Weddings

Smith - Fraleigh. Dolores June Fraleigh, cadet nurse at Ford hospital, Detroit, daughter of Mr. and Mrs. Glenn Fraleigh, Gold Arbor road, Plymouth, was united in marriage Saturday evening, December 9, to Lt. Robert L. Smith Jr., son of Mr. and Mrs. R. L. Smith, of Canton Center road, at a service performed at 8 o'clock by the Rev. Bechtel, in the Calvary Presbyterian church in Detroit, before an altar banked with palms and lighted tapers. The bride wore a gown of cream faille with a sweetheart neckline and long full skirt. Her fingertip veil was of tulle, and she carried a bouquet of white carnations and carnemillions.

Nan Jensen, of Birmingham, also a cadet nurse at Ford's hospital, was maid of honor, wearing a pale green satin and chiffon gown and carrying red roses. The bridesmaids were Sally Fraleigh, sister of the bride; Marvella Smith, sister of the groom; and Minerva Maurer, cousin of the bride. All wore pale blue satin and chiffon gowns, and carried pink roses.

The bestman was Harold Wilson of Plymouth, and the junior ushers were Marvin Smith, brother of the groom, and Robert Maurer, cousin of the bride. Mrs. Fraleigh wore a dress of pale blue wool with a corsage of gardenias. Mrs. Smith wore black, and a corsage of gardenias. Mrs. Robert Lidgard of Plymouth, sang "Because," and another song adopted from Tschalkowsky's piano concerto.

A reception with 125 guests present from Detroit, Plymouth, and Birmingham was held at the home of Mrs. Manuel Mendez, 2923 Northlawn, Detroit, an aunt of the bride. The happy couple received many beautiful gifts. After a short honeymoon, Lt. and Mrs. Smith will live at Fort Smith, Arkansas, where the groom is stationed at present.

Obituaries

Mrs. Rose Burger. Mrs. Rose Burger who resided at the home of her son, William at 31670 Schoolcraft road, Livonia township, passed away suddenly Saturday afternoon, December 9th at the age of 85 years. She was the widow of the late Charles Burger, and is survived by two sons, Edwin and William, both of Livonia township, seven grandchildren, one brother, William Trinkaus of Detroit and one sister, Mrs. Catherine Burger of Detroit. Other relatives and friends survive. Mrs.

Burger was brought to the Schrader Funeral Home, Plymouth. Funeral services were held Wednesday, December 13th at 10 a.m. at St. Michael's Catholic church, Rosedale Gardens. Rev. John Conway officiating. The active pallbearers were Messrs. Alfred Hawley, Charles and Fielder Schafier, Warren Hoffman, Lloyd Trinka and Fredrick Zimmerman. Interment was in Holy Sepulchre cemetery.

Hit-Run Driver

(Continued From Page One) struck Cline. Chief Sackett is anxious to talk to the drivers of the other two cars and asks that they either call him at 93 or come in to see him in the City Hall. Brown said the car appeared to be a business coupe but he failed to notice either the make or year model or the license number, being so intent on getting Cline off the tracks. Chief Sackett found some pieces of the hit-run car's headlight, which are an important clue. They indicate the car probably was a 1937 to 1939 model Dodge or Plymouth.

He has asked that all garages, second hand, and parts dealers be on the lookout for any such car seeking a Corcoran-Brown seal-beam headlight. A teletype was sent out to all police departments in the State Police, the Detroit Police auto squad and the Wayne County Sheriff's office are aiding in the search for the driver. Sackett said he has several lead leads and points out that it will go much easier with the driver if he voluntarily surrenders.

The accident was the first personal injury mishap in about three weeks, Sackett said.

Plasma Labels

(Continued From Page One) December 7 was the date chosen to inaugurate the plan, not only in honor of the men who gave their lives during the attack on Pearl Harbor, but also because it was at Pearl Harbor that blood plasma first saved hundreds of lives. During the first 24 hours, more than 750 pints were used. Since then, thousands of wounded soldiers and sailors have been given a new lease on life because someone back home took time out to donate a pint of blood. Today the need is greater than ever before. As our armed forces advance more donors are needed.

CHRISTMAS TREES

Big Selection of Fresh Cut Spruce and Balsams Next to the Ford Garage at 470 S. Main St.

It would be impossible to think of a finer Christmas present than the donation of a pint of blood in honor of a man who must spend his Christmas fighting overseas. In the processing laboratories plasma from many donors is mixed and the plasma in the package is pasted may not necessarily contain any of the plasma procured from that particular donor's own blood. Inscribe a label in someone's honor does not mean that the donor's blood goes directly to that person as plasma is not shipped to individuals but to the Army and Navy medical officers who administer it to any wounded man who may need it, often right up in the front lines. The labels will be brought to Plymouth when the Red Cross mobile unit comes to the Masonic Temple, Thursday, December 21, from 3:00 to 7:15 p.m. Register at once at the City Hall, Beyer's Pharmacy or Telephone 252-W.

In 1163 A.D., several hundred refugee Jews started a colony in Kaifeng, China, where their descendants have lived unmolested and in peace to this day. Since the sixteenth century, these Chinese Jews have intermarried so extensively with the Chinese that, today, they have not only lost their original racial characteristics but have long ceased to follow the law and religion of Israel.

YOU SHOULD TRY WOLF'S

FOR A Merry Christmas DINNER

Our store has made arrangements to care for every need you may desire for your Christmas season. Our buyers have put forth every effort in the last month to procure the food stuffs that are so hard to get—at the same time guaranteeing our standard of quality first. We can assure you that if you cannot find the things you want here, you will be unable to procure them anywhere else. We know there is a scarcity of many food items, but our large buying power has made it possible to hit the "near mark."

Again we take the opportunity of promising you that we are making every effort to get just what you want for our meat department. We were a little late before Thanksgiving for your poultry desires, but we came through and took care of all our customers who desired a turkey. You know our meat department always handles the choicest cuts of meat, that's why we are doing such a good meat business at all times. If you're not already a customer here, come in and discover for yourself why Wolf's Meat Counter is such a busy place.

What is DAISY Doing?

This is a fair question and one frequently asked by our Plymouth friends. Here is the answer, briefly presented for our neighbors in the community of which we have been a part for sixty years.

WHEN Daisy peacetime production was interrupted in 1942, our facility was immediately placed on file with all Government procurement agencies. Since that time equipment and personnel suited to the job have been busy on war work classified as both prime contracts and sub-contracts. In addition, we have manufactured a limited quantity of two wooden play guns: the Daisy COMMANDO and the Daisy CHATTERMATIC.

It is a privilege to be a part of our Country's war effort and we are glad we are able to make a contribution. We are proud to report that, by maintaining Daisy

standards of quality, we have been able to meet and surpass the exacting specifications that make United States war materiel the best in the world.

We are proud too of the toys we have built with non-critical machinery and material. In the face of extreme wartime difficulties we have continued to give our young customers good value.

We look forward eagerly to the end of the war and what it will mean to the people of world. We look forward to the time when we can welcome back the folks, new fighting on the battlefields and production lines, who helped build and maintain the Daisy tradition of good workmanship.

In a spirit of hopefulness for a speedy victory and a lasting peace, we extend to you the **Season's Greetings!**

Lyndon Would Grade Potatoes

Ford Lyndon, of the Perfection Sprinkler company of Plymouth, is a great believer in potatoes. In fact, he believes in potatoes, because he sprinkles 'em and makes them grow into big potatoes.

He claims—and has plenty of proof—that through his sprinkler-irrigation system he is able to increase potato production from around 100 bushels to over 600 bushels per acre.

Michigan's total potato crop of 19,250,000 bushels for 1944 is somewhat below the 10 year average of 23,765,000 bushels, but with good growing conditions to finish the season, after the terrific dry summer weather in southern Michigan, has resulted in a quality crop, states Charles Figy, Commissioner of Agriculture.

The consumers regard for the crop is best judged by the car movements or truck equivalent to date. Records show shipments exceeded last year, by 500 carloads. A year ago to date, Federal State inspections showed 3109 carloads while this year 3628 carloads have been inspected according to Miles A. Nelson, director of the Bureau of Marketing and Enforcement.

The northern part of lower Michigan and the Upper Peninsula were fortunate in receiving more rain than other areas and as a result have the largest yields on record which is usually associated with a better quality product.

In several places in this area producers and shippers are shipping their well graded potatoes in 15 pound packs, a rather new program in the state.

Mr. Lyndon is also in favor of a new grading law in Michigan. He can't see any reason why Maine and Idaho potatoes should sell in preference to Michigan potatoes.

"But it's all because in those two states they have grading laws which make it necessary for potato growers selling on the market to grade their potatoes higher than we do here in Michigan. That's why potato consumers in Michigan buy Maine and Idaho potatoes instead of Michigan potatoes," said Mr. Lyndon.

Girl Scouts Aid Salvation Army

The Girl Scouts of Troop 6, with Mrs. Dobbs as leader, are collecting toys to be given to the Salvation Army.

Nineteen of these same girls recently went on a hike to Northville.

Twenty kits for servicemen were filled by the members of Troop 1 under the direction of Mrs. Root and Mrs. Stevens. The troop is planning a progressive dinner to be held Saturday, December 16th.

Christmas gifts will be exchanged at the Christmas party which Troop 3 are holding at the Presbyterian church on December 20th. The Patrols are in charge of the entire party. Mrs. Arcsott and Mrs. Lloyd are the leaders.

Refrigerator For South Lyon

St. Clair Hamlin of South Lyon has his building on Lake street in South Lyon in condition to begin the actual installation of the 400 refrigerated lockers which he plans to install.

Before he can secure the necessary priorities for the cork insulation and the several refrigeration units necessary for the plant, he must obtain one year leases for 60 percent of the lockers to be installed.

He has the printed forms for the leases, and is busy signing up the required number.

Hamlin is ready to go ahead the minute he gets the 60 percent signed up. He says the locker plant should be in operation within several weeks after he places the order for the materials.

He will offer all the services which go with an up-to-date refrigerated locker service, including cutting up, packaging meat, and storing it away in sizes determined by the owner.

Plymouth was one of the first places in this part of the state to have a refrigerated locker, Dave Galin of the Purity market having erected one some four years ago. He has twice had to expand its capacity and if he could secure the necessary equipment, he would make another expansion.

New Auto Plates Reach Plymouth

The 1945 supply of full year auto license plates has arrived at the Plymouth Secretary of State office, Frank Rambo, manager, announced today.

The new plates, black numerals and letters on a silver background, will go on sale on Tuesday, January 2, the same date as the 1944 plates went on sale. Half-year plates will be put on sale at a later, and as yet unannounced date. One plate per vehicle, to be displayed on the rear, will be issued again next year as this.

Three series of passenger plates have been received at the local office, the first number to be issued being R1701. About 7,000 licenses have been sent to Plymouth for sale in this vicinity.

The local manager pointed out that owners of cars can avoid considerable confusion and save considerable time by obtaining their plates during the first few weeks of the year.

Despite the dominance of political parties in this country, thousands of local public offices are filled today in nonpartisan primaries and elections. California, North Dakota and many other states vote for all judicial and local officers without the use of party designations, while Minnesota and Nebraska also choose members of their legislature by this system. Moreover, 1,248 of our 2,033 cities with over 5,000 population elect their councilmen on nonpartisan ballots.

Double Quartet
In Big Demand

The popular "Girls' Double Quartet at the High School, under the direction of Music Director Clarence A. Luchtmann, is in quite big demand lately.
 Thursday night the girls gave a one-hour concert for the Rosedale Civic Association, sponsored by the Rosedale Women's club, in the Rosedale Community Hall.
 They also will sing at the Eastern Star Christmas party, December 19 in the Plymouth Masonic Temple, in another of their many engagements on a well-filled schedule.

Michigan's state park system was established for the purpose of providing places for public recreation and the preservation of natural beauty and places of historical interest.

Boy Scouts Given Awards

The details of the program of the Court of Honor held by the Scouts of District 7 in the Plymouth High School on the evening of December 7th were not complete enough to report last week. But now it can be told. This program was the 36th held in this area by the district as a whole since its founding fourteen years ago. There have been courts where more advancement awards were distributed and the room was more crowded, but few more impressive. As usual when the Eagle badge is being awarded the whole evening built up to a climax—the presentation of Eagle ranks to four members of Troop RG-1 of Rosedale Gardens, led by Herbert R. MacGregor as Scoutmaster.

Five trumpeters from Mr. Luchtmann's music department opened the program with a series of numbers. These boys were led by Frank Santos. After the formalities of the recitation of the pledge of allegiance and the Scout oath and law, Scoutmaster Clifton Heffron of the Stark troop showed some beautiful colored slides of the camporee held last fall by the Livonia troops in the Middle Rouge Parkway. George A. Smith, superintendent of schools, presided over the court proper at which awards including Den Chief Cords, Second Class, First Class, Merit Badges, Star and Life Ranks were bestowed. A list of these follows this article. The following men assisted Mr. Smith: Henry Hees, Cubmaster of Pack 620; L. L. Goings, Scoutmaster of N-2 at the Training School; Dr. S. N. Thams

of Plymouth; Mr. J. Johnson, Livonia Superintendent of Schools; Paul Harsha of Rosedale Gardens; Newton V. Gould, new community commissioner of Plymouth; Scouts Irwin Brink and Jean Thompson of P-2 read the requirements of each rank for the benefit of the audience. After the singing of the traditional "Trail the Eagle", the ceremony of the Eagle presentation took place. Those admitted to this rank were Bruce and Donald MacGregor, Harold Page, and Fred Weinert, all of RG-1. Sidney D. Strong, special field commissioner, was master of ceremonies, assisted by Newton V. Gould who read the citations. Sergeant Franklin Coward, AAF, former P-1 Eagle, as escort for the candidates' mothers, George A. Smith, reader of the Eagle charge and Lt. Paul Thams, AAF, former P-1 assistant Scoutmaster, who presented the congratulatory letters and certificates to the four candidates and the badge to the mothers who pinned them on their sons' uniforms. Their troop then presented corsages to the new Eagles to pin on their mothers' shoulders. The court dismissed with the Scout benediction and the singing of "Taps". An interesting sidelight to this presentation is the fact that Scoutmaster MacGregor and his wife now have three Eagles in their family, an older brother, Malcolm having received this honor in May, 1942. Mr. and Mrs. Harold M. Paue made a trip to the Howe Military school where their son is now a student to bring him to Plymouth for the ceremony, arriving a short while before the program. Fred Weinert is the son of Mr. and Mrs. Fred C. Weinert of Rosedale Gardens.

Tonight Ends The Coon Season

Maybe the coon hunting season has been good throughout the state, but it has not been so good in the Plymouth area, according to local coon hunters.

Lew Ford, one of the best coon hunters hereabouts, hasn't bagged a coon this year.

"It's not the fault of the coon, it's my dog. He's getting so old he can't get around in the woods as good as I can. It's the first year in a decade I haven't shot a single coon," declared Mr. Ford yesterday.

But reports from the state conservation department indicate that the present raccoon season which closes at midnight tonight, Friday, will be the best one in many years.

December 31 is the last day of the trapping season.

Not only are hunters and trappers taking more coons; according to reports the coons also are heavier than in other seasons.

Cass county trappers have been weighing the animals they have taken.

The coon take jumped to 71,359 last season, from a seven-year average of 29,486, and prospects are that last year's total will be exceeded by this month's take.

Game men cannot explain the apparent large increase in the coon population but they point out that it is paralleled by similar although smaller increases in fox, opossum, and mink populations. Evidently Michigan's flesh-eating animals are on the upswing of a cycle.

Vets In Percy Jones Get Boxes

Fifteen Christmas boxes, filled with all the good things that wounded soldier lads will like, have been prepared and shipped to Percy Jones hospital at Battle Creek by the girls employed in the ordnance office of the Kelsey Hayes Wheel company plant in Plymouth.

Probably no Christmas boxes that have been shipped out of Plymouth were packed with greater care than were those that went last week to the wounded boys in Percy Jones hospital.

The young ladies who packed the boxes were grateful to Joe Lippson for the help he gave them in securing gifts to fill the boxes.

Officers-Elect Of Kiwanis Meet

The Sixth Michigan Division of Kiwanis International held its organizational conference for 1945 officers-elect last Wednesday in the Mayflower Hotel with E. J. Allison, Kiwanis lieutenant governor, presiding.

The meeting was attended by 58 from this area, including immediate Past Governor Walter Ray, of Detroit; Past Gov. Claude Dock, of Detroit; Past Gov. Louis Rieman, of Ann Arbor, and Charles Cowdin, of Detroit, one of the six original founders of Kiwanis International.

Claude Dykhouse, principal of Plymouth High School, gave an interesting discussion of youth and service.

Adopted as the theme for 1945 was, "Win the War—Build for Peace."

Hunting Injury Serious One

It will be several weeks before Matt Everett, 8445 Canton Center road, will be able to leave St. Joseph hospital in Ann Arbor, it was learned yesterday.

His injuries, received in a 40 foot fall from a tree, were found to be much more serious than at first believed. Not only was his right arm broken, but his right shoulder was dislocated, his neck injured and he received a severe scalp wound in the fall. Severe body bruises were also suffered.

When first taken to the hospital it was believed that his most serious injury was the broken arm, but it developed that he had suffered other injuries much worse than the broken arm.

Mr. Everett is not only one of the best known farmers of Canton township, but he is also an enthusiastic sportsman, and it was

his love of hunting that led to his injury.

While most public health laws allow a bacteria count of only 100 on drinking glasses in public places, a recent survey made in an Eastern city disclosed an average of 7,000,000 germs on the beer glasses in 19 bars visited.

Change Date For Tax Estimates

Individual income taxpayers in Plymouth and vicinity are interested in an announcement just made by the Commissioner of Internal Revenue that congress has changed from December 15, 1944, to January 15, 1945, the final date for filing declarations of estimated income tax, either original as in the case of farmers, or amended, and paying of installments of estimated tax for the calendar year 1944.

Among the taxpayers affected by this change in dates are: Farmers who exercised their right to defer filing declarations last April 15; others who have but desire to change their estimates by filing amended declarations; all persons who owe the final installment of 1944 estimated tax.

If a taxpayer who would otherwise be required to file an original or amended declaration of estimated tax by January 15, 1945, files his annual income tax return for 1944 on form 1040 and pays all tab due by January 15, his return will serve as both a return and declaration and he need not file the 1944 declaration.

Also, if a taxpayer files his final 1944 return (on form 1040) and pays the tax due on it by January 15, he need not pay the final installment which otherwise would be due on his estimated tax.

A bill from the collector for the final installment of 1944 estimated tax may be ignored by a taxpayer who files his annual return on form 1040 and pays the tax due on it by January 15.

These changes will enable a taxpayer to wind up all of his 1944 income tax obligations by January 15, but it does not affect the filing of his 1945 declaration which will be due March 15. Also, taxpayers who do not file their final 1944 returns by January 15 must do so by March 15.

The number of our lineal ancestors does not double with each past generation as commonly believed. After the third or fourth generation, the actual number is progressively smaller than the possible number owing to the intermarriage of kin. For example, in the past ten generations, or 300 years, the possible number of one's ancestors is 1,024, but the actual number is only 300 to 400.

How To Kill Moth Larvae

Overwintering codling moth larvae lurking under bark scales of apple trees are a serious threat to next year's crop in many Michigan orchards, according to County Agricultural Agent E. I. Besemer. As many as 300 larvae per tree have been counted recently.

Several factors seem to contribute to this situation, among them the inability of many apple growers to secure the right insecticides at the right time during the past spring and summer, labor shortages at spraying, and the hot, dry weather in the summer.

One of the best ways to head off this threatening infestation is to scrape the trunks of apple trees and then destroy the scrapings, which can be collected on canvas or burlap placed about the base of the tree. This method, when thoroughly done, will kill from 85 to 90 percent of the codling moths on the trees, is the opinion of Ray Hutson, head of the department of entomology at Michigan State College. This means that if 300 larvae are on the tree and 90 percent of them are killed, 10,000 fewer moths will be on hand next June.

Scraped trees are also in good condition for the use of beta-naphthol banks which will substantially reduce the codling moth threat.

Figures over a 15 year period indicate a reduction of from 35 to 70 percent in a medium to heavy Codling moth overwintering. Banding is not so worthwhile in light infestations, and young, smooth-barked trees should not be banded.

Edith Nolte Represents Mich. State In Debate

Representing Michigan State college at the recent round table discussion festival at Calvin College in Grand Rapids was Edith Nolte, Plymouth freshman and daughter of Mr. and Mrs. Arnold Nolte, Minehart Drive, according to V. D. Menchofer, professor of speech and dramatics.

Sponsored by the Michigan Intercollegiate Speech League, the festival centered around the topic "Settlement of Labor Disputes." Each representative participated in two one and one-half hour discussions with students from the other seven colleges represented.

Senior Sketches

lege. His course is college preparatory and business combined. He was president of the class in his freshman, sophomore and junior years, and was a member of the baseball team. High school girls who smoke and swear are his pet peeves.

Sometimes puzzling to their classmates are the Hopkins twins, sons of Mr. and Mrs. N. Hopkins of Lakeside Drive. Fred is interested in mechanics and making models. He is taking a college preparatory course and plans to enter college if the war is over. Last year he was on the baseball team, and he is now in the Hi-Y club.

Radio, modeling, and drawing are the chief interests of John; he is in the Drama club, and was construction manager for last year's Junior-Senior play. He plans to enter college, or if the war is not over, to join the merchant marine. Girls are his pet peeve.

Hugh Harsha, son of Mr. and Mrs. H. Paul Harsha, Arden avenue, Rosedale Gardens, is taking a college preparatory course. During his freshman year he played tennis; in his sophomore, junior, and senior years he was in the Hi-Y, Varsity club, on the football, basketball and track teams. He was on the Student Council for three years, two of which he served as treasurer. Model A Fords that don't run are his pet peeve. He plans to be a civil engineer when he finishes school.

Accordian music and ice skating are Helen Frew's hobbies, and she plans to continue with her music as a career. Helen, daughter of Mr. and Mrs. George Frew, Diana Lane near Middle Belt, is taking a commercial course. Her pet peeve is girls who smoke.

Music is one of the many hobbies of Laura June Green, daughter of Robert Green, Inkster road. Laura is taking a general course but plans to further her education in college. Her pet peeves are people who are snooty and those who are impolite.

Gremlin Gossip

Moan from Tish Pierce: "Why is it everyone you ask to buy a ticket for the Junior play is in it, broke, or selling tickets himself?"

Some of Plymouth's students are going to extremes on this matter of apple-polishing. One girl—accidentally of course—dropped her money right at Miss Walldorf's feet!

Through the first 11 months of this year 27,023 cases of venereal disease have been reported to the Michigan Department of Health, an increase of 15 per cent over the same period last year. This includes 10,793 cases of gonorrhea and 16,050 cases of syphilis.

Class News

Mrs. Highfield's junior shop classes are interested mainly in electronics at present, since Marilyn Thompson is constructing an amplifier complete with ear phones. Roger Corey is making an arc light, Ted Thrasher is building a motor from bottle corks and glass drinking straws. Edson Whipple is busy on candelabra, made, oddly enough, from tin cans, for the Christmas concert. These will be topped by Christmas tree lights as candles. Still in the candle field, Kit Hough and Kelly Welch are making elaborate iron candle holders. Many boys are designing Christmas presents for their families. Mrs. Highfield stated that her household mechanics group is increasing as mothers cooperate and contribute more things for the boys to make and mend.

Miss Anderson's eighth graders are reading Dickens' "Christmas Carol."

Doris Puckett, Arlene Wagenschultz, Owen Hedden and Bentley Crane wrote very good themes on Thanksgiving for English nine. In Miss Niles English 10 class

Reva Hopper, Maxine Martin, Edwin Deloy, and Melvin Potter gave a radio program.

Miss Niles American history students who are beginning a unit on World War I gave reports on the lives of famous people.

Almost any day Miss McDonald's blackboards are decorated with fancy diagrams illustrating the different sentence relationships as an aid to their study of complex sentences.

Mr. Lachance and Mr. Shir from the Department of Internal Revenue were present Tuesday, December 5 at the commercial law class to discuss the federal law on social security as it pertains to unemployment insurance and retirement pensions.

Twenty-three letters to soldiers in the European theater and sixteen letters to soldiers in the Pacific theater were written and sent by two IIB English classes under Miss Walldorf for the unit on social letters. The writers tried to make the letters as chatty and newsy as possible.

The Coca Cola company gave the High School four units of books on transportation, lumber,

steel, and plastics which are being used in the seventh grade geography class. Mr. Stadtmiller says the books are working out very well in his classes.

Mr. Hedrick's class is studying various phyla of plants, and studying their general characteristics by observing common and typical representatives of each group. They will consider how plants have developed from the simple to the more complex types, how they have changed from water to land habitats and how each type of plant. Of particular interest will be the economic importance of plants.

Sixty-two per cent, or 21,400 acres, of the dedicated area on Garden Peninsula and Summer Island, at the north end of Lake Michigan, now are state-owned.

December 21—High School Assembly. Musicals. Evening Musicals.
December 22—Christmas Vacation begins.
January 2—School Resumes.

One of the strangest partnerships was that of Gilbert and Sullivan who, between 1871 and 1896, collaborated as librettist and composer respectively in producing 14 of the most popular and profitable operas in musical history. Owing to their low regard and intense dislike of each other, these men rarely met, "referring to 'work together' through the mail. Three

times, in fits of anger, they broke off their partnership and tried collaborating with new associates, only to find that neither could produce a successful work without the other.
