynder is located, his father has not been advised, but he believes he is in England. The army officer sent congratulations to his father upon his recent marriage to the former Mrs. Alsbro of Northville road.

BEGINS TRAINING AS AVIATION CADET

Robert Leslie Daniel, son of Mr. and Mrs. Leslie I. Daniel of 11401 Melrose, Rosedale Gardens, has begun training as an aviation cadet at the army command school at Yale University. His training will prepare him for technical officer in communications and upon the successful completion of his work, he will be awarded a commission as second lieutenant.

JAMES E. LUKER MAKES THE GRADE

Recognition as eligible to qualify for the petty officer rate of electrician's mate third class came to Bluejacket James F. Luker, 18, husband of Pauline Luker, 34429 Plymouth Road, during recent graduation ceremonies at the Naval Training School (electric) at the St. Louis, Missouri, Naval Armory.

HELPS TO MAKE LANDSCAPE BEAUTIFUL

An interesting story comes out of England about the work of one of Uncle Sam's engineering outfits that is doing much to make surroundings more attractive for soldier boys who go to the army hospitals. In one of the engineering outfits especially mentioned is Sergeant Leland F. Card, 924 Church street, of this city. The army bulletin sent to The Mail states that frequently hospitals have been built on barren spots. Almost overnight this engineering outfit has "dug in" and transformed the surroundings into beautiful places. Even landscape experts have been amazed at what these boys have done during their spare time.

BECOMES FIELD ARTILLERY SCHOOL FACULTY MEMBER

First Lieutenant John D. Kalmbach, son of Mr. and Mrs. Raymond Kalmbach of this city, has been assigned to the staff and faculty of the field artillery school at Fort Sill, Oklahoma. He is a former student of the Michigan State Normal at Ypsilanti and was commissioned an officer in August, 1942.

ENTERS NEW TYPE OF MILITARY SERVICE

From somewhere in England comes the news that Private Kenneth E. Wolfe has recently received a short orientation course, designed to help newly arrived army force soldiers prepare for a new kind of life in a combat zone. Private Wolfe was given a complete course in the English monetary system and the way people live in a new country. He will in turn become an instructor among American troops. His wife, Mrs. Rita Marie Wolfe, is at present living at 7236 Jonathan avenue in Dearborn.

"IT'S A PIECE OF HOME OVER HERE"

"Our Boys" hit upon unique but most appropriate terms to express their thoughts now and then. In a brief note from John R. Conner, Jr., who is now somewhere overseas, he says The Plymouth Mail is now arriving regularly. "You have no idea what a little piece of home means to me out here."

THREE FROM PLYMOUTH IN NEW CADET CLASS

Three Plymouth boys, William L. Keefer of 792 Forest avenue, Robert E. Scott of 1302 Maple street and Homer G. Wixson of 32718 Five Mile road, have recently been accepted for the pre-flight classes at San Antonio Aviation Cadet Center. They will train as pilots, bombardiers and navigators.

THERE'S NOTHING LIKE GOOD OLD MICHIGAN

Corporal William Clark, writing from down in Texas, declares that "people can say all they want to about Texas, but as far as I am concerned, there is no place like Michigan. Good old Michigan is tops of everything I have seen." He writes that his outfit has been doing a lot of changing around, but he is still assigned to the B-24's and helps to keep the big guns of these fighting forts in perfect condition.

CARL HELM WINS GOOD CONDUCT MEDAL

Technician Fifth Grade Carl Helm, whose home is out on R.F.D. No. 1, is one of 87 enlisted men of one of Uncle Sam's railway operating battalions now training at Fort Benning, Georgia, to have been awarded recently the good conduct medal. That means by his efficiency and character he is now rated as an "excellent" soldier by his officers.

HE'S BAKING FOR THE PACIFIC FLEET

Corporal Earl E. Wilson, from somewhere far out in the Pacific, writes that he is now a baker and cook on a navy vessel. "I like my work very much, and I like to get The Plymouth Mail, even though they are sometimes weeks late," he says. "Haven't run across any Plymouth boys so far, but you may know I'd like to see some one from home. Glad to read about how the Plymouth folks are doing so much for the war effort."

LOCATED NEAR SOME BIG CITY IN INDIA

"As you know by this time, I am overseas, located near a big city in India," said Steve Dely in a letter to "Our Boys" column the other day. "Before being assigned to this base, I traveled over a big part of India and in my opinion this city is the best of them all. There are theatres, restaurants and even ice cream parlors. I consider myself lucky but in a way feel guilty when I know what so many of our other fellows are going through."

HE'S NOW ON AN ISLAND. BUT WHERE'S THE ISLAND?

Owen Gorton, who is with one of the navy's air squadrons, has written "Our Boys" page about a change of address. "We got orders to move. And here we are on an island, with nothing here but the island. The base is a fine one, with everything we need. Maybe I'll get back to San Juan once in a while where I can see Doug Lorenz" wrote Owen.

PETTY OFFICER RATES FOR PLYMOUTH BOYS

Recently at the graduating ceremonies at the Naval Diesel Training school at Iowa State college in Ames, Iowa, Robert V. Lindberg, 297 Liberty street and William Everett Bell, who resides on R.F.D. No. 2, were promoted to the petty officer rates of motor machinist's mates third class. They are now awaiting active duty orders.

RAY KEARNEY WRITES FROM WEST COAST

Ray Kearney, well known Plymouth lad who is now in Uncle Sam's navy and at present stationed in San Diego, California, writes to "Our Boys" page of his sorrow over the news of the report that Bud Donovan is missing somewhere in the Pacific.

"We worked together and we had a great deal of fun together. He was a mighty fine fellow. I am praying that he will be found and come back safely. It seems that the fellows who made other people happy at home, who never had an enemy and were always willing to help a fellow out, are the ones to die first. They will never come back to have the grand times they once knew," writes Ray.

"To his parents I wish to extend my deepest sympathy about the news of your son Bert, who was my friend. Thanks for The Mail. Keep it coming."

**Award State's First Mariner's Medal
To Parents of Lost Plymouth Boy**

The first Mariner's medal to be awarded to a Michigan member of the Merchant marine, who lost his life in that service during the war, was awarded last week Wednesday morning at 11 o'clock to Mr. and Mrs. J. Irwin Hadley, 601 Evergreen, on behalf of their son, Able Seaman Charles H. Hadley.

The little living room was crowded as Lieut. E. C. Phillips of Cleveland entered to present the medal. In addition to Mr. and Mrs. Hadley there was Rupert Hadley, a brother; Fred Hadley, a cousin; Mrs. Emma Foster, his grandmother, and Mrs. Edith Hadley, an aunt, who also has a son in the merchant marine; Frank Terry, who employed Charles before he entered the service, and Mrs. Hadley, and Mrs. Jack Cover and Mrs. Harold Underwood.

Just as a clock in the room chimed 11 o'clock, Lt. Phillips rose to his feet and turned to Mrs. Had-

"I believe you are to receive the medal," he said.

Tears streamed from her eyes, and she replied:

"You'd better give it to his father."

Lt. Phillips then handed him the medal, awarded for gallantry and the highest service which can be rendered for his country.

And then, Lt. Phillips read the following citation, which accompanied the medal:

"Dear Mrs. Hadley:

"By authority of the Congress of the United States, it is my honor to present to you, the mother of Able Seaman Charles H. Hadley, the Mariner's Medal in commemoration of the greatest service anyone may render cause or country."

Able Seaman Hadley was lost when his ship, the SS ARTHUR MIDDLETON was torpedoed and sunk by the enemy January 1, 1943. He was one of those men who today are so gallantly upholding the traditions of those hearty mariners who defied anyone to stop the American flag from sailing the seas in the early days of this republic. He was one of those men upon whom the Nation now depends to keep our ships afloat upon the perilous seas—to support our troops across those seas; and to carry to them the vitally needed material to keep them fighting until victory is certain and liberty secure.

"Nothing I can do or say will, in any sense, requite the loss of your loved one. He has gone, but he has gone in honor and in the goodly company of patriots. Let me, in this expression of the country's deep sympathy, also express to you its gratitude for his devotion and sacrifice.

"Sincerely yours,
"E. S. Land, Administrator."

**Cuts Spending
in Farm Homes**

Recent changes in War Production Board regulations regarding construction of homes has resulted in confusion, especially in farm construction, H. J. Quilhot, manager of the War Construction Section of the Detroit Regional Office of the War Production Board, said today. Under a new interpretation construction on a home, including a farm house, cannot exceed \$200, he said.

"Under previous interpretations a farmer was entitled to spend \$1,000 a year on new construction. He could use that \$1,000 on a home, on his barn, in fencing or any way he chose. Now, however, this regulation has been changed, and while the farmer is entitled to spend \$1,000 a year on his farm, only \$200 may be spent on his home.

"The WPB has recently defined a farm as a place used primarily for raising crops, livestock and poultry for the market. This eliminates Victory gardeners or others who do not raise market crops or stocks. It is wise for anyone planning any construction to consult the nearest WPB office to determine whether a permit is required."

Mr. Quilhot cited several recent cases in which farmers had proceeded with erection of homes, using building blocks and other non-critical materials. After construction had started they applied for priorities for nails, wiring and other items, only to find that permission to build must be obtained even when non-priority materials are used.

"It should be distinctly understood," he pointed out, "that cement blocks as well as all other new material and labor requiring a cash outlay are included in the cost limitation, and no priority assistance can be given to anyone starting construction in violation of WPB Regulations."

**Your Next
Detroit Edison
Bill**

-will look like this

YOUR Edison bill will soon begin to come to you in post card form.

**SIMPLE,
CONVENIENT,
PRACTICAL**

It will be simpler — easier to read — a convenient size — and more practical in several ways. It will be small enough to slip into your pocket. With all its advantages, it will also help the war effort.

**SAVES PAPER,
MANPOWER,
TRANSPORTATION**

For one thing, the new bill will save paper. Envelopes are eliminated, and this saves 25,544 pounds of paper a year. In addition, the new post card bill will save manpower and transportation.

This is a wartime emergency measure. But we are sure you will like the new bill for its own good features—even without the paper and manpower saving it makes possible. It is a good method that has been tested and proved. People like it.

We believe you will, too.

**THE EDISON COMPANY

**Not Too Late To
Plant Gardens**

Victory gardeners should not worry too much about the weather.

Admittedly the weather hasn't been of the best, but then Robert Jolliffe, director of victory gardens in Plymouth pointed out that last season was later than this one because of the wet weather.

About the only vegetables which cannot be planted this late are peas, and persons who planted peas the latter part of May last year had a good yield.

Altogether, Mr. Jolliffe expressed himself as well pleased with the victory garden program in Plymouth this year.

He said there are more gardens this year than there were last year, and that there seems to be as much or more interest.

"That is a fine thing," he said. "Despite the fact that rationing has been lifted from some vegetables at this time in order to get rid of last year's crop, we must remember that the surplus food at the present time is the direct result of the victory garden program of last year.

"We must remember that planting of seeds does not make a garden. In a wet year like we have had this spring, it is essential that weeds be kept out of the gardens. That is urgent. The weeds can eat up the plant food which is in the soil."

And he pointed out that within the next few weeks, it will be necessary for gardeners to spray their plants to keep worms and other garden pests from destroying the crop.

**NOT ENOUGH TIRES
TO SUPPLY DEMAND**

The Plymouth War Price and Rationing Board received 150 more applications for new Grade 1 tires during the first 15 days of May than the board had available for distribution during the entire month. Most of the applications came from Kelsey-Hayes where workers usually drive long distances to get to their work. Most of the Kelsey-Hayes employees live in Detroit, but their applications for all types of automobile rationing come through the Plymouth board.

Aid is Given To A Hospital Patient

A number of Plymouth residents opened their hearts and pocketbooks a few days ago to help a neighbor who has been a patient for many months in the University of Michigan hospital. It all came about as the result of an appeal made in a letter to The Plymouth Mail by Andrew Niedospal, who has undergone several operations at the hospital. He made a plea for some one to

donate blood for a transfusion. Mr. Herring of 419 North Main street made that donation. Those who helped to make up a small cash contribution for the sufferer were Mrs. A. Schoof, Dick Demosey, Clayton Parmenter, Guy Mudge, William Coughlin, Art McConnell, Leroy Crites, A. Rodman, Mrs. Andrew Mosher, Albert Ackerman, Millie Thorpe, Roy Thorpe, Del Lauik, O. Smith, J.C. Farris, James Gray, Mrs. Wood, O. LaRoche, William Wheeler, Charles Wilski, Mr. Johnson, Robert A. Smith, Melvin L. Vickstrom, U.S.N., Mr. Wheeler, Bert Gray, George Shetterloe, Mr. Savage, Lee McConnell, Harold Carson, Raymond Curtis, Nellie Fisher, David Gearns, J. D. McLaren, Fred Lute, Homer Williams, A.N. Pankow, Vern Hitt, George Fischer, Joe Dean, Clarence Pankow, Bert Knapp, Eliaa Felton, A.R. West, C. L. Cowgill, N. Atchison, E. Rotnour, Roy Woodworth, Mrs. Fred Bower, Emmett Moyer, Mrs. Charles Lute and two or three anonymous contributors.

Finds Poetry in Jail Cell
Poetry is born in funny places. It can come from the soul of a man as he sits on a fence overlooking the barn lot; or by the fisherman along a winding stream. Or it can come in a jail cell. A Plymouth city official is now the owner of a piece of poetry written on the back of a sack by an inmate of the city lockup. City workmen discovered the poetry behind some plumbing in the jail one night a week ago. The poetry was unsigned, and there is no certainty by whom it was written. Chief of Police Charles Thumme suspects who the author may be, but he can only suspect. There is no proof. It was written in ink on the back of a sack in which prisoners had carried some food to the prisoners. At any rate, it explains how the prisoner felt—a derelict who realized his transgression. As poetry goes, it isn't bad. It reads: Behind these gray cold bars of steel With thoughts of home, how lonely I feel—I have sinned against those whom I love, Anguish and sorrow—Please Father above. Show me your guidance, the righteous path So I can feel other than fellow man's wrath. I can see now, Oh how clearly I see Man's greatest blessing is just to be free To walk in the sun, head held high, Enjoying the things that money can't buy. Alone in this cell my thoughts seem to stray But never beyond those steel bars of gray. I think of my home, everyone so gay, Thank God they can't see me here today. My mother would cry, saying "he's not really bad" Just strayed from the fold and the home he had— The authorities tho they're kind men indeed Would say we're not judging the man but the deed— The dancer must always the fiddler pay, And 'tis my own fault I'm here today.

Big Wild Duck Crop in Sight
Members of the Western Wayne County Conservation club will be greatly interested in the report that higher water levels should result in more ducks being raised in Michigan this year. Dr. M. D. Pirnie, director of the W. K. Kellogg bird sanctuary at Wintergreen lake in Kalamazoo county says, however, that fewer mallards are nesting there now than during any of the preceding 12 seasons. Many new ponds now are competing with waters which were especially attractive to waterfowl during the drought years, due to the high water level. Five pairs of swans are nesting

now on the sanctuary, three of the Whooper Swan (yellow and black bill), and two of the Mute Swan (red bill) species. The baby swans (cygnets) will have hatched by the end of May. Now that the swan flock is growing larger, some of the young birds are left full-winged, not pinioned or clipped. At present there are four "fliers" among the 30 white swans at Wintergreen lake. Flight speeds are up to 60 miles per hour and take-offs and landings, usually in water, are spectacular sights, worth waiting for with cameras. No exhibit seems able to com-

pete with the noisy but popular peacocks which have their pictures taken more times than all the other birds put together. The "fan-dance" season of the blue peacock is at its height now and continues until the end of June. During July, peacocks start shedding the eye-spot feathers of their trains. Another seldom-seen exhibit is the Sandhill Crane. The sanctuary is open to the public, as usual, and for camera fans no time of year is better than the present, or approaching days when baby swans have arrived.

WHY telephones are hard to get

For a long time, almost all new telephone apparatus that could be made has had to go to the Armed Services. . . . Factory space and manpower cannot be diverted to make equipment for civilians.

Despite all that, since National Defense got under way in 1940, Michigan Bell has added close to a quarter of a million telephones. That was made possible only by using up all our reserve equipment and by stretching to the limit the facilities we had.

We've crowded our switchboards and cables beyond their normal capacity. Where any residential service could be

supplied, we've usually put in party lines instead of individual lines. And we've repaired and returned to service all usable old apparatus.

Orders for telephones essential to the war are filled promptly. Other requests for new service are handled under a definite procedure, as present users give up service. But there is a long and growing waiting list.

We believe you would want us to meet war service needs ahead of comfort and convenience for civilians. And we appreciate your understanding and co-operation.

Babson Says - -

Babson Park, Mass., June 2—With Lend-Lease commitments approaching in value \$25,000,000, it would seem that our financial backing of our Allies in terms of war materials, food and other items is reaching a maximum. Reverse Lend-Lease will provide a small credit against the final sum. The export of armaments may decline from here on; but shipments of food, clothing, building materials and other items for civilian rehabilitation will increase as more territory comes under Allied Government.

Already plans are being formulated for the disposition abroad, after the War, of surplus U. S. motor equipment. Similar plans will be devised for the gift or sale of other war equipment adapted to civilian use. As in the case of France after World War I, nations allied with the U. S. A. in World War II, as well as the smaller countries first to feel Hitler's blow, will profit greatly from our Government's generosity.

I believe we are safe in assuming that U. S. Foreign Relief after the War in terms of adaptable or reconverted war materials, in food, clothing, Red Cross Aid and Government grants, in cash plus loans and credits will reach additional astronomical billions. It may total as much as Lend-Lease does today. Furthermore, as the U. S. will perhaps be the only Allied Nation untouched by the physical damage and misery of the War, we will rightly be expected to bear the major part of the over-seas postwar repair bill.

The first stage of relief will be feeding and sheltering of the homeless and starving people of Continental Europe. Both present friends and foes may be included in this group. This, however, is quite different from making capital investments abroad. Perhaps some years after the War, when the necessities of rebuilding the entire world's economic structure become more clearly defined, U. S. investors may have a part to play. However, in the immediate postwar period, our help should constitute outright gifts or sales of materials at cost. The investment of capital should for the present be avoided.

In the course of a lifetime of supervising investing, I have, at one time or another, seen my clients own all kinds of foreign securities. These have consisted principally of governments, municipalities and utility bonds. I have also seen them own foreign railroad and mining stocks. They have ranged far afield to Germany, Russia, Japan, Mexico, and the Latin-American countries. As I look back over these experiences, I doubt if they ever netted a dime out of their foreign holdings. Hence, I have concluded it is far better to have readers' funds invested in this country where at least the investor can visit the physical properties and get acquainted with the management and—in case of trouble—have the benefit of U. S. Courts.

Air transportation, the acquaintance of millions of service men and women with foreign customs and places, inter-marriages and the handing out of millions of U. S. consumer products will tend to break down the barriers of race, language and religion. But for many years I am afraid that Uncle Sam may be looked upon as a Santa Claus or as a senile old man who foolishly risks his money abroad but who will be too proud or too feeble to insist upon adequate return for his support.

Our Government and our people should not become hopped on the idea that we should become the outstanding leaders in world affairs. Destiny has called us to play a decisive part in World War II, but we should not consider it as a permanent job. Washington has had a lot of New Deal experience with out-and-out relief; but Washington knows nothing about the investment of capital. Such foreign investments should now be resisted as we would resist the plague.

It further is entirely possible that after 1949 we may have some years of severe depression which will require all of our resources to overcome. As Congress is now fast draining our own industries of working capital, they will soon require all of our accumulated savings. U. S. unemployment and the fulfillment of civilian requirements will also require vast amounts of money. Hence, I trust that a little Yankee common sense may prevail and that we may not entirely expand our heritage! One thing more: EXAMBLE IS MUCH MORE POTENT THAN PRECEPT. IN THE LONG RUN WE CAN DO THE WORLD THE MOST GOOD BY HITTING OUR OWN ACCOUNTS IN ORDER THIS WILL NOT BE A SELFISH THING FOR US TO DO, BUT IT WILL BE FOR THE GOOD OF THE ENTIRE WORLD TO SEE ONE NATION RUN HONESTLY, INTELLIGENTLY AND EFFICIENTLY WITH JUSTICE FOR ALL AND FAVORITISM TO NONE.

25 Years Ago

News items of a quarter of a century ago taken from the files of The Plymouth Mail.

The home of Mr. and Mrs. Oscar Curtis on Mill Street, was the scene of a delightful wedding last Monday evening, when their daughter, Dora, became the bride of William F. Hayball of Detroit. The bride's twin sister, Flora Curtis, was bridesmaid.

Mrs. E. N. Passage returned home Monday, after a two weeks visit with her daughter, Mrs. Corbushley, at Sandusky.

E. C. Hough and family have been moving into their new home in Elm Heights, this week.

Mr. and Mrs. Fred Schiffler and daughter, Mrs. Albert Reddeman, went to Ann Arbor Wednesday to visit the former's son, Will, and wife. Robert Schiffler, who has been spending several weeks with his grandparents, returned to his home with them.

Little Vaughn Taylor and William Frisch were taken to Harper hospital Tuesday where they underwent an operation for the removal of tonsils and adenoids. Both children are getting along nicely.

The dance which was given in C. E. Smith's new barn at Livonia Center two weeks ago was successful, and it was decided to hold another one at the same place, next Saturday evening.

Born to Mr. and Mrs. Robert Bulman of Salem, a nine-pound boy, Sunday, May 25.

The Children's Carnival given by the Underwood Dancing Academy, under the direction of Mary Mace Underwood, at the Penniman Allen auditorium, last Tuesday evening was a most enjoyable affair. The following program was given: Dance of Greeting, June Jewell and Virginia Giles; Minuet Glide, Margaret Goyer and Barbara Bake; Playfulness, Carrie Gorton and Naomi Galpin; The Peerless, Marguerite and Clifford Wood; Bubbles, Doris Whipple and William Bake; Seaside, Virginia Dodsley and John Gillis; A Little Sunbeam, Marguerite Wood; College Waltz, Julia and Catherine Wilcox; Spanish Waltz, Janet and Doris Whipple; A Butterfly, Janet Whipple; Scarf Dance, Virginia Dodsley; Tambourine Dance, Thelma and Rhea Peck; Grace, Evelyn Schrader, Barbara Bake and Julia Wilcox.

KIWANIANS HEAR OF POST WAR PROBLEMS

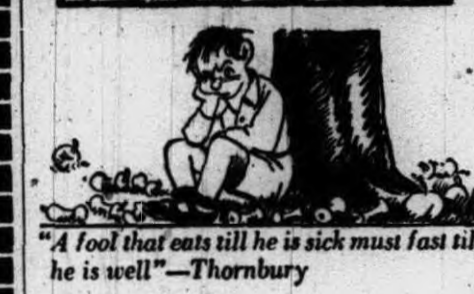

The Plymouth Kiwanis Club had for its speaker Tuesday evening, May 23, the Rev. Lawrence Taylor, pastor of the Garden City Methodist Church. Rev. Taylor gave a very interesting talk on Post War Planning, emphasizing the fact that we have so many varying attractions which leave us in doubt as to the real path to follow, and suggested that we first of all make up our mind what we want. Have a definite aim, with the strength, courage and confidence in ourselves to carry the plan through successfully.

VICTORY'S SONS

CURT order came to Major General William Rupertus. He was to organize the Marine units in the area for an assault on the Solomon Islands.

"Despite the comparatively short time afforded him to organize his command," says the citation accompanying his Navy Cross, "he quickly assembled a provisional staff... and with their aid, his forces landed on Tulagi, Gavutu, and Tanabogo, British Solomon Islands, and successfully assaulted a series of strategically disposed and strongly defended enemy positions. Personally conducting the operation and exposing himself to enemy fire whenever necessary, he displayed exceptional courage and cool determination which served as an inspiration to the officers and men of his command. His bold and judicious decisions, and his high professional attainments contributed effectively to the success of our operations, and were in keeping with the highest traditions of the United States Naval Service."

General Rupertus, who has been in the Marines since 1913, has served in many campaigns, and won many distinctions. Among them are, the Victory Medal with Grand Fleet Clasp, 1918; Haitian Distinguished Service Medal, 1926, and the China Service Medal, 1938.
